THURSDAY, MARCH 1, 1906.

FOR FURNISHING AND DELIVERING CHEMICALS AND APPARATUS FOR THE DEPARTMENT OF CHEMISTRY OF THE COLLEGE OF THE CITY OF NEW YORK.

Delivery will be required to be made between the first and thirty-first days of August, 1906, or thereafter from time to time, and in such quantities and places as may be directed by the Professor of Chemistry until April 30, 1907.

The amount of security will be fifty per cent. (50%) of the amount of the bid or estimate.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

For particulars as to the quantity and quality of the supplies or the nature and the extent of the work required or of the materials to be furnished, bidders are referred to the specifications and the blank proposals and lists of articles, materials, supplies and apparatus to be furnished and delivered to the places designated. Such work and materials must conform in every respect to the specifications and schedules. The quality of the articles, supplies, goods, wares and merchandise must conform to and must be the same or equal in quality, character, finish and design to the samples furnished, or to those described by the names of well-known dealers and manufacturers, or referred to by catalogue number. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Board of Trustees. Such references are cause

for rejecting bids whereon they are written, and will in no case govern the action of the Board of Trustees in passing upon tenders. Bidders must state the price of each item. Awards will be made to the lowest bidder on each item whose goods are the same or equal to the samples furnished for inspection or referred to by catalogue number.

Bidders will write out the total amount of their estimates in addition to inserting the same in figures. Only one bid will be received from a bidder for each item.

Wherever in the specifications an article or any class of materials is specified by a trade name or by the name of any particular patentee, manufacturer or dealer, or by reference to the catalogue of any such manufacturer or dealer, it shall be taken as intending to mean and specify the article or materials described, or any other equal thereto in quality, finish and durability, and equally as serviceable for the purposes for which it is or they are intended. Nothing in the specifications shall be interpreted or taken to violate the provisions of section 1554 of the Greater New York Charter, which provides that "except for repairs no patented pavement shall be laid and no patented article shall be advertised for, contracted for or purchased, except under such circumstances that there can be a fair and reasonable opportunity for competition, the conditions to secure which shall be prescribed by the Board of Estimate and Apportionment."

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard, or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item and awards made to the lowest bidder on each item.

All prices to include proper containers delivered in perfect condition at the College of The City of New York. Duty-free affidavits, where necessary, will be given by the proper official of said college when the proper forms are provided, the expense of the same being paid by the contractor.

Samples will be on exhibition at the College of The City of New York, Lexington avenue and Twenty-third street, until the bids are opened.

All goods must be delivered as directed, in the original bottles, at the Chemical Department, the College of The City of New York, One Hundred and Fortieth street and Convent avenue, Borough of Manhattan (unless otherwise stated in the specifications). The weight, measure, etc., will be allowed as received at the institution.

No charge will be allowed for freight, express, boxes or cartage, but boxes may be taken away by the contractor.

Contractors who fail to make prompt deliveries will be considered as in default and debarred from bidding in the future.

Bidders are requested to make their bids or estimates upon the blank form prepared by the said Board of Trustees, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon written application therefor at the office of the College of The City of New York, and any further information can be obtained at the office of the said college, corner of Lexington avenue and Twenty-third street, Borough of Manhattan.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held Friday, November 10, 1905, the following petition was received, and was referred to the Bureau of Franchises:

Seaboard Refrigeration Company.

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Seaboard Refrigeration Company respectfully shows:

1. That your petitioner is a domestic corporation duly incorporated under the laws of the State of New York, and has its principal place of business at No. 289 West Eighth street, on Coney Island, Borough of Brooklyn, City of New York, where it owns a refrigeration plant which has supplied refrigeration to customers in the immediate neighborhood for several years.

2. That there is a general demand for the supply of refrigeration in the restaurants and other places along the streets of Coney Island, and a plant for that purpose would be a great public service.

3. That your petitioner desires to obtain a franchise or right to enter upon and along West Eighth street, West Twelfth street, West Twenty-first street, Neptune avenue, from the said West Eighth street to West Twenty-first street, and Surf avenue, from West Fifth street to West Twenty-fifth street, on Coney Island, in the Borough of Brooklyn, in The City of New York, and there to make the requisite excavations and there to construct, maintain, operate, repair, alter, renew and extend under the surface of the aforesaid streets and avenues, systems of refrigeration conduits, consisting of main conduits with connecting service conduits having outlets and connections for the proper drainage of the said conduits; and to install, maintain, operate, repair, alter, renew and extend in the said conduits, in connection with the grantee's present plant and power station or with such other plant and power station as it or its assigns may establish, a system of refrigeration pipes with all the requisite fittings and equipment for the proper circulation of such substances as may be employed in the process of refrigeration, for the purpose of supplying refrigeration to consumers thereof along the said streets and avenues who may contract for the service of refrigeration; and also to make the requisite excavations and to construct, maintain, repair and alter such manholes and vaults as may be requisite for the convenient access to such portion of the said refrigeration system as require periodic adjustment and inspection. The proposed conduits and pipe lines are more particularly shown upon the diagram hereto annexed, which is made a part of this petition.

Wherefore your petitioner prays that your Honorable Board will set a date or dates for a public hearing thereon, as provided by section 74 of the Greater New York Charter, as amended by chapter 630 of the Laws of 1905, and as may be required or provided by all other laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract,

with all the terms and conditions as to compensation and otherwise, in accordance with the provisions of the Greater New York Charter and amendments thereto.

Dated New York, November 2, 1905.

[SEAL] SEABOARD REFRIGERATION COMPANY,
Charles E. Booth, President.

City and County of New York, ss.:
Charles E. Booth being duly sworn says that he is the President of the Seaboard Refrigeration Company, the petitioner herein; that he has read the foregoing petition and knows the contents thereof, and that the same is true to his own knowledge, except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true.

That the reason why this verification is made by deponent and not by the petitioner is because the petitioner is a corporation of which the deponent is President.

Sworn to before me this 2d day of November, 1905.

[SEAL] SARAH E. SINNIGAR,
Notary Public, Kings County.

Certificate filed in New York County.

At a meeting held Friday, February 16, 1906, the following resolutions were adopted:

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon any of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
