DEPARTMENT OF CORRECTION.

REPORT OF TRANSACTIONS AUGUST 2 TO 8, 1909.

Communications Received.

From the Comptroller—Receipt for security deposits accompanying proposals for new steamboat, opened August 5, 1909. Also receipt for security deposit accompanying bid on proposals for forage and groceries, opened December 17, 1908. On file with General Bookkeeper and Auditor.

From the Comptroller—Stating, in regard to claim of \$235 for grate bars, that cheaper bars would answer. This matter was thoroughly tested in 1905. Three kinds of bars were tried under the same conditions, and the "Treadkill" found to be decidedly the best. They were, therefore, adopted. To change now would necessitate a change in grates and would be expensive. Copy of report of Department Inspector sent to Comptroller.

From Acting Sheriff, Westchester County, New York—Enclosing draft on County Treasurer for \$15,389.59, in payment of bill of Department of Correction for board and maintenance at Penitentiary Blackwells Island, of prisoners from that county.

From Heads of Institutions—Reporting that meats, fish, bread, milk, etc., for week ending July 31, 1909, agreed with specifications of the contracts. On file.

From Heads of Institutions—Reports, census, labor, hospital cases, punishments, etc., for week ending July 31, 1909. On file.

From City Prison, Manhattan—Report of fines received during week ending July 31, 1909:

| | |
|------------------------------------|---------|
| From City Magistrates' Courts..... | \$10 00 |
| On file..... | |

From City Prison, Manhattan—Report of fines for month of July, 1909:

| | |
|-------------------------------------|----------|
| From Court of Special Sessions..... | \$150 00 |
| From City Magistrates' Courts..... | 138 00 |

Total..... \$288 00

—paid to City Chamberlain.

No fines received for Board of Health or Board of Excise during July.

On file.

From City Prison, Manhattan—Report, under date of August 4, 1909, of Department Inspector, that boundary wall of City Prison, on Leonard street, about 100 feet west of Centre street, has sunk, breaking joints of wall. Sinking caused by subway extension at that point. Inspector also states that the Degnon Contracting Company, before beginning work, made a thorough examination of walls and foundations, all of which were found to be in sound condition. Chairman of Public Service Commission notified and asked to take prompt action, in order to prevent further damage.

From District Prisons—Report of fines received during week ending July 31, 1909:

| | |
|------------------------------------|----------|
| From City Magistrates' Courts..... | \$362 00 |
| On file..... | |

From District Prisons—Report of fines received during month of July, 1909:

| | |
|------------------------------------|------------|
| From City Magistrates' Courts..... | \$1,576 00 |
| Paid over to— | |

| | |
|-------------------------------------|------------|
| City Chamberlain..... | \$1,555 00 |
| Health Department Pension Fund..... | 21 00 |
| Total..... | \$1,576 00 |

On file.

From Penitentiary, Blackwells Island—List of prisoners received during week ending July 31, 1909: Men, 31; women, 4. On file.

From Penitentiary, Blackwells Island—Warden transmits certificates in cases of four prisoners now at Penitentiary and who are thought to be insane, namely, Percy E. Perry, August Tonberg, John Rody and Thomas Ryan. Corporation Counsel asked to have Examiners in Lunacy appointed by the Supreme Court to inquire into the mental condition of above named prisoners.

From Penitentiary, Blackwells Island—Report of quantities of vegetables raised on Penitentiary farm, quantities sent to Keepers' kitchen and to prisoners' kitchen, respectively, during July, 1909. On file.

From Workhouse, Blackwells Island—Reporting that fines paid at Workhouse during week ending July 31, 1909, amounted to \$40. On file.

From Workhouse, Blackwells Island—Deaths at Workhouse:

On August 1, 1909, Cora Ellison (from Suffolk County), aged 20 years. Residence, Freeport, Long island. Friends unknown.

On August 2, 1909, Robert Clark, aged 32 years. Friends unknown.

From Workhouse, Blackwells Island—Request from the Commissioner of Public Charities for men to repair sidewalks north of Workhouse grounds; also to dig

foundations for new building for tuberculosis patients. Warden of Workhouse to furnish men to do this work.

From Branch Workhouse, Harts Island—Warden transmits report of a small fire which occurred in kitchen of Women's Prison, at 12.30 p. m., on July 30, 1909.

Fire apparatus useless on account of low water pressure. Fire put out by "bucket brigade" and use of axes.

The following employees (assisted by prisoners), who labored to put out the fire deserve commendation: Keepers Frederick H. Bartels, John Bapp, John T. Coffey, M. J. Kiebrick, John McMahon and James Brogan; James Lane, Carpenter, and John Lyne and George O'Rourke, Hospital Helpers.

Receipt of report acknowledged. All the above named officers commended for their good work.

The attention of the Department of Water Supply, Gas and Electricity called to the inadequate supply of water on Harts Island.

From Branch Workhouse, Harts Island—Request of John Armstrong, Stoker, for one week's leave of absence, dating from August 7, 1909, without pay. Approved by Warden. Request granted.

From Branch Workhouse, Harts Island—From William C. Holmes, Keeper, asking for an extension of his vacation for four days, as he wants to visit his mother in the State of Washington and the journey will take ten days. Extension granted.

From Branch Workhouse, Harts Island—Death, on August 2, 1909, of Fritz Metzger, aged 63 years. Friends notified. On file.

From Branch Workhouse, Harts Island—List of interments in City Cemetery during week ending July 31, 1909. On file.

From City Prison, Brooklyn—Report of fines received during week ending July 31, 1909.

From Court of Special Sessions..... \$80 00

From City Magistrates' Courts..... 53 00

Total..... \$133 00

On file.

From City Prison, Brooklyn—From John T. Brady & Co., contractors, stating that work on new stairway at City Prison, Brooklyn, will be commenced on August 2, as per Commissioner's letter. On file.

From City Prison, Brooklyn—From John T. Brady & Co., contractors, stating that the "Deane Dumping and Shaking Grate for Babcock & Wilcox Boilers" is submitted for approval of the Commissioner; if satisfactory, to be placed in Raymond Street Prison. Messrs. D'Oench & Yost, architects, to inform contractors that their contract calls for "Treadkill" grate bars. The Commissioner can see no reason for a substitution.

From City Prison, Brooklyn—Request of Warden for a vacation of twenty days, to begin August 10, 1909. Request granted. Head Keeper Cotter to act as Warden during Mr. Fallon's absence.

From City Prison, Brooklyn—Death at City Prison, Brooklyn, on August 5, 1909, of James Elliott, aged 35 years. Residence, No. 37 Prospect street. Coroner notified. On file.

Communications Transmitted.

To Civil Service Commission—Making requisition for an eligible list from which to appoint one (1) Keeper in this Department, at \$800 per annum.

To Civil Service Commission—Transmitting sixty-eight (68) applications for examination for promotion from Keeper to Head Keeper in this Department. Asking that special attention be given to physical examination.

To the Corporation Counsel—Transmitting alternative writ of mandamus in matter of the People of the State of New York ex rel. William C. Holmes against the Commissioner of Correction, and asking that the interests of the City be taken charge of by the Corporation Counsel.

To the Comptroller—Transmitting proposal of John W. Sullivan Company for new steamer, for action on the sureties (lowest bid). Contractors notified.

To the Commissioner, Department of Street Cleaning—Calling attention to the fact that the Department of Correction is about to make requisition for scindles for horse street sweepers, but before doing so would like to know if it is intended to drop the use of these horse machines.

To the Public Administrator, Brooklyn, New York—Transmitting insurance policy (duplicate) found on person of Ludwig (or Louis) Steiger, who died at City Prison, Brooklyn, on May 17, 1909. Receipt to be acknowledged.

To Warden, Harts Island—Referring to weekly reports of boys' work, it is noticed that nothing is said about "drilling." To be hereafter included in reports.

To Heads of Institutions—It has come to the knowledge of the Commissioner that visitors to the institutions under the care of this Department are sometimes treated roughly or boorishly by the door attendants. This is a violation of the rules of the Department, and Wardens are hereby notified that such conduct should not be tolerated and to take pains to see that their door attendants do not come within this category.

Resigned.

Rev. Michael A. Noel, S. J., Catholic Chaplain at the Workhouse, Blackwells Island, at \$450 per annum, to take effect July 31, 1909.

Salary Increased.

Of James P. McDermott, Keeper at City Prison, Brooklyn, from \$1,050 to \$1,200 per annum, to date from August 1, 1909. Continuance of increase subject to the future good conduct and the efficiency of said Keeper.

DEPARTMENT OF FINANCE.

CITY OF NEW YORK, DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE.

PUBLIC NOTICE.

To Property Owners in Arrears for Taxes and Assessments Levied Prior to January 1, 1898, by the Former Towns of Newtown, Flushing, Jamaica and that Portion of the Town of Hempstead included Within the Boundaries of The City of New York.

PURSUANT TO THE PROVISIONS OF CHAPTER 534 OF THE LAWS OF 1909, AUTHORIZING the Comptroller and Corporation Counsel of The City of New York, on behalf of said City, to compromise and settle with property owners, certain claims for taxes and assessments levied or entered prior to 1898, and sales for same, in the territory formerly within the boundaries of the Towns of Newtown, Flushing, Jamaica and that portion of the Town of Hempstead included within the boundaries of The City of New York, the undersigned has this day caused to be entered in the Bureau for the Collection of Assessments and Arrears, Borough of Queens, an order signed by him, with the approval of the Corporation Counsel, embodying, among others, the following provisions:

(1) Adjustment may be had until October 1, 1909, of arrearages prior to 1898 and sales to the towns, upon payment of the principal of the arrearage and an amount equivalent to two per centum per annum from date of levy or sale to date of payment, provided all charges subsequent to January 1, 1898, have been previously paid or are paid at time of adjustment.

(2) Adjustment may be had until October 1, 1909, of arrearages prior to 1898 and sales to the towns, in cases where charges subsequent to January 1, 1898, still remain unpaid (and are not paid at the time of adjustment), upon payment of the principal of said arrearages and an amount equivalent to five per centum per annum, from date of levy or sale to date of payment.

Payments will be received, pursuant to said order, in the office of the Deputy Collector of Assessments and Arrears for the Borough of Queens, in the Hackett Building, Jackson avenue and Fifth street, Long Island City.

Notice is further given that on and after October 1, 1909, the Comptroller of The City of New York will refuse to consider applications filed under chapter 595 of the Laws of 1909, and that he has directed the Collector of Assessments and Arrears to sell forthwith, after said date, the property on which any arrearages prior to January 1, 1898, shall then remain unpaid.

Dated New York, July 9, 1909.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessments for OPENING AND ACQUIRING TITLE to the following named street in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WATKINS PLACE (THE FIFTH NEW STREET NORTH OF WEST ONE HUNDRED AND EIGHTY-FIRST STREET)—OPENING. extending from Broadway to first new avenue west of Broadway (Bennett avenue). Confirmed June 28, 1909; entered August 16, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

On the north by a line midway between the northerly side of the fifth new street north of West One Hundred and Eighty-first street and the southerly side of the next parallel street to the north, as shown upon the plan adopted by the Board of Estimate and Apportionment on December 11, 1903; on the east by a line 100 feet east of the easterly side of Broadway and parallel therewith; on the south by a line midway between the southerly side of the fifth new street north of West One Hundred and Eighty-first street and the northerly line of the fourth new street north of West One Hundred and Eighty-first street, and on the west by a line 100 feet west of the westerly side of the first new avenue west of Broadway, or Bennett avenue, and parallel therewith.

The above entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 15, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following named avenue in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 12.

PERRY AVENUE—OPENING. from Moshulu parkway to the southerly line of Woodlawn Cemetery. Confirmed April 17, 1903, and February 16, 1909; entered August 16, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the southwesterly prolongation of the middle line of the block between Hull avenue and Decatur avenue as the same are between Woodlawn road and Moshulu Parkway North, with a line parallel to and distant 100 feet westerly from the westerly line of Moshulu Parkway South; running thence northerly along said parallel line to its intersection with the westerly prolongation of the line midway between East Two Hundred and Sixth street and Bainbridge avenue, as the same are between Woodlawn road and Moshulu Parkway North; thence easterly along said westerly prolongation and middle line to its intersection with the middle line of the block between Woodlawn road and Rochambeau avenue; thence northerly along said middle line to its intersection with the westerly prolongation of a line parallel to and 100 feet northerly from the northerly line of East Two Hundred and Seventh street; thence easterly along said westerly prolongation and parallel line to its intersection with the outer line of the Reservoir Oval; thence northeasterly in a straight line to the point of intersection of the outer line of the Reservoir Oval with a line parallel to and distant

100 feet northwesterly from the northwesterly line of Putnam place; thence northeasterly along said parallel line to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of East Two Hundred and Eleventh street; thence northerly along last-mentioned parallel line to its intersection with the westerly prolongation of a line parallel to and distant 200 feet northerly from the northerly line of East Two Hundred and Eleventh street, as the same is east of Putnam place; thence easterly along said westerly prolongation and parallel line to its intersection with the northerly prolongation of the middle line of the block between Hull avenue and Decatur avenue; thence southerly and southwesterly along said northerly prolongation, middle line and its southwesterly prolongation to the point or place of beginning.

The above entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 15, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day, the following proceedings were had:

Whereas, The Queens Lighting Company has, under date of June 7, 1907, made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate pipes, mains, conductors and necessary appliances in, under and along the streets, avenues, highways and public places within that portion of the Borough of Queens as described in said petition for the purpose of supplying gas for lighting the streets and to public and private consumers; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws this Board adopted a resolution June 14, 1907, fixing the date for public hearing thereon as July 8, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least two days in the New York "Daily News" and the New York "Times," newspapers designated by the Mayor, and in the City Record for ten days

immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board duly made inquiry as to the money value of the franchise or right applied for and the adequacy of the compensation proposed to be paid therefor; and

Whereas, On July 8, 1907, this Board, in pursuance of law, duly adopted a resolution fixing September 20, 1907, as a date for a public hearing on the form of proposed contract for the grant of the franchise applied for by the Company, which hearing was duly advertised according to law; and

Whereas, Said public hearing was held September 20, 1907; and

Whereas, At a meeting held October 4, 1907, this Board duly adopted a resolution approving the said form of proposed contract and authorizing the Mayor to execute the same in the name and on behalf of The City of New York; which said resolution was transmitted to the Mayor for his approval; and

Whereas, At the meeting of this Board held October 11, 1907 the Mayor was duly requested to return and did return to this Board the said resolution adopted October 4, 1907, whereupon the vote by which the same was adopted on October 4, 1907, was reconsidered and the matter referred to the Comptroller; and

Whereas, The Comptroller on June 25, 1909, submitted to this Board a report recommending certain changes to the said form of proposed contract, including an increase in the compensation to be paid therefor, and suggesting that the resolution of October 4, 1907, be rescinded and a new resolution approving of a contract amended in accordance with his recommendations be adopted; and

Whereas, Said resolution of October 4, 1907, has been rescinded at the meeting held this date; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Queens Lighting Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Queens Lighting Company, containing the form of proposed contract as amended in accordance with the report of the Comptroller for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Queens Lighting Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made and entered into this day of , 190 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Queens Lighting Company, a corporation formed under and pursuant to the Laws of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable pipes, mains or other conductors, with the necessary service pipes and connections therewith, for conducting gas through the streets, lanes, alleys, squares and highways now opened or which may hereafter be opened in that portion of the Third and Fourth Wards of the Borough of Queens, as constituted by section 1581 of chapter 466 of the Laws of 1901 (the Greater New York Charter), bounded and described as follows:

Commencing at the point on the southerly shore of Little Neck Bay, where the boundary line between The City of New York and the County of Nassau intersects the same; thence southerly along said southerly shore of Little Neck Bay to the creek known as Alley Creek, thence southerly along the line of the centre of said Alley Creek to a point where the same, extended, would meet West Alley road; thence westerly along said West Alley road to where the same intersects and joins Rocky Hill road; thence southerly along said Rocky Hill road to the point where the same intersects and joins Black Stump road; thence westerly along said Black Stump road to a point where the same intersects and joins the road known as Brushville road and Holliswood avenue; thence southerly along said road known as the Brushville road and Holliswood avenue to a point where the continuation of the same is known as Flushing avenue; thence continuing southerly along said Flushing avenue to point where the same joins and intersects Hillside avenue; thence easterly along said Hillside avenue to a point where the same joins and intersects Carpenter avenue; thence southerly and southwesterly along said Carpenter avenue to a point where the same joins and intersects Pocahontas avenue; thence southwesterly along said Pocahontas avenue to where the same joins and intersects the right of way of the Long Island Railroad Company, otherwise known as Atlantic avenue; thence westerly along the right of way of the Long Island Railroad Company, otherwise known as Atlantic avenue, to a point formed by the intersection of such right of way of the Long Island Railroad Company, otherwise known as Atlantic avenue, Farmers avenue and a road known as the Old Country road or Hollis road; thence southerly across said road known as the Old Country road or Hollis road to Farmers avenue; thence southerly along said Farmers avenue to a point where the same meets Locust avenue at or near Central avenue; thence southwesterly along said Locust avenue to a point where the same joins and intersects the road known as Rockaway road; thence northwesterly along said Rockaway road to a point where the same joins and intersects the road known as the Three Mile Mill road; thence southwesterly along said Three Mile Mill road to a point where the same reaches Jamaica Bay, near Cornell's Creek; thence easterly along the northerly shore of Jamaica Bay to the boundary line between The City of New York and the County of Nassau; thence northeasterly along said boundary line between The City of New York and the County of Nassau, as at present constituted, to the point or place of beginning. Being all that portion of the Third and Fourth Wards of the Borough of Queens, City of New York, embraced within such boundaries, as more clearly shown on the map or plan attached to this contract and certified to by the President of the Company, and dated June 4, 1907.

Sec. 2. The grant of this privilege is in consideration of and subject to and conditioned upon the performance and observance of the following conditions:

First—The said right to lay, construct, maintain and operate pipes, mains or other conductors for conducting gas in the above described territory shall be held and enjoyed by the Company, its successors or assigns, from the date when this contract is signed by the Mayor until the twenty-seventh day of October, nineteen hundred and thirty-one, with the privilege of renewal of said contract for a further period of twenty-five (25) years upon a fair revaluation of said right and privilege. Such revaluation shall be of the right and privilege to maintain and operate such a gas system by itself, and is not to include any valuation derived from the ownership, operation or control of any other gas, electric or other system used for the purpose of supplying light, heat or power, by the Company, its successors or assigns.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year, before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but the annual sum to be paid by the Company to the City under such renewal shall not be less than the sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable, but no annual sum thus fixed shall in any event be less than the sum required to be paid by the Company to the City during the last year of this original contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board, one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company, and ascertain, fixed and determined shall be conclusive upon both parties, but no annual sum to be paid thereunder shall in any event be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this original contract, or if the same is renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, if the Board shall so elect, the mains, service pipes and street lamps erected and located by the Company in the territory designated in Section 1 of this contract, including all property erected or located by it in the public streets or roads of the City, as the same now exist or may be extended, and in all new streets or roads which may be hereafter opened in that portion of the Borough of Queens, constructed pursuant to this contract, and owned and be the property of the City, without compensation therefor and the same may be used by the City for any purpose whatsoever. If the Board shall so elect, upon the termination of this grant for any cause, the plant and property erected and located by the Company pursuant to this contract, in that portion of the Borough of Queens as bounded and described in Section 1 of this contract, including the buildings, plants, holders, meters, house fittings and all property not situated in the public streets or roads used by the Company in the manufacture and distribution of gas to street lamps and public and private buildings in said territory, shall become and be the property of the City on payment to the Company of the value of the same, as fixed by three disinterested freeholders, appointed and paid in the same manner and with the same powers as appraisers appointed upon any renewal of this original contract, as above set forth, but such valuation shall in no case be greater than the value of such property, as shown by the last report submitted by the Company to the Board, as required by the terms of this contract, and shall not include any compensation for any value which such property may have by reason of this grant.

If, however, at the termination of this grant for any cause, as aforesaid, the City, by the Board, shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its pipes, mains and conductors from all the streets and public places within the limits of the territory in which it is authorized to operate by this contract.

Third—The Company, its successors or assigns, shall pay for this privilege to the City the following sums of money, to wit:

1. Five thousand dollars (\$5,000) in cash within thirty days after the signing of this contract.

2. During the period between the date on which this contract is signed by the Mayor and the twenty-seventh day of October, nineteen hundred and eleven, an annual sum which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

3. During the succeeding five years of this original contract an annual sum which shall in no case be less than five hundred dollars (\$500), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of five hundred dollars (\$500).

4. During the succeeding five years of this original contract an annual sum which shall in no case be less than one thousand dollars

(\$1,000), and which shall be equal to two (2) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

5. During the succeeding five years of this original contract an annual sum, which shall in no case be less than one thousand five hundred dollars (\$1,500), and which shall be equal to three (3) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand five hundred dollars (\$1,500).

6. During the last five years of this original contract an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500), and which shall be equal to five (5) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two thousand five hundred dollars (\$2,500).

All the sums herein provided for shall be paid into the treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Fourth—The said annual charge or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any gas or other company providing for payments for similar rights or franchises at a different rate and no transfer, sale, assignment, lease or sublease of the rights or franchises hereby granted, whether original or renewal, or any part thereof, shall be valid or effectual for any purpose unless the said transfer, sale, assignment, lease or sublease contain a covenant on the part of the transferee, purchaser, assignee or lessee that the same is subject to all the conditions of this contract, and that the transferee, purchaser, assignee or lessee assumes and will be bound by all of said conditions, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said transferee, purchaser, assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

It is agreed that any and all payments to be made under the terms of this contract by the Company to the City shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinances of the City or by any law of the State of New York.

Fifth—The plant, manufactory or works of this Company which may be erected under the privilege contained in and granted by this contract for the purpose of manufacturing and furnishing gas, shall be constructed so as not to be in any way detrimental to the public health, nor otherwise create a nuisance. Before the construction of any plant, holder or other apparatus used in the manufactory or storage of gas the Company shall obtain the approval of the Board to the location and the plans for the construction of the same.

Sixth—The Company shall construct, maintain and operate its gas system, mains, conductors, service connections and pipes subject to the supervision, control and inspection and to the entire satisfaction of the proper authorities of the City who have jurisdiction in such matters, under the Charter or ordinances of the City, or under the provisions of this contract, and the entire expense of such supervision, control and inspection shall be borne by the Company.

Before opening any street, lane, alley or public place to lay or begin the laying of any mains, conductors, pipes or service connections, the Company shall submit to the President of the Borough of Queens and the Commissioner of Water Supply, Gas and Electricity, working plans which shall include and show in detail the proposed location and method of construction of said mains, conductors, pipes or service connections, and the mode of protection or changes in all subsurface structures required by the construction of such mains, conductors, pipes or service connections, and shall obtain from these officials, if such working plans are approved, permits for the construction of such work.

Wherever the pipes or conductors of the Company in any part of the Borough of Queens are to be laid under or adjoining a railroad track the work of trenching for and laying the same shall be conducted so as to interrupt as little as possible the running of cars thereon, and when the work is finished the track and street, avenue or public place shall be replaced and renewed by said Company in as good condition as before the commencement of the work.

Whenever the Company shall open any street, avenue or public place in the territory in which it is granted the privilege to operate by this contract, for the purpose of laying pipes or conductors, then the Company, when restoring the pavement of said street, shall do so in accordance with the specifications for the construction of said pavement, and the Company shall also, at its own cost and expense, maintain the same in good condition, and at the proper grade and curvature, for the period of one year from the time of its restoration, whether the same had been restored by the said Company or by the City authorities, as hereinafter provided. When streets paved with improved pavements, on which the contractor's guarantee has not expired through time, are to be paved, the Company shall have the power to arrange with the contractor to open and relay such pavements under an agreement or contract.

If the Company at any time, after five days' notice from the President of the Borough of Queens, shall neglect or refuse to restore, repave or maintain any pavement in accordance with the provisions of this contract, then the President of the Borough of Queens may restore, repave or maintain the same, and the cost of such restoration, repavement or maintenance, with legal interest thereon, shall be a proper charge against, and may be deducted from, the security fund to be deposited by the Company with the Comptroller, as hereinafter provided.

Seventh—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Eighth—Within three (3) months after the execution of this contract by the Mayor, the Company shall commence the laying of mains, and within one (1) year thereafter shall have laid and in operation at least five (5) miles of mains within the streets in the territory in which it is hereby granted the privilege to lay its mains, and shall supply gas through the same to the sections known as Queens and Little Neck. The Company shall also, within two (2) years thereafter, have laid, ready to supply gas through the same, mains or conductors to supply the sections known as Springfield, Rosedale and Holliswood. From and after two (2) years from the date of the signing of this contract the Company shall also lay such further mains as may be directed by the Board. Unless the provisions of this paragraph are fulfilled by

the Company, this grant shall cease and determine.

Ninth—In the event that the City finds it necessary to change the grade or line of any street, road or avenue now existing, or which may hereafter be opened in any part of the Borough of Queens, or place therein any new structures, or change the location of any structure therein, the Company agrees that it will make no claim or attempt to obtain any compensation for its expense in relaying or replacing its mains, if the same is necessary to conform to such improvement in or of such street, road or avenue, in the territory in which it is hereby granted the right to lay its mains.

Tenth—The Company shall, upon being directed to do so by the Commissioner of Water Supply, Gas and Electricity, extend its main to such places and along such streets as he may direct, but shall not be required to lay a greater length of main or conductor during any one year than that hereinbefore prescribed; provided, however, that if any public building or public lamps the Commissioner desires to be lighted are situated within one hundred (100) feet of any main or conductor of the Company in a public street, avenue or highway, then and in that case the Company shall be required to extend the same, in addition to the above, in compliance with section 62 of the Transportation Corporations Law (chapter 219 of the Laws of 1909), and a public lamp shall be deemed a building or premise within the meaning of such section.

Eleventh—The Company, within three (3) months after the signing of this contract by the Mayor, shall commence the construction of a gas works, including all the appurtenances necessary thereto, of a sufficient capacity to furnish at least forty million (40,000,000) cubic feet of gas per annum, and shall complete the same within twelve (12) months thereafter. This gas works shall be constructed within the boundaries of the territory within which it is granted the right to operate by this contract, and a failure to complete the same within the time limited shall result in the forfeiture of this franchise without legal or equitable proceedings; provided that such period may be extended by the Board for a period or periods not exceeding in the aggregate twelve (12) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any Court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City, as a party, may intervene in such proceedings.

The gas plant, mains and all appurtenances thereto shall be constructed and operated in the latest approved manner, and shall be operated with the most modern and improved appliances. The gas furnished by the Company shall be of the best quality, and the supply shall be continuous for twenty-four hours in each day during the term of this contract, or any renewal thereof, except for interruption from unavoidable causes over which the Company shall have no control.

Twelfth—The Company shall file with the Board, on or before the 1st day of November in each year, a map, plan or diagram, showing the boundaries of the territory in which the Company is authorized to lay its mains by this contract, upon which shall be plainly marked in black the mains laid up to September 30 of the year preceding, and in red the mains laid during the year ending on the 30th day of September next preceding the date of the filing of such map, plan or diagram. This map, plan or diagram shall have a statement thereon of the number of miles of mains laid up to the 30th day of September of the preceding year, and of the number of miles of mains laid during the year ending on the 30th day of September next preceding the date of the filing of the same, in the words and figures following, viz.:

Number of miles of mains laid up to September 30, 19 : miles, feet.

Number of miles of mains laid during the year ending September 30, 19 : miles, feet.

—and shall be certified by the Secretary of the Company. Copies of this map, plan or diagram shall also be filed in the office of the Department of Water Supply, Gas and Electricity, and in the office of the President of the Borough of Queens.

Thirteenth—The gas to be furnished by the Company shall be of the standard at present fixed by law. Said gas shall have an illuminating power of not less than twenty-two sperm candles of six to a pound, burning at the rate of one hundred and twenty grains of spermacetil per hour, tested at a distance of not less than one mile from the distributing holder by a burner consuming five cubic feet of gas per hour by a flat flame burner giving greatest results at not less than four-tenths of an inch pressure at the point of ignition, and each one hundred cubic feet of gas shall not contain more than five grains of ammonia, nor more than twenty grains of sulphur, nor more than a trace of sulphuretted hydrogen. Provided, however, that should a new process be hereafter generally used to manufacture gas of a higher standard than the gas at present manufactured by the Company, then the Company binds itself to furnish gas equal to that furnished by such new process, should the same be ordered by the Board. And the Company further binds itself to furnish gas of superior candle-power and quality to that herein set forth or ordered by the Board whenever required to do so by any general or local act of the Legislature, and such act shall be deemed a modification of this agreement, but no act providing for the furnishing of an inferior quality of gas shall be deemed to in any way affect the provisions of this agreement. The pressure of said gas shall not exceed that fixed by law.

Fourteenth—The Company agrees to provide and furnish to the Department of Water Supply, Gas and Electricity the necessary apparatus and station to conduct tests to ascertain the pressure and quality of the gas furnished by it, if required to do so by the Commissioner of Water Supply, Gas and Electricity. Should any tests made by the said Commissioner of gas furnished by the Company show that said gas is of an inferior quality or other than that specified herein, or is being furnished at a pressure exceeding that fixed by law, the Company shall immediately remedy such defect upon notice from said Commissioner.

Fifteenth—The rates to be charged by the Company in the Borough of Queens for gas furnished by it to the City and to private consumers shall never be in excess of the following, and it is agreed that the same may be reduced by the Board, as hereinafter provided:

For gas furnished to the City for street lighting, to be used in its public buildings, or for

gas furnished to any other public buildings located in the Borough of Queens, the sum of seventy-five cents per thousand cubic feet.

For furnishing gas to open-flame lamps, consuming three cubic feet of gas per hour, and burning for a period of three thousand nine hundred and fifty hours in any one year, for each lamp, at each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing, and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes and burners, the replacing of cross-heads, lamp-irons and lanterns, and the replacing and repairing of lamp-posts when owned by the Company, a sum not to exceed seventeen dollars (\$17) per year, and for similar services to other open-flame lamps burning a different number of cubic feet per hour, or a different number of hours per year at proportionate rates.

For furnishing and connecting, ready for use, each mantle gas lamp with improved burner appliances and incandescent mantles, including cocks, tubes, burners, mantles, globes, chimneys, rods, regulating apparatus and all appurtenances necessary for each lamp, at each lamp, and also operating and maintaining it, including illuminating, the lighting, extinguishing, cleaning, reglazing, repairing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes, burner appliances, mantles, chimneys, globes, rods, regulating apparatus, lanterns, lamp-irons, frames and cross-heads thereto, and repairing and replacing of lamp-posts when owned by the Company, a sum not to exceed twenty-five dollars (\$25) for every such lamp not consuming more than three and one-half (3½) cubic feet of gas per hour for three thousand nine hundred and fifty hours in any one year and for similar services to mantle lamps burning a different number of cubic feet per hour or a different number of hours per year at proportionate rates.

For furnishing illuminating material other than gas for each lamp, at each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes, burners, burning appliances, lamp-posts, lanterns, lamp-irons and cross-heads thereto, the sum of twenty dollars (\$20) per lamp, burning three thousand nine hundred and fifty hours in any one year, and for similar service for a greater number of hours at proportionate rates.

For supplying illuminating material other than gas to, and for furnishing and connecting ready for use, each mantle lamp, with improved burner appliances and incandescent mantles, including cocks, tubes, burners, mantles, globes, chimneys, rods and regulating apparatus, necessary for each lamp, at each lamp, and also operating and maintaining it. The operation and maintenance to include the lighting, extinguishing, cleaning, reglazing, repairing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes, burner appliances, mantles, chimneys, globes, rods, regulating apparatus, lanterns, lamp-irons, frames and cross-heads thereto, the sum of twenty-seven dollars (\$27) per lamp burning three thousand nine hundred and fifty hours in any one year, and for similar service for a greater number of hours at proportionate rates.

For gas furnished to private consumers in that portion of the territory in which the Company is hereby granted the right to lay its mains lying in the Third Ward of the Borough of Queens, one dollar and ten cents per thousand cubic feet during the year nineteen hundred and nine; one dollar and five cents per thousand cubic feet during the year nineteen hundred and ten, and one dollar thereafter, and in that portion of the territory in which the Company is hereby granted the right to lay its mains lying in the Fourth Ward of the Borough of Queens, the sum of one dollar per thousand cubic feet.

The Company also agrees that if in the future any new or improved style of street lighting is available for use it will furnish the same throughout the territory in which it is hereby granted the right to operate at such reasonable prices as may be fixed by the Board, subject to the provisions of this contract.

Sixteenth—The Company shall supply gas to the public buildings and public lamps of all types situated on the line or lines of the mains of said Company throughout the territory in which it is hereby granted the right to lay its mains and furnish open flame and mantle naphtha lamps, where such mains are not laid, if required by the Commissioner of Water Supply, Gas and Electricity, and said public buildings and lamps shall be lighted when required by the City at rates not to exceed those hereinbefore set forth, or as may be hereafter established by the Board. As a condition of this contract the Company binds itself to submit bids or proposals for lighting the public buildings and furnishing and lighting public lamps of all types in the entire territory in which it is granted the right to operate by this contract along the lines of its mains as they exist or may be extended, whenever the same are advertised or called for by the Commissioner of Water Supply, Gas and Electricity, or his successor in authority, at rates not exceeding those above set forth, or which may be hereafter established by the Board.

Seventeenth—The Company shall also, in any and all bids or proposals which it may hereafter submit for lighting public buildings and lamps in the Borough of Queens, agree to repair such lamp-posts as belong to the City or may be acquired or erected by it, and erect new ones at prices not to exceed the following, except as provided elsewhere in this paragraph:

For each lamp-post straightened, the sum of one dollar and fifty cents (\$1.50).

For each column refitted, the sum of one dollar and fifty cents (\$1.50).

For each column recalcined, the sum of one dollar (\$1).

For each column refitted, the sum of three dollars and fifty cents (\$3.50).

For each service pipe refitted, the sum of six dollars (\$6).

For each standpipe refitted the sum of four dollars (\$4).

For discontinuing service per lamp, the sum of two dollars (\$2).

For each lamp-post removed, the sum of three dollars and fifty cents (\$3.50).

For each lamp-post reset, the sum of ten dollars (\$10).

For each lamp-post painted, the sum of twenty-five cents (25c.) per coat.

For the erection of each new lamp-post, complete (with service and standpipes when for gas), and with cross-heads, lamp-irons and lanterns in place, the sum of ten dollars (\$10).

For the sale to the City of the gas lamp-posts with gas lamps belonging to the Company, erected ready for use complete with service and standpipes connected, all in good repair, per post, the sum of eight dollars (\$8).

The Company may submit bids for any or all of these items at prices not to exceed twenty-five per cent. in excess of those above set forth, or which may be hereafter fixed by the Board, whenever in the opinion of the Commissioner of Water Supply, Gas and Electricity these prices appear to be insufficient.

Eighteenth—During the term of this contract or any renewal thereof the Board shall have the

power to regulate and fix the maximum and minimum rates to be charged by the Company throughout the territory in which it is hereby granted the right to lay its mains for gas for private lighting, provided such rates shall be reasonable and fair.

The maximum rates herein fixed for public lighting and for repairs and replacements of street lamps and posts shall continue until October 27, 1911, at which time and at the end of each period of five years thereafter during the term of the contract or any renewal thereof, the Board shall have the power to reduce such rates, provided such reduced rates shall be reasonable and fair.

Nineteenth—The Company shall supply gas to all applicants in the territory in which it is authorized to operate, not in arrears for prior bills, owning or occupying premises on streets in which gas mains or conductors are laid, and where the Company has not laid mains or conductors it shall lay the same upon the application, in writing, of the owner or occupant of any building or premises within one hundred feet of any main laid by it, provided he shall pay all money due from him to the Company. The Company, however, shall not refuse to supply gas to any person owning or occupying premises on the line of its mains or to extend its mains for that purpose if there be any rent or compensation in arrear for gas supplied, or for pipes or fittings, furnished to a former occupant thereof, unless such owner applying for a supply of gas shall have undertaken or agreed with the former occupant to pay or to exonerate him from the payment of such arrears, and shall refuse and neglect to pay the same; and if for the space of ten days after such application, and the deposit of a reasonable sum as security, if required, in pursuance of section 63 of the Transportation Corporation Law, the Company shall refuse or neglect to supply gas as required, said Company shall forfeit and pay to the applicant the sum of ten dollars, and the further sum of five dollars for every day thereafter during which such refusal or neglect shall continue; provided that the Company shall not be required to lay service pipes for the purpose of supplying gas to any applicant where the ground in which such pipe is required to be laid shall be frozen or shall otherwise, in the opinion of the Board, present serious obstacles to laying the same; nor unless the applicant, if required, shall deposit in advance with the Company a sum of money sufficient to pay the cost of his portion of the pipe required to be laid, and the expense of laying such portion.

The Company shall not require or receive any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate. Any consumer or person who desires to be connected with the mains of the Company can apply to the Board to compel the Company to comply with the provisions of this contract, and all orders of the Board made on the request of any such consumer or person shall be complied with by the Company.

The provisions herein made in regard to a penalty for refusal to comply with the provisions of this subdivision of the contract, and requiring the payment of interest on deposits made by consumers, may, in the event of the refusal of the Company to comply with any order of the Board, on complaint made in regard thereto, be deducted from the security fund to be deposited with the Comptroller, as hereinafter provided, and the Comptroller is authorized to deduct the amount from the said fund and pay the same to the claimant, on being directed to do so by the Board.

The repeal or amendment of section 62 of the Transportation Corporations Law, requiring the Company to extend its mains to supply gas to any building within one hundred feet of its existing mains, upon application for the same, shall not be deemed to in any way affect the provisions of this contract, except that if such amendment requires the Company to do something in addition to or not inconsistent with the provisions of this contract, then, and in that case, the Company shall comply with both of the provisions of this contract and the laws of the State in regard to such extensions.

Twentieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Twenty-first—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation, merger or sale of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests, or enter into any agreement for a division of business, interest or territory, or to prevent competition, or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such persons or corporations without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving, or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. Nothing herein contained shall apply to any mortgage or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

In the event of any consolidation, sale or merger with any other gas company operating in the same territory whereby any duplication of plant or mains shall be effected, such duplication shall not be included in the assets on which a return is to be provided in fixing a reasonable rate.

Twenty-second—The Company hereby agrees and stipulates that any and all rights which by its incorporation it may now have or may hereafter acquire, under the law, as it now exists or may be hereafter amended or altered, whereby it may purchase, acquire or hold stock, bonds or other evidence of indebtedness in any other corporation, are hereby waived; but the Company may exercise such rights upon acquiring the consent of the Board so to do, under such conditions as it may impose.

Twenty-third—The Company shall submit a report duly verified to the Board not later than November 1 of each year, for the year ending September 30 next preceding, which shall show the following:

- Capital authorized—
 - (a) Preferred stock.
 - (b) Common stock.
 - (c) Bonds (classes to be specified).
 - (d) Debentures.
- Capital issued—
 - (a) Preferred stock.
 - (b) Common stock.

- (c) Bonds (classes to be specified).
(d) Debentures.
3. Amount of sinking fund.
4. Amount and rate of dividends paid during year.
5. Amounts and rates of interest paid on the various classes of bonds during the year.
6. Capacity attached to piping—
(a) Miles of mains.
(b) Street lights.
1. Open flame.
2. Mantle lights.
(c) House lights.
(d) Meters.
(e) Number of consumers for light.
(f) Number of consumers for fuel.
7. Highest price received for gas, per thousand cubic feet.
8. Average price received for gas per thousand cubic feet.
9. Authorized price per thousand cubic feet.
10. Amount of gas manufactured during the year.
11. Amount of gas sold during the year.
12. Detailed statement of total cost of manufacture and distribution of entire amount of gas during year, showing also cost of manufacture and distribution of same per thousand cubic feet.
13. Balance sheet showing assets and liabilities in detail.
14. Detailed statement of cost of property situated in the Borough of Queens, showing miles and size of mains, number of meters, holders, buildings, machinery, manufactories, interior piping, lamps, service connections, etc., and cost of same, including separately, value of franchise.
15. Detailed statement of amount of depreciation on above.
16. Detailed statement of present value of above.
17. Statement showing stock and bonds owned in other companies, setting forth name of companies, date of acquiring stock, par value, amount paid for and present value of same.
18. Statement showing number and location of factories and holders.
A detailed statement showing the kinds and quantities of residuals and the prices received for the same.
And such other information in regard to the business of the Company as may be required by the Board.

For failure to comply with the foregoing, the Company shall pay a penalty of twenty-five dollars (\$25) per day until such statement or copy of such report is rendered, and in default of such payment, the same, upon order of the Board, may be deducted from the security fund to be deposited by the Company with the Comptroller, as hereinafter provided.

Twenty-fourth—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain the standard fixed by the Board or by law, as set forth above, for the quality of gas furnished by it to the City or private consumers, or exceeds the maximum pressure allowed by law, or fail to maintain its structures in good condition throughout the full term of its occupancy of such streets, or fail to comply with any provisions of this contract, the Board may give written notice to the said Company, specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time said Company shall for each day thereafter during which the default or defect remains pay to the City the sum of one hundred dollars (\$100), as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets, shall not put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, or in default of such payment, the same shall be a proper charge against and may be deducted from the security fund to be deposited with the Comptroller as hereinafter provided.

If, for a period of two consecutive weeks, the gas system of the Company shall not be operated, the Board may declare the right and franchise granted by this contract terminated without further proceedings in law or in equity, if it shall appear, in the judgment of said Board, that the same was not operated through the fault of the Company.

The Company shall, in the exercising of any and all the rights conferred on it by this contract, comply with all the provisions of chapter 429 of the Laws of 1907, establishing the "Public Service Commissions" of the State of New York, and all acts amendatory or additional thereto, and shall immediately upon obtaining the same, furnish to the Board, for filing among its records, a copy of the certificate required to be obtained by the Company under section 68 of such act, certified by the Commission having jurisdiction over the Company. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State.

Twenty-fifth—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts from all business done by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

And the said Comptroller shall at all times have access to the plant of said Company and on reasonable notice be provided with an inventory thereof.

Twenty-sixth—In case of any violation or breach or failure to comply with any of the provisions of this contract, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that all property constructed and in use by virtue of this grant shall thereupon become the property of the City without proceedings at law or in equity.

Twenty-seventh—This grant is upon the express condition that the Company, within thirty (30) days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of one thousand five hundred dollars (\$1,500), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of the contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same, with interest, from such fund after five days' notice in writing to the Company. In case of the failure of the Company to comply with the terms of this contract relating to the filing of annual statements, or its neglect or refusal to comply with any demand or direction of the Board or other municipal

officials, made pursuant to the terms of this contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events the Company shall pay to the Comptroller of the City a penalty of one hundred and twenty-five dollars (\$125) for each violation.

The procedure for the imposition and collection of the penalties in the grant shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Comptroller, to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and, without legal procedure, withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of one thousand five hundred dollars (\$1,500), and in default thereof the contract may be revoked at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of the grant shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then, and in such case, such other Board, authority, officer or officers shall have the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-ninth—The words "notice," "demand" or "direction," wherever used in this contract, shall be deemed to mean a written notice, demand or direction. Every such notice, demand or direction to be served upon the Company shall be delivered at such office in The City of New York as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at The City of New York. Delivery or mailing of such notice, demand or direction as and when above provided shall be equivalent to direct personal notice, demand or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways of the territory in which the Company is authorized to operate by this contract, and nothing contained herein shall be deemed to affect in any way the right of the City to grant a similar privilege upon the same or other terms and conditions to any other person or corporation in any part of the Borough of Queens.

Thirty-first—Whenever this contract requires the Company to do or refrain from doing something in addition to or not inconsistent with the laws of the State or the ordinances of the City, the Company shall be bound to observe the provisions of the contract or any amendments or modifications of the same. This provision shall be deemed to apply to any and all orders, requests and directions of all local authorities vested with powers by this contract, in addition to those conferred upon such authorities by the laws of the State and the ordinances of the City.

Sec. 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By....., Mayor.
(Corporate Seal.)

Attest:....., City Clerk.
QUEENS LIGHTING COMPANY,
By....., President.

(Seal.)
Attest:....., Secretary.

(Here add acknowledgments.)
Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Queens Lighting Company, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to September 17, 1909, in the City Record, and at least twice during the ten days immediately prior to September 17, 1909, in two daily newspapers to be designated by the Mayor therefor, and published in The City of New York, at the expense of the Queens Lighting Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Queens Lighting Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolutions authorizing any such contract, will, at a meeting of said Board, to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on September 17, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day, the following proceedings were had:

Whereas, The Staten Island Rapid Transit Railway Company has, under date of April 14,

1909, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate two additional tracks under and across South street, St. George, two tracks across Central avenue, Union avenue, Harbor road and South avenue, and one track across Richmond terrace, near Hollands Hook, Borough of Richmond; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on April 30, 1909, fixing the date for public hearing thereon as May 14, 1909, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Richmond County Advance" and "The Staten Islander," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Staten Island Rapid Transit Railway Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Staten Island Rapid Transit Railway Company containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Staten Island Rapid Transit Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof embodying all the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Staten Island Rapid Transit Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The President of the Borough of Richmond, on October 17, 1907, addressed a communication jointly to the Board of Estimate and Apportionment and the Commissioners of the Sinking Fund, requesting the authorization and approval of the exchange of certain parcels of land in the Borough of Richmond, between the City and the Company, and in connection therewith the granting of the right to the Company to lay additional tracks across and under certain streets and avenues; and

Whereas, This communication was presented to the Board at its meeting held June 12, 1908, and thereupon a resolution was adopted recommending to the Commissioners of the Sinking Fund that they authorize the exchange between the City and the Company of the before mentioned parcels of land situated in the Borough of Richmond, and providing that when such exchange was authorized and made, the Board would, upon proper petition, grant to the Company the right to lay additional tracks across certain streets, as set forth hereinafter in this contract; and

Whereas, The Commissioners of the Sinking Fund, at their meeting held April 5, 1909, did, in accordance with the provisions of section 205a of the Greater New York Charter, as enacted by chapter 302 of the Laws of 1907, adopt a resolution authorizing this exchange, subject, however, to the approval of the Board; and

Whereas, Such approval was given by the Board at its meeting held April 16, 1909; and

Whereas, The Company, on April 14, 1909, duly submitted two petitions for franchises, which were presented to the Board at its meeting held April 30, 1909; now therefore

In consideration of the said exchange of properties and of the mutual covenants and agreements herein contained, and in accordance with the resolution of the Board, adopted June 12, 1908, referred to above, the parties hereto do hereby covenant and agree, as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate—
(a) Two additional tracks across and under South street, near Jay street, First Ward, Borough of Richmond, within the lines of said South street as the same is now laid out or may hereafter be widened, said tracks to be constructed immediately to the west of the present two tracks of the Company crossing under South street at this point and constituting the existing right of way of the Company under said South street. All as shown on a map entitled: "Map Showing Proposed Tracks Under and Across South Street, in the First Ward, Borough of Richmond, City of New York, to Accompany Petition of The Staten Island Rapid Transit Railway Company to the Board of Estimate and Apportionment. Dated April 14, 1909."

—signed by George H. Campbell, Vice-President, and William B. Redgrave, Division Engineer, attached to this contract and made a part thereof.

(b) Two additional tracks across and upon Central avenue, Union avenue, Harbor road, otherwise known as Summerfield avenue, and South avenue, and one track across and upon Richmond terrace, formerly known as Shore road, at a point 550 feet, more or less, east of the intersection of Western avenue with Richmond terrace, and in a line with the right of way fifteen (15) feet wide acquired by the Company from Edward Milliken and wife, all in the Third Ward of the Borough of Richmond. The said additional tracks across and upon Central avenue, Union avenue, Harbor road and South avenue to be constructed, one on either side of the present tracks of the Company, crossing said streets, all as shown on a map entitled:

"Maps Showing Proposed Tracks Across Central Avenue, Union Avenue, Harbor Road, South Avenue and Richmond Terrace, in the Third Ward, Borough of Richmond, City of New York, to Accompany Petition of The Staten Island Rapid Transit Railway Company to the Board of Estimate and Apportionment. Dated April 14, 1909."

—signed by George H. Campbell, Vice-President, and William B. Redgrave, Division Engineer, attached to this contract and made a part hereof.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said railroad tracks shall be held and enjoyed by the Company for the term of

twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) During the first term of ten (10) years the annual sum of six hundred dollars (\$600), being the annual sum of one hundred dollars (\$100) for each crossing herein authorized.

(b) During the second term of fifteen (15) years the annual sum of nine hundred dollars (\$900), being the annual sum of one hundred and fifty dollars (\$150) for each crossing herein authorized.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments herein provided for shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any railroad or railway company providing for payment for railroad or railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, and the removal of the tracks herein authorized from the surface of the streets crossed by the same, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of the City, acting by the Board, or its successors in authority.

Fifth—Upon the termination of this contract, or if the same be renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to the Company or any other company or individual.

If, however, at the termination of this contract, as above, the Board shall so order, by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment, constructed pursuant to this contract, and the said streets shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall commence the construction of the tracks herein authorized under South street, First Ward, within three (3) years, and complete the same within five (5) years from the date upon which this contract is signed by the Mayor, and shall commence and complete

the construction of the other tracks herein authorized within two (2) years from such date, otherwise the rights herein granted shall cease and determine as to such tracks not so constructed. In the event of the rights so ceasing, the company shall not be required to make any further payments for the privilege of constructing and maintaining said tracks under this contract, but shall continue paying to the City the sum fixed by this contract for each crossing which it constructs within the time limit herein fixed.

Seventh—The grantee shall pay the entire cost of the construction and maintenance of the tracks herein authorized to be laid, and where the said tracks are authorized to be laid on the surface of the street, in addition shall pay the following:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction of such tracks.

(b) All changes in sewer or other subsurface structures made necessary by the construction of the railroad tracks, including the laying or re-laying of pipes, conduits, sewers or other structures.

(c) The replacing or restoring the pavement in said street which may be disturbed during the construction of the tracks.

(d) The inspection of all work during the construction or removal of the tracks, as herein provided, which may be required by the President of the Borough of Richmond and the Commissioner of Water Supply, Gas and Electricity.

Eighth—Before the construction shall be begun the grantee shall obtain permits to do the work from the President of the Borough of Richmond and from the Commissioner of Water Supply, Gas and Electricity. Said grantee shall perform all the duties which may be imposed upon the grantee by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to these officials working plans, which shall include and show in detail the method of construction of said railroad tracks and the mode of protection or changes in all subsurface structures required by the construction of such tracks.

Ninth—The said railroad crossings shall, for their entire length between the lines of the streets where they are laid on the surface, be paved between the rails and for a width of two (2) feet outside thereof with asphalt blocks or vitrified brick, laid upon a concrete foundation, or such other material as may be prescribed by the President of the Borough of Richmond and in a manner acceptable to him. The said crossings shall be constructed, maintained and operated at the expense of the Company, subject to the supervision, control and inspection of the proper authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York.

Tenth—Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said railroad tracks, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

Eleventh—Free and uninterrupted access to and passage over said streets where the rails are laid on the surface shall be maintained at all times, both during construction and thereafter, and no cars shall be allowed to stand upon said railroad tracks within the limits of said streets.

Twelfth—This consent is granted on the further and express condition that all laws or ordinances new in force, or which may hereafter be adopted, shall be strictly complied with.

Thirteenth—The Company shall at all times keep the streets upon which the rails authorized by this contract are laid, between the said rails and for a distance of two (2) feet beyond the said rails, on either side thereof, free and clear from ice and snow.

Fourteenth—The Company shall, upon being ordered by the Board so to do, remove the tracks hereby authorized to be constructed on and across Richmond terrace, from the surface of said street, and construct the same over or under the said street, as directed by the Board, and in such manner as the Board may prescribe under the supervision of the local authorities of the Borough, at its own expense. And it further agrees that if at any time during the continuance of this contract or any renewal thereof proceedings shall be taken under the Railroad Law or any law of the State, looking to the removal of the tracks laid by it on the surface of any street, under authority of this contract, then and in that event the Company shall remove the tracks herein authorized and construct the same across said streets, either over or under the same as directed, at its own cost and expense. Nothing contained herein shall be deemed to affect the rights or liabilities of the Company as to the tracks already laid by it.

Fifteenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights hereby conferred, shall deposit with the Comptroller of the City the sum of one thousand dollars (\$1,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privileges hereby granted, the repairs of street pavement, and the removal of those tracks laid on the surface of the streets at its own expense as herein provided, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the Company; or in case of failure to keep the other terms and conditions of this contract, the Company shall pay a penalty of ten dollars (\$10) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provision. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars (\$1,000), and in default thereof this contract shall be annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under this or any other provision of this contract shall

affect any other legal rights, remedies or causes of action belonging to the City.

Sixteenth—In case of any violation, or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad tracks constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Seventeenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Eighteenth—The word "streets," wherever used herein, shall be deemed to mean such streets, avenues, highways, driveways, concourses, boulevards or public places across or under which the Company is hereby granted the right to lay its tracks.

Sec. 3. The City hereby agrees that it will construct a portal to the proposed new tunnel required for the construction of the tracks herein authorized under South street, in the First Ward of the Borough of Richmond. Said portal is estimated to cost not exceeding four thousand seven hundred dollars (\$4,700) in excess of the cost to the City of building a solid retaining wall at this point, as was heretofore proposed. All and every other expense in connection with the rights hereby granted shall be borne and paid for by the Company.

Sec. 4. The City and the Company promise, covenant and agree to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained, to be performed or observed by the respective parties hereto.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,

(SEAL) By Mayor.

Attest: City Clerk.

THE STATEN ISLAND RAPID TRANSIT RAILWAY COMPANY,

By Vice-President.

Attest: Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by the Staten Island Rapid Transit Railway Company and the said form of a proposed contract for the grant of such franchise or rights, containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, September 17, 1909, in the City Record, and at least twice during the ten (10) days immediately prior to Friday, September 17, 1909, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of The Staten Island Rapid Transit Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by The Staten Island Rapid Transit Railway Company and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, September 17, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

("Staten Island World" and "Staten Islander" designated.)

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND TENTH STREET, from Jerome avenue to Wayne avenue; WAYNE AVENUE, from Reservoir Oval West to Gun Hill road; TRYON AVENUE, from Reservoir Oval West to Gun Hill road, all of which are in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 31st day of August, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 9th day of September, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 31st day of August, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 9th day of September, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 14th day of June, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the northwesterly side of DeKalb avenue, midway between Gun Hill road and East Two Hundred and Tenth street, and running thence easterly to a point on the westerly line of Steuben avenue, midway between East Two Hundred and Tenth street and Gun Hill road; thence easterly and passing through a point on the westerly line of Woodlawn road, midway between East Two Hundred and Tenth street and Gun Hill road, to the intersection with a line midway between Woodlawn road and Wayne avenue; thence northwesterly and along the said line, midway between Woodlawn road and Wayne avenue, to the intersection with a line 100 feet northwesterly from and parallel with the northwesterly line of Gun Hill road, the said distance being measured at right angles to the line of Gun Hill road; thence southeasterly and parallel with Gun Hill road to the intersection with the prolongation of a line passing through a point on the southwesterly side of Gun Hill road and through a point on the northwesterly side of Reservoir Oval West, the said points being located midway between Tryon avenue and Putnam avenue, as determined in a course measured along the southwesterly and northwesterly lines of Gun Hill road and Reservoir Oval West, respectively; thence southwesterly along the course last described to the aforesaid point on the northwesterly line of Reservoir Oval West, midway between Tryon avenue and Putnam avenue; thence southwesterly along a radial line to a point 100 feet south of the southerly line of Reservoir Oval West; thence westwardly and southwesterly and always parallel with and distant 100 feet from the southerly and southeasterly lines of Reservoir Oval West to the intersection with a line at right angles to the northwesterly line of Reservoir Oval West at a point midway between East Two Hundred and Tenth street and East Two Hundred and Eighth street; thence northwesterly and along the said line last described and passing through the said point on the northwesterly line of Reservoir Oval West, midway between East Two Hundred and Tenth street and East Two Hundred and Eighth street, to the intersection with a line midway between East Two Hundred and Tenth street and East Two Hundred and Eighth street, through that portion of their length west of and adjoining Woodlawn road; thence northwesterly along the said line midway between East Two Hundred and Eighth street and East Two Hundred and Tenth street to the intersection with the southeasterly line of Steuben avenue; thence across Steuben avenue to a point on the northwesterly line of the said Steuben avenue, midway between East Two Hundred and Tenth street and East Two Hundred and Eighth street; thence northwesterly to a point on the southeasterly line of Kossuth place, midway between East Two Hundred and Eighth street and East Two Hundred and Tenth street; thence westwardly to a point on the westerly line of East Two Hundred and Eighth street, midway between Kossuth place and East Two Hundred and Tenth street; thence westwardly at right

angles to the line of East Two Hundred and Eighth street to a point midway between East Two Hundred and Eighth street and Moshulu Parkway North; thence northwesterly to a point on the southeasterly line of Jerome avenue, midway between Moshulu Parkway North and East Two Hundred and Tenth street; thence northwesterly at right angles to the line of Jerome avenue to the intersection with a line 100 feet northwesterly from and parallel with the northwesterly line of Jerome avenue, the said distance being measured at right angles to the line of Jerome avenue; thence northwesterly and parallel with Jerome avenue to the intersection with a line drawn at right angles to the line of DeKalb avenue and passing through the point described as the point or place of beginning; thence southeasterly to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 9th day of September, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 18th day of November, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 10, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to SPOFFORD AVENUE (although not yet named by proper authority), from Longwood avenue to Tiffany street, and from Tiffany street to the Bronx River, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 30th day of August, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 8th day of September, 1909, at 11 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 3d day of September, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the westerly bulkhead line of the Bronx River 100 feet southeasterly from the southeasterly line of Randall avenue; running thence southwesterly and westerly along a line drawn parallel to and 100 feet southeasterly and southerly from the southeasterly and southerly lines of Randall avenue to its intersection with a line drawn parallel to and 100 feet southwesterly from the southwesterly line of Leggett avenue; thence northwesterly along said parallel line to its intersection with the southwesterly prolongation of a line drawn parallel to and 100 feet northwesterly from the northwesterly line of Garrison avenue (Mohawk avenue); thence northwesterly along said prolongation and parallel line to its intersection with a line drawn parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Fifty-sixth street (Craven street); thence northwesterly along said parallel line to its intersection with a line drawn parallel to and 100 feet northwesterly from the northwesterly line of Whitlock avenue; thence northwesterly along said parallel line to its intersection with a line drawn parallel to and 100 feet northerly from the northerly line of Lafayette avenue; thence easterly along said parallel line to its intersection with the southwesterly bulkhead line of the Bronx River; thence southeasterly along said southwesterly bulkhead line to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to said supplemental and amended abstract, our supplemental and amended final report as to assessments herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 16th day of November, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said supplemental and amended abstract of estimate of assessment for benefit, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice

will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905 as amended, and the acts relating thereto. Such application will be made to the Supreme Court at a Special Term thereof to be held in and for the Ninth Judicial District, at the Judge's Chambers, in Nyack, Rockland County, N. Y., on the 25th day of September, 1909, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County of Westchester, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

All those certain pieces or parcels of real estate situated in the Towns of Mt. Pleasant and Greenburg, County of Westchester, and State of New York, shown on a map entitled "Southern Aqueduct Department, Section No. 15. Board of Water Supply of The City of New York. Map of real estate situated in the Towns of Mt. Pleasant and Greenburg, County of Westchester, and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905 as amended, for the construction of Catskill Aqueduct and appurtenances, near Kensico Reservoir, taking line near Lakehurst Villa Park, to Elmsford," which map was filed in the office of the Register of the County of Westchester, at White Plains, N. Y., on the 7th day of July, 1909, as Map No. 1683, which parcels are bounded and described as follows:

First Part.

Beginning at the most westerly point of Charles street (between Adaline and Columbus avenues), and running thence north 13 degrees 50 minutes west 373.5 feet, on a curve of 270 feet radius to the left 142.9 feet, and north 44 degrees 10 minutes west 451.5 feet, to a point in the southerly line of Upper Cross road, leading from Mt. Pleasant Cemetery station to Kensico; thence along said line north 81 degrees 40 minutes east 74 feet; thence south 44 degrees 10 minutes east 402.8 feet, on a curve of 330 feet radius to the right 174.7 feet, and south 13 degrees 50 minutes east 374.8 feet, to a point in the northerly line of before-mentioned Charles street; thence along said line south 77 degrees 20 minutes west 60 feet to the point or place of beginning.

NINTH JUDICIAL DISTRICT, WESTCHESTER COUNTY.

SOUTHERN AQUEDUCT DEPARTMENT, CATSKILL AQUEDUCT, SECTION No. 16.

Town of Greenvale and City of Yonkers.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make ap-

plication to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905 as amended, and the acts relating thereto.

Such application will be made to the Supreme Court at a Special Term thereof to be held in and for the Ninth Judicial District, at the Judge's Chambers, in Nyack, Rockland County, N. Y., on the 25th day of September, 1909, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County of Westchester, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

Second Part.

Beginning at a point in the westerly line of Parcel No. 4, of Real Estate Section No. 1, Southern Aqueduct Department, Hill View Reservoir (the map of which section was filed in the office of the Register of the County of Westchester, at White Plains, N. Y., on the 18th day of February, 1907), said point being the most northerly point of Parcel No. 1161 of the section hereby described, and running thence partly along the easterly line of said Parcel No. 1161, and the westerly line of Parcel No. 4, south 31 degrees 38 minutes east 28.4 feet, to the most easterly point of said Parcel No. 1161; thence continuing along the easterly line of said Parcel No. 1161, and along the easterly lines of Parcels Nos. 1162 and 1163, south 30 degrees 9 minutes west 180 feet, to the most easterly point of Parcel No. 1164, in the easterly line of McLean avenue; thence partly along the easterly line of said parcel, south 30 degrees 9 minutes west 81 feet, to the most easterly point of Parcel No. 1165, in the westerly line of said avenue; thence partly along the easterly line of said parcel, south 30 degrees 9 minutes west 852.5 feet, to the southeast corner of said parcel, in the line between the City of Yonkers and The City of New York; thence along said line, and the southerly line of said parcel, north 68 degrees 36 minutes west 25.3 feet, to the southwest corner of said parcel; thence along the westerly line of same, north

30 degrees 9 minutes east 866.5 feet, to the most westerly point of before-mentioned Parcel No. 1164, in the westerly line of before-mentioned McLean avenue; thence partly along the westerly line of said parcel, north 30 degrees 9 minutes east 81 feet, to the most westerly point of before-mentioned Parcel No. 1163, in the easterly line of said avenue; thence partly along the westerly line of said parcel, and along the westerly line of before-mentioned Parcels Nos. 1162 and 1161, north 30 degrees 9 minutes east 583.2 feet, to the point or place of beginning.

The fee is to be acquired by The City of New York in all the real estate Parcels Nos. 1088 to 1165, both inclusive, contained in the above description, excepting Parcels Nos. 1126, 1135, 1140, 1141, 1142, 1144, 1152 and 1155 to 1165, both inclusive, in which perpetual easement is to be acquired.

The rights sought in Parcels Nos. 1126, 1135, 1140, 1141, 1142, 1144, 1155 to 1165, inclusive, are as follows:

In Parcel No. 1126 a perpetual easement to construct, maintain and use a culvert outlet.

In Parcel No. 1135 the right to construct and forever maintain an aqueduct on, over or through the same.

In Parcels Nos. 1140 and 1141 perpetual easement to build, maintain and use a road.

In Parcel No. 1142 perpetual easement to construct, operate and maintain an aqueduct and appurtenances under the surface, including telephone wires or other methods of communication and electric power wires, or to construct and maintain said wires above surface.

In Parcels Nos. 1144, 1152 and 1155 perpetual easement to construct, operate and maintain an aqueduct and appurtenances under the surface, including telephone wires or other methods of communication and electric power wires, or to construct and maintain said wires above surface.

In Parcels Nos. 1156 to 1165, inclusive, the right to construct, operate and maintain an aqueduct and appurtenances under the surface.

Reference is hereby made to the said map filed as aforesaid in the office of the Register of the County of Westchester for a more detailed description of the real estate to be taken as above described.

The greatest width of the proposed taking along the aqueduct is 650 feet, which occurs across Parcels Nos. 1136 and 1137, and the least width of the said taking is 25 feet, which occurs across Parcels Nos. 1151, 1152, 1153, 1154, 1161, 1162, 1163, 1164 and 1165.

In case any real estate hereinbefore described is used for highway or other public purposes, such use shall continue until such time as The City of New York may acquire the right to close the same.

Dated August 2, 1909.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
