BUDGET FOR 1914.

Resolved, That pursuant to the provisions of section 226 of the Greater New York Charter, the Board of Estimate and Apportionment makes this, the Budget of The City of New York for the year one thousand nine hundred and fourteen, the total amount appropriated being:

One hundred and ninety-two million nine hundred and ninety-five thousand five hundred and fifty-one dollars and sixty-two cents (\$192,995,551.62) divided as follows:

First—The amounts estimated to be required to pay the expenses of conducting the public business, to meet the debt charges of said City of New York for the year one thousand nine hundred and fourteen, and to meet a direct state tax levied upon the City for the year one thousand nine hundred and fourteen:

One hundred and eighty-three million three hundred and forty-five thousand three hundred and seventy dollars and ninety cents (\$183,345,370.90).

Second—The amount estimated to be the deficiency on January 1, 1913, in the product of taxes theretofore levied, deemed to be uncollectible and not otherwise provided for, as required by chapter 209 of the Laws of 1906, being section 248 of the Greater New York Charter:

Two million five hundred thousand dollars (\$2,500,000).

Third—The amounts estimated to be required to pay the assessments levied against the Boroughs of Manhattan and Brooklyn for the year one thousand nine hundred and fourteen:

Five hundred and twenty thousand and fifteen dollars and six cents (\$520,015.06).

Fourth—The amounts estimated to be required to pay the charges and expenses of the Counties of New York, Bronx, Kings, Queens and Richmond for the year one thousand nine hundred and fourteen:

Six million six hundred and thirty thousand one hundred and sixty-five dollars and sixty-six cents (\$6,630,165.66).

Resolved, That this, the Budget of The City of New York, as hereby made in pursuance of section 226 of the Greater New York Charter, shall be administered under the following terms and conditions:

First—

(a) That no transfers shall be made from appropriations or schedules of "Salaries Regular Employees," to any other appropriation or schedule than "Salaries Regular Employees."

(b) That no transfers shall be made from appropriations or schedules of "Salaries Temporary Employees," to any other appropriation or schedule than "Salaries Temporary Employees."

(c) That no transfers shall be made from appropriations or schedules of "Wages Regular Employees," to any other appropriation or schedule than "Wages Regular Employees."

(d) That no transfers shall be made from appropriations or schedules of "Wages Temporary Employees," to any other appropriation or schedule than "Wages Temporary Employees."

(e) That no transfers shall be made from or to appropriations classified as "Hire of Horses and Vehicles with Drivers," "Hire of Horses and Vehicles without Drivers" or "Hire of Automobiles," except to or from an appropriation classified as "Hire of Horses and Vehicles with Drivers," "Hire of Horses and Vehicles without Drivers" or "Hire of Automobiles."

(f) That no transfers shall be made from appropriations or schedules of "Fees and Commissions," to any other appropriation or schedule than "Fees and Commissions."

(g) That no transfers shall be made from any of the appropriations made herein under any classification other than "Personal Service" to any appropriation classified as "Personal Service," except in cases where the title of appropriation specifically provides for transfers herein forbidden, or in cases where appropriations were made under the classification of "General Repairs," if, upon the written statement of the Department Head, the Board of Estimate and Apportionment finds that the repair work can be done more economically by departmental labor.

(h) That no transfers shall be made from any of the appropriations made herein under any classification where the title of the appropriation prohibits such transfer or when the appropriation is made conditional upon the purchase of some stated article or articles or for the payment of insurance or taxes, although otherwise the transfer might be proper under the budget resolutions in the budget for 1914.

Second—That no change shall be made by any Board or head of an Office, Bureau or Department in the City or County Governments in the schedules of "Salaries Regular Employees," "Salaries Temporary Employees," "Wages Regular Employees," "Wages Temporary Employees," "Fees and Commissions," herein contained, except when authorized thereto by twelve (12) votes of the Board of Estimate and Apportionment, and that no requests for changes shall be considered except as follows:

(a) In the case of schedules or appropriations of "Salaries Regular Employees," where the proposed change will not increase the amounts expendable in any month to more than one-twelfth of the total amount herein appropriated for "Salaries Regular Employees."

(b) In the case of schedules or appropriations of "Wages Regular Employees," where the proposed change will not increase the amounts expendable in any week to more than the pro rata of the number of working days in such week to the total number of working days provided for such schedule line for the whole year.

Third—That in case of modifications of schedules or transfers within appropriations classified as "Personal Service," where one of the appropriations is a Tax Levy Part appropriation, the full amount of cash necessary to pay the total salaries or wages of the incumbents transferred for the balance of the year 1914 shall be transferred to the appropriation to which the incumbents are transferred.

Fourth—

(a) That the heads of the several Boards, Offices, Bureaus and Departments of the City and County Governments shall prepare their several payrolls for audit by the Department of Finance in accordance with the items of the aforesaid schedules, entitled "Salaries Regular Employees," "Salaries Temporary Employees," "Wages Regular Employees," "Wages Temporary Employees," "Fees and Commission," or in case these items have been changed by twelve (12) votes of the Board of Estimate and Apportionment, in accordance with the items of the schedules as changed, and that no payroll shall be passed by the Department of Finance unless the incumbents and the rate of individual compensation agree with such schedule lines as originally adopted or as hereafter modified by the Board of Estimate and Apportionment.

(b) That each and every payroll shall be accompanied by a recapitulation showing the exact amount expended to and including said payroll for every item appearing on the schedules supporting any of the appropriations against which all or any part of the moneys involved in said payrolls is to be charged, and that this recapitulation shall contain the full schedule supporting any such appropriations or in case these schedules have been changed by twelve (12) votes of the Board of Estimate and Apportionment, the full schedules as changed.

(c) That each payroll of any Department, in addition to any other departmental number, shall be numbered during the year serially, beginning with number one for each specific account, and such payroll shall bear a certificate signed by a person cognizant of the fact, stating that the recapitulation attached thereto is the correct recapitulation for the payroll bearing said number.

(d) That in all instances where changes in schedule items have been made by twelve (12) votes of the Board of Estimate and Apportionment, all sums which have been expended against such schedule items as are changed shall be apportioned against the new lines in the same ratio as the new totals of the schedule items bear to the old totals.

(e) That on all payrolls against schedules entitled, "Salaries Regular Employees" and "Wages Regular Employees," there shall be set forth the monthly or weekly pro rata expenditures against such schedules, or in case the items or such schedules have been changed by twelve (12) votes of the Board of Estimate and Apportionment, the monthly or weekly pro rata expenditures against such schedules as changed.

(f) That there shall be affixed to all payrolls a certificate made by the person preparing such payroll to the effect that there is a time record on file in said Board, Office, Bureau or Department, certified by the person or persons having knowledge of the facts, showing the character of service and the exact time of employment of such person or persons, except heads of departments, and excepting bureau and division heads relieved by the head of their department from the duty of keeping such record on said payrolls, and that the distribution or division of the time of such person or persons as shown on such payrolls is in accordance with such time record.

—Be it further

Resolved, That wherever an appropriation under the classification of "Supplies," "Purchase of Equipment," "Materials," "Contract or Open Order Service," "Contingencies" or "Fixed Charges and Contributions" is supported by a schedule, all expenditures against such appropriation shall be made in accordance with such schedule and no voucher shall be passed by the Department of Finance for a sum exceeding the amount shown in said schedule, except when such schedule shall have been changed by twelve (12) votes of the Board of Estimate and Apportionment, and that the heads of the several Boards, Offices, Bureaus and Departments of the City and County Governments shall transmit to the Department of Finance on the first day of each month, or as soon thereafter as possible, a statement showing, firstly, the aggregate liabilities incurred against such schedules for which vouchers have been transmitted to the Department of Finance, and, secondly, all additional liabilities incurred against such schedules for which vouchers have not as yet been transmitted.

—Be it further

Resolved, That wherever an appropriation under the classification of "Supplies," "Purchase of Equipment," "Materials," "Contract or Open Order Service," "Contingencies" or "Fixed Charges and Contributions" is supported by a schedule, such schedule shall be conclusive as to the amount allowed for each function or subdivision, and the heads of departments shall submit to the Department of Finance on the first day of each month or as soon thereafter as possible, a statement showing the amounts consumed the previous month chargeable against each supporting schedule line of the appropriation, which monthly amount, in the aggregate, shall not exceed the amount specified in the schedule, unless modified by twelve (12) votes of the Board of Estimate and Apportionment.

—Be it further

Resolved, That all appropriations under a classification other than "Personal Service," to any Board, Office, Bureau or Department of the City or County Governments made in this Budget, be made under the following conditions:

First—That in so far as practicable, all contracts and open market orders for purchases to be charged against such appropriation shall be based upon specifications which are definite and certain as to character and quality, and which conform with standard specifications for the various classes of supplies, materials, fuel and forage already approved or hereafter to be approved by this Board.

Second—That, in so far as such standard specifications may be established by this Board, the Comptroller at the time of certifying to the sufficiency of appropriations out of which such contracts are to be paid shall also certify that the specifications for such supplies or materials, fuel or forage or other articles for which standard specifications have been prescribed, are in conformance with such standard specifications.

Third—That all open market orders issued by any Department for supplies and materials, for which standard specifications shall have been prescribed, shall contain a description of the goods order, conforming with such standard specifications.

Fourth—That the Comptroller shall, in auditing claims for goods delivered on open market orders, determine, through inspection or otherwise, whether the goods delivered conform to such standard specifications.

—Be it further

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with section 56 of Greater New York Charter:

First—That the positions and grades of positions appearing in the schedules under the classification, "Personal Service," and entitled "Salaries Regular Employees," supporting the appropriations made to the different Boards, Offices, Bureaus and Departments of the City or County Governments in the Budget of The City of New York for the year one thousand nine hundred and fourteen be established in the different Boards, Offices, Bureaus and Departments of the City or County Governments for the number of incumbents shown in said schedules, except that in all cases where a position or grade of position has previously been established for an unlimited number of incumbents, or for a number of incumbents greater than the number shown in said schedule, nothing in this resolution contained shall be deemed to reduce the number of incumbents previously authorized.

Second—That the positions and grades of positions appearing in the schedules under the classification "Personal Service," and entitled "Wages Regular Employees," "Salaries Temporary Employees," "Wages Temporary Employees" and "Fees and Commissions," supporting the appropriations made to the different Boards, Offices, Bureaus and Departments of the City or County Governments in the Budget of The City of New York for the year one thousand nine hundred and fourteen be established in the different Boards, Offices, Bureaus and Departments of the City or County Governments.

Third—Nothing in this resolution contained shall be deemed to nullify or abolish any position or grade of position in the different Boards, Offices, Bureaus and Departments of the City or County Governments which has been previously established, but which does not appear in the schedules entitled "Salaries Regular Employees," "Salaries Temporary Employees," "Wages Regular Employees," "Wages Temporary Employees" and "Fees and Commissions," supporting the appropriations made to the different Boards, Offices, Bureaus and Departments of the City or County Governments in the Budget of The City of New York for the year one thousand nine hundred and fourteen.

—Be it further

Resolved, That all departments receiving appropriations for wearing apparel in the 1914 Budget shall make an inventory on January 1, 1914, to determine the number of units of each article of wearing apparel in stock or available for use in the institutions and shall keep a record thereafter of all wearing apparel purchased and delivered to the department; and shall keep a record showing the name of each patient, inmate and employee receiving wearing apparel, the character and cost of the wearing apparel issued to each employee, patient or inmate and a record showing in each case whether the wearing apparel issued was taken away from the institution or was returned to be reissued to other patients, inmates or employees; that such information shall be submitted by the Comptroller at the end of each quarter upon budget accounting forms furnished by the Comptroller.

CHARITABLE INSTITUTIONS.

Fixed Charges and Contributions—

Care of Dependents in Private Institutions—
Conditions Governing Payments to Charitable Institutions.

Preamble—

All appropriations made in this budget to charitable institutions are hereby declared to be subject to the following regulations:

1. The accounts and records of all such institutions shall be kept so as to show their receipts and expenditures pertaining to all institutional activities, and a record shall be maintained in which their expenses shall be recorded under the following classifications:

A. Expenses incurred in the operation of institution as follows:

- Food stuffs.
- Clothing.
- Linen and bedding.
- Fuel.
- Magazines and newspapers.
- Education (Instruction and Educational Supplies).
- Other supplies.
- Salaries and wages.
- Professional services.
- Light.
- Forage and care of animals.
- Telephone.
- Printing, stationery and advertising.
- Postage and telegrams.
- Hospital and Sanitarium charges.
- Funerals.
- Recreation expense.
- Miscellaneous expenses.
- Expense for boarded-out children.

B. Expenses incurred in the maintenance of plant and equipment, as follows:

- Repairs and renewals of plant and fixed equipment.
- Repairs and renewals of furniture and movable equipment.
- Interest on bonds and mortgages on corporate real estate, used exclusively for the charitable purposes of the institution, taxes and water rates, if any, thereon, fire insurance premiums on buildings on such real estate, together with their contents.

In all other respects such accounts and records shall be in the form required by the Comptroller of The City of New York, and as far as practicable, such accounts shall be kept on an income and expense basis.

2. All payments made to charitable institutions in pursuance of the said appropriations shall be used by such institutions only for expenses incurred by the institution for the care, support, maintenance and education of inmates duly committed by

the courts or the Commissioner of Charities or accepted by said Commissioner as public charges, but they shall not include any expense for improvements or additions to plant or equipment, except as stated, or any payments on account of principal of mortgages. Expenses for education shall be taken to mean expenses incurred in providing suitable education for properly committed or accepted inmates, and shall include the salaries of instructors and expenses incurred for supplies for use in instruction.

3. All institutions receiving funds by appropriation from The City of New York and their books of record and account, so far as they relate to institutional activities, shall be open at reasonable times to the visitation, inspection and examination of the Board of Estimate and Apportionment, the Department of Finance and the Department of Public Charities, by their duly authorized Commissioners, officers or inspectors, excepting, however, that the accounts pertaining to the activities of any religious order which may be in charge of any such institution shall be segregated from the other accounts and shall not be subject to this regulation.

4. All such institutions shall prepare and file with the Department of Finance as of a date to be fixed by said department, a report of the condition of the institution and its operations during the previous fiscal year upon forms prescribed and furnished for the purpose under the provisions of these regulations by the Department of Finance.

5. Upon its appearing to the satisfaction of the Comptroller that it would be to the public interest to withhold payments out of any appropriation made to any charitable institution, he may, in his discretion, withhold the same, immediately giving written notice thereof to such institution and of his intention to apply to the Board of Estimate and Apportionment for authority to cease further payments. Upon the determination of said board that such payments shall terminate, the right of any such institution to receive payment from any such appropriations shall thereupon end.

6. The names and ages of inmates with a statement of the period for which payment is claimed must be placed on all bills rendered by such institutions for their care, support and maintenance prior to the presentation of such account for payment to the Department of Finance. The certificate of the Commissioner of Public Charities under regulation two hereof must also be attached to such bills. Except in emergency cases the Commissioner of Public Charities shall not accept as proper charges persons capable of paying for their own support or for whose care adequate provision can be made in the public hospitals. No case shall be regarded as an emergency case unless there shall have been made a certificate to that effect by a properly authorized and informed representative of the institution by which such case was received.

7. The City shall not be liable for any claim by any charitable institution which shall be in excess of the amount apportioned to such institution in this budget, notwithstanding the acceptance of the Commissioner of Public Charities of any per capita rates of payment that may have been fixed for various classes of inmates thereof.

8. No money shall be paid to any institution which
pays any salary to,
gives any consideration for services (financial or otherwise) by,
has any business dealing with, or
secures goods or merchandise (directly or indirectly) from
any officer or trustee or member of its board of managers, or where any such person otherwise receives any pecuniary profit from the operation of such institution.

9. Child-caring institutions not sending their inmates to the public schools, and not sharing in the corporate school fund, and not receiving teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institution for five (5) hours daily for a period equal to the public school year, shall be paid a per capita of 7 cents per day for five (5) school days in the week, for each child of five years of age and over receiving such instruction except that for abnormal or atypical children a special rate in excess of this amount may be made by the Comptroller. Institutions receiving a per capita allowance for the education of their inmates shall be under the general supervision of the Board of Education, as required by the general conditions relating to institutions receiving corporate school money, provided in section 1154 of the Charter of The City of New York.

10. No dependent child under 16 years of age shall be accepted as a proper charge upon the City, and no money shall be paid for the care, support, maintenance or education of such child unless it shall have been lawfully committed to a suitable private charitable institution having its own plant and equipment for the proper protection and care of children and being under the supervision of the State Board of Charities and which has been placed in this budget by the Board of Estimate and Apportionment.

11. The Department of Health shall maintain in all child-caring institutions receiving funds by appropriation from The City of New York for each inmate accepted as a public charge under the rules of the State Board of Charities, and as herein provided, a complete physical and health record in which shall be recorded the name, age, sex, height and weight, time of admission, general physical condition, including the presence or absence of defects in eyesight, breathing, teeth or any organic defect, in a manner to conform as nearly as practicable with the records maintained by the Department of Health for children in the public schools in The City of New York. It shall also record the dietary actually employed in such institutions for the feeding of its inmates. Such statistics and records shall be made and revised by the Board of Health once in each six months.

12. Each institution shall give to the Comptroller on forms prescribed by him notice of the reception or discharge of any person for whose care City or county funds are to be received within twenty-four hours after his arrival at or discharge from the institution.

13. The rates of payments to private charitable institutions, unless otherwise specifically provided for, are fixed for the various classes of inmates as follows: Provided that where the Comptroller finds, after proper investigation, that any per capita rate hereinafter stated is too high, he is hereby authorized, on the approval of the Board of Estimate and Apportionment, to reduce such per capita rate for any or all institutions.

COMMISSIONERS OF THE SINKING FUND OF
THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting held in Room
16, City Hall, at 3 o'clock P. M., on Wednesday, October 29, 1913.

Present—Ardolph L. Kline, Mayor; Douglas Mathewson, Deputy and Acting
Comptroller; Robert R. Moore, Chamberlain; O. Grant Esterbrook, Acting President
Board of Aldermen, and Henry H. Curran, Chairman Finance Committee, Board of
Aldermen.

The Minutes of the meeting held October 8, 1913, were approved as printed.

The following communication was received from the Commissioner of Docks,
recommending a lease of a portion of the pier at the foot of West 41st street, Bor-
ough of Manhattan, to the Central Railroad Company of New Jersey:

October 2, 1913.

Hon. ARDOLPH L. KLINE, Mayor, and Chairman of the Commissioners of the Sinking
Fund:

Sir—I beg to recommend that the Commissioners of the Sinking Fund adopt a
resolution approving of and consenting to the execution by the Commissioner of
Docks of a lease to the Central Railroad Company of New Jersey of the following
described property on the North River, Borough of Manhattan, The City of New
York:

The south side of the pier at the foot of West 41st street, beginning at a line
in said pier about 195 feet from the outer end (being the easterly line of the property
leased to the Central Railroad Company of New Jersey by an indenture dated June
8, 1909) and extending inshore a distance of 158 feet, more or less, to the easterly
end of said pier.

The lease is to commence on the first day of the month next succeeding the date
on which the said lease is approved by the Commissioners of the Sinking Fund and
to be coterminous with the existing lease to E. E. Olcott for the outer 700 feet of
the pier foot of West 41st street, North River, and the existing lease of the Central
Railroad Company of New Jersey of 95 feet of said pier.

The rental is to be at the rate of \$1,995.80 per annum.

The lessee shall have the privilege of renewal of said lease upon three months'
notice in writing to the Commissioner of Docks for a further term of ten years at an
advance of 10% on the rental for the first term. The lease to contain a provision
that it may be cancelled on three months' notice in writing if the Commissioner of
Docks determines that the premises are required by the City for the prosecution of
work according to any plan or plans for the improvement of the water-front now
adopted or approved, or which may hereafter be adopted or approved, and pursuant
to any existing or future law, or that the premises are required for the making or
building of 12th avenue, or that the premises are required for terminal facilities and
equipment thereof under the provisions of chapter 776 of the Laws of 1911, or any
amendment thereof.

No structures of any kind shall be erected upon the premises without the consent
in writing of the Commissioner of Docks. Any and all structures erected upon said
premises under permit from the Commissioner of Docks shall be removed therefrom
by the lessee within twenty-four hours after service of notice so to do, and in case
of failure to remove within the time designated in such notice the Commissioner of
Docks is authorized to remove said structures, but the lessee shall pay the cost of
such removal and the storage thereof upon demand by the Commissioner of Docks;
provided, however, that this covenant will not apply to any structures erected under
and by any specific consent granted by this indenture.

In case the north side of the premises hereby leased are at any time made avail-
able for use for wharfage purposes, the lessee shall pay additional rental therefor, to be
agreed upon between the lessee and the Commissioner of Docks, with the approval
of the Commissioners of the Sinking Fund, and in case they are unable to agree the
additional rental to be paid by the lessee shall be fixed as follows:

The Commissioner shall appoint a person to act in his behalf as Arbitrator and
the company shall also appoint a person as Arbitrator, and the Arbitrators so appointed
shall determine upon a fair and reasonable amount to be paid as rental. In case the
Arbitrators are unable within thirty days from the date of their appointment to agree
as to the amount so to be paid as rental, they shall appoint a third person to act as
Umpire, and if they are unable to agree within five days upon such Umpire, then, at
the request of either of the parties to said lease, he shall be appointed by the Presiding
Justice of the Appellate Division, First Department, and the decision of two of the
said persons so appointed shall be conclusive and binding upon both parties to the
lease.

When the rental is thus determined a lease shall be granted to said company for
the right to collect wharfage on the north side of the premises hereby demised for a
period coterminous with this lease. This lease shall contain the covenants and condi-
tions contained in leases of wharf property then in use by the Department of Docks
and Ferries. The remaining terms and conditions of the lease hereby recommended
shall be similar to those contained in leases of wharf property now used by this
Department. Very truly yours,

R. A. C. SMITH, Commissioner of Docks.

Memorandum in relation to proposed lease to the Central R. R. Company of N. J.,
of 158 feet of inshore end of pier foot of West 41st street.

The north side of the pier foot of West 41st street is not available for use owing
to the structures maintained in the slip by the Consolidated Gas Company. The outer 700
feet of the remainder of the pier is leased to E. E. Olcott for a term of ten years
from November 28, 1904, at a rental of \$8,000 per annum, with privilege of renewal
for a further term of ten years, expiring 1924, at a rental of \$8,800 per annum.

The 95 feet adjoining on the inshore end is leased to the Central Railroad Company
of New Jersey at \$1,200 per annum, for a period coterminous with the Olcott lease,
with privilege of renewal for a further term of ten years, expiring 1924, at \$1,320 per
annum.

The lease hereby recommended is at the rate of \$12.63 per linear foot, which is
the same rate paid by the company for the 95 feet next westerly, and is about \$2
per linear foot in excess of the rental paid by Mr. Olcott for the 700 feet at the out-
shore end. Respectfully yours,

R. A. C. SMITH, Commissioner.

In connection therewith the Deputy and Acting Comptroller presented the fol-
lowing report and offered the following resolution:

October 27, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—On October 2, 1913, the Commissioner of Docks requested the Com-
missioners of the Sinking Fund to adopt a resolution approving of and consenting
to the execution by the Commissioner of Docks of a lease to the Central Railroad
of New Jersey of 158 feet of the southerly inshore end of the pier at the foot of West
41st street, North River, the lease to commence on the first day of the month next
succeeding the date on which the said lease is approved by the Commissioners of the
Sinking Fund and be coterminous with the existing lease to E. E. Olcott, for the outer
700 feet of the southerly side of the pier at the foot of West 41st street, North
River, and the existing lease of the Central Railroad Company of New Jersey of 95
feet of the southerly side of said pier.

The rental proposed, of \$1,195.80 per annum, I consider reasonable.

Recommendation is also made for a further term of ten years at an advance of
10% on the rental for the first term. The lease is to contain a provision that it may
be cancelled on a three months' notice in writing if the Commissioner of Docks deter-
mines that the premises are required by the City for the improvement of the water-
front now adopted, or hereafter to be adopted, or that the premises are required for
terminal facilities and equipment under the provisions of chapter 776 of the Laws
of 1911, or any amendment thereof.

The north side of the pier is not available for use, owing to the structures main-
tained in the slip by the Consolidated Gas Company. The lease is to provide that in
case the north side of the premises is at any time made available for use for wharf
purposes, the lessee shall pay an additional rental therefor, to be agreed upon between
the lessee and the Commissioner of Docks, with the approval of the Commissioners
of the Sinking Fund; and in case they are unable to agree, the additional rental to
be paid by the lessee shall be fixed by arbitration.

I concur in the terms and conditions proposed by the Commissioner of Docks,
and recommend the adoption of the attached resolution granting the request. Re-
spectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and
consent to the execution by the Commissioner of Docks, of a lease to the Central

Railroad Company of New Jersey of the following described property on the North River, Borough of Manhattan:

The south side of the pier at the foot of West 41st street, beginning at a line in said pier about 795 feet from the outer end (being the easterly line of the property leased to the Central Railroad Company of New Jersey by an indenture dated June 8, 1909), and extending inshore a distance of 158 feet more or less to the easterly end of said pier.

The lease to commence on November 1, 1913, and shall expire on November 28, 1914.

The rental to be at the rate of one thousand nine hundred and ninety-five dollars and eighty cents (\$1,995.80) per annum.

The lessee to have the privilege of renewal of said lease upon three months' notice, in writing, to the Commissioner of Docks for a further term of ten (10) years at an advance of ten per cent. (10%) on the rental for the first term, provided the lessees of the remainder of the pier avail themselves of the renewal clauses contained in their leases. The lease to contain a provision that it may be cancelled on three months' notice in writing if the Commissioner of Docks determines that the premises are required by the City for the prosecution of work according to any plan or plans for the improvement of the water-front now adopted or approved, or which may hereafter be adopted or approved, and pursuant to any existing or future law, or that the premises are required for the making or building of 12th avenue, or that the premises are required for terminal facilities and equipment thereof under the provisions of chapter 776 of the Laws of 1911, or any amendment thereof. The lease to contain a clause that the lessees of the outer end of the pier shall have free access to the portion of the pier occupied by them during the term of this lease or any renewal thereof.

No structures of any kind shall be erected upon the premises without the consent in writing of the Commissioner of Docks. Any and all structures erected upon said premises under permit from the Commissioner of Docks shall be removed therefrom by the lessee within twenty-four (24) hours after service of notice so to do; and in case of failure to remove within the time designated in such notice, the Commissioner of Docks is authorized to remove said structures, but the lessees shall pay the cost of such removal and the storage thereof upon demand by the Commissioner of Docks; provided, however, that this condition will not apply to any structures erected under and by any specific consent granted by the lease.

In case the north side of the premises hereby leased is at any time made available for wharfage purposes, the lessee shall pay additional rental therefor to be agreed upon between the lessee and the Commissioner of Docks, with the approval of the Commissioners of the Sinking Fund; and in case they are unable to agree, the additional rental to be paid by the lessee shall be fixed as follows:

The Commissioner shall appoint a person to act in his behalf as Arbitrator and the Company shall also appoint a person as Arbitrator, and the Arbitrators so appointed shall determine upon a fair and reasonable amount to be paid as rental. In case the Arbitrators are unable within thirty days from the date of their appointment to agree as to the amount so to be paid as rental, they shall appoint a third person to act as Umpire, and if they are unable to agree within five (5) days upon such Umpire, then, at the request of either of the parties to said lease, he shall be appointed by the Presiding Justice of the Appellate Division, First Department, and the decision of two of the said persons so appointed shall be conclusive and binding upon both parties to the lease.

When the rental is thus determined a lease shall be granted to said Company for the right to collect wharfage on the north side of the premises hereby demised for a period coterminous with this lease. The lease shall contain the covenants and conditions contained in leases of wharf property now in use by the Department of Docks and Ferries. The remaining terms and conditions of the lease hereby recommended shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, recommending an amendment to resolution, authorizing a lease of an extension to Pier (new) 39, North River, to the Central Railroad Company of New Jersey:

October 9, 1913.

Hon. ARDOLPH L. KLINE, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—At a meeting of the Commissioners of the Sinking Fund held June 25, 1913, a resolution was adopted approving of and consenting to the execution by the Commissioner of Docks of a lease to the Central Railroad Company of New Jersey, of an extension to Pier (new) 39, North River, at an annual rental of 27½ cents per square foot for the area of land under water covered by said extension, and, in addition, 5½ per cent. of the cost of construction of said extension, said area and cost to be as shown by the surveys and books of this department.

Owing to the large number of extensions to be built by this department on the North River out to the new pierhead lines, applications for which were filed prior to the receipt of the application of the Central Railroad Company of New Jersey, and therefore take precedence, it will not be possible for the department to undertake the work of extension for some months. The company desires to have the work begun at once as they are now in urgent need of the extension and request that the resolution of the Commissioners of the Sinking Fund be amended so as to permit the company to build the extension at its own expense.

I can see no objection to this and therefore beg to recommend that the aforesaid resolution of the Commissioners of the Sinking Fund of June 25, 1913, be amended so as to provide that the company shall build, or cause to be built, at its own expense upon the land under water described in the resolution of June 25, 1913, an extension to said Pier (new) 39, North River, and that the charge of 5½ per cent. of the cost of construction of said extension be eliminated. Very truly yours,

R. A. C. SMITH, Commissioner of Docks.

In connection therewith, the Deputy and Acting Comptroller presented the following report and offered the following resolution:

October 24, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—On October 9, 1913, the Commissioner of Docks requested the Commissioners of the Sinking Fund to amend the resolution adopted June 25, 1913, approving and consenting to the execution by the Commissioner of Docks of a lease to the Central Railroad Company of New Jersey of an extension to Pier (new) No. 39, North River, by eliminating the charge of five and one-half per cent. (5½ per cent.) of the cost of the construction of said extension.

The Commissioner states that owing to the large number of extensions to be built by the Department of Docks and Ferries on the North River, applications for which were filed prior to the receipt of the application of the Central Railroad Company of New Jersey, it will not be possible for the department to undertake the work of said extension for some months. The company is desirous that the work shall begin at once and requests that the resolution of the Commissioners of the Sinking Fund be amended so as to permit the company to build the extension at its own expense.

I concur in the recommendation of the Commissioner of Docks and have no objections to offer, and recommend the adoption of the attached resolution granting the request.

Respectfully, DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the resolution adopted at a meeting of the Commissioners of the Sinking Fund, held June 25, 1913, approving of and consenting to the execution by the Commissioner of Docks of a lease to the Central Railroad Company of New Jersey, of an extension to Pier (new) 39, at or near the foot of Houston street, North River, Borough of Manhattan, for a period coterminous with the existing lease of said pier, dated March 27, 1907, the term of which begins August 1, 1910, and expires August 1, 1920 be and the same is hereby amended by striking out the words: "the Department of Docks and Ferries shall build or cause to be built at the expense of the City upon the land under water above described, extension of said Pier (new) 39," and inserting, in place thereof, the words: *The Central Railroad Company of New Jersey shall build or cause to be built at its own expense upon the land under water above described, the extension of said Pier (new) 39; and eliminating the charge for the cost of construction by striking out the words: "and, in addition, 5½% of the cost of construction thereof."*

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, recommending a lease of extensions to Piers 13 and 14, East River, Manhattan, to the New York Cuba Mail Steam Ship Company:

The lease shall begin on the date the Chief Engineer of this department shall certify that said lateral extensions, respectively, without sheds, are completed and ready for occupancy, and shall expire as follows:

The Deputy and Acting Comptroller presented the following report of the Corporate Stock Budget Committee relative to an issue of corporate stock to an amount not exceeding \$850,000, the proceeds to the amount of the par value thereof to be used for the construction of a pier at the foot of West 46th street, Borough of Manhattan:

October 6, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—On September 8, 1913, the Commissioner of Docks requested the adoption, by the Commissioners of the Sinking Fund, of a resolution recommending to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock in the sum of \$850,000 for the construction of a long pier at the foot of West 46th street, North River. In connection therewith we report as follows:

It is proposed to construct at this point a pier 1,000 feet long. This is part of the proposed plan for the development of the water-front of the North River.

On July 31, 1913, \$164,000 corporate stock was authorized for hard dredging in connection with the construction of this pier.

It is desired to have funds for the pier construction available at once that work may be started as soon as the dredging is completed.

We recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; CYRUS C. MILLER, President, Borough of The Bronx, Corporate Stock Budget Committee.

The following resolution was then offered for adoption:

Resolved, That, pursuant to the provisions of Section 180 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock of The City of New York to an amount not exceeding eight hundred and fifty thousand dollars (\$850,000), the proceeds to the par value thereof to be used by the Department of Docks and Ferries for the construction of a pier at the foot of West 46th street, North River.

The report was accepted and the resolution unanimously adopted.

The following report of the Committee on Pending Transit Proposals of the Board of Estimate and Apportionment relative to the exchange of transfers between the New York Railways Company and the Municipal Ferry to Staten Island, Borough of Richmond, was received and presented at meeting held October 8, 1913, and referred to Committee:

New York City, October 1, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On July 31, 1913, your Board referred back to the Committee on Pending Transit Proposals and to the Commissioner of Docks for further consideration the proposal of the New York Railways Company to exchange transfers between its street surface line terminating at South Ferry and the Municipal Ferry to Staten Island, upon the basis of a division of a five-cent fare, three cents to the railway company and two cents to the City.

Your Committee has made a careful study of the probable financial results from a transfer arrangement as proposed, and has conferred with the officials of the New York Railways Company for the purpose of trying to secure for the City a larger percentage of the joint fare. As reported by your Committee upon July 10, 1913, the net loss from the operation of the Staten Island division of the Municipal Ferry for the year 1912 was \$279,436.11. An examination of the annual net loss for the entire period of municipal operation of these ferries indicates a steadily decreasing annual deficit due to increased traffic and to improved methods of operation. The traffic increase averages under present conditions approximately five per cent. (5%) a year. It is reasonable to assume that the bringing of the Borough of Richmond within the five-cent fare zone would materially increase the percentage of traffic growth. As reported on July 10, a study of traffic made by the Engineers of the Public Service Commission and by the Department of Docks and Ferries indicate that not less than forty-seven per cent. (47%) of the entire Staten Island traffic would avail itself of the transfer privilege. Upon the basis of 1912 traffic, this would mean an added burden to the tax budget of \$170,000. It has been argued with considerable justice analogy between a Municipal Ferry operating between Richmond and Manhattan and Municipal Bridges connecting Manhattan and Brooklyn is strong. The advantages accruing to the entire City from cheap and easy interborough communication are substantial. The development of the Borough of Richmond is of importance, not only locally, but to the City at large. So long as a barrier of a ten-cent rate is imposed between the important business sections of the City and Richmond, it is not to be expected that the development of that Borough can progress rapidly.

The proposed contract with the New York Railways Company would permit persons living in Richmond to reach practically all parts of the Borough of Manhattan for a five-cent fare. It would mean that a wonderful stimulus would be given to business and to real estate all through Staten Island. The City is providing, from general taxation, money for the construction of municipal subways in every Borough of the Greater New York, except the Borough of Richmond. It is quite true that the taxpayers of Richmond are paying their proportionate share for these improved transportation facilities, and a contract with the street surface railways, as now proposed, would do much to give to Staten Island advantages which the new subway system is bringing to other Boroughs of the City.

In 1905 a contract was authorized with the Staten Island Rapid Transit Railroad Company, the operator of steam railroads on Staten Island, whereby commutation tickets were sold for passage over the railroads and the Municipal Ferry. The City agreed to accept \$1.25 for each commutation book, permitting two trips a day for each day in the month. A similar agreement was made at the same time for the issue of fifty-trip family tickets upon which the City was to receive \$1.25 and for school tickets upon which the City was to receive \$1. This agreement with the Staten Island Rapid Transit Company has been continued in force from year to year, and is still in effect. The average ferrage received by the City from persons purchasing these tickets is only a fraction over two cents.

Your Committee recommends, providing that the Commissioners of the Sinking Fund concur, that the offer of the New York Railways Company be accepted, and that the Commissioner of Docks be authorized to enter into a contract with the New York Railways Company for the exchange of transfers upon the basis proposed.

Respectfully submitted,

GEORGE McANENY, President, Borough of Manhattan; CYRUS C. MILLER, President, Borough of The Bronx; GEORGE CROMWELL, President, Borough of Richmond; R. A. C. SMITH, Commissioner of Docks.

The Committee to which the matter was referred presented the following report: October 22, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—Your Committee to which was referred at meeting held October 8, the communication from the Secretary of the Board of Estimate and Apportionment, transmitting a copy of report of the Committee on Pending Transit Proposals, relative to the exchange of transfers between the New York Railways Company and the Municipal Ferry to Staten Island, Borough of Richmond, respectfully report:

At a meeting of the Board of Estimate and Apportionment held October 9, the President of the Borough of Manhattan, on behalf of the Committee on Pending Transit Proposals, presented a resolution authorizing the Commissioner of Docks to enter into a contract with the New York Railways Company for the exchange of transfers upon the basis of a division of a five-cent fare, three cents to the Railways Company and two cents to the City, providing that the Commissioners of the Sinking Fund grant their consent and approval. The resolution was ordered placed on the calendar for the meeting of October 16, 1913, and the Transit Conference Committee of the Board of Estimate and Apportionment and the Comptroller were appointed a Committee to confer with the Committee appointed by the Commissioners of the Sinking Fund.

At meeting held October 16, 1913, the Board of Estimate and Apportionment adopted the resolution presented by the President of the Borough of Manhattan, above referred to, subject to concurrence by the Commissioners of the Sinking Fund.

Your Committee after having conferred with the Committee of the Board of Estimate and Apportionment and with the Comptroller, and after having gone into the matter very thoroughly, are of the opinion that it would be for the best interests of the City that a contract with the New York Railways Company for the exchange of transfers, upon the basis mentioned, should be entered into, and recommend that the resolution adopted by the Board of Estimate and Apportionment October 16, 1913, hereinabove referred to, be concurred in by the Commissioners of the Sinking Fund. A resolution to carry this into effect is hereto attached. Respectfully,

R. R. MOORE, Chamberlain; HENRY H. CURRAN, Chairman, Finance Committee, Board of Aldermen, Committee, Commissioners of the Sinking Fund.

The following resolution was then offered for adoption:

Whereas, The Board of Estimate and Apportionment, at meeting held October 16, 1913, adopted the following resolution:

"Resolved, That the offer of the New York Railways Company contained in communication dated March 6, 1913, presented to the Board at a meeting held on said date, to exchange transfers between its street surface lines terminating at South Ferry and the Municipal Ferry to Staten Island upon the basis of a division of a five-cent fare, three cents to the railway company and two cents to the City, be and it is hereby accepted; and be it further

"Resolved, That the Commissioner of Docks be and he is herein and hereby authorized to enter into a contract with the New York Railways Company for the exchange of transfers upon the above-mentioned basis; provided, however, that this authorization shall be null and void and of no effect unless and until consented to and approved by the Commissioners of the Sinking Fund."

Resolved, That the Commissioners of the Sinking Fund hereby concur in the above action of the Board of Estimate and Apportionment and authorize the Commissioner of Docks to enter into a contract with the New York Railways Company as above set forth.

The report was accepted and the resolution unanimously adopted, the Deputy and Acting Comptroller stating that this matter had been investigated by the Comptroller personally and that he voted in the affirmative by the Comptroller's direction.

The Committee to which was referred a petition for the resumption of the ferry service between Wall street, Manhattan, and Montague street, Brooklyn, presented the following report:

October 15, 1913.

To the Honorable Commissioners of the Sinking Fund, City of New York:

Gentlemen—At a meeting of your honorable body held on July 30, 1912, there was referred to a select committee consisting of the Comptroller, Chamberlain and President of the Board of Aldermen a petition signed by various persons, praying for the resumption of the ferry service between Wall street, Manhattan, and Montague street, Brooklyn.

The Wall and Catherine streets ferries were discontinued on July 27, 1912. Previous to their discontinuance they were operated by the Union Ferry Company, which still operates the Fulton, Hamilton and South ferries. From the statements submitted by the company and examinations of the company's books by the Department of Finance it is apparent that the need for ferry service between Wall street, Manhattan, and Montague street, Brooklyn, has been materially diminished, and it is contended by the ferry company that the ferry for some time past has been operated at a substantial loss. This contention is undoubtedly correct as the most recent traffic and revenue figures obtained by the Department of Finance from the company's books show that less than 1,400 passengers were using the ferry daily. The monthly revenues were about \$4,919—while the monthly expenses about \$7,050—a deficit of \$2,131 a month. These figures are based upon the business of the Wall street ferry for the ten months' period ended August 31, 1911. The revenues were doubtless considerably reduced by the time of discontinuing service on July 27 last.

The following summary is indicative of the gradual decline in the traffic and receipts of the Wall street ferry:

Ordinarily in a situation similar to this, ferries may be operated under either of the following plans:

1. Municipal administration.
2. Subsidy payment to private operators.

The first plan would entail enormous expenditures by the City. Terminals would have to be acquired, ferry structures and boats purchased. In addition, there must be considered the probable deficit that would arise each year from the operation of this service; for it is apparent, from the examination of the company's books as previously referred to, that the demand for this ferry service is not sufficient to render it a self-sustaining proposition.

The second plan referred to in the foregoing schedule, contemplates the operation of the ferry upon a subsidy basis, that is, payments to the operator of such sums as will not only cover the deficiency (the cost of operation, etc., in excess of the receipts from ferrages), but permit of at least a reasonable return on, and an allowance for depreciation and reconstruction of the property essential to the operation of this ferry.

This course would result in the City assuming an obligation which would inure to the benefit of a very small proportion of the citizenship and at the same time constitute an unjust burden upon the taxpayers of the City. We therefore respectfully recommend the adoption of the resolution submitted herewith, denying the petition for the reopening of the Wall street ferry and directing that the Commissioner of Docks proceed to utilize the property of the City located at the foot of Wall street, Manhattan, formerly used as a ferry terminal. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller; R. R. MOORE, Chamberlain; Q. GRANT ESTERBROOK, President of the Board of Aldermen, Select Committee.

The following resolution was then offered for adoption:

Whereas, There was referred to a Select Committee, consisting of the Comptroller, Chamberlain and President of the Board of Aldermen, a petition praying for the resumption of the ferry service between Wall street, Manhattan, and Montague street, Brooklyn, which ferry was discontinued on July 27, 1912; and

Whereas, After careful consideration of the facts, as set forth in a report of the said Select Committee submitted on this date, it appears that the present need for this ferry is not sufficient to warrant the expense that the City must necessarily incur in the operation thereof; therefore be it

Resolved, That the resumption of the ferry service between Wall street, Manhattan, and Montague street, Brooklyn, be and the same is hereby deemed inexpedient and not to the interest of the City; that the petition therefor is hereby denied; and, further, that the Secretary of this Commission be and he hereby is directed to communicate with the Commissioner of Docks requesting that he proceed at as early a date as may be practicable to make such use of the property owned by the City at the foot of Wall street, Manhattan, formerly used as a ferry terminal, as he may deem to be to the best interest of the City.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City, of the premises at the northwest corner of 67th street and 18th avenue, Borough of Brooklyn, for use of the Board of Education:

October 25, 1913.

To the Honorable the Commissioners of the Sinking Fund:

The rental of \$2,100 a year is a trifle more than 8 per cent. of the appraised value by the Division of Real Estate of this Department.

Deeming the rent reasonable and just, and it being the same as previously paid, and the City now being a hold-over tenant, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a renewal of the lease of the premises situated on the northwesterly corner of 67th street and 18th avenue, Borough of Brooklyn, occupied as Public School 48, for a period of two years from September 1, 1913, with the privilege of renewal for an additional year upon the same terms and conditions at an annual rental of \$2,100, payable quarterly; the lessor to pay taxes and make outside repairs; the lessee to pay water rates, furnish heat, light and janitor service, and make such inside repairs as it may deem necessary. The rent of \$6,000 a year is 10 per cent. of the appraised value by the Division of Real Estate of this Department.

Deeming the rent reasonable and just under the circumstances, and it being the same as heretofore paid, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of the renewal of the lease to the City of the five-story brick and stone building, 50 feet 5 1/2 inches by 90 feet on a plot 50 feet 5 1/2 inches by 95 feet, located on the southeasterly corner of 1st avenue and 108th street and known as No. 2084 1st avenue, Borough of Manhattan, used as a storage place for the apparatus of playgrounds, vacation schools and recreation centres, for a period of two years from December 1, 1913, with the privilege of renewal for an additional period of either one or two years, at an annual rental of \$6,000, payable quarterly; the lease to contain a stipulation that no gasoline or automobiles shall be stored in the premises; the lessor to pay taxes and water rates and to make outside repairs, including repairs to the roof; the lessee to furnish heat, light and janitor service, and to make such inside alterations and repairs as it may deem necessary, otherwise upon the same terms and conditions as contained in the existing lease. The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to the assignment of premises No. 181 South Third street, Borough of Brooklyn, to the Board of Education:

October 25, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The City is the owner of a plot of land 305 by 120 feet, located on the northeasterly corner of South Third street and Driggs avenue, Borough of Brooklyn. This site was acquired for the Department of Education, with the exception of a piece 25 by 100 feet on the northerly side of South Third street, 155 feet easterly from the northeasterly corner of South Third street and Driggs avenue, which was acquired for the Fire Department, and is now occupied by Hook and Ladder Company No. 104.

The Board of Education contemplates erecting a building on the site above mentioned, and the Fire Commissioner has surrendered to the Commissioners of the Sinking Fund for their disposal, the site and building occupied by his department.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution turning over to the Department of Education, the site and building of Hook and Ladder Company No. 104 of the Fire Department, located at No. 181 South Third street, Borough of Brooklyn, and more particularly described as follows:

This matter was on the calendar of the last meeting and laid over at the request of the Chairman of the Finance Committee, Board of Aldermen, in order to ascertain what demand, if any, there was for the proposed assignments. The Chairman of the Finance Committee explained that since the last meeting he had been convinced that the proposed assignments were for the best interests of the City and he was ready to vote on both propositions.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On September 10, 1913, the Board of Education adopted a resolution agreeing to accept the plot of land located on East 73d and East 74th streets and the East River, Borough of Manhattan, in lieu of the site heretofore acquired for a supply depository on First avenue between East 67th and East 68th streets, Borough of Manhattan.

The site above mentioned located between East 73d and 74th streets and the East River (Exterior street) was acquired by the City by deed dated July 10, 1906, and was leased by the City to the State Lunacy Commission in 1906 for a term of fifty years at a nominal rental, for the construction thereon of a reception hospital for the insane. —and that they assign to the Public Recreation Commission the following described property located in the Borough of Manhattan, City and State of New York, bounded as follows:

Beginning at a point formed by the intersection of the northerly line of East 67th street with the westerly line of First avenue; running thence westerly along the northerly line of East 67th street, 300 feet; thence northerly and parallel with First avenue 200 feet 10 inches to the southerly line of East 68th street; thence easterly along the southerly line of East 68th street 300 feet to the westerly line of First avenue; thence southerly along the westerly line of First avenue 200 feet 10 inches to the northerly line of East 67th street; the point or place of beginning.

—such assignments to take effect upon the final delivery of the releases of the 73d street property, and that the Mayor be authorized to execute for and on behalf of The City of New York the release from the State of New York to The City of New York of all the right and title of the State in and to a certain lease dated April 15, 1907, letting and demising to the People of the State of New York, certain premises situated on the northerly side of East 73d street and southerly side of East 74th street and Exterior street, in the Borough of Manhattan, for a term of fifty years from October 1, 1906.

Resolved, That the Mayor be and is hereby authorized to execute for and on behalf of The City of New York, the release from the State of New York to The City of New York of all the right and title of the State in and to a certain lease dated April 15, 1907, letting and demising to the People of the State of New York, certain premises situated on the northerly side of East 73d street and southerly side of East 74th street and Exterior street, in the Borough of Manhattan, for a term of fifty years from October 1, 1906.

The report was accepted and the resolutions severally unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a lease to the city of plot of ground on West 17th street, 287 feet west of 10th avenue, in the Borough of Manhattan, for use of the Department of Street Cleaning:

October 24, 1913.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—At a meeting of your Board, held June 11, 1913, a resolution was adopted authorizing a renewal of the lease to the city of the vacant lot, 25 by 103 feet 3 inches, located on the southerly side of West 15th street, 300 feet west of 9th avenue, Manhattan, for use of the Department of Street Cleaning, as a cart yard in connection with Stable "E," for a period of six months from September 1, 1913, at a rental at the rate of \$600 a year.

In a communication to your Board under date of October 4, 1913, the Commissioner says that he has been unable to secure a renewal of this lease, because the lessor, Thomas J. Dennis, held the property under a lease from the owner, which expired September 1, 1913, and he could not obtain a renewal thereof. The Commissioner further says that Mr. Dennis is the lessee of a vacant plot on West 17th street, near 10th avenue, and that in an emergency his Department was obliged to make use of this plot since September 1, 1913, for the storage of its carts. Mr. Dennis is now willing to sublet this property to the city for a period of one year from September 1, 1913, at the same rental as charged in West 15th street, viz., \$600 a year.

The lot occupied by the city in West 15th street, 25 by 103 feet 3 inches, is assessed at \$11,000, and the rent paid there was approximately 5½ per cent. on the assessed value.

The plot in West 17th street, which the Department of Street Cleaning is now occupying, and which it is proposed to be leased, is 50 by 92 feet. The assessed value of these two lots is approximately \$25,000 (the whole block is assessed as one parcel), and the rent of \$600 a year is 2.4% of the assessed value and appraised value.

I therefore respectfully recommend that the resolution adopted June 11, 1913, authorizing a renewal of the lease of the vacant lot, 25 by 103 feet 3 inches, located on the southerly side of West 15th street, 300 feet west of 9th avenue, Borough of Manhattan, for use of the Department of Street Cleaning, be rescinded.

I also recommend, the rent being reasonable and just, and it being the same as previously paid for a single lot in West 15th street, that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the vacant plot of land, 50 by 92 feet, described as follows:

Beginning at a point on the southerly side of West 17th street, distant 287 feet west from the westerly line of 10th avenue; running thence southerly parallel with 10th avenue 92 feet to the centre line of the block between West 16th and West 17th streets; thence westerly along said centre line 50 feet; thence northerly and parallel with 10th avenue 92 feet to the southerly side of West 17th street; thence easterly along said southerly side of West 17th street 50 feet to the point or place of beginning, in the Borough of Manhattan.

—for use of the Department of Street Cleaning for a period of one year beginning September 1, 1913, at an annual rental of \$600, payable quarterly, the lessor to pay taxes and assessments, and to have the right to terminate such lease at any time upon giving sixty days' previous written notice. Lessor, Thomas J. Dennis, 312 West 15th street, Manhattan. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held June 11, 1913, authorizing a renewal of the lease to the City of the vacant lot, 25 feet by 103 feet 3 inches, located on the southerly side of West 15th street, 300 feet west of 9th avenue, Borough of Manhattan, for use of the Department of Street Cleaning, be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City, of the vacant plot of land 50 by 92 feet described as follows:

Beginning at a point on the southerly side of West 17th street distant 287 feet west from the westerly line of 10th avenue; running thence southerly parallel with 10th avenue 92 feet to the center line of the block between West 16th and West 17th streets; thence westerly along said centre line 50 feet; thence northerly and parallel with 10th avenue 92 feet to the southerly side of West 17th street; thence easterly along said southerly side of West 17th street 50 feet to the point or place of beginning, in the Borough of Manhattan.

—for use of the Department of Street Cleaning for a period of one year from September 1, 1913, at an annual rental of six hundred dollars (\$600), payable quarterly; the lessor to pay taxes and assessments, and to have the right to terminate such lease at any time upon giving sixty days' previous written notice; lessor, Thomas J. Dennis; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the city of premises No. 17 West 18th street, Whitestone, Borough of Queens, for use of the Police Department:

October 24, 1913.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Police Department, in a communication to your Board under date of October 3, 1913, requests a renewal of the lease of the premises No. 17 West 18th street, Whitestone, Borough of Queens, occupied as a station house for the 292d Precinct, for a term of one year from January 1, 1914, at a rental of \$1,000 a year, the same as now paid, and otherwise upon the same terms and conditions as contained in the existing lease.

The Comptroller, in a communication to your Board under date of October 3, 1912, recommended a renewal of this lease for a period of one year from January 1, 1913, at a rental of \$1,000 a year, the same as now asked, and said report was ap-

proved and renewal of lease authorized at a meeting of your Board held October 9, 1912.

The rent for four years prior to January 1, 1912, was at the rate of \$1,200 a year, but as a result of negotiations by the Division of Real Estate of this Department, the rate was reduced to \$1,000 a year on January 1, 1912, the lessor paying taxes and water rates and making all inside and outside repairs. The present rent is 10% on the appraised value by the Division of Real Estate.

Deeming the rent reasonable and just, and it being the same as previously paid, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the premises No. 17 West 18th street, Whitestone, Borough of Queens, the same being a two-story brick building 30 feet by 60 feet on a lot 30 by 100 feet, for use of the Police Department, for a term of one year from January 1, 1914, with the privilege of renewal for one year upon the same terms and conditions, at an annual rental of \$1,000, payable quarterly, the lessor to pay taxes and water rates and make all inside and outside repairs, the lessee to furnish heat, light and janitor service, and otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Mrs. Antonio Reitz, Whitestone, Queens. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the premises No. 17 West 18th street, Whitestone, Borough of Queens, being a two-story brick building 30 by 60 feet on a lot 30 by 100 feet, for use of the Police Department for a term of one year from January 1, 1914, with the privilege of renewal for one year upon the same terms and conditions, at an annual rental of one thousand dollars (\$1,000), payable quarterly; the lessor to pay taxes and water rates and make all inside and outside repairs; the lessee to furnish heat, light and janitor service, and otherwise upon the same terms and conditions as contained in the existing lease; lessor, Mrs. Antonio Reitz; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease to the city, of premises No. 2541 Cambreling avenue, Borough of The Bronx, for use of the Trustees of Bellevue and Allied Hospitals as a dormitory for the nurses of Fordham Hospital:

October 27, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—The Secretary of the Board of Trustees of Bellevue and Allied Hospitals, in a communication to your Board under date of October 8, 1913, requests a lease of the premises at 2541 Cambreling avenue, Borough of The Bronx, for use of the nurses at Fordham Hospital. He states that every room in the present nurses' home is filled to its utmost capacity, and that additional accommodations are very much needed.

The house in Cambreling avenue is a two-story and cellar two-family 13-room house, 20 feet by 58 feet, with two baths and steam heat, on a lot 25 feet by 100 feet. The property is assessed for the year 1913: Land, \$2,000; building, \$4,000; total, \$6,000. Appraisal by Division of Real Estate: Land, \$2,500; building, \$5,000; total, \$7,500. The rental mentioned in the communication of the Secretary of the Board of Trustees is \$600 a year, but through negotiations by the Division of Real Estate of this Department the rent has been reduced to \$600 a year, which is 10% on the assessed value and 8% on the appraised value.

There is no other similar building in the neighborhood with which comparison may justly be made.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises Hospital, for a period of three years from November 1, 1913, with the privilege of renewal for an additional term of three years upon the same terms and conditions, at a rental of \$600 a year, payable quarterly; the lessors to pay taxes and water rates and to do whatever painting and papering is necessary to put the premises into fair and tenable condition; the lessee to make all extraordinary inside repairs that it may deem necessary during the term of occupancy, and to pay for heat, light and janitor service. Lessors, Francis Ludford and Delia A. Ludford, 2539 Cambreling avenue, Borough of The Bronx. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Francis Ludford and Delia A. Ludford, of the premises No. 2541 Cambreling avenue, Borough of The Bronx, for use of the Trustees of Bellevue and Allied Hospitals, for a period of three years from November 1, 1913, with the privilege of renewal for an additional term of three years upon the same terms and conditions, at a rental of six hundred dollars (\$600) a year, payable quarterly; the lessors to pay taxes and water rates and to do whatever painting and papering is necessary to put the premises into fair and tenable condition; the lessee to make all extraordinary inside repairs that it may deem necessary during the term of occupancy and to pay for heat, light and janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 147 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the storage of free floating baths at Rogers Basin, foot of West 22d street, Borough of Brooklyn, by the President of the Borough of Manhattan:

October 24, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The President of the Borough of Manhattan, in a communication to your Board under date of September 24, 1913, requests a renewal of the lease of the premises at the foot of 22d street, Borough of Brooklyn, known as Rogers Basin, for the storage of free floating baths, at the rate of \$1 a day for each bath, said rent to be paid only for the actual number of days each of the said baths is so stored in the Rogers Basin, said resolution to be effective as of July 1, 1913, the date of the expiration of the previous lease made under a resolution similar to the one above requested.

The free floating baths of the Borough of Manhattan have been berthed in Rogers Basin for the past six winters at the rate of \$1 a day for each bath, the season usually being from October 1 to July 1.

The period for storage to begin July 1, 1913, and terminate July 1, 1914, is explained by the fact that some of the baths may remain during the summer because of no available berth being found for them during the bathing season, and the rent of \$1 a day is only for the actual number of days that each bath is berthed in Rogers Basin.

The Comptroller in a communication to your Board under date of June 7, 1912, recommended the payment at the rate of \$1 a day for each bath for the winter berthing during the season of 1911-1912, of the Manhattan free floating baths, and said report was approved and payment of rent authorized at a meeting of your Board held June 12, 1912.

Deeming the rent reasonable and just and it being the same as heretofore paid, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to pay to the Dime Savings Bank of Brooklyn rental for storage space at the foot of 22d street, Borough of Brooklyn, known as Rogers Basin, for the storage of such of the Manhattan free floating baths as are stored by the President of the Borough from month to month, from July 1, 1913, to terminate July 1, 1914, at the rate of \$1 a day for each bath, said rent to be paid only for the actual number of days which the said baths are so stored in Rogers Basin, said payment to be made upon a voucher prepared and certified to by the President of the Borough of Manhattan, without the necessity of entering into a lease therefor. Lessor, Dime Savings Bank of Brooklyn, DeKalb avenue and Fulton street, Brooklyn. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay to the Dime Savings Bank of Brooklyn, rental for storage space at the foot of 22d street, Borough of Brooklyn; known as Rogers Basin, for the storage of free floating baths by the President of the Borough of Manhattan, from month to month, from July 1, 1913, to July 1, 1914, at a rental at the rate of one dollar (\$1.00) a day for each bath; the

rent to be paid only for the actual number of days the said baths are so stored, upon a voucher prepared and certified to by the President of the Borough of Manhattan, without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the payment of rental of rooms 1623-1627, inclusive, in the Park Row Building, for the months of November and December, 1913, occupied by the President of the Borough of Manhattan:

October 25, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication from the Commissioner of Public Works making application for the renting of space for the use of the Chemical Laboratory of his department, for the months of November and December, 1913. He has asked that rooms 1623 to 1627, inclusive, in the Park Row Building, Nos. 13-21 Park row, Borough of Manhattan, be rented for this purpose, stating that it is impossible, owing to the incomplete state of the Municipal Building, to move the Chemical Laboratory at this time.

These rooms contain a total area of 784 square feet, and are being rented at the rate of \$2.02 per square foot, or \$132 a month.

In accordance with the resolution of the Commissioners of the Sinking Fund adopted on October 8, 1913, I notified the Borough President on October 10, 1913, that the space designated for his department in the Municipal Building was ready on September 15, 1913. I am informed that with the exception of the Chemical Laboratory all of the rooms occupied by the Borough President in the Park Row Building have been vacated, and the owner of the premises was notified by the President of the Borough that the lease therefor will terminate November 1, 1913.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to pay rent to the Park Row Realty Company, without the necessity of entering into a lease, for rooms 1623 to 1627, inclusive, in the Park Row Building, Nos. 13-21 Park Row, Borough of Manhattan, for use of the President of the Borough of Manhattan, for the months of November and December, 1913, at the rate of \$132 per month.

Resolved, That the Comptroller be and is hereby authorized to pay to the Park Row Realty Company the rent of rooms Nos. 1623 to 1627 inclusive, in the Park Row Building, Nos. 13 to 21 Park Row, Borough of Manhattan, occupied by the President of the Borough of Manhattan, for the months of November and December, 1913, at the rate of one hundred and thirty-two dollars (\$132) per month, without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

To the Commissioners of the Sinking Fund:

I recommend that this property be transferred to the President of the Borough of Manhattan. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That, pursuant to section 205 of the Greater New York Charter as amended, the Commissioners of the Sinking Fund hereby assign to the President of the Borough of Manhattan at lot consisting of about eighty (80) awnings, turned over to the Commissioners of the Sinking Fund by the Public Service Commission for the First District under date of October 18, 1913, as no longer required by the Commission.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the storage of free floating baths at Rogers Basin, foot of 22d street, Borough of Brooklyn, by the President of the Borough of The Bronx:

October 24, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of Public Works of the Borough of The Bronx in a communication to your Board under date of October 2, 1913, requests that the Comptroller be authorized to enter into a lease for the rental of space at the foot of 22d street, Borough of Brooklyn, known as Rogers Basin, for the storage of two free floating baths belonging to his department, from October 15, 1913, to July 1, 1914, at the rate of \$1 a day for each bath, said rent to be paid only for the actual number of days each of said baths is so stored in Rogers Basin, the rent to be paid from the appropriation to his Bureau of Public Buildings and Offices for said purpose.

In a further letter under date of October 7, 1913, the Commissioner of Public Works states that the date for storing said baths be changed from October 15 to October 10.

The Comptroller in a communication to your Board under date of November 21, 1912, recommended that the rent of this storage space for said baths be authorized at the rate of \$1 a day for each bath, and said report was approved and the payment of rent authorized at a meeting of your Board held November 27, 1912.

The rent of \$1 a day for each bath is the same as paid for the past five winters.

Deeming the rent reasonable and just and it being the same as previously paid, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to pay to the Dime Savings Bank of Brooklyn rental for storage space at the foot of 22d street, Brooklyn, known as Rogers Basin, for the storage of two Bronx free floating baths, stored by the President of the Borough of The Bronx, from October 10, 1913, to July 1, 1914, at the rate of \$1 a day for each bath, said rent to be paid only for the actual number of days each of said baths is so stored in Rogers Basin, said payment to be made upon a voucher prepared and certified to by the President of the Borough of The Bronx, without the necessity of entering into a lease therefor, the same to be paid from the appropriation granted to the Bureau of Public Buildings and Offices of the Borough of The Bronx. Lessor, Dime Savings Bank of Brooklyn, DeKalb avenue and Fulton street, Brooklyn.

Respectfully, DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay to the Dime Savings Bank of Brooklyn the rental for storage space for two free floating baths at Roger's Basin, foot of West 22d street, Borough of Brooklyn, stored by the President of the Borough of The Bronx, from October 10, 1913, to July 1, 1914, at a rental of one dollar (\$1.00) a day for each bath. Said rent to be paid only for the actual number of days each of said baths is so stored; said payment to be made upon a voucher prepared and certified to by the President of the Borough of The Bronx without the necessity of entering into a lease, and to be paid from the appropriation made to the Bureau of Public Buildings and Offices of the Borough of The Bronx.

The report was accepted and the resolution unanimously adopted.

To the Honorable the Commissioners of the Sinking Fund:

The Court of General Sessions affirmed the judgment of the lower court and later the above-mentioned case was taken to the Appellate Division of the Supreme Court, which court reversed the judgment of conviction and ordered that the Comptroller of The City of New York pay to Philip Friedman the sum of \$5. Upon an affidavit of Leon M. A resolution is submitted to carry into effect the provisions of the above-mentioned order. Respectfully yours,

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about January 17, 1899, and November 20, 1903, that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the Tax Law, during the periods when the liens hereinafter set forth accrued. Said premises are used as an asylum for the support and education of orphan and half-orphan children.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1909 and since, and the assessed valuation for the year 1913 is \$1,400,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

"Acquiring Title to Grand Boulevard and Concourse, Etc." (confirmed December 8, entered December 30, 1909):

Bailey, as executors of and trustees under the last will and testament of Nathaniel P. Bailey, deceased, on November 17, 1903.

The records of said Division show further that at the time of the payment of the foregoing award to petitioner in the proceeding for "Opening Tee Taw Avenue, etc.," there were no open charges against the property affected.

The total amount involved as principal in the above assessments is \$9,145.66. The property affected by these assessments is located in the Borough of The Bronx, Kingsbridge road and Sedgwick Avenue.

The treasurer, Stephen Farrelly, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be \$171,552.20 (including balance of \$28,875.35 from preceding year) and the expenditures for all objects, \$142,122.32, leaving a balance of \$29,429.88.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of The Roman Catholic Orphan Asylum in The City of New York, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of \$10.

WM. A. PRENDERGAST, Comptroller.

Resolved, That upon payment of the sum of ten dollars (\$10) the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Roman Catholic Orphan Asylum in The City of New York, Borough of The Bronx:

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to petition of the Staten Island Academy, in the Borough of Richmond, for the cancellation of certain assessments for public improvements:

October 16, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—The Staten Island Academy has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Richmond, designated on the official tax map as Ward 1, District 1, Plot 2, Block 5, Lot 38.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water

rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about the year 1908; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the Tax Law, which was periods when the liens hereinafter set forth accrued. Said premises are used for educational purposes.

It appears from an examination of the Assessment Rolls that said property has been exempt from local taxation prior to 1909 and since, and the assessed valuation for the year 1912 is \$85,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessment.

"No. 90 In the Matter of Constructing Combined Sewer, with Appurtenances in Jay Street, Hamilton Avenue, Wall Street, Dekalb Street, Stuyvesant Place, Hyatt Street, South Street, Etc., All Being Within Sewer District No. 8, in the 1st Ward" (confirmed and entered September 14, 1909):

No. 51, plot 2, block 3, lot 38 \$1,006 06

It appears that this is not a free school, but that a charge is made for tuition therein. The petition, however, states in part as follows:

"* * * That it is a benevolent corporation organized for the purposes of education, and it not organized for the purpose of private profit, nor is it engaged in the transaction of business for profit. * * * That your petition is engaged in the education of children of both sexes from the age of about six to the age of about eighteen. That it provides a complete primary and secondary course of education from kindergarten to college, and that it has at all times since its incorporation had a number of pupils in attendance varying from 170 to 190 and now has approximately 180 pupils actually enrolled and in attendance. That a large majority of said children are between eight and sixteen years of age and are required by the laws of the State of New York regularly to attend school. That your petitioner provides instruction for such children which otherwise would have to be given by The City of New York at public expense. That the entire income of your petitioner has been applied and is now being applied to the necessary expenses of providing education for its pupils as aforesaid; that your petitioner has no surplus or other funds out of which said assessment can be paid and that unless it is relieved from said assessment your petitioner will have no means of paying the same, except by borrowing the required amount."

The total amount involved as principal in the above assessments is \$1,006.06. The property affected by these assessments is located in the Borough of Richmond, Wall street, Carroll place to Stuyvesant place.

The petitioner, however, through William G. Wilcox, Esq., its president, has submitted an offer to pay the principal of said assessment, as a condition to the cancellation of the accrued interest thereon.

The treasurer, George S. Humphrey, in response to a request, has submitted a financial statement for the year ending June 30, 1911, showing the total receipts from all sources to be \$26,997.44, and the expenditures for all objects \$27,278.54, leaving a deficit of \$281.10.

Such financial statement shows that of the total receipts shown above, \$23,653.59 thereof was for tuition of pupils, and that of the total amount of expenditures, \$17,290 thereof was for teachers' salaries.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of the Staten Island Academy pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of \$1,006.06.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten hundred and six dollars and six cents (\$1,006.06), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessment levied and assessed against property owned by the Staten Island Academy, in the Borough of Richmond:

Assessment.

"No. 90 In the Matter of Constructing Combined Sewer, with Appurtenances in Jay Street, Hamilton Avenue, Wall Street, Dekalb Street, Stuyvesant Place, Hyatt Street, South Street, Etc., All Being Within Sewer District No. 8, in the 1st Ward" (confirmed and entered September 14, 1909):

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to petition of the Greenpoint Presbyterian Church, in the Borough of Brooklyn, for the cancellation of certain assessments for public improvements:

October 24, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York: Gentlemen—Greenpoint Presbyterian Church has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Brooklyn, designated on the official tax map as Section 9, Block 2569, Lot 36.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provided that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about May 11, 1869, that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now is and has always been exempted from local taxation, under said provision of the Tax Law during the periods when the liens hereinafter set forth accrued. Said premises are used for divine worship.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation prior to 1909 and since, and the assessed valuation for the year 1913 is \$61,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessment.

"Sewers, Quay Street, from East River to West Street, Etc." (entered December 13, 1910):

No. 758, section 9, block 2569, lot 36 \$63 25

Although this property is not within the territory in which, as a general proposition, applications for exemption of church property are to be considered as fixed by the resolution of the Commissioners of the Sinking Fund adopted June 14, 1911, nevertheless, as the petitioner has established to my satisfaction an inability to meet the payment of the aforesaid open charge, I would recommend that such charge be cancelled upon payment of an amount equal to the face thereof, without penalty or interest, following the provisions of the resolution of the Commissioners of the Sinking Fund adopted March 5, 1913, which modifies the policy of the Board as expressed in the aforesaid resolution of June 14, 1911, with respect to churches not within the territory.

The total amount involved as principal in the above assessments is \$63.25. The property affected by these assessments is located in the Borough of Brooklyn, 17th Ward, corner Noble and Lorimer streets.

The clerk, Donald A. Manson, in response to a request, has submitted a financial statement for the year 1911, showing the total receipts from all sources to be \$2,347.60 and the expenditures for all objects, \$2,911.86, leaving a deficit of \$564.26.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Greenpoint Presbyterian Church, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of \$63.25, provided that payment be made within sixty days from the date of the passage of the resolution authorizing such payment.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of sixty-three dollars and twenty-five cents (\$63.25), within sixty days from date, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Greenpoint Presbyterian Church:

Assessment.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to petition of the Reformed Protestant Dutch Church of the Town of New Lots, in the Borough of Brooklyn, for the cancellation of certain assessments for public improvements:

October 24, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—The Reformed Protestant Dutch Church of the Town of New Lots has presented to you a petition for the cancellation of certain assessments for public improvements, affecting premises in the Borough of Brooklyn, designated on the official tax map as Section 14, Block 4307, Lot 1.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about January 2, 1824; that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the Tax Law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a church and a parsonage.

It appears from an examination of the assessment rolls that the church property has been exempt from local taxation prior to 1909, and since, and the assessed valuation for the year 1913 is, total, \$32,250; \$28,000 on the church and \$4,250 on the parsonage.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the department, namely:

Assessments.

"Regulating, Grading, Etc., Schenck Avenue, Between New Lots Avenue and Stanley Avenue" (entered January 13, 1910):
No. 61, section 14, block 4307, lot 1 \$572 79
"Regulating, Grading, Etc., Repose Place, Between Schenck and Jerome Avenues" (entered February 1, 1910):
No. 33, section 14, block 4307, lot 1 12 98
"Regulating, Grading, Etc., New Lots Road, Between Riverdale and Dumont Avenues" (entered October 13, 1911):
No. 23, section 14, block 4307, lot 1 327 30
"Basins, New Lots Avenue, at Southeast and Southwest corners of Jerome Street, Etc." (entered April 23, 1912):
No. 1, section 14, block 4307, lot 1 39 15
"Acquiring Title to Barbey Street, from Belmont Avenue to New Lots Road" (entered July 7, 1913):
No. 171, section 13, block 4307, lot 1 2 57

As heretofore appears the Department of Taxes and Assessments has exempted that part of the lot used for church purposes and has assessed the part used as a parsonage, dividing the valuation as shown above, without making a physical apportionment of the lot on the tax maps.

Although the Commissioners of the Sinking Fund have no power, under section 221A of the Charter, to cancel the foregoing assessments so far as they affect the part of the lot used as a parsonage by reason of the fact that such part is not entitled to exemption from taxation under article 1, section 4, subdivision 7 of the Tax Law, nevertheless the Commissioners have the power to cancel the proportionate part of each of such assessments against the part of the lot used for church purposes, such proportionate part to be determined by the relative valuations placed on the church and parsonage, respectively, by the Department of Taxes and Assessments. The valuation placed on the church property (\$28,000) is approximately 87 per cent. of the total valuation (\$32,250), and that on the rectory 13 per cent.

I would recommend, therefore, that each of the aforesaid assessments be cancelled to the extent of 87 per cent. thereof, upon the payment of a nominal consideration.

As to the remainder of each of such assessments found to be against the parsonage, viz., 13 per cent. thereof, I refuse to certify my approval of the application.

The total amount involved as principal in the above assessments is \$954.79. The property affected by these assessments is located in the Borough of Brooklyn, 26th Ward, New Lots avenue, between Schenck avenue and Jerome street.

The treasurer, W. L. Hopkins, in response to a request, has submitted a financial statement for the year ending April 30, 1911, showing the total receipts from all sources to be \$1,356.54, and the expenditures for all objects, \$1,701.96, leaving a deficit of \$345.42.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation to the extent hereinafter set forth, during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, except as to that part of each of such liens which I have refused to certify for cancellation, and I would, therefore, certify my approval of the application of the Reformed Protestant Dutch Church of the Town of New Lots to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend

that each of the assessments, above set forth, be cancelled to the extent of 87 per cent. thereof, upon the payment of the sum of \$10 and the balance of said assessments with accrued interest, provided that payment be made within sixty days from the date of the passage of the resolution authorizing such payment.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Whereas, The Reformed Protestant Dutch Church of the Town of New Lots has presented a petition to the Commissioners of the Sinking Fund for the cancellation of the following assessments for public improvements, levied and assessed against property owned by the Church in the Borough of Brooklyn:

Assessments.

"Regulating, Grading, Etc., Schenck Avenue, Between New Lots Avenue and Stanley Avenue" (entered January 13, 1910):

"Regulating, Grading, Etc., New Lots Road, Between Riverdale and Dumont Avenues" (entered October 13, 1911):

"Acquiring Title to Barbey Street, from Belmont Avenue to New Lots Road" (entered July 7, 1913):
No. 171, section 14, block 4307, lot 1 2 57

Resolved, That, pursuant to the provisions of section 221-A of the Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller to cancel the foregoing assessments, to the extent of 87 per cent. thereof, upon payment of the sum of ten dollars (\$10), and the balance of said assessments with accrued interest, provided that payment be made within sixty days from the date of the adoption of this resolution.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to petition of the First Congregational Church of Morrisania, in the Borough of The Bronx, for the cancellation of certain assessments for public improvements:

October 24, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—First Congregational Church of Morrisania has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of The Bronx, designated on the official tax map as Section 10, Block 2661, Lot 1.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same in or about October, 1892, that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the Tax Law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a church.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation prior to 1906 and since; and the assessed valuation for the year 1913 is \$15,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

"Acquiring Title to Trinity Avenue, from Westchester Avenue to East 116th Street" (confirmed June 6, entered December 17, 1906):
No. 2237, Lot 1 of 1, Block 2661 \$36 99
"Acquiring Title to East 149th Street, from Southern Boulevard to Bulkhead of Harlem River" (confirmed November 20, entered December 14, 1906):
No. 11184, Lot 1, Block 2661 7 47
"Opening East 149th Street, from Southern Boulevard to Austin Place" (confirmed May 26, entered November 16, 1908):
No. 11184, Lot 1, Block 2661 1 34
"Paving East 166th Street, from Boston Road to Prospect Avenue" (entered April 6, 1909):
No. 4, Lot 1, Block 2661 327 02
"Acquiring Title to Grand Boulevard and Concourse with Transverse Roads, Etc." (confirmed December 8, entered December 30, 1909):
No. 12603, Lot 1, Block 2661 6 18

Petitioner has included in its application certain assessments against Lot 61, Block 2661, which is occupied as a parsonage, but in view of the fact that such lot is not exempt from taxation, except to the extent of the usual \$2,000 parsonage allowance, I refuse to certify my approval of the application so far as respects said Lot 61. The records of this Department show that a portion of the church building erected on said Lot 1, to wit, the lecture room and the room adjacent thereto, on the first floor thereof, has been leased by the petitioner to the Board of Education of The City of New York, for use as an annex to Public School 23, for the period from April 1, 1913, to July 1, 1914, with the privilege of renewal for one or two years thereafter, at an annual rental of \$800.

It appears, therefore, that said Lot 1 is not used exclusively for carrying out thereupon the purposes of the petitioning corporation, within the meaning of said subdivision 7, section 4, article 1 of the Tax Law.

In view of this fact, in my opinion, the petitioner is not entitled to a total cancellation of the foregoing assessments against said Lot 1, but only to the cancellation of a proportionate part thereof, such proportionate part being based on the value of that portion of the property not leased, as compared with the value of the part leased. It being impossible to physically apportion the property, an equitable method of arriving at the respective valuations of the part rented and the part not rented would be to capitalize the yearly rent paid at 10 per cent., which would give \$8,000 as the value of the part leased, and deducting said sum from the total valuation of said lot, gives \$7,000 as the value of the part not leased. On this basis, the respective proportions are as follows: part leased, 53 per cent.; part not leased, 47 per cent. A fair adjustment of the matter, therefore, in my opinion, would be to cancel the foregoing assessments against said Lot 1, the principal of which amounts to \$379, upon the payment by petitioner of 53 per cent. thereof, or \$200.87.

The total amount involved as principal in the above assessments is \$379. The property affected by these assessments is located in the Borough of The Bronx, northeast corner of Forest avenue and East 166th street.

The pastor, Rev. A. M. Reoch, in response to a request, has submitted a financial statement for the year ending January 1, 1911, showing the total receipts from all sources to be \$2,406.82 and the expenditures for all objects, \$2,800, leaving a deficit of \$393.18.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question (Lot 1), and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, except as to the proportionate part of such liens which I have refused to certify for cancellation and I would, there-

fore, certify my approval of the application of the First Congregational Church of Morrisania, to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the liens, above set forth, as the ones which may properly be cancelled, be cancelled upon the payment of \$200.87, provided that payment be made within sixty days from the date of the passage of the resolution authorizing such payment.

Resolved, That upon payment of the sum of two hundred dollars and eighty-seven cents (\$200.87), within sixty days from date, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221A of the Charter, to cancel the following assessments levied and assessed against property owned by the First Congregational Church of Morrisania, Borough of The Bronx:

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to petition of the East New York Congregation, Crowning Glory of Israel, in the Borough of Brooklyn, for the cancellation of certain assessments for public improvements:

October 24, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York: Gentlemen—East New York Congregation, Crowning Glory of Israel, has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Brooklyn, designated on the official tax map as Section 13, Block 4048, Lot 16.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under Article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York, and is the owner in fee simple of the above-described premises, having acquired the same on or about November 19, 1909; that it has owned the above-described premises continuously since said date, and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a Hebrew Free School (Talmud Torah) and a place of public worship.

It appears from an examination of the Assessment Rolls that said property has been exempt from local taxation for the year 1911 and since, and the taxes for 1910 were cancelled by Comptroller's order, and the assessed valuation for the year 1913 is \$17,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.	
"Paving Sutter Avenue, from Van Sicklen Avenue to Berriman Street" (entered January 17, 1911):	
Section 13, Block 4048, Lot 16.....	\$14 40
"Paving Ashford Street, from Sutter to Blake Avenues, and Pitkin to Belmont Avenues" (entered December 27, 1910):	
Section 13, Block 4048, Lot 16.....	89 21

The total amount involved as principal in the above assessments is \$103.61. The property affected by these assessments is located in the Borough of Brooklyn, 26th Ward, easterly side of Ashford street, between Sutter and Blake avenues.

The President, Jacob Bochner, in response to a request, has submitted a financial statement for the six months ending December 28, 1912, showing the total receipts from all sources to be \$8,880.21, and the expenditures for all objects \$8,589.40, leaving a balance of \$290.81.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above-mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of the East New York Congregation, Crowning Glory of Israel, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of \$10.

Resolved, That upon payment of the sum of ten dollars (\$10.00), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221A of the Charter, to cancel the following assessments levied and assessed against property owned by The East New York Congregation, Crowning Glory of Israel, in the Borough of Brooklyn:

Assessments.	
"Paving Sutter Avenue, from Van Sicklen Avenue to Berriman Street" (entered January 17, 1911):

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to petition of St. Finbar's Roman Catholic Church at Bath, Town of New Utrecht, in the Borough of Brooklyn, for the cancellation of certain assessments for public improvements:

October 25, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York: Gentlemen—St. Finbar's Roman Catholic Church at Bath, Town of New Utrecht, has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Brooklyn, designated on the official tax map as Section 19, Block 6404, Lots 29 and 41, now known as Lot 29.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was

the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about September 15, 1890, as to Lot 41, and May 9, 1905, as to Lot 29; that it has owned the above described premises continuously since said dates and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for church purposes.

It appears from an examination of the Assessment Rolls that said property has been exempt from local taxation for the year 1909 and since, and the assessed valuation for the year 1913 is \$125,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.	
"Regulating, Grading, Curbing, Etc., Bath Avenue, between 14th Avenue and Bay 18th Street" (entered November 11, 1909):	
No. 126, Section 19, Block 6404, Lot 41.....	\$300 64
"Sewer Basins Northwest Corner Benson Avenue and Bay 20th Street" (entered November 23, 1909):	
No. 21, Section 19, Block 6404, Lot 29.....	1,481 84
"Sewer Basins Northwest Corner Benson Avenue and Bay 20th Street" (entered November 23, 1909):	
No. 22, Section 19, Block 6404, Lot 41.....	1,625 17
"Constructing Manholes" (entered July 12, 1910):	
No. 1260, Section 19, Block 6404, Lot 29.....	44 58

Petitioner has included in its application certain installments against said Lot 29 for street improvements in the former Town of New Utrecht, levied pursuant to chapter 582, laws of 1893. These installment assessments were to be a lien only as levied and were to be collected with the general tax. The first installment was levied June 30, 1904.

I refuse to certify my approval of the application, however, so far as respects such installment assessments, for the reason that said Lot 29 was not acquired until May 9, 1905, subsequent to the levying of the first installment, the petitioner had due notice of the existence thereof, and presumably such assessments were an element affecting the value of the property when the same was bought; and furthermore, that at the time petitioner acquired the property, such charges had accrued, although not a lien.

The total amount involved as principal in the above assessments is \$3,452.23. The property affected by these assessments is located in the Borough of Brooklyn, 30th Ward, Benson avenue, Bath avenue and Bay 20th street.

The Pastor, Rev. Wm. A. Gardiner, in response to a request, has submitted a financial statement for the year 1911, as follows:

Total amount received from all sources, including extra donations on account of erection of new church edifice.....	\$18,671 55
Total amount of expenditures, excluding the cost of construction of new church.....	8,786 68
	\$9,884 87

Such financial statement also states that the new church, then in course of construction, would cost about \$125,000, on account of which the above balance of \$9,884.87 would be applied; and in addition that the church property had been mortgaged for \$65,000 with the possibility that an additional loan would be required before the church was completed.

It appearing therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, except as to the liens which I have refused to certify for cancellation and I would, therefore, certify my approval of the application of St. Finbar's Roman Catholic Church at Bath, Town of New Utrecht, to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the liens, above set forth, as the ones which may properly be cancelled, be cancelled upon the payment of \$10.

Resolved, That upon payment of the sum of ten dollars (\$10.00), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221A of the Charter, to cancel the following assessments levied and assessed against property owned by St. Finbar's Roman Catholic Church at Bath, Town of New Utrecht, in the Borough of Brooklyn:

Assessments.	
"Regulating, Grading, Curbing, Etc., Bath Avenue, between 14th Avenue and Bay 18th Street" (entered November 11, 1909):	
No. 126, Section 19, Block 6404, Lot 41.....	\$300 64

No. 21, Section 19, Block 6404, Lot 29.....	1,481 84
"Sewer Basins Northwest Corner Benson Avenue and Bay 20th Street" (entered November 23, 1909):	
No. 22, Section 19, Block 6404, Lot 41.....	1,625 17

The following petition was received from Alonzo F. Snelling for a release of the City's interest in certain property owned by him situated on Ruffle Bar, in Jamaica Bay, Borough of Queens:

To the Sinking Fund Commission of The City of New York:

The petition of Alonzo F. Snelling respectfully shows as follows: I reside at Canarsie, in the Borough of Brooklyn, New York City, and I am a citizen of the United States and of The City of New York.

I am the owner in fee of certain property at Ruffle Bar, in Jamaica Bay, County of Kings and State of New York, more particularly described as follows: All that certain piece or parcel of land situate at Ruffle Bar, in Jamaica Bay, County of Kings and State of New York, beginning at a point at mean high water line on the southerly side of Ruffle Bar on the Raunt or Ruffle Bar Channel, which is distant seventy-five (75) feet northeasterly from the southeasterly corner of a certain piece or parcel of land which was heretofore, and on or about the 26th day of May, 1888, conveyed by Henry L. Schmeelk and wife to August H. Van Ahn, Peter William Van Ahn and George Herman Van Ahn by deed dated May 26, 1888, and recorded in the office of the Register of the County of Kings, June 10, 1889, in Liber 1894 of conveyances, page 150, and running thence in a northeasterly direction and along mean high water line seventy-five (75) feet, thence in a northwesterly course two hundred and seventy (270) feet more or less to the centre of a ditch or dyke, thence running in a southwesterly course along the centre of said ditch or dyke and parallel or nearly so with the first mentioned course seventy-five (75) feet, and running thence in a southeasterly course two hundred and seventy (270) feet more or less to the point or place of beginning.

Being the northeasterly half of the premises heretofore conveyed to one William Warner by Henry L. Schmeelk and wife by deed bearing date the 30th day of April, 1895, and recorded in the office of the Register of Kings County on the 26th day of August, 1895, in Liber 1, page 156 of conveyances, in Section 14, Block 4587. Subject to the restrictions in the said last mentioned deed.

This parcel of land being part of the premises granted to Henry L. Schmeelk by letters patent by the State of New York and recorded in the Kings County Register's office in Liber 1781 of Conveyances, page 450, on December 27, 1887.

That I acquired title from the successors of Henry L. Schmeelk by deed dates September 14, 1901, and recorded in the Kings County Register's office in Liber 3 of conveyances, page 391.

That my predecessor, John L. Schmeelk, and his successors in title, including myself, have had actual open and notorious possession, adverse to all others ever since the year 1854.

That on December 19, 1887, letters patent from the State of New York were issued to my predecessor in title, Henry L. Schmeelk.

The land owned by me is now used for private residence. I have attempted to sell this property. The purchaser cannot get a policy of title insurance from any title company on the grounds that the City might have some claims upon the property, consequently this claim of the City is an apparent cloud on the title that has caused me and will cause me irreparable damages.

I in no way acknowledge that The City of New York or any one else has any interest in or title to said premises or any part thereof.

Wherefore I pray that The City of New York will grant, convey and release to me all rights, title and interest which the said City of New York may have in the parcel of land described herein.

Dated Brooklyn, N. Y., August 21, 1913.

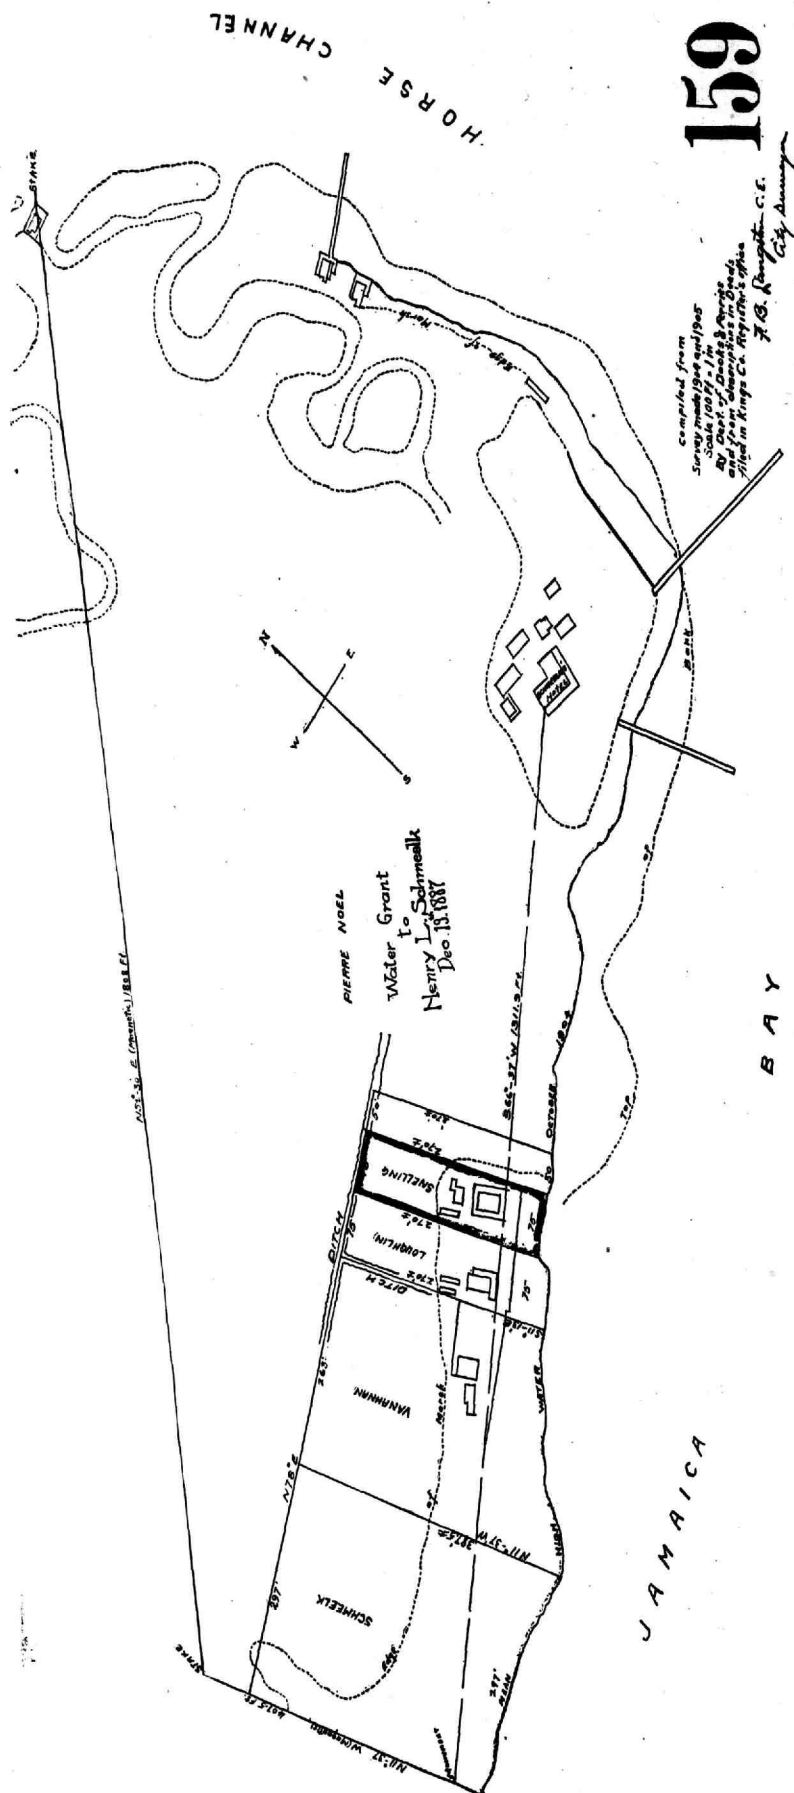

ALONZO F. SNELLING.

Borough of Brooklyn, County of Kings, City and State of New York, ss.:

Alonzo F. Snelling, being duly sworn, deposes and says that he is the petitioner in the within action, that he has read the foregoing petition and knows the contents thereof; that the same is true to his own knowledge, except as to the matters therein stated to be alleged on information and belief, and that as to the other matters he believes it to be true.

Sworn to before me this 21st day of August, 1913.

FREDERICK B. LANGSTON, Commissioner of Deeds for The City of New York residing in Kings County.

PUBLIC SERVICE COMMISSION.

Proposals.

INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE RAPID TRANSIT RAILROAD.

The Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section 1 of Route 16, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.
 The points within the City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:
 Section 1. Beginning at a point in property owned by the City on the easterly side of River avenue, in the Borough of The Bronx, about one hundred and twenty (120) feet south of the southerly building line of East 157th street and extending thence northerly along and over private property, River avenue and Jerome avenue to a point about forty-five (45) feet north of the northerly building line of East 182d street.
 The general plan of construction calls for an elevated railroad. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.
 Bidders will not be required to provide or lay any tracks or ties, nor to do station finish work.
 The work of construction under the contract will include the construction of all necessary sewers and connections, along or off the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary, of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.
 Bidders must examine the form of contract and specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.
 A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The City of New York (hereinafter called the "City") and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between The City of New York, acting by the Commission, and Interborough Rapid Transit for the equipment, maintenance and operation of additional rapid transit railroads. The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five per centum (95%) of the aggregate sum arrived at by multiplying the estimated approximate quantities by the UNIT PRICES as contained in the SCHEDULE OF UNIT PRICES in the contractor's proposal. The contractor is to accept the obligation of the Interborough Rapid Transit Company to make payments to the amount and in the manner provided in the contract and is to agree not to look to the City except to the extent that the amounts earned under the contract may exceed the amount for which the Interborough Rapid Transit Company is liable.
 Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.
 The contractor will be required to complete the work as soon as practicable and within a period of eighteen (18) months from the date of the delivery of the contract.
 Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 28th day of November, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be set by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.
 A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.
 All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposals for Constructing Part of Rapid Transit Railroad—Route No. 16, Section No. 1," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a

sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of the City of New York for the sum of fifteen thousand (\$15,000) dollars. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten (10) days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond for one hundred thousand (\$100,000) dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under the contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the Unit Prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten (10) days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five (5) days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By EDWARD E. McCall, Chairman.

TRAVIS H. WHITNEY, Secretary. n5,26

INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE RAPID TRANSIT RAILROAD.

Part of Route No. 19 and 22.

The Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section No. 1-A of Route 19 and 22, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within the City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section 1-A. Beginning at a point under Southern boulevard in the Borough of The Bronx about two hundred and seventy (270) feet north of the northeast corner of East 147th street and extending thence northerly under Southern boulevard, Hunts Point road, the public park, Dongan street and Whitlock avenue to a point over Whitlock avenue about one hundred and thirty (130) feet south of the southerly building line of Bancroft street.

The general plan of construction calls for a subsurface and elevated railroad having three tracks. The details of the construction and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties, or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections, along or off the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary, of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

The method of construction, unless otherwise permitted by the Commission, will be partly by trench excavation without cover and partly by open trench excavation without cover as set forth in the form of contract.

Bidders must examine the form of contract and specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth and other requirements, provisions, details and specifications are stated in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The City and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between The City of New York, acting by the Commission, and Interborough Rapid Transit for the equipment, maintenance and operation of additional rapid transit railroads. The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five per centum (95%) of the aggregate sum arrived at by multiplying the estimated approximate quantities by the UNIT PRICES as contained in the SCHEDULE OF UNIT PRICES in the contractor's proposal. The contractor is to accept the obligation of the Interborough Rapid Transit Company to make payments to the amount and in the manner provided in the contract and is to agree not to look to the City except to the extent that the amounts earned under the contract may exceed the amount for which the Interborough Rapid Transit Company is liable.

Partial payments to the contractor will be made monthly as the work proceeds as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of thirty (30) months from the date of the delivery of the contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 1st day of December, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposals for Constructing Part of Rapid Transit Railroad—Route No. 19 and 22, Section No. 1-A," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in the City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand (\$15,000) dollars. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten (10) days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver the contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond for one hundred and fifty thousand (\$150,000) dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under the contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security, fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the Unit Prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten (10) days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to make the required deposit, then the Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five (5) days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

The points within the City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2—Beginning at a point near the intersection of 10th ave. and 39th st., in the Borough of Brooklyn, and extending thence southerly over and along 10th ave. to New Utrecht ave., thence southerly over and along New Utrecht ave. to a point therein at or near 81st st., and thence extending southerly over private property, 84th st., private property, 18th ave., private property, 85th st., private property and 86th st. to a point in 86th st. near 19th ave.; thence southeasterly over and along 86th st. to a point at or near the intersection of 86th st. with Bay 41st st., thence curving southeasterly into Stillwell ave., continuing thence along and over Stillwell ave. to a point about one hundred and fifty (150) feet north of the center line of Avenue Y, where a connection may be made with a railroad which will be provided and kept available for use by the New York Municipal Railway Corporation.

The general plan of construction calls for an elevated railroad. The details of the construction

of the railroad and appurtenances are more particularly indicated on the contract drawings. Bidders will not be required to provide or lay tracks or ties, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections along or off the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof, and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth and other requirements, provisions, details and specifications are stated in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau st., Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

Partial payments to the Contractor will be made monthly as the work proceeds, as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of eighteen (18) months from the date of the delivery of the contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 21st day of November, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of contract's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposals for Constructing Part of Rapid Transit Railroad—Route No. 39, Section No. 2," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand dollars (\$15,000). Such check must not be enclosed in the envelope containing the proposal.

The unit prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten (10) days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver the contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract the Contractor will be required to furnish security to the City by giving a bond for one hundred thousand dollars (\$100,000). At the option of the successful bidder, cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under the contract, they must be of the character of securities in which savings banks may invest their funds, and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security, fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the unit prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor. The Contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten (10) days thereafter or

within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damage.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five (5) days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

INVITATION TO CONTRACTORS.

PART OF THE STEINWAY TUNNEL RAPID TRANSIT RAILROAD.

THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT (hereinafter called "the Commission") invites proposals to construct Route 50, a part of the Steinway Tunnel Rapid Transit Railroad.

The general plan of construction calls for a subsurface and elevated railroad having two tracks. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections along the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary, of all buildings, monuments, surface and subsurface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

The method of construction for the subsurface portion of the railroad will be by open trench excavation without cover, as set forth in the contract and specifications.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof, and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth and other requirements, provisions, details and specifications are stated in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau st., Borough of Manhattan, City of New York. The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five (95) per cent, of the aggregate sum arrived at by multiplying the estimated quantities by the unit prices.

Partial payments to the Contractor will be made monthly as the work proceeds, as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of eighteen (18) months from the date of the delivery of this contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 15th day of November, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of Contractor's Proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract the Contractor will be required to furnish security to the City by giving a bond for fifty thousand dollars (\$50,000). At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

By EDWARD E. McCALL, Chairman.

TRAVIS H. WHITNEY, Secretary. o21,n18

INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE RAPID TRANSIT RAILROAD.

THE PUBLIC SERVICE COMMISSION FOR THE First District (hereinafter called "the Commission") invites proposals to construct Section No. 5 of Routes 4 and 38, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 5—Beginning at a point under 7th ave., in the Borough of Manhattan about seventy-nine (79) feet north of the northerly building line of W. 16th st. and extending thence northerly under 7th ave. to a point about seventy-five (75) feet north of the northerly building line of W. 30th st.

The general plan of construction calls for a subsurface railroad having four tracks. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections along or off the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary, of all buildings, monuments, surface and elevated railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission, as set forth in the form of contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed

form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau st., Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The City and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction, as provided in the contract dated March 19, 1913, between The City of New York, acting by the Commission, and Interborough Rapid Transit Company for the equipment, maintenance and operation of additional rapid transit railroads. The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five (95) per centum of the aggregate sum arrived at by multiplying the estimated approximate quantities by the unit prices as contained in the schedule of unit prices in the Contractor's proposal. The Contractor is to accept the obligation of the Interborough Rapid Transit Company to make payments to the amount and in the manner provided in the contract and is to agree not to look to the City except to the extent that the amounts earned under the contract may exceed the amount for which the Interborough Rapid Transit Company is liable.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River or along the North River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Department of Docks and Ferries, with whom all arrangements must be made with respect to utilizing such docks and bulkheads as may be available.

Partial payments to the Contractor will be made monthly as the work proceeds, as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of thirty-six (36) months from the date of the delivery of the contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 12th day of November, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent, as near as practicable, of the work required is to be found in the schedule forming a part of the Contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Routes Nos. 4 and 38 Section No. 5," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York satisfactory to the Commission, and payable to the order of the Comptroller of The City of New York, for the sum of fifteen thousand dollars (\$15,000). Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract the Contractor will be required to furnish security to the City by giving a bond for seventy-five thousand dollars (\$75,000). At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the Unit Prices as contained in the Schedule of Unit Prices in the Contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor. The Contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite said point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
