No. 993.

Board of Estimate and Apportionment—Resolution Recommending That the New Street in the Borough of Manhattan, Formed by the Extension of Seventh Ave. and the Widening of Varick St., Be Named "Seventh Avenue South."

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, October 17, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Dear Sir—Transmitted herewith is a certified copy of a resolution adopted by the Board of Estimate and Apportionment October 16, 1914, recommending to the Board of Aldermen that the new street in the Borough of Manhattan, formed by the extension of Seventh Avenue and by the widening of Varick Street, be named "Seventh Avenue South," and that the President of the Borough of Manhattan be authorized to assign numbers to this new street.

I also transmit herewith for your information a copy of the report of the Committee on the City Plan of the Board of Estimate and Apportionment, recommending the action proposed in the resolution. Respectfully,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen that the new street formed by the southerly extension of Seventh Avenue from Greenwich Avenue to its intersection with Varick Street and Carmine Street and by the widening of Varick Street between Carmine and Franklin Streets be named "Seventh Avenue South," and that the President of the Borough of Manhattan be authorized to assign numbers to this new street, beginning at the north side of Franklin Street and extending northwardly to the southerly side of Greenwich Avenue.

A true copy of resolution adopted by the Board of Estimate and Apportionment, October 16, 1914.

JOSEPH HAAG, Secretary.

October 1, 1914.

Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on September 21, 1914, a communication from the President of the Borough of Manhattan suggesting that the Board recommend to the Board of Aldermen the naming and numbering of the new portion of Seventh Avenue between Greenwich Avenue on the north and its intersections with Varick Street on the south, was referred to the Committee on the City Plan.

Numerous requests for the naming and numbering of this new street have been presented to the President of the Borough of Manhattan. These requests are practically unanimous in the suggestion that the name be "Seventh Avenue" or "Seventh Avenue South." This name to apply also to Varick Street as widened, and that the present name of Varick Street be abandoned. The Committee has considered this question carefully and believes that whatever name be given to the new street, the necessity for renumbering Seventh Avenue for its entire length should be avoided. This could be done either by retaining the name of Varick Street between its new southerly terminus at West Broadway and Greenwich Avenue, or by giving this new and widened street the name of "Seventh Avenue South," as has been suggested.

The strong preference of those who have addressed communications to the Borough President for the name of "Seventh Avenue" or "Seventh Avenue South," has been conclusive with the Committee. Varick Street formerly ended at Franklin Street, but has now been extended southwardly to West Broadway. This extension, however, is very short and consists in prolonging southwardly the westerly line of Varick Street, leaving an open triangular space at its junction with West Broadway. The new frontage thus created could properly be considered a part of the last named street, and numbers could be assigned to it corresponding with those formerly existing on the west side of West Broadway. It follows that the old numbering of Varick Street need not be disturbed, but that the same numbers could be used, although the street is designated "Seventh Avenue South."

While the Board of Aldermen is the statutory authority having control of street names and street numbering, this Seventh Avenue and Varick Street improvement was initiated by the Board of Estimate and Apportionment, and it seems proper therefore that the Board should make its recommendation to the Board of Aldermen; and we submit herewith for consideration by the Board a resolution recommending to the Board of Aldermen the naming of this new street "Seventh Avenue South," and assignment to it of numbers extending from the northerly side of Franklin Street to the southerly side of Greenwich Avenue. Respectfully,

GEORGE McANENY, President, Board of Aldermen; MARCUS M. MARKS, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; President, Borough of Richmond, Committee on the City Plan.

Which was referred to the Committee on Public Thoroughfares.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, October 19, 1914.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Assistant Inspector of Combustibles in the Fire Department.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, October 19, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment October 16, 1914, recommending the establishment of various grades of positions as follows:

Department and Position.	Rate Per Annum.	Number of Incumbents.
Cal. No. 5. Fire Department—Assistant Inspector of Combustibles	\$1,050 00	1
Cal. No. 7. Fire Department—Deputy Chief	3,000 00	1

I also enclose herewith copies of reports of the Committee on Salaries and Grades relative thereto. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Fire Department of the grade of position, in addition to those heretofore established, as follows:

Title of Position.	Rate Per Annum.	Number of Incumbents.
Assistant Inspector of Combustibles	\$1,050 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment October 16, 1914.

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, October 7, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On September 9, 1914, the Fire Commissioner requested establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Assistant Inspector of Combustibles, at \$1,000 per annum, for one incumbent, in his department. On September 23, 1914, the request was referred to the Committee on Salaries and Grades. The Bureau of Standards reports thereon as follows:

"The request is made to permit of a reduction in the salary of Thomas H. Robertson, an Assistant Inspector of Combustibles, in the Bureau of Fire Prevention, who now receives \$1,500 per annum. Charges of neglect of duty were recently preferred against him and, after a trial he was found guilty. Mr. Robertson is over 65 years of age, has been employed in the Fire Department since October 1, 1895, and is a veteran of the Civil War. In view of these facts the Fire Commissioner does not want to dismiss him, but desires to inflict punishment on him by reducing his salary \$500 per annum.

"The requested grade of position at \$1,000 per annum is not in accordance with the standard list of rates adopted heretofore by your Board. The appropriate rate would be \$1,050 per annum."

In view of the foregoing we recommend the adoption of the attached resolution providing for the establishment of the grade of position of Assistant Inspector of Combustibles at \$1,050 per annum for one (1) incumbent. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, October 9, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On October 1, 1914, the Fire Commissioner requested establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Deputy Chief, at \$3,000 per annum, for one (1) incumbent. The request was referred to the Committee on Salaries and Grades on October 9, 1914. The Bureau of Standards reports thereon as follows:

"The purpose of the request is to provide for an additional Deputy Chief in the Bureau of Fire Prevention. There is at present one Deputy Chief, at \$4,000 per annum. This Deputy is assigned to the Brooklyn and Queens Division. The scope of the work of the Bureau of Fire Prevention is so extensive it is impossible for all matters to be personally considered by the Chief of the Bureau. The appointment of a Deputy for the main office of the Bureau to take charge of the routine work would expedite the disposition of the many important problems which confront the Bureau. No increase in appropriation is involved, as the \$3,000 necessary will be provided by eliminating a vacant position of Deputy Chief Inspector at that rate."

In view of the foregoing we recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE MCANENY, President, Board of Aldermen, Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the Department of Public Charities.

No. 997.

Department of Public Charities—Request for Authority to Purchase an Automobile Hearse, Without Public Letting.

Re: Automobile Hearse.

Department of Public Charities of the City of New York, Municipal Building, Tenth Floor, October 19, 1914.

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, City:

Sir—We would respectfully request that authority be given this Department to purchase, without public letting, one automobile hearse to be used in connection with the burial of unclaimed dead for the Boroughs of Brooklyn and Queens, at a price not exceeding the sum of \$2,500.

The Board of Estimate and Apportionment was requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$2,500 for the purpose of purchasing this hearse by a resolution adopted by the Board of Aldermen at its meeting on October 13, 1914, upon my request to the Board, dated August 28th. Permission to make the purchase without public letting was included in my original request; but I am today informed that it is necessary to make that particular the subject of a further letter. I am, therefore, repeating the request herein, and I should be glad if the necessary permission might be granted at the next meeting, as it is very desirable to purchase the hearse and establish this service at the earliest possible moment.

This Department has been notified by the State authorities to change its present arrangements and discontinue burial of these bodies in Potter's Field, Brooklyn, at once, as set forth in my letter of August 28th; so that on the present occasion the advantages of speed are added to those of cheapness in support of the private purchase, which, I understand, is favored by the unanimous experience of City department, and all the reasons which have customarily influenced the Committee on Public Letting to grant the desired permission in the case of automobile vehicles.

Respectfully yours, JOHN A. KINGSBURY, Commissioner.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the President of the Borough of Manhattan.

No. 998.

President of the Borough of Manhattan—Request for Rescindment of a Corporate Stock Issue, \$25,000, for the Construction of a Mezzanine Floor, Etc., in Washington Market.

City of New York, President of the Borough of Manhattan, Municipal Building, September 29, 1914.

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, New York:

Dear Sir—On June 19, 1914, the Board of Estimate and Apportionment adopted a resolution authorizing an issue of corporate stock to the amount of \$25,000, to provide means for the construction of a mezzanine floor, stairways, freight elevators, railings and work incidental thereto, in Washington Market, under the jurisdiction of the President of the Borough of Manhattan. This resolution was concurred in by the Board of Aldermen at its meeting held July 7, 1914, and the resolution received the approval of the Mayor on July 16, 1914.

Pursuant to the authority granted by this resolution, this Department proceeded with the preparation of plans and advertised and received bids for the work. The contract, however, has not been let.

Recently considerable opposition has developed among the standholders in Washington Market to the contemplated improvements. I have made a very careful study of the situation and as a result am convinced that it would be unwise to attempt to carry out the improvements at this time. I, therefore, suggest that the resolution authorizing the corporate stock be rescinded.

Steps have been taken to have the resolution of the Board of Estimate and Apportionment also rescinded. Very truly yours,

MARCUS M. MARKS, President, Borough of Manhattan.

Which was referred to the Committee on Finance.

REPORTS OF STANDING COMMITTEES.

Report of Committee on Buildings—

No. 99B (G. O. No. 408).

Report of the Committee on Buildings in Favor of Adopting an Ordinance Regulating the Installation and Maintenance in Buildings of Plumbing, Water Supply, Gas and Other Systems of Piping.

The Committee on Buildings, to which was referred on September 22, 1914 (Minutes, page 370), the annexed ordinance regulating the installation and maintenance in buildings of plumbing, water supply, gas and other systems of piping, respectfully

REPORTS:

That, The Substitute Ordinance presented herewith has been prepared to meet so far as possible the criticisms that were brought out at a public hearing held October 8th.

In addition to changes made to meet these criticisms, changes were made all through the ordinance in the language in consultation with the Corporation Counsel's office. These verbal changes do not change the substance of the ordinance, but are intended to make the provisions a little clearer and to eliminate unnecessary verbiage.

In Section 1, the last paragraph was altered to meet the criticism that as previously written it would not be clear what was intended by "fifty per cent. of the existing work."

Section 4 of the ordinance as previously presented is entirely omitted, as its provisions are found to be sufficiently well covered in the Tenement House and Labor Laws.

Sections 7 and 8 of the previous draft were combined into one and now form Section 6 of the Substitute Ordinance. These provisions were very thoroughly discussed with Assistant Corporation Counsel O'Brien, who has had very extensive practice in handling violation cases for the Bureau of Buildings.

The Committee recommends that the accompanying substitute ordinance be adopted.

SUBSTITUTE.

AN ORDINANCE regulating the Installation and Maintenance in Buildings of Plumbing, Water Supply, Gas and other Systems of Piping.

Be it Ordained by the Board of Aldermen of the City of New York as follows:

Section 1. Rules: The plumbing and drainage systems, water supply pipes, gas piping, steam or hot water heating or power systems, refrigerating systems and other systems of pipes or apparatus for holding or conveying gases, vapors or fluids hereafter installed and maintained in or upon any building in the City of New York shall conform to such rules as may be provided for by law or may be found necessary for the protection of life, health or property, and adopted by the superintendent

of buildings; and it shall be unlawful to use or permit the use of any such systems, piping or apparatus installed or maintained in violation of any of the provisions of this ordinance or the rules adopted hereunder.

Said rules, hereafter adopted, and any changes thereof, shall be published in the City Record on eight successive Mondays before they shall become operative.

Nothing herein contained or in the rules adopted hereunder shall require the alteration or reconstruction of any existing work that was lawfully installed, nor prevent repairs or the addition of new fixtures to existing work in conformity with the practice followed in the original installation, provided, however, that when such repairs involve the removal or alteration of more than one-half of the existing work affected by the repairs the rules in force at the time of such repairs shall apply.

Section 2. Shut-off Valves: Every building hereafter erected and also every existing building other than residence buildings occupied exclusively by one or two families and having not more than fifteen sleeping rooms, which may be supplied from some outside source with gas, vapor or fluid shall have a conveniently accessible valve or other suitable device fixed to the supply pipes leading into the building at a place outside of the building, so arranged as to allow the supply to be shut off. Such valve or other device shall be so marked as to indicate the contents and purposes of the supply pipe to which it is attached.

Section 3. Tests of Plumbing: It shall be unlawful to use or permit the use of any new system of plumbing and drainage hereafter installed in any building before the same has been tested under the supervision of the Bureau of Buildings and in accordance with its rules, to insure the tightness of the system, and until a proper and adequate water supply has been provided.

The superintendent of buildings shall, within a reasonable time after being requested to do so, cause to be inspected and tested any system of plumbing and drainage that is ready for such inspection and test, and if the work is found satisfactory and the test requirements are complied with shall issue a certificate to that effect. Nothing herein contained shall prevent the inspection and test of part of a system or the issuance of a partial certificate, nor prevent the use of such part of a larger system provided that such part constitutes by itself a complete system properly tested and supplied with water.

Section 4. Tests of Gas Piping: It shall be unlawful to use or permit the use of any new system or an extension of an old system of gas piping in any building before the same has been inspected and tested under the supervision of the Bureau of Buildings and in accordance with its rules, to insure the tightness of the system. The superintendent of buildings shall, within a reasonable time after being requested to do so, cause to be inspected and tested any system of gas piping that is ready for such exhibition and test, and if the work is found satisfactory and the test requirements are complied with, shall issue a certificate to that effect. Nothing herein contained shall prevent the use of existing systems of gas piping without further inspection of test unless said superintendent of buildings has reason that defects exist which make the system dangerous to life or property.

Section 5. Registration of Plumbers: Once in each year every employing or master plumber carrying on his trade, business or calling in the City of New York shall register his name and address at the office of the Bureau of Buildings in the Borough of the said City in which he performs work, under such rules as the said Bureau may prescribe.

No person, corporation or copartnership shall engage in or carry on the trade, business or calling of employing or master plumber in the City of New York unless the name and address of such person and the president, secretary or treasurer of such corporation and each and every member of such copartnership shall have been registered as above provided.

Section 6. Enforcement; Penalties: This ordinance shall be deemed a part of the Building Code, and each superintendent of buildings shall, in his own borough, enforce its provisions and the rules adopted thereunder. Any and every violation of the provisions of this ordinance or of the rules adopted thereunder shall subject the owner, lessee or agent of the building or premises where such violation has been committed or shall exist, and the architect, builder, contractor, or any other person who has assisted in the commission of such violation, to the same legal procedure and the same penalties as are prescribed for violations of the Building Code; and such violation shall be subject to the same legal remedies and prosecuted in the manner prescribed in said Building Code.

Section 7. Existing Provisions Repealed: Section 141 and that portion of Section 89 of the Building Code of the City of New York reading:

"Every building other than a dwelling house hereafter erected, and all factories, hotels, churches, theatres, school-houses and other buildings of a public character now erected in which gas or steam is used for lighting or heating shall have the supply pipes leading from the street mains provided each with a stop-cock placed in the sidewalk at or near the curb, and so arranged as to allow of shutting off at that point,"

—and all rules relating to plumbing or parts thereof in conflict with or so far as inconsistent with the provisions of this ordinance are hereby repealed.

Section 9. This ordinance shall take effect immediately.

Section 1. The plumbing and drainage systems, water supply pipes, gas piping, steam or hot water heating or power systems, refrigerating systems and other systems of pipes or apparatus for holding or conveying gases, vapors or fluids, hereafter installed and maintained in any building in the City of New York shall conform to such rules and regulations, as may be provided for by law or may be found necessary for the protection of life or property, promulgated by the Superintendents of Buildings or other legally constituted authorities; and it shall be unlawful to use any such systems, piping or apparatus executed or maintained in violation of any of the provisions of this ordinance or the rules and regulations promulgated hereunder.

Said rules and regulations hereafter adopted, and any changes thereof, shall be published in the City Record on eight successive Mondays before they shall become operative.

Nothing herein contained or in any rule or regulation promulgated hereunder shall require the alteration or reconstruction of any existing work that was lawfully executed, nor prevent repairs or the addition of new fixtures to existing work in conformity with the practice followed in the original installation, provided, however, that when such repairs involve changes to the extent of fifty per cent. of the existing work, or the addition includes any new vertical soil, waste or vent line, or new house drain, the rules and regulations in force at the time of such repairs or addition shall apply.

Section 3. Section 4. In all buildings, occupied or used by both sexes, separate toilet facilities shall be provided for each sex, except where toilet facilities are provided for each separate family or household in residence buildings, or where private toilets are attached to single rooms or suites of living rooms.

Section 5. It shall be unlawful to use any new system or an extension of an old system of gas piping in any building before the same has been inspected and tested under the supervision of the Bureau of Buildings and in accordance with such rules

and regulations as may have been lawfully promulgated to insure the tightness of the system. The Superintendent of Buildings, shall, within a reasonable time after being requested to do so, cause to be inspected and tested any system of gas piping that is ready for such inspection and test, and if the work is found satisfactory and the test requirements are met shall issue a certificate to that effect. Nothing herein contained shall prevent the use of existing systems of gas piping without further inspection or test unless there is reason to believe that defects exist which make the system dangerous to life or property.

Section 6. Once in each year every employing or master plumber carrying on his trade, business or calling in The City of New York shall register his name and address at the office of The Bureau of Buildings in the Borough of the said City in which he performs work, under such rules and regulations as the said Bureau may prescribe.

No person, corporation or copartnership shall engage in or carry on the trade, business or calling of employing or master plumber in the City of New York, unless the name and address of such person and the president, secretary or treasurer of such corporation and each and every member of such copartnership shall have been registered as above provided.

Section 7. The Superintendent of Buildings shall, each in his own Borough, enforce the provisions of this ordinance and of such rules and regulations made thereunder by any lawfully constituted authority, provided, however, that after the completion of any system of piping, apparatus or other work coming under the provisions of this ordinance which, when in use, constitutes a fire hazard the supervision of the same shall devolve upon the Fire Commissioner.

Section 8. This ordinance shall be deemed a part of the Building Code and any and every violation of the same or of the rules and regulations lawfully promulgated thereunder shall be subject to the same legal procedure and the same penalties and shall be prosecuted in the same manner as prescribed in the Building Code.

Report of the Committee on Finance in Favor of Adopting Amended Resolution for Special Revenue Bonds for Construction of Pipe Rail Fences Around Parks, Manhattan and Richmond.

The Committee on Finance, to which was referred on September 22, 1914 (Minutes, page 362), the annexed request from the Commissioner of Parks, Manhattan and Richmond, for an amendment of an issue of Special Revenue Bonds for construction of pipe rail fences, respectfully

REPORTS:

That, having examined the subject, it believes the proposed amendment to be advisable and for the better protection of some of the smaller parks.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That the following resolution, adopted February 27, 1912, and received from his Honor the Mayor March 12, 1912, without his approval or disapproval thereof, to wit:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be, and it is hereby, requested to authorize the Comptroller to issue special revenue bonds to the amount of thirteen thousand five hundred and eighteen dollars and forty cents (\$13,518.40), the proceeds whereof to be used by the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the purposes of providing means for the construction of pipe rail fences around Washington Square, Madison Square and Union Square."—be and the same is hereby amended by striking therefrom the words *Washington Square, Madison Square and Union Square*, and inserting in lieu thereof the words *around parks throughout the city*, and further that all obligations incurred hereunder to be contracted for on or before February 1, 1915.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, 10th Floor, September 18, 1914.

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, New York:

Dear Sir—On February 27, 1912, the Board of Aldermen adopted a resolution requesting an issue of special revenue bonds in the sum of thirteen thousand five hundred and eighteen dollars and forty cents (\$13,518.40), the proceeds whereof to be used by the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the purpose of providing means for the construction of pipe rail fences around Washington Square, Madison Square and Union Square Parks. On April 11, 1912, the Board of Estimate and Apportionment adopted a resolution of approval and concurrence to the action of the Board of Aldermen.

There remains in this account an available balance of \$1,431.98. The three parks—Washington, Madison and Union Squares—for which this account was authorized, are all now completely fenced. The Department could use this money for fences in other parks, in which they are badly needed. Request is therefore made that this resolution be amended to read—Construction of Pipe Rail fences around parks throughout the City—thus eliminating the restriction to Washington, Madison and Union Squares.

Yours very truly, CABOT WARD, Commissioner of Parks, Manhattan and Richmond.

The Committee on Finance, to which was referred on October 6, 1914 (Minutes, page 25), the annexed resolution in relation to stationery for departmental heads, bureaus, etc., respectfully

REPORTS:

That it is informed by the Supervisor of the City Record that this resolution, if made effective, will save the City from \$22,000 to \$25,000. Such a substantial saving without any detriment to the City business or standing, and in fact only following the example of the largest corporations in the country whose efficiency experts have dictated similar action, seems to the Committee to be absolutely advisable and entirely warranted, and it therefore recommends that the accompanying substitute be adopted.

Now, THEREFORE, in consideration of the premises and of the mutual covenants herein contained, the parties hereto do hereby covenant and agree, as follows:

SECTION 1. The said contract dated August 13, 1907, is hereby declared by the parties hereto to be null and void and of no effect as of November 1, 1914, and the City, upon the payment of the sum of five hundred dollars (\$500) to the City, at the rate of \$100 per month, regardless of the date when such payments are due and payable as provided in said contract, shall surrender and deliver to the Company the sum of five hundred dollars (\$500), deposited as security under the said contract.

The grant herein contained, with the conditions thereof, shall in all respects be substituted for and take the place of all the rights and privileges granted by said contract of August 13, 1907, and the Company agrees to release and hereby does release to the City any and all rights acquired by the Company under said contract.

Such pipes and conduits to be constructed and operated only beneath the surface of such of the streets, avenues and highways situated within the Borough of Brooklyn, City of New York, as are included within the districts bounded and described as follows:

—signed by P. M. Sayford, Treasurer, a copy of which is hereto annexed and made a part of this contract.

Should District Number 1 be extended as hereinbefore provided, then the terms and conditions of this contract shall apply to such extended district; provided that the Company shall without further consent of the Board and at the present time have the right and hereby agrees to construct, maintain and operate in and through District Number 2 such conduits and pipes as may be necessary to supply with refrigeration the premises of the Steel Drake Baking Company, known as Nos. 42-43-44-45-159-160 and 162 Wallabout Market, and to supply such premises. The Company shall also have the right to supply such other applicants as may have premises abutting on streets in which said conduits and pipes may be laid for the purpose of supplying said premises of the Steel Drake Baking Company.

SECTION 3. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—That said right to construct, maintain and operate said pipes and conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from November 1, 1914, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

Such right and privilege to be valued as if the Company had not exercised the same for the said period of fifteen (15) years, and no allowance shall be made to the Company in such valuation by reason of such exercise.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City

for the privilege hereby granted the following sums of money:

(a) The sum of two hundred and fifty dollars (\$250) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years an annual sum which shall be equal to two (2) per cent. of its gross annual receipts, but which sum shall not be less than five hundred dollars (\$500).

During the second term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than six hundred dollars (\$600).

During the third term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than seven hundred dollars (\$700).

The gross annual receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(c) In addition to the above payments the Company shall pay to the City an annual payment of ten cents (\$0.10) for each linear foot of pipe (where separately constructed) or conduit constructed within the limits of any street, avenue, highway or other property belonging to the City, excepting, however, such pipes or conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars (\$2) for each manhole constructed within the limits of any street, avenue, highway or other property belonging to the City.

The annual charges shall commence from November 1, 1914.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between November 1, 1914, and December 31, 1914, shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the streets and avenues mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues, or within the districts hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned either in whole or in part, or leased or sub-let in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything therein contained to the contrary notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the pipes, conduits and appurtenances of the Company constructed pursuant to this contract within the streets, avenues or other property of the City shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its pipes, conduits and appurtenances constructed pursuant to this contract and the said streets, avenues or other property of the City shall be restored to their original condition at the sole cost and expense of the Company.

Should the Company at any time discontinue the use of any pipes or conduits at any time constructed or used by it within either of the districts specified in this contract, the Company shall, at its own expense, immediately on such discontinuance remove such pipes or conduits from the streets and restore the surface of the streets to its original condition.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said pipes or conduits, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues or other property of the City in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the pipes or conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City and should the said

pipes or conduits in any way interfere with the construction of public works in the streets, avenues or other property of the City, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the pipes, conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the pipes or conduits and the appurtenances thereof.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall cause a test to be made of the pipes hereby authorized whether laid within conduits or separately whenever required by and under the supervision of the Commissioner of Water Supply, Gas and Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and endorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fourteenth—The Company shall not charge consumers more than the following rates for refrigeration to be furnished to boxes properly insulated at a temperature not lower than 32 degrees Fahrenheit:

Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet.

Two (2) cents per month per cubic foot for boxes of over 500 cubic feet, but less than 1,500 cubic feet.

One (1) cent per month per cubic foot for boxes of 1,500 cubic feet and over.

These rates shall not apply to boxes located above the first floor of any building.

During the term of this contract the Board shall have absolute power to regulate the minimum and maximum rates, provided that such rates shall be reasonable and fair.

Fifteenth—The Company, upon the application for refrigeration of any person, firm or corporation whose premises are located within District Number 1, or if such district be extended as hereinbefore provided, then within such extended district, shall extend its pipes or conduits to such premises and furnish to said applicant refrigeration at the rates herein prescribed or at such rates as may be hereafter fixed by the Board as herein provided. The Company shall not be required, however, to furnish refrigeration to applicants whose premises are located above the first floor of any building.

Nothing contained in this subdivision shall affect the obligations of the Company, as hereinbefore contained, to extend its conduits and pipes outside the present boundaries of District Number 1, so as to furnish refrigeration to the premises of the Steel-Drum Baking Company, known as 42, 43, 44, 45, 159, 160 and 162 Wallabout Market.

Sixteenth—A correct map shall be furnished to the Board by the Company on the first day of February, 1915, showing the exact location of all pipes, conduits and manholes constructed, with reference to the street lines, the curb line, and the street surface, together with a statement of the total length of such pipes and conduits. On the same date of each succeeding year, during the term of this contract, a supplementary map shall be furnished the Board showing all pipes and conduits laid during the preceding year.

Seventeenth—The pipes and conduits hereby authorized shall be used only by the Kings County Refrigerating Company, and for no other purpose than supplying refrigeration.

Eighteenth—The Company shall submit a report to the Board not later than February 1, in each year, for the year ending December 31 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. Number of feet of pipe and conduit now laid.
12. The total amount expended for same.
13. Amount, kind and capacity of machinery now in use and required for operation.
14. The total amount expended for same.
15. Quantity of refrigeration produced during the year and the average price received for same.
16. Quantity used in Company's own warehouses.
17. Quantity furnished to outside consumers.

19. Number of outside consumers supplied.
20. Amounts paid by Company for damages to persons or property on account of construction and operation.
21. Total expenses of operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Nineteenth—The Company shall at all times keep accurate books of account of the gross receipts from the privileges granted under this contract, and on or before February 1 in each year shall make a verified report to the Comptroller of the City of New York of the business done by the Company for the year ending December 31 next preceding in such form as he may prescribe. Such report shall contain the number of feet of pipe and conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twentieth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the pipes and conduits constructed and in use by virtue of this

contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith. Any false entry in the books of the Company or false statement in the reports to the Comptroller as to a material fact knowingly made by the Company shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the franchise.

Twenty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its pipes, conduits and appurtenances as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or the Board in case such pipes, conduits or appurtenances which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-second—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction or operation of the pipes or conduits authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-third—This grant is upon the express condition that the Company, before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five hundred dollars (\$500), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board, acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof, or to give notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract, or its neglect or refusal to comply with any notice or direction of the Board, or other municipal officials, given or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force in such case, and in any of these events, the Company shall pay to the City a penalty of one hundred dollars (\$100) for each violation, which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five hundred dollars (\$500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of penalties are in addition to the right to forfeit the franchise conferred by Section 3, Twentieth, of this contract.

Twenty-fourth—The grant of this franchise, so far as it shall affect the Wallabout Market lands, is and shall be subject to such further conditions, restrictions, agreement or consent as the Comptroller may see fit to impose or require, pursuant to the authority and control over the lands of the Wallabout Market vested in him by the Charter of the City.

Twenty-fifth—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-sixth—The words "streets or avenues" and "streets and avenues" wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement" included in the districts hereinabove described, and under the surface of or in which authority is hereby given to the Company to construct or maintain its pipes or conduits.

Twenty-seventh—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

SECTION 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, con-

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, stinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all the materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.
