The President laid before the Board the following petition of the Broadway, Lexington and Fifth Avenue Railroad Company :

*The Honorable the Mayor, Aldermen and Commonalty of the City of New York :*

The petition of the Broadway, Lexington and Fifth Avenue Railroad Company respectfully represents—

That, pursuant to an act entitled "An act to provide for the construction, extension, maintenance and operation of street surface railroads and branches thereof in cities, towns, and villages," passed May 6, 1884, the said Company has duly signed "Articles of Association" with the Secretary of State, as more fully appears by a certificate under the hand and seal of office of said Secretary of State, ready to be produced as your Honorable Body may require, as well as a duly certified copy of the said articles under the hand and seal of office of the said Secretary of State, showing that the said articles were duly filed and recorded on the 5th day of July, A. D. 1884.

That, pursuant to the said act the said articles designated the City of New York, in the County of New York, as the place for the construction of said roads, and gave the names of the streets and avenues in which surface railroads are to be constructed and the length of said road as near as may be, as follows :

First—From the Battery, adjacent to the Bay of New York, running through Broadway to Fourteenth street in said city, running east on Fourteenth street to Fourth avenue ; thence on Fourth avenue to Sixteenth street ; thence through Sixteenth street to Lexington avenue ; the length of this route being about three miles.

Second—From Fourteenth street through Irving place, Gramercy Park and Lexington avenue to One Hundred and Thirty-first street ; the length of this route being about five miles.

MICHAEL DUFFY, } Committee

NEW YORK, August 7, 1884.

The Committee of Public Works, to whom was referred the resolution presented by the owners of property on Lexington avenue, between Ninety-seventh (97th) and Ninety-eighth (98th), and between Ninety-ninth (99th) and One Hundred and Second (102d) streets, and which is as follows :

Resolved, That the grade of Lexington avenue, between Ninety-seventh (97th) and Ninety-eighth (98th) streets, and between Ninety-ninth (99th) and One Hundred and Second (102d) streets, be established in conformity with the red lines and figures as shown upon the accompanying diagram; respectfully

## REPORT :

That we have thoroughly examined the matter of the opening of Lexington avenue, as above referred to, and do find that the diagram accompanying the above resolution, if adopted, would conflict with the grade heretofore adopted by the Board of Street Opening and Improvement, for the opening of said Lexington avenue, between Ninety-eighth (98th) and Ninety-ninth (99th) streets.

And we do also find that the matter of grading Lexington avenue, between Ninety-seventh (97th) and One Hundred and Second (102d) streets, has been the subject of investigation by the Board of Street Opening and Improvement, and that his Honor the Mayor, the Comptroller and the Commissioner of Public Works personally visited and inspected this avenue and the cross streets spoken of in this resolution, for the purpose of establishing the grade thereof, and that at all the meetings of the Board of Street Opening and Improvement relating to the opening of Lexington avenue, between Ninety-seventh (97th) and One Hundred and Second (102d) streets, the property-owners, or a majority of them, along Lexington avenue and the said cross streets, were present, both in person and by counsel, and were granted a hearing in relation to the establishing of said grade.

And we do further find that the Board of Street Opening and Improvement, on the 17th day of May, 1884, resolved that the grade of Lexington avenue, between Ninety-eighth (98th) and Ninety-ninth (99th) streets, be established in accordance with the accompanying map, and we do therefore recommend that the grade of the said Lexington avenue, between Ninety-seventh (97th) and Ninety-eighth (98th), and between Ninety-ninth (99th) and One Hundred and Second streets, be not established in accordance with the resolution offered and the diagram accompanying said resolution, for the reason that the same would conflict with the grade of Lexington avenue, between Ninety-eighth (98th) and Ninety-ninth (99th) streets, heretofore established by the Board of Street Opening and Improvement.

We annex hereto, as a part of this report, a copy of the map adopted by the said Board, showing the said grade as established by the said Board.

Respectfully submitted,

, Chairman.

Which was laid over.

The Committee on Railroads, to whom was referred, by your Honorable Body, the application of the Broadway Surface Railroad Company, for the consent of the Common Council that the said Company may construct a railroad in Broadway and operate the same upon the routes set forth in its articles of association, respectfully

## REPORT :

Your Committee have heard the various parties who came before them in support of the application and in opposition thereto.

Your Committee are of the opinion that an urgent necessity exists for a railroad in Broadway. The principal hotels, the places of amusement and the most important retail trade of the city have removed from Broadway to the central streets north of Fourteenth street, upon which surface railroads are in operation. It is also evident from the overcrowded condition of all the railroad lines running up-town from the City Hall Park on the routes east and west of Broadway, that relief by means of a surface road in this central thoroughfare is indispensable.

Your Committee are very clear in the opinion that the consent of the Common Council should be given to the Broadway Surface Railroad Company. The large experience of the promoters of that Company, in the management of surface railroads, give assurance of a railroad that will be operated efficiently and acceptably. A very important consideration in favor of this Company is its proposed connection with the existing Broadway and Seventh Avenue Railroad at Fifteenth street, thus affording a continuous route from the South Ferry to the Central Park for a single fare of five cents. This Company proposes to operate a horse railroad, and the experience of other active business streets shows that the present necessity demands this mode of conveyance. Other modes and other motors are either wholly untried in New York or are manifestly unsuited to this busy highway. Aside from this consideration, the claims of the Cable Company, which have been submitted to us, do not commend themselves to our judgment, both because serious questions exist respecting the power of that Company to operate a railroad in Broadway at all, and because the other routes that have been awarded to that Company, are of vast and unprecedented extent, and it cannot be for the interest of the city to create a monopoly of such enormous proportions. Furthermore, if, in the future, a new and improved motor shall be found, the law of 1884 under which the Broadway Surface Railroad Company was organized, provides for its adoption by that Company, with the consent of property-owners and the local authorities.

Your Committee, therefore, beg leave to offer the following resolutions for your adoption :

Whereas, The Broadway Surface Railroad Company, pursuant to chapter 252 of the Laws of 1884, applied to this Board for its consent that the said Company may construct, maintain and operate a railroad in the streets and avenues in the City of New York, hereinafter mentioned; and

Whereas, Due notice has been given as required by the act aforesaid, that such application would be considered at the chamber of this Board on the fifth day of August, 1884, at eleven o'clock A. M.; and

Whereas, At the time and place so designated such application was considered and all persons desirous of being heard in reference thereto were heard;

Resolved, That the consent of this Board be and the same is hereby given that the said The Broadway Surface Railroad Company may construct, maintain, operate and use a railroad with double

tracks upon and along the surface of the following streets, avenues and highways, namely: Commencing at the southerly end of Broadway, near the Battery, and running thence with double tracks through and along Broadway and across Fourteenth street to and along Union Square to a point at or near the intersection of Fifteenth street and West Union Square, there to connect with the now existing tracks in Union Square or Broadway, which run through Union Square, Broadway and Seventh avenue to Central Park or Fifty-ninth street, together with the necessary switches, sidings, turn-outs, turn-tables and suitable stands for the convenient working of such road, and also to connect at its southerly end with the now existing railroad tracks in Whitehall street, State street and Battery place, in such manner as that, by agreements between the owners of the respective tracks, passengers may be carried from South Ferry to the Central Park over a continuous railroad route, and for a single fare of five cents for the transportation of each passenger over the whole or any portion of said route.

Resolved, That this consent is given upon the condition that this Company shall comply with the provisions of chapter 252 of the Laws of 1884, applicable thereto.

The Committee on Finance, to whom was referred the Assessment Rolls of the real and personal estate subject to taxation of and within the City and County of New York in the year 1884, transmitted to the Board of Aldermen by the Commissioners of Taxes and Assessments, July 7, 1884, and also a statement transmitted by the Comptroller, June 7, 1884 (presented June 12, 1884), setting forth the amounts by law authorized to be raised by tax in the said year 1884, on account of the Corporation of the City of New York, for City and County purposes, and also an estimate of the probable amount of receipts into the City Treasury during said year, from all the sources of revenue of the General Fund, respectfully submit the following

## REPORT :

The assessed valuations of the real and personal estate subject to taxation within the City and County of New York, for the year 1884, amount, as shown by the said Assessment Rolls, to the sum of thirteen hundred and thirty-eight million two hundred and ninety-eight thousand three hundred and forty-three dollars (\$13,388,298,343), being an increase of sixty-one million six hundred and twenty-one thousand one hundred and seventy-nine dollars (\$61,621,179), as compared with the assessed valuations for the preceding year, 1883.

The total amount of appropriations included in the Final Estimate for the year 1884, made and adopted by the Board of Estimate and Apportionment on December 31, 1883, is thirty-four million four hundred and sixty thousand one hundred and sixty-five dollars and sixty cents (\$34,046,165.60).

The estimated amount of the revenues of the General Fund for the reduction of taxation, in the year 1884, is two million dollars (\$2,000,000). In addition to this sum to be deducted from the Final Estimate for the year 1884, the Board of Estimate and Apportionment has transferred to the General Fund the sum of two million six hundred and seventy-eight thousand and two dollars and twenty-three cents (\$2,678,002.23), being the aggregate amount of balances of appropriations made prior to the year 1883, remaining unexpended on the 31st day of December of that year, pursuant to the provisions of section 207 of the New York City Consolidation Act of 1882.

The Board of Estimate and Apportionment has adjusted and determined, by a resolution adopted May 19, 1884, the claim of Jacob A. Hatzel against the City of New York for salary as Alderman for the Sixth Senate District, in the year 1879, at the sum of five thousand and fifty dollars (\$5,050), to be included in the tax levy for the year 1884, pursuant to chapter 139 of the Laws of 1884.

By chapter 528 of the Laws of 1884, provision is made to pay the claim of John Foley for his salary as a Supervisor of the County of New York, so far as the Comptroller shall find the said salary has not been heretofore paid, the same to be included in the estimate of the City of New York for 1884, upon the certificate of the Comptroller.

The Comptroller has this day certified the amount of said claim at the sum of sixteen thousand three hundred and sixty-nine dollars and ninety-one cents (\$16,369.91), under the provisions of said act. The payment of said claim will, however, be subject to the decision of the Supreme Court upon its constitutionality.

The Board of Aldermen is directed to provide for deficiencies in the actual product of taxes, arising from insolvencies, discounts, erroneous assessments, etc., under the provision of section 830 of the "New York City Consolidation Act of 1882," which is as follows :

"It shall be the duty of the Board of Aldermen of the County of New York, to include in any and every ordinance passed by them, imposing and levying taxes for any purpose of purposes authorized by law, within the City and County of New York, such sum, in addition to the aggregate amount required for such purposes as they shall deem necessary, not exceeding three per cent. of said aggregate amount, to provide for deficiencies in the actual product of the amount imposed and levied therefor."

Your Committee have conferred with the Comptroller relative to the sum necessary to cover deficiencies in the collection of taxes of the present year, and would recommend that for this purpose the sum of six hundred and one thousand five hundred and eighty-nine dollars and fifty-seven cents (\$601,589.57) be added to and included in the amount required to be raised by tax for the support of the government of the City and County of New York and for other purposes, in and for the year 1884.

The amount required to be raised by tax in the year 1884 is twenty-nine millions nine hundred and ninety-one thousand one hundred and seventy-two dollars and eighty-five cents (\$29,991,172.85), as follows :

Aggregate amount of appropriations in the Final Estimate for 1884.....	\$34,046,165 60
Deduct estimated amount of revenues of the General Fund for 1884.....	\$2,000,000 00
Deduct amount of unexpended balances of appropriations, made prior to 1883, transferred to the General Fund.....	2,678,002 23
	4,678,002 23
Add amount required to pay claims against the City, pursuant to chapters 139 and 528, Laws of 1884.....	21,419 91
Add estimated amount of deficiencies in the actual product of taxes, as provided by section 830 of the New York City Consolidation Act of 1882.....	601,589 57

Total amount of taxes to be imposed and levied on real and personal estates within the City and County of New York, in the year 1884..... \$29,991,172 85

Section 3 of chapter 361 of the Laws of 1881 provides that "Every corporation, joint-stock company or association whatever, now or hereafter incorporated or organized under any law of this State, or now or hereafter incorporated or organized by or under the laws of any other State or country and doing business in this State, except savings banks, and institutions for savings, life insurance companies, banks and foreign insurance companies, and manufacturing corporations carrying on manufacture within this State, which exception shall not be taken to include gas companies or trust companies, shall be subject to and pay a tax, as a tax upon its corporate franchise or business, into the Treasury of the State annually."

Section 8 of chapter 361 of the Laws of 1881 also provides that personal estate of such corporations, joint-stock companies or associations, doing business in the State of New York, which "shall hereafter be exempt from assessment and taxation for State purposes, except upon their real estate and as herein provided, but they shall in all other respects be liable to assessment and taxation as heretofore."

The amount of the assessed valuations of the personal estate of such corporations, joint-stock companies or associations, doing business in the City of New York, which are exempt, in the year 1884, from taxation by said city for "State purposes," as provided by said statute, is thirty-seven millions thirty-two thousand two hundred and thirteen dollars (\$37,032,213), according to the books of the Comptroller of the State, showing what corporations are subject to the State tax under said section 3 of chapter 361 of the Laws of 1881.

Under these provisions of law it becomes necessary to impose and levy two rates of taxation, one rate upon the estates, real and personal, subject to taxation within the City and County of New

York, in the year 1884, except the personal estates of corporations, joint-stock companies or associations, which are exempt thereon from taxation for State purposes, and another rate upon such personal estates.

The rates of taxation which will produce the amount of taxes required to be raised in the year 1884, amounting to twenty-nine millions nine hundred and ninety-one thousand one hundred and seventy-two dollars and eighty-five cents (\$29,991,172.85), is as follows:

Upon the aggregate assessed valuations of real and personal estates, other than the personal estates of corporations, joint-stock companies or associations exempt from taxation thereon for State purposes, amounting to the sum of one thousand three hundred and one million two hundred and sixty-six thousand one hundred and thirty dollars (\$1,301,266,130), is 2.25 per centum, and upon the assessed valuations of the personal estates of such corporations, joint-stock companies or associations, amounting to the sum of thirty-seven millions thirty-two thousand two hundred and thirteen dollars (\$37,032,213), is 1.9245 per centum.

An ordinance embodying the objects and recommendations of this report has been prepared, and is herewith submitted for adoption.

To the Honorable the Board of Aldermen of the City of New York:

the sinking fund for the payment of the city debt, and the said board of aldermen are hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and cause to be raised by tax in said year for the purposes aforesaid, and to cause to be raised by tax only the balance of said aggregate amount, after making such deduction."

August 4, 1884.

To the Honorable the Board of Aldermen of the City of New York:

I have the honor to submit to your Honorable Body a certificate of the amount I have found to be due to John Foley on account of his claim for salary as a Supervisor of the County of New York under the provisions of chapter 528 of the Laws of 1884, a copy of which is herewith transmitted.

The law provides that the amount found due shall be included in the Estimate for the year 1884, but the payment of said claim will, however, be subject to the decision of the Supreme Court upon the constitutionality of said act.

Respectfully,

S. HASTINGS GRANT, Comptroller.

To the Honorable the Board of Aldermen of the City of New York:

I, S. Hastings Grant, Comptroller of the City of New York, do hereby certify, in pursuance of chapter 528 of the Laws of 1884, that I have examined into the facts and circumstances relating to the claim of John Foley for his salary as a Supervisor of the County of New York, and have ascertained the amount of such salary as the same was fixed by law in 1869, for so much of the period for which the said John Foley was elected to said office as preceded January 1, 1875, and I find and certify that such salary, as fixed by law in 1869, was two thousand dollars (\$2,000) per annum, and that the amount of the salary of a Supervisor for the period for which said John Foley was elected prior to January 1, 1875, was ten thousand dollars (\$10,000). That the interest on said salary to August 1, 1884, was eight thousand dollars (\$8,000), making a total of eighteen thousand dollars (\$18,000). That the amount of such salary, which has been paid is ten hundred and twenty-two dollars and twenty-one cents (\$1,022.21), the interest on which from June 6, 1875, when the same was paid, is six hundred and seven dollars and eighty-eight cents (\$607.88), making a total of sixteen hundred and thirty dollars and nine cents (\$1,630.09), leaving a balance of sixteen thousand three hundred and sixty-nine dollars and ninety-one cents (\$16,369.91), which sum I find and hereby certify to be the amount of such salary as aforesaid for the period aforesaid, with interest, which has not been heretofore paid; and in pursuance of the provisions of said act, I make this certificate of the amount to be included in the estimate of the amount to be raised by tax in the year 1884, in addition to the amount certified on the 7th day of June, 1884.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION  
RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES  
IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PRO-  
VIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract  
awarded to, any person who is in arrears to the Corpora-  
tion upon debt or contract, or who is a defaulter, as  
surety or otherwise, upon any obligation to the Corpora-  
tion.

The award of the contract will be made as soon as  
practicable after the opening of the bids.  
Delivery will be required to be made from time,  
and in such quantities as may be directed by the said  
Commissioners.

Any bidder for this contract must be known to be en-  
gaged in and well prepared for the business, and must  
have satisfactory testimonials to that effect; and the  
person or persons to whom the contract may be awarded  
will be required to give security to the Corporation upon  
debt or contract, or who is a defaulter, as surety or  
otherwise, upon any obligation to the Corporation, in the  
penal amount of fifty (50) per cent. of the estimated  
amount of the contract.

Each bid or estimate shall contain and state the name  
and place of residence of each of the persons making the  
same; the names of all persons interested with him or them  
therein; and if no other person be so interested, it shall  
distinctly state that fact; also that it is made without any  
connection with any other person making an estimate for  
the same purpose, and is in all respects fair, and without  
collusion or fraud; and that no member of the Common  
Council, Head of a Department, Chief of a Bureau, Deputy  
thereof, or Clerk therein, or other officer of the Corpora-  
tion, is directly or indirectly interested therein, or in the  
supply or work to which it relates, or in any portion of  
the profits thereof. The estimate must be verified by the  
oath, in writing, of the party or parties making the  
estimate, that the several matters stated therein are in all  
respects true. Where more than one person is interested,  
each of the parties interested shall so verify the estimate.

Each bid or estimate shall be accompanied by the con-  
sent, in writing, of two householders or freeholders in the  
City of New York, with their respective places of busi-  
ness or residence, to the effect that if the contract be  
awarded to the person making the estimate, they will, on  
its being so awarded, become bound as his sureties for its  
faithful performance; and that if he shall omit or refuse to  
affirm the same, they shall pay to the Corporation any  
difference between the sum to which he would be entitled  
on its completion and that which the Corporation may be  
obliged to pay to the person or persons to whom the con-  
tract shall be awarded, and shall be liable for the amount  
in each case to be calculated upon the estimated amount  
of the work by which the bids are tested. The consent  
above mentioned shall be accompanied by the oath or affir-  
mation, in writing, of each of the persons signing the  
same, that he is a householder or freeholder in the City  
of New York, and is worth the amount of the security re-  
quired for the completion of this contract over and above  
all his debts and liabilities, and that he has offered him-  
self as a surety in good faith and with the intention to  
execute the bond required by section 12 of chapter 7 of  
the Revised Ordinances of the City of New York, if the  
contract shall be awarded to the person or persons for  
whom he consents to become surety. The adequacy and  
sufficiency of the security offered to be approved by the  
Comptroller of the City of New York.

No bid or estimate will be considered unless accom-  
panied by either a certified check upon one of the  
National banks of the City of New York, drawn to the  
order of the Comptroller, or money to the amount of five  
per cent. of the sum of the estimate required for the  
faithful performance of the contract. Such check or money  
must not be included in the sealed envelope containing the  
estimate, but must be handed to the officer or clerk of the  
Department who has charge of the Estimate-box, and no  
estimate can be deposited in said box until such check or  
money has been examined by said officer or clerk and  
found to be correct. All such deposits, except that of the  
successful bidder, will be returned to the persons mak-  
ing the same within three days after the contract is  
awarded. If the successful bidder shall refuse or neglect  
within five days after notice that the contract has been  
awarded to him to execute the same, the amount of the  
deposit made by him shall be forfeited to and retained by  
the City of New York as liquidated damages for such  
neglect or refusal; but, if he shall execute the contract  
within the time aforesaid, the amount of his deposit will  
be returned to him.

Should the person or persons to whom the contract may  
be awarded neglect or refuse to accept the contract within  
five days after written notice that the same has been  
awarded to his or their bid or proposal, or if he or they  
accept but do not execute the contract and give the per-  
sonal security, he or they shall be considered as having  
abandoned it and as in default to the Corporation, and the  
contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares, and  
merchandise must conform in every respect to the sam-  
ples of the same, respectively, at the office of the said  
Department, and the person or persons making the same  
specifications for particulars of the articles, etc., re-  
quired, before making their estimates.

Bidders will state the prices for each article, by which  
bids will be received and relet as provided by law.

Bidders will write out the amount of their estimate, in  
addition to inserting the same in figures.

Payment will be made by a requisition on the Com-  
ptroller, issued on the completion of the contract, or from  
time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifi-  
cations will be allowed, unless under the written instruc-  
tion of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and  
showing the manner of payment, can be obtained at  
the office of the Department.

Dated New York, August 4, 1884.
