Approval of Minutes (Cal. No. 1).

The Minutes of meeting held June 15, 1917, were approved as printed in the City Record on June 27, 1917.

REPORTS.

From Standing Committees.

Committee on Corporate Stock Budget.

Department of Plant and Structures—Appropriation to Provide Increase in Rate for Bridge Mechanics, Etc., and Modification of Schedule (Cal. No. 2).

The Secretary presented a communication, dated June 12, 1917, from the Commissioner of Plant and Structures, requesting transfer of \$447.20 from the Fund for Salary and Wage Accruals, to provide for an increase in the salary of Bridge Mechanics, Housesmiths or Bridgemen and Riveters employed under the corporate stock schedules of the department; and the following report of the Committee on Corporate Stock Budget relative thereto:

June 25, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 12, 1917, the COMMISSIONER OF PLANT AND STRUCTURES requested transfer of funds from the General City Accrual Account. On the same date the request was verbally changed to provide for an issue of corporate stock, pursuant to the provisions of section 169 of the Greater New York Charter. The Bureau of Personal Service reports thereon as follows:

"Purpose—To provide \$447.20 for increase in rate from \$5.30 per day to \$5.50 per day for Bridge Mechanics, Housesmiths or Bridgemen and Riveters employed under the corporate stock schedules of the department.

"Reason—On January 19, 1917, the Board of Estimate and Apportionment requested the heads of City departments in which Bridge Mechanics, Housesmiths or Bridgemen and Riveters are employed to provide for the compensation of such workmen beginning January 1, 1917, at the rate of \$5.50 per day, and at the same time requested the Board of Aldermen to establish, pursuant to section 56 of the Greater New York Charter, that rate for such employees in all City departments. On February 20, 1917, the Board of Aldermen, in accordance with the request of the Board of Estimate and Apportionment, and pursuant to the provisions of section 56 of the Greater New York Charter, established the grade of positions of Bridge Mechanic, Housesmith and Bridgeman and Riveter at \$5.50 per day in all City departments.

"Finding—Under Code No. 2758C for 1917 a total of 2,236 days of Bridge Mechanic, Housesmith or Bridgeman and Riveter remain to be provided for at a rate of \$5.50 per day. The increase necessary to be provided by an authorization of corporate stock is 20 cents per day for 2,236 days, or a total of \$447.20."

Recommendation—In view of the above report the Committee recommends that the request be granted by the adoption of the attached resolutions. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, President, Board of Aldermen; DOUGLAS MATHEWSON, President, Borough of The Bronx; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Corporate Stock Budget.

On motion Rule 19 was waived in this matter and the following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 169 of the Greater New York Charter, hereby appropriates the sum of four hundred and forty-seven dollars and twenty cents (\$447.20) for the purpose of providing means for the payment by the Department of Plant and Structures during the year 1917 for Wages, Temporary Employees, Construction, Corporate Stock Force, said fund to be disbursed in accordance with the 1917 budget schedule 2758C, and the Comptroller be and is hereby authorized to issue, pursuant to section 169 of the Greater New York Charter, serial bonds of the City of New York to the amount of one hundred and eleven dollars and eighty cents (\$111.80), redeemable in fifteen equal annual installments, being one-quarter of such total authorization, and that the remaining three-quarters thereof, viz., three hundred and thirty-five dollars and forty cents (\$335.40), shall be included in the annual tax levies in the manner provided by section 189 of the Greater New York Charter.

Which was adopted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Department of Plant and Structures, for the year 1917, as follows:

Department of Public Charities—Transfer of Appropriation and Modification of Schedules (Cal. No. 5).

The Secretary presented a communication, dated April 28, 1917, from the Acting Commissioner of Public Charities, requesting modification of schedules, involving a transfer of funds within the appropriation for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof:

June 15, 1917.

To the Board of Estimate and Apportionment:
Gentlemen—On April 28, 1917, the DEPARTMENT OF PUBLIC CHARITIES requested modification of Codes Nos. 1894, 1900 and 1901 for 1917. The Bureau of Personal Service reports thereon as follows:

"Purpose—To transfer \$120 balance unassigned from Code No. 1900 and \$120 balance unassigned from Code No. 1901 to Code 1894.
"Reason—To increase the compensation of Florentine J. McAnana, Teacher, Children's Hospital and School, Blackwell's Island, from \$720 to \$960.
"Finding—Miss McAnana was appointed a Teacher at \$500 January 10, 1890. On March 1, 1898, she was promoted to the \$750 rate. On May 1, 1902, her compensation was reduced to \$600. On December 31, 1903, she was dismissed from the service, and on September 11, 1905, was reinstated. On January 1, 1900, her salary was increased to \$750, and on April 16, 1912, was further increased to \$1,500. On September 1, 1916, the allowance for her position was reduced to \$960, when the lump sum of \$136,954 for Salaries and Wages of the Medical Director and staff of employees at Randall's Island was segregated and classified. Miss McAnana then declined to continue in the service at the reduced rate. On March 26, 1917, she accepted reinstatement at \$720, the minimum of the grade, with the expectation that her compensation would be increased to \$960, the rate she had previously declined. Miss McAnana has been employed as a Teacher for over twenty-five years. The duties she is now performing at \$720 are the same she performed at the higher rate. She teaches two mixed ungraded classes, aggregating 40 children, ages from 5 to 12 years. The Teachers at Randall's Island do not now receive maintenance. No increase above budget appropriation is involved. It would seem that Miss McAnana's long service and experience as a teacher entitles her to receive this partial restoration of salary."
Recommendation—In view of the above report the Committee recommends that the request be granted by the adoption of the attached resolutions. Respectfully,
WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, Mayor;
LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated to the Department of Public Charities for the year 1917, as follows:

Fire Department—Modification of Schedule (Cal. No. 6).

The Secretary presented a communication, dated May 17, 1917, from the Fire Commissioner, requesting modification of schedule for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof:

June 19, 1917.

To the Board of Estimate and Apportionment:
Gentlemen—On June 7, 1917, the FIRE COMMISSIONER requested modification of a salary code for 1917.

The Bureau of Personal Service reports thereon as follows:
"Purpose—In No. 1658 to eliminate a position of Batteryman's Assistant at \$1,080, and to add a position of Inspector of Fire Alarm Boxes at \$1,140, the necessary \$60 being provided for in the balance unassigned in the account.
"Reason—To change the title of Stephen J. Healy from Batteryman's Assistant to that of Inspector of Fire Alarm Boxes, in order that his title may conform with the work which he is performing.

"Finding—The request is proper and necessary. The \$1,140 rate is the minimum for the work performed."

Recommendation—In view of the above report, the Committee recommends the adoption of the attached resolution approving the request. Respectfully,
ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

President, Borough of Manhattan—Transfer of Appropriation (Cal. No. 7).

The Secretary presented a communication, dated June 13, 1917, from the Acting President, Borough of Manhattan, requesting the transfer of funds within appropriation for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

June 23, 1917.

To the Board of Estimate and Apportionment:
Gentlemen—On June 13, 1917, the Acting President of the Borough of Manhattan requested transfer of funds within appropriations to his office for the year 1917.

The Bureau of Contract Supervision, to which this request was referred on June 15, 1917, reports thereon as follows:

"It is proposed to transfer \$5,000 from Code No. 424TS, General Repairs; \$4,000 of this amount is to go to Code No. 407TS, Motor Vehicles and Equipment, and \$1,000 to Code No. 409, Wearing Apparel.

"Code No. 407—The unencumbered balance in this account is \$32.86. An analysis of the expenditures and outstanding open market orders discloses that the depletion of the account is due to the purchase of parts for the repair of tractors and trailers and the various automobiles now used by the department. The transfer in the amount requested is necessary to provide additional parts for the overhauling of tractor No. 7, four new sets of chains, new parts required during the remainder of the year, estimated at \$200 per month, and tires and tubes for all the automobiles of the department.

"Code No. 409—The unencumbered balance in this account is \$10.86. Transfer is requested in order to provide for the purchase of uniforms for elevatormen, and for the attendants at the baths and comfort stations. These uniforms are all three years old, are worn out and beyond repair. There is also the necessity of providing funds for the purchase of oil skins to be used by sewer and basin cleaning gangs in stormy weather.

"A sufficient excess balance remains in account No. 424 to permit of the debit transfer."

I recommend the adoption of the attached resolution granting the request. Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated to the office of the President of the Borough of Manhattan for the year 1917, as follows:

424TS General Repairs	\$4,000 00
TO	
407TS Motor Vehicles and Equipment	\$4,000 00

Which was adopted by the following vote:
Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The matter of the transfer of funds to provide for the purchase of uniforms for Elevatormen and Attendants at the baths and comfort stations was laid over to Friday, June 29, 1917.

Fund for Salary and Wage Accruals; Board of City Record—Transfer of Appropriation (Cal. No. 8).

The Secretary presented a communication dated May 16, 1917, from the Supervisor of the City Record requesting a transfer within appropriations for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

June 21, 1917.

To the Board of Estimate and Apportionment:
Gentlemen—On May 16, 1917, the Deputy and Acting Supervisor of the City

Record requested transfer of funds within appropriations to his office for the year 1917. The Bureau of Contract Supervision reports thereon as follows:

"It is proposed to transfer \$500 from Code 2999, Printing, Stationery, Blank Books and Publication of the CITY RECORD to Code 2996, Expressage and Deliveries, in which there is a balance of only \$37.

"The depletion of this account is due to the fact that the contract for delivery of packages in Manhattan, Bronx, Brooklyn and Queens is \$220 over the amount provided in the budget, and that the expressage of packages to Richmond and cartage on returned and miscellaneous packages are considerably in excess of the amounts requested by and allowed to the department in the budget.

"It is inadvisable to transfer any funds from Code 2999, Printing, Stationery, Blank Books and Publication of the CITY RECORD, as requested, as the present balance in this fund of \$130,823.38 will probably be insufficient to meet the demands on this code for the balance of the year. The amount provided in the budget is the same as that requested by the department, but owing to the increased cost of paper and printing the allowance appears to be insufficient.

"It is suggested, therefore, that the necessary \$500 be provided from the Fund for Salary Accruals."

I recommend the adoption of the attached resolution transferring the sum of \$500 from Code 3039, Fund for Salary and Wage Accruals for the purpose of the request, which requires the unanimous vote of your Board.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated for the year 1917, as follows:

FROM	
3039 City Fund for Salary and Wage Accruals from Schedule Supported Appropriations to be expended as provided in the budget resolutions Herewith	\$500 00
TO	
BOARD OF CITY RECORD, CITY OF NEW YORK. Transportation.

Armory Board—Transfer of Appropriation (Cal. No. 9).

The Secretary presented a communication dated June 15, 1917, from the Secretary, Armory Board, requesting the transfer of funds within appropriation to said Board for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

June 22, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 15, 1917, the Secretary of the Armory Board requested the transfer of \$337 within appropriations to said Board for the year 1917.

The Bureau of Contract Supervision, to which this request was referred on June 18, 1917, reports thereon as follows:

"It is proposed to construct four large birch wood lockers in the Headquarters, Second Brigade, in the 23rd Regiment Armory, which are necessary to provide storing space for the equipment of fifteen men assigned to these Headquarters.

"The amount requested, \$337, was lowest of six bids received for the work. "There is sufficient unencumbered balance in the account to be debited to permit of the transfer."

I recommend the adoption of the attached resolution granting the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated to the Armory Board for the year 1917, as follows:

FROM

Fund for Salary and Wage Accruals; Fire Department—Transfer of Appropriation (Cal. No. 10).

The Secretary presented a communication dated May 23, 1917, from the Fire Commissioner, requesting a transfer of funds within appropriation for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

June 23, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 14, 1917, the Fire Commissioner requested transfer of funds within his department for the year 1917.

The Bureau of Contract Supervision, to which this request was referred on June 15, 1917, reports thereon as follows:

"The request proposed the transfer of \$150 from Code No. 1694, Repairs and Replacements, to Code No. 1700, Contingencies.

"Code No. 1700 is exhausted. The depletion of this account is due to the expenditure of \$218 for special services rendered to the Fire Marshal in connection with the detection of crime of firebugs. Transfer is necessary to provide funds for the payment of minor incidental expenses.

"However, investigation has disclosed that there is no excess balance in Code 1694. In fact, a request for additional funds for cement floors and other work properly chargeable to this fund is pending.

"It is therefore suggested that funds be provided by transfer from Code No. 3039, Miscellaneous, City Fund for Salary and Wage Accruals."

I recommend the adoption of the attached resolution granting the transfer from account No. 3039, which requires the unanimous vote of your Board.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated for the year 1917, as follows:

Department of Street Cleaning—Transfer of Appropriation (Cal. No. 11).

The Secretary presented a communication dated June 19, 1917, from the Acting Commissioner of Street Cleaning, requesting the transfer of funds within appropriation to that Department for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

June 23, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 19, 1917, the Acting Commissioner of Street Cleaning re-

quested transfer of funds within appropriations to his department for the year 1917.

The Bureau of Contract Supervision to which this request was referred on June 22, 1917, reports thereon as follows:

"The request proposes the transfer of \$14,100 from Code No. 2353, Motor Vehicle Supplies; \$100 of this amount is to go to Code No. 2352, Laundry, Cleaning and Disinfecting Supplies, and \$14,000 to Code No. 2361, Other Materials.

"Code No. 2352—This account is exhausted. The transfer is necessary in order to provide for the purchase of disinfectant used at the dumps.

"Code No. 2361—The unencumbered balance in this account is approximately \$1,140. The depletion of this account is due to increased prices of materials and to the purchase of about \$4,000 worth of lumber used in connection with dock repairs which was not provided for in the budget. There was also expended an excess of \$800 over the budgetary provision in electrical materials in the substitution of electric lights for gas at the section stations and for lighting the dumps. The transfer is necessary in order that a contract in the sum of \$9,602.65 for sweeping machine parts may be registered, and to provide funds for the issuance of open market orders for lumber, paints, electrical materials, and dump wagon parts which are immediately required, and for other materials which may be required during the remainder of the year.

"It is stated by the Acting Commissioner that there is an apparent excess balance in Code No. 2353, the unencumbered balance in this account being \$53,903.86, the total expenditures and outstanding liabilities amounting to approximately \$20,000 for practically the first half of the year. This excess is due to the inability of the department to secure prompt deliveries of new motor equipment."

I recommend the adoption of the attached resolution granting the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Street Cleaning for the year 1917, as follows:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Public Service Commission for the First District—Approval of Agreement Modifying Contract with the Cranford Company for Construction of Section 1A, Route 12, of the Broadway-Fourth Avenue and Eastern Parkway Rapid Transit Railroad (Cal. No. 12).

The Secretary presented a report of the Deputy and Acting Comptroller recommending that the Board consent to the proposed agreement, approved by the Public Service Commission on June 20th, 1917, modifying the contract dated May 4, 1914, of the Cranford Company for the construction of section No. 1-A of Route No. 12 of the Broadway-Fourth Avenue and Eastern Parkway Rapid Transit Railroad; and stating that the purpose of this agreement is to provide for the return to the contractor of Corporate Stock deposited in lieu of an equal amount of money reserved and retained from partial payments made to the contractor in consideration of the contractor releasing the City from claims for damages, etc.

Which was laid over to Friday, June 29, 1917.

From Bureau of the Board.

Bureau of Contract Supervision.

Department of Parks, Boroughs of Manhattan and Richmond—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 13).

The Secretary presented a communication, dated June 19, 1917, from the Commissioner of Parks, Boroughs of Manhattan and Richmond, transmitting contract, plans, specifications and estimate of cost (\$2,000), for furnishing all labor and materials necessary to make alterations and repairs to the Arsenal Restaurant in Central Park, Borough of Manhattan; and the following report of the Bureau of Contract Supervision recommending approval thereof:

June 22, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 19, 1917, you referred to the Bureau of Contract Supervision a communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting approval of form of contract, plans, specifications and estimate of cost in the amount of \$2,000 for furnishing all labor and materials necessary to make alterations and repairs to the Arsenal Restaurant in Central Park, Borough of Manhattan, the cost to be charged to the revenue bond fund provided for this purpose and entitled "R.D.P.—16-C, Revenue Bond Fund for Department of Parks, Manhattan and Richmond, Repairs to Arsenal Restaurant in Central Park, 1917."

The proposed work consists of new roofing, flooring, partitions, doors and windows, installation of electric lights, general repairs to exterior and interior and painting.

The form of contract, plans and specifications are satisfactory and the estimated cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the form of contract, plans and specifications for furnishing all labor and material necessary to make alterations and repairs to the Arsenal Restaurant in Central Park, Borough of Manhattan, at an estimated cost of two thousand dollars (\$2,000); said work to be done under the jurisdiction of the Commissioner of Parks, Boroughs of Manhattan and Richmond, and the cost to be charged to the fund entitled "R.D.P.—16-C, Revenue Bond Fund for Department of Parks, Manhattan and Richmond, Repairs to Arsenal Restaurant in Central Park, 1917," provided, that if no bids are received for said work within the estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment, or any official designated by the Board, provided that any of the bids is within the amount authorized and available for said work.

Which was adopted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Fire Department—Approval of Increased Estimate of Cost (Cal. No. 14).

(On May 4, 1917 (Cal. No. 55), the Board approved the estimate of cost for this work at \$3,000.)

The Secretary presented a communication, dated June 12, 1917, from the Fire Commissioner, requesting approval of an increased estimate of cost (\$3,275), for installation of electric wiring and fixtures for light and power in the Headquarters Building, Borough of Brooklyn; and the following report of the Bureau of Contract Supervision recommending approval thereof:

June 23, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 15, 1917, you referred to the Bureau of Contract Supervision a letter from the Fire Commissioner, dated June 12, 1917, requesting approval of an increased estimate of cost, \$3,275, the lowest of five bids for the installation of electric wiring for light and power, installation of electric and gas fixtures and gas work in the Headquarters Building, Fire Department, 365 Jay street, Brooklyn, which was approved by you at \$3,000 on May 4, 1917.

It is improbable that a lower price can be obtained by readvertising. There is a sufficient unencumbered balance in the fund C. F. D.—26 O to provide for the increased expenditure.

I recommend that the request be approved by the adoption of the attached resolution. Respectfully,
TILDEN ADAMSON, Director.

The following resolution was offered:
Resolved, That the resolution adopted on May 4, 1917, approving the form of contract and specifications and the estimate of cost three thousand dollars (\$3,000) for the installation of electric wiring for light and power, installation of electric and gas fixtures and gas work in the Headquarters Building, Fire Department, 365 Jay street, Brooklyn, under the jurisdiction of the Fire Commissioner, be and hereby is amended by making the estimate of cost read three thousand two hundred and seventy-five dollars (\$3,275).

Which was adopted by the following vote:
Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Department of Health—Expenditure of Corporate Stock Funds (Cal. No. 15).
The Secretary presented a communication dated May 29, 1917, from the Secretary, Department of Health, requesting permission to expend \$704.50 for materials for a Gamewell Fire Alarm Telegraph System for Staff House at Willard Parker Hospital; and the following report of the Bureau of Contract Supervision recommending approval thereof:

June 23, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 1, 1917, you referred to the Bureau of Contract Supervision a letter from the Secretary of the Department of Health, requesting permission to expend the sum of \$704.50 from the corporate stock fund entitled "CDH—19B, Construction of Medical Staff House and Nurses' Home at Willard Parker and Reception Hospitals," for materials for a Gamewell Fire Alarm Telegraph System for the Staff House at the Willard Parker Hospital.

When the building was constructed the necessary conduits were installed, but the fire alarm boxes and wiring were omitted.

It is now proposed to purchase:
14 Subway type fire alarm boxes at..... \$350 00
7 Six-inch Excelsior type gongs at \$35..... 245 00
34 Complete Cells B. T. type storage batteries at \$1.75..... 59 50
Wiring, fittings, hangers, etc..... 50 00

Total..... \$704 50

The labor to install the apparatus can be supplied from departmental help. This work is part of the original construction of the building and may properly be charged to the fund "CDH—19B," in which there is a sufficient unencumbered balance to provide for the proposed expenditure. The sum requested is not excessive.

I recommend that the request be approved by the adoption of the attached resolution. Respectfully,
TILDEN ADAMSON, Director.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to the resolution adopted on July 11, 1912, hereby approves the expenditure by the Commissioner of Health, of a sum not exceeding seven hundred and four dollars and fifty cents (\$704.50) from the corporate stock fund entitled "C.D.H.—19-B, Construction of Medical Staff House and Nurses' Home at Willard Parker and Reception Hospitals," for the purpose of purchasing materials for the installation of a Gamewell Fire Alarm Telegraph System for the Staff House at Willard Parker Hospital.

Which was adopted by the following vote:
Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Department of Water Supply, Gas and Electricity—Expenditure of Corporate Stock Funds (Cal. No. 16).

The Secretary presented three communications, dated June 19, 1917, from the Commissioner of Water Supply, Gas and Electricity, requesting permission to make expenditures from corporate stock funds aggregating \$1,306.89, for laying water pipe and appurtenances in various streets in the Boroughs of Manhattan and The Bronx; and the following report of the Bureau of Contract Supervision recommending approval thereof:

June 22, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 20, 1917, you referred to the Bureau of Contract Supervision three communications from the Commissioner of Water Supply, Gas and Electricity, dated June 19, 1917, requesting permission to make expenditures as follows:

\$547.00 for laying about 300 feet of new twelve-inch water pipe and appurtenances in West 162nd Street, between Riverside Drive and Washington Avenue, Manhattan.
\$267.10 for laying about 250 feet of new eight-inch water pipe and appurtenances in Leland Avenue, between Guerlain Place and Tremont Avenue, Borough of The Bronx.
\$492.79 for laying about 275 feet of new twelve-inch water main and appurtenances in 170th Street, west of Grand Boulevard and Concourse, Borough of The Bronx.

All of these contracts are to be charged against corporate stock fund "C. D. W. 13," in which there is ample balance for the expenditures.

The work is all to provide water for new buildings, and the estimates of cost are the lowest of several bids.

I recommend the adoption of the attached resolution approving the requests. Respectfully,
TILDEN ADAMSON, Director.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, and subject to the provisions of section 419 of the Greater New York Charter, hereby grants permission to the Commissioner of Water Supply, Gas and Electricity to make expenditures from corporate stock funds as follows:

Five hundred and forty-seven dollars (\$547) for doing all work in connection with laying a new twelve-inch water main and appurtenances in West 162d Street, between Riverside Drive and Washington Avenue, Manhattan.
Two hundred and sixty-seven dollars and ten cents (\$267.10) for doing all work in connection with laying a new eight-inch water pipe and appurtenances in Leland Avenue, between Guerlain Place and Tremont Avenue, Borough of The Bronx.

Four hundred and ninety-two dollars and seventy-nine cents (\$492.79) for doing all work in connection with laying a new twelve-inch water main and appurtenances in East 170th Street, west of Grand Boulevard and Concourse, Borough of The Bronx.

—the cost of all three contracts to be charged against the corporate stock fund "C.D.W.—13, Water Fund, Boroughs of Manhattan and The Bronx."

Which was adopted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Department of Water Supply, Gas and Electricity—Approval of Contract, Specifications, Etc. (Cal. No. 17).

The Secretary presented a communication, dated June 11, 1917, from the Commissioner of Water Supply, Gas and Electricity, transmitting contract, specifications and estimate of cost (\$80,965) for furnishing and delivering supplies in the Borough of Brooklyn; and the following report of the Bureau of Contract Supervision recommending approval thereof:

June 22, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 13, 1917, you referred to the Bureau of Contract Supervision a communication from the Commissioner of Water Supply, Gas and Electricity, dated June 11, 1917, requesting approval of form of contract, specifications and estimate of cost in an amount of \$80,965 for furnishing and delivering supplies in the Borough of Brooklyn, as follows:

Items.	Estimated Cost.	Charge to Accounts.
1. Cast iron pipe and special castings.....	\$51,225 00	{ CDW-12 \$50,725 00 CDW-28 500 00
2. Valve box castings	15,300 00	CDW-12
3. Valves	6,450 00	CDW-12
4. Hydrants	7,990 00	{ CDW-12 2,232 21 CDW-26 5,957 79
Total	\$80,965 00	

The data relating to the funds to be charged are as follows:

Code.	Title.	Date of Authorization.	Unencumbered Balance.
CDW-12	Water Fund, Borough of Brooklyn.....	May 11, 1917	\$104,000 00
	Water Supply System, Brooklyn—		
CDW-26	Additional Hydrants	June 26, 1913	5,957 79
CDW-28	Extension of Distribution	Dec. 17, 1915	600 00

The supplies requested are to meet the needs of the Borough for necessary additional extensions during the rest of the year. The quantities, which are based on present demands, the consumption figures for 1916, and the stock on hand, are moderate and the estimated cost is at existing market prices.

The form of contract and specifications are satisfactory. The distribution of the cost is proper.

I recommend the adoption of the attached resolution approving the request. Respectfully,
TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract, specifications and estimates of cost in an amount of eighty thousand nine hundred and sixty-five dollars (\$80,965), for furnishing and delivering in the Borough of Brooklyn supplies, under the jurisdiction of the Department of Water Supply, Gas and Electricity, as follows:

Item 1—Cast iron pipe and special castings at an estimated cost of fifty-one thousand two hundred and twenty-five dollars (\$51,225), the cost to be charged to the corporate stock fund "CDW-12, Water Fund, Borough of Brooklyn," to the extent of fifty thousand seven hundred and twenty-five dollars (\$50,725), and to the fund "CDW-28, Water Supply System, Borough of Brooklyn, Extension of Distribution for Small Mains," to the extent of five hundred dollars (\$500).

Item 2. Valve box castings at an estimated cost of fifteen thousand three hundred dollars (\$15,300), the cost to be charged against corporate stock fund "CDW-12."

Item 3. Valves at an estimated cost of six thousand four hundred and fifty dollars (\$6,450), the cost to be charged against fund "CDW-12."

Item 4. Hydrants at an estimated cost of seven thousand nine hundred and ninety dollars (\$7,990), the cost to be charged against the corporate stock fund "CDW-12" to the extent of two thousand and thirty-two dollars and twenty-one cents (\$2,032.21) and against fund "CDW-26, Water Supply System, Borough of Brooklyn, Additional Hydrants," to the extent of five thousand nine hundred and fifty-seven dollars and seventy-nine cents (\$5,957.79).

—provided that, in the event that the aggregate sum of the bids received for the four items shall be equal to or less than the aggregate sum of the estimates herein approved, although the amount of the bid for any item may exceed the amount approved for that item, then awards may be made for the four items without further approval of the Board of Estimate and Apportionment, but, if the aggregate bids for the four items shall exceed the aggregate estimates herein approved, no award for any item shall be made without further approval by the Board of Estimate and Apportionment or any official appointed by the Board.

Which was adopted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Department of Correction—Approval of Contract for Architectural Services (Cal. No. 18).

The Secretary presented a communication, dated May 22, 1917, from the Commissioner of Correction, transmitting final contract for the services of Charles B. Meyers, architect, for the preparation of complete plans, specifications and supervision of the construction of the two dormitory buildings and one industrial building at the New York City Reformatory for Male Misdemeanants at New Hampton, Orange County, New York; and the following report of the Bureau of Contract Supervision recommending approval thereof:

June 22, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On May 23, 1917, you referred to the Bureau of Contract Supervision a communication from the Commissioner of Correction, dated May 22, 1917, requesting approval of the form of final contract for the services of Charles B. Meyers, No. 1 Union Square West, New York City, for the preparation of complete plans, specifications and supervision of the construction of the two dormitory buildings and one industrial building at the New York City Reformatory for Male Misdemeanants at New Hampton, Orange County, New York.

The preliminary contract for the architect's services, together with the preliminary plans, specifications and estimate of cost have been approved by your Board.

The architect's fees are to be paid from the corporate stock fund entitled "C. D. C.—12A, New York City Reformatory for Misdemeanants, Construction," in which on June 11, 1917, there was an unencumbered balance of \$495,555.18.

The form of contract is standard and provides for a commission of five per cent. of the total cost of construction, plus two and one-half per cent. additional for such work as requires the services of an engineer, less the amount paid under the preliminary contract. The total amount of fees to be paid under the final contract is estimated at \$15,298.75.

I recommend the adoption of the attached resolution granting the request. Respectfully,
TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted July 11, 1912, hereby approves the form of final contract for the services of Charles B. Meyers, No. 1 Union Square West, as architect for the preparation of complete plans, specifications and supervision of the construction of the proposed two dormitory buildings and one industrial building at the New York City Reformatory for Male Misdemeanants at New Hampton, Orange County, New York, under the jurisdiction of the Commissioner of Correction, at an estimated cost of fifteen thousand two hundred and ninety-eight dollars and seventy-five cents (\$15,298.75), or five (5) per cent. of the total cost of construction, plus two and one-half (2½) per cent. additional for such work as requires the services of an engineer, less the amount paid under the preliminary contract; the cost to be paid from the corporate stock fund entitled "CDC-12A, New York City Reformatory for Misdemeanants, Construction."

Which failed of adoption, receiving the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—11.
Present and Not Voting—The President of the Borough of Manhattan.

Section 226 of the Charter requires 12 affirmative votes for the adoption of a resolution of this character upon its original presentation.

The matter was laid over to Friday, June 29, 1917.

Department of Plant and Structures—Expenditure of Corporate Stock Funds (Cal. No. 19).

The Secretary presented a communication, dated June 15, 1917, from the Commissioner of Plant and Structures, requesting permission to expend \$850 from corporate stock funds for furnishing and installing electric equipment in the tower of the

Municipal Building, Borough of Manhattan; and the following report of the Bureau of Contract Supervision relative thereto:

June 25, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 18, 1917, the Commissioner of Plant and Structures requested permission to expend \$850 for furnishing and installing lighting fixtures in the tower of the Municipal Building, Borough of Manhattan.

The cost to be charged to the corporate stock fund "C. D. B.—37, Municipal Building, Construction of Manhattan Terminal of New York and Brooklyn Bridge," in which there remains sufficient unencumbered balance to pay the cost of this work.

The specifications provide for furnishing and installing in the various rooms located in the tower, 163 lighting fixtures of various types, similar to those now installed through the building. These fixtures will be complete with all wiring, connections and other appurtenances necessary to place them in serviceable condition, with the exception of the glassware, which will be furnished under another contract, in order to reduce the cost.

These fixtures were specifically omitted from the contract for the interior finish of the tower, and will be a part of the permanent interior finish of the building.

Estimates received by the department indicate that \$750 will be sufficient.

I recommend the adoption of the attached resolution approving the request at \$750. Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, and subject to the provisions of section 419 of the Greater New York Charter, hereby approves of the expenditure of a sum not to exceed seven hundred and fifty dollars (\$750) for all labor and materials required for furnishing and installing lighting fixtures, exclusive of glassware, in the tower of the Municipal Building, Borough of Manhattan, under the jurisdiction of the Commissioner of Plant and Structures, the cost to be charged to the corporate stock fund entitled "CDB—37, Municipal Building, Construction of Manhattan Terminal of New York and Brooklyn Bridge."

Which was adopted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

From Citizens and Public Bodies.

Extension of Lincoln Terrace Park, Etc., Brooklyn—Application for Advance Payment of Award for Property Taken in Proceeding for Acquiring Title (Cal. No. 20).

(Title vested in The City of New York to these parcels on May 9, 1916, in pursuance of resolution adopted by the Board on March 3, 1916 (Cal. No. 8).)

The Secretary presented the following:

Frederick C. Dowd, 1338 Lincoln Place, Brooklyn, N. Y., June 21, 1917.

To the Honorable the Board of Estimate and Apportionment, Municipal Building, Borough of Manhattan, City of New York:

Gentlemen—Respectfully represents the undersigned, that he is the attorney for Rev. Francis J. McMurray, Pastor of St. Matthew's R. C. Church, Utica Ave. and Eastern Parkway, Borough of Brooklyn, New York City.

That Catherine Sherry, residing in St. Matthew's Church parish, a claimant in proceedings entitled "In the Matter of the Application of the City of New York relative to the acquiring title to the lands required for the Extension of Lincoln Terrace Park," is bed-ridden, and has assigned her claim in said proceedings to the Rev. Francis J. McMurray, aforesaid.

That the land and improvements belonging to said Catherine Sherry were taken by the City of New York in said proceedings and are the same numbered damage parcels 40, 47, 48 and 53 as shown on the Damage Parcel Map used therein.

That title to said property vested in the City of New York on May 9th, 1916, and that by decision of the Court damages for said taking have been awarded, the said property being all located in the Borough of Brooklyn.

That the necessities of the case require that authority be given the Comptroller of the City of New York to make a part payment to Francis J. McMurray, Assignee of the claim of Catherine Sherry, aforesaid, under section 981 of the Charter of the City of New York, as amended by chapter 606 of the Laws of 1915.

Wherefore your Honorable Board is respectfully asked to pass and enact a resolution authorizing the Comptroller of the City of New York to make advance payments of the awards in said proceedings. Respectfully yours,

F. C. DOWD, Attorney for Francis J. McMurray, Assignee of the Claim of Catherine Sherry.

The following was offered:

Whereas, Section 981 of title 4 of chapter XVII of the Greater New York Charter, as amended by chapter 606 of the Laws of 1915, provides that

"in any proceeding instituted pursuant to the provisions of this title for the acquisition of title to real property by the City of New York, in which title thereto shall have become vested in said City by virtue of a resolution of the Board of Estimate and Apportionment, the said Board may authorize the Comptroller of said City to pay to a person entitled to an award for real property acquired in a proceeding, in advance of the final determination of his damages, a sum to be determined by the Board of Estimate and Apportionment, not exceeding sixty per centum of the amount estimated as damages by the expert or experts employed by the Corporation Counsel in said proceeding, which amount shall be certified to the Comptroller by the Corporation Counsel";

—and

Whereas, The Board of Estimate and Apportionment, acting under and pursuant to the provisions of title 4 of chapter XVII of the Greater New York Charter, and under a resolution adopted on March 3, 1916, authorized a proceeding for acquiring title to the real property required for the extension of Lincoln Terrace Park as laid out upon the map or plan of the City of New York under a resolution adopted by the said Board on February 11, 1916; and to the unacquired portion of President Street, from Buffalo Avenue to Rochester Avenue, Borough of Brooklyn, and directed the Corporation Counsel to make application to a special term of the Supreme Court to have the compensation which should justly be made to the respective owners of the real property proposed to be taken in the proceeding ascertained and determined by the Supreme Court without a jury; and

Whereas, The Board of Estimate and Apportionment adopted a resolution on March 3, 1916, directing that upon the date of the entry of the order by the Supreme Court granting the application to condemn the real property required for this improvement, the title to each and every piece or parcel of the real property lying within the lines of that portion of the extension of Lincoln Terrace Park lying east of Buffalo Avenue, and to the unacquired portion of President Street, from Buffalo Avenue to Rochester Avenue, Borough of Brooklyn, City of New York, so required shall become vested in the City of New York; and

Whereas, The Corporation Counsel made application to the Supreme Court for an order granting the application to condemn the real property required for the improvement, which order was entered in the office of the County Clerk of Kings County on the 9th day of May, 1916; and

Whereas, Pursuant to a resolution adopted by the Board of Estimate and Apportionment on March 3, 1916, title to that portion of the extension of Lincoln Terrace Park lying east of Buffalo Avenue, and to the unacquired portion of President Street, from Buffalo Avenue to Rochester Avenue, became vested in the City of New York upon the 9th day of May, 1916, the date of the entry of the order granting the application to condemn the real property required for the improvement; be it

Resolved, That the Comptroller be and he hereby is authorized to pay to any person entitled to an award for property acquired by the City of New York under the said vesting title resolution of March 3, 1916, in the proceeding authorized by the Board under the authorization resolution of March 3, 1916, in advance of the final determination of his damages, a sum not to exceed sixty per centum of the amount of any such person's damages, as estimated by the expert or experts employed by the Corporation Counsel in said proceeding, such payment to be made in accordance with the provisions of section 981 of the Charter and in compliance with the terms of the resolutions of this Board adopted on the 14th day of January, 1916, with respect to such advance payments.

Which was adopted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Board of Estimate and Apportionment—Proposed Amendment of Section 24 of the Building Zone Resolution (Cal. No. 21).

The Secretary presented a communication dated June 22, 1917, from the Central Fifth Avenue Committee, protesting against the amendment of section 24 of the Building Zone Resolution, so as to extend the time allowed for the construction of buildings.

Which was referred to the Committee on the City Plan.

Department of Parks, Boroughs of Manhattan and Richmond—Claim of Helen Dougherty for Pension of Thomas Dougherty for Period from August 1, 1914, to June 1, 1916 (Cal. No. 22).

The Secretary presented a communication dated June 22, 1917, from Kremer & Leavitt, attorneys, submitting, on behalf of Helen Dougherty, committee of the person and property of Thomas Dougherty, claim for pension for the period from August 1st, 1914, to June 1st, 1916.

(On May 19, 1916 (Cal. No. 93), the Board adopted a resolution retiring from active service Thomas Dougherty, employed as a laborer in the Department of Parks, Boroughs of Manhattan and Richmond.)

The matter was referred to the Committee on Salaries and Grades.

Public Buildings—Compensation of Women Attendants (Cal. No. 23).

The Secretary presented a communication dated June 15, 1917, from the American Alliance of Civil Service Women, New York Chapter, submitting, on behalf of the Women Attendants in the Bureau of Public Buildings, their protest against any reduction in salary or change of title.

Which was referred to the Committee on Salaries and Grades.

From City, Borough and County Officials.

Department of Education—Increase in Compensation of Janitors of Various Public Schools (Cal. No. 24).

The Secretary presented a communication dated June 23, 1917, from the Chairman of the Subcommittee of the Committee on Tax Budget, requesting, in view of the question of jurisdiction raised by the Comptroller in the matter of the requested increase in compensation of Janitors of public schools, that the Board make a ruling on this question, as the request for the increased compensation has not been formally made by the Board of Education.

(On March 9, 1917 (Cal. No. 70), this matter was referred to the Subcommittee of the Committee on Tax Budget.)

On motion of the President, Borough of The Bronx, the matter was referred back to the Subcommittee of the Committee on Tax Budget for further report as to the propriety of fixing the compensation of Janitors in the specific cases involved at the time of the reference to the Committee.

Board of Estimate and Apportionment—Report on Various Matters Referred to the Committee of the Whole (Cal. No. 26).

The Secretary presented a communication, dated June 19, 1917, from the President, Borough of The Bronx, advising that at the executive meeting of the members of the Board, held June 18, 1917, the following matters referred to the Committee of the Whole were taken up and the papers ordered filed:

Date of Reference.	Cal. No.	Subject.
Feb. 9, 1917	90	Legislation providing for expense of widening Flatbush avenue, Brooklyn.
Mar. 16, 1917	135	Communication from Director, Institute for Public Service, relative to enactment of legislation abolishing Sinking Fund Commission and transferring its functions to Board of Estimate.
Apr. 20, 1917	103	Communications from Assistant Corporation Counsel Edward J. McGoldrick requesting expression of opinion on pending legislation affecting The City of New York.
May 4, 1917	98	Communications from Assistant Corporation Counsel Edward J. McGoldrick requesting expression of opinion on Senate Bills amending Charter in relation to payment of claims against the City.
May 11, 1917	171	Communication from New York Board of Trade and Transportation relative to appropriation for enlarging the forest holdings in the Catskills for the protection of the water supply.

The papers were ordered filed.

Commissioners of the Sinking Fund—Prescribing Rate of Interest Payable on Corporate Stock and Serial Bonds of The City of New York (Cal. No. 27).

The Secretary presented the following resolution adopted on June 20, 1917, by the Commissioners of the Sinking Fund, which was ordered printed in the Minutes and filed:

Resolved, That, pursuant to the provisions of section 169 of the Greater New York Charter, as amended, this Commission hereby fixes and prescribes four and one-half per cent. per annum as the rate of interest to be paid on corporate stock and serial bonds of The City of New York, which may be hereafter issued to the public, including

\$47,500,000—Payable on July 1, 1917.

7,500,000—Payable July 1, 1918 to 1932.

MATTERS LAID OVER FROM PREVIOUS MEETINGS.**All City Departments—Modification of Schedules Made Necessary by Enlistments of City Employees for War Service (Cal. No. 28).**

The Secretary presented a communication from the Mayor recommending:

(1) That the Board of Estimate and Apportionment direct the modification of wage schedules whenever the Mayor approves, under the provisions of chapter 435 of the Laws of 1917, of requests to enlist by persons employed under these schedules. The Mayor suggests that the sum which would be paid to the employee be placed in a separate balance unassigned. This suggestion is made for the reason that the wages of employees who will be absent in war service cannot be identified as can those who receive salaries.

(2) That all City departments be requested to inform the Mayor of all employees called for examination when the work of conscription begins, so that the Mayor, through his Committee on War Service, may be in a position, whenever the interests of the City require, to appear before the properly constituted authorities in order to present reasons for exemption.

(On June 22, 1917 (Cal. No. 137), the matter was laid over until this meeting.) The matter was laid over to Friday, June 29, 1917.

Fund for Salary and Wage Accruals; President, Borough of Manhattan—Transfer of Appropriation (Cal. No. 29).

(On June 22, 1917 (Cal. No. 52), the matter was laid over until this meeting.)

The Secretary presented a communication, dated June 18, 1917, from the President, Borough of Manhattan, requesting a transfer from the Fund for Salary and Wage Accruals for the year 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

June 19, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 18, 1917, the President, Borough of Manhattan, requested a transfer of \$10,000 from the City Accrual Fund to provide funds for the purpose of making alterations to offices in the Hall of Records Building.

The Bureau of Contract Supervision, to which the request was referred on June 19, 1917, reports thereon as follows:

"On April 13, 1917, the Board of Estimate and Apportionment approved an issue of \$45,000 special revenue bonds for alterations to and equipment of offices of the Register, Surrogate and Commissioner of Records, all of New York County. Plans for this work were approved April 13, 1917, and the alterations are now under way.

"Some of the rooms vacated under the rearrangement of space in this building will be occupied by State Departments, and it will be necessary to make certain structural changes, such as new partitions, plumbing, electrical, painting and work incidental thereto. The estimate of cost for this work is as follows:

Deportation Bureau of the State Hospital Commission.....	\$2,431 00
State Board of Charities.....	1,787 00
Public Service Commission, Second District.....	1,231 00
State Engineers and Surveyor.....	1,105 00
Commission for the Blind.....	832 00
Monuments Commission.....	610 00
Port Wardens.....	685 00
Tax Commission.....	855 00
New Prisons Commission.....	319 00

Total..... \$9,855 00

"These departments are ready to move into the building when the changes are completed.

"It is urgent that the funds be provided as soon as possible in order that revenue may be obtained from these rentals. The necessary sum can be obtained by transfer from 'Code 3039, City Fund for Salary and Wage Accruals.'"

I recommend the adoption of the attached resolution granting the request, which requires the unanimous vote of your Board. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated for the year 1917, as follows:

Resolved, That the President, Borough of Manhattan, is hereby directed, pursuant to the provisions of section 15 of chapter 59 of the Laws of 1897, as amended, to prepare plans and specifications for alterations necessary to house the State departments in the Hall of Records Building.

Fund for Salary and Wage Accruals; President, Borough of Richmond—Transfer of Appropriation (Cal. No. 30).

(On June 22, 1917 (Cal. No. 56), the matter was laid over until this meeting.)

The Secretary presented a communication, dated June 15, 1917, from the Acting President, Borough of Richmond, requesting an issue of special revenue bonds to make emergent repairs; and the following report of the Deputy and Acting Comptroller recommending a transfer from Fund for Salary and Wage Accruals:

June 19, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 15, 1917, the Acting President, Borough of Richmond, requested that funds be provided, pursuant to subdivision 7, section 188 of the Greater New York Charter, to the amount of \$15,900, to cover the cost of emergent repairs made necessary by the storm of June 14, 1917.

The Bureau of Contract Supervision reports thereon as follows:

"This storm was extremely heavy and caused much loss and damage in the vicinity of the City of New York.

"An examination at ninety-six points has been made by the Bureau of Contract Supervision, covering a large part of the Borough of Richmond, with reference to particular locations and classes of work where damage was done.

"Owing to the many steep hills in the Borough the heavy fall of rain washed down large quantities of dirt and stones from the gutters and surfaces of streets. The gutters in many places are gullied deep and are dangerous to traffic. Surfacing material has been washed from the macadam and large quantities of such material and dirt have been carried to the bottom of grades, necessitating its removal.

"Outlet sewers at Elizabeth Street and the Bay, at the foot of Canal Street and at Maple Avenue, upon examination were found to be badly blocked with dirt and all kinds of rubbish. Many sewer basins throughout the Borough are filled with dirt to the top. Culverts and small bridges in a number of places have been damaged and in some instances extensive repairs will be necessary. Drains are filled up. Sidewalks in many places were undermined and in places are fenced off for the safety of the public.

"At Stable 'A' of the Street Cleaning Department on Swan Street the floor was flooded and quantities of dirt washed in. The steam boiler and pump in a pit in the building was submerged and repairs will be necessary to the concrete floor, to the steam boiler and to copper leaders.

"On a number of streets, covering large areas on which repairs to the macadam pavements are being made, but on which the oil has not yet been placed, the surfaces are so scoured and washed that much additional work will be necessary to place them in the condition they were in before the storm."

In view of the extent of this storm damage and the emergent necessity for making immediate restoration it is my opinion that the funds requested should be provided, but rather by transfer from the City Accrual Fund than by the issue of special revenue bonds, under subdivision 7 of section 188 of the Greater New York Charter.

I recommend the adoption of the attached resolution, which will transfer the sum of \$15,900 from the City Fund for Accruals to the accounts affected, the necessary schedule modifications to be approved later. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Fund for Salary and Wage Accruals; Department of Licenses—Transfer of Appropriation (Cal. No. 31).

(On June 15, 1917 (Cal. No. 21), the matter was laid over until June 22, 1917, and on the latter date (Cal. No. 152), until this meeting.)

The Secretary presented a communication, dated May 22, 1917, from the Commissioner of Licenses, requesting transfer of appropriation for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof from Fund for Salary and Wage Accruals:

June 12, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On May 22, 1917, the Commissioner of Licenses requested the transfer of \$1,200 within the appropriations to his department for the year 1917.

The Bureau of Contract Supervision, to which this request was referred on May 24, 1917, reports thereon as follows:

"The appropriation for equipment is practically exhausted. It is the intention of the Commissioner to purchase a Hollerith punching machine for the sum of \$75, the balance of the \$100 requested to be used for the purchase of small office equipment during the balance of the year.

"The machine, which will be used in punching cards for the Inspectors' reports, is necessary, as it will save considerable time of employees.

"In Code 269, Repairs and Replacements, the sum of \$500 is requested for the purpose of meeting invoices in that amount for repairs and replacements to taxicab posts, which during the past winter suffered considerable damage.

"In Code 272, General Plant Service, it is proposed to transfer the sum of \$340. There are invoices against this account in the amount of \$141. It is also proposed to rent a Powers tabulating machine, beginning September 1, 1917, at a monthly rental of \$47.50, in order to bring a great volume of work up to date and to save the supper money due to night work of the employees.

"In Code 273, Contingencies, the sum of \$260 is considered necessary to carry on investigations of theatres, cabaret shows, moving picture houses and dance halls, as the account has been somewhat depleted by unforeseen overtime supper money charges.

"As the sums it was proposed to transfer are not excessive balances and will be needed this year, and as the sums requested to be transferred are necessary, it is suggested that the amount be procured by transfer from Code 3039, City Fund for Salary and Wage Accruals."

I recommend the adoption of the attached resolution granting the request, as suggested, which action requires the unanimous vote of your Board. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

(On June 15, 1917 (Cal. No. 23), the matter was laid over until June 22, 1917, under Rule 19; on the latter date (Cal. No. 154), until this meeting.)

The Secretary presented resolutions adopted May 8, 1917, and June 19, 1917, by the Board of Aldermen, requesting issue of \$12,473 Special Revenue Bonds to be used by the President, Borough of Queens, for the purpose of relieving dangerous highway conditions on Thrall avenue; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

June 12, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On May 8, 1917, the Board of Aldermen requested \$12,473 in special revenue bonds, the proceeds whereof to be used by the President of the Borough of Queens for the purpose of relieving dangerous highway conditions on Thrall avenue.

The Bureau of Contract Supervision, to which the request was referred on May 24, 1917, reports thereon as follows:

"This matter came up for consideration of the Board of Estimate and Apportionment on January 26, 1917. At that time the President of the Borough of Queens requested the Board to authorize him to expend \$10,000 from a 1917 budget appropriation made to his office for the construction of a device to pump into an existing sewer, the water gathering in the low lying area in the vicinity of Thrall and Beaufort avenues, Woodhaven, Borough of Queens.

"This action was opposed by some of the members of the Board, on the ground that the cost of the work should properly be assessed upon the adjoining property in accordance with section 394 of the Greater New York Charter, which reads as follows:

"Whenever it shall become necessary to construct a sewer or drain for the purpose of preventing damage to property or to abate a nuisance and it shall become impracticable to proceed immediately to the construction of the same in accordance with any plan already adopted on the approval of the Board of Estimate and Apportionment, the President of the borough within which such necessity arises shall have power to construct a temporary sewer or drain in such manner as to avoid such damage or to abate such nuisance, and the cost of such temporary sewer or drain shall be assessed upon the property draining into the same and benefitted thereby. And such assessments shall be enforced, levied and collected in the manner provided in chapter 17 of this act."

"After considerable discussion the expenditure of \$10,000 chargeable to budget funds was authorized by a vote of nine to four.

"The contract was advertised and the low bid was \$12,473, which was in excess of the authorization received from the Board of Estimate and Apportionment.

"On April 27, 1917, the Board of Estimate and Apportionment granted ap-

proval for expending the larger amount. After this approval was granted the contract was awarded to the Ajax Contracting Company.

"Before awarding the contract and previous to the approval of the increased cost, the President secured an opinion from the Corporation Counsel which concluded as follows:

"I advise you that the resolution of the Board of Estimate and Apportionment appropriating the sum of \$10,000 to meet this emergency is proper and that you may enter into a contract, pursuant to the resolution, for the purpose of meeting this contingency and that such contract will be valid and should be certified and registered by the Comptroller."

"On April 12, 1917, the Corporation Counsel was requested to advise concerning the application of section 394 of the Charter which appeared to make this so clearly an assessment improvement.

"On June 6, 1917, the Corporation Counsel rendered his opinion on this point as follows:

"The former advice of this department to which reference is above made, was based upon the existence of an emergency arising out of a condition which rendered a street unsafe for travel. At the time that advice was given it was not considered, nor is it considered now, that section 394 of the Charter would not furnish a remedy where drainage is the prime purpose; but on the other hand, it was my judgment then, and upon the present re-examination of the subject I think my former conclusion was correct, that since the purpose of the work was to render and maintain a public street reasonably safe for travel, funds available for that purpose may properly be used to accomplish it by the method proposed in the case in hand."

I recommend the adoption of the attached resolution granting the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on May 8, 1917, as amended June 19, 1917, and approved by the Mayor June 27, 1917, requesting an issue of special revenue bonds in the sum of twelve thousand four hundred and seventy-three dollars (\$12,473), the proceeds whereof to be used by the President of the Borough of Queens for the purposes of providing funds to reimburse the budget account "Repairs and Replacements" by contract or open order service, appropriated to the President of Queens for the year 1917, all obligations contracted for hereunder to be incurred on or before December 31, 1917, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding twelve thousand four hundred and seventy-three dollars (\$12,473), redeemable from the tax levy of the year succeeding the year of their issue.

(On June 15, 1917 (Cal. No. 27), the matter was laid over until June 22, 1917, under Rule 19; on the latter date (Cal. No. 157), until this meeting.)

The Secretary presented a resolution adopted May 8, 1917, by the Board of Aldermen, requesting an issue of \$192.23 Special Revenue Bonds to be used by the Board of Trustees of Brooklyn Public Library for the purpose of paying assessments on the site of the old Fort Hamilton Branch of said library; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

June 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On May 8, 1917, the Board of Aldermen adopted a resolution requesting an issue of \$192.23 in special revenue bonds, the proceeds to be used by the Board of Trustees of the Brooklyn Public Library for the purpose of paying assessments on the site of the old Fort Hamilton Branch of the Brooklyn Public Library. The Bureau of Contract Supervision reports thereon as follows:

"On June 9, 1910, the Fort Hamilton Free Library, situated on Fourth Avenue, in the Borough of Brooklyn, transferred all its books and equipment and also gave a deed of its real property to the Brooklyn Public Library. Since that date the property has not been used for library purposes. This property was recently sold by the Brooklyn Public Library, as title to the property was vested in that corporation, for the sum of \$3,500. The proceeds of this sale, which is covered in part by a bond and mortgage, were placed to the credit of the library's endowment fund, over which the City has no control.

"The Secretary of the Brooklyn Public Library originally requested \$350, to permit the payment of certain water rents and assessments levied and confirmed prior to the date of the transfer of the property in question, to the Brooklyn Public Library and also to permit the payment of certain other assessments that were levied and confirmed since the date of the transfer. No funds were provided in the 1917 budget for this specific purpose.

"The question of the City's liability for the payment of these assessments and water rents was taken up with the Corporation Counsel and under date of April 28, 1917, he advised the Director of the Bureau of Contract Supervision as follows:

"All of the assessments and water rents are valid charges against the property. Those confirmed and imposed prior to June 9, 1910, when the Brooklyn Public Library took title, must be paid by that institution. By the agreement of June 5, 1903, the City obligated itself to pay the assessments confirmed since that transfer of title and prior to the sale by the Brooklyn Public Library, together with interest, even though the property was unused during that period."

"The present request for an issue of \$192.23 in special revenue bonds is based on the City's liability for the payment of certain assessments levied since the transfer of the property to the Brooklyn Public Library, and is in accordance with the opinion of the Corporation Counsel."

I recommend the adoption of the attached resolution granting the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Department of Water Supply, Gas and Electricity—Transfers of Appropriations and Modification of Schedules (Cal. No. 35).

(On June 22, 1917 (Cal. No. 60), the matter was laid over until this meeting.)
 The Secretary presented the following report of the Deputy and Acting Comptroller:

June 14, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On May 25, 1917, the Board of Estimate and Apportionment approved an issue of three hundred thousand dollars in special revenue bonds, the proceeds to be used by the COMMISSIONER OF WATER SUPPLY, GAS AND ELECTRICITY to replace an equal amount previously appropriated from 1917 Brooklyn water revenues. It was found to be impracticable to use water revenues to fund the cost of certain expenditures for which they were originally appropriated.

In my report of May 10, 1917, recommending approval of the special revenue bond appropriation it was suggested that all encumbrances of record against the water revenue appropriation for the maintenance and operation of the Croton Watershed and Manhattan Pumping Stations, and all such encumbrances in excess of fifty per cent. of the water revenue allowances for the maintenance and operation of the Catskill Watershed, be cancelled and recharged against the special revenue bond fund.

I am advised that the necessary accounting adjustments have been made, and that the several water revenue allowances may therefore be retransferred to the 1917 Brooklyn water revenue account. Subsequent to the allowance of the special revenue bonds and their apportionment among the several budget schedules affected, certain of the schedules were modified and water revenues transferred, so that in three cases the special revenue bond apportionment is not sufficient to replace the now existing water revenue amounts. It will be necessary to transfer a total of \$390.80 in tax levy funds existing as unassigned balances in two of the schedules to make proper adjustments. This transfer will require unanimous vote by the Board.

I recommend adoption of the attached resolutions, one transferring original water revenue allowances in six schedules to the 1917 Brooklyn water revenue account, another transferring funds between schedules made necessary by changes and the third modifying the schedules affected. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of transfers to the water revenue account of the Borough of Brooklyn for the year 1917, from the appropriations made to the Department of Water Supply, Gas and Electricity for the maintenance, extension and improvement of the water supply system of the Borough of Brooklyn, during the year 1917, as follows:

The Secretary presented a report of the Comptroller recommending the transfer of \$3,766 from Code 3039, City Fund for Salary and Wage Accruals, to the funds

of the Second Battalion, Naval Militia, New York, to provide for cooking equipment and a new ice box.

George N. Reinhardt & Company—Claim of (Cal. No. 37).

(On June 22, 1917 (Cal. No. 64), the matter was laid over until this meeting.)
The Secretary presented the following certificate of the Deputy and Acting Comptroller:

May 31, 1917.

To the Honorable, the Board of Estimate and Apportionment:

Sirs—I, William A. Prendergast, Comptroller of The City of New York, do hereby certify that George N. Reinhardt, doing business under the name of George N. Reinhardt & Co., has filed a claim in the Finance Department, No. 82,710 (Index 33,080), for \$302.24 for forage alleged to have been delivered, in May, 1915, to the Police Department, under Contract No. 42189, dated May 12, 1915, which I find is an invalid claim, not legally enforceable against the City, at which, notwithstanding in my judgment it is equitable and proper for the City to pay in part, to wit, to the extent of \$257.84; and

I do hereby certify that in my opinion the City has received a benefit and is justly and equitably obligated to pay such claim to the extent of \$257.84, and that the interests of the City will be best subserved by the payment thereof, notwithstanding claimant executed an unreserved lease of all claims under said Contract No. 42189 at time of final payment on August 23, 1916; and

I do further certify that I have investigated the facts upon which said claim is based and I find that George N. Reinhardt & Co. entered into a contract, No. 42189, dated May 12, 1915, to furnish six departments of the City with forage at an estimated cost of \$29,401.14, of which \$2,471.56 was alone applicable to the Police Department, but upon completion of such part only \$1,096.63 had been expended, leaving \$1,374.93 unused of the appropriation, Code No. 1610. Final payment was made on August 23, 1916, of \$355.57 for materials delivered to the Police Department, and an unreserved release was executed by claimant. Subsequently it was discovered that the deliveries to the Police Department exceeded the quantities for which payment had been made. It appears that the Police Department in several instances gave orders by telephone for contract deliveries, which claimant filled and sent invoices for. Later the Police Department issued written orders for a larger quantity, intending same to include and be confirmatory of the previous telephone orders. Claimant in mistake of such intention delivered the full amount specified in the written orders and sent invoices for same. Payments were made only for the quantity delivered under the written orders. The Police Department concede that they received in May, 1915, and did not issue any voucher for hay, straw, oats, meal and salt of the value at contract prices of \$257.84. The actual cost of such merchandise, without overhead charge or profit of any kind, is the sum of \$257.84, which is also the reasonable value thereof; and the benefit to the City equals that amount.

The amount of the claim was not included in the final payment under the contract, and was not included in any other claim, and the claim has not been otherwise disposed of. An action on the claim is not barred by the statute of limitations, and I believe no action has been commenced thereon. In my opinion the claimant would have a legally enforceable claim but for the aforesaid release, and the City should not seek to enrich itself at the expense of claimant by asserting such release as a bar thereto when it was given under a mutual mistake and it was not intended to cover the materials unpaid for; and

I do further certify that the sum of \$257.84, without interest, should be paid to George N. Reinhardt & Co. in full satisfaction of the claim of \$302.24, upon delivery of a properly executed release in favor of the City, to extinguish only the said claim. Respectfully,
E. D. FISHER, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 246 of the Greater New York Charter, determines that The City of New York has received a benefit from George N. Reinhardt, doing business under the name of George N. Reinhardt & Co., and is justly and equitably obligated to pay said concern the sum of two hundred and fifty-seven dollars and eighty-four cents (\$257.84), without interest, for furnishing to The City of New York and delivering in May, 1915, by request of the Police Department, at the 65th and 66th Precincts, a quantity of forage, comprising hay, straw, oats, meal and salt, under his contract No. 42189 dated May 12, 1915, which actually cost said sum, without profit or overhead charge, and which were not paid for by the City; that the said sum of two hundred and fifty-seven dollars and eighty-four cents (\$257.84) should be paid by the City, notwithstanding the execution of an unreserved release at time of final payment under said contract, but in full satisfaction of the claim of three hundred and two dollars and twenty-four cents (\$302.24), presented to the Finance Department; that the interests of the City will be served best by a compromise of said claim in the amount of two hundred and fifty-seven dollars and eighty-four cents (\$257.84), and that said sum should be paid to George N. Reinhardt & Co. only on the due execution and delivery of a release to the City in full thereof, and in such form as may be approved by the Corporation Counsel; and that the Comptroller be and he is hereby authorized and directed to pay said claim in the sum of two hundred and fifty-seven dollars and eighty-four cents (\$257.84) out of the balance of the fund Code No. 1610, applicable to the aforesaid contract, No. 42189, if available, otherwise out of the fund entitled "Revenue Bond Fund for Claims, Miscellaneous, R. C. L.—11," upon delivery to him of a release approved as aforesaid.

Public Service Commission for the First District—Approval of Agreement with the Foran Foundry and Manufacturing Company for the Purchase of Malleable Iron Tie Plates, Order No. 3, for Rapid Transit Railroads and Issue of Corporate Stock Therefor (Cal. No. 38).

(On June 22, 1917 (Cal. No. 68), the matter was laid over until this meeting, under Rule 19.)

The Secretary presented the following requisition of the Public Service Commission for the First District; and report of the Deputy and Acting Comptroller relative thereto:

State of New York, Public Service Commission for the First District, No. 120 Broadway, New York, June 13, 1917.

To the Board of Estimate and Apportionment of The City of New York:

Pursuant to the direction contained in such resolution, I transmit herewith a certified copy of the resolution adopted by the Commission on June 13, 1917, requesting your Honorable Board to consent to a proposed agreement herewith transmitted, between The City of New York, acting by the Commission, and the Foran Foundry & Manufacturing Co., providing for the purchase of 550 Type A-8 malleable iron tie plates (Order No. 3), for use in the construction of rapid transit railroads, Contract No. 3, and requesting your Honorable Board to appropriate the sum of Six hundred thirty-eight dollars (\$638) for the purpose of providing the necessary means for meeting the City's obligations under such contract. These additional plates are necessary in connection with the installation of tracks for a portion of the railroads described in Contract No. 3, and the price therefor is exceptionally reasonable.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.

(Copy of contract referred to is on file.)

June 19, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 13, 1917, the Public Service Commission for the First District formally transmitted to the Board of Estimate and Apportionment for its approval a proposed agreement to be entered into between The City of New York, acting by the Commission, and the Foran Foundry and Manufacturing Company, for the purchase of 550 Type A-8 malleable iron tie plates, Order No. 3, at an estimated cost of \$638.

The Director of the Bureau of Contract Supervision, in his report to the Comptroller, states, in part, as follows:

"These tie plates are for use in the railroad work now progressing and are to cost \$1.16 each, delivered within the lighterage limits of The City of New York.

"This price is exactly that of similar plates contracted for by the Commission

on January 26, 1917, and is reasonable, although the contract price for the same plates in 1915 was 59 cents. The total cost of these plates will be \$638."

I recommend the adoption of the attached resolution, which would make available the necessary funds for the purposes of the proposed agreement with the Foran Foundry and Manufacturing Company. Respectfully,
ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 37 of the Rapid Transit Act, being chapter 4 of the Laws of 1891, as amended, and the provisions of section 45 of the Greater New York Charter, and the requisition of the Public Service Commission for the First District, duly made by said Commission on June 13, 1917, the Board of Estimate and Apportionment hereby consents to the proposed agreement to be entered into between the City of New York, acting by the said Commission, and the Foran Foundry and Manufacturing Company, for the purchase of five hundred and fifty (550) Type A-8 malleable iron tie plates (Order No. 3), for use in the construction of rapid transit railroads described in Contract No. 3 at an estimated cost of six hundred and thirty-eight (\$638) dollars; and be it further

Resolved, That the Board of Estimate and Apportionment prescribes that the limit to the amount of proceeds of corporate stock available for the said purposes shall be six hundred and thirty-eight (\$638) dollars; and be it further

Resolved, That the Comptroller be and he is hereby authorized and directed to issue corporate stock of the City of New York to the amount of six hundred and thirty-eight (\$638) dollars, at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes of the agreement with the Foran Foundry and Manufacturing Company, as set forth in this resolution and described in the requisition of the said Public Service Commission to this Board, dated June 13, 1917, said issue of corporate stock to be a sub-authorization and charge against the appropriation made by this Board on March 18, 1913, of twenty-eight million two hundred thousand (\$28,000,000) dollars, and the supplemental or additional appropriations thereto, for the purpose of carrying out the terms and provisions of Contract No. 3.

Which was adopted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Public Service Commission for the First District—Approval of Agreement with the Upper Hudson Stone Company for the Supply of Ballast (Order No. 4) for Rapid Transit Railroads and Issue of Corporate Stock Therefor (Cal. No. 39).

(On June 22, 1917 (Cal. No. 69), the matter was laid over until this meeting, under Rule 19, and referred to the Chief Engineer for report meanwhile as to the difference between this case and a previous contract where the use of apparently similar material for the same purpose was rejected.)

The Secretary presented the following requisition of the Public Service Commission for the First District and reports of the Deputy and Acting Comptroller and Chief Engineer relative thereto:

State of New York, Public Service Commission for the First District, No. 120 Broadway, New York, June 13, 1917.

To the Board of Estimate and Apportionment of The City of New York:

Pursuant to the direction contained in such resolution, I transmit herewith a certified copy of the resolution adopted by the Commission on June 13, 1917, requesting your Honorable Board to consent to a proposed contract herewith transmitted between The City of New York, acting by the Commission, and the Upper Hudson Stone Company for the supply of ballast, Order No. 4, for use in the construction of rapid transit railroads, and requesting your Honorable Board to appropriate the sum of fifty thousand one hundred ninety dollars (\$50,190) for the purpose of providing the necessary means for meeting the City's obligation under said contract.

Inasmuch as an appropriation only to the amount of the aggregate of the unit prices contained in the proposal of the Upper Hudson Stone Company, to wit, forty-seven thousand eight hundred dollars (\$47,800) would not afford any allowance for contemplated contingent expenses, the Commission has requested the appropriation of fifty thousand one hundred ninety dollars (\$50,190) so as to afford a suitable allowance for such contingent expenses.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By JAMES B. WALKER, Secretary.

(Seal.)

(Copy of Contract referred to is on file.)

June 19, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 13, 1917, the Public Service Commission for the First District formally transmitted to the Board of Estimate and Apportionment for its approval a proposed contract to be entered into between The City of New York, acting by the Commission, and the Upper Hudson Stone Company, for the supply of ballast, Order No. 4, to be used in the construction of rapid transit railroads, at an estimated cost of \$50,190.

The Director of the Bureau of Contract Supervision, in his report to the Comptroller apropos the proposed contract, states, in part, as follows:

"The Commission proposes to purchase about 30,000 tons of Class A ballast and 5,000 tons of Class B ballast for which two bids were received on May 9, 1917. The lowest bid for the Class A was \$1.38 per cubic yard; for Class B, \$1.28.

"These prices are high as compared with bids for similar ballast received in September, 1915, when the lowest bid for Class A was 97 cents per cubic yard and for Class B 87 cents per cubic yard.

"The lowest bid received on May 9, 1917, amounts to \$47,800 for the two kinds of ballast and to this total the Commission has added 5 per cent. to reach the amount requested, namely, \$50,190.

"Although the price is comparatively high it is not at all likely that the City can do better at the present time than to award the contract."

In view of the foregoing statement with respect to prices I recommend the adoption of the attached resolution, which would make available the necessary funds for the purposes of the contract with the Upper Hudson Stone Company. Respectfully,
ALBERT E. HADLOCK, Deputy and Acting Comptroller.

June 23rd, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on June 22nd the matter of approval of the proposed contract with the Upper Hudson Stone Company for a supply of ballast (Calendar No. 69) was laid over to June 27th and the Chief Engineer was directed to report on that date as to the difference between this case and a previous contract where it was thought that the use of similar material for the same purpose was rejected by the Public Service Commission owing to its low resistance to crushing.

The impression that the material to be purchased under this proposed contract is similar to that which was considered unsatisfactory in 1915 is erroneous. The proposed contract is with the Upper Hudson Stone Company for a hard limestone, which is the same as that purchased under the contract approved by the Board of Estimate and Apportionment in 1915. The controversy over the former contract arose from the fact that, when bids were first received, the lowest bid was for a type of limestone which was deemed unsuitable for ballast, not so much by reason of its somewhat lower crushing strength, but because it offered less resistance to abrasion, and possessed marked cementitious qualities rendering it valuable as a binding material for certain purposes, but which it was believed made it objectionable for use as ballast owing to the tendency of the dust and fine particles of stone to obstruct drainage. At the second letting in 1915 the bid of the Upper Hudson Stone Company for a much harder limestone was accepted, this bid being lower than the prices named for trap rock. The bids which formed the basis of the contract now proposed are precisely similar in that there were bids for trap rock and for this same hard limestone, the latter being lower. It is noted in the report of the Deputy and Acting Comptroller of June 19th that present bids for ballast of both classes are considerably higher than they were in 1915, the prices at that time having been 97 cents and 87 cents a cubic yard for Class A and Class B respectively, while the prices upon which the present proposed contract is based are \$1.38 and \$1.28 for the same classes, an increase of 42 per cent. and 47 per cent.

While such an advance in price is very marked, it is in proportion with advances

which have lately taken place in many other of the materials used for construction work.

In reply to the question specifically submitted I will say that the course which it is proposed to follow is entirely consistent with that which was adopted with respect to the contract in 1915. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 37 of the Rapid Transit Act, being chapter 4 of the Laws of 1891, as amended, and the provisions of section 45 of the Greater New York Charter, and the requisition of the Public Service Commission for the First District, duly made by said Commission on June 13, 1917, the Board of Estimate and Apportionment hereby consents to the proposed contract to be entered into between the City of New York, acting by the said Commission, and the Upper Hudson Stone Company, for the supply of ballast, Order No. 4, for use in the construction of rapid transit railroads, at an estimated cost of forty-seven thousand eight hundred (\$47,800) dollars, plus five (5) per cent. thereon, making a total of fifty thousand one hundred and ninety (\$50,190) dollars; and be it further

Resolved, That the Board of Estimate and Apportionment prescribes that the limit to the amount of the proceeds of corporate stock available for the said purposes shall be fifty thousand one hundred and ninety (\$50,190) dollars; and be it further

Resolved, That the Comptroller be and is hereby authorized and directed to issue corporate stock of the City of New York to the amount of fifty thousand one hundred and ninety (\$50,190) dollars, at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds to the amount of the par value of the stock to be applied to the purposes of the said contract with the Upper Hudson Stone Company, as set forth in this resolution and described in the requisition of the Public Service Commission to this Board dated June 13, 1917, as follows: Thirty-seven thousand six hundred and forty-two and 50-100 (\$37,642.50) dollars against the appropriation made by this Board on March 18, 1913, of twenty-eight million two hundred thousand (\$28,200,000) dollars, and the supplemental or additional appropriations thereto, for the purpose of carrying out the terms and provisions of Contract No. 3; and twelve thousand five hundred and forty-seven and 50-100 (\$12,547.50) dollars against the appropriation made by this Board on March 18, 1913, of sixty million (\$60,000,000) dollars, and the supplemental or additional appropriations thereto, for the purpose of carrying out the terms and provisions of Contract No. 4.

Which was adopted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Department of Finance—Claim of Helen C. Maddox Pursuant to Chapter 633, Laws of 1917 (Cal. No. 40).

The Secretary presented a resolution auditing and allowing, pursuant to the provisions of chapter 633, Laws of 1917, to Helen C. Maddox, widow of Samuel T. Maddox, late Justice of the Supreme Court, in and for the State of New York, the sum of \$6,008.07, a part of the salary which would have been earned by him had he continued to live until January 1, 1917, and authorizing and directing the Comptroller to provide funds to the amount of \$6,008.07 for the purpose aforesaid.

(On June 22, 1917 (Cal. No. 141), the matter was laid over until this meeting.)

The Secretary also presented a memorandum of the Comptroller recommending payment of said claim in the sum of \$4,758.07.

The matter was laid over until Friday (June 29, 1917).

President, Borough of Richmond—Appropriation for Improving Grounds in Front of New County Court House and Borough Hall, Borough of Richmond (Cal. No. 41).

(On June 22, 1917 (Cal. No. 25), the matter was laid over until this meeting, under Rule 19.)

The Secretary presented a communication, dated March 1, 1917, from the President, Borough of Richmond, requesting appropriation of \$55,000 for grading and improving grounds in front of new County Court House, Borough of Richmond; and the following report of the Committee on Corporate Stock Budget recommending approval thereof:

May 17, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On March 3, 1917, you referred to the Corporate Stock Budget Committee a communication from the President of the Borough of Richmond, dated March 1, 1917, requesting an issue of corporate stock in the sum of \$55,000 for the purpose of grading and improving the grounds in front of the new County Court House in the Borough of Richmond.

The Bureau of Contract Supervision, to which this request was referred on March 5, 1917, reports thereon as follows:

"The request is for funds necessary for the completion of the approach work to the County Court House.

"On January 29, 1917, plans and specifications and estimate of cost in the sum of \$55,000 were submitted for the approval of your Board.

"The plans and specifications for this work provide for the necessary grading, planting of the grounds in front of the Court House and planting in front of Borough Hall, in order to make the landscape work uniform on both sites.

"Mason work consisting of cement walks, limestone ashlar walls and balustrades adjacent to the walks where a decided change in grade occurs and the erection of three stone fountains, with necessary plumbing and drainage are provided for.

"The estimate of cost of the proposed work is reasonable."

We recommend the adoption of the attached resolution approving an appropriation of \$55,000 for the necessary grading and improvement of the grounds to complete the proposed approach to the New County Court House, Borough of Richmond.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; President, Borough of The Bronx; Corporate Stock Budget Committee.

The Secretary also presented the following dissenting memorandum from the President, Borough of The Bronx:

"I do not think this authorization should be granted in the full amount at this time, although, of course, the work must be done at a later date. It is not necessary to tear down all the buildings between the front of the Court House and the Borough Hall on the Richmond Terrace side, and do the grading work, before the Court House can be occupied and used. One of the three buildings there has been demolished. Another building, the one immediately next to the Court House, will probably shortly be demolished, pursuant to bids which have just been received, or are about to be received. The third building, the St. George Hotel, it is not planned to demolish immediately. There may therefore be no complete improvement of the space between the Court House and Borough Hall.

"In 1915 it was estimated that the grading and improvement of these grounds would cost \$43,126.43; it is now estimated that the total cost will be \$57,551, approximately a one-third increase of cost. Of course the condition of excavated cellars and mounds of earth should not be allowed to remain, but the place should be put in a condition showing a reasonably good appearance. It seems to me that this could be done by the regrading and temporary seeding in grass. According to the estimates, this would cost approximately \$8,000, and practically none of it would be money wasted. The improvement would suffice until a time when prices would more nearly have reached normal, and until a time when the final improvement could be made with the last building removed.

"I can see but little excuse for building fountains and ornamental walks and constructing landscape effects in these times when every one is preaching a husbanding of resources, particularly when fountains and landscape work are not essentials to the administration of justice, for which this building was erected, however pleasing they may be aesthetically."

"DOUGLAS MATHEWSON, President of the Borough of The Bronx."

"June 11, 1917."

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that, pursuant to the provisions of section 169 of the Greater New York Charter, the sum of fifty-five thousand dollars (\$55,000) is hereby appropriated for the grading and improvement of grounds to complete the approach to the new County Court House, Borough of Richmond, under the jurisdiction of the President of the Borough of Richmond, and

that the Comptroller be and hereby is authorized to issue, pursuant to section 169 of the Greater New York Charter, serial bonds of The City of New York to the amount of thirteen thousand seven hundred and fifty dollars (\$13,750), redeemable in fifteen equal annual installments, being one-fourth of such total authorization, and that the remaining three-fourths, viz.: forty-one thousand two hundred and fifty dollars (\$41,250), shall be included in annual tax levies in the manner provided by section 189 of the Greater New York Charter; provided, however, that no encumbrance or expenditure by contract shall be made against this authorization, nor shall bids upon such contracts be advertised for, until after approval by the Board of Estimate and Apportionment of the plans, specifications, estimates of cost and forms of such contracts which shall be submitted to said Board by the President of the Borough of Richmond, nor shall any architect, engineer, expert or departmental employee be engaged or employed as a charge against such authorization except after approval by said Board of such employment and of the fee or wage to be paid by preliminary and final contract, voucher or budget schedule, which are to be similarly submitted, unless in the case of departmental employees, such employment is in accordance with schedule approved by said Board.

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—12.

Negative—The President of the Borough of The Bronx—1.

Department of Education—Transfer to Corporate Stock Fund and Appropriation for Purchase of Property as a School Site and Improvement of Buildings Thereon (Cal. No. 42).

(On February 18, 1916 (Cal. No. 54), the Board adopted a resolution disapproving the construction of a new building at Douglaston, Borough of Queens, to contain eleven classrooms and an auditorium, for the reason that the additional facilities proposed were not required.)

(On June 22, 1917 (Cal. No. 26), the matter was laid over until this meeting, under Rule 19.)

The Secretary presented a resolution adopted April 11, 1917, by the Board of Education requesting amendment of the resolution adopted by this Board March 13, 1914, applying and transferring \$127,883 from the fund C. F. M.—24, to be used for the construction and equipment of new Public School 98, Borough of Queens, which proposed amendment was intended to make \$28,000 available for the acquisition of property on the west side of Main avenue adjoining the Long Island Railroad Station at Douglaston, Borough of Queens, and \$13,000 for the purpose of altering a building thereon so as to adapt the same for school purposes; the balance of \$86,883 to be transferred to and applied toward the construction of a new building to relieve Public Schools 53, 55 and 57, Borough of Queens; and the following report of the Committee on Corporate Stock Budget relative thereto:

June 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On April 11, 1917, the Board of Education requested the amendment of the resolution adopted by the Board of Estimate and Apportionment on March 13, 1914, applying and transferring \$127,883 from the fund C. F. M.—24, to be used for the construction and equipment of new Public School 98, Borough of Queens. The proposed amendment is intended to make \$28,000 available for the acquisition of property on the west side of Main avenue, adjoining the Long Island Railroad Station at Douglaston, Borough of Queens, and \$13,000 for the purpose of altering a building thereon so as to adapt the same for school purposes; the balance of \$86,883 to be transferred to and applied toward the construction of a new building to relieve Public Schools 53, 55 and 57, Borough of Queens.

The Bureau of Contract Supervision, to which the request was referred on April 14, 1917, reports thereon as follows:

"On May 6, 1915, the Board of Education submitted for the approval of your Board, the form of contract, specifications, plans and estimate of cost for the construction of a new school building at Douglaston, to contain eleven classrooms and an auditorium. On February 18, 1916, your Board disapproved of the construction of this building for the reason that the additional facilities proposed were not required.

"It is now proposed to purchase a plot approximately 220 by 300 feet on the westerly side of Main avenue, north of the Long Island Railroad. This plot is part of the estate of Anna Van Vliet and contains a building which it is proposed to alter in order to provide six classrooms. The cost of the alteration is estimated at \$13,000, which is reasonable.

"The Secretary of the Committee on Education of your Board reports as follows:

"The new building will make it possible to provide instruction in all grades for all the children of school age in the Douglaston section and so remove the cause of the continuing protests from the citizens of Douglaston against an alleged inadequacy of school accommodations. At the present time Douglaston children are accommodated, for the most part in a four-room portable building which has 109 sittings, a capacity of 160 and provides for children through the 5A grade only. There are 133 pupils now attending public elementary schools from the Douglaston section of whom 91 attend in the portable building, which is an annex to P. S. 94, located at Little Neck; 36 are transported to P. S. 94, which is more than a mile removed, while 6 attend P. S. 33 at Creedmoor. In addition to the pupils registered in the public schools 37 are receiving private instruction because of the unsatisfactory public school facilities."

"The Chief of the Division of Real Estate of the Department of Finance has appraised the value of the property in question at \$22,000.

"On June 6, 1917, the executor of the estate of Anna Van Vliet executed a 30-day option for the purchase of this property by the City for the sum of \$22,000.

"It is urgent that action be taken at an early date to enable the City to take advantage of this option.

"To provide for this purchase and the alteration of the building, the sum of \$35,000 will be sufficient.

"The original appropriation of \$127,883 for this building was made by transferring cash from the fund 'C. F. M.—24'. The enactment of the 'Pay-as-you-go' law, in accordance with the opinion of the Corporation Counsel, prohibits the action requested by the Board of Education, as to the amendment of the resolution, it being held that the purpose of an existing old authorization cannot be changed, and also that the fund 'C. F. M.—24' can be utilized by transfer only to the extent to which serial bonds may be authorized, which for this year is twenty-five per cent.

"It is therefore suggested that the entire balance be returned by transfer to the fund C. F. M.—24, and, as action upon the acquisition of the property at Douglaston is urgent, that an appropriation be made for the purpose, twenty-five per cent. of which is to be transferred from 'C. F. M.—24'.

"As the use of this \$127,883 by the Board of Education has been considered in making requests for corporate stock for school purposes, it appears proper that the whole sum should be applied to education purposes. This will be made the subject of another report."

We recommend the adoption of the attached resolutions, one of which will transfer the sum of \$127,883 to the fund C. F. M.—24, and the second, which will authorize \$35,000 for the purchase of the stated site and the alteration and equipment of buildings thereon, twenty-five per cent. of the latter to be provided by transfer from the fund C. F. M.—24. Respectfully,

WILLIAM A. PRENDERGAST, Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that, pursuant to the provisions of section 237 of the Greater New York Charter, as amended by chapter 36 of the Laws of 1913 and Chapter 220 of the Laws of 1917, and upon the recommendation of the Comptroller, the sum of one hundred and twenty-seven thousand eight hundred and eighty-three dollars (\$127,883), unencumbered cash balance in the corporate stock fund entitled "C. D. E.—130D, School Building, Construction and Equipment, Queens, Sub-title 4," being no longer required for the purpose, be and is hereby transferred to the fund known as "C. F. M.—24, Moneys Available for Permanent Improvement for Which Corporate Stock May Lawfully Be Issued."

Which was adopted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that, pursuant to the provisions of section 169 of the Greater New York Charter, the sum of thirty-five thousand dollars (\$35,000), is hereby appropriated for the purchase of a site and the alteration and equipment of the buildings thereon on the westerly side of Main Avenue, north of the Long Island Railroad, at Douglaston, Borough of Queens, under the jurisdiction of the Department of Education, and that the Comptroller be and hereby is authorized, pursuant to section 169 of the Greater New York Charter, to transfer, in accordance with section 237 of the Greater New York Charter, from the fund "C. F. M.—24, Moneys Available for Permanent Improvements for Which Corporate Stock May Lawfully Be Issued," the sum of eight thousand seven hundred and fifty dollars (\$8,750), being one-quarter of such total authorization, and that the remaining three-quarters thereof, viz., twenty-six thousand two hundred and fifty dollars (\$26,250), shall be included in annual tax levies in the manner provided by section 189 of the Greater New York Charter; provided, however, that no encumbrance or expenditure by contract shall be made against this authorization, nor shall bids upon such contracts be advertised for until after approval by the Board of Estimate and Apportionment of the plans, specifications, estimates of cost and forms of such contracts which shall be submitted to said Board by the Department of Education, nor shall any architect, engineer, expert or departmental employee be engaged or employed as a charge against such authorization except after approval by said Board of such employment and of the fee or wage to be paid by preliminary and final contract, voucher or budget schedule, which are to be similarly submitted, unless in the case of departmental employees, such employment is in accordance with schedules approved by said Board.

Bronx Parkway Commission—Issue of Serial Bonds for Acquisition of Property for Bronx Parkway Reservation (Cal. No. 43).

(On June 22, 1917 (Cal. No. 28), the matter was laid over until this meeting, under Rule 19.)

The Secretary presented a communication, dated May 29, 1917, from the Bronx Parkway Commission, requesting issue of \$12,000 corporate stock to pay the City's share, or three-quarters of the total amount, \$16,000, due for land acquired for the Bronx Parkway, together with the expense of such acquisition closing as of July 10, 1917; and the following report of the Committee on Corporate Stock Budget recommending approval thereof:

June 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On May 29, 1917, the Bronx Parkway Commission, pursuant to the provisions of section 15 of chapter 594 of the Laws of 1907, as amended by chapter 575 of the Laws of 1913, requested your Board to authorize an issue of \$12,000 in corporate stock to pay the City's share, or three-quarters of the total amount, \$16,000, due for land acquired for the Bronx Parkway, together with the expense of such acquisition closing as of July 10, 1917.

Subdivision H, section 15, chapter 594, of the Laws of 1907, provides that it shall be the duty of The City of New York to pay three-quarters of the amount agreed upon by the Bronx Parkway Commission for lands taken and for expenses in accordance with the provisions of the act.

The land to be acquired with the requested funds is the area known as Parcel 53, Sheet 30, on the Bronx Parkway Commission Maps.

Interest at six per cent. on the amounts awarded will commence on July 10, 1917, and will continue to the day named by the Commission for vesting title in the City, which day will be set as soon as this request is granted.

We recommend the adoption of the attached resolution approving the issue of \$12,000 in fifteen year serial bonds for the purpose stated. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 594 of the Laws of 1907, as amended by chapter 757 of the Laws of 1913, the Comptroller be and hereby is authorized to issue in the manner provided by section 169 of the Greater New York Charter serial bonds of The City of New York to an amount not exceeding twelve thousand dollars (\$12,000), being the City's share, three-quarters of a total of sixteen thousand dollars (\$16,000), to provide means for acquiring lands and interests therein and defraying expenses incidental thereto by the Bronx Parkway Commission in connection with preserving the waters of the Bronx River from pollution, which bonds shall mature and be redeemed in equal annual installments during a period of fifteen (15) years from the date of issue, the proceeds thereof to the amount of the par value of the bonds to be applied to the purpose aforesaid.

Department of Education; Teachers' Retirement Board—Issue of Special Revenue Bonds, Approval of Compensation of Employees and Modification of Schedules (Cal. No. 46).

(On June 8, 1917 (Cal. No. 27), the matter was laid over until June 15, 1917, under Rule 19. On June 15, 1917 (Cal. No. 93), the Board authorized special revenue bonds and approved schedules covering temporary employees, equipment and supplies; and laid over until June 22, 1917, authorization of special revenue bonds and approval of schedules for regular employees.)

(On June 22, 1917 (Cal. No. 149), the matter was laid over until this meeting.)

The Secretary presented a communication, dated June 4, 1917, from the Acting Chairman, Teachers' Retirement Board, requesting an appropriation of funds for providing for the newly created Teachers' Retirement System for remainder of year 1917; and report of the Committee on Salaries and Grades relative thereto.

The Secretary also presented the following report of the Committee on Salaries and Grades:

June 25, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—At its meeting on June 15 your Board approved schedules for temporary employees, funds for equipment, supplies, etc., for the Teachers' Retirement Board, but referred back to the Committee on Salaries and Grades that portion of the report then under consideration which dealt with the schedule for permanent employees for the Teachers Retirement Board. The Committee on Salaries and Grades, after further consideration and consultation with the Chairman of the Teachers' Retirement Board, deems it advisable to defer the fixation of permanent compensation for the Actuary to that Board until after the Teachers' Pension Law is in full operation. In the meantime it appears highly desirable that the Teachers' Retirement Board have the benefit of the directing and consulting judgment of Mr. George B. Buck, Actuary in Charge of the Division of Pensions of the Bureau of Personal Service of this Board. Mr. Buck can perform this work only at a personal sacrifice involving approximately \$1,000 for the remainder of this year. For this reason the Committee on Salaries and Grades recommends the fixation of compensation for Actuary (Consulting) at the rate of \$1,800 per year for six months.

The Committee further recommends a change in the proposed rate for Auditor from \$3,600, as approved in the original report, to \$2,700 a year for a period of six months. The remainder of the schedules as submitted by the Teachers' Retirement Board are recommended as originally reported with the change from a 6-2-3 months' basis to a 6 months' basis. The Committee, therefore, recommends the following schedule for permanent employees for the remainder of the year 1917:

Salaries Regular Employees.	
1 Actuary (Consulting), at \$1,800 per annum (6 months).....	\$900 00
1 Auditor, at \$2,700 per annum (6 months).....	1,350 00
1 Secretary, at \$360 per annum (5 months, part time).....	150 00
1 Junior Accountant, at \$1,920 per annum (6 months).....	960 00
2 Junior Bookkeepers, at \$840 per annum (12 months).....	840 00
1 Junior Actuary, at \$1,800 per annum (6 months).....	900 00
3 Actuarial Clerks, at \$1,080 per annum (18 months).....	1,620 00
1 Hollerith Operator (Assistant Clerk), at \$720 per annum (6 months).....	360 00
1 Senior Stenographer at \$1,320 per annum (6 months).....	660 00
1 Stenographer, at \$960 per annum (6 months).....	480 00
4 Clerks, at \$840 per annum (24 months).....	1,680 00
1 Junior Clerk, at \$360 per annum (6 months).....	180 00

Schedule Total \$10,080 00

We therefore recommend the adoption of the attached resolutions approving the amount requested by the Teachers' Retirement Board, with the exceptions mentioned.

Respectfully, WILLIAM A. PRENDERGAST, Comptroller; JOHN PURROY MITCHELL, Mayor; E. W. VOORHIES, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with subdivision C, subsection 2, paragraph 4, chapter 303, of the Laws of 1917, which provides that "The compensation of all employees of the retirement board shall be fixed by said retirement board subject to the approval of the Board of Estimate and Apportionment," hereby approves the compensation of certain employees, fixed by the Teachers' Retirement Board, as follows:

Salaries Regular Employees.	
1 Actuary (Consulting), at \$1,800 per annum (6 months).....	\$900 00
1 Auditor, at \$2,700 per annum (6 months).....	1,350 00
1 Secretary, at \$360 per annum (5 months, part time).....	150 00
1 Junior Accountant, at \$1,920 per annum (6 months).....	960 00
2 Junior Bookkeepers, at \$840 per annum (12 months).....	840 00
1 Junior Actuary, at \$1,800 per annum (6 months).....	900 00
3 Actuarial Clerks, at \$1,080 per annum (18 months).....	1,620 00
1 Hollerith Operator (Assistant Clerk), at \$720 per annum (6 months).....	360 00
1 Senior Stenographer, at \$1,320 per annum (6 months).....	660 00
1 Stenographer, at \$960 per annum (6 months).....	480 00

4 Clerks, at \$840 per annum (24 months).....	1,680 00
1 Junior Clerk, at \$360 per annum (6 months).....	180 00

Schedule Total \$10,080 00

Fund for Salary and Wage Accruals; Department of Parks, Borough of Queens—Transfer of Appropriation and Modification of Schedule (Cal. No. 47).

(On May 25, 1917 (Cal. No. 131), the Board fixed the rate for Blacksmiths in the City Service at \$5 per day, effective as of February 1, 1917.)

(On June 22, 1917 (Cal. No. 37), the matter was laid over until this meeting.)

The Secretary presented a communication, dated June 2, 1917, from the Commissioner of Parks, Borough of Queens, requesting modification of schedule for 1917 involving transfer from Fund for Salary and Wage Accruals; and the following report of the Committee on Salaries and Grades recommending approval thereof:

June 12, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 2, 1917, the DEPARTMENT OF PARKS, QUEENS, requested modification of Schedule 1377 for 1917. The Bureau of Personal Service reports thereon as follows:

"Purpose—Increase the rate for Blacksmith from \$4.50 to \$5 per day and transfer \$126.50 from Schedule 3039, Salary and Wage Accruals.

"Reason—On May 25th your Board fixed the rate for Blacksmiths in the City service at \$5 per day, effective as of February 1st, 1917. The budget allowance for Blacksmith in Parks, Queens, allots 277 days at \$4.50, of which 24 were used in January, leaving 253 days from February 1st to December 31st, for which, at the increase of 50 cents per day, an amount of \$126.50 must be provided in order to carry out this resolution for increased pay.

"Finding—The request is proper and reasonable."

Recommendation—In view of the above report, the Committee recommends that the request be approved by the adoption of the attached resolutions.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

Police Department—Transfer of Appropriation and Modification of Schedules (Cal. No. 48).

(On June 22, 1917 (Cal. No. 39), the matter was laid over until this meeting.)

The Secretary presented a communication dated May 24, 1917, from the Police Commissioner, requesting modification of schedules involving transfer of funds within appropriation for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof:

June 8, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On May 24, 1917, the POLICE COMMISSIONER requested modification of two schedules for 1917, involving a cash transfer of \$852.80. The Bureau of Personal Service reports thereon as follows:

"Purpose—To eliminate in No. 1602, Uniformed Force, a position of Chief Lineman at \$1,500 and to add in No. 1606, Care of Buildings, Grounds and Equipment, a position of Electrician at \$5.20 per day for 303 days.

"Reason—To provide the proper civil service title for the work to be performed.

"Finding—The enactment into law of the Greater New York Charter, section 276a, created in the telegraph force of the Police Department an officer to be known as Chief Lineman, to be selected from among members of the uniformed force of roundsman, patrolman or doorman and lineman, who were serving in that capacity on January 1, 1898, after examination. The incumbent of the position, who was by charter provision a member of the uniformed force, has retired. The request to substitute a civilian, under the title of Electrician, is proper. As the new appointee will be a civilian, it is recommended that the necessary funds for his employment from June 16, 1917, be transferred from No. 1602, Uniformed Force, to No. 1606, in which civilians are provided for. This transfer, which is from a salary to a wage account, requires the unanimous consent of your Board."

Recommendation—In view of the above report, your Committee recommends that the request be granted by the adoption of the attached resolutions.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

Fund for Salary and Wage Accruals; Department of Public Charities—Transfer of Appropriation and Modification of Schedule (Cal. No. 49).

(On June 22, 1917 (Cal. No. 41), the matter was laid over until this meeting.)

The Secretary presented a communication dated May 17, 1917, from the Commissioner of Public Charities, requesting modification of schedule for 1917, involving transfer of appropriation from Fund for Salary and Wage Accruals; and the following report of the Committee on Salaries and Grades recommending approval thereof:

June 15, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On May 17, 1917, the DEPARTMENT OF PUBLIC CHARITIES requested a modification of Code 1909 for 1917. The Bureau of Personal Service reports thereon as follows:

"Request—(1) To change the line Desertion Officer, 2 at \$1,080, 6 months, \$1,080, to 11 months, \$1,980.

"(2) To change the line Typist, 6 months, \$300, to Typist, 11 months, \$550.

"Reason—(1) and (2)—In the 1917 budget this force was allowed for a period of six months as an experimental proposition, for the purpose of following up and apprehending fathers who desert their children, leaving them a public charge upon The City of New York. In addition to this force, the Department has detailed a Social Investigator at \$1,320 to give his whole time to

this type of case. It was found impossible to secure the services of Desertion Officers before February 1st, and the work in this Bureau from February 1st to May 31st, 1917, shows the following results:

"Total number of cases of this class, 408; number in which children were committed as public charges, 141; number in which arrest prevented commitment as public charges, 10; total number of arrests, 37.

"Cash saving to City, based on average stay of children at usual rates:

Commitment of 13 children prevented	\$3,380 00
Seven children and 1 nursing mother taken from institutions.....	1,904 00
Receipts on May 31, 1917, on court orders for support of 28 committed children	187 50

Total savings effected in 4 months

"The cost of the force for the period stated was \$1,420. In addition to the saving by the deterrent effects of this class of work is considerable.

"Finding—The request is necessary. The work is in the police line and should be performed by detectives detailed to this Bureau. Unless such assignment is made, the present force should be continued. It is proposed to secure the funds from salary and wage accruals, Code 3039, as there are no funds available in the Department for this purpose."

Recommendation—In view of the facts set forth above, the Committee recommends that the request be granted by the adoption of the attached resolutions, which will require unanimous vote of the Board. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

Fund for Salary and Wage Accruals; Department of Correction—Expenditure of Funds, Transfer of Appropriation and Modification of Schedules (Cal. No. 50).

(On June 15, 1917 (Cal. No. 18), the matter was laid over until June 22, 1917; on the latter date (Cal. No. 150) until this meeting.)

The Secretary presented a communication dated March 8, 1917, from the Commissioner of Correction, requesting modification of schedules for 1917, involving transfer from Fund for Salary and Wage Accruals; and the following report of the Committee on Salaries and Grades relative thereto:

June 5, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On March 8, 1917, the DEPUTY COMMISSIONER OF THE DEPARTMENT OF CORRECTION requested modification of the proper temporary codes for 1917, to provide for the salary of an Assistant Engineer and two Clerks. The Bureau of Personal Service reports thereon as follows:

"Purpose—(1) To provide for the payment of the salary of an Assistant Engineer at the rate of \$3,180 per annum, for the period from January 1 to and including March 3, 1917.

"(2) To provide for two Clerks at a rate of \$600 per annum.

"Reason—(1) Funds are to be provided for the payment of Robert C. Strachan for services rendered during the period stated. While the position held by Mr. Strachan prior to January 1, 1917, had not been provided for in the 1917 Budget, it was expected by the Department of Correction that a special request would be made for the payment of his salary as soon as arrangements could be made to provide for his transfer to some other City Department. With this plan in view the Department continued him in its employment temporarily without compensation. On March 4, 1917, he was transferred to the Bureau of Contract Supervision.

"(2) The two Clerks are to be assigned to the Bureau of Audit, Accounts and Records, where the work and procedure have been recently reorganized and extended, by the installation of the new centralized stores accounting system. The Deputy Commissioner states that this work cannot be satisfactorily performed by the present staff. In addition, it is stated that the reports required by the Comptroller, under the Sixth Resolution of the 1917 Budget, also calls for additional clerical work, in showing the distribution of food supplies under the new system, although the work will be greatly simplified in that the required data will be more quickly obtained from the centralized accounts if the additional Clerks are provided.

"Finding—(1) During the year 1915, in establishing a salary schedule, payable from Corporate Stock, for supervising and directing the inmates engaged upon the construction of a Reformatory for Male Misdemeanants at New Hampton Farms, N. Y., a position of Assistant Engineer at \$3,180 per annum was provided. The incumbent of this position was to be in charge of all work connected with the development of the Reformatory. In the preparation of the Budget for the year 1916 for the Department of Correction, after full discussion of the needs of the department for supervising engineering services on construction work, provision was made for the services of an Assistant Engineer at \$3,180 per annum. It was intended that the incumbent of the position provided for in 1915 at the New Hampton Farms would fill the new position provided in the 1916 Budget, and that in addition to continuing the supervision of the Reformatory construction work he would be available for engineering services on all other construction work in the department.

"In January, 1916, request was made by the Department of Correction for the establishment of a salary schedule, payable from Corporate Stock, for the continuation of the construction work at the New Hampton Reformatory. Among other positions to be provided for was a position of Assistant Engineer at \$3,180. This Bureau, in reporting on the above request, stated that, in view of the position provided for in the 1916 Budget, the additional Engineer position was unnecessary. At a meeting of the Board of Estimate and Apportionment held in February, 1916, the resolutions attached to the above report were concurred in, with the exception that the additional position of Assistant Engineer was included in the schedule, despite the adverse report of this Bureau.

"In considering the Budget for the Department of Correction for the year 1917 it was decided that the position of Assistant Engineer at \$3,180 per annum occupied by Mr. Strachan was unnecessary, in view of the retention of a similar position at the New Hampton Reformatory. The Budget Committee concurred in the recommendation and the position was not allowed in the 1917 Budget.

"Although provision for the position was not made in the Budget the Department of Correction continued Mr. Strachan's services until March 3, 1917, when he was transferred to the Bureau of Contract Supervision, Board of Esti-

mate and Apportionment. The services rendered by Mr. Strachan were as engineer on plans and construction for improvements in the penitentiary and prison plant of the department and are properly chargeable to the special fund of the department resulting from the sale of the Kings County penitentiary lands. The act creating this fund provides as follows:

"Any remainder of said fund not necessary, in the discretion of said Commissioner of Correction, for the erection of such city prison building or buildings, or addition or additions, as above provided, shall remain in the hands of the Comptroller of the City of New York as a special fund to be used from time to time in the repair, alteration and improvement of the various city prisons, penitentiaries and correctional buildings in his charge."

"Request is now made to compensate him for his services from the first of January to the date of his transfer.

"(2) The services of the two additional Clerks are necessary. At present the department has approximately 17,000 active stock record cards requiring entries from an average of 2,000 transfer slips during the month. Some of these slips require ten or twelve card entries in addition to the calculation and extension of the money involved. The various reports required by the Comptroller under the 1917 Budget resolutions are submitted by the departments on the first day of each quarter. The Department of Correction through lack of the proper clerical force has not been able to submit its report for the first quarter of 1917. Because of the large amount of detail involved in the stores accounting system it is believed that one Clerk can attend to the records only of two institutions, and keep them properly up to date. The Department has ten institutions, and at present has only three Clerks on this work, who have been assigned out of the department's present force. There are no other Clerks available for this assignment.

"The salary rate proposed is the minimum of the grade for the work to be performed. It will be necessary to transfer the sum of \$600 from the General Accrual Fund to this department for this purpose, as there are no funds within the schedules available for use."

Recommendation—In view of the above report, the Committee on Salaries and Grades recommends the adoption of the attached resolutions, (1) approving the payment of Robert C. Strachan from January 1, 1917, to March 3, inclusive, (2) modifying Code No. 2626, to provide for the two additional Clerks at \$600 per annum each, and (3) transferring the sum of \$600 from the General Accrual Fund to Code 2626 to provide for the payment of the salary of the two clerks for the balance of the year. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the expenditure by the Department of Correction of a sum not to exceed five hundred and fifty-six dollars and thirteen cents (\$556.13) for the payment of Robert C. Fund for Salary and Wage Accruals; Department of Docks and Ferries—Transfer of Appropriation and Modification of Schedules (Cal. No. 51).

The Secretary presented a report of the Committee on Salaries and Grades on the request of the Department of Docks and Ferries recommending modification of schedules for the Department of Docks and Ferries for 1917, involving transfer of appropriation from Fund for Salary and Wage Accruals.

(On June 1, 1917 (Cal. No. 27), June 8, 1917 (Cal. No. 142), and June 15, 1917 (Cal. No. 97), the matter was laid over; on the latter date until this meeting, and the Bureau of Personal Service was directed on June 15, 1917, to report whether the position of Assistant Engineer at \$2,400 proposed to be dropped does not represent a position which should be filled by the promotion of an individual whose salary was reduced in 1915.)

(On June 22, 1917 (Cal. No. 151), the matter was laid over until this meeting.)

The matter was laid over until Friday (June 29, 1917).

East 35th Street, from Avenue L to Kings Highway; Lott Avenue, from Christopher Avenue to Powell Street; Ocean Avenue, from Emmons Avenue to Neck Road; 65th Street, from 3rd Avenue to 4th Avenue, and 97th Street, from 4th Avenue to Fort Hamilton Avenue, Borough of Brooklyn—Rescinding Preliminary and Final Authorizations for Grading and Paving (Cal. No. 52). (On June 22, 1917 (Cal. No. 76), the matter was laid over until this meeting.)

The Secretary presented a communication, dated May 9, 1917, from the Acting President, Borough of Brooklyn, requesting rescission of resolutions under which six local improvements were authorized; and the following report of the Chief Engineer:

Report No. 16860. June 13, 1917.
Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on April 27, 1917, a report was presented by your Engineer relative to the progress made in completing the assessable physical improvements which have been authorized up to the end of the first quarter of the year, and, in conformity with the recommendation then made, the Secretary was directed to call the attention of the Presidents of the various Boroughs to a number of cases where it appeared that delays had occurred, to the end that the completion of the improvements might be expedited and made the subject of assessment.

In compliance with this request, the Acting President of the Borough of Brooklyn, under date of May 9, has forwarded a communication setting forth the status of each of the improvements in this Borough to which reference was made, and in this connection he recommends the rescission of six resolutions under which authorization was given for improvements which it is not now proposed to undertake, the list being more particularly as follows:

1. Grading East 35th Street, from Avenue L to Kings Highway. This improvement was authorized on July 27, 1911. It is stated that the contract was not entered into owing to the existence of some doubt as to the lines of Kings Highway as well as to a proposed change in street grade. The Board records, however, show that the grade adjustment was provided for under a map adopted on March 5, 1915, while the lines of Kings Highway were modified under a plan which was approved at the meeting of May 18, 1917. It would therefore appear that the obstacles to the carrying out of the improvement have now been removed.

2. Paving Lott Avenue, from Christopher Avenue to Powell Street. This improvement was authorized on April 17, 1913, at which time information was presented to show that the water main had been laid. It now appears that this information was incorrect and in its absence the improvement, for which there does not appear to be any clearly established urgency, has not been carried out.

3. Grading Ocean Avenue, from Emmons Avenue to Neck Road. This improvement was authorized on June 29, 1911, and was made the subject of a contract which was cancelled under date of December 13, 1913. The Board is informed that "for some reason it was not deemed advisable" to carry out the improvement.

4. Grading 65th Street, from 3rd Avenue to 4th Avenue. This improvement was authorized on March 23, 1906. It was later made the subject of a contract which, upon the payment of the sum of \$250 to the contractor, was subsequently cancelled owing to an injunction issued by the Court. It is understood that the Court action was based on an objection to the occupancy of property in railroad ownership, but it would appear that in case the resolution was amended in such a way as to relate only to a portion of the street width, the improvement could be advanced.

5. Paving 65th Street, from 3rd Avenue to 4th Avenue. This improvement was authorized on June 29, 1906, and was later made the subject of a contract which was cancelled on March 31, 1913, for the same reasons as noted in connection with the grading of 65th Street, between identical limits.

6. Paving 97th Street, from 4th Avenue to Fort Hamilton Avenue. This improvement was authorized on November 20, 1913. Information was presented to show that upon receipt of bids objection was raised by the property owners, for which reason the bids were rejected.

From additional information submitted by the Commissioner of Public Works it appears that expenses have been incurred for the preliminary work in connection with these improvements and to the following amounts, the charges in the case of the grading of 65th Street also including the amount paid to the contractor:

	Expenses Incurred.
1. Grading East 35th Street	\$54 75
2. Paving Lott Avenue	\$0 39
3. Grading Ocean Avenue	292 02
4. Grading 65th Street	353 74
5. Paving 65th Street
6. Paving 97th Street	11 83

Total \$762 73

From this review it would appear that all of the improvements could be carried out, either under the authorizations heretofore given or under amended resolutions, excepting in the case of Lott Avenue, for which reason it would seem that the abandonment of the improvements as now proposed might be conditioned upon the payment to the Street Improvement Fund by interested property owners of such amounts as have heretofore been expended by the City.

In case this course is deemed impracticable and the improvements are to be deferred for a period of any extended length, I would recommend the rescission of the resolutions, but with the suggestion that the attention of the Comptroller be called to the charges which have been incurred, to the end that arrangements may be made for correspondingly replenishing the Street Improvement Fund from such balance in the Borough funds as may be found available for transfer.

Respectfully, NELSON P. LEWIS, Chief Engineer.

East 19th Street, from Church Avenue to Tennis Court, Borough of Brooklyn—Closing and Discontinuing (Cal. No. 53).

(On May 25, 1917 (Cal. No. 50); June 8, 1917 (Cal. No. 150), and June 22, 1917 (Cal. No. 162), the matter was laid over; on the latter date until this meeting.)

The Secretary presented a resolution adopted March 12, 1917, by the Local Board of the Flatbush District, Borough of Brooklyn, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 16776. May 22, 1917.
Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on March 12, 1917, recommending a change in the City Map by closing and discontinuing East 19th Street, from Church Avenue to Tennis Court.

As heretofore laid out south of Church Avenue, East 19th Street with a width of 70 feet extends to Sheepshead Bay, while to the north of Church Avenue it is continued with a slightly different course under the name of St. Paul's Place with a width of 60 feet. While the proposed closing will technically have the effect of creating a cul-de-sac, it would appear that it is intended to provide a northerly outlet through Tennis Court which, by reason of never having been incorporated upon the City Plan, is a private street with a width of 50 feet. The adoption of the plan would create a block bounded by Church Avenue, Ocean Avenue, Tennis Court and East 18th Street, with a depth ranging from about 330 feet to about 460 feet and a length of about 520 feet. From the information at hand it would appear that the retention of the street along its present lines is deemed impracticable owing to the property and building damage which would result if it were broken through at this time; on the other hand, the value of the property within this block is such as to warrant a belief that the time will arrive when a complete subdivision will be needed, and that such a subdivision is probably even now warranted in the vicinity of Church Avenue.

The approval of the plan will have the effect of placing the property owners in a position to develop what is now interior property along lines wholly under their own control, with the probable result of the creation of a cul-de-sac which it might not be practicable to remove without meeting conditions similar to those which obtain under the present layout. In my judgment the street should not be discontinued until such time as a plan has been submitted, making provision for subdividing the block along suitable lines.

I would therefore recommend that the Local Board resolution be disapproved.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing East 19th Street, between Church Avenue and Tennis Court (about 400 feet south of Church Avenue), Borough of Brooklyn, which proposed change is more particularly shown upon a map or plan bearing the signature of the Commissioner of Public Works of the Borough and dated April 10, 1917.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, the 21st day of September, 1917, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 21st day of September, 1917.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Department of Education—Approval of Contracts, Plans, Specifications and Increased Estimates of Cost (Cal. No. 54).

(On June 22, 1917 (Cal. No. 83), the matter was laid over until this meeting.)

The estimated costs for installing heating and ventilating apparatus in Manhattan Trade School for Girls, Borough of Manhattan, and in new Public School 16, Borough of Brooklyn, were approved by the Board on May 25, 1917, and June 15, 1917, at \$75,000 and \$20,000, respectively.)

The Secretary presented communications, dated May 25, June 9, 12 and 18, 1917, from the Board of Education, requesting approval of forms of contracts, plans and specifications for furniture, alterations and repairs, etc., in various Public Schools in the Boroughs of The Bronx, Manhattan and Brooklyn, and increased estimates of cost at \$85,398 and \$30,760, respectively, for installing heating and ventilating apparatus in Manhattan Trade School for Girls, Manhattan, and Public School

No. 16, Brooklyn, and the following report of the Bureau of Contract Supervision relative thereto:

June 20, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—Communications from the Board of Education were referred by you to the Bureau of Contract Supervision as follows:

Date of Communication and Purpose of Request.

June 9, 1917 (Four Communications)—

(1) Approval of the form of contract and specifications for furnishing and delivering new pianos to various schools (old buildings), all boroughs; estimated cost, \$26,065.

The cost is to be charged to the 1917 budget appropriation in which allowances aggregating \$24,765 for new pianos were made by boroughs.

It is proposed to award contracts for as many pianos as can be secured for the amount allowed in the budget. The estimate of cost submitted for approval is based on the assumption that the prices bid may exceed the allowance. It will be sufficient, at the present time, for your Board to approve the estimate of cost at \$24,765. Twelve upright pianos, forty-six miniature grand pianos and one concert grand piano are to be purchased to replace worn out instruments now in the schools. The miniature grand pianos are to replace square pianos in assembly rooms where upright pianos cannot be used.

(2) Approval of the form of contract, specifications, plans and estimate of cost, \$1,500, for new exterior stairs at Public School 55, Borough of The Bronx. The cost is to be charged to the corporate stock fund entitled "C. D. E.—110L, School Buildings, Construction and Equipment, The Bronx, Sub-title 11."

Owing to the intensive use of the building to provide for the large number of children attending the school, it has been found necessary to construct an additional iron stairway from the yard to the roof of the auditorium which is used for playground purposes. Funds for this stairway were provided by your Board on May 18, 1917.

(3) Approval of the form of contract and specifications for scraping, cleaning and painting iron house tanks and iron water closet cisterns in various school buildings, Borough of Manhattan; estimated cost, \$5,884; the cost to be charged to the 1917 budget appropriation, Code 870, "Other Than Personal Service, Borough of Manhattan."

The specifications provide for the cleaning and painting of 200 iron house tanks and 628 iron water closet cisterns. Provision was made in the 1917 budget appropriation for this work. The estimate of cost is slightly above the amount allowed, due to the advance in the price of materials. The tanks and cisterns are rusted badly and in need of cleaning and painting.

(4) (a) Approval of specifications for "capitol" desks and seats for Public School 74, Borough of Manhattan; estimated cost, \$1,062.10.

The cost is to be charged to the 1917 budget appropriation in which provision was made for the additional furniture.

A total of 206 pieces is to be purchased from the State Commission of Prisons. These pieces are all of large size for which no stock on hand is available. Of the smaller sizes there is sufficient available stock to provide for present needs of the schools.

(b) Approval of specifications for changes to furniture at Public School 39, Borough of The Bronx; estimated cost, \$222. The cost is to be charged to the fund "C. D. E.—145."

The specifications provide for the removal of furniture, blackboards, cases and linoleum from certain rooms and the relocation in other rooms to conform to the requirements for the duplicate school plan. Surplus equipment will be stored for future use where required.

The specifications have been submitted to Mr. William Wirt for his approval. In order that no delay will be occasioned, it is recommended that the specifications be approved, subject to the approval of Mr. Wirt.

June 12, 1917 (Three Communications)—

(1) Approval of the form of contract, specifications and plans for additions, alterations and repairs to electric light equipment in Public Schools 109, 120 and 160, Borough of Manhattan; total estimated cost, \$6,550.

(2) Approval of specifications for alterations and repairs at Public School 21, Borough of The Bronx; estimated cost, \$1,060.

(3) Approval of the form of contract, specifications and plans for alterations and repairs at Public Schools 19, 24, 25, 26, 43, 64, 72, 123, 129, 148, 158, 162 and Erasmus Hall High School, Borough of Brooklyn; total estimated cost, \$19,777.

The costs of the additions, alterations and repairs are to be charged to the 1917 budget appropriations for the Boroughs mentioned.

At Public Schools 109, 120 and 160, Borough of Manhattan, the present electric light equipments, which are old and unsafe, are to be replaced with new equipment. All defective wiring and fixtures and wood moulding are to be removed and new approved equipment installed.

At Public School 21, Borough of The Bronx, new floors are to be laid in certain classrooms and corridors and the sashes of seventy windows are to be reconstructed in order to reduce the size of the glass panes, which are now too large and costly to maintain. Roof repairs are also to be made. The sum of \$913 was allowed for this work in the 1917 budget appropriation. The lowest of six bids received was for \$1,060. It is recommended that this amount be approved.

The specifications for alterations and repairs at the Brooklyn schools stated provide general repairs, painting and various alterations at thirteen buildings for which provision was made in the 1917 budget appropriation.

June 18, 1917—

Approval of a new estimate of cost in the sum of \$85,398 for installing heating and ventilating apparatus in Manhattan Trade School for Girls, Borough of Manhattan.

On May 25, 1917, your Board approved the form of contract, specifications, plans and estimate of cost for this work at \$75,000. On June 18, 1917, seven bids were received, the lowest being that of Gillis and Geoghegan in the sum of \$85,398, the second lowest \$103,237 and the highest \$117,997.

Approval of a new estimate of cost in the sum of \$30,760 for installing heating and ventilating apparatus in new Public School 15, Borough of Brooklyn.

On June 15, 1917, your Board approved the form of contract, specifications, plans and estimate of cost for this work at \$20,000.

On June 18, 1917, seven bids were received, the lowest being that of the Century Ventilating Company, Incorporated, for the sum of \$30,760, the second lowest \$34,344, and the highest \$37,942.

The forms of contract, specifications and plans for all the items referred to herein are satisfactory. The estimates of cost are reasonable. The amounts of the low bids for which approval is requested are reasonable, in view of the existing uncertain market conditions. There are sufficient balances in the several funds affected to pay the costs.

I recommend the adoption of the attached resolutions (four) granting these requests. Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of the 1917 budget, hereby approves the following for the Department of Education:

(1) Form of contract, specifications and plans for additions, alterations and repairs to the electric light equipments in Public Schools 109, 120 and 160, Borough of Manhattan, aggregate estimated cost, six thousand five hundred and fifty dollars (\$6,550), the costs of items (2), (3) and (4) to be charged to the 1917 budget appropriation "Code 870, Other Than Personal Service, Borough of Manhattan."

(2) Specifications for alterations and repairs at Public School 21, Borough of The Bronx, estimated cost, one thousand and sixty dollars (\$1,060), the cost to be charged to the 1917 budget appropriation "Code 871, Other Than Personal Service, Borough of The Bronx."

(3) Form of contract and specifications for alterations and repairs at Public Schools 19, 24, 25, 26, 43, 64, 72, 123, 129, 148, 158, 162 and Erasmus Hall High School, Borough of Brooklyn, aggregate estimated cost, nineteen thousand seven hundred and seventy-seven dollars (\$19,777), the cost to be charged to the 1917 budget appropriation "Code 872, Other Than Personal Service, Borough of Brooklyn."

—provided that if no bids are received for any item of said work, within the estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered

in its discretion by the Board of Estimate and Apportionment, or by any official designated by the Board, provided that any of the bids is within the amount authorized and available for said work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That that part of the resolution adopted by the Board of Estimate and Apportionment on May 25, 1917, approving the form of contract, specifications, plans and estimate of cost for installing heating and ventilating apparatus in Manhattan Trade School for Girls, Borough of Manhattan, under the jurisdiction of the Department of Education, be and is hereby amended to make the estimate of cost read *eighty-five thousand three hundred and ninety-eight dollars (\$85,398)*.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That that part of the resolution adopted by the Board of Estimate and Apportionment on June 15, 1917, approving the form of contract, specifications, plans and estimate of cost for installing heating and ventilating apparatus in new Public School 16, Borough of Brooklyn, under the jurisdiction of the Department of Education, be and is hereby amended to make the estimate of cost read *thirty thousand seven hundred and sixty dollars (\$30,760)*.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Items 1 to 4, inclusive, of the report were laid over until Friday (June 29, 1917).

Fire Department—Approval of Increased Estimates of Cost (Cal. No. 55).

The Secretary presented a communication dated May 17, 1917, from the Fire Commissioner requesting approval of increased estimates of cost (\$154,000) for contracts for three aerial hook and ladder trucks; and a report of the Bureau of Contract Supervision recommending denial thereof. (Report printed in Minutes of June 15, 1917 (Cal. No. 53).)

(On March 30, 1917 (Cal. No. 81), the Board approved the estimate of cost for this work at \$121,190.)

(On June 15, 1917 (Cal. No. 53), a resolution approving of the increased estimates of cost failed of adoption through lack of affirmative votes and the matter was then laid over until June 22, 1917; on the latter date (Cal. No. 167), until this meeting.)

The matter was laid over until Friday, June 29, 1917.

Department of Street Cleaning—Approval of Expenditure of Funds (Cal. No. 56).

The Secretary presented a report of the Bureau of Contract Supervision, recommending that permission be given to the Commissioner of Street Cleaning to expend a sum not exceeding \$42,000 for six electrically operated locomotive cranes, for use in connection with the operation of the proposed motorized district to be established in the upper west side, Borough of Manhattan, provided, however, that such approval be subject to the granting of permission by the Board of Aldermen for the purchase of three cranes without public letting, and provided further, that the form of contract, plans and specifications of the proposed contract for the cranes shall be first approved by the Bureau of Contract Supervision.

(On June 15, 1917 (Cal. No. 61), the matter was laid over until June 2, 1917, and on the latter date (Cal. No. 168), until this meeting.)

The matter was laid over until Friday, June 29, 1917.

New York Central Railroad Company—Alteration and Improvement of Tracks and Structures on the West Side of the City (Cal. No. 57).

The Secretary presented a report of the Conference Committee, representing the Board of Estimate and Apportionment in joint conference with the Public Service Commission, in the matter of the New York Central Railroad Company's West Side Improvement, stating that the Committee met with the representatives of the Public Service Commission and organized by electing Mr. Henry W. Hodge, Public Service Commissioner, as Chairman, and James W. Adams, Secretary of the Borough of Manhattan, as Secretary, of the Joint Conference Committee.

The Conference as so organized proceeded to the consideration of the work necessary to be done in order to carry out at the earliest possible date the purposes of their appointment. A communication was sent to the New York Central Railroad Company, a copy of which is embodied in the report, inviting the representatives of the railroad company to be present at the conference called for June 21, 1917.

The Committee further states that it will be necessary to obtain immediate possession of all the working papers and data bearing on previous negotiations in the West Side matter which are now the property of the City, either in the possession of the Board of Estimate and Apportionment, the Port and Terminal Committee, the Dock Department, the Law Department, the bureaus of the Board or elsewhere, and that such official action should be taken at this time as will make this data available without necessity of further application by the Conference Committee; that the advice and assistance of persons employed in City departments or bureaus of the Board who have given a great deal of public time to a study of the various problems involved, may be of value in the work of the conference, and, therefore, should be made available, and these records and services placed at the disposal of the conference. Further, that the City has found it of advantage in its previous work in these studies to employ outside counsel, and the Committee feels that perhaps the services of Mr. Justice Hughes may still be required, and accordingly requests that it be empowered to continue his services under the same arrangement of employment as heretofore.

(On June 15, 1917 (Cal. No. 6), the matter was referred to the said Conference Committee.)

(On June 22, 1917 (Cal. No. 50), the matter was laid over until this meeting.)

The matter was laid over until Friday, June 29, 1917.

MATTERS CONSIDERED BY UNANIMOUS CONSENT.

The following matters not on the Calendar for this day were considered by unanimous consent:

Department of Markets—Establishment of and Fixation of Salary of Commissioner of Public Markets (Cal. No. 58).

The Secretary presented a report of the Committee on Salaries and Grades recommending, subject to approval of Board of Aldermen, establishment of the Department of Markets, in pursuance of section 71 of the Farms and Markets Law enacted by chapter 802, Laws of 1917; also recommending that the Board of Aldermen be requested, in pursuance of section 56 of the Charter, to fix the salary of the Commissioner of Public Markets at \$7,500 per annum.

Which was laid over to Friday, June 29, 1917.

Department of Parks, Borough of Brooklyn—Appropriation for Repaving Eastern Parkway Extension, Brooklyn (Cal. No. 59).

The Secretary presented a report of the Committee on Corporate Stock Budget recommending an additional appropriation of \$29,716 for repaving the roadway of Eastern Parkway Extension, under the jurisdiction of the Commissioner of Parks, Borough of Brooklyn.

Which was laid over to Friday, June 29, 1917, under Rule 19.

Department of Parks, Boroughs of Manhattan and Richmond—Appropriation for Paving Walks of Central and Other City Parks (Cal. No. 60).

The Secretary presented a renewal of request of Commissioner of Parks, Manhattan and Richmond, for an appropriation of \$297,500 for paving the walks of Central and other City parks.

Joseph E. Savage, representing the Department of Parks, Boroughs of Manhattan and Richmond, appeared and addressed the Board on the subject.
The matter was referred to the Bureau of Contract Supervision for report.

The Board adjourned to meet Friday, June 29, 1917, at 10:30 o'clock A. M.
JOSEPH HAAG, Secretary.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE
TUESDAY, JULY 10, 1917.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

Bellevue and Allied Hospitals.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Tuesday, May 15, 1917, at 3.30 p. m.

Present—Dr. Brannan, the President, in the chair; Messrs. Paulding, O'Keeffe, Farley, Robins and Stern, Trustees. Excused: Mr. Sachs and Mr. Kingsbury, Commissioner of Public Charities.

Dr. George O'Hanlon, the General Medical Superintendent, reported as follows:

One of the small awnings on the balcony of B-5 was destroyed by fire on the 8th inst. No cause for the fire was discovered, but the fireman stationed at the hospital thinks it must have originated from a lighted match or cigarette thrown from the balcony above. This brings to the attention again the very general prevalence of smoking about the hospital, and what measures can be adopted to control it.

In the reconstruction of the old wards of this building for use of the alcoholic and psychopathic services, it is necessary to do a certain amount of plumbing. The lowest estimate for this work is \$700. The work is very necessary and there are no available funds. In view of the deficit your authorization for this expenditure is requested.

Lavatories for the skin and dental clinics at Harlem Hospital are necessary. The lowest estimate on this work is \$350. As we have no funds available your authorization is also requested.

Dr. Hannon, senior interne on the surgical service, Fordham, asks for a vacation of 30 days in order to visit his home in the South to see his father, who is ill, and to take some examinations. There are already four students (3 of whom are officially appointed at Fordham for July 1st) substituting on the staff of Fordham.

The work at the hospitals, particularly Harlem and Fordham, has been very much crippled by the shortage of employees, particularly hospital helpers in the wards and laundry. Almost anyone who applies is appointed, but the majority so employed either leave very promptly without notice or are dismissed as being unsatisfactory. It is impossible to maintain any standard or carry on the work under existing conditions.

On separate motion, duly seconded and carried in each instance, action was taken upon the report of the General Medical Superintendent as follows:

The subject of smoking about the hospital was discussed and referred to the General Medical Superintendent, with power, with a request to post notices that smoking in the wards, corridors and balconies is forbidden.

The installation of plumbing work required in the old wards at Bellevue for the use of the alcoholic and psychopathic services was authorized.

The installation of plumbing work required in the dental clinic at Harlem Hospital was also authorized.

The granting of a leave of absence to Dr. Hannon, senior interne on the surgical service at Fordham Hospital, was approved, subject to the condition that Dr. McGrath, the Director of that service, will assume full responsibility to cover the service satisfactorily.

The problem of obtaining employees for the hospitals of the department was dis-

cussed and a suggestion was made to call on the Catholic Protective and similar associations in an effort to obtain employees, and to authorize a communication to the Board of Estimate and Apportionment regarding the situation.

COMMITTEE REPORTS.

The President presented a tabulation of bids received on May 5 for eggs and on May 10 for eggs for storage. On the recommendation of the Committee on Supplies contracts were awarded to the low bidder on lines 1, 12 and 23 of the bids opened on May 7, for the requirements of the department from May 1st to September 30. All bids received on May 10 were rejected on account of the high prices.

An informal request was presented from the Municipal Civil Service Commission for permission to use Bellevue Hospital in connection with an examination to be conducted under the direction of Dr. John A. Hartwell and Dr. William A. Downes for the position of Medical Consultant, Law Department. After discussion, it was moved, seconded and carried to approve this request.

In compliance with the request of the Executive Committee of the Medical Board, it was moved, seconded and carried, that the following resolution be adopted and that each new appointee to the house staff receive a copy:

Resolved, That all members of the house staff who have received appointments to the hospitals of the department, in case they are not able to report to the hospital at the required time, on account of military service, will be eligible for appointment, without further examination, after completing military duty.

The General Medical Superintendent presented a communication, dated May 8, from Dr. Unger, Radiographer at Gouverneur Hospital, asking the department to excuse him from his duties from 2 to 4 p. m. On motion, duly seconded and carried, this request was denied.

A letter, dated May 7, was presented through the General Medical Superintendent from Dr. Hirsch, the Director of the X-Ray Laboratory, asking for permission to advertise and give a series of courses in elementary radiology with a view to fitting men and women during the war for x-ray work. On motion, duly seconded and carried, this request was approved, with the understanding that there be no charge for this instruction.

The Chairman of the Building Committee presented a detailed estimate from the Department of Docks and Ferries, dated May 10, regarding the repairs to the pier at the foot of E. 29th st. After discussion, it was moved, seconded and carried, to authorize these repairs and to request the Department of Docks and Ferries to undertake the work.

The Chairman of the Building Committee presented a communication from McKim, Mead and White, dated May 5, and a report from the Supervising Engineer, dated May 11, regarding the elevators in pavilions A and B. On motion, duly seconded and carried, action was deferred pending a further report from the architects relating to the feasibility of providing another elevator.

The Chairman of the Building Committee presented a communication from McKim, Mead and White, dated May 15, enclosing a copy of a report from Messrs.

Tenney & Ohmes, Consulting Engineers, regarding the suggestions of the Bureau of Contract Supervision, set forth in a letter, dated May 2, to connect the heating plant at Gouverneur Hospital with the Out-Patient Department. After discussion, it was moved, seconded and carried, to request the Building Committee to arrange for a conference between the department, the architects, and the representatives of the Bureau of Contract Supervision regarding the suggestion.

On the recommendation of the Conference Committee of Harlem Hospital the following nominations were approved and the appointments made accordingly: Stanley Brady as Pediatricist to the Hospital and Out-Patient Department; Ten Eyck Elmendorf, M. C. Hill and E. A. Riesenfeld as Assistant Pediatricists to the Hospital and Out-Patient Department.

The Conference Committee of the First Division of Bellevue Hospital recommended the appointment of Dr. John E. McWhorter as Collegiate Pathologist for the year ending June 30, 1917, which appointment was approved.

It was informally reported that the Advisory Committee on Nursing recommended that the patients be permitted to smoke in the buildings and that the Trustees construct temporary shelters for visitors near the Information Office. After discussion, it was moved, seconded and carried to request the General Medical Superintendent to inform the Advisory Committee on Nursing that the patients have been forbidden to smoke in the wards, corridors and balconies of the hospital, and to request the General Medical Superintendent to obtain an estimate of the cost of constructing a temporary shelter near the Information Office.

Dr. Brannan referred to the dental service of the department, particularly the neglected teeth of children, in spite of the large number of dentists in the service. After discussion, it was moved, seconded and carried, to request the General Medical Superintendent to keep a record of the number of patients which comes to the clinics from the Out-Patient Department and to refer to the President, with power, the subject regarding attention to the children from the wards and the Out-Patient Departments.

COMMUNICATIONS.

A letter, dated April 30, was presented from the Commissioner of Accounts, presenting a suggested procedure to be followed to collect the board of patients under the Workmen's Compensation Law. It was moved, seconded and carried, to defer action thereon pending the receipt of a report from the General Medical Superintendent.

The minutes of the Medical Board of Gouverneur Hospital for May 1st were presented. On motion, duly seconded and carried, the withdrawal of Dr. Fischman from the house staff and the recommendation that Dr. Samuel Trippler be appointed to his place for one year's service beginning on Jan. 1, 1918, were approved. The application of Dr. Mortimer Warren for an indefinite extension to his leave of absence, on account of illness, was approved. Action was deferred upon the report relating to the absence of the salaried and unsalaried physicians and surgeons, pending the recommendations from the Board.

The minutes of the Medical Board of Fordham Hospital for May 4 were presented. On motion, duly seconded and carried, the resignation of Dr. Frank P. Eves from the house staff was accepted. The recommendation that Dr. Flannigan be appointed a substitute on the Medical Division and the Obstetrical Service, as well as the nomination of Dr. Sullivan as sub-junior on the Second Surgical Division, was approved. The award of diplomas to the men who have completed their service on the house staff was authorized. The order that only members of the house staff and their regularly appointed substitute shall give anaesthesia was approved.

The minutes of the Executive Committee of the Medical Board of Bellevue Hospital for April 25 were presented. The resignation of Dr. James Alexander Miller as Visiting Physician to the First Medical Division was accepted with sincere regret. Dr. W. R. Redden was given a temporary appointment as Voluntary Pathological Assistant to work on the Ear, Nose and Throat Service. The resolution regarding the medical and surgical supplies was considered, but action thereon was deferred pending a complete report on the subject from the General Medical Superintendent. The request that Dr. Edward L. Keyes be excused for absence during the month of April was approved.

The minutes of the Executive Committee of the Medical Board for May 9 were also presented. The resignation of Dr. William M. Bradshaw as Physician to Out-Patients, Tuberculosis Service, effective May 1, was accepted with regret. The recommendation of the Second Division that Dr. DuBois be granted an indefinite leave of absence on account of

military service was approved, as was also the nomination of Dr. David P. Barr to act as substitute in his place. The nomination of Dr. Charles B. Adams as Assistant Surgeon to Out-Patients, Urological Service, and the temporary appointment of Dr. Oswald S. Lowsley as Assistant Visiting Surgeon during the absence of Dr. Stevens were referred to the Conference Committee. The resolution regarding the need of adequate room for the Record Department was considered and referred to the General Medical Superintendent.

The request that Dr. Norris be relieved from his duties with the base hospital and continued at Bellevue, as well as the suggestion that should Dr. Stewart be compelled to give up the Directorship of the Bellevue Hospital Unit that Dr. E. L. Keyes be appointed in his place, were approved. The suggestion that the Trustees ask the authorities to put upon the exempt list of the Reserve Corps those men who are now members of the Reserve Corps, but who have not yet finished their internship in the hospital, so that they may fulfill their term of service was considered and approved. The Trustees will communicate with the proper authorities at Washington regarding these subjects.

A letter, dated May 14, was presented from Dr. Polk, Dean of Cornell University Medical College, asking for permission to have the Assistant Visiting Physicians and Surgeons, while fulfilling the functions of the Visitings, to sign the book as Acting Visiting. On motion, duly seconded and carried, this request was approved.

Correspondence was presented from Mr. W. W. Gilmore, Principal of P. S. 42, 43 and 44, Borough of Queens, addressed to the Superintendent of the Neponset Beach Hospital, regarding the way in which public schools can be of service in time of emergency and asking for the number of beds, etc., which could be made available. In view of the fact that the Department has furnished the Mayor's Committee on National Defense with a complete report of the facilities that will be available in each hospital, it was moved, seconded and carried, to furnish similar information to Mr. Gilmore and to inform him that in the event of the hospital being accepted for military service the children of the public schools could undoubtedly render service similar to that which is proposed by other hospitals, such as providing medical and surgical supplies.

A letter, dated May 6, was presented from Dr. Bern Gallaudet, Consulting Surgeon to Bellevue Hospital, offering his services for active duty to fill any vacancy caused by members of the visiting staff taking field service with the Army or Navy. It was moved, seconded and carried, to extend the sincere thanks of the Trustees for his offer and to inform him that they will avail themselves of his services should they be required.

A communication, dated April 30, was presented from the Board of Estimate and Apportionment, approving (a) revision of salary schedule 2032 and 2035; (b) transfer of funds from code 2079; (c) transfer of funds to Bellevue Hospital; also a communication from the same Board, dated May 7, approving (a) revision of salary schedule No. 2032; (b) transfer of funds within appropriations; (c) contract and estimate of cost for painting the new building for the Out-Patient Department of Gouverneur Hospital, which communications were ordered placed on file.

A resolution adopted by the Board of Aldermen on April 24, 1917, authorizing an issue of special revenue bonds in the sum of \$7,760 for the repair and alterations necessary to the day camp boat "John H. Huddleston" was also presented and ordered placed on file.

A motion to adjourn the meeting was seconded and carried.

JAMES K. PAULDING, Secretary, Board of Trustees.

An adjourned regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Friday, May 25, 1917, at 3.30 p. m.

Present—Dr. Brannan, the President, in the chair; Messrs. Paulding, O'Keeffe, Farley, Sachs, Stern and Robbins, Trustees. Excused—Mr. Kingsbury, Commissioner of Public Charities.

Dr. O'Hanlon, the General Medical Superintendent, reported as follows:

Your authorization is requested for the holding of the annual auction sale of condemned articles on May 31.

Provision has not as yet been made for any cardiac clinics in The Bronx, these patients now having to go to Harlem Hospital, and I would suggest that some suitable provision be made at Fordham for these classes.

Request has been made by the Board appointed by the War Department for care and treatment of drug addicts on military service of the Government, through Dr. Gregory, to offer the facilities for treatment of drug cases at this hospital prior to transfer to the post camp

at Warwick. Dr. Gregory states that this will in no way interfere with the treatment of the drug addicts which we now receive.

On separate motion, duly seconded and carried in each instance, action was taken upon the report of the General Medical Superintendent, as follows:

The annual auction sale of condemned articles was authorized.

The establishing of a cardiac clinic at Fordham Hospital was authorized and the General Medical Superintendent was requested to report on the need of establishing such clinics at other hospitals in the department.

The request of Dr. Gregory for permission to use the facilities of the Department for the treatment of drug addicts in military service was approved.

COMMITTEE REPORTS.

Mr. Paulding reported that he had been at Fordham during the past week and found that a great number of the doctors were not at their clinics in the Out-Patient Department and a great many of them were late, ranging from half an hour to an hour and a half. After discussion, it was moved, seconded and carried, to refer this matter to Mr. O'Keefe and Mr. Robbins for further inquiry at the hospital and for recommendation.

Mr. Sachs referred to a subject brought up at one of the meetings of the Nurses' Advisory Committee relative to mail distribution at Bellevue, and recommended that provision be made in the departmental estimate for 1918 for mail clerks in order to permit the mail distribution and the systematizing of methods in accordance with the procedure followed in the Post Office Department. On motion, duly seconded and carried, this was approved.

On the recommendation of the Conference Committee of the Second Division of Bellevue Hospital, the following men were appointed: Charles B. Adams as Assistant Surgeon to Out-Patients, Urological Service; Oswald Lowsley, temporarily appointed as Assistant Visiting Surgeon, Urological Service.

The Conference Committee of the First Division of Bellevue Hospital recommended the following appointments, which were approved: Promotion of Edmund R. P. Janvri to the position of Assistant Visiting Physician; Promotion of Phineas Hillhouse Adams to the position of Physician to Out-Patients and Adjunct Assistant Visiting Physician; Herman Blwyn as Assistant Physician to Out-Patients.

On the recommendation of the Conference Committee of Gouverneur Hospital, Alexander Brooks was appointed Assistant Surgeon to Out-Patients, Nose and Throat Service.

The General Medical Superintendent presented plans and specifications for screens for pavilions I and K and L and M, the approximate cost of which is \$25,325. After consideration, it was moved, seconded and carried, to authorize a request for corporate stock in the sum of \$25,000 for this purpose, and in the meanwhile to instruct the General Medical Superintendent to install temporary netting in these buildings pending the issue of corporate stock.

The General Medical Superintendent presented a communication, dated May 25, from the Auditing Division, setting forth the funds needed to meet the deficits and anticipated deficits in the supply and equipment appropriations for Bellevue and Allied Hospitals for 1917, the total amounting to \$360,750. After consideration, it was moved, seconded and carried, to authorize a request for special revenue bonds in this sum to supersede the department's application of April 18, 1917.

COMMUNICATIONS.

A letter, dated May 21, was presented from the National Surety Company, surety on the abandoned contract of the International Gas and Electric Fixture Company for the installation of lighting fixtures in pavilions I, K, L and M, applying for final payment on their contract. On motion, duly seconded and carried, this communication was referred to the Building Committee for recommendation.

A letter, dated May 15, was presented from Joseph H. Freedlander, recommending the payment of the retained percentage on the contract of William Messer Company for the alterations to the main building of Harlem Hospital. As this had been inspected and approved by the General Inspector of Construction, it was moved, seconded and carried, on the recommendation of the Building Committee, to authorize this payment.

A communication, under date of May 14th, was presented from Commissioner Kingsbury, transmitting a voluminous report from the General Drug Department regarding the service in furnishing medical and surgical supplies to Bellevue Hospital. On motion, duly seconded and carried, the General Medical Superintendent was requested to give the subject his attention and to present his recommendations to the Board for appropriate action.

The minutes of the Medical Board of Harlem Hospital for May 15 were presented. On motion, duly seconded and carried, the recommendation that a full-time social service nurse be employed in the cardiac clinic and also in the Admitting Ward was referred to the General Medical Superintendent for compliance if funds in the 1917 budget will permit and, if not, to make provision in the departmental estimate for 1918. The Conference Committee was requested to inquire into and report on the subject relating to the requisition for instruments and the complaint of the shortage of linen supplies and clothing in the hospital, as well as the report that the Medical Board does not consider it necessary to appoint an Assistant Visiting Surgeon at this time to succeed Dr. Mallett, resigned. The General Medical Superintendent was requested to inquire into and report on the recommendation that each surgical division be provided with a House Surgeon, which plan is to become effective on June 1, 1917.

A letter, under date of May 19, was presented from Austin Flint, requesting the employment of one or more social service nurses in each pre-natal clinic in the Out-Patient Department. In view of the fact that there are no funds available in the budget for 1917, it was moved, seconded and carried, to include the positions in the departmental estimate for 1918.

A letter, dated May 19th, was presented from W. H. Stewart, acknowledging the receipt of a communication regarding the action of the Trustees on the subject of admitting students to the X-Ray Department at Harlem Hospital. On motion, duly seconded and carried, this letter was ordered placed on file.

Two resolutions, dated May 1 and 8, respectively, were presented from the Board of Aldermen, (a) granting leave of absence of 24 hours with pay to members of the United Spanish War Veterans to attend memorial services Sunday, May 27, and (b) amending the ordinances so that no charitable institution shall be required to pay fees under the city ordinances. These communications were ordered placed on file.

Three communications, dated May 11, May 14 and May 23, were presented from the Board of Estimate and Apportionment, transmitting certified copies of resolutions adopted by that Board on May 11 and 18, respectively, (1) waiving standard specifications for the purchase of coal until June 30, 1917; (2) establishing the position of electrician at \$5.20 per diem in city departments and requesting city departments to provide compensation at this rate from May 1, 1917; (3) accepting the Cole legacy of \$10,000; (4) denying the request of the department for the modification of salary schedule No. 2026; (5) transfer of funds.

A communication, dated May 21, was also presented from the Board of Estimate and Apportionment, transmitting a resolution regarding municipal employees entering military service. This communication was ordered placed on file.

A motion to adjourn the meeting was seconded and carried.

J. K. PAULDING, Secretary.

Borough of Richmond.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

Exempt from the Federal Income Tax and from All Taxation in the State of New York Except for State Purposes.

EXECUTORS, ADMINISTRATORS, GUARDIANS AND OTHERS HOLDING TRUST FUNDS ARE AUTHORIZED BY LAW TO INVEST IN SUCH STOCK.

SEALED PROPOSALS WILL BE RECEIVED BY THE COMPTROLLER OF THE CITY OF NEW YORK, at his office, in the Municipal Building, in the Borough of Manhattan, in The City of New York, until 2 o'clock p. m.,

THURSDAY, THE 12TH DAY OF JULY, 1917, when they will be publicly opened in the presence of the Commissioners of the Sinking Fund, or such of them as shall attend, as provided by law, for the whole or a part of the following-described stock:

CORPORATE STOCK.

\$47,500,000.00 of Corporate Stock of The City of New York (For the Supply of Water, Docks and Rapid Transit). Payable both as to Principal and Interest in Gold in The City of New York, Due July 1, 1967. Interest payable semi-annually on January 1 and July 1.

Issued in Coupon Form and interchangeable, denomination of \$1,000, for Coupon Bonds or in Registered form in any multiple of \$10.

CORPORATE STOCK (SERIAL).

\$7,500,000.00 of Corporate Stock of The City of New York (For Various Municipal Purposes). Payable both as to principal and interest in Gold in The City of New York. Maturing annually from July 1, 1918 to July 1, 1932, inclusive. Interest payable semi-annually January 1 and July 1.

Issued in Coupon form in the denomination of \$1,000, or in Registered form in any multiple of \$10 for each maturity. Privilege of Registration given to Coupon holders.

Bids will be received only on the basis of a single price for an entire Series. For example: A single bid for \$15,000 is a proposal for 15 \$1,000 items maturing from one to fifteen years. Bids will not be accepted for separate maturities.

CONDITIONS OF SALE.

As Provided for by the Greater New York Charter. 1. Separate proposals must be made for each class of Corporate Stock. 2. Proposals containing conditions other than those herein set forth will not be received or considered.

3. No proposal for stock shall be accepted for less than the par value of the same. 4. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a trust company or a State bank incorporated and doing business under the laws of the State of New York, or upon a National bank, Two per cent. of the par value of the stock bid for in each proposal.

No proposal will be received or considered which is not accompanied by such deposit. All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

5. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

6. Upon the payment to the City Treasury by the persons whose bids are accepted, of the amounts due for the stock awarded to them respectively, including accrued interest from July 1, 1917, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

7. It is required by the Charter of the City that in making proposals "every bidder may be required to accept a portion of the whole amount thereof bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the bonds offered for sale at a price at par or higher may also offer to purchase all or none of said bonds at a different price; and if the Comptroller deems it to be in the interests of the City so to do, he may award the bonds to the bidder offering the highest price for all or none of said bonds, provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision, the condition that the bidder will accept only the whole amount of stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the stock offered for sale.

8. The proposals for each class, together with the security deposits, should be inclosed in separate sealed envelopes, indorsed "Proposals for Corporate Stock" or Corporate Stock (Serial), and said envelope inclosed in another sealed envelope, addressed to Comptroller of The City of New York. (No special form of proposal is required, therefore no blanks are furnished.)

The City of New York, Department of Finance—Comptroller's Office.

Corporation Sale of the Lease of Certain City Real Estate.

UPON THE AUTHORIZATION OF THE Commissioners of the Sinking Fund, and pursuant to a resolution adopted by them at a meeting held June 28, 1917, the Comptroller of The City of New York will sell at public auction on

FRIDAY, JULY 27, 1917,

at 12 noon, in Room 368, Municipal Building, Manhattan, the lease of the following described property belonging to the City of New York, situate, lying and being in the First Ward, in the Borough and County of Queens, City and State of New York, bounded and described as follows:

Beginning at a point in the easterly line of Van Dam st., as now laid out, distant 100 feet southerly from the corner formed by the intersection of the southerly line of Nelson (Nott) ave. with the easterly line of Van Dam st., as now laid out; running thence southerly along the easterly line of Van Dam st. 145 feet; thence easterly at right angles to the last mentioned course 180 feet to the westerly line of Hill st.; thence northerly along the westerly line of Hill st. 145 feet; thence westerly parallel or nearly so with said southerly line of Nelson (Nott) ave. 180 feet to the point or place of beginning, be the said several dimensions more or less.

—with the buildings and appurtenances thereon, for a period of ten years from Sept. 1, 1917, with the privilege of renewal for an additional period of ten years, at an increase in rental of ten per cent. over the rental for the first ten years.

The minimum or upset rental at which said lease shall be sold is hereby fixed at the sum of Seven Hundred and Fifty Dollars (\$750) per annum, payable quarterly in advance, and the said will be made upon the following

TERMS AND CONDITIONS:

The highest bidder will be required to pay twenty-five per cent. (25%) of the yearly rental at the time and place of sale; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified it is ready for execution.

No person will be received as lessee or surety who is delinquent on any former lease from the corporation, and no bid will be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease to be in the usual form of leases of like property, and to contain in addition to other terms, covenants and conditions as follows:

First—A clause providing that the lessee shall not make any alterations or improvements upon the property except with the consent and approval of the Comptroller.

Second—A clause providing that during the term of the lease the lessee shall keep the fence present building and whatever buildings may be erected thereon in proper repair, both inside and outside, at his own cost and expense, and shall comply with all the laws and ordinances of the City of New York, and shall make all alterations and improvements thereto during the period of the lease.

Third—A clause providing that all repairs, alterations and improvements made on or to the property by the lessee during the period of the lease shall become the property of the City of New York at the expiration of the lease.

Fourth—A clause providing that the lessee shall pay the usual rates for water per meter measurements and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Fifth—A clause providing that the lessee shall have possession of the premises immediately upon the execution of the lease without the necessity of paying rent until the date of commencement of the lease, but he shall be liable for any damages which may occur in or to the premises to be demised from the date of possession.

The Comptroller shall have the right to reject any and all bids if deemed to be to the interest of the City of New York.

ALBERT F. HADLOCK, Deputy and Acting Comptroller.

The highest bidder will be required to pay 10 per cent. of the amount of the bid, together with the auctioneer's fees, at the time of the sale, and 90 per cent. upon the delivery of the deed, which shall be within sixty days from the date of sale.

The premises to be conveyed free and clear of all taxes, assessments and water charges.

The deed so delivered shall be in the form of a bargain and sale deed without covenants.

The Comptroller may at his option resell the property if the successful bidder shall fail to comply with the terms of the sale and the person so failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids.

Maps of said real estate may be seen on application at the Department of Finance (Division of Real Estate), Room 733, Municipal Building, Manhattan.

By order of the Commissioners of the Sinking Fund under resolution adopted at meeting of the Board held June 28, 1917.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11 a. m. on the 24th day of July, 1917, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be included in properly sealed envelopes, marked "Proposals to be opened July 24, 1917," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

(b) Beginning at an angle point in the bulkhead line established by the Commissioner of Docks March 26, 1915, about 3,185 feet south of the southerly side of Avenue U and 100 feet east of the easterly side of Flatbush ave.; and running thence southwardly and eastwardly, parallel with that part of the pierhead and bulkhead line above described as passing through points XIII, XII, XI, XXIII and 6, referenced above, and distant 400 feet therefrom to point "L" on above mentioned War Department map, dated Jan. 13, 1917.

(c) The establishing of a pierhead and bulkhead line, beginning at point "V" shown on above mentioned War Department map, dated Jan. 13, 1917, which point is on the easterly side of E. 69th st. distant 430 feet south of the southerly side of Avenue Y; thence northwestwardly to point I south 2,872.51' east 4,747.906'; thence northwardly to point II south 1,030.00' east 4,747.906'; thence northwardly to point III south 980.00' east 4,797.906'; thence northwardly to point IV south 400.00' east 4,797.906'; thence westwardly to point V south 400.00' east 4,297.906'; thence southwardly to point VI south 980.00' east 4,297.906'; thence southeastwardly to point VII south 1,130.00' east 4,447.906'; thence southwardly to point VIII south 3,452.51' east 4,447.906'; thence along a line parallel with that part of Mill ave. lying between Avenue X and National ave. to point IX, which point is 400 feet measured at right angles from the line connecting points XXIII and XI; thence along a line deflecting 45 degrees to the right to point X in the line XXIII-XI.

(d) The establishing of a pierhead and bulkhead line beginning at point XXVI, which point is distant 795 feet south of the southerly side of Avenue V and on a line distant 400 feet east of and parallel with the line VIII-IX above referred to; thence southwardly and along said parallel line to point XXV, which point is distant 400 feet, measured at right angles, north of the line connecting points XXIII and XI; thence along a line deflecting 45 degrees to the left to point XXIV on the line XXIII-XI.

3rd—(a) The establishing of Mill Basin between the lines connecting the points "R" "O" "P" "Q" "X" "Y" "Z" "XIX" "XXIII" "XXII" inclusive and "S" and the points "6" "XXIII" "X" to XVII, inclusive.

(b) The establishing of East Mill Basin between the lines connecting the points I to X, inclusive, and XXIV to XXVI, inclusive, all as shown on the attached map.

4th—The establishing of a marginal street, wharf, or place, 100 feet in width along the southerly side of Mill Basin, as now proposed, beginning at the marginal street, wharf, or place, along the easterly side of Flatbush ave. adopted by the Commissioner of Docks, March 26, 1915, and approved by the Commissioners of the Sinking Fund, May 5, 1915, and extending eastwardly to a junction with the marginal street, wharf, or place just referred to and retained at point "L" along a portion of the line "L"-S on War Department map already referred to.

Co-ordinates of points mentioned above are referenced to the intersection of the easterly side of Flatbush ave. and the southerly side of Avenue U easterly from Flatbush ave.

Dated, June 28, 1917.
JOHN PURROY MITCHEL, Mayor, and
Chairman, Commissioners of the Sinking Fund. j9.14

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund, pursuant to the provisions of Chapter 372 of the Laws of 1907, will hold a public hearing at 11 o'clock in the forenoon, on Thursday, July 26, 1917, in Room 16, City Hall, Borough of Manhattan, relative to the proposed new plan for improvement of the waterfront and harbor of the City of New York, between Canal st. and Harrison st., Stapleton, Borough of Richmond, made and adopted by the Commissioner of Docks in accordance with law June 27, 1917, and transmitted to the Commissioners of the Sinking Fund for approval.

The proposed new plan consists in:
1st—The establishing of a bulkhead line described as follows:

Beginning at a point in the southerly side of the pier at the foot of Canal st., Stapleton, Borough of Richmond, distant 500 feet east of the easterly side of Front st., said point being the point of intersection of the bulkhead line adopted by the Commissioner of Docks, Jan. 21, 1916, and approved by the Commissioners of the Sinking Fund March 16, 1916, with the southerly side of said pier; thence southwardly and in prolongation of the aforesaid bulkhead line to a point in same where the same is intersected by the easterly prolongation of the northerly side of Harrison st.

2nd—The establishing of a marginal street, wharf or place between the proposed bulkhead line described above and the easterly line and its southerly prolongation of Front street and extending from the southerly side of Canal st. southwardly to the easterly prolongation of the northerly side of Harrison st.

3rd—The establishing of one pier 125 feet in width, the northerly side of which is distant 220 feet measured along the established pierhead line, south of the pier at the foot of Canal st., as shown on the new plan for improving the waterfront, adopted by the Commissioner of Docks Jan. 21, 1916, and approved by the Commissioners of the Sinking Fund March 16, 1916, and 350 feet measured along the proposed bulkhead line described above south of the southerly side of the Canal st. pier just above referred to.

Dated, June 28, 1917.

Notices of Examinations.

PUBLIC NOTICE IS HEREBY GIVEN THAT applications will be received by the Municipal Civil Service Commission, Municipal Building, Manhattan, New York City, from

FRIDAY, JULY 6, 1917, TO FRIDAY, JULY 20, 1917,

for the position of
TYPEWRITING COPYIST (MALE AND FEMALE), GRADE 2 (TYPIST).

No applications delivered at the office of the Commission, by mail or otherwise, after 4 p. m., FRIDAY, JULY 20, 1917, will be accepted.

Application blanks will be mailed upon request provided a self-addressed stamped envelope or sufficient postage is enclosed to cover the mailing. The Commission will not guarantee the delivery of the same. Postage on applications forwarded by mail must be fully prepaid.

Applicants must be citizens of the United States and residents of the State of New York.

The subjects and weights of the examination are: Copying, 6; 70 per cent. required. Tabulation, 2; Letter, 2; 70 per cent. general average required.

A qualifying physical examination will be given.

Applications for this examination must be filed on the general form.

Duties—The duties of incumbents of these positions, which may involve the performance of incidental clerical work, are to make on ordinary typewriting machines plain copies of written or typed information reports, notices and memoranda.

Requirements—In the test in Copying, which will consist of the copying of a mimeographed passage of three hundred words on the typewriting machine in five minutes, both the correctness and the rapidity of the performance will be considered by the examiners. In rating the correctness of the exercise the exactness, form, neatness, freedom from interlineation and alterations, etc., will be considered. In the exercise in tabulation the candidates will be required to present the narrative matter given to them for this purpose in columns with suitable headings as a typewritten tabulation. In rating the tabulation primary consideration will be given to the candidates ability in selecting all the essential items or facts and arranging them in as many columns as may be advisable for their most effective presentation. Clearness and brevity of expression will also be considered, but no credit will be given for the rapidity with which this exercise is performed.

Candidates must furnish their own typewriting machines, pens and ink. The Commission will not at any time or in any way be responsible for machines, nor will any allowance be made where they are missing, late in arriving, defective or out of order.

Candidates must be at least 16 years of age on or before the closing date for the receipt of applications.

The salary of Grade 2 is from \$600 up to but not including \$1,200 per annum.

The compensation rates proposed by the Board of estimate and Apportionment for this position are from \$600 to \$780 for women and from \$660 to \$780 for men. Under the terms and conditions of the budget for the year 1917, appointments will, as a rule, be made at the lowest compensation rate.

Vacancies occur from time to time.

The term of the eligibility of the list resulting from this examination is fixed at not less than one year nor more than four years.

jy6.20 ROBERT W. BELCHER, Secretary.

PUBLIC NOTICE IS HEREBY GIVEN THAT applications will be received by the Municipal Civil Service Commission, Municipal Building, Manhattan, New York City, from

THURSDAY, JULY 5, 1917, TO THURSDAY, JULY 19, 1917,

for the position of
STENOGRAPHER AND TYPEWRITER (MALE), GRADE 2 (STENOGRAPHER).

No applications delivered at the office of the Commission, by mail or otherwise, after 4 p. m., THURSDAY, JULY 19, 1917, will be accepted.

The subjects and weights of the examination are: Transcription, 5; 70 per cent. required. Spelling, 1; Tabulation, 1; Facility, 1; Letter, 2. 70 per cent. general average required.

A qualifying physical examination will be given.

Applications for the examination must be filed on the general form.

Duties—The duties of incumbents of these positions are to take symbolic notes of and to typewrite work which may include technical, scientific, legal or other matter recognized as difficult dictation and to perform incidental clerical work.

Requirements—Three letters will be dictated to the candidates, the dictation of each letter being completed in one minute. The first letter will contain ninety words and must be transcribed in three minutes. Facility of transcription as well as accuracy will be rated on this letter. The second letter will contain one hundred words, and spelling as a separate subject will be rated on this letter, in addition to accuracy of transcription. The third letter will contain one hundred words. Two transcripts of this letter will be required; the first will be a verbatim transcript and the second a tabulated transcript. In rating Accuracy, exactness, correctness of form, neatness, freedom from interlineations, alterations,

Candidates must furnish their own notebooks, typewriting machines, pens and ink. The Commission will not at any time or in any way be responsible for machines, nor will any allowance be made where machines are missing, late in arriving, defective or out of order on the day of the examination.

Candidates must be at least 18 years of age on the date of filing application.

The salary of Grade 2 is from \$600 up to but not including \$1,200 per annum.

Application to Court to Condemn Property.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee to the real property required for the opening and extending of BUTLER PLACE, from Zerega avenue to Herschell street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, First Judicial District, at a Special Term of said Court to be held in and for the County of Bronx, at the County Court House, in the Borough of The Bronx, in the City of New York, on the 20th day of July, 1917, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, to have the compensation which should justly be made to the respective owners of the real property proposed to be acquired for such improvement ascertained and determined by the Supreme Court without a jury, and to have the cost of such improvement assessed by the said Court, as hereinafter set forth, in accordance with the resolution of the Board of Estimate and Apportionment.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York for the use of the public to the real property required for the opening and extending of Putnam Avenue East, from West 238th street to Van Cortlandt Park South, in the Twenty-fourth Ward, Borough of The Bronx, City of New York. The real property, title to which is proposed to be acquired, is more particularly bounded and described as follows, to wit:

Beginning at a point in the northeastern line of West 238th street, distant 160.916 feet northwesterly from the intersection of said line and the northwestern line of Bailey avenue; thence northwesterly along said northeastern line of West 238th street 50.18 feet; thence northeasterly curving to the right on the arc of a circle of 283.193 feet radius for 233.371 feet. The radius of which curve drawn northwesterly through the northwestern extremity of the preceding course forms an angle of 4° 1' 01.7" to the left with the prolongation of said preceding course; thence still northeasterly, tangent to the preceding course 408.706 feet to the southern line of Van Cortlandt Park South; thence easterly along said southern line of Van Cortlandt Park South 55.46 feet; thence southwesterly deflecting 115° 38' 03" to the right 432.699 feet; thence still southwesterly curving to the left on the arc of a circle of 2,781.93 feet radius for 233.494 feet to the point of beginning.

Putnam Avenue East is shown on a map entitled, "Map showing the change of lines and grades in the street system heretofore laid out within the territory bounded by Van Cortlandt Park South, Saxon ave., Sedgwick ave., W. 238th st., Albany rd., W. 236th st., Kingsbridge ave. and Broadway. Amendments to Sections 20 and 21," which map was filed as follows: in the office of the President of the Borough of The Bronx on Oct. 3, 1912, in the office of the Register of the County of New York on Sept. 30, 1912, as Map No. 1661, and in the office of the Counsel to the Corporation of the City of New York on Sept. 30, 1912, in pigeonhole 204.

The land required for Putnam Avenue East is located in Block 3271 of Section 12 of the Land Map of the City of New York.

The Board of Estimate and Apportionment, by a resolution adopted on the 19th day of January, 1917, determined that the whole cost and expense of this proceeding shall be assessed upon the property deemed to be benefited thereby, and that the area of assessment for benefit in this proceeding be fixed and determined to be as follows:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Van Cortlandt Park South, the said distance being measured at right angles to Van Cortlandt Park South; on the southeast by a line bisecting the angle formed by the intersection of the prolongation of the southeasterly line of Putnam Avenue East, as this street is laid out adjoining Van Cortlandt Park South, with the prolongation of the northwesterly line of Bailey avenue as this street is laid where it adjoins West 238th street; on the southwest by a line distant 100 feet southwesterly from and parallel with the southwesterly line

by The City of New York, for the use of the public, to the real property required for the opening and extending of Butler place, from Zerega avenue to Herschell street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York. The real property title to which is proposed to be acquired, is more particularly bounded and described as follows, to wit:

Beginning at a point in the northeastern line of Zerega ave., distant 204.239 feet southeasterly from the intersection of said line and the southeasterly line of Westchester ave.; thence easterly along said northeastern line of Zerega ave., 73.93 feet; thence northeasterly deflecting 54° 15' 11" to the left 350.78 feet; thence northwesterly deflecting 99° 03' 30" to the left 60.76 feet; thence southwesterly 384.40 feet to the point of beginning.

BUTLER PLACE is shown on Section 50 of the Final Maps of the Borough of The Bronx, which section was filed as follows: in the office of the President of the Borough of The Bronx on Nov. 13, 1911, in the office of the Register of the County of New York on Nov. 10, 1911, as Map No. 1565, and in the office of the Counsel to the Corporation of the City of New York on Nov. 10, 1911, in pigeonhole 173.

The land required for Butler place is located in Blocks 3845, 3846 and 3848 of Section 14 of the Land Map of the City of New York.

The Board of Estimate and Apportionment, by a resolution adopted on the 2nd day of February, 1917, determined that whole cost and expense of this proceeding shall be assessed upon the property deemed to be benefited thereby, and that the area of assessment for benefit in this proceeding be fixed and determined to be as follows:

BEGINNING at a point on the easterly line of Zerega avenue where it is intersected by a line midway between Butler place and Halsey street, and running thence westwardly at right angles to Zerega avenue to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Zerega avenue, as this street is laid out where it adjoins Westchester avenue, the said distance being measured at right angles to Zerega avenue; thence northwesterly along the said line parallel with Zerega avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southeasterly line of Westchester avenue and the northwesterly line of Butler place; thence northwesterly along the said bisecting line to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of Herschell street, the said distance being measured at right angles to Herschell street; thence southeasterly along the said line parallel with Herschell street to the intersection with the prolongation of a line midway between Butler place and Halsey street; thence southwesterly along the said line midway between Butler place and Halsey street and along the prolongation of the said line to the point or place of beginning.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee to the real property required for the opening and extending of PUTNAM AVENUE EAST, from West 238th street to Van Cortlandt Park South, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, First Judicial District, at a Special Term of said Court to be held in and for the County of Bronx, at the County Court House, in the Borough of The Bronx, in the City of New York, on the 20th day of July, 1917, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, to have the compensation which should justly be made to the respective owners of the real property proposed to be acquired for such improvement ascertained and determined by the Supreme Court without a jury, and to have the cost of such improvement assessed by the said Court, as hereinafter set forth, in accordance with the resolution of the Board of Estimate and Apportionment.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York for the use of the public to the real property required for the opening and extending of Putnam Avenue East, from West 238th street to Van Cortlandt Park South, in the Twenty-fourth Ward, Borough of The Bronx, City of New York. The real property, title to which is proposed to be acquired, is more particularly bounded and described as follows, to wit:

Beginning at a point in the northeastern line of West 238th street, distant 160.916 feet northwesterly from the intersection of said line and the northwestern line of Bailey avenue; thence northwesterly along said northeastern line of West 238th street 50.18 feet; thence northeasterly curving to the right on the arc of a circle of 283.193 feet radius for 233.371 feet. The radius of which curve drawn northwesterly through the northwestern extremity of the preceding course forms an angle of 4° 1' 01.7" to the left with the prolongation of said preceding course; thence still northeasterly, tangent to the preceding course 408.706 feet to the southern line of Van Cortlandt Park South; thence easterly along said southern line of Van Cortlandt Park South 55.46 feet; thence southwesterly deflecting 115° 38' 03" to the right 432.699 feet; thence still southwesterly curving to the left on the arc of a circle of 2,781.93 feet radius for 233.494 feet to the point of beginning.

Putnam Avenue East is shown on a map entitled, "Map showing the change of lines and grades in the street system heretofore laid out within the territory bounded by Van Cortlandt Park South, Saxon ave., Sedgwick ave., W. 238th st., Albany rd., W. 236th st., Kingsbridge ave. and Broadway. Amendments to Sections 20 and 21," which map was filed as follows: in the office of the President of the Borough of The Bronx on Oct. 3, 1912, in the

of West 238th street, the said distance being measured at right angles to West 238th street; and on the northwest by the northwesterly right-of-way line of the New York and Putnam Division of the New York Central Railroad.

Application to Court to Condemn Property.

IN THE MATTER OF THE APPLICATION of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BAY 43RD STREET, from Benson avenue to Harway avenue, excluding the right-of-way of the West End Division of the Nassau Electric Railway Company, in the Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN THAT AN Application will be made to the Supreme Court of the State of New York, Second Judicial District, at a Special Term of said Court to be held for the hearing of motions in the County Court House, in the County of Kings, in the Borough of Brooklyn, City of New York, on the 19th day of July, 1917, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, to have the compensation which should justly be made to the respective owners of the real property proposed to be acquired for such improvement, ascertained and determined by the said Supreme Court, without a jury, and to have the cost of said improvement assessed by the said Supreme Court, as hereinafter set forth, in accordance with the resolution of the Board of Estimate and Apportionment.

The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York in fee for the use of the public to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Bay 43rd street, from Benson avenue to Harway avenue, excluding the right-of-way of the West End Division of the Nassau Electric Railway Company, in the Borough of Brooklyn, City of New York.

The real property, title to which is proposed to be acquired, is more particularly bounded and described as follows, to wit:

Parcel "A." Beginning at the intersection of the southwest line of Benson avenue with the northwest line of Bay 43rd street; thence southeasterly along the southwest line of Benson avenue 60.0 feet; thence southwesterly, deflecting 90° 00' 00" to the right 1,28.30 feet to the northeast property line of the West End Division of the Nassau Electric Railway Company; thence northwesterly deflecting 89° 44' 50" to the right along the northeast property line of the West End Division of the Nassau Electric Railway Company 60.0 feet; thence northeasterly 1,28.04 feet to the point of beginning.

Parcel "B." Beginning at the intersection of the east line of Harway avenue with the south line of Bay 43rd street; thence northerly along the east line of Harway avenue 60.10 feet; thence easterly deflecting 86° 39' 48" to the right 145.61 feet; thence northeasterly deflecting 16° 44' 50" to the left 157.62 feet to the southwest property line of the West End Division of the Nassau Electric Railway Company; thence southeasterly deflecting 89° 40' 55" to the right along the southwest property line of the West End Division of the Nassau Electric Railway Company 60.0 feet; thence southwesterly deflecting 90° 15' 10" to the right 166.16 feet; thence westerly 157.90 feet to the point of beginning.

The property affected by the above proceeding is located in Blocks 6882, 6883, 6897, 6898, 6910-A and 6911-A in Section 21 on the Land Map of the County of Kings.

Bay 43rd street, from Benson avenue to Harway avenue, was laid out by the Town Survey Commissioners' Map of the County of Kings, filed in the Register's Office of the County of Kings on June 17th, 1874, which map, under Section 432 of the Charter, is now a part of the final map of The City of New York, and as amended by map adopted by the Board of Estimate and Apportionment on November 20, 1914, approved by the Mayor on December 14, 1914, and filed in the Office of the Register of the County of Kings on March 23rd, 1915, and also shown on a map of that portion of said street affected by this proceeding, made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn, and signed by E. W. Voorhies, Commissioner of Public Works, and Charles R. Ward, Chief Engineer, and dated the 8th day of May, 1917, and approved by the Board of Estimate and Apportionment on the 25th day of May, 1917, and signed by Joseph Haak, Secretary of said Board. The Board of Estimate and Apportionment by a resolution adopted on the 16th day of March, 1917, determined that the whole cost and expense of this proceeding shall be assessed upon the property deemed to be benefited thereby and that the area of assessment for benefit in this proceeding be fixed and determined to be as follows:

"Beginning at a point on the southwesterly line of Benson avenue, where it is intersected by a line midway between Bay 43rd street and Bay 44th street, as these streets are laid out north-easterly along the said line midway between Bay 43rd street and Bay 44th street, and running thence southwesterly along the said line midway between Bay 43rd street and Bay 44th street, and along the prolongation of the said line, to the intersection with a line bisecting the angle formed by the intersection of the prolongation of the center lines of Bay 43rd street and Bay 44th street, as these streets are laid out where they adjoin Harway avenue on the northeast; thence southwesterly along the said bisecting line to the intersection with the northeasterly line of Harway avenue; thence northwesterly along the northeasterly line of Harway avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongation of the northwesterly line of Bay 43rd street and the southeasterly line of 26th avenue, as these streets are laid out where they adjoin Harway avenue on the northeast; thence north-easterly along the said bisecting line to the intersection with the prolongation of a line midway between 26th avenue and Bay 43rd street, as these streets are laid out northeast of Cropsey avenue; thence northwesterly along the said line midway between 26th avenue and Bay 43rd street, and along the prolongation of the said line to the intersection with the southwesterly line of Benson avenue to the point or place of beginning."

In the Matter of the Application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee to the real property required for the opening and extending of HOMER LEE AVENUE, from Canobury road to Burtis (Willow) street, in the Fourth Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT AN Application will be made to the Supreme Court of the State of New York, Second Judicial District, at a Special Term for the hearing of motions, to be held in and for the County of Kings, at the County Court House in the Borough of Brooklyn, City of New York, on the 17th day of July, 1917, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, to have the compensation which should justly be made to the respective owners of the real property proposed to be acquired for such improvement, ascertained and determined by the said Supreme Court without a jury, and to have the cost of such improvement assessed by the said Court, as hereinafter set forth, in accordance with the resolution of the Board of Estimate and Apportionment.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public to the real property required for the opening and extending of Homer Lee avenue, from Canobury road to Burtis (Willow) street, in the Fourth Ward, Borough of Queens, City of New York. The real property, title to which is proposed to be acquired, is more particularly bounded and described as follows, to wit:

Beginning at a point formed by the intersection of the northerly line of Canobury road with the westerly line of Homer Lee avenue; running thence easterly for 60.06 feet along the prolongation of the northerly line of Canobury road to the easterly line of Homer Lee avenue; thence southerly, deflecting to the right 87° 32' 02" for 921.39 feet along the easterly line of Homer Lee avenue; thence southerly, deflecting to the right 2° 28' 21" for 417.95 feet along the easterly line of Homer Lee avenue to the southerly line of Burtis (Willow) street; thence westerly, deflecting to the right 90° for 60.00 feet along the southerly line of Burtis (Willow) street to the westerly line of Homer Lee avenue; thence northerly, deflecting to the right 90° for 416.65 feet along the westerly line of Homer Lee avenue; thence northerly for 922.68 feet along the westerly line of Homer Lee avenue to the northerly line of Canobury road—the point or place of beginning.

The property affected by the above proceeding is located in Blocks 12828, 12829, 12462 to 12464, inclusive, and 12855 of the Land Map of the City of New York, Borough of Queens.

Homer Lee avenue, extending from Canobury road to Burtis (Willow) street, in the Borough of Queens, City of New York, is shown upon "Map establishing the lines and grades of Homer Lee avenue, approved by the Board of Estimate and Apportionment March 9, 1911, by the Mayor March 15, 1911," copies of which were filed at the office of the County Clerk at Jamaica May 1, 1911, at the office of the President of the Borough of Queens April 29, 1911, and at the office of the Corporation Counsel April 24, 1911.

The Board of Estimate and Apportionment, by a resolution adopted on the 30th day of June, 1916, determined that the whole cost and expense of this proceeding shall be assessed upon the property deemed to be benefited thereby, and that the area of assessment for benefit in this proceeding be fixed and determined to be as follows:

Bounded in the north by a line distant 100 feet northerly from and parallel with the northerly line of Canobury road, as this street is shown on a map adopted by the Board of Estimate and Apportionment on March 9, 1911, where it adjoins Homer Lee avenue on the west, and by the prolongation of the said line, the said distance being measured at right angles to Canobury road; on the east by a line always distant 100 feet easterly from and parallel with the easterly line of Homer Lee avenue and by the prolongation of the said line, the said distance being measured at right angles to Homer Lee avenue; on the south by the northerly right-of-way line of the Main Line Division of the Long Island Railroad; and on the west by a line always distant 100 feet westerly from and parallel with the westerly line of Homer Lee avenue and by the prolongation of the said line, the said distance being measured at right angles to Homer Lee avenue.

ANDREW C. TROY, Clerk.

IN THE MATTER OF THE APPLICATION of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of JUNIPER AVENUE (although not yet named by proper authority), from the west side of Grand street to Metropolitan avenue, in the Second Ward, Borough of Queens, City of New York, as amended and corrected by an order of the Supreme Court, Second Department, dated the 30th day of September, 1910, and entered in the office of the Clerk of the County of Queens on the 4th day of October, 1910, so as to conform to the lines of said street as shown upon Section 17 of the Final Maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on the 26th day of June, 1908, and approved by the Mayor on the 5th day of August, 1908, and as shown upon Section 28 of the Final Maps of the Borough of Queens as adopted by the Board of Estimate and Apportionment on the 15th day of January, 1909, and approved by the Mayor on the 29th day of January, 1909, and as further amended by an order of the Supreme Court, Second Department, dated the 4th day of September, 1912, and entered in the office of the Clerk of the County of Queens on the 9th day of September, 1912, so as to make said Juniper Avenue, between the above mentioned limits, relate to the street line as shown upon the map or plan bearing the signature of the President of the Borough of Queens, dated the 15th day of March, 1911, and adopted by the Board of Estimate and Apportionment on the 15th day of June, 1911.

The land to be acquired in this proceeding is more particularly bounded and described in the petitions attached to the aforesaid orders. WE THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and additional estimate of assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, in the Municipal Building, Court House Square, Long Island City, Borough of Queens, in The City of New York, on or before the 12th day of July, 1917, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 16th day of July, 1917, at 2.30 o'clock p. m.

Second—That the abstract of our said supplemental and additional estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in said City, there to remain until the 16th day of July, 1917.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point at the intersection of the southerly line of Grand street with a line parallel to and distant 200 feet westerly from the westerly line of Juniper avenue, running thence southerly along the said last mentioned line parallel to and always distant 200 feet westerly from the westerly line of Juniper avenue to the intersection with the northerly line of Metropolitan avenue; thence easterly along the northerly line of Metropolitan avenue to the intersection with the prolongation of a line distant 200 feet easterly from and parallel with the easterly line of Juniper avenue, running thence northerly along said last mentioned line always parallel to and distant 200 feet easterly from the easterly line of Juniper avenue to the intersection with the southerly line of Grand street; thence easterly along the southerly line of Grand street to the point or place of beginning.

Fourth—That, provided there be no objections filed to the said supplemental and additional abstract, our supplemental and additional final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the

County Court House in the Borough of Brooklyn, in the City of New York, on the 13th day of September, 1917, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to the said supplemental and additional abstract of assessment, the notice of motion to confirm our supplemental and additional final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given all those who have theretofore appeared in this proceeding, as well as by publication in the "City Record," pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, June 26, 1917.
AUGUST REYMERT, Chairman; PHILIP S. HEUSS, Commissioners.
WALTER C. SHEPPARD, Clerk. j30,jy18

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee to the lands, tenements and hereditaments required for the opening and extending of ATLANTIC AVENUE from the Brooklyn Borough Line to Van Wyck avenue, as said Atlantic avenue is now laid out, excluding, however, all land which may fall within the limits of the right of way of the Long Island Railroad Company and all land actually occupied by railroad buildings, in the Fourth Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 20th day of July, 1917, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 23rd day of July, 1917, at 3 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 20th day of July, 1917, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 24th day of July, 1917, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 4th day of December, 1913, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on a line midway between Grant avenue and Elderts lane where it is intersected by the prolongation of a line midway between Fulton street and Atlantic avenue, as these streets are laid out between Shaw avenue and Nevada avenue, and running thence eastwardly along the said line midway between Fulton street and Atlantic avenue and along the prolongation of the said line to the intersection with the westerly line of Hatch avenue; thence eastwardly in a straight line to a point on the easterly line of Hatch avenue where it is intersected by the prolongation of a line midway between Sherry street and Fenhurst place, as these streets are laid out between Freedom avenue and Oxford avenue; thence eastwardly along the said line midway between Sherry street and Fenhurst place and along the prolongation of the said line to the intersection with the westerly line of Herald avenue; thence eastwardly in a straight line to a point on the easterly line of Herald avenue where it is intersected by a line bisecting the angle formed by the intersections of the prolongations of the southerly line of Fulton street and the northerly line of Atlantic avenue, as these streets are laid out between Guign avenue and Napier avenue; thence eastwardly along the said bisecting line to the intersection with the westerly line of Greenwood avenue; thence eastwardly in a straight line to a point on the easterly line of Greenwood avenue where it is intersected by a line midway between Fulton street and Atlantic avenue, as these streets are laid out immediately east of Greenwood avenue; thence eastwardly along the said line midway between Fulton street and Atlantic avenue and along the prolongation of the said line to the intersection with the southwesterly right of way line of the Montauk Division of the Long Island Railroad; thence southeastwardly along the said right of way line to the intersection with the westerly line of Van Wyck avenue; thence eastwardly at right angles to Van Wyck avenue a distance of 200 feet; thence southwardly and parallel with Van Wyck avenue to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Garden street, the said distance being measured at right angles to Garden street; thence westwardly along the said line parallel with Garden street and along the prolongations of the said line to the intersection with a line midway between South Vine street and South Curtis avenue, as these streets are laid out at Chickster avenue; thence northwardly along the said line midway between South Vine street and South Curtis avenue to the intersection with a line midway between Atlantic avenue and Chickster avenue, as these streets are laid out between Spruce street and South Vine street; thence westwardly along the said line midway between Atlantic avenue and Chickster avenue and along the prolongations of the said line to the intersection with a line midway between Church street and Lefferts avenue; thence northwardly along the said line midway between Church street and Lefferts avenue to the intersection with a line midway between Atlantic avenue and Chickster avenue, as these streets are laid out between Hamilton avenue and Lefferts avenue; thence westwardly along the said line midway between Atlantic avenue and Chickster avenue to the intersection with the westerly line of Greenwood avenue; thence westwardly in a straight line to a point on the easterly line of Cedar avenue where it is intersected by a line midway between Atlantic avenue and Chickster avenue, as these streets are laid out between Greenwood avenue and Cedar avenue; thence westwardly along the said line midway between Atlantic avenue and Chickster avenue to the intersection with the westerly line of Greenwood avenue; thence westwardly in a straight line to a point on the easterly line of Napier avenue where it is intersected by a line midway between Atlantic avenue and Chickster avenue,

as these streets are laid out between Portland avenue and Napier avenue; thence westwardly along the said line midway between Atlantic avenue and Chickster avenue to the intersection with a line midway between Portland avenue and Herald avenue; thence northwardly along the said line midway between Portland avenue and Herald avenue to the intersection with the prolongation of a line midway between Atlantic avenue and Colby street, as these streets are laid out immediately west of Freedom avenue; thence westwardly along the said line midway between Atlantic avenue and Colby street and along the prolongations of the said line to the intersection with a line midway between Vanderveer avenue and Hatch avenue, as these streets are laid out immediately north of Chickster avenue; thence southwardly along the said line midway between Vanderveer avenue and Hatch avenue to the intersection with the prolongation of a line midway between Atlantic avenue and Chickster avenue, as these streets are laid out at Wood haven avenue; thence westwardly along the said line midway between Atlantic avenue and Chickster avenue and along the prolongations of the said line to the intersection with the prolongation of a line midway between Grant avenue and Elderts lane, as these streets are laid out north of Atlantic avenue; thence northwardly along the said line midway between Grant avenue and Elderts lane and along the prolongation of the said line to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 23rd day of July, 1917.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 11th day of October, 1917, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, June 25th, 1917.
GEORGE C. RUECHNER, Chairman; JOHN I. CONNOLLY, JOHN KEDRED GILLETTE, Commissioners of Estimate; GEORGE C. RUECHNER, Commissioner of Assessment.
WALTER C. SHEPPARD, Clerk. j29,jy17

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee to the lands, tenements and hereditaments required for the opening and extending of KIMBALL AVENUE from Liberty avenue, near Digby street, to Kimball avenue is now laid out, in the 4th Ward, Borough of Queens, City of New York, as amended and corrected by an order of this Court duly made and entered in the office of the Clerk of the County of Queens, on June 14, 1916, so as to conform to a map or plan adopted by the Board of Estimate and Apportionment, December 23, 1915, and approved by the Mayor January 10, 1916.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 16th day of July, 1917, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 18th day of July, 1917, at 2:30 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has assessed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 16th day of July, 1917, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of July, 1917, at 2:30 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 3rd day of March, 1916, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Jerome avenue and Kimball avenue, where it is intersected by a line midway between Halifax street and Digby street and running thence eastwardly along the said line midway between Jerome avenue and Kimball avenue and along the prolongation of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Dakota avenue, the said distance being measured at right angles to Dakota avenue; thence southwardly along the said line parallel with Dakota avenue and along the prolongation of the said line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Liberty avenue, where it adjoins Dakota avenue, the said distance being measured at right angles to Liberty avenue; thence westwardly along the said line parallel with Liberty avenue and along the prolongation of the said line to the intersection with the prolongation of a line midway between Atfield avenue and Nebraska avenue, as these streets are laid out north of Kimball avenue; thence northwardly along the said prolongation of a line midway between Atfield avenue and Nebraska avenue to a point distant 100

feet southerly from the southerly line of Kimball avenue; thence westwardly and parallel with Kimball avenue to the intersection with a line passing through points on the centre lines of Atfield avenue and of Frost avenue, respectively, midway between Kimball avenue and Liberty avenue; thence westwardly along a succession of straight lines passing through points on the centre lines of each of the streets between Atfield avenue and Broad avenue, respectively, midway between Kimball avenue and Liberty avenue to a point distant 100 feet southerly from the southerly line of Kimball avenue, the said distance being measured at right angles to Kimball avenue; thence westwardly and parallel with Kimball avenue to the intersection with the prolongation of a line midway between Ferry street and Potomac street; thence southwardly along the said line midway between Ferry street and Potomac street and along the prolongation of the said line to a point distant 100 feet southerly from the southerly line of Liberty avenue, the said distance being measured at right angles to Liberty avenue; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of Liberty avenue to the intersection with the prolongation of a line midway between Halifax street and Digby street; thence northwardly along the said line midway between Halifax street and Digby street and along the prolongation of the said line to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 10th day of July, 1917.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 11th day of September, 1917, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, June 19, 1917.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either of any of the conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to the purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City or New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, endorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be enclosed in the envelope containing the bid, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures. Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Council, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
