TUESDAY, April 9, 1895, 1 o'clock P. M.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:  
CITY OF NEW YORK—OFFICE OF THE MAYOR, April 4, 1895.

To the Honorable the Board of Aldermen:

I return herewith, without approval, resolution of your Honorable Body, adopted March 26, 1895, to lay water-mains on One Hundred and Second street, between Central Park, West, and Columbus avenue, on the ground of the report of the Commissioner of Public Works that "The Chief Engineer reports that a resolution for these water-mains was approved March 14, 1895. The resolution is, therefore, unnecessary."

W. L. STRONG, Mayor.

Resolved, That water-mains be laid in One Hundred and Second street, between Central Park, West, and Columbus avenue, under the direction of the Commissioner of Public Works, as provided by section 356 of the New York Consolidation Act of 1882. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:  
CITY OF NEW YORK—OFFICE OF THE MAYOR, April 4, 1895.

To the Honorable the Board of Aldermen:

I return herewith, without approval, resolution of your Honorable Body, adopted March 26, to pave One Hundred and Fifty-eighth street, from the Boulevard to Public Drive or Lafayette avenue, on the ground of the report of the Commissioner of Public Works that "The street has been graded and is supplied with water-mains and gas-mains, but there is no public sewer." There is no petition from the property-owners for a sewer, and even if there were one, the construction of it could not be accomplished before next autumn. The resolution for paving the street is therefore premature.

W. L. STRONG, Mayor.

Resolved, That the carriageway of One Hundred and Fifty-eighth street, from the Boulevard to Public Drive or Lafayette avenue, be paved with granite-block pavement, and that crosswalks be laid at each intersecting or terminating street or avenue, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:  
CITY OF NEW YORK—OFFICE OF THE MAYOR, April 3, 1895.

To the Honorable the Board of Aldermen:

I return herewith, without approval, resolution of your Honorable Body, adopted March 26, 1895, to place an additional public lamp at the northwest corner of Hudson and Bethune streets, on the ground of the report of the Commissioner of Public Works, that "The Superintendent of Lamps and Gas reports that, by personal examination at night, he finds no necessity for a gas-lamp at that corner, as there is an electric-lamp about seventy-five feet distant from the location, and a regular gas-lamp about sixty feet north of the corner. He states that if an additional gas-lamp is needed, it should be placed at the southwest corner of the street intersection, where there is a United States Post-office Station."

W. L. STRONG, Mayor.

Resolved, That the following additional lamp-posts be erected and street-lamps placed thereon and lighted on the northwest corner of Hudson and Bethune streets, and the names of the streets placed thereon, the said work to be done under the direction of the Commissioner of Public Works. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:  
CITY OF NEW YORK—OFFICE OF THE MAYOR, April 4, 1895.

To the Honorable the Board of Aldermen:

I return herewith, without approval, resolution of your Honorable Body, adopted March 26, 1895, to lay water-mains in Oakland place, from Franklin avenue to Clinton avenue, on the ground of the report of the Commissioner of Public Works, that "The Chief Engineer reports that Oakland place, between those avenues, is not graded, and should be graded before the water-mains are laid. The resolution is, therefore, premature."

W. L. STRONG, Mayor.

Resolved, That water-mains be laid in Oakland place, from Franklin avenue to Clinton avenue, New York City, under the direction of the Commissioner of Public Works, as provided by section 356 of the New York Consolidation Act of 1882. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Finance Department:

CITY OF NEW YORK—FINANCE DEPARTMENT, April 3, 1895.

Hon. JOHN JERLOMAN, President of the Board of Aldermen:

MY DEAR MR. PRESIDENT—Under section 70 of the Consolidation Act the Comptroller is entitled to have a seat in the Board of Aldermen, and to have the right to participate in its discussions. I shall be, personally, greatly obliged to you if I may be given notice of any meeting at which the Mayor's message of yesterday is to be considered, in order that I may, if I so desire, have an opportunity to address the Board in regard to the same.

I am always, with great respect, your obedient servant,

ASHBEL P. FITCH, Comptroller.

Which was referred to the Clerk.

The President laid before the Board the following communication from the Department of Public Works:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET, New York, April 9, 1895.

Hon. JOHN JERLOMAN, President, Board of Aldermen:

DEAR SIR—I have the honor to acknowledge receipt of a certified copy of the resolution adopted by your Board on the 26th ultimo, requesting the Commissioner of Public Works to certify, under section 321 of the New York City Consolidation Act of 1882, that the safety, health and convenience of the public require that the parks or plots in the centre of the Boulevard, from Fifty-ninth street to One Hundred and Twenty-seventh street, be paved with asphalt or cement over their entire surface, except such places as immediately surround the trunks of growing trees.

I concur in the views expressed in the preamble to the resolution, that it is impracticable to keep these plots in proper condition as grass plots, at least not under the usual appropriation for the maintenance of "Boulevards, Roads and Avenues," to which their care has heretofore been charged, and that it would benefit their appearance and the comfort and convenience of the public to pave them with asphalt or cement. In considering the subject, however, it must be borne in mind that the appropriation for repavements for 1895, under the law referred to, is only \$250,000, and that there are many miles of worn-out pavements in busy thoroughfares and thickly-populated districts where the necessity for new pavements, in the interest of public safety, health and convenience, is much greater. To pave those plots would take a very large share of the present appropriation, and, under existing circumstances, I do not feel justified in sanctioning the diversion of any part of the appropriation from purposes which are of the greatest and most immediate urgency.

Very respectfully, WILLIAM BROOKFIELD, Commissioner of Public Works.

Which was referred to the Committee on Street Pavements.

The President laid before the Board the following communication from the Public Administrator:

LAW DEPARTMENT—CITY OF NEW YORK,  
BUREAU OF THE PUBLIC ADMINISTRATOR, No. 49 BEEKMAN STREET,  
New York, April 1, 1895.

To the Honorable the Board of Aldermen:

The President laid before the Board the following communication from the Department of Public Works:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET, New York, April 8, 1895.

To the Honorable the Board of Aldermen:

GENTLEMEN—In accordance with the provisions of section 321 of the New York City Consolidation Act of 1882, as amended by chapter 569 of the Laws of 1887, I hereby certify and report to your Honorable Board that the safety, health and convenience of the public require that the following-named street be repaved with trap or granite-block pavement on concrete foundation: College place, from the north side of Chambers street to Dey street, and that crosswalks be laid at the intersecting and terminating streets where necessary; the materials to be used for said crosswalks to be bridge-stone of granite of the dimensions and according to the specifications now used in the Department of Public Works. Very respectfully,

WILLIAM BROOKFIELD, Commissioner of Public Works.

Resolved, That, in pursuance of section 321 of the New York City Consolidation Act of 1882, as amended by chapter 569 of the Laws of 1887, the Commissioner of Public Works is hereby authorized and directed to repave College place, from the north side of Chambers street to Dey street, with trap or granite-blocks on concrete foundation, with crosswalks of granite bridge-stone at the intersecting and terminating streets where necessary.

(G. O. 156½.)

Resolved, That, the carriageway of College place, from Chambers to Dey street, be paved with trap or granite block pavement, on concrete foundation, where not already paved, and that crosswalks of granite be laid at the intersecting and terminating streets, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which were laid over.

REPORTS.

NEW YORK, April 9, 1895.

To the Honorable the Board of Aldermen:

The undersigned Committee on Markets, to whom was referred the annexed resolution granting "permission to farmers to use the streets from Ninety-seventh street to One Hundred and Second street and Second avenue to East river, for the purpose of selling their wares and merchandise," beg leave to

REPORT:

That we have afforded those interested a public hearing; and taking all claims, privileges and public benefits into consideration, conclude that such permission would be an injustice to private and personal rights.

In the locality mentioned there has recently been established a "Market" that is well conducted and owned by a corporation of well known New York City residents. This corporation is paying taxes to the City and assessments to the State. The establishment of the market has greatly improved the locality and has largely enhanced the value of surrounding property. To date, the stockholders have suffered loss because of the preliminary expenses attending the establishing of any new enterprise, and it would be unwarranted on the part of the City to give up its public streets to competitors, who realizing the advantages of the future, make application for Aldermanic aid, to share in the benefits which others are entitled to, because of their foresight and spirit of enterprise. While permission to non-resident farmers to occupy the public streets might be of some benefit to the people of the immediate neighborhood, we feel that the example set by

the Harlem Market Company, in purchasing and leasing private property on which to establish their business, is a proper one for the farmers in question to follow, for their own good, and the benefit of those whom they seem to be desirous of serving.

We offer the following:

Resolved, That permission be and is hereby refused to the farmers, who make application for the use of public streets, from Ninety-seventh street to One Hundred and Second street, and Second avenue to East river, for the sale of their wares and merchandise.

CHRISTIAN GOETZ, ANDREW A. NOONAN, JEREMIAH KENNEFICK, JOHN P. WINDOLPH, ELIAS GOODMAN, Committee on Markets.

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the affirmative.

The Committee on Markets, to whom was referred the annexed amended ordinance in favor of amending section 39 of article V. of chapter 3 of the Revised Ordinances of 1880, relative to permitting the keeping of baskets and stands on the sidewalk near the curb within two hundred feet of Washington Market, respectfully

#### REPORT:

That, having examined the subject, and after hearing a number of people who do business in Washington Market, and who spoke in favor of the proposed ordinance, as amended in Committee, they believe the proposed ordinance should be adopted. They therefore recommend that the said annexed ordinance be adopted.

AN ORDINANCE to amend section 39 of article V. of chapter 3 of the Revised Ordinances of 1880.

The Mayor, Aldermen and Commonalty of New York do ordain as follows:

Section 39 of article V. of chapter 3 of the Revised Ordinances of 1880 is hereby amended by striking out all words after the word "market" in the next to the last line of said section, and inserting in lieu thereof the following: "Provided, however, that nothing in this section shall be construed as preventing citizens of the United States who shall be residents of the City of New York from keeping a basket or small stand upon the curb-stone of streets within two hundred feet of Washington market in the City of New York, said basket or stand not to take up more than two feet of any sidewalk, and said persons in all cases to leave a free passageway for pedestrians; provided, moreover, that the huckster or peddler keeping said stand shall first obtain the permission of the owner of the premises in front of which said stand shall be located, and shall pay as compensation to the City of New York such fee as may be determined upon by the Comptroller of said city, under the penalty of twenty-five dollars (\$25) for every such offense;" so that said section when so amended shall read as follows:

Sec. 39. No person or persons shall occupy any part of any public market, or the streets contiguous thereto, within the distance of three hundred yards from any part of such market, for the purpose of exposing and offering for sale and selling any article or thing whatever without having first paid the rent, or market fees, when demanded by the Clerk of the said market; provided, however, that nothing in this section shall be construed as preventing citizens of the United States who shall be residents of the City of New York from keeping a basket or small stand upon the curb-stone of streets within two hundred feet of Washington market in the City of New York, said basket or stand not to take up more than two feet of any sidewalk, and said persons in all cases to leave a free passageway for pedestrians; provided, moreover, that the person or persons keeping said stand shall first obtain the permission of the owner of the premises in front of which said stand shall be located, and shall pay as compensation to the City of New York such fee as may be determined upon by the Comptroller of said city, under the penalty of twenty-five dollars (\$25) for every such offense.

Sec. II. Section 40 of article V. of chapter 3 of the Revised Ordinances of 1880, and all other ordinances inconsistent or conflicting with the provisions of this ordinance are hereby annulled, rescinded and repealed.

Sec. III. This ordinance shall take effect immediately.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained

by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the city.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at this office.

LOUIS F. HAFFEN,  
Commissioner of Street Improvements,  
Twenty-third and Twenty-fourth Wards.

## HEALTH DEPARTMENT.

HEALTH DEPARTMENT OF THE CITY OF NEW YORK, CRIMINAL COURT BUILDING, CENTRE, WHITE, ELM AND FRANKLIN STREETS, NEW YORK, April 4, 1895.

**PROPOSALS FOR ESTIMATES FOR ALTERING THE BUILDING NEAR THE FOOT OF EAST SIXTEENTH STREET, KNOWN AS THE DISINFECTING DEPOT OF THE WILLARD PARKER HOSPITAL, CITY AND COUNTY OF NEW YORK.**

**PROPOSALS FOR ESTIMATES FOR LABOR** and materials for altering the building near the foot of East Sixteenth street, known as the Disinfecting Depot of the Willard Parker Hospital, City and County of New York, will be received by the Commissioners of the Health Department, at their office, Criminal Court Building, Centre, White, Elm and Franklin streets, until 11:30 o'clock A. M. of the 16th day of April, 1895, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for altering the building near the foot of East Sixteenth street, known as the Disinfecting Depot of the Willard Parker Hospital, City and County of New York," and also with the name of the person or persons presenting the same and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of \$2,500.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the Secretary of the Board, at his office, Criminal Court Building, Centre, White, Elm and Franklin streets, New York.

The Department will do all dredging whenever it shall deem it necessary or advisable so to do.

The term for which leases are sold will commence at the date mentioned in the advertisement, and the rents accruing therefor will be payable from that date in each case.

Each purchaser of a lease will be required, at the time of the sale, to pay, in addition to the auctioneer's fees, to the Department of Docks, twenty-five per cent. (25%) of the amount of annual rent bid, as security for the execution of the lease, which twenty-five per cent. (25%) will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute the lease, with good and sufficient surety or sureties, to be approved by the Department, within ten days after being notified that the lease is prepared and ready for execution at the office of the Department of Docks, Pier "A," North river, Battery place.

The Department expressly reserves the right to resell the lease or premises bid off, by those failing, refusing or neglecting to comply with these terms and conditions, the party so failing, refusing or neglecting to be liable to the Corporation of the City of New York for any deficiency resulting from or occasioned by such resale.

Lessees will be required to pay their rent quarterly in advance, in compliance with the terms and conditions of the lease prepared and adopted by the Department.

In all cases where it is mentioned in the advertisement of sale, the purchaser shall be entitled to the privilege of occupying any shed upon the pier or bulkhead at the commencement of the term or that may thereafter be permitted or licensed by the Department, and to the rights attached to such permission or license, but subject to the conditions thereof, such purchaser being engaged in the business of steam transportation, and using and employing the same for the purpose of regularly receiving and discharging cargo thereat.

Not less than two sureties, each to be a householder or freeholder in the State of New York, to be approved by the Board of Docks, will be required under each lease to enter into a bond or obligation, jointly and severally, with the lessee, in the sum of double the annual rent, for the faithful performance of all the covenants and conditions of the lease, the names and addresses of the sureties to be submitted at the time of sale.

Each purchaser will be required to agree that he will, upon ten days' notice so to do, execute a lease with sufficient surety as aforesaid, the printed form of which may be seen and examined upon application to the Secretary, at the office of the Department, Pier "A," Battery place.

No person will be received as a lessee or surety who is delinquent on any former lease from this Department or the Corporation.

No bid will be accepted from any person who is in arrears to this Department or the Corporation, upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to this Department or to the Corporation of the City of New York.

The auctioneer's fees (\$25) on each lot or parcel must be paid by the purchasers thereof respectively at the time of sale.

220,000 pounds Granulated Sugar (Standard).

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

*The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.*

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.
