The following hearings will be held during the remainder of the week commencing November 7, 1910:

Friday, November 11.—2 p. m.—Room 310.—Case No. 121.—Interborough Rapid Transit Company.—“Block signal system, subway local tracks.”—Chairman Willcox. 2:30 p. m.—Room 305.—Case No. 1181.—Bondholders' Committee, Third Avenue Railroad Company.—“Rehearing upon application for approval of reorganization of Third Avenue Railroad and of issue of securities.”—Whole Commission.

Regular meeting of the Commission held on Tuesday and Friday at 11:30 a. m.—Room 310, except as above noted.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting Held on Monday, October 10, 1910.

Present—President John C. McGuire and Commissioners Richard Welling and Alexander Keogh. The President, Mr. John C. McGuire, presided. On motion, the minutes of the meeting held October 5 were approved.

The Commission then considered the request of the Supervisor of the City Record for an amendment of the classification by including in the exempt class the positions of Editor, Stationer and Inspector. After consideration of the matter the Secretary was directed to communicate with the Supervisor and state that the Commission was of the opinion that the positions should remain in the competitive class, but that owing to the reorganization of the office and the inception of certain important work, the first appointments might be made under the provisions of paragraph 5 of Rule XII., if persons possessing the requisite qualifications should be nominated.

James F. Conley, of 135 Keap st., Brooklyn, appeared before the Commission and requested that his application for the position of Attendance Officer be accepted. It appeared that Mr. Conley had been summoned before the Commission on August 3, but had failed to do so, whereupon his application had been rejected. On motion, it was

Resolved, That the action of this Commission in rejecting the application of James F. Conley for the position of Attendance Officer be and the same hereby is rescinded.

Samuel Finkelman, of 486 Sackman st., Brooklyn, having failed to appear, as directed, to supply certain information relative to an arrest mentioned in his application for the position of Attendance Officer, on motion, the application was ordered filed.

Walter Pinkney, of Richmond terrace, Staten Island, appeared before the Commission relative to the statement of one Luke C. Chappell, of 118 Koe st., West Brighton, S. I., that it was necessary to secure the endorsement of a “district leader” in order to obtain an appointment in the office of the President of the Borough of Richmond. Mr. Pinkney stated that he had never made any such assertion, did not believe the same to be true, and knew nothing whatever of the matter. The Secretary was directed to inform the Civil Service Reform Association (through whom the complaint of Mr. Chappell had been made) of the facts.

On the recommendation of the Committee on Transfers, the transfer of Alexander H. Stewart from the position of Inspector of Masonry, at \$5 per diem, in the Department of Bridges, to a similar position, at a salary of \$120 a month (\$130 a month when working in shaft or tunnel), in the Board of Water Supply, was approved.

On the recommendation of the Committee on Reinstatements, the following reinstatements were approved: John H. Warrelman, Patrolman on Aqueduct, Board of Water Supply, he having resigned from a similar position on January 3, 1910. William F. McLiney, Fireman first grade, in the Fire Department, he having resigned from a similar position, without fault or delinquency, on November 19, 1909.

On the recommendation of the Labor Clerk, the appeal of George J. Duignan, of Blissville, Queens, for a re-examination for the position of Bridge Painter was denied.

On motion, the request of Henry Niebling, a Clerk in the Payroll Bureau of the Office of the Commission, that he be permitted to qualify in an examination for promotion from the first to the second grade, was granted.

On motion, it was ordered that Mr. William J. Keiley, of 970 Forest ave., Borough of The Bronx, be summoned for a non-competitive examination to qualify him for appointment as Monitor.

On motion, the Secretary was directed to transmit a copy of the report to his Honor, the Mayor, in accordance with section 1544 of the Charter.

A report was presented from the Acting Chief Examiner, dated October 6, stating that the last ratings had been placed on the papers in the examination for Transitman on October 13, 1910. On motion, it was

Resolved, That the eligible list of Transitman be and the same hereby is established as of October 13, 1910, the date on which the rating of the papers was completed.

A report was presented from the Acting Chief Examiner, dated October 7, stating that the last ratings had been placed on the papers in the examination for Assistant Engineer, Bureau of Buildings, on October 7, 1910. On motion it was

Resolved, That the eligible list of Assistant Engineer, Bureau of Buildings, be and the same hereby is promulgated as of October 7, 1910, the date on which the rating of the papers was completed.

Communications were presented from the Acting Chief Examiner, dated October 7 and 8, relative to the recommendation of the Commission that in examinations where experience was a factor, the experience paper should be rated before the remaining tests were given, so that all candidates who received less than 70 per cent. on that subject might be eliminated. After stating his objections to the plan proposed by the Commission, the Acting Chief Examiner repeated a few suggestions and recommendations made in previous reports. The matter was ordered continued on the calendar.

A report was presented from the Acting Chief Examiner, dated October 7, submitting, in accordance with the instructions of the Commission, an amended scheme of examination for the position of Patrolman. The matter was ordered continued on the calendar.

A report was presented from the Acting Chief Examiner, dated October 7, stating that Mr. Richard H. Gillespie, who had been examined on August 29 for the position of Chief Engineer, Bureau of Highways and Sewers, Borough of The Bronx, had successfully passed his examination with a percentage of 80. On motion, it was

Resolved, That the requirement of competition be and the same hereby is waived so far as it applies to the position of Chief Engineer of Highways and Sewers, Office of the President of the Borough of The Bronx, and the appointment of Mr. Richard H. Gillespie, to take effect October 1, be and the same hereby is approved under the provisions of paragraph 5, Rule XII; it being the opinion of the Commission that competition at this time is not practicable, and that Mr. Gillespie is a person of high and recognized attainment in the desired qualities.

A communication was presented from the Acting Chief Examiner, dated October 10, recommending, after consultation with Commissioner Driscoll, the following subjects and weights for the examination for Inspector of Weights and Measures: A general paper (including a knowledge of duties, intelligence test and the writing of a report), 6; arithmetic (to include a knowledge of the metric system and a detailed knowledge of weights and measures), 4. On motion, the recommendation was adopted.

A communication was presented from the Acting Chief Examiner, dated October 7, recommending the following subjects and weights for the examination for Court Stenographer: General dictation (rating to be based on accuracy of transcription from notes taken at a given speed), 6; Special dictation (rating to be based on speed and on ability to read back notes at once), 4. The recommendation was adopted.

A communication was presented from the Acting Chief Examiner, dated October 7, recommending the following subjects and weights for the examination for Inspector of Carpentry and Masonry: Technical, 6; Experience, 4. 75 per cent. to be required on the technical paper and 70 per cent. on all. The recommendation was adopted.

A report was presented from Mr. James A. Rafferty, Examiner, dated October 8, recommending that Guy W. Culgin, of 165 Broadway, Borough of Manhattan, be marked qualified upon the eligible list of Assistant Engineer, Bureau of Buildings. The recommendation was adopted.

A report was presented from Mr. Thomas C. Murray, Assistant Chief Examiner in Charge of Promotions, dated October 10, relative to the request of Mr. Raymond B. Fosdick, Commissioner of Accounts, that an examination be held as soon as possible for promotion to third grade Clerk in his office. The report stated that an examination had been requested to meet the requirements of an amended Budget schedule which made it necessary to fill at once, by promotion, a vacancy existing in the third grade, and recommended that the examination be ordered, in accordance with Rule XV., paragraph 8a. The recommendation was adopted.

A report was presented from Mr. Thomas C. Murray, Assistant Chief Examiner in Charge of Promotions, dated October 6, relative to the eligibility for certification of the persons whose names appeared on the eligible list for promotion to Matron in the Department of Correction. The report stated that the following named persons appearing upon the eligible list were no longer in the Service: Workhouse—Marie Casey, Edith Fraquelli, Etta Hayes, Grace A. Keegan. Penitentiary—Sarah M. Leahy, Kate Downey. District Prisons—Marie T. Kelly. City Prison—Mary K. Merrifield. That the following, whose names appeared upon the eligible list, should not be certified, for the reason that their positions were included in the Non-Competitive Class at the time of the examination: Teresa M. Keaveney, Margaret Kendrick, Margaret Kerin, Minnie A. Bartels; and that the following named persons were the only ones eligible for certification under the rules: Workhouse—Annie Trainor, Mary Leahy. District Prisons—Elizabeth Kelly, Grace Hardy. City Prison—Mary L. M. Flattery, Mary E. Leahy.

The Examiner stated further that in future promotion examinations in the Prison Service of the Department of Correction, one general list should be established for the Department, as a division into lists for separate institutions, in his opinion, could not be considered a division into separate Bureau lists. On motion it was

Resolved, That the Secretary be and he hereby is directed to certify Annie Trainor, Mary Leahy, Elizabeth Kelly, Grace Hardy, Mary L. M. Flattery and Mary E. Leahy as eligible for promotion to the position of Matron in the Department of Correction and to remove all other names from the said list, in view of the foregoing report of the Assistant Chief Examiner in Charge of Promotions.

A report was presented from Mr. Thomas C. Murray, Assistant Chief Examiner in Charge of Promotions, dated October 8, relative to the contention of President Dooling, of the Board of Elections, that under the law that Bard was not required to keep efficiency records for its graded employees, as provided by Rule XV. of the Civil Service Rules, as it was not a City Department. The report stated that under the circumstances the Examiner could take no further action with reference to the installation of the Efficiency Record System in the office of the Board of Elections until the question of jurisdiction had been definitely established. After careful consideration of the matter, the Secretary was directed to advise the Examiner that the Commission could find no provision in the law authorizing it to require the Heads of Departments to follow any fixed system for the keeping of efficiency records, but that if the President of the Board of Elections refused to keep a permanent record of the efficiency of his employees, it would be without power, under the law, to conduct any promotion examinations for his Department.

On motion, the Secretary was authorized to permit the following named candidates to amend their statements as to the dates of birth, to conform with the proof submitted: Arthur O'Leary, 311 E. 73d st., New York City, Clerk; Joseph C. Farley, 194 McDonough st., Brooklyn, N. Y., Rodman, Board of Water Supply.

A communication was presented from the Secretary of the State Civil Service Commission, dated October 10, stating that at a meeting of the said Board held on October 6, action upon the Commission's resolutions had been taken as follows:

1. Amending the classification by transferring from the competitive to the exempt class the position of Chief of the Bureau of Licenses; continued on the calendar.
2. Amending the classification by striking from the exempt class certain positions in the Aqueduct Commission and including the same under the heading, "Department of Water Supply, Gas and Electricity;" approved.
3. Exempting the position of Confidential Inspector for the Department of Street Cleaning; approved.
4. Waiving the limitation of compensation fixed by paragraph 6 of Rule XII, in the case of John H. Gregory, and authorizing his employment as a Designing Engineer on sanitary works in the Metropolitan Sewerage Commission at a total compensation not to exceed \$6,000 in any one year; approved.
5. Authorizing the Department of Docks and Ferries to continue the services of Harold D. Force, Expert Accountant; approved.

The communication was ordered filed.

On motion, it was

Resolved, That, in accordance with the provisions of paragraph 6 of Rule XII, Mr. Leonard Meyerson, of Valhalla, N. Y., be and he hereby is excepted from examination to render expert service as Stenographer in the Board of Water Supply, provided that his total compensation shall not exceed \$750.

A letter was presented from the Board of Water Supply, dated October 4, notifying the Commission of the following appointments under the provisions of paragraph 7 of Rule XII: John Walsh, Miner; Harold T. McCoy, Clerk, first grade; Alfred W. Still, Janitor. The appointments were approved.

A letter was presented from the Board of Water Supply, dated October 4, stating that on October 27, 1910, the action taken by the Board on July 12, 1910, dismissing Laurence J. Hurley, an Axeman, for absence without leave for more than five days, had been rescinded and that Mr. Harley was to be re-assigned to duty in the Southern Aqueduct Department. On motion, the Secretary was directed to amend the records accordingly.

A letter was presented from the Commissioner of Public Works, Borough of Manhattan, dated October 6, requesting approval of the emergency appointment of Miss Dorothy G. McCarrick as Telephone Switchboard Operator on September 21, 1910. On motion, the appointment was approved under paragraph 4 of Rule XII.

A letter was presented from the Secretary to the Commissioner of Public Works, Borough of Manhattan, dated September 30, stating that the dismissal of Thomas J. Lane of 14 Columbia st., a Janitor, at \$1,500 per annum, effective September 30, 1910, of which the Commission had been notified under date of September 21, 1910, had been canceled and that Mr. Lane had been re-assigned to his former position. The Secretary was instructed to inquire by what authority the reported action had been taken, and to call attention to the fact that in future all communications sent by the Secretary should state by what authority the transaction in question had been made.

A letter was presented from the Secretary to the Commissioner of Public Works, Borough of Manhattan, dated October 7, in reply to an inquiry of the Commission, under date of October 6, stating that according to the records of his Department Mary Purdy had been employed in the Department of Public Works from May 2, 1894, to February 28, 1900. On motion, the Secretary was directed to amend the records by noting on the preferred list of Attendant the date of original appointment of Mary Purdy as May 2, 1894, instead of "prior to January 1, 1898."

A communication was presented from the Secretary of the Department of Public Charities, dated October 7, requesting approval of the appointment of John Williams as Watchman from September 1 to 5, inclusive, and setting forth the circumstances under which the services had been rendered. On motion, the Secretary was instructed to communicate with the Department and inquire whether Miss Feuerlicht herself was performing the work in person or whether a person had been detailed from her office to perform the same, as in the latter event there was no doubt whatever that the appointment should have been made in the first instance from the Commission's eligible list of Stenographer.

On motion, it was

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, Mr. Robert B. The Secretary stated that the date of original appointment appeared on the preferred list as April 22, 1902, but that an inspection of the records of the Labor Bureau had shown that Mr. Stiles had been in the service since September 6, 1898. On motion, the Secretary was directed to amend the records by giving the date of original appointment of Alexander J. Stiles on the preferred list of Foreman, Borough of Queens, as September 6, 1898.

James J. Hennessy, Fireman of the Second Grade, in the Fire Department, he having resigned from that position, without fault or delinquency, on November 1, 1909.

On the recommendation of the Committee on Reinstatements, the request of the Commissioner of the Tenement House Department for approval of the reinstatement of Daniel Federlein as Clerk, at a salary of \$1,050 per annum, was denied, there being a preferred list in existence for the position.

On motion, the request of Thomas W. Smith, First Grade Clerk in the Application Bureau of the Commission, for permission to enter a promotion examination for Second Grade Clerk was granted.

On motion, the Secretary was authorized to permit the following-named candidates to amend their statements as to date of birth, where necessary, to conform with the proof submitted:

Matthew A. Forrest, 100 Madison st., New York City, Court Attendant; Thomas P. McCue, 417 Broome st., New York City, Patrolman; Margaret G. Callan, 135 W. 104th st., New York City, Nurse.

A report was presented from Mr. S. D. Oppenheim, Examiner in the Office of the Commission, dated October 14, relative to the request of the Court of Special Sessions, that Mr. Arnold J. Wisch, Court Stenographer, be certified as eligible for advancement to a salary of \$2,000 per annum without further examination, and stating that as Mr. Wisch had originally passed an examination fully as difficult as that which would be set for promotion to the Fourth Grade, it would seem as if he were eligible for such promotion without further examination, provided that there was but one other Stenographer of the Third Grade in the Court of Special Sessions. The matter was laid over pending the receipt of additional information.

A report was presented from Mr. James A. Rafferty, Examiner, dated October 6, relative to Michael J. McDowell, of 320 Hamilton st., Long Island City, an applicant for Police Doorman and Prison Keeper, who had given Long Island City as the place of his birth, and September 12, 1876, and September 12, 1875, as the date of birth. The report stated that the Examiner had been unable in the past to obtain records in Queens County prior to 1878; that he believed in the absence of other proof to the contrary that the date (September 12, 1875) sworn to by the candidate as correct should stand and that he should be marked qualified on the eligible list. The Secretary stated that pending the investigation of the Examiner, Mr. McDowell's name had been certified for appointment as Police Doorman. On motion, the Secretary was authorized to permit the candidate to amend his statements as to the date of birth where in error, and the papers were ordered filed.

A report was presented from Mr. James A. Rafferty, Examiner, dated October 11, 1910, relative to John J. Fitzgerald, of 140 W. 105th st., who had been certified for appointment as Prison Keeper in the Department of Correction and whose handwriting and statements as to the date of birth had been questioned. The report stated that Fitzgerald had submitted a transcript from the Baptismal Register of the Parish Church of Doon, County Limerick, Ireland, signed by the Rev. John Kelly, Parish Priest, dated January 22, 1910, which gave the date of birth as June 21, 1877; that the candidate had been instructed to write at once for a transcript of the records of the Registrar General of Dublin and to submit that also; that the report was made before the receipt of same, for the reason that in any event the candidate would be within the maximum age for the position of Prison Keeper and his name had been certified for appointment to that position. On motion the Secretary was authorized to permit the candidate to amend his statements as to the date of birth to conform with the certificate from the Registrar General's office received, and the papers were ordered filed.

Reports were presented from Mr. James A. Rafferty, Examiner, recommending that John R. Scott, of 483 E. 175th st., and L. C. F. Devery, of 270 E. 162d st., be marked qualified on the eligible list of Transitman, and that the applications of the following-named candidates for that position be accepted:

H. Hollander, 1443 Washington ave., The Bronx; J. M. P. Moran, 304 E. 88th st., New York City; J. A. Young, 90 Bedford st., New York City; M. Blatt, 860 Cauldwell ave., The Bronx; C. A. Louis, 2151 Washington ave., The Bronx; Alfred Du

Mond Hammett, Pelham Manor, New York; Max Beck, 272 W. 119th st., New York City.

The recommendation was adopted.

A report was presented from Mr. Thomas C. Murray, Assistant Chief Examiner in Charge of Promotions, dated October 13, relative to correspondence concerning the alleged irregular assignment of Mr. Frederick Hancock, an Engineman employed in the Department of Water Supply, Gas and Electricity, Borough of Brooklyn, to act as Assistant to Mr. Steed, Mechanical Engineer, in charge of pumping stations. The report stated that it would be in accordance with the rules if the position could be filled by a promotion examination open to all Stationary Engineers otherwise eligible; that the Department had stated, however, that the title of Supervisory Engineer had never been established, so that it would be useless for the Commission to order a promotion examination for a position which had no legal existence. In view of that fact, the Examiner recommended that the Commissioner of Water Supply, Gas and Electricity be requested to recommend the establishment of the position of Supervisory Engineer for his Department as the first step towards the adjustment of the matter. The recommendation was adopted.

A report was presented from the Labor Clerk, dated October 11, forwarding a notification from the Commissioner of Parks, Borough of The Bronx, to the effect that he had rescinded his action of September 29, 1910, in suspending William McCormick and James H. Byrnes, Park Laborers. The report stated that according to the records of the Commission, McCormick and Byrnes had been suspended on September 30, and their names appeared 9 and 11, respectively, on the preferred list of Park Laborer for the Borough of The Bronx. On motion, the Secretary was directed to communicate with the Commissioner of Parks, Borough of The Bronx, and state that under the law it would be necessary to reappoint the persons whose names appeared upon the preferred list in the order of their standing on the said list, and that as Messrs. McCormick and Byrnes appeared 9 and 11, respectively, the Commission would be unable to sanction their reassignment unless satisfactory proof should be submitted that the forwarding of their names to be placed on the preferred list was an error.

A report was presented from the Labor Clerk, dated October 11, forwarding for the consideration of the Commission the request of the Commissioner of the Department of Docks and Ferries for approval of his action in rescinding the dismissal of James Fitzsimmons, a Dock Laborer. The report stated that according to the records of the Commission, Fitzsimmons had been dismissed on June 12, 1910, for cause. On motion, the Secretary was directed to note the action of the Commissioner of Docks and Ferries on the records of the Commission.

A report was presented from the Chief Examiner, dated October 14, stating that the examination for Transitman held on February 28 and March 1, 1910, had been completed on October 14, 1910. On motion, it was

Resolved, That the eligible list of Transitman be and the same hereby is established as of October 14, 1910, the date on which the rating of the papers was completed.

A communication was presented from the Chief Examiner, dated October 13, recommending that in addition to the subjects and weights suggested by Assistant Chief Examiner Conway for the open competitive examination for Inspector of Weights and Measures, Process Server and Court Stenographer the following requirements be fixed:

1. That 70 per cent. be required on the general paper and also on the arithmetic in the examination for Inspector of Weights and Measures.
2. That in the examination for Process Server 70 per cent. be required on the paper on duties.
3. That in the examination for Court Stenographer 70 per cent. be required both on the general dictation and on the special dictation.

The recommendation was adopted.

A report was presented from the Labor Clerk, dated October 11, relative to a communication from the Commissioner of Parks, Borough of The Bronx, dated October 5, as to the duties performed by one Julius Ruppert, a Helper in his Department. The report stated that Julius Ruppert had been appointed a Helper prior to 1898, and as the title of Helper did not appear in the classification he had been considered a Park Laborer. The Commissioner's communication stated that Mr. Ruppert's duties had been, and were still, to take care of materials and supplies in the storerooms, to use a Department horse and wagon to deliver tools and supplies to the various works in the parks, and that, on undertaking to dispense with the services of some Drivers because of lack of work, the contention had been made that such lack of work could not exist while there was occasion for Mr. Ruppert to drive a horse and wagon in the course of his duties. After consideration of the matter, the Secretary was directed to advise the Commissioner that while the title of Helper did not correctly describe the duties being performed by the said employee, he could not be dropped as he held his position legally, and that under the circumstances, the work of driving being merely incidental to the other duties, the Commission was of the opinion that the regular Drivers who had been suspended for lack of work had no cause of complaint.

On the recommendation of Commissioner Keogh, to whom the matter had been referred for consideration, the application of Frank J. Shields, Jr., of 8905 5th ave., Borough of Brooklyn, for the position of Attendance Officer was accepted.

A letter was presented from the Supervisor of the City Record, dated October 17, nominating Messrs. William J. Ellis and Alexander J. The matter was laid over.

Davis, Jr., Curator of the College of The City of New York, dated October 18, requesting permission to employ the Underwood Typewriter Company to furnish six copies of tabulated statement of instructional salaries for the Board of Estimate and Apportionment. On motion, it was

Resolved, That, in accordance with the provisions of paragraph 6 of Rule XII., Miss Anna Speiser be and she hereby is excepted from examination, to render expert service as Assistant in the office of the Director of the Evening Courses of the College of The City of New York for a period of one year, beginning October 1, 1910; provided, however, that her total compensation shall not exceed \$750.

A letter was presented from Mr. R. V. Davis, Jr., Curator of the College of The City of New York, dated October 13, forwarding voucher in payment of the American Addressing and Mailing Company, amounting to \$23.10, for services in addressing several thousand commencement invitations, and stating that the services had extended from May 31 until June 4. On motion, the Secretary was directed to certify the voucher as exempt from the provisions of the Civil Service Rules.

A letter was presented from Dr. William H. Smith, General Medical Superintendent of Bellevue Hospital, dated October 11, relative to the supplementary payroll for the month of April, 1910, containing the names of D. C. Martin and nine others appointed as Physicians to the Out Patient Department, at a salary of \$600 per annum, and stating that owing to some delay on the part of the Medical Board of the Hospital the names of the said employees had not been formally handed in to be placed upon the Department payroll until some time in May; that as the services had been rendered during the month of April, the said employees were entitled to salary for that time and that the Board of Trustees had voted to pay them their salary for the month of April, as it was through no fault of the men that their names had not appeared upon the payroll for the month. On motion, the Secretary was directed to attach the certificate of the Commission to the payroll.

A letter was presented from the General Medical Superintendent of Bellevue and Allied Hospitals, dated October 14, submitting a voucher in favor of Grace McKeon, Sara Allen and Alice Moore for services rendered as Special Nurses in emergency cases. Resolved, That the Board of Estimate and Apportionment hereby grants to the Heermance Storage and Refrigerating Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of the City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this _____ day of 19____, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Heermance Storage and Refrigerating Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree, as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate certain conduits with the necessary branches and extensions therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, provided that no conduit be of a greater outside diameter than twelve (12) inches, including insulation or other covering; the same to be constructed and operated only beneath the surface of such of the streets, avenues and highways situate within the Borough of Manhattan, City of New York, as are included within the districts bounded and described as follows:

District Number 1.
Bounded on the north by the centre line of Reade street, on the west by the centre line of Washington street, on the south by an irregular line formed by the centre lines of Warren street, Greenwich street and Chambers street, and on the east by the centre line of Hudson street.

Provided, however, that upon written application to the Board by the Company, the Board may, by resolution, extend the lines of District Number 1 hereinabove described to all or any part of a district bounded and described as follows:

District Number 2.
Bounded on the north by the centre line of Duane street, extended to the centre line of Hudson street; on the west by the centre line of Washington street, on the south by an irregular line formed by the centre lines of Warren street, Greenwich street and Chambers street, on the east by the centre line of Hudson street.

Both of which districts being more particularly shown—District Number 1 by full red lines, and District Number 2 by dashed red lines—on a map entitled "Map showing districts applied for by the Heermance Storage and Refrigerating Company to accompany petition dated July 6, 1910, to the Board of Estimate and Apportionment, City of New York."

—signed by Frederic H. Norton, President, a copy of which is hereto annexed and made a part of this contract.

Should District Number 1 be extended as hereinbefore provided, then the terms and conditions of this contract shall apply to such extended district.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct maintain and operate said conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of

the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five hundred dollars (\$500) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years an annual sum which shall in no case be less than three hundred dollars (\$300), and which shall be equal to two (2) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three hundred dollars (\$300).

During the second term of five years, an annual sum which shall in no case be less than four hundred and fifty dollars (\$450), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of four hundred and fifty dollars (\$450).

During the third term of five years, an annual sum which shall in no case be less than five hundred dollars (\$500), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five hundred dollars (\$500).

The gross receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(c) An annual payment of twenty-five cents (\$0.25) for each linear foot of conduit constructed within the limits of any street, avenue or highway, excepting, however, such conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and December 31 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before February 1 in each year, for the year ending December 31 next preceding.

(d) Before any rights hereby conferred are exercised by the Company and within one (1) month from the date on which this contract is signed by the Mayor, the Company shall pay to the City the sum of seven hundred and fifty dollars (\$750); said amount being due to the City by reason of the unauthorized occupation of the streets by the Company or its predecessors.

And all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchise at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the streets and avenues mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues, or within the districts hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board of Estimate and Apportionment, and evidenced by an instrument under seal, without the consent of the City, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conduits and appurtenances of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order, by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its conduits and appurtenances constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction

under the streets and avenues in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall cause a test to be made of the pipes to be contained within the conduits hereby authorized whenever required by and under the supervision of the Commissioner of Water Supply, Gas and Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fourteenth—The Company shall not charge consumers more than the following rates:

(a) Consumers making monthly contracts:

Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet.

During the term of this contract the Board shall have absolute power to regulate the maximum rates, provided that such rates shall be reasonable and fair.

The Company shall not be required, however, to furnish refrigeration to applicants whose premises are located above the first floor of any building.

Sixteenth—A correct map shall be furnished to the Board by the Company on the first day of February, 1911, showing the exact location of all conduit lines and manholes constructed with reference to the street lines, the curb lines and the street surface, together with a statement of the total length of such conduit. On the same date of each succeeding year, during the term of this contract, a supplementary map shall be furnished the Board showing all conduits laid during the preceding year.

Seventeenth—The conduit lines hereby authorized shall be used only by the Heermance Storage and Refrigerating Company, and for no other purpose than supplying refrigeration.

Eighteenth—The Company shall submit a report to the Board not later than February 1, in each year, for the year ending December 31 next preceding, and at any other time, upon request of the Board, which shall state:

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the award of the contract shall be made on the basis of the sum of \$50, the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, existing at the time of the sale, shall constitute a breach of the conditions of the sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted, and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other bid or estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either included in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inscribing the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
