Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held March 27, 1913, the following petition was received:

APPLICATION FOR LEAVE TO SURRENDER FRANCHISE. To the Honorable the Board of Estimate and Apportionment of The City of New York:

Sirs—Electric Protection Company of New York (hereinafter called the Protection Company) respectfully petitions as follows:

(1) The Protection Company is a corporation duly organized under the Transportation Corporations Law of the State of New York.

(2) By a contract dated March 1, 1911, the City of New York granted to the Protection Company a certain franchise and entered into a certain contract with the Protection Company, whereof copies are hereto annexed and are hereby referred to as if fully incorporated in this petition.

(3) By section 2, paragraph second, of said franchise and contract, it was provided that the Protection Company should pay annually upon each first day of November, a stated percentage of its gross earnings for the year ended on the September 30th preceding each such first day of November, and that if such percentage of such gross earnings should not equal the sum of \$1,200, then the Protection Company should pay the minimum sum of \$1,200 per year.

(4) As a security deposit to protect the City of New York in such annual payments the Protection Company deposited with the Comptroller \$5,000 in accepted securities, which deposit still remains in the hands of said Comptroller.

(5) The Protection Company has not yet commenced to avail itself in any respect whatsoever of the privileges to it granted under said franchise and contract, and has so reported to the Comptroller of the City of New York for the years ended respectively September 30, 1911, and September 30, 1912.

(6) The said minimum annual payment due November 1, 1912, not having been paid, the Comptroller, as provided by said franchise and contract, served upon the Protection Company a notice that at the expiration of ten (10) days thereafter he would cause the said payment to be made out of said security deposit. Said notice terminates and becomes effective at the opening of business on March 17, 1913.

(7) The Protection Company finds itself unable to use the privileges and benefits of its said franchise and contract and desires to surrender the same. The Protection Company has made diligent efforts to assure itself of business sufficient to justify it in using the franchise and contract and the privileges thereunder, but has not been able to secure sufficient business to warrant it in embarking upon the development of the enterprise in furtherance of which said franchise and contract were granted.

(8) The Protection Company has no subscribers for the use of its proposed service, so that the termination of its franchise will not result in embarrassment or inconvenience to third parties; and no competing companies have been deprived of the right to furnish a similar service by reason of the franchise granted to the Protection Company.

(9) Inasmuch as under the terms of said contract a large sum of money, to wit, \$5,000, was paid by the Protection Company to said City of New York as a consideration for the granting of said franchise, and at the date of the granting thereof; and inasmuch as the further sum of \$1,200 was paid to said City on or about November 1, 1911, being the minimum annual payment for the first year of said franchise; and inasmuch as the Protection Company has made no use whatever of said franchise and contract, nor of any of the privileges and benefits granted thereunder, nor has the Protection Company in any manner whatever imposed any burden or enjoyed any easement upon, in or under the streets of said City by virtue of said franchise and contract or otherwise howsoever, the Protection Company respectfully submits that it is justly entitled to surrender said franchise and contract, absolving the City of New York from all liability whatsoever to the Protection Company thereunder, and in return therefor should be repaid in the sum of \$5,000, being the amount of said security deposit.

The Protection Company therefore respectfully prays:

(a) That it be permitted to surrender irrevocably the said franchise and contract dated March 1, 1911.

(b) That, upon the consummation of such surrender of said franchise and contract, the City of New York repay to the Protection Company the sum of \$5,000 now on deposit with the Comptroller of the City of New York or such part thereof as may seem just and equitable.

Dated New York, March 17, 1913.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money, and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
