Subject: MODA 2017 Open Data Examination and Verification Report

Good afternoon,

Pursuant to Local Law 8 of 2016, the Mayor's Office of Data Analytics (MODA) was tasked to conduct a series of examinations of City agencies' data systems to verify their compliance with Local Law 11 of 2012, also known as the Open Data Law. Local Law 8 of 2016 names three agencies each year to be examined.

I hereby submit MODA's findings on the Department of Buildings (DOB), Department of Environmental Protection (DEP), and Fire Department (FDNY). This report also includes recommendations on improving the City's overall compliance with the Open Data Law in line with the Administration's *Open Data for All* vision.

Please find attached:

 - Examination and Verification Background and Process
 - Summary of Results
 - Recommendations for Better Citywide Compliance
- Department of Buildings (DOB) Open Data Compliance Workbook
- Department of Environmental Protection (DEP) Open Data Compliance Workbook
- Fire Department (FDNY) Open Data Compliance Workbook

Our ongoing partnership with the Open Data Coordinators and other Open Data stewards at participating agencies is helping MODA build a more transparent City government. We wish to thank them for their cooperation in this process and for continuing the good work to identify, prepare, and publish valuable datasets to the Open Data Portal.

Sincerely,

Craig
