CITY OF NEW YORK—FINANCE DEPARTMENT, {
COMPTROLLER'S OFFICE, July 25, 1882. }

Hon. WILLIAM R. GRACE, Mayor :

SIR—You are requested to call a meeting of the Board of Estimate and Apportionment for Thursday, July 27, 1882, at 12.30 o'clock P. M., for the purpose of authorizing the issue of "Additional Croton Water Stock of the City of New York," to the amount of two hundred and fifty thousand dollars (\$250,000), under chapters 56 and 328, Laws of 1871; chapter 477, Laws of 1875; chapter 445, Laws of 1877; and chapter 516, Laws of 1879; to provide for the further supply of pure and wholesome water for the use of the City of New York, upon the requisition of the Commissioner of Public Works, dated July 10, 1882; and also for the transaction of any other business that may be brought before the Board.

Respectfully,

ALLAN CAMPBELL, Comptroller.

Present—All the members, viz. :
Wm. R. Grace, the Mayor; Allan Campbell, the Comptroller; Wm. Sauer, the President of the Board of Aldermen; Thos. B. Asten, the President of the Department of Taxes and Assessments. The minutes of the meeting held June 29, 1882, were read and approved.

The Comptroller offered the following resolution :

Resolved, That the amounts following be and are hereby appropriated from the Excise Fund for the support of children in the month of June, 1882, committed to the institutions herein named by Police Magistrates, pursuant to law :

The Comptroller presented the following :

NEW YORK, July 19, 1882.

Hon. WILLIAM R. GRACE, Mayor, and President of the Board of Estimate and Apportionment :

SIR—The Society, of which I have the honor to be President, has been engaged for the past seven years in taking to the seaside poor, sick infants, with the mother as nurse, and free of any cost to them. During that time it has taken about 60,000 women and children. It is supported by voluntary contributions of the charitable people of the city and vicinity, and has had from time to time a portion of the excise money. In consequence of the death of a number of the most liberal of the contributors its funds this summer are very low, and also from the fact of not having received any excise money.

We therefore respectfully ask of your Honorable Body a portion of the fund. We are in the midst of our summer's work, which is increasing, and, unless we get an immediate appropriation, we shall be compelled to turn away the sick children and close the Seaside Sanitarium. We need the sum of \$3,000.

With many thanks, I am, your humble servant,

HENRY KING, President.

And offered the following resolution :

Resolved, That, pursuant to the provisions of chapter 221 of the Laws of 1875, the Board of Estimate and Apportionment hereby appropriates from the excise moneys the sum of fifteen hundred and twenty-one dollars (\$1,521) to the Seaside Sanitarium, a charitable institution in the City of New York, which gratuitously aids, supports and assists the poor, as a *per capita* allowance for five thousand and one hundred poor and destitute persons, at thirty cents each, cared for and assisted by this institution, this money to be specially used in conveying sick poor to the sea-shore and taking care of them at the Sanitarium.

This appropriation is made with the distinct provision that no part of this money is to be used or applied by the said institution as a permanent fund, or for the purpose of erecting or furnishing any building, or for the payment of any salaries of employees, but the whole amount allowed to said institution is to be used and applied to the purposes above stated, as provided by law.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following :

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, }
NEW YORK, July 10, 1882.

Hon. ALLAN CAMPBELL, Comptroller :

SIR—By the provisions of chapters 56 and 328 of the Laws of 1871, chapter 477 of the Laws of 1875, chapter 445 of the Laws of 1877, and chapter 516 of the Laws of 1879, authority is given for the further issue of additional Croton Water Stock, to provide for the further supply of pure and wholesome water for the use of the City of New York. The amount heretofore called for having been nearly exhausted for work done, material furnished, lands purchased, etc., requisition is hereby made for the further issue of such stock to the amount of two hundred and fifty thousand dollars (\$250,000), for the use of this Department.

Very respectfully,

HUBERT O. THOMPSON,

Commissioner of Public Works.

And offered the following resolution :

Resolved, That the Comptroller be and is hereby authorized to issue from time to time as may be required, and at such rates of interest as he may determine, not exceeding four per centum per annum, "Additional Croton Water Stock of the City of New York," to the amount of two hundred and fifty thousand dollars (\$250,000), under the provisions of chapters 56 and 328, Laws of 1871; chapter 477, Laws of 1875; chapter 445, Laws of 1877; chapter 516, Laws of 1879; and in full of requisition of the Department of Public Works, dated July 10, 1882.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following :

POLICE DEPARTMENT OF THE CITY OF NEW YORK, }
300 MULBERRY STREET, }
NEW YORK, July 25, 1882.

The Honorable Board of Estimate and Apportionment :

GENTLEMEN—At a meeting of the Board of Police, held this day, the following resolution was adopted :

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the sum of four hundred and fifty dollars from the appropriation made to the Police Department for the year 1880, entitled "Alterations, fitting up, additions to and repairs of station-houses," which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same Department for the year 1881, entitled "Construction or purchase of a steamboat for Harbor Police," which is insufficient to enable the Department to furnish the boilers of said boat with inspirators and also one bilge ejector, in accordance with estimates of Messrs. N. F. Palmer & Co., and the recommendation of Capt. Wm. H. Hooker, the Superintendent of the construction of said boat. (Letter herewith enclosed).

Very respectfully,

WM. H. KIPP, First Deputy Clerk,

QUINTARD IRON WORKS,
FOOT OF ELEVENTH STREET, E. R., }
NEW YORK, July 19, 1882.

To the Commissioners of the Police Department of the City of New York :

SIRS—I have estimates from N. F. Palmer & Co. to put in the new steamboat for your Department one Hancock inspirator, No. 40, with all necessary stop-valves, strainers, pipe-fitting and labor, ready for service, for the sum of two hundred and fifty dollars. This is for main boiler.

One No. 12½ for donkey boiler, complete, for the sum of \$50, and one No. 45 bilge ejector, with Bray's suction and discharge pipes complete, for the sum of one hundred and fifty dollars.

The No. 40 inspirator and No. 45 injector are very necessary—the inspirator to prolong the life of the boiler in always putting hot water into it, and the No. 45 ejector to pump the boat out while lying still.

The No. 12½ inspirator could be dispensed with, but I would recommend to put all of them in.

Respectfully yours,

W. H. HOOKER, Superintendent.

(A correct copy.)

WM. H. KIPP, Dep. Clerk.

And offered the following resolution :

Resolved, That the sum of four hundred and fifty dollars be and is hereby transferred from the appropriation made to the Police Department for the year 1880, for "Alterations, fitting up, additions to and repairs of station-houses," which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same Department for 1881, entitled "Construction or purchase of a steamboat for Harbor Police," which is insufficient.

Which was adopted by the following vote, viz. :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and President of the Department of Taxes and Assessments—4.

The Comptroller offered the following resolution :

Resolved, That the sum of nine thousand and fifty-five dollars and ninety-four cents (\$9,055.94) be and is hereby transferred from the appropriation for "Judgments" for the year 1881, which is in excess of the amount required for the purposes and objects thereof, to the appropriation hereby made to the Department of Public Works for 1882 for "Water Meters," for which it is required, to pay the bills for water meters furnished to said Department, in pursuance of the provisions of section 73 of chapter 335 of the Laws of 1873, as follows :

James Bryan.....	\$3,795 44
Henry R. Worthington.....	1,683 00
National Meter Company.....	3,577 50
Total.....	\$9,055 94

Which was adopted by the following vote, viz.:
Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and President of the Department of Taxes and Assessments—4.

The Comptroller offered the following:

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET,
NEW YORK, July 6, 1882.

Hon. WILLIAM R. GRACE, Mayor and Chairman Board of Estimate and Apportionment:

SIR—I have the honor to submit to your Board the following facts and circumstances, showing the inadequacy of the appropriation for "Supplies for and Cleaning Public Offices," for 1882:

In my departmental estimate I asked that the sum of \$110,000 be allowed for this appropriation, stating that an increase over the appropriation of \$102,000 for 1881, including transfers, was needed in consequence of the general rise in the prices of fuel and other supplies, and to meet extra demands in fitting up, supplying and keeping in order public offices.

In the final estimate the Board allowed the sum of \$93,000 (including \$23,000 for salaries), being \$17,000 less than the departmental estimate, and \$9,000 less than the amount appropriated and used last year. Since the 1st of January the prices of the various supplies to be provided from the appropriation, have not only been maintained, but in most instances further and largely increased; and the Department has to supply steam power and attendance for a new elevator in the Brownstone Building. Only a small proportion of the requisitions made on the Department for office furniture, supplies, law books, etc., have been filled so far, and the condition of the appropriation is such that all requisitions of that class must now remain unfilled.

I therefore earnestly request that the following sums be transferred to the appropriation for "Supplies for and Cleaning Public Offices," from the several appropriations hereinafter named, from the purposes of which the same can be spared:

Water Supply for the Twenty-fourth Ward.....	8,000 00

Total amount to be transferred.....\$18,858 13

This transfer is most urgently needed to meet immediate necessities, and without it the Department will not be able to maintain public offices and preserve public property under its charge.

Very respectfully,

HUBERT O. THOMPSON,
Commissioner of Public Works.

And offered the following resolution:

Resolved, That the sums following be and are hereby transferred from the appropriations herein named, made to the Department of Public Works, for the years 1881 and 1882 respectively, which are in excess of the amounts required for the purposes and objects thereof, viz.:

Aqueduct—Repairs, Maintenance and Stengthening, 1881.....	\$931 34
Boulevards, Roads, etc., Maintenance, 1881.....	7 98
Fitting up Sixty-ninth Regiment Armory, Tompkins Market, 1881.....	171 80
Fulton Market—Alterations and Repairs, 1881.....	1,957 67
Flagging Sidewalks and Fencing Vacant Lots in front of city property, 1881.....	34 03
Free Floating Baths, 1881.....	48 38
Public Buildings, Construction and Repairs—Salaries, 1881.....	10 00
Repaving Streets and Avenues, 1881.....	1,500 00
Roads, Streets, etc., Unpaved, Maintenance and Sprinkling, 1881.....	59
Wells and Pumps, Repairing and Cleaning, 1881.....	46 26
Water Supply for the Twenty-fourth Ward, 1881.....	139 35
Free Floating Baths, 1882.....	2,000 00

Total.....\$6,847 40

to the appropriations made to the same Department for the year 1882, entitled "Supplies for and Cleaning Public Offices," which is insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and President of the Department of Taxes and Assessments—4.

The application of the Department of Public Works for the transfer of \$4,000 from the appropriations "Lamps and Gas," and \$8,000 from "Water Supply for the Twenty-fourth Ward," was referred to the Comptroller.

The Comptroller presented the following:

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK,
155 & 157 MERCER STREET,
NEW YORK, July 24, 1882.

Hon. WILLIAM R. GRACE, Mayor, and Chairman of Board of Estimate and Apportionment:

SIR—I have the honor to inform you of the adoption of the following preambles and resolution at the meeting of the Board of Commissioners held on the 17th instant, and to request that the same be acted upon as soon as practicable:

Whereas, An appropriation of \$100,000 for new houses for Engine Companies Nos. 6, 9, 10, 15 and 46, and for Hook and Ladder Companies Nos. 7, 9 and 11, was made in the final estimate for this Department for the current year; and

Whereas, It has since been ascertained that a new building is to be erected at No. 225 East Twenty-fifth street, adjoining the house of Engine Company No. 16 at No. 223 East Twenty-fifth street, which by recent survey is found to stand partly upon such adjoining lot; and

Whereas, The house of Engine Company No. 16 is in a condition necessitating rebuilding, and the building of a new house for Engine Company No. 46 can be postponed; therefore

Resolved, That the Board of Estimate and Apportionment be and is hereby requested to authorize the substitution of the house of Engine Company No. 16 for that of Engine Company No. 46, in the appropriation for \$100,000 above referred to.

Very respectfully,

JOHN J. GORMAN, President.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE—No. 31 CHAMBERS STREET,
NEW YORK, July 6, 1882.

Hon. WM. A. GRACE, Mayor, and Chairman Board of Estimate and Apportionment:

SIR—In my departmental estimate for 1882, I asked for an appropriation of \$300,000, for "Repairs and Renewal of Pavements and Regrading," and an appropriation of \$200,000 for "Repairing and Renewal of Pipes, Stop-cocks, etc.," and stated with considerable detail the very urgent reasons for granting these amounts. In the final estimate \$200,000 was allowed for the former, and \$150,000 for the latter appropriation. Since the departmental and final estimates were made the force and urgency of the reasons for asking the sums placed in my estimate have not been diminished, but have been much increased by circumstances which have occurred and now prevail. There has been a considerable advance in the prices of materials and labor required for the respective works, and the amount of work which can be accomplished with a certain appropriation is proportionately diminished. I believe even at the time when the estimates were under consideration, the members of your Board concurred in the opinion that \$300,000 could be expended with great benefit and profit to the public in repairing the pavements during the year. The Department is unable to make pavement repairs in response to the innumerable complaints and reports from citizens, the Police and the Health Departments, with the promptitude and thoroughness which the circumstances demand.

The insufficiency of the appropriation for "Repairing and Renewal of Pipes, Stop-cocks, etc.," to maintain the entire system for distributing water in perfect condition, and to carry on with the requisite vigor the supervision and extension of the water meter system and the inspections of houses and water-fixture to suppress or control waste, is even more palpable. The number of water consumers, and the demands and ways for using water, have been and are growing with

undiminished rate. Complaints of reduced and inadequate pressure in the delivery of water are increasing from day to day, calling for further and more ample means to suppress waste—the only method now available for meeting new demands for, and at the same time maintain, a fair distribution of water.

Under these circumstances I most earnestly request the Board to make use of an opportunity of supplementing the appropriations named, without increasing the burden of taxation, by transferring to "Repairs and Renewal of Pavements and Regrading" for 1882, the sum of Twenty-five thousand dollars (\$25,000), and to "Repairing and Renewal of Pipes, Stop-cocks, &c.," for 1882, the sum of Twenty-five thousand dollars (\$25,000), from unexpended balances of appropriations made to the Department of Street Cleaning for 1881, after July 5, 1881.

Very respectfully,

HUBERT O. THOMPSON,

Commissioner of Public Works.

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK,
155 and 157 MERCER STREET,
NEW YORK, July 6, 1882.

Hon. WILLIAM R. GRACE, Mayor, and Chairman Board of Estimate and Apportionment:

SIR—I have the honor to inform you of the adoption of the following resolution by the Board of Commissioners of this Department, and to request that the same be acted upon as soon as practicable:

Resolved, That the Board of Estimate and Apportionment be requested to authorize the transfer of the sum of thirty-three thousand eight hundred and sixty dollars and eight cents (\$33,860.08), being the unexpended balance of the appropriation for salaries for the year 1881, the said sum being in excess of the amount required for such purposes, to the appropriation for Apparatus, Supplies, etc., for the current year, for which the same is required.

Very respectfully,

JOHN J. GORMAN, President.

CITY OF NEW YORK,
DEPARTMENT OF PUBLIC PARKS, 36 UNION SQUARE,
June 22, 1882.

To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board governing the Department of Public Parks, held on 21st inst., is was

Resolved, That the Board of Estimate and Apportionment be and is hereby requested to transfer as follows, from

Music, Central Park, 1880.....	\$80 00
" Battery and Tompkins Square, 1880.....	1,350 00
Harlem River Bridges, Repairs, Improvements and Maintenance, 1881.....	3,370 00

Total.....\$4,800 00

for which they are not required, to the appropriation "Bronx River Bridges, for Rebuilding, etc., 1881," which is insufficient.

Very respectfully,

E. P. BARKER, Secretary D. P. P.

Which was referred to the Comptroller.

The Comptroller offered the following preamble and resolutions:

Whereas, section 112 of chapter 335 of the Laws of 1873, as amended by section 20 of chapter 757 of the Laws of 1873, provides as follows:

The Mayor, Comptroller, President of the Board of Aldermen, and the President of the Department of Taxes and Assessments, shall constitute a Board of Estimate and Apportionment, who shall annually, between the first day of August and the first day of November, meet, and, by the affirmative vote of all the members, make a provisional estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, in each department and branch thereof, and the Board of Education for the then next ensuing financial year.

For the purpose of making said provisional estimate, the heads of departments and the Board of Education shall, at least thirty days before the said provisional estimate is required to be made, as herein provided, send to the Board of Apportionment an estimate in writing, herein called a Departmental Estimate, of the amount of expenditure, specifying in detail the objects thereof required in their respective departments, including a statement of each of the salaries of their officers, clerks, employees and subordinates. The same statement as to salaries and expenditures shall be made by all other officers, persons and boards having power to fix or authorize them. A duplicate of the departmental estimates and statements shall be made at the same time to the Board of Aldermen.

Resolved, That the Comptroller request the heads of all the departments, and the officers of the City and County of New York, to send their departmental estimates for the year 1883, in conformity to the foregoing provision of law, to the Board of Estimate and Apportionment on or before September 10, 1882.

Resolved, That the officers of all institutions which may be entitled by law to allowances of money from the City and County of New York, also be requested by the Comptroller to send their estimates for the year 1883 to this Board, on or before September 10, 1882.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and President of the Department of Taxes and Assessments—4.

By unanimous consent, the rule adopted at meeting of February 10, 1882, relating to the calls of meetings, was suspended, in order to act upon the issue of "Assessment Bonds of the Corporation of the City of New York."

Whereupon, the Comptroller offered the following resolution:

Resolved, That the Comptroller be and he is hereby authorized to issue from time to time, as may be required, and at such rates of interest, not exceeding four per centum per annum, and for such period conformable to law, as he may determine, "Assessment Bonds of the Corporation of the City of New York," to the amount of \$100,000, as authorized by chapter 397, Laws of 1852, and chapter 580, Laws of 1872.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and President of the Department of Taxes and Assessments—4.

On motion, the Board adjourned.

THOS. B. ASTEN, Secretary.

NOTICE.

DEPARTMENT OF DOCKS,
Nos. 117 and 119 DUANE STREET,
NEW YORK, April 22, 1882.

RULES AND REGULATIONS ESTABLISHED for the government and proper care of piers, bulkheads, slips, and other wharf property, under the provisions of subdivision 7 of section 6 of chapter 574 of the Laws of 1871, by the Board of the Department of Docks, and published, to take effect on and after

MAY 1, 1882.

The said subdivision 7, among other things, provides as follows:

"The violation of or disobedience to any rule, regulation, or order of said Board shall be a misdemeanor, punishable by a fine not exceeding five hundred dollars, or by imprisonment not exceeding thirty days, or by both such fine and imprisonment, on complaint of said Board."

And every person guilty of a violation of or disobedience to any of the following rules or regulations, in addition to the penalties thereby fixed and imposed, to be recovered in civil actions, is liable to be prosecuted for a misdemeanor and to be punished by such fine and imprisonment, or by both.

No. 1.—No piles shall be driven, nor shall any platform be erected, nor shall any filling-in of any kind be made on any part of the water-front of the city, without a written permit therefor being first had and obtained from the Board, under a penalty of two hundred and fifty dollars, for every such offense, to be recovered from the owner, lessee, or occupant of any pier or bulkhead, or of any water-front property or right, who shall cause or permit any such work to be done upon his premises before such permit therefor has been obtained, and under the further penalty of fifty dollars for each and every day which shall elapse before any piles so driven, or platform so erected, or material so filled-in, without such permit being first obtained, shall be removed, after the expiration of the time which may be allowed for such removal, by a notice served upon such owner, lessee, or occupant, by the Corporation Wharfing for the district, to be also recovered from such owner, lessee, or occupant.

No. 2.—No shed, building, office, tally-house, or other structure shall be erected, nor shall any derrick, hoisting-mast, coal-hopper, sign, or advertising device, or other erection or obstruction of any kind be placed or maintained upon any pier, bulkhead, or other wharf structure, nor upon any reclaimed land, without a written permit therefor being first had and obtained from the Board; and if the owner, lessee, or occupant of any such premises, or the owner, lessee, or agent, of any such structure, erections, or obstructions, shall fail to comply with a notice served by the Corporation Wharfing for the district to remove any such structure, erection, or obstruction, after the expiration of the time allowed by such notice for the removal, such owner, lessee, occupant or agent, shall forfeit and pay a penalty of twenty-five dollars per day for each and every day, which shall elapse before any such structure, erection or obstruction, shall be removed, after the expiration of the time for the removal thereof specified in said notice.

No. 3.—No cargo shall be discharged from any vessel upon any bulkhead or wharf structure, at which such vessel is being unladen, after service by the Corporation Wharfing for the district, upon the owner, consignee, master, or other officer, or stevedore, of such vessel, of a notice that such bulkhead or structure will be endangered by the placing of additional cargo thereon, under a penalty of two hundred and fifty dollars for every such offense, and a further penalty equal in amount to the damages of every description which shall be caused by the further discharging of cargo upon such bulkhead or wharf structure, after the service of the said notice, both of such penalties to be recovered from such owner, consignee, master or other officer or stevedore, severally and respectively.

No. 4.—All goods, merchandise, and materials of every kind, landed or placed on any pier, bulkhead, or other wharf structure, or upon reclaimed land, must be removed therefrom without unnecessary delay, and within twenty-four hours after the Corporation Wharfing for the district shall have served upon the owner, shipper, or consignee, of such cargo, a notice to remove the same, under a penalty of fifty dollars per day for each and every day, during which any part of said cargo shall remain upon such pier, bulkhead, structure, or land, after the expiration of the said twenty-four hours, to be recovered from such owner, shipper, or consignee, severally and respectively.

No. 5.—All goods, merchandise and materials of every kind encumbering any pier, bulkhead or other wharf structure, or reclaimed land, after the time designated for the removal thereof shall have expired, will be liable to be removed by the Board to any warehouse or yard, at the sole risk and expense of the owner of any such property, and all expense incurred for such removal and storage or otherwise, shall be and become a lien thereon, and such goods, merchandise and materials will not be delivered to the owner until the expense of such removal and storage has been paid.

No. 6.—No person shall construct or maintain any engine-house, tally-house, or other small structure, under a permit of the Board, on any unshedded pier, or other wharf structure, unless the same be placed on wheels so as to admit of easy removal thereupon when required, and to prevent the accumulation of dirt or refuse thereunder, under a penalty of twenty-five dollars per day for each and every day, which may elapse before the discontinuance of such offense.

No. 7.—No vessel of any kind shall be loaded or discharged by horse power, nor shall stones or similar cargo be discharged from any vessel, upon any pier, bulkhead or other wharf structure, unless proper planking be provided to protect the surface of such pier, bulkhead or other wharf structure from injury consequent upon the travel of the horse, or the throwing of the stones or similar cargo thereupon, under a penalty of five dollars a day for each horse so employed, and of twenty-five dollars for each offense of discharging such stones or like cargo, upon such pier, bulkhead, or other wharf structure, to be recovered from the owner, consignee, master or stevedore of any such vessel, severally and respectively; and if such penalty be recovered for using horses, or discharging stones or similar cargo, upon wharf property not owned by the Corporation, it shall be paid to the owner thereof.

No. 8.—No sand shall be discharged from any vessel unless canvas or similar material be extended from the vessel's side to the bulkhead or wharf structure at which such vessel is being unladen, to prevent the falling of the sand into the water, and if the surface of any such wharf structure is not sufficiently tight to prevent the sand dumped thereon from going through into the water, then no sand shall be discharged thereon from any vessel, unless canvas or similar material be first laid thereon to receive the sand, under a penalty of twenty-five dollars for each offense, to be recovered from the owner, consignee, master or stevedore of any such vessel, severally and respectively; and if such penalty be recovered on account of sand discharged upon wharf property belonging to the Corporation, under lease, it shall be paid to the lessee thereof, but if such penalty be recovered on

account of sand discharged upon wharf property not owned by the Corporation, it shall be paid to the owner thereof.

No. 9.—The owners, lessees and occupants of every pier, wharf and bulkhead in the City of New York shall keep the same in good repair, and the slips adjacent thereto properly dredged; and whenever, in the judgment of the Board, it shall be necessary so to do, written notices, signed by the President or Secretary of said Board, shall be served upon the owners, lessees or occupants, or collector of wharfage of any such pier, wharf or bulkhead, or the slip adjoining the same, on or in which repairs or dredging are required by said Board, specifying the nature and extent of the repairs or dredging so required, and the time within which such repairs must be made, or such dredging done; and in case the owners, lessees or occupants so notified, fail to comply with the terms and requirements of such notice, they shall forfeit and pay a penalty of fifty dollars per day for every day which shall elapse before they comply with such notice.

No. 10.—No ashes, refuse, offal, fruit, vegetables or any other substances, shall be thrown into the waters surrounding or adjacent to any pier or bulkhead, or any other part of the water-front of the city, under a penalty of twenty-five dollars for every such offense, to be recovered from the owner, lessee, or occupant, severally and respectively, of any pier, bulkhead, wharf structure, or other property, from which any such substance shall be thrown, or from the person actually throwing the same; or if any such substance be thrown from any vessel lying in waters within the jurisdiction of the Department, whether berthed or not, then such penalty to be recovered from the owner, consignee, or master of such vessel, severally and respectively.

No. 11.—No snow or ice shall be dumped into the waters adjacent to the water-front of the city, except from the piers, bulkheads and other places designated from time to time, by the Board, for such dumping, under a penalty of twenty-five dollars for each offense, to be recovered from the owner, lessee or occupant of any pier, bulkhead or other wharf property, from which any such snow and ice shall be dumped, or from the person actually dumping the same, severally and respectively.

No. 12.—All lumber, brick, or other material in bulk discharged on any bulkhead not shedded, shall be at once removed, or, if not so removed, shall be placed at least twenty feet from the edge of the bulkhead, pending removal, under a penalty of fifty dollars per day, for each and every day such lumber, brick or other material shall remain on the bulkhead, to be recovered from the owner or consignee of such lumber, brick or other material, or from the person placing, or causing the same to be placed, on such bulkhead, severally and respectively.

No. 13.—The charges for wharfage and dockage of all vessels admitted to any of the piers or bulkheads constructed under the new plans adopted by the Department, shall be at the same rates as are now, or shall hereafter be, fixed and established by laws of this State, until otherwise ordered by the Board.

No. 14.—The term "Board," when used in the foregoing rules and regulations, shall be taken to mean "The Board of the Department of Docks of the City of New York," and the term "Corporation," when so used, shall be taken to mean "The Mayor, Aldermen and Commonalty of the City of New York."

DEPARTMENT OF PUBLIC WORKS,
BUREAU OF WATER REGISTER,
No. 31 CHAMBERS ST., ROOM 2,
NEW YORK, July 14, 1882.

CROTON WATER RATES.

NOTICE IS HEREBY GIVEN THAT, ACCORDING to law, five per cent. will be added on the 1st of August next on all unpaid Croton water rates.

HUBERT O. THOMPSON,
Commissioner of Public Works.

REGULATIONS ESTABLISHING A SCALE OF WATER RENT FOR THE CITY OF NEW YORK.

BY ORDER OF HUBERT O. THOMPSON, COMMISSIONER OF PUBLIC WORKS.

"The said Commissioner of Public Works shall, from time to time, establish scales of rents for the supplying of Croton water, which rents shall be collected in the manner now provided by law."—Chap. 574, Sec. 5, Session Laws of 1871.

The regular annual rents to be collected by the Department of Public Works shall be as follows, to wit:

Croton Water Rates for Buildings from 16 to 50 feet, all others not specified subject to Special Rates, as established by Ordinance of the Common Council, March, 1851.

FRONT WIDTH.	1 Story.	2 Stories.	3 Stories.	4 Stories.	5 Stories.
16 feet and under	\$4 00	\$5 00	\$6 00	\$7 00	\$8 00
16 to 18 feet....	5 00	6 00	7 00	8 00	9 00
18 to 20 feet....	6 00	7 00	8 00	9 00	10 00
20 to 22½ feet...	7 00	8 00	9 00	10 00	11 00
22½ to 25 feet...	8 00	9 00	10 00	11 00	12 00
25 to 30 feet....	10 00	11 00	12 00	13 00	14 00
30 to 37½ feet...	12 00	13 00	14 00	15 00	16 00
37½ to 50 feet...	14 00	15 00	16 00	17 00	18 00

The apportionment of the regular rents upon dwelling houses are on the basis that but one family is to occupy the same, and for each additional family the sum of one dollar per year shall be charged.

Each flat or suit of rooms for one family shall be charged ten dollars per year where they have hot and cold water, stationary wash-tubs, bath, and water-closet, with the privilege of using meter.

METERS will be placed on all houses where waste of water is found, and they will be charged at rates fixed by the Department for all the water passing through them.

The rent of all tenements which shall exceed in width fifty feet shall be the subject of special contract with the Commissioner of Public Works.

The extra and miscellaneous rates shall be follows, to wit:

BAKERIES.—For the average daily use of flour, for each barrel, the sum of three dollars per annum.

BATHING TUBS in private houses, beyond one, at three dollars per annum each, and five dollars per annum each in public houses, boarding houses, bathing establishments, and barber shops.

BOARDING SCHOOLS shall be charged at the rate of from fifteen to fifty dollars each; and school houses at the rate of from ten to twenty dollars each per annum.

BUILDING PURPOSES.—For each one thousand bricks laid, or for stone-work—to be measured as brick—ten cents per thousand. For plastering, forty cents per hundred yards.

COW STABLES.—For each and every cow, the sum of seventy-five cents per annum.

FOUNTAINS or jets are prohibited.

For all stables not metered, the rates shall be as follows:

HORSES, PRIVATE.—For two horses there shall be charged the sum of six dollars per annum; and for each additional horse, the sum of two dollars.

HORSES, LIVERY.—For each horse up to and not

exceeding thirty in number, the sum of one dollar and fifty cents each per annum; and for each additional horse, the sum of one dollar.

HORSES, OMNIBUS AND CART.—For each horse, the sum of one dollar per annum.

HORSE TROUGHS.—For each trough on sidewalks the sum of twenty dollars per annum; each trough is to be fitted with a proper ball-cock to prevent waste, this must be kept in order.

HOTELS AND BOARDING HOUSES shall, in addition to the regular rate for private families, be charged for each lodging room at the discretion of the Commissioner of Public Works.

PORTER HOUSES, TAVERNS AND GROCERIES shall be charged an extra rate of either ten to twenty-five dollars, in the discretion of the Commissioner of Public Works. LAGER BEER SALOONS, with no water fixtures in the saloon, five dollars per annum.

PRINTING OFFICES AND REFECTORIES shall be charged at such rates as may be determined by the Commissioner of Public Works.

SLAUGHTER HOUSES shall be charged at the rate of five cents for every bullock slaughtered.

STEAM ENGINES shall be charged by the horse-power, as follows: for each horse-power up to and not exceeding ten, the sum of ten dollars per annum; or each exceeding ten, and not over fifteen, the sum of seven dollars and fifty cents each; and for each horse-power over fifteen, the sum of five dollars.

The use of hose for washing sidewalks, stoops, areas, house-fronts, and about stables, is prohibited, because it is absolutely necessary to save water for more necessary purposes. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the Police or Inspectors may understand that the permission is not for the use of Croton water.

WATER-CLOSETS AND URINALS.—To each building on a lot one water-closet having sewer connection is allowed without charge, each additional water-closet or urinal will be charged as hereinafter stated. All closets or urinals in which the Croton water from any service pipe or hydrant connecting with a privy vault or man-hole shall be charged two dollars for each seat per annum, whether in a building or on any other portion of the premises.

WATER-CLOSET RATES.—For hoppers, of any form when water is supplied direct from the Croton supply, through any form of the so-called single or double valves, hopper-cocks, stop-cocks, self-closing cocks, or any valve or cock of any description attached to the closet, each per year twenty dollars.

For any pan-closet, or any of the forms of valve, plunger, or other water-closet not before mentioned, supplied with water as above described, per year, ten dollars.

For any form of hopper or water-closet, supplied from the ordinary style of cistern filled with ball-cock and overflow pipe that communicates with the pipe to the water-closet, so that overflow will run into the hopper or water-closet, when ball-cock is defective, or from which an unlimited amount of water can be drawn by holding up the handle, per year, each, five dollars.

For any form of hopper or water-closet, supplied from any of the forms of waste-preventing cisterns, that are approved by the Engineer of the Croton Aqueduct, which are so constructed that not more than three gallons of water can be drawn at each lift of the handle or depression of the seat, if such cisterns are provided with an overflow pipe, such overflow pipe must not connect with the water-closet, but be carried like a safe waste, as provided by the Board of Health Regulations, per year, two dollars.

Cistern answering this description can be seen at this Department.

METERS.

Under the provisions of section 73, chapter 335, Laws of 1873 (City Charter), water meters, of the pattern approved in accordance with said section 73 of the Charter, shall be hereafter placed on the pipes supplying all stores, workshops, hotels, manufactories, public edifices, a wharves, ferry-houses, stables, and in all places where water is furnished for business consumption, except private dwellings.

It is provided by section 73, chapter 335, Laws of 1873, that "all expenses of meters, their connections and setting, water rates, and other lawful charges for the supply of Croton water, shall be a lien upon the premises where such water is supplied, as now provided by law."

All manufacturing and other business requiring a large supply of water will be fitted with a meter.

Water measured by meter, ten cents per one hundred cubic feet for all manufacturing or other purposes.

The rate charged for steam-vessels taking water daily or belonging to daily lines, is one-half per cent. per ton (Custom-house measurement) for each time they take water.

Steamers taking water other than daily, one per cent. per ton (Custom-house measurement).

Water supplied to sailing vessels and put on board, twenty-five cents per hundred gallons.

All matters not hereinbefore embraced are reserved for special contract by and with the Commissioner of Public Works.

By order,
HUBERT O. THOMPSON,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, No. 31 CHAMBERS ST.,
NEW YORK, May 10, 1882.

JOHN H. CHAMBERS, Water Register:
Sir—From your letter of this date, in reference to certain rates included in the scale of water rents established by me on the 1st instant, it appears that there is a misapprehension in regard to their application. In order that the matter may be clearly understood, I have to inform and instruct you that the new rates in reference to water-closets are not intended to and do not apply to existing houses and fixtures, but will be applied to all new houses hereafter erected or completed, and to all existing houses where the water-closets and fixtures therein referred may hereafter be put in. These water-closet rate are to go into general effect May 1, 1883.

Respectfully,
HUBERT O. THOMPSON,
Commissioner of Public Works.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, Sept. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any exempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

GEORGE CAULFIELD,
Commissioner of Jurors,
Room 17, New County Court-house.
