BOARD OF ELECTRICAL CONTROL.

Minutes of a meeting of the Board of Electrical Control, held at the office of the Mayor, in the City of New York, on Monday, April 10, 1893, at 11.30 o'clock A. M.
Present—Mayor Thomas F. Gilroy, President; Commissioners Jacob Hess, Theodore Moss and Walton Storm.
The minutes of the last meeting were read and approved.
The Engineer submitted the following report :

NEW YORK, April 10, 1893.

To the Honorable the Commissioners of the Board of Electrical Control :

GENTLEMEN—I have communications from various electric companies asking for subway construction the coming season, some of it in streets to be repaved by the Commissioner of Public Works soon; and as the result of their various requests I have to recommend that the Board order the Empire City Subway Company (Limited) to construct subways for low-tension currents in the following streets and avenues:

One Hundred and Twenty-fifth street, from First to Third avenue, for the Western Union Telegraph Company.

Sixty-fifth street, from the east side of Ninth avenue to Eleventh avenue, for the Western Union Telegraph Company.

Seventh avenue, from One Hundred and Tenth to One Hundred and Thirty-eighth street—for the Metropolitan Telephone and Telegraph Company, from One Hundred and Eighteenth to One Hundred and Thirty-first street; Dulany's Burglar Alarm Service, from One Hundred and Tenth to One Hundred and Thirty-eighth street. (This avenue is chosen in preference to Lenox avenue at the request of electrical companies, and owing to the character of the paving, I recommend that the subway be ordered on each side of the street under the sidewalk.)

Also that the Board order the Consolidated Telegraph and Electrical Subway Company to construct subways for high-tension currents in the following streets and avenues:

Pearl street, from John street to Hanover square, east side, for the New York Heat, Light and Power Company, from John to Wall street; for the United Electric-light and Power Company, from Fulton street to Hanover Square.

Battery place, from Greenwich to West street, north side, for the United Electric-light and Power Company.

Park place, from Greenwich to West street, north side, for the United Electric-light and Power Company.

Spruce street, from Nassau to William street, south side, for the United Electric-light and Power Company.

Avenue B, from Seventh to Fourteenth street, east side, for the United Electric-light and Power Company.

University place, from Waverley place to Fourteenth street, west side, for the United Electric-light and Power Company.

Fourth avenue, from Fortieth to Forty-second street, west side, for the United Electric-light and Power Company.

Fifth avenue, from Forty-second to Fifty-ninth street, east side, for the United Electric-light and Power Company.

Very respectfully,
HENRY S. KEARNY, Engineer.

And the Board, on motion of his Honor the Mayor, adopted the following resolutions:
Resolved, That the report of the Engineer be adopted, except the recommendation for a subway in Fifth avenue, from Forty-second street to Fifty-ninth street, which is refused on account of that being one of the streets recently repaved, and before the paving was begun an opportunity was given to all the electric companies to apply for subways if desired.

Resolved, That the Empire City Subway Company (Limited), be and is hereby authorized and directed to construct subways for the accommodation of low-tension currents, upon the compliance by the companies mentioned in the report of the Engineer who have applied for subways with the terms and provisions of chapter 263 of the Laws of 1892, in the following streets:

One Hundred and Twenty-fifth street, from First to Third avenue.

Sixty-fifth street, from east side of Ninth avenue to Eleventh avenue.

Seventh avenue, from One Hundred and Tenth to One Hundred and Thirty-eighth street.

Resolved, That the Consolidated Telegraph and Electric Subway Company be and is hereby authorized and directed to construct subways for the accommodation of high-tension currents, upon the compliance by the companies mentioned in the report of the Engineer who have applied for subways with the terms and provisions of chapter 263 of the Laws of 1892, in the following streets:

Pearl street, from John street to Hanover square.

Battery place, from Greenwich to West street.

Park place, from Greenwich to West street.

Spruce street, from Nassau to William street.

Avenue B, from Seventh to Fourteenth street.

University place, from Waverley place to Fourteenth street.

Fourth avenue, from Fortieth to Forty-second street.

The Expert reported upon applications of the Metropolitan Telephone and Telegraph Company, as follows:

NEW YORK, April 10, 1893.

To the Honorable Commissioners of the Board of Electrical Control :

GENTLEMEN—I have to report upon the accompanying applications of Metropolitan Telephone and Telegraph Company:

That those numbered from 1 to 35 are for connections where there is a subway, but for distances not exceeding 250 feet, and I recommend that they be granted.

Those numbered from 101 to 131 are for applications exceeding 250 feet of distance, but in places where there are no subways, and I recommend that all but Nos. 102, 110, 111, 112, 116 and 124 be granted.

Those numbered from 201 to 221 are for connections exceeding 250 feet in places where there are subways, and I recommend that they be laid over.

Very respectfully,
S. S. WHEELER, Electrical Expert.

On motion of his Honor the Mayor, the following resolutions were unanimously adopted:

Resolved, That the report of the Electrical Expert of this date upon applications of the Metropolitan Telephone and Telegraph Company be filed.

Resolved, That the recommendation of the Electrical Expert's report of this date upon applications of the Metropolitan Telephone and Telegraph Company, numbered from 1 to 35 be adopted and the applications be granted.

Resolved, That the recommendations of the Electrical Expert's report of this date upon applications of Metropolitan Telephone and Telegraph Company, numbered from 101 to 131, be adopted, and such of the applications as are approved by him be granted, except applications numbered 108, 114, 117, 119, 126, 128, 129 and 130.

Resolved, That the recommendation of the Electrical Expert's report of this date upon applications of Metropolitan Telephone and Telegraph Company, numbered from 201 to 221, be adopted and the applications be laid over.

Mr. William N. Cohen, of Counsel for the Consolidated Telegraph and Electrical Subway Company, appeared before the Board and submitted a brief of Hoadly, Lauterbach & Johnson, in the matter of the application of the Fire Department for space in high-tension subways.

His Honor the Mayor moved the following resolution:

Resolved, That the brief in the matter of the application of the Fire Department for space in high-tension subways, with the question as to what the obligations of the Empire City Subway Company and the Consolidated Telegraph and Electrical Subway Company respectively are, be submitted to the Counsel to the Corporation for his opinion.

Which resolution was unanimously adopted.
The application of the Third Avenue Railroad Company to lay wires and make electrical signal connections was brought up for consideration and was laid over.

The following communication from the Department of Public Works was read:

NEW YORK, March 18, 1893.

Hon. THOMAS F. GILROY, Mayor and Chairman of Board of Electrical Control:

SIR—Specification 4 of the electric-light contracts requires that "the lamp-posts, poles, conductors and wires shall be in accordance with the plans prescribed in the rules and regulations of the Board of Electrical Control," and as said Board issues permits for the erection of the lamp-posts, etc., it seems to me that the use of the old-style and unsightly wooden posts should not be permitted when additional lamp-posts are to be erected, especially on such residential streets as Madison avenue, Fifty-seventh and Fifty-eighth streets, etc., and on streets containing subways where the electric-lighting will doubtless be permanent.

Yours respectfully,
S. McCORMICK, Superintendent of Lamps and Gas.

The communication was ordered to be filed, and,
On motion of his Honor the Mayor, the following resolution was adopted:
Resolved, That the Secretary of the Board be directed to proceed to remove any electric-light lamp-posts which are erected in violation of the rules of the Board, and employ any additional force he may think necessary.

The following communication from the Fire Department was read:

NEW YORK, March 31, 1893.

Hon. THOMAS F. GILROY, Mayor and Chairman of Board of Electrical Control:

SIR—I have the honor to inform you that the Superintendent of Fire-alarm Telegraph and Electrical Appliances of this Department reports under this date, with reference to proposed contract work for placing fire-alarm telegraph conductors underground, as follows:

That proposals were opened on the 29th instant for doing the work required by the contract and specifications prepared for that purpose; that in these specifications was included the laying of cable on Second avenue, from Forty-second to Sixty-eighth street; that the Department received notice from the Board of Electrical Control, under date of September 13, 1892, that the construction of subways had been ordered in certain streets and avenues specified in a list enclosed; that from this list, where subways were desired for the use of this Department, was selected Second avenue, from Forty-second to Sixty-eighth street, and that the Electrical Subway Company was notified thereof; that in the absence of any notice from the Consolidated Telegraph and Electrical Subway Company of objection to furnishing space in Second avenue, it was believed that the space desired would be duly assigned, when formally applied for in accordance with the custom hitherto prevailing, and that accordingly the cable for the Second avenue subway was called for in the specifications; that, under date of the 29th instant, the Superintendent has been informed by the Consolidated Telegraph and Electrical Subway Company that there is no obligation upon that Company to furnish space for this Department's conductors in Second avenue, between Forty-second and Sixty-eighth streets, and declining to furnish such space.

This Department believes that, under the law, it devolves upon the Board of Electrical Control to see to it that proper facilities for using subways are furnished to this Department in the location above referred to, as well as elsewhere, and I respectfully ask your attention to this matter, and favorable action thereon as soon as practicable, in view of the fact that the proposal for doing the work under the contract is now in the hands of the Comptroller, for action upon the adequacy of the sureties, and in order that the work may be done without delay during the proper season, it is very desirable that the contract should be executed and carried out as soon as practicable.

Very respectfully,
S. HOWLAND ROBBINS, President.
The Board discussed the communication of the Fire Department, hearing its President, Mr. Robbins, and its Superintendent of Telegraph, Mr. Smith, who stated that heretofore the Department had been given space in high-tension subways in some streets. Mr. Cohen, who was heard on behalf of the Consolidated Telegraph and Electrical Subway Company, denied the legal right of the Municipal Departments to the use and occupancy of the high-tension subways, stating that any such allowance heretofore had been as a matter of favor, and not of right, and that there was great objection to it on principle.

On motion, the following resolution was adopted:
Resolved, That the President appoint a committee of two to select new offices for this Board, and that the Secretary of the Board be authorized and directed to sign a lease for and in the name of this Board for such offices as said committee shall select.

His Honor the Mayor appointed Commissioners Hess and Storm the committee.
Whereupon the Board adjourned.

On motion, the following preamble and resolution were adopted :

Whereas, It is necessary to provide ample accommodations for the care of persons who may be sick with Asiatic cholera, in case that disease should appear in this city during the present season ; and

Whereas, The conversion of the galvanized-iron building near the foot of East Sixteenth street (formerly used by the Department of Docks for storage) into a hospital for the care of persons sick with that disease or exposed to the contagion is the cheapest and most desirable way to secure the necessary accommodations ; and

Whereas, Plans and specifications have been made and bids advertised for and opened according to law, and the lowest bid received for the necessary alterations and improvements to said building is eight thousand seven hundred and fifty dollars, and for the plumbing two thousand three

hundred and twenty-three dollars, which, with architect's fees, five hundred and fifty-three dollars and sixty-five cents, makes the cost of the alterations necessary to fully prepare said building for hospital purposes eleven thousand six hundred and twenty-six dollars and sixty-five cents ; therefore,

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer from any unexpended balances at its disposal to the appropriation of the Health Department for 1893 entitled, " Hospital Fund—Hospital Supplies, Improvements, Care and Maintenance of Buildings and Hospitals on North Brother Island and foot of East Sixteenth Street, and Transportation for Care of Contagious Diseases, 1893," the sum of eleven thousand six hundred and twenty-six dollars and sixty-five cents.

On motion, it was

Resolved, That Dr. Charles F. Roberts, Chief Inspector, Division of Contagious Diseases, be and is hereby appointed Sanitary Superintendent, with a salary at the rate of four thousand dollars per annum, vice Edison, appointed Health Commissioner.

Resolved, That Dr. Alvah H. Resolved, That Dr. Byron G. Clark be and is hereby granted permission to examine the reports of cases of contagious diseases made by physicians in 1892, and now on file in this Department, and, if necessary, the certificates of death for that year, and take therefrom the names of the physicians and the name of the disease in each case of contagious disease, under the following rules and regulations, viz.: that this work shall be done between the hours of 2 P. before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bid will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of TWO HUNDRED AND FIFTY DOLLARS (\$250).

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct.

All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit shall be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt on contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the ship "New Hampshire."

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined and specifications and blank forms for bids or estimates and all detailed information obtained, by application to the Inspector, John Guy, at the ship "New Hampshire" now moored at the foot of East Twenty-eighth street, New York City, after one o'clock each day.

Crib Dredging, about..... 4,000 "CLASS IV.
Dredging Cribwork not filled in with Stone, about..... 200 "

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 15th day of June, 1893, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the structures to be removed under the contract will become the property of the contractor, and bidders must estimate the value of such material when considering the prices for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done in each class in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract or may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security

required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

3. Material collected by the Dock Department, and required to be removed by the Street Cleaning Department.....	50,000

The person or persons to whom the contract may be awarded, unless the contract be sooner terminated by breaches on the part of the contractor, to provide the necessary suitable steam-tugs, not less than the requisite number; also to provide the necessary scows, not less than the requisite number, suitable for the conveyance of said street sweepings, ashes, garbage and such other refuse as said Commissioner shall cause to be dumped on such scows, and such sweepings, ashes and garbage as may be required to be removed by the Department of Docks, as aforesaid, together with the employees, machinery, tackle and equipments of all kinds necessary to operate said tugs and scows; to keep the different dumping-boards in the city constantly supplied with suitable and sufficient scows for the reception of said substances and material that may have been collected in the process of street cleaning by said Department of Street Cleaning or said Dock Department and delivered at said dumps; to properly receive said substances on board said scows at said dumping-boards and provide the necessary tugs to tow the same to the several places of deposit with all necessary employees, machinery and tackle of all kinds to operate said tugs and to dump the same and grade the same as it is dumped. Said substances and material are to be "picked" and "trimmed" by the Department of Street Cleaning or those to whom that right shall be given by contract while being dumped on said scows, or immediately afterwards, after which such substances and material are to be towed by the contractor on said scows to either one of the following places, as the Commissioner may designate, to wit:

To Hart's Island, on the East river or Sound; to Pelham Park, on the East river or Sound; to Riker's Island, on the East river or Sound; at the New York side of the Harlem river, between One Hundred and Fifty-fifth street and Dyckman street; to localities to be designated by said Commissioner on the East river or Sound, south of said Hart's Island; to localities to be designated by said Commissioner on the North or Hudson river, south of Yonkers; to localities to be designated by said Commissioner in the Bay of New York, not below the Narrows, or to localities to be designated by said Commissioner in Newark Bay, in the State of New Jersey, or in case of inability to reach either of said places by reason of the prevalence of ice, or for any other reason, then to dump the same at sea, and to conform to and obey all laws of the United States, of the State of New York, the ordinances of the Board of Aldermen and the Sanitary Code of the Board of Health touching the removal from said city to the several points of destination of such substances and material, and to hold the City harmless against damages incident to said towing, and, in the event that the Commissioner shall so order, said substances and material shall be covered over while en route and be deodorized to prevent nuisance.

If any part of said substances and material should be required for filling-in purposes at other points than those designated above, they may be so used by the Department of Street Cleaning, but in that case are not to be towed by the contractor, nor charged for.

Such portion of the present plant of the Street Cleaning Department as consists of tugs and scows is to be sold at public auction to the highest bidder according to law, at a future date to be designated and duly advertised, when bidders on this contract will have the privilege of bidding for such plant.

Bidders are required to state in their proposals, verified under oath, their names, places of residence and places of business, the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the above work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council head of department, chief of a bureau, deputy thereof, or clerk therein or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification attached to said proposal be made and subscribed by all the parties interested. Each proposal shall also be accompanied by the consent in writing, signed by the proposer and two householders or freeholders of the City of New York, giving their respective places of business and residences, or of a guarantee company incorporated under the Laws of the State of New York, as shall be satisfactory to the Comptroller, to the effect that if the contract be awarded to such proposer they will become bound for its faithful performance in the amount of a twenty-five thousand dollars, and will make, execute and deliver to the parties of the second part a bond in substance in the words and figures and to the effect as contained in the blank form of bond on file in the office of the Commissioner of Street Cleaning and referred to hereafter, and that if he, the person to whom said contract be awarded, shall omit or refuse to execute said contract, they will pay to the Mayor, Aldermen and Commonalty of the City of New York any difference between the sum to which he would be entitled to be paid according to his bid and that which the Mayor, Aldermen and Commonalty of the City of New York may be obliged to pay to the person or persons to whom the contract may be subsequently awarded. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, to the effect in substance that he is a householder or freeholder in the City of New York, and worth the above amount over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law.

The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller. From the proposals so received, the Commissioner may select the bid or bids, the acceptance of which will, in his judgment, best secure the performance of the work, or he may reject any or all of said bids.

The person or persons to whom the contract may be awarded will be required to attend at this office with such sureties, and execute such contract and bond within five days from the date of the service on him or them of a written notice to that effect, either by leaving the same at either of the addresses given in the proposal, or by forwarding it by mail; and in case of failure or neglect so to comply, he or they will be considered as having abandoned such proposal and contract, and as in default to the Corporation, under the terms of such consent, whereupon the Commissioner of Street Cleaning may either make another selection from the bids or estimates submitted, or readvertise the work, as he may consider best for the public interest; but, in either event, the amount of deposit accompanying his proposal shall become forfeited to the Mayor, Aldermen and Commonalty of the City of New York.

If the person or persons to whom the contract may be awarded shall, after executing it and giving the bond, neglect or delay to commence the work, or any portion thereof, for twenty days, the Commissioner of Street Cleaning may perform the said work or any portion thereof for such period of neglect or delay, and charge the whole expense of the same against the said person or persons, and deduct the same from any amount due or to become due under the contract, at his option, or he may declare the contract abandoned and have recourse to the bond given.

Each estimate must be accompanied by a CERTIFIED CHECK ON A SOLVENT BANKING CORPORATION IN THE CITY OF NEW YORK, payable to the ORDER OF THE COMPTROLLER of the City of New York, for the sum of twenty-five thousand dollars (\$25,000). On the acceptance of any bid the checks of the unaccepted bidders will be returned to them, and upon the execution of the contract and the bond called for the check of the accepted bidder will be returned to him.

The price for which the work will be done must be written in the bid and stated in figures, and shall be at a rate per cubic yard; measurements and estimates to be made by an Engineer appointed by the Commissioner of Street Cleaning, on the boats or scows of the contractor or contractors, at the several dumps or dumping places of the Department of Street Cleaning, as they are designated in the contract, or such other dumps as may thereafter be designated.

Bidders will be allowed, at their option, to bid a price per cubic yard upon the work as a whole in mass, or a separate price for each class of the work, the bid or bids being for the performance of the whole work, as hereinafter described and classified, to wit:

First—For that to be dumped at Hart's Island, per cubic yard.
Second—For that to be dumped at Pelham Park, per cubic yard.
Third—For that to be dumped at Riker's Island, per cubic yard.
Fourth—For that to be dumped at localities to be designated on the East river or Sound, south of Hart's Island, per cubic yard.
Fifth—For that to be dumped at localities to be designated on the North or Hudson river, south of Yonkers, per cubic yard.
Sixth—For that to be dumped at localities to be designated in the Bay of New York, not below the Narrows, per cubic yard.
Seventh—For that to be dumped at localities to be designated in Newark Bay, in the State of New Jersey, per cubic yard.
Eighth—For that to be dumped in the Harlem river; or
Ninth—For that to be dumped at sea in case of ice in the rivers or prevention of dumping at the above designated places.

All bids must be made with reference to the form of the contract, and of the bond to be executed, printed copies of both of which, as far as can be, are on file at the Department of Street Cleaning, containing specifications, and copies may be had on application. Unless so referred to, such bids may be rejected.

Blank forms of the proposals may also be had on application at said Department of Street Cleaning, No. 280 Broadway, New York City, on or after the 24th day of March, 1893.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or

lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until Tuesday, April 25, 1893, until 10 o'clock A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Carriage-house and Stables, Central Islip, Long Island," and with his or their name or names and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of **FOUR THOUSAND (\$4,000) DOLLARS.**

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract. The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Architect, Leopold Eidlitz, No. 160 Fifth Avenue, New York City, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

The Commissioner of Street Improvements reserves the right to reject all bids received for any particular work if he deems it for the best interests of the City.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any other information desired, can be obtained at this office.

WILLIAM H. CLARK,
Counsel to the Corporation,
No. 2 Tryon Row, New York City.

In the matter of the application of The Mayor, Aldermen and Commonalty of the City of New York, for the appointment of Commissioners of Appraisal under chapter 114 of the Laws of 1892, passed March 9, 1892, entitled "An act to provide for settling and establishing permanently the location and boundaries of the avenue known as FORT WASHINGTON RIDGE ROAD, in the City of New York, and in relation to the improvement thereof."

NOTICE IS HEREBY GIVEN THAT, IN PUR-suance of the provisions of chapter 114 of the Laws of 1892 of the State of New York, entitled "An act to provide for settling and establishing permanently the location and boundaries of the avenue known as FORT WASHINGTON RIDGE ROAD, in the City of New York, and in relation to the improvement thereof," approved by the Governor on the 9th day of March, 1892, application will be made by the undersigned, Counsel to the Corporation, for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, to the Supreme Court of the State of New York, at a Special Term of said Court, to be held in the First Judicial Department, at the Chambers thereof, in the County Court-house, in the City of New York, on the twenty-fourth day of April, 1893, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Appraisal.

The object of this application is to secure the appointment of three disinterested and competent freeholders, residents of the City of New York, as Commissioners of Appraisal, to ascertain and appraise the compensation

to be made to the owners and all persons interested in the real estate laid out or designated upon the maps made, certified and filed on the 4th day of November 1892, in the office of the Register of the City and County of New York, and in the office of the Commissioner of Public Works, by the Commissioners appointed, pursuant to the third section of said act, as proposed to be taken or affected for the purposes named in the said act;

And also to ascertain and determine the compensation which ought justly to be made by the Mayor, Aldermen and Commonalty of the City of New York to the owners or parties interested in the lands and premises having, upon the 9th day of March, 1892, a frontage upon the said road as originally laid out, or which the Commissioners of the Department of Public Parks intended should front thereon, but which have lost or been deprived of such frontage on the road as established by the Commissioners under the third section of this act, or otherwise injuriously affected by the action of said Commissioners or by any proceedings had under this act;

And also to appraise and designate in their report the compensation which should justly be made to the Mayor, Aldermen and Commonalty of the City of New York, for any grant or conveyance to the owner of the contiguous property of all the right, title and interest of said city in and to the land heretofore acquired for said road, but outside of the lands thereof as established under this act;

And also to perform such other duties as are prescribed by the said act.

Notice is also given that, upon such application, the undersigned will present to the Court a petition, signed and verified by said Commissioners according to the practice of the Court, setting forth the action heretofore taken and the filing of said maps and praying for the appointment of such Commissioners of Appraisal, which petition will contain a general description of all the real estate to which title is sought to be acquired for said City for the purposes of this act, each parcel being more particularly described by a reference to the number of said parcel as given on said maps, and also the parcels belonging to the Mayor, Aldermen and Commonalty of the City of New York heretofore acquired for said road, but lying outside or not included within the lines of the road as established by said Commissioners.
