A communication from the Commissioner of Street Cleaning in respect to the additional amount of money necessary for the month of November to keep the streets in their present condition, and to remove and dispose of the ashes and garbage as promptly as is now being done, was received, and

On motion, the following preambles and resolutions were adopted:

Whereas, It appears from the communication of the Commissioner of Street Cleaning, dated October 18, 1895 (a copy of which is hereto annexed), that the unexpended balance of the appropriation for the year for this purpose is insufficient to properly clean the streets and to promptly remove the ashes and garbage; and

Whereas, This Board is advised by a Committee of the Board of Estimate and Apportionment, consisting of the President of the Board of Aldermen, the Comptroller, the Counsel to the Corporation, and the President of the Department of Taxes and Assessments, that the additional amount necessary for this purpose for the remainder of the year can only be lawfully appropriated pursuant to the authority vested in the Board of Health, by chapter 355, Laws of 1893; therefore,

Resolved, That in the opinion of the Board of Health the preservation of the Health of the community requires that greater efficiency shall be maintained in the cleaning of the streets and the removal of ashes and garbage than can be obtained by the monthly expenditure of one hundred and thirty-seven thousand five hundred and ninety-seven dollars and thirty-two cents, that being the average unexpended balance for each month, for the remainder of the year, of the appropriation for that purpose.

Resolved, That this Board, pursuant to the authority conferred by chapter 535, Laws of 1893, hereby certifies to the Board of Estimate and Apportionment that the additional sum of eighty thousand six hundred and thirty-eight dollars and sixty-six cents should be appropriated for the month of November for the proper cleaning of the streets and the prompt removal of garbage.

Resolved, That the Board of Health expressly states that it does not ask for this appropriation of money to make good a deficiency in another department caused by expenditures in excess of the amount appropriated thereto; that it is concerned with the question of clean streets in its sanitary aspect only; and it will not consent to use the extraordinary powers conferred upon it save to provide for such cleanliness as is necessary to the proper sanitary condition of the city, and the Board wishes it to be distinctly understood that it will only consent to the expenditure of such portion of the eighty thousand six hundred and thirty-eight dollars and sixty-six cents as may be found absolutely necessary to preserve the public health, and it will, in its absolute supervision of these expenditures, see that the money is spent with the utmost economy and solely for the purpose of preserving the public health.

Reports from Assistant Chemist Lederle and the Attorney and Counsel in respect to the standard for milk, and amending section 186 of the Sanitary Code, were received and ordered on file, and the following amendment to section 186 was laid on the table:

Resolved, That section 186 of the Sanitary Code be and the same is hereby amended so as to read as follows:

Section 186. No milk which has been watered, adulterated, reduced or changed in any respect by the addition of water or other substance, or by the removal of cream, shall be brought into, held, kept or offered for sale at any place in the City of New York, nor shall any one keep, have or offer for sale in the said city any such milk.

The term "adulterated" when so used in this section means:

- First—Milk containing more than eighty-eight per centum of water or fluids.
- Second—Milk containing less than twelve per centum of milk solids.
- Third—Milk containing less than three per centum of fats.
- Fourth—Milk drawn from animals within fifteen days before and five days after parturition.
- Fifth—Milk drawn from animals fed on distillery waste or any substance in a state of fermentation or putrefaction, or on any unhealthy food.
- Sixth—Milk drawn from cows kept in a crowded or unhealthy condition.
- Seventh—Milk from which any part of the cream has been removed.
- Eighth—Milk which has been adulterated with water or any other fluid, or to which has been added or into which has been introduced any foreign substance whatever.

On motion, it was Resolved, That the following statement be entered in the minutes of this Board:

It having been publicly stated that Edmund Clark, an Assistant Chemist in this Department, is incompetent to analyze milk, and such statement having given aid and encouragement to persons arrested for or convicted of selling impure and adulterated milk in this city, it is due to the public, to the Civil Service Board, to this Department, and especially to Mr. Clark, that equal publicity should be given as to the qualifications of that gentleman for the performance of his official duties, which are as follows:

Edmund Clark, twenty-seven years of age, graduated at the Maine State College in 1891, and also received from that institution the degree of "Bachelor of Science" in the course of chemistry. In 1891 and 1892 he took a post-graduate course of technical study in the School of Mines, Columbia College, and pursued his studies in applied chemistry and laboratory work under Professors Chandler and Waller, and at the end of the course received an "honorable certificate" for special work accomplished. From August, 1892, he was engaged as Assistant Chemist in the Laboratory of the Homestead Steel Works of the Carnegie Steel Company, thus receiving nearly three years practical experience in one of the best laboratories in the country.

In July last Mr. Clark was examined by the Civil Service Board in this city for the position of Assistant Chemist and Milk Inspector in the Health Department, and his application for examination was indorsed and his character and qualifications highly commended by Professors Chandler and Waller. The examination was very thorough in chemistry, and especially in the composition and analysis of milk, the questions having been prepared by an expert chemist, who also determined the value of his answers. As the result of this examination, Mr. Clark obtained the remarkably high rating of ninety-four per cent. in technical knowledge and ninety-five per cent. in experience, and he was thereupon appointed Assistant Chemist and Milk Inspector by the Board of Health. The Chief Chemist and the Assistant Chemists of this Department, who have for several years been engaged in the inspection and analysis of milk, all testify to the entire competence of Mr. Clark to analyze milk and to the excellence of his work since his appointment, and he has the confidence of this Board in every particular.

On motion, the Board adjourned.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The Coal to be of good quality, and the quantity that will be required will be about Five Hundred (500) Tons of White Ash Coal, egg size, to be well screened and in good order, each ton to be 2,240 pounds, in accordance with the specification attached to and which form a part of the contract aforesaid.

Delivery to be made at the Riverside Hospital, North Brother Island, at the time required by the Board of Health; any changes in the time or place of delivery, however, may be made, in writing, by the Board of Health.

The above quantity is estimated and approximated only and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the contractor will be paid

ad. Bidders will be required to complete the entire

work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work to be done under the contract is to be fully completed on or before the 24th day of January, 1896, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the said existing platform, to be removed under this contract, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the prices for which they will do the work under the contract.

Where the City of New York owns the wharf, pier or bulkhead at which the materials under this contract are to be delivered, and the same is not leased, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTERESTS OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

ESTIMATES FOR THE ABOVE WILL BE received at the office of the Commissioner of Public Works, No. 31 Chambers street, in the City of New York, until 12 o'clock M. of Monday, December 2, 1895, at which place and time they will be publicly opened by said Commissioner and read.
Any person making an estimate for furnishing the gas or other material shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing the Illuminating Material for, and Lighting, Extinguishing, Cleaning, Repairing and Maintaining the Public Lamps"; and any person making an estimate for furnishing, operating and maintaining electric lamps shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing, Operating and Maintaining Electric Lamps," and also with the name of the person making the same and the date of its presentation.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making an estimate for the same supplies and work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof, which estimate must be verified by the oath, in writing, of the party making the same, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law.

The amount of security required on any contract for lighting the public gas-lamps, which will amount to \$400,000 and upwards, shall be \$150,000; on any contract which will amount to \$300,000 and less than

\$400,000, shall be \$125,000; on any contract which will amount to \$200,000 and less than \$300,000, shall be \$100,000; on any contract which will amount to \$100,000 and less than \$200,000, shall be \$75,000; on any contract which will amount to \$80,000 but is less than \$100,000, \$50,000; on any contract which will amount to \$60,000 but is less than \$80,000, \$36,000; on any contract which will amount to \$40,000 but is less than \$60,000, \$24,000; on any contract which will amount to \$20,000 but is less than \$40,000, \$12,000; on any contract which will amount to \$10,000 but is less than \$20,000, \$6,000; on any contract which amounts to less than \$10,000, \$5,000. The amount of security required on electric-light contracts is \$25,000.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.
