Appeal 6—New Building 728 of 1904, premises Central Park, West, Seventy-third to Seventy-fourth street, Manhattan, Messrs. Clinton & Russell, architects and appellants.

"No. 10. Tie rods are required."

Equally good or more desirable form of construction can be employed.

That the tie rods be omitted on all floors and on the flat roofs.

It is proposed to use a flat concrete floor slab between the I beams. This slab is reinforced with twisted wires, as installed by the Metropolitan Fireproofing Com-

pany under their system. This slab is below the tops of the beams and acts as a brace throughout its length.

During the erection of the steel floor system of I beams the beams are braced by struts cut in between them, and these struts support the centering. Furthermore, this centering follows up closely behind the erection, so that not more than two stories remain until the concrete in the slabs is set. This building has been substantially designed and is better and stronger throughout than required by law.

Mr. Winterburn and Mr. E. Ketcham appeared.

On motion, laid over for one week.

Appeal 7—Alteration 29 of 1905, premises No. 1021 Prospect avenue, The Bronx, C. Lohse, architect and appellant.

"That said building is in the fire limit, and therefore a frame extension more than fifteen feet in depth is unlawful."—Section 142, Code.

Ninety per cent. of frame buildings in the block and a frame building on a vacant lot also may be allowed to be erected.

To be allowed to extend the before described three-story frame corner building twenty-five feet in rear, one story height and the full width of said building, as per plans, and occupied for store purpose only.

Extension of frame will be less in value than of brick and will give more room inside.

Mr. C. F. Lohse appeared before the Board.

On motion, laid over.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits, thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
