The President laid before the Board the following communications from the President of the Borough of Richmond.

No. 2109.

President, Borough of Richmond—Request for Special Revenue Bonds, \$212, to Make Up the Deficiency in Amount Necessary for Reconstruction of Taylor Street Sewer Outlet.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, October 6th, 1915.

Board of Aldermen, City Hall, New York City:

Gentlemen—On June 11th, 1915, the Board of Estimate and Apportionment approved a resolution of the Board of Aldermen of April 27th, 1915, appropriating \$3,100—for the purpose of reconstructing the Taylor Street sewer outlet. Bids were received and opened for this work, but the lowest bid was so high that it was impossible to let the contract with the money available for this purpose. New bids were advertised for and opened on Tuesday, September 28th, 1915. The lowest bid received was from A. M. Hazell for \$2,939; the amount allowed by the Board of Estimate and Apportionment for engineering and inspection was \$373, which makes the cost of the work \$3,312. The amount available is \$3,100, and we are, therefore, short \$212 of the necessary amount.

I would therefore request an additional issue of special revenue bonds to the amount of \$212, to make up the deficiency in this fund, caused by the lowest bid received being in excess of the Engineer's estimate of the cost.

Yours very truly,

CALVIN D. VAN NAME,

President of the Borough of Richmond.

Which was referred to the Committee on Finance.

No. 2110.

President, Borough of Richmond—Request for Special Revenue Bonds, \$5,300, for Construction of a Sewage Disposal Plant at Richmond County Jail.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, October 6th, 1915.

Board of Aldermen, City Hall, New York City:

Gentlemen—On June 4th, 1915, the Board of Estimate and Apportionment adopted a resolution of the Board of Aldermen, dated March 30th, 1915, for an issue of Special Revenue Bonds to the amount of \$5,300, for the purpose of constructing a sewage disposal plant, etc., at the Richmond County Jail. Bids were advertised for, but the lowest bid was so much higher than the Engineer's estimate of the cost of the work that there was not sufficient money in the fund to do the work. These bids were thrown out and new ones advertised for, which bids were opened on Tuesday, September 28th, 1915. The lowest bid was received from Messrs. O'Brien and Fleming, \$4,374.42. We propose to buy the ejector, compressor, motor, etc., also valves and screens, at a cost of \$925, which uses up the entire appropriation. We are, therefore, short of the amount needed for engineering and inspection, which was estimated by us and allowed by the Board of Estimate and Apportionment at \$604.73.

I would therefore request an additional issue of special revenue bonds to the amount of \$600, to make up the deficiency in the fund above mentioned, caused by the lowest bid for the work being in excess of the Engineer's estimate.

Yours very truly,

CALVIN D. VAN NAME,

President of the Borough of Richmond.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the President of the Borough of Manhattan:

No. 2111.

President, Borough of Manhattan—Request for Authority to Purchase an Auto Truck Without Public Letting.

City of New York, President of the Borough of Manhattan, Municipal Building, October 6th, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, New York City:

Dear Sir—Request is hereby made for permission to purchase, in the open market, without public letting, one auto truck, the cost not to exceed the sum of \$2,000.

The truck is required for immediate use at the Asphalt Plant of this Department. Your early consideration will oblige.

MARCUS M. MARKS, President, Borough of Manhattan.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Board of Education:

No. 2112.

Board of Education—Request for Special Revenue Bonds, \$270,000, to Provide for the Needs of School Activities During the Current Year.

Board of Education, Park Avenue and 59th Street, New York, October 14, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen:

Dear Sir—I have the honor to inform you that at the meeting of the Board of Education, held on the 13th instant, action was taken looking toward the issue of Special Revenue Bonds, in the sum of \$270,000, to provide necessary funds for the Department of Education during the remainder of the year 1915.

The following resolution, requesting the issue of Special Revenue Bonds to the amount of \$150,000, was adopted:

"Resolved, That the Board of Aldermen be, and it is hereby respectfully requested to ask the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds, pursuant to subdivision 8 of Section 188 of The Greater New York Charter, to the amount of One hundred and fifty thousand dollars (\$150,000) for the purpose of continuing the sessions of the evening high, trade and elementary schools to December 16, 1915, and that the Board of Estimate and Apportionment be, and it is hereby, respectfully requested to authorize such issue upon the request of the Board of Aldermen; and that any provisions of the By-Laws inconsistent therewith be, and they are hereby, suspended for the purpose of this resolution."

A certified copy of said resolution and the report relating thereto is enclosed.

In connection therewith, it was moved and adopted that the Board of Aldermen and the Board of Estimate and Apportionment be requested to authorize the issue of Special Revenue Bonds to the amount of \$120,000 (in addition to the above-mentioned amount \$150,000), to provide for the needs of other school activities during the current year. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Special Schools desires to bring to the attention of the Board of Education the serious, and even alarming, situation that exists in reference to the evening schools.

The total amount allowed for evening schools in the apportionment of the General School Fund for this year recommended by the Board of Estimate and Apportionment was \$926,215.90, an amount considerably less than that asked for in the Departmental Estimate of the Board of Education for 1915. If this entire amount is expended for evening school purposes, Mr. Jenkins, the District Superintendent in charge, states that the sessions of these schools cannot be continued beyond November 18th.

Your Committee believes that the sessions for the remainder of this year should extend at least until one week prior to the beginning of the Christmas vacation. In 1912 the sessions continued to December 12th; in 1913 to December 15th for the high and trade schools and December 18th for the elementary schools; in 1914 to December 21st for the high and trade schools and December 23rd for the elementary schools. In the opinion of your Committee, the sessions should be continued this year until December 16th.

Unless additional funds are provided, it will be necessary, as stated above, to close the evening schools on November 18th. To continue them four weeks longer (until December 16th) it is estimated that \$150,000 will be required.

Your Committee is emphatically of the opinion that the existing situation should be brought to the attention of the financial authorities of the city, in order that the responsibility for the premature closing of the evening schools—if such closing becomes necessary—may be clearly fixed. Accordingly it is recommended that the Board of Aldermen and the Board of Estimate and Apportionment be called upon to provide Special Revenue Bonds to meet this emergency. For that purpose there is submitted for adoption the following resolution:

Resolved, That the Board of Aldermen be, and it is hereby respectfully requested to ask the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds, pursuant to subdivision 8 of Section 188 of The Greater New York Charter, to the amount of One hundred and fifty thousand dollars (\$150,000) for the purpose of continuing the sessions of the evening high, trade and elementary schools to December 16, 1915, and that the Board of Estimate and

Apportionment be, and it is hereby, respectfully requested to authorize such issue upon the request of the Board of Aldermen; and that any provisions of the By-Laws inconsistent therewith be, and they are hereby, suspended for the purpose of this resolution.

The President laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 2113.

Board of Estimate and Apportionment—Resolution to Establish Various Grades of Positions in the Children's Court, Court of Special Sessions.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, October 18, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment October 15, 1915, recommending to the Board of Aldermen the establishment in the Children's Court, Court of Special Sessions, of the following grades of positions:

Title.	Rate per Annum.	Number of Incumbents.
Secretary to Presiding Justice.....	\$1,500 00	One
Clerk of Court.....	3,540 00	One
Court Stenographer	2,100 00	One
Interpreter	1,380 00	One
Deputy Chief Probation Officer (Male).....	2,340 00	One
Senior Probation Officer (Male).....	1,980 00	One

I also enclose copy of report of the Committee on Salaries and Grades relative thereto. Respectfully,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 531 of the Laws of 1915, hereby recommends to the Board of Aldermen the establishment in the Children's Court, Court of Special Sessions, of the following grades of positions, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Secretary to Presiding Justice.....	\$1,500 00	One
Clerk of Court.....	3,540 00	One
Court Stenographer	2,100 00	One
Interpreter	1,380 00	One
Deputy Chief Probation Officer (Male).....	2,340 00	One
Senior Probation Officer (Male).....	1,980 00	One

A true copy of resolution adopted by the Board of Estimate and Apportionment October 15, 1915.

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, September 13, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On July 1st the Presiding Justice of the Children's Court requested establishment of fourteen additional positions. The Bureau of Standards reports as follows:

"It is proposed to reorganize the Children's Court, pursuant to chapter 531, Laws of 1915. Under that act the administration of the Children's Court will be separate from the Court of Special Sessions.

"It is proposed to establish an additional part in New York County to hear returned cases. It will be necessary to have a Clerk, Stenographer, Interpreter and Court Attendants for the new part. There is now a position of Deputy Clerk in Part 1. It is suggested that this be changed to Clerk of Part 2. An additional Court Stenographer and an additional Interpreter will be required. When not employed in Court the Interpreter will assist the Complaint Clerk. Taking the Deputy of Part 1 as Clerk of Part 2 will require the presence in Part 1 of the Clerk who now acts also as Chief Clerk of the Children's Court. With Clerks of each part occupied in the Court room there will be no head directing the clerical routine of the Court.

"Many matters of administration are more effectively managed through one source than through six, and in an institution dealing directly with many persons questions naturally arise and should be answered by some central authority to avoid confusion that might result should such questions be left to the individual parts of the Court. Chapter 531, Laws of 1915, section 31, directs that there shall be a Chief Clerk, but apart from the direction of the statute, conditions warrant such an appointment.

"The Presiding Justice requests a Secretary at \$1,500 per annum. Many societies and cities are interested in the work of the Children's Court and the Presiding Justice is frequently requested to give counsel on questions new to other communities, to confer with representatives of societies and to meet many semi-official obligations which attach to the office. This involves considerable correspondence and detail work, which is properly the work of a Secretary.

"Bronx, Queens and Richmond are known as the Circuit, because visiting Judges hold Court in those counties on certain days each week; two days in Bronx and Queens, one day in Richmond. Each Circuit Court has a Clerk at \$2,000. He receives complaints, prepares papers, presents cases to the Court and keeps the records of the office. In Richmond he has no clerical assistance; in Queens there is one Court Attendant at \$1,500; in Bronx, a Deputy Clerk at \$1,500 and a Court Attendant at \$1,500. Such Clerks need some assistance to relieve them during temporary absence and to make complaints on Court days.

"In Bronx County it is suggested that a Clerk at \$840 to \$1,200 might replace the Deputy Clerk and in emergencies the Court Attendant might be assigned to assist in other parts. In Queens, it is suggested that a Clerk at \$840 to \$1,200 would relieve the Court Attendant and permit his assignment to more active parts. In Richmond the Clerk of the Court of Special Sessions and the Clerk of the Children's Court formerly co-operated. Since July 1, when the new law became effective, the Clerk of the Children's Court has been without assistance. It is suggested that a Clerk at \$840 to \$1,200 might be employed to relieve the Clerk in case of necessary absence, vacation, etc.

"To effect the suggested reorganization of the clerical force the following new positions are suggested at standard rates:

Chief Clerk	\$3,840—\$5,160
Secretary to Presiding Justice.....	1,500
Clerk of Court	2,820—3,540
Court Stenographer	2,100—2,940
Interpreter	1,380—2,100
Clerk, 3	840—1,200

"The positions eliminated are:

Deputy Clerk (Part 1).....	\$2,750 00
Deputy Clerk (Bronx).....	1,000 00

"The total number of Court Attendants remains the same as at present, but a reassignment is suggested to meet conditions. The tentative standard rates are \$1,080 to \$1,380. Present salaries are from \$1,200 to \$1,500.

"Some changes of title are suggested, but in such cases the tentative standard rates include the present salary.

"In the position of Clerk of the Court, Part I, the tentative standard rate is \$2,820 to \$3,540. The present incumbent, who acts also as Chief Clerk of the Court, receives \$4,000.

"It has already been stated that the present position of Deputy Clerk of Part 1 might be changed to Clerk of Part 2. In the reorganization of the Magistrates' Court it is possible that one Court Stenographer may become available for transfer to the Children's Court.

"In the probation department the only change suggested is the appointment of a Deputy Chief Probation Officer at \$2,340, to supervise the work in Manhattan and The Bronx, and a Senior Probation Officer at \$1,680 to \$2,150, to supervise the work in other boroughs.

"The functional organization chart submitted herewith shows in detail the present organization and proposed reorganization."

In view of the report of the bureau and to give effect to such reorganization the Committee favors recommending to the Board of Aldermen fixing salaries of the following positions:

Chief Clerk	\$4,140 00
Secretary to Presiding Justice.....	1,500 00
Clerk to Court	3,540 00
Court Stenographer	2,100 00
Interpreter	1,380 00
Deputy Chief Probation Officer (Male).....	2,340 00
Senior Probation Officer (Male).....	1,980 00

Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

(The matter of establishing the grade of position of Chief Clerk at \$4,140 per annum was laid over.)

In connection herewith Alderman Dowling offered the following resolution, and moved its adoption:

Whereas, the Board of Estimate and Apportionment adopted the following resolution at a stated meeting held October 15, 1915:

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

The President put the question whether the Board would agree to adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Bosse, Brush, Burden, Burns, Carberry, Chorosh, Cole, Colne, Crane, Delaney, Dotzler, Dowling, Duggan, Dujat, Eagan, Eichhorn, Ferguson Ferrand, Fink, Gaynor, Hogan, Igstaeuter, Kenneally, Kochendorfer, Lein, Levy, McCann, McCourt McGarry, Milligan, Moore (Chas. J.), Moore (Jesse D.), Moran, Mullen (Frank), Nugent, O'Rourke, Ottes, Pender, Post, Pouker, Quinn, Robitsek, Rosenblum, Schweickert, Smith, Squiers, Stapleton, Stevenson, Taylor, Trau, Valentine, Weil, Wendel, White, Wilmot; President Mathewson, by John G. Borgstedt, Commissioner of Public Works; President Pounds, by Edmund W. Voorhees, Commissioner of Public Works; President Marks; the Vice-Chairman—62.

The President laid before the Board the following communication from the President of the Borough of Queens:

No. 2114.

President, Borough of Queens—Request for Special Revenue Bonds, \$726, for Payment of Salaries and Wages of Employees Assigned to Construction Work.

The City of New York, Office Commissioner of Public Works of the Borough of Queens, Long Island City, October 15, 1915.

To the Honorable, The Board of Aldermen, City of New York:

Dear Sirs—Your approval is hereby requested, in accordance with the provisions of section 188 of the Charter of the City of New York, of an issue of special revenue bonds amounting to \$726, to provide funds for the payment of salaries and wages for vacations of employees assigned to construction work, paid for by assessment, the provisions for vacations having been eliminated from the budget for the year 1915.

In connection with the request, I desire to state that it was the custom, until 1915, to provide in the budget each year sufficient funds with which to pay the salaries and wages of employees during the usual vacation periods.

At the time the budget was under consideration by the Budget Committee the question as to whether or not the cost of vacations should be charged against assessment work was fully discussed, and it was the determination of the Budget Committee to recommend the cutting out of the budget the provision for vacations for employees assigned to assessment work. The representatives of this office raised objection to the judgment of the Committee on the ground that the suggestion was not workable. The Chairman of the Committee then agreed to furnish to the Borough President a form of procedure showing the processes under which the plan could be administered. No such plan has ever been transmitted. On July 16, 1915, the following communication was received from the Comptroller:

"Payrolls PQ-411, for the sum of \$672, PQ-412, for the sum of \$93, and PQ-103 monthly, for \$2,779.50, have been filed in the Department of Finance representing the compensation of per diem employees for the week ending June 26, 1915.

"Included therein are a number of charges against CFM-25—Street Improvement Fund—for employees who were absent on vacation.

"In an opinion rendered by the Corporation Counsel to the Tax Budget Subcommittee during the preparation of the tentative budget last year, the Corporation Counsel stated in substance that it would be possible to make an added charge for each day of service rendered to assessment improvement for the purpose of accumulating a fund out of which vacations could be paid when the vacation time arrived. Because of this opinion, as I am informed, no tax budget allowance was made for this purpose for the force in your office employed upon assessment work. I am further informed that you have not set up any reserve for vacation purposes by making a vacation charge against each payroll period during the present year. On this statement, therefore, it would appear that without a budget allowance and without an accumulated reserve there is no money to pay vacations as a whole.

"To the extent, however, that specific assessments have been under way from September 1 of last year, and will continue through the present vacation period up to September 1 of the present year, it is proper to make a vacation charge represented by the salaries of persons employed thereon throughout this period, and payments for vacations under these conditions will be audited by this department upon the certification from your office that each person has been continuously employed since September 1, 1914, on a specific improvement to which his vacation time is charged."

The result of the complication is that there are nineteen employees who have taken the usual vacations and have not as yet been paid. I am of the opinion that the City is obligated to pay them and have accordingly asked your approval of the issue of revenue bonds as the simplest way to accomplish the result.

Very truly yours,

JAMES A. DAYTON, Acting President of the Borough of Queens.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Board of Examiners of City Surveyors:

No. 2115.

Communication from Examining Board of City Surveyors Regarding Appointment of City Surveyors.

Office of the Chief Engineer, Board of Estimate and Apportionment, City of New York, Municipal Building, Bureau of Public Improvements, October 7, 1915.

Hon. HENRY H. CURRAN, Vice-Chairman, Board of Aldermen, New York City:

My Dear Alderman Curran—I enclose herewith a certification of the Board of Examiners of City Surveyors covering six men who have successfully passed the examination and have shown their eligibility for appointment as City Surveyor.

A list of 25 men who had made application for appointment as City Surveyor was furnished us by the City Clerk.

In 5 instances no addresses were given; 3 of these, however, were found, but the other 2 could not be located.

Notices were sent the 23 men to appear for examination. In one case the letter was returned with the note "Cannot be found."

Eight of those who were notified failed to appear in response to the notice.

Two of those who appeared showed that they had already been appointed and held commissions.

One candidate asking for special examination failed to appear in response to the second notice.

Eleven candidates have been examined and rated, 6 of whom passed and are covered by the accompanying certification. The remaining 5 failed to pass.

I feel justified in expressing the belief on behalf of the Board that our experience in conducting these examinations has fully demonstrated the need of the action taken by the Board of Aldermen to provide some means of determining the qualifications of applicants. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Office of the Chief Engineer, Board of Estimate and Apportionment, City of New York, Municipal Building, Bureau of Public Improvements, October 7, 1915.

To the Board of Aldermen, City of New York:

Gentlemen—The Examining Board of City Surveyors constituted by the ordinance adopted by your honorable body on April 20, 1915, herewith certifies, in accordance with the provisions of the said ordinance, that the following named persons have been examined by us and have qualified for appointment as City Surveyor, the names being given in the order of their standing as determined by said examination:

1. Richard P. Davies, 840 Napier Street, Richmond Hill.

2. William L. Savacool, 74 Ray Street, Long Island City.
 3. William Bishop, 1234 Atfield Avenue, Richmond Hill.
 4. Harry H. Walsh, 184 Hillside Avenue, Jamaica.
 5. William J. Bissell, 1622 Avenue R, Brooklyn.
 6. George Berger, 349 13th Avenue, Long Island City.
- Respectfully, EXAMINING BOARD OF CITY SURVEYORS. NELSON P. LEWIS, Chairman; JOHN G. VAN HORN, Secretary.

In connection herewith the Vice Chairman offered the following resolution, and moved its adoption:

Resolved, That the following named persons be and they are hereby appointed City Surveyors:

Richard P. Davis, 840 Napier Street, Richmond Hill, Richmond; William L. Savacool, 74 Ray Street, Long Island City, Queens; William Bishop, 1234 Atfield Avenue, Richmond Hill, Richmond; Harry H. Walsh, 184 Hillside Avenue, Jamaica, Queens; William J. Bissell, 1622 Avenue R, Brooklyn; George Berger, 349 13th Avenue, Long Island City, Queens.

The President put the question whether the Board would agree to adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Bosse, Brush, Burden, Burns, Carberry, Chorosh, Cole, Colne, Crane, Delaney, Dotzler, Dowling, Duggan, Dujat, Eagan, Eichhorn, Ferguson Ferrand, Fink, Gaynor, Hogan, Igstaedter, Kenneally, Kochendorfer, Lein, Levy, McCann, McCourt McGarry, Milligan, Moore (Chas. Nos. 1625 and 2059—(G. O. No. 713).

Report of the Committee on Buildings in Favor of Adopting Ordinance Amending Chapter 5 of the Code Relating to Fire Limits in the Borough of Queens.

The Committee on Buildings, to which was referred on April 6 and September 21, 1915 (Minutes, pages 76 and 271), the annexed ordinances in favor of amending chapter 5 of the Code of Ordinances relating to fire limits in the Borough of Queens, respectfully

REPORTS:

That having examined the subject, it believes the proposed change to be advisable. A public hearing was held on this question at which no opposition developed.

It therefore recommends that the said ordinance be adopted, and that No. 1625 be placed on file.

AN ORDINANCE amending Chapter 5 of the Code of Ordinances, relative to fire limits.

Be It Ordained by the Board of Aldermen of the City of New York, as follows:

Report of the Committee on Buildings in Favor of Adopting Ordinance Relating to Safeguards Against Spread of Fire in The City of New York.

The Committee on Buildings, to which was referred on September 21, 1915 (Minutes, page 271), the annexed ordinance relating to safeguards against spread of fire in The City of New York, respectfully

REPORTS:

That, having examined the subject, it believes the proposed ordinance to be constructed in such fashion as to properly regulate this subject, after its amendment in a few minor particulars, subsequent to a public hearing, at which some objections were recorded.

It therefore recommends that the accompanying substitute ordinance be adopted.

SUBSTITUTE.

AN ORDINANCE relating to safeguards against spread of fire in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. Article 18 of chapter 5 of the Code of Ordinances of The City of New York is hereby amended to read as follows:

ARTICLE 18.

[Fire walls and shafts.

Section 370. Restriction upon area of stores, warehouses and factories.

371. Light and vent shafts.

372. Inclosure of elevator shafts.

373. Protection of shafts and hoistways.

374. Dumb-waiter shafts.

375. Fireproof shutters and doors.]

Safeguards against spread of fire.

Section 370. Definitions.

371. Fire walls.

372. Fire partitions.

373. Shafts.

374. Existing hoistways.

375. Protection of Exterior openings.

376. Protectives for openings.

§ 370. Definitions. For the purpose of this chapter,

a—a fire wall is any wall built for the purpose of restricting the area subject to the spread of fire;

b—a fire partition is a subdividing partition built for the purpose of protecting life by providing an area of refuge;

c—a shaft is an enclosed space extending through one or more stories of a building connecting a series of two or more openings in successive floors, or floors and roof;

d—an open shaft is one that extends through the roof of a building and is open to the outer air at the top;

e—a vent shaft is one used solely to ventilate or light, or both, one or more water-closet compartments or bathrooms;

f—an elevator shaft is one that encloses any device used for carrying persons or things upward or downward;

g—a dumbwaiter shaft is an elevator shaft which has a cross-sectional area at any point of nine square feet or less, and in which the device is used only for the carrying of things;

h—the term "self-closing," as applied to a fire door or other opening protective, means closing automatically after having been opened for use;

i—the term "automatic," as applied to a fire door or other opening protective, means normally held in an open position and automatically closing by the action of some releasing device.

§ 371. Fire walls. 1. Construction. Fire walls shall be constructed of approved masonry or reinforced concrete of the thicknesses prescribed by this chapter for the exterior walls of the building in which it is erected, but if hollow terra cotta blocks are used they shall be filled solidly with concrete. In non-fireproof buildings fire walls shall be continuous from the foundation to the roof and provided above the roof with a parapet wall, as specified in § 259 of this chapter.

2. Openings. No opening in a fire wall shall exceed eighty square feet in area, and the aggregate width of all openings at any level shall not exceed twenty-five per cent. of the length of the wall, except that in the first story of buildings equipped throughout with an approved system of automatic sprinklers larger openings and a greater percentage of wall length may be used by the special written permission of the superintendent of buildings, stating the reason for such allowance. Every opening in a fire wall shall be protected on each side of the wall with an approved automatic fire door. When any fire wall serves also as a fire partition it shall have no openings other than door openings not exceeding forty-eight square feet in area, and one of the automatic fire doors at each opening shall be replaced by a self-closing fire door.

§ 372. Fire partitions. 1. Construction. Fire partitions shall be constructed of the materials and in the manner herein specified, as follows:

a—approved masonry;

b—any form of fireproof partition, constructed as required in § 355 of this chapter, provided (1) that such partition is supported on each story on fireproof construction,

(2) that, unless otherwise approved after the three hours fire test herein provided, the thicknesses are not less than eight inches for brick, not less than six inches for stone or cinder concrete, or hollow blocks of terra cotta, concrete or gypsum, and not less than four inches for stone or cinder concrete if properly reinforced with steel,

(3) that, unless constructed of expanded metal or wire lath and cement mortar of a finished thickness of not less than two and one-half inches, metal lath construction shall not be used, and

(4) that all openings in partitions of hollow building blocks, gypsum or metal lath construction, shall be adequately reinforced with steel; or

c—any material and form of construction that may be approved by the Superintendent of Buildings as conforming to the requirements of the fire test prescribed in subdivision 3, § 355 of this chapter, provided, however, that for fire partitions the duration of such test shall be not less than three hours and that such partitions shall be supported at each story on fireproof construction.

2. In non-fireproof buildings. In non-fireproof buildings fire partitions, if required in any story, shall be continuous through all stories from the foundation to the roof, provided that if any of the floors of the building are of fireproof construction for their full extent and all stairways are enclosed in approved fireproof construction, fire partitions shall be required to be continuous only from one such fireproof floor to another or to the roof. Any such fire partition shall be deemed continuous, even though the several parts are not directly over one another in successive stories, if the intervening parts of the floors at the levels where offsets occur, are of fireproof construction and all parts not supported directly on the foundations are carried on fireproof construction. Fire partitions shall be carried at least three feet above any non-fireproof roof.

3. Openings. Fire partitions shall have no openings other than the required door openings. No such door opening shall exceed forty-eight square feet in area. If more than one door opening is required, the distance, measured along the line of the fire partition, between any door and the next one shall not be more than sixty feet. Every opening in a fire partition shall be protected by an approved self-closing fire door.

§ 373. Shafts. 1. When required. Unless otherwise specifically provided by any other law or ordinance, shafts as in this section described and specified shall be provided in all fireproof and non-fireproof buildings for every series of floor openings, except stairways, hereafter placed or constructed in any such building, whether for air, light, elevator or any other purpose, or hereafter altered so as to enlarge any of such openings or to change their use. The provisions of this section shall not, however, be taken to apply to ducts permitted by Article 19 of this chapter.

2. Open shafts. All open shafts hereafter placed in any building shall be constructed of approved masonry or reinforced concrete, and of the thicknesses required for exterior walls, provided that for shaft walls not exceeding ten feet in length the

thickness may be reduced to not less than eight inches for the uppermost forty feet and four inches more for each lower section of forty feet.

3. Shafts exceeding nine square feet in area. Except as hereinafter provided in this section, all shafts hereafter erected in any building and having a cross-sectional area at any point within the enclosing walls of more than nine square feet, and all existing shafts hereafter enlarged so that the cross-sectional area at any point exceeds nine square feet shall be constructed in the manner and of the material and thicknesses prescribed in subdivision 1, §372 of this article for fire partitions, or subdivision 2 of this section for open shafts.

4. Shafts not exceeding nine square feet in area. All shafts hereafter erected in any building and having a cross-sectional area at any point of nine square feet or less, except as hereafter provided in this section, shall be constructed of approved masonry, reinforced concrete, or any material or form of construction, not less than two inches thick, permitted under the provisions of §355 of this chapter as permanent fireproof partitions, set in a steel frame of proper strength or suitably reinforced with metal dowels, or in such other manner as may be approved by the Superintendent of Buildings.

5. Elevator shafts in existing residence buildings. In existing residence buildings which have not more than fifteen sleeping rooms any elevator shaft hereafter erected, when the available space does not permit of the construction required by subdivision 3 of this section, may be constructed as required by subdivision 4 of this section.

6. Non-fireproof shafts. Vent shafts hereafter erected in non-fireproof residence buildings, when extending through not more than one story in height, carried not less than three feet above the roof and covered with a ventilating skylight of metal and glass, and dumbwaiter shafts hereafter erected that do not extend more than three stories above the cellar or basement in residence buildings occupied by not more than two families or having not more than fifteen sleeping rooms, may be built of wood filled in solidly with brick or other approved incombustible material, or covered on the inside with plaster on plaster board or metal lath, or with sheet metal not less than one-sixteenth of an inch in thickness, provided that the part of any such dumbwaiter shaft which extends into the cellar shall be enclosed in eight-inch brick walls.

7. Existing elevators. In every non-fireproof public building all elevators not already enclosed in fireproof shafts shall be enclosed in wall constructed and arranged as in this section required for elevator shafts.

8. Existing dumbwaiter shafts. Any existing dumbwaiter shaft which extends into the cellar or basement, except such as do not extend more than three stories above the cellar or basement in residence buildings, shall be enclosed in the cellar or basement with walls of brick eight inches thick or other fireproof construction approved by the superintendent of buildings, unless already enclosed in some form of construction conforming to the requirements of subdivision 4 of this section.

9. Openings. a. In open shafts having a cross-sectional area at any point of thirty-six square feet or less, hereafter erected or altered, all openings shall be protected with fire doors, fire shutters or fire windows.

b. In vent shafts, hereafter erected or altered, except non-fireproof vent shafts, all openings shall be provided with fire windows.

c. In elevator shafts hereafter erected or materially altered all door openings shall be protected by fire doors. No other openings shall be provided in such shafts, except window openings to the outer air.

d. In dumbwaiter shafts hereafter erected or altered, there shall be no openings other than door openings protected with self-closing fire doors.

e. All other shafts not provided for in this subdivision, hereafter erected or altered, shall have all openings protected with self-closing fire doors.

10. Enclosure at top. All shafts hereafter erected or altered to extend into the top story of any non-fireproof building shall be carried through and not less than three feet above the roof. Every shaft extending above the roof, except open shafts, shall be enclosed at the top with a roof of fireproof construction and a metal skylight of at least three-fourths the area of the shaft in the top story, except that the skylight herein required may be replaced by a window of equivalent area in the side of the shaft provided the sill of such window is not less than three feet above the roof and the window does not face a property line within ten feet. Any shaft that does not extend into the top story of the building shall have the top enclosed with fireproof construction.

11. Enclosure at bottom. The bottom of every shaft, hereafter erected or altered, except vent shafts, shall be enclosed with fireproof construction.

12. Elevator machinery compartment. When any compartment which contains machinery for opening an elevator communicates with an elevator shaft it shall be enclosed with partitions of the same materials and construction as required for the shaft, and shall have fire doors on the openings.

13. Number of elevators restricted in shaft. Not more than two elevators shall be placed hereafter in any one shaft, and where there are only two elevators in any building they shall be placed in separate shafts.

§ 371. Light and vent shafts. In every building hereafter erected or altered, all the walls or partitions forming interior light or vent shafts shall be built of brick or such other fireproof materials as may be approved by the superintendent of buildings. The walls of all light or vent shafts, whether exterior or interior, hereafter erected, shall be carried up not less than 3 feet above the level of the roof, and the brick walls coped as other parapet walls. Vent shafts to light interior bathrooms in private dwellings may be built of wood filled in solidly with brick or hard-burnt clay blocks, when extending through not more than 1 story in height, and carried not less than 2 feet above the roof, covered with a ventilating skylight, of metal and glass.

§ 372. Inclosure of elevator shafts. 1. In new buildings. All elevators hereafter placed in any building, except such fireproof buildings as have been or may be hereafter erected, shall be inclosed in suitable walls of brick or with a suitable framework of iron and burnt-clay filling, or of such other fireproof material and form of construction as may be approved by the superintendent of buildings, except that the inclosure walls in non-fireproof buildings over 5 stories high, used as warehouses or factories shall be of brick. If the inclosure walls are of brick, laid in cement mortar, and not used as bearing walls, they may be 8 inches in thickness for not more than 50 feet of their uppermost height, and increasing in thickness 4 inches for each lower 50 feet portion or part thereof. Said walls or construction shall extend through and at least 3 feet above the roof. All openings in the said walls shall be provided with fireproof shutters or fireproof doors, made solid for 3 feet above the floor level, except that the doors used for openings in buildings intended for the occupancy of one family may be of wood covered on the inner surface and edges with metal, not including the openings in the cellar, nor above the roof in any such shaft walls. The roofs over all inclosed elevators shall be made of fireproof materials, with a skylight at least three-fourths the area of the shaft, made of glass set in iron frames. When the shaft does not extend to the ground the lower end shall be inclosed in fireproof material.

2. In existing hotels. In every non-fireproof building used or occupied as a hotel, in which there is an elevator not inclosed in fireproof shafts, such elevator shall be inclosed in suitable walls, constructed and arranged as required in this chapter for elevator shafts.

3. Open grill-work inclosures. Open grillwork inclosures for passenger elevators, not extending below the level of the first floor, may be erected in staircase inclosures in buildings where the entire space occupied by the stairs and elevators is inclosed in brick or stone walls, and the stairs are constructed as specified in § 440 of this chapter.]

§ [373] 374. [Protection of shafts and] Existing hoistways. 1. Gates and trap-doors. In any existing building in which there shall be any hoistway, [or freight] elevator or wellhole not already inclosed in walls constructed of brick or other fireproof material and provided with fireproof doors, the openings thereof through and upon each floor of said building shall be provided with and protected by [a] substantial guards or gates and with such good and sufficient trap-doors as may be directed and approved by the superintendent of buildings. [such guards or gates shall be kept closed at all times, except when in actual use, and the trap-doors shall be closed at the close of the business of each day by the occupant or occupants of the building having the use or control of the same. 2. Freight elevators.] When, in the opinion of the superintendent of buildings, automatic trap-doors are required to the floor openings of any unincluded [freight] elevator, the same shall be constructed so as to form a substantial floor surface when closed, and so arranged as to open and close by the action of the elevator in its passage either ascending or descending.

[3] 2. Enforcement of section. Except as otherwise provided by law or ordinance, the [Each] superintendent of buildings [within his jurisdiction] shall have [exclusive] power and authority to require the openings of hoistways, [or hoistway shafts] ele-

vators and wellholes in buildings to be enclosed or secured by trap-doors, guards or gates and railings.

3. Guards, gates and trap-doors to be closed when not in use. All guards or gates required by this section shall be kept closed at all times, except when in actual use, and the trap-doors shall be closed at the close of the business of each day, by the occupant or occupants of the building having the use or control of the same.

§ 374. Dumbwaiter shafts. All dumbwaiter shafts hereafter created in any building, except such as do not extend more than three stories above the cellar or basement in dwelling houses, shall be enclosed in suitable walls of brick or with burnt-clay blocks, set in iron frames of proper strength, or fireproof blocks strengthened with metal dowels, or such other fireproof material and form of construction as may be approved by the superintendent of buildings. Said walls or construction shall extend at least 3 feet above the roof and be covered with a skylight at least three-fourths the area of the shaft, made with metal frames and glazed. All openings in the inclosure walls or construction shall be provided with self-closing fireproof doors. When the shaft does not extend to the floor level of the lowest story, the bottom of the shaft shall be constructed of fireproof materials. In buildings erected prior to the passage of this ordinance any existing dumbwaiter shaft which extends into the cellar or lowest story, except such as do not extend more than three stories above the cellar or basement in dwelling houses, shall be enclosed in the cellar or lowest story with walls of brick 8 inches thick, unless already enclosed in some form of construction conforming to the requirements hereinbefore prescribed for new dumbwaiter shafts. All openings in said walls shall be provided with self-closing fireproof doors.]

§ 375. Protection of exterior openings. 1. When required. Every window or other opening above the first story in the exterior walls of every fireproof and non-fireproof business building, more than forty feet in height, shall, except as may be otherwise specifically provided in this chapter or by any other law or ordinance, be protected by a fire door, fire window, fire shutter, open sprinkler or other approved protective when such opening is distant in a direct line less than thirty feet from any opening in any other building and not in the same plane with said opening, or when said opening is not more than fifty feet above a neighboring roof.

2. Fire shutters to be readily opened. When fire shutters are used in exterior openings at least one row in every three vertical rows of shutters on front window openings shall be arranged to be readily opened from the outside. Distinguishing marks, satisfactory to the fire commissioner, shall be provided on these shutters.

3. Openings to fire escapes. When fire doors or fire shutters are used on exterior openings leading to fire escapes or exterior exits of any kind they shall be so arranged as not to obstruct such fire escape or exit.

4. Vertical separation of windows. In fireproof and non-fireproof business buildings hereafter erected, over forty feet in height, exterior openings above the second story that are located vertically above one another and that do not require any protective under this section, shall have not less than three feet of solid masonry between the top of one opening and the bottom of the one next above, and no such opening shall be arranged to open within one foot of the ceiling of the story in which it is located, provided, however, that part of such masonry between openings may be replaced by wire glass in fixed metal sash and frame.

5. Closing protectives. All fire doors, fire shutters and fire windows on exterior openings, unless provided with approved automatic closing devices operative from either side, shall be closed when not required to be open, and at the close of business each day by the occupant or occupants of the building having the use or control of them.

§ 376. Protectives for openings. 1. Construction. All opening protectives required or permitted under this chapter shall be constructed as prescribed in such rules, consistent with the provisions of this chapter, as may be promulgated by the superintendent of buildings, or, in the absence of such rules, as specified in the standard requirements of the National Board of Fire Underwriters; or they may be constructed in any manner and of any material that will comply with the fire test hereinafter prescribed.

2. Fire test. In testing the fireproof qualities of any opening protective a complete sample of the device of the maximum size to be approved, constructed and installed in every respect as in actual service, shall be subjected to a fire on one side, continuous for not less than one hour, at a temperature, in the case of fire doors and fire shutters increasing gradually from that of the outer air to eighteen hundred degrees Fahrenheit within the first half-hour and to two thousand degrees Fahrenheit during the second half-hour, and, in the case of fire windows, increasing gradually from that of the outer air to fifteen hundred degrees Fahrenheit within the hour, without permitting the passage of flame or the transmission of heat to a dangerous extent.

3. Use of wire glass. When wire glass is required or permitted by this chapter or the rules authorized thereunder, for fire doors, fire shutters or fire windows, the panes shall not exceed seven hundred and twenty square inches in area, and shall not be less than one-quarter inch in thickness, and shall be set not less than five-eighths of an inch in the frame. When the use of glass is permitted in any fire door or fire shutter only wire glass shall be used. For the glazing of fire window only wire glass shall be used.

§ 375. Fireproof shutters and doors. 1. Building requiring. Every building which is more than 2 stories in height above the curb level, except dwelling houses, hotels, school houses and churches, shall have doors, blinds or shutters made of iron, hung to iron hanging frames or to iron eyes built into the wall, on every exterior window and opening above the first story thereof, excepting on the front openings of buildings fronting on streets which are more than 30 feet in width or where no other buildings are within 30 feet of such openings.

2. Construction. The said doors, blinds or shutters may be constructed of pine or other soft wood of two thicknesses of matched boards at right angles with each other, and securely covered with tin on both sides and edges, with folded lapped joints, the nails for fastening the same being driven inside the lap; the hinges and bolts or latches shall be secured or fastened to the door or shutter after the same has been covered with tin, and such doors or shutters shall be hung upon an iron frame independent of the woodwork of the windows and doors, or 2 iron hinges securely fastened in the masonry; or such frames, if of wood, shall be covered with tin in the same manner as the doors and shutters.

3. Shutters opening on fire escapes. All shutters opening on fire escapes, and at least 1 row, vertically, in every 3 rows on the front window openings above the first story of any building, shall be so arranged that they can be readily opened from the outside by firemen.

4. Rolling shutters. All rolling iron or steel shutters hereafter placed in the first story of any building shall be counterbalanced so that said rolling shutters may be readily opened by the firemen.

5. Inside shutters of metal. No building hereafter erected other than a dwelling house or fireproof building shall have inside iron or steel shutters to windows above the first story.

6. Exemption. All windows and openings above the first story of any building may be provided with other suitable protection, or may be exempted from having shutters by the superintendent of buildings or the board of examiners, as the case may be.

7. Fireproof doors. All buildings specified in this section hereafter erected or altered having openings in interior walls shall be provided with suitable fireproof doors where deemed necessary by the superintendent of buildings.

8. Closing shutters and doors. All occupants of buildings shall close all exterior and interior fireproof shutters, doors and blinds at the close of the business of each day.]

Section 2. Sub-division 2 of § 447 of Article 21 of Chapter 5 of the Code of Ordinances of The City of New York is hereby repealed.

Section 3. The provisions of this ordinance shall take effect three months after its adoption by the Board of Aldermen.

ORIGINAL.

AN ORDINANCE relating to safeguards against spread of fire in the City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. Article 18 of Chapter 5 of the Code of Ordinances of The City of New York is hereby amended to read as follows:

ARTICLE 18.

[Fire walls and shafts.

Section 370. Restriction upon area of stores, warehouses and factories.

371. Light and vent shafts.

372. Inclosure of elevator shafts.

373. Protection of shafts and hoistways.

374. Dumb-waiter shafts.
375. Fireproof shutters and doors.]
Safeguards against spread of fire.

Section 370. Definitions.

371. Fire walls.
372. Fire partitions.
373. Shafts.
374. Existing hoistways.
375. Protection of exterior openings.
376. Opening protectives.
- § 370. Definitions. For the purposes of this chapter,
a—a fire wall is any wall built for the purpose of restricting the area subject to the spread of fire;
b—a fire partition is a subdividing partition built for the purpose of protecting life by providing an area of refuge;
c—a shaft is an inclosed space extending through one or more stories of a building connecting a series of two or more openings in successive floors, or floors and roof;
d—an open shaft is one that extends through the roof of a building and is open to the outer air at the top;
e—a vent shaft is one used solely to ventilate or light, or both, one or more water-closet compartments or bathrooms;
f—an elevator shaft is one that encloses any device used for carrying persons on things upward or downward;
g—a dumbwaiter shaft is an elevator shaft which has a cross-sectional area at any point of nine square feet or less, and in which the device is used only for the carrying of things;
h—the term “self-closing,” as applied to a fire door or other opening protective, means closing automatically after having been opened for use;
i—the term “automatic,” as applied to a fire door or other opening protective, means normally held in an open position and automatically closing by the action of some approved releasing device.
- § 371. Fire walls. 1. Construction. Fire walls shall be constructed of any form of approved masonry or reinforced concrete permitted by this chapter for the exterior walls of the building in which it is erected. The thickness shall not be less than that required for the exterior walls. In non-fireproof buildings fire walls shall be continuous from the foundation to the roof and provided above the roof with a parapet wall as specified in § 259 of this chapter.
2. Openings. No opening in a fire wall shall exceed eighty square feet in area, and the aggregate width of all openings at any level shall not exceed twenty-five per cent. of the length of the wall, except that in the first story of buildings equipped throughout with an approved system of automatic sprinklers, larger openings and a greater percentage of wall length may be used by the special written permission of the superintendent of buildings stating the reason for such allowance. Every opening in a fire wall shall be protected on each side of the wall with an approved automatic fire door. When any fire wall serves also as a fire division partition it shall have no openings other than door openings not exceeding forty-eight square feet in area, and one of the automatic fire doors at each opening shall be replaced by a self-closing fire door.

§ 372. Fire Partitions. 1. Construction. Fire partitions shall be constructed of the materials and in the manner herein specified, as follows:

- a—approved masonry;
b—any form of fireproof partition, constructed as required in § 355 of this chapter, provided, (1) that such partition is supported on each story on fireproof construction, (2) that, unless otherwise approved after the three hours' fire test herein provided, the thicknesses are not less than eight inches for brick, not less than six inches for stone or cinder concrete, or hollow blocks of terra cotta, concrete or gypsum, and not less than four inches for stone or cinder concrete if properly reinforced with steel, (3) that, unless constructed of expanded metal or wire lath and cement mortar of a finished thickness of not less than two and one-half inches, metal lath construction shall not be used, and (4) that all openings in partitions of hollow building blocks, gypsum or metal lath construction, shall be adequately reinforced with steel; or
c—any material and form of construction that may be approved by the superintendent of buildings as conforming to the requirements of the fire test prescribed in subdivision 3, § 355 of this chapter, provided, however, that for fire partitions the duration of such test shall be not less than three hours and that such partitions shall be supported at each story on fireproof construction.
2. In non-fireproof buildings. In non-fireproof buildings fire partitions, if required in any story, shall be continuous through all stories from the foundation to the roof, provided that if any of the floors of the building are of fireproof construction for their full extent and all stairways are enclosed in approved fireproof construction, fire partitions shall be required to be continuous only from one such fireproof floor to another or to the roof. Any such fire partition shall be deemed continuous, even though the several parts are not directly over one another in successive stories, if the intervening floors at the levels where offsets occur, are of fireproof construction and all parts not supported directly on the foundations are carried on fireproof construction. Fire partitions shall be carried at least three feet above any non-fireproof roof.
3. Openings. Fire partitions shall have no openings other than the required door openings. No such door opening shall exceed forty-eight square feet in area. If more than one door opening is required, the distance, measured along the line of the fire partition, between any door and the next one shall not be more than sixty feet. Every opening in a fire partition shall be protected by an approved self-closing fire door.

§ 373. Shafts. 1. When required. Unless otherwise specifically provided by any other law or ordinance, shafts as in this section described and specified shall be provided in all fireproof and non-fireproof buildings for every series of floor openings, except stairways, hereafter placed or constructed in any such building, whether for air, light, elevator or any other purpose, or hereafter altered so as to enlarge any of such openings or to change their use. The provisions of this section shall not, however, be taken to apply to ducts permitted by Article 19 of this chapter.

2. Open shafts. All open shafts hereafter placed in any building shall be constructed of approved masonry or reinforced concrete, and of the thicknesses required for exterior walls, provided that for shaft walls not exceeding ten feet in length the thickness may be reduced to not less than eight inches for the uppermost forty feet and four inches more for each lower section of forty feet.

3. Shafts exceeding nine square feet in area. Except as hereinafter provided in this section, all shafts hereafter erected in any building and having a cross-sectional area at any point within the enclosing walls of more than nine square feet, and all existing shafts hereafter enlarged so that the cross-sectional area at any point exceeds nine square feet shall be constructed in the manner and of the materials and thicknesses prescribed in subdivision 1, § 372 of this article for fire partitions, or subdivision 2 of this section for open shafts.

4. Shafts not exceeding nine square feet in area. All shafts hereafter erected in any building and having a cross-sectional area at any point of nine square feet or less, except as hereafter provided in this section, shall be constructed of approved masonry, reinforced concrete, or any material or form of construction, not less than two inches thick, permitted under the provisions of § 355 of this chapter as permanent fireproof partitions, set in a steel frame of proper strength or suitably reinforced with metal dowels, or in such other manner as may be approved by the superintendent of buildings.

5. Elevator shafts in existing residence buildings. In existing residence buildings which have not more than fifteen sleeping rooms any elevator shaft hereafter erected, when the available space does not permit of the construction required by subdivision 3 of this section, may be constructed as required by subdivision 4 of this section.

6. Non-fireproof shafts. Vent shafts hereafter erected in non-fireproof residence buildings, when extending through not more than one story in height, carried not less than three feet above the roof and covered with a ventilating skylight of metal and glass, and dumb-waiter shafts hereafter erected that do not extend more than three stories above the cellar or basement in residence buildings occupied by not more than two families or having not more than fifteen sleeping rooms, may be built of wood filled in solidly with brick or other approved incombustible material, or covered on the inside with plaster or plaster board or metal lath, or with sheet metal not less than one-sixteenth of an inch in thickness, provided that the part of any

such dumbwaiter shaft which extends into the cellar shall be enclosed in eight-inch brick walls.

7. Existing elevators. In every non-fireproof public building all elevators not already enclosed in fireproof shafts shall be enclosed in walls constructed and arranged as in this section required for elevator shafts.

8. Existing dumbwaiter shafts. Any existing dumbwaiter shaft which extends into the cellar or basement, except such as do not extend more than three stories above the cellar or basement in residence buildings, shall be enclosed in the cellar or basement with walls or brick eight inches thick or other fireproof construction approved by the superintendent of buildings, unless already enclosed in some form of construction conforming to the requirements of subdivision 4 of this section.

9. Openings. a. In open shafts having a cross-sectional area at any point of thirty-six square feet or less, hereafter erected or altered, all openings shall be protected with fire doors, fire shutters or fire windows.

b. In vent shafts, hereafter erected or altered, except non-fireproof vent shafts, all openings shall be provided with fire windows.

c. In elevator shafts hereafter erected or altered, all door openings shall be protected by self-closing fire doors. No other openings shall be provided in such shafts, except window openings to the outer air.

d. In dumbwaiter shafts hereafter erected or altered, there shall be no openings other than door openings protected with self-closing fire doors.

e. All other shafts not provided for in this subdivision, hereafter erected or altered, shall have all openings protected with self-closing fire doors.

10. Enclosure at top. All shafts hereafter erected or altered to extend into the top story of any non-fireproof building shall be carried through and not less than three feet above the roof, of the same materials and construction as required for the shaft within the building. Every shaft extending above the roof, except open shafts, shall be enclosed at the top with a roof of fireproof construction and a metal skylight of at least three-fourths the area of the shaft in the top story, except that the skylight herein required may be replaced by a window of equivalent area in the side of the shaft provided the sill of such window is not less than three feet above the roof and the window does not face a property line within ten feet. Any shaft that does not extend into the top story of the building shall have the top enclosed with fireproof construction.

11. Enclosure at bottom. The bottom of every shaft, hereafter erected or altered, except vent shafts, shall be enclosed with fireproof construction.

12. Elevator machinery compartment. When any compartment which contains machinery for operating an elevator communicates with an elevator shaft it shall be enclosed with partitions of the same materials and construction as required for the shaft, and shall have fire doors on the openings.

13. Number of elevators restricted in shaft. Not more than two elevators shall be placed hereafter in any one shaft, and where there are only two elevators in any building they shall be placed in separate shafts.

[§ 371. Light and vent shafts. In every building hereafter erected or altered, all the walls or partitions forming interior light or vent shafts shall be built of brick or such other fireproof materials as may be approved by the superintendent of buildings. The walls of all light or vent shafts, whether exterior or interior, hereafter erected, shall be carried up not less than 3 feet above the level of the roof, and the brick walls coped as other parapet walls. Vent shafts to light interior bathrooms in private dwellings may be built of wood filled in solidly with brick or hard-burnt clay blocks, when extending through not more than 1 story in height, and carried not less than 2 feet above the roof, covered with a ventilating skylight, of metal and glass.

§ 372. Inclosure of elevator shaft. 1. In new buildings. All elevators hereafter placed in any building, except such fireproof buildings as have been or may be hereafter erected, shall be inclosed in suitable walls of brick or with a suitable framework of iron and burnt-clay filling, or of such other fireproof material and form of construction as may be approved by the superintendent of buildings, except that the inclosure walls in non-fireproof buildings over 5 stories high, used as warehouses or factories shall be of brick. If the inclosure walls are of brick, laid in cement mortar, and not used as bearing walls, they may be 8 inches in thickness for not more than 50 feet of their uppermost height, and increasing in thickness 4 inches for each lower 50 feet portion or part thereof. Said walls or construction shall extend through and at least 3 feet above the roof. All openings in the said walls shall be provided with fireproof shutters or fireproof doors, made solid for 3 feet above the floor level, except that the doors used for openings in buildings intended for the occupancy of one family may be of wood covered on the inner surface and edges with metal, not including the openings in the cellar, nor above the roof in any such shaft walls. The roofs over all inclosed elevators shall be made of fireproof materials, with a skylight at least three-fourths the area of the shaft made of glass set in iron frames. When the shaft does not extend to the ground the lower end shall be inclosed in fireproof material.

2. In existing hotels. In every non-fireproof building used or occupied as a hotel, in which there is an elevator not inclosed in fireproof shafts, such elevator shall be inclosed in suitable walls, constructed and arranged as required in this chapter for elevator shafts.

3. Open grill-work inclosures. Open grillwork inclosures for passenger elevators, not extending below the level of the first floor, may be erected in staircase inclosures in buildings where the entire space occupied by the stairs and elevators is inclosed in brick or stone walls, and the stairs are constructed as specified in § 440 of this chapter.]

[§ 373] 374. [Protection of shafts and] Existing hoistways. 1. Gates and trap-doors. In any existing building in which there shall be any hoistway, [or freight] elevator or wellhole not already inclosed in walls constructed of brick or other fireproof material and provided with fireproof doors, the openings thereof through and upon each floor of said building, shall be provided with and protected by [a] substantial guards or gates and with such good and sufficient trap-doors as may be directed and approved by the superintendent of buildings. [Such guards or gates shall be kept closed at all times, except when in actual use, and the trap-doors shall be closed at the close of the business of each day by the occupant or occupants of the building having the use or control of the same.] [2. Freight elevators.] When, in the opinion of the superintendent of buildings, automatic trap-doors are required to the floor openings of any unclosed [freight] elevator, the same shall be constructed so as to form a substantial floor surface when closed, and so arranged as to open and close by the action of the elevator in its passage either ascending or descending.

[3] 2. Enforcement of section. Except as otherwise provided by law or ordinance, the [Each] superintendent of buildings [within his jurisdiction] shall have [exclusive] power and authority to require the openings of hoistways, [or hoistway shafts] elevators and well holes in buildings to be enclosed or secured by trapdoors, guards or gates and railings.

3. Guards, gates and trap-doors to be closed when not in use. All guards or gates required by this section shall be kept closed at all times, except when in actual use, and the trap-doors shall be closed at the close of the business of each day, by the occupant or occupants of the building having the use or control of the same.

[§ 374. Dumbwaiter shafts. All dumbwaiter shafts hereafter created in any building, except such as do not extend more than three stories above the cellar or basement in dwelling houses, shall be enclosed in suitable walls of brick or with burnt-clay blocks, set in iron frames of proper strength, or fireproof blocks strengthened with metal dowels, or such other fireproof material and form of construction as may be approved by the superintendent of buildings. Said walls or construction shall extend at least 3 feet above the roof and be covered with a skylight at least three-fourths the area of the shaft, made with metal frames and glazed. All openings in the inclosure walls or construction shall be provided with self-closing fireproof doors. When the shaft does not extend to the floor level of the lowest story, the bottom of the shaft shall be constructed of fireproof materials. In buildings erected prior to the passage of this ordinance any existing dumbwaiter shaft which extends into the cellar or lowest story, except such as do not extend more than three stories above the cellar or basement in dwelling houses, shall be enclosed in the cellar or lowest story with walls of brick 8 inches thick, unless already enclosed in some form of construction conforming to the requirements hereinbefore prescribed for new dumbwaiter shafts. All openings in said walls shall be provided with self-closing fireproof doors.]

§ 375. Protection of exterior openings. 1. When required. In addition to the protection of openings required elsewhere in this chapter, or by any other law or ordinance, fire doors, fire windows, fire shutters, open sprinklers or other approved protectives, shall be provided on every window or other opening above the first story in the exterior walls of every fireproof and non-fireproof business building, more than

forty feet in height, except openings distant in a direct line more than thirty feet from any other exterior opening not in the same vertical plane, or more than fifty feet above a neighboring roof.

2. Fire shutters to be readily opened. When fire shutters are used in exterior openings at least one row in every three vertical rows of shutters on front window openings shall be arranged to be readily opened from the outside. Distinguishing marks, satisfactory to the Fire Commissioner, shall be provided on these shutters.

3. Openings to fire escapes. When fire doors or fire shutters are used on exterior openings leading to fire escapes or exterior exits of any kind they shall be self-closing and so arranged as not to obstruct such fire escape or exit.

4. Vertical separation of windows. In fireproof and non-fireproof business buildings over forty feet in height, exterior openings that are located vertically above one another and that do not require any protectives under this section, shall have not less than three feet of solid masonry between the top of one opening and the bottom of the one next above, and no such opening shall be arranged to open within one foot of the ceiling of the story in which it is located, provided, however, that part of such masonry between openings may be replaced by wire glass in fixed metal sash and frame.

5. Closing protectives. All fire doors, fire shutters and fire windows on exterior openings, unless provided with approved automatic closing devices operative from either side, shall be closed when not required to be open, and at the close of business each day by the occupant or occupants of the building having the use or control of them.

§ 376. Opening protectives. 1. Construction. All opening protectives required or permitted under this chapter shall be constructed as prescribed in such rules, consistent with the provisions of this chapter, as may be promulgated by the superintendents of buildings, or, in the absence of such rules, as specified in the standard requirements of the National Board of Fire Underwriters; or they may be constructed in any manner and of any material that will comply with the fire test hereinafter prescribed.

2. Fire test. In testing the fireproof qualities of any opening protective a complete sample of the device of the maximum size to be approved, constructed and installed in every respect as in actual service, shall be subjected to a fire on one side, continuous for not less than one hour, at a temperature, in the case of fire doors and fire shutters increasing gradually from that of the outer air to eighteen hundred degrees Fahrenheit within the first half hour and to two thousand degrees Fahrenheit during the second half hour, and in the case of fire windows, increasing gradually from that of the outer air to fifteen hundred degrees Fahrenheit within the hour, without permitting the passage of flame or the transmission of heat to a dangerous extent.

3. Use of wire glass. When wire glass is required or permitted by this chapter or the rules authorized thereunder, for fire doors, fire shutters or fire windows, the panes shall not exceed seven hundred and twenty square inches in area, and shall not be less than one-quarter inch in thickness, and shall be set not less than five-eighths of an inch in the frame. When the use of glass is permitted in any fire door or fire shutter only wire glass shall be used. For the glazing of fire windows only wire glass shall be used.

§ 375. Fireproof shutters and doors. 1. Buildings requiring every building which is more than two stories in height above the level, except dwelling houses, hotels, school houses and churches, shall have doors, blinds or shutters made of iron, hung to iron hanging frames or to iron eyes built into the wall, on every exterior window and opening above the first story thereof, excepting on the front openings of buildings fronting on streets which are more than 30 feet in width or where no other buildings are within 30 feet of such openings.

2. Construction. The said doors, blinds or shutters may be constructed of pine or other soft wood of two thicknesses of matched boards at right angles with each other, and securely covered with tin on both sides and edges, with folded lapped joints, the nails for fastening the same being driven inside the lap; the hinges and bolts or latches shall be secured or fastened to the door or shutter after the same has been covered with the tin, and such doors or shutters shall be hung upon an iron frame independent of the woodwork of the windows and doors, or 2 iron hinges securely fastened in the masonry; or such frames, if of wood, shall be covered with tin in the same manner as the doors and shutters.

3. Shutters opening on fire-escapes. All shutters opening on fire-escapes, and at least 1 row, vertically, in every 3 rows on the front window openings above the first story of any building shall be so arranged that they can be readily opened from the outside by firemen.

4. Rolling shutters. All rolling iron or steel shutters hereafter placed in the first story of any building shall be counterbalanced so that said rolling shutters may be readily opened by the firemen.

5. Inside shutters of metal. No buildings hereafter erected other than a dwelling house or fireproof building shall have inside iron or steel shutters to windows above the first story.

6. Exemption. All windows and openings above the first story of any building may be provided with other suitable protection, or may be exempted from having shutters by the superintendent of buildings or the board of examiners, as the case may be.

7. Fireproof doors. All buildings specified in this section hereafter erected or altered having openings in interior walls shall be provided with suitable fireproof doors where deemed necessary by the superintendent of buildings.

8. Closing shutters and doors. All occupants of buildings shall close all exterior and interior fireproof shutters, doors and blinds at the close of the business of each day.]

Section 2. Subdivision 2 of § 447 of Article 21 of Chapter 5 of the Code of Ordinances of the City of New York is hereby repealed.

Section 3. The provisions of this ordinance shall take effect three months after its adoption by the Board of Aldermen.

Report of the Committee on Buildings in Favor of Adopting Ordinance Relative to Roofing and Roof Structures in The City of New York.

The Committee on Buildings, to which was referred on September 21, 1915 (Minutes, page 277), the annexed ordinance relating to roofing and roof structures in The City of New York, respectfully

REPORTS:

That it held a public hearing on this subject at which some changes in terms were suggested. It has amended the ordinance in such a manner as to meet the objections raised at said hearing in a fair and equitable manner, and it now recommends that the accompanying substitute ordinance be adopted.

SUBSTITUTE.

AN ORDINANCE relating to roofing and roof structures in The City of New York. Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Article 20 of Chapter 5 of the Code of Ordinances of The City of New York is hereby amended to read as follows:

ARTICLE 20.

[Construction above roof.

- Section 420. Mansard roofs.
- 421. Roofing and leaders.
- 422. Cornices and gutters.
- 423. Bulkheads and scuttles.
- 424. Staging or stands on roofs.
- 425. Sky-lights.
- 426. Tanks.]

Roofing and roof structures.

- Section 420. General.
- 421. Roofing.
- 422. Cornices and gutters.
- 423. Leaders.
- 424. Sky-lights.
- 425. Scuttles.
- 426. Roof houses.
- 427. Slanting roofs.

428. Tanks.

429. Cooling towers.

Section 420. General. Except when otherwise specifically provided for in this chapter, all construction, other than water tanks, hereafter placed above the roof of any part of any building within the fire limits or of any building more than forty feet in height outside the fire limits, shall be of incombustible materials.

Section 421. Roofing. 1. Materials. Except as otherwise in this chapter specifically provided, every roof hereafter placed on any building or part thereof, shall be covered with an approved roofing of brick, concrete, tile, slate, metal, asbestos, slag, gravel, or other approved incombustible material.

2. Planking. When wood planking or sheathing is permitted in roof construction, it shall not, in any case, extend across any side or party walls.

3. Repairs. No roofing on any existing roof shall be renewed or repaired, except in conformity with the requirements of this section, provided, however, that when the renewal or necessary repairs do not constitute more than one-fourth of the roofing in any one roof surface, the new work may be made to conform to the existing roofing.

Section 422. Cornices and gutters. 1. Construction. All cornices inclusive of those on show windows, and gutters, hereafter placed on the exterior of any building, except buildings that are permitted to be of frame construction, shall be of incombustible materials. When constructed of sheet metal they shall be riveted in the seams at intervals of not more than five inches. Cornices shall be secured to the walls with metal framing or anchors, spaced not more than four feet apart, and extending not less than four inches into the wall at top and bottom.

2. Repairs. All cornices or gutters that may now be or that may hereafter become unsafe shall be taken down, and if replaced, shall be constructed to conform to the requirements for new cornices, except that when any such cornice or gutter is not damaged to a greater extent than one-half, it may be repaired with the same material as originally constructed.

Section 420. Mansard roofs. If mansard or other roof of like character having a pitch of over 60 degrees be placed on any building, except a wood building, or a dwelling house not exceeding 3 stories nor more than 40 feet in height, it shall be constructed of iron rafters and lathed with iron or steel on the inside and plastered, or filled in with fireproof material not less than 3 inches thick and covered with metal, slate or tile.

Section 421. Roofing and leaders. 1. Roofing. The planking and sheathing of the roofs of buildings shall not in any case be extended across the side or party wall thereof. Every building and the tops and sides of every dormer window thereon shall be covered and roofed with brick, tile, slate, tin, copper, iron; or plastic slate, asphalt, slag, or gravel may be used, provided such roofing shall be composed of not less than 5 layers of roofing felt, cemented together and finished with not less than 10 gallons of coal tar, pitch or asphalt to each 100 square feet of roof, or such other quality of fireproof roofing as the Superintendent of Buildings, under his certificate, may authorize, and the outside of the frames of every dormer window hereafter placed upon any building shall be made of some fireproof material. No wood building within the fire limits more than two storeys or above 20 feet in height above the curb level to the highest part thereof, which shall require roofing, shall be roofed with any other roofing or covered except as aforesaid. Nothing in this section shall be construed to prohibit the repairing of any shingle roof, provided the building is not altered in height.]

Section 423. [2.] Leaders. All buildings shall be [kept] provided with proper [metallic] leaders for conducting water from the roofs [in such manner as shall protect the walls and foundations of said buildings from injury]. In no case shall the water from leaders be allowed to flow upon the sidewalk, but [the same] it shall be conducted by pipe or pipes to [a] the sewer. If there be no sewer in the street [upon which such buildings front], then the water from [said] the leader shall be conducted by proper pipe or pipes, below the surface [of the sidewalk] to a street gutter, or to a cesspool.

Section 422. Cornices and gutters. On all buildings hereafter erected within the fire limits, the exterior cornices, inclusive of those on show windows, and gutters shall be of some fireproof material. All fireproof cornices shall be well secured to the walls with iron anchors, independent of any woodwork. In all cases the walls shall be carried up to the planking of the roof. Where the cornice projects above the roof the walls shall be carried up to the top of the cornice. The party walls shall in all cases extend up above the planking of the cornice and be coped. All exterior wooden cornices that may now be or that may hereafter become unsafe or rotten shall be taken down, and if replaced, shall be constructed of some fireproof material. All exterior cornices of wood or gutters that may hereafter be damaged by fire to the extent of one-half shall be taken down, and if replaced shall be constructed of some fireproof material; but if not damaged to the extent of one-half, the same may be repaired with the same kind of material of which they were originally constructed.

Section 423. Bulkheads and scuttles. Bulkheads used as inclosures for tanks and elevators, and coverings for the machinery of elevators and all other bulkheads, including the bulkheads of all dwelling houses more than 4 stories in height hereafter erected or altered may be constructed of hollow fireproof blocks; or of wood covered with not less than 2 inches of fireproof material, or filled in the thickness of the studding with such material, and covered on all outside surfaces with metal, including both surfaces and edges of doors. All such buildings shall have scuttles or bulkheads covered with some fireproof materials, with ladders or stairs leading thereto, and easily accessible to all occupants. No scuttle shall be less in size than 2 by 3 feet.

Section 424. Staging or stands on roofs. No staging or stand shall be constructed or occupied upon the roof of any building without first obtaining the approval of the superintendent of buildings.]

Section [425] 424. Skylights. 1. Construction. All skylights [having a superficial area of more than nine square feet] hereafter placed in any building, shall have the sashes and frames thereof constructed of [iron and glass] metal. [Every fireproof roof hereafter placed on any building shall have, besides the usual scuttle or bulkhead, a skylight or skylights of a superficial area equal to not less than 1-15 the superficial area of such fireproof roof. Skylights hereafter placed in public buildings, over any passageway or room of public resort, shall have immediately underneath the glass thereof a wire netting, unless the glass contains a wire netting within itself] except that skylights in foundries or buildings where acid fumes are present as an incident to the occupancy of the building may be of wood in the discretion of the superintendent of buildings. The frames and other parts of metal skylights shall be riveted or otherwise securely fastened, in addition to soldering, and shall be securely anchored to the supporting structure.

2. Glazing. Skylights placed over shafts of any kind shall be glazed with plain glass not less than three-sixteenths of an inch in thickness. No pane of glass in any such skylights hereafter placed in any building shall exceed seven hundred and twenty square inches in area.

3. Protection. Every skylight in which plain glass is used shall be protected by a wire screen placed not less than four inches nor more than ten inches above the glazed portion of the skylight at all points. Such screen shall be not lighter than No. 12 U. S. gauge, shall have a mesh of not less than three-fourths of an inch nor more than one inch, and shall extend beyond the glazing on all sides a distance not less than the height of the screen above the glazing. When any such skylight is located over any passageway or any room of public resort a similar screen shall also be placed below the skylight.

Section 425. Scuttles. Unless provided with some other means of access to the roof, every building more than fifteen feet high, except dwellings with peak roofs, shall have in the roof a scuttle, with a substantial iron ladder leading thereto. All scuttles shall be covered on the top and edges with sheet metal or other approved incombustible material. The scuttle openings shall be at least two feet by three feet in size.

Section 426. Roof houses. 1. Definitions.

a. The term bulkhead as used in this section includes all such enclosed structures above the roof of any part of a building as enclose only stairways, tanks, elevator machinery or ventilating apparatus, or shafts.

b. The term pent house as used in this section means any enclosed structure, other than a bulkhead, extending not more than twelve feet above a roof.

2. Bulkheads. The walls of any bulkhead hereafter erected on any roof of a fireproof building, shall be constructed as required for fire partitions by subdivision 1, section 372 of this chapter. Such walls may be used as bearing walls of the bulkhead roofs when they do not exceed fifteen feet in height and thirty-five feet in length, and the roof span does not exceed twelve feet. The roofs of such bulkheads shall be of fireproof construction as provided by section 354 of this chapter. The walls and roofs

of all bulkheads, unless constructed of approved masonry, shall be covered on the outside with incombustible, weatherproof material.

3. Pent houses. Every pent house shall be considered a story of the building and, except as may be otherwise specifically provided by law, its construction shall conform to the requirements for buildings of a height to which such pent house is carried; provided that when any exterior wall of such pent house sets back not less than five feet from the exterior walls of the next lower story of the building it may be constructed of brick not less than eight inches thick, or hollow building blocks not less than six inches in thickness, covered on the outside with incombustible, weatherproof material, and supported by steel or reinforced concrete girders.

4. Doors and windows. All doors and door frames in the exterior walls of bulkheads or pent houses shall be metal or metal covered wood. All windows in bulkheads or pent houses, except where otherwise specifically provided for, shall be constructed as other windows of the building similarly located.

5. Sun parlors. Nothing in this section shall prevent the erection on any roof of any building, of sun parlors or rooms for similar purposes, provided that only incombustible materials are used in the construction, and the floor of such structure is constructed as required for the roof of the building.

Section 427. Slanting roofs. 1. Construction. Every mansard or other slanting roof having a pitch of more than sixty degrees, hereafter placed on any non-fireproof building over forty feet high, shall be constructed fireproof as specified in Section 354 of this chapter.

2. Dormer windows. Every dormer window hereafter erected shall be constructed in the same manner as the roof on which it is placed. The sides and top shall be covered with any of the materials approved for roofing.

Section [426] 428. Tanks. 1. Supports. Tanks [containing] of more than 500 gallons capacity [of water or other fluid] hereafter placed in [any story], or on [the roof or above the roof of] any building [now or hereafter erected], shall be supported on masonry, reinforced concrete or steel construction [iron or steel beams] of sufficient strength [to safely carry the same; and the beams shall rest at both their ends on brick walls or on iron or steel girders or iron or steel columns or piers of masonry] and carried to a proper foundation.

2. Emergency outlet. Every such tank shall have in the bottom [Underneath any said water tank] or on the side near the bottom [of the same, there shall be] a [short] pipe or outlet, not less than four inches in diameter, fitted with a suitable quick-opening valve [having a lever or wheel handle to same; so that firemen or others can readily discharge the weight of the fluid contents from the tank, in case of necessity] for discharging the contents in an emergency.

3. Location. Such tanks [shall be placed where practicable at one corner of a building, and] shall not be placed over nor near a line of stairs or an elevator shaft, unless there is a solid roof or floor underneath the tank.

4. Covers. All unenclosed roof tanks shall have covers with proper slope. [Covers on top of water tanks placed on roofs, if of wood, shall be covered with tin.]

5. Hoops. When hoops are used in the construction of tanks they shall be of metal round in section.

Section 429. Cooling towers. Cooling towers hereafter erected above any roof shall be of incombustible material, except the drip bars, which may be of wood.

Section 2. The provisions of this article shall take effect three months after its adoption by the Board of Aldermen.

- 425. Scuttles.
- 426. Roof houses.
- 427. Slanting roofs.
- 428. Tanks.
- 429. Cooling towers.

§ 420. General. Except when otherwise specifically provided for in this chapter, all construction, other than water tanks, hereafter placed above the roof of any part of any building within the fire limits or of any building more than forty feet in height outside the fire limits, shall be of incombustible materials.

§ 421. Roofing. 1. Materials. Except as otherwise in this chapter specifically provided, every roof hereafter placed on any building or part thereof, shall be covered with an approved roofing of brick, concrete, tile, slate, metal, asbestos, slag, gravel, or other approved incombustible material.

2. Planking. When wood planking or sheathing is permitted in roof construction, it shall not, in any case, extend across any side or party walls.

3. Repairs. No roofing on any existing roof shall be renewed or repaired except in conformity with the requirements of this section, provided, however, that when the renewal or necessary repairs do not constitute more than one-fourth of the roofing in any one roof surface, the new work may be made to conform to the existing roofing.

§ 422. Cornices and gutters. 1. Construction. All cornices inclusive of those on show windows, and gutters hereafter placed on the exterior of any building, except buildings that are permitted to be of frame construction, shall be of incombustible materials. Cornices shall be secured to the walls with metal framing or anchors, spaced not more than four feet apart, and extending not less than four inches into the wall at top and bottom.

2. Repairs. All cornices or gutters that may now be or that may hereafter become unsafe shall be taken down, and if replaced, shall be constructed to conform to the requirements for new cornices, except that when any such cornice or gutter is not damaged to a greater extent than one-half, it may be repaired with the same material as originally constructed.

[§ 420. Mansard roofs. If a mansard or other roof of like character having a pitch of over 60 degrees be placed on any building, except a wood building, or a dwelling house not exceeding 3 stories nor more than 40 feet in height, it shall be constructed of iron rafters and lathed with iron or steel on the inside and plastered, or filled in with fireproof material not less than 3 inches thick and covered with metal, slate or tile.

§ 421. Roofing and leaders. 1. Roofing. The planking and sheathing of the roofs of buildings shall not in any case be extended across the side or party wall thereof. Every building and the tops and sides of every dormer window thereon shall be covered and roofed with brick, tile, slate, tin, copper, iron; or plastic slate, asphalt, slag, or gravel may be used, provided such roofing shall be composed of not less than 5 layers of roofing felt, cemented together and finished with not less than 10 gallons of coal tar, pitch or asphalt to each 100 square feet of roof, or such other quality of fireproof roofing as the Superintendent of Buildings, under his certificate, may authorize, and the outside of the frames of every dormer window hereafter placed upon any building shall be made of some fireproof material. No wood building within the fire limits more than 2 stories or above 20 feet in height above the curb level to the highest part thereof, which shall require roofing, shall be roofed with any other roofing or covered except as aforesaid. Nothing in this section shall be construed to prohibit the repairing of any shingle roof, provided the building is not altered in height.]

§ 423. [2.] Leaders. All buildings shall be [kept] provided with proper [metallic] leaders for conducting water from the roofs [in such manner as shall protect the walls and foundations of said buildings from injury]. In no case shall the water from leaders be allowed to flow upon the sidewalk, but [the same] it shall be conducted by pipe or pipes to [a] the sewer. If there be no sewer in the street [upon which such buildings front], then the water from [said] the leader shall be

conducted by proper pipe or pipes, below the surface [of the sidewalk] to a street gutter, or to a cesspool.

[§ 422. Cornices and gutters. On all buildings hereafter erected within the fire limits, the exterior cornices, inclusive of those on show windows, and gutters shall be of some fireproof material. All fireproof cornices shall be well secured to the walls with iron anchors, independent of any woodwork. In all cases the walls shall be carried up to the planking of the roof. § 424. Staging or stands on roofs. No staging or stand shall be constructed or occupied upon the roof of any building without first obtaining the approval of the superintendent of buildings.]

[§ 425] 424. Skylights. 1. Construction. All skylights [having a superficial area of more than nine square feet,] hereafter placed in any building, shall have the sashes and frames thereof constructed of [iron and glass] metal. [Every fireproof roof hereafter placed on any building shall have, besides the usual scuttle or bulkhead, a skylight or skylights of a superficial area equal to not less than 1-50 the superficial area of such fireproof roof. Skylights hereafter placed in public buildings, over any passageway or room of public resort, shall have immediately underneath the glass thereof a wire netting, unless the glass contains a wire netting within itself.] except that skylights in foundries or buildings where acid fumes are present as an incident to the occupancy of the building may be of wood in the discretion of the superintendent of buildings. The frames and other parts of metal skylights shall be riveted or otherwise securely fastened, in addition to soldering.

2. Glazing. Skylights placed over shafts of any kind shall be glazed with plain glass not less than three-sixteenths of an inch in thickness. No pane of glass in any skylight hereafter placed in any building shall exceed seven hundred and twenty square inches in area.

3. Protection. Every skylight in which plain glass is used shall be protected by a wire screen placed not less than four inches nor more than ten inches above the glazed portion of the skylight at all points. Such screen shall be not lighter than No. 12 U. S. gauge, shall have a mesh of not less than three-fourths of an inch nor more than one inch, and shall extend beyond the glazing on all sides a distance not less than the height of the screen above the glazing. When any such skylight is located over any passageway or any room of public resort a similar screen shall also be placed below the skylight.

§ 425. Scuttles. Unless provided with some other means of access to the roof, every building more than fifteen feet high, except dwellings with peak roofs, shall have in the roof a scuttle, with a substantial iron ladder leading thereto. All scuttles shall be covered on the top and edges with sheet metal or other approved incombustible material. The scuttle openings shall be at least two feet by three feet in size.

§ 426. Roof houses. 1. Definitions.

a. The term bulkhead as used in this section includes all such enclosed structures above the roof of any part of a building as enclose only stairways, tanks, elevator machinery or ventilation apparatus, or shafts.

b. The term pent house as used in this section means any enclosed structure, other than a bulkhead, extending not more than twelve feet above a roof.

2. Bulkheads. The walls of any bulkhead hereafter erected on any roof of a fireproof building shall be constructed as required for fire partitions by subdivision 1. § 372 of this chapter. Such walls may be used as bearing walls of the bulkhead roofs when they do not exceed fifteen feet in height and thirty-five feet in length, and the roof span does not exceed twelve feet. The roofs of such bulkheads shall be of fireproof construction as provided by § 354 of this chapter. The walls and roofs of all bulkheads, unless constructed of approved masonry, shall be covered on the outside with incombustible, weatherproof material.

3. Pent houses. Every pent house shall be considered a story of the building and, except as may be otherwise specifically provided by law, its construction shall conform to the requirements for buildings of a height to which such pent house is carried; provided that when any exterior wall of such pent house sets back not less than five feet from the exterior walls of the next lower story of the building it may be constructed of brick not less than eight inches thick, or hollow building blocks not less than six inches in thickness, covered on the outside with incombustible, weatherproof material, and supported by steel or reinforced concrete girders.

4. Doors and windows. All doors and door frames in the exterior walls of bulkheads or pent houses shall be metal or metal covered wood. All windows in bulkheads or pent houses, except where otherwise specifically provided for, shall be constructed as other windows of the building similarly located.

5. Sun parlors. Nothing in this section shall prevent the erection on any roof of any building, of sun parlors or rooms for similar purposes, provided that only incombustible materials are used in the construction, and the floor of such structure is constructed as required for the roof of the building.

§ 427. Slanting roofs. 1. Construction. Every mansard or other slanting roof having a pitch of more than sixty degrees, hereafter placed on any non-fireproof building over forty feet high, shall be constructed fireproof as specified in § 354 of this chapter.

2. Dormer windows. Every dormer window hereafter erected shall be constructed in the same manner as the roof on which it is placed. The sides and top shall be covered with any of the materials approved for roofing.

§ [426] 428. Tanks. 1. Supports. Tanks [containing] of more than 500 gallons capacity [of water or other fluid] hereafter placed in [any story,] or on [the roof or above the roof of] any building [now or hereafter erected], shall be supported on masonry, reinforced concrete or steel construction [iron or steel beams] of sufficient strength [to safely carry the same; and the beams shall rest at both their ends on brick walls or on iron or steel girders or iron or steel columns or piers of masonry] and carried to a proper foundation.

2. Emergency outlet. Every such tank shall have in the bottom [Underneath any said water tank] or on the side near the bottom [of the same, there shall be] a [short] pipe or outlet, not less than four inches in diameter, fitted with a suitable quick-opening valve [having lever or wheel handle to same; so that firemen or others can readily discharge the weight of the fluid contents from the tank, in case of necessity] for discharging the contents in an emergency.

3. Location. Such tanks [shall be placed where practicable at one corner of a building, and] shall not be placed over nor near a line of stairs or an elevator shaft, unless there is a solid roof or floor underneath the tank.

4. Covers. All unenclosed roof tanks shall have covers with proper slope. [Covers on top of water tanks placed on roofs, if of wood, shall be covered with tin.]

5. Hoops. When hoops are used in the construction of tanks they shall be of metal round in section.

§ 429. Cooling towers. Cooling towers hereafter erected above any roof shall be of incombustible material, except the drip bars which may be of wood.

Section 2. The provisions of this article shall take effect three months after its adoption by the Board of Aldermen.

Report of the Committee on Buildings in Favor of Adopting Ordinance Relative to Safeguards During Construction or Demolition of Buildings in The City of New York.

The Committee on Buildings, to which was referred on September 21, 1915 (Min-

utes, page 280), the annexed ordinance relating to safeguards during construction or demolition of buildings in The City of New York, respectfully

REPORTS:

That it held a public hearing at which some minor objections to certain of the terms of this ordinance were voiced. It has amended the ordinance to cover these points wherever considered important, and recommends that the accompanying substitute ordinance be adopted.

SUBSTITUTE.

AN ORDINANCE relating to Safeguards During Construction or Demolition of buildings in The City of New York.

Be It Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Article 10 of Chapter 5 of the Code of Ordinances of The City of New York is hereby amended to read as follows:

ARTICLE 10.

Safeguards during construction or demolition.

- [Section 190. Sidewalk sheds.
- 191. Scaffolding.
- 192. Inclosure of windows.
- 193. Roofs and skylights of adjoining buildings.
- 194. Enforcement of article.]

Section 190. Enforcement of article.

- 191. Sidewalk sheds.
- 192. Temporary fence.
- 193. Roofs and skylights of adjoining buildings.
- 194. Scaffolding.
- 195. Floors to be filled in or covered over.
- 196. Protection of floor openings.
- 197. Weather protection.
- 198. Cellar drainage.
- 199. Overloading prohibited.
- 200. Precautions during demolition.

§ 190. Enforcement of article. Except as may be otherwise provided by any law or ordinance, the provisions of this article shall be enforced by the superintendent of buildings, and all safeguards required by the provisions of this article or by any rules authorized thereunder shall be subject to the supervision of the bureau of buildings. The superintendent of buildings shall, from time to time, adopt such rules, consistent with the provisions of this article, as may be necessary to secure fully the protection of persons and property. In case any safeguard shall not be provided as prescribed by this article, the superintendent of buildings shall cause a notice to be served personally upon the person whose duty it may be to provide the same or upon the owners of the buildings affected, requiring such safeguards and specifying the manner in which the same shall be erected. If such safeguard is not provided as required in such notice, within three days after the service thereof, the superintendent of buildings shall have full power and authority to provide or cause the same to be provided as herein specified. All expenses connected with same may become a lien on the property inclosed or protected, which lien may be created and enforced in the same manner as now provided in § 652 of this chapter.

§ 191. Sidewalk sheds. Whenever any building or part thereof, within ten feet of the building line, is to be erected or raised to exceed forty feet in height, or whenever such a building more than forty feet in height is to be demolished, the owner, or the person doing or causing such work to be done shall erect and maintain during such work a substantial shed over the sidewalk in front of said building and extending, so far as practicable, from building line to curb. Such shed shall remain in place until the building is enclosed or, in case of a demolition, until the building has been reduced to twenty feet in height. Every such shed shall be kept properly lighted at night.

§ 192. Temporary fence. In any building operation that does not require a sidewalk shed as provided in § 191 of this article, the owner or person doing or causing such work to be done, shall, unless relieved by a general rule of the superintendent of buildings or a special permit from him, erect and maintain in front of the building during such building operation, a substantial fence not less than eight feet high, of wood or other suitable material. Such fence may extend not more than six feet into the highway, and shall be built solid for its full length except for such openings, provided with sliding doors or doors swinging inwards, as may be necessary for a proper prosecution of the work.

§ 193. Roofs and skylights of adjoining buildings. When any building is to be carried above the roof of an adjoining building, proper means for the protection of the skylights and roof of such adjoining building shall be provided, at his own expense, by the person constructing or causing the construction of such building, provided that, if the owner, lessee or tenant of the adjoining building should refuse permission to have the roofs and skylights so protected, the responsibility and expense for the necessary protection shall devolve on the person refusing this permission.

§ 194. Scaffolding. All scaffolds used in connection with the erection, alteration or demolition of any building shall be constructed in a manner to secure the safety of the workmen on them and of all persons passing under or near them. All scaffolds used on or about buildings at a height of more than twenty feet above the street or ground level, or a floor, except scaffolding wholly within the interior of a building and covering the entire floor space of any room therein, shall be provided along the outer edges and ends with substantial railings or enclosures of wire mesh or other suitable material, extending at least three feet above the working platform.

§ 195. Floors to be filled in or covered over. If the floors of any building are to be of fireproof construction the floor filling shall be completed as the building progresses. If the floors consist of wood beams the under-flooring, when double flooring is to be used, shall be laid on each story as the building progresses; when double floors are not to be used, the floors two stories below the story where the work is being performed shall be kept planked over. If the floor beams are of iron or steel, the entire tier of iron or steel beams on which the structural iron or steel work is being erected, except such spaces as may be reasonably required for the proper construction of such iron or steel work, and for the raising or lowering of materials to be used in the construction of such building, or such spaces as may be designated by the approved plans for stairways and shafts shall be thoroughly planked over.

§ 196. Protection of floor openings. All floor openings within a building in the course of construction shall be enclosed or fenced in on all sides by a barrier of suitable height, except on those sides which may be used for the handling of materials hoisted through such openings, or at which stairs or ladders land, provided, that such sides, other than landings, shall be guarded by an adjustable barrier not less than three nor more than four feet from the floor and not less than two feet from the edge of such opening.

§ 197. Weather protection. Whenever permission has been given under any of the provisions of this chapter to enter any adjoining building the person who receives such permission or who is responsible for the work requiring such permission, shall provide for such adjoining building adequate protection against the weather.

§ 198. Cellar drainage. Before the foundation walls of any building are completed provision shall be made to prevent water accumulating in the excavation or cellar to the injury of the foundation, and if there is a sewer in the street the cellar shall also be connected therewith.

§ 199. Overloading prohibited. No building or part thereof, or any temporary support or scaffolding in connection therewith, shall be loaded during erection, alteration or demolition in excess of its safe carrying capacity.

§ 200. Precautions during demolition. In demolishing any building or part thereof, story after story shall be completely removed. No material shall be stored upon a floor of any building in the course of demolition, but old material shall be lowered to the ground immediately upon displacement. The material to be removed shall be properly wet to lay the dust incident to its removal.

§ 190. Sidewalk sheds. Whenever buildings shall be erected or increased to over 65 feet in height, upon or along any street, the owner, builder or contractor constructing or repairing such buildings shall have erected and maintained during such construction or repair a shed over the sidewalk in front of said premises, extending from building line to curb, the same to be properly, strongly and tightly constructed, so as to protect pedestrians and others using such streets.

§ 191. Scaffolding. Whenever outside scaffolds are required to carry on the construction of buildings over 85 feet in height, whether the same be constructed by poles or thrust-out scaffold, there shall be erected on its outer edge and ends an inclosure of wire netting of not over 2-inch mesh, or of boards not less than 3/4 of an inch thick, placed not over 1 1/2 inches apart, well secured to uprights not less than 2 inches by 4 inches, fastened to planks or timbers, and resting on put logs or thrust outs. The said inclosure shall be carried up at least 5 feet in advance above the level on which the

workmen employed on said front are working. The said thrust outs shall be not less than 3 by 10, of spruce or yellow pine, and to be doubled or tripled, as may be required for the load to be carried, and to be thoroughly braced and secured; or said timbers can be in one stick, if proportioned to the load. The flooring on thrust outs and put logs shall be tightly constructed with plank. This said floor and inclosure shall not be removed until a like floor and inclosure is already prepared and in position on the story above.

§ 192. Inclosure of windows. In all buildings over 85 feet in height, during construction or alteration, the windows on each floor above the second shall be properly inclosed as soon as the story is built.

§ 193. Roofs and sky-lights of adjoining buildings. If the walls of such buildings are carried upon 2 stories or more above the roofs of adjoining buildings, proper means shall be provided and used for the protection of sky-lights and roofs of such adjoining buildings. The protection over sky-lights shall be of stout wire netting not over 3/4-inch mesh, on stout timbers, and properly secured. Should said adjoining owner, tenant or lessee refuse to grant permission to have said roofs and sky-lights so protected, such refusal by said owner, tenant or lessee shall relieve the owner of the building in course of construction from any responsibility for damage done to persons or property on or within the premises affected.

§ 194. Enforcement of article. All sheds and inclosures required by the provisions of this article shall be subject to the inspection of the bureau of buildings. In case any necessary inclosure or protection shall not be erected, as prescribed by this section, the superintendent of buildings shall cause a notice to be served personally upon the owner or his authorized agent, constructing or repairing such buildings, or the owner, tenant or lessee of adjoining premises requiring the provision of such inclosure or protection, specifying the manner in which the same shall be erected. If such inclosure or protection is not erected, strengthened or modified as provided in such notice, within 3 days after the service thereof, the said superintendent shall have full power and authority to cause the same to be so erected and the skylights to be protected as herein provided. All expenses connected with same may become a lien on the property in interest so inclosed and protected, which lien may be created and enforced in the same manner as now provided for in § 652 of this chapter.

Section 2. The provisions of this ordinance shall take effect three months after its adoption by the Board of Aldermen.

All expenses connected with same may become a lien on the property inclosed or protected, which lien may be created and enforced in the same manner as now provided in § 652 of this chapter.

§ 191. Sidewalk sheds. Whenever any building or part thereof, within ten feet of the building line, is to be erected or raised to exceed forty feet in height, or whenever such a building more than forty feet in height is to be demolished, the owner, or the person doing or causing such work to be done shall erect and maintain during such work a substantial shed over the sidewalk in front of said building and extending, so far as practicable, from building line to curb. Such shed shall remain in place until the building is enclosed or, in case of a demolition, until the building has been reduced to twenty feet in height. Every such shed shall be kept properly lighted at night.

§ 192. Temporary fence. In any building operation that does not require a sidewalk shed as provided in § 191 of this article, the owner or person doing or causing such work to be done, shall, unless relieved by a general rule of the superintendent of buildings, or a special permit from him, erect and maintain in front of the building during such building operation, a substantial fence not less than eight feet high, of wood or other suitable material. Such fence may extend not more than six feet into the highway, and shall be built solid for its full length except for such openings, provided with sliding doors or doors swinging inwards, as may be necessary for a proper prosecution of the work.

§ 193. Roofs and skylights of adjoining buildings. When any building is to be carried more than fifteen feet above the roof of any adjoining building, proper means for the protection of the skylights and roof of such adjoining building shall be provided, at his own expense, by the person constructing or causing the construction of such building, provided that, if the owner, lessee or tenant of the adjoining building should refuse permission to have the roof and skylights so protected, the responsibility and expense for the necessary protection shall devolve on the person refusing this permission.

§ 194. Scaffolding. All scaffolds used in connection with the erection, alteration or demolition of any building shall be constructed in a manner to secure the safety of the workmen on them and of all persons passing under or near them. All scaffolds used on or about buildings at a height of more than twenty feet above the street or ground level, or a floor, except scaffolding wholly within the interior of a building and covering the entire floor space of any room therein, shall be provided along the outer edges and ends with substantial railings or enclosures of wire mesh or other suitable material, extending at least three feet above the working platform.

§ 195. Floors to be filled in or covered over. If the floors of any building are to be of fireproof construction the floor filling shall be completed as the building progresses. If the floors consist of wood beams the under-flooring, when double flooring is to be used, shall be laid on each story as the building progresses; when double floors are not to be used, the floors two stories below the story where the work is being performed shall be kept planked over. If the floor beams are of iron or steel, the entire tier of iron or steel beams on which the structural iron or steel work is being erected, except such spaces as may be reasonably required for the proper construction of such iron or steel work, and for the raising or lowering of materials to be used in the construction of such building, or such spaces as may be designated by the approved plans for stairways and shafts shall be thoroughly planked over.

§ 196. Protection of floor openings. All floor openings within a building in the course of construction shall be inclosed or fenced in on all sides by a barrier of suitable height except on those sides which may be used for the handling of materials hoisted through such openings or at which stairs or ladders land, provided that such sides, other than landings, shall be guarded by an adjustable barrier not less than three nor more than four feet from the floor and not less than two feet from the edge of such opening.

§ 197. *Weather protection.* Whenever permission has been given under any of the provisions of this chapter to enter any adjoining building the person who receives such permission or who is responsible for the work requiring such permission, shall provide for such adjoining building adequate protection against the weather.

§ 198. *Cellar drainage.* Before the foundation walls of any building are completed provision shall be made to prevent water accumulating in the excavation or cellar to the injury of the foundation, and if there is a sewer in the street the cellar shall also be connected therewith.

No. 2079—(S. O. No. 251).

Report of the Committee on Finance in Favor of Adopting Resolution for \$32,738 Special Revenue Bonds for Installation of a Combined System of Hose Connection and Sprinkler Equipment at Dumping Boards.

The Committee on Finance, to which was referred on October 5, 1915 (Minutes, page 17), the annexed request from the Commissioner of Street Cleaning for \$32,738 special revenue bonds for the erection of a combined system of hose connection and sprinkler equipment at dumping boards, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. This request is made in pursuance of an order of the Fire Department, which has jurisdiction in such cases. The details are fully set forth in the annexed communication.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirty-two thousand seven hundred and thirty-eight dollars (\$32,738), the proceeds whereof to be used by the Commissioner of Street Cleaning for the purpose of installing a combined system of hose connection and sprinkler equipment at dumping boards, to be expended as follows:

Borough of Manhattan	\$28,240 00
Borough of The Bronx.....	3,048 00
Borough of Brooklyn	1,450 00

\$32,738 00

—all obligations contracted for hereunder to be incurred on or before April 1, 1916.

Department of Street Cleaning of The City of New York, Municipal Building, 12th Floor, New York, September 28, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen, City of New York:

Sir—During the past few years, frequent conflagrations have occurred at the department dumping boards, due to the character of the materials handled, the carelessness of the employees of the trimming contractor, to spontaneous combustion and other unavoidable causes.

The necessity for fire protection at these dumping boards is urgent, as in the past, when any of them has been destroyed, it has been necessary to lease private dumps at great expense to the City, and to restore the original dumping structure, which could only be done after much delay, due to the difficulty of obtaining the necessary appropriation. These dumping board structures are, with few exceptions, built entirely of wood and when a fire starts, total destruction invariably ensues, and it costs the City from \$3,000 to \$8,000 for reconstruction.

On November 17, 1914, the Bureau of Fire Prevention ordered that an open sprinkler system to cover the entire area beneath the dumping boards at practically all of our dumps should be installed at once, and on September 17, 1915, reminded us that these orders had not been complied with.

Request is, therefore, made that the Board of Aldermen pass a resolution authorizing the issuance of revenue bonds amounting to \$28,240 for the Borough of Manhattan; \$3,048 for the Borough of The Bronx, and \$1,450 for the Borough of Brooklyn, a total of \$32,738, pursuant to section 188, sub-division 8, of the Greater New York Charter, to cover the expense of installing a combined system of hose connection and sprinkler equipment for the purpose of extinguishing possible fires at the following dumping boards, viz.:

Borough of Manhattan—West 134th Street, North River; West 96th Street, North River; West 30th Street, North River; Canal Street, North River; Pier 43, North River; East 46th Street, East River; East 60th Street, East River; East 107th

Street, Harlem River; East 30th Street, East River; East 139th Street, Harlem River; Stanton Street, East River; East 72nd Street, East River; West 77th Street, North River.

Borough of The Bronx—Lincoln Avenue, East River; East 138th Street, East River.

Borough of Brooklyn—Pier No. 1, Wallabout.

The estimated cost of this work has been furnished by the engineers of the Department of Docks and Ferries. A copy of the recommendation of the Fire Commissioner upon this subject is enclosed herewith.

It is desirable that all of the installations be completed at once, and I would, therefore, ask that your Honorable Board approve of this request at an early date.

Yours very respectfully,

J. T. FETHERSTON, Commissioner.

Fire Department of The City of New York, June 30, 1914.

Hon. R. A. C. SMITH, Commissioner, Department of Docks and Ferries:

My Dear Commissioner—Since your last letter to me I have looked very carefully into the matter of fire prevention on the piers which are used as Street Cleaning dumps. I directed Chief Kenlon to make a careful investigation of this subject and let me have his report. He advises me that after a careful examination of the problem and a careful review of the entire situation he is "of the opinion that both hose and nozzles and sprinkler system are required; hose is most decidedly the better, and must be supplied in order to cope with fires on scows; the sprinkler equipment is just as necessary, and must be supplied if we hope to prevent and extinguish fires on dumps."

I enclose you a sketch showing the installation of a combination standpipe, hose and sprinkler equipment, with connections at river end for fireboats, and proper connections and controlling valves on land end for gravity pressure. If you or any of your engineers do not understand this matter, Chief Kenlon or a representative of the Bureau of Fire Prevention will be glad to take it up with you.

The Chief is of the opinion that both sprinklers and hose and nozzles are good when used singly, but far better when used in combination.

Will you please return the accompanying sketch when you have finished with it.

Yours very truly,

....., Fire Commissioner.

Report of the Committee on Finance in Favor of Adopting Resolution to Amend an Issue of \$900 Special Revenue Bonds for Use by the Surrogate of Queens County for Wages of Custodians and Watchmen.

The Committee on Finance, to which was referred on October 5, 1915 (Minutes, page 23), the annexed request of the Surrogate of Queens County for amendment of a resolution for \$900 special revenue bonds for employment of Custodians and Watchmen, respectfully

REPORTS:

That, having examined the subject, it believes the proposed amendment to be necessary. The statement as to the delay in the completion of the new quarters is very clear, and it is obvious that the employment of these men must be continued.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That the following resolution adopted June 22, 1915, and received from his Honor the Mayor July 6, 1915, to wit:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of nine hundred dollars (\$900), the proceeds whereof to be used by the Surrogate of Queens County for the purpose of paying wages of Custodian and Watchmen, as follows:

2 Custodians at \$2.50 per day each, 90 days.....	\$450 00
2 Watchmen at \$2.50 per day each, 90 days.....	450 00

\$900 00

All obligations contracted for hereunder to be incurred on or before October 1, 1915.

—be and the same is hereby amended by striking therefrom the word and figure "October 1" and inserting in lieu thereof the word and figures "December 31."

Office of the Surrogate, Queens County, New York, Jamaica, September 17th, 1915.

Honorable Board of Aldermen, City Hall, New York:

Gentlemen—Referring to the following resolution adopted by you on June 22nd, 1915: "Resolved, That the resolution adopted by the Board of Aldermen on June 22, 1915, requesting an issue of special revenue bonds in the sum of nine hundred dollars (\$900.00), the proceeds whereof to be used by the Surrogate of Queens County for the purpose of paying wages of Custodians and Watchmen, as follows:

Two Custodians, at \$2.50 per day each, 90 days	\$450 00
Two Watchmen, at \$2.50 per day each, 90 days	450 00

"All obligations contracted for hereunder to be incurred on or before October 1, 1915; be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment; provided that no part of the proceeds shall be used except in accordance with schedules to be adopted by the Board of Estimate and Apportionment, and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of the City of New York, to an amount not exceeding nine hundred dollars (\$900), redeemable from the tax levy of the year succeeding the year of their issue," I beg to say that pending the final passage of the resolution and the placing of the money at my disposal for the purpose of employing custodians and watchmen, the fund from which these employees had been paid became exhausted with payment for the month of May. They served during the month of June, although no money was available to pay them, and it was only recently that they received pay for that month. No money being available, the men ceased work after June 30th.

Your resolution above referred to provides that the obligations contracted for thereunder shall be incurred on or before October 1st, 1915. At the time this resolution was adopted it was believed that by October 1st at the very furthest, the building formerly occupied by my court and offices would be ready for occupancy, in fact it was expected that it would be finished a month or two before that time. I regret to say, however, that the work on the building has not been completed and the city has not accepted it.

It is therefore necessary for my court to continue its occupancy of the outside quarters provided for.

I am in communication with the Borough President relative to hurrying the work on the county building and as soon as the same has been completed, I shall make arrangements for moving. In connection therewith, it will be necessary to remove all papers from the wooden files in which they are now stored and place them into the metal filing cases provided. These latter files hold each about one-third more papers than those now in use and it will therefore be necessary to make a complete rearrangement. This work would be practically impossible for the present force, which is sufficient only to keep the work up to within a reasonable time. I could however utilize the services of four men provided for in the resolution above mentioned in making the change of files. To do this, however, it will be necessary that the resolution would be amended and I would therefore request that you kindly amend said resolution so that I would be authorized to employ as many custodians or watchmen as circumstances may require for the purpose above stated and that the expenditure therefor be incurred prior to January 1st, 1915, and that it shall not exceed the original appropriation of \$900.

I trust this suggestion will meet with your approval, and awaiting your further advice, I am Yours respectfully,

DANIEL NOBLE, Surrogate.

Report of the Committee on Finance in Favor of Adopting Resolution for \$764.94 Special Revenue Bonds for Salaries and Wages of Temporary Employees in the Office of the County Clerk of Queens County for Remainder of 1915.

The Committee on Finance, to which was referred on October 5, 1915 (Minutes, page 24) the annexed request of the County Clerk of Queens County for \$764.94 Special Revenue Bonds to pay salaries and wages of temporary employees for the remainder of the year 1915, respectfully

REPORTS:

That having examined the subject, it believes the proposed appropriation to be

necessary. The reasons for this application are set forth in the letter of request hereto annexed.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of seven hundred and sixty-four 94-100 dollars (\$764.94), the proceeds whereof to be used by the County Clerk of Queens County for the purpose of paying salaries and wages of temporary employees, as follows:

Two Map Draughtsmen, remainder of term from October 1 to December 31, 1915.....

\$434 94

Laborer, October 1 to December 31, 1915, at \$60 per month.....

180 00

Watchman, November 1 to December 31, 1915, at \$75 per month.....

Queens County Clerk's Office, Jamaica, N. Y., September 21, 1915.

Honorable Board of Aldermen of The City of New York, City Hall, New York:

Gentlemen—Application is hereby made for an issue of revenue bonds in the sum of \$764.94 to pay the balance of salaries of temporary employees as follows:

\$434.94 for two Map Draughtsmen at \$100 a month for three months, October 1, 1915, to December 31, 1915. These two draftsmen were appointed to begin in 1915 at \$100 a month for twelve months each, but in April of this year I made an application to the Board of Estimate and Apportionment for additional money with which to employ Draftsmen in order that the land map of the County of Queens might be completed, and that Board, on the report of the Comptroller, placed the application on file with the recommendation that the money that was appropriated for the two draftsmen, to wit, \$2,400, be used first and then application be made for the balance.

Application was made to the Board of Estimate under subdivision 7, but the Comptroller has made a rule that no issue of revenue bonds be made under this subdivision for the remainder of this year, and suggested that the matter be taken up with your Board for approval and consent. This same ruling applies to the following matters:

\$180 is asked to employ Laborer for the remainder of 1915, three months at \$60 a month.

\$150 to employ a Watchman for the months of November and December at \$75 a month. These rates have been fixed by the Board of Estimate under the schedule of Temporary Employees, and it is for the purpose of having their services for the balance of the year that this issue of revenue bonds is sought.

The total as shown by the above is made up as follows:

For Map Draughtsmen \$434 94

For Temporary Laborer 180 00

For Temporary Watchman 150 00

Total..... \$764 94

Can I ask your early and favorable consideration in this matter, as I desire to continue this work and have it completed before my term expires.

Yours very truly,

LEONARD RUOFF, County Clerk.

Which was laid over.

Report of the Committee on Finance in Favor of Adopting Resolution for \$1,626.60 Special Revenue Bonds for Purchase of Text Books for Use of Students of the College of The City of New York.

The Committee on Finance, to which was referred on October 5, 1915 (Minutes, page 77), the annexed resolution in favor of an issue of \$2,400 special revenue bonds for the purchase of text books for the College of The City of New York, respectfully REPORTS:

That having examined the subject, it believes an appropriation for this purpose to be necessary. The Corporation Counsel has advised the trustees of the College that the city must provide books for the use of its students. A list of the text books needed is attached hereto totaling an amount smaller than that originally requested. The Committee recommends that the accompanying resolution be adopted.

SUBSTITUTE.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand six hundred and twenty-six 60-100 dollars (\$1,626.60), the proceeds whereof to be used by the Trustees of the College of the City of New York, for the purpose of purchasing text books. All obligations contracted for hereunder to be incurred on or before April 1, 1916.

ORIGINAL.

Resolved, Pursuant to subdivision 8 of section 188 of the Greater New York Charter, as amended, that the Board of Aldermen hereby request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in an amount not to exceed the sum of \$2,400, the proceeds of which are to be used for the purchase of textbooks for the College of the City of New York.

Report of the Committee on Finance in Favor of Amending Resolution for \$841,000 Corporate Stock for Erection and Completion of Sea View Hospital, Borough of Richmond.

The Committee on Finance, to which was referred on October 5, 1915 (Minutes, page 29), the annexed resolution in favor of amending an issue of \$841,000 corporate stock for the erection and completion of the Sea View Hospital, Borough of Richmond, respectfully

REPORTS:

That having examined the subject, it believes the proposed amendment to be necessary. The object of the change is to release \$1,629.70 of the appropriation to pay fees of architect incurred by reason of alterations.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held October 1, 1915.

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, concurred in by the Board of Aldermen on July 25, 1911, and approved by the Mayor on August 31, 1911, reading as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one million two hundred and thirty-one thousand dollars (\$1,231,000) to provide means for the erection and completion of the Sea View Hospital, Borough of Richmond, under the jurisdiction of the Department of Public Charities, as follows: Construction of Nurses' Home and Help's Quarters; Two Ward Pavilions; Staff House; Service Tunnel and Corridors.

Report of the Committee on Finance in Favor of Adopting Resolution to Amend an Issue of \$5,000 Corporate Stock for Preparation of Geological Maps and Records.

The Committee on Finance, to which was referred on October 5, 1915 (Minutes, page 30), the annexed resolution in favor of amending an issue of \$5,000 Corporate Stock for preparation of geological maps, etc., under the jurisdiction of the Museum of Natural History, respectfully,

REPORTS:

That this resolution merely changes the custody of these maps to the more central control of the Board of Estimate and Apportionment and proposes to house them in the more easily approached Municipal Building.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held October 1, 1915:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 9, 1914, and deemed to have been concurred in by the Board of Aldermen on August 27, 1914, for the issue of corporate stock to the extent of five thousand dollars (\$5,000) to provide means for necessary expenses in connection with preparation of geological maps, borings, samples and records, under the jurisdiction of the Museum of Natural History, be amended to read as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding five thousand dollars (\$5,000) to provide means for the necessary expenses in connection with the collection, classification and permanent preservation of boring, samples and records, and the preparation of geological maps of The City of New York under the jurisdiction of the Board of Estimate and Apportionment, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Report of the Committee on Finance in Favor of Adopting Ordinance for \$123,000 Corporate Stock for Acquisition of Lands by the Bronx Parkway Commission.

The Committee on Finance to which was referred on October 5, 1915 (Minutes, page 31), the annexed resolution in favor of an issue of \$123,000 Corporate Stock for acquisition of lands by the Bronx Parkway Commission, respectfully

REPORTS:

That this is a mandatory proposition, and the sooner it is approved the less the expense to the city. A list of the properties covered by this appropriation is hereto attached.

The Committee recommends that the accompanying ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock of the City of New York to an amount not exceeding one hundred and twenty-three thousand dollars (\$123,000), being the City's share, three-quarters of a total of one hundred and sixty-four thousand dollars (\$164,000), to provide means for acquiring lands and interests therein and defraying expenses incidental thereto by the Bronx Parkway Commission in preserving the waters of the Bronx River from pollution.

Be it ordained by the Board of Aldermen of the City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment October 1, 1915, and authorizes the Comptroller to issue Corporate Stock of the City of New York to the amount and for the purposes therein specified:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 594 of the Laws of 1907, as amended by chapter 757 of the Laws of 1913, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one hundred and twenty-three thousand dollars (\$123,000), being the City's share, three-quarters of a total of one hundred and sixty-four thousand dollars (\$164,000), to provide means for acquiring lands and interests therein, and defraying expenses incidental thereto, by The Bronx Parkway Commission in connection with preserving the waters of the Bronx River from pollution, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, maturing not more than fifteen (15) years after date of issue, the proceeds thereof to the amount of the par value of the stock to be applied to the purpose aforesaid.

Report of the Committee on Finance in Favor of Adopting Resolution of Waiver in Favor of A. G. Spalding & Brothers in Respect to Liquidated Damages for Failure to Comply With Terms of a Contract With the Department of Parks, Borough of Brooklyn.

The Committee on Finance, to which was referred on October 5, 1915 (Minutes, page 32), the annexed resolution of waiver in favor of A. G. Spalding & Brothers in respect to liquidated damages for failure to comply with terms of a contract with the Department of Parks, Borough of Brooklyn, respectfully

REPORTS:

That, having examined the subject, it believes the proposed waiver to be one which should receive the approval of the Board. The penalty invoked was a technical one, as while the goods were not delivered on contract time, they were received in ample time for the use for which they were designed.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following preamble and resolution adopted by the Board of Estimate and Apportionment at a stated meeting held October 1, 1915:

Whereas, The City, through the Department of Parks, Borough of Brooklyn, entered into contract with A. G. Spalding & Brothers on October 10, 1911, pursuant to the terms of which the contractor was to furnish and deliver playground supplies to the value of one thousand three hundred and twenty-four dollars and three cents (\$1,324.03); and

Whereas, Delivery of said playground supplies were to be fully and entirely performed on the part of the contractor within ten (10) working days, and said deliveries were not fully and entirely performed until the expiration of one hundred and thirty-three (133) working days; and

Whereas, The said contractor in good faith furnished and delivered to the City the said playground supplies, which have been applied to the uses of the City; and

Whereas, The amount of liquidated damages imposed as provided by the contract is ten dollars (\$10) per day for 123 days, a total of one thousand two hundred and thirty dollars (\$1,230); and

Whereas, It appears the City suffered loss to no greater extent than two hundred and five dollars and fifty-nine cents (\$205.59) by reason of the delay in furnishing and delivering the said playground supplies; therefore, be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 418 of the Charter, unanimously recommends to the Board of Aldermen that the liquidated damages imposed against A. G. Spalding & Brothers, under the terms of said contract, No. 31342, be waived to the extent of one thousand and twenty-four dollars and forty-one cents (\$1,024.41), and the Comptroller be and hereby is directed to pay the amount otherwise due under the contract as a legal claim.

Report of the Committee on Public Thoroughfares in Favor of Filing Ordinance Amending Section 170 of Chapter 14 of the Code of Ordinances, Relative to Itinerant Musicians.

The Committee on Public Thoroughfares, to which was referred on September 21, 1915 (Minutes, page 270), the annexed ordinance in favor of amending section 170 of chapter 14 of the Code of Ordinances relative to itinerant musicians, respectfully

REPORTS:

That, at the request of the introducer, who proposes to present an amended ordinance at a future date, it recommends that the said ordinance be placed on file.

AN ORDINANCE to amend Section 170 of Chapter 14 of the Code of Ordinances, relating to Itinerant Musicians.

Be it ordained by the Board of Aldermen of The City of New York, as follows: Section 1. Section 170 of chapter 14 of the Code of Ordinances is hereby amended to read as follows:

§170. ITINERANT MUSICIANS. No person shall [engage in the business of a street musician, playing for hire or voluntary contributions from door to door or otherwise without having first obtained a license therefor] use or perform on any musical instrument in any street or public place unless he shall have been licensed as an itinerant musician, as hereinafter provided. [Such licenses shall be granted by the Commissioner; provided that the person or persons applying therefor shall have been residents of the city for at least 1 year prior to such application and shall pay for such license the sum of \$10, the license to be renewed from year to year, upon the annual payment of such fee. The term of residence required by this section shall be proved by affidavits of the person applying for such license and of 2 other persons resident of the city, which affidavits shall state the different places of residence in the city occupied by said applicant during the year preceding his application.] Upon payment of a license fee of \$10 per annum the Commissioner

Note—New matter in italics; old matter, in brackets [], to be omitted. of Licenses may grant and issue licenses to such number of itinerant musicians as he may deem proper; not to exceed, however, the total number of 800. No person licensed as an itinerant musician shall solicit, ask or request any money for his performance, as such, in any way, shape or manner, directly or indirectly. No person shall use or perform upon any musical instrument in any street or public place, before

the hour of 9 A. M. nor after the hour of 6 P. M. of any day; nor during any part of the first day of the week, commonly called Sunday; nor within a distance of 500 feet of any schoolhouse or house of public worship, during school hours or hours of public worship, respectively; nor within a like distance of any court, public office, hospital, asylum or other public institution, nor within a distance of 250 feet of any tenement house, dwelling house or other building, when directed or requested by any occupant thereof to refrain from or discontinue using or performing upon such musical instrument.

All licenses for itinerant musicians now in force, which shall not sooner expire, shall expire on the thirty-first day of December next succeeding the date on which this ordinance shall take effect. All licenses for itinerant musicians now in force, the terms of which would otherwise bring their expiration to a period beyond the thirty-first day of December next succeeding the date this ordinance takes effect, may be renewed by the licensees for another term, if presented on or before the said December thirty-first, and for such full calendar month of the unexpired time of the old license a pro rata amount of the fee paid therefor shall be applied toward the payment of the new fee. All licenses for itinerant musicians issued between the date this ordinance becomes effective and the following December thirty-first, shall be charged the full fee mentioned above, but all such licenses may be renewed by the licensees, if presented on or before the said December thirty-first, at the pro rata rates heretofore prescribed in this paragraph. The provisions of this section shall apply only to itinerant musicians and shall not be construed [so as] to affect any band of music or organized musical or religious society engaged in any military or civic parade, or to any musical performance conducted under a license from municipal authority.

Section 2. This ordinance shall take effect immediately.

The Committee on Rules, to which was referred on September 21, 1915 (Minutes,

page 204), the annexed resolution relative to foul odors in the Riverside section of the City caused by the manufacture of chemicals in New Jersey, respectfully

REPORTS:

That this resolution was introduced in disregard of the agreement that resolutions of a local character were not to be taken up by the Board. In this particular instance the matter should be taken up direct with the Health Commissioner.

The Committee recommends that the said resolution be placed on file.

Whereas, At the present time there exists a constant menace to the public health of the residents of the upper west side of our city, known as the Riverside Drive section, and the adjacent territory, due to the foul odors permeating the atmosphere of this section, which are caused by the manufacture of chemicals on the New Jersey side of the Hudson River;

Therefore for the purpose of taking steps of eradicating this increasing menace to the health of the residents of the upper west side:

Be it the sense of this body that a Committee of Aldermen be appointed to consult with the Health Commissioner to take whatever action may be necessary to compel those responsible for this condition to find ways and means to abolish this nuisance.

Report of the Committee on Salaries and Offices in Favor of Filing Proposed Ordinance in Relation to Per Annum Classification of Per Diem City Employees.

The Committee on Salaries and Offices, to which was referred on June 8, 1915 (Minutes, page 649), an ordinance in relation to a per annum classification of per diem employees, respectfully

REPORTS:

That being of the opinion that this ordinance related to a subject governed by section 56 of the Charter, which would make it necessary to have the contemplated changes originate with the Board of Estimate and Apportionment, the Committee requested an opinion from the Corporation Counsel. Such opinion has been received, and is presented herewith.

As the opinion of the Corporation Counsel confirms the contention of the Committee, it recommends that the said ordinance be placed on file.

W. W. COLNE, EDWARD B. VALENTINE, JACOB WEIL, MICHAEL CARBERRY, EDWARD EICHHORN, CHARLES DELANEY, Committee on Salaries and Offices.

Proposed Per Annum Classification.

Section I. The pay for all who are now and who may hereafter be regular or permanent per diem employees of The City of New York shall be provided for annually in the Budget on a per annum basis.

Section II. All per diem employees shall be divided into two classes, to be designated, respectively, the permanent class and the temporary class.

Section III. The regular or permanent class shall comprise all per diem employees of The City of New York for whose services 277 or more days has been and is now provided.

Section IV. The temporary class shall comprise all per diem employees of The City of New York for whose services no stipulated number of days is provided.

Section V. The annual salary or pay of members of the permanent class as defined by Section III. hereof, shall be an annual sum computed as follows: Mechanics, not less than 303 times the prevailing per diem rate for each respective trade thereof; of all other per diem employees in the permanent class as defined by Section III. hereof, not less than 303 times the present per diem rate they now receive.

Section VI. The pay of members of the temporary class as defined by Section IV. hereof, shall be computed as follows: Mechanics, not less than the prevailing per diem rate for each respective trade thereof, multiplied by the number of days for which allowance for them is or may hereafter be made, and of all other per diem employees in the temporary class as defined by Section IV. hereof, not less than the per diem rate they now receive multiplied by the number of days for which allowance for them is or may hereafter be made.

Section VII. Vacancies in the permanent class shall be filled from the temporary class, contingent on and subject to the Civil Service rules and regulations.

Section VIII. This ordinance shall take effect and be operative under the Budget for and of 1916.

City of New York, Law Department, Office of the Corporation Counsel, New York, July 26, 1915.

Hon. WILLIAM W. COLNE, Chairman, Committee on Salaries and Offices, Board of Aldermen, New York City:

Sir—I am in receipt of your communication, dated July 8, 1915, reading as follows:

"The Committee on Salaries and Offices has had referred to it a proposed ordinance, copy of which is herewith enclosed, which contemplates placing the per diem employees, whose compensation is now provided for in the annual budget in lump sums in each departmental appropriation, on a regular line basis. The Committee has taken the attitude that such action is practically establishing grades, which, under the provision of section 56 of the Charter, would require action by the Board of Estimate and Apportionment before this Board could act in the matter. This view is disputed by the advocates of the measure, who contend that this is a legislative measure which the Board of Aldermen have full power to enact, and that the approval of the Board of Aldermen will make it mandatory upon the Board of Estimate and Apportionment to establish the desired schedule lines in the Budget.

"Will you kindly advise me as to the power of the Board of Aldermen in this matter, and oblige."

The proposed ordinance, a copy of which was transmitted, reads:

"No. 1840.

"AN ORDINANCE Providing for Per Annum Classification of Regular or Permanent Per Diem Employees of The City of New York.

"By the Same—

"Proposed Per Annum Classification.

"Section I. The pay for all who are now and who may hereafter be regular or permanent per diem employees of The City of New York shall be provided for annually in the Budget on a per annum basis.

"Section II. All per diem employees shall be divided into two classes, to be designated, respectively, the permanent class and the temporary class.

"Section III. The regular or permanent class shall comprise all per diem employees of The City of New York for whose services 277 or more days has been and is now provided.

"Section IV. The temporary class shall comprise all per diem employees of The City of New York for whose services no stipulated number of days is provided.

"Section V. The annual salary or pay of members of the permanent class as defined by Section III hereof, shall be an annual sum computed as follows: Mechanics, not less than 303 times the prevailing per diem rate for each respective trade thereof, of all other per diem employees in the permanent class as defined in Section III hereof, not less than 303 times the present per diem rate they now receive.

"Section VI. The pay of members of the temporary class as defined by Section IV hereof, shall be computed, as follows: Mechanics, not less than the prevailing per diem rate for each respective trade thereof, multiplied by the number of days for which allowance for them is or may hereafter be made, and of all other per diem employees in the temporary class as defined by Section IV hereof, not less than the per diem rate they now receive multiplied by the number of days for which allowance for them is or may hereafter be made.

"Section VII. Vacancies in the permanent class shall be filled from the temporary class, contingent on and subject to the Civil Service rules and regulations.

"Section VIII. This ordinance shall take effect and be operative under the Budget for and of 1916.

"Which were severally referred to the Committee on Salaries and Offices."

Referring to the inquiries, I beg to say that, as I view the provisions of the proposed ordinance, especially Sections V and VI thereof, the effect would be an attempt by the Board of Aldermen to exercise the power to fix the compensation of the persons concerned, a power to be exercised by said Board only when preceded by the recommendation of the Board of Estimate and Apportionment, as prescribed by section 56 of the Greater New York Charter, and I so advise you.

Respectfully yours,

Which report was accepted.

FRANK L. POLK, Corporation Counsel.

Report of the Committee on Salaries and Offices in Favor of Filing Resolution Recommending That All Cleaners in Public Buildings Be Appointed from Civil Service Lists.

The Committee on Salaries and Offices, to which was referred on July 6, 1915, (Minutes, page 37), the annexed resolution recommending that all cleaners in public buildings be appointed from Civil Service lists, respectfully

REPORTS:

That to revolutionize in this manner the employment of cleaners by janitors of the public schools would entail an enormous additional expense to the City. The Committee considers this a time for economy, and it therefore recommends that the said resolution be placed on file.

Whereas, It is customary for the Municipal Civil Service Commission to hold examinations annually for the position of Cleaner, male and female; and

Whereas, Large numbers of our citizens file applications for and are examined for said position; and

Whereas, The records of the Municipal Civil Service Commission show that very few of the persons examined are appointed owing to the fact that the Janitors of the Public Schools employ their own help and in this way deny to citizens the right of appointment in the public service after they have qualified for same; therefore be it

Resolved, That the Board of Aldermen of the City of New York recommend to the Municipal Civil Service Commission that the said Commission take such action as is necessary, if within their power, to require that all persons employed as Cleaners in public buildings in the municipality be appointed from civil service lists.

Report of the Committee on Salaries and Offices in Favor of Filing Request for a Reconsideration of the Action of the Board in Relation to the Establishment of the Grade of Inspector of Repairs and Supplies, Department of Public Charities, at \$1,650 Per Annum.

The Committee on Salaries and Offices, to which was referred on September 21, 1915 (Minutes, page 244), the annexed request from the Commissioner of Public Charities for a reconsideration of the denial of a resolution establishing the grades of position of Inspector of Repairs and Supplies at \$1,650 per annum, respectfully

REPORTS:

That the Department objects to appointing from the regular list to fill this vacancy at \$1,500 per annum on the ground that the persons certified are not sufficiently posted on the matter of food supplies to give satisfactory service. The Committee believes that civil service requirements are framed in such a way as to cover such inspection. If the department cannot find the calibre of a man it requires on the present list it recommends that the Commissioner take up the matter again with the Civil Service Commission and possibly obtain a capable person from the list of food inspector.

It recommends that the request be filed.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, August 11, 1915.

Re: Position of Inspector of Repairs and Supplies.

To the Honorable the Board of Aldermen, City Hall, N. Y.:

Gentlemen—On May 28, 1915, the Board of Estimate and Apportionment passed a resolution authorizing the Commissioner of the Department of Public Charities to fill the vacant position of Inspector of Repairs and Supplies at \$1,650 per annum in Code 1911, pending the establishment of the position of senior inspector of supplies at \$1,500 per annum.

At a meeting of your Board held on July 6th you failed to concur with the resolution of the Board of Estimate for the establishment of this new position. In view of the fact that this action was taken by your Board we would respectfully request that you reconsider your denial and give this Department an opportunity to appear before you and set forth the facts regarding the necessity of the establishment of this new position.

Respectfully yours,

G. G. THOMSON, Third Deputy Commissioner.

Report of the Committee on Salaries and Offices in Favor of Referring Resolutions Appointing Four City Surveyors to the Board of Examiners of City Surveyors for Investigation and Report.

The Committee on Salaries and Offices, to which was referred on September 21 and October 5, 1915 (Minutes, pages 64, 76 and 283), the annexed resolutions in favor of appointing Abraham U. Whitson, G. Wells, Jr., William Ginsberg and Harold R. Holmes as City Surveyors, respectfully

REPORTS:

That, in accordance with the provisions of the ordinance passed by the Board governing such appointments, it recommends that these resolutions be forwarded to the Board of Examiners of City Surveyors for investigation and report.

Resolved, That Abraham U. Whitson, of 307 State St., Flushing, Borough of Queens, be and he is hereby appointed a City Surveyor.

Resolved, That G. Wells Ely, Jr., residing at No. 529 West 186th Street, in the Borough of Manhattan, of the City of New York, be and he hereby is appointed a City Surveyor.

Resolved, That William Ginsberg, of 665 Beck Street, in the Borough of The Bronx, be and he is hereby appointed a City Surveyor.

Resolved, That Harold R. Holmes, of 185 Franklin place, Flushing, in the Borough of Queens, be and he is hereby appointed a City Surveyor.

Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish Three Grades of Positions in Bellevue and Allied Hospitals.

The Committee on Salaries and Offices, to which was referred on September 21, 1915 (Minutes, page 227), the annexed resolution in favor of establishing three grades of position in Bellevue and Allied Hospitals, respectfully

REPORTS:

That this resolution covers two increases of \$300 each per annum in the salaries of two female employees of long service whose value to the city is to be recognized in this substantial manner. The Foreman of Drivers supervises 36 Drivers and Auto Enginemen, and in the opinion of the Committee is entitled to this increase of \$150 per annum. It therefore recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held July 9, 1915.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of grades of positions in Bellevue and Allied Hospitals, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Hospital Clerk	\$1,200 00	One
Trained Nurse	1,200 00	One
Foreman of Drivers	1,200 00	One

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Fix the Compensation of Certain Janitors, Department of Education.

The Committee on Salaries and Offices, to which was referred on September 21, 1915 (Minutes, page 229), the annexed resolution in favor of fixing the compensation of certain Janitors in the Department of Education, respectfully

REPORTS:

That these salaries are calculated on the usual measurement basis. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held July 21, 1915,

Whereas, By opinions of the Corporation Counsel, as of June 28 and July 30, 1910, the Comptroller was advised that the payment of the salaries of Janitors in the Department of Education was illegal unless salaries shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee of School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Department of Education; therefore, be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Charter, hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, that the compensation of Janitors in the Department of Education be fixed temporarily and until further modified, in accordance with the following list:

Janitor, Public School No. 101, for care of leased annex at No. 8602 18th Avenue, Brooklyn, from October, 1914, to February, 1915..... \$43 00

Janitor, Public School No. 111, Brooklyn, per annum..... 1,752 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said positions as set forth therein

Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish the Grade of Position of City Magistrate at \$7,000 Per Annum.

The Committee on Salaries and Offices to which was referred on September 21, 1915 (Minutes, page 232), the annexed resolution in favor of establishing the grade of position of City Magistrate, respectfully

REPORTS:

That the reason for the establishment of this grade is to cover the appointment of Judge Esterbrook, who was made a City Magistrate in place of the late Justice Kempner, who received \$8,000 per annum as Chief City Magistrate.

The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held July 21, 1915:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 104 of Chapter 659 of the Laws of 1910, as amended by chapter 531 of the Laws of 1915, hereby recommends to the Board of Aldermen the establishment in the City Magistrates' Court of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
City Magistrate.....	\$7,000 00	One

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish Grade of Position of Assistant Engineer in the Department of Health.

The Committee on Salaries and Offices to which was referred on September 21, 1915 (Minutes, page 239), the annexed resolution in favor of establishing the grade of Assistant Engineer in the Department of Health, at \$2,400 per annum, respectfully

REPORTS:

That having examined the subject, it believes the proposed position to be necessary in this department to supervise the construction and repair work constantly under way at the various hospitals under its jurisdiction, and it regards the proposed salary as moderate for the services to be rendered.

It, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held August 26, 1915:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Health of the grade of position, in addition to those heretofore established, as follows:

	Rate Per Annum.	Incumbents.
Assistant Engineer	\$2,400 00	One

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

The Committee on Salaries and Offices to which was referred on September 21, 1915 (Minutes, page 252), the annexed resolution in favor of fixing the compensation of certain janitors, Department of Education, respectfully

REPORTS:

That these salaries have been calculated on the usual measurement and allowance basis.

It, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held September 17, 1915.

Whereas, By opinions of the Corporation Counsel as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education was illegal unless such salaries shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the Janitorial force of the Department of Education; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, that the compensation of Janitors in the Department of Education be fixed temporarily and until further modified in accordance with the following list:

Janitor, Murray Hill Vocational School, for additional compensation for the period from June 1 to June 30, 1915.....	\$50 00
Janitor East 91st Street Supply Depository, per month.....	50 00

Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish Grades of Position of Secretary to the President and Examiner in the Office of the President of the Board of Aldermen.

The Committee on Salaries and Offices to which was referred on October 5, 1915 (Minutes, page 33), the annexed resolution in favor of establishing two grades of positions, Secretary to President and Examiner, in the office of the President of the Board of Aldermen, respectfully

REPORTS:

That this is an increase of \$600 per annum for the Secretary to the President, and a change of title without change of compensation of the Legislative Secretary to Examiner. As the President proposes to drop an Examiner at \$3,500 at the end of 1915, the proposed increase will come well within the appropriation.

The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held October 1, 1915.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Office of the President of the Board of Aldermen of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Secretary to the President.....	\$3,600 00	One
Examiner	3,000 00	One

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

SPECIAL ORDERS.

No. 235—Int. No. 1988.

Communication from His Honor the Mayor and Resolution Authorizing a Reward of \$5,000 for Arrest of Michael A. Rofrano.

City of New York, Office of the Mayor, September 20th, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—Michael A. Rofrano was indicted by the Grand Jury of this county on September 14th, 1915, for murder in the first degree. As I intend to issue a proclamation offering a reward for Rofrano's apprehension under section 130 of the Code of Ordinances, and as the amount mentioned in said section, namely \$500, is inadequate to meet the situation, I urge your Honorable Board to authorize the expenditure of \$5,000 for this purpose, the said sum to be paid to any person or persons, other than members of the Police Department of the City of New York, who shall furnish information on which the said Rofrano may be taken into custody.

Respectfully,

JOHN PURROY MITCHEL, Mayor.

Resolved, That, in accordance with the communication of the Mayor received this day, the Board of Estimate and Apportionment be and it is hereby requested, in pursuance of the provisions of subdivision 8 of section 188 of the Charter, to authorize the Comptroller to issue special revenue bonds to the sum of five thousand (\$5,000) dollars, the proceeds thereof to be paid out of the City Treasury upon the certificate of the Mayor, as a reward to such person or persons, other than any member of the Police Department of The City of New York, or Sheriff or Deputy Sheriff in any of the five counties embraced within the City boundaries, as may furnish information on which Michael A. Rofrano may be taken into custody; and be it further

Resolved, That the provisions of chapter 2, article IV, section 130 of the Code of Ordinances, in so far as the same limits a reward to the sum of five hundred (\$500) dollars, be and the same hereby are suspended for this case only.

The President put the question whether the Board would agree to adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Bosse, Brush, Burden, Carberry, Chorosh, Cole, Colne, Crane, Delaney, Diemer, Donnelly, Dostal, Dotzler, Dowling, Dujat, Eagan, Eichhorn, Ferrand, Fink, Gaynor, Hannon, Hogan, Igstaedter, Jacobson, Kenneally, Kenney, Kochendorfer, Lein, Levy, McCann, McCourt, McGarry, Milligan, Molen, Moore (Chas. Negative—Alderman Quinn—1.

No. 239—Int. No. 1942.

Report of the Committee on Finance in Favor of Adopting Resolution for \$2,395 Special Revenue Bonds to Meet Deficiencies in Appropriations for 1915 for Office of District Attorney of Kings County.

The Committee on Finance to which was referred on June 29, 1915 (Minutes, page 927), a request from the District Attorney of Kings County for \$2,500 Special Revenue Bonds to meet deficiencies in certain appropriation accounts, respectfully

REPORTS:

That the District Attorney has furnished a detailed estimate calculated to September 20, which is hereto attached. The Committee has checked these figures and believes that the amount estimated is needed.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be, and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand, three hundred and ninety-five dollars (\$2,395), the proceeds whereof to be used by the District Attorney of Kings County for the purpose of meeting deficiencies in 1915 appropriation accounts, as follows:

Code 3383, \$220; Code 3384, \$216; Code 3385, \$209; Code 3386, \$868; Code 3387, \$233; Code 3388, \$649, total \$2,395.

District Attorney's Office, County of Kings, Brooklyn, New York, September 20th, 1915.

Hon. FRED. H. STEVENSON, Chairman, Finance Committee, Board of Aldermen, City of New York, City Hall, Manhattan, New York City:

Dear Sir—Enclosed herewith you will find a statement extended to September 20, 1915, of the amounts expended on the various accounts of this office. This will serve to supplement the statement to and including May 31, 1915, which was heretofore forwarded you under date of June 28, 1915, with a request that you adopt a resolution recommending that the Board of Estimate and Apportionment authorize the Comptroller to issue special revenue bonds to the amount of twenty-five hundred dollars. The enclosed supplemental statement, as you will notice, shows that the original estimate of expenses and a probable deficit based on only five months' expenditures was quite accurate in the light of the expenditures now shown to have been had during eight and one-half months. Attention is especially called to the fact that Account 3388 is already exceeded and that Accounts 3384, 3385, 3386 and 3387 shortly will be. The remaining three and one-half months will be a very busy period for this office owing to the convening of the Appellate Courts and the reopening of our Trial Courts. All the expenditures will increase and be at a heavier rate than that shown by these figures during the supplemental period of June 1 to September 20, 1915.

Your prompt action allowing this moderate sum will be an appreciated necessity.

Very truly yours,

HERSEY EGGINTON, Acting District Attorney.

Statement, September 20, 1915.

Report of the Committee on Finance in Favor of Adopting Resolution to Amend Resolution for \$10,000 Special Revenue Bonds for Alterations in the Criminal Courts Building.

The Committee on Finance, to which was referred on September 21, 1915 (Minutes, page 216), the annexed resolution in favor of amending an issue of \$10,000 Special Revenue Bonds for alterations in the Criminal Courts Building, respectfully

REPORTS:

That the purpose of this resolution is to correct a clerical error which occurred in the presentation of the resolution to the Board by the Finance Committee on June 15, 1915, at which time the purpose of the issue was fully approved.

The Committee recommends that the accompanying amendatory resolution be adopted.

Resolved, That the following resolution adopted June 15, 1915, and received from his Honor the Mayor June 29, 1915, and which reads as follows:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of making alterations in the Criminal Courts Building rendered necessary through the establishment of an additional part of the Court of Special Sessions."

All obligations incurred hereunder to be contracted for on or before December 31, 1915.

—be and the same is hereby amended by striking therefrom the words "Special Sessions," and inserting in lieu thereof the words "General Sessions."

Report of the Committee on Finance in Favor of Adopting Resolution for \$575 Special Revenue Bonds for Repairs to House Occupied by the President of the College of The City of New York.

The Committee on Finance, to which was referred on September 21, 1915 (Minutes, page 241), the annexed resolution in favor of an issue of \$575 Special Revenue Bonds for repairs to the house of the President of the College of The City of New York, respectfully

REPORTS:

That the Board has already allowed \$3,500 for this purpose. Bids were obtained on this work, and the lowest one received was \$325 over the allowance. It is estimated that about \$250 will be needed for incidentals in addition to the extra amount to cover the bid.

The Committee recommends that the said resolution be adopted.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Aldermen hereby request the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds in an amount not exceeding \$575.00, the proceeds of which are to be used by the Board of Trustees of the College of the City of New York for the purpose of making repairs to the house of the President of the College, at 280 Convent Avenue, Borough of Manhattan.

Report of the Committee on Finance in Favor of Adopting Resolution for \$4,000 Special Revenue Bonds for Partial Cost of Placing a Portable School Building on Site Belonging to the City in Long Island City.

The Committee on Finance to which was referred on September 21, 1915 (Minutes page 243), a request from the Board of Education for \$4,000 Special Revenue Bonds for partial cost of placing a portable building on a site in Long Island City, respectfully

REPORTS:

That, having examined the subject, it believes the proposed appropriation to be necessary in order that much needed school facilities may be provided in this neighborhood. It is stated that there are 500 pupils on part time. The site was acquired some years ago, but as yet no building has been erected and some place of instruction must be provided to meet the demand.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of Four thousand dollars (\$4,000), the proceeds whereof to be used by the Department of Education for the purpose of defraying the cost, in part, of placing a six-room portable building on the site on Pierce and Rapelje avenues and Briell street, Long Island City, Borough of Queens.

All obligations incurred hereunder to be contracted for on or before December 31, 1915.

Report of the Committee on Finance in Favor of Adopting Resolution for \$3,000 Special Revenue Bonds for Rental of Premises for Use of County Court, County of Kings, from October 1 to December 31, 1915.

The Committee on Finance to which was referred on September 21, 1915 (Minutes, page 243), the annexed resolution in favor of an issue of \$3,000 Special Revenue Bonds for payment of rent of premises 118-124 Schermerhorn street, Borough of Brooklyn, for use of the County Court, County of Kings, respectfully

REPORTS:

That the lease of these premises has been duly authorized by the Commissioners of Sinking Fund on July 15, 1915, to commence October 1, 1915, at \$12,000 per annum. There being no budget allowance for this purpose the rental for the last quarter must be provided for in this manner.

The Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of Subdivision 8, Section 188, of the Greater New York Charter, the Board of Estimate and Apportionment be, and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$3,000, the proceeds whereof to be used by the Comptroller for the payment of rent of the premises Nos. 118-120-122 and 124 Schermerhorn Street and 245 State Street, in the Borough of Brooklyn, for use of the County Court of the County of Kings, under a lease to the City from October 1, 1915, to December 31, 1915, the same being a charge against the County of Kings.

Report of the Committee on Finance in Favor of Adopting Resolution for \$200 Special Revenue Bonds to Replenish Transportation Account of Coroners, Borough of Brooklyn.

The Committee on Finance, to which was referred on September 21, 1915 (Minutes, page 245), the annexed resolution in favor of an issue of \$200 Special Revenue Bonds for the purpose of replenishing transportation account of Coroners, Borough of Brooklyn, for the years 1915, respectfully

REPORTS:

That having examined the subject, it believes the proposed allowance to be necessary. Past experience has shown that this sum, at least, will be needed to cover emergent calls.

It, therefore, recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two hundred dollars (\$200), the proceeds whereof to be used by the Board of Coroners, Borough of Brooklyn, for the purpose of replenishing account "No. 2959, Transportation, Board of Coroners, Brooklyn," for the year 1915, to pay "Transportation" for the months of August, September, October, November and December, 1915.

Report of the Committee on Finance in Favor of Adopting Resolution for \$251.50 Special Revenue Bonds for Arrangement of a Vault Space for Use of the Surrogate of Queens County.

The Committee on Finance, to which was referred on September 21, 1915 (Minutes, page 245), the annexed request from the President of the Borough of Queens for \$251.50 Special Revenue Bonds for use in arranging a space in the building occupied by the Surrogate as a storage vault, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. The details of the request are fully set forth in the letter of application, together with a favorable recommendation by the Commissioners of the Sinking Fund.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of Two hundred and fifty-one 50-100 dollars (\$251.50), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of arranging a space at the northeast part of the coal storage room, located in the basement of building occupied by the County Clerk's and Surrogate's offices, for the use of the Surrogate of Queens County as a storage vault.

All obligations incurred hereunder to be contracted for on or before December 31, 1915.

F. H. STEVENSON, JOHN DIEMER, D. M. BEDELL, C. AUGUSTUS POST, F. H. WILMOT, FRANCIS P. KENNEY, FRANK J. DOTZLER, Committee on Finance.

The City of New York, Office of the President of the Borough of Queens, Long Island City, September 13, 1915.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—Application is hereby made for an issue of Special Revenue Bonds in an amount not to exceed two hundred and fifty-one and 50-100 dollars (\$251.50) for the purpose of arranging space 10 feet by 26 feet at the northeast part of the coal storage room, located in the basement of building occupied by the County Clerk's and Surrogate's offices, for the use of the Surrogate of Queens County as a storage vault.

In connection with this application, I wish to state that a vault should be provided in which the older records of the Surrogate's Court could be stored, in order to make room for the later records on the main office and record floor, otherwise the books and records of the Surrogate's Court will have to be placed on the floor and elsewhere.

In support of this request, I beg to transmit herewith the following copy of a resolution adopted by the Commissioners of the Sinking Fund:

"Commissioners of the Sinking Fund of The City of New York.

"Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Surrogate of Queens County the entire third floor of the reconstructed building at No. 364 Fulton Street, Jamaica, Borough of Queens, said assignment to take effect May 1, 1915, or as soon thereafter as the building is ready for occupancy; and be it further

"Resolved, That the President of the Borough of Queens be and is hereby

requested to apply for the necessary funds in an amount not to exceed \$251.50, for the purpose of arranging space 10 feet by 26 feet at the northeast part of the coal storage room, located in the basement, for use of the Surrogate as a storage vault.

"A true copy of resolution adopted by the Commissioners of the Sinking Fund, May 5, 1915.

May 1 request that you give this matter your early attention to the end that a suitable place be provided for the storage of the records referred to in this application.

Yours very truly, JAMES A. DAYTON, Acting President of the Borough of Queens.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Report of the Committee on Finance in Favor of Adopting Resolution for \$115 Special Revenue Bonds to Meet Incidental Expenses of County Clerk of Bronx County During Remainder of Year 1915.

The Committee on Finance, to which was referred on September 21, 1915 (Minutes, page 246), a request from the County Clerk of Bronx County for \$115 Special Revenue Bonds to meet incidental expenses during the remainder of the year 1915, respectfully

REPORTS:

That, having examined the subject, it believes the proposed allowance to be necessary. The details are fully set forth in the request.

It, therefore, recommends that the accompanying resolution be adopted.
Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of One hundred and fifteen dollars (\$115), the proceeds whereof to be used by the County Clerk of Bronx County for the purpose of replenishing account for office supplies for the year 1915.

F. H. STEVENSON, JOHN DIEMER, D. M. BEDELL, C. AUGUSTUS POST, F. H. WILMOT, FRANCIS P. KENNEY, FRANK J. DOTZLER, Committee on Finance.

County Clerk's Office, County of Bronx, New County Court House, New York, September 16, 1915.

The Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—In view of the fact that the budget allowance for 1915 for this office is insufficient to provide moneys sufficient for the purposes hereinafter mentioned, it is respectfully requested that your Board issue special revenue bonds for \$115, so that the moneys realized therefrom can be used for the purchase and payment of the following:

Ice for drinking water for the months of September, October, November and December	\$20 80
Drinking water for the same period	25 00
Postage required by this office for the same period	40 00
Miscellaneous	29 20

Total..... \$115 00

The reason for the request for drinking water and ice, as above noted, lies in the fact that there is no Croton water available for this purpose in the section of the building in which this office is located, and it is unquestionably necessary to provide water for the public and the employees of this office.

The item of \$29.20 for miscellaneous expenses is to be expended for the purchase of such incidentals as ribbons for time clocks, rubber stamps, filing stamps, printed postal cards, and such other stationery as is not supplied to this office by the City Record. Very respectfully,

JAMES V. GANLY, County Clerk.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:
Affirmative—Aldermen Bartscherer, Bedell, Benninger, Bosse, Brush, Burden, Burns, Carberry, Chorosh, Cole, Colne, Crane, Delaney, Dotzler, Dowling, Duggan, Dujat, Eagan, Eichhorn, Ferguson, Ferrand, Fink, Gaynor, Hogan, Igstaedter, Kenneally, Kochendorfer, Lein, Levy, McCann, McCourt, McGarry, Milligan, Moore (Chas. No. 248—Int. Nos. 2046 and 2047.

Report of the Committee on Finance in Favor of Adopting Resolution for \$18,124 Special Revenue Bonds for Repairs to Water Mains at 109th Street and Manhattan Avenue.

The Committee on Finance, to which was referred on September 21, 1915 (Minutes, page 248), the annexed requests from the Commissioner of Water Supply, Gas and Electricity for special revenue bonds to repair damaged water mains in Manhattan Avenue, respectfully

REPORTS:

That, having examined the subject, it believes the proposed allowance to be necessary. It feels, however, that the Commissioner should not have waited eight weeks before making an application for funds, and does not understand how such a large contract could be entered into without exemption from the public letting provision. It recognizes that the City is liable for the action of the Commissioner in this instance, although not approving of the method, and it, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eighteen thousand one hundred and twenty-four dollars (\$18,124), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of repairing water mains in Manhattan Avenue, 109th and 110th Streets.

All obligations incurred hereunder to be incurred on or before December 31, 1915.
F. H. STEVENSON, JOHN DIEMER, D. M. BEDELL, C. AUGUSTUS POST, F. H. WILMOT, FRANCIS P. KENNEY, FRANK J. DOTZLER, Committee on Finance.

City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York City, July 29, 1915.
Board of Aldermen, City Hall, New York City:

Sirs—A very serious break occurred June 3 in a 48-inch main on Manhattan Avenue at 109th Street. An enormous amount of water flowed therefrom and undermined four other 48-inch mains in this avenue. The damaged main was one of the feed pipes of the Central Park reservoir. Prompt and energetic action was required to repair it and to restore the others whose safety had been impaired by the washout. An agreement was entered into with the Beaver Engineering & Contracting Company to undertake the work. This company has had considerable experience in water main construction, and had the plant and equipment at hand to begin the work. The Department has a complete record of the material and labor employed by the company on this work, which is now nearing completion. It is estimated that the total expense will be approximately \$16,000. The Department has no funds against which this expense could be charged. I therefore respectfully request that the amount be provided by an issue of special revenue bonds. Respectfully,

WILLIAM WILLIAMS, Commissioner.

City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York City, August 31, 1915.
Board of Aldermen, City Hall, New York City:

Dear Sirs—On July 29, 1915, application was made for an issue of revenue bonds

in the sum of \$16,000, the proceeds whereof to be applied to the expense incurred in repairing the damaged water mains in Manhattan Avenue, 109th and 110th Streets. The above sum included several items which were indeterminate at the time the application was submitted, particularly the item relating to labor to be employed in backfilling the trench. The Bureau of Highways requested that very little rock be deposited in the trench. This resulted in increasing the labor charges considerably, as the rock and stone excavated had to be separated from the other acceptable material and this added to the quantity of surplus material which had to be carted away.

Attached hereto is a schedule showing the different classes and items of expense and I respectfully request that the Honorable Board of Aldermen recommend the issue of special revenue bonds in the sum of \$18,124. Respectfully,

DELOS F. WILCOX, Deputy and Acting Commissioner.

Report of the Committee on Finance in Favor of Adopting Resolution for \$250 Special Revenue Bonds to be Used by the Board of Coroners of the Borough of The Bronx for Automobile Hire.

The Committee on Finance, to which was referred on September 21, 1915 (Minutes, page 282), the annexed resolution in favor of an issue of \$250 special revenue bonds to be used by the Board of Coroners of the Borough of The Bronx for automobile hire, respectfully

REPORTS:

That having examined the subject, it believes the proposed allowance to be necessary to replenish this account for the last quarter of 1915. It is an absolute necessity to hire transportation to many of the sections of this large borough and the Committee considers this amount a reasonable one.

It, therefore, recommends that the said resolution be adopted.

Resolved, that, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two hundred and fifty dollars (\$250), the proceeds whereof to be used by the Board of Coroners of the Borough of The Bronx for the purpose of automobile hire; all obligations contracted for hereunder to be incurred on or before December 31, 1915.

SPECIAL ORDERS RESUMED. No. 249—Int. No. 2049.

Report of the Committee on Finance in Favor of Adopting Resolution for \$113,515.63 Special Revenue Bonds to Meet Deficits in 1915 Appropriations for Department of Correction.

The Committee on Finance, to which was referred on September 21, 1915 (Minutes, page 250), the annexed resolution in favor of an issue of \$72,953.12 to meet deficits in 1915 appropriation of Department of Correction, respectfully

REPORTS:

That an allowance was made to this department in July to carry the Department to about October 15, with the understanding that a supplemental request would be favorably considered. This is now presented in detail. The resolution does not cover the increase asked for in food supplies, which the Committee believes reasonable. It has gone over the estimate carefully, and recommends that the accompanying substitute resolution be adopted.

SUBSTITUTE.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of One hundred and thirteen thousand five hundred and fifteen 63-100 dollars (\$113,515.63) the proceeds whereof to be used by the Department of Correction for the purpose of meeting deficits in appropriation for 1915, as follows:

F. H. STEVENSON, JOHN DIEMER, D. M. BEDELL, C. AUGUSTUS POST, F. H. WILMOT, FRANCIS P. KENNEY, FRANK J. DOTZLER, Committee on Finance.

Department of Correction of the City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, August 27, 1915.
Hon. GEORGE MCANENY, President, The Board of Aldermen, New York City:

Sir—I respectfully ask that your Honorable Board will request the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of one hundred and thirteen thousand five hundred and fifteen dollars and sixty-three cents (\$113,515.63), to provide for the balance of our request of June 28th. By the issue of July 21st, provision was made for approximately half of the amount requested as per table shown below.

Code No.		Request, June 28th.	Bond Issue, July 21st.	Balance.
2651	Food Supplies	\$88,875 00	\$44,437 50	\$44,437 50
2652	Forage and Vet. Sup.....	2,100 00	1,050 00	1,050 00
2655	Medical and Surgical Supplies.....	3,562 50	1,781 25	1,781 25
2656	Laundry, Cleaning and Disinfecting Sup..	1,875 00	937 50	937 50
2658	Refrigerating Supplies	262 50	131 25	131 25
2659	Botanical and Agricultural Supplies.....	2,000 00	1,000 00	1,000 00
2660	General Plant Supplies	750 00	375 00	375 00
2662	Household Equipment	6,000 00	3,000 00	3,000 00
2663	Medical and Surgical Equipment.....	4,500 00	2,250 00	2,250 00
2667	Wearing Apparel	13,500 00	6,750 00	6,750 00
2668	General Plant Equipment	2,381 25	1,190 62	1,190 63
2669	General Plant Material	6,750 00	3,375 00	3,375 00
2670	General Repairs	7,835 25	1,835 25	6,000 00
2676	Motor Vehicle Repairs	225 00	112 50	112 50
2677	Contingencies	1,125 00	562 50	562 50

With the exception of Code No. 2651, Food Supplies, the balances noted above will probably be sufficient, but the need for a larger amount in Food Supplies is made evident by the unusually high census (for this time of the year) and there is no doubt whatever that during the months of October, November and December of this year this department will be called upon to provide for a minimum census of seven thousand five hundred (7,500).

I wish therefore to make request for \$85,000 more in Code No. 2651, Food Supplies, instead of the balance (\$44,437.50) indicated in the table, which is an increase of \$40,562.50 over my original request of June 28th, for this particular appropriation.

Respectfully, BURDETTE G. LEWIS, Deputy and Acting Commissioner.
Department of Correction of the City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, September 10, 1915.
Hon. GEORGE MCANENY, President, Board of Aldermen:

Dear Sir—I write to supplement the request of the Department of Correction for revenue bonds amounting to \$113,515.63. The budget appropriation provided funds for an average of five thousand (5,000) inmates for the year 1915. The average to be cared for will be seven thousand (7,000) or more for the year, or an excess of two thousand (2,000) over that for which appropriation was made. Approximately, \$85,000 of the requested amount is for food supplies. All food supplies on hand, now contracted for, will be exhausted by October 25th. Revenue bonds in the amount of \$93,396.60 have already been allowed this year. The total of the budget and revenue bond appropriations for the year 1915 will be \$1,519,317.14, if all of our present request is allowed. This will mean a per capita cost of \$217.60 per inmate for the year, a reduction of \$27 below the per capita cost for 1914. The per capita cost for 1914 was \$224, or \$38 less than it was the last year of the present administration. In other words, if no reduction had been made during this administration in the annual per capita cost of this department, it would require \$1,980,370 to board, maintain and care for all the prisoners that have been and will be cared for by this department during the year 1916. In other words, the reduction of per capita cost below the 1913 figure has really saved the City \$461,020. There can be no basis of criticism on this request of this department at this time, as \$217 is at least \$8 less than the per capita cost of caring for prisoners in any institution in any part of the country, and in the judgment of this department is too little to provide decent clothing and decent facilities.

May I ask the unanimous consent of your Honorable Board at the first meeting on September 21, 1915, so that the bonds requested may be voted at that time, as ten days must elapse between the time of your action and the Mayor's approval under the law, and then another period must elapse before the Board of Estimate can take action making the appropriation legal. As it is, it does not seem possible to secure the appropriation, advertise for bids, award the contract, and secure deliveries of food supplies by the time our present supplies are exhausted. Please bear in mind that this situation is not of our making. A grant of half of the revenue bonds requested on June 28th was made by your Honorable Board. Any help you can give us will be greatly appreciated. Respectfully yours,

KATHARINE BEMENT DAVIS, Commissioner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

GENERAL ORDERS RESUMED.

No. 710—Int. No. 2010.

Report of the Committee on Finance in Favor of Adopting Resolution to Concur with the Board of Estimate and Apportionment in the Matter of Waiving Damages Imposed Against the Ornamental Lighting Pole Company for Breach of Contract.

The Committee on Finance, to which was referred on September 21, 1915 (Minutes, page 219), the annexed resolution in favor of waiving damages imposed against the Ornamental Lighting Pole Company for breach of contract, respectfully

REPORTS:

That, having carefully examined the subject, it believes the proposed action is just and reasonable, in view of the statement made by the Commissioner of Water Supply, Gas and Electricity that the city received full benefit and was not damaged by the delay in delivery of certain poles which constituted the breach of contract for which this penalty was imposed.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following preamble and resolution adopted by the Board of Estimate and Apportionment at a stated meeting held August 19, 1915:

Whereas, The City, through the Department of Water Supply, Gas and Electricity, entered into a contract with the Ornamental Lighting Pole Company of 114 Liberty Street, New York City, on December 30, 1912, pursuant to the terms of which the Contractor was to furnish and deliver 100 type "C" street lighting poles at sixteen dollars (\$16) each, amounting to sixteen hundred dollars (\$1,600); and

Whereas, Deliveries of said poles were to be fully and entirely performed on the part of the Contractor within 125 calendar days, plus certain extensions of time duly granted by the Department, aggregating a total of 155 days properly allowable for deliveries, said deliveries were not fully and entirely performed until the expiration of 263 days; and

Whereas, The said Contractor in good faith furnished and delivered to the City the said 100 street lighting posts, which have been applied to the uses of the City; and

Whereas, The Contractor inadvertently omitted to request an extension of time which, if duly requested, would undoubtedly have been granted by said Department and thereby obviated in whole any liquidated damages, said omission being admittedly due to the oversight of the Contractor in failing to familiarize itself with the provisions for extensions of time in its contract, but which omissions were not prejudicial in any particular to the interests of the City; and

Whereas, The Contractor in the performance of the said contract was impeded by certain labor troubles and was put to considerable expense and loss of work and material on the first lot of 100 posts made up by it and rejected by the said Department; and

Whereas, It appears the City suffered no loss by reason of the delay in furnishing and delivering the said lighting posts; be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 418 of the Charter, unanimously recommends to the Board of Aldermen that the liquidated damages imposed against the Ornamental Lighting Pole Company, under the terms of said contract, No. 35152, be waived and the Contractor released from all fines and penalties under the said contract, and the Comptroller be and hereby is directed to pay the amount otherwise due under the contract as a legal claim.

F. H. STEVENSON, JOHN DIEMER, D. M. BEDELL, C. AUGUSTUS POST, F. H. WILMOT, FRANCIS P. KENNEY, FRANK J. DOTZLER, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

An Ordinance to Amend Section 171 of Chapter 14 of the Code of Ordinances, Relating to Itinerant Musicians.

By the Vice-Chairman—

AN ORDINANCE to amend section 171 of chapter 14 of the Code of Ordinances relating to Itinerant Musicians.

Be it ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 171 of chapter 14 of the Code of Ordinances is hereby amended to read as follows:

§ 171. *Itinerant Musicians.* No persons shall [engage in the business of street musicians, playing for hire or voluntary contributions from door to door or otherwise without having first obtained a license therefor] use or perform on any musical instrument in any street or public place unless he shall have been licensed as an itinerant musician, as hereinafter provided. [Such licenses shall be granted by the Commissioner; provided that the person or persons applying therefor shall have been residents of the City for at least one year prior to such application, and shall pay for such license the sum of \$10, the license to be renewed from year to year, upon the annual payment of such fee. The term of residence required by this section shall be proved by affidavits of the person applying for such license and of two other persons resident of the City, which affidavits shall state the different places of residence in the City occupied by said applicant during the year preceding his application.] Upon payment of a license fee of \$10 per annum, the Commissioner of Licenses may grant and issue licenses to such number of itinerant musicians as he may deem proper, not to exceed, however, the total number of 800; but no such license shall be granted to any person except upon the affidavits of the applicant and two other persons residing within the City showing that the applicant has been a resident of the City for at least one year, prior to his application for the license, and setting forth the different places in which he has resided therein during such period. No person licensed as an itinerant musician shall solicit, ask or request any money for his performance, as such, in any way, shape or manner, directly or indirectly. No person shall use or perform upon any musical instrument in any street or public place, before the hour of 9 A. M. nor after the hour of 6 P. M. of any day; nor during any part of the first day of the week, commonly called Sunday; nor within a distance of 500 feet of any schoolhouse or house of public worship, during school hours or hours of public worship, respectively; nor within a like distance of any court, public office, hospital, asylum or other public institution, nor within a distance of 250 feet of any tenement house, dwelling house or other building, when directed or requested by any occupant thereof to refrain from or discontinue using or performing upon such musical instrument.

All licenses for itinerant musicians now in force, which shall not sooner expire, shall expire on the thirty-first day of December next succeeding the date on which this ordinance shall take effect. All licenses for itinerant musicians now in force, the terms of which would otherwise bring their expiration to a period beyond the thirty-first day of December next succeeding the date this ordinance takes effect, may be renewed by the licensees for another term, if presented on or before the said December thirty-first, and for such full calendar month of the unexpired time of the old license a pro rata amount of the fee paid therefor shall be applied toward the payment of the new fee. All licenses for itinerant musicians issued between the date this ordinance becomes effective and the following December thirty-first, shall be charged the full fee mentioned above, but all such licenses may be renewed by the licensees, if presented on or before the said December thirty-first, at the pro rata rates heretofore prescribed in this paragraph. The provisions of this section shall apply only to itinerant musicians and shall not be construed [so as] to affect any band of music or organized musical or religious society engaged in any military or civic parade, or to any musical performance conducted under a license from municipal authority.

Section 2. This ordinance shall take effect immediately.

An Ordinance Relating to Unsafe Buildings and Collapsed Structures in The City of New York.

By Alderman McNally (on behalf of the Committee on Buildings)—

AN ORDINANCE relating to Unsafe Buildings and Collapsed Structures in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Article 31 of Chapter 5 of the Code of Ordinances of the City of New York is hereby amended to read as follows:

ARTICLE 31.

Unsafe Buildings and Collapsed Structures.

Section 630. Removal or repair of buildings.

631. Record and notice of unsafe building.

632. Voluntary abatement.

633. Disregard of notice; survey.

634. Judicial review of survey.

635. Repair or removal under precept.

636. Provision for expanse of executing precept.

637. Return of precept; reimbursement of city.

638. Fallen buildings; buildings imminently [perilous] dangerous.

639. Emergency fund.

§ 630. Removal or repair of buildings. Any building or [buildings], part [or parts] of a building, staging or other structure that from any cause may now be, or shall at any time hereafter become dangerous or unsafe, [may] shall be taken down and removed, or made safe and secure.

§ 631. Record and notice of unsafe building. Immediately upon the receipt of a report by any officer or employee of the bureau of buildings [receiving information] that a building or [buildings, or] part [or parts] of a building, staging or structure is unsafe or dangerous, the superintendent of buildings shall cause the same to be [immediately] entered upon a docket of unsafe buildings to be kept in his bureau; and the owner, or some one of the owners, executors, administrators, agents, lessees or any other person [or persons] who may have a vested or contingent interest in the same, [may] shall be served with a printed or written notice containing a description of the premises or structure deemed unsafe or dangerous, a statement of the particulars in which the building or structure is unsafe or dangerous, and an order requiring the same to be made safe and secure or removed, as [the same] may be deemed necessary by the superintendent of buildings. [, which] Such notice shall require the person [or persons] thus served to immediately certify to the superintendent his [or their] assent or refusal to secure or remove the same.

§ 632. Voluntary abatement. If the person [or persons so] served with a notice specified in § 631, shall immediately certify his [or their] assent to the securing or removal of said unsafe or dangerous building[s], premises or structure, he [or they] shall be allowed [until 1 o'clock p. m. of the day following] twenty-four hours after the service of such notice, in which to commence the securing or removal of the same; and he [or they] shall employ sufficient labor and assistance to secure or remove the same as expeditiously as [the same] can be done.

§ 633. Disregard of notice; survey. 1. Notice of survey. Upon the refusal or neglect of the person[s] served with the notice for which provision is made in

[the preceding section] §§ 631 and 632, to comply with any of the requirements thereof, a further notice shall be served upon him [or them], in the manner heretofore prescribed, notifying him [or them] that a survey of the premises named in said notice will be made at the time and place therein named, which time [may] shall not be less than twenty-four hours nor more than three days from the time of the service of said notice, by three competent persons, one of whom shall be the superintendent of buildings or an inspector designated in writing by said superintendent, another of whom shall be an architect, appointed by the New York Chapter of the American Institute of Architects for the boroughs of Manhattan, The Bronx and Richmond, and by the Brooklyn Chapter of the American Institute of Architects for the boroughs of Brooklyn and Queens, depending upon the borough or boroughs in which the property is located, another of whom shall be a practical builder, engineer or architect appointed by the person [or persons] thus notified. In case the person [or persons] served with such notice shall neglect or refuse to appoint such surveyor, the other two surveyors [may] shall make the survey, and in case of a disagreement of the latter, [they] shall appoint a third person to take part in such survey, who shall also be a practical builder, engineer or architect of at least ten years' practice [,] and whose decision shall be final. The notice shall also set forth that in case the premises referred to therein shall be reported unsafe or dangerous under such survey, the said report will be placed before a court therein named having jurisdiction to the extent of \$1,000, and that a trial upon the allegations and statements contained in said report, be the report of said surveyors more or less than is contained in the said notice of survey, will be had before said court at a time and place therein named, to determine whether said unsafe or dangerous building or premises shall be repaired and secured or taken down and removed, and that a report of said survey, reduced to writing shall constitute the issue to be placed before the court for trial.

2. Posting report of survey. A copy of the report of the survey shall be posted on the building the subject thereof by the persons holding the survey immediately on their signing such report.

3. Compensation of surveyor. The architect appointed by the Chapters of the American Institute of Architects, as hereinbefore provided, who may act on any survey called in accordance with the provisions of this article, and the third surveyor who may have been called in the case of disagreement provided for in this section, shall be entitled to and receive each the sum of \$25, to be paid by the comptroller upon the voucher of the superintendent of buildings. A cause of action is hereby created for the benefit of the city against the owner [or owners] of said building, staging or structure, and of the lot or parcel of land on which the same is situated, for the amount so paid with interest. The amount so collected shall be paid over to the comptroller in reimbursement of the amounts [so] paid by him as aforesaid.

§ 634. Judicial review of survey. 1. Institution of proceeding. Whenever the report of any such survey had as aforesaid shall recite that the building, premises or structure thus surveyed is unsafe or dangerous, the corporation counsel shall at the time specified in the notice place such notice and report before the justice holding a special term of the court named in the notice.

2. Precedence of proceeding. The determination of the issue in an unsafe building proceeding shall have precedence over every other business of such court, [and the justice holding the same shall immediately proceed to obtain and impanel a jury, and to the trial of the issue before the jury] and a trial of the issue shall be held without delay at the time specified in the notice by the justice holding said court or a referee, whose decision or report in the matter shall be final, unless a jury trial is demanded in which case the verdict of such jury shall be final.

3. Postponement of trial. [In case] If for any reason the issue shall not be tried at the time specified in said notice, or to which the trial may be adjourned, the same may be brought to trial at any time thereafter by the superintendent of buildings without a new survey, upon not less than three days' notice of trial to the person [or persons] upon whom the original notice was served, or to his [or their] attorney[ies], [which] Such notice of trial may be served in the same manner as said original notice.

4. Trial by jury. The justice before whom any such issue shall be brought on for trial shall have power to impanel a jury for that purpose from any jurors in attendance upon his court, or in case sufficient jurors shall not be in attendance, then from any jurors that may be summoned for that purpose. The justice shall have power to summon jurors for that purpose, and shall try said issue without adjournment, except as may be necessary from day to day. The verdict of the jury in any such trial shall be exclusive and final.

5. Trial without jury. A jury trial may be waived by the default of the defendant or defendants to appear at the time and place named in said notice, or by agreement, and in such case the trial may be by court, justice or referee, whose report or decision in the matter shall be final. Any such suit or proceeding commenced before a justice may be continued before another of the same court.]

4[6]. Precept to abate. Upon the rendition of a verdict or decision of the court, [justice] or referee, if the said verdict or decision shall find the said building, premises or structure to be unsafe or dangerous, the justice trying the cause, or to whom the report of the referee trying said cause shall be presented, shall immediately issue a precept directed to the superintendent of buildings, reciting said verdict or decision, and commanding him forthwith to repair and secure, or take down or remove, as the case may be, the unsafe or dangerous building, buildings, part or part[s] thereof, staging, structure or other premises that shall have been named in the said report, in accordance with such verdict or decision.

§ 635. Repair or removal under precept. 1. Execution of precept. Upon receiving a precept issued under the provisions of the preceding section, the superintendent of buildings referred to herein shall immediately proceed to execute the same, as therein directed, and may employ such labor and assistance and furnish such materials as may be necessary for that purpose, provided, nevertheless, that immediately upon the issuing of said precept, the owner of said building or part thereof, staging or structure, or premises, or any party interested therein, upon application to the superintendent of buildings, shall, upon the payment of all costs and expenses incurred up to that time by the city, be allowed to perform the requirements of the precept at his own proper cost and expense, [but] if the same shall be done immediately and in accordance with the requirements of said precept[, and]. [Upon the payment of all costs and expenses incurred up to that time by the city, and provided, further that t]The superintendent of buildings shall have authority to modify the requirements of [said] any precept upon application to him therefor, in writing, by the owner [or owners] of said building or part thereof, staging or structure, or his [or their] representative, when he shall be satisfied that such change shall secure equally well the safety of said building, or part thereof, staging or structure.

2. Interference prohibited. It shall be unlawful for any person, whether interested or not in the property affected, to interfere, obstruct or hinder the superintendent of buildings or his representative or any person who, acting under the authority conferred on him by such superintendent, is performing the work directed by a precept issued out of any court as in this article provided, or ordered by the superintendent in accordance with such precept under the provisions of this chapter.

§ 636. Provision for expense of executing precept. In and about all preliminary proceedings, as well as the carrying into effect any order of the court [or justice] thereof, or any precept issued by any court [or justice] thereof, the superintendent of buildings may make requisition upon the Comptroller for such amount of money as shall be necessary to meet the expenses thereof; and upon the approval of the statement of expenses thereof [same being approval] by any justice of the court from which the said order or precept was issued [and presented to the Comptroller, he] the Comptroller, shall pay the same, and for that purpose shall borrow and raise upon revenue bonds [to be], issued as provided by law [in section 188 of the Charter], the several amounts that may from time to time be required, which shall be reimbursed by the payment of the amount and interest at six per cent out of any judgment obtained as hereinafter provided [if], when said amount and interest [the same] shall [be] have been collected.

§ 637. Return of precept; reimbursement of city. Upon compliance with any precept issued to him in an unsafe building proceeding, the superintendent of buildings [to whom the precept issued] shall make return thereof, with an indorsement of the action thereunder and the cost and expenses thereby incurred, to the justice then holding the special term of the court from which such precept issued, and thereupon said justice shall tax and adjust the amount indorsed upon said precept, and shall adjust and allow the disbursements of the proceeding, together with the preliminary expenses of searches and surveys thereof, which shall be inserted in the judgment in said action or proceeding, and shall render judgment for such amount, and for the sale of the said premises in the said notice named, together with all the right, title and interest that the person named in the said notice had in the lot, ground or land

upon which the said building or structure was placed, at the time of the filing of a notice of his pendens in the said proceedings, or at the time of the entry of judgment therein to satisfy the same, which shall be in the same manner and with like effect as sales under judgment in foreclosure of mortgages. The notice of his pendens provided for in this section shall consist of a copy of said notice of survey and shall be filed in the office of a country clerk in the country where the property affected by such action, suit or proceeding is located.

§ 638. Fallen buildings; buildings imminently [perilous] dangerous. 1. Recovery of bodies from wrecked building. In case of the falling of any building or part thereof in the city, where persons are known or believed to be buried under the ruins [thereof], the superintendent of buildings [fire commissioner] shall cause an examination of the premises to be made for the recovery of the bodies of the killed and injured. Whenever, in making such examination, it shall be necessary to remove any debris from the premises, the commissioners of the departments of docks, parks and street cleaning, and the superintendent of the appropriate bureau of highways, respectively, when called upon by the superintendent of buildings [to], shall co-operate with said superintendent in carrying out the purposes of this section and shall [to] provide [a] suitable and convenient [dumping] places for the deposit of such debris.

2. Temporary safeguards for dangerous buildings. In case there shall be, in the opinion of the superintendent of buildings, actual and immediate danger of the falling of any building or part thereof so as to endanger life or property [said department], he shall cause the necessary work to be done to render said building or part thereof temporarily safe until the proper proceedings [can be taken, as in the case of an unsafe building, as provided for in this article] provided for unsafe buildings by this article, are instituted.

3. Vacating buildings; closing streets and sidewalks. The superintendent of buildings is hereby authorized and empowered in such cases, and also where any building or part thereof has fallen and life is endangered by the occupation thereof, to order and require the inmates and occupants of such building or part thereof to vacate the same forthwith, and the superintendent may, when necessary for the public safety, temporarily close [the] sidewalks, [and] streets, buildings, structures and places adjacent to such building or part thereof, and prohibit the same from being used [, and]. [t] The police commissioner, when called upon by the superintendent of buildings to co-operate, shall enforce such orders or requirements.

4. Laborers and materials. For the purposes of this section [the fire commissioner or] the superintendent of buildings [, as the case may be,] shall employ such laborers and materials as may be necessary to perform said work as speedily as possible.

§ 639. Emergency fund. 1. Sources. The corporation counsel shall, on the first day of each and every month, render to each superintendent of buildings an account of and pay over to him the amount of such penalties and costs received by him, together with his bill for all necessary disbursements incurred or paid in said suits, keeping a separate account for each superintendent. Each superintendent shall pay over monthly the amount of such penalties and costs so collected to the comptroller, as a fund for the use and benefit of his bureau.

2. Purposes. The fund aforesaid shall be used for the purpose of paying expenses incurred by the several superintendents of buildings under § 638 of this chapter, and also for the purpose of carrying into effect any order or precept issued by any court, judge or justice to any superintendent of buildings. [, and a] Upon the requisition of the superintendent having jurisdiction [, t] the comptroller shall pay such sums as may be allowed and adjusted by any court of record [, or a judge or justice thereof,] for such purposes [, as far as the same may be in his hands].

3. Accounts. A separate account shall be kept by the comptroller of the moneys paid to him by each superintendent of buildings, and no moneys shall be paid for such purposes to any superintendent except from the account of the funds received from him.]

Section 2. The provisions of this ordinance shall take effect immediately.

Which was referred to the Committee on Buildings.

No. 2122.

An Ordinance Relating to the Enforcement of Chapter 5 of the Code of Ordinances of The City of New York.

By the same—

Be it ordained by the Board of Aldermen of the City of New York, as follows:

Section 1. Article 32 of Chapter 5 of the Code of Ordinances of the City of New York is hereby amended to read as follows:

ARTICLE 32.

Enforcement of Chapter.

Section 650. Notices of requirements or of violations.

651. Emergency measures.

652. Judicial remedies.

653. Judicial orders.

654. Penalties.

655. When violation is a misdemeanor.

§ 650. Notices of requirements or of violations. 1. Issue. All notices of the violation of any of the provisions of this chapter, and all notices, required or authorized by this chapter, directing any thing to be done, [required thereby, and all other notices that may be required or authorized to be issued thereunder,] including notices that any building, structure, premises, or any part thereof, is deemed to be unsafe or dangerous, shall be issued by the superintendent of buildings, and shall have his name affixed thereto.

2. Contents. Each such notice or order, in addition to the statement of requirements, shall contain a description of the building, premises or property affected [on which such violation shall have been put or may exist, or which may be deemed unsafe or dangerous, or to which such notice or order may refer].

3. Personal service. All such notices, and any notice or order issued by any court in any proceeding, instituted pursuant to this chapter, to restrain or remove any violation, or to enforce compliance with any provision or requirement of this chapter, may be served by delivering to and leaving a copy of the same with any person [or persons] violating, or who may be liable under any provision of this chapter, or [to whom the same may be addressed] who may be designated as provided in subdivision 4 of § 653 of this article. They may be served by any officer or employee of the bureau of buildings, or by any person authorized by the said bureau.

4. Notice by [P]osting. If the person to whom [any] such order or notice is addressed cannot be found within the City of New York after diligent search shall have been made for him [or them], then such notice or order may be served by posting the same in a conspicuous place upon the premises where such violation is alleged to have been placed or to exist, or to which such notice or order may refer, or which may be deemed unsafe or dangerous, and also depositing a copy thereof in a post-office in The City of New York, inclosed in a sealed, postpaid wrapper addressed to said person at his last known place of residence, which shall be equivalent to a personal service of said notice or order upon all parties for whom such search shall have been made, whether residents or non-residents of the State of New York.

5. Service of non-residents. If the person or persons or any of them, to whom said notice or order is addressed, do not reside in the State of New York, and have no known place of business therein, the same may be served by delivering to and leaving with such person or persons, or either of them, a copy thereof, or, if said person or persons cannot be found within said state after diligent search, then by posting a copy of the same in manner as aforesaid and depositing a copy thereof in a post-office in the city, inclosed in a sealed wrapper addressed to said person or persons at his or their last known place of residence, with the postage paid thereon; and said posting and mailing of a copy of said notice or order shall be equivalent to personal service of said notice or order.]

§ 651. Emergency measures. 1. Stopping work; vacating and securing building. In case there shall be, in the opinion of the [president of the borough, or] superintendent of buildings, danger to life or property by reason of any defective or illegal work [, or work] in violation of or not in compliance with any of the provisions or requirements of this chapter, the [president or] superintendent, or such person as may be designated by [either of them] him, shall have the right and he is hereby authorized and empowered to order all further work to be stopped in and about said building, and to require all persons in and about said building forthwith to vacate the same, and to cause such work to be done in and about the building as in his judgment may be necessary to remove any danger therefrom.

2. Closing street temporarily. The [president of the borough or] superintendent of buildings may, when necessary for the public safety, temporarily close the

sidewalks, [and the] streets, buildings, structures or places adjacent to said building or part thereof, and the police commissioner, or any of his subordinates, when called upon by the said [borough president or] superintendent of buildings to cooperate, shall enforce [such] all orders or requirements made under this section.

§ 652. Judicial remedies. 1. Action or proceeding, generally. Whenever the superintendent of buildings is satisfied that any building or structure, or any portion thereof, or any drainage or plumbing, the erection, construction or alteration, execution or repair of which is regulated, permitted or forbidden by this chapter, is being erected, constructed, altered or repaired, or has been erected, constructed, altered or repaired, in violation of, or not in compliance with, any of the provisions or requirements of this chapter, or in violation of any detailed statement of specifications or plans submitted and approved thereunder, or of any certificate or permit issued thereunder, or that any provision or requirement of this chapter, or any order or direction made thereunder has not been complied with, or that plans and specifications for plumbing and drainage have not been submitted or filed as required by this chapter, the superintendent may, in his discretion, through the corporation counsel, institute any appropriate action [of] or proceeding at law or in equity to restrain, correct or remove such violation, or the execution of any work thereon, or to restrain or correct the erection or alteration of, or to require the removal of, or to prevent the occupation or use of, the building or structure erected, constructed, or altered, in violation of, or not in compliance with, any of the provisions of this chapter, or with respect to which the requirements thereof, or of any order or direction made pursuant to any provisions contained therein, shall not have been complied with. *Any person who shall maintain or continue any building or structure, or any portion thereof, or any drainage or plumbing, in violation of any of the provisions of this chapter, after having been duly notified as in this chapter provided that such building or structure, or any portion thereof, or that such drainage or plumbing is in violation of any provision of this chapter, shall be subject to any action or proceeding and any penalty that is provided in this article for the commission of the violation.*

2. Corporation counsel to act. The corporation counsel [is authorized to] shall institute any and all actions and proceedings, either legal or equitable that may be appropriate or necessary for the enforcement of the provisions of this chapter.

3. Courts having jurisdiction. All courts of civil jurisdiction in the city shall have cognizance of and jurisdiction over any and all suits and proceedings authorized by this chapter to be brought for the recovery of any penalty or the enforcement of any provision of this chapter, and shall give preference to such suits and proceedings over all others. No court shall lose jurisdiction of any action hereunder by reason of a plea that the title to real estate is involved; provided the object of the action is to recover a penalty for the violation of any of the provisions of this chapter. All civil courts in said city are hereby invested with full legal and equitable jurisdiction to hear, try and determine all such actions and proceedings, and to make appropriate orders and render judgment therein according to law, so as to give force and effect to the provisions of this chapter.

4. Restraining order. In any such action or proceeding the city may, in the discretion of the superintendent of buildings and on his affidavit setting forth the facts, apply to any court of record in said city or to a judge or justice thereof, for an order enjoining and restraining all persons from doing, or causing or permitting to be done, any work in or upon such building or structure, or in or upon such part thereof as may be designated in said affidavit, *or from occupying or using said building or structure, or such portion thereof as may be designated in said affidavit*, for any purpose whatever, until the hearing [structure, or such portion thereof as may be designated in said affidavit for any purpose whatever, until the hearing] and determination of said action and the entry of final judgment therein. The court, or judge or justice thereof, to whom such application is made, is hereby authorized forthwith to make any or all of the orders above specified, as may be required in such application, with or without notice, and to make such other or further orders or directions as may be necessary to render the same effectual. No undertaking shall be required as a condition to the granting or issuing of such injunction order, or by reason thereof.

5. Judgment. All courts in which any action or proceeding is instituted under this chapter shall, upon the rendition of a verdict, report of a referee, or decision of a judge or justice, render judgment in accordance therewith.

6. Lien of judgment. Any judgment rendered in an action or proceeding instituted under this chapter shall be and become a lien upon the premises named in the complaint in such action, to date from the time of filing of a notice of lis pendens in the county clerk's office of the county, wherein the property affected by such action, suit or proceeding is located [:]. *Every such [which] lien may be enforced against said property, in every respect, notwithstanding the same may be transferred subsequent to the filing of the said notice.*

7. Lis pendens. The notice of lis pendens referred to in [the last preceding subdivision of] this section shall consist of a copy of the notice issued by the superintendent of buildings, requiring the removal of the violation and a notice of the suit or proceedings instituted, or to be instituted thereon. Such notice of lis pendens may be filed at any time after the service of the notice issued by the superintendent as aforesaid; provided he may deem the same to be necessary, or is satisfied that the owner of the property is about to transfer the same to avoid responsibility for having violated a provision of this chapter. Any notice of lis pendens filed pursuant to the provisions of this chapter may be vacated and cancelled of record upon an order of a [judge or] justice of the court in which such suit or proceeding was instituted or is pending, or upon the consent in writing of the corporation counsel. The clerk of the county where the notice is filed, is hereby directed and required to mark any such notice of lis pendens, and any record or docket thereof, as vacated and cancelled of record, upon the presentation and filing of a certified copy of an order [as aforesaid], or of the consent, [in writing, of the corporation counsel] *as aforesaid.*

8. Costs. In no case shall a bureau of buildings, or any officer thereof, or the city, or any defendant, be liable for costs in any action, suit or proceeding that may have been, or may hereafter be, instituted or commenced in pursuance of this chapter [, unless the same shall be specially ordered and allowed against any defendant or defendants, by a court of justice, in the course of such action, suit or proceeding].

9. Officers not liable for damages. No officer of a bureau of buildings, acting in good faith and without malice, shall be liable for damages by reason of anything done in any action or proceeding instituted under any provision of this chapter, *or by reason of any act or omission in the performance of his official duties.*

§ 653. Judicial orders. 1. To comply with building notices. In case any notice or direction authorized to be issued by this chapter is not complied with within the time designated therein, the city, by the corporation counsel, may, at the request of the superintendent of buildings, apply to the Supreme Court, at a special term thereof, for an order directing the superintendent to proceed to make the alterations or remove the violation [or violations], as the same may be specified in said notice or direction.

2. To vacate for violations. Whenever any notice or direction so authorized, shall have been served as directed in this article, and the same shall not have been complied with within the time designated therein, the corporation counsel [may] shall, at the request of the superintendent of buildings, in addition to, or in lieu of [the] any other remedy [last above] provided for by this chapter, apply to the Supreme Court, at a special term thereof, for an order directing the superintendent to vacate such building or premises, or so much thereof as he may deem necessary, and prohibiting the same to be used or occupied for any purpose specified in said order until such notice shall have been complied with.

3. Responsibility of lessees or occupants. In case any of the notices or orders of court herein mentioned shall be served upon any lessee or party in possession of the building or premises therein described, it shall be the duty of the person upon whom such service is made to give immediate notice to the owner or agent of the building or premises named in the notice, [if the same shall be known to the said person personally,] if such person shall be within the limits of the city, and his residence be known to such person, and, if not within [said] the city, [then] by depositing [a copy of] said notice in any post-office in the city, properly inclosed in a *postpaid wrapper* [and] addressed to such owner or agent [,] at his then known place of residence. [, if known, and by paying the postage thereon. In case any such lessee or party in possession shall neglect or refuse to give the notice herein provided, he shall be personally liable to the owner or owners of said buildings or premises for all damages he or they shall sustain by reason thereof.]

4. Designation by an owner of a building. Any owner of real estate or of a building thereon, may execute and acknowledge a written designation of a resident of said city, as a person upon whom may be served, any notice of violation, notice to make safe, or notice of survey, a summons, a mandate, or any paper or process,

issued under a provision of this chapter, and may file the same, with the written consent of the person so designated, duly acknowledged, in the office of the superintendent of buildings. The designation must specify the location of the property with respect to which the designation is made and the residences and places of business of the person making it and the person designated. It shall remain in force during the period specified therein, if any, or until revoked by the death or legal incompetency of either of the parties, or by the filing of a revocation by either of the parties, duly acknowledged and indorsed with the consent of the superintendent of buildings. The superintendent of buildings shall file and index each designation and shall note, upon the original designation and index, the filing of a revocation. While the designation remains in force, as prescribed in this section, a notice of violation, notice to make safe or notice of survey, a summons, a mandate, or any paper or process under the provisions of this chapter, or either of the same, shall be served upon the person so designated, in like manner and with like effect, as if it were served personally upon the person making the designation, notwithstanding his presence in the city.

[4] 5. Reimbursement of city for expenses. The expenses and disbursements incurred in the carrying out of any [said] order issued as provided in subdivision 2 of this section, [or orders,] shall become a lien upon [said] the building or premises named in the order [said notice], from the time of filing of a copy of the said order [notice], with a notice of the pendency of the action or proceeding as provided in this chapter, taken thereunder, in the office of the clerk of the county where the property affected by such action, suit or proceeding is located; and the Supreme Court, [or a judge or justice thereof,] to whom application shall be made, is hereby authorized and directed to grant any of the orders above named, and to take such proceedings as shall be necessary to make the same effectual, and any [said judge or] justice to whom application shall be made is hereby authorized and directed to enforce such lien in accordance with the mechanics' lien laws applicable to the city.

§ 654. Penalties. 1. General. *Except as hereinafter provided with respect to the amount of the penalty, [T]he owner of any building, structure or part thereof, or wall, or any platform, staging or flooring to be used for standing or seating purposes, or the owner of the land where any violation of this chapter shall be placed, or shall exist, and any architect, builder, plumber, carpenter [or], mason or other person who may be employed or assist in the commission of any such violation, and any and all persons who shall violate any of the provisions of this chapter or fail to comply therewith, or any requirement thereof, or who shall violate or fail to comply with any detailed order or rule [regulation] made thereunder, or who shall build in violation of any detailed statement of specifications or plans, submitted and approved thereunder, or of any certificate or permit issued thereunder, shall severally, for each and every such violation and non-compliance, respectively, forfeit and pay a penalty in the sum of [\$50] not less than ten dollars nor more than fifty dollars as may be fixed by the superintendent of buildings.*

2. Heating plant and fire prevention violations. Any person who shall violate any of the provisions of this chapter, as to the construction of chimneys, fireplaces, flues, hot-air pipes and furnaces, or who shall violate any of the provisions thereof relating to the framing or trimming of timbers, girders, beams, or other woodwork in proximity to chimney flues or fireplaces, shall forfeit any pay a penalty in the sum of [\$100] one hundred dollars.

3. Continuing violation, after notice. Any person who having been served with a notice as [hereinbefore] in this chapter prescribed, to remove any violation, or comply with any requirement of this chapter, or with any order or [regulation] rule made thereunder, shall fail to comply with said notice within [10] ten days after such service or shall continue to violate any requirement of this chapter in the respect named in said notice shall pay a penalty of [\$250] not less than fifty dollars nor more than two hundred and fifty dollars as may be fixed by the superintendent of buildings.

4. Jurisdiction of penalty actions. For the recovery of any said penalty or penalties an action may be brought in any municipal court, or court of record, in said city in the name of the city; and whenever any judgment shall be rendered therefor, the same shall be collected and enforced, as prescribed and directed by the code of civil procedure of the state of New York.

5. Discontinuance of action upon removal of violation. If any violation shall be removed or be in process of removal within [10] ten days after the service of a notice as [hereinbefore] in this chapter prescribed, the liability of such a penalty shall cease, and the corporation counsel, on request of the superintendent of buildings, shall discontinue any action pending to recover the same, upon such removal or the completion thereof within a reasonable time.

6. Remission of penalty. The superintendent of buildings, through the corporation counsel, is hereby authorized, in his discretion and upon good and sufficient cause being shown therefor, to remit any penalty which any person may have incurred, or may hereafter incur, under any of the provisions of this chapter; but no such penalty shall be remitted until the violation shall have been removed. [The remission of a penalty shall also operate to remit the costs obtained in an action for its collection.] *Said superintendent is further authorized in his discretion to remit any costs allowed or obtained in any penalty suit or any other action or proceeding instituted under the provisions of this article.*

§ 655. *When violation is a misdemeanor. Any person who shall receive and fail to comply with any written peremptory order of the superintendent of buildings issued only when in his judgment an immediate compliance with such order is essential to the public peace or safety, within the time specified in such order, shall be guilty of a misdemeanor.*

Section 2. The provisions of this ordinance shall take effect immediately.

Which was referred to the Committee on Buildings.

The President announced a public hearing by the Committee on Buildings to be held in the aldermanic chamber Thursday, November 4, 1915, at 2 o'clock p. m., on proposed ordinances 2121 and 2122.

No. 2123.

Resolution to Provide for an Issue of Special Revenue Bonds to the Amount of \$11,675 for the Purpose of Equipping New Quarters of the County Court of King's County.

By Alderman Stevenson—

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of eleven thousand, six hundred and seventy-five dollars (\$11,675), the proceeds whereof to be used by the President of the Borough of Brooklyn for the purpose of equipping the new quarters of the County Court of Kings County (including furniture, etc.) on Schermerhorn Street, Borough of Brooklyn.

Which was referred to the Committee on Finance.

Alderman Hannon moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

And the President declared that the Board stood adjourned until Tuesday, October 26, 1915, at 1:30 o'clock p. m.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE WEDNESDAY, OCTOBER 20, 1915.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above men-

tioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

DEPARTMENT OF PARKS.

Auction Sale.

THE DEPARTMENT OF PARKS, Borough of Brooklyn, will sell at public auction to the highest bidder, at the store yard, Prospect Park West and Seventh Street, Prospect Park, Brooklyn, N. Y., on

MONDAY, OCTOBER 25, 1915,

at 11 A. M. (William Jacobus, auctioneer), the material described below:

Lot 1, About 25 tons of heavy wrought cast and steel scrap.

Lot 2, About 15 tons of pipes, boiler plates, tanks, hoops, galvanized iron pipe, sheet corrugated, bands, cable, burnt iron and all other kinds of light weight material, free of light weight galvanized iron and tin.

Lot 3, One lot of miscellaneous light weight galvanized iron and tin scrap.

Lot 4, A lot of hard wood cane bottom chairs, as is.

Lot 5, One lot of gasoline engines and parts.

Lot 6, One lot of miscellaneous stone coping.

Lot 7, 450 pounds of automobile shoes.

Lot 8, 450 pounds of rubber boots and inner tubes.

Lot 9, 350 pounds of black rubber and bicycle tires.

Lot 10, 1,000 pounds of rubber and cotton covered hose, matting, packing and all kinds of rubber material with cotton or metallic insertion.

TERMS OF SALE.

These lots will be sold separately to the highest bidder on each lot number, per gross ton (2,240 pounds), or per pound, as the weight may be given. No bid will be considered or accepted for less than the entire quantity in each lot.

The quantities indicated are approximate only, and the net payments will be based on actual weights determined by the City's representative on the City's scales on the premises, or at the expense of the purchaser on the nearest public scale. No scrap can be removed except in the presence of the City's designated representative.

Successful bidders must make payment in cash or certified check drawn to the order of the Comptroller at the time and place of the sale as follows: On bids of \$200 or less, in full; on bids in excess of \$200, deposit of 50% will be required at time of sale and full payment on such lots based upon the estimated weights must be made by the purchaser before any removal of the material is begun. Adjustments are to be made according to actual weight at time of weighing and delivery of material.

Purchasers must apply forty-eight hours in advance for permission to remove material.

Purchasers must remove all materials within thirty days after the sale; otherwise purchaser will forfeit money paid at the time of sale and the material will be thereafter resold for the benefit of the City.

All removals of material must be made under the supervision of an employee of the department designated by the Commissioner of Parks, and removal must be made continuously when once started. Purchasers will not be allowed to select material for removal at will.

The right is reserved until twelve o'clock noon, Wednesday, October 27, 1915, to reject any or all bids.

FIRE DEPARTMENT.

RESOLUTIONS.

The following construction upon the side of a garage within 15 feet of an adjacent frame building will be accepted, in lieu of a brick wall as required in Section 9, Art. 11, Chapter 10 of the Code of Ordinances, to wit: A wall constructed of steel studs covered on the outside with sheet metal and on the inside with any one of the following materials: 2" solid gypsum blocks—cinder filled; 2" hollow gypsum blocks—cinder filled; 2" solid cement blocks; 3" hollow cement blocks; 2" hollow hard burnt tiles; 3" hollow hard burnt tiles—provided, however, that such structures are not greater than 600 square feet in area and not more than 12 feet in height, and that the material used is supported by vertical steel uprights spaced not greater than 24 inches apart and by horizontals spaced not over 12 feet apart.

Resolution adopted by the Board of Hazardous Trades, Sept. 24, 1915.

Amendment to Standpipe (Fire Line) Regulations.

Section 15. Hose couplings: Hose couplings for standpipe equipment shall be of the regular Fire Department pattern and thread. The coupling which attaches the hose to the standpipe must be of brass or bronze, but the other hose couplings may have one section of corrosive metal providing the other section is of brass or bronze. The hose or bronze threaded part of sufficient thickness, and properly keyed to the corrosive part of coupling. No two corrosive threaded parts or other surfaces must come in contact; one of such surfaces must be of brass or bronze.

Resolution adopted by the Board of Standards October 7, 1915.

Amendment to Exit Facilities for Buildings Hereafter Erected.

Subdivision 3, section 4, article 2, which provides that there shall be two means of exit from each floor area, shall not be so interpreted as to require two means of exit from safe deposit vaults.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11.00 a. m. on the 26th day of Oct., 1915, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be enclosed in properly sealed envelopes, marked "Proposals to be opened November 1, 1915," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

BOARD OF ESTIMATE AND APPORTIONMENT.

Notice of Public Hearing.

FRANCHISE MATTERS.

NOTICE IS HEREBY GIVEN THAT THE public hearing, in order that this Board may determine whether in its opinion certain electrical conductors in Jerome Avenue, between River Avenue and Woodlawn Road, Borough of The Bronx, shall be removed and placed under ground, which hearing was by resolution adopted October 1, 1915, fixed for this day, was continued until Friday, Nov. 5, 1915, at 10 o'clock a. m., in room 16, City Hall, Borough of Manhattan. All persons or corporations interested will be afforded an opportunity to appear and be heard at said time and place.

JAMES D. McGANN, Assistant Secretary, Telephone, 4560 Worth.

Dated October 8, 1915. o11,14,18,21,25,28-n5

PUBLIC NOTICE IS HEREBY GIVEN PURSUANT to law that at a meeting of the Board of Estimate and Apportionment held July 29, 1915, the following petition was received:

To The Honorable Board of Estimate and Apportionment of the City of New York:

The Petition of Conron Bros. Company respectfully shows:

1. That your petitioner is a domestic corporation duly organized and existing under and by virtue of the Laws of the State of New York,

and for many years past has maintained and operated refrigeration pipes beneath the surface of the Street in Fort Greene Place, between Atlantic Avenue and Hanson Place, in the Borough of Brooklyn, in the City of New York.

2. That your petitioner is the owner of premises known as 189-191 Fort Greene Place, butting on said street, the title to which said street between Atlantic Avenue and Hanson Place is in the heirs of John Cowenhoven, deceased, and the owners of lots butting on said Fort Greene Place; That neither the City of Brooklyn nor the City of New York ever owned the fee to said street, the same being simply a street by dedication.

3. That recently your petitioner was notified by your board to make an application to the City of New York through you for a license or franchise to maintain said refrigeration pipes in said Fort Greene Place, subject to the supervision of the City of New York, and that in default thereof that said pipes would be removed by the President of the Borough of Brooklyn.

WHEREFORE your petitioner, under protest, prays your Honorable Board for a license or franchise to maintain, construct, lay and relay refrigeration pipes and extensions therefrom leading into private property in said Fort Greene Place, between Hanson Place and Atlantic Avenue, the same to be maintained, operated and constructed beneath the surface of the street in said Fort Greene Place.

Dated, New York, July 10th, 1915.

Conron Bros. Company, by Joseph Conron, Pres.

City and County of New York, ss.:

Joseph Conron, being duly sworn, deposes and says that he is the President of Conron Bros. Company, the petitioner named herein; that the foregoing petition is true to his own knowledge, except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true; that the reason this verification is made by deponent and not by petitioner is that the petitioner is a corporation and deponent an officer thereof, to wit: The President, duly authorized by the Board of Directors of said corporation to verify said petition.

JOSEPH CONRON, Sworn to before me this 12th day of July, 1915. Hugh F. Weston, Notary Public, New York County.

—and at the meeting of September 24, 1915, the following resolutions were adopted:

Whereas, the foregoing petition from Conron Bros. Company, dated July 10, 1915, was presented to the Board of Estimate and Apportionment at a meeting held July 29, 1915.

Resolved, that in pursuance of law this Board sets Friday, the 22nd day of October, 1915, at 10 o'clock in the forenoon and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, that the Secretary is directed to cause such petition and these resolutions to be published for at least twice in two daily newspapers in the City of New York, to be designated by the Mayor, and for at least ten (10) days in the "City Record" immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Thence northwesterly along the southern line of said Munroe Avenue as ceded for 74.97 feet. Thence southerly deflecting 110° 10' 36" to the right for 245.73 feet to the northern line of Sacket Avenue as being acquired. Thence westerly along said northern line of Sacket Avenue for 60.17 feet. Thence northerly for 205.31 feet to the point of beginning.

Parcel "B."
Beginning at a point in the eastern line of Munroe Avenue, distant 669.26 feet northerly from the intersection of said line with the northern line of Pierce Avenue as said streets were ceded July 12, 1913. Thence westerly along the northern line of said Munroe Avenue, as ceded, for 62.05 feet. Thence northerly deflecting 75° 14' 40" to the right for 40.16 feet. Thence easterly deflecting 90° to the right for 60.0 feet. Thence southerly for 55.97 feet to the point of beginning.

HAIGHT AVENUE.
Beginning at a point in the eastern line of Haight Avenue, distant 484.68 feet southerly from the intersection of said line with the southern line of Pierce Avenue as said streets were ceded July 12, 1913. Thence southwesterly along the southeastern line of Haight Avenue, as ceded, for 29.38 feet. Thence southerly along the eastern line of said Haight Avenue, as ceded, for 63.0 feet to the northern line of Sacket Avenue as being acquired. Thence easterly along said northern line of Sacket Avenue for 14.36 feet. Thence northerly for 78.43 feet to the point of beginning.

Munroe and Haight Avenues, from Sacket Avenue to Van Nest Avenue, are shown on Section 46 of the Final Maps of the Borough of The Bronx, which section was filed in the office of the President of the Borough of The Bronx on April 8, 1912, in the office of the Register of New York County on April 5, 1912, as Map No. 1603, and in the office of the Corporation Counsel of The City of New York on April 6, 1912, in pigeonhole 185.

Munroe Avenue is also shown on a map entitled "Map showing the change of lines and grades of Sacket Avenue, from Haight Avenue to Williamsbridge Road; the change of grades in Munroe Avenue, from Pierce Avenue to Sacket Avenue, and in Williamsbridge Road, from Pierce Avenue to Eastchester Road, and the adjustment of grades of the intersecting avenues and streets affected thereby," which map was filed in the office of the President of the Borough of The Bronx on September 12, 1913, in the office of the Register of New York County on September 12, 1913, as Map No. 1789, and in the office of the Corporation Counsel of The City of New York on September 12, 1913, in pigeonhole 209.

The land taken for Munroe and Haight Avenues is located east of Bronx River.

The Board of Estimate and Apportionment on the 25th day of June, 1915, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northern line of Van Nest Avenue, the said distance being measured at right angles to Van Nest Avenue; on the east by a line distant 100 feet easterly from and parallel with the easterly line of Munroe Avenue, the said distance being measured at right angles to Munroe Avenue, and by the prolongation of the said line; on the south by a line always distant 100 feet southerly from and parallel with the southerly line of Sacket Avenue, the said distance being measured at right angles to Sacket Avenue; and on the west by a line midway between Haight Avenue and Lurting Avenue and by the prolongation of the said line.

SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of FOURTH STREET, from Queens Boulevard to Jackson Avenue, and FIFTH STREET, from Queens Boulevard to Woodside Avenue, in the 2nd Ward, Borough of Queens, City of New York, as shown on a map or plan adopted by the Board of Estimate and Apportionment October 17, 1912, and approved by the Mayor October 24, 1912.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 3rd day of November, 1915, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 5th day of November, 1915, at 2 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 3rd day of November, 1915, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 8th day of November, 1915, at 2 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 20th day of February, 1913, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly line of Jackson Avenue midway between Fourth street and Fifth street, and running thence southwardly along a line always midway between Fourth street and Fifth street and the prolongation thereof to a point distant 100 feet northerly from the northerly line of Woodside Avenue, the said distance being measured at right angles to Woodside Avenue; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Woodside Avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Fifth street and Wright place; thence southwardly along the said bisecting line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Mansion place, the said distance being measured at right angles to Mansion place; thence eastwardly along the said line parallel with Mansion place to the intersection with a line distant 360 feet easterly from and parallel with the easterly line of Fifth street as this street is laid out between Skillman Avenue and Queens Boulevard, the said distance being measured at right angles to Fifth street; thence southwardly along the said line parallel with Fifth street and along the prolongation of the said line to the intersection with the northerly line of Mansion place, the said distance being measured at right angles to Mansion place; thence eastwardly along the said line parallel with Mansion place to the intersection with a line distant 360 feet easterly from and parallel with the easterly line of Fifth street as this street is laid out between Skillman Avenue and Queens Boulevard, the said distance being measured at right angles to Fifth street; thence southwardly along the said line parallel with Fifth street and along the prolongation of the said line to the intersection with the northerly line of Jackson Avenue; thence northwardly at right angles to Jackson Avenue a distance of 200 feet; thence eastwardly and parallel with Jackson Avenue to the intersection with a line at right angles to Jackson Avenue and passing through the point of beginning; thence southwardly along the said line at right angles to Jackson Avenue to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 5th day of November, 1915.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 17th day of December, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter as amended by Chapter 658 of the Laws of 1906.

Dated, New York, October 7th, 1915.

SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of 72ND STREET, from Fort Hamilton Avenue to 13th Avenue, and from 17th Avenue to 22nd Avenue; 73RD STREET, from 10th Avenue to 13th Avenue; 74TH STREET, from 10th Avenue to 11th Avenue; from 16th Avenue to the westerly line of New Utrecht Avenue, and from the easterly line of New Utrecht Avenue to 22nd Avenue; and 75TH STREET, from 10th Avenue to the westerly line of New Utrecht Avenue, and from the easterly line of New Utrecht Avenue to 22nd Avenue, in the 30th Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague Street, in the Borough of Brooklyn, in The City of New York, on or before the 3rd day of November, 1915, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 4th day of November, 1915, at 3.30 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague Street, in the Borough of Brooklyn, in The City of New York, on or before the 3rd day of November, 1915, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 5th day of November, 1915, at 3.30 o'clock P. M.

Third.—That the Commissioner of Assessments has assessed any or all of such lands, tenements and hereditaments and premises as are within the area of assessment for benefit by the Board of Estimate and Apportionment on the 26th day of March, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a

line midway between Seventy-first street and Seventy-second street, distant 100 feet southeasterly from the southeasterly line of Twenty-second avenue, and running thence southwesterly and parallel with Twenty-second avenue to a point midway between Seventy-eighth street and Seventy-ninth street; thence northwesterly along a line midway between Seventy-eighth street and Seventy-ninth street to a point distant 350 feet northwesterly from the northwesterly line of Tenth avenue; thence northwesterly and parallel with Tenth avenue to a point midway between Seventy-second street and Seventy-third street; thence northwesterly along a line midway between Seventy-second street and Seventy-third street to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of Fort Hamilton avenue, the said distance being measured at right angles to Fort Hamilton Avenue; thence northwesterly along the said line parallel with Fort Hamilton Avenue to a point midway between Seventy-first street and Seventy-second street; thence southwesterly along a line midway between Seventy-first street and Seventy-second street and along the prolongation of the said line to the point or place of beginning. Excluding, however, from the above-described area such lands as may be exempt from assessment under the provisions of section 992 of the Charter.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague Street, in the Borough of Brooklyn in said City, there to remain until the 13th day of November, 1915.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as aforesaid and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 15th day of December, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 638 of the Laws of 1906.

Application for Appointment of Commissioners.

SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of FISK AVENUE, from Queens Boulevard to Broadway, in the Second Ward, Borough of Queens, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term, of said Court, to be held at the hearing of motions in the County Court-house, in the County of Kings, in the Borough of Brooklyn, in The City of New York, on the 22nd day of October, 1915, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and a Commissioner of Assessment in the above-entitled matter.

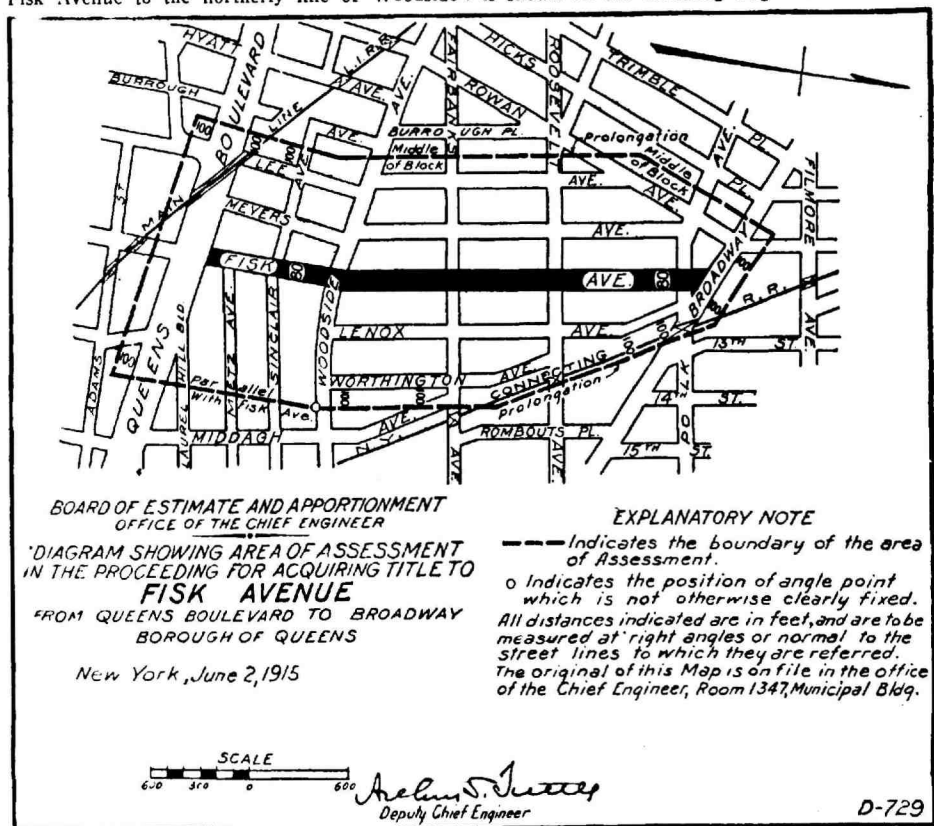

The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, in fee, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Fisk Avenue, from Queens Boulevard to Broadway, in the Second Ward, Borough of Queens, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point formed by the intersection of the westerly line of Fisk Avenue with the southerly line of Broadway. Running thence easterly for 100.91 feet along the southerly line of Broadway to the easterly line of Fisk Avenue. Thence southerly, deflecting to the right 52° 26' 44" for 2210.93 feet along the easterly line of Fisk Avenue to the northerly line of Woodside

Avenue. Thence southerly, deflecting to the right 12° 35' 31" for 70.27 feet along the easterly line of Fisk Avenue to the southerly line of old Woodside Avenue. Thence southerly, deflecting to the left 0° 26' 27" for 752.90 feet along the easterly line of Fisk Avenue to the northerly line of Queens Boulevard. Thence westerly, deflecting to the right 100° 06' 51" for 81.26 feet along the northerly line of Queens Boulevard to the westerly line of Fisk Avenue. Thence northerly, deflecting to the right 79° 53' 09" for 744.91 feet along the westerly line of Fisk Avenue to the southerly line of Woodside Avenue. Thence northerly, deflecting to the left 3° 43' 50" for 83.36 feet along the westerly line of Fisk Avenue to the northerly line of Woodside Avenue. Thence northerly, for 2,258 feet, along the westerly line of Fisk Avenue to the southerly line of Broadway, the point or place of beginning.

Fisk Avenue, extending from Queens Boulevard to Broadway, in the Second Ward, Borough of Queens, City of New York, is laid down upon Section 10 of Final Maps of the Borough of Queens; approved by the Board of Estimate and Apportionment November 2, 1911; by the Mayor of New York, on October 17, 1912; and upon Section 11 of Final Maps of the Borough of Queens; approved by the Board of Estimate and Apportionment October 17, 1912; by the Mayor of New York, on October 24, 1912, copies of which were filed at the office of the President of the Borough of Queens February 28, 1912, at the office of the Clerk of the County of Queens at Jamaica February 26, 1912, and at the office of the Corporation Counsel of The City of New York February 27, 1912; and upon Section 11 of Final Maps of the Borough of Queens; approved by the Board of Estimate and Apportionment October 17, 1912; by the Mayor of New York, on October 24, 1912, copies of which were filed at the office of the President of the Borough of Queens April 23, 1913, at the office of the Clerk of the County of Queens at Jamaica April 22, 1913, and at the office of the Corporation Counsel of The City of New York April 19, 1913.

The Board of Estimate and Apportionment by a resolution adopted on the 1st day of July, 1915, determined that the area of assessment for benefit in this proceeding be fixed and determined to be as shown on the following diagram:

Dated, New York, October 9th, 1915. Municipal Building, Borough of Manhattan, City of New York. o9,21

See General Instructions to Bidders on last page, last column, of the "City Record."

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., to be used by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause the immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right, on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there
