In accordance with 3-04(b)(2)(iii) of the NYC Procurement Policy Rules, DOHMH intends to enter into a Negotiated Acquisition Extension with ICF Macro Inc., for 24 months for continuity of Market Research Service, while DOHMH process a new competitive solicitation.

The Vendor will continue developing and implementing public health program, evaluations and surveys and provide creative guidance to the Department with respect to its public health media campaigns, educational projects and programmatic objectives and priorities, all in accordance with the Department's requirements on a project assignment basis. Pursuant to PPB Rule § 3-01(d)(3) and (4), the ACCO has determined that it is in the best interest to process a negotiated acquisition extension. What laws govern the rulemaking process? The Department must meet the requirements of §1043 of the Charter when creating or changing rules. This notice is made according to the requirements of Charter §1043.

Statement of Basis and Purpose

NYC Administrative Code section 17-194 governs drinking water tank inspections. The Department's rules enacted pursuant to section 17-194 are located in Chapter 31 (§§ 31-01 to 31-03) of Title 24 of the Rules of the City of New York. Section 17-194 requires an owner of a building with a water tank that provides potable water to submit documentation of an annual drinking water tank inspection report to the Department. The inspection report must be submitted by the water tank inspector and must state whether all applicable regulations were met at the time of inspection and provide a description of any non-compliance with the requirements.

These proposed amendments to the Chapter 31 section 31-03 penalty schedule reflect amendments to Administrative Code section 17-194 made by Local Laws 85, 86, 87 and 88 of 2019, which added the following requirements: electronic submission of documentation for water tank inspection and cleaning; specific qualifications for persons conducting inspections of drinking water tanks; the maintenance of water tanks and associated structures in safe condition and the reporting by the water tank inspector or owner of any unsafe conditions to the Department of Buildings in writing; and submission of a visual depiction of the interior and exterior of water tanks to the Department. An increase in the penalty fee for failure to submit the annual drinking water tank inspection report is also proposed in light of the importance of this requirement. The proposed rule also makes one technical amendment to section 31-03 that is not meant to change the scope of an owner's or operator's requirement to pay penalties whenever a violation is sustained. Ministerial corrections are also made to accurately reflect the Administrative Code citations after Local Law revisions. The proposed penalties are within the range established in section 17-194 of the Administrative Code.

It should also be noted that Health Code Article 141 provides water supply safety standards and operates in conjunction with Chapter 31 water tank inspection requirements. Sections 141.07 and 141.11 of Article 141 provide requirements as to building drinking water storage tanks and chemical treatment of the drinking water supply system within a building, respectively, and violations of these sections are reflected in the Chapter 31 section 31-03 penalty schedule. These proposed amendments provide fixed penalties for violations of section 141.11 of the New York City Health Code, relating to requirements for chemical treatment of building drinking water. Finally, these penalties fall within the range set forth in section 3.11 of the Health Code.

Pursuant to Charter section 1043(d)(4)(ii), these rule changes are exempt from the review required under Charter section 1043(d)(1).

The proposed rule changes are as follows:

POLICE DEPARTMENT

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULE

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the New York City Police Department by Sections 435 and 1043 of the New York City Charter, and in accordance with the requirements of Section 1043 of the New York City Charter, that the NYPD hereby amends sections 3-02, 3-03, 3-05, 3-15, and 3-16 of Chapter 3 of the Title 38; section 4-03 of Chapter 4 of Title 38; and sections 5-01, 5-02, 5-03, 5-05, 5-05.1, 5-06, 5-07, 5-09, 5-10, 5-11, 5-12, 5-22, 5-23, 5-24, 5-25, 5-26, 5-27, 5-28, 5-29, 5-30, 5-31, 5-32, 5-33, and 5-34 of Chapter 5 of Title 38 of the Rules of the City of New York, amending the standards and conditions for issuing a handgun license and rifle/shotgun permit; and repeals related emergency rules.

This rule was first published in the City Record on October 18, 2022, and a public hearing was held on November 18, 2022.

STATEMENT OF BASIS AND PURPOSE

Prior to June 23, 2022, New York State required applicants to meet a "proper cause" standard in order to obtain a concealed carry handgun license. The "proper cause" standard required applicants to demonstrate a special need for self-protection, distinguishable from that of the general community, in order to qualify for a carry license. Consistent with State-law requirements, Police Department rules likewise required handgun license applicants to establish "proper cause." On June 23, 2022, the United States Supreme Court ruled in N.Y. State Rifle & Pistol Ass'n v. Bruen, 142 S. Ct. 2111 (2022), that New York State's "proper cause" requirement for obtaining a concealed carry firearm license was an unconstitutional restriction on an individual's Second Amendment right to bear arms for self-defense. In light of the Supreme Court's decision in Bruen, New York State can no longer require individuals to show "proper cause" in order to receive a carry license.

On July 1, 2022, New York State enacted new statewide licensing standards removing the "proper cause" standard and including additional criteria, effective September 1, 2022, for carry license applicants (Chapter 371 of the Laws of 2022). On August 19, 2022, the NYPD promulgated an emergency rule to ensure that applications for carry and special licenses that were pending as of August 31, 2022, or were denied or were offered a more restrictive license solely on proper cause grounds prior to that date (that is, before the new

licensing standards set forth in Chapter 371 took effect), are evaluated consistent with the Supreme Court's ruling in Bruen, while also maintaining a licensing scheme that preserves public safety within the city. The NYPD published additional emergency rules amending the licensing standards set forth in Chapter 3 and Chapter 5 of Title 38 of the Rules of the City of New York for applying and obtaining a carry license, making them consistent with the new standards enacted by New York State in Chapter 371. An amendment issued on September 19 clarified that individuals who receive a license after September 1, 2022 must successfully complete the mandatory live firearms safety course, required under section 400.00(19) of the Penal Law.

Consistent with the emergency rules, the NYPD is codifying amendments to its rules to make them conform to Chapter 371. This rule also codifies an existing expedited hearing process for licensees and permittees whose license or permit has been suspended or revoked.

Based upon consideration of testimony and comments submitted during the rule review process, section 5-09 of Title 38 will be amended to apply only to carry guards. Chapter 371 added a new provision to Penal Law section 265.20, authorizing a person to possess a pistol or revolver while undergoing live-fire range training. This addition means that a pre-license exemption for individuals conducting live fire training pursuant to the requirement in Penal Law 400.00(19) is not required. However, some training courses that are necessary to become a licensed armed guard pursuant to Article 7-A of the General Business Law require submission of a valid handgun permit. To facilitate applications to become an armed security guard, the permanent rule makes an adjustment to section 5-09 to retain the pre-license exemption process for carry guard license applicants only.

In addition, some comments objected to the application process for obtaining a handgun license. Many of the suggestions would not require a changes to Chapter 5 of Title 38 of the Rules of the City of New York, and the NYPD is committed to streamlining paperwork, exploring new technologies, and necessitating fewer in-person requirements, to the extent possible. Any changes to the processing of license applications that do not require new rulemaking will be posted online. Additionally, a significant number of comments related to the new requirements outlined in sections 265.01-d, 265.01-e, and 400.00 of the Penal Law, which were added by Chapter 371 and cannot be changed via administrative rule making.

These rules make the following amendments:

- 1) Amend the minimum age to obtain a rifle/shotgun permit to be consistent with the Administrative Code;
- 2) Codify the hearing procedures for licensees and permittees whose licenses and permits are suspended or revoked;

- 3) Add a new section 3-15 to Title 38 of the Rules of the City of New York, which will require that applicants attest that they have received the rules for revoking a license, the laws regarding sensitive and restricted locations, and the requirements for safe storage of a firearm;
- 4) Eliminate the “proper cause” and “good cause” standards;
- 5) Authorize electronic filing of documents relating to handgun licensure;
- 6) Add certain documents required to apply for and receive a carry license, including four character references and a list of current and former social media accounts from the last three years;
- 7) Require an interview prior to receiving a handgun license;
- 8) Require a certification of completion of the live firearms safety course and training course pursuant to section 400.00(19) of the Penal Law;
- 9) Repeal the pre-license exemption application for carry-license applicants who use a gun for instructional purposes, but retain the exemption for carry guard applicants who are required to obtain such an exemption;
- 10) Define how individuals who work and live in Times Square may transport a gun;
- 11) Add a two-hour live firearms training requirement in connection with renewal applications for carry licenses. This minimum proficiency standard furthers the compelling interest of preventing death and injury by firearms;
- 12) Require that when a handgun is outside the licensee’s immediate possession or control, such handgun is safeguarded with a safety locking device and in a locked container. These protective measures will help prevent unauthorized access;
- 13) Authorize an application for pre-license exemption for carry guard training, if required.

As set forth in the attached finding of substantial need, these permanent rules will go into effect upon publication in the City Record in order to avoid any gap between the lapsing of the emergency rules and the effective date of the permanent ones.

FINDING OF SUBSTANTIAL NEED FOR EARLIER IMPLEMENTATION

In accordance with Section 1043(f)(1)(d) of the New York City Charter, the New York Police Department ("NYPD") has determined there is a substantial need for the implementation of the NYPD rule amending the firearm licensing standards set forth in Chapter 3 and Chapter 5 of Title 38 of the Rules of the City of New York immediately upon its final publication in the City Record, thereby waiving the requirement that thirty days elapse prior to the effective date of the rule.

On June 23, 2022, the United States Supreme Court ruled in *N.Y. State Rifle & Pistol Ass'n v. Bruen*, 142 S. Ct. 2111 (2022), that New York State's "proper cause" standard, requiring applicants of concealed carry firearm licenses to demonstrate a special need for self-protection, distinguishable from that of the general community, was an unconstitutional restriction on an individual's Second Amendment right to bear arms for self-defense. In light of the decision, on July

1, 2022, New York State enacted new statewide licensing standards removing the “proper cause” standard and including additional criteria (Chapter 371 of the Laws of 2022). The City promulgated rules on an emergency basis to implement the recent State law and make the City’s licensing standards for handgun and rifle/shotguns consistent with the new standards enacted by Chapter 371. Components of the emergency rules expire on December 17, 2022.

As a result, there is a substantial need for the immediate implementation of this rule to maintain New York City’s ability to regulate handgun and rifle/shotgun use and ownership within its jurisdiction through a firearm licensing scheme that is consistent with New York State law and the Supreme Court ruling in Bruen. To ensure that there is no gap between the expiration of the emergency rules and the effectiveness of these permanent rules, these rules must take effect immediately upon publication in the City Record.

Therefore, I find pursuant to section 1043(f)(1)(d) of the New York City Charter that there is a substantial need for this rule’s earlier implementation.
