REGULATIONS GOVERNING THE STORAGE, SALE AND USE OF MATCHES IN THE CITY OF NEW YORK.

(Extract from General Regulations.)

A license will be the Department's authority issued to a licensee to manufacture, transport, store, sell or use any article covered by these regulations in The City of New York. Licenses will only be issued to responsible persons, firms or corporations who shall furnish bonds when and as required by these regulations.

A permit is the authorization given to any one to exercise any of the privileges granted by the Fire Department under these regulations, for any specific place, or in any specific manner, in The City of New York.

All regulations regarding the sale of matches within the corporate limits of The City of New York are hereby revoked, and the following are substituted in lieu thereof:

1. No person, firm or corporation, as sellers, vendors or merchants, except as hereinafter specified, and after procuring a license or permit therefor, as hereinafter provided, shall, within the corporate limits of The City of New York, store, keep, sell or give away any matches.

2. All matches to be sold at retail, or to be given away, after April 30, 1903, in The City of New York, shall comply with the following specifications:

- Not more than one thousand (1,000) matches shall be put in the box immediately inclosing said matches.
- Boxes shall be of such material and so constructed that the matches are not likely to fall out when the container is withdrawn; and when more than five hundred matches are packed in a box, that box shall be specially strengthened with wood veneer or heavy non-flexible strawboard, or other suitable material or device, to insure the outer box retaining its shape when the container is being withdrawn.
- All wooden splints shall be sufficiently strong to permit of the matches being easily ignited and without breaking.
- Matches should ignite on scratch surface easily, with little noise, and practically without danger of heads flying off.
- Matches must be well made, and in no case shall boxes contain matches with heads stuck together.
- The name and address of the licensee, with the words "Licensed Match," shall appear upon each separate box containing one thousand (1,000) matches or less, either by printing or stamping same upon the box itself or by label attached thereto.
- All matches sold to consumers within The City of New York shall in every respect correspond with the sample or samples deposited with the Fire Commissioner.

3. Licenses for the sale at wholesale, by manufacturers, manufacturers' agents, importers, jobbers and owners of private brands, will be issued by the Fire Commissioner upon written application accompanied by a fee of fifty dollars (\$50), and upon the approval by the said Fire Commissioner of samples submitted of matches such as said licensee proposes to sell for consumption within the corporate limits of The City of New York. In every case, said matches must conform to the specifications embodied in these regulations, if intended for sale at retail within The City of New York. The sale or giving away of the variety of match known as "fusee" is prohibited.

4. Permits for the storage and sale of matches by retailers shall be issued, without charge, by the Fire Commissioner. Such permits to be issued after a survey or inquiry made upon written application to the Fire Commissioner, which shall describe the premises where, or the manner in which the storage or sale is to be carried on.

5. Permits may be issued, good for one year, at the discretion of the Fire Commissioner, for the sale of matches at retail by peddlers and others, to sell upon the streets and from house to house.

6. No permit shall be granted, nor shall there be permitted the storage or sale of matches in any building or premises where any of the following businesses is conducted: Paint or other business where paints, oils, varnishes, resin or turpentine, or oils, other than for illuminating, edible, medicinal and lubricating purposes, are sold; furniture stores where hemp, cotton, oil or varnishes are used; nor any building where gunpowder, blasting powder, fireworks or other explosives are kept or sold.

7. Permits may be issued, at the discretion of the Fire Commissioner, for the sale of matches in frame and wooden buildings in any part of the City in which the erection of frame buildings is permitted by law.

8. Permits may be granted by the Fire Commissioner to retail stores to carry not more than fifty (50) matchman's gross of matches, which must be kept in some readily accessible open space in said stores. Cases shall not be placed under the

counters or shelving, nor shall they be covered with any inflammable or combustible material. All goods other than in original packages must be kept in a closed case.

9. Wholesale dealers supplying the retail trade may carry three thousand five hundred (3,500) matchman's gross of matches, to be sold to the retail trade in original packages only.

10. Manufacturers and manufacturers' agents may have storage room in The City of New York, where they may carry two hundred and fifty thousand (250,000) matchman's gross of matches, in original packages, with which to supply the trade. Said storage room shall be in a building having brick walls on all four sides. The building must be lighted with gas or electricity. All gas jets must be protected with glass or wire globes or screens. Each floor shall be provided with fire extinguishers and at least six pails of water that shall always be kept full and ready for use.

11. A matchman's gross is as follows: One gross of boxes, each containing 100 matches or less (14,400 matches or less).

12. The Fire Commissioner may revoke permits or licenses in case of violation of these regulations, or when, in his judgment, it is necessary to do so for the public safety.

13. All licenses shall expire at the end of twelve months from the date of issue, but may be reissued on payment of ten dollars (\$10).

14. The fees for licenses, and all fines imposed for violation thereof, when collected, shall be paid into the Firemen's Relief Fund of the New York Fire Department, pursuant to title 5, chapter 15, of the Greater New York Charter.

15. Any person who shall sell matches at retail without a permit, or who shall sell matches in a box not stamped as a "Licensed Match," in accordance with the foregoing regulations, may be punished by a fine not exceeding fifty dollars, or by revocation of his permit, if he holds one, or by both.

16. Any violation of these regulations as to licenses shall be punished by a fine of fifty dollars, or by a revocation of the license, or by both.

SUGGESTIONS FOR THE PROPER USE OF MATCHES IN HOUSEHOLDS.

(A) There should be a matchbox in each room, placed five and one-half feet from the floor, with a receptacle for holding the burnt matches, to obviate the carrying of matches from one room to another, and to prevent the throwing of lighted matches on the floor.

(B) In buildings inhabited by more than one family, where halls are in charge of janitors employed by the house owners, these janitors should use only safety matches.

(C) Matches in each household should be kept in a covered earthen or metal receptacle or in matchboxes on the wall.

(D) Children under ten years of age should not be permitted to play with or use matches of any kind.

(E) The use of safety matches, to the exclusion of all other varieties of matches, is recommended.

Approved January 27, 1903.

Mr. P. J. SCULLY, City Clerk, City Hall, New York City:

Very truly yours,

Which was ordered on file.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Trustees of the College of The City of New York:

No. 1575.

The College of The City of New York,
Office of the Board of Trustees,
Lexington Avenue and Twenty-third Street,
New York, January 21, 1903.

P. J. SCULLY, Esq., Clerk to the Board of Aldermen:

Dear Sir—I inclose herewith certified copy of a resolution adopted by the Board of Trustees of the College of The City of New York requesting the Board of Aldermen and the Board of Estimate and Apportionment to fix the salary of James Toher, Assistant in the office and repository of the college, at the rate of eighty dollars (\$80) per month.

Yours very truly,

CHARLES PUTZEL, Secretary, Board of Trustees.

Resolved, That the Board of Trustees of the College of The City of New York hereby recommends to the Board of Estimate and Apportionment and to the Board of Aldermen that the salary of James Toher, Assistant in the office and repository, be fixed at the rate of eighty dollars (\$80) per month.

CHAS. PUTZEL, Secretary, Board of Trustees of the College of The City of New York.

Which was referred to the Committee on Salaries and Offices.

The Vice-Chairman laid before the Board the following communication from the Fire Commissioner:

No. 1576.

Headquarters Fire Department City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, January 24, 1903.

Hon. P. J. SCULLY, City Clerk, City Hall, Borough of Manhattan:

Dear Sir—I am directed by Commissioner Sturgis to say to you, in reply to your communication just received, inclosing a proposed resolution to be passed by the Board of Aldermen, that he approves of the said resolution with the correction which he has made. The Commissioner has inserted the word "Chinese" in front of "firecrackers" in order to exclude the dynamite firecrackers which are manufactured by Americans, to the use of which the Municipal Explosives Commission has found very serious objections, and is therefore opposed. With this insertion, however, the Commissioner gives his entire approval.

Respectfully,

HUBERT F. BREITWIESER, Secretary to the Commissioner.

In connection herewith, Alderman Foley offered the following:

Resolved, That the ordinance relating to the discharge of fireworks in The City of New York be and the same is hereby suspended, upon the approval of the Commissioner of the Fire Department, so as to permit the Chinese of this City to set off Chinese firecrackers during their New Year's celebration, on January 28 and 29, 1903, as has been the custom for years past.

Which was adopted.

The Vice-Chairman laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals, transmitting resolution

No. 1577.

Bellevue and Allied Hospitals—Office of the Board of Trustees,
Bellevue Hospital, Foot East Twenty-sixth Street,
New York, January 23, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen, 11 City Hall, New York City:

Dear Sir—I beg to inclose copy of a resolution passed by the Board of Trustees of Bellevue and Allied Hospitals at the meeting held on Thursday afternoon, the 22d of January, 1903.

The appropriation asked for is that known as the contingent fund which is annually granted to this Department, and I presume it is unnecessary at present to offer argument for its continuance.

Trusting that your Honorable Board will take action as requested, I remain, Yours respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

Resolved, That for the purpose of defraying minor or incidental expenses, the Secretary of the Board of Trustees of Bellevue and Allied Hospitals be directed to write to the Board of Aldermen for permission to draw by requisition upon the Comptroller for a sum not exceeding three hundred dollars (\$300); the drafts to be renewed as often as deemed necessary by the Board of Trustees, but only to such extent as there may be available appropriations against which such expenses are properly chargeable, and in no event to exceed the sum of three thousand dollars (\$3,000) in any one year. No such renewal shall be made until the money paid upon the preceding draft shall be accounted for by the transmittal of a voucher or vouchers certified by the Board covering the expenditures thereon.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Fire Commissioner, transmitting resolution

No. 1578.

Headquarters Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, January 26, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen, City Hall, Borough of Manhattan:

Sir—I have the honor to transmit herewith, with the request that it receive the early and favorable action of your Honorable Board, draft of resolution having for its object the authorization of the issue of Special Revenue Bonds, to the amount of \$100,000, for use during the year 1903, in the boroughs of Brooklyn and Queens, in making additions and alterations to, and fitting up and furnishing apparatus houses; and for placing wires and conduits of the fire alarm telegraph system underground, and otherwise extending said system.

In the boroughs of Manhattan and The Bronx a special law (chapter 76 of the Laws of 1894, as amended by chapter 751 of the Laws of 1896) provides for an annual issue of bonds for these purposes—including also the acquisition of sites and the erection of buildings—of \$300,000, and with the proceeds the Department has been enabled each year extensively to alter and repair and fit up and furnish apparatus houses, besides improving the fire alarm telegraph service, thus keeping pace in these matters with the growing requirements of the service.

In the boroughs of Brooklyn and Queens, in the absence of such a law as exists for the benefit of the boroughs of Manhattan and The Bronx, it is necessary as regards additions and alterations to, and fitting up and furnishing apparatus houses, and improving the fire alarm system of the Department, to apply to your Board to pass a resolution requesting the Board of Estimate and Apportionment to issue Special Revenue Bonds for said purposes.

To provide means for the acquisition of new sites and the erection of new apparatus houses in the boroughs of Brooklyn and Queens during the present year an application was made to the Board of Estimate and Apportionment, under date of the 20th instant, to authorize the issuance of corporate stock by the Comptroller to the amount of \$168,000, and the matter is now pending before said Board.

The early adoption of the resolution by your Honorable Board in the matter of the issue of the Special Revenue Bonds is of very great importance to the interests of the service, and your assistance in accomplishing it will be appreciated. Work in this direction is now suspended by exhaustion of appropriation.

Yours respectfully,

THOMAS STURGIS, Commissioner.

Resolved, That, pursuant to the provisions of subdivision 8, of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred thousand dollars (\$100,000), for use by the Fire Department in the boroughs of Brooklyn and Queens, for and on account of the year 1903, for the purpose of making additions and alterations to buildings already erected, fitting up and furnishing Department buildings, and for placing wires and conduits of the fire alarm telegraph system underground, and otherwise extending the system.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment, transmitting resolution

No. 1579.

Department of Finance—City of New York,
January 24, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment, January 23, 1903, fixing the salaries of the positions of Clerk in the office of the City Superintendent, Department of Education,

at the rate of \$3,500 per annum, and that of the Private Secretary to the City Superintendent at the rate of \$2,500 per annum, together with copy of communication of the Department of Education relative thereto.

The Secretary of the Board of Education appeared before the Board of Estimate and made a statement that the position of Clerk was merely a change in the designation of the position held by Mr. Bussey, which change had been approved by the Civil Service Commission, and there was no change in the salary of said position; that the salary of the position of Private Secretary is a reduction from \$3,500 to \$2,500 per annum.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

(Copy.)

Department of Education,
Park Avenue and Fifty-ninth Street,
New York, January 23, 1903.

Hon. SETH LOW, Mayor:

My Dear Mr. Mayor—May I ask you to bring up in the Board of Estimate and Apportionment the matter of reducing the salary of the position of Private Secretary to the City Superintendent from \$3,500 to \$2,500, so that I can get it through the Board of Aldermen at their next meeting?

It is also most important that the salary of a position of Clerk in the office of the City Superintendent be fixed at \$3,500, as the Civil Service Commission has consented to the transfer of Mr. Bussey, now Private Secretary to the City Superintendent.

I have examined the opinion of the Corporation Counsel in re salaries, and find that it will be necessary for your Board to act on only three or four of the matters which we sent down from our meeting on December 10, 1902. I take the liberty of inclosing draft of resolution for the Board of Estimate and Apportionment covering the above-mentioned matters. Will it not be possible to have this passed to-day?

Very truly yours,

(Signed) CHARLES C. BURLINGHAM, President, Board of Education.

Whereas, The Board of Estimate and Apportionment, at its meeting held January 23, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following-named positions in the Department of Education be fixed as follows:

"Clerk (position to be filled by the transfer of Thomas E. Bussey, Private Secretary to the City Superintendent), at the rate of \$3,500 per annum.

"Private Secretary to the City Superintendent, at the rate of \$2,500 per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the following positions in the Department of Education, as follows:

Clerk (position to be filled by the transfer of Thomas E. Bussey, Private Secretary to the City Superintendent), at the rate of \$3,500 per annum.

Private Secretary to the City Superintendent, at the rate of \$2,500 per annum.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bill, Brenner, Bridges, Chambers, Coggey, Devlin, Dickinson, Donohue, Doull, Downing, Florence, Gass, Gillies, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Howland, Jones, Kenney, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck, Richter, Schappert, Seebeck, Stewart, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Wirth; President Cassidy, Borough of Queens, and the Vice-Chairman of the Board of Aldermen—50.

The Vice-Chairman laid before the Board the following communication from the Department of Public Charities transmitting resolution

No. 1580.

Department of Public Charities,
Boroughs of Manhattan and The Bronx,
Commissioner's Office,
Foot of East Twenty-sixth Street,
New York, January 27, 1903.

Hon. CHARLES V. FORNES, President of the Board of Aldermen:

Dear Sir—I beg respectfully to ask that this Department be authorized to purchase coal in the open market in an amount not to exceed 1,250 tons, at a cost not to exceed \$10,312.50. After due advertisement in the "City Record" this Department opened bids yesterday for 1,000 tons of pea coal for use during the month of February, and for 250 tons of stove coal. There was only one bid. The price per ton on this bid was:

Pea coal, \$8.75 a ton.

Stove coal, \$11.25 a ton.

I regard this bid as excessive, and am informed that this coal can now be purchased in the open market for use at the institutions of this Department in the Borough of Brooklyn at least \$1 per ton less than the amounts named. There also seems to be good reason for believing that in the very near future the price of coal will be still lower. Under these circumstances I believe it to be for the interest of this Department that it should be enabled to buy coal for its institutions in the Borough of Brooklyn during the month of February in the open market and at the best price obtainable from week to week. This will secure a saving of at least \$1,250 to the Department.

I inclose form of resolution, trusting that in this form, or in some other form that may seem to you most appropriate, the resolution will be adopted at the meeting of the Board this date. I have the honor to remain,

Yours very truly,

HOMER FOLKS, Commissioner.

Whereas, The Commissioner of Public Charities, in a communication to this Board, dated January 27, 1903, has stated that in response to advertisement in the "City Record" he opened bids for coal on the 26th instant, for use in the hospitals and almshouse of that Department in the Borough of Brooklyn, and that he received only one bid, which bid he believes to be excessive; and

Whereas, He for this reason requests that he be allowed to purchase in the open market, and without public bidding, 1,250 tons of coal; therefore

Resolved, That the Commissioner of Public Charities be and hereby is authorized to contract for and purchase coal, without public letting, for use of the institutions of his Department, the amount of coal so to be purchased not to exceed, without further authorization by this Board, 1,250 tons, the said expenditure not to exceed the sum of \$10,312.50.

On motion of Alderman Parsons this matter was laid over and made a special order for 2 o'clock p. m.

Subsequently, the hour of 2 o'clock having arrived, Alderman Parsons called up the matter and moved its adoption.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bill, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Diemer, Dietz, Doull, Downing, Foley, Gaffney, Gass, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Howland, James, Jones, Keely, Kennedy, Kenney, Klett, Leitner, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck, Richter, Schappert, Seebeck, Shea, Stewart, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Haffen, Borough of The Bronx; President Cantor, Borough of Manhattan, and the Vice-Chairman of the Board of Aldermen—65.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Streets, Highways and Sewers—

Nos. 105 and 470.

The Committee on Streets, Highways and Sewers, to whom was referred, on January 30 and April 22, 1902 (Minutes, pages 300 and 196), the annexed ordinances in favor of regulating traffic on a portion of Fifth avenue, respectfully

REPORT:

That, having examined the subject, they recommend that the said ordinances be placed on file.

We, the undersigned, residential property owners of Madison avenue, taxpayers and merchants, hereby respectfully protest to the Board of Aldermen, City Hall, New York City, Borough of Manhattan, against any restriction whatever of traffic on Fifth avenue, as said traffic would naturally find its way to Madison avenue, thereby creating an unnecessary nuisance on Madison avenue.

An Address to the President and Members of the Board of Aldermen of The City of New York, on Behalf of the Women's Auxiliary of the American Scenic and Historic Preservation Society. (Drawn up by Mrs. Melusina Fay Peirce, founder of the auxiliary, at the request of the officers and members of its Executive Board.)

Mr. President and Gentlemen—

The "Women's Auxiliary" of that noble society whose founder and President is our great American, the Hon. Andrew H. Green, having at last reached your honorable body with the petition to The City of New York for the purchase of Fraunces' Tavern, on this, our fifteenth appearance before one or the other of the various governing boards of this metropolis, to-day pleads with you, at once and unanimously to pass the motion now before you, through the previous favorable action of the other required New York authorities. This motion is to purchase, restore and surround with a specified open space, the venerable, and, considering the long ago destruction of every one of its contemporaries, we may add, the wonderful "Fraunces Tavern," on the corner of Broad and Pearl streets, and this for the following reasons:

1st. It was built about one hundred and seventy-five years ago, and is, therefore, the oldest building now within the limits of Greater New York.

2d. If restored as nearly as possible to its outside form, it will be an interesting reminder of the early colonial houses which were both "store and home" to the early New York merchants.

3d. Converted into a tavern by Sam Fraunces in 1762, it is the oldest house of public entertainment in New York, having been kept open as such continuously from that day to this, namely—one hundred and forty-one years—hence, if restored interiorly as far as practicable, it will give an idea of the accommodations for travelers, for citizens' clubs, political meetings, and State banquets throughout the Colonial period and for fifty years after.

4th. This building ought further to be preserved:

a. Because the New York Chamber of Commerce—the mighty financial centre of this mighty country and perhaps the world—was organized and for some time held its monthly meetings there.

b. Because the social clubs which met there weekly before the Revolution, numbered among their members the immortal New York patriots, John Jay, Gouverneur Morris, Robert Livingston, Morgan Lewis and Samuel Verplanck.

c. Because of its noble role in our struggle for national independence, its proprietor, Sam Fraunces, having been an ardent American, his tavern one of the homes of the Sons of Liberty, and in fact the chief headquarters of the American Rebellion in New York, so much so that on this very account the tavern was fired upon by the British man-of-war "Asia," and one of the only two foreign shots that ever touched New York went through its roof.

d. Because it was equally a headquarters for the most distinguished American and French rejoicing and festivity after the evacuation of New York by the British.

e. But especially and supremest of all, because within its famous "long room" took place practically the closing scene of the American Revolution, for there General Washington and the generals and aides who had stood by him in what they themselves called a "long and bloody war" met for the last time on earth, on December 4, 1783.

In that one room were assembled at one and the same hour nearly all of the leading military commanders of our great national struggle! When their idolized leader filled a parting health to them, on raising the glass to his lips, he said: "With

a heart full of love and gratitude I now take my leave of you." Yes, "gratitude" was felt by Washington himself toward those brave and devoted patriots because their efforts, united with his own, had given to him, to them and to their descendants after them a "free country" with all that those momentous words imply.

Our Women's Auxiliary, then, petitions the richest city of the world, the city whose wealth is estimated at the inconceivable sum of ten billions of dollars—half the value, that is, of all the farms of the United States—and whose annual expenditure is nearly one hundred millions of dollars, for the sake of the heroes who once wept on each other's shoulders within its walls, to regard this ancient tavern with the same heart of "love and gratitude" that beat in the bosom of Washington as he stood weeping with them. The Auxiliary pleads with the City to purchase this property and the land surrounding it, not with the smallest reference to the consideration whether a "small park" is "needed" there for a "breathing place" or not, but solely and only with reference to the tremendous dignity and distinction of its too-long neglected historical claims, and therefore to its priceless value to the whole American people, and especially to the vast surrounding city, of which Fraunces Tavern, strangely enough, and as the Hon. Andrew H. Green first pointed out, is actually the geographical centre.

Should not the heart-love of Greater New York centre on this little central spot? Should not your love centre upon it? Should not the myriads of New York's school children be able to come here once in their school lives and stand in the very room wherein Washington, the Father of their Country, and his generals closed the great drama of the American Revolution, and see there the portraits of those heroes?

For the granting of this, our humble petition, we cannot—we will not—doubt the favor and consent of your Honorable Body.

So shall you win for yourselves undying national remembrance. So shall your names, inscribed by us on a tablet in the Venerable Tavern, be a source of joy and pride to the remotest descendant who shall bear one of those names—and so shall you win the very deepest gratitude and the very highest admiration and respect of perhaps the humblest and feeblest of all your many petitioners; namely,

The Officers and Members of the Women's Auxiliary to the American Scenic and Historic Preservation Society.

Staten Island, January 26, 1903.

Which was adopted.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bill, Brenner, Bridges, Chambers, Coggey, Culklin, Devlin, Dickinson, Diemer, Doull, Downing, Florence, Foley, Gaffney, Gass, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Holmes, Howland, James, Jones, Keely, Kennedy, Leitner, John T. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck, Richter, Schappert, Seebeck, Shea, Stewart, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Haffen, Borough of The Bronx; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—61.

REPORT:

The College of the City of New York—Office of the Board of Trustees,

CHAS. PUTZEL, Secretary, Board of Trustees.

W. R. WALKLEY, SAMUEL H. JONES, JOHN J. BRIDGES, LEOPOLD W. HARBURGER, FREDERICK RICHTER, Committee on Public Education. Which report was accepted.

No. 1282.

The Committee on Public Education, to which was referred on November 11, 1902 (Minutes, page 1,224), the annexed communication in favor of preservation of the Old Hall of Records, respectfully request that it be discharged from further consideration of said communication. The building in question is being demolished; though of great historical interest and its preservation seemed to many of our patriotic citizens desirable, it does not now seem possible to save it from destruction. They recommend the communication be placed on file.

National Historical Museum,

111 Fifth Avenue,

New York, October 30, 1902.

Honorable Board of Aldermen, New York City:

Gentlemen—On behalf of the National Historical Museum, we beg leave to call the attention of your Honorable Board to the fact that the Hall of Records, twice dedicated to the National Historical Museum by resolution of your Honorable Body, seems to be under sentence of destruction, regardless of the will and express desire and ordinance of your Honorable Board.

To meet the contingencies and public convenience, the National Historical Museum has expressed a willingness to waive its rights to the extent that if the space now occupied by the Hall of Records be needed for a Subway station, it would be willing to have the building removed.

This can be done for a moderate figure, as we have secured an estimate from an eminent firm of engineers and house-movers, who guarantee to move the building to any part of the Park without taking the same down, and without injury. This we have arranged to do at no expense to the City.

Consequently, it would seem all that is necessary is to have a new site dedicated, on which its precious walls may stand.

The only opposition to the plan seems to come from the desire to have the City Hall Park cleared of all buildings save the City Hall itself.

This cannot be done until a new Courthouse is at least provided. It is also intended, we understand, that a new City Hall and Municipal Building shall be built on the north side of the Park, where the Stewart Building now stands. Certainly this park cannot become a place of beauty with vast building operations going on around it, and if it were deemed necessary to clear the City Hall Park of all buildings, it does not appear necessary to do so at this time.

The lease of the National Historical Museum, authorized by resolution of your Honorable Board, being terminable at pleasure, it could be cancelled whenever it was deemed necessary, or when a definite plan was adopted for beautifying and improving the park.

The housing of the City's Executive and administrative bodies, and of the Courts, must certainly be first provided for.

We understand the removal of the engine house some two hundred feet north has been decided upon, and we suggest the removal of the Hall of Records to this site. It is immediately in front of the new Hall of Records; but the old Hall of Records is so insignificant in size that it will not offer any obstruction to the view of

the new building, but, per contra, will offer an interesting contrast of the old and Greater New York.

Certainly all that can be gained by the destruction of this building or its removal from the City Hall Park will be a grass plot, some 60 by 75 feet in dimensions, at the edge of the park, with a sign of "Keep off the Grass" thereon, and as New York City has many thousand acres of parks and grass plots, and as any similar number of square feet in the City Hall Park would offer an equal opportunity for the study of the grasses of this latitude, it would appear that there would be nothing elevating, instructive or useful to be gained by the procedure in question.

The National Historical Museum desires to preserve a building hallowed as is no other in our whole broad country as the theatre of the sufferings and martyrdom of heroes, who gave their lives to the cause of the freedom which we now enjoy.

The National Historical Museum wishes to fill this structure with personal mementoes of the great men who founded, defended, and have preserved our nation, and which mark the events most prominent and an epoch most important in its history.

The question therefore is, whether this small plot of bare ground or a National Historical Museum will do most for the elevation and education of our people, for the inculcation of patriotism and the creation of higher ideals of citizenship and for the Americanization and amalgamation of our cosmopolitan population.

We beg leave also to call your attention to the fact that great as is New York City, the second city in the world, it is the only city in the world that has no home or place to display objects of historic interest connected with its own or its country's history.

It has, however, provided millions to house desiccated bugs and stuffed animals in the Museum of Natural History, and millions more to display Egyptian mummies, Roman and Grecian antiques and the splendid art collection of the Metropolitan Museum, and has provided vast sums for the Zoological and Botanical Gardens and for the Aquarium, and annually appropriates vast sums for their maintenance; but it has never appropriated a dollar for the display or housing of the priceless treasures of our own splendid past.

The National Historical Museum asks only for a small and ancient building about to be abandoned for public use. Instructive, educational and necessary as are all these institutions, we believe the National Historical Museum has a far broader and more useful field than all these institutions combined, as it will furnish inspiration and emulation in patriotism, good deeds, unselfishness in public spirit and good citizenship; all of which are necessary for the maintenance, progress and existence of our country.

With all due respect to the eminent Judiciary of New York we are disposed to say that, despite the technical and approved report of the Building Department against this building, we suggest that if a committee of your Honorable Board be appointed to visit the Hall of Records, they will not find a crack in the body of the building or in its foundations, and that there is no more reason that it should be taken down on account of its being unsafe than that the City Hall itself should come down. If it is unsafe it is certainly a crime on the part of the Police Department and authorities of the City to allow the Register and his numerous assistants to remain in the building a single day, and the fact that they are allowed to remain is absolute proof that the building is not unsafe. The Building Department annually files many thousands of just such reports of unsafe buildings as this, for its own protection, whenever excavation is going on in the vicinity of existing structures.

The only thing that the Building Department can find to criticize is that the building will be rendered unsafe or possibly the porticoes may have been rendered unsafe by reason of the reckless excavation of the Subway Company. It is certainly a reflection on the engineering ability of the Rapid Transit and Subway Construction Company to say that they can not take care of this little building when they have been able to burrow under a skyscraper like the Times Building and preserve it uninjured.

The Subway Construction Company has, in fact, kindly offered to remove the building to a new site in the park.

Is the greatest city in our country to set the example to the rest of the country by acknowledging an utter lack of patriotism and confessing the popular charge of commercialism so frequently brought against us?

The Historical interest of the Hall of Records has been placed beyond question of doubt by such eminent authorities as the New York Historical Society and the Society for the Preservation of Historical Places, copies of which historical sketches have been filed with your Honorable Board and are published in the "City Record."

An eminent historian has recently said that, owing to the death and burial of martyrs within and beneath its walls and the sufferings of our ancestors for freedom, that this building is second in historic value only to Independence Hall.

No New Yorker believes for a moment that if anyone was to suggest the destruction of Independence Hall or even Carpenter's Hall in Philadelphia, the City would rise up in arms and possibly do violence to an administration suggesting such a move.

Anyone of average intelligence, we think, would know that the Boston Tea Party would be a joke compared with the riot that would take place should anyone attempt to lay violent hands on Faneuil Hall, the Old State House or the Old South Church.

Is New York to confess itself less public-spirited and behind Boston and Philadelphia in patriotism?

The reason that the National Historical Museum wishes the Hall of Records for its home is because, being an historic building and deserving of preservation in itself, the exhibition of such historic relics and mementoes as it contemplates would be made doubly more impressive and valuable, the whole—building and collection—forming a most unique and striking historic monument.

The National Historical Museum does not believe that any piece of ground in New York is too valuable for a National Historical Museum, or can be put to better purpose, certainly not by leaving it bare.

It desires location in the City Hall Park, not so much because it is the official centre of Greater New York, but because it is the geographical and traffic centre of Greater New York.

Our motto and aim is to educate, and we want to be where the ebb and flow of the City's tide of movement meet, and where every one of New York's 500,000 school children and 3,000,000 adults can visit the Museum with the greatest ease and frequency. This Museum no more belongs to a single borough (nor should it be stuck off in some remote corner) than that our National or Municipal History should be relegated to a corner or appropriated by a community or an individual.

Should a doubt remain as to the practicability of moving the buildings, we would suggest that your Honorable Board employ eminent engineers to pass upon the feasibility of its removal to the site herein suggested.

Not one of the members of the National Historical Museum has a selfish aim or end to serve, and instead of trying to get something away from the City, it is trying heroically to give the City something which it lacks and painfully needs, and from this standpoint alone, we pray that the members of your Honorable Body will make it possible to us to save this hallowed Hall.

Very respectfully,

JNO. DUFAIS, Secretary.

J. FRED PIERSON.

tion at the junction of Broadway, Eighth avenue and Fifty-ninth street, in the Borough of Manhattan, as a station for express trains.

REPORTS OF STANDING COMMITTEES RESUMED.

Report of Committee on Finance—

No. 1518.

The Committee on Finance, to whom was referred on January 13, 1903 (Minutes, page 148), the annexed resolution in favor of ten thousand dollars Special Revenue Bonds, for additional fire hydrants in the Borough of Queens, respectfully

REPORT:

That, having examined the subject, they believe the expenditure to be necessary. Your Committee understand that the territory which is to be covered by these hydrants is part of the Borough of Queens, which is supplied by private companies. Where private companies supply the City, they erect fire hydrants, if the City will pay the rent. The rent is not over \$20 a fire hydrant, and varies according to the locality. There is a large part of the Borough of Queens which is unsupplied with fire hydrants, and consequently without protection when fire occurs. It is to remedy this bad situation that this money is needed. There was no appropriation allowed in the Budget for it. Your Committee believe that it is due to the residents of the territory that this appropriation be granted. They, therefore, recommend the adoption of the annexed resolution.

Resolved, That we, the Board of Aldermen of The City of New York, do hereby approve the issue of ten thousand dollars (\$10,000) in Special Revenue Bonds of The City of New York, for the additional rental of fire hydrants in the Borough of Queens; and be it further

Resolved, That we, the members of the Board of Aldermen, do hereby request the Board of Estimate and Apportionment to authorize and direct the Comptroller of The City of New York, in accordance with sub-division 8, section 188, of the Greater New York Charter, to issue said Special Revenue Bonds of The City of New York to the amount of ten thousand dollars (\$10,000) for additional rental of fire hydrants in the Borough of Queens, City of New York.

HERBERT PARSONS, JAMES H. MCINNES, JOSEPH A. BILL, JOHN L. FLORENCE, WILLIAM T. JAMES, Committee on Finance.

Alderman Walkley moved that this report be laid over and made a Special Order for 3 o'clock p. m.

Which was lost.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bill, Brenner, Bridges, Chambers, Coggey, Cuklin, Devlin, Dickinson, Dietz, Doull, Downing, Florence, Foley, Gaffney, Gass, Gillies, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Howland, James, Jones, Keely, Kennedy, Kenney, Klett, John T. SPECIAL ORDERS.

Alderman Kenney called up Special Order No. 70, being a resolution as follows.

No. 1544.

Whereas, It is still exceedingly difficult to purchase coal in large quantities except at exorbitant prices; and

Whereas, It is inexpedient, under the circumstances, to make a contract for the future delivery of coal; therefore be it

Resolved, That the President of the Borough of Brooklyn be and he is hereby authorized to contract for and purchase coal without public letting, to be used in the public buildings of said borough, the amount thereof not to exceed six thousand dollars (\$6,000).

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bill, Brenner, Bridges, Chambers, Coggey, Cuklin, Devlin, Dickinson, Diemer, Dietz, Doull, Downing, Florence, Foley, Gaffney, Gass, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Howland, James, Jones, Keely, Kennedy, Kenney, Klett, John T. McCaul, Malone, Maloy, Marks, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck, Richter, Schappert, Seebeck, Shea, Stewart, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Whitaker, Willett, Wirth; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen—63.

Alderman Wirth called up Special Order No. 66, being a report and resolution, as follows:

No. 1499.

The Committee on Finance, to whom was referred on January 5, 1903 (Minutes, page —), the annexed resolution of the Board of Education requesting this Board to permit it to purchase, without public letting, coal and wood in the open market for the use of its Public Schools in the boroughs of Brooklyn and Queens, at an expense not to exceed fifty thousand dollars (\$50,000), respectfully

REPORT:

That, having examined the subject, they believe it proper to authorize such purchase, and they recommend the adoption of the resolution annexed, which has been drafted by the Committee. Your Committee are informed that when the Board of Education last spring first advertised for coal for the boroughs of Brooklyn and Queens, those who bid inserted clauses relieving the contractor from the duty of delivering coal in the event of a strike, and that because of the insertion of such clause the Board was, on the advice of the Corporation Counsel, compelled to reject the contracts. Your Committee are further advised that at the second advertisement there were no bids. It was accordingly necessary to purchase coal without public letting, and this Board, on the 7th day of October, passed a resolution authorizing the Board of Education to purchase coal without public letting in a sum not to exceed one hundred thousand dollars (\$100,000). That sum is about exhausted, and we are accordingly called upon to authorize the use of a further sum in that manner. There is needed for the boroughs of Brooklyn and Queens from two to three thousand tons a month, and it is questionable whether this authorization will suffice, for at present prices this will purchase less than 5,000 tons. That it is needed there can be no doubt. The Board of Education is able to purchase in small amounts, but is, on that account, caused no inconvenience because the schools are so separated. It can contract for small amounts in different localities sufficient for the needs of those localities.

They therefore recommend that the annexed resolution be adopted.

Board of Education,
Park avenue and Fifty-ninth street,
New York, January 2, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I have the honor to advise you that at the meeting of the Executive Committee of the Board of Education held December 31, 1902, the following resolution was adopted:

Resolved, That the Board of Aldermen be and it is hereby requested to authorize the Board of Education, in accordance with section 419 of the Greater New York Charter, to purchase coal and wood in the open market for the use of the Public Schools in the boroughs of Brooklyn and Queens, provided the emergency requires the same, at an expense not to exceed \$50,000.

Respectfully,

A. EMERSON PALMER, Secretary, Board of Education.

In the Board of Aldermen.

Resolved, That permission be and it hereby is given to the Board of Education to purchase coal and wood without public letting for the use of the Public Schools in the boroughs of Brooklyn and Queens, at an expense not to exceed fifty thousand dollars (\$50,000).

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Alderman Downing called up Special Order No. 65, being a report and resolution, as follows:

No. 1497.

The Committee on Finance, to whom was referred on January 5, 1903, the resolution of the Health Department requesting this Board to authorize it to purchase without public letting three thousand (3,000) tons of coal for the uses of the Department in its hospitals for contagious diseases and office buildings, respectfully

REPORT:

That, having examined the subject, they believe the proposed authorization to be proper. Your Committee are informed that the contractor has failed on his contract, and purchases have from time to time been made on his account, but that the Department is now in a position where it must make a new contract, which it cannot do, or obtain authorization to purchase without public letting. The coal is needed in the contagious diseases hospitals belonging to the Department, which are the Riverside Hospital, at North Brother Island; the Willard Parker Hospital, at the foot of East Sixteenth street, and the Kingston Avenue Hospital, in Brooklyn, and likewise at the offices of the Department in the various boroughs. Your Committee accordingly recommend the adoption of the annexed resolution, which has been drafted by the Committee. Annexed is also a communication from the Department describing the situation and showing in detail the tons of coal needed per month.

City of New York—Department of Health,
Office of the Commissioner of Health,
New York, January 13, 1903.

Hon. HERBERT PARSONS, Chairman, Committee on Finance, Board of Aldermen, No. 111 Broadway, City:

Dear Sir—In response to your request for additional information regarding the coal resolution of the Board of Health now before your Committee for action, I beg to say:

The Department of Health uses about 1,200 tons of coal per month, divided as follows:

	Tons.
Willard Parker and Reception Hospitals, per month.....	300
Riverside Hospital, per month.....	400
Kingston Avenue Hospital, per month.....	300
Department Building, Fifty-fifth street and Sixth avenue, Manhattan, per month.....	75
Department Building, Nos. 38-40 Clinton street, Brooklyn, per month.....	10
Department Building, No. 1237 Franklin avenue, Bronx, per month.....	3
Department Building, Nos. 372-374 Fulton street, Jamaica, per month.....	2
Disinfection Station, County Poorhouse Farm, Richmond, per month.....	20
Steamship "Franklin Edson," per month.....	90
	1,200

Nearly all the contracts existing in 1902 have been completed, but there remain two incomplete, as follows:

	Tons.
Kingston Avenue Hospital.....	1,000
Department Building, Fifty-fifth street and Sixth avenue.....	300

The former contract is about half completed, and the latter nearly completed. In both instances the contractors have defaulted on their contracts, and the Department has had to go outside and buy coal, charging it to the contractors. The outlook for new purchases, if they must be made under the contract system, is very bad. The last coal which the Department bought cost \$10 and \$10.10 per ton, and our purchasing agent has paid recently as high as \$12.25 for broken coal delivered at Riverside Hospital. Other City Departments have either failed to obtain any bids on contracts or have had bids from \$12 to \$15. It is our understanding from anthracite railway operators that all the coal they allow to go out must be distributed to the public in small quantities, so that we believe it to be impossible to purchase under contract. For that reason the consent of your Committee is asked for the passage by the Board of Aldermen of resolution No. 1497.

Respectfully,

ERNST J. LEDERLE, President.
Department of Health—City of New York,
Southwest Corner Fifty-fifth Street and Sixth Avenue,
Borough of Manhattan,
New York, December 24, 1902.

P. J. SCULLY, Esq., City Clerk:

Sir—At a meeting of the Board of Health of the Department of Health, held this day, it was

Resolved, That, owing to the exceeding scarcity of coal and the failure of contractors under contract to supply the Department of Health with coal to live up to the terms of their agreements, the Board of Aldermen be and is hereby respectfully requested to authorize the Board of Health, pursuant to the provisions of section 419 of chapter 466 of the Laws of 1901, to contract for and purchase three thousand (3,000) tons of white ash anthracite coal at the lowest price obtainable in the open market without public letting, for the uses of the Department of Health in its hospitals for contagious diseases and office buildings in the different boroughs of The City of New York.

EUGENE W. SCHEFFER, Secretary pro tem.

A true copy.

Resolved, That permission be and the same hereby is given to the Department of Health to purchase without public letting three thousand (3,000) tons of white ash anthracite coal for the uses of the Department in its hospitals for contagious diseases and in its office buildings in the different boroughs in the city, provided that the cost of the said coal shall not exceed in the aggregate the sum of thirty-five thousand (\$35,000) dollars.

REPORTS OF STANDING COMMITTEES AGAIN RESUMED.

Reports of Committee on Finance—

No. 1545.

The Committee on Finance, to whom was referred on January 20, 1903 (Minutes, page 223), the annexed communication from the Police Department, asking for authorization to purchase coal without public letting, respectfully

REPORT:

That, having examined the subject, they believe that the request should be granted, and they recommend the adoption of the annexed resolution drafted by the Committee. The communication from the Police Department explains the matter. The bids for coal were enormously high. The City can evidently purchase for a number of dollars less than the amount of the bids. The Commissioner asks for 600 tons a month, but the resolution allows him an aggregate of 1,500 tons at not exceeding \$12,000.

Resolved, That the Commissioner of Police be and he hereby is authorized to purchase in the open market and without public letting coal for the use of his Department not to exceed fifteen hundred (1,500) tons in the aggregate, and the total expenditure therefor not to exceed the sum of twelve thousand (12,000) dollars.

Police Department of The City of New York,
No. 300 Mulberry Street,
New York, January 15, 1903.

To the Honorable Board of Aldermen:

Gentlemen—The following proceedings were this day directed by the Police Commissioner:

Whereas, Public advertisement was duly made by the Police Commissioner for bids or proposals for supplying the Police Department with coal, for the year 1903, for the purposes of the station houses and other public buildings of the Department, as well as the steamboat "Patrol"; and

Whereas, No bids were received for furnishing coal for the boroughs of Brooklyn and Queens; and

Whereas, Only one bid was received for furnishing coal for the steamboat "Patrol," viz., the bid of John H. Meyer at the price of thirteen dollars and fifty cents per ton of two thousand and two hundred and forty (2,240) pounds; and

Whereas, Only one bid was received for furnishing coal for the boroughs of Manhattan, Bronx and Richmond, viz., the bid of John H. Meyer, at the price of thirteen dollars and fifty cents per ton of two thousand and two hundred and forty (2,240) pounds; and

Whereas, The Police Commissioner deems it to be for the interest of the City to reject the said bids on the ground that the price is too high; therefore

Ordered, That the said bids be and are hereby rejected; and it is further Ordered, That the Board of Aldermen be and is hereby respectfully requested to authorize the Police Commissioner to purchase in the open market, and without advertising for sealed bids or proposals, coal at the market price for the use of the Police Department, such purchases not to exceed six hundred (600) tons per month.

Very respectfully,

WM. H. KIPP, Chief Clerk.

HERBERT PARSONS, JAMES H. McINNES, JOSEPH A. BILL, JOHN L. FLORENCE, WILLIAM T. JAMES, Committee on Finance.

On motion of Alderman Parsons, this report received immediate consideration.

No. 1548.

The Committee on Finance, to whom was referred on January 20, 1903 (Minutes, page 227), the annexed resolution in favor of authorizing the Trustees of Bellevue and Allied Hospitals to purchase coal without public letting, respectfully

REPORT:

That, having examined the subject, they believe the proposed resolution should be adopted. Your Committee are informed that the Trustees of Bellevue and Allied Hospitals have been unable to obtain bids for coal, and the only way in which they can obtain it, therefore, for the hospitals is to be allowed to purchase it in the open market without public letting, as the resolution provides. Your Committee therefore recommend the adoption of the resolution.

Bellevue and Allied Hospitals, Office of the Board of Trustees,
Bellevue Hospital, foot East Twenty-sixth Street,
New York, January 21, 1903.

Hon. CHARLES V. FARNES, President, Board of Aldermen, No. 11 City Hall, New York City:

Dear Sir—I beg to inclose copy of a resolution passed at the last meeting of the Board of Trustees of Bellevue and Allied Hospitals, held on Thursday afternoon, the 15th instant.

The resolution, I believe, is self-explanatory, and I would ask in the name of this Board immediate consideration of the same on the part of your Honorable Body.

Yours respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

Whereas, The Board of Trustees of Bellevue and Allied Hospitals advertised for bids for coal for the month of January, 1903, and no bids were submitted; and

Whereas, The condition of the market is such that it is extremely difficult to purchase coal at the standard price; be it

Resolved, That the Board of Trustees of Bellevue and Allied Hospitals be and are hereby authorized under section 419 of the City Charter to purchase fifteen hundred (1,500) tons of anthracite coal at the lowest price obtainable in the open market without letting, for the use of Bellevue and Allied Hospitals, the total expenditure not to exceed ten thousand dollars (\$10,000).

Attest:

J. K. PAULDING, Secretary.

At this point the President took the chair.

MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

Alderman Goodman asked and obtained unanimous consent to introduce the following:

No. 1583—(S. O. No. 71).

Whereas, Necessity arises for prompt action on the part of the City authorities to provide funds which will enable the President of the Borough of Manhattan to preserve the material composing the old Hall of Records, which emergency is fully and clearly referred to in the accompanying communication; and

Whereas, This Board feels that the noble and praiseworthy purpose of the National Historical Museum Association should receive hearty encouragement and material support; therefore

Resolved, That the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue

Bonds to the amount of five thousand dollars (\$5,000), the proceeds, or as much thereof as may be necessary, to be used in carefully preserving the stone, marble, brick and other materials of the old Hall of Records, until a suitable site for its re-erection elsewhere has been secured.

In connection herewith Alderman Goodman read the following communication:

National Historical Museum,
No. 111 Fifth Avenue,
New York, January 26, 1903.

Hon. ELIAS GOODMAN, New York City:

Dear Sir—You have always been public spirited and broad in your views and efforts for the City and have been good enough to understand and appreciate the public spirited and disinterested efforts of the National Historical Museum to render a substantial service to The City of New York.

The National Historical Museum, as you are aware, was chartered by the regents of the University of the State of New York for the purpose of collecting and displaying free of charge valuable historic objects for the education and Americanization of and for the inculcation of patriotism and the creation of higher ideals among the people of The City of New York.

The Honorable Board of Aldermen have recognized our efforts and have twice given us the old Hall of Records building for the purpose of displaying the invaluable collections of historic relics, amounting to some five thousand different articles, which the National Historical Museum has gathered together and has ready to display if the City will give us a building for this purpose, and which may forever go out of the City if a place to display them be not soon provided.

As you know the Hall of Records building has been taken away from us by the act of the Courts declaring its destruction necessary to make way for the rapid transit improvements.

We beg leave to request your good offices to lay before the fellow members of your Honorable Board such suggestions that may yet stay the vandalism which the destruction of this interesting old building would mean, and the loss of its precious stones, as is now threatened, and if your Board does not act at once it will be too late, as it is now being torn down and may have to be carted to the dump and every vestige of it lost forever.

The National Historical Museum desires to preserve the old Hall of Records, or Martyrs' Prison, as it is a building hallowed as is no other in our whole broad country as the theatre of the sufferings and martyrdom of heroes who gave their lives for the liberty we now enjoy, and for this reason has been pronounced by an eminent historian as second only in point of interest and historic value to Independence Hall in Philadelphia of all the buildings in the United States.

The National Historical Museum is now negotiating with the Department of Parks, with excellent prospects of having a new site dedicated on which this building can be re-erected, and it is safe to assume that if the building is carefully taken down and all of its pieces properly marked, suitable plans and details of the building prepared, that it can be readily re-erected at comparatively slight expense.

President Cantor has kindly consented to exercise this precaution, but feels that he cannot meet the required outlay for its removal to a suitable corporation yard or lot which might be provided for the storage of the material.

The public-spirited efforts of the National Historical Museum ought to receive some encouragement from The City of New York. It should be remembered that we are simply trying to give the City something, and not trying to take anything away.

Cannot you aid us at this time by some appropriate legislation? We ask very little, while we propose to give much.

We beg leave to call your attention to the fact that great as is New York City, the second city in the world, it is the only city in the world that has no home or place to display objects of historic interest connected with its own or its country's history.

It has, however, provided millions to house desiccated bugs and stuffed animals in the Museum of Natural History, and millions more to display Egyptian mummies, Roman and Grecian antiques and the splendid art collections of the Metropolitan Museum, and has provided vast sums for the zoological and botanical gardens, and it has never appropriated a dollar for the display or housing of the priceless treasures of its own or its nation's history.

The National Historical Museum asks only for a small and ancient building abandoned for public use.

Instructive, educational and necessary as are all these institutions, we believe the National Historical Museum has a far broader and more useful field than all these institutions combined, as will furnish inspiration and emulation in patriotism, in good deeds, unselfishness in public spirit and good citizenship, which are essential for the maintenance and progress of our country.

Is the greatest city in our country to set the example to the rest of the country by acknowledging an utter lack of patriotism and confessing the popular charge of commercialism so frequently brought against us?

The historical interest in the Hall of Records has been placed beyond question of doubt by such eminent authorities as the New York Historical Society and the Society for the Preservation of Scenic and Historical Places, copies of which historical sketches have been filed with your Honorable Board and are published in the "City Record."

No New Yorker doubts for a moment that if any one was to suggest the destruction of Independence Hall, or even Carpenter's Hall in Philadelphia, the city would rise up in arms and possibly do violence to an administration suggesting such a move.

Any one of average intelligence, we think, would know that the Boston tea party would be a joke compared with the riot that would take place should any one attempt to lay violent hands on Faneuil Hall, the old State House or the old South Church.

Is New York to profess itself less public-spirited and behind Boston and Philadelphia in patriotism?

We do not think the removal of the building from its present location to a new site will lessen its historic interest, as we recall many examples of this kind; for instance, William Penn's house was moved from its site in the city to Fairmount Park, Philadelphia, and if a building loses its historic interest by changing its location, then Cleopatra's Needle has lost its historic interest by being moved from the banks of the Nile to the banks of the Hudson.

Not a member of the National Historical Museum has a selfish or personal aim to serve. Instead of trying to get something from the City, it is trying heroically to give something which the City has not, and of which there is a crying need. We hope it will some day have a collection of historic relics as great in its way as its Metropolitan Museum, and from a perfectly independent standpoint we pray your good offices.

Very respectfully yours,

THE NATIONAL HISTORICAL MUSEUM,
JOHN DU FAIS, Secretary.

The President put the question whether the Board would agree with said resolution.

Which was decided in the negative by the following vote, the same failing to receive a unanimous vote, and three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Alt, Baldwin, Bill, Brenner, Chambers, Culkin, Dickinson, Diemer, Dietz, Donohue, Doull, Downing, Florence, Foley, Gaffney, Gass, Gillies, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holmes, James, Jones, Keely, Klett, John T. Negative—Aldermen Bridges, Gillen, Goldwater, Howland, Leitner and Mathews

On motion, the above vote was reconsidered, and the paper was made a Special Order for 2 o'clock p. m. at the next meeting.

REPORTS OF STANDING COMMITTEES AGAIN RESUMED.

Report of Committee on Finance—

No. 1543.

The Committee on Finance, to whom was referred on January 20, 1903 (Minutes, page 220), the annexed resolution and ordinance in favor of Thirty-two thousand dollars of the corporate stock for the construction of buildings in the Department of Charities, respectfully

REPORT:

That, having examined the subject, they believe the proposed authorization to be proper. On April 29, 1902, this Board approved the issue of \$100,000 of bonds for buildings in the Department of Public Charities. Of that \$100,000 there is being used \$68,615.48 for the very necessary addition to the nurses' home on Blackwell's Island. The other two most urgent needs of the Department are a three-story brick pavilion at the City Hospital for erysipelas and paralytic patients, to contain also rooms for the isolation of violent and disturbing patients, who must now be cared for in the open wards, and the alteration of the old amusement hall at the Metropolitan Hospital so that it can be used as a convalescent hospital for patients. Bids have been received for both these buildings. The cost of the brick pavilion will amount to \$45,389.40, and the cost of the alterations to the old amusement hall will be \$17,000. These make an excess of about \$32,000 over the authorized issue of \$100,000. It is for this extra \$32,000 that this ordinance is to provide.

A member of your Committee recently visited Blackwell's Island and inspected the structures which are now used to accommodate the erysipelas and paralytic patients. These structures are dilapidated one-story wooden buildings which were erected as emergency hospitals at the time of the Civil War. The wood is so rotten that no repairs can be made. The patients are absolutely helpless in case of fire, so quickly would the building burn. The sanitary arrangements are something frightful, although probably as good as can be under the present conditions. The buildings are a disgrace to The City of New York, and the sooner they are done away with and a proper substitute erected the better.

The old amusement hall on Blackwell's Island was a part of the Manhattan State Hospital for the Insane, which formerly occupied the present Metropolitan Hospital buildings. The Manhattan State Hospital vacated the amusement hall not much more than a year ago. It will make a most desirable place for the City's convalescent patients. It is, of course, desirable that they should be provided for apart from the patients still under treatment. Your Committee believe that the ordinance should be adopted.

January 15, 1903.

Hon. EDWARD M. GROUT, Comptroller:

Dear Sir—On April 18, 1902, the Board of Estimate and Apportionment authorized the issue of bonds for new buildings in this Department to the amount of \$100,000, which action was approved by the Board of Aldermen April 29, 1902.

The first and most urgent need of the Department was an addition to the Nurses' Home, on Blackwell's Island. The contract price for this amounted to \$65,348. The architect's fee of \$3,267.40 made the total cost \$68,615.40. The next most urgent need was a three-story brick pavilion at the City Hospital for erysipelas and paralytic patients, to contain also rooms for the isolation of violent and disturbed patients, who must now be cared for in the open wards. Plans were prepared for the plainest possible building suited for this purpose and bids were opened recently. There were seven bids, the lowest being \$43,228. The architect's fee on this building would be \$2,161.40, making a total of \$45,389.40. This sum, plus the cost of the Nurses' Home mentioned above, would be \$114,004.80.

In order that we may proceed with the construction of the brick pavilion, I respectfully request that an additional issue of bonds be authorized.

We have at the Metropolitan Hospital a building known as the Amusement Hall, formerly occupied by the Manhattan State Hospital. The Manhattan State Hospital vacated this building on Blackwell's Island a little more than a year ago. This building, however, requires extensive alterations, amounting to reconstructing of the interior of the building, before it can be used by this Department. There is urgent and immediate need of a hospital for convalescents. Convalescents are now retained in the general wards of our hospital, and the capacity of the hospitals is insufficient to provide for them, aside from the fact that they should be provided for apart from the patients still under treatment. Plans and specifications have been prepared by the Supervising Engineer of this Department, and bids have been received for the reconstruction of this building, including the construction of water tower, with bath, toilets, etc. The lowest bid was \$17,000.

I respectfully ask that an additional issue of bonds to the amount of \$32,000 be authorized for construction of buildings in the Department of Public Charities, in order that the two items mentioned above may be provided for.

I have the honor to remain

Yours respectfully,
(Signed) HOMER FOLKS, Commissioner.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of thirty-two thousand dollars (\$32,000) to provide additional means for the construction of buildings of the Department of Public Charities.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment January 16, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of bonds to an amount not exceeding thirty-two thousand dollars (\$32,000) to provide additional means for the construction of buildings of the Department of Public Charities, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by Section 169 of the amended Greater New York Charter, to the amount of thirty-two thousand dollars (\$32,000), the proceeds thereof shall be applied to the purposes aforesaid."

Department of Finance—City of New York,
December 23, 1902.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith a certified copy of a resolution adopted by the Board of Estimate and Apportionment at its meeting, held December 19, 1902, fixing the salary of Henry E. Bliss, Deputy Librarian of the College of The City of New York, at the rate of \$1,750 per annum, together with a copy of a communication from the Secretary of the Board of Trustees of said college and copy of a report of the Auditor of Accounts, Finance Department, relative thereto.

I also send you herewith a form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

December 4, 1902.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In accordance with your instructions inquiry has been made by this Division regarding the facts connected with a recommendation for an increase in the salary of Henry E. Bliss, Deputy Librarian of the College of The City of New York, from \$1,500 to \$1,750, to date from October 22, 1902.

It appears from the facts ascertained that Mr. Bliss has served in his present position for the past ten years, commencing at a salary of \$1,000. By direction of the Board of Trustees of the College his compensation has been increased from time to time until the present, when he is receiving \$1,500 per annum.

Dr. Charles G. Herberman, Librarian of the College, states that Mr. Bliss is the acting Librarian of the College, having personal supervision of the work done there. He urgently recommends that the proposed increase in salary be allowed, and states that Mr. Bliss' services are worth even more than the amount requested. He states that when Mr. Bliss took the position he succeeded a man who was then paid \$2,500. Mr. Bliss' ten years' experience, Dr. Herberman says, has made him proficient in his duties, the nature of the work being such as to require something of a specialist. A knowledge of the languages and familiarity with technical and other educational works are required, and in other respects Mr. Bliss' position is said to be dissimilar to that of the employees of public libraries, comparisons with which were made by the Commissioners of Accounts in a schedule submitted to the Mayor on November 3 last.

Mr. Bliss, I am informed, on March 8, 1902, successfully passed a non-competitive Civil Service examination for promotion.

Yours respectfully,

CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Transmitted herewith: Letter from Secretary of the Board of Trustees of the College of The City of New York to Deputy Comptroller Stevenson, dated October 23, 1902.

REPORTS OF STANDING COMMITTEES AGAIN RESUMED.

Report of Committee on Finance—

Nos. 1507-1508—(G. O. No. 302).

The Committee on Finance, to whom was referred on January 13, 1903 (Minutes, page —), the annexed two resolutions in favor of (1) of applying \$5,500 of the appropriation for the new City Prison for furniture and (2) of permitting the Commissioner of Correction to purchase such furniture without public letting, respectfully

REPORT:

That, having examined the subjects, they believe the proposed resolutions to be proper. The best manner in which to obtain the appropriation for the furniture is to use part of the issue of Corporate Stock authorized for the prison itself. Annexed is a letter explaining the propriety of authorizing these purchases without public letting. The items are in such small amounts that to advertise for them is probably the most expensive method. They therefore recommend that the said resolutions be adopted.

Department of Finance—City of New York,

January 7, 1903.

Hon. CHARLES V. FARNES, President, Board of Aldermen:

Sir—Upon examining the minutes of the Board of Estimate and Apportionment of the meeting held November 7, 1902, I find a resolution approving of the application of \$5,500 for furnishing the new City Prison with beds, etc., for the quarters occupied by the Wardens, Keepers, Physicians, etc., and for furnishing the Administration Building, Blackwell's Island Penitentiary, on which a technicality arises as to whether it requires the concurrence of the Board of Aldermen, and in order to avoid any possible question I transmit herewith a certified copy of said resolution, together with a form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully yours,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That the Board of Aldermen hereby concurs in the following resolution adopted by the Board of Estimate and Apportionment at meeting held November 7, 1902:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the application of the sum of five thousand five hundred dollars (\$5,500) from the unexpended balance of the appropriation from the proceeds of Corporate Stock of The City of New York, issued by the Comptroller, pursuant to the provisions of chapter 626 of the Laws of 1896, as amended by chapter 642, Laws of 1897, and section 170 of the Greater New York Charter, for the new City Prison, the same to be applied as follows:

For furnishing the Prison with beds, bedding, furniture, rugs and miscellaneous supplies for the quarters occupied by the Wardens, Keepers, Physicians, etc.	\$3,000 00
For furnishing the Administration Building, Blackwell's Island Penitentiary	2,500 00
	<hr/> \$5,500 00

Department of Correction of The City of New York,
Commissioner's Office, No. 148 East Twentieth Street,
New York, January 8, 1903.

Hon. CHARLES V. FARNES, President, Board of Aldermen:

Dear Sir—Upon the request of the Department of Correction, the Board of Estimate and Apportionment has set aside the sum of \$5,500 for the furnishing of the new City Prison, Centre street, and of the Administration Building, Penitentiary, Blackwell's Island, this money to be taken from the special appropriation of \$175,000 for completing, etc., these buildings.

I would respectfully ask the permission of your Honorable Board to purchase in the open market such furnishings, which will consist of beds, bedding, furniture, carpets and the miscellaneous articles necessary for the quarters to be occupied by the Wardens, Physicians, Keepers and others. The articles needed are so miscellaneous in character that it would be impractical to advertise for them. As the buildings cannot be fully occupied until these furnishings are obtained, I respectfully request that you will give this matter your early and favorable consideration.

Very respectfully,

THOMAS W. HYNES, Commissioner.

Department of Correction, of The City of New York,
Commissioner's Office, No. 148 East Twentieth Street,
New York, January 17, 1903.

Hon. HERBERT PARSONS, No. 111 Broadway, New York City:

Dear Sir—Mr. McKinny, who called on you yesterday, has told me of your wish for more definite information in regard to the supplies which this Department desires to purchase in the open market for the furnishings of the new City Prison, Centre street, and the new Administration Building, Blackwell's Island.

Some of these are:

City Prison—300 blankets, carpets, rugs and chairs; kitchen furnishings, refrigerators, knives, forks, etc.; towels, dinner set, china; brass bedsteads, pews for chapels. Administration Building, Blackwell's Island—Furniture, carpets and rugs for quarters of Deputy Warden; chairs for Keepers' quarters; desks, chairs, carpets and rugs for offices.

Most of the furniture will be purchased from the State prisons. I have received bids for the pews for chapels, ranging from \$486 to \$1,200. Of course, the contract for these pews will be given to the lowest bidders, and the other articles will be purchased at the lowest possible figures.

Permit me to express my appreciation of the interest which you have shown in assisting this Department in its requests made to the Board of Aldermen, and believe me,

Very truly yours,

THOMAS W. HYNES, Commissioner.

Resolved, That the Commissioner of Correction be and he is hereby authorized, as provided in section 419 of the amended Greater New York Charter, to purchase in the open market without public letting such furnishings, to consist of beds, beddings, furniture, carpets and the miscellaneous articles necessary for the quarters to be occupied by the Wardens, Physicians, Keepers and others in the new City Prison, Borough of Manhattan, and the Administration Building, Penitentiary, Blackwell's Island, as he may deem necessary; such expenditure not to exceed in the aggregate the sum of five thousand five hundred dollars (\$5,500), and to be charged to the special appropriation of \$175,000 for completing, etc., of the before-mentioned buildings, the Board of Estimate and Apportionment having approved of the application of the said sum for the purposes herein stated.

HERBERT PARSONS, JAMES E. GAFFNEY, JOHN T. McCALL, JOHN L. FLORENCE, JOSEPH A. BILL, Committee on Finance.

Which was laid over.

REPORT:

That, having examined the subject, they recommend that the said petition be referred to the Board of Estimate and Apportionment.

To the Honorable the Board of Aldermen of The City of New York:

The petition of the Mineola, Hempstead and Freeport Traction Company respectfully shows:

I. That your petitioner is a street surface railroad duly organized and incorporated under and in pursuance of the laws of the State of New York, having filed its certificate of incorporation in the office of the Secretary of State of New York on the 27th day of February, 1899.

II. That your petitioner desires to obtain from the Board of Aldermen of The City of New York its consent to and a grant of the right, privilege and franchise to use certain streets, avenues and highways in the Borough of Queens, in The City of New York, for street railway purposes, and for the construction, maintenance and operation of a street surface railroad, with the necessary appurtenances, as extensions of its present railroad from Mineola to Freeport, in the Town of Hempstead, Nassau County, New York.

A description of said streets, avenues and highways is as follows:

Beginning at a point on Fulton street (otherwise known as the Hempstead and Jamaica turnpike) at the easterly line of the Borough of Queens, in The City of New York, running thence northwesterly on and along said Fulton street to the intersection of said Fulton street and the Jerico turnpike, at or near Queens, in the Borough of Queens. III. That said corporation expects to operate said railroad by the overhead trolley system or any other motive power, except steam locomotive power, which may be permitted by the State Board of Railroad Commissioners and consented to by property owners pursuant to law.

IV. That the section of the Borough of Queens through which the proposed route is projected, though fairly populous, is without ready means of transportation into Jamaica, where there is easy access into the boroughs of Kings and Manhattan, New York City.

Section 2. The grant of said franchise or right to use said streets, avenues, highways and property is made subject to the following conditions:

1st. That the said right, privilege and franchise to construct and operate its said railway shall be held and enjoyed by said traction company, its lessees, successors or assigns for the term of twenty-five years; and there is also hereby given the said traction company, its lessees, successors or assigns the right of renewal of said franchise and right to use said streets, highways and property for twenty-five years after the expiration of said original period of twenty-five years at a fair revaluation or revaluations, provided, however, that on the termination of the franchises and rights herein granted there shall be a fair valuation of the plant of the said traction company located in that portion of the streets, avenues and property hereinafter set forth and such plant shall become the property of the city on paying the grantee such valuation.

They shall act as appraisers and not as arbitrators; they may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation without the presence of either party; they shall have the right to examine the books of the railroad company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties.

2d. The said traction company shall, for and during the first five years after the commencement of the operation of any portion of its railroad, annually, on November 1, pay into the treasury of the City to the credit of the Sinking Fund thereof 3 per cent. of its gross receipts derived from the operation of said railroad within said City for and during the year ending September 30 next preceding; and after the expiration of such five years make a like annual payment into the treasury of the City to the credit of the same fund of 5 per cent. of its said gross receipts derived from the operation of said railroad within said City, as required by section 95 of the Railroad Law.

The said railroad shall be constructed and maintained subject to the supervision and control of the President of the Borough of Queens in all matters with respect to which said President is invested with the power to regulate and control by the Charter of said City.

Section 3. The said grant is also upon the further condition, namely:

1st. The said railroad shall be constructed and operated in the latest improved manner of street railway construction, and the railroad and property of said company shall be maintained in good condition throughout the full term of this grant.

2d. The said traction company, its successors, lessees and assigns shall be entitled to fix and collect the following rates of fare as compensation for transporting any passengers thereon in The City of New York, to wit: Five cents for passage

over any part of its railroad in The City of New York. The cars on said railroad shall be run as often as the public convenience may require.

3d. In case of any violation or breach or failure to comply with any of the provisions of this section this grant may be forfeited by suit brought by the Corporation Counsel on notice of ten days to the said railroad company.

Section 4. This grant is also upon the further and express condition that the provisions of article 4 of the Railroad Law applicable thereto be complied with.

MUNICIPAL CIVIL SERVICE COMMISSION.

New York, January 7, 1903.

A meeting of the Municipal Civil Service Commission of The City of New York was held at No. 61 Elm street, on Wednesday, January 7, 1903, at 3 p. m.

There were present President Ogden and Commissioners Banta, Perrine and Spencer.

The minutes of the meeting held December 30, 1902, were approved after correction.

The public hearing upon the requests of the following Departments that the classification be amended was then continued:

Department of Police—To include in the non-competitive class the position of photographer.

Bellevue and Allied Hospitals—To include in the exempt class two chaplains.

Rev. Edward P. Southwell appeared and urged the Commission to grant the request of the Board of Trustees of Bellevue and Allied Hospitals that the positions of two chaplains be included in the exempt class. After he withdrew, on motion, duly seconded, it was

Resolved, That the classification of offices and positions in Bellevue and Allied Hospitals, in the exempt class, as fixed by Rule 68, be amended, by including therein the following: Two chaplains.

The Commission then considered the request of the Police Department, that the position of photographer be included in the non-competitive class. The Secretary read a letter from the Department asking that, in the event of the Commission being unwilling to amend the classification, they be authorized to appoint a photographer at a compensation of \$2.50 per day, under the provisions of Paragraph 4 of Rule 7. On motion, duly seconded, it was

Resolved, That the request of the Police Department for authority to employ Mr. A. W. Sheppard as a photographer, at a compensation of \$2.50 while employed, be granted, provided the compensation in any one year shall not exceed \$1,000; and

Resolved, Further, that the limitation of compensation be suspended pursuant to the provisions of paragraph 4 of Rule 7.

The Law Committee presented reports in the following cases:

1. The request of the Secretary for advice as to the manner in which the opinion of the Corporation Counsel, rendered December 18, with reference to examinations for promotions should be followed.

The Committee reported that:

(a) Appointments made from eligible lists promulgated as the result of examinations held prior to May 10, 1902, for positions not subject to grades are to be governed by the grades as they stood at the time of examination, without reference to the question as to whether the appointments were prior or subsequent to May 10, 1902. This is substantially the opinion of the Corporation Counsel and in that opinion your Committee concurs.

(b) Appointments made from eligible lists promulgated as the result of examinations held prior to May 10, 1902, to positions for which specific grades were fixed are to be governed by the grades as they stood at the time of examination, and each such appointment shall be for the specific grade for which the examination was given. If the examination was not held for fixed grades the decision in the Ludholz case should be followed.

(c) Appointments made from eligible lists promulgated as the result of examinations held subsequent to May 10, 1902, where specific grades were fixed are to be governed by the specific grades for which the examinations were taken. If the examination was not held for fixed grades the decision in the Ludholz case should be followed.

(d) Schedule E is a schedule not subject to grades. The opinion of the Corporation Counsel states that a candidate passing an examination secures a vested right to be appointed and to have increases of salary under the rules as they stand. Applying this opinion to Schedule E it would seem necessarily to follow that a candidate appointed to a position in Schedule E may have an increase of salary without a promotion examination.

2. The request of the Secretary for advice as to whether he should recognize the increases of persons employed as Assistant Engineers in the Board of Rapid Transit Railroad Commissioners to the maximum of the grade for which they were examined prior to May 10, 1902, in accordance with the opinion of the Corporation Counsel.

The Committee reported: "We are of the opinion that under the opinion of the Corporation Counsel the cases of these Assistant Engineers should be dealt with according to the rules as they existed prior to the amendment on May 10, 1902."

On motion, duly seconded, the reports of the Law Committee were adopted.

Commissioner Spencer, to whom was referred at the last meeting the question as to whether examination for promotion should be open to all employees of a department who had served the necessary length of time or should be limited to the particular office or bureau of a department in which the person whose salary it was desired to increase was employed, reported that he had considered the question, and that in his opinion the law and rules clearly contemplated the admission of all employees of a department who were otherwise eligible to enter. He recommended, however, that the matter be referred to the Corporation Counsel, and, on motion, duly seconded, it was

Resolved, That the Secretary be instructed to request the Corporation Counsel to render an official opinion upon the question; and

Resolved, Further, That pending the receipt of such opinion, the requests that examinations be limited to the particular office or bureau in which the person whose salary it was proposed to increase was employed be denied.

The Committee on Reinstatements reported that it had approved the reinstatement of George H. Wessell as an Inspector of Masonry and Carpentry in the Department of Education. On motion, duly seconded, the report was adopted.

A letter was presented from the Department of Education, requesting authority to transfer Dr. Elizabeth Jarrett and Dr. Samuel K. Bremner, Medical Inspectors, from the Department of Health. The Secretary stated that he had informed the Department that in his opinion the transfer could not be authorized, under an opinion of the Corporation Counsel, in the presence of a preferred list for reinstatement to the position of Medical Inspector. The Board of Education had there-

upon communicated with the Corporation Counsel, who, in a letter dated January 5th, stated: "I do not think that the persons upon the suspension list, under section 1543 of the Charter, have precedence over persons whose transfer is sought for." On motion, duly seconded, the Secretary was instructed to request the Corporation Counsel to render an official opinion as to whether a transfer could be recognized in the presence of a preferred list for reinstatement, formed under section 1543 of the Charter, and in the event of the Corporation Counsel deciding in the affirmative, to issue the certificate of the Commission authorizing the transfers requested by the Department of Education.

In replying refer to "Claims."—McK.

Hon. John R. Voorhis, President Board of Elections:

Dear Sir—Please find herewith the following claims filed in the Department of Finance for advertising election notices for the County of New York during the year 1902.

The Sun.....	\$5,392 80
The World.....	4,663 20
Bronx Borough Record.....	2,620 80
Westchester Independent.....	3,622 40

The Corporation Counsel has advised this office that the duty of designating the newspapers for the publication of the election notices devolves upon the Board of Elections, as the successor of the Board of Police Commissioners, under the provisions of section 5 of the Election Law, as amended by chapter 232 of the Laws of 1901.

Publication has been made by the newspapers referred to above, and there would seem to be no good reason why payment of the claims should not be made. It is deemed advisable, however, in order that no question might arise, to have your Honorable Board pass a resolution designating the above named newspapers to publish the election notices in the County of New York, and I would suggest that such resolution be adopted by you at your meeting to-day.

Yours truly,

N. TAYLOR PHILLIPS, Deputy Comptroller.

On motion, the following resolution was adopted, to wit:

Resolved, In response to the statement and in compliance with the suggestions contained in letter received this day from the Finance Department, the Board of Elections designates The Sun, The World, The Bronx Borough Record and the Westchester Independent as papers for publishing the election notice emanating from the Secretary of State relative to the General Election held November 4, 1902, and published in said papers by authority and over the name of Thomas L. Hamilton, County Clerk, New York County, as of August 1, 1902.

From Chief Clerk A. C. Allen, dated December 31, 1902, submitting reports of Minutes of the organization of the Republican and Democratic Assembly District Committees of New York County received and filed to date in the office of the Board of Elections. Filed.

On motion of Commissioner Page the President was authorized to notify City officials and the heads of departments in this City that the offices of the Board had been removed and were located at No. 107 West Forty-first street, Borough of Manhattan.

Duplicate receipts for the delivery of duplicate enrollment books to the Republican General Committee of Kings County and the Democratic General Committee of Kings County were inclosed in a letter dated December 31, 1902, from the Chief Clerk of the branch office of the Board, in the Borough of Brooklyn. Filed.

The President announced that he was served on the 30th inst. with an order to show cause issued by Judge S. T. Maddox of the Supreme Court, Kings County, and returnable on the 5th prox., in the matter entitled Charles H. Jenkins against John R. Voorhis and others, which order he had duly transmitted to the Corporation Counsel for the necessary action thereon. The action of the President was approved by the Board.

BOARD OF ELECTIONS.

Meeting of the Board of Elections, held Saturday, January 17, 1903, at 2 p. m.

Present—Commissioners Voorhis, Page, Maguire and Fuller.

On motion, the following newspapers published in the Borough of Manhattan were selected and designated to publish on January 21 and January 26, 1903, the list of nominations for the coming special election to be held on January 27, 1903, as follows, viz.:

The Sun, at a rate not exceeding \$13.60 per one thousand ems, agate measurement, and the Evening Telegram, at a rate not exceeding \$12.80 per one thousand and twenty-four ems, agate measurement.

The President reported that two proposals had been received, as follows, viz.:

From Martin B. Brown Company, dated January 3, 1903, for furnishing the Board of Elections with the supplies and work required for the special election to be held in the Sixteenth Senate District on January 27, 1903, as set forth in list submitted, for the sum of \$358.

From Martin B. Brown Company, dated January 12, 1903, for furnishing official and sample ballots (including delivery) required for the special election to be held in the same district, for the sum of \$640.

On motion, said proposals of the Martin B. Brown Company were accepted. Persons named on a list presented were selected and appointed by the Board of Elections to fill vacancies occurring among election officers in several election districts in the Sixteenth Senate District.

The Board then took up the matter of the hearing that had been set down for this day, and of which the protestant, the nominee and the committee, against the independent certificate of nomination of Alexander Law by the Liberal Democratic Party, had been duly notified.

Present—Mr. Peter Schmuck, representing the protestant, and Mr. Alexander Law, the nominee.

Upon examination it appeared that said certificate had been presented for filing on January 12, 1903; that it purported to place in nomination said Alexander Law for said office, etc., and that a protest against the acceptance of the certificate had been received for filing on January 15, 1903.

Mr. Schmuck called attention to certain signatures on the certificate giving addresses which were outside the Sixteenth Senate District, and offered in evidence three affidavits showing that the affiants had never signed said certificate.

The affidavits were marked respectively Protestant's Exhibit A, B and C.

Mr. Schmuck also offered to file by Monday, the 19th instant, additional affidavits in support of the protest.

Mr. Law explained that he had expected counsel on his part to be present at the hearing, and was disappointed that they had not arrived. On being asked what he had to say or submit in support of the genuineness of the signatures or validity of the certificate, Mr. Law offered in evidence an affidavit by one of the notaries public, named Francis W. Stanton, who appeared on the certificate to have taken acknowledgments of several of the subscribers thereto.

The affidavit was marked Nominee's Exhibit I.

The President submitted two affidavits of officers in the Police Department, detailed to duty with the Board of Elections, as to the result of their efforts in investigating and obtaining evidence as to the genuineness of the alleged signatures.

Said affidavits were marked respectively Board's Exhibit A(1) and B(1).

On motion, the Board declared the hearing closed, except that either party would have the privilege of introducing further affidavits on Monday, the 19th instant, before 11 o'clock in the forenoon, and that at 2 o'clock p. m. on said day the Board would make a decision in the matter.

The Board then adjourned to Monday, the 19th instant, at 2 o'clock p. m.

CHARLES B. PAGE, Secretary.

BOARD OF ELECTIONS.

Meeting of the Board of Elections, held Monday, January 19, 1903, at 2 o'clock p. m.

Present—Commissioners Voorhis, Page, Maguire and Fuller.

On motion duly carried, the candidates for the office of State Senator from the Sixteenth Senate District, Borough of Manhattan, appearing upon the certificates of nomination by the Democratic-Republican Party, the Republican Party, and the Social Labor Party, respectively, were ordered to be placed upon the ballot to be prepared for the special election to be held in said Senate District.

On motion duly carried, it was

Resolved, That the certificate of nomination by the Social Democratic Party be rejected for the reason that it was not presented for filing within the time prescribed by law.

The Board then resumed the hearing of the objections to the filing of the independent certificate of nomination of Alexander Law by the Liberal Democratic Party, which had been adjourned on the 17th inst. until to-day for the reception of additional affidavits, if any should be presented.

Mr. Schmuck was present and offered an additional affidavit, which was marked Protestant's Exhibit D.

Mr. Law was also present, but presented no further affidavit.

On motion, it was

Resolved, That the decision of the Board in said matter was as follows:

An independent certificate of nomination having been presented for filing, which purports to nominate Alexander Law for Senator in the Sixteenth Senate District, County of New York, by the Liberal Democratic Party, and written objections to said purported certificate of nomination having been filed with the Board of Elections within the time prescribed by law, and a hearing after due notice thereof having been had before the Board of Elections on the questions raised by such objections, together with an examination and investigation as to the validity of said certificate, after due consideration, it is determined by the Board of Elections that the objections to said certificate of nomination of Alexander Law for Senator in the Sixteenth District, County of New York, be and are hereby sustained, for the reason that it appears that said certificate was not subscribed, acknowledged, and sworn to by one thousand or more electors, residents of the district within which said State Senator (to wit, Sixteenth Senate District) is to be voted for.

The Board then adjourned.

Four-story brick building on the northwest corner of West Twenty-first street and Eleventh avenue, and having a frontage of about 65 feet on West Twenty-first street and 173 feet on Eleventh avenue, together with the frame overhang, about 34 feet by 25 feet, and the frame boiler-house, about 30 feet by 9 feet, in rear of same.

TERMS AND CONDITIONS OF SALE.

The sale will commence at 10 o'clock a. m. with Lot No. 1, on the block between Twentieth and Twenty-first streets and Eleventh and Thirteenth avenues.

Each of the above lots will be sold separately and for a sum in gross.

The estimated dimensions given for the several lots are believed to be correct; but the Commissioner will not make any allowance from the purchase money for variations in any lot, and bidders must judge for themselves as to the correctness of the estimate when making their bids.

Twenty-five per cent. of the purchase money must be paid to the auctioneer in cash at the time and place of sale; the balance of the purchase money to be paid to Charles A. Berrian, at his office, No. 141 Broadway, before 12 o'clock m. on the 5th day of February, 1903.

All the buildings and their foundations of every class and description within the hereinbefore described area are to be torn down to the level of the existing curb and removed from the premises. All tin from roofs, and galvanized or black iron from roofs, cornices, sides of buildings or partitions, brick laid in lime mortar or in mortar which may be readily broken from the bricks, floor beams, joists, studding, flooring, ceiling, roofing boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. Also all combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., shall be gathered together by the purchaser and removed from the premises. The final non-combustible rubbish, such as lime mortar, brickwork in cement mortar or in mortar which cannot be readily broken from the brick, plaster, roofing gravel, etc., may be left on the premises within the building lines, but otherwise all planking, rubbish or other material within the hereinbefore described area, whether particularly described or not, must be removed from the premises.

The removal of all buildings, parts of buildings, sheds, planking and all other material must be made by the purchaser, who must commence the said removal within three days from the date of the receipt of a notification from the Engineer-in-

Chief that the work is ready to be begun, and continue the same diligently until completed.

The structures must be torn down to the level of the first story within fifteen days from the date of the receipt of the above notice, and all of the materials comprised in the buildings as hereinbefore provided must be entirely removed from said premises within thirty days from the date of the receipt of the notice above mentioned; and if the purchaser or purchasers fail to commence the said removal as specified, and to diligently prosecute the same, as above set forth, then the Commissioner of Docks may, at his option, complete the said removal and charge the expense of the same to the said purchaser, who shall sign the present terms of sale and agree to be bound thereby.

The building known as McClave's Office Building, on the south side of West Twenty-second street, the easterly side of which is about 75 feet west of the west side of Eleventh avenue, and having a frontage of about 42 feet on West Twenty-second street, and a depth of about 25 feet, is expressly reserved from this sale. All adjoining lots and buildings are to be removed, so as not to impair the stability of the foundations or walls of the above-described building or injure it in any way, leaving this building intact, with all the rubbish and debris cleared away from the vicinity.

The building over the passageway to the west of this building is to be removed so as to leave the walls in substantially a vertical line along the westerly side of same, and in such a condition that the Department of Docks and Ferries may place on the westerly side of this building such partitions as it may require without any unnecessary work.

All machinery and other personal property is to be removed from the buildings on or before January 26, 1903, and in case of failure so to do such machinery and personal property will be removed by this Department and stored at the expense and risk of the owner. No machinery or personal property of any description contained in said buildings will be sold.

And for the further securing of the removal of the said buildings, etc., hereinbefore mentioned, the purchaser will be required at the time of sale and the award of said property to him to execute a bond in such form and with such sureties as may be approved by the Commissioner of Docks of The City of New York, and in a penalty of one thousand (\$1,000) dollars, that he will in all things carry out the terms of sale and comply with the conditions thereof, and remove all of said property within the time required by the said terms of sale.

The form of bond to be executed by the purchaser may be seen at the office of the said Department, at Pier "A," Battery Place, New York.

Dated THE CITY OF NEW YORK, December 2, 1902.

J. W. STEVENSON, Secretary. j29,30.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York, by changing the lines of East One Hundred and Sixty-second street, from River avenue to the intersection of Walton avenue and Grand Boulevard and Concourse approach, in the Borough of The Bronx, City of New York, and that a meeting of said Board will be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 6th day of February, 1903, at 2.30 o'clock p. m., at which such proposed change of lines will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by the Board on the 16th day of January, 1903, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York, by changing the lines of East One Hundred and Sixty-second street, from River avenue to the intersection of Walton avenue and Grand Boulevard and Concourse approach, in the Borough of The Bronx, City of New York, more particularly described as follows:

East One Hundred and Sixty-second street, from River avenue to the intersection of Walton avenue and Grand Boulevard and Concourse approach, is to be laid out at a width of 70 feet.

Between Gerard avenue and Walton avenue the northern line of East One Hundred and Sixty-second street will intersect the eastern line of Gerard avenue at a point directly opposite where the curve of the 40-foot radius, described in the course of the northern line between River avenue and Gerard avenue, intersects the western line of Gerard avenue; said point is about 320 feet northerly of the Concourse approach.

East One Hundred and Sixty-second street to run from Gerard avenue to Walton avenue at right angles with Gerard avenue, and thence to run adjoining Walton avenue southerly until it meets the junction of Walton avenue with the Grand Boulevard and Concourse.

It is proposed to discontinue those portions of East One Hundred and Sixty-second street, between River avenue and the Grand Boulevard and Concourse approach, which are not covered by the new 70-foot street.

It is also proposed to discontinue the 20-foot drainage street which runs from East One Hundred and Sixty-second street and River avenue to Walton avenue.

Resolved, That the President of the Borough of The Bronx cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change of lines and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change of lines at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 6th day of February, 1903, at 2.30 o'clock p. m.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
