BOARD OF ALDERMEN.

AN ORDINANCE GRANTING TO THE Erie Railroad Company the right or franchise to construct and operate a railroad in and upon

Thirteenth avenue and the marginal wharf or way lying between Thirteenth avenue and the waters of the Hudson river, between Twenty-seventh and Twenty-ninth streets, in the Borough of Manhattan, City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen of The City of New York hereby grants to the Erie Railroad Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track surface railroad, with a single switch connecting the two tracks, to be operated by steam locomotives or other motive power which may be lawfully employed, except horses or the overhead system of electricity, across Thirteenth avenue and the marginal wharf or way extending from the westerly side of Thirteenth avenue to the waters of the Hudson river, between Twenty-seventh and Twenty-ninth streets, in the Borough of Manhattan, City, County and State of New York.

Sec. 2. The grant of this franchise is subject to the following conditions:

First—This ordinance as to the marginal wharf which extends from the westerly line of Thirteenth avenue to the waters of the Hudson river shall not be operative and no rights thereunder shall vest in the grantee, its successors or assigns until the Commissioner of Dock, under the provisions of section 819 of the Charter of The City of New York, shall approve by resolution, license or otherwise, the use of such marginal wharf by the grantee in the manner herein provided, or in such other manner as he may prescribe, not inconsistent with the terms of this ordinance.

Second—The said right, privilege and franchise to construct and operate such railroad shall be held and enjoyed by the grantee, its successors or assigns, for the term of twenty-five years from the date when this ordinance is signed by the Mayor, unless sooner terminated as hereinafter provided, with the privilege of renewal of the grant for a further period of twenty-five years, upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railroad by itself, and is not to include an valuation derived from the ownership, operation or control of any other railroad by the grantee, its successors or assigns. It shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successor in authority; one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railroad company. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Provided, however, and this grant is upon the express condition that the right, privilege and franchise conferred by this ordinance may be cancelled and annulled upon one year's notice in writing to the grantee, its successors and assigns, by the joint act of the Commissioner of Docks of The City of New York and of the Board of Estimate and Apportionment, or their respective successors in authority, and thereupon all the rights of the grantee, its successors or assigns in and upon the street and marginal wharf or way aforesaid shall cease, and the railroad and its structures thereon shall be forthwith removed and the pavement of the street or wharf restored under the same conditions and covenants as are contained in the following paragraph of this section, designated third:

Third—Upon the termination of such franchise, right or privilege, whether original or by way of renewal, the plant and property, with its appurtenances, of the Erie Railroad Company, its successors or assigns, in the street and upon the marginal wharf or way aforesaid, shall be forthwith

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year.

Fifth—The rights and franchises granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Erie Railroad Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—The said railroad may be operated by locomotive steam power or by any other motive power which may be approved by the Board of Railroad Commissioners in accordance with the provisions of the Railroad Law, excepting overhead electrical power and horse power, provided, however, that the locomotive steam engines used shall be housed or boxed so as to conform to the type commonly known as the dummy engine.

The number of cars to be included in any train operated upon the railroad shall be limited to ten, and the speed of the engines and cars shall never exceed six miles per hour. No car or engine shall be permitted to remain stationary within the limits of Thirteenth avenue, or upon the marginal wharf or street at any time.

Seventh—The railroad constructed under this ordinance shall be maintained and operated solely for the purpose of the transportation of goods, wares and merchandise and for no other purpose, and especially for no purpose in connection with the passenger traffic as commonly understood.

Eighth—Such railroad shall be constructed and operated in the latest improved manner of street railroad construction and operation, and solely upon the terms and according to the lines and other parts of the construction approved by the Commissioner of Docks of The City of New York and the President of the Borough of Manhattan. Such railroad of the grantee, its successors or assigns shall be maintained in good condition throughout the term of this grant.

Ninth—Said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York, and especially shall in all respects be subject to the power and authority of the Commissioner of Docks to regulate and control the uses of the marginal wharf or way above described, and the transportation of property thereon.

Tenth—The grantee, its successors or assigns, shall at all times keep the street between the tracks, and for a distance of two feet beyond the rails on either side thereof, free and clear from ice and snow.

Eleventh—The grantee, its successors or assigns, shall keep in permanent repair the portion of the surface of the street and of the marginal wharf or way between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of the street and marginal wharf or way, and in that event the grantee, its successors or assigns shall be bound to replace such pavement in the manner directed by the proper City officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twelfth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited and annulled by The City of New York by an action brought by the Corporation Counsel on ten days' notice to the grantee, its successors or assigns.

Sec. 3. This grant is upon the further and express condition that the provisions of the Railroad Law applicable thereto, and all laws or ordinances now in force or which may be adopted relating to surface railroads operating in The City of New York shall be strictly complied with.

Sec. 4. The grantee, its successors or assigns shall commence the construction of the railroad under this franchise and complete the same within six months from the date when it has obtained the necessary permits and resolutions of the City officials and Departments, and on or before January 1, 1904, otherwise this grant shall be forfeited forthwith and without any proceedings either at law or otherwise for that purpose, provided, however, that such time may be extended under and for causes specified in section 99 of the Railroad Law, by the Board of Estimate and Apportionment, for a period not exceeding six months.

Sec. 5. This grant is upon the express condition that the grantee, within thirty days after it has been duly authorized to construct or operate its railroad hereunder, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of \$1,500, either in money or in securities, to be approved by him, which shall be security for the performance of the terms and conditions of this grant, especially those which relate to the payment of the street pavement and the removal of snow and ice, and the quality of construction of the railroad. In case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges, shall collect the same with interest from such fund after ten days' notice in writing to the said company.

In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of fifteen hundred dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or right under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 6. This grant shall not become operative until said railroad company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty days after the signing of this ordinance by the Mayor.

Sec. 7. This ordinance shall take effect immediately.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as a contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City or New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
