Joseph F. Ellery,	Max S. Levine,	Timothy P. Sullivan,
George Everson,	Frederick Linde,	Joseph M. Torpey,
Joseph Falk,	George Markert,	Moses J. Wafer,
John J. Farrell,	John T. McCall,	William Wentz,
Clarence R. Freeman,	James Cowden Meyers,	Richard Wright,
	Thomas J. Moffitt,	

George Cromwell, President, Borough of Richmond.
Joseph Berniel, President, Borough of Queens, and by Lawrence Gresser, Commissioner of Public Works.

Louis F. Haffen, President, Borough of The Bronx.

Bird S. Coler, President, Borough of Brooklyn.

John F. Ahearn, President, Borough of Manhattan.

Alderman Jacobson was excused from attendance.

The Clerk proceeded to read the minutes of the Stated Meeting of May 1, 1906.

On motion of Alderman Richter, further reading was dispensed with, and the minutes were approved as printed.

PETITIONS AND COMMUNICATIONS.

No. 718.

State of New York, Board of Railroad Commissioners, }
Albany, May 4, 1906. }

P. J. SCULLY, Esq., City Clerk, City Hall, New York City:

Dear Sir—In the matter of the preamble and resolution of the Board of Aldermen, adopted March 20 last, in relation to the condition of cars on the Graham and

Flushing avenues line of the Brooklyn Heights Railroad, Brooklyn, inclosed herewith you will find a copy of the answer of the company.

Very truly yours,

J. S. KENNEDY, Secretary.

Brooklyn Rapid Transit Company, }
Brooklyn, N. Y., May 1, 1906. }

Mr. J. S. KENNEDY, Secretary, Board of Railroad Commissioners, Albany, N. Y.:

Dear Sir—Resolution of the Board of Aldermen of The City of New York, adopted March 10 and in reference to condition of cars used on our Graham and Flushing avenue line, inclosed to us with your letter of March 23, was referred to the officers of our Transportation Department for consideration and careful investigation.

This resolution was also brought to our notice by the Borough President and an investigation conducted by Dr. Henry V. Walker, Chief Inspector, Division of Inspections, a copy of whose report, dated April 11 and addressed to the Assistant Sanitary Superintendent, is before me.

The inspection was made on March 25, a large number of cars being examined, some of which were in use and others stored in the depot at Manhattan avenue and Box street, Brooklyn. We have availed ourselves of the advice of Dr. Walker and have adopted the recommendations which he made with result that on reinspection which was made on April 5, 1906, conditions were found to be greatly improved.

The system of car cleaning has been modified, additions made to the force employed and we do not anticipate further criticism from our patrons who may use this line.

Yours truly,

(Signed) J. F. CALDERWOOD,
Vice President and General Manager.

Which was ordered on file.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Brooklyn:

No. 719.

The City of New York, }
Office of the President of the Borough of Brooklyn, }
Brooklyn, May 1, 1906. }

The Honorable, the Board of Aldermen:

Gentlemen—I forward to you a petition, handed to me by the Women's Health Protective Association of Brooklyn, and signed by Mrs. James M. Hart, of No. 94 First place, and others, relative to the use of soft coal in the power houses of the Brooklyn Rapid Transit Company and factories situated in the immediate vicinity of Gowanus canal. The committee which called upon me stated that they had complained of this matter to the Department of Health without any satisfactory result. In view of this fact I would submit to your Board for adoption the attached resolution.

Yours very truly,

BIRD S. COLER,
President of the Borough of Brooklyn.

Resolved, That the President of the Board appoint a Committee of five Aldermen from the Borough of Brooklyn to investigate the failure of the Department of Health to enforce the sanitary ordinances with regard to the use of soft coal in the various power houses and factories in the Borough of Brooklyn, and that said Committee be clothed with full power to make such investigation on behalf of this Board, in accordance with section 54 of the Greater New York Charter.

Which was referred to the Committee on Rules.

The Vice-Chairman laid before the Board the following communications from the Trustees of Brooklyn Public Library:

No. 720.

Brooklyn Public Library, }
No. 26 Brevoort Place, }
April 27, 1906. }

To the Honorable the Board of Aldermen, New York City:

Gentlemen—The Trustees of the Brooklyn Public Library, upon a report from the Comptroller, the Honorable Herman A. Metz, dated April 10, 1906, respectfully request that the Board of Aldermen allow the Board of Estimate to include in their next issue of Special Revenue Bonds the sum of ten thousand dollars (\$10,000) for additional expenses of the Brooklyn Public Library not provided for in the Budget for 1906.

The request is made upon a report submitted by Charles S. Hervey of the Investigations Division to the Board of Estimate, December 9, 1905, and a further report submitted by the said Charles S. Hervey to the Comptroller under date of April 10, 1906, both of which reports give very fully the reason why the request is made to you at this time.

Respectfully yours,

DAVID A. BOODY, President.

No. 721.

Brooklyn Public Library, }
No. 26 Brevoort Place, }
April 30, 1906. }

To the Honorable the Board of Aldermen, New York City:

Gentlemen—Last year the trustees of the Brooklyn Public Library took over the books of the Hebrew Educational Society on condition that the library should be continued and maintained in the Brownsville section of Brooklyn.

Application was made to the Board of Estimate for the money necessary to maintain the library from May 1 to December 31, 1905. This application was referred to the Board of Aldermen but no action was taken, and the library was obliged to cripple other branches in order properly to carry out the wishes of the former owners of the Brownsville Branch.

The trustees respectfully request that the Board of Estimate be allowed to include in their issue of Revenue Bonds the sum of three thousand one hundred and twenty-three dollars and sixty-two cents (\$3,123.62), to replace the money taken from the general library fund for the maintenance of this branch.

Inclosed is a copy of the original application made to your Honorable Board, June 16, 1905.

Respectfully yours,

DAVID A. BOODY, President.

Approved as to form:

Edward Kaufmann, Chairman of Law Committee.

Brooklyn Public Library, }
No. 26 Brevoort Place, }
June 16, 1905. }

To the Honorable the Board of Aldermen, New York City:

Gentlemen—The Board of Trustees of the Brooklyn Public Library, at a meeting held April 18, 1905, voted to take over the library connected with the Hebrew Educational Society at Brownsville, the society having offered to give the public library its stock of books provided a branch would be continued at the corner of Pitkin avenue and Watkins street. From the Board of Estimate we learn that as this is a new branch they cannot appropriate money for maintenance for the current year. The trustees of the public library, therefore, ask you to request the Board of Estimate to include in their issue of Revenue Bonds the sum of \$7,465 for the maintenance of the Brownsville Branch of the Brooklyn Public Library from May 1 to December 31, 1905. This request is made under subdivision 8 of section 188 of the City Charter.

Respectfully yours,

DAVID A. BOODY, President.

Which were severally referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Docks and Ferries:

No. 722.

Department of Docks and Ferries,
Pier "A," North River,
New York, May 1, 1906.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen:

Sir—This Department requires in its work a launch suitable for its uses and purposes, and after investigation we find that one can be obtained from the Gas Engine and Power Company of New York City for the sum of \$3,435. The launch in question is 28 feet in length, with a beam of 8 feet, known as a type of the United States Navy Standard.

It was constructed by the Gas Engine and Power Company as a tender for a warship built by another company for a foreign government, but, the warship having been subsequently condemned, the launch remained on the hands of its builders.

It is urgent that this Department secure a boat for use this summer, and the one referred to above is well adapted for the purposes desired, is new, and is ready for immediate use. The price asked is, in my opinion, lower than that at which any launch could be obtained if purchased under a publicly advertised contract.

I would respectfully request that the Board of Aldermen authorize the purchase of the boat mentioned above, otherwise than by advertised contract.

Very respectfully, your obedient servant,
J. A. BENSEL, Commissioner.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Comptroller:

No. 723.

Department of Finance, City of New York,
May 3, 1906.

Hon. P. J. SCULLY, Clerk to Board of Aldermen:

Dear Sir—I beg to advise you that on April 17, 1906, the sum of five thousand dollars (\$5,000), was deposited to the credit of Revenue Bond Fund for expenses of the Aldermanic Committee for investigation of Department of Street Cleaning.

Respectfully,

H. A. METZ, Comptroller.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Public Administrator:

No. 724.

Bureau of the Public Administrator,
New York, April 30, 1906.

To the Honorable the Board of Aldermen:

Pursuant to chapter 230, section 30, of the Laws of 1898, the undersigned hereby reports a transcript of such of his accounts as have been closed or finally settled, and of those on which any money has been received by him as part of the proceeds of any estate on which he has administered since the date of his last report.

Respectfully,

WILLIAM M. HOES,

Public Administrator of the County of New York.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment transmitting ordinances.

No. 725.

Board of Estimate and Apportionment, City of New York,
Financial Branch, No. 280 Broadway,
May 5, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copies of three resolutions adopted by the Board of Estimate and Apportionment May 4, 1906, authorizing the issues of Corporate Stock for the purpose of providing means for the construction and improvement of parks, parkways, playgrounds, boulevards and driveways in the various boroughs as follows:

Boroughs of Manhattan and Richmond	\$590,000 00
Boroughs of Brooklyn and Queens	634,930 00
Borough of The Bronx	369,000 00

—together with copy of report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom was referred on March 23, 1906, the applications of the various commissioners for appropriations for said purpose.

I also inclose forms of three ordinances for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

No. 726.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of five hundred and ninety thousand dollars (\$590,000), for the purpose of providing means for the construction and improvement of parks, parkways, playgrounds, boulevards and driveways under the jurisdiction of the Commissioner of Parks for the Boroughs of Manhattan and Richmond.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 4, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 629 of the Laws of 1905, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York for the purpose of providing means for the construction and improvement of parks, parkways, playgrounds, boulevards and driveways under the jurisdiction of the Commissioner of Parks for the Boroughs of Manhattan and Richmond, to the amount of five hundred and ninety thousand dollars (\$590,000), said amount to be expended for the following purposes, the amounts to be expended for any of the purposes stated in this resolution not to exceed the amount specified in each case:

Construction and improvement of St. Nicholas Park, between One Hundred and Thirtieth street and One Hundred and Thirty-fifth street....	\$100,000 00
Construction of the northerly portion of John Jay Park lying north of East Seventy-seventh street and the further improvement of the southerly section of said park lying below East Seventy-seventh street.....	75,000 00
Installation of an improved water supply for the Harlem River driveway.	25,000 00
Construction of new concrete and asphalt gutters on the driveways and bridle roads of Central Park.....	45,000 00
Extension of high-pressure water supply and irrigation system in Central Park	100,000 00
Improving the drainage system of Central Park on the west side, between Ninetieth and Ninety-fifth streets, and on the drives and lands adjacent thereto	20,000 00
Concreting bottom and sides, Central Park lakes, and filling in where depth is too great	75,000 00
Construction of Colonial Park	100,000 00
Construction of additional green-houses in Central Park for use in propagation of plants, shrubs, etc.....	25,000 00
Construction of repair yard, storage sheds, manure pits and refuse incinerating plant in the north meadow, Central Park.....	25,000 00

—and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, as amended by chapter 639 of the Laws of 1905, to the amount of five hundred and ninety thousand dollars (\$590,000), as previously specified herein, the proceeds whereof to be exclusively applied to the purposes aforesaid.

No. 727.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of six hundred and thirty-four thousand nine hundred and thirty dollars (\$634,930) for the purpose of providing means for the construction and improvement of parks, parkways, playgrounds, boulevards and driveways under the jurisdiction of the Commissioner of Parks, for the Boroughs of Brooklyn and Queens.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 4, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by Chapter 629 of the Laws of 1905, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York for the purpose of providing means for the construction and improvement of parks, parkways, playgrounds, boulevards and driveways under the jurisdiction of the Commissioner of Parks for the Boroughs of Brooklyn and Queens, to the amount of six hundred and thirty-four thousand nine hundred and thirty dollars (\$634,930), said amount to be expended for the following purposes, the amounts to be expended for any one of the purposes stated in this resolution not to exceed the amount specified in each case:

Construction of playgrounds and purchase of gymnasium equipment for boys and girls, and laying sidewalks and interior walks, McLaughlin Park	\$35,000 00
Construction of shelter house with toilet accommodations, Fulton Park	10,000 00
Repaving Pennsylvania avenue with asphalt on concrete foundation....	25,000 00
Laying concrete walk on west side of Prospect Park, from Fifth street to Fifteenth street	7,800 00
Construction of approaches to the new boat house in Prospect Park and a platform or ramp on the lake side of boat house, as designed in original plans of the architects.....	35,000 00
Construction of new entrance to Prospect Park at Fifteenth street and Ninth avenue	25,000 00
Construction of comfort station for men on park land in the vicinity of main entrance to Prospect Park.....	12,000 00
Construction of shelter house on tennis grounds, Prospect Park.....	50,000 00
Purchase of top soil, trees and shrubbery for Amersfort Park.....	1,500 00
Construction of comfort station on children's playgrounds at New Lots.	6,000 00
Construction of stone shelter house and comfort station, Winthrop Park	25,000 00
Construction of temporary fence and regulating and grading Williamsburg Park	25,000 00
Regrading and cleaning up extension to Institute Park, opposite Willink entrance of Prospect Park.....	5,000 00
Laying of asphalt tile walks, interior of Sunset Park.....	24,000 00
Construction of shelter house and comfort station, Sunset Park.....	35,000 00
Construction of new comfort house, City Park.....	12,000 00
Construction of concrete sidewalk east of Seaside Park and purchase of top soil and shrubbery for said park.....	4,480 00
Construction of additional green houses for use in propagation of plants, etc., Forest Park.....	6,500 00
Construction of water tower, pumping station and mains to connect with golf club house, Forest Park.....	7,500 00
Laying asphalt tile walks, interior of Kings Park, Jamaica.....	11,000 00
Laying new sidewalks where required around Kings Park, Jamaica.....	3,400 00
Construction of lockers and interior furnishings, new boat house, Prospect Park, athletic building on Parade Ground, and golf house in Forest Park	15,000 00
Repaving and recubing portion of Glenmore avenue with asphalt on concrete foundation	40,000 00
Excavating, regrading, repaving with asphalt block on concrete foundation, recubing and supplying manholes and catch basins, two traffic roads alongside of Eastern parkway, from Prospect Park Plaza to the intersection of Pitkin avenue, Ralph avenue and Eastern parkway extension	180,000 00
Construction of additional timber jetty, Seaside Park, Coney Island.....	18,000 00
Purchase and delivery of 4,500 cubic yards of stone for use on bulkhead at end of Coney Island parkway.....	15,750 00

—and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, as amended by chapter 639 of the Laws of 1905, to the amount of six hundred and thirty-four thousand nine hundred and thirty dollars (\$634,930), as previously specified herein, the proceeds whereof to be exclusively applied to the purposes aforesaid.

No. 728.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of three hundred and sixty-nine thousand dollars (\$369,000), for the purpose of providing means for the construction and improvement of parks, parkways, playgrounds, boulevards and driveways under the jurisdiction of the Commissioner of Parks for the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 4, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 629 of the Laws of 1905, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York for the purpose of providing means for the construction and improvement of parks, parkways, playgrounds, boulevards and driveways under the jurisdiction of the Commissioner of Parks for the Borough of The Bronx, to the amount of three hundred and sixty-nine thousand dollars (\$369,000), said amount to be expended for the following purposes, the amounts to be expended for any one of the purposes stated in this resolution not to exceed the amount specified in each case:

Construction of lake for the purpose of eliminating swamp area south of Colonial Gardens, Van Cortlandt Park	\$70,000 00
Construction of new macadam road from Grand avenue, Van Cortlandt Park, about 6,450 feet to Yonkers city line.....	18,000 00
Construction of comfort station and shelter house on polo grounds, Van Cortlandt Park	12,000 00
Construction of ditches and drains, leveling and filling to perfect drainage, vicinity of Rockwood drive, Van Cortlandt Park	6,000 00
Cleaning, deepening and filling the lake in Van Cortlandt Park.....	13,000 00
Construction of plantations, two side paths, receiving basins and completion of unfinished work on Moshulu parkway.....	55,000 00
Improvement of Clay avenue side of Claremont Park, south of the main entrance	15,000 00
Improvement of One Hundred and Seventy-seventh street side of Crotona Park, from Third avenue, running about 800 feet easterly.....	24,000 00
Grading and construction of proper drainage facilities, northern section of Crotona Park	5,000 00
Regulating, grading and filling Macomb's Dam Park.....	20,000 00
Construction of drinking fountain, Jerome avenue and Viaduct road, Macomb's Dam Park	3,000 00
Construction of new iron foot bridge over falls in Bronx Park.....	8,000 00
Installation of drainage system in Bronx Park, east of the Bronx river...	3,000 00
Regulating, grading, terracing and replanting the westerly side of Bronx Park, between Pelham parkway and the Botanical Gardens.....	8,000 00
Widening and reconstructing Boston road, from the bridge across the Bronx river to One Hundred and Eightieth street, in Bronx Park....	16,000 00
Reconstruction and equipment of comfort building, Franz Sigel Park....	3,000 00
Laying asphalt walks on concrete foundation in place of present walks in St. Mary's Park	18,000 00
Reconstructing and reparking northerly end of St. Mary's Park.....	6,000 00
Reconstruction with macadam of Old Passage road, northerly side of St. Mary's Park	9,000 00
Furnishing, erecting and connecting drinking fountain on the Bronx and Pelham parkway	6,000 00
Completion of macadam road extending from City Island road around Eastchester Bay to the City Island Bridge, Pelham Bay Park.....	8,000 00
Eliminating swamp lands and construction of drainage system in Pelham Bay Park, along the line of the New York, New Haven and Hartford Railroad	10,000 00
Extending and improving bathing beaches at Orchard Beach and Athletic Ground Beach, Pelham Bay Park	6,000 00
Construction of railings and fences around small parks	25,000 00
Construction of troughs and drinking fountains, small parks	2,000 00

—and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, as amended by chapter 639 of the Laws of 1905, to the amount of three hundred and sixty-nine thousand dollars (\$369,000), as previously specified herein, the proceeds whereof to be exclusively applied to the purposes aforesaid.

Which were severally referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the President, Borough of The Bronx:

No. 729.

Office of the President of the Borough of The Bronx,
Municipal Building, Crotona Park,
May 7, 1906.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen:

Dear Sir—I respectfully request that the Board of Aldermen pass a resolution requesting the Board of Estimate and Apportionment to issue Special Revenue Bonds in the sum of six thousand five hundred dollars (\$6,500) for salaries in the Bureau of Buildings, in the Borough of The Bronx, which is absolutely required for the proper discharge of the business of said Bureau. For the present year the Board of Estimate and Apportionment allowed for salaries for this Bureau the sum of \$110,000, instead of \$116,500, as requested in the Departmental estimate. Unless this additional sum be provided, there must be a reduction in the number of employees, as the entire sum of \$116,500 originally requested will be needed to pay the salaries of the present force, as fixed by the Board of Estimate and Apportionment.

In 1905 appropriations were made by the Board of Estimate and Apportionment for salaries in the Bureau of Buildings, Borough of The Bronx, in the sum of \$116,000, and every dollar was needed. Yet in the current year the salary appropriation was reduced to \$110,000.

In view of the growth of building operations in this borough, it would seem to be unfortunate to reduce the force of Inspectors and other employees, which would result in delays in the transaction of the office business of the Bureau, and in inadequate inspection of building construction. The rapidity with which this borough is growing in population and in the number of new buildings, shows the necessity of keeping pace with the building operations, which, since 1903, have increased more than 500 per cent., while, during the same period, the force of employees in the Building Bureau has increased eleven (11) in a total of seventy-five (75), and the appropriation for salaries has grown only from \$89,000 to \$110,000 allowed and \$116,500 asked.

There were 795 new buildings constructed in 1903 at an estimated cost of \$6,792,884, while 2,278 new buildings were constructed in 1905 at an estimated cost of \$38,313,495.

Plans filed for the first quarter of 1906 indicate that the business of the current year will be as great as the year 1905.

In addition to the growth in the regular work of the Bureau, the new excise liquor law imposes an additional task of great proportions upon the Inspectors and office force, requiring, as it does, an exhaustive examination and report on each application for a hotel certificate within the borough.

With an area of 26,800 acres, nearly twice the area of Manhattan Island, there are in the field on inspection districts 26 Inspectors of General Construction and 14 Inspectors of Plumbing.

Not less than 1,400 buildings are in course of simultaneous erection all the time in The Bronx, thus making an average of more than 50 buildings for each Construction Inspector and 100 buildings for each Plumbing Inspector.

In order, therefore, that the building laws may be properly administered and the business of the Bureau of Buildings be conducted with economy consistent with faithful and efficient service, I urge the Board of Aldermen to pass the necessary resolution

authorizing an issue of Special Revenue Bonds in the sum of \$6,500 to be applied to salaries in said Bureau.

Yours truly,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

Which was referred to the Committee on Finance.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Salaries and Offices—

No. 461—(G. O. No. 119).

The Committee on Salaries and Offices, to whom was referred on March 20, 1906 (Minutes, page 1096), the annexed resolution in favor of an increase in salary of per diem employees of City Departments, respectfully

REPORTS:

The Committee has given careful consideration to this resolution, and has heard Alderman Mulligan and a representative of the per diem employees in its favor. The committee has certain objections to the resolution itself, for instance, that by its wording it would be made to apply to others than those who are ordinarily known as day laborers, such as mechanics whose compensation is fixed by the prevailing rate of wages law, but it is unnecessary to make any criticism of the resolution in view of the action recommended in this report.

Your committee has endeavored to confine the action of the Board of Aldermen to matters strictly within the legal jurisdiction of the Board, and an examination of the subject matter of this resolution from that standpoint shows that the Board is specifically prohibited by section 56 of the Charter from fixing the salary of "day laborers" together with other City employees specified.

The committee has already declared its view that it should be the policy of the Board of Aldermen to discourage resolutions of recommendation respecting salaries of City employees addressed to the Board of Estimate and Apportionment, for the reason that the Board would thereby lose the power of impartial revision with respect to salaries which it now possesses, and also that the consideration of such resolutions would open the door to continual applications direct to the Board of Aldermen from employees desirous of an increase of salary, who would enlist the sympathies of members of the Board, and whose petitions it would be difficult to ignore. The committee has pointed out in previous reports that the proper course is for an application to the head of the Department affected, or an application direct to the Board of Estimate and Apportionment.

Inasmuch as, because of the Charter prohibition referred to above, the Board of Aldermen cannot take any effective action or make any authoritative recommendation in respect to the wages of day laborers, this subject matter has been considered by the committee in an entirely general way. From the representations made, and from the personal knowledge of members of the committee, the committee believes that the cost of living in The City of New York has increased materially during recent years, and that in some departments the pay of day laborers has not kept pace with such increase, nor with the increases of salaries of salaried employees. The committee believes that this is a matter for serious and honest consideration, and although a general increase of wages for day laborers would involve an enormous increase in the City's annual expenditure, this fact should not deter the proper authorities from making a thorough examination of the subject. It has been urged upon the committee, and the committee thinks that it might be well for the Board of Estimate and Apportionment and the heads of departments to refrain from any increases of compensation to salaried men until this matter has been so examined and a definite and just conclusion reached. Because of the limit on Special Revenue Bonds, and the amount of such bonds already provided for during this year, it would be impossible to provide for any wholesale increase until the Budget of 1907, and this fact insures sufficient time for the proper study of the subject.

In view of the considerations urged above, the committee recommends that the particular resolution referred to be placed on file, and that a copy of this report be sent by the City Clerk to each Borough President, and the head of each City department.

Whereas, It has been the custom of the heads of the various City departments to advance the salaries of employees on the monthly pay-roll from time to time; and

Whereas, The same consideration has not been accorded to per diem or day laborers; therefore be it

Resolved, That owing to the increase in cost of rent and other necessities of life, this Board respectfully recommend that the pay of per diem employees be increased twenty-five per cent.

Resolved, further, That a copy of this preamble and resolutions be forwarded to the heads of all City departments and Borough officers.

JAMES COWDEN MEYERS, JOHN J. CRONIN, MICHAEL J. CARTER, CHARLES KUNTZE, JOHN J. CALLAHAN, FRANK D. STURGES, Committee on Salaries and Offices.

Which was laid over.

No. 631—(G. O. No. 120).

The Committee on Salaries and Offices, to whom was referred on April 24, 1906 (Minutes, page 231), the annexed resolution in favor of fixing salary of position of Veterinarian in Department of Finance at \$1,800 per annum, respectfully

REPORTS:

Comptroller Metz appeared before the Committee, and explained that a similar resolution had been adopted by the Board of Estimate and Apportionment in 1905, but had not reached a vote in the Board of Aldermen of that year. He urged that the payment of a salary to the Veterinarian, in place of fees, as was formerly the custom, had made a considerable saving to the City, and that the increase in salary of \$300 contemplated by this resolution was reasonable and brought the cost of the work well within the limit of the fees to which this employee would be entitled if the former system were still in effect, and he was paid \$2 for each horse that he examined.

The Committee recommends the adoption of the resolution, which has been amended by the Board of Estimate and Apportionment, in accordance with our request, in order to provide for the grade of but one incumbent.

Whereas, The Board of Estimate and Apportionment at a meeting held April 20, 1906, adopted the following resolution:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment December 22, 1905, which approved of the establishment of an additional grade of the position of Veterinarian in the Department of Finance, and recommended the fixing of the salary of said additional grade at the rate of \$1,800 per annum, be and the same is hereby rescinded; and be it further

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade for one position of Veterinarian in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of such additional grade be fixed at the rate of eighteen hundred dollars (\$1,800) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade for one position of Veterinarian in the Department of Finance, at the rate of eighteen hundred dollars (\$1,800) per annum.

JAMES COWDEN MEYERS, JOHN J. CRONIN, MICHAEL J. CARTER, CHARLES KUNTZE, JOHN J. CALLAHAN, FRANK D. STURGES, Committee on Salaries and Offices.

Which was laid over.

No. 632—(G. O. No. 121).

The Committee on Salaries and Offices, to whom was referred on April 3, 1906 (Minutes, page 8), the annexed resolution in favor of fixing salaries of positions of Inspectors of Repairs and Supplies, Department of Finance, respectfully

REPORTS:

The Comptroller appeared before the Committee and stated that this resolution is desired for the purpose of promoting one man to the grade of \$1,650, leaving the grade of \$1,800 for a subsequent promotion. The Committee explained to the Comptroller that the Board of Aldermen now desires these resolutions to fix the number in the grade, and the Committee therefore recommends the return of the resolution to the Board of Estimate and Apportionment for amendment, and to that end it submits the following resolution:

Resolved, That the Board of Aldermen hereby returns to the Board of Estimate and Apportionment the following resolution, being No. 496, with the request that the resolution be amended by fixing the number of Inspectors to be employed in each grade.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 30, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the position of Inspector of Repairs and Supplies in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed at the rates of sixteen hundred and fifty dollars (\$1,650) and eighteen hundred dollars (\$1,800) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of said additional grades of the position of Inspector of Repairs and Supplies in the Department of Finance, at the rates of sixteen hundred and fifty dollars (\$1,650) and eighteen hundred dollars (\$1,800) per annum.

JAMES COWDEN MEYERS, JOHN J. CRONIN, FRANK D. STURGES, MICHAEL J. CARTER, CHARLES KUNTZE, LEONARD L. JACOBSON, M. D., Committee on Salaries and Offices.

(Papers Referred to in Preceding Report.)

The Committee on Salaries and Offices, to whom was referred on April 24, 1906 (Minutes, page 232), the annexed resolution in favor of fixing salary of position of Inspector of Repairs and Supplies, Department of Finance, at \$1,800 per annum, respectfully

REPORTS:

A similar resolution was returned to the Board of Estimate and Apportionment to fix the number in the grade, and the present resolution complies with our request in that regard. The Comptroller appeared before the Committee and urged the adoption of the resolution, and the Committee has received a letter from the First Deputy Comptroller explaining that the Inspector who is intended to be promoted has received his present salary of \$1,500 for more than eight years, "and during that time has saved the City thousands of dollars, and has done more perhaps than any other man in bringing to light certain irregularities in sewer construction in the Borough of Brooklyn, which, from present indications, will result in a large saving to the taxpayers of this City."

The Committee believes that the increase of \$300 is a proper reward for services rendered, and recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment at a meeting held April 20, 1906, adopted the following resolution:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment March 30, 1906, which approved of the establishment of additional grades of the position of Inspector of Repairs and Supplies in the Department of Finance, and recommended the fixing of the salaries of said additional grades at the rates of \$1,650 and \$1,800 per annum, be and the same is hereby amended to read as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade for one position of Inspector of Repairs and Supplies in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of such additional grade be fixed at the rate of eighteen hundred dollars (\$1,800) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade for one position of Inspector of Repairs and Supplies in the Department of Finance, at the rate of eighteen hundred dollars (\$1,800) per annum.

JAMES COWDEN MEYERS, JOHN J. CRONIN, MICHAEL J. CARTER, CHARLES KUNTZE, JOHN J. CALLAHAN, FRANK D. STURGES, Committee on Salaries and Offices.

Which was laid over.

No. 633.

The Committee on Salaries and Offices, to whom was referred on April 24, 1906 (Minutes, page 234), the annexed resolution in favor of fixing salary of Automobile Engineman, Department of Bridges, at \$1,200 per annum, respectfully

REPORTS:

Mr. Schiff, the Secretary to the Bridge Commissioner, appeared before the Committee and stated that the Commissioner has purchased an automobile under authority recently granted by the Board of Aldermen, and that he has no driver for it. This resolution fixes the salary at the amount which the Committee has found in other cases to be the prevailing rate.

The Committee recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment at a meeting held April 20, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Automobile Engineman, for one incumbent, in the Department of Bridges, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position, for one incumbent, be fixed at the rate of twelve hundred dollars (\$1,200) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Automobile Engineman, for one incumbent, in the Department of Bridges, at the rate of twelve hundred dollars (\$1,200) per annum.

JAMES COWDEN MEYERS, JOHN J. CRONIN, MICHAEL J. CARTER, CHARLES KUNTZE, JOHN J. CALLAHAN, FRANK D. STURGES, Committee on Salaries and Offices.

Under Rule 21, consideration of this report was deferred.

Subsequently Alderman Meyers moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Brown, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Dotzler, Dowling, Ellery, Everson, Falk, Grifenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Herold, Kline, Krulish, Kuck, Kuntze, Markert, McCall, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, Noonan, O'Neill, Potter, Richter, Schloss, Schneider, Smith, Stapleton, Sturges, President Haffen and the Vice-Chairman—44.

No. 666—(G. O. No. 122).

The Committee on Salaries and Offices, to whom was referred on May 1, 1906 (Minutes, page 307), the annexed resolution in favor of establishing positions of Law Clerk, office of the Board of Estimate and Apportionment, three at \$1,200, and one at \$1,500 per annum, respectfully

REPORTS:

Mr. Haag, the Secretary of the Board of Estimate and Apportionment, appeared before the committee, and explained that this resolution provides for a simple change of title from Clerk to Law Clerk, in respect to two men now employed by said Board, and does not involve an increase of salary. It makes possible also the employment of two additional Law Clerks at \$1,200 each. Mr. Haag explained the necessity for this, and the increase of work in the Bureau of Franchises since it has been placed under the jurisdiction of the Board of Estimate and Apportionment is known to members of the committee. The Board of Estimate and Apportionment has the funds necessary to pay the salaries.

The committee recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 27, 1906, adopted the following resolution:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment February 16, 1906, which reads as follows:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Law Clerk in the office of the said Board, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said position be fixed at the rates of twelve hundred dollars (\$1,200), thirteen hundred and fifty dollars (\$1,350) and fifteen hundred dollars (\$1,500) per annum.

—be and the same is hereby amended to read as follows:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the position of Law Clerk for four incumbents in the office of the Board of Estimate and Apportionment, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed as follows:

Three (3) Law Clerks, at, per annum..... \$1,200 00
One (1) Law Clerk, at, per annum..... 1,500 00

—to take effect May 1, 1906.

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of additional grades of the positions of Law Clerk for four incumbents in the office of the Board of Estimate and Apportionment, as follows:

Three (3) Law Clerks, at, per annum..... \$1,200 00
One (1) Law Clerk, at, per annum..... 1,500 00

—to take effect May 1, 1906.

JAMES COWDEN MEYERS, JOHN J. CRONIN, MICHAEL J. CARTER, CHARLES KUNTZE, JOHN J. CALLAHAN, FRANK D. STURGES, Committee on Salaries and Offices.

Which was laid over.

No. 668—(G. O. No. 123).

The Committee on Salaries and Offices, to whom was referred on May 1, 1906 (Minutes, page 311), the annexed resolution in favor of establishing grade of Interpreter to Children's Court at \$1,800 per annum, respectfully

REPORTS:

A similar resolution was returned to the Board of Estimate and Apportionment for amendment, fixing the number in the grade. Justice Zeller appeared before the Committee, and has also written the Committee explaining the purpose of the resolution. He states that it is the intention to increase the salary of the Interpreter of the Children's Court, who has received a salary of \$1,500 since September 2, 1902, "that he has proved himself to be faithful, punctual and thoroughly competent, and that on account of the limited office force at said Court he has, during all the time of his employment, acted as Clerk in the preparation of complaints and other papers, besides performing his duties as Interpreter, rendering efficient service in both capacities, wherefore the Justices consider him a very valuable employee." Justice Zeller also called attention to the fact that the Interpreter in the other part of Special Sessions, First Division, receives a salary of \$2,000, and does not perform additional clerical services. The increase of salary was provided for in the Budget of 1906.

The Committee thinks the salary reasonable, and recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 27, 1906, adopted the following resolution:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment March 2, 1906, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Interpreter of the Children's Court, Court of Special Sessions, First Division, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of eighteen hundred dollars per annum,"

—be and the same is hereby amended to read as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Interpreter of the Children's Court, for one incumbent, in the Court of Special Sessions, First Division, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade for one incumbent be fixed at the rate of eighteen hundred dollars (\$1,800) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade for one position of Interpreter of the Children's Court, in the Court of Special Sessions, First Division, at the rate of eighteen hundred dollars (\$1,800) per annum.

JAMES COWDEN MEYERS, JOHN J. CRONIN, MICHAEL J. CARTER, CHARLES KUNTZE, JOHN J. CALLAHAN, FRANK D. STURGES, Committee on Salaries and Offices.

Which was laid over.

No. 708.

The Committee on Salaries and Offices, to whom was referred on May 1, 1906 (Minutes, page 367), the annexed resolution in favor of appointing John H. Vogt a City Surveyor, respectfully

REPORTS:

The usual recommendations from other Surveyors and Civil Engineers having been attached to this application, the Committee recommends the adoption of the resolution.

Resolved, That John H. Vogt, of No. 2121 Bathgate avenue, in the Borough of The Bronx, be and he hereby is appointed a City Surveyor.

JAMES COWDEN MEYERS, JOHN J. CRONIN, MICHAEL J. CARTER, CHARLES KUNTZE, JOHN J. CALLAHAN, FRANK D. STURGES, Committee on Salaries and Offices.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Doull, Dowling, Doyle, Ellery, Freeman, Griffenhagen, Haggerty, C. Hahn, J. J. Hahn, Hann, Herold, Krulish, Kuck, Kuntze, Markert, McCall, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, O'Neill, Richter, Schloss, Schneider, Stapleton, Sturges, Wright, President Haffen and the Vice-Chairman—40.

No. 717.

The Committee on Parks, to whom was referred on May 1, 1906 (Minutes, page 369), the annexed resolution in favor of designating "Greenpoint Park," Borough of Brooklyn, respectfully

REPORTS:

That having examined the subject they recommend that the said resolution be adopted:

Whereas, It has been customary to name an improvement after a locality in order to thus historically perpetuate old surroundings and landmarks; and

Whereas, Such course has been pursued in the cases of the "Williamsburg Bridge" and "Bushwick Park"; therefore be it

Resolved, That the new park of the Borough of Brooklyn, bounded by Berry street, Nassau avenue, Lorimer street, Driggs avenue, Manhattan avenue, Leonard street, Bayard street, Union avenue and North Twelfth street, in the Fourteenth, Fifteenth and Seventeenth Wards, be and the same shall hereafter be known and designated as "Greenpoint Park."

ROBERT F. DOWNING, JACOB BARTSCHERER, FREDERICK LINDE, JOHN J. COLLINS, CHARLES P. COLE, Committee on Parks.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Dowling, Downing, Doyle, Ellery, Falk, Farrell, Freeman, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Herold, Higgins, Kline, Krulish, Kuck, Kuntze, Levine, Linde, Markert, McCall, Meyers, Moffitt, Monahan, Morris, Murphy, O'Neill, Potter, Richter, Schneider, Stapleton, Sturges, Wentz, Wright, President Haffen and the Vice-Chairman—48.

Reports of Committee on Finance—

No. 691—(G. O. No. 124).

The Committee on Finance, to whom was referred on May 1, 1906 (Minutes, page 362), the annexed resolution in favor of paying bill of Charles F. Tobin for furnishing legislative bills, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of Charles F. Tobin for the sum of one hundred dollars (\$100), the said sum to be payment in full for furnishing two sets of the bills introduced into the Legislature of the State of New York during the session of 1906; one set for the office of the City Clerk in the Borough of Manhattan and one set for the office of the City Clerk in the Borough of Brooklyn, each set at a cost of fifty dollars (\$50); said sum of one hundred dollars (\$100) to be charged to and paid out of the appropriation entitled City Contingencies, 1906.

JOHN R. DAVIES, JOHN DIEMER, PH. HARNISCHFEGER, JAMES W. REDMOND, THOS. J. MULLIGAN, Committee on Finance.

Which was laid over.

No. 540.

The Committee on Finance, to whom was referred on April 10, 1906 (Minutes, page 96), the annexed ordinance in favor of an issue of \$4,100,000 Corporate Stock for the use and purposes of the Department of Docks and Ferries, respectfully

REPORTS:

That this is an appropriation for the maintenance and improvement of the Dock Department. Your committee have made diligent investigation into the application, but, owing to the shortness of the time, your committee feels that such a large appropriation should receive some further consideration by it. In order to obtain this extension of time the committee asks that the ordinance be rejected and returned to the Board of Estimate who can then return same to this Board for further consideration.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of four million one hundred thousand dollars (\$4,100,000) for the uses and purposes of the Department of Docks and Ferries.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 6, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, and section 180 of the Charter, and the recommendation of the Commissioners of the Sinking Fund, by resolution adopted March 8, 1906, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding four million one hundred thousand dollars (\$4,100,000) for the uses and purposes of the Department of Docks and Ferries, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding four million one hundred thousand dollars (\$4,100,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, JOHN DIEMER, PH. HARNISCHFEGER, JAMES W. REDMOND, THOS. J. MULLIGAN, B. W. B. BROWN, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and reject said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Brown, Callahan, Clifford, Collins, Davies, Dowling, Downing, Doyle, Ellery, Everson, Freeman, Haggerty, C. Hahn, J. J. Hahn, Hann, Herold, Higgins, Kenneally, Krulish, Kuck, Kuntze, Lawlor, Markert, McCall, Meyers, Monahan, Morris, Mulligan, Murphy, O'Neil, Potter, Schloss, Schneider, Stapleton, Sturges, Sullivan, Wright, President Haffen and the Vice-Chairman—40.

And the Vice-Chairman announced that in accordance with section 48 of the Charter the ordinance had been rejected.

No. 693—(G. O. No. 125).

The Committee on Finance, to whom was referred on May 1, 1906 (Minutes, page 363), the annexed resolution in favor of paying bill of Martin B. Brown Company for printing and binding one hundred and fifty copies of the rules of the Board of Aldermen, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he hereby is authorized and requested to draw a warrant in favor of the Martin B. Brown Company for the sum of fifty-five dollars (\$55), the said sum to be payment in full for printing and binding one hundred and fifty copies of the rules of the Board of Aldermen; said sum to be charged to and paid out of the appropriation, entitled City Contingencies, 1906.

JOHN R. DAVIES, JOHN DIEMER, PH. HARNISCHFEGER, JAMES W. REDMOND, THOS. J. MULLIGAN, Committee on Finance.

Which was laid over.

No. 539.

The Committee on Finance, to whom was referred on April 10, 1906 (Minutes, page 94), the annexed ordinance in favor of an issue of \$45,000 Corporate Stock for improving Broadway between One Hundred and Thirty-fifth street and One Hundred and Sixty-ninth street, in the Borough of Manhattan, respectfully

REPORTS:

That this appropriation is for the purpose of laying out centre grass plots on Broadway, between One Hundred and Thirty-fifth and One Hundred and Sixty-ninth streets, the Borough of Manhattan, the same being a continuation of the centre grass plots system now between Fifty-ninth street and One Hundred and Twenty-third street. This section of Broadway is about to be repaved, and this appropriation is requested at this time in order to save the cost of paving the areas to be laid out by this improvement. Chief Engineer of Highways Olney appeared and explained the details of costs, as are set forth in the annexed letter, and at the same time explained that on such a wide street as Broadway these grass plots, besides adding to the beauty of the street regulate traffic and act as isles of safety for pedestrians, and also improve drainage conditions. As to the cost, he stated that it would not cost as much as if the improved part were asphalted.

Your Committee believe this to be a proper improvement and therefore recommend the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of forty-five thousand dollars (\$45,000), for the purpose of improving Broadway, between One Hundred and Thirty-fifth street and One Hundred and Sixty-ninth street, Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution of the Board of Estimate and Apportionment April 6, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding forty-five thousand dollars (\$45,000), for the purpose of improving Broadway, between One Hundred and Thirty-fifth street and One Hundred and Sixty-ninth street, Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding forty-five thousand dollars (\$45,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, JOHN DIEMER, PH. HARNISCHFEGER, JAMES W. REDMOND, THOS. J. MULLIGAN, B. W. B. BROWN, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Carter, Clifford, Cole, Collins, Davies, Dotzler, Downing, Doyle, Ellery, Everson, Farrell, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Herold, Krulish, Kuck, Lawlor, Linde, Markert, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, Noonan,

Olvany, O'Neill, Richter, Schloss, Schneider, Smith, Stapleton, Sturges, Sullivan, Wentz, President Haffen and the Vice-Chairman—45.
Negative—Alderman Freeman—1.

No. 257—(G. O. No. 126).

The Committee on Finance, to whom was referred on February 14, 1906 (Minutes, page 732), the annexed resolution in favor of an issue of Special Revenue Bonds, \$10,000, for reindexing records of vital statistics of the Board of Health, respectfully

REPORTS:

That the appropriation is requested by the Health Commissioner to continue the plans of reindexing and consolidating the records of vital statistics in his Department. This work consists of indexing principally the birth and marriage records of the City, so that a record can be obtained without the present delay incident to a search.

The Commissioner states that these were never properly done, and that there is constant demand for same.

He started the work last year with an appropriation of \$5,000, and your Committee believe that the work should be continued. They feel, however, that at present an appropriation of \$5,000 should be sufficient and, if that should not suffice, another application could be made.

The Committee recommend the adoption of the substitute resolution.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Charter of The City of New York, the Board of Aldermen be and is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment, by concurrent vote of all the members of said Board, to authorize the Comptroller to issue Special Revenue Bonds to the amount of five thousand dollars (\$5,000), for the purpose of defraying the necessary expense required to be incurred in reindexing and consolidating the records of vital statistics on file in the Bureau of Records of the Department of Health and for the payment of the salaries of Typewriting Copyists and for the purchase or rental of typewriting machines required for the purpose.

JOHN R. DAVIES, JOHN DIEMER, PH. HARNISCHFEGER, JAMES W. REDMOND, THOS. J. MULLIGAN, B. W. B. BROWN, Committee on Finance.
Which was laid over.

No. 692—(G. O. No. 127).

The Committee on Finance, to whom was referred on May 1, 1906 (Minutes, page 363), the annexed resolution in favor of paying telephone bills for services rendered City Clerk's office and Board of Aldermen, respectfully

REPORTS:

That having examined the subject they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he hereby is authorized and requested to draw warrants as follows:

One in favor of the New York Telephone Company for two hundred and eighty-three dollars and thirteen cents (\$283.13), being for telephone service furnished to the office of the City Clerk for the three months ending March 31, 1906.

One in favor of the New York and New Jersey Telephone Company for ninety-seven dollars and ninety-eight cents (\$97.98), being for telephone service furnished in the rooms of the Board of Aldermen, in the Borough of Brooklyn, for the three months ending March 31, 1906.

One in favor of the New York and New Jersey Telephone Company for thirty-three dollars and twelve cents (\$33.12), being for telephone service furnished to the office of the City Clerk, in the Borough of Brooklyn, for the three months ending March 31, 1906.

The said several sums to be payment in full for all services rendered during the periods stated, and to be charged to and paid out of the appropriation entitled "City Contingencies, 1906."

JOHN R. DAVIES, JOHN DIEMER, PH. HARNISCHFEGER, JAMES W. REDMOND, THOS. J. MULLIGAN, Committee on Finance.
Which was laid over.

No. 690.

The Committee on Finance, to whom was referred on May 1, 1906 (Minutes, page 362), the annexed resolution in favor of an issue of \$600 Special Revenue Bonds for Memorial Day observances, Borough of Manhattan, respectfully

REPORTS:

That this is an application by the G. A. R. Memorial Association of Manhattan for \$600 to provide for deficiencies incurred in the past two years, on account of the Memorial Day celebrations. Gen. George B. Loud, chairman of the association, appeared, and, in explanation of the deficiency, stated that they had always, up to 1905, received \$2,500 for the celebration; that in 1905 and 1906, owing to the fact that The Bronx wanted an independent celebration, the latter received \$300 of the \$2,500, leaving only \$2,200 to Manhattan. The Manhattan veterans had not expected this cut, and had made their expenditures upon the \$2,500 basis, so that there is now the deficiency of \$600. While your committee is, of course, opposed to any Department or Board spending more than its appropriation, it feels that in this one instance, on account of their regard and sympathy for the G. A. R. veterans, that some leeway might be shown, and for that reason only, recommend that this application be granted, but, at the same time warn the association that it must keep strictly within its appropriation.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of six hundred dollars (\$600), the proceeds whereof shall be applied to the account for Memorial Day observances in the Borough of Manhattan, as follows: Three hundred dollars (\$300) to provide for the arrearage of 1905 and three hundred dollars (\$300) to be added to the twenty-two hundred dollars (\$2,200) already provided for in 1906, making the amount for 1906 twenty-five hundred dollars (\$2,500).

JOHN R. DAVIES, JOHN DIEMER, PH. HARNISCHFEGER, JAMES W. REDMOND, THOS. J. MULLIGAN, B. W. B. BROWN, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Farrell, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Higgins, Keely, Kline, Krulish, Kuck, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, McCall, Moffitt, Monahan, Morris, Mulligan, Murphy, Noonan, Olvany, O'Neill, Peters, Potter, Redmond, Rendt, Richter, Schloss, Schneider, Smith, Stapleton, Sullivan, Wafer, Wentz, Wright, President Bermel, President Haffen and the Vice-Chairman—64.
Negative—Alderman Freeman—1.

No. 501.

The Committee on Finance, to whom was referred on April 3, 1906 (Minutes, page 18), the annexed ordinance in favor of an issue of \$1,100 Corporate Stock for the acquisition of property on Flatbush avenue, Borough of Brooklyn, respectfully

REPORTS:

That after repeated notices the Committee has been unable to have any person appear to explain this appropriation, and as the six weeks time limit is about to expire, your Committee recommend that the matter at this time be rejected and returned to the Board of Estimate, so that same can be returned to this Board with extension of time in which to investigate.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of eleven hundred dollars (\$1,100), to provide means for the acquisition of property on Flatbush avenue and Sterling place, Borough of Brooklyn, the examination of the title and surveys of the same.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 30, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That the Board of Estimate and Apportionment hereby approves and selects the following lands and premises located in the Borough of Brooklyn, for use as a municipal court room, which lands are bounded and described as follows:

Beginning at a point at the intersection of the northeasterly side of Flatbush avenue with the southerly side of Sterling place, and running thence easterly along the southerly side of Sterling place 186 feet 3 inches; running thence southerly at right angles with Sterling place 57 feet 3 inches; running thence northwesterly 27 feet 1 inch; running thence southerly on a line drawn at right angles to Flatbush avenue 82 feet 9 inches to the northeasterly side of Flatbush avenue, and running thence northwesterly along the northeasterly side of Flatbush avenue 146 feet 1 inch to the point or place of beginning, said premises being known as old Lots Nos. 1, 2, 3, 4 and 5, in old Block 7, Ninth Ward, now known as Lots Nos. 12, 11, 10, 9 and 18, in Block 1169, Section 4, on the tax maps of the Borough of Brooklyn, for the purposes of taxation, and which said lots were heretofore sold for the non-payment of taxes July 22, 1903, certificates of the sale of which were delivered to the Comptroller of The City of New York, are registered in the office of the Collector of Assessments and Arrears in the Borough of Brooklyn, in Liber 83, by the certificate numbers 7502, 7503, 7504, 7505, 7506.

—and the Comptroller be and is hereby authorized to enter into contracts for the acquisition of the above described property at a price not exceeding one thousand dollars (\$1,000), said contracts to be taken by the City subject only to the taxes, assessments and water rates and sales for the same, due and unpaid, said contracts to be submitted to the Corporation Counsel for his approval as to form.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding eleven hundred dollars (\$1,100), to provide for the acquisition of the above described property, the examination of the title and surveys of the same, and that when authority shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not to exceed eleven hundred dollars (\$1,100), the proceeds whereof to be applied to the purposes aforesaid.

JOHN R. DAVIES, JOHN DIEMER, PH. HARNISCHFEGER, JAMES W. REDMOND, THOS. J. MULLIGAN, B. W. B. BROWN, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and reject said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Brown, Carter, Clifford, Cole, Cronin, Davies, Dotzler, Dowling, Downing, Doyle, Ellery, Farrell, Grifenhagen, Gunther, Haggerty, J. J. Hahn, Hann, Kenneally, Kuck, Lawlor, Levine, Linde, Markert, McCall, Meyers, Moffitt, Monahan, Morris, Olvany, O'Neill, Rendt, Schloss, Schneider, Sturges, Wafer, Wentz, Wright, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen and the Vice-Chairman—41.

And the Vice-Chairman announced that, in accordance with section 48 of the Charter, the ordinance had been rejected.

Reports of Committee on Railroads—

No. 530.

The Committee on Railroads, to whom was referred on April 3, 1906 (Minutes, page 81), the annexed resolution in favor of requesting an opinion from the Corporation Counsel in the matter of giving transfers to passengers on street surface railroads, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Metropolitan Street Railway Company has recently put into effect an order directing their conductors to refuse to give passengers a transfer unless same is demanded at the time of payment of fare; and

Whereas, This rule results in hardship upon the poor passenger, who, through a momentary forgetfulness, is mulcted out of another nickel by this monopoly; and

Whereas, Such a rule, whether it be legal or not, is an imposition upon the public of this City who are obliged to use the cars of the Metropolitan Street Railway Company; therefore be it

Resolved, That the Corporation Counsel be requested to give this Board his opinion regarding the legality of the above mentioned rule, and his advice as to how the same can be rescinded.

JOHN DIEMER, THOS. J. MULLIGAN, ROBERT F. DOWNING, A. L. KLINE, MOSES J. WAFER, JOSEPH M. TORPEY, Committee on Railroads.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Diemer moved the adoption of this report.

Which report was accepted and resolution adopted.

No. 195—(G. O. No. 128).

The Committee on Railroads, to whom was referred on January 30, 1906 (Minutes, page 610), the annexed ordinance in relation to car transfers in The City of New York, respectfully

REPORTS:

That they have had two public hearings on the matter, and having examined the subject, they believe the proposed ordinance to be necessary for the proper protection of the rights of the public.

They therefore recommend that the said ordinance be adopted.

Whereas, The street surface railways of The City of New York have and are being operated in total disregard of the rights and comfort of the passengers riding upon the cars of said railways; and

Whereas, Passengers riding on the cars of said surface railways have in all kinds of weather been arbitrarily ordered by some officious hireling of the railroad company to leave the car in which they were riding and to take the car ahead in total disregard of the destination or terminus marked on the signboard or placard upon such car; and

Whereas, The interests of the passengers suffering such inconvenience and discomfort should be looked after and protected and such practices immediately stopped; therefore be it ordained as follows:

AN ORDINANCE in relation to car transfers in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. That every car operated, owned, managed or controlled by a street surface railroad company in the streets or highways of The City of New York shall carry throughout its route on the outside, in front and on top of each and every car so operated a signboard or placard upon which shall appear conspicuously the destination of the said car, under a penalty of \$100 for each offense, recoverable against the company so offending in an action to be brought in the name of The City of New York.

Sec. 2. That every such street surface railroad company must carry for a single fare upon such car, without change therefrom, each and every passenger to any regular stopping place desired by him upon said car's route, in the direction of the destination so designated, under a penalty of \$100 for each offense, recoverable against the company so offending by the person affected by the violation.

Sec. 3. That the preceding section of these ordinances shall not apply to a transfer made to a connecting line, going in a different direction from that in which such car may be going, nor where by reason of disability of the car compliance with the ordinance is rendered impossible.

Sec. 4. That all ordinances or parts of ordinances contrary to or inconsistent with the provisions of this ordinance are hereby repealed.

Sec. 5. That this ordinance shall take effect immediately.

JOHN DIEMER, THOS. J. MULLIGAN, ROBERT F. DOWNING, A. L. KLINE, JOSEPH M. TORPEY, Committee on Railroads.

Which was laid over.

No. 473.

The Committee on Railroads, to whom was referred on March 27, 1906 (Minutes, page 1107), the annexed communication from the President of the Borough of Brook-

lyn in relation to the condition of cars on the Graham and Flushing Avenue Line, Borough of Brooklyn, respectfully

REPORTS:

That, having examined the subject, they believe the matter is one for the consideration of the Board of Health, and they therefore recommend the communication be referred to that Board.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, March 23, 1906.

The Honorable the Board of Aldermen:

Gentlemen—I have your resolution of March 20, calling my attention to the filthy and unhealthy condition of the cars of the Graham and Flushing Avenue Line in this borough. I send you herewith copies of communications on this subject, addressed by me to the President of the Brooklyn Rapid Transit Company and to the Sanitary Superintendent of the Department of Health, in charge in this borough.

Yours very truly,

BIRD S. COLER,
President of the Borough of Brooklyn.

March 23, 1906.

Hon. T. R. MAXFIELD, Sanitary Superintendent, Brooklyn, N. Y.:

Dear Sir—I forward to you herewith a copy of a resolution of the Board of Aldermen adopted March 20, calling my attention to the filthy and unsanitary condition of cars of the Graham and Flushing Avenue Line in this borough. I would request you to take steps immediately to see that these cars are kept in a cleanly and sanitary condition.

Yours very truly,

BIRD S. COLER,
President of the Borough of Brooklyn.

March 23, 1906.

Mr. E. W. WINTER, President, Brooklyn Rapid Transit Company, Brooklyn, N. Y.:

Dear Sir—My attention having been officially called by the Board of Aldermen to the condition of the cars of the Graham and Flushing Avenue Line in this borough, I hereby request you to take steps to remedy the condition complained of, and I forward to you a copy of the resolution of the Board of Aldermen, calling the matter to my attention. I forward a similar copy to the Department of Health.

Yours very truly,

BIRD S. COLER,
President of the Borough of Brooklyn.

March 23, 1906.

JOHN DIEMER, THOS. J. MULLIGAN, ROBERT F. DOWNING, MOSES J. WAFER, A. L. KLINE, JOSEPH M. TORPEY, Committee on Railroads.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Diemer moved the adoption of this report.

Which report was accepted.

No. 522.

The Committee on Railroads, to whom was referred on April 3, 1906 (Minutes, page 77), the annexed resolution in the matter of the giving of transfers on street surface railroads, respectfully

REPORTS:

That, having examined the subject, they believe the request embodied in the resolution to be a reasonable one.

They therefore recommend that the said resolution be adopted.

Whereas, The recent and apparently harsh and arbitrary order of the New York City Railway Company, in exacting that passengers make formal demand or application for transfers on conductors of cars at the moment of paying fare, meets with the righteous indignation and resentment of the people and the public press in general; and

Whereas, by decisions of the courts, the transfer is a right of the passenger and not a privilege accorded by the railway company, and a denial of it when demand therefor is made, at any time, is in violation of the law under which the surface railroads are now being operated; therefore

Resolved, That the Board of Aldermen of The City of New York hereby enters a note of protest with the people and the public press against said harsh and arbitrary order in the matter of the issue of transfers to passengers on surface cars, and requests that said order or rule be speedily revoked, to the end that the people using surface cars may come into full possession of their rights at any time after having paid fares.

JOHN DIEMER, THOS. J. MULLIGAN, ROBERT F. DOWNING, MOSES J. WAFER, A. L. KLINE, JOSEPH M. TORPEY, Committee on Railroads.

Under Rule 21, consideration of this report was deferred.

Subsequently Alderman Diemer moved the adoption of this report.

Which report was accepted and resolution adopted.

At this point, on motion of Alderman Wentz, the courtesies of the floor were extended to Robert A. Sharkey, former Naval Officer of the Port.

Report of Committee on Streets, Highways and Sewers—

No. 718.

The Committee on Streets, Highways and Sewers, to whom was referred on May 1, 1906 (Minutes, page 369), the annexed resolution in favor of permitting the Great Bear Spring Company to hold an advertising parade on Saturday, June 2, 1906, respectfully

REPORTS:

That, having examined the subject, they believe the proposed permission should be granted. They therefore recommend that the said resolution be adopted.

Resolved, That permission be and the same is hereby given to the Great Bear Spring Company to parade with a band of music and advertising wagons through the streets and thoroughfares of the Borough of Manhattan on Saturday, June 2, 1906; said parade to be under the direction of the Police Department and to continue only for the day and date herein mentioned.

ROBERT F. DOWNING, JOHN HANN, HARRY L. LEVERETT, MAX S. GRIFENHAGEN, FRANK L. DOWLING, CORNELIUS D. NOONAN, Committee on Streets, Highways and Sewers.

Under Rule 21, consideration of this report was deferred.

Subsequently Alderman Smith moved the adoption of this report.

Which report was accepted and resolution adopted.

Reports of Committee on Public Letting—

No. 508.

The Committee on Public Letting, to which was referred on April 3, 1906 (Minutes, page 30), the annexed communication from the Police Department requesting authority to contract for boarding and stabling departmental horses without public letting, respectfully

REPORTS:

That Commissioner Bingham appeared before the Committee and explained the desirability of private contracts for the stabling of these horses. The Department's horses are scattered all over the City, and of a necessity they must be stabled near the station houses to which they are assigned. The Commissioner likewise said that by making monthly contracts, instead of yearly contracts, the cost of stabling and boarding horses has been reduced from the average of \$30 a month per horse to the average of \$25 a month per horse. The Committee therefore recommend the adoption of the annexed resolution.

Police Department of The City of New York,
No. 300 Mulberry Street,
New York, March 30, 1906.

To the Honorable Board of Aldermen:

Gentlemen—The following proceedings were this day directed:

Whereas, For the prompt and efficient operation of the Police Department it is necessary and expedient that its horses be boarded and stabled at such points and in such numbers as to give the best results; and

Whereas, The expenditure for this purpose exceeds \$1,000 in the aggregate for one year;

Ordered, That the Board of Aldermen be and is hereby respectfully requested to authorize the Police Commissioner to purchase the necessary boarding and stabling for Department horses, where the same cannot be cared for at Department stables, without advertising for competing bids or proposals.

Ordered, That the Board of Aldermen be and is hereby respectfully requested to authorize the payment of all claims for boarding and stabling Department horses, where the same could not be cared for at Department stables, that have been filed with the Finance Department during the year 1906.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

Resolved, That in pursuance of the provisions of section 419 of the Greater New York Charter, the Police Commissioner be and he is hereby authorized to contract, without public letting, for the necessary boarding and stabling of the horses of the Police Department, where the same cannot be cared for at Department stables, in all cases where the expenditure for this purpose exceeds one thousand dollars (\$1,000).

Resolved, further, That the Comptroller be and he is hereby authorized and requested to pay all claims for boarding and stabling Police Department horses, where the same could not be cared for at Department stables and where the aggregate amount of a particular claimant exceeds one thousand dollars (\$1,000), that have been filed with the Finance Department during the year 1906.

A. L. KLINE, F. J. O'NEILL, JOSEPH SCHLOSS, JACOB BARTSCHERER, WM. CLIFFORD, Committee on Public Letting.

Under Rule 21, consideration of this report was deferred.

Subsequently Alderman Kline moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Doyle, Everson, Farrell, Freeman, Fried, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Krulish, Kuck, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, McCall, Meyers, Moffitt, Monahan, Morris, Murphy, Olvany, Peters, Potter, Redmond, Richter, Rowcroft, Schloss, Schneider, Sturges, Sullivan, Torpey, Wafer, Wentz, Wright, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler and the Vice-Chairman—62.

No. 545.

The Committee on Public Letting, to which was referred on April 10, 1906 (Minutes, page 108), the annexed communication from the Commissioner of Public Charities asking authority to purchase coal without public letting, respectfully

REPORTS:

That at a hearing held on the above matter, Commissioner Hebbard stated that the Department of Public Charities, after duly advertising in the City Record for bids for 7,000 tons of coal for the use of the Department, said bids to be opened on April 4, 1906; no bids were received. This was, no doubt, occasioned by the threatened coal strike and the unwillingness of coal merchants to make a contract for the delivery of a large quantity of coal in the uncertain state of the coal market. In view of this statement, the committee recommends the adoption of the annexed resolution.

Department of Public Charities,
Foot of East Twenty-sixth Street,
April 5, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen, City Hall, New York City:

Sir—I beg respectfully to ask that this Department be authorized to purchase coal in the open market in an amount not to exceed a total cost of \$5,000. Said amount will carry this Department through a period of two or three months, by which time the question of the impending strike in the coal industry may be settled and the balance of the coal needed for this Department may be advertised for in the regular way.

After due advertisement in the City Record for 7,000 tons pea coal, 1,200 tons stove coal and one ton blacksmiths' coal for the institutions of this Department in the Borough of Brooklyn, bids for which were to be opened on December 21, 1905, no bids were received. An advertisement for these same amounts was inserted in the City Record and corporation papers, bids for which were to be opened yesterday, but no bids were received. This is no doubt due to the imminence of a general coal strike.

We can buy coal in the open market if we can obtain authority from the Board of Aldermen to do so. I inclose a form of resolution, trusting that in this form or in some other form that may seem to you more appropriate, the resolution may be adopted at the next meeting of the Board.

I have the honor to remain,

Respectfully yours,

ROBT. W. HEBBERD, Commissioner.

Whereas, The Commissioner of Public Charities, in a communication to this Board dated April 5, 1906, has stated that, in response to advertisements in the City Record to be opened December 21, 1905, and subsequently to be opened April 4, 1906, for coal for the use of the hospitals and almshouses of his Department in the Boroughs of Brooklyn and Queens, he received no bids; and

Whereas, He requests, for this reason, to be allowed to purchase in the open market and without public letting coal to the amount of five thousand dollars (\$5,000); therefore be it

Resolved, That the Commissioner of Public Charities be and hereby is authorized to contract for and purchase coal without public letting for the use of the institutions of his Department, the amount of said coal so to be purchased not to exceed, without the further authorization of this Board, the sum of five thousand dollars (\$5,000).

Resolved, That, in pursuance of the provisions of the Greater New York Charter, the Commissioner of Public Charities be and he is hereby authorized to purchase in open market from month to month coal for the year 1906 to an amount not to exceed the sum of \$5,000.

A. L. KLINE, F. J. O'NEILL, JOSEPH SCHLOSS, JACOB BARTSCHERER, WM. CLIFFORD, Committee on Public Letting.

Under Rule 21, consideration of this report was deferred.

Subsequently Alderman Kline moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Kenneally, Kline, Krulish, Kuck, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, McCall, Meyers, Moffitt, Monahan, Morris, Olvany, O'Neill, Peters, Potter, Richter, Rowcroft, Schloss, Schneider, Sturges, Sullivan, Wafer, Wentz, President Bermel, President Haffen, President Coler and the Vice-Chairman—61.

No. 638.

The Committee on Public Letting, to which was referred on April 24, 1906 (Minutes, page 250), the annexed communication from the Police Department requesting authority to purchase coal without public letting, respectfully

REPORTS:

That at a hearing on the above matter, Commissioner Bingham stated that after due advertisement in the City Record for bids to be opened on January 10, 1906, for the supplying of coal for the station houses in the boroughs of Brooklyn and Queens, and for the use of the steamboat "Patrol" and steam launches, in one case the lowest bid received was \$6.94 a ton, in the other case no bids were received. This was no doubt occasioned by the threatened coal strike and the unwillingness of the coal merchants to tie themselves up for the delivery of a large quantity of coal in the then unsettled condition of the coal market. In view of this statement the Committee recommend the adoption of the annexed resolution.

Police Department of The City of New York,
No. 300 Mulberry Street,
New York, April 20, 1906.

Hon. PATRICK F. MCGOWAN, President Board of Aldermen, City Hall, New York:

Sir—I beg respectfully to ask that this Department be authorized to purchase coal in the open market in an amount not to exceed a total cost of \$5,000. This action is

deemed necessary on account of the impending strike in the coal industry. When this is settled the balance of coal needed for this Department may be advertised for in the regular way.

After due advertisement in the CITY RECORD for bids to be opened January 16, 1906, for 3,300 tons of coal for use in the station houses in the boroughs of Brooklyn and Queens, all bids received were rejected, the lowest being \$6.94 per ton.

After due advertisement for bids for 2,000 tons of coal for use on the steamboat "Patrol" and steam launches of the Police Department, to be opened January 16, 1906, no bids were received.

Further advertisement was made in the CITY RECORD for 3,300 tons of coal for use in the station houses in the boroughs of Brooklyn and Queens, bids to be opened February 13, 1906. No bids were received.

Further advertisement was made in the CITY RECORD for bids for 2,000 tons of coal for use on the steamboat "Patrol" and steam launches, bids to be opened February 13, 1906. All bids received were rejected, the lowest being \$5.90 per ton of 2,000 pounds.

Further advertisement was made in the CITY RECORD for bids for 3,300 tons of coal for use in the station houses in the boroughs of Brooklyn and Queens, and for 2,000 tons of coal for use on the steamboat "Patrol" and steam launches, bids to be opened March 26, 1906. No bids were received.

This is due, no doubt, to the imminence of a general coal strike. It is therefore requested that this permission be granted in order that the station houses and prisons connected therewith may be properly supplied.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

Resolved, That, in pursuance of the provisions of the Greater New York Charter, the Commissioner of Police Department be and he is hereby authorized to purchase in open market, from month to month, coal for the year 1906, to an amount not to exceed the sum of \$5,000.

A. L. KLINE, F. J. O'NEILL, JOSEPH SCHLOSS, JACOB BARTSCHERER, WM. CLIFFORD, Committee on Public Letting.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Kline moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Carter, Clifford, Cole, Collins, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Farrell, Freeman, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Higgins, Keely, Kenneally, Kline, Krulish, Kuck, Lawlor, Levine, Linde, Markert, McCall, Meyers, Moffitt, Monahan, Morris, Mulligan, Olvany, O'Neill, Potter, Redmond, Richter, Rowcroft, Schneider, Sturges, Torpey, Wafer, Wentz, Wright, President Bermel, President Haffen, President Coler and the Vice-Chairman—60.

Report of Committee on Finance—

No. 637.

The Committee on Finance, to whom was referred on April 24, 1906 (Minutes, page 249), the annexed resolution in favor of an issue of \$50,000 Special Revenue Bonds to enable the Comptroller to establish a Bureau of Municipal Investigation and Statistics, respectfully

REPORTS:

That the Comptroller appeared before this Committee and urged the adoption of the resolution. This Bureau is to be established in accordance with the provisions of section 151 of the Charter, as amended by chapter 190 of the Laws of 1906, and the Comptroller stated he expected to save to the City from one-half to one million dollars by reason of its establishment. For the reasons set forth in the letter accompanying the resolution, the advisability of establishing the Bureau is very evident, and, whilst the Committee believe the amount of \$50,000 to be rather high for the purpose, they are constrained by the enthusiasm of the Comptroller and the reliance they place in his judgment, to report the matter favorably. They therefore recommend the adoption of the resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended by chapter 24 of the Laws of 1905, the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifty thousand dollars (\$50,000), the proceeds of the same to be used by the Comptroller in establishing a Bureau of Municipal Investigation and Statistics and paying the salaries of the employees thereof, said Bureau being authorized by section 151 of the Greater New York Charter, as amended by chapter 190 of the Laws of 1906.

JOHN R. DAVIES, A. L. KLINE, JAMES W. REDMOND, B. W. B. BROWN, PH. HARNISCHFEGER, THOS. J. MULLIGAN, JOHN DIEMER, Committee on Finance.

Which was made a Special Order for 2 o'clock p. m., at the next meeting.

President Coler moved that the vote by which the paper was laid over and made a Special Order be reconsidered.

Which motion was adopted.

After some time had been spent in discussion of the measure, Alderman Hann moved the previous question.

The Vice-Chairman put the question "Shall the main question be now put?"

Which was decided in the affirmative.

The Vice-Chairman then put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Callahan, Clifford, Cole, Collins, Davies, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Fried, Griffenhagen, Haggerty, C. Hahn, Hann, Harnischfeger, Herold, Higgins, Keely, Kenneally, Kline, Krulish, Kuck, Lawlor, Leverett, Levine, Linde, Markert, McCall, Monahan, Morris, Mulligan, Murphy, Noonan, Olvany, Peters, Potter, Redmond, Richter, Rowcroft, Schloss, Smith, Stapleton, Sullivan, Torpey, Wafer, Wentz, Wright, President Cromwell, President Bermel, President Haffen, President Coler, President Ahern and the Vice-Chairman—60.

Negative—Alderman Freeman—1.

Excused—Alderman Meyers—1.

SPECIAL ORDERS.

Alderman Sturges called up Special Order 31, being a report and resolution, as follows:

No. 453—(S. O. No. 31).

The Committee on Laws and Legislation, to which was referred on March 20, 1906 (Minutes, page 1091), the annexed resolution in relation to the Baron Hirsch Cemetery, Third Ward, Borough of Richmond, respectfully,

REPORTS:

That the purpose of the resolution is to confirm and maintain the Baron Hirsch Cemetery in the exercise of the rights and privileges derived from the former Baron Hirsch Synagogue Corporation. No additional property or rights are granted.

It was suggested that a clause be added to avoid any effect of the repeal of the earlier resolutions, which was assented to by the counsel for the cemetery corporation. The Committee therefore recommends the adoption of the following substitute resolution:

Resolved, That the Baron Hirsch Cemetery, a corporation organized under the Laws of the State of New York, be and it is hereby authorized and empowered to maintain a cemetery on land, not exceeding seventy-six (76) acres, now owned by it, in the Third Ward of the Borough of Richmond, City of New York, this consent being granted in place and stead of the consents heretofore granted to the Baron Hirsch Synagogue Corporation by the Municipal Assembly of The City of New York by two resolutions adopted respectively January 17, 1899, and June 6, 1899, which said two resolutions are hereby repealed.

FRANK D. STURGES, JOHN R. DAVIES, WM. CLIFFORD, B. W. B. BROWN, CLARENCE R. FREEMAN, JAMES W. REDMOND, Committee on Laws and Legislation.

(Papers Referred to in Preceding Report.)

The Committee on Laws and Legislation, to which was referred on April 17, 1906 (Minutes, page 203), the annexed resolution in reference to the Baron Hirsch Cemetery, Borough of Richmond, respectfully reports that

The committee refers to its previous report upon this matter and in addition

REPORTS:

That a public hearing was held in conformity with the resolution by which the report was recommended, and was attended by a representative of the applicant, who made an extended statement with regard to the subject. The premises in question have been maintained as a cemetery by the present corporation since 1899, during which time over four hundred burials have been made. They are situated in the Borough of Richmond, about a mile from Graniteville, which is the nearest settlement, comprising about a dozen houses. On one side of the premises are the works of the Consolidated Fireworks Company, and on the other side is the Hillside Cemetery. A letter of Mr. Samuel Eckstein, president of the company, was presented, in which he stated that no person had ever objected to the premises being maintained as a cemetery.

The property and rights were acquired by the present corporation for the reason that the former company was not of sufficient financial ability to maintain the cemetery. While the present company is a business corporation, it is of a semi-charitable nature, and is not a paying institution. By statute, the property of cemetery corporations is exempt from taxation.

The committee therefore recommends the adoption of the substitute resolution.

SUBSTITUTE.

Resolved, That the Baron Hirsch Cemetery, a corporation organized under the laws of the State of New York, be and it is hereby authorized and empowered to maintain a cemetery on land, not exceeding seventy-six (76) acres, now owned by it in the Third Ward of the Borough of Richmond, City of New York, this consent being granted in place and stead of the consents heretofore granted to the Baron Hirsch Synagogue Corporation by the Municipal Assembly of The City of New York by two resolutions adopted respectively January 17, 1899, and June 6, 1899, which said two resolutions are hereby repealed. Nothing herein contained shall be construed as interfering with the vested rights of the Baron Hirsch Synagogue.

FRANK D. STURGES, B. W. B. BROWN, WM. S. CLIFFORD, JOHN R. DAVIES, CLARENCE R. FREEMAN, Committee on Laws and Legislation.

The Clerk proceeded to call the roll on the acceptance of the report and the adoption of the resolution pending the conclusion of which Alderman Meyers moved a call of the house.

The Vice-Chairman ruled the motion out of order on the ground that a motion for a call of the house cannot be entertained before the result of a pending roll call is announced.

The question on acceptance of report and adoption of the resolution was decided in the negative by the following vote:

Affirmative—Aldermen Brown, Carter, Cole, Collins, Freeman, J. J. Hahn, Krulish, Meyers, Moffitt, Rowcroft, Sturges, President Cromwell and the Vice-Chairman—13.

Negative—Aldermen Everson, Harnischfeger and Wentz—3.

Excused—Alderman Peters—1.

Alderman Sturges moved a reconsideration of the vote by which the above report was lost.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Brown, Carter, Cole, Collins, Davies, Diemer, Dotzler, Dowling, Ellery, Everson, Falk, Farrell, Freeman, Griffenhagen, Gunther, Haggerty, J. J. Hahn, Hann, Herold, Kline, Kuntze, Lawlor, Linde, Markert, McCall, Meyers, Moffitt, Noonan, O'Neill, Peters, Rowcroft, Schloss, Schneider, Sturges, Wafer, President Cromwell, President Bermel, President Haffen, President Coler and the Vice-Chairman—43.

Negative—Aldermen Ahner, Callahan, C. Hahn, Harnischfeger, Higgins, Kenneally, Levine, Morris, Murphy, Richter, Smith, Stapleton, Wentz and Wright—14.

Excused—Aldermen Doull, Olvany and Redmond—3.

Declined to vote—Alderman Downing—1.

On motion of Alderman Sturges the report was again laid over and made a Special Order for 2.30 o'clock p. m., at the next meeting.

GENERAL ORDERS.

Alderman Ellery called up General Order No. 110, being a report and resolution, as follows:

No. 543.

The Committee on Salaries and Offices, to whom was referred on April 10, 1906 (Minutes, page 104), the annexed resolution in favor of increasing salaries in the office of the Supervisor of the City Record, respectfully

REPORTS:

Mr. Tracy, Supervisor of the City Record, has appeared twice before the Committee, and at the Committee's request has written a letter stating: "The application for the creation of the proposed new grades and fixing of salaries of the employees in the office of the Supervisor of the City Record was included in the Departmental Estimate of the Board of City Record for the year 1906. The appropriation for the salaries asked for was allowed in the Budget for the year 1906." The Supervisor has therefore brought the case within the rule with reference to salary increases coincident with the preparation of the Budget, and the situation is that the actual increases are to be made months after the money for them was provided. The Committee thinks that the increases are reasonable and justified by the service of the employees affected, and recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 6, 1906, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of positions in the office of the Supervisor of the City Record, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed as follows:

	Per Annum.
1 Bookkeeper	\$2,100 00
1 Storekeeper	1,800 00
1 Examiner	1,650 00
1 Stenographer and Book Typewriter.....	1,200 00
1 Junior Clerk	600 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the additional grades of the above positions as set forth therein.

JAMES COWDEN MEYERS, ARTHUR H. MURPHY, FRANK D. STURGES, JOHN J. CRONIN, CHARLES KUNTZE, Committee on Salaries and Offices.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Callahan, Carter, Clifford, Collins, Davies, Doull, Dowling, Ellery, Everson, Farrell, Freeman, Fried, Haggerty, Harnischfeger, Herold, Jacobson, Kenneally, Krulish, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, McCall, Meyers, Moffitt, Murphy, O'Neill, Peters, Potter, Richter, Schneider, Stapleton, Sturges, President Bermel, President Haffen, President Coler and the Vice-Chairman—42.

Alderman Ellery called up General Order No. 111, being a report and resolution as follows:

No. 629.

The Committee on Salaries and Offices, to whom was referred on February 20, 1906 (Minutes, page 811), the annexed resolution in favor of fixing salary of additional grade of position of Section Foreman in Bureau of Street Cleaning under President, Borough of Queens, at \$1,500 per annum, respectfully

REPORTS:

President Bermel appeared before the Committee and explained that it is the intention to promote a Section Foreman who now receives \$1,200 to the new grade of \$1,500. In accordance with the rule proposed by this Committee, and approved by the Board

of Aldermen, the resolution should be returned to the Board of Estimate and Apportionment for amendment in respect to the number in the grade. The Committee, therefore, recommends the adoption of the following resolution:

Resolved, That the Board of Aldermen hereby returns to the Board of Estimate and Apportionment the following resolution, being number 307, with the request that the resolution be amended by providing for a grade of one.

Whereas, The Board of Estimate and Apportionment, at a meeting held February 16, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Section Foreman in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of fifteen hundred dollars (\$1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Section Foreman in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, at the rate of fifteen hundred dollars (\$1,500) per annum.

JAMES COWDEN MEYERS, JOHN J. CRONIN, MICHAEL J. CARTER, FRANK D. STURGES, JOHN J. CALLAHAN, LEWIS M. POTTER, Committee on Salaries and Offices.

(Papers referred to in preceding report.)

The Committee on Salaries and Offices, to whom was referred on April 24, 1906 (Minutes, page 227), the annexed resolution in favor of establishing grade of position of Section Foreman, Bureau of Street Cleaning, Borough of Queens, at \$1,500 per annum respectfully

REPORTS:

The committee refers to its previous report on this same subject (page 32, Minutes of April 3, 1906). In the opinion of the committee, President Bermel, who appeared before the committee, made out a case for promotion, and the committee recommends the adoption of the resolution, which provides an increase of salary, amounting to \$300.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 20, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Section Foreman for one incumbent, in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade for one incumbent be fixed at the rate of fifteen hundred dollars (\$1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Section Foreman, for one incumbent, in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, at the rate of fifteen hundred dollars (\$1,500) per annum.

JAMES COWDEN MEYERS, ARTHUR H. MURPHY, FRANK D. STURGES, JOHN J. CRONIN, CHARLES KUNTZE, Committee on Salaries and Offices.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Carter, Clifford, Cole, Collins, Davies, Doull, Dowling, Ellery, Falk, Farrell, Freeman, Griffenhagen, C. Hahn, J. J. Hahn, Harnischfeger, Herold, Higgins, Keely, Kline, Krulish, Kuck, Leverett, Levine, Linde, McCall, Meyers, Moffitt, Morris, Olvany, O'Neill, Peters, Potter, Redmond, Richter, Schloss, Sturges, Wafer, Wentz, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler and the Vice-Chairman—47.

Alderman Falk moved that the following General Orders be made Special Orders for the next meeting at 2 o'clock p. m.:

G. O. No. 105—No. 300—S. O. No. 32.

Resolution for Special Revenue Bonds, \$9,000, for purchase of automobiles for Police Department.

G. O. No. 108—No. 300a—S. O. No. 33.

Resolution to authorize the Police Department to purchase three automobiles without public letting.

G. O. No. 112—No. 408—S. O. No. 34.

Resolution to authorize the President of the Borough of Queens to purchase an automobile without public letting.

G. O. No. 113—No. 452—S. O. No. 35.

Resolution to authorize the President of the Borough of Brooklyn to purchase an automobile without public letting.

G. O. No. 114—No. 472—S. O. No. 36.

Resolution to authorize the Fire Commissioner to purchase an automobile without public letting.

G. O. No. 115—No. 511—S. O. No. 37.

Resolution to authorize the President of the Borough of Richmond to purchase an automobile without public letting.

G. O. No. 116—No. 660—S. O. No. 38.

Resolution to authorize the Commissioner of Parks, Borough of The Bronx, to purchase an automobile without public letting.

G. O. No. 117—No. 600—S. O. No. 39.

Resolution for Special Revenue Bonds, \$1,200, to pay salary of Female Probation Officer in Court of Special Sessions, Second Division.

Which motion was adopted.

Alderman Everson called up General Order No. 118, being a report and ordinance, as follows:

No. 634.

The Committee on Finance, to whom was referred on April 24, 1906 (Minutes, page 236), the annexed ordinance in favor of authorizing issue of \$15,000 Corporate Stock, additional, for new Police Headquarters, respectfully

REPORTS:

That the purpose of this appropriation is to provide for an improvement in the new Police Headquarters whereby the loading and unloading of both prisoners and supplies, etc., can take place in an interior court, instead of out in the street, as the present plans provide.

Commissioner Bingham appeared before the Committee and in urging its adoption stated that an average of about 40 prisoners were brought to headquarters each day, many in patrol wagons, and there were frequently scenes of disorder on account of the unloading taking place on the street. This interior court can also be used for the storage of vehicles during working hours.

Your Committee favors this improvement and recommends its adoption.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifteen thousand dollars (\$15,000), in addition to the sum heretofore authorized, to provide means for a building for the new headquarters for the use of the Police Department, to be erected on the site of Centre Market, Grand and Centre streets, in the Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 20, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifteen thousand dollars (\$15,000), in addition to the sum heretofore authorized, to provide means for a building for the new headquarters for the use of the Police Department, to be erected on the site of Centre Market, Grand and Centre streets, in the Borough of Manhattan, and that when authority therefor shall have

been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifteen thousand dollars (\$15,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, JOHN DIEMER, JAMES W. REDMOND, THOS. J. MULLIGAN, A. L. KLINE, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Carter, Clifford, Cole, Davies, Doull, Dowling, Downing, Ellery, Everson, Farrell, Fried, Griffenhagen, C. Hahn, J. J. Hahn, Harnischfeger, Herold, Higgins, Keely, Kline, Kuck, Levine, Linde, Markert, Meyers, Moffitt, Olvany, O'Neill, Redmond, Richter, Schloss, Sturges, Wafer, Wentz, President Cromwell, President Haffen, President Coler and the Vice-Chairman—40.

MOTIONS, ORDINANCES AND RESOLUTIONS.

No. 730.

By the President—

Resolved, That the following named persons be and they hereby are appointed Commissioners of Deeds:

By the President—

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:
Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Carter, Clifford, Collins, Davies, Doull, Dowling, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, C. Hahn, J. J. Hahn, Keely, Kline, Krulish, Kuck, Kuntze, Meyers, Moffitt, Olvany, O'Neill, Peters, Redmond, Schloss, Sturges, Wafer, Wentz, President Cromwell, President Bermel, President Haffen, President Coler and the Vice-Chairman—40.

Alderman Freeman moved that report of the Committee on Laws and Legislation (No. 237), in relation to auctioneer's licenses, be taken from on file and recommitted to the Committee on Laws and Legislation.

Which was adopted.

No. 731.

By President Cromwell—
Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty thousand dollars (\$20,000), the proceeds whereof shall be applied by the County Clerk of Richmond County for the purpose of recopying the indices of his office and rebinding the same.

Which was referred to the Committee on Finance.

No. 732.

By President Ahearn—
Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in an amount not to exceed fifty-five thousand dollars (\$55,000), for the purpose of employing Bath Attendants, Engineers, Firemen, etc., to operate the new permanent interior and summer free floating baths.

Which was referred to the Committee on Finance.

No. 733.

By Alderman Rowcroft—
Resolved, That permission be and the same is hereby given to August Janzer to place and keep a watering trough on the sidewalk near the curb in front of his premises at the corner of St. Nicholas avenue and Harman street, in the Borough of Brooklyn; the work to be done and the water supplied at his own expense, under the direction of the President of the Borough of Brooklyn, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 734.

By the same—
Resolved, That permission be and the same is hereby given to Gottlieb Keck to place and keep a watering trough on the sidewalk near the curb in front of his premises at the northwest corner of Hamburg and Jefferson avenues, in the Borough of Brooklyn; the work to be done and the water supplied at his own expense, under the direction of the President of the Borough of Brooklyn, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 735.

By the same—
Resolved, That permission be and the same is hereby given to Adolph Feldman to place and keep a watering trough on the sidewalk near the curb in front of his premises at the southwest corner of Covert street and Knickerbocker avenue, in the Borough of Brooklyn; the work to be done and the water supplied at his own expense, under the direction of the President of the Borough of Brooklyn: such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 736.

By Alderman Moffitt—
Resolved, That permission be and the same hereby is given to Jeremiah W. Cummings to place and keep a watering trough on the sidewalk near the curb in front of his premises No. 711 Greenwich street, in the Borough of Manhattan, the work to be done and water supplied at his own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 737.

By Alderman Morris—
Resolved, That permission be and the same is hereby given to Louisa A. Jeter to erect and maintain a retaining wall four feet in height within the stoop line in front of her premises Nos. 50, 52, 54 Heath avenue, Borough of The Bronx, the work to be done at her own expense under the direction of the President of the Borough of The Bronx, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 738.

By the same—
Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that an improved iron watering trough be placed and water supplied therein at the northwest corner of Cameron place and Morris avenue, in the Borough of The Bronx.

Which was adopted.

No. 739.

By the same—
Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that water and gas mains be laid in Walton avenue, between One Hundred and Eighty-first street and One Hundred and Eighty-fourth street, in the Borough of The Bronx.

Which was adopted.

No. 740.

By Alderman Noonan—
Resolved, That permission be and the same is hereby given to Messrs. McCullough & Devlin to place, keep and erect a pole on the sidewalk near the curb in front of premises No. 416 East One Hundred and Eighth street, Manhattan Borough, New York City, for the purpose of placing a horseshoe thereon, at their own expense, under the direction of the President of the Borough of Manhattan; such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 741.

By Alderman Kline—
Resolved, That permission be and the same is hereby given to the Reid Ice Cream Company to erect and keep a platform or bulkhead adjacent to and in front of their premises Nos. 524 to 532 Waverley avenue, in the Borough of Brooklyn; said platform to extend a distance of not more than three feet from the building line and to be used solely for the purpose of loading and unloading merchandise; the work to be done at their own expense, under the direction of the President of the Borough of Brooklyn; such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 742.

By Alderman Kenneally—
Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that the iron drinking fountain located on the southwest corner of First avenue and Sixteenth street, in the Borough of Manhattan, and now in disuse, be repaired, reset and water supplied therein, and if the said drinking fountain be damaged beyond repair it is recommended that one of newer and more modern design be placed and maintained at the said location.

Which was adopted.

No. 743.

By Alderman Higgins—
Resolved, That it is hereby respectfully recommended to the Commissioner of Water Supply, Gas and Electricity that an arc light be placed and kept on the south side of Barrow street, midway between Greenwich and Washington streets, and another placed on the southwest corner of Washington and Barrow streets, in the Borough of Manhattan.

Which was adopted.

No. 744.

By the same—
Resolved, That it is respectfully recommended to the Commissioner of Water Supply, Gas and Electricity that an improved iron drinking fountain be erected and maintained on the southwest corner of Hudson and Barrow streets, on the Barrow street side, in the Borough of Manhattan.

Which was adopted.

No. 745.

By the same—
Resolved, That it is hereby respectfully recommended to the Commissioner of Water Supply, Gas and Electricity that four lamp-posts be erected and Welsbach burners placed thereon and lighted in front of the school and chapel of St. Veronica's Church, on the southwest corner of Washington and Barrow streets, in the Borough of Manhattan.

Which was adopted.

No. 746.

By Alderman Diemer—
Resolved, That the Committee on Railroads be and is hereby discharged from further consideration of the below enumerated matters and that the same be ordered on file.

No. 187. Communication from the United Civic Associations of the Borough of Queens in the matter of the New York Connecting Railway. Page 605, Minutes of January 30, 1906.

No. 641. Communication from Rapid Transit Commissioners acknowledging receipt of resolution of the Board of Aldermen. Page 253, Minutes of April 24, 1906.

Which was adopted.

No. 747.

By Alderman Davies—
Resolved, That the Committee on Finance be and hereby is discharged from further consideration of No. 670, being a communication from the President of the Borough of The Bronx requesting an issue of \$300 Special Revenue Bonds for Memorial Day observances in the Borough of The Bronx, and the same be ordered on file, for the reason that this matter has already been acted on by the Board of Aldermen.

Which was adopted.

No. 748.

By Alderman Collins—
Resolved, That permission be and the same is hereby given to Timothy Murphy to erect and maintain a watering trough on the sidewalk near the curb in front of his premises on Richmond terrace, near Broadway, West New Brighton, Borough of Richmond, the work to be done and water supplied at his own expense, under the direction of the President of the Borough of Richmond, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 749.

By Alderman Fried—
Resolved, That in the death of Edward T. Fitzpatrick, which occurred at his home in this City on Saturday, May 5, 1906, and who for two terms was a member of the Board of Aldermen of this City, for two terms a member of the Board of Coroners, and who served this City as Commissioner of Excise, The City of New York has lost one of its most upright and highminded citizens, who, in the various offices the duties

of which he was called upon to fill, served the City with singular fidelity and ability. During his long and active life in this City of his birth, he discharged every duty of citizenship in a manner calculated to arouse the admiration of all who knew him, and especially the people of the Fourth Assembly District, whom he represented in this body.

Resolved, That this resolution be spread upon the Minutes as an indication of the loss which this body feels in his death, and, as an additional mark of respect, this Board do now adjourn.

Which was decided in the affirmative by a rising vote.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, May 15, 1906, at 1.30 o'clock p. m.

P. J. SCULLY,

City Clerk and Clerk of the Board of Aldermen.

BELLEVUE AND ALLIED HOSPITALS.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held in the staff room on Wednesday, March 21, 1906.

Present—Dr. Brannan, the President, in the chair; Messrs. Stern, Robbins, Tierney, Sachs and Paulding, trustees.

The minutes of the previous meeting were read and accepted.

The following bills were presented for payment, and, on motion, duly seconded, it was

Resolved, That they, having been duly audited by the Finance Committee, be approved for payment:

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:

During the week ending March 17 thirty-nine operations were performed at Bellevue, nine at Gouverneur, six at Harlem and eleven at Fordham Hospital.

On Tuesday, March 20, the Out Patient Department in the new building at Gouverneur Hospital was occupied by the direction of the President of the Board of Trustees.

A petition from a committee of the house staff for a pianola piano is herewith submitted. Other institutions have pianos, billiard and pool tables, etc., for the house staff, and it is recommended that estimates be asked on the cost of a pianola piano.

On motion, duly seconded, it was Resolved, that the condition of the finances does not permit the purchase at the present time of a pianola piano for the house staff.

On motion, duly seconded, it was

Resolved, That the Superintendent be instructed to prepare an advertisement for a new mangle for the laundry of Bellevue Hospital.

Communications.

A lien was received on March 20 from the H. W. Johns-Manville Company of No. 100 William street stating that the Rossmann & Bracken Company (sub-contractors to Messrs. John R. Sheehan & Co.) owe \$108 for materials furnished and labor performed at Gouverneur Hospital.

On motion, duly seconded and carried, this communication was filed and the architect, Mr. Raymond F. Almirall, informed of its receipt.

A communication dated March 16 was received from Mr. Charles L. Guy, Assistant Corporation Counsel, inclosing copy of a bill for the retirement of officers, Clerks, etc., in Bellevue and Allied Hospitals.

On motion, duly seconded, it was

Resolved, That the Board of Trustees is not opposed to the passage of this bill. A communication dated March 15 was received from the John H. Parker Company complaining that Messrs. McManus & Welch are not making the proper progress in the plumbing work at the new Fordham Hospital.

On motion, duly seconded, it was

Resolved, That a copy of this letter be sent to the architect, Mr. Raymond F. Almirall, for his opinion and advice.

A communication dated March 17 was received from Messrs. McKim, Mead & White, inclosing estimate from the John H. Parker Company on erecting balconies at the new Bellevue Hospital.

On motion, duly seconded, it was

Resolved, That the erection of these balconies at an additional cost of \$18,501 be and the same is hereby approved (Mr. Tierney voting in the negative).

A communication was received from Mr. Raymond F. Almirall requesting further information concerning the laying out of the grounds of the new Fordham Hospital.

On motion, duly seconded and carried, this communication was referred to the Building Committee for report.

Reports of Committees.

The President reported the receipt of estimates from Messrs. Horgan & Slattery for additional work on the new Harlem Hospital, and, on motion, duly seconded and carried, the following resolutions were adopted:

Resolved, That the estimate of Messrs. P. J. Carlin & Co. on installing in the operating room of the new Harlem Hospital foot valves for hot and cold water for two sinks, all complete, amounting to \$40, be and it is hereby approved and accepted.

Resolved, That the estimate of Messrs. P. J. Carlin & Co. on installing two imperial porcelain, Class B, rolled rim sinks, N. P. "Simplex" wastes, with porcelain legs, all complete, amounting to \$140, be and it is hereby approved and accepted.

Resolved, That the estimate of Messrs. P. J. Carlin & Co. on installing twenty-one imperial porcelain, Class B, rolled rim sinks, N. P. "Simplex," standing waste, recessed at back, with imperial porcelain legs, amounting to \$525, \$48 to be allowed for three slop sinks to be removed, making the amount of the estimate \$477, be and it is hereby approved and accepted.

Resolved, That the estimate of Messrs. P. J. Carlin & Co. on removing the plaster cornice and ornamental iron grille at the base of the skylight in the operating theatre of the new Harlem Hospital, removing the bead molding above top of wainscot and refinishing the walls, amounting to \$570, be and it is hereby approved and accepted.

Resolved, That the estimate of Messrs. P. J. Carlin & Co. on removing the partition between the delivery room and the septic room of the new Harlem Hospital, and installing one sink, amounting to \$150, be and it is hereby approved and accepted.

The President announced the following Committees to visit the Allied Hospitals during April and May:

Gouverneur Hospital, Messrs. Tack and Robbins.

Harlem Hospital, Messrs. Tierney and Sachs.

Fordham Hospital, Messrs. Stern and Paulding.

On motion, the Board adjourned.

J. K. PAULDING, Secretary.

THEO. A. BINGHAM, Police Commissioner.

POLICE DEPARTMENT.

New York, April 30, 1906.

The following proceedings were this day directed by Police Commissioner Theo. A. Bingham:

Whereas, The Board of Estimate and Apportionment, in the Budget of the Police Department for the year 1906, appropriated a sum for the annual police parade, for erection and decoration of reviewing stands, providing music, etc.; and

Whereas, That expenditure for such purpose exceeds the sum of \$1,000, and the emergency of erecting and decorating stands will not permit of public advertising and award, as required by sections 39 and 419, Greater New York Charter,

Ordered, That the Board of Aldermen be and is hereby respectfully requested to authorize the Police Commissioner to procure the necessary music, erect and decorate reviewing stands, and expend for the purposes of the police parade an amount not exceeding \$4,000, without advertising for competing bids or proposals.

Ordered, That the Board of Aldermen be and is hereby respectfully requested to authorize the issue of Special Revenue Bonds to the amount of \$53,650, to provide for the payment of 100 horses at \$300 each viz., \$30,000; for the feed of such horses at \$1 per day each for six months, \$18,250; for the equipment of such horses, \$3,600, and for the shoeing of such horses at \$3 each per month for six months, \$1,800, for the purposes of the Police Department of The City of New York.

Ordered, That whenever the Board of Aldermen shall have authorized the issue of Special Revenue Bonds in the sum of \$53,650 for the payment of such horses and for their feed, equipment and shoeing, the Board of Estimate and Apportionment be and is hereby respectfully requested to concur therein.

Ordered, That the Board of Aldermen be and is hereby respectfully requested to authorize the issue of Special Revenue Bonds to the amount of \$357,500, to provide for the payment of additional members of the Police Force in the following grades, and for the salaries of four Chaplains for six months during the year 1906, or until the appropriation for such purposes has been expended, viz.:

14 Sergeants, at \$2,000 (\$28,000), for six months.....	\$14,000 00
300 Detective Sergeants, at \$2,000 (\$600,000), for six months.....	300,000 00
44 Roundsmen, at \$1,500 (\$66,000), for six months.....	33,000 00
16 Doormen, at \$1,000 (\$16,000), for six months.....	8,000 00
1 Matron, at \$1,000, for six months.....	500 00
4 Chaplains, at \$1,000 (\$4,000), for six months.....	2,000 00

Ordered, That whenever the Board of Aldermen shall have authorized the issue of Special Revenue Bonds in the sum of \$375,500 for the payment of the salaries of such additional members of the Police Force and of such Chaplains, for six months during the year 1906, or until the appropriation for such purpose is expended, the Board of Estimate and Apportionment be and is hereby respectfully requested to concur therein.

Ordered, That, in pursuance of the provisions of chapter 358 of the Laws of 1904, authorizing the Police Commissioner to increase the Police Force by adding to the number of Patrolmen from time to time, provided the Board of Estimate and Apportionment and the Board of Aldermen shall have previously made an appropriation for that express purpose, the Board of Aldermen be and is hereby respectfully requested to authorize the issue of Special Revenue Bonds to the amount of one million and thirty-nine thousand two hundred dollars (\$1,039,200), to provide for the payment of the salaries of two thousand five hundred and ninety-eight (2,598) additional Patrolmen of the Police Department of The City of New York at eight hundred dollars (\$800) each per annum, for six months during the year 1906, or until the appropriation for such purpose has been expended.

Ordered, That whenever the Board of Aldermen shall have authorized the issue of Special Revenue Bonds in the sum of one million and thirty-nine thousand two hundred dollars (\$1,039,200), for the payment of the salaries of two thousand five hundred and ninety-eight additional Patrolmen at eight hundred dollars (\$800) each per annum for six months, during the year 1906, or until the appropriation for such purpose is expended, the Board of Estimate and Apportionment be and is hereby respectfully requested to concur therein.

Ordered, That a statement showing the necessity for the appropriation for additional members of the Police Force and making provision for additional horses for the use of the Police Department, be respectfully forwarded to the Board of Aldermen and to the Board of Estimate and Apportionment, with these proceedings.

Peter Malahan, Fourth Precinct, fifteen days, without pay, in addition to eighteen days' vacation, with half pay, from 12 midnight, June 2, 1906, with permission to leave City.

Timothy McKeogh, Twentieth Precinct, thirty days, without pay, in addition to vacation, with permission to leave City.

Edward Comiskey, Fourth Precinct, thirty days, without pay, in addition to eighteen days' vacation, with half pay, from 12 midnight, July 3, 1906, with permission to leave City.

The following advancements to grades are hereby ordered:

Patrolmen.

To \$1,350 Grade.

John J. Conlon, Sixteenth Precinct, April 24, 1906.
Edward J. Dwyer, Sixty-third Precinct, April 23, 1906.

John O'Byrne, Sixty-ninth Precinct, April 28, 1906.

To \$1,250 Grade.

Patrick McCarthy, Twenty-first Precinct, April 23, 1906.
Joseph N. Gassman, Twenty-sixth Precinct, April 10, 1906.

Charles Beerman, Thirty-third Precinct, April 26, 1906.
William J. Butler, Fifty-second Precinct, April 20, 1906.

\$1,150 Grade, April 25, 1906.

Michael Crowley, Second Precinct.
Thomas G. Crosby, Fourth Precinct.
Arthur G. Coulter, Eighth Precinct.
Alexander Schoonmaker, Twelfth Precinct.
Herman Heitner, Twelfth Precinct.
Godfrey Knobloch, Fourteenth Precinct.
Cornelius J. Driscoll, Fifteenth Precinct.
John Lucy, Seventeenth Precinct.
Daniel E. Keenan, Seventeenth Precinct.
James J. McKetrick, Seventeenth Precinct.
Edward J. Lafferty, Nineteenth Precinct.
Joseph McLoughlin, Twentieth Precinct.
James Allen, Twenty-second Precinct.
Benjamin Connor, Twenty-sixth Precinct.
William Murdy, Twenty-seventh Precinct.
James E. Collins, Thirty-second Precinct.
Edward Geiger, Thirty-third Precinct.
Melville S. Dockstader, Thirty-fifth Precinct.
Albert M. Hebrank, Thirty-sixth Precinct.
Edward A. Reilly, Fiftieth Precinct.
John Brown, Fifty-third Precinct.
Elmer Dunlap, Fifty-fourth Precinct.
Francis J. O'Rourke, Fifty-fourth Precinct.
James W. Styne, Fifty-eighth Precinct.
George A. Bogart, Sixty-first Precinct.
Daniel Waters, Sixty-second Precinct.
John J. Ryan, Sixty-ninth Precinct.
James F. O'Dea, Seventieth Precinct.
John M. Loughlin, Seventy-fifth Precinct.
Guy H. Norbury, Eighty-fifth Precinct.
William J. Gillen, Brooklyn Borough Headquarters Squad.

To \$1,150 Grade.

John Meislohn, Seventeenth Precinct, April 2, 1906.
Vernon Bushnell, Twenty-first Precinct, April 6, 1906.
Patrick F. Stanton, Forty-seventh Precinct, April 13, 1906.
Frank J. Allen, Ninth Precinct, April 26, 1906.

To \$1,000 Grade.

Charles Beeman, Thirty-fourth Precinct, March 9, 1906.
William W. Rogers, Fifty-first Precinct, April 15, 1906.

To \$900 Grade.

Cornelius B. Corcoran, Twenty-sixth Precinct, April 18, 1906.
James L. Tierney, Twenty-eighth Precinct, April 17, 1906.
Joseph Meyers, Sixty-first Precinct, March 23, 1906.

The resignations of the following Special Patrolmen are hereby accepted:
Frank Skuders, employed by M. Steinhardt, Third avenue and Eighty-sixth street, Manhattan.

John H. Ackerman, employed by the Allied Iron Associations, No. 16 East Thirtieth street, Manhattan.

The appointments of the following Special Patrolmen are hereby revoked:
A. Gerald Ahgreen and Henry Kroger, employed by Holmes Electric Protective Company, No. 26 Cortlandt street, Manhattan.

R. WALDO,
First Deputy Police Commissioner, Acting Commissioner.

POLICE DEPARTMENT.

New York, May 5, 1906.

The following proceedings were this day directed by Acting Police Commissioner R. Waldo:

On File, Send Copy.

Reports of Sergeant John McDermott, in charge of Boiler Squad, dated May 3 and 4, 1906, relative to engineers' licenses granted. Copy to the CITY RECORD for publication.

Special order No. 109 was issued this day and is hereby made part of the proceedings of the Commissioner:

Special Order No. 109.

The following Patrolmen, attached to Sixty-ninth Precinct, are hereby remanded from duty in boiler room to patrol duty in precinct. In effect 8 a. m., May 6, 1906:

Patrolman William McMahon.

Patrolman John Britton.

Patrolman Frederick Snyder.

The following temporary assignment is hereby ordered:
Roundsman Patrick J. O'Leary, Fortieth Precinct, assigned as Acting Sergeant during absence of Sergeants at drills.

The following extension of five-day assignment is hereby ordered:
Patrolman John J. Rahill, Thirtieth Precinct, to District Attorney's office, New York County, from 12 noon, May 5, 1906.

The following Patrolman is excused, due to contagious disease in family:
Patrolman Thomas Quilty, Third Precinct, from 3.30 p. m., May 4, 1906.

The following leaves of absence are hereby granted:
Captain James H. Kelly, Seventy-sixth First Sub-Precinct, nine days, with full pay, from 12 midnight, May 10, 1906. To be deducted from vacation.

Captain Cornelius G. Hayes, Thirty-fifth Precinct, 20 days, with full pay (vacation), from 12 midnight, July 3, 1906.

The following application for full pay is hereby granted:
Patrolman Thomas Dennin, Eighth Precinct, from p. m., March 5, 1906, to a. m., April 23, 1906.

Patrolman William Ames, Second Precinct, having been absent without leave for more than five consecutive days, and still being absent, has in accordance with the provisions of section 303 of the Greater New York Charter, ceased to be a member of the Police Force.

The appointments of the following Special Patrolmen are hereby revoked:
Thomas Brady, Patrick Nealon and John Thompson, for New York and Long Island Railroad Company, No. 1 West Thirty-fourth street, Manhattan.

R. WALDO, First Deputy Police Commissioner.

BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK,
HELD IN ROOM 16, CITY HALL, FRIDAY, MAY 4, 1906.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; Bird S. Coler, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Joseph Bermel, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

Hon. George B. McClellan, Mayor, presided.

After disposing of the calendar for public improvement matters, the following financial matters were considered by unanimous consent:

The Secretary presented the following communication from the Comptroller transmitting report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom, at the meeting held March 23, 1906, was referred the applications of the three Commissioners of Parks for issues of Corporate Stock to provide funds for improvements in the parks and parkways, etc., of the City:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
May 2, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Transmitted herewith is a report of the Investigations Division, Department of Finance, giving the results of an examination in the matter of applications of the Commissioners of Parks for the issue of Corporate Stock to provide for park improvements, said applications having been referred to the Comptroller for consideration and report by the Board of Estimate and Apportionment at a meeting held March 23, 1906.

Please present this report for consideration at the meeting of the Board of Estimate and Apportionment to be held May 4, 1906.

Yours truly,
H. A. METZ, Comptroller.CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
NEW YORK, May 2, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Pursuant to the terms of a resolution adopted by the Board of Estimate and Apportionment March 23, 1906, referring to the Comptroller for consideration and report the applications of the three Commissioners of Parks for issues of Corporate Stock to provide funds for improvements in the parks and parkways of the City, examination has been made in the Investigations Division, and as the result of same I beg to submit the following statement:

Purposes for Which Corporate Stock is Requested.

The following sums are requested to be provided by the issue of Corporate Stock for the construction of new parks and the improvement and betterment of parks and parkways already opened to the public use in the several boroughs:

Manhattan and Richmond.....	\$1,324,000 00
Brooklyn and Queens.....	1,406,395 35
The Bronx	696,000 00
	<u>\$3,426,395 35</u>

The specific purposes for which these amounts are asked by the several Commissioners of Parks are as follows:

BOROUGH OF MANHATTAN AND RICHMOND.

1. Improvement and construction of St. Nicholas Park, between One Hundred and Thirtieth and One Hundred and Thirty-fifth streets	\$100,000 00
2. Construction and equipment of playgrounds and gymnasium, St. Nicholas Park	50,000 00
3. Construction of bays, entrances and comfort stations, St. Nicholas Park	90,000 00
4. Reconstruction loop drive and connections with viaduct approach, Riverside Park	18,000 00
5. Improving Manhattan Square, east of Museum of Natural History, between Seventy-seventh and Seventy-ninth streets, and building traffic roads, etc.	18,000 00
6. Improvement of small park, known as John Jay Park, between Seventy-sixth and Seventy-eighth streets.....	75,000 00
7. Proper water supply for the Harlem river driveway.....	25,000 00
8. Laying new asphalt gutters on bridge roads, etc., Central Park.....	45,000 00
9. Restoring water supply and irrigation system of Central Park.....	100,000 00
10. Repairs and restoration of certain parts of Riverside drive retaining wall	15,000 00
11. For restoring certain parts of the drainage systems in Central Park, and taking the drainage from certain buildings to sewers.....	45,000 00
12. Cleaning the lakes in Central Park, concreting bottoms of same, installing flushing system, etc.....	350,000 00
13. Construction of new asphalt walks in Central and Morningside parks	75,000 00
14. Improvement and Construction of Colonial Park.....	210,000 00
15. Five new propagating greenhouses, Central Park.....	30,000 00
16. Suitable sheds, manure pits and crematory in North Meadow, adjacent to Ninety-seventh street transverse road, Central Park.....	35,000 00
17. Tree planting, etc., Manhattan Square.....	\$5,000 00
St. Gabriel's Park.....	3,000 00
	<u>8,000 00</u>
18. Constructing park in space between One Hundred and Twenty-second street and One Hundred and Twenty-fourth street, Riverside drive and Claremont avenue, directly east of Grant's Tomb	35,000 00
	<u>\$1,324,000 00</u>

BOROUGH OF BROOKLYN AND QUEENS.

19. Completion and equipment of McLaughlin Park, including gymnasium outfits, shelter house and band stand.....	\$76,250 00
20. Completion of Fulton Park, including walks, railing and shelter house	34,750 00
21. Replacing brick pavement with asphalt in Pennsylvania avenue.....	27,247 00
22. Replacing with cement the tar walks surrounding Prospect Park Plaza	10,317 95
23. Concrete paving, from the Fifth street to the Fifteenth street entrance, Prospect Park West.....	7,852 40
24. Improving Rainey Park, including grading, sidewalks, repairs and addition to bulkhead, trees, soil, etc.....	19,900 00
25. Approach to new boathouse and ramp in front of same, Prospect Park	35,000 00
26. Ornamental entrance at Ninth avenue and Fifteenth street, Prospect Park	25,000 00
27. Paving walks surrounding Grecian shelter, and grading and planting surrounding area, Prospect Park.....	3,900 00
28. Comfort house at main entrance, Prospect Park.....	12,000 00
29. Shelter at tennis grounds, Prospect Park.....	50,000 00

30. Laying out Amersfort Park, including railing, trees, paving walks etc.	18,944 00
31. Shelter at New Lots Playground.....	12,000 00
32. Shelter at Linton Park.....	5,000 00
33. Shelter at Winthrop Park.....	25,000 00
34. Paving walks in Winthrop Park.....	15,000 00
35. Resoil and replant Winthrop Park.....	6,600 00
36. Shelter at McKinley Park.....	4,500 00
37. Constructing lagoon, etc., Dyker Beach Park.....	100,000 00
38. Preliminary work on Williamsburg Park.....	50,000 00
39. Preliminary work at new Willink entrance.....	25,000 00
40. Completion of Highland Park, including grading, topsoil, trees, new toilet building, etc.....	36,500 00
41. Stone wall, Sunset Park.....	50,000 00
42. Grading slopes and shaping lawns, etc., Sunset Park.....	22,200 00
43. Asphalt tile walks, Sunset park.....	24,000 00
44. Sidewalks on Forty-first and Forty-third streets, outside Sunset Park	2,400 00
45. Shelter, Sunset Park.....	50,000 00
46. Shelter at City Park.....	35,000 00
47. Paving walks in small parks as follows:	
Flushing Park	\$1,440 00
College Point Park.....	1,800 00
Cooper Park	7,740 00
Bushwick Park	10,000 00
Irving Square	4,320 00
Saratoga Square	5,280 00
Bedford Park	7,200 00
Seaside Park	8,180 00
	<u>45,960 00</u>
48. Paving sidewalks around small parks:	
College Point Park.....	\$972 00
Bedford Park	1,280 00
	<u>2,252 00</u>
49. Paving walk in front of Seaside Park, Coney Island.....	4,480 00
50. Laying out walks, drives, etc., Forest Park.....	50,000 00
51. Propagating house, etc., Forest Park.....	11,000 00
52. Water tower, equipping pumping station, etc., Forest Park.....	7,500 00
53. Picket fence, Forest Park.....	27,600 00
54. Fence and asphalt walks, Kings Park.....	36,930 00
55. Sidewalks around Kings Park, trees, etc.....	21,400 00
56. Improvements in Linden Park, including top-soil, trees, small building, walks, etc.....	12,800 00
57. New fountain, walks, shelter, etc., College Point Park.....	7,072 00
58. Furnishing and equipping new boathouse, Prospect Park, athletic house on Parade Ground and golf house in Forest Park.....	15,000 00
59. Extension of Bay Ridge parkway.....	40,000 00
60. Repaving Glenmore avenue.....	90,375 00
61. Rebuilding and repaving side roads on Eastern parkway.....	180,175 00
62. Repaving main driveway, Eastern Parkway.....	35,740 00
63. Timber jetty at Coney Island.....	18,000 00
64. Stone for stone apron in front of bulkhead at Coney Island.....	15,750 00
Total	<u>\$1,406,395 35</u>

BOROUGH OF THE BRONX.

Van Cortlandt Park.

65. Raising and improving Colonial Garden.....	\$60,000 00
66. Eliminating swamp south of Colonial Garden and constructing road	140,000 00
67. Macadamizing road along golf links.....	18,000 00
68. Gun Hill road, reconstruction.....	18,000 00
69. Comfort station, Polo Grounds.....	12,000 00
70. Drainage and gutters on Rockwood drive.....	6,000 00
71. Cleaning lake, completion.....	13,000 00
72. Moshulu Parkway, completion of improvement.....	65,000 00
73. Claremont Park, improvement Clay avenue side.....	15,000 00
74. Claremont Park, fireproof vaults, office building.....	10,000 00

Crotona Park.

75. Improvement, One Hundred and Seventy-seventh street side....	24,000 00
76. Improvement, north.....	8,000 00
77. New roads and paths.....	15,000 00
78. Drainage and grading.....	5,000 00
79. Macomb's Dam Park, improvement, completion.....	20,000 00
80. Drinking fountain, Macomb's Dam Park.....	6,000 00

Bronx Park.

81. Foot bridge at falls.....	8,000 00
82. Path around lake.....	7,000 00
83. Cleaning and improving Bronx river.....	3,000 00
84. Drainage east of Bronx river.....	3,000 00
85. Improvement, westerly side of Bronx Park.....	8,000 00
86. Widening Boston road, Bronx Park.....	16,000 00
87. Improvement southerly and northerly ends, complete, Franz Sigel Park	13,000 00
88. Reconstructing comfort building, Franz Sigel Park.....	3,000 00

St. Mary's Park.

89. Asphalt walks	18,000 00
90. General improvement, northerly portion.....	6,000 00
91. Improvement, Old Passage road.....	9,000 00
92. New roads to stables.....	2,000 00
93. Bronx and Pelham Parkway drinking fountain.....	6,000 00

Pelham Bay Park.

94. Widening and macadamizing Split rock road.....	32,000 00
95. Constructing new road on Rodman's Neck.....	48,000 00
96. Completing road along Pelham Bay shore.....	8,000 00
97. Drainage of low lands along railroad.....	10,000 00
98. Additional bath houses, Orchard Beach.....	3,000 00
99. Improvement of bathing beaches.....	6,000 00

For Small Parks and Squares (34).

100. General improvement, including railing and fencing where required	25,000 00
101. Small drinking fountains in parks, furnishing and erecting.....	2,000 00
102. Care of all trees in highways under the jurisdiction of the Park Department	25,000 00

Total

\$696,000 00

How the Examination Has Been Conducted.

In order to obtain authentic information as to park conditions in the several boroughs of the City, a representative of the Investigations Division has, in company with representatives of the Park Board, made a tour of the parks and parkways of the City and viewed the conditions existing therein, giving particular attention to the places and localities mentioned in the applications under consideration. Analysis has also been made of the expenditures during the year 1905 of moneys provided for similar purposes by Corporate Stock issues previously authorized. The results of this examination are hereinafter set forth, together with the conclusions of your representative as to which of the many improvements would, in his judgment, seem to be most pressing and to demand the approval of the Board of Estimate and Apportionment this year.

The various items included in the estimates of the Commissioners have, for the purposes of this report, been numbered consecutively, as may be seen in the foregoing

summary, and for convenient reference the facts as ascertained respecting each item of proposed expenditure will be set down in the same order.

Following is the statement relating to the application for Corporate Stock made by the Commissioner of Parks, Boroughs of Manhattan and Richmond:

BOROUGH OF MANHATTAN AND RICHMOND.

The first item contained in the estimate of the Commissioner of Parks, Boroughs of Manhattan and Richmond, is for \$100,000 to be expended in the improvement and construction of that section of St. Nicholas Park lying between One Hundred and Thirtieth and One Hundred and Thirty-fifth streets. It appears from statements made by the Chief Engineer of the Department that, out of balances now available in the Corporate Stock funds for park improvements, contracts have recently been executed for regulating, grading, filling, planting, etc., for that section of the park lying between One Hundred and Thirty-fifth and One Hundred and Forty-first streets. The aggregate estimated cost of the construction work contracted for in this section, namely, One Hundred and Thirty-fifth street to One Hundred and Forty-first street, is about \$175,000, and the Commissioner now asks that provision be made for improving and constructing the southerly end of the park, extending from One Hundred and Thirtieth street to One Hundred and Thirty-fifth street. Tentative plans have been prepared by the Engineers of the Department, showing the character of the work proposed to be done in the section of the park below One Hundred and Thirty-fifth street, the estimated cost of the improvement, based on these so-called tentative plans, being \$100,000.

This park, or a portion of it, has been in the possession of the City for upwards of ten years, and as yet very little has been done towards putting the land in condition for use by the public. As previously stated, the Commissioner has let a contract for regulating, grading, filling in, etc., that portion of the park between One Hundred and Thirty-fifth street and One Hundred and Forty-first street. The request for the appropriation of additional funds for a similar development of the lower section of the park, viz.: from One Hundred and Thirtieth street to One Hundred and Thirty-fifth street, would seem to be one that should be granted.

This would, in all probability, provide for the completion of the preliminary work of park construction in all of the easterly portion of the park. It would, at any rate, provide for making a considerable portion of the park available for public use.

Items No. 2 and No. 3. The second item is for the construction and equipment of playgrounds and gymnasiums in St. Nicholas Park in that section bounded by One Hundred and Thirty-sixth and One Hundred and Thirty-eighth streets, St. Nicholas terrace and Amsterdam avenue. The amount asked for this purpose is \$50,000. It is proposed to erect in this section a complete equipment for athletic sports and playgrounds. It is also in contemplation to close One Hundred and Thirty-seventh street, from Amsterdam avenue to St. Nicholas terrace, thus throwing all of the area into one parcel. Item No. 3 is for the construction of bays, entrances and comfort stations, the amount asked for being \$90,000, which estimate is based upon rough surveys and plans of the Engineer of the Department.

It seems hardly practicable to provide for the completion of all of the work specified in these two items during the current year, as most, if not all of it would have to be deferred until the preliminary work of preparing the grounds, as described in the first item, is finished.

Item No. 4 is for the proper reconstruction of the loop drive and connections with the viaduct approach, Riverside Park, at One Hundred and Twenty-seventh street. The amount specified as required for this work is \$18,000. The Engineer makes the observation that this work is absolutely essential, and that the drive and slopes on either side of it are in a disgraceful condition, the slopes being constantly washed away. This contemplates the raising of the grade on the westerly side of the loop drive just north of Claremont, and the filling in and remaking of a short stretch of road. It would doubtless result in the establishment of an easier grade at this point, but your Examiner reports that there are no visible evidences of any very serious damage done to the drive and slopes in consequence of the present steep grade.

Item No. 5 is for improving Manhattan Square, a large area of waste land lying east of the Museum of Natural History, between Seventy-seventh and Seventy-ninth streets. The sum estimated as necessary for this improvement is \$18,000. The plans of the Engineer include the construction of a traffic road from the entrance for employees and tradesmen of the museum to Eighth avenue. This road is to be eighteen or twenty feet wide, and made of asphalt block. It is also proposed to construct a foot walk of asphalt for the use of the attendants and help employed in the museum. The balance of the area is to be parked with trees and shrubbery, thus making a picturesque square alongside of the museum.

Item No. 6 is for the improvement of the small park known as John Jay Park, between Seventy-sixth and Seventy-eighth streets, and fronting on the East river. The amount specified is \$75,000. The land for this park was acquired by the City in July, 1902. Other than the regulating of a portion of the land so as to make it available for a temporary playground for children, there has been no construction work done. A few swings and other equipment have been provided for recreation and athletics. The final development of the park will require either the construction of a bridge over Seventy-seventh street or the formal closing of that street. In the mean time, however, the whole of the area purchased for this park can be put into proper condition for use by the people of the neighborhood. That part of the park lying north of Seventy-seventh street has been left undeveloped, and is being used by some private party for truck farming. The Park Department Laborers and their Foreman were not informed of the fact that the City owned the piece of land lying on the bluff north of Seventy-seventh street. This is a very populous section of the City and, if the upper portion of this little river front park were developed and laid out as a recreation place, it would probably be one of the most popular of the City's small parks.

Item No. 7 is for \$25,000 for the installation of a more efficient water supply for the Harlem River driveway. The Chief Engineer of the Park Department states that the lack of a proper water supply is a source of great inconvenience to those using said driveway, and the examination that has been made in this matter would seem to indicate that this request should be approved by the Board of Estimate and Apportionment.

Item No. 8 specifies the sum of \$45,000, as required for the laying of new asphalt gutters in place of the cobblestones on the bridle roads and certain sections of the drive gutters in Central Park. The examination has shown that practically all of the old cobble and stone block gutters are now from six to ten inches lower than the centre grade of the drives or the bridle roads, owing to the fact that the roads have been resurfaced from time to time. In 1900, 1901, 1904 and 1905 many of the old stone gutters were removed and new ones put in their place, the new ones being of asphalt two inches in thickness, laid over concrete varying from four to seven inches in depth, the concrete, in most cases, being placed on the existing stone gutters. The new gutters are cleaner than the others and give much better satisfaction. It is stated that the estimate of the Park Engineers of \$45,000 would provide for the substitution of the new style of gutters for all of the existing stone gutters in the park. The Engineer states that the installation of the asphalt gutters increases the width of the available driving space on the main roads from six to eight feet. This is due to the fact that on all roads where the old gutters are still in use there is a slope of from three to five feet on both sides so as to bring the edge of the road to the level of the present gutters. The building up of the new gutter raises the level of the road on both sides, and results in a more satisfactory drainage. The old gutters and sewer heads, being low, are now frequently choked up and constantly in need of cleaning and repairs. The amount specified will be sufficient not only to replace the old cobblestone gutters with asphalt, but also to provide for the construction of new drains, basin heads and sewer boxes where they may be required.

The changing of the level of the gutter will, in some instances, also necessitate the regrading of walks running alongside the roadways. In such cases it has been the custom to construct a new walk of rock asphalt mastic to conform with the new grade. The rock asphalt mastic is made of powdered rock, bitumen, grit and asphalt boiled together, and, it is said, makes a hard and durable walk, thus throwing off the surface water and making a more perfect drainage generally. The Chief Engineer states that the first of this work of replacing cobblestone gutters with asphalt gutters was done in 1900, almost six years ago, and that as yet no repairs to the new gutters have been found necessary. This, he states, results in a great saving in labor and materials, as the old-fashioned gutters require almost constant attention, not only for repairing, but for cleaning.

Item No. 9 is for \$100,000 to properly restore the water supply and irrigation system of Central Park. The Chief Engineer states that the water supply pipes throughout five-sixths of the area of Central Park are old-fashioned cement pipes with sheet-iron lining. Very many of these old pipes, it is stated, were laid over forty years ago. On account of the leaks and cracks in these mains, large quantities of water are wasted

every day and, as a result, certain parts of the park are frequently in a wet and swampy condition. Furthermore, the park officials declare that, owing to the weakness of the pipes, it is not possible to put on the pressure necessary to furnish water in certain elevated portions of the park. There is now no high pressure water service in any part of Central Park and, as a result, there are localities where there is no water to be had for any purpose whatever. The present water supply system is said to have absolutely outlived its usefulness and that it cannot be further repaired with economy or lasting effect.

About six years ago, modern cast-iron water pipes, with new hydrants, stop-cocks, sprinklers for level lawns, etc., were put in through that section of the park known as the West Meadow. The old water supply plant there had become useless and the whole territory was literally swamped, owing to frequent breakages and leaks. Since the installation of the modern cast-iron water pipes in this section of the park there has been plenty of water at all times, and the muddy lawns and swampy condition of the land generally have disappeared. There has never been any scarcity of water in this territory, even under the low pressure which the Department has to maintain, owing to the defective condition of the connecting pipes supplying other sections. It is not possible to put on a high pressure, even where the new pipes are located, although the pipes are now laid right up to and ready for connection with the high pressure service. The Engineer estimates that \$100,000 would be sufficient to complete the establishment of a proper water supply system throughout the park. The statement is made that water pressure at present varies from six to twenty-five pounds, according to the elevation.

Item No. 10 is for repairs and restoration of certain parts of Riverside drive retaining wall. The Chief Engineer reports that his examination has shown a serious settling in the wall and it is his judgment that it should be torn down at an early date and rebuilt on a proper foundation, thus necessitating the rebuilding of the roads and drives at the top. The amount requested to be appropriated at this time is \$15,000. This, it is estimated, would permit of immediate repairs to two particular points where a serious settlement is made plainly visible by breaks in the masonry at the top of the wall and close to the sidewalk on Riverside drive.

Item No. 11 is for restoring parts of the drainage system of Central Park and taking the drainage from certain park buildings to the City sewers. The Chief Engineer states that there is a very defective drainage on the west side of the park, between Ninetieth and Ninety-fifth streets, and on the drives and lands adjacent thereto. New basins and a trunk sewer are required on the transverse road at Sixty-fifth street, between Sixth and Seventh avenues. It is the intention to run a trunk sewer from Seventy-second street and Eighth avenue to the existing trunk sewer which leads to the mineral springs, centre drive, and to the city sewer, which now runs through the park. This, it is believed, will effect a proper drainage of the bridle road and the low ground between Seventieth and Seventy-third streets. In 1904 and 1905 considerable work of this kind was done. Connections are also to be made with the two urinals now in the Ramble, which at present drain into the lake. Until a year or two ago there were about a dozen public urinals, the sewage from which was discharged into the lake, and there still remain other objectionable drainage features which should be removed.

Item No. 12. The sum of \$350,000 is requested to clean the lakes in Central Park, concrete the bottom of the same, construct new bulkhead walls where required, install a sanitary flushing system and provide for filling in parts of the lakes where the water is too deep.

This is a proposition which has long been discussed, but no comprehensive plan for permanently improving the condition of the lakes has ever been undertaken. The Chief Engineer of the Department says that the question is one which must soon demand the serious consideration of the City's officials. At present, he says, there is but one lake, the lower lake, that can be satisfactorily cleaned and kept in a condition not a menace to the health of the city. About ten years ago this lake was cleaned, the bottom scraped of a foot or more of mud, and a new bottom of five or six inches of concrete was laid. In this case it is a comparatively easy matter to run the water out of the lake and set cleaners to work with steel brooms removing the accretions. The other and larger sections of the lake cannot be so cleaned, and there are very many complaints during the summer season about their filthy condition. Representatives of the Department of Health, it appears, have declared that the green scum, which is frequently to be found on the surface of the Central Park lakes, is malarial producing and mosquito breeding. The lakes, with the side embankments and the bottoms in their present condition, cannot be properly cleaned by flushing, as this only results in stirring up the mud.

Assuming the situation in summer to be as has been represented by the Department of Health officials, it would seem that provision should be made for some such work as is recommended by the Engineer of the Department of Parks. There might be some danger, however, in opening up and exposing the bottom of the entire lake at one time, and the suggestion is here made that it be undertaken in sections, say, one-third of the work to be provided for and done after the close of the coming summer season. Another section could be dredged, filled and concreted in the late winter and early spring of 1907. In this way there would be less danger of any disease epidemic which might possibly result from the turning up in midsummer of the mud and rotten growth and accumulations such as must be found on the lake bottom.

Item No. 13 is for the laying of new asphalt walks in place of the earth, clay and gravel walks in Central and Morningside Parks. It has been found that the old-style earth and gravel walk is, in the end, more expensive to maintain and that it is also difficult to prevent the sagging of the walks in many places, making them impassable in wet seasons. It has been the policy of recent administrations to provide each year for the replacing of a certain amount of the old walks with new asphalt walks laid on a bed of concrete. For this purpose the sum of \$75,000 is asked to be appropriated this year, but as there do not appear to be so very many of the old style walks still remaining in Central Park, and but few in Morningside Park, an appropriation of \$25,000 would probably permit of the relaying of a reasonable number of these paths and walks this year. The relaying of the remainder may be provided for in future appropriations.

Item No. 14 is for the preliminary development of Colonial Park. This has an area of 12.79 acres, located at One Hundred and Forty-fifth street and One Hundred and Fifty-fifth street, Bradhurst avenue to Edgemont avenue. This land was acquired by the City some years ago, and, although the Department has been called upon at various times by the people of the locality to proceed with the construction of the park, no progress has been made toward making the place available for use by the public. The sum of \$210,000 is specified in the application under consideration as being necessary for the improvement and construction of this park. As final plans indicating the definite character of the improvements proposed to be made have not yet been completed, no specific recommendation as to the reasonableness of the figure mentioned can be made. However, there can be but little question as to the obligation resting upon the Department to proceed with the construction of this park for the benefit of the residents of this part of the City, and it would seem wise that an appropriation of at least one-half of the sum asked for should be made at this time. This would provide for the removal of certain dwelling and apartment houses located at the southern end of the park lands, for regrading, resoiling and for some tree planting. The construction of shelter houses, comfort stations, walks and paths can be deferred until the preliminary work here referred to is completed.

Item No. 15 is for \$30,000 to provide for the construction of five new propagating greenhouses in Central Park. Your representative conferred with Mr. Samuel L. Parsons, Jr., the Landscape Architect, regarding this proposition and was informed that the accommodations afforded by the greenhouses erected some seven years ago, in the neighborhood of One Hundred and Sixth street and Fifth avenue, have never been adequate for the requirements of the Department. Urgent need for a better equipment for propagating purposes has long existed, and it is represented that, with the furnishing of the additional facilities asked for considerable economy will result in the matter of furnishing flowers and plants for decorative landscape and ornamental purposes. It is proposed, providing the appropriation is allowed, to erect new greenhouses especially designed for the propagation of plants and contiguous to those already located at One Hundred and Sixth street and Fifth avenue.

Item No. 16 is for \$35,000 for the construction of suitable sheds for the storing of Department wagons and trucks, inclosed manure pits, and a small modern crematory for the incineration of the rubbish collected daily in the park. The plans for this provide that the plant shall be built in the north meadow storage yard, just north of the Transverse road at Ninety-sixth street, on a rather comprehensive and permanent scale, with a wagon yard in the center, wagon sheds on three sides, and a crematory, storehouse, shop and office in the four corners of the structure. The space, 90 feet

by 150 feet, is laid out for a manure bed, with smaller areas for the storing of gravel, sand, broken stone and miscellaneous materials. A fence is to be erected around the inclosure, the whole being hidden from general view by trees, shrubs, etc. At present the site of the proposed improvement is occupied by large manure pits not properly fenced in, and the storage yard for wagons, which is located at the same place, has no cover. The rubbish from the park is now burned in an open pile. These conditions are frequently complained of, and your examiner recommends that the request for this appropriation be approved.

Item No. 17 is for tree planting, including the digging of the necessary holes and filling them with mold, in Manhattan Square and St. Gabriel's Park. The sum of \$8,000 is mentioned as the amount necessary to provide for the purchase and planting of these trees. St. Gabriel's Park is a small park at Thirty-fifth and Thirty-sixth streets, First and Second avenues, containing about 2.94 acres. Manhattan Square is on Central Park West, from Seventy-seventh to Eighty-first streets, and comprises about 17.58 acres, upon part of which stand the buildings of the American Museum of Natural History.

Item No. 18 is for \$35,000 to provide for the construction of a park in the space between One Hundred and Twenty-second and One Hundred and Twenty-fourth streets and Riverside drive and Claremont avenue, directly east of Grant's Tomb. This is a piece of ground acquired about eight years ago and consists of approximately eight acres. It is now practically a bare lot and must eventually have some improvements made on it before it will be of any use as a part of the Riverside driveway.

Corporate Stock Disbursements in 1905.

The above completes the report of the survey made by your representative of the conditions existing in the several localities and parks under the jurisdiction of the Department of Parks, Manhattan and Richmond, for which the appropriation of Corporate Stock is requested. An analysis of the disbursements made by this branch of the Park Department from Corporate Stock funds for improvement of parks, parkways and drives, during the year 1905, and audited by the Department of Finance, shows that the sum of \$522,932.53 was expended as follows:

Pay rolls of Inspectors and Engineers employed on construction.....	\$20,317 29
Pay rolls of Laborers.....	216,451 21
Hardware, etc.....	2,605 34
Curbstones, granite, paving, etc.....	73,549 65
Lumber, etc.....	6,968 40
Sewer construction.....	14,250 01
Top soil, manure, etc.....	17,998 22
Electrical supplies.....	984 16
Construction, buildings, pavilions, shelter houses, etc.....	123,326 68
Draughtsmen's and Engineers' supplies.....	245 68
Plumbing, etc.....	415 18
Coal.....	33 35
Lawn mowers, road machines, etc.....	3,975 45
Horticultural supplies.....	10,457 43
Oils, paints, glass, etc.....	2,616 68
Gravel, trap rock, etc.....	26,065 61
Bronze and iron railings, etc.....	1,558 60
Miscellaneous disbursements.....	297 74
Miscellaneous supplies.....	815 85
	<u>\$522,932 53</u>

The expenditures above specified were made from seven different Corporate Stock accounts authorized at various times during the past three years, the several accounts being designated on the City books as follows:

- Improvement and Construction of Parks, Parkways, Playgrounds, Boulevards and Driveways (chapter 466, Laws of 1901).
- Improvement of Extension of East River Park (chapter 320 of the Laws of 1887).
- Improvement of Parks, Parkways and Drives (chapter 466 of the Laws of 1901).
- Improvement of Parks, Parkways and Drives—aspalting in other localities in Central Park (chapter 643 of the Laws of 1897).
- Improvement of Parks, Parkways and Drives, Constructing New Walks Around Arsenal Building and Repairing and Constructing Other Walks in Central Park (chapter 643 of the Laws of 1897).
- Construction and Improvement of Small Parks in the Borough of Manhattan, to wit: John Jay Park, DeWitt Clinton Park, Thomas Jefferson Park and the Small Park at Thirty-fifth Street and First Avenue (chapter 466 of the Laws of 1901).
- Constructing Improved Toilet Facilities in City Parks and Rebuilding Bank Rock Bridge, Borough of Manhattan (chapter 378 of the Laws of 1897, and chapter 466 of the Laws of 1901).

It will be seen that these accounts do not include anything but disbursements for actual park improvements similar in character to those specified in the present application of the Commissioner for an issue of Corporate Stock, amounting to \$1,324,000.

During the year 1905 the amount of Corporate Stock authorized for improvement and construction of parks, parkways, playgrounds, boulevards and driveways was \$600,000, in two issues, the first on January 27, 1905, \$250,000, and the second, March 16, 1905, \$350,000.

It appears further from an examination of the ledgers of the Finance Department that the balance available on December 31, 1905, in the seven Corporate Stock accounts previously mentioned was \$127,542.21. Examination of these same accounts on April 7, 1906, showed that the unexpended balance still to the credit of the Department and available for park improvements was \$93,580.50. It was stated by the Engineer of the Department of Parks, however, that the cost of developing part of St. Nicholas Park, approximating \$75,000, would be charged against this balance, so that virtually but little if any available moneys remain.

It may be seen from an examination of the foregoing figures that the item of Department labor charged to Corporate Stock account, and altogether exclusive of that paid for labor out of the Budget appropriation accounts, amounted, during 1905, to \$216,451.21, which, together with the pay-rolls of Inspectors and Engineers employed on construction work, \$20,317.29, is practically \$237,000, or about forty-three per cent. of the total disbursements from Corporate Stock accounts during the year.

As in the case of the Department of Parks, boroughs of Brooklyn and Queens, referred to in a report of the Investigations Division under date of March 12, 1906, it appears that the pay-rolls of park laborers charged to appropriation account and Corporate Stock are combined, and the amounts of said rolls to be charged to the different classes of accounts are determined by officials in the office of the Commissioner of Parks, such directions being accepted by the Auditors of the Department of Finance. The question again arises whether the Department of Parks should not be required to make separate pay-rolls for all employees of the Department engaged on construction or betterments, disbursements for which purposes may properly be charged to the Corporate Stock funds, so as to permit of an intelligent and competent audit in the Department of Finance.

The items of disbursement during 1905, contained in the foregoing statement, which would appear to have added most materially to the attractiveness and accommodation of the park system to the public, are the following:

For curbstones, granite, paving, etc.....	\$73,549 65
Sewer construction.....	14,250 00
Top soil, manure, etc.....	17,998 22
Buildings, pavilions and shelter houses.....	123,326 68
Horticultural supplies.....	10,457 43
Gravel and trap-rock for roads.....	26,065 61

BOROUGHES OF BROOKLYN AND QUEENS.

The park and parkway situation in the Boroughs of Brooklyn and Queens presents quite a different aspect to that of the other boroughs. Included in the system are 43 small parks and 13 gores, containing in all 1,720 acres, and a number of so-called parkways, the approximate length of which is 45 miles. Of the park area previously mentioned, 1,143 acres are in Brooklyn and 577 acres in Queens.

During the past few years a number of new sites have been acquired for small parks and playgrounds, increasing the demands of the Department for Corporate Stock issues to provide funds for the conversion of the land acquired to park purposes. During the year 1905 two issues of Corporate Stock, aggregating \$550,000, were authorized for the improvement of parks, parkways and drives. Of this amount \$197,000 was

expended for department labor and the balance utilized in increasing the public accommodations in the parks. Much progress was made during 1905 in the construction of shelter houses, comfort stations, a golf club house, a club house for patrons of the open athletic games on the parade ground, a new boat house in Prospect Park, and in other permanent improvements, such as the building of stone walls and sidewalks.

The application now under consideration, amounting to \$1,406,395.35, consists of 46 separate items, the largest part of which, upon examination, appears to be reasonably demanded by the existing conditions in the parks. Your Examiner, as in the case of Manhattan, has made a tour of the localities and places specified by the Commissioner as requiring further improvements this year, and the following report, covering the facts in each instance, is based upon observations made by him.

Item No. 19. The first item in the Brooklyn and Queens schedule is that of \$76,250 for the construction of a park and playground in McLaughlin's Park, located at Bridge, Tillary, and Jay streets, Brooklyn. This park, which consists of about 3.3 acres, was acquired June 27, 1902. The dwellings and other buildings formerly located on the site have been torn down, the rough grading and drainage of the plot have been completed, and a temporary fence has been erected around the land. The plans for the development of the park include the construction of interior walks and sidewalks; the building of a stone coping and iron railing in place of the present temporary fence; a combination shelter house, comfort station and band stand; playgrounds for boys and girls; and topsoiling and planting in portions of the park. This park is in one of the most populous sections of the borough and, when finally developed in the manner outlined in the Commissioner's plans, should be one of the most largely used park spots in the City. If any discrimination is to be exercised in determining which of the several improvements shall be first undertaken, it would seem that the most urgent demand would be for the construction of the playgrounds and gymnasium plants for boys and girls. After these the construction of interior walks should receive consideration. The erection of the proposed shelter house, band stand and comfort station will, when undertaken, greatly increase the attractiveness and usefulness of the park to the public.

Item No. 20 is for the sum of \$34,750 for the construction of an iron railing, sidewalk and shelter house, with comfort station combined, in Fulton Park, which is a triangular piece of about two acres bounded by Lewis avenue, Chauncey street, Stuyvesant avenue and Fulton street. The land for this park was acquired July 15, 1904. It has been graded and covered with topsoil, and the preliminary work for the construction of a fountain in the centre has been completed. This will make a very pleasant and picturesque spot when finally developed, but may be considered, with the exception of the convenience to the public that will be afforded by the comfort station, more ornamental than useful. The interior walks, according to the Commissioner's specifications, require 21,600 square feet of tile walk at 20 cents a square foot, \$4,320, and the shelter house, including a comfort station, is estimated to cost \$10,000. The construction of new sidewalks and the iron railing may be deferred to a later date.

Item No. 21 is for \$27,247 for the repaving of Pennsylvania avenue with asphalt on a concrete foundation. The Engineers' plans also provide for new manhole heads and covers, wherever necessary, and for the resetting of the present curb, as well as the purchase of about 1,000 feet of new curbing. Pennsylvania avenue is one of the thoroughfares in the Twenty-sixth Ward which, during the years prior to consolidation, were transferred to the County park system of Kings and placed under the direction of the Park Department. It was paved in 1896 with vitrified brick but has never been regarded as a satisfactory piece of work in that it was not laid on a good foundation. The brick is very much worn and disintegrated, and depressions may be found in all parts of the roadway. It would seem that the estimate for repaving with asphalt is a reasonable one and, in view of the condition of the present pavement, this application should be approved.

Item No. 22 is to provide for the relaying of the walks in Prospect Park Plaza, fronting the main entrance, on Union street. The present walks were laid some fifteen years ago and are what was called "Grimshaw walks," made of tar and gravel. They are now pretty generally worn out and should be replaced with cement walks, as is proposed by the Commissioner. This work, which includes the laying of 46,973 square feet of cement sidewalk, the resetting of the present curb, 200 cubic yards of concrete foundation, and a new brick gutter around the plaza, is estimated to cost \$10,317.95.

Item No. 23 is for \$7,852.40 to complete the construction of a concrete sidewalk along the west side of the park, Prospect Park West, connecting with a similar walk laid during 1905 from the main entrance at Union street to Fifth street. The new walk is to extend to the Fifteenth street entrance. This walk, which is ten feet wide, with the edges on either side sodded and seeded, makes a most desirable improvement in the west side of the park, and one which has been greatly appreciated by the residents of that section of the City, as well as by others who visit the park. During the past year a very substantial and artistically constructed stone wall has been placed along the west side of the park, and this, together with the sidewalk which the Commissioner now desires to build, makes one of the best improvements that has been added to the park in several years. The portion of the walk to be completed includes 39,016 square feet, which is estimated to cost 15 cents a square foot, or \$5,852.40, and 2,000 cubic yards of soil at \$1 a yard, or \$2,000.

Item No. 24 is for \$19,900, to provide for the preliminary development and construction of Rainey Park, which consists of about 5.05 acres at Vernon avenue, Long Island City, extending back to the water front on the East river. This property was acquired by the City April 13, 1904, and, aside from the demolition of a few small buildings located on the tract, no work has yet been done. The location is a desirable one for park purposes, and later, when the immediate vicinity is more thickly populated, will prove a very desirable spot. It overlooks the river, along which there is a small dilapidated bulkhead. The plans of the Commissioner and the estimated cost of the several specifications for the improvement of the park are as follows:

Grading park area.....	\$8,000 00
Sidewalk in front of the park.....	900 00
Repairs and addition to bulkhead.....	3,000 00
Trees, shrubs and plants.....	1,500 00
Soil.....	6,500 00
	<u>\$19,900 00</u>

If the building of this park is considered necessary at this time, it would seem that the most important part of the proposed improvement would be that of reconstructing and repairing the present bulkhead, which, if much longer delayed, will cost considerably more than if done at present. The grading of the park should next be undertaken. The re-soiling and planting might well be deferred to a later time.

Item No. 25 is for \$35,000, this being the amount estimated by the Architects and Engineers as necessary for the completion of a platform or ramp on the lake side of the new boathouse in Prospect Park, which is now nearing completion. The plans for the building include the construction of this platform, which is to extend over the water and be of a highly ornamental design. A number of settees on this platform are provided for, and the Commissioner also desires to build new walks leading from the main walks to the new boathouse.

Although your Examiner has no definite information as to just what this work will cost, it is clear that some provision must be made for the completion of this work, as the new boathouse, which is one of the handsomest structures in the park system, should be made available for public use at the earliest possible date. At present there are no Corporate Stock funds available for this purpose.

Item No. 26. This is for \$25,000, the estimated cost of the construction of a new entrance to Prospect Park, at Fifteenth street and Ninth avenue. There is a large plaza in front of this entrance to the park similar to that at the Union street end, but, aside from the laying out of the lines of the circle and the sodding of small plots opposite the park, no ornamentation or other improvement has ever been attempted. The entrance is an open drive without gates or statuary of any kind. This section of the City has had a most rapid and high-class development during the past few years, and at present some of the most valuable pieces of residential property in Brooklyn are located here. There is a constant demand for a further improvement and beautification of the west side of the park, which for many years has been neglected in this regard. The several entrances to the park, with the exception of that at Ninth avenue and Fifteenth street, have been more or less ornamented during the last fifteen years, and the Commissioner now recommends that some such improvement be made at this point.

Item No. 27. This is for \$3,900 for the construction of a walk to be made of asphalt tiles connecting the main walks with the Grecian shelter, constructed on the east side of the park about two years ago. This building is of marble and one of the most beautiful structures to be found in the City's park system. At present, however, it is of no practical use and can only be made so by the completion of the walk leading to the building, as proposed by the Commissioner.

Item No. 28. Under this item \$12,000 is requested for the construction of a comfort house for men at or near the main entrance to Prospect Park. There are similar accommodations for women just inside of the main entrance, and there has been a great deal of complaint about the lack of accommodations for men. This is an improvement which is generally conceded to be of urgent necessity.

Item No. 29 is for \$50,000 for a shelter house at the tennis grounds. The Commissioner, in his application, states that the tennis grounds are patronized by hundreds and sometimes thousands of people throughout the season, and that, in case of a severe storm, there is absolutely no shelter in the vicinity of these grounds. As a result, people have to find what little shelter they can under the neighboring trees. There is also considerable complaint, it appears, because of a lack of comfort house accommodations for both men and women in the immediate neighborhood of the tennis grounds. The Commissioner's description of the situation would appear to be undoubtedly correct, and it is the judgment of your examiner that the necessity for this improvement speaks for itself. Furthermore, it is one which is calculated to be of greater public utility and more permanent and lasting benefit to the users of the parks than many others recommended, which may well be deferred until such time as sufficient funds can be had for all the park purposes.

Item No. 30 is for \$18,944 for the construction of walks and sidewalks, topsoiling and planting, and for the placing of an iron railing and coping around Amersfort Park. This park, which is located at East Thirty-eighth and East Thirty-ninth streets, Avenue I to Avenue J, in the Flatbush section, consists of 3.56 acres and was acquired July 15, 1904. The largest item in the estimate of the Commissioner is for \$11,900 for the construction of an iron railing and coping. This section of the city is building up very rapidly, and the park, which is used principally for tennis, is becoming more popular each year. For the present, however, it would seem that if the item of \$1,500 for topsoil, trees and shrubbery were allowed, this would be all that is necessary.

Item No. 31 is for \$12,000 for the construction of a suitable shelter, with toilet facilities, on the children's playground at New Lots. This playground, which is for boys and girls and includes a gymnasium equipment, is located in the section immediately adjoining Brownsville, and is very largely used by the children and young people of the neighborhood. Up to the present time no provision has been made to shelter these people or otherwise care for their needs. This request is a proper one and the amount asked for would appear to be very reasonable.

Item No. 32 is for \$5,000 for the construction of a shelter, with toilet facilities, in Linton Park, Twenty-sixth Ward. As yet there is no very large population immediately surrounding this park and it is doubtful whether the place is used sufficiently to make necessary the construction of the proposed shelter house.

Item No. 33 is for \$25,000 for the construction of a new stone shelter house, with toilet accommodations, in Winthrop Park, Greenpoint. This park is located in one of the most populous sections of Brooklyn, being at Russell street, Nassau avenue, Monitor street, and Driggs avenue. It consists of 9.1 acres and was built about fifteen years ago. It is now one of the best kept and most attractive parks in Brooklyn. It is very largely used and the demands of the people visiting it require that a much larger and most substantial shelter and comfort house be provided. The present toilet building near the southerly side of the park is a small structure put up about ten years ago and was probably only intended as a temporary building. The frame shelter house erected in the centre of the park over twelve years ago is now in bad repair, and the statement of the Commissioner that it is not suited for the purpose would appear to be correct. The intention is to take down both of these buildings and replace them with a modern substantial structure, affording both shelter and toilet accommodations. If this could be done for the sum asked for it would appear to be a request that should meet with the approval of the Board of Estimate and Apportionment.

Item No. 34 is for \$15,000 for asphalt tile walks in Winthrop Park. The present walks are made of dirt with crushed bluestone screenings thrown upon them from time to time. They appear to be in fairly good condition and might, if necessary, serve all purposes for some time to come.

Item No. 35 is for \$6,600 for topsoil, trees and shrubbery for Winthrop Park. The Department Engineer states that there is a lack of proper nourishment in the soil in this park, and that trees set out at the time of the construction of the park have not thrived, and a large number have decayed and died.

Item No. 36 is for \$4,500 to provide for the construction of a small shelter house with toilet facilities in McKinley Park, a small triangular park at Fort Hamilton avenue, Seventh avenue and Seventy-third street. As yet this is a sparsely settled section of the borough, and the park, it is said, is mostly used by picnic parties. The money is asked for to provide proper accommodations for these people.

Item No. 37 is for \$100,000, the estimated cost of constructing a lagoon covering an area of about three acres in Dyker Beach Park. This park was acquired by the City in 1895 and 1896, and, although very complete plans for its development were prepared by the late Frederick Law Olmstead, but very little construction work has as yet been done. The present scheme is to sheath the borders of the proposed lagoon and excavate the material, depositing the same along the sides of the lake so formed. The site of the proposed lagoon is in the meadow land just south of the causeway or bridge leading from Fort Hamilton to Cropsey avenue. The depth of the proposed lagoon would be about five feet, the plans including the construction of a water gate or masonry lock at the southern end of the lagoon to permit of flushing with water from New York Bay. After the surface soil is removed, the Engineers calculate that the remainder of the dredging can be done by pumping. The amount mentioned as being required for this work would, it seems, hardly indicate what the total cost would eventually be. The sum stated is, according to the application of the Commissioner, the estimated amount necessary for the preliminary work.

Item No. 38 is for \$50,000 to further extend the area devoted to playgrounds in Williamsburg Park. It is also desired to fence in the entire area of the park with a temporary wooden fence, collect and dispose of all the rubbish, take up the pavements of the streets bisecting the park, which streets are to be closed, and to otherwise prepare the park site for final development. These are but a few of the plans prepared by the landscape architect preparatory to the actual construction of the park, the cost of which must eventually run up into a very large sum. There are about 43 acres in the Williamsburg Park lands, and a large part of this area has recently been made the dumping ground for a lot of refuse from manufacturing establishments and building contractors in the neighborhood. There should be some means adopted to prevent the continuation of this dumping, as the materials placed there can hardly be considered of the kind that can be utilized for park construction. The manner of handling the existing conditions should be best known to the Park Commissioner, and at least a portion if not all of the amount asked for should be appropriated to enable him to meet the demands of the situation.

Item No. 39 is for \$25,000 for the preliminary regrading and cleaning up of the recently acquired land lying opposite the Willink Entrance to Prospect Park. This will eventually be made an extension to the Institute Park, and, preliminary to the actual work of construction, the Commissioner desires to clean up the land and construct a temporary fence around it.

Item No. 40 is for \$36,500 for the completion of Highland Park, which is located in the Ridgewood section of Brooklyn and extends across the boundary of Queens. The work of construction has been going on for a number of years, and has so far progressed, the Commissioner states, that it can be safely assumed that it will be finished during the current year, providing the appropriation asked for is authorized. The principal requirements at the present time seem to be the placing of new topsoil on the land, the planting of trees, shrubs and plants, and the labor cost in grading the banks and spreading the soil and planting the trees, etc. Another item included in the amount specified as necessary to complete the park is \$5,500 for a new toilet building. The present building is a small frame cottage-like affair. It is stated that this park is very largely patronized during the summer, a band concert being given on certain nights of the week under the direction of the Department. There are about sixty acres in the park, exclusive of the land occupied by the reservoirs of the Department of Water Supply, Gas and Electricity. The park now appears to be in a fairly satisfactory condition, and is, for all practical purposes, complete. The present toilet building might still be used for some time, and, if considered necessary in order to permit of what might be considered more urgent work in the other parks, could also be deferred.

Item No. 41 is for \$50,000 to construct a retaining wall at Sunset Park on Seventh avenue, between Forty-first and Forty-fourth streets; Forty-fourth street, between Fifth and Seventh avenues, and Fifth avenue, between Forty-third and Forty-fourth streets. The estimated cost of this wall, the Commissioner states, is based on the price paid for that already constructed along Fifth avenue. Sunset Park is on an elevated plot, located in the Eighth Ward, and perhaps furnishes one of the most complete bird's-eye views of the City that is to be obtained from any of the parks in Brooklyn. The completion of the work of grading the slopes on the sides of the park must naturally be deferred until the proposed wall is constructed. For this work, as well as for topsoiling and the planting of trees, plants and shrubbery, an additional sum of \$22,200 is requested and included in the above schedule as Item No. 42.

Item No. 43 is for the construction of asphalt tile walks in the interior of Sunset Park, the estimated cost of which is \$24,000.

Item No. 44 is for concrete sidewalks on Forty-first and Forty-third streets, estimated to cost \$2,400.

Item No. 45 is for \$50,000 for the construction of a substantial and modern shelter house with toilet accommodations. The representative of the Finance Department and the Engineer of the Park Department in charge of the improvement work in the parks of Brooklyn and Queens conferred as to which of the several purposes for which appropriations are asked for Sunset Park should first be considered, with the result that it was agreed that a recommendation would be made to the Comptroller in favor of an appropriation for the construction of a shelter house and comfort station first, and an amount sufficient to complete the interior walks with asphalt tile instead of the dirt walks now in the park. The fact has been established that there is a very considerable use made of this park by mothers and children, making the furnishing of toilet accommodations and shelter absolutely necessary, and also requiring the construction of the interior walks, as the present walks are frequently impassable after heavy rains. A much cheaper walk could undoubtedly be laid if broken bluestone screenings were used, but the Department Engineer states that it has been found in the Department that the most satisfactory and economical walk for park purposes is asphalt tile, which permits of the necessary seepage and is cleaner and more durable than any other kind of walk.

Item No. 46 is for \$35,000 to provide for the construction of a combination shelter and toilet house in the City Park, which is one of the oldest parks in the City and is located at Park and Flushing avenues and Navy street, in the neighborhood of the Brooklyn Navy Yard. Although the present buildings are but little used except by loungers, the park is in one of the busy sections of the borough and quite a number of people cross it from one end to the other all the time. The present shelter in the centre of the park is an open pavilion and really affords protection from the heat of the sun only. The toilet is a small stone structure with inadequate accommodations and is said to be absolutely unsanitary.

Item No. 47 is for the sum of \$45,960 to provide for repaving with asphalt tile the interior walks in the several small parks as follows:

Flushing Park	\$1,440 00
College Point Park	1,800 00
Cooper Park	7,740 00
Bushwick Park	10,000 00
Irving square	4,320 00
Saratoga square	5,280 00
Bedford Park	7,200 00
Seaside Park	8,180 00
Total	\$45,960 00

An examination was made of the present walks in all of these small parks. In most of them the walks are of broken bluestone screenings and it would seem that the use to which these parks are put would hardly justify the expenditure of so large an amount for the substitution of asphalt tiles. With a little attention from time to time, the throwing of additional screenings on the present walks and proper rolling down, they might be made to serve the purposes intended for quite some time.

Item No. 48 specifies the sum of \$2,252 as necessary for the paving of the sidewalks around College Point and Bedford Parks, the proposed sidewalk to be of concrete. At Bedford Park, which is located at Brooklyn avenue, Prospect place, Kingston avenue and Park place, Brooklyn, it was found that a new sidewalk had been laid on one side of the park and it is desired to continue the same concrete walk all around the park. At present the walk is of large bluestone flagging and, owing to the carting of materials for the construction of a new comfort house just about completed, the pavement has been broken in some places. In College Point Park the sidewalks appear to be in a fairly satisfactory condition and there would seem to be no urgent necessity for laying a concrete walk this year.

Item No. 49 is for \$4,480, of which \$2,480 is for the construction of a concrete sidewalk in front of Seaside Park at Coney Island. The present walk is of dirt covered with limestone screenings. In the summer months this walk is frequented by a great many people and a better walk should be provided. The balance of the amount asked for, \$2,000, is for topsoil and shrubbery. As the ground is very poor and sandy, it is necessary to replenish and fertilize it in order to insure proper growth of the shrubbery already planted in the park.

Items Nos. 50, 51, 52 and 53 are for improvements proposed to be made in Forest Park, specified as follows:

Laying out walks, drives, etc.	\$50,000 00
Construction of nurseries and greenhouses for propagating	11,000 00
Water tower, pump and force mains	7,500 00
Picket fence, 23,000 feet, at \$1.20	27,600 00

Forest Park, which has an area of 536 acres and is located in the Borough of Queens, is the largest park in the whole Brooklyn and Queens system. The area of Prospect Park is 526 acres, which includes the ten acres of the Quaker Cemetery. The work of developing Forest Park and rendering it useful to the public in its final sense will require the work of a generation unless it should be decided to appropriate an immense sum of money to complete the park all at one time. As yet, there is but one driveway through the park and comparatively little work has been done in the way of cleaning out the underbrush, making roads, grading the land, etc. The Commissioner states in his application that this work, owing to its peculiar nature, has to be done by park labor and he asks that, for the year 1906, the sum of \$50,000 be provided for this purpose.

It is to be regretted that work of this character cannot be done by contract. There is quite a large forest of trees, many of which should be retained, and, in order to do this and to insure the healthy development of the most desirable specimens, a portion of the smaller growth must be cleared out. This should be done in any event and, if the Commissioner's conclusion as to the necessity for doing the work by park labor is correct, some extra allowance should be made for the purpose.

The second specification in the Forest Park schedule is that of \$11,000 for the construction of additional greenhouses for the general use of the Department for the propagation of plants, etc., for nursery stock and topsoil. Examination of the nursery and greenhouses located at this place shows that a great deal of useful work is now being done in supplying the needs of the parks for plants, spring flowers and trees, instead of purchasing these supplies from nurseries. It is claimed by the Superintendent of the parks that this is a cheaper way of obtaining plants and flowers than that employed for many years. The cost of materials for new greenhouses is placed at \$3,500, the labor to be furnished by the Department. The necessary fertilizers and nursery stock are estimated to cost \$3,000. These two items would appear to be required.

The third item included in the Forest Park schedule is that of \$7,500 for the construction of a water tower, pumping station and for force mains connecting the same with the new shelter and club house near the golf grounds. This club house is one of the largest of the public buildings in the park system, and is now rapidly nearing completion. It is stated that, owing to the high elevation on which it is placed, the local water company plant has not sufficient pressure to force the water to the club house. The Commissioner proposes to drive a six-inch well in the vicinity of the club house, erect a tower holding 20,000 gallons, and construct and equip a pumping station with connecting force mains which will supply the buildings, roadways and plantations in the park with the necessary water.

The next item is for the erection of an iron picket fence around those portions of the park which are not now fenced in. The cost is estimated at \$27,600. This is a proposed expenditure which might be considered of doubtful expediency at the present time, because the territory surrounding the park is, for the most part, but sparsely populated and it is not likely that any great damage will be done to the park lands if the proposed fence is not erected.

Items Nos. 54 and 55 are for the further completion and ornamentation of Kings Park, Jamaica. This is a plot of 11½ acres fronting on Jamaica avenue and is located in the central part of Jamaica. It contains an old colonial mansion which stands several hundred feet back from the street. In front of the mansion are some very fine trees. This park is one of the prettiest in the whole City system. The Commissioner desires to construct around the park a stone coping, surmounted by an ornamental iron fence, build walks through the grounds, and lay out an old-fashioned colonial garden adjoining the mansion, which is used by some patriotic societies. The estimated cost of the coping and fence and the asphalt tile walks for the interior of the park is placed at \$36,930. A further appropriation of \$21,400, which includes \$7,500 for labor, is requested for a concrete sidewalk surrounding the park, 6,500 cubic yards of topsoil, trees, shrubs and plants. If any further appropriation is to be made for the improvement of this park during the present year, it would seem that the interior walks should receive first consideration. There would seem to be a reasonable question as to the advisability of enclosing this park with a coping and iron fence, estimated at \$25,000, under any condition, considering the character of the neighborhood. After the interior walks are laid, the planting of trees, laying of topsoil and other matters specified in the Commissioner's application could be considered.

Item No. 56 is for \$12,800 to improve Linden Park, in Corona, Borough of Queens. This park contains a small pond and some fine old trees. With the exception of the one on the easterly side, the streets forming the boundary of the park have not yet been graded. The Commissioner proposes to properly define and pave the shores of the pond or lake, raise the low and sunken portions of the grounds, reconstruct and properly pave the walks, and plant a number of trees and shrubs. What appears to be the larger part of the area of this park is taken up by the pond, and until the neighborhood is more thickly populated than at present and the grade of the surrounding streets established, the expenditure of the money requested in this application would appear to be of doubtful expediency.

Item No. 57, which is for \$7,072 for the construction of a new fountain, a small shelter house and toilet, walks and sidewalks at College Point Park, is one which might also be deferred. The present walks are of limestone screenings and there does not seem to be the same pressing demand for the construction of a shelter house and toilet as in some of the parks which are more generally used by the public.

Item No. 58 is for the interior furnishing of the new boat house in Prospect Park, the athletic building on the parade ground and the golf house and shelter in Forest Park. The largest item included in the plans of the Engineer is for lockers and, assuming that the estimate of \$15,000 is a fair one, it would seem that this appropriation is absolutely needed in order to permit of the proper completion of these three new buildings.

Item No. 59 is for \$40,000, the estimated cost of constructing an extension of the Bay Ridge Parkway from Fourth avenue to Fort Hamilton avenue, Brooklyn. The plans for this most important work have been prepared and the Commissioner hopes to be able to begin the work this season. Part of the work, the Commissioner states, can be done by contract, but the greater part should be done by park labor, if not being possible to accurately describe the same in a specification. The amount asked for, \$40,000, is merely for the preliminary work of regulating and grading. The paving, curbing and sidewalking, which must eventually be done to make this part of the Bay Ridge Parkway conform with the Shore road, to which it leads, will, in the end, cost a very much larger sum. It is stated that several years ago the City acquired the title to land extending from Sixty-sixth to Sixty-seventh street, including the land to the centre line of each of these streets, and is now prepared to continue the improvement, except in a small section, the title to which is in litigation. The extension, when finished, will be something over two hundred feet wide and will furnish a direct communication between the Coney Island Boulevard and the Shore road by means of Fort Hamilton avenue.

Item No. 60. This is one of the largest improvements specified in the application under consideration and, like that of repaving Pennsylvania avenue, is one which hardly seems a proper undertaking for the Department of Parks. It is for \$90,375 for asphalt, concreting, and curbing Glenmore avenue. This, like Pennsylvania avenue, is one of the thoroughfares in the Twenty-sixth Ward which were placed under the jurisdiction of the Park Department prior to consolidation, and the Commissioner insists that it is in no sense a parkway and should not be under his direction. As the law stands at present, however, its maintenance and improvement must be provided for by the Department of Parks. This street is one of the principal traffic thoroughfares of the East New York section and is largely used by farmers, automobilists and others going to and from Queens. It is partly paved with asphalt, the remainder, to the former City line, being macadamized. An examination made of the pavement by your Examiner shows that the macadam roadway at the easterly end is comparatively new and in fairly good condition. The older portions, however, and those nearest to East New York are very badly worn and it would seem that at least a part of the amount asked for should be appropriated so as to permit of replacing the macadam with asphalt in these sections. The traffic is very heavy and the present roadway in many places is in a very dangerous condition.

Items No. 61 and 62 have to do with a very large improvement which the Commissioner desires to undertake in Eastern parkway. This parkway, which was one of the first in the park system of Brooklyn, extends from Prospect Park plaza to the intersection of Pitkin avenue, Ralph avenue and the Eastern Parkway extension. As stated by the Commissioner in his application, it has undoubtedly, during the course of years, become one of the busiest traffic roads in the borough. At the time of its original construction, two traffic roadways, paved with cobblestone, were separated from the main driveway, which is macadamized, by a promenade on each side. Alongside of the macadam in the centre of the main driveway is a rubble pavement. During recent years, when the business traffic increased greatly, it was found impracticable to keep the business wagons and vehicles on the two side roads, the result being that the macadamized drive is very largely used by them and therefore in constant need of repair. The sum of \$180,175 is asked to provide for the reconstruction of the traffic roads with asphalt pavement on a concrete foundation. Recutting and resetting the curb, supplying the necessary new curb, excavating, grading and supplying manholes and catch basins, complete the improvement which the Commissioner desires to make.

In connection with the rebuilding of the two traffic roads, the specifications also provide for the remodelling of the main drive between Bedford avenue and Prospect Park plaza during the present year at an estimated cost of \$35,740. By remodelling in this instance is meant the repaving of the entire roadway between the points mentioned with wither shale or Hudson river gravel. The plans of the Commissioner include the removal of two Belgian block strips immediately adjoining the main driveway. This is an improvement which would undoubtedly be regarded as one of great value, but may be well deferred until after the reconstruction of the two side traffic roads described in the preceding item.

Item No. 63 is for \$18,000 to provide for the construction of an additional timber jetty at Coney Island to further protect the beach in front of Seaside Park. It is proposed to erect a new jetty at a point about midway between the bulkhead at the foot of the Coney Island parkway and the jetty built about two years ago. The experience of owners of land along this section of the ocean front at Coney Island has shown that the construction of jetties of this character has tended to preserve the beach front, and the application of the Park Commissioner in this matter would seem to be a proper one.

Item No. 64, the last one included in the specifications of the Commissioner of Parks for Brooklyn and Queens, is for \$15,750, to provide for the furnishing and delivering of 4,500 cubic yards of stone to be used in filling in the apron in front of the bulkhead at the end of the Coney Island parkway. This bulkhead was built several years ago, and in order to protect it from the force of the ocean during stormy periods, it has been found necessary to fill in the space in front of it, from year to year, with large quantities of rock. Engineers of the Department of Parks, who have watched the action of the water at this point, report that these large rocks placed in front of the bulkhead settle steadily, and that many of those placed there two or three years ago have almost completely disappeared from view.

Corporate Stock Expenditures, Brooklyn and Queens, 1905.

From an analysis of the disbursements which were made under the direction of the Commissioner of Parks, Boroughs of Brooklyn and Queens, out of the Corporate Stock funds for the improvement of parks, parkways, boulevards, playgrounds, etc., it appears that from January 1, 1905, to March 5, 1906, the sum of \$592,018.26 was expended. Of this amount, \$550,000 was provided by the Board of Estimate and Apportionment in Corporate Stock issues during the year 1905, there being two issues, the first on January 27, 1905, for \$250,000, and the second March 16, 1905, for \$300,000. The difference between the amount authorized to be issued and the expenditures as shown by the analysis, consisted of balances to the credit of park improvement funds provided in Corporate Stock issues prior to 1905.

The following is a summary showing the character of the disbursements made from Corporate Stock funds from January 1, 1905, to March 5, 1906:

Pay-rolls of Department Laborers.....	\$197,920 45
Walls, fences, trap-rock, gravel, etc.....	45,595 92
Horticultural supplies.....	15,728 70
Buildings, building supplies, etc.....	130,659 43
Fertilizers, manure, top soil, etc.....	24,277 85
Steam rollers, lawn mowers, plows, etc.....	5,470 00
Plumbing.....	289 83
Sewer pipe, etc.....	475 41
Brick.....	1,806 25
Timber jetty at Coney Island.....	23,000 00
Asphalting, cement sidewalks, grading, etc.....	137,729 42
New work on Slocum Monument.....	8,820 00
Miscellaneous supplies.....	225 00
Disbursements of Central Office.....	20 00
Total.....	\$592,018 26

As will be seen from the foregoing summary, the largest single item of disbursement was for the pay-rolls of Department Laborers, amounting to \$197,920.45. At the request of your Examiner, the Commissioner caused to be prepared a statement showing where the work was done, the cost of which was charged to Corporate Stock. This statement shows the disbursements for construction and betterments by Department labor as follows:

1905.	
Institute Park—	
Jan. 6 to Aug. 11.....	\$4,058 00
Forest Park—	
Feb. 24 to Dec. 31.....	22,044 35
Sunset and Bay Ridge Parks—	
Jan. 1 to Dec. 31.....	32,292 06
Highland Park—	
Jan. 1 to Aug. 11.....	12,312 25
Eastern Parkway—	
May 12 to Aug. 11 } Sept. 8 to Nov. 3 } Dec. 1 to Dec. 31 }	22,241 26
Ocean Parkway—	
July 7 to Aug. 11 } Sept. 8 to Oct. 27 }	10,153 25
Fulton Park—	
July 7 to Dec. 31.....	5,752 75
Prospect Park—	
Jan. 6 to Feb. 17 } Sept. 8 to Dec. 31 }	29,280 31
Tree Planting—	
Apr. 21 to Dec. 31.....	44,533 84
Mason Work—	
Apr. 21 to Aug. 11.....	6,361 32
Engineers on Construction Work—	
Yearly.....	8,891 18
Total.....	\$197,920 57

Owing to a lack of funds, all park laborers employed on construction and betterments were temporarily laid off by the Commissioner about February 15 last, the small cash balances remaining in the Corporate Stock accounts for the improvement of parks, parkways, etc., on that date being pledged for certain contract work then unpaid for. Reference to the books of the Finance Department shows that on December 31, 1905, the unexpended balance in Corporate Stock funds for park improvements was \$27,087.50, and the balance on April 7, 1906, was \$17,925.97.

BOROUGH OF THE BRONX.

The largest of all the park propositions is to be found in the Borough of The Bronx. The area of the Bronx parks is nearly 4,000 acres, and, in addition thereto, there are about 250 acres in the parkways under the jurisdiction of the Department. The great bulk of the park area, which comprises approximately 14 per cent. of the Borough of The Bronx, is to be found in Pelham Bay Park, containing 1,756 acres, and in Van Cortlandt Park, containing 1,132 acres. The area of Bronx Park, the third largest in the Borough, is 661 acres, which exceeds that of Prospect Park in Brooklyn and is but little smaller than Central Park in Manhattan. Besides these three large parks, which are for the most part natural parks, there are also a dozen smaller pleasure parks and about thirty-five unnamed squares and parks scattered throughout the borough. The great problem of providing funds for the full development of the large park areas of The Bronx must demand the attention of the City authorities for many years to come, and every effort should be made to so intelligently direct the expenditure of public moneys provided for this purpose that the greatest measure of public good may be obtained.

It would seem from what examination has been made of the disbursements of Corporate Stock funds provided for park improvement during the past few years that an unusually large sum has been expended in Park Department labor. The present Commissioner of Parks and the Chief Engineer in charge of the work, however, would appear to justify the employment of the Department laborers to a very large degree by the statement that the character of the work is such that, in many instances, it can be done better by the Departmental force than by contract. This, it is claimed, is particularly true of the work that is now going on in the Crotona and Bronx parks, where the City is fortunate in securing from building contractors and others large quantities of filling. After this filling is carted and dumped in depressions in the park lands, the Department laborers are employed in leveling and grading same. As another reason why Department labor can be profitably employed, the Engineer states that on all of the large parks there are great quantities of rock and stone which can be utilized in filling in low places and building Telford foundations for road making. It is stated as a matter of fact that in one particular instance the cost of making a road where the Department labor was employed was actually less than the estimated contract cost for the same work. However this may be, in providing for large construction work in the Bronx parks careful judgment should be exercised as to whether it may not be more economical in road making, building, regulating and grading, etc., to have the work done by contract.

There are thirty-seven different items contained in the estimate of the Commissioner, aggregating \$696,000, which sum is now asked to be appropriated in Corporate Stock for further improvements and betterments. The application of the Commissioner of the Borough of The Bronx does not give the same specific information shown in the applications from the other boroughs regarding the character of the work proposed to be done, and the following statement of the purposes for which the money is requested has been prepared by your examiner after a conference with the Commissioner and his Engineer, and also after a personal visit to the several localities specified.

Of the \$696,000, the total amount asked for, \$267,000 is specified as being required for work in Van Cortlandt Park. This amount is divided into seven different items, the facts relating to each item being as follows:

Item No. 65 is for \$60,000, to provide for the raising and improving of the Colonial Garden in Van Cortlandt Park. This is a plot of about seven acres, lying immediately south of the old Van Cortlandt mansion, now occupied by the Society

of the Colonial Dames. The land is contiguous to a stream formerly known as Tibbett's Brook. During the administration of Park Commissioner Eustis a plan was prepared for the construction of a colonial garden. A piece of about seven acres in area was filled in to a depth of about three feet. The original plan, however, provided for about six or seven feet of filling. Owing to a lack of funds at the disposal of the Commissioner this was not done, but, it being his desire to complete the garden, the space was leveled off and planted. A miniature canal was built around three sides of the garden, three rustic bridges being placed over this canal. The centre of the garden is laid out in ornamental flower beds, with some trees and shrubbery, and a lawn around the sides. The garden, however, has never been a success, and its failure is attributed to the fact that the land was not sufficiently filled in. The tide water, backing up through Tibbett's Brook at some seasons of the year, overflows the garden, and at all time prevents the proper growth of the shrubs and trees. The Commissioner now asks that the sum of \$60,000 be provided for the raising of the garden about three and one-half feet, for the replanting of trees, shrubs and flowers, for the construction of granite steps leading to the garden, and the construction of stone bridges across the miniature canal.

Item No. 66 is for \$140,000 to provide for the elimination of a swamp area of about 27 acres lying immediately south of the Colonial Garden and separated from it only by a narrow drive. This is a continuation of the Tibbett's Brook swamp, previously referred to. The Engineers of the Department have planned the construction of a lake covering about nine acres in the centre of this land. The plot under consideration is bounded on the east by Van Cortlandt avenue, on the south by the southerly line of Van Cortlandt Park, on the west by Broadway and on the north by a road leading from Broadway to Van Cortlandt Park station. The Commissioner urges the necessity for raising the marshy lands on this plot, and the construction of the lake heretofore mentioned has been agreed upon as the most economical method of effecting this improvement. The sand and mud dredged in the making of the lake would be spread on the sides, and it is estimated that this would aid considerably in completing the work of grading and drainage. The land is at present not only useless, but is filled with a rank growth of flags and other undesirable aquatic vegetation, which renders it unsightly and unsanitary and also provides a breeding place for mosquitoes. Complaints about the condition of the park lands at this point from business men and others in the locality are said to be numerous.

It is stated by the Engineer of the Department that it would be necessary to construct the hull of a dredge on the land, and, as the said hull could not be removed except in pieces, the cost per cubic yard for dredging would probably be not less than fifty cents. The estimated quantity of earth to be removed is 100,000 cubic yards. Included in the plan for the general improvement of this locality is the construction of a new roadway from Van Cortlandt station to Spuyten Duyvil parkway, the present road being improperly located and, according to the Department representatives, inadequate for the present traffic. The new road, as planned, will parallel the southerly side of the Colonial Garden. The overflow from Tibbett's Brook and the surrounding swamp is now syphoned under the great twin sewer on Broadway, which was recently completed. With the making of the lake and the raising of the surface of the water east of Broadway, it is calculated that the overflow may then be directed into the twin sewer, which was partly built for this purpose.

It is represented that, when this improvement is made and the water from Tibbett's Brook carried into the sewer by means of the lake, a large area of land lying west of Broadway and extending almost to Spuyten Duyvil will be made available for general use by its present owners. As it is now, the land is wet and marshy during all seasons of the year and is of no value. If the construction of the lake results in the improvement anticipated, there should be a considerable increase in the taxable values of the land.

No reasonable objection to the proposition of eliminating the swamp territory in this section of Van Cortlandt Park can be raised, and it would seem proper that at least a portion of the sum asked for should be appropriated at this time. There would seem to be a very serious question, however, as to the utility of expending the large sum of money proposed for the construction of a colonial garden. It is not likely that the public use of this portion of Van Cortlandt Park will justify any such expenditure for some years to come. It would be difficult to determine just what sum has been expended during the past three years on the so-called Colonial Garden, and the advantages from the existence of this costly piece of ornamentation, located, as it is, in a rather remote section, would not appear to be very great.

Item No. 67 is for \$18,000 for the construction of a new macadam road alongside of the golf links at Van Cortlandt Park, the proposed road to begin at a point on Grand avenue, 850 feet north of the Gun Hill road, and run north to the Yonkers city line, being about 6,450 feet in length and 30 feet in width. The grading work was completed about three years ago, but as yet the road has not been macadamized. It is now proposed to macadamize about 20 feet in the centre. A continuation of this road has been built and macadamized by the City of Yonkers. Although this road furnishes a shorter route to Yonkers than the main roads, it is now but little used on account of its bad condition. The road should be completed by laying the 20 feet of macadam in the centre, as proposed by the Commissioner.

Item No. 68 is for \$18,000 to provide for the reconstruction of that portion of the Gun Hill road from the barricade at the west end of Mosholu parkway to the junction of Gun Hill road and Grand avenue, near the borders of the lake. The work of widening and reconstructing the road was begun about April 1, and a large force of Department Laborers were employed on it when your Examiner visited the park. The work on the new road includes the changing of the grade to an average of about 6 per cent., the present grade being as high as 12 per cent. in some places. The length of the road under reconstruction is about 2,000 feet. The centre drive is to be 25 feet wide, with gutters of 2½ feet on either side. The cost of the work now being done is charged against balances in Corporate Stock funds at the disposal of the Commissioner, and the appropriation of \$18,000 is requested in order to reimburse the said funds.

Item No. 69 is for \$12,000 to construct a comfort station on the Polo Grounds for the use of players and visitors. At present there are no proper accommodations except at the Skate House, the old-fashioned closet located on the Polo Grounds being unfit for use. This is an improvement which would seem to be demanded by the existing conditions and should be approved.

Item No. 70 is for \$6,000 for the building of ditches and drains in the vicinity of the Rockwood drive, to protect that drive from washouts and to otherwise improve the drainage conditions in the surrounding land itself. Rockwood drive is macadamized and runs through the northern part of Van Cortlandt Park, leading to Caryl station on the Putnam branch of the New York Central road. The road is 4,900 feet in length and many high banks of earth and rock may be found along the sides. It is at these points that proper drainage conditions are desired.

Item No. 71 is for \$13,000 for the completion of the work of cleaning Van Cortlandt Lake. Several years ago an estimate was made by the Chief Engineer of the Department for cleaning, digging out the clay and filling in the marshy sides of the lake, the cost being placed at \$30,000. The work proposed to be done covered an area of thirteen acres. Of the sum estimated, the Chief Engineer states that \$17,000 was expended during the administration of Commissioner Eustis, but no further work has since been done. The Commissioner now asks that the balance, \$13,000, be appropriated to provide for the removal of fungus, brush and mud bottom accumulations in the westerly portion of the lake, and to further permit of the filling in of some marshy lands at that point. This is a work which must be done before the lake can be considered actually finished and fit for general use by the public. It would seem, however, that some part of it could be provided for out of the maintenance account.

Item No. 72 is for \$65,000 to provide for the completion of Mosholu parkway, in accordance with the original plans. During the past year the contractor to whom the contract for constructing the parkway was awarded has finished his work. The amount of this contract was approximately \$135,000. The parkway is 600 feet in width and about nine-tenths of a mile in length. The original plans provided for the improvement of the full width of the parkway for its entire length, and the estimated cost was \$200,000. There being insufficient funds in the Corporate Stock accounts to provide for its completion, the former Park Commissioner caused certain of the work to be eliminated from the plans, such as the plantations and the building of two side paths, as well as some leveling, filling in and grading on the sides of the road. This work, together with the construction of a number of receiving basins, will now have to be provided for. If this is to be done, another set of plans and specifications should be drawn, including all of the work still left undone, as well as the building of drains to protect the road from surface water from the surrounding slopes. A contract for the whole could then be let.

Item No. 73 is for the improvement of the site of Claremont Park, extending along Clay avenue from the main entrance south. There is a high ledge of rough rock at this point, caused by the making of the highway, and this should be resloped and rounded off at the top. Some terrace work will have to be done and in some places filling in will be necessary in order to effect proper drainage. Some parts of the rock can be retained and at other places a small retaining wall will have to be built. The length of the park land to be thus improved is about 1,479 feet, and the Commissioner asks that the sum of \$15,000 be appropriated for this purpose. This is an improvement rendered necessary by the construction of Clay avenue as a highway and it is reasonable that some provision be made for it.

Item No. 74 is for \$10,000, the estimated cost of building fireproof vaults in the cellar of the administration building in Claremont Park. The Chief Engineer states that such a place is required for the filing of drawings, surveys and contour plans used in connection with the work of the engineers. These drawings, surveys and plans are now stored in an open frame rack in the engineers' room, and it is stated that in case of fire the Department would be greatly hampered if these drawings, etc., were destroyed. Some of the drawings, when rolled up, make very long scrolls, but for the most part it would seem that a large fireproof safe would provide protection against destruction by fire. This might be purchased for very much less than \$10,000, the amount requested to provide for the building of the vaults.

Item No. 75 is for \$24,000, which is proposed to be expended in the further improvement of the One Hundred and Seventy-seventh street side of Crotona Park. The section referred to extends from Third avenue about 800 feet easterly along One Hundred and Seventy-seventh street, and is close to the Bronx Borough Municipal Building. It is desired to cut away about 15 feet of the elevation at this point to widen the sidewalk about 5 feet. Access to the Municipal Building is now had by climbing steep stairs on the Third avenue side of the park. The Borough President, it appears, desires that the park lands be improved as specified, and it is said that his purpose is to build an entrance to the Municipal Building by tunneling from One Hundred and Seventy-seventh street into the basement. The proposed park improvement is a continuation of the present improvement on the Third avenue side of the park. Specifications have been prepared which show that the work involves the following items:

- 1,500 cubic yards of earth excavation.
- 13,000 cubic yards of rock excavation.
- 25 cubic yards of concrete foundation.
- 50 cubic yards of rubble masonry foundation.
- 100 cubic yards of broken ashlar masonry.
- 675 cubic feet of limestone for coping and top of piers.
- 20 walk basins.
- 600 feet of eight-inch vitrified pipe.
- 250 linear feet of bluestone steps.
- 100 square yards of sheet asphalt walk.

This improvement may be contracted for and is one that should be made.

Item No. 76 is for \$8,000 for the further improvement of the Crotona Park North. This is a road approximately 2,000 feet in length, running from Arthur avenue to the northeasterly limits of Crotona Park. No specific plans have been prepared by the Department, but the Engineer explains that it is desired to level off and roll back the land bordering on Crotona Park North, to reconstruct some of the terrace, smooth it down and give it a proper finish.

Item No. 77 is for the construction of new paths and roads in Crotona Park. The sum asked for is \$15,000, and it is explained that this will provide for a further continuance of the making of the road and path system included in the original plans of the Engineers for the laying out and construction of Crotona Park. Some of this work is done each year and, up to the present time, it has been comparatively inexpensive because a considerable amount of filling has been provided by building contractors in the neighborhood. Large quantities of rock have been found on the park and utilized for the making of telford foundations for roads. The paths have the rubble foundation with tops of broken stone screenings and the roads are macadam.

Item No. 78 is for \$5,000 for grading and building proper drainage facilities in the northern portion of the park. In this section, especially through the forest trees, there is no drainage except that afforded by open ditches, which result in mosquito-breeding and malarial producing conditions. It is desired to place pipe drains in this portion of the park, connecting the same with the City sewer system. Examination has shown that no attention has been paid to the drainage of this part of the park and it is important that it should be attended to. This is an improvement which should receive early attention out of whatever money may be appropriated.

Item No. 79 is for \$20,000 to continue the work at Macomb's Dam Park. The section of this park from Macomb's Dam Viaduct road to Cromwell avenue is now being filled in, and when this is completed the work of sodding and planting will have to be taken up. Considerable grading and filling in are still necessary and it is also stated that new topsoil must eventually be provided for the whole park, which consists of about 27 acres. The cost of finishing Macomb's Dam Park is estimated at \$50,000, and an appropriation of \$20,000 is requested for this year.

Item No. 80 is for the construction of a combination drinking fountain for people and horses at Jerome avenue and the Viaduct road, close to the Central Bridge approach. The plans made for this fountain were disapproved of by the landscape architect and new plans are now in course of preparation. There is undoubtedly very heavy horse traffic at this point and a genuine demand exists for the proposed public fountain.

Item No. 81 is for the sum of \$8,000 to provide for the building of a new iron footbridge at the falls in Bronx Park. The bridge crosses the falls immediately in front of the former Lorillard mansion. The present bridge is badly dilapidated and is positively unsafe. Bronx Park, since the completion of the botanical and zoological gardens, has become more generally used by the people of the City than ever before and is frequently visited by very large crowds. The proposed iron bridge, to take the place of the present wooden structure, is to be 12 feet wide and laid upon new foundations. This is an improvement which should meet with the favorable action of the Board of Estimate and Apportionment.

Item No. 82 is for \$7,000 to construct a foot path around the lake and over the ravine at the head of the lake in Bronx Park, the path to be connected with the present path system of the park in three different places. The territory around the lake is heavily wooded and is at present inaccessible. The path is to be 10 feet wide and made of telford foundation with a top of broken stone screenings. Owing to the undulating nature of the line of the proposed path it will be rather difficult work. The lake side is one of the pleasantest retreats in the park, but at present is not accessible except at one point at the foot of the lake. Considerable use is made of the park in winter for skating, and it is planned to build a skate house and comfort station later on. The area of the lake is three acres, being 1,300 feet long. The proposed path is to be 3,000 feet in length. This is a work which, although of undoubted value as a matter of park improvement, may not be considered as pressing in importance as some others which should be taken up and prosecuted this year.

Item No. 83 is for \$3,000 to provide for cleaning and improving the Bronx river. It is desired to remove the growth of sedge along the sides of the river, clean out fallen logs and dead wood, draw off the water at the dam just below the bridge and get at the sides to clean up the river edges, and also to eliminate some low and swampy places by filling in. This would appear to be a class of work similar to that previously proposed for the cleaning of the lake at Van Cortlandt Park and would seem to be more properly a charge against the labor and maintenance account.

Item No. 84 is for \$3,000 to perfect the drainage in Bronx Park east of the Bronx river. At this point and extending several thousand feet along the river is a valley in which a swampy condition almost constantly prevails. The roots of the trees in many places are washed out and remain uncovered, thus retarding their growth. This valley extends from the old Lorillard snuff mill to a point about 300 feet north of the Pelham Parkway drive. The proposition to drain this area by means of pipes is one which must some day be undertaken so as to further eliminate the swampy and unhealthy conditions in the Bronx Park, which, as has been stated before, is being very largely used by the general public.

Item No. 85 is for \$8,000 to provide for the improvement of the westerly side of the Bronx Park. The Engineer of the Department explained that as yet but very little work has been done on the westerly side of the park, extending from the entrance at the corner of Pelham parkway and the Southern Boulevard to the botanical gardens. It is proposed to fill in the southerly end and to raise and terrace the side of the park along the entire distance. It will also be necessary to cut down some of the ridge of

rock and, after this, to replant the newly made parkside. It is proposed to buy a number of good-sized trees, principally elms, which will have to be purchased in the West. To prepare the ground for these trees holes will have to be blown out and filled with rich topsoil as the earth at this place is not fertile. The necessary shrubbery will be provided from the Department nurseries. After an examination of the site of the proposed improvement, your Examiner suggests that this be included in the items to be recommended to the Board of Estimate and Apportionment.

Item No. 86 is for \$16,000 to widen that part of the Boston road extending from the bridge across the Bronx river to One Hundred and Eightieth street. The present road, which is very largely used, is but 10 feet wide and it is proposed to increase this to 30 feet. The length of the proposed improvement is 3,800 feet. New gutters will be built on both sides and the crown of the present macadam road will be utilized. This it is proposed to redress and resurface. The widening of the road will involve the cutting away of some stone and boulders, all of the widening to be done on the east side of the road. In this way it is hoped to avoid removing any of the trees. This is one of the principal roads running through Bronx Park and there is considerable driving on it. The proposed improvement may be considered one of permanent value and should be approved.

Item No. 87. For this the sum of \$13,000 is requested for the further completion and improvement of the southerly and northerly ends of Franz Sigmund Park. According to the statement of the Chief Engineer, the proposed improvement consists of re-soiling, topsoiling and planting trees and shrubbery. At the southern end it is proposed to construct a small retaining wall about five feet in height from the foundation, or two and one-half feet above the surface, and extending a distance of about five hundred feet. The principal part of the money asked for, however, will be expended in the topsoiling and replanting. The soil in this park is said to be the poorest of any of the parks in The Bronx. As it is one of the people's small parks and used considerably by the neighboring residents and their children, it is desired to put it in a more complete condition.

Item No. 88 is for \$3,000 for the reconstruction of the comfort building in Franz Sigmund Park. This is a small frame structure in which the toilet accommodations are not what they should be. Definite plans should be prepared for the improvement of this structure and the sum asked for would seem to be adequate to provide proper accommodations for the park.

Item No. 89, for \$18,000, is to construct asphalt walks in place of the present walks of cinders and screenings in St. Mary's Park. This is one of the pleasantest of all The Bronx parks, consists of about 29 acres and is located in a section where, during the past few years, there has been an immense building development. Large flats and apartments have been built on all sides of the park, which furnishes a most comfortable retreat for the residents of this section, as well as a recreation spot and playground for the children. It is complained that the surface water from the slopes frequently overflows and washes out the present walks. The brick gutters alongside of the walks are not properly set on a concrete foundation and are said to be in constant need of repair. It would seem that, in view of the fact that the attendance at this park is uniformly large throughout the year, provision should be made for the reconstruction of at least the principal walks with either asphalt or asphalt tiles.

Item No. 90 is for the general improvement of St. Mary's Park, and more particularly for the reconstruction of the northerly end. The amount asked for is \$6,000. The reconstruction of the northerly end of the park is made necessary by the fact that One Hundred and Forty-ninth street has been recently raised. A new grade must be established, and quite a section of the park, which has been overrun and trampled by the workmen employed on the highway, must be reparked, sodded and planted.

Item No. 91 is for the improvement and final completion of the old Passage road on the northerly side of St. Mary's Park. This is really a transverse road, running through a portion of the park. It has never been anything but a dirt road, and it would appear that either macadam or asphalt should be provided. The railroad has recently filled in a cut existing at this point for many years and constructed a tunnel. The land on the top of the tunnel has been turned over to the care of the Park Department, and, in consideration of the surrender by the railroad company of its right of way, the Park Department is required to maintain this area. The work of tunnel building and filling in the cut has caused an unusually large amount of truck traffic on the old Passage road, and it is at present in a very bad condition.

Item No. 92—The sum of \$2,000 is asked to provide for the construction of new roads to the stables located in St. Mary's Park. These stables are now used to house the horses and carriages of the Commissioner of Parks, the Superintendent and the Chief Engineer. There is no regular road leading from the old Passage road or from One Hundred and Forty-ninth street, and it is necessary to drive over one of the paths in order to reach the stables. Such a road as is required should be built for considerably less than the amount asked for, and, inasmuch as it is really in the nature of a private road devoted to one particular purpose, it would seem that it might be built out of the maintenance account rather than out of the Corporate Stock funds.

Item No. 93 is for \$6,000 to build a drinking fountain on The Bronx and Pelham parkway. At present, during the open months of the year, a wooden tub affair is located on the parkway at a point about 800 feet east of the bridge over the New York, New Haven and Hartford Railroad tracks. There are said to be some objectionable features to this, the principal ones being that there is no drainage provided and that it has to be removed in winter. This is the only public watering place on the parkway, which is a very long drive from The Bronx to Pelham Park. The amount asked for will provide for a modern iron fountain, the establishment of drainage connections and the laying of macadam roads surrounding the fountain. The site of the proposed fountain is one which will be permanent and is selected with the future development of the full 400-foot boulevard in view. This is an improvement which should be approved.

Item No. 94 is for the widening and macadamizing of Split Rock road, Pelham Bay Park. The road extends from the Eastern Boulevard, near the railroad station at Bartow, to the park limits on the west, and is now one mile in length and 16 feet in width. It is desired to increase the width of this road to 30 feet. The traffic to Mount Vernon and New Rochelle is said to be largely increasing each year, and it will eventually be necessary to rebuild this road, if not at present. The construction of this road would permit of the burial of large quantities of rock and stone used in farm fences within the present park area, for which there does not appear to be any other profitable method of disposition. The amount asked for to provide for the reconstruction of this road is \$32,000, and the estimated cost would appear to be reasonable. All of the rock for the foundation and macadam could be found near at hand. This is an improvement which may be deferred until later years without any great disadvantage.

Item No. 95. The sum of \$48,000 is asked for to provide for the construction of a new road on Rodman's Neck, Pelham Bay Park. The line of the proposed road, as laid down on the Engineer's maps, extends from Glover's Rock on the City Island road, around the west side of Rodman's Neck to the City Island Bridge. The road, as proposed, will be 40 feet wide, of which 30 feet is to be macadamized. The rocks and boulders to be found in the immediate vicinity could be utilized in filling in the low places on the line of the road, and also for the building of the foundation and the making of the macadam. The length of the proposed road is slightly over a mile, and it is stated that such a road would serve to open up a large part of park territory otherwise inaccessible and to add further to the attractions of the park.

Item No. 96 is for \$8,000 to complete a road now running along Pelham Bay shore. This road was laid out several years ago and about one-third of its length has been paved with rough macadam, the remaining two-thirds being of dirt. The road is about 4,800 feet long and 30 feet wide, and is along the top of a slope overlooking Eastchester Bay and in front of the Orchard Beach bathing houses. The portion of the road still to be completed extends from the City Island road around Eastchester Bay to the City Island Bridge. This road makes an important connection between the City Island road and the City Island Bridge, running around the slope overlooking the bay, and also furnishes a means of entrance to the Orchard Beach bathing houses. It would appear proper that it should be put in a better condition.

Item No. 97 is for \$10,000 to provide better drainage facilities in Pelham Bay Park along the line of the railroad. On both sides of the railroad tracks quagmires and swamps may be found in many places, about which, as stated by the Chief Engineer, numerous complaints have been made. Besides being unsightly, it is stated that they provide places for mosquito breeding. The plans for the improvement of these conditions provide for the filling in of the shallow places and the conversion into ponds of the deeper depressions and hollows. This is an improvement which may well be extended over a period of two or three years, and if a portion of the amount asked for were provided this year it would probably be agreeable to the Commissioner.

Item No. 98. This is for the sum of \$3,000 for the construction of additional bath houses at Orchard Beach. Upon visiting the beach, your Examiner found that the bath houses specified in this request were being built, and he was informed that the cost of same would be met out of balances now available in Corporate Stock funds previously issued.

Item No. 99 is for the improvement of the bathing beaches at Orchard Beach and the Athletic Ground Beach. Orchard Beach is a very desirable piece of bathing beach, although somewhat limited as to territory. To further increase the accommodations for bathers, it is proposed to level off a large arm of land which projects into the bay, remove many of the large rocks which are exposed at low tide, and cart or tow loads of sand and fill in the newly made portion. The popularity of the bathing beach at this point has so increased that a number of new bath houses are now being provided, as stated in Item No. 98.

Further improvement is contemplated for the bathing beach located in front of the Athletic Grounds. There the land slopes all along the beach and streams of drainage water are constantly cutting away parts of the beach. It is desired to perfect the drainage of the slopes and lead the surface water off to the side beach, discharging it into the bay alongside of the stone wall separating the park from private property. New beach area, for the added accommodation of the bathers, is to be made by removing rocks and stone along the shore just north of the present beach. In many places some filling of sand will have to be provided. The present limited accommodations are inadequate for the requirements of this beach, the registry showing that as many as 3,000 bathers sometimes visit the beach on Saturdays and Sundays.

The amount asked for is \$6,000. Aside from what sand it may be necessary to purchase, the largest part of this estimate will be expended in Department labor. This is an improvement which would add to the comforts and pleasure of those visiting the beaches and should be approved.

Item No. 100 is to provide for the general improvement of the small parks and squares and more particularly for the construction of railings and fences. There are thirty-four such small parks and squares scattered throughout the Borough of The Bronx, and of this number only three are inclosed with pipe railing from three to four feet high. According to the Chief Engineer, the sum asked for, \$25,000, would provide for the fencing and railing of only a few of these parks, but if this sum is appropriated it should be stipulated that the money be expended for the construction of fences and railings only. Among the small parks which it is found impossible to keep in proper condition, owing to the absence of fences, are those at One Hundred and Forty-eighth street and Bergen avenue, One Hundred and Forty-fourth street and Mount Morris avenue, three plots at the intersection of Brook avenue, Washington avenue and One Hundred and Sixty-first street; and the horseshoe at Hall place and One Hundred and Sixty-fourth street. From the general appearance of the small parks examined by your representative it would seem useless to expend any of the City's money in laying out and planting these small parks, unless provision is made to properly inclose them. They are over-run by the children and people generally and, for the most part, are bare and open lots, adding nothing to the value or beauty of the surroundings.

Item No. 101 is for \$2,000 to provide for the furnishing and erection of small drinking fountains in certain of the squares and parks. The fountains proposed to be erected are of inexpensive design, the money being required principally for the supply and drainage connections. The Chief Engineer states that it is the desire of the Commissioner to place these fountains wherever the horse traffic demands them.

Item No. 102 is for \$25,000 to provide for the care of trees in City streets and highways, which trees are under the jurisdiction of the Department of Parks. This item was included in the Corporate Stock application of the Commissioner under a misapprehension. The care of trees in City streets is a matter which is made a charge on the Department of Parks, but has heretofore been provided out of the appropriation account for labor, maintenance and supplies.

Corporate Stock Expenditures, Borough of The Bronx, 1905.

During the year 1905 there were two issues of Corporate Stock provided for the improvement of parks, parkways, drives, etc., in the Borough of The Bronx, the first on January 27, 1905, of \$250,000, and another on March 16, 1905, the amount of which was \$50,000, making \$300,000 in all. An analysis has been made of the disbursements of the Department from Corporate Stock funds during the year 1905, as shown by the books of the Department of Finance, and the following summary is presented as a result of such analysis:

Pay rolls, Engineers and Assistants.....	\$10,264 80
* Pay rolls, Laborers	168,308 57
* Construction account—Buildings, pavilions, bridges, greenhouses, walls, Moshulu parkway and other contract work.....	196,975 32
Curbstones, granite, paving, etc.....	7,948 91
Lumber	5,077 70
Horticultural supplies	930 00
Lawn mowers, road machines, etc.....	1,669 00
Trap rock, etc.....	11,714 91
Plumbing, etc.....	998 00
Miscellaneous supplies	6,148 36
Total.....	\$410,035 57

* These amounts are exclusive of the amounts paid for labor and construction accounts of the Zoological and Botanical Gardens.

The foregoing statement shows that disbursements of \$410,035.57 were made from Corporate Stock funds during 1905. This exceeded the amount authorized during the year by \$110,000, the difference having been expended from funds previously authorized.

Examination of the ledgers of the City shows that on December 31, 1905, there was still to the credit of the Department of Parks, Borough of The Bronx, \$144,000 in unexpended balances of Corporate Stock accounts for the improvement of parks, etc. This amount was reduced by disbursements during the early part of the present year, the balance available on April 7, 1906, being \$98,912.40. The disbursements above specified are exclusive of the moneys provided for the New York Zoological Society and the New York Botanical Garden.

Conclusions and Recommendations.

The examination in connection with the several applications for issues of Corporate Stock for park improvements considered in this report has been made to include a general survey of the whole park situation of the City. Representatives of the Department of Finance have visited most of the important parks owned by the City and discussed, with the Commissioners of Parks, the plans for improvements contemplated during the remainder of their respective administrations. All three members of the Park Board are preparing Corporate Stock Budgets for improvements proposed to be made during the next four years.

There would appear to be a large amount of original park construction yet to be done on land acquired by the City for park purposes. This is particularly true of the situation in the boroughs of Brooklyn and Queens and The Bronx. In all three of these boroughs there exist large park areas where but comparatively little development has been effected. To complete all of the work that will eventually be required to place the City's parks in a finished condition will involve the expenditure of much larger sums than can well be devoted to this purpose at this time when demands on the City's resources for increased schoolroom accommodations, subway extensions and other improvements are so pressing. The final completion of the City's parks must therefore be a work of many years.

In the meantime, consideration has been given to this subject by your Examiners with the purpose of determining what may reasonably be regarded as the more essential park improvements. In the recommendations made the preference is given to the items included in the requisitions of the Commissioners of Parks relating to proposed construction and improvement of those parks throughout the City now most generally used by the public—that is, those which are located in the more populous sections of the City where park comforts and accommodations benefit the largest number of nearby residents.

Some of these areas acquired for park purposes, as previously noted, have been in the possession of the City for many years, but only the preliminary work of construction has been accomplished, and this of a temporary character. In others, notably, Colonial Park, St. Nicholas Park and John Jay Park in Manhattan Borough, the land remains practically in the same condition as when it was acquired by the City.

In considering the present requisitions of the Commissioners of Parks for Corporate Stock issues for improvements, the methods of disbursing the funds provided in previous issues have been examined in the Investigations Division, and a short summary showing the character of the disbursements is given in the foregoing report in connection with the several borough applications. It will be seen by reference to these figures that \$1,524,986.36 was expended during the year 1905 from funds provided by Corporate Stock issues for park improvements, as follows:

Manhattan and Richmond.....	\$522,932 53
Brooklyn and Queens (to March 5, 1906).....	592,018 26
The Bronx.....	410,035 57

Of the above amounts, \$582,680.23 was expended on pay-rolls of Department laborers employed on construction and betterments, and, as such, charged to Corporate Stock. The pay-rolls of Laborers employed on construction and betterments in the several boroughs were as follows:

Manhattan and Richmond.....	\$216,451 21
Brooklyn and Queens.....	197,920 45
The Bronx.....	168,308 57

In addition to the amounts specified as having been expended for pay-rolls of Department Laborers employed on construction and betterments, an analysis of the appropriation and Revenue Bond accounts provided during 1905 for labor and maintenance shows that \$1,162,351.35 was paid to Department Laborers, which, together with the \$582,680.23 from Corporate Stock, makes a total pay-roll for Department Laborers of \$1,745,031.58, being as follows:

Manhattan and Richmond.....	\$664,272 60
Brooklyn and Queens.....	622,227 11
The Bronx.....	458,531 87

The extensive employment of Department labor on construction work in the parks is a practice which impresses your Examiner as of doubtful expediency. It is stated by members of the Park Board that there are certain classes of work, such as regrading, planting, etc., where specifications for contracts are impracticable, and in these instances Department Laborers must be employed under the direction of the Department Engineers. On the whole, however, it would seem that the contract system of construction could be made use of more largely than has been the custom.

The facts disclosed in this examination were submitted by the Comptroller to the Commissioners of Parks at a conference held in the Department of Finance on April 30, 1906, and, as a result of said conference, items included in the accompanying resolutions were agreed to as fairly representing the most urgent needs of the Department. These resolutions include:

First—Three resolutions, one for each branch of the Department of Parks, making specific appropriations for various improvements, in accordance with the provisions of section 47 of the Charter, these resolutions requiring the concurrence of the Board of Aldermen. These resolutions make appropriations in total as follows:

Manhattan and Richmond.....	\$590,000 00
Brooklyn and Queens.....	634,930 00
The Bronx.....	369,000 00

Second—Three resolutions, one for each branch of the said Department, in accordance with the provisions of section 169 of the Charter, not requiring the concurrence of the Board of Aldermen, these latter resolutions to provide funds for general park improvements under the direction of the several Commissioners in addition to those items specified in the first resolutions. The amounts specified in the three latter resolutions are approximately 10 per cent. of the aggregate amounts proposed to be authorized for specific improvements enumerated in the first resolutions.

This recommendation is made at the request of the members of the Park Board who asked that, inasmuch as specific resolutions are proposed for expenditure of the larger sums to be provided for park improvements, the extra amounts be appropriated so as to permit of completing certain work now under way, and also, at the discretion of the Commissioners, to provide for such improvements or betterments as may be required. These latter resolutions make appropriations in total as follows:

Manhattan and Richmond.....	\$59,000 00
Brooklyn and Queens.....	60,000 00
The Bronx.....	37,000 00

Items Requested by Commissioners Not Recommended in Report.

The items contained in the requisitions of the Commissioners of Parks for Corporate Stock issues which have not been included among the recommendations made in this report, for various reasons indicated in detail throughout the report, are as follows:

BOROUGH OF MANHATTAN AND RICHMOND.

2. Construction and equipment of playgrounds and gymnasiums, St. Nicholas Park.....	\$50,000 00
3. Construction of bays, entrances and comfort stations, St. Nicholas Park.....	90,000 00

5. Improving Manhattan square east of Museum of Natural History, between Seventy-seventh and Seventy-ninth streets, and building traffic roads, etc.....	18,000 00
10. Repairs and restoration of certain parts of Riverside drive retaining wall.....	15,000 00
13. Construction of new asphalt walks in Central and Morningside Parks.....	75,000 00
17. Tree planting, etc.— Manhattan square.....	\$5,000 00
St. Gabriel's Park.....	3,000 00
18. Constructing park in space between One Hundred and Twenty-second street and One Hundred and Twenty-fourth street, Riverside drive and Claremont avenue, directly east of Grant's Tomb....	35,000 00

BOROUGH OF BROOKLYN AND QUEENS.

22. Replacing with cement the tar walks surrounding Prospect Park plaza.....	\$10,317 95
24. Improving Rainey Park, including grading, sidewalk, repairs and addition to bulkhead, trees, soil, etc.....	19,900 00
27. Paving walks surrounding Grecian shelter and grading and planting surrounding area, Prospect Park.....	3,900 00
32. Shelter at Linton Park.....	5,000 00
34. Paving walks in Winthrop Park.....	15,000 00
35. Resoil and replant Winthrop Park.....	6,600 00
36. Shelter at McKinley Park.....	4,500 00
37. Constructing lagoon, etc., Dyker Beach Park.....	100,000 00
40. Completion of Highland Park, including grading, topsoil, trees, new toilet building, etc.....	36,500 00
41. Stone wall, Sunset Park.....	50,000 00
42. Grading slopes and shaping lawns, etc., Sunset Park.....	22,200 00
44. Sidewalks on Forty-first and Forty-third streets, outside Sunset Park.....	2,400 00
47. Paving walks in small parks, as follows: Flushing Park.....	\$1,440 00
College Point Park.....	1,800 00
Cooper Park.....	7,740 00
Bushwick Park.....	10,000 00
Irving square.....	4,320 00
Saratoga square.....	5,280 00
Bedford Park.....	7,200 00
Seaside Park.....	8,180 00
48. Paving sidewalks around small parks: College Point Park.....	\$972 00
Bedford Park.....	1,280 00
	2,252 00

50. Laying out walks, drives, etc., Forest Park.....	50,000 00
53. Picket fence, Forest Park.....	27,600 00
56. Improvements in Linden Park, including topsoil, trees, small building, walks, etc.....	12,800 00
57. New fountain, walks, shelter, etc., College Point Park.....	7,072 00
59. Extension of Bay Ridge Parkway.....	40,000 00
62. Repaving main driveway, Eastern Parkway.....	35,740 00

BOROUGH OF THE BRONX.

65. Raising and improving Colonial Garden, Van Cortlandt Park.....	60,000 00
68. Gun Hill road, reconstruction, Van Cortlandt Park.....	18,000 00
74. Claremont Park, fireproof vaults, office building.....	10,000 00
76. Improvement, north, Crotona Park.....	8,000 00
77. New roads and paths, Crotona Park.....	15,000 00
82. Path around lake, Bronx Park.....	7,000 00
83. Cleaning and improving Bronx river, Bronx Park.....	3,000 00
87. Improvement, southerly and northerly ends, complete, Franz Sigel Park.....	13,000 00
92. New roads to stables, St. Mary's Park.....	2,000 00
94. Widening and macadamizing Split Rock road, Pelham Bay Park....	32,000 00
95. Constructing new road on Rodman's Neck, Pelham Bay Park....	48,000 00
98. Additional bathhouses, Orchard Beach.....	3,000 00
102. Care of all trees in highways under the jurisdiction of the Park Department.....	25,000 00

Respectfully,
(Signed) CHARLES S. HERVEY,
Auditor of Accounts.

Approved:
H. A. Metz, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 629 of the Laws of 1905, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York for the purpose of providing means for the construction and improvement of parks, parkways, playgrounds, boulevards and driveways under the jurisdiction of the Commissioner of Parks for the Boroughs of Manhattan and Richmond to the amount of five hundred and ninety thousand dollars (\$590,000), said amount to be expended for the following purposes, the amounts to be expended for any of the purposes stated in this resolution, not to exceed the amount specified in each case:

Construction and improvement of St. Nicholas Park, between One Hundred and Thirtieth street and One Hundred and Thirty-fifth street..	\$100,000 00
Construction of the northerly portion of John Jay Park, lying north of East Seventy-seventh street, and the further improvement of the southerly section of said park lying below East Seventy-seventh street	75,000 00
Installation of an improved water supply for the Harlem river driveway..	25,000 00
Construction of new concrete and asphalt gutters on driveways and bridle roads of Central Park.....	45,000 00
Extension of high pressure water supply and irrigation system in Central Park.....	100,000 00
Improving the drainage system of Central Park on the west side, between Ninetieth and Ninety-fifth streets, and on the drives and lands adjacent thereto.....	20,000 00
Concreting bottom and sides, Central Park lakes, and filling in where depth is too great.....	75,000 00
Construction of Colonial Park.....	100,000 00
Construction of additional greenhouses in Central Park, for use in propagation of plants, shrubs, etc.....	25,000 00
Construction of repair yard, storage sheds, manure pits and refuse incinerating plant in the North Meadow, Central Park.....	25,000 00

—and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, as amended by chapter 639 of the Laws of 1905, to the amount of five hundred and ninety thousand dollars (\$590,000), as previously specified herein, the proceeds whereof to be exclusively applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 629 of the Laws of 1905, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York for the purpose of providing means for the construction and improvement of parks, parkways, playgrounds, boulevards and driveways under the jurisdiction of the the Commissioner of Parks for the Boroughs of Brooklyn and Queens, to the amount of six hundred and thirty-four thousand nine hundred and thirty dollars (\$634,930), said amount to be expended for the following purposes, the amounts to be expended for any one of the purposes stated in this resolution not to exceed the amount specified in each case:

Construction of playgrounds and purchase of gymnasium equipment for boys and girls, and laying sidewalks and interior walks, McLaughlin Park.....	\$35,000 00
Construction of shelter house, with toilet accommodations, Fulton Park..	10,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Commissioner of Public Charities and report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom, on March 30, was referred the request of said Commissioner for an issue of \$70,000 Special Revenue Bonds, to meet outstanding liabilities of his Department on account of supplies and contingencies for the year 1905:

DEPARTMENT OF PUBLIC CHARITIES OF THE CITY OF NEW YORK,
FOOT OF EAST TWENTY-SIXTH STREET,
March 21, 1906.

To the Honorable the Board of Estimate and Apportionment, Hon. JOSEPH HAAG, Secretary:

GENTLEMEN—On October 9, 1905, the following request was submitted to the Board of Aldermen:

"DEPARTMENT OF PUBLIC CHARITIES,"
October 9, 1905.

"To the Honorable the Board of Aldermen:

"GENTLEMEN—The Board of Estimate and Apportionment of the last administration, in its allowance to this Department for the year 1904, reduced the departmental estimate of supplies \$135,650.41. This, of course, greatly crippled the Department, but, by deferring action upon everything which would admit of delay without detriment to the service and by the exercise of the strictest economy, the deficiency for the year was kept below \$25,000, which your Honorable Board subsequently voted for the relief of the Department. Now another year has passed away and conditions are financially much worse. The effect of the past two winters, very unusual as they were for length and severity, has been to largely increase the cares and responsibilities of the Department. For instance, the departmental estimate of supplies for 1905 was based upon an approximated census of 9,755, when, in fact, the average daily census for the first six months of 1905 was 10,127, or 372 persons more than the number approximated. On that basis, and for that purpose, the Department should receive \$38,313.46 more than it asked. The Board of Estimate and Apportionment had, of course, no reason to contemplate or anticipate the conditions which so largely increased the burdens of the Department and did, in fact, reduce the original amount asked for supplies \$121,318.69.

"Increase in the census causes corresponding increase in other directions for supplies, salaries, equipments, etc.

"No provision has been made for the board of New York City patients at the New York State Hospital for Incipient Tuberculosis at Raybrook, N. Y., established last year by authority of the Legislature, and the sum of \$12,000 is needed for that purpose.

"The fund for donations to Grand Army Veterans was only \$18,000, while the actual expenditures amounted to \$23,164.64 for the year 1904, hence about \$6,000 is needed to make good the deficit.

"Supplementary contracts for flour, provisions, vegetables, coffee and other supplies were opened August 4 and 21, but in the absence of funds applicable thereto, cannot be certified.

"Your Honorable Body is therefore most urgently requested to appropriate the sum of \$120,000 and have the same added to the appropriations to this Department for the year 1905, as follows:

"Salaries.....	\$15,000 00
"Supplies and contingencies.....	99,000 00
"Donations to Grand Army Veterans.....	6,000 00
	<u>\$120,000 00</u>

"Respectfully,

"JAMES H. TULLY, Commissioner"

In connection therewith Alderman McCall offered the following resolution:

Resolved, That upon the annexed request of the Commissioner of Public Charities, the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred and twenty thousand dollars (\$120,000), the proceeds whereof shall be applied to meet the deficiency in the following expense accounts of the Department of Public Charities for the year 1905:

Salaries	\$15,000 00
Supplies and contingencies.....	99,000 00
Donations to Grand Army Veterans.....	6,000 00
	<hr/>
	\$120,000 00

Adopted by the Board of Aldermen November 28, 1905, three-fourths of all the members elected voting in favor thereof.

On December 22, 1905, your Honorable Body adopted the following resolution: "Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution adopted by the Board of Aldermen November 28, 1905, to the extent of fifty thousand dollars (\$50,000), to meet the deficiency in the appropriation made to the Department of Public Charities for the year 1905, and that for the purpose of providing means therefor, the Comptroller be and hereby is authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of fifty thousand dollars (\$50,000), redeemable from the tax levy of the year succeeding the year of their issue."

I now respectfully request that the balance, \$70,000, of the \$120,000, authorized by the Board of Aldermen, be issued at once, as we have at present outstanding against the appropriation Supplies and Contingencies for the year 1905, orders amounting to \$77,684.83. Bills amounting to over \$12,000 against these orders have been in hand some time and the balance will be coming in in the near future. To meet this liability, there is an available balance in the Revenue Bond Fund (\$50,000) for the Department of Public Charities for Deficiency in Appropriation for the year 1905 of \$6,247.59, leaving a balance of liabilities of \$71,437.24 to be met.

Respectfully yours,

ROBT W. HEBBERD, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 2, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to the request of the Commissioner of Public Charities for the issue of Special Revenue Bonds to the amount of seventy thousand dollars (\$70,000) to meet outstanding liabilities of his department on account of supplies and contingencies for the year 1905, referred by the Board of Estimate and Apportionment to the Comptroller for report, and by you to this Division for investigation, I beg to report as follows:

After a conference of the Commissioner of Charities with the Comptroller on April 30, 1906, the Commissioner decided to withdraw this request, except so far as it affected a balance of \$410.29 required to pay the New York State Hospital for Incipient Tuberculosis at Raybrook, N. Y., the amount due said institution for the care of City dependents during 1905.

This decision was based upon the fact that the deficiencies included in said request appeared to belong rather to the year 1906 than to the year 1905, and should properly be considered in relation to prospective deficiencies for the present year.

To provide for the payment of the said deficiency of \$410.29 of moneys due the said State Hospital for Incipient Tuberculosis I would respectfully recommend the adoption of the resolution attached hereto.

Respectfully yours,

CHARLES S. HERVEY,

Auditor of Accounts, Investigations Division.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of four hundred and ten dollars and twenty-nine cents (\$410.29) be and the same is hereby transferred from the appropriation made for the year 1905, entitled For Expenses of the Art Commission, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Department of Public Charities for the same year, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen and report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom on April 20 was referred said resolution of the Board of Aldermen requesting the issue of \$3,000 Special Revenue Bonds to provide means for fitting up, furnishing and equipping the new court rooms of the Twelfth District Municipal Court, Ninety-sixth street and Broadway, etc.

In the Board of Aldermen.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of three thousand dollars (\$3,000), the proceeds of which to be expended for the purpose of fitting up, furnishing and equipping the new court rooms of the Twelfth District Municipal Court, located at the corner of Ninety-sixth street and Broadway, and also for the purpose of the removal to the new quarters of the records, file cases, furniture and all the property belonging to the City located in the present court room at No. 2628 Broadway.

Adopted by the Board of Aldermen, March 27, 1906, three-fourths of all the members elected voting in favor thereof, having been first advertised as required by law.

Received from his Honor the Mayor, April 10, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 2, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to the resolution of the Board of Aldermen, requesting the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of three thousand dollars (\$3,000), the proceeds to be expended in fitting up, furnishing and equipping the new court rooms of the Twelfth District Municipal Court, and in removing thereto from their present location the records, furniture, etc., belonging to said court, referred by the Board of Estimate and Apportionment to you, and by you to this Division for investigation, I beg to report as follows:

This court is at present occupying temporary quarters near the corner of Broadway and One Hundredth street, but is to be removed to a building just completed near Broadway and Ninety-sixth street. The latter building recently erected is said to have been constructed with a view to accommodating the court, and a lease of it has been taking by the City for that purpose, for a term of five years from June 1, 1906.

Proceeds of the bonds requested are to be expended in fitting up, furnishing and equipping the new quarters and in removing thereto the court records, furniture, etc., from their present location. The Superintendent of Public Buildings and Offices estimated that the amount required for this purpose would be at least \$5,000. The Board of Aldermen has, however, by the resolution under consideration, reduced the estimate to \$3,000, approximately the allowance recently made for the equipment of Municipal Court rooms in other districts. As this court has furniture now in use, a part of which at least can be utilized in the new quarters, it would seem that the expense of their equipment ought not to be as great as in the case of a newly established court.

Your Examiner has visited the rooms now occupied by the court and its proposed new quarters with a view to ascertaining the character and extent of the new or additional equipment required and finds them to be substantially as follows:

Shelves from floor to ceiling on four sides of record room.
Linoleum for court room and Clerk's office, some 4,000 square feet.
Carpet or rugs for two small private offices.
Bench, Clerk's desk and jury box in court room.
Open work iron rail, brass topped, around bench and jury box.
Shades for all windows.
Signs on court room windows, on entrance door of court room, on entrance door of buildings on ground floor, sign in hall indicating location of Clerk's office, and sign on door of Clerk's office.
One dozen benches for court room and hall.
Two dozen cane-seated arm-chairs for jury box and jury room.
Standing triangular desk around partition in Clerk's office.
Standing desk against wall in public part of Clerk's office.
One metal filing case, one metal filing case for pending cases, and one metal docket case with flat top.
Two roll-top desks with revolving chairs.
One oak table for jury room.
About sixty feet of sectional bookcase for judge's library.
It would seem that the expenses of such furnishings ought not to exceed \$2,500, and I would therefore recommend concurrence in said resolution to that extent.

Respectfully yours,

CHARLES S. HERVEY,

Auditor of Accounts, Investigations Division.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs to the extent of two thousand five hundred dollars (\$2,500) in the resolution adopted by the Board of Aldermen March 27, 1906, requesting the issue of Special Revenue Bonds in the amount of three thousand dollars (\$3,000), the proceeds whereof to be expended for the purpose of fitting up, furnishing and equipping the new court rooms of the Twelfth District Municipal Court, and removing from its present quarters thereto all its records, file cases and all other furniture and property belonging to the City, and that for the purpose of providing means therefor the Comptroller be and hereby is authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended, to issue Special Revenue Bonds of The City of New York to the amount of two thousand five hundred dollars (\$2,500), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Board of Aldermen called up the matter of a resolution of the Board of Aldermen requesting the issue of \$2,800 Special Revenue Bonds to meet the salaries of Probation Officers under the jurisdiction of the Board of Parole of the New York City Reformatory for Misdemeanants, which resolution was presented to the Board at the meeting held April 27, 1906, but did not receive the unanimous vote of the Board as required by the provisions of subdivision 8 of section 188 of the Charter. The resolution of the Board of Aldermen above referred to is printed in the minutes of the meeting held April 27.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted April 3, 1906, in relation to an appropriation of twenty-eight hundred dollars (\$2,800), to meet the salaries of Probation Officers under the jurisdiction of the Board of Parole of the New York City Reformatory of Misdemeanants, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of twenty-eight hundred dollars (\$2,800), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, and report of the Select Committee, consisting of the Comptroller and the President of the Borough of Brooklyn, to whom, on April 20, was referred the matter of amending the resolution adopted December 29, 1905, which authorized the acquisition, at a price not exceeding \$55,000, of property located at Richard, Dwight, Pioneer and King streets, Brooklyn, selected as a site for a playground, making the purchase price read \$60,000:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
April 11, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment at a meeting held December 29, 1905, adopted a resolution authorizing the acquisition at private sale, at a price not exceeding \$55,000, of the property just south of the present Red Hook Park, being the vacant block bounded by Richard street, Dwight street, King street and Pioneer street, Borough of Brooklyn, and is 200 feet by 500 feet.

After negotiation with the owners, it has been found impossible to have them sign a contract at the price of \$55,000, but they have offered to sell the same to the City for the sum of \$60,000, which price, in my opinion, while full value, is not excessive, and it would be inexpedient to acquire the property by condemnation proceedings, as, in my opinion, the award to be made by the Commissioners of Estimate and Apportionment would far exceed the price at which the property can now be acquired at private sale, and furthermore, the locality is in immediate need of a playground.

I would therefore respectfully recommend that the Board of Estimate and Apportionment amend their resolution of December 29, 1905, authorizing the acquisition of the property at a price not exceeding \$55,000, so that when amended the resolution shall read as follows:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment under date of December 29, 1905, in relation to the acquisition of the block bounded by Richard street, Dwight street, Pioneer street and King street, in the Borough of Brooklyn, be and the same is hereby amended so as to read as follows:

Site No. 3.

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection and location of a playground in the Borough of Brooklyn, bounded and described as follows:

All those certain lots, pieces or parcels of land, included within the area of the block bounded by Richard street, Dwight street, Pioneer street and King street, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof, and the Comptroller be and he hereby is authorized to enter into contracts for the

acquisition of the above-described property at private sale at a price not exceeding sixty thousand dollars (\$60,000), said contracts to be approved by the Corporation Counsel as to form.

Respectfully submitted for approval,

THOMAS F. BYRNES,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 1, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—Your Board at its meeting held April 20, 1906, referred to a Select Committee, consisting of the Comptroller and the President of the Borough of Brooklyn, a report from the Appraiser of Real Estate of the Department of Finance, approved by the Comptroller, recommending that the resolution adopted by the Board of Estimate and Apportionment on December 29, 1905, authorizing the acquisition by purchase, at a price not exceeding \$55,000, of the property located at Richard street, Dwight street, Pioneer street and King street, in the Borough of Brooklyn, selected as a site for a playground, be amended by having the purchase price read \$60,000.

We have examined the property and are of the opinion that the site selected will be available for the purpose required, and that the interest of the City will be properly subserved by its acquisition. We would therefore respectfully recommend that your Board adopt the necessary resolution authorizing the acquisition of the property at a price not exceeding \$60,000.

Respectfully,

H. A. METZ,

Comptroller.

BIRD S. COLER,

President, Borough of Brooklyn.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment under date of December 29, 1905, in relation to the acquisition of the block bounded by Richard street, Dwight street, Pioneer street and King street, in the Borough of Brooklyn, be and the same is hereby amended so as to read as follows:

Site No. 3.

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection and location of a playground in the Borough of Brooklyn, bounded and described as follows:

All those certain lots, pieces or parcels of land, included within the area of the block bounded by Richard street, Dwight street, Pioneer street and King street, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof,

and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the above described property at private sale at a price not exceeding sixty thousand dollars (\$60,000), said contracts to be approved by the Corporation Counsel as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of Manhattan moved that the matter of the allotment of appropriations for the acquisition of small parks, playgrounds, etc., in the various boroughs be referred to the Comptroller for consideration and report, which motion was agreed to.

The Board adjourned to meet May 11, 1906.

JOSEPH HAAG, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission,
No. 299 Broadway,
New York City, April 18, 1906.

A meeting of the Municipal Civil Service Commission of The City of New York was held at the Commission's offices, No. 299 Broadway, on Wednesday, April 18, 1906, at 10 o'clock.

All the Commissioners were present.

A public hearing was held on the proposed amendment of the classification of positions in the exempt class, in the Department of Correction, by changing the line "9 Chaplains," to read "10 Chaplains." Mr. E. L. Mayer, Chairman of the Committee on Religious Work, Temple Beth-Elahim, and Rabbi H. Veld, Chaplain, Kings County, appeared in behalf of the proposed amendment. There was no opposition to the same and the hearing closed.

The Commission then went into regular session, and the minutes of the meeting held April 11 were approved.

On motion, it was

Resolved, That the classification of positions in the exempt class in the Department of Correction as fixed by the Civil Service rules be and the same hereby is amended by changing the line "9 Chaplains" to read "10 Chaplains."

The Committee on Transfers recommended that the following transfers be approved:

John Meyer, from the position of Patrolman (seventh grade) in the Police Department to that of Fireman (fourth grade) in the Fire Department, he having formerly held the latter position.

Harry W. Clayton, from the position of first grade Clerk in the Brooklyn office of the Bureau for the Collection of Assessments and Arrears, Department of Finance, to second grade Clerk (salary, \$900 per annum), his name appearing first upon the competitive eligible list for the latter position.

John R. Cave, from the position of Topographical Draughtsman in the office of the President of the Borough of Queens to a similar position in the Department of Water Supply, Gas and Electricity in that borough.

Harry K. Vought, from the position of Cashier in the Bureau for the Collection of Taxes, Department of Finance, with salary at the rate of \$1,650 per annum, to the position of Clerk in that Bureau, at the same salary, in accordance with Civil Service Rule XIV, paragraph 3, he having formerly held the latter position.

John T. Metcalf, from the position of Transitman in the office of the President of the Borough of Richmond to a similar position in the Department of Water Supply, Gas and Electricity, Borough of Brooklyn.

The recommendation of the Committee on Transfers was adopted.

The Committee on Reinstatements recommended that the following reinstatements be approved:

Harry P. Connor, Architectural Draughtsman in the Board of Education, he having resigned from a similar position on January 1, 1906, and recommended that the following request be denied, for the reason that more than a year had elapsed since the candidate's separation from the service, and for the further reason that he was dismissed for cause:

Joseph Kimbela, Bridgekeeper in the Department of Bridges, he having been dismissed from that position on September 15, 1904, for continued absence without leave.

The recommendations of the Committee on Reinstatements were adopted.

On motion, it was

Resolved, That the minimum age of candidates for examination for the position of Heliotroper be and the same is hereby fixed at eighteen (18) years.

On motion, it was

Resolved, That the Chief Examiner be and he hereby is instructed to proceed with an open competitive examination for the position of Inspector of Carpentry and Masonry.

On motion, it was

Resolved, That the Chief Examiner be and he hereby is directed to rerate the papers of the candidates in the recent examination for Gardener by eliminating questions 5 and 6 from consideration.

On motion, it was

Resolved, That Mr. Magnus C. Ihlseng be and he hereby is appointed an Expert Examiner in the office of the Municipal Civil Service Commission, to rate papers submitted by candidates in engineering examinations, with compensation at the rate of ten dollars (\$10) a day while employed.

The President presented the following report on transfers, reinstatements, etc., in the labor class, acted upon by him:

Transfers Approved.

James J. Daly, from Cabinet Maker to Carpenter, Department of Bridges.

Gerald Griffin, from Dock Laborer, Department of Docks and Ferries, to Laborer in the office of the President of the Borough of Manhattan.

John Nestor, from Dock Laborer, Department of Docks and Ferries, to Laborer in the office of the President of the Borough of Manhattan.

Thomas M. Mathewson, from Dock Laborer, Department of Docks and Ferries, to Laborer in the office of the President of the Borough of Manhattan.

William Daly, from Dock Laborer, Department of Docks and Ferries, to Laborer in the office of the President of the Borough of Manhattan.

William Clifford, from Dock Laborer in the Department of Docks and Ferries to Stoker in the office of the President of the Borough of Manhattan.

Peter J. Garry, from Assistant Foreman to Foreman of Laborers in the office of the President of the Borough of Brooklyn.

William Redmond, from Assistant Foreman to Foreman of Laborers in the office of the President of the Borough of Brooklyn.

Thomas Winn, from Laborer, Department of Bridges, to Laborer in the office of the President of the Borough of Queens.

Arthur J. Pettit, from Foreman Mason to Foreman of Park Laborers, Department of Parks, Borough of The Bronx.

Thomas W. O'Gorman, from Wheelwright to Carpenter, Department of Parks, Borough of The Bronx.

Thomas F. Byrnes, from Laborer to Driver, Department of Water Supply, Gas and Electricity.

George L. Peney, from Laborer to Oiler, Department of Water Supply, Gas and Electricity.

Wilfred Johnson, from Stoker to Oiler, Department of Water Supply, Gas and Electricity.

Michael P. Damiana, from Driver to Stableman, Department of Street Cleaning.

Pasquale Lafonta, from Driver to Stableman, Department of Street Cleaning.

Reinstatements Approved.

Valentine Becker, a Sweeper in the Department of Street Cleaning.

Reassignments Approved.

Patrick Manning, as a Paver in the office of the President of the Borough of Manhattan.

John Kennedy, as a Laborer in the office of the President of the Borough of Manhattan.

William Lillis, as a Driver in the Department of Parks, Boroughs of Manhattan and Richmond.

William Just, as a Carpenter in the Department of Parks, Boroughs of Manhattan and Richmond.

William H. Collyer, as a Park Laborer, Department of Parks, Boroughs of Brooklyn and Queens.

Martin Dooley, as a Laborer in the Department of Water Supply, Gas and Electricity.

Emergency Appointments Approved.

Edward Galvin and twenty-three other men as Tree Climbers and Pruners in the Department of Parks, Boroughs of Manhattan and Richmond, five days from April 12, 1906.

Walter R. Jones and three other men as Tree Climbers and Pruners in the Department of Parks, Boroughs of Brooklyn and Queens, five days from April 9, 1906.

John Mullady and two other men as Tree Climbers and Pruners in the Department of Parks, Boroughs of Brooklyn and Queens, five days from April 10, 1906.

Eugene Diamond and seven other men as Tree Climbers and Pruners in the Department of Parks, Boroughs of Brooklyn and Queens, five days from April 11, 1906.

Henry Oughten and eleven other men as Tree Climbers and Pruners in the Department of Parks, Boroughs of Brooklyn and Queens, five days from April 12, 1906.

Cornelius Dwyer and Edward T. Darlington as Tree Climbers and Pruners in the Department of Parks, Boroughs of Brooklyn and Queens, five days from April 13, 1906.

Nathaniel J. Carman and two other men as Tree Climbers and Pruners in the Department of Parks, Boroughs of Brooklyn and Queens for five days from April 16, 1906.

Applications Denied.

Request of the Commissioner, Department of Bridges, for authority to transfer Matthew Miner from the position of Painter to that of Letterer, for the reason that he had failed to pass the practical examination for the latter position.

Request of the Commissioner, Department of Parks, Borough of The Bronx, for authority to transfer Peter Weiland from the position of Blacksmith's Helper to that of Blacksmith, for the reason that he had not passed the necessary practical examination.

Request of the Commissioner of Water Supply, Gas and Electricity for authority to transfer William Ratigan from Laborer to Driver, he having served in the former position less than one year.

The report of the President was adopted.

On motion, it was

Resolved, That the action of the Commission in directing the Chief Examiner to rate the mathematical papers in the recent examination for Transitman and Computer on a basis of 100 per cent for the correct solution of any eight problems be and the same hereby is rescinded; and the matter of rating the said papers is hereby referred back to the Chief Examiner for a report and recommendation.

The appeals of the following named candidates for a rerating of their papers were denied, no errors of marking or rating being indicated:

F. W. Eschen, candidate for Axeman.

A. H. Redding, candidate for Rodman.

Arthur Rooney, candidate for promotion to Foreman, Fire Department.

On motion, it was

Resolved, That the eligible list resulting from the examination for Inspector of Steel Construction held on February 15, 1906, be and the same hereby is established by the Municipal Civil Service Commission as of April 14, 1906.

A communication was presented from the Chief Examiner, dated April 13, with reference to the request of the Board of Water Supply that the Commission hold an open competitive examination for the position of Assistant Engineer in that department, with salary at the rate of \$1,350 per annum, in New York City, Albany, Buffalo and Springfield, Massachusetts, on the same day, in order to attract a large number of candidates from all parts of the State. The Chief Examiner stated that the limitation of the examination to the \$1,350 grade seemed to be entirely proper; and that the proposal to hold the examination in different cities of this State, if there were no insuperable obstacles in the way, should be adopted; but that he did not think well of holding the examination also in Springfield.

On motion, it was

Resolved, That the Chief Examiner be and he hereby is directed to proceed with an open competitive examination for Assistant Engineer, Board of Water Supply, with salary at the rate of \$1,350 per annum, in New York City, Albany and Buffalo on the same day.

On motion, it was

Resolved, That the requirement of residence in the State of New York be and the same hereby is waived so far as it applies to the coming examination for Assistant Engineer, Board of Water Supply.

On motion, it was

Resolved, That the Pay-roll Clerk is hereby directed to make no changes in pay-rolls after they have been received at the office of the Commission; that hereafter any necessary corrections shall be made either by means of written communications from the heads of the departments issuing the pay-rolls or by their duly authorized representatives.

On motion, it was

Resolved, That the Secretary is hereby directed to communicate with the Comptroller and request that no pay-rolls be altered in future after they have been examined by the Civil Service Commission and its certificate attached thereto; that if it be found necessary to make corrections in the title or salary of an employee of any City Department, he require a supplementary pay-roll to be made out, which shall be recertified by the Commission and then forwarded to the Department of Finance for audit.

The application of Charles V. Clarke, No. 108 Bedford avenue, Brooklyn, for the position of Telephone Operator, was accepted, it appearing that more than two years had elapsed since his dismissal from the Department of Public Charities.

The application of Mrs. Bertha M. Kraft, No. 124 West One Hundred and Second street, for the position of Attendant, was accepted on the recommendation of the Character Examiner.

The application of Charles Brush, Twenty-second avenue, Bensonhurst, for the position of Telephone Operator, was accepted, it appearing from an affidavit of the candidate that he mailed two applications to the Commission in the same envelope, one for Telephone Operator and the other for Dynamo Engineman; that he was notified for the latter examination but not for the first; and that when he called at the office of the Commission the Record Clerk disclaimed all knowledge of his application. The President stated that as there was some confusion at the time, owing to the moving of the offices, the application had probably been mislaid, and that he had ordered that the candidate be given a conditional notice for the examination pending the Commission's decision in the matter. The action of the President was approved.

The application of Alfred R. Doyle, No. 257 Humboldt street, Brooklyn, for the position of Temporary Clerk, was rejected for the reason that the candidate was not twenty-one years of age.

The application of David W. Johnston, No. 29 Fulton avenue, Jersey City, for the position of Topographical Draughtsman, was rejected for the reason that the candidate is not a resident of New York State.

The application of George M. Fox, No. 80 Joralemon street, Brooklyn, for the position of Topographical Draughtsman, was accepted, it appearing that the candidate would be twenty-one years of age on April 25.

A communication was presented from the Corporation Counsel, dated April 13, with reference to the examination for Process Server in his department, and suggesting that the announcement of the examination contain the statements that the compensation would be one dollar and fifteen cents for each process actually served; and that while the positions would be permanent, the amount of work, and consequently the compensation, would be irregular. The communication was referred to the Chief Examiner for his guidance in preparing the advertisement of the examination.

The report of the Board of Examiners for positions in the non-competitive class of the nautical schoolship "St. Mary's," dated April 3, was approved upon the recommendation of the Chief Examiner.

On motion, it was

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, Mr. Michael J. Collins, employed in the office of the President of the Borough of Richmond "for the purpose of copying and compiling the minutes and records of the former villages and towns in that borough for use in the topographical survey and location of existing streets and determining their official status," etc., be and he hereby is excepted from examination under the provisions of Civil Service Rule XII, paragraph 6, it appearing that Mr. Collins is a person engaged in private business, and that the services to be rendered are professional, expert, and of occasional character; provided, however, that such services shall cover a period not exceeding six months, with compensation at the rate of three dollars (\$3) a day while employed.

A communication was presented from the Commissioner of Docks and Ferries, dated April 12, renewing his request for the classification of "Ferry Police" in his department. The Secretary was instructed to arrange a public hearing on the matter for Wednesday, April 25, 1906, at 10 o'clock.

The Secretary was directed also to advertise public hearings on the following matters for Wednesday, April 25, at 10 o'clock:

(a) Matter of amending the classification of positions in the non-competitive class, as fixed by the rules, by including therein the position of Interpreter in the City Magistrates' Court.

(b) Matter of amending the classification of positions in the non-competitive class, under the heading "Bellevue and Allied Hospitals," by changing the line "4 Admitting Physicians, Bellevue Hospital, with compensation at the rate of \$600 per annum, without maintenance," to read "4 Admitting Physicians, Bellevue Hospital, with compensation not to exceed \$1,000 per annum, without maintenance."

Communications were presented from the Chief Clerk of the Police Department, dated March 23, April 5 and 9, stating that, in accordance with an order of the Supreme Court, Henry Metcalf had been reinstated in the position of Sergeant of Police; that in accordance with a peremptory writ of mandamus issued out of the Supreme Court, Kings County, James G. Reynolds had been reinstated in the position of Captain of Police; that in accordance with a communication from Messrs. Grant & Rouss, attorneys, and an opinion from the Corporation Counsel, dated April 5, 1906, Richard T. Hickman, William A. White and Francis J. McGrath had been reinstated in the positions of Captain, Sergeant and Sergeant respectively; all as of May 9, 1905. The papers were ordered filed.

The Commission again considered a request from the Department of Health, under date of March 26, that the general lists for promotion to Junior Clerk (grade B), second grade Clerk, fourth grade Clerk, fifth grade Clerk and sixth grade Clerk in that department be divided into Bureau lists in order that promotions might be made accordingly, which request was laid over by the Commission on April 4. After a careful consideration of the matter, it was

Resolved, That the Secretary be and he hereby is directed to divide the eligible lists for promotion to Junior Clerk (grade B), second, fourth, fifth and sixth grade Clerks in the Department of Health into Bureau lists for the various boroughs, as follows:

	Junior Clerk (Grade B).
	BOROUGH OF MANHATTAN.
Bureau of Chief Clerk.	
Bureau of Inspection.	
Bureau of Communicable Diseases.	
Bureau of Sanitary Superintendent.	
Bureau of Contagious Diseases.	
Bureau of Records.	
	BOROUGH OF THE BRONX.
Bureau of Chief Clerk.	
	BOROUGH OF BROOKLYN.
Bureau of Inspection.	
Bureau of Records.	
Bureau of Contagious Diseases.	
	Second Grade Clerk.
	BOROUGH OF MANHATTAN.
Bureau of the Secretary.	
Bureau of Sanitary Superintendent.	
Bureau of Contagious Diseases.	
Bureau of Records.	
Bureau of the Chief Clerk.	
Bureau of Inspection.	
Bureau of Communicable Diseases.	
Bureau of Law.	
	BOROUGH OF THE BRONX.
Bureau of Inspection.	
Bureau of Communicable Diseases.	
	BOROUGH OF BROOKLYN.
Bureau of Chief Clerk.	
Bureau of Contagious Diseases.	
Bureau of Inspection.	

BOROUGH OF QUEENS.

Bureau of Inspection.

Fourth Grade Clerk.

BOROUGH OF MANHATTAN.

Bureau of Chief Clerk.

Bureau of Contagious Diseases.

Bureau of Inspection.

Bureau of Sanitary Superintendent.

Bureau of Communicable Diseases.

BOROUGH OF THE BRONX.

Bureau of Contagious Diseases.

Fifth Grade Clerk.

BOROUGH OF MANHATTAN.

Bureau of the Secretary.

Bureau of Records.

Bureau of the Chief Clerk.

Sanitary Bureau.

BOROUGH OF THE BRONX.

Bureau of Inspection.

Bureau of Chief Clerk.

Sixth Grade Clerk.

BOROUGH OF MANHATTAN.

Bureau of Secretary.

Bureau of Records.

Bureau of Chief Clerk.

Bureau of Contagious Diseases.

BOROUGH OF BROOKLYN.

Bureau of Contagious Diseases.

BOROUGH OF QUEENS.

Bureau of Inspection.

The Secretary called the attention of the Commission to the following communication from the Corporation Counsel, dated April 14, 1906:

"Hon. WILLIAM F. BAKER, President Municipal Civil Service Commission:

"Sir—I am in receipt of a communication from you dated April 6, 1906, requesting information on the following facts:

"It appears that one Bernard Campbell, Inspector of Iron and Steel Construction in the Bureau of Buildings, was dismissed for neglect of work by Superintendent Hopper. Before Mr. Hopper resigned, he ordered the Campbell case to be reopened on presentation to him of further evidence that such a course was in the interests of justice. Prior to the rehearing Mr. Hopper resigned and Mr. Murphy, his successor in office, requests you to inform him whether he may hear the evidence referred to above.

"As a general proposition, one Commissioner may not reopen or sit in review of removals made by his predecessor. Many opinions have been written to that effect by this department.

"It has further been held by this office that where the removed person was of a privileged class entitled to a trial on charges under one of the veteran laws, that even the Commissioner that presided and removed this privileged person could not thereafter reopen and reinvestigate the same because such a trial was a quasi judicial investigation and one reviewable by certiorari.

"My predecessor in office, by a letter to the Department of Water Supply, Gas and Electricity, dated November 11, 1903, in the case of William S. Bennett, limited the application of the above rule in a case where the removed employee was only entitled to a chance to explain charges under section 1543 of the Charter. In his opinion, Mr. Rives states that the removing Commissioner had power, on evidence being presented to him that an error had been made, to afford a further chance to explain and reinstate the removed man if he deemed it proper.

"I concur with this limitation because of the fact that a chance to explain granted under section 1543 of the charter is in no sense a judicial trial reviewable by certiorari, but a ministerial investigation.

"See People ex rel. Kennedy vs. Brady, 166 N. Y., 44.

"Applying the principles above outlined to the facts herein presented, I am of the opinion that Mr. Hopper had power to reopen this Campbell case if Campbell had only been afforded an opportunity to explain charges prior to his original severance with the Department of Buildings.

"If Mr. Campbell was protected from removal except after the judicial trial, I am of the opinion that Mr. Hopper had no power to reopen.

"I am not informed as to what procedure was pursued in the original removal of Mr. Campbell by the former Superintendent of Buildings. If Mr. Campbell was merely protected from peremptory removal by the provisions of section 1543 of the Charter, I am of the opinion that Mr. Murphy, as the successor of Mr. Hopper, had power to actually preside at the investigation which Mr. Hopper had ordered prior to his resignation.

"Respectfully yours,

"(Signed) JOHN J. DELANY, Corporation Counsel."

In conjunction with the foregoing opinion, the Commission considered a communication from Edward S. Murphy, Esq., Superintendent of Buildings, Manhattan, in which he stated that he had given Mr. Campbell a rehearing; that he was satisfied that the charge against him did not warrant his dismissal on April 29, 1905; and that he desired to reinstate him in the position of Inspector of Iron and Steel Construction in his department. It appearing that the action of Superintendent Murphy was allowable in the opinion of the Corporation Counsel, the Secretary was instructed to issue a certificate of reinstatement as provided by Rule XIII, paragraph 4.

On motion, it was

Resolved, That the Chief Examiner be and he hereby is directed to proceed with a non-competitive examination of the following named candidates to qualify them for provisional appointment to the position of Transitman in the office of the President of the Borough of Richmond, under the provisions of Rule XII, paragraph 3:

Asher Jones, St. Paul's avenue, Tompkinsville.

Hugh N. Goodwin, Stapleton, N. Y.

John B. Cornell, Water street, Stapleton, N. Y.

A communication was presented from the Commissioner of Water Supply, Gas and Electricity, dated April 17, requesting that the position of Automobile Engineman in his department be exempted from competitive examination. The request was denied.

On motion, it was

Resolved, That, in accordance with a peremptory writ of mandamus issued out of the Supreme Court, Kings County, on April 16, 1906, by Mr. Justice Maddox, the Chief Examiner is hereby directed to re-rate the record of William C. Klepper, candidate in the examination for promotion to Roundsman, held in December, 1903, by eliminating all deductions made for fines imposed upon him during the probationary term of his service.

On motion, it was

Resolved, That the action of the Commission in approving the transfer of Michael A. McDermott and Michael A. Ryan from the position of Inspector of Sewer Construction in the office of the President of the Borough of Brooklyn to a similar position in the office of the President of the Borough of Manhattan on January 24, 1906, be and the same hereby is rescinded, for the reason that there was at the time of the transfer a "preferred" list for the position, containing the names of persons who had been laid off for lack of work in the office of the President of the Borough of Manhattan.

On motion, it was

Resolved, That the following named persons be and they hereby are excepted from competitive examination under the provisions of Rule XII, paragraph 7, for employment by the Board of Water Supply in a locality outside The City of New York; it appearing that such persons are residents of the locality in which they are to be employed, and appointment from an eligible list being impracticable:

John Olmstead, Highmount, N. Y., Gage Keeper, \$5 per month.

Thomas Gray, Honk Falls, N. Y., Gage Keeper, \$15 per month.

Samuel Lee, West Hurley, N. Y., Office Boy, \$20 per month.

A communication was presented from Russell Hunt, No. 145 West Fifty-third street, dated April 10, requesting that certification of his name from the list for Inspector of Water Meters be withheld for two months. The Secretary was instructed to call Mr. Hunt's attention to Rule XI., paragraph 4, and to inform him that if he was unable to accept an appointment offered him, upon presenting satisfactory evidence of such inability, his name would be retained upon the eligible list.

A communication was presented from Leon I. Britton, New Dorp, S. I., dated April 9, stating that he had been employed as an Automobile Engineman in the Department of Street Cleaning from February 20 to 25, but he was unable to obtain his salary for that period. The Secretary stated that he had no record of the appointment. He was instructed to refer Mr. Britton to the Commissioner of Street Cleaning for an adjustment of his matter.

The request of Henry H. Walsh, No. 1197 Woodcrest avenue, that the records be changed to show that he declined appointment to the position of Rodman in the Board of Water Supply on March 5 on account of "insufficient compensation" rather than on account of "location," was granted.

The request of Walter G. Thornton, Katonah, N. Y., dated April 19, that he be permitted to enter the coming examination for Topographical Draughtsman, was denied, it appearing that he did not file a written application for examination within the prescribed dates as required by the rules.

The request of Frank O. Johnson, No. 129 East Eighty-second street, that certification of his name from the preferred list for Temporary Clerk be withheld "until further notice" was denied, and the Secretary was instructed to call his attention to the provisions of Rule XI., paragraph 4.

The request of George W. Keefe, Parkville, Long Island, that his name be restored to the list for Attendant was denied for laches.

A communication was presented from Jacob S. Strahl, Esq., No. 280 Broadway, dated April 9, protesting on behalf of his clients against an alleged violation of section 1344N of the Greater New York Charter, and chapter 334 of the Laws of 1901, in the assignment of Patrolman to the Tenement House Department who had neither had five years' experience in the Sanitary Squad in the Department of Health nor passed a civil service examination for such service. The Secretary was instructed to refer the matter to the Police Commissioner for a report.

A communication was presented from William Joyce, No. 105 East Twenty-sixth street, dated April 2, requesting that he be restored to eligibility for appointment from the list for Janitor-Engineer. The Secretary stated that the candidate had been marked "not qualified" upon the establishment of the list, for the reason that one of his vouchers had not responded satisfactorily to a communication from the Commission regarding the candidate's character. It appearing that three of his vouchers, however, returned the required certificates, and that the Commission had since discontinued the practice of requiring such certificates, believing that they were of no value, the Secretary was directed to remove the disqualification from the candidate's name and certify it when reached for appointment.

On motion, it was Resolved, That the Chief Examiner be and he hereby is directed to proceed, during the month of May, with an examination for promotion from fourth to fifth grade Clerk (Certification Clerk) in the office of the Commission.

The Commission then adjourned to meet Wednesday, April 25, 1906, at 10 o'clock.
FRANK A. SPENCER, Secretary.

DEPARTMENT OF CORRECTION.

REPORT OF TRANSACTIONS, APRIL 23 TO 29, 1906.

Communications Received.

From the Mayor—Asking that the report of Department be forwarded to him as soon as practicable. Secretary to prepare same as directed.

From the Board of Estimate and Apportionment—Transmitting copies of resolutions to the effect (1) that all communications from City departments be signed by the heads of such departments or by a duly authorized representative; and (2) providing that requests for the establishment of new positions in departments or bureaus, or for additional grades of such positions, will not be considered until after August 1, 1906, for the present year. On file.

From the Board of Aldermen—City Clerk transmits copy of a resolution adopted by the Board granting to all employees of the City who are veterans of the Civil War and delegates to the G. A. R. encampment at Saratoga a leave of absence for June 20, 21 and 22. Notify heads of institutions of the Department of Correction to comply with provisions of above resolution.

From the Board of Aldermen—City Clerk transmits copy of a resolution embodying a report from the Associated Building Trades in regard to the employment of the uniformed force of City departments in mechanical work, which report was accepted by the Board of Aldermen on April 24, 1906. On file.

From Superintendent of City Schools—Nominating James Cullen for appointment as Teacher of Reform School on Hart's Island. Mr. Cullen requested to call, etc.

From the Department of Public Charities—Asking for removal of a fence, etc. After consultation with Warden of the Workhouse I am convinced that this action would be detrimental to the discipline of that institution.

From the Department of Public Charities—Asking for a detail of twenty prisoners to work on grounds around the Kings County Hospital after May 1. Warden of Kings County Penitentiary to comply with request.

From Department of Water Supply, Gas and Electricity—In regard to electric wiring, etc., at the Second District Prison, and asking that notification of same be made formally to that department. Department Inspector to attend to this matter.

From Heads of Institutions—Reporting that meats, bread, fish, milk, etc., for week ending April 21, 1906, agreed with specifications of the contracts. On file.

From Heads of Institutions—Reports, census, labor, etc., for week ending April 21, 1906. On file.

From City Prison—Fines received during week ending April 21, 1906:

From Court of Special Sessions.....	\$25 00
From City Magistrates' Court.....	100 00
Total.....	\$125 00

On file.

From District Prisons—Fines received during week ending April 21, 1906:

From City Magistrates' Courts.....	\$354 00
------------------------------------	----------

On file.

From District Prisons—Stating that new plumbing work at the Fifth District Prison has been completed and work is entirely satisfactory. On file.

From Penitentiary, Blackwell's Island—List of prisoners received during week ending April 21, 1906: Men, 8. On file.

From Workhouse, Blackwell's Island—Fines paid at the Workhouse during week ending April 21, 1906, amounted to \$86. On file.

From Workhouse, Blackwell's Island—Deaths at the Workhouse:

On April 21, 1906, Paul G. Riley, aged 74 years. Friends notified.

On April 22, 1906, John McManus, aged 49 years. Friends unknown.

On file.

From Branch Workhouse, Hart's Island—Request of Teacher at Reform School for one week's leave of absence. Request denied.

From Branch Workhouse, Hart's Island—Death on April 22, 1906, of Frederick Green, aged 45 years. Friends unknown. On file.

From City Cemetery—List of interments made during week ending April 21, 1906. On file.

From Kings County Penitentiary—List of prisoners received during week ending April 21, 1906: Men, 31; women, 7. On file.

From Kings County Penitentiary—Prisoners to be discharged, April 23 to 28, 1906—Men, 30; women, 7. On file.

From Kings County Penitentiary—Reports, census, labor, supplies, etc., for week ending April 21, 1906. On file.

From Kings County Penitentiary—Reporting slight accident to a prisoner, Charles Roberts, alias William Johnson, who cut his fingers while sawing. Patient sent to the hospital for treatment. On file.

From Kings County Penitentiary—From Warden in regard to brushes delivered to Fire Department in 1903. Copy of letter sent to Fire Department with request for orders.

Proposals Accepted.

Of April 26, 1906, of Greenlie, Wyatt & Co., No. 499 Water street, to furnish and install on steamer "Massasoit" eight (8) davits, with sockets, steps, cleats, block and wire rope, all as per specifications, for \$85. Lowest bid.

Of M. Harrison & Son, No. 214 East Fifty-first street, of April 23, 1906, to repair roof and moulding at City Prison, as indicated, for \$48. Lowest bid.

Of March 31, 1906, of Joseph Bauer, No. 388 Wallabout street, Brooklyn, to erect and place in cells at Annex Prison (City Prison) one hundred and forty (140) spring cots, to be furnished by the Department, as per specifications, for \$579. Lowest bid.

Appointed.

James Cullen, Teacher at Reform School, Hart's Island, at \$800 per annum and maintenance, to date from May 1, 1906. Nominated by the Department of Education.

Transfers in Department.

Otto Metz, Keeper, from Second District Prison to City Prison. Salary increased from \$900 to \$1,050 per annum.

Thomas J. Norris, Keeper, from City Prison to Penitentiary, Blackwell's Island. Salary unchanged.

James H. Cooke, Keeper, from Seventh District Prison to Penitentiary, Blackwell's Island. Salary unchanged.

Edward Crudden, Keeper, from Penitentiary, Blackwell's Island, to Second District Prison. Salary, \$800 per annum, unchanged.

Dismissed.

James McDonald, Helper at \$150 per annum, for absence without leave, to date from April 23, 1906.

Resigned.

John J. Herrick, Gardener-Driver at Central Stables, to take effect April 22, 1906.

Dropped from the Roll.

Thomas F. McAvoy, Teacher, Reform School, Hart's Island, to date from April 23, 1906, for absence without leave.

FRANCIS J. LANTRY, Commissioner.

MUNICIPAL EXPLOSIVES COMMISSION.

Headquarters, Fire Department, City of New York, }
Monday, April 23, 1906. }

Meeting of the Municipal Explosives Commission, held at the headquarters of the New York City Fire Department, on Monday, April 23, 1906.

Present—Commissioners Piser, Sherry and Montgomery.

Commissioner Montgomery was elected Chairman pro tem.

Commissioner Montgomery brought up the proposed gasoline torch and fire-pot regulations, after consideration.

On motion of Commissioner Sherry, the Secretary was directed to prepare a draft of the regulations proposed to govern the handling and storage of volatile inflammable liquid intended for use in torches, fire-pots, etc., and to submit the same to the Commission for their consideration.

Carried.

Commissioner Montgomery presented a communication from Wm. A. Anderson, Superintendent of the Bureau of Surveys of the New York Board of Fire Underwriters, in reference to the fire at Nos. 52 and 54 West Sixty-seventh street, April 8, 1906, in the Imperial garage.

On motion, the letter was referred to the Fire Commissioner, and the Secretary was directed to advise Mr. Anderson of the disposition of the same.

Adjourned to Tuesday, May 1, 1906.

FRANZ S. WOLF, Secretary.

m10,11.

BELLEVUE AND ALLIED HOSPITALS.

BELLEVUE AND ALLIED HOSPITALS' DEPARTMENT OF NEW YORK CITY, TWENTY-SIXTH STREET AND FIRST AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Board of Trustees at the above office until 3 o'clock p. m. on

TUESDAY, MAY 22, 1906,

FOR UNIFORMS.
The surety required shall be not less than fifty per cent. (50%) of the amount of the bid.
The time for the delivery of the articles and the completion of the work is as required, and the full performance of the contract is by or before December 31, 1906.

The bidder will state the price of each article contained in the specification or schedule herein contained or hereto annexed, per pound, gram, dozen, yard, or other unit of measure, by which the bids will be tested. The extension must be made, as the bids will be read from the total for each item, and award made to the lowest bidder.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.
Blank forms may be obtained at the office of the General Medical Superintendent, No. 411 East Twenty-sixth street, Borough of Manhattan.

JOHN W. BRANNAN, President, Board of Trustees, Bellevue and Allied Hospitals.
Dated May 9, 1906.

DEPARTMENT OF DOCKS AND FERRIES, FOOT OF BATTERY PLACE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on **MONDAY, MAY 14, 1906,**

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT AT THE NORTHERLY END OF THE CHELSEA SECTION OF THE NORTH RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.
The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the northerly line of West Twenty-third street extended southerly a distance of about from 160 to 200 feet to the existing bank of solid filling.

The filling shall also extend from the rear of the bulkhead wall or coping easterly a distance of about 150 feet to the old crib bulkhead.

The filling shall be brought to a grade level with the top of the coping of the bulkhead wall and shall extend inshore on a regular grade to the top of the ground at the adjacent or inshore bank.

It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to 12,000 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the area between West Twenty-second and West Twenty-third streets, as above more fully described, and being the basin calling for the filling of a void space estimated at about 12,000 cubic yards.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 40 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried offshore toward the bulkhead wall.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 300 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within forty-five days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

J. A. BENSEL,
Commissioner of Docks.

Dated THE CITY OF NEW YORK, April 20, 1906. m10,14

See General Instructions to Bidders on the last page, last column, of the "City Record."

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at the above office until 2 o'clock p. m. on **FRIDAY, MAY 12, 1906,**

Boroughs of Manhattan and Richmond.

CONTRACT No. 996.
FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED, FOR PREPARING FOR AND PAVING WITH ASPHALT THE DECKS OF PIERS 54, 56 AND 58, NORTH RIVER, BOROUGH OF MANHATTAN, TOGETHER WITH THE LATERAL EXTENSIONS OF BULKHEAD PLATFORMS, AND THE DECK OF THE PIER AT THE FOOT OF CANAL STREET, STAPLETON, BOROUGH OF RICHMOND, AND WORK INCIDENTAL THEREON.

The time allowed for doing and completing the work will be thirty calendar days.

The security required will be, for:

Class I. Paving with asphalt the deck of Pier 54, North river, and the lateral extensions there-to, about 13,000 square yards.

Class II. Paving with asphalt the deck of Pier 56, North river, and the lateral extensions there-to, about 13,000 square yards.

Class III. Paving with asphalt the deck of Pier 58, North river, and the lateral extensions there-to, about 13,000 square yards.

Class IV. Paving with asphalt the deck of the pier at the foot of Canal street, Stapleton, Borough of Richmond, and work incidental thereto.

The time allowed for doing and completing the work will be thirty calendar days.

The security required will be, for:

Class I. Paving with asphalt the deck of Pier 54, North river, and the lateral extensions there-to, about 13,000 square yards.

Class II. Paving with asphalt the deck of Pier 56, North river, and the lateral extensions there-to, about 13,000 square yards.

Class III. Paving with asphalt the deck of Pier 58, North river, and the lateral extensions there-to, about 13,000 square yards.

Class III. Paving with asphalt the deck of Pier 59, North river, and the lateral extensions there-to, about 13,000 square yards.

Class IV. Paving with asphalt the deck of the pier at the foot of Canal street, Stapleton, Borough of Richmond, about 2,300 square yards.

The bidder shall state a price per square yard for each class, by which price the bids will be tested and awards made to the lowest bidder in each class.

Work will be required to be done at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the said Department.

J. A. BENSEL,
Commissioner of Docks.

SALE OF OLD MATERIAL.

THOMAS BOWE, AUCTIONEER, WILL sell on behalf of the Department of Docks and Ferries, on

THURSDAY, MAY 10, 1906, commencing at 12 o'clock m., at the Department Yard, foot of West Fifty-seventh street, North river, Borough of Manhattan, the following lots of OLD MATERIAL:

Lot No. 1. One lot of old diver's suits.

Lot No. 2. One lot of old tires for automobiles.

Lot No. 3. One lot of old rubber.

Lot No. 4. One lot of bedding and one lot of coats.

Lot No. 5. One lot of iron tar pots on wheels.

Lot No. 6. One lot of scrap iron.

Lot No. 7. One lot of old rope.

Lot No. 8. One locomobile.

TERMS OF SALE.
The sale will commence at 12 o'clock m.

The above-described lot shall be sold for a sum in gross.

The items stated to be in the above-described lot are believed to be approximately correct, but the Commissioner of Docks will not make any allowance from the purchase money for any deviation from this list. It must also be distinctly understood that the Commissioner of Docks does not guarantee the condition or quality of this material, and the bidders must judge for themselves as to the correctness of the list and the quality, condition and amount of the material when making their bids.

The material sold shall only be that material which is on the premises at the time of sale; and the purchaser must immediately take the necessary and proper precautions to protect same.

If the purchaser or purchasers fail or fail to effect removal of the material within ten days from the date of sale, he or they shall forfeit his or their purchase money or moneys and the ownership of the material.

Terms of sale to be cash, to be paid to the Auctioneer at the time of sale.

An order will be given for the material purchased.

Dated THE CITY OF NEW YORK, April 30, 1906. J. A. BENSEL,

TERMS AND CONDITIONS OF SALE.
All expenses of removing, storing, advertising and selling such trucks, wagons, carts, etc., will be deducted from the purchase price paid.

Any remainder of such purchase price over and above said expenses will be held by the Commissioner of Docks in trust for the owner or owners thereof, for a period of twelve months from the receipt of the same, and if not claimed within said twelve months, the Commissioner of Docks will pay such remainder over to the Commissioners of the Sinking Fund.

The purchase price must be paid immediately after the sale.

In case of failure to pay the purchase price, the property for which such purchase price is not paid will be immediately resold, and if the price bid on such resale is less the difference will be charged against the person or persons failing so to pay.

Upon the payment of the purchase price, a receipt will be given to the purchaser, and upon the production of such receipt at the Pound the trucks, wagons, carts, etc., therein described will be delivered to the purchaser.

All property purchased at the sale must be removed from the Pound within five days after the payment of the purchase price or within any extension of time beyond such hours which the Commissioner of Docks may grant.

In case of failure to remove the same within the time specified, or within any extension of time to remove the same, which may be granted by the Commissioner of Docks, the purchaser will be deemed to have abandoned the property sold to him, the purchase price paid by him will be forfeited and the property will be resold.

By order of the Commissioner of Docks.
Dated THE CITY OF NEW YORK, April 30, 1906. J. A. BENSEL,
Commissioner of Docks.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," NORTH RIVER, NEW YORK, March 31, 1904.

THE COMMISSIONER HAS FIXED THE amounts of bonds required on contracts awarded by this Department, as follows:

On all contracts for supplies, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is not over \$500,000, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$500,000, but not over \$1,000,000, 25 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$1,000,000, 30 per cent. of the estimated cost.

JOSEPH W. SAVAGE,
Secretary.

DEPARTMENT OF STREET
CLEANING.

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1421, NOS. 13-21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office until 12 o'clock m. on

FRIDAY, MAY 11, 1906,

Boroughs of Manhattan, The Bronx and Brooklyn.

CONTRACT FOR FURNISHING AND DELIVERING PLUMBING SUPPLIES.

The time for the delivery of the articles, materials and supplies and the performance of the contract is 30 days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder must state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per foot, per pound, per yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and the award made to the lowest bidder.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13-21 Park row.

JOHN MCG. WOODBURY,
Commissioner of Street Cleaning.

Dated APRIL 24, 1906.

a26,m11

See General Instructions to Bidders on the last page, last column, of the "City Record."

ASHES, ETC., FOR FILLING IN LANDS.

PERSONS HAVING LANDS OR PLACES in the vicinity of New York Bay to fill in can procure material for that purpose—ashes, street sweepings, etc., collected by the Department of Street Cleaning—free of charge by applying to the Commissioner of Street Cleaning, Nos. 13 to 21 Park row, Borough of Manhattan.

JOHN MCGAW WOODBURY,
Commissioner of Street Cleaning.

BOROUGH OF BROOKLYN.

NOTICE IS HEREBY GIVEN THAT, IN accordance with section 432 of the Charter of The City of New York, the following petitions, on file and ready for inspection, will be considered by the Local Board of the Heights District, at a meeting to be held in the office of the President of the Borough of Brooklyn, Room 11, Borough Hall, on

WEDNESDAY, MAY 23, 1906,

at 3 p. m.
Note—If persons interested or affected by any proceeding on this calendar do not appear before the Board to favor or oppose same, action in connection therewith may be deferred indefinitely.

No. 1. Grace Court—To alter the map or plan of The City of New York by locating and laying out an extension to Grace Court, from its present westerly terminus to a point 62 feet east of the easterly side of Furman street, and to locate and lay out as a public park the property extending from the easterly side of Furman street to the proposed extension of Grace Court.

No. 2. Public Park—To alter the map or plan of The City of New York by locating and laying out as a public park the property bounded by the east and west lines of Remsen street and the north and south lines of Furman street.

BIRD S. COLER,

President, Borough of Brooklyn.

CHARLES FREDERICK ADAMS,
Secretary.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM 15, MUNICIPAL BUILDING, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock a. m. on

WEDNESDAY, MAY 23, 1906,

No. 1. FOR REGULATING AND REPAVING WITH MEDINA SANDSTONE PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF ATLANTIC AVENUE, FROM HENRY STREET TO FLATBUSH AVENUE.

The Engineer's estimate of the quantities is as follows:

27,130 square yards of Medina sandstone pavement, with cement joints.
200 square yards of adjacent pavement.
5,070 cubic yards of concrete.
10,080 linear feet of new curbstone.
530 linear feet of old curbstone to be reset.
3,310 square feet of new Medina bridgestones.
400 square feet of old bridgestones to be relaid.

The time for the completion of the work and the full performance of the contract is ninety (90) working days.

The amount of security required is Thirty-four Thousand Dollars.

No. 2. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON BELMONT AVENUE, FROM WARWICK STREET TO ELTON STREET.

The Engineer's estimate of the quantities is as follows:

1,288 linear feet of new curbstone to be set in concrete.
845 cubic yards of earth excavation.
496 cubic yards of earth filling, not to be bid for.
64 cubic yards of concrete, not to be bid for.

5,075 square feet of cement sidewalk.
The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Dollars.

No. 3. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON BEVERLY ROAD, FROM FLATBUSH AVENUE TO BEDFORD AVENUE.

The Engineer's estimate of the quantities is as follows:

1,646 linear feet of new curbstone to be set in concrete.

658 cubic yards of earth excavation.
600 cubic yards of earth filling, not to be bid for.
84 cubic yards of concrete, not to be bid for.

5,500 square feet of cement sidewalk.
The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Two Hundred Dollars.

No. 4. FOR REGULATING AND REPAVING WITH MEDINA SANDSTONE PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF CENTRE STREET, FROM SMITH STREET TO HAMILTON AVENUE.

The Engineer's estimate of the quantities is as follows:

1,100 square yards of Medina sandstone pavement, with cement joints.
20 square yards of adjacent pavement.
225 cubic yards of concrete.
830 linear feet of new curbstone.
10 linear feet of old curbstone, to be reset.
150 square feet of new Medina bridgestones.

The time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Thousand Seven Hundred Dollars.

No. 5. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON ELMORE PLACE, FROM FARRAGUT ROAD TO GLENWOOD ROAD.

The Engineer's estimate of the quantities is as follows:

851 linear feet of new curbstone, to be set in concrete.
60 cubic yards of earth excavation.
300 cubic yards of earth filling, to be furnished.

42 cubic yards of concrete, not to be bid for.

2,570 square feet of cement sidewalk.

The time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Five Hundred Dollars.

No. 6. FOR REGULATING AND REPAVING WITH ASPHALT BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF FORTH STREET, FROM SMITH STREET TO HOYT STREET.

The Engineer's estimate of the quantities is as follows:

2,030 square yards of asphalt block pavement.
10 square yards of adjacent pavement.
310 cubic yards of concrete.
860 linear feet of new curbstone.
360 linear feet of old curbstone, to be reset.
5 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Thousand Eight Hundred Dollars.

No. 7. FOR REGULATING AND REPAVING WITH MEDINA SANDSTONE PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF FORTH STREET, FROM SMITH STREET TO HOYT STREET, AND OF HOYT STREET, FROM THIRD STREET TO FIFTH STREET.

The Engineer's estimate of the quantities is as follows:

3,100 square yards of Medina sandstone pavement, with cement joints.
10 square yards of adjacent pavement.
620 cubic yards of concrete.
1,890 linear feet of new curbstone.
100 linear feet of old curbstone to be reset.
440 square feet of Medina sandstone bridgestones.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Four Thousand Seven Hundred Dollars.

No. 8. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF FREEMAN STREET, FROM MANHATTAN AVENUE TO OAKLAND STREET.

The Engineer's estimate of the quantities is as follows:

2,330 square yards of asphalt pavement.
10 square yards of adjacent pavement.
400 cubic yards of concrete.
1,230 linear feet of new curbstone.
170 linear feet of old curbstone to be reset.
6 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Thousand Eight Hundred Dollars.

No. 9. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF HIMROD STREET, FROM BUSHWICK AVENUE TO MYRTLE AVENUE.

The Engineer's estimate of the quantities is as follows:

6,490 square yards of asphalt pavement.
20 square yards of adjacent pavement.
1,080 cubic yards of concrete.
2,840 linear feet of new curbstone.
780 linear feet of old curbstone to be reset.
19 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Four Thousand Six Hundred Dollars.

No. 10. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF HOPKINSON AVENUE, FROM FULTON STREET TO A POINT 264 FEET SOUTH OF HERKIMER STREET.

The Engineer's estimate of the quantities is as follows:

1,870 square yards of asphalt pavement.
10 square yards of adjacent pavement.
310 cubic yards of concrete.
840 linear feet of new curbstone.
150 linear feet of old curbstone, to be reset.
5 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Thousand Five Hundred Dollars.

No. 11. FOR REGULATING AND REPAVING WITH GRANITE PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF JOHNSON STREET, FROM DUFFIELD STREET TO PEARL STREET.

The Engineer's estimate of the quantities is as follows:

2,370 square yards of granite block pavement, with tar and gravel joints.
20 square yards of adjacent pavement.
480 cubic yards of concrete.
1,370 linear feet of new curbstone.
430 linear feet of old curbstone, to be reset.
340 square feet of new granite bridgestones.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Three Thousand Two Hundred Dollars.

No. 12. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON KENILWORTH PLACE, FROM AVENUE G TO GERMANIA PLACE.

The Engineer's estimate of the quantities is as follows:

1,545 linear feet of new curbstone, to be set in concrete.
70 cubic yards of earth excavation.
580 cubic yards of earth filling, to be furnished.

76 cubic yards of concrete, not to be bid for.

6,661 square feet of cement sidewalk.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Dollars.

No. 13. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF KOSCIUSKO STREET, FROM BEDFORD AVENUE TO THROOP AVENUE, AND FROM BROADWAY TO BUSHWICK AVENUE.

The Engineer's estimate of the quantities is as follows:

14,070 square yards of asphalt pavement.
20 square yards of adjacent pavement.
2,340 cubic yards of concrete.
6,750 linear feet of new curbstone.
990 linear feet of old curbstone to be reset.
36 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Ten Thousand Dollars.

No. 14. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF MARCY AVENUE, FROM BROADWAY TO SOUTH THIRD STREET, AND FROM SOUTH SECOND STREET TO METROPOLITAN AVENUE.

The Engineer's estimate of the quantities is as follows:

2,850 square yards of asphalt pavement.
10 square yards of adjacent pavement.
560 cubic yards of concrete.
2,940 linear feet of new curbstone.
350 linear feet of old curbstone to be reset.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Two Thousand Seven Hundred Dollars.

No. 15. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF MARCY AVENUE, FROM WILLOUGHBY AVENUE TO FLUSHING AVENUE.

The Engineer's estimate of the quantities is as follows:

3,880 square yards of asphalt pavement.
30 square yards of adjacent pavement.
720 cubic yards of concrete.
2,970 linear feet of new curbstone.
600 linear feet of old curbstone to be reset.

The time for the completion of the work and the full performance of the contract is thirty-five (35) working days.

The amount of security required is Three Thousand Five Hundred Dollars.

No. 16. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF McDUGAL STREET, FROM FULTON STREET TO ROCKAWAY AVENUE.

The Engineer's estimate of the quantities is as follows:

10,530 square yards of asphalt pavement.
20 square yards of adjacent pavement.
1,740 cubic yards of concrete.
4,540 linear feet of new curbstone.
1,010 linear feet of old curbstone to be reset.
28 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Seven Thousand Dollars.

No. 17. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON NEW JERSEY AVENUE, FROM JAMAICA AVENUE TO HIGHLAND BOULEVARD.

The Engineer's estimate of the quantities is as follows:

725 linear feet of new curbstone to be set in concrete.
24 cubic yards of earth excavation.
828 cubic yards of earth filling to be furnished.

36 cubic yards of concrete, not to be bid for.

3,670 square feet of cement sidewalk.

The time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Seven Hundred Dollars.

No. 18. FOR REGULATING AND REPAVING WITH GRANITE PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF PARK AVENUE, FROM CLASSON AVENUE TO BROADWAY.

The Engineer's estimate of the quantities is as follows:

12,850 square yards of granite block pavement, with tar and gravel joints.
100 square yards of adjacent pavement.
2,700 cubic yards of concrete.
9,320 linear feet of new curbstone.
2,370 linear feet of old curbstone to be reset.
870 square feet of new granite bridgestones.
400 square feet of old bridgestones to be relaid.

The time for the completion of the work and the full performance of the contract is sixty (60) working days.

The amount of security required is Eight Thousand Dollars.

No. 19. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF PLEASANT PLACE, FROM HERKIMER STREET TO 295 FEET SOUTHERLY.

The Engineer's estimate of the quantities is as follows:

1,010 square yards of asphalt pavement.
170 cubic yards of concrete.
570 linear feet of new curbstone.
40 linear feet of old curbstone, to be reset.
3 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is fifteen (15) working days.

The amount of security required is Eight Hundred Dollars.

No. 20. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF PLYMOUTH STREET, FROM HUDSON AVENUE TO LITTLE STREET.

The Engineer's estimate of the quantities is as follows:

590 square yards of asphalt pavement.
10 square yards of adjacent pavement.
110 cubic yards of concrete.
530 linear feet of new curbstone.

10 linear feet of old curbstone, to be reset.
4 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is fifteen (15) working days.

The amount of security required is Six Hundred Dollars.

No. 21. FOR REGULATING AND REPAVING WITH MEDINA SANDSTONE PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF RICHARDS STREET, FROM BEARD STREET TO VERONA STREET.

The Engineer's estimate of the quantities is as follows:

4,580 square yards of Medina sandstone pavement, with cement joints.
90 square yards of adjacent pavement.
980 cubic yards of concrete.
2,290 linear feet of new curbstone.
1,870 linear feet of old curbstone, to be reset.
1,490 square feet of new Medina bridgestones.
120 square feet of old bridgestones, to be relaid.

The time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Seven Thousand Five Hundred Dollars.

No. 22. FOR REGULATING AND GRADING ROCKAWAY AVENUE, FROM HEGEMAN AVENUE TO STANLEY AVENUE, AND CURBING AND LAYING SIDEWALKS ON ROCKAWAY AVENUE, FROM HEGEMAN AVENUE TO VIENNA AVENUE.

The Engineer's estimate of the quantities is as follows:

1,193 linear feet of new curbstone to be set in concrete.
75 cubic yards of earth excavation.
5,687 cubic yards of earth filling, to be furnished.

59 cubic yards of concrete not to be bid for.

4,660 square feet of cement sidewalk.

The time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is One Thousand Three Hundred Dollars.

No. 23. FOR REGULATING AND REPAVING WITH ASPHALT BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF SIXTEENTH STREET, FROM HAMILTON AVENUE TO FOURTH AVENUE.

The Engineer's estimate of the quantities is as follows:

4,210 square yards of asphalt block pavement.
40 square yards of adjacent pavement.
650 cubic yards of concrete.
2,240 linear feet of new curbstone.
250 linear feet of old curbstone to be reset.
10 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Three Thousand Eight Hundred Dollars.

No. 24. FOR REGULATING AND REPAVING WITH ASPHALT BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF SEVENTEENTH STREET, FROM SIXTH AVENUE TO PROSPECT PARK WEST.

The Engineer's estimate of the quantities is as follows:

7,180 square yards of asphalt block pavement.
1,110 cubic yards of concrete.
3,010 linear feet of new curbstone.
1,290 linear feet of old curbstone to be reset.
17 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Three Thousand Eight Hundred Dollars.

No. 25. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF SOUTH SECOND STREET, FROM HAVE-MEYER STREET TO MARCY AVENUE, AND FROM KEAP STREET TO UNION AVENUE.

The Engineer's estimate of the quantities is as follows:

4,130 square yards of asphalt pavement.
30 square yards of adjacent pavement.
700 cubic yards of concrete.
2,100 linear feet of new curbstone.
330 linear feet of old curbstone to be reset.
13 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Three Thousand Dollars.

No. 26. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF ST. CHARLES PLACE, FROM ST. JOHN'S PLACE TO DEGRAU STREET.

The Engineer's estimate of the quantities is as follows:

930 square yards of asphalt pavement.
160 cubic yards of concrete.
90 linear feet of new curbstone.
470 linear feet of old curbstone to be reset.
3 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is fifteen (15) working days.

The amount of security required is Six Hundred Dollars.

No. 27. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF STERLING PLACE, FROM BROOKLYN AVENUE TO KINGSTON AVENUE.

The Engineer's estimate of the quantities is as follows:

2,750 square yards of asphalt pavement.
20 square yards of adjacent pavement.
450 cubic yards of concrete.
150 linear feet of new curbstone.
1,300 linear feet of old curbstone to be reset.
7 noiseless covers and heads, complete, for sewer manholes.

The time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Thousand Eight Hundred Dollars.

No. 28. FOR REGULATING AND REPAVING WITH MEDINA SANDSTONE PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF SULLIVAN STREET, FROM DWIGHT STREET TO FERIS STREET.

The Engineer's estimate of the quantities is as follows:

6,440 square yards of Medina sandstone pavement, with cement joints.
40 square yards of adjacent pavement.
1,270 cubic yards of concrete.
3,520 linear feet of new curbstone.
390 linear feet of old curbstone, to be reset.
510 square feet of new Medina bridgestones.

The time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Nine Thousand Dollars.

No. 29. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF SUMPTER STREET, FROM HOPKINSON AVENUE TO BROADWAY.

Boroughs of Manhattan and The Bronx.
No. 1. FOR FURNISHING AND DELIVERING MISCELLANEOUS SUPPLIES FOR FIREBOATS.

The time for the delivery of the articles, materials and supplies and the performance of the contract is forty-five (45) days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested.

The extensions must be made and footed up, as the bids will be read from the total for each class and awards made to the lowest bidder on each class; or the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Fire Department, Nos. 157 and 159 East Sixty-seventh street, Manhattan.

JOHN H. O'BRIEN,
Fire Commissioner.

Dated MAY 2, 1906.

See General Instructions to Bidders on the last page, last column, of the "City Record."

BOROUGH OF THE BRONX.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX, MUNICIPAL BUILDING, CORNER THIRD AVENUE AND ONE HUNDRED AND SEVENTY-SEVENTH STREET, CROTONA PARK, NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of The Bronx at the above office until 11 o'clock a. m. on

TUESDAY, MAY 15, 1906,

No. 1. FOR FURNISHING AND DELIVERING SUPPLIES, BRICK, CEMENT, SAND, ETC.

75 barrels best Rosendale cement.
30 barrels best quality Portland cement.
15,000 paving blocks, Mack or Porter, or equal.
500 cubic yards Cow Bay paving sand.
30 barrels block filling for block pavement.

To be furnished and delivered to the yard of the Bureau of Highways, One Hundred and Forty-fourth street and College avenue at such times and in such quantities as directed during the year 1906.

The amount of security required will be Six Hundred Dollars.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per foot, yard or other unit of measure or article, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

Blank forms can be obtained upon application therefor, and the plans and specifications may be seen and other information obtained at said office.

LOUIS F. HAFEN,
President.

Dated MAY 3, 1906.

See General Instructions to Bidders on the last page, last column, of the "City Record."

- Lot 49. 1 carpet size.
- Lot 50. 1 carpet size.
- Lot 51. 1 carpet size.
- Lot 52. 1 carpet size.
- Lot 53. 1 carpet size.
- Lot 54. 1 carpet size.
- Lot 55. 1 carpet size.
- Lot 56. 1 carpet size.
- Lot 57. 1 carpet size.
- Lot 58. 1 carpet size.
- Lot 59. 1 carpet size.
- Lot 60. 1 carpet size.
- Lot 61. 1 carpet size.
- Lot 62. 1 carpet size.
- Lot 63. 1 carpet size.
- Lot 64. 1 carpet size.
- Lot 65. 1 carpet size.
- Lot 66. 1 carpet size.
- Lot 67. 1 carpet size.
- Lot 68. 1 carpet size.
- Lot 69. 1 carpet size.
- Lot 70. 1 carpet size.
- Lot 71. 1 carpet size.
- Lot 72. 1 carpet size.
- Lot 73. 1 carpet size.
- Lot 74. 1 carpet size.
- Lot 75. 1 carpet size.
- Lot 76. 1 carpet size.
- Lot 77. 1 carpet size.
- Lot 78. 1 carpet size.
- Lot 79. 1 carpet size.
- Lot 80. 1 carpet size.
- Lot 81. 1 carpet size.
- Lot 82. 1 carpet size.
- Lot 83. 1 carpet size.
- Lot 84. 1 carpet size.
- Lot 85. 1 carpet size.
- Lot 86. 1 carpet size.
- Lot 87. 1 carpet size.
- Lot 88. 1 carpet size.
- Lot 89. 1 carpet size.
- Lot 90. 1 carpet size.
- Lot 91. 1 carpet size.
- Lot 92. 1 carpet size.
- Lot 93. 1 carpet size.
- Lot 94. 1 carpet size.
- Lot 95. 1 carpet size.
- Lot 96. 1 carpet size.
- Lot 97. 1 carpet size.
- Lot 98. 1 carpet size.
- Lot 99. 1 carpet size.
- Lot 100. 1 carpet size.

- Lot 38. 4 blankets.
- Lot 39. 1 robe.
- Lot 40. 2 rubber covers.
- Lot 41. 1 truck.
- Lot 42. 1 wagon.
- Lot 43. 1 wagon (light).
- Lot 44. 1 wagon (light).
- Lot 45. 1 phaeton.
- Lot 46. 1 phaeton.
- Lot 47. 1 phaeton.

m5,j7

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, April 28, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that open competitive examinations will be held for the following positions in New York City, Albany and Buffalo:

ASSISTANT ENGINEER, BOARD OF WATER SUPPLY, SATURDAY, JUNE 2, 1906, AT 10 A. M.

The receipt of applications will close on Monday, May 14, 1906, at 4 p. m.

The subjects and weights of the examination are as follows:

Technical 50
Mathematics 15
Report 15
Experience 20

The percentage required is 75 on technical paper and 70 on all.

Candidates must state where they wish to be examined—Albany, Buffalo or New York.

Candidates should not apply for this position unless they are ready to accept employment in any part of the State where their services may be needed. Certification will not be made from the resulting eligible list to any other department, except, if necessary, to the Aqueduct Commission.

The requirement of residence in the State of New York has been waived so far as it applies to this examination.

That section of Rule VIII, requiring that applications from non-residents of the City should bear the certificates of at least two reputable citizens of the City of New York has been waived for this examination, subject to the approval of the Mayor and the State Civil Service Commission.

The provision of Rule VII, to the effect that no person who has entered an examination for appointment to a competitive position and failed therein or has withdrawn therefrom, shall be admitted within nine months to a new examination for the same position, is waived so far as it applies to this examination.

The salary is \$1,350 per annum.

The minimum age is 21.

CHAINMAN AND RODMAN, BOARD OF WATER SUPPLY, SATURDAY, JUNE 2, 1906, AT 10 A. M.

The receipt of applications will close on Tuesday, May 15, 1906, at 4 p. m.

The subjects and weights of the examination are as follows:

Technical 6
Mathematics 2
Experience 2

The percentage required is 75 on technical paper and 70 on all.

Candidates must state where they wish to be examined—New York, Albany or Buffalo.

Candidates should not apply for this position unless they are ready to accept employment in any part of the State where their services may be needed. Certification will not be made from the resulting eligible list to any other department, except, if necessary, to the Aqueduct Commission.

The requirement of residence in the State of New York has been waived so far as it applies to this examination.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 61 ELM STREET, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

DEPARTMENT OF FINANCE.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes in the

Borough of The Bronx.

All the buildings, parts of buildings, etc., standing within the lines of property within the widening of East One Hundred and Thirty-eighth street, between the New York and Harlem Railroad and the United States pier and bulkhead line for the approach to the bridge over the Harlem river at East One Hundred and Thirty-eighth street, in the Twenty-third Ward of the Borough of The Bronx, City of New York, which is more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan. The sale will include the following items of machinery located in a portion of the building sold:

One S. A. Woods 8-inch roll planer and matcher.
One heavy iron frame swing saw, with table and gauges.
One M. B. Tidey swing saw, with table and gauges.
One twenty-four wood turning lathe, with 22 feet of shears.
One post boring machine.
One 24-inch knife grinding machine.
Hangers, shafting, pulleys, etc.
Erecting of shafting and connecting machines.
One J. A. White swing saw, with table and gauges.
Two Prybil 18-inch turning lathes and 26 feet of shears.
Two H. B. Smith 7-inch moulding machines.
One F. H. Clements 36-inch band saw.
One S. C. Rogers circular saw grinding machine.
One heavy double emery stand and counter-shaft.
One grinding stone and frame, stone 16-inch by 3-inch.
Hangers, shafting, pulleys, etc.
Erecting of shafting, setting and connecting machines.
One S. A. Woods 24-inch by 6-inch 6-roll planer and matcher.
One S. A. Woods 14-inch by 6-inch 6-roll planer and matcher.
One S. A. Woods 15-inch by 6-inch 6-roll planer and matcher.
One Greenlee power feed rip saw.
One Greenlee heavy power feed rip saw.
One Seymour & Whitlock sash dovetailer.
One Godell & Waters 162 jointer.
One S. A. Woods 24-inch Tony planer.
One James D. Blasde swing saw, with table and gauges.
One H. B. Smith No. 2 mortising machine.
The sale will take place on -

MONDAY, MAY 21, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

Cash payment in bankable funds at the time and place of sale, and the entire removal of buildings, parts of buildings, etc., standing within the lines of said streets from the streets by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within thirty days, he or they shall forfeit his or their purchase money, and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for

amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description, within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings, or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and from all suits and actions, claims and demands, of every name and description, brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,
Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, May 8, 1906.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 5.

EAST ONE HUNDRED AND THIRD STREET—CURBING AND PAVING, from the west house line of Exterior street to a point 100 feet west. Area of assessment: Both sides of One Hundred and Third street, from the westerly house line of Exterior street to about 100 feet west, on Block 1697, Lots Nos. 23½, 21½ and 21; also Block 1696, Lot No. 34.—that the same was confirmed by the Board of Assessors on May 8, 1906, and entered on May 8, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 7, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ,
Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 9.
EAST ONE HUNDRED AND FORTY-SIXTH STREET—PAVING AND CURBING, from Mott avenue to Walton

assessment: Both sides of East One Hundred and Forty-sixth street, from Mott to Walton avenue, and to the extent of half the block at the intersecting avenues.

TWENTY-THIRD WARD, SECTION 10.

MACY PLACE—PAVING AND CURBING, from Prospect avenue to Hewitt place. Area of assessment: Both sides of Macy place, from Prospect avenue to Hewitt place, and to the extent of half the block at the intersecting and terminating streets and avenues.

TWENTY-FOURTH WARD, SECTION 11.

PARK AVENUE—SEWER AND APPURTENANCES, west side, between East One Hundred and Eighty-ninth street (Welch street) and Pelham avenue. Area of assessment: Both sides of Park avenue, from One Hundred and Eighty-ninth street to Pelham avenue.

—that the same were confirmed by the Board of Assessors May 8, 1906, and entered on May 8, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 7, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for school purposes, in the

Borough of Manhattan.

All the buildings, parts of buildings, etc., standing upon land acquired for the Board of Education, and described as follows:

Beginning at a point in the southerly line of East Fifty-seventh street distant 100 feet westerly from the westerly line of Second avenue; running thence southerly and parallel with Second avenue 100 feet 5 inches; thence westerly and parallel with East Fifty-seventh street 75 feet; thence northerly and again parallel with Second avenue 100 feet 5 inches to the southerly line of East Fifty-seventh street; thence easterly along the southerly line of East Fifty-seventh street 75 feet to the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

FRIDAY, JUNE 8, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings, or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings, or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by

reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for school purposes, in the

Borough of Manhattan.

All the buildings, parts of buildings, etc., standing upon land acquired for the Board of Education, and described as follows:

Beginning at a point formed by the intersection of the westerly line of Amsterdam avenue with the northerly line of the lands of Public School 43, which point is distant 99 feet 11 inches northerly from the northerly line of West One Hundred and Twenty-ninth street; running thence westerly along the said northerly line of the lands of Public School 43 one hundred (100) feet; thence northerly and parallel with Amsterdam avenue 25 feet; thence easterly and parallel with West One Hundred and Twenty-ninth street 100 feet to the westerly line of Amsterdam avenue; thence southerly along the westerly line of Amsterdam avenue 25 feet to the northerly line of the said lands of Public School 43, the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

FRIDAY, MAY 25, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings, or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of Exterior street, from East One Hundred and Forty-fourth street to East One Hundred and Forty-ninth street, in the Borough of The Bronx, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on May 18, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on April 20, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grades of Exterior street, from East One Hundred and Forty-fourth street to East One Hundred and Forty-ninth street, in the Borough of The Bronx, City of New York, more particularly described as follows:

1. The grade at the intersection of East One Hundred and Forty-fourth street to be 10.0 feet above mean high-water datum, as heretofore;

2. The grade 115 feet southerly of the southeasterly curb intersection of East One Hundred

and Forty-sixth street to be 11.0 feet above mean high-water datum;

3. The grade at the intersection of East One Hundred and Forty-sixth street to be 10.0 feet above mean high-water datum;

4. The grade at the intersection of East One Hundred and Forty-ninth street to be as heretofore.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 18th day of May, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 18th day of May, 1906.

JOHN H. MOONEY,
Assistant Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Franklin.

m5,16

NOTICE IS HEREBY GIVEN THAT the Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out an extension of Scott avenue, from Flushing avenue to St. Nicholas avenue, in the Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on May 18, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on April 20, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out an extension of Scott avenue, from Flushing avenue to St. Nicholas avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

The western line of Scott avenue as laid down on the map of the City, to the north of Flushing avenue, to be prolonged southerly in a straight line extending from the southeastern line of Flushing avenue for a distance of about 380 feet to the northeastern line of St. Nicholas avenue;

The eastern line of Scott avenue, from the southeastern line of Flushing avenue to the northeastern line of St. Nicholas avenue, to be 60 feet easterly from and parallel to the above-described western line.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 18th day of May, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 18th day of May, 1906.

m5,16

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out an extension of West One Hundred and Forty-first street, from a point 325 feet west of Broadway to Riverside drive, in the Borough of Manhattan, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on May 18, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on April 20, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out an extension of West One Hundred and Forty-first street, from a point 325 feet west of Broadway to Riverside drive, in the Borough of Manhattan, City of New York, more particularly described as follows:

Beginning at a point in the southerly line of West One Hundred and Forty-first street distant 325 feet westerly from Broadway; thence westerly and in continuation of the southerly

line, distance 263 feet to the easterly line of Riverside drive; thence northerly along said line, distance, 60 feet; thence easterly and parallel to the southerly line, distance 263 feet to the end of Old street; thence southerly along said end, distance 60 feet to the point or place of beginning.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 18th day of May, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 18th day of May, 1906.

JOHN H. MOONEY,
Assistant Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Franklin.

m5,16

AT A MEETING OF THE BOARD OF Estimate and Apportionment, held April 27, 1906, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, The Seaboard Refrigeration Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate a pipe line and all necessary appurtenances for the transportation of refrigeration under and along certain streets in Coney Island, Borough of Brooklyn; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provides for the manner and procedure for making such grants; and

Whereas, The Mayor has, in pursuance of such law, designated the Brooklyn Daily "Eagle" and Brooklyn "Citizen" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the City Record; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Seaboard Refrigeration Company, and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the City Record and at least twice in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," two daily newspapers published in the City of New York, and a public hearing has been had thereon by this Board; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Seaboard Refrigeration Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 190 , by and between The City of New York, party of the first part, by the Mayor of said City acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and the Seaboard Refrigeration Company, a domestic corporation of the State of New York, hereinafter called the Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct, maintain and operate a conduit not to exceed eighteen inches in diameter, with the necessary branches and connections therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, said conduit and branches to be beneath the surface of each of the following-named streets, avenues and highways, between the points described as follows, all situate in the Borough of Brooklyn, City of New York, to wit:

In, under and along West Twenty-first street, West Twelfth street and West Eighth street, between Surf avenue and Neptune avenue; in, under and along Neptune avenue, between West Twenty-first street and West Eighth street; and in, under and along Surf avenue, between West Twenty-fifth street and West Fifth street, said routes being shown on a map entitled "Map to accompany the petition of the Seaboard Refrigeration Company to the Board of Estimate and Apportionment, dated November 2, 1905, for laying conduits along designated streets and avenues on Coney Island, Borough of Brooklyn, New York," signed by Charles E. Booth, President, and Henry Guttin, Engineer, copy of which is annexed hereto and made a part of this grant.

Sec. 2. The grant of this franchise, right and privilege is subject to the following conditions:

First—The said franchise, right and privilege to lay one conduit line in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the franchise, right and privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessee or successors, for a term of fifteen years from the date of the signing of this contract, with the privilege of renewal of said grant for a further period of ten years, upon a fair revaluation of said franchise, right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or to any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company and by the Board of Estimate and Apportionment, or by such other authority in its place. If the Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board or by such other authority in its place)

or the Company shall be bound upon request of the other to enter into a written agreement with such other authority, fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers, and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Board of Estimate and Apportionment, or its successors in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, all conduit lines and appurtenances thereto, constructed pursuant to this contract, shall be and become the property of The City of New York, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City by the Board of Estimate and Apportionment, or its successors in authority, shall so order by resolution, the said Company shall remove, at its own expense, said conduit line and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay for this privilege to The City of New York the following sums of money, to wit:

1. Five thousand dollars (\$5,000) in cash within thirty (30) days after the signing of the contract.

2. During the first five years of this contract an annual sum which shall in no case be less than eight hundred and fifty dollars (\$850), and which shall be equal to 4 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eight hundred and fifty dollars (\$850).

During the second five years of this contract an annual sum which shall be in no case less than eleven hundred dollars (\$1,100), and which shall be equal to 5 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eleven hundred dollars (\$1,100).

During the third and remaining five years of this contract an annual sum which shall in no case be less than fourteen hundred dollars (\$1,400), and which shall be equal to 6 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of fourteen hundred dollars (\$1,400).

3. An annual payment of ten (10) cents for each linear foot of conduit line and two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway. The sums due shall be calculated from the day when the permit is obtained to open the streets for any section of the work.

All sums herein provided for shall be paid into the Treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Any and all payments made by the terms of this franchise to The City of New York by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments of refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—If a conduit line as herein described shall not be constructed and in actual operation

in all the streets and avenues, and upon all the routes hereby described, on May 1, 1911, all rights hereby given shall be thereupon forthwith and immediately forfeited without judicial or other proceedings, unless at least 50 per cent. of the conduit line shall then be constructed and in operation, when, in such case, the forfeiture shall affect only the Company's rights, privileges and franchises on the remaining portion of the conduit line hereby granted.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the routes.

Ninth—The said Company shall bear the expense of keeping in repair for one year after it has been replaced all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Tenth—The said Company shall bear the expense of inspection, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, of all the work of construction required, or removal of the said conduit line, which shall be done under this grant.

Eleventh—The Company shall cause a test to be made of the pipes laid under this grant before said pipes shall be used for the conveyance of gas or fluid under pressure for refrigerating purposes. The pipes so tested shall be submitted to a pressure of 450 pounds per square inch, and such test shall be made under the supervision of the Commissioner of Water Supply, Gas and Electricity. A certificate showing that such a test has been made, without injury to the pipes, shall be executed by an officer of the Company, indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board of Estimate and Apportionment.

Twelfth—The Company, its successors or assigns, shall not charge consumers more than three dollars and fifty cents (\$3.50) for the same amount of refrigeration which is produced by one ton of ice. During the term of this contract the Board of Estimate and Apportionment shall have absolute power to regulate the maximum and minimum rates, provided that such rates shall be reasonable and fair. All refrigeration which may be required by The City of New York at any point along the routes herein described, shall be furnished by the Company without cost to the City.

The Company, upon the application for refrigeration of any person or corporation located along the routes herein authorized, shall extend its conduit to such premises and furnish to said applicant refrigeration at the prices which are herein prescribed, or at which such prices may be hereafter fixed, in properly insulated compartments, under contracts containing fair and reasonable regulations for such service; otherwise this contract shall cease and determine at the option of the Board of Estimate and Apportionment.

It is mutually understood and agreed by and between the parties hereto that in the event of any dispute arising between the company and any consumer or user of its refrigeration, as to the fairness and reasonableness of the regulations contained in said contracts, the Board of Estimate and Apportionment on the application of either said consumer, user or Seaboard Refrigeration Company shall have the power to pass upon and decide as to the fairness and reasonableness of such regulations, and said Seaboard Refrigeration Company hereby agrees to abide by such decision and conform such regulations thereto.

Thirteenth—A correct map shall be furnished to the Board of Estimate and Apportionment by the Company, showing the exact location of all the conduit lines and manholes laid with reference to the curb lines of the streets and the street surface, and the same shall be furnished on the first day of November of each year until all conduit lines which are authorized by this grant are constructed or until the right hereby authorized to construct conduit lines along the routes described have ceased by limitation, as herein provided.

Fourteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Fifteenth—The Company shall assume all liability by reason of the construction and operation of the conduit line and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this grant, the Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Company, its successor or assigns. Due notice of any such demand shall be given to the Company.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited or avoided by The City of New York by a suit brought by the Corporation Counsel, on notice of ten days to the said Company.

Seventeenth—If the Company has in position a conduit or pipe line in streets or avenues other than those herein described, then the Company shall remove such conduit or pipe line at its own expense, within one year from the date of signing this contract. If the Company owns a conduit or pipe line in the streets or avenues herein described, such conduit or pipe line shall be deemed to be a conduit line herein authorized, but no right is hereby given to lay or construct a conduit line in addition to that which the Company already has in such streets or avenues.

Eighteenth—The conduit line hereby authorized shall be used only by the Company and for no other purpose than for supplying refrigeration by the ammonia process or such other process as may be consented to by the Board of Estimate and Apportionment.

Nineteenth—The Company hereby agrees not to issue stock or bonds other than have been heretofore issued, until a certificate of authority therefor has been issued by the Board of Estimate and Apportionment, or until such Board shall further certify in writing as to the amount of stock or bonds reasonably required for the purposes of the Company. The stock and bonds of the said Company shall not be issued in excess of the amount so certified.

The Company shall not increase its capital stock or its bonded indebtedness without the consent in writing of the Board of Estimate and Apportionment stating the amount of the authorized increase. For the purpose of making this determination as to the amount of stock and bonds to be issued, or the amount of the authorized increase of the capital stock and bonded indebtedness of the Company, the Board of Estimate and Apportionment may take and hear testimony under oath and examine the books and

papers of the Company, and require verified statements from the officers thereof, pertaining to the value of the property and of the franchise owned or operated by the Company. Such determination shall be made within sixty (60) days after the final submission of the papers or of final hearing on the application for the issue or increase of capital stock or bonds of indebtedness.

The Company shall submit a report to the Board of Estimate and Apportionment not later than November 1 of each year, for the year ending September 30 next preceding, which shall state:

1. The amount of stock issued; for cash; for property;
2. The amount paid in as by last report;
3. The total amount of capital stock paid in;
4. The funded debt by last report;
5. The total amount of funded debt;
6. The floating debt as by last report;
7. The amount of floating debt;
8. The total amount of funded and floating debt;
9. The average rate per annum of interest on funded debt;
10. Statement of dividends paid during the year;
11. Number of feet of conduit now laid;
12. The total amount expended for same;
13. Amount, kind and capacity of machinery now in use and required for operation;
14. The total amount expended for same;
15. Number of tons of refrigeration furnished during the year;
16. Total receipts from refrigeration and the average price per ton received during the year;
17. Amounts paid by Company for damage to persons or property on account of construction and operation;
18. Total expenses for operation; including salaries;
19. An inventory of all the property of the Company.

—and such other information in regard to the business of the Company as may be required by the Board. For each failure to comply with the foregoing, the Company shall pay a penalty of one hundred dollars (\$100), which may be collected by the Comptroller without notice.

Twentieth—The Company shall at all times keep accurate books of accounts of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 in each year, make a verified report to the Comptroller of The City of New York, of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-first—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fails to maintain its structures in good condition throughout the full term of its occupancy of such streets, the Board of Estimate and Apportionment of The City of New York may give written notice to the said Company specifying any default on the part of said Company and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time, said Company shall for each day thereafter during which the default or defect remains, pay to The City of New York a sum of fifty dollars (\$50) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinbefore provided.

Twenty-second—This grant is upon the express condition that the Company, within thirty days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of five thousand dollars (\$5,000), either in money or in securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said Company of such terms and conditions The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same, with interest, from said fund after ten days' notice in writing to the said Company. In case of any drafts so made upon this security fund the said Company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five thousand dollars (\$5,000), and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Twenty-third—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

Twenty-fourth—The Company agrees to assume and comply with any of the existing provisions or future amendments of Article V. of the Transportation Corporations Law relating to pipe lines, imposing conditions, restrictions or penalties should the Board of Estimate and Apportionment from time to time so require, in the same manner and to the same extent as if the Company had been incorporated under the said Transportation Corporations Law.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, this day and year first above written.

THE CITY OF NEW YORK,
By Mayor.
[SEAL] SEABOARD REFRIGERATION CO.,
By President.
Attest: Secretary.
[SEAL]

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted, and the adequacy of the compensation proposed to be paid therefor are that the money value of such right or franchise proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of proposed contract, for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, and the said form of proposed contract for the grant of such franchise or right, and said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published at the expense of the Seaboard Refrigeration Company, for at least twenty days prior to May 25, 1906, in the City Record and at least twice during the ten days immediately prior to May 25, 1906, in the Brooklyn Daily "Eagle" and Brooklyn "Citizen," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of such Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on May 25, 1906, at 10.30 o'clock a. m. hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG,
Secretary.
New York, April 27, 1906. m2,25

CITY OF NEW YORK. BOARD OF ESTIMATE AND APPOINTMENT.

PUBLIC NOTICE IS HEREBY GIVEN that a public hearing will be held on Friday, May 11, 1906, at 10.30 o'clock in the forenoon, in the Old Council Chamber, City Hall, Borough of Manhattan, on the report submitted by the Bureau of Franchises upon the application of the Atlantic Telephone Company for a franchise, at which time citizens shall be entitled to appear and be heard.

Secretary.
New York, April 27, 1906. m1,11

DEPARTMENT OF PARKS.

THE CITY OF NEW YORK, DEPARTMENT OF PARKS, May 4, 1906.

TREE PLANTING NOTICE.

PURSUANT TO THE PROVISIONS OF chapter 253 of the Laws of 1903, notice is hereby given that the Park Board of The City of New York will, on

WEDNESDAY, MAY 16, 1906,

at 11 o'clock a. m., at the office of the Commissioner of Parks for the Boroughs of Brooklyn and Queens, Litchfield Mansion, Prospect Park, Brooklyn, hear and consider all statements, objections and evidence that may there and then be offered in reference to the planting of trees on both sides of Third Avenue, between Bay Ridge Avenue and the Shore Road, in the Borough of Brooklyn.

Property owners and all persons interested in the proposed work are hereby notified that full opportunity will be afforded at this hearing to present their views respecting the planting contemplated.

The act above cited provides that the cost of the planting shall be assessed upon the property benefited in the same manner as assessments for other local improvements.

See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE DEPARTMENT OF PARKS, ARSENAL BUILDING, FIFTH AVENUE AND SIXTY-FOURTH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received at the office of the Supervisor of the City Record, in The City of New York, until 11 o'clock a. m. on

MONDAY, MAY 14, 1906,

FOR SUPPLYING STATIONERY, ETC., FOR THE USE OF COURTS AND THE DEPARTMENTS AND BUREAUS OF THE CITY OF NEW YORK DURING 1906.

The time for the delivery of the materials and supplies and the performance of the contract shall be not later than July 1, 1906.

The Supervisor, however, may require a delivery at an earlier date of any item or items on this contract by notice to the contractor, whereupon item or items called for must be delivered not later than 30 days after said notice.

The amount of security shall be twenty-five per cent. of the amount of the bid.

The bidder must state the price of each item. The bids will be tested and the award made to the bidders whose bids are the lowest for each schedule.

The said Board reserves the right to reject all bids or estimates if it deems it to be for the interest of the City so to do.

Delivery will be required to be made at the office of the City Record from time to time and in such quantities as may be directed by the Supervisor of the City Record.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work, reference must be made to the specifications, to be had at the office of the Supervisor and on file in the office of the Comptroller.

GEORGE B. MCCLELLAN,
Mayor;
JOHN J. DELANY,
Corporation Counsel;
HERMAN A. METZ,
Comptroller;
Board of City Record.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to amending its application heretofore made in the matter of acquiring title, wherever the same has not been heretofore acquired, to WEST ONE HUNDRED AND SIXTY-EIGHTH STREET (although not yet named by proper authority), from Broadway to Fort Washington avenue, in the Twelfth Ward, Borough of Manhattan, City of New York, by including in said proceeding certain additional lands required for said street.

PURSUANT TO THE STATUTES IN such cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court House, in the Borough of Manhattan, in the City of New York, on Tuesday, the 15th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for an order amending the proceeding, entitled "In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of West One Hundred and Sixty-eighth street, from Broadway to Fort Washington avenue, in the Twelfth Ward, Borough of Manhattan, City of New York," and the petition and order appointing Commissioners of Estimate and Assessment therein, heretofore duly entered and filed in the office of the Clerk of the County of New York, on the 28th day of August, 1905, by including therein certain additional lands and premises required for said street, which are comprised in the following-described lots, pieces or parcels of land, viz:

Beginning at a point in the westerly line of Broadway, distant 180 feet south of the southerly line of One Hundred and Sixty-ninth street; thence westerly and parallel to One Hundred and Sixty-ninth street, distance 692.24 feet to the easterly line of Fort Washington avenue; thence southerly along said line, distance 81.84 feet; thence easterly and parallel to the first course as above mentioned 674.97 feet to the westerly line of Broadway; thence northerly along the westerly line of Broadway, distance 80 feet to the point or place of beginning.

The land to be taken is found in Section 8, Block 2138, of the Land Map of The City of New York, and is shown on a map entitled Map, Plan and Profile of a new street to be known as the extension of West One Hundred and Sixty-eighth street, from Broadway to Fort Washington avenue, in the Twelfth Ward, Borough of Manhattan, City of New York, and filed in the offices of the President of the Borough of Manhattan, the Corporation Counsel of The City of New York and the Register of the County of New York, on or about the 26th day of March, 1906.

Dated New York, April 28, 1906.
JOHN J. DELANY,
Corporation Counsel,
No. 2 Tryon Row,
Borough of Manhattan,
City of New York.
a28,m11

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain premises situated on the WESTERLY SIDE OF AMSTERDAM AVENUE, between One Hundred and Twenty-ninth and One Hundred and Thirtieth streets, in the Borough of Manhattan, in The City of New York, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT BY an order of the Supreme Court of the State of New York, bearing date the 19th day of April, 1906, and filed and entered in the office of the Clerk of the County of New York on the 20th day of April, 1906, Warren Leslie, Monte Hutzler and Abraham L. Bookman were appointed Commissioners of Estimate and Appraisal in the above-entitled proceeding.

Notice is further given, pursuant to the statutes in such case made and provided, and pursuant to the terms of said order, that the said Warren Leslie, Monte Hutzler and Abraham L. Bookman will attend at a Special Term, Part II., of the Supreme Court, to be held at the County Court House, in the Borough of Manhattan, City of New York, on the 16th day of May, 1906, at 11 o'clock in the forenoon of that day, for the purpose of being examined under oath by the Corporation Counsel of The City of New York, or by any person having an interest in said proceeding, as to their qualifications to act as Commissioners of Estimate and Appraisal in this proceeding.

Dated New York, May 3, 1906.
JOHN J. DELANY,
Corporation Counsel,
No. 2 Tryon Row,
Borough of Manhattan,
City of New York.

FIRST JUDICIAL DISTRICT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of all the wharfage rights, terms, easements, emoluments and privileges appurtenant to Piers (old) Nos. 2 and 3, East river, in the Borough of Manhattan, City of New York, not now owned by The City of New York, and all right, title and interest in and to said piers, or any portion thereof, not now owned by The City of New York, and all wharfage rights, terms, easements, emoluments and privileges appurtenant to all that certain bulkhead, dock or wharf property on or near the southerly line of South street, in said Borough and City, between the easterly side of Pier (old) No. 2, and the westerly side of Pier (old) No. 3, East river, and also beginning at the easterly side of said Pier (old) No. 3, East river, and extending easterly therefrom a distance of 106.4 feet, more or less, to property now owned by The City of New York for public purposes.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 10th day of April, 1906, entered and filed in the office of the Clerk of the County of New York on the 12th day of April, 1906, Commissioners of Estimate and Assessment in the above-entitled proceeding, for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the wharf property, wharfage rights, terms, easements, emoluments and privileges hereinbefore described and

not now owned by The City of New York, and situated in the Borough of Manhattan, in The City of New York, to be taken herein for the improvement of the water front on the East river, in the Borough of Manhattan, and which said wharf property, wharfage rights, terms, easements, emoluments and privileges so to be taken are described as follows:

Parcel "A."

Pier (old) 2, East river, as it formerly existed, bounded and described as follows:

Beginning at a point in the southerly line of South street distant 15.41 feet easterly from a point where a line drawn at right angles with the northerly line of South street at the north-easterly corner of Whitehall street intersects the same, and running thence southerly and along the line of Pier (old) 2, as it formerly existed, 218 feet;

Thence easterly and at right angles with the preceding course 50 feet;

Thence southerly and at right angles with the preceding course 31 feet;

Thence westerly and parallel with the second-mentioned course 50 feet;

Thence southerly and still along the line of Pier (old) 2, as it formerly existed, 254.6 feet to the outer end of said pier;

Thence westerly and along the outer end of said pier 41 feet;

Thence northerly and along the westerly side of said pier about 222 feet;

Thence northeasterly and still along the westerly side of said pier about 7 feet;

Thence northerly in a line parallel with the first-mentioned course about 241 feet to the southerly line of South street;

Thence easterly and along the southerly line of South street and along the inner end of said pier 31 feet, more or less, to the point or place of beginning, be said several distances more or less.

Together with all right, title and interest in and to said pier or any portion thereof not now owned by The City of New York.

Parcel "B."

Pier (old) 3, East river, bounded and described as follows:

Beginning at a point in the easterly side of Pier (old) 3, where it intersects the present bulkhead at the inshore end of said pier, and running thence southerly and along the easterly side of said pier 458.4 feet;

Thence westerly and along the outer end of said pier 40.4 feet;

Thence northerly and along the westerly side of said pier 457.4 feet to the inshore or northerly end of said pier;

Thence easterly and along the present bulkhead at the inshore end of said pier 40.9 feet to the point or place of beginning.

Together with all right, title and interest in and to said pier or any portion thereof not now owned by The City of New York.

Parcel "C."

The bulkhead, dock or wharf property between Piers (old) 2 and 3, East river, extending along the southerly line of South street, from the easterly side of said Pier (old) 2, to the westerly side of said Pier (old) 3, a distance of 116.61 feet, more or less.

Parcel "D."

The bulkhead, dock or wharf property extending along the southerly side of South street, beginning at the easterly side of Pier (old) 3, East river, and extending easterly therefrom, a distance of 106.4 feet, more or less, to property now owned by The City of New York.

Parcels "A" and "C" are, and each of them is, to be acquired for ferry purposes, and Parcels "B" and "D" are, and each of them is, to be acquired for the execution of a certain plan for the improvement of the water front of The City of New York, pursuant to the statutes in such case made and provided, and determined upon by the Board of Docks on the 13th day of April, 1871, and approved by the Commissioners of the Sinking Fund on the 27th day of April, 1871, as altered and amended by the Board of Docks on the 3d day of November, 1899, which alteration and amendment was approved by the Commissioners of the Sinking Fund on the 6th day of December, 1899, and which said plan and alteration and amendment thereof are on file in the office of the Department of Docks and Ferries.

All parties and persons interested in the said wharf property, wharfage rights, terms, easements, emoluments and privileges taken or to be taken for the said improvement of the water front of The City of New York on the East river, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, Room 401, on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice, and we, the said Commissioners, will be in attendance at our office above specified on the 29th day of May, at 10 o'clock in the forenoon of that day, to hear the parties and persons in relation thereto, and at such time and place, or at such other or further times and places as we may appoint, we shall hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs or allegations as may be then offered by such owners, or on behalf of The City of New York.

Dated New York, May 4, 1906.
BENNO LEWINSON,
FREDERICK ST. JOHN,
WILBUR LARREMORE,
Commissioners.

JOSEPH M. SCHENCK,
Clerk.

m5,25

FIRST DEPARTMENT.

In the matter of the application of The City of New York, by the Corporation Counsel, for the appointment of Commissioners of Estimate and Assessment to ascertain and determine the compensation which should justly be made for the discontinuance and closing of WEST ONE HUNDRED AND FIFTY-FIRST STREET, from the easterly side of Riverside drive extension to the United States bulkhead line, Hudson river, in the Twelfth Ward, in the Borough of Manhattan, in The City of New York.

NOTICE IS HEREBY GIVEN, PURSUANT to the statute thereto relating, that it is the intention of the Corporation Counsel to make application to a Special Term of the Supreme Court, First Department, to be held at Part III. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Friday, the 18th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of three discreet and disinterested persons as Commissioners of Estimate and Assessment, who are to ascertain and determine the compensation which should justly be made

to the several owners, lessees and parties respectively entitled unto or interested in the lands, tenements and hereditaments and premises, or rights or interests therein taken, affected or damaged, extinguished or destroyed, by the discontinuance and closing of that part of West One Hundred and Fifty-first street, from the easterly side of Riverside drive extension to the United States bulkhead line, Hudson river, in the Twelfth Ward, in the Borough of Manhattan, in The City of New York, which is more particularly bounded and described as follows, to wit:

Beginning at a point in the northerly line of West One Hundred and Fifty-first street distant 470 feet westerly from Broadway; thence westerly along the northerly line of said street distant 340.92 feet to the easterly line of Twelfth avenue; thence southerly along the said line distant 63.01 feet to the southerly line of said West One Hundred and Fifty-first street; thence easterly along said line, distance 338.55 feet to a point distant 453.12 feet westerly from Broadway; thence northerly, distance 62.33 feet to the point or place of beginning.

Also, beginning at a point in the northerly line of West One Hundred and Fifty-first street and the westerly line of Twelfth avenue, said point being the continuation of the northerly line of said West One Hundred and Fifty-first street; thence westerly and in continuation of said northerly line, distance 293.32 feet to the United States bulkhead line, established by the Secretary of War October 18, 1890; thence southerly along said line, distance 60.02 feet to the southerly line of said street; thence easterly along said line to the westerly line of Twelfth avenue, distance 310.14 feet; thence northerly along the westerly line of Twelfth avenue, distance 63.01 feet to the point or place of beginning.

The map or plan of The City of New York was duly changed so as to discontinue and close the aforesaid part of West One Hundred and Fifty-first street, by resolution of the Board of Estimate and Apportionment, adopted on the 7th day of July, 1905, approved by the Mayor on the 12th day of July, 1905, and the maps showing such part of West One Hundred and Fifty-first street to be discontinued and closed, were filed in the following offices:

One copy in the office of the Register of the County of New York on the 3d day of August, 1905; one copy thereof in the office of the Corporation Counsel on the 3d day of August, 1905, and one copy thereof in the office of the President of the Borough of Manhattan on the 7th day of August, 1905.

Dated New York, May 5, 1906.
JOHN J. DELANY,
Corporation Counsel,
No. 2 Tryon Row,
Borough of Manhattan,
New York City.
m5,17

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending WEST ONE HUNDRED AND THIRTY-NINTH STREET (although not yet named by proper authority), from a point 425 feet west of Broadway to Riverside drive, as laid out on April 28, 1905, in the Twelfth Ward, Borough of Manhattan, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a special Term of said Court, to be held at Part III. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Tuesday, the 15th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the purpose of opening and extending of West One Hundred and Thirty-ninth street, from a point 425 feet west of Broadway to Riverside drive, in the Twelfth Ward, Borough of Manhattan, City of New York, being the following-described lots, pieces or parcels of land, viz:

Beginning at a point in the southerly line of West One Hundred and Thirty-ninth street distant 425 feet west of Broadway; thence westerly in direction of the southerly line of said street, distance 132.50 feet to the easterly line of Riverside drive; thence northerly along said easterly line, distance 60.47 feet; thence easterly and parallel with the southerly line of West One Hundred and Thirty-ninth street, distance 140 feet to westerly end of said street; thence southerly and at right angle, distance 60 feet to the point or place of beginning.

Said street to be found in Section 7, Block 2087, of the land map of the Borough of Manhattan, City of New York, and is shown on a certain map entitled "Map, plan and profile for the laying out and extension of West One Hundred and Thirty-ninth street, from end of present street 425 feet west of Broadway to Riverside drive, in the Twelfth Ward, Borough of Manhattan, City of New York," filed in the offices of the President of the Borough of Manhattan, the Register of the County of New York and the Corporation Counsel of The City of New York on or about the 19th day of July, 1905.

Dated New York, May 1, 1906.
JOHN J. DELANY,
Corporation Counsel,
No. 2 Tryon Row,
Borough of Manhattan,
City of New York.
m1,11

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of DE LANCEY STREET, on the southerly side, from Clinton street to the Bowery, in the Tenth and Thirteenth Wards, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby,

by, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 14th day of May, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 15th day of May, 1906, at 2 o'clock p. m.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our first partial and separate report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of May, 1906.

Third—That we propose to assess for benefit, which assessment will appear in our last partial and separate abstract of assessment, and will be contained in our last partial and separate report, all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the point of intersection of a line parallel to and distant one hundred feet easterly from the easterly line of Scammel street with the middle line of the blocks between East Broadway and Henry street; running thence southwesterly along said last-mentioned middle line of the block to its intersection with the southeasterly prolongation of the middle line of the blocks between Worth street and Thomas street; thence northwesterly along said prolongation and middle line of the block to its intersection with a line parallel to and 100 feet westerly from the westerly line of Church street; thence northerly along said line parallel to Church street to its intersection with a line parallel to and 100 feet southwesterly from the southwesterly line of Canal street; thence northwesterly along said last-mentioned parallel line to its intersection with the southerly prolongation of the middle line of the blocks between Wooster street and West Broadway; thence northerly along said prolongation and middle line of the block to its intersection with a line parallel to and 100 feet northerly from the northerly line of Bleeker street; thence easterly along said parallel line to its intersection with the middle line of the blocks between Greene street and Wooster street; thence northerly along said middle line of the blocks to its intersection with the middle line of the blocks between West Third street and West Fourth street; thence easterly along said middle line of the block to its intersection with the middle line of the blocks between Mercer street and Greene street; thence northerly along said middle line of the blocks to its intersection with a line parallel to and 100 feet northerly from the northerly line of Waverly place; thence easterly along said parallel line to its intersection with a line parallel to and 100 feet westerly from the westerly line of Broadway; thence northerly along said parallel line to its intersection with the middle line of the blocks between East Eighth street and East Ninth street; thence easterly along said middle line of the blocks to its intersection with a line parallel to and 100 feet easterly from the easterly line of Avenue C; thence southwesterly along said parallel line to its intersection with the middle line of the block between East Second street and East Houston street; thence easterly along said middle line to its intersection with the northerly prolongation of the middle line of the blocks between Willet street and Sheriff street; thence southwesterly along said prolongation and middle line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Scammel street; thence still southerly along said parallel line to the point or place of beginning.

Fourth—That our first partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 15th day of June, 1906, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, April 20, 1906.

JOHN C. CLARK,
Chairman;
ARTHUR INGRAHAM,
DANIEL E. DOWLING,
Commissioners.

JOHN P. DUNN,
Clerk.

a23,m11

FIRST DEPARTMENT.

In the matter of the application of the Board of Street Opening and Improvement of The City of New York for and on behalf of the Mayor, Aldermen and Commonalty of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to EDGEcombe ROAD (although not yet named by proper authority), from One Hundred and Fifty-fifth street to a point in the easterly line of Tenth avenue opposite One Hundred and Seventy-fifth street, in the Twelfth Ward of The City of New York, as the same has been heretofore laid out and designated as a first-class street or road by said Board.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That in accordance with the order of the Special Term of the Supreme Court of the State of New York, First Department, dated November 19, 1901, and entered in the office of the Clerk of the County of New York on the 9th day of December, 1901, and affirmed by the Appellate Division of said Court on the 23d day of September, 1903, returning the report of the former Commissioners in this proceeding for amendment and correction with reference to Damage Parcels Nos. 12, 13, 14, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34A, 34, 34A, 35, 36, 36A, 36B, 37, 38, 39, 40, 42, 43A, 43, 44, 45, 46, 47, 48, 49, 50, 51, 51A, 51B, 51C and 52, and also in so far as relates to the assessments for benefit, we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 14th day of May, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 16th day of May, 1906, at 4 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau

of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 24th day of May, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on a line drawn parallel to One Hundred and Eighty-first street distant 100 feet northerly from the northerly side thereof, and distant also 100 feet westerly from the westerly side of Audubon avenue; thence easterly along said line drawn parallel to One Hundred and Eighty-first street to a line drawn parallel to Amsterdam avenue and distant 100 feet easterly from the easterly side thereof; thence southerly along said line drawn parallel to Amsterdam avenue to the southerly exterior line of the reservoir; thence easterly along the southerly exterior line of the reservoir and said line produced to the easterly side of the Croton Aqueduct; thence southerly along the easterly side of the Croton Aqueduct to the prolongation easterly of the centre line of One Hundred and Fifty-eighth street; thence easterly along said prolongation to the centre line of the Harlem River driveway; thence southerly along said centre line of the Harlem River driveway to the centre line of Edgcomb avenue; thence southerly along said centre line of Edgcomb avenue to the northerly side of One Hundred and Forty-fifth street; thence westerly along said northerly side of One Hundred and Forty-fifth street to a line drawn parallel to Avenue St. Nicholas and distant 100 feet westerly from the westerly side thereof; thence northerly along said line to the centre line of One Hundred and Fifty-eighth street; thence northerly along the middle line of the blocks between Avenue St. Nicholas and Amsterdam avenue to the middle line of the blocks between One Hundred and Sixtieth street and One Hundred and Sixty-first street; thence westerly along the middle line of the blocks between One Hundred and Sixtieth street and One Hundred and Sixty-first street to a line drawn parallel to Amsterdam avenue and distant 100 feet westerly from the westerly side thereof; thence northerly along said line drawn parallel to Amsterdam avenue and distant 100 feet westerly from the westerly side thereof to the middle line of the blocks between One Hundred and Sixty-sixth street and One Hundred and Sixty-seventh street; thence westerly along said middle line of the blocks between One Hundred and Sixty-sixth street and One Hundred and Sixty-seventh street to a line drawn parallel to Audubon avenue and distant 100 feet westerly from the westerly side thereof; thence northerly along said line to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 20th day of June, 1906, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, April 16, 1906.

LOUIS F. DOYLE, Chairman;
OSWALD N. JACOBY,
EDWARD C. WILLIAMS, Commissioners.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening MORRIS AVENUE (although not yet named by proper authority), from the east side of the New York and Harlem Railroad to the Grand Boulevard and Concourse, as the same has been heretofore designated as a first-class street or road, in the Twenty-third and Twenty-fourth Wards of The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 23d day of May, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 25th day of May, 1906, at 11 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 24th day of June, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and 100 feet southeasterly from the southeasterly line of Cortlandt avenue with a line parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Forty-ninth street; running thence northwesterly along said last-mentioned parallel line to its intersection with the southeasterly line of Spencer place; thence northeasterly along a straight line to a point formed by the intersection of the northeasterly line of East One Hundred and Fifty-third street with a line parallel to and 100 feet northwesterly from the northwesterly line of Sheridan avenue; thence northwesterly along said parallel line to its intersection with a line parallel to and 100 feet southwesterly from the southwesterly line of Belmont street; thence northwesterly along said last-mentioned parallel line to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Walton avenue; thence northeasterly along said last-mentioned parallel line to its intersection with the southeasterly line of Burnside avenue; thence in a general direction southeasterly along said southeasterly line of Burnside avenue to its intersection with a line parallel to and 100 feet southeasterly from

the southeasterly line of Grand Boulevard and Concourse; thence southwesterly along said parallel line to its intersection with a line parallel to and 100 feet easterly from the easterly line of Monroe avenue; thence southerly along said last-mentioned parallel line to its intersection with a line parallel to and 100 feet southerly from the southerly line of Belmont street; thence westerly along said last-mentioned parallel line to its intersection with the middle line of Claremont Park; thence southerly and southwesterly along said middle line and its prolongation to its intersection with a line parallel to and 100 feet northeasterly from the northeasterly line of Teller avenue; thence southeasterly, southerly and southwesterly along said parallel line to its intersection with the northwesterly prolongation of a line parallel to and 100 feet northeasterly from the northeasterly line of East One Hundred and Sixty-second street; thence southeasterly along said last-mentioned prolongation and parallel line and its southeasterly prolongation to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Courtlandt avenue; thence southwesterly along said last-mentioned parallel line to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 1st day of October, 1906, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, March 28, 1906.

ANTHONY J. McNALLY, Chairman;
LORENZO S. PALMER,
HENRY ILLWITZER, Commissioners.

JOHN P. DUNN, Clerk.

m2,19

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending WEST ONE HUNDRED AND SEVENTY-SEVENTH STREET (although not yet named by proper authority), from Amsterdam avenue to St. Nicholas avenue (as laid out on the map by resolution adopted March 31, 1905), and from Broadway to Riverside drive, in the Twelfth Ward, Borough of Manhattan, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Tuesday, the 15th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the purpose of opening and extending of West One Hundred and Seventy-seventh street, from Amsterdam avenue to St. Nicholas avenue, in the Twelfth Ward, Borough of Manhattan, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the westerly line of Amsterdam avenue distant 189.84 feet southerly from the southerly line of West One Hundred and Seventy-eighth street; thence westerly and parallel to said street, distance 370 feet, to the easterly line of Audubon avenue; thence southerly along said line, distance 60 feet; thence easterly and parallel to said West One Hundred and Seventy-eighth street, distance 370 feet, to the westerly line of Amsterdam avenue; thence northerly along said line, distance 60 feet, to the point or place of beginning.

Also beginning at a point in the westerly line of Audubon avenue distant 189.84 feet southerly from the southerly line of West One Hundred and Seventy-eighth street; thence westerly and parallel to said street, distance 350 feet, to the easterly line of St. Nicholas avenue; thence southerly along said line, distance 60 feet; thence easterly, distance 350 feet, to the westerly line of Audubon avenue; thence northerly along said line, distance 60 feet, to the point or place of beginning.

Also beginning at a point in the westerly line of Broadway distant 440.19 feet northerly from the northerly line of West One Hundred and Seventy-fifth street as measured along the said westerly line of Broadway; thence westerly at an angle of 91 degrees 28 minutes and 35 seconds from the westerly line of Broadway; thence westerly, distance 335.51 feet, to the easterly line of Fort Washington avenue; thence northerly along said easterly line, distance 60.06 feet; thence easterly and parallel to first course given above, distance 331.32 feet, to the westerly line of Broadway; thence southerly along said westerly line, distance 60.02 feet, to the point or place of beginning.

Also beginning at a point in the westerly line of Fort Washington avenue and in continuation of the first course from Broadway, distance 635.16 feet; thence in a curved line deflecting to the left, radius 60 feet, distance 97.24 feet; thence southerly and tangent to the last curve, distance 151.30 feet; thence in a curved line southerly, westerly and northerly, radius 120 feet, distance 370.11 feet; thence northerly and tangent to the last curve, distance 171.54 feet; thence in a curved line to the left, radius 60 feet, length 72.50 feet, to the easterly line of Riverside drive; thence northerly along said easterly line, distance 62.41 feet; thence easterly and southerly and in a curved line and parallel to last curve mentioned, radius 120 feet, distance 169.33 feet; thence southerly and tangent to the last curve, distance 171.54 feet; thence southerly and easterly and northerly, radius 60 feet, distance 185.06 feet; thence northerly and tangent to the last curve, distance 151.30 feet; thence northerly and easterly and curving to the right, radius 120 feet, distance 194.47 feet; thence easterly and parallel to the first course from Broadway, distance 644.95 feet, to the westerly line of Fort Washington avenue; thence southerly and along said westerly line, distance 60.06 feet, to the point or place of beginning.

Land to be taken for said street is found in Section 8, Blocks 2132, 2133, 2142, 2176, 2177 and 2139 of the Land Map of the Borough of Manhattan, City of New York, and is shown on two maps or plans, viz.: Map entitled "Map and profile of the new street to be known as West One Hundred and Seventy-seventh street, from Amsterdam avenue to Broadway, in the Twelfth

Ward, Borough of Manhattan, City of New York," and filed in the office of the President of the Borough of Manhattan, the Register of the County of New York and the Corporation Counsel of The City of New York, on or about the 22d day of July, 1905, and map entitled "Map or survey showing streets, roads, public squares and places that have been laid out by the Commission of the Central Park within that part of The City of New York to the northward of the southerly line of One Hundred and Fifty-fifth street, in pursuance of an act entitled 'An act to provide for the laying out and improving of certain portions of the City and County of New York,' passed April 24, 1866," and filed in the office of the Secretary of State of the State of New York, the Register of the City and County of New York and the Commissioner of Parks, on or about the 24th day of May, 1869.

Dated New York, April 28, 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the strip of land on the east side of BOULEVARD LAFAYETTE, at or near Durando's lane, as laid out on December 11, 1903, for use as a public park, in the Twelfth Ward, Borough of Manhattan.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Tuesday, the 15th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the purpose of opening a public park between Riverside drive and Fort Washington avenue, at their northerly ends, in the Twelfth Ward, Borough of Manhattan, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the easterly line of Riverside drive distant 4,802.09 feet northerly as measured along the easterly line of said drive from West One Hundred and Eighty-first street, and the intersection of the westerly side of a new street to be called Durando's lane; thence northerly and along the easterly line of Riverside drive, distance 175 feet; thence northerly and in a curved line to the left, radius 1,015 feet, distance 193.53 feet; thence northerly and tangent to the last curve, distance 454.79 feet; thence northerly and curving to the right, radius 900 feet, distance 139.87 feet; thence northerly and tangent to the last curve, distance 325.62 feet; thence easterly and at right angles to last course, distance 97.37 feet to the westerly line of Fort Washington avenue; thence southerly along the said westerly line and deflecting to the right 92 degrees 52 minutes and 6 seconds, distance 240 feet to westerly line of Fort Washington avenue; thence southerly along said line and curving to the left, radius 536.49 feet, distance 107.20 feet; thence southerly and tangent to the last curve, distance 315.12 feet to the northerly curve of Durando's lane; thence curving to the west and south, radius 40 feet, angle 90 degrees, distance 62.83 feet; thence southerly and tangent to the last curve and parallel to Fort Washington avenue, distance 238.71 feet; thence deflecting to the right 17 degrees 24 minutes and 4 seconds, distance 346.33 feet to the easterly line of Riverside drive, the point or place of beginning.

The land to be taken for a public park is found in Section 8, Block 2179 of the Land Map of the Borough of Manhattan, City of New York, and is shown on a certain map entitled "Map, plan and profile of the avenues, streets, roads, public parks and places in that part of the Twelfth Ward, Borough of Manhattan, bounded by West One Hundred and Eighty-first street, Broadway, Dyckman street and Boulevard Lafayette, showing the existing streets with their new grades," etc., filed in the office of the President of the Borough of Manhattan, the Register of the County of New York and the Corporation Counsel of The City of New York on or about the 6th day of January, 1904.

Dated New York, April 28, 1906.
JOHN J. DELANY,
Corporation Counsel,
No. 2 Tryon Row,
Borough of Manhattan,
City of New York

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening the PUBLIC PARK located on the EASTERLY SIDE OF BOULEVARD LAFAYETTE, distant about 1,300 feet north of West One Hundred and Eighty-first street, with a frontage on said Boulevard Lafayette of about 2,000 feet, and the PUBLIC PARK located easterly of the northerly end of the parcel before described, both of which parks were laid out on the map of The City of New York on December 11, 1903.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Tuesday, the 15th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the purpose of opening the public park located on the easterly side of Boulevard Lafayette, distant about 1,300 feet north of West One Hundred and Eighty-first street, in the Twelfth Ward, Borough of Manhattan, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the easterly line of Riverside drive distant 1,357.08 feet northerly as measured along the easterly line of the drive from the northerly line of West One Hundred and Eighty-first street; thence northerly along

said easterly line of the drive, distance 1,016.07 feet; thence northerly and in a curved line to the right, radius 360.40 feet, distance 130.07 feet; thence still northerly and in a reversed curve to the left, radius 365.00 feet, distance 254.38 feet; thence northerly and tangent to last course, distance 68.14 feet; thence curving to the right, radius 410 feet, distance 211.47 feet to a point in the westerly line of a new street; thence southerly and curving to the left along the said westerly line, radius 135.88 feet, distance 130.56 feet; thence southerly and in a reversed curve to the right, radius 255 feet, distance 208.05 feet, passing through point D; thence southerly and tangent, distance 721.45 feet; thence southerly and deflecting to the left 4 degrees 9 minutes and 35 seconds, distance 636.45 feet; thence westerly and deflecting to the right 92 degrees 9 minutes and 54 seconds, distance 97.41 feet to the easterly line of the Boulevard Lafayette, the point or place of beginning.

Parcel "B."

Beginning at tangent point E opposite the tangent point marked D in the previous description, and on the easterly line of a new 40-foot street; thence southerly along the easterly line of the new street, distance 315 feet; thence easterly and northerly and in a curved line to the left, radius 20 feet, distance 27.73 feet; thence northerly and tangent, distance 201.88 feet; thence northerly and deflecting to the left 22 degrees 23 minutes and 14 seconds, distance 220.08 feet; thence on a curve to the right, radius 1,050 feet, distance 232.95 feet to the southerly line of the land of Libbey; thence westerly along said southerly line of Libbey, distance 112.64 feet to the easterly line of the new 40-foot street; thence parallel and 40 feet easterly from Riverside drive on a curve whose radius is 370 feet, distance 18.05 feet; thence in a curved line to the left and on easterly line of the new 40-foot street, radius 95.88 feet, distance 92.13 feet; thence in a reversed curve to the right, radius 295 feet, distance 240.69 feet to the point or place of beginning.

Land to be found in Section 8, Block 2179 of the Land Map of the Borough of Manhattan, City of New York, and is shown on a certain map entitled "Map, plan and profile of the avenues, streets, roads and public parks and places in that part of the Twelfth Ward, Borough of Manhattan, bounded by West One Hundred and Eighty-first street, Broadway, Dyckman street and Boulevard Lafayette," etc., etc., etc. Filed in the office of the President of the Borough of Manhattan, the Register of the County of New York and the Corporation Counsel of The City of New York on or about the 6th day of January, 1904.

Dated New York, April 28, 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND EIGHTY-SEVENTH STREET (although not yet named by proper authority), from Amsterdam avenue to new avenue bounding High Bridge Park, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 17th day of May, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of May, 1906, at 4 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of May, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and distant one hundred (100) feet westerly from the westerly line of Wadsworth avenue with the westerly prolongation of the middle line of the blocks between West One Hundred and Eighty-seventh street and West One Hundred and Eighty-eighth street; running thence easterly along said westerly prolongation and the middle line of the blocks between West One Hundred and Eighty-seventh street and West One Hundred and Eighty-eighth street and its easterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet easterly from the easterly line of New avenue; thence southerly along said parallel line to its intersection with the easterly prolongation of the middle line of the blocks between West One Hundred and Eighty-sixth street and West One Hundred and Eighty-seventh street; thence westerly along said easterly prolongation and the middle line of the blocks between West One Hundred and Eighty-sixth street and West One Hundred and Eighty-seventh street and its westerly prolongation to its intersection with a line parallel to and distant one hundred (100) feet westerly from the westerly line of Wadsworth avenue; thence northerly along said last-mentioned parallel line to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 26th day of June, 1906, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, April 3, 1906.

FERDINAND LEVY,
WILLIAM H. GENTZLINGER,
Commissioners.

JOHN P. DUNN, Clerk.

SUPREME COURT—SECOND DEPARTMENT.

SECOND JUDICIAL DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated in the COUNTIES OF KINGS AND QUEENS, in the State of New York, beginning at Hemlock street at its intersection with the south line of conduit property of The City of New York, and which is more particularly hereinafter described, duly selected for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for the use of The City of New York, according to law.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel to make application at a Special Term of the Supreme Court for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, on the 15th day of June, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in the real property situated in the Counties of Kings and Queens herein described.

The property in the County of Kings is bounded and described as follows:

Beginning at the point of intersection of the south line of conduit property of The City of New York and the east line of Hemlock street, and running thence easterly along the said line of property of The City of New York 237 feet to the west line of Railroad avenue; running thence southerly along said line of Railroad avenue 35.5 feet, and running thence westerly parallel to the said line of property of The City of New York 237 feet to the east line of Hemlock street, and running thence northerly along the said line of Hemlock street 35.5 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of property of The City of New York and the east line of Railroad avenue, and running thence easterly along the said line of property of The City of New York 237 feet to the west line of Lincoln avenue, and running thence southerly along said line of Lincoln avenue 41.4 feet, and running thence westerly parallel to the said line of property of The City of New York 237 feet to the east line of Railroad avenue, and running thence northerly along the said line of Railroad avenue 41.4 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of conduit property of The City of New York and the east line of Lincoln avenue, and running thence easterly along the said line of property of The City of New York 129.3 feet to the west line of Pitkin avenue, and running thence southerly along the said line of Pitkin avenue 65.4 feet; running thence westerly and parallel to the said property of The City of New York 50.9 feet to the east line of Lincoln avenue, and thence running northerly along the said line of Lincoln avenue 41.4 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of the conduit property of The City of New York and the east line of Pitkin avenue, and running thence easterly along the said line of property of The City of New York 90.1 feet to the west line of Eldert's lane, and running thence southerly along the said line of Eldert's lane 100.14 feet, and running thence westerly and parallel to the said line of the property of The City of New York 242.2 feet to the east line of Pitkin avenue, and thence running northerly along the said line of Pitkin avenue 186.4 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of conduit property of The City of New York and the east line of Eldert's lane, and running thence along the said line of the property of The City of New York south 60 degrees 59 minutes east 1,362.6 feet to the thread of Spring creek, and running thence southerly along the thread of Spring creek to a point which is distant 100 feet in a normal line from the said line of property of The City of New York, and running thence north 60 degrees 59 minutes west 1,355.2 feet to the east line of Eldert's lane, and running thence along the east line of Eldert's lane north 32 degrees 44 minutes east 109.21 feet to the point of beginning.

The property in the County of Queens is bounded and described as follows:

Beginning at the point of intersection of the south line of conduit property of The City of New York and the thread of Spring creek, and running thence along the said line of property of The City of New York south 60 degrees 22 minutes 30 seconds east 2,753.9 feet to the west line of Cedar lane, and running thence along the west line of Cedar lane south 2 degrees 1 minute 30 seconds west 225.68 feet, and running thence north 60 degrees 22 minutes 30 seconds west 1,188.8 feet, and running thence north 80 degrees 33 minutes west 11.21 feet, and running thence north 20 degrees 19 minutes east 3.9 feet, and running thence north 60 degrees 22 minutes 30 seconds west 1,654.6 feet to a point on the thread of Spring creek distant 200 feet in a normal line from the south line of said property of The City of New York, and running thence northerly along the thread of Spring creek, as it winds and turns, to the point of beginning; and also

Beginning at the intersection of the north line of the conduit property of The City of New York and the east line of the right of way of the Brooklyn and Jamaica Bay Turnpike Company, and running thence along the said line of property of The City of New York south 60 degrees 22 minutes 30 seconds east 238.2 feet, and running thence north 20 degrees 19 minutes east 405.3 feet, and running thence north 60 degrees 22 minutes 30 seconds west 377.3 feet to the east line of right of way of the Brooklyn and Jamaica Bay Turnpike Company, and thence running along the said line of the said Turnpike Company south 8 degrees 29 minutes west 428.8 feet to the point of beginning; and also

Beginning at a point on the north line of the conduit property of The City of New York distant thereon 441 feet westerly from a stone monument at the intersection of the east line of Cedar lane and said line of property of The City of New York, and running thence north 29 degrees 37 minutes east 300 feet, and running thence north 60 degrees 22 minutes 30 seconds west 531.7 feet, and running thence south 11 degrees 44 minutes west 315.1 feet to the north line of conduit property of The City of New York, and running thence along the said line of conduit property of The City of New York south 60 degrees 22 minutes 30 seconds east 435 feet to the point of beginning; and also

Beginning at the point of intersection of the north line of conduit property of The City of New York distant thereon 110.46 feet easterly from a monument at the point of intersection of the said line of the property of The City of New York and the east line of Cedar lane, and running thence along said line of property of The City of New York south 61 degrees 59 minutes east 242.59 feet, and thence still along

said line south 58 degrees 42 minutes east 345.4 feet, and thence still along said line south 50 degrees 22 minutes 30 seconds east 555.9 feet, and running thence north 9 degrees east 12.3 feet, and running thence north 12 degrees 53 minutes east 453.5 feet; running thence north 60 degrees 10 minutes west 571 feet; running thence south 11 degrees 6 minutes west 250.71 feet, and running thence north 60 degrees 22 minutes 30 seconds west 621.59 feet, and running thence south 2 degrees 53 minutes west 231.57 feet to the point of beginning; and also

Beginning at the point of intersection of the north line of conduit property of The City of New York and the east line of a private road leading to Woodhaven avenue, and running thence along the said line of property of The City of New York south 60 degrees 22 minutes 30 seconds east 608.9 feet, and running thence north 19 degrees 22 minutes east 304.90 feet, and running thence north 60 degrees 22 minutes 30 seconds west 202.6 feet, and running thence north 19 degrees 51 minutes east 96.5 feet, and running thence north 73 degrees 5 minutes west 395.8 feet; running thence south 18 degrees 49 minutes west 145.3 feet, and running thence north 73 degrees 25 minutes west 64.2 feet; running thence south 6 minutes east 173.2 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of the property of The City of New York and the east line of Cedar lane, and running thence along the said line of property of The City of New York south 59 degrees 34 minutes 30 seconds east 357.75 feet, and running thence still along said line south 60 degrees 22 minutes 30 seconds east 256.60 feet, and running thence still along said line south 64 degrees 5 minutes 20 seconds east 77.21 feet, and running thence still along said line south 60 degrees 22 minutes 30 seconds east 1,316.81 feet, and running thence still along said line south 59 degrees 9 minutes 10 seconds east 234.60 feet, and running thence still along said line to the point of intersection of the south line of conduit property of The City of New York and the east line of private road known as Stoothoff's Neck road, and running thence along the said line of property of The City of New York south 60 degrees 22 minutes 30 seconds east 560.4 feet, and running thence north 29 degrees 37 minutes east 10 feet, and running thence still along said property line of The City of New York south 60 degrees 22 minutes 30 seconds east 927 feet to the west line of Centreville avenue, and running thence along the west line of Centreville avenue south 19 degrees 31 minutes west 203.2 feet, and running thence north 60 degrees 22 minutes 30 seconds west 256.8 feet, and running thence north 61 degrees 6 minutes west 681 feet, and running thence north 68 degrees 9 minutes west 159.7 feet, and running thence north 67 degrees 38 minutes west 354.5 feet to the east line of a private road known as Stoothoff's Neck road, and running thence to a point on the west line of the said road distant 202.76 feet from the south line of property of The City of New York; running thence north 60 degrees 22 minutes 30 seconds west 965.91 feet, and running thence south 7 degrees 24 minutes west 47.30 feet, and running thence north 76 degrees 45 minutes 30 seconds west 139.56 feet, and running thence north 57 degrees 51 minutes 30 seconds west 125.34 feet, and running thence north 47 degrees 29 minutes 30 seconds west 92.4 feet, and running thence north 43 degrees 45 minutes 45 seconds west 253.17 feet, and running thence north 60 degrees 22 minutes 30 seconds west 703.73 feet to the east line of Cedar lane, and running thence along the east line of Cedar lane north 2 degrees 1 minute 30 seconds east 225.68 feet to the point of beginning; and also

Beginning at the point of intersection of the east line of Centreville avenue and the south line of the conduit property of The City of New York, and running thence along the said line of property of The City of New York south 60 degrees 22 minutes 30 seconds east 197.8 feet to the west line of Union avenue, and running thence along the west line of Union avenue south 35 degrees 36 minutes west 201.1 feet, and running thence north 60 degrees 22 minutes 30 seconds west 141.2 feet to the east line of Centreville avenue, and running thence north 19 degrees 31 minutes east 203.4 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of conduit property of The City of New York and the east line of Union avenue, and running thence along said line of property of The City of New York south 60 degrees 22 minutes 30 seconds east 1,280.4 feet to the west line of Remsen's road, and running thence along the west line of Remsen's road 204.8 feet, and running thence north 60 degrees 22 minutes 30 seconds west 1,345.60 feet to the east line of Union avenue, and running thence along the east line of Union avenue north 35 degrees 36 minutes east 201.10 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of conduit property of The City of New York and the east line of Remsen's road, and running thence easterly along the said line of property of The City of New York 2,684 feet to the west line of Hawtree Creek road, and running thence along the west line of Hawtree Creek road south 22 degrees 4 minutes west 202.6 feet, and running thence north 77 degrees 2 minutes west 1,471.4 feet, and running thence south 7 degrees 15 minutes west 92.7 feet, and running thence north 81 degrees 23 minutes west 187.9 feet, and running thence north 1 degree 23 minutes west 109.8 feet, and running thence north 77 degrees 2 minutes west 346 feet, and running thence south 17 degrees west 58.8 feet, and running thence south 73 degrees 35 minutes west 88.3 feet to the east line of property of the Long Island Railroad Company at Aqueduct, and running thence along the east line of property of the Long Island Railroad Company north 12 degrees 22 minutes west 79.3 feet, and running thence south 77 degrees 38 minutes west 10 feet, and running thence along the east line of property of the Long Island Railroad Company north 12 degrees 22 minutes west 56.9 feet, and running thence north 59 degrees 27 minutes west 498 feet to the east line of Remsen's road, and running thence along the east line of Remsen's road north 17 degrees 9 minutes east 205.6 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of the conduit property of The City of New York and the east line of Hawtree Creek road, and running thence along the said line of property of The City of New York south 77 degrees 2 minutes east 733.4 feet, and running thence south 13 degrees 5 minutes west 149.9 feet, and running thence along the south line of property of The City of New York south 80 degrees 30 minutes east 1,000 feet, and running thence north 26 degrees 21 minutes east 173.8 feet to the west line of South Side road, and running thence along the west line of South Side road south 63 degrees 54 minutes east 176.1 feet, and running thence south 70 degrees 35 minutes 30 seconds west 252.2 feet, and running thence south 89 degrees 31 minutes west 476.4 feet, and running thence north 77 degrees 2 minutes west 1,300 feet to the east line of Hawtree Creek road, and running thence along the east line of Hawtree Creek road north 22 degrees 4 minutes east 202.6 feet to the point of beginning; and also

Beginning at the point of intersection of the north line of conduit property of The City of New York and the east line of Hawtree Creek road, and running thence along the said line of property of The City of New York south 77 degrees 4 minutes east 968.32 feet, and running thence still along said line of property of The City of New York south 85 degrees east 250.63 feet, and running thence north 9 degrees 32 minutes 20 seconds east 99.64 feet to the south line of Old South road, and running thence along said line of Old South road north 62 degrees 27 minutes west 1,081.2 feet to the east line of Hawtree Creek road, and running thence along east line of Hawtree Creek road south 44 degrees 20 seconds west 180.33 feet, and running thence still along the east line of said road south 28 degrees 51 minutes west 262.56 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of conduit property of The City of New York and the east line of South Side road, and running thence easterly along the said line of property of The City of New York 2,514.9 feet to the west line of Bergen's Landing road, and running thence along the west line of Bergen's Landing road south 15 degrees 45 minutes west 200.8 feet, and running thence north 81 degrees 52 minutes west 870.5 feet, and running thence south 79 degrees 31 minutes west 531.40 feet, and running thence south 71 degrees 3 minutes west 423 feet, and running thence south 19 degrees 27 minutes west 199.6 feet to the east line of South Side road, and running thence along the east line of South Side road north 70 degrees 35 minutes west 250 feet, and running thence still along the east line of said road north 65 degrees 54 minutes west 337.2 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of the property of The City of New York, Department of Sewers, and the east line of Bergen's Landing road, and running thence along the said line of property of The City of New York south 79 degrees 18 minutes 30 seconds east 347.3 feet, and running thence south 6 degrees 15 minutes east 177.7 feet, and running thence north 79 degrees 18 minutes 30 seconds west 414.2 feet to the east line of Bergen's Landing road, and running thence along the east line of Bergen's Landing road north 15 degrees 45 minutes east 170.6 feet to the point of beginning; and also

Beginning at a point on the south line of conduit property of The City of New York distant thereon 366.6 feet easterly from the point of intersection with the east line of Bergen's Landing road, and running thence easterly along the said line of property of The City of New York 5,142.7 feet to the west line of Three Mile Mill road, and running thence along the west line of Three Mile Mill road south 12 degrees 39 minutes west 203 feet, and running thence north 87 degrees 12 minutes 30 seconds west 1,324.1 feet, and running thence north 79 degrees 18 minutes 30 seconds west 3,751.8 feet to the east line of property of The City of New York, Department of Sewers, and running thence along the east line of said property of City of New York north 6 degrees 15 minutes west 209.1 feet to the point of beginning; and also

Beginning at a point on the north line of conduit property of The City of New York distant thereon 2,237 feet westerly from the west line of Three Mile Mill road, and running thence north 8 degrees 24 minutes east 75.06 feet, and running thence north 79 degrees 18 minutes 30 seconds west 1,347.3 feet, and running thence south 10 degrees 41 minutes 30 seconds west 75 feet to the north line of conduit property of The City of New York, and running thence easterly along said line of property of The City of New York 1,350.1 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of the property of The City of New York and the east line of Three Mile Mill road, and running thence south 87 degrees 12 minutes 30 seconds east 100 feet, and running thence south 12 degrees 39 minutes west 125 feet to the most southerly boundary line of the property of The City of New York, and running thence north 87 degrees 12 minutes 30 seconds west 100 feet to the east line of Three Mile Mill road, and running thence along the east line of said road north 12 degrees 39 minutes east 125 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of conduit property of The City of New York and the west line of Rockaway road, and running thence along the west line of said road south 23 degrees 51 minutes east 243.8 feet, and running thence north 87 degrees 44 minutes west 464.4 feet, and running thence north 86 degrees 15 minutes west 245.7 feet to the thread of the brook, and running thence northerly along the thread of the brook, as it winds and turns, to a point which is distant 150 feet on a normal line from the south line of the property of The City of New York, and running thence north 87 degrees 12 minutes 30 seconds west 1,350.9 feet to the thread of a brook, and running thence northerly along the thread of the brook, as it winds and turns, to the south line of conduit property of The City of New York, and running thence along the said line of property of The City of New York south 87 degrees 12 minutes 30 seconds east 1,842.8 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of conduit property of The City of New York and the east line of Rockaway road, and running thence easterly along the said line of property of The City of New York 2,444.2 feet to the west line of New York avenue, and running thence along the west line of New York avenue south 22 degrees 23 minutes east 274.4 feet, and running thence north 80 degrees 30 minutes west 1,016.9 feet, and running thence north 87 degrees 12 minutes west 1,446.8 feet to the east line of Rockaway road, and running thence along the east line of Rockaway road north 23 degrees 51 minutes west 223.8 feet to the point of beginning—all of said property being situated in the County of Queens; and also

Beginning at the point of intersection of the south line of conduit property of The City of New York and the east line of New York avenue, and running thence easterly along the said line of property of The City of New York 1,152.2 feet to the west line of Farmers avenue, and running thence along the west line of Farmers avenue south 27 degrees 42 minutes west 204.1 feet, and running thence north 73 degrees 47 minutes 30 seconds west 754.5 feet, and running thence north 80 degrees 30 minutes west 189.5 feet to the east line of New York avenue, and running thence along the east line of New York avenue north 22 degrees 23 minutes west 270 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of conduit property of The City of New York and the east line of Farmers avenue, and running thence along said line of property of The City of New York south 73 degrees 47 minutes 30 seconds east 2,006.8 feet, and running thence south 41 degrees 33 minutes west 16.6 feet, and running thence along said property of The City of New York 491.5 feet to the west line of Springfield road, and running thence along the west line of Springfield road south 36 degrees west 226 feet, and running thence north 70 degrees 38 minutes west 503.3 feet, and running thence south 41 degrees 33 minutes west 98.7 feet, and running thence north 65 degrees 58

minutes west 576.6 feet, and running thence north 73 degrees 5 minutes west 1,338 feet to the east line of Farmers avenue, and running thence along the east line of Farmers avenue north 27 degrees 42 minutes west 197.8 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of conduit property of The City of New York and the east line of Springfield road, and running thence easterly along said line of property of The City of New York 597.4 feet to the west line of College avenue, and running thence along the west line of College avenue south 33 degrees 4 minutes west 224.5 feet, and running thence north 82 degrees 15 minutes 30 seconds west 225.7 feet, and running thence north 73 degrees 47 minutes 30 seconds west 374.8 feet to the east line of Springfield road, and running thence along the east line of Springfield road north 36 degrees east 203.5 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of conduit property of The City of New York and the east line of College avenue, and running thence along the said line of property of The City of New York south 82 degrees 15 minutes 30 seconds east 2,846.6 feet to the west line of property of the Long Island Railroad Company, and running thence along the west line of said property of said railroad and property of The City of New York south 57 degrees 7 minutes east 635.3 feet, and running thence north 79 degrees 30 minutes west 1,507.5 feet to the west line of property of the Long Island Railroad Company, and running thence along the west line of property of said railroad south 20 degrees 59 minutes east 162.4 feet, and running thence north 57 degrees 11 minutes west 329.1 feet, and running thence north 82 degrees 15 minutes 30 seconds west 1,833.4 feet to the east line of College avenue, and running thence along the east line of College avenue north 33 degrees 4 minutes east 222.4 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of property of the Long Island Railroad Company and the west line of Foster Meadow road, and running thence along the west line of Foster Meadow road south 45 degrees 11 minutes west 251.9 feet, and running thence north 82 degrees 15 minutes 30 seconds west 501.3 feet to the thread of a brook, and running thence northerly along the thread of the brook, as it winds and turns, to the south line of property of the Long Island Railroad Company, and running thence along the south line of said railroad company south 82 degrees 15 minutes 30 seconds east 423.3 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of property of the Long Island Railroad Company and the east line of Foster Meadow road, and running thence along said line of said railroad company south 82 degrees 15 minutes east 128.53 feet, and running thence still along said line of said company south 66 degrees 55 minutes east 306.60 feet, and running thence north 33 degrees 47 minutes east 90.25 feet, and running thence still along said line of said company south 82 degrees 15 minutes east 327.04 feet to the west line of Rosedale avenue, and running thence along the west line of Rosedale avenue south 25 degrees 55 minutes east 240.28 feet, and running thence north 82 degrees 15 minutes west 1,077.2 feet to the east line of Foster Meadow road, and running thence along the east line of Foster Meadow road north 45 degrees 11 minutes east 251.9 feet to the point of beginning; and also

Beginning at a point on the prolongation of the east line of Rosedale avenue distant thereon 42.1 feet southerly from the point of intersection of the said line with the prolongation of the south line of property of the Long Island Railroad Company lying west of Rosedale avenue, and running thence parallel to the prolongation of said line of said company south 82 degrees 15 minutes 30 seconds east 1,588.8 feet to the west line of Ocean avenue, and running thence along the west line of Ocean avenue south 9 degrees 12 minutes 50 seconds west 125.03 feet, and running thence north 82 degrees 15 minutes 30 seconds west 461.8 feet, and running thence north 84 degrees 49 minutes west 896.3 feet, and running thence north 82 degrees 15 minutes west 119 feet to the east line of Rosedale avenue, and running thence along the east line of Rosedale avenue north 25 degrees 55 minutes west 198.2 feet to the point of beginning; and also

Beginning at the point of intersection of the south line of property of the Long Island Railroad Company and the east line of Ocean avenue, and running thence along the south line of said railroad company south 82 degrees 15 minutes 30 seconds east 182.99 feet, and running thence south 7 degrees 22 minutes 50 seconds west 176.87 feet, and running thence north 82 degrees 13 minutes 30 seconds west 187.86 feet to the east line of Ocean avenue, and running thence along the east line of Ocean avenue north 9 degrees 12 minutes 50 seconds east 176.81 feet to the point of beginning.

The various parcels to be taken are shown on maps thereof filed in the office of the Register of the County of Kings, and in the office of the Clerk of the County of Queens, on the 27th day of April, 1906.

The fifty-six parcels of land shown on map dated March 15, 1906, are to be acquired in fee. As to parcels 1, 2, 3, 11, 25, 27, 35, 37, 39, 43, 45, 49, 55 and 56, which are supposed to be private roads, the fee is to be acquired subject to the use of the surface for road purposes.

The fifty-one parcels shown on Sheet 1 of map of property in Borough of Queens, are to be acquired in fee. It is necessary to acquire in fee the portions of the roads included in band of color and marked 14A, 35, 36A and 48A, subject to an easement on the surface for road purposes, and also to acquire the right of way and water lying above the underground clay stratum lying within the bounds of Plot 52.

Parcels 38 to 51, both inclusive, on Sheet 2, are to be acquired in fee.

Dated New York, April 27, 1906.

SECOND JUDICIAL DISTRICT.

In the matter of the application of George B. McClellan, Herman A. Metz, Alexander E. Orr, Charles Stewart Smith, Morris K. Jessup, John H. Starin, Woodbury Langdon and John Clavin, constituting the Board of Rapid Transit Railroad Commissioners of The City of New York, for and on behalf of said city, for the appointment of Commissioners of Appraisal to acquire the triangular parcel of land situated in the Borough of Brooklyn, bounded by Flatbush avenue, Fourth avenue and Atlantic avenue, for rapid transit purposes.

NOTICE IS HEREBY GIVEN THAT AN application will be made at a Special Term of the Supreme Court for the hearing of motions, to be held at the County Court House in the Borough of Brooklyn, on the 22nd day of May,

1906, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of three disinterested freeholders, being citizens of the United States and residents of The City of New York, to ascertain and appraise the compensation to be made to the owners and all persons interested in certain property situated in the Borough of Brooklyn, described as follows:

Beginning at the corner formed by the intersection of the northerly line of Atlantic avenue with the easterly line of Fourth avenue, running thence northeasterly along Fourth avenue thirty (30) feet two (2) inches to Flatbush avenue; thence southerly along Flatbush avenue fifty-four (54) feet to Atlantic avenue, and thence westerly along Atlantic avenue forty-four (44) feet one (1) inch to the point or place of beginning, being Lot No. 1, in Block 926.

It is intended to acquire the fee of the above-described property, which is laid out and indicated on three similar maps, one of which was filed in the office of the chief executive department having control of streets on the 25th day of March, 1904; another in the office of the Register of the County of Kings on the 6th day of April, 1906, and one in the office of the Board of Rapid Transit Railroad Commissioners on the 25th day of March, 1904. Said maps were adopted and approved by said Board on the 18th day of March, 1904.

Dated April 5, 1906.

COUNTY OF KINGS.

In the matter of acquiring title by The City of New York to certain lands and premises situated at the southwesterly corner of FLEET PLACE and WILLOUGHBY STREET, in the Borough of Brooklyn, duly selected as a site for an office building, clinic and stable for the Department of Health, according to law.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel to make an application at a Special Term of the Supreme Court for the hearing of motions, to be held at the County Court House in the Borough of Brooklyn, on the 22d day of May, 1906, at the call of the calendar on that day, or as soon thereafter as counsel can be heard, for the appointment of three disinterested citizens, being residents of the Borough of Brooklyn, as Commissioners of Estimate and Appraisal, to ascertain and appraise the compensation to be made to the owners and all persons interested in certain property situated in the Borough of Brooklyn, bounded and described as follows:

Beginning at the point of intersection of the westerly side of Fleet place with the southerly side of Wiloughby street, and running thence westerly along the southerly side of Wiloughby street 101.98 feet to the easterly line of a street as shown on a "Draft Damage Map in the matter of acquiring title to the street as an approach to Manhattan Bridge, extending from Nassau street to the intersection of Flatbush avenue and Fulton street, in the Fourth, Fifth and Eleventh Wards, Borough of Brooklyn, City of New York," filed in the office of the President of the Borough of Brooklyn, dated New York, October, 14, 1904, and approved by the Commissioner of Public Works on that date; thence running southeasterly along the easterly line of said street 184.17 feet, more or less, to the northwesterly side of Fleet street; thence northeasterly along the northwesterly side of Fleet street 61.53 feet to the westerly side of Fleet place, and thence northerly along the westerly side of Fleet place 115.19 feet to the point or place of beginning.

Dated New York, May 7, 1906.

SECOND DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises in the Borough of Queens, beginning on the easterly side of VERNON AVENUE, north of HARRIS AVENUE, and other property hereinafter described, duly selected for bridge purposes, according to law.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel to make application to the Supreme Court, at Special Term for the hearing of motions, at the County Court House in the Borough of Brooklyn, on the 22d day of May, 1906, for the appointment of Commissioners of Estimate and Appraisal, to ascertain and appraise the compensation to be made to the owners and all persons interested in the property, situated in the Borough of Queens, bounded and described as follows:

1. Beginning at a point on the easterly side of Vernon avenue, which point is four hundred ninety-two and fifty-five hundredths (492.55) feet northerly of the point formed by the intersection of the easterly side of Vernon avenue and the northerly side of Harris avenue, and running thence along the easterly side of Vernon avenue north thirty-three degrees thirteen minutes forty-seven seconds east (N. 33° 13' 47" E.) twenty-two and forty-five hundredths (22.45) feet; thence south fifty-six degrees forty-six minutes thirteen seconds east (S. 56° 46' 13" E.) one hundred (100) feet; thence north thirty-three degrees thirteen minutes forty-seven seconds east (N. 33° 13' 47" E.) two hundred (200) feet; thence north fifty-six degrees forty-six minutes thirteen seconds west (N. 56° 46' 13" W.) one hundred (100) feet to the easterly side of Vernon avenue; thence along the easterly side of Vernon avenue north thirty-three degrees thirteen minutes forty-seven seconds east (N. 33° 13' 47" E.) twenty-eight and three hundredths (28.03) feet; thence south sixty degrees seventeen minutes thirty seconds east (S. 60° 17' 30" E.) two thousand six hundred and ninety-five and eighty hundredths (2,695.80) feet to the westerly side of Crescent street; thence along the westerly side of Crescent street south thirty-four degrees fifty-seven minutes thirty-seven seconds west (S. 34° 57' 37" W.) one hundred and twenty-nine and forty-two hundredths (129.42) feet; thence south fifty-five degrees twenty-two minutes thirty seconds east (S. 55° 22' 30" E.) fifty-eight hundredths (0.58) feet; thence along the westerly side of Crescent street south thirty-four degrees fifty-seven minutes thirty-seven seconds west (S. 34° 57' 37" W.) one hundred and twenty-one and fifty-six hundredths (121.56) feet; thence north sixty degrees seventeen minutes thirty seconds west (N. 60° 17' 30" W.) two thousand six hundred eighty-eight and seventy-nine hundredths (2,688.79) feet to the point of beginning.

2. Beginning at a point on the easterly side of Crescent street, which point is two hundred sixty-three and ninety-five hundredths (263.95) feet northerly of the point formed by the intersection of the easterly side of Crescent street and the northerly side of Henry street, and running thence along the easterly side of Crescent street north thirty-four degrees fifty-seven minutes thirty-seven seconds east (N. 34° 57' 37" E.) one hundred and twenty-nine and forty-two hundredths (129.42) feet; thence north sixty degrees seventeen minutes thirty seconds west (N. 60° 17' 30" W.) two thousand six hundred eighty-eight and seventy-nine hundredths (2,688.79) feet to the point of beginning.

ty-seven seconds east (N. 34° 57' 37" E.) one hundred sixteen and five hundredths (116.05) feet; thence north fifty-five degrees twenty-two minutes thirty seconds west (N. 55° 22' 30" W.) fifty-eight hundredths (0.58) feet; thence along the easterly side of Crescent street north thirty-four degrees fifty-seven minutes thirty-seven seconds east (N. 34° 57' 37" E.) one hundred thirty-four and ninety-four hundredths (134.94) feet; thence south sixty degrees seventeen minutes thirty seconds east (S. 60° 17' 30" E.) seven hundred twenty-three and seventy hundredths (723.70) feet to the westerly side of Academy street; thence along the westerly side of Academy street south thirty-four degrees fifty-seven minutes thirty-seven seconds west (S. 34° 57' 37" W.) two hundred nine and twenty-one hundredths (209.21) feet to the northerly side of Hunter avenue; thence along the northerly side of Hunter avenue south sixty-four degrees forty-two minutes twenty-seven seconds west (S. 64° 42' 27" W.) fifty and eighty-six hundredths (50.86) feet; thence north sixty degrees seventeen minutes thirty seconds west (N. 60° 17' 30" W.) six hundred ninety-seven and seventy-eight hundredths (697.78) feet to the point of beginning.

3. Beginning at a point formed by the intersection of the southerly side of Hunter avenue and the westerly side of Jane street, and running thence along the westerly side of Jane street south twenty-five degrees seventeen minutes thirty-three seconds east (S. 25° 17' 33" E.) thirty-eight and twenty-three hundredths (38.23) feet; thence north sixty degrees seventeen minutes thirty seconds west (N. 60° 17' 30" W.) forty-six and sixty-seven hundredths (46.67) feet to the southerly side of Hunter avenue; thence along the southerly side of Hunter avenue north sixty-four degrees forty-two minutes twenty-seven seconds east (N. 64° 42' 27" E.) twenty-six and seventy-seven hundredths (26.77) feet to the point of beginning.

4. Beginning at a point formed by the intersection of the westerly side of Academy street and the northerly side of Hunter avenue, and running thence along the westerly side of Academy street north thirty-four degrees fifty-seven minutes thirty-seven seconds east (N. 34° 57' 37" E.) ninety-two and twenty-five hundredths (92.25) feet; thence south fifty-six degrees forty-six minutes thirteen seconds east (S. 56° 46' 13" E.) sixty-six and forty-seven hundredths (66.47) feet to the northerly side of Hunter avenue; thence along the northerly side of Hunter avenue south sixty-four degrees forty-two minutes twenty-seven seconds west (S. 64° 42' 27" W.) one hundred thirteen and twenty-six hundredths (113.26) feet; thence north fifty-five degrees twenty-two minutes thirty seconds west (N. 55° 22' 30" W.) ten (10) feet to the point of beginning.

5. Beginning at a point formed by the intersection of the northerly side of Jackson avenue and the easterly side of Jane street, and running thence northerly along the easterly side of Jane street one hundred ninety-nine and ninety hundredths (199.90) feet to the southerly side of Hunter avenue; thence easterly along the southerly side of Hunter avenue three hundred and thirty-three and thirty-seven hundredths (333.37) feet to the southerly side of Skillman avenue; thence easterly along the southerly side of Skillman avenue one hundred forty and seventeen hundredths (140.17) feet to the westerly side of Jackson avenue; thence southerly along the westerly side of Jackson avenue two hundred eleven and eighty-six hundredths (211.86) feet to an angle point in Jackson avenue; thence westerly along the northerly side of Jackson avenue two hundred twenty-eight and fifty-four hundredths (228.54) feet to the point of beginning.

Dated New York, April 28, 1906.

JOHN J. DELANY,
Corporation Counsel,

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of TREMONT AVENUE (One Hundred and Seventy-seventh street), (although not yet named by proper authority), from the eastern end of the proceeding now pending on that avenue at the Eastern Boulevard to Fort Schuyler road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by orders of the Supreme Court, bearing date the 24th day of March, 1906, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 30th day of March, 1906; in the office of the Clerk of the County of Kings at his office in the Borough of Brooklyn, on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester at his office at White Plains on the 24th day of March, 1906, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, "Annexed Territory," Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Kings on the 30th day of March, 1906; in the office of the Clerk of the County of Westchester on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester on the 24th day of March, 1906, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 1st day of June, 1906, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of MANHATTAN, NEW YORK CITY, May 5, 1906.

TIMOTHY POWER,
SIDNEY B. HICKOX,
M. J. MACK,
Commissioners.

JOHN P. DUNN,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of the easterly approach to the City Island Bridge included in Parcels A and B, as shown on a map or plan prepared by the Commissioner of Bridges, dated February 11, 1901, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by orders of the Supreme Court bearing date the 24th day of March, 1906, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 30th day of March, 1906, in the office of the Clerk of the County of Kings at his office in the Borough of Brooklyn on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester at his office at White Plains on the 24th day of March, 1906, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, "Annexed Territory," Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned easterly approach to City Island Bridge, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 30th day of March, 1906, in the office of the Clerk of the County of Kings on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester on the 24th day of March, 1906, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said easterly approach to City Island Bridge, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 1st day of June, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of MANHATTAN, NEW YORK CITY, May 5, 1906.

RODERICK J. KENNEDY,
WM. J. KELLY,
H. MCGORRY,
Commissioners.

JOHN P. DUNN,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WESTCHESTER AVENUE (although not yet named by proper authority), from the Bronx river to Main street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our last partial and separate estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 25th day of May, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 28th day of May, 1906, at 10.30 o'clock a. m.

Second—That the abstract of our said estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our last partial and separate report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 5th day of June, 1906.

Third—That pursuant to the notice heretofore given when we filed our estimate of damage, the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough

of The Bronx, in The City of New York, which, taken together, are bounded and described as follows:

Beginning at the point of intersection of the easterly line of the Bronx river with a line drawn midway between West Farms road and Westchester avenue; running thence easterly along said line to its intersection with the northeasterly line of Green lane; thence northeasterly and parallel with Westchester avenue to its intersection with the southerly line of Main street; thence on a straight line to the corner formed by the intersection of the easterly line of Pelham road and the southerly line of Emily street; thence easterly along the said southerly line of Emily street to the northwesterly boundary line of the James Ferris estate; thence southeasterly on a straight line to a point in the southerly line of Middle-town road midway between Pelham road and the Eastern Boulevard; thence southerly on a straight line to the point of intersection of the southeasterly line of the Eastern Boulevard with the westerly boundary line of the H. B. Crosby property; thence still southerly along said property line to its intersection with a line drawn parallel to and distant 100 feet southeasterly from the southeasterly line of the Eastern Boulevard; thence southerly and northwesterly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet southerly from the southerly line of Sixth street; thence still westerly along said parallel line to its intersection with the westerly line of Virginia avenue; thence still westerly and parallel to Westchester avenue to the easterly line of the Bronx river; thence northerly along said easterly line of the Bronx river to the point or place of beginning.

Fourth—That our last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 10th day of October, 1906, at the opening of the Court on that day.

Dated Borough of MANHATTAN, NEW YORK, April 27, 1906.

JOHN F. COFFIN,
Chairman;
EDWARD L. GODFREY,
MICHAEL J. MACK,
Commissioners.

JOHN P. DUNN,
Clerk.

SECOND DEPARTMENT.

In matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND TWENTY-SECOND STREET (although not yet named by proper authority), from Seventh avenue to the Hutchinson river, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by orders of the Supreme Court, bearing date the 24th day of March, 1906, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 30th day of March, 1906; in the office of the Clerk of the County of Kings at his office in the Borough of Brooklyn on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester at his office at White Plains on the 24th day of March, 1906, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, "Annexed Territory," Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 30th day of March, 1906; in the office of the Clerk of the County of Kings on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester on the 24th day of March, 1906, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 1st day of June, 1906, at 3.30 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of MANHATTAN, NEW YORK CITY, May 5, 1906.

MICHAEL J. COONEY,
WILLIAM HENDERSON,
MICHAEL E. DEVLIN,
Commissioners.

JOHN P. DUNN,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of CLASON'S POINT ROAD (although not yet

named by proper authority), from Westchester avenue to the East river (or Long Island Sound), in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by orders of the Supreme Court bearing date the 24th day of March, 1906, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 30th day of March, 1906; in the office of the Clerk of the County of Kings at his office in the Borough of Brooklyn on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester at his office at White Plains on the 24th day of March, 1906, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, "Annexed Territory," Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 30th day of March, 1906, in the office of the Clerk of the County of Kings on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester on the 24th day of March, 1906, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 29th day of May, 1906, at 3 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, May 3, 1906.

EDWARD D. DOWLING,
TIMOTHY E. COHALAN,
JAMES A. DONNELLY,
Commissioners.

JOHN P. DUNN,
Clerk. m3,26

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for easements for the purpose of constructing trunk sewers in Sewerage District 43, lying southerly of Westchester creek and Bronx river, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, more particularly shown on a map or plan adopted by the Board of Estimate and Apportionment on November 25, 1904, and filed in the office of the Register of New York County on May 4, 1905.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by orders of the Supreme Court bearing date the 24th day of March, 1906, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 30th day of March, 1906, in the office of the Clerk of the County of Kings at his office in the Borough of Brooklyn on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester at his office at White Plains on the 24th day of March, 1906, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, "Annexed Territory," Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of acquiring the above-mentioned easements, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 30th day of March, 1906, in the office of the Clerk of the County of Kings on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester on the 24th day of March, 1906, and a just and equitable estimate and assessment of the value of the benefit and advantage of said easements so to be acquired or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of constructing said trunk sewers, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of acquiring the said easements, or affected thereby,

and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 29th day of May, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, May 2, 1906.

In the matter of the application of The City of New York relative to acquiring title to EAST TWENTY-FIFTH STREET, from Foster avenue to Flatbush avenue, in the Twenty-ninth Ward in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 13th day of June, 1905, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 20th day of June, 1905, and indexed in the Index of Conveyances in Section No. 16, Block 5224, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 25th day of May, 1906, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, May 2, 1906.

ALEXANDER McKINNY,
H. DE SELDING,
Commissioners.

JAMES F. QUIGLEY,
Clerk. m2,24

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to CORNELIA STREET, from Knickerbocker avenue to the Borough line of Queens, in the Twenty-eighth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 13th day of June, 1905, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 28th day of June, 1905, and indexed in the Index of Conveyances in Section No. 11, Blocks 3378, 3379, 3385, 3386, Commissioners of Estimate and Assessment, for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 16th day of May, 1906, at 3 o'clock in the afternoon of that

day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, April 23, 1906.

BINGHAM T. WILSON,
THOMAS WALL,
GEORGE H. PERRY,
Commissioners.

JAMES F. QUIGLEY,
Clerk. a23,m15

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to EAST THIRTY-FOURTH STREET, from Clarkson street to Church avenue, in the Twenty-ninth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 6th day of July, 1905, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 19th day of July, 1905, and indexed in the Index of Conveyances in Section 15, Blocks 4838, 4839, 4854, 4855, 4870 and 4871, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 16th day of May, 1906, at 11 o'clock in the forenoon of that day to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, April 23, 1906.

THOMAS H. TROY,
THOMAS M. NOLAN,
MATTHEW V. O'MALLEY,
Commissioners.

JAMES F. QUIGLEY,
Clerk. a23,m15

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of MAIN STREET (City Island), (although not yet named by proper authority), from the land to be acquired for the east approach of City Island Bridge to Long Island Sound, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by orders of the Supreme Court bearing date the 24th day of March, 1906, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 30th day of March, 1906, in the office of the Clerk of the County of Kings at his office in the Borough of Brooklyn on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester at his office at White Plains on the 24th day of March, 1906, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, "Annexed Territory," Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 30th day of March, 1906, in the office of the Clerk of the County of Kings on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester on the 24th day of March, 1906, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on

account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 29th day of May, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, May 3, 1906.

JOHN P. ELDER,
THOMAS MARTIN,
PIERRE G. CARROLL,
Commissioners.

JOHN P. DUNN,
Clerk. m3,26

KINGS COUNTY.

In the matter of acquiring title by The City of New York to certain lands and premises situated on REID AVENUE, between LAFAYETTE AVENUE and VAN BUREN STREET, in the Borough of Brooklyn, in The City of New York, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT William Watson, Joseph M. Cogan and Henry Marshall, Commissioners of Estimate in the above-entitled proceeding, have made and signed their final report herein and on May 4, 1906, filed the same in the office of the Board of Education of The City of New York, at Park avenue and Fifty-ninth street, in the Borough of Manhattan, in The City of New York, and on the same day filed a duplicate of said report in the office of the Clerk of Kings County in the Hall of Records, in the Borough of Brooklyn, in The City of New York, and that said report will be presented for confirmation to the Supreme Court at Special Term for the hearing of motions, to be held in the County Court House in Kings County on May 17, 1906, at 10.30 o'clock a. m., or as soon thereafter as counsel can be heard.

Dated Borough of Brooklyn, City of New York, May 4, 1906.

JOHN J. DELANY,
Corporation Counsel. m4,15

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 430 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
