BOARD OF ESTIMATE AND APPORTIONMENT.

EXTRACT FROM

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, FRIDAY, APRIL 6, 1906.

Bensonhurst, Bath Beach and Coney Island Route.

Consideration of the communication, dated March 22, 1906, from the Board of Rapid Transit Railroad Commissioners, transmitting resolutions as to route and general plan for an additional rapid transit railway along certain streets and avenues in the Borough of Brooklyn, and known as the "Bensonhurst, Bath Beach and Coney Island Route," as fixed for this day by resolution adopted March 30, 1906.

The Secretary presented the following:

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, NO. 320 BROADWAY,
NEW YORK, April 4, 1906.

Bensonhurst Route, Revised.

Board of Estimate and Apportionment, No. 277 Broadway:

DEAR SIRS—I send you herewith one print or drawing marked Brooklyn No. 4, Sheet No. 2, Routes and General Plan, Bensonhurst Route, revised April 4, as noted, which please substitute for the one of the same number submitted to you on March 22. This revision consists of a change in grade at Sixty-second street for purpose of avoiding a grade crossing with the Bay Ridge Improvement, Long Island Railroad. The necessity for this revision was called to my attention by Mr. Harry P. Nichols, Assistant Engineer, Bureau of Franchises.

Very truly yours,
GEORGE S. RICE, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES,
April 6, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

SIR—The Board of Rapid Transit Railroad Commissioners, in a communication dated March 22, 1906, has advised the Board of Estimate and Apportionment that it has determined and established an additional route for a rapid transit railway to those already existing or proposed, and requests the approval of the Board of Estimate and Apportionment of the same.

Pursuant to the provisions of chapter 631 of the Laws of 1905, a day has been fixed for the consideration of the matter, to wit: Friday, April 6, and due notice published of such intention in the CITY RECORD.

The route lies wholly in the Borough of Brooklyn and commences at a point in Fourth avenue, near Thirty-eighth street, where connection is to be made with the proposed rapid transit railway on Fourth avenue, thence under and along Fortieth street, New Utrecht avenue, across private property and under Eighty-sixth street to a point between Twenty-third and Twenty-fourth avenues, where it emerges from the ground and becomes an elevated railway to Stillwell avenue, and thence under Stillwell avenue to Surf avenue, Coney Island.

A full description of the route and the reasons for its selection are given in the communication. Since the plans were presented on March 30, 1906, a change in the profile has been made of the proposed railway, the grade being lowered at Sixty-first street to enable it to pass under the tracks of the New York, Brooklyn and Manhattan Beach Railway, which are to be placed below the surface grade, and a communication from the Chief Engineer, dated April 4, is herewith presented, formally transmitting a map of the altered profile.

The proposed railway is to be a four-track road and will furnish, when completed, an additional route to Coney Island, which is greatly needed during the summer season. For the local traffic along the route it will be in direct competition with the Brooklyn, Bath and West End Railroad on the surface of New Utrecht avenue and operating through trains from Coney Island to the Manhattan end of the Brooklyn Bridge over the Fifth Avenue Elevated Railroad from Thirty-ninth street. This line, between Thirty-ninth street and Coney Island, although a surface route, has stations along its route for regular stopping.

The proposed rapid transit route will necessitate the acquisition of easements between Thirty-eighth and Fortieth streets, near Fourth avenue, between Eighty-fourth and Eighty-sixth streets, near New Utrecht avenue, and the widening of Eighty-sixth street, between Twenty-third and Twenty-fourth avenues, where the line emerges from the ground and will occupy a space of the street surface about 60 feet in width between these avenues.

At present there are no houses or other improvements on either side of Eighty-sixth street at this point. Fortieth street, New Utrecht avenue and Eighty-sixth street are in use. Stillwell avenue is not open on the ground, nor has title thereto been acquired, although I am informed a proceeding was initiated in 1902 to open the same from Surf avenue to the canal, being only a part of the distance required for this route.

The communication of the Rapid Transit Commission recites that the Commission is informed that upwards of 28,000,000 people visited Coney Island during the season of 1905, and it would therefore appear that a route such as is proposed is not only necessary, but, in view of the share of the excursion business which it would enjoy, would form a very attractive route to bidders when coupled with one or more of the routes already established. One point, however, would seem to require the careful consideration of the Board before contracts are let for construction, and that is the terminal facilities at Coney Island which the summer traffic will demand. As at present proposed, four tracks are to be constructed within the lines of Stillwell avenue, and all trains will have to run to the terminus of the route, unload passengers, transfer train crews, take on the return passengers, and, by means of cross-overs, start back again. It would seem, therefore, that the conditions now existing at the Manhattan end of the Brooklyn Bridge will, in a measure, be duplicated.

The present rapid transit railway in Manhattan has a loop terminal at the City Hall and at the Battery, permitting the continuous operation of trains, and for the traffic at so important a terminal as Coney Island I am of the opinion that similar provisions should be made. Owing to the limited time I have had to examine the route, I have been unable to take up this question with the Chief Engineer of the Rapid Transit Commission, but I believe that it is worthy of consideration before final action is taken.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The President of the Board of Aldermen moved that the Board of Rapid Transit Railroad Commissioners be asked for a conference upon the question of the terminal at Surf avenue, the Chair appoint a committee to confer with the conferees of the Board of Rapid Transit Railroad Commissioners when appointed, and that the further consideration of the plans and conclusions be adjourned until April 27, 1906.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Borough of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Chair appointed as conferees the President of the Board of Aldermen and the President of the Borough of Brooklyn.

The full minutes of the meeting of April 6, 1906, will appear in the CITY RECORD at a later date.

JOSEPH HAAG, Secretary.

BOROUGH OF BROOKLYN.

LOCAL BOARD—BAY RIDGE DISTRICT.

Meeting in Borough Hall, Friday, February 2, 1906, at 2.30 p. m.

The roll was called and the following members answered to their names:

Hon. Desmond Dunne, Commissioner of Public Works (presiding); Alderman Linde, Fifty-first Aldermanic District; Alderman Potter, Fifty-second Aldermanic District.

The Secretary presented the following:

No. 407.

On motion of Alderman Potter, a resolution recommending to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by striking therefrom DeBruyn's lane, between Benson avenue and Cropsey avenue, in accordance with the reports of George J. Bischof, Assistant Engineer in Charge of the Topographical Bureau, and George W. Tillson, Chief Engineer of the Bureau of Highways, was adopted, all present voting in the affirmative.

No. 450.

Mr. Andrew McAllister, representing 31 taxpayers, appeared in opposition to a petition to alter the map or plan of The City of New York by reducing the width of Stillwell avenue, between Surf and Cropsey avenues, from 100 feet, as mapped, to 60 feet. The Secretary read the report of the Engineer, from which it appeared that the opening of Stillwell avenue to a width of 100 feet would be a decided benefit as it would form an important means of communication to Coney Island. Upon motion of Alderman Potter, the petition was denied, all present voting in the negative.

No. 451.

A suggestion of the Chief Engineer of the Bureau of Highways for an alteration in the map or plan of The City of New York by changing the grade of Bay Sixteenth street, between Cropsey and Benson avenues, and on Bath avenue, from Seventeenth avenue to Bay Seventeenth street, which he states in a report is necessary in order to get drainage from Benson avenue to Bath avenue and further that it is desirable, from the

fact that it conforms more nearly to the surface of the ground than the original grade; was opposed by the property owners, on the ground that the street had recently been graded and macadamized and they did not think the expense justifiable. Alderman Potter stated that he thought the engineers of the city were at fault in not having it to the proper grade, and on his motion the matter was deferred to be investigated.

No. 452.

On motion of Alderman Potter, the matter of laying out Elmwood avenue, between Ocean Parkway and Gravesend avenue, was deferred for consideration at a subsequent meeting of the Board.

On motion of Alderman Potter, a resolution having for its object, an alteration in the map or plan of The City of New York by locating and laying out East Second street, between the southern boundary line of Parkville and Foster avenue, was denied, all present voting in the negative.

On motion of Alderman Potter, a resolution recommending to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating and laying out East Third street, between the southern boundary line of Parkville and Foster avenue, was adopted, all present voting in the affirmative.

On motion of Alderman Potter, a resolution recommending to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating and laying out East Fourth street, between the southern boundary line of Parkville and Foster avenue, was adopted, all present voting in the affirmative.

On motion of Alderman Potter, a resolution recommending to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating and laying out East Fifth street, between the southern line of Parkville and Foster avenue, was adopted, all present voting in the affirmative.

On motion of Alderman Potter, a resolution recommending to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating and laying out East Seventh street, between the southern line of Parkville and Foster avenue, was adopted, all present voting in the affirmative.

On motion of Alderman Potter, a resolution recommending to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating out East Eighth street, between the southern boundary line of Parkville and Foster avenue, was adopted, all present voting in the affirmative.

On motion of Alderman Potter, a resolution recommending to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating out East Ninth street, between the southern boundary line of Parkville and Foster avenue, was adopted, all present voting in the affirmative.

On motion of Alderman Potter, a resolution recommending to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating out East Ninth street, between the southern boundary line of Parkville and Foster avenue, was adopted, all present voting in the affirmative.

No. 453.

A resolution having for its object the initiation of proceedings to open Neptune avenue, between West Sixth and West Fifteenth streets, and from the western line of lot known as No. 47 (in West Thirty-sixth street) to the westerly line of West Thirty-sixth street, was amended so as to exclude that portion of Neptune avenue lying between West Thirty-sixth street and West Thirty-seventh street, in view of the fact that the owners of property on Neptune avenue, between West Thirty-sixth street and West Thirty-seventh street, have conveyed their rights in the street to The City of New York, and a resolution in accordance with said amendment was adopted, all present voting in the affirmative.

No. 169.

On motion of Alderman Potter, a resolution amending action of this Local Board of November 2, 1905, having for its object the initiation of proceedings to open Sixty-seventh street, between Fort Hamilton and Fourteenth avenues, by extending the limits of said proceedings so as to read "between Fort Hamilton and New Utrecht avenues," was adopted, all present voting in the affirmative.

No. 454.

On motion of Alderman Potter, a resolution initiating proceedings to construct a sewer basin at the easterly corner of Forty-third street and First avenue, was adopted, all present voting in the affirmative.

No. 455.

On motion of Alderman Potter, a resolution initiating proceedings to construct a sewer in West Twenty-third street, between Mermaid avenue and Neptune avenue, with an outlet sewer in Neptune avenue, between West Twenty-third street and Warehouse avenue, was adopted, all present voting in the affirmative.

No. 456.

A petition, the object of which was to amend action taken by this Local Board on September 27, 1905, initiating proceedings to construct sewers in Eighty-second street, from Twenty-third avenue to Twenty-fourth avenue; in Eighty-third street, from Twenty-third avenue to Stillwell avenue; in Eighty-fourth street, from Twenty-third avenue to Twenty-fifth avenue; in Eighty-fifth street, from Twenty-third avenue to Twenty-fourth avenue; in Eighty-sixth street, both sides, from Twenty-fourth avenue to Stillwell avenue; in Twenty-fourth avenue, between Eighty-second and Eighty-fifth street; in Bay Thirty-seventh street, from Eighty-sixth street to the crown south of Benson avenue; in Bay Thirty-eighth street, from Eighty-sixth street to the crown south of Benson avenue; in Twenty-fifth avenue, from Eighty-sixth street to the crown south of Benson avenue; in Bay Fortieth street, from Eighty-sixth street to Benson avenue; in Bay Forty-first street, from Eighty-sixth street to Benson avenue; in Stillwell avenue, both sides, from Eighty-second street to Avenue T; in Stillwell avenue, east side, from Avenue T to Avenue V; in West Thirteenth street, from Avenue S to Avenue T; in West Twelfth street, from Avenue S to Avenue T; and in Avenue T, from Stillwell avenue to West Twelfth street, by excluding from the provisions thereof sewers in Eighty-sixth street, between Twenty-fourth avenue and Stillwell avenue; in Bay Thirty-seventh street, from Eighty-sixth street to the crown south of Benson avenue; and in Bay Thirty-eighth street, from Eighty-sixth street to the crown south of Benson avenue, was denied, all present voting in the negative, the September 27th resolution sought to be amended having been disapproved.

No. 457.

On motion of Alderman Potter, a resolution to construct a sewer basin at the northerly corner of Eighteenth avenue and Bath avenue, was adopted, all present voting in the affirmative.

On motion of Alderman Potter, a resolution initiating proceedings to construct a sewer in Eighty-sixth street, southerly side, between Bay Thirty-second street and Twenty-third avenue; and in Benson avenue, between Bay Thirty-second street and Bay Thirty-fourth street, was adopted, all present voting in the affirmative.

On motion of Alderman Potter, a resolution initiating proceedings to pave with asphalt on concrete base Bay Thirty-second street, between Eighty-sixth street and Cropsey avenue, was adopted, all present voting in the affirmative.

No. 458.

Alderman Potter suggested an amendment of a petition to regulate and grade Bay Eleventh street, between Eighty-sixth street and Benson avenue, by extending the limits of the improvement so as to read "between Eighty-sixth street and Cropsey avenue"; and upon his motion, a resolution in accordance with said amendment was adopted, all present voting in the affirmative.

No. 368.

On motion of Alderman Potter, a resolution initiating proceedings to open Sixty-fourth street, between Fourth and Fifth avenues, was adopted, all present voting in the affirmative.

No. 362.

Alderman Potter suggested the amendment of a petition to open Seventy-fourth street, between Thirteenth and Fourteenth avenues by extending the limits of the proceeding so as to read "between Thirteenth and Eighteenth avenues"; and upon his motion, a resolution in accordance with said amendment was adopted, all present voting in the affirmative.

No. 441.

On motion of Alderman Linde, a resolution initiating proceedings to pave with asphalt on concrete base Sixty-first street, between Third and Fourth avenues, was adopted, all present voting in the affirmative.

No. 420.

On motion of Alderman Linde, a resolution initiating proceedings to construct a sewer in Seventh avenue, between Forty-third street and Forty-fourth street, was adopted, all present voting in the affirmative.

On motion of Alderman Linde, a resolution initiating proceedings to pave with asphalt on concrete base Seventh avenue, between Forty-third street and Forty-ninth street, was adopted, all present voting in the affirmative.

No. 419.

On motion of Alderman Potter, a petition to construct a sewer in Eighty-fourth street, between Nineteenth and Twentieth avenues, and a sewer basin in connection therewith at the southerly corner of Eighty-fourth street and Eighteenth avenue, was denied, all present voting in the negative.

On motion of Alderman Potter, a resolution initiating proceedings to pave with asphalt on concrete base Eighty-fourth street, between Eighteenth and Twenty-first avenues, was adopted, all present voting in the affirmative.

No. 459.

On motion of Alderman Potter, a resolution initiating proceedings to pave with asphalt on concrete base and to reset brick gutters on Seventy-fourth street, between Fort Hamilton and Tenth avenues, was adopted, all present voting in the affirmative.

No. 391.

On motion of Alderman Linde, a resolution initiating proceedings to pave with asphalt on concrete base Warehouse avenue, between Neptune and Surf avenues, was adopted, all present voting in the affirmative.

No. 460.

Resolved, That upon the recommendation of the Chief Engineer, contained in his Report No. 1393, dated January 19, 1906, George A. Taber be and hereby is appointed to the position of Assistant Engineer, with salary at the rate of \$3,500 per annum, to take effect February 1, 1906, his transfer from the Department of Water Supply, Gas and Electricity having been approved by the Municipal Civil Service Commission January 30, 1906.

Which was adopted by the following vote:

Commissioners Cowan, Ten Eyck, Ryan and Windolph—4.

The Construction Committee returned to the Commissioners application of Richard Baldwin, Jr., Assistant Engineer, dated January 13, 1906, for promotion to position of Division Engineer, with the recommendation that it be referred to the President.

The recommendation of the Committee was adopted.

The Construction Committee returned to the Commissioners Report No. 1402 of the Chief Engineer, dated January 23, 1906, in regard to salary of William E. Morris, Jr., Rodman, with the recommendation that it be filed.

The recommendation of the Committee was adopted.

The President returned to the Commissioners communication from the Civil Service Commission, dated January 20, 1906, in regard to dismissal of employees and limitation of power of removal, with form of letter to be sent to the employees requesting them to furnish proof as to whether they are entitled to preference in retention of service under section 21 of the Civil Service Law.

On motion, the action of the President was approved.

Certificate from the Municipal Civil Service Commission, dated January 30, 1906, approving transfer of George A. Taber, Assistant Engineer, from Department of Water Supply, Gas and Electricity, was ordered filed.

Weekly report of the Chief Engineer for week ending January 11, 1906, was referred to the Construction Committee.

Report No. 1405 of the Chief Engineer, dated January 24, 1906, in regard to communication from Superintendent of Highways, Borough of The Bronx, calling attention to condition of Kingsbridge road at Reservoir avenue, was referred to the Secretary for reply.

Report No. 1395 of the Chief Engineer, dated January 29, 1906, recommending that the services of certain Inspectors of Masonry be dispensed with, on account of suspension of work at Jerome Park Reservoir, was received and ordered filed, and the following resolution offered:

Resolved, That, in accordance with the recommendation of the Chief Engineer contained in the foregoing report, the services of the following Inspectors of Masonry be and hereby are dispensed with, on account of lack of work, to take effect February 5, 1906, viz.: Elmer S. Van Aken, Forbes Gerard, Thomas Curry, William Walsh, Robert J. Fletcher, William M. Burke, James J. Ryan, James Walsh, Patrick Lovely and Alexander Stewart.

Adopted by the following vote:

Commissioners Cowan, Ten Eyck, Ryan and Windolph—4.

Report No. 1399, of the Chief Engineer, dated January 29, 1906, asking approval of expenditure of approximately \$275 for hauling pipe and castings for 48-inch connection between gatehouse No. 2 and Bailey avenue, Jerome Park Reservoir, under resolution adopted December 21, 1905, was ordered filed and the expenditure approved by the following vote:

Commissioners Cowan, Ten Eyck, Ryan and Windolph—4.

Communication from the Corporation Counsel, dated January 29, 1906, in regard to alleged violation of eight-hour law at Jerome Park Reservoir by McDonald & Onderdonk, contractors, was referred to the Chief Engineer for a report.

The Secretary presented Abstract of Trial Balance, dated December 31, 1905, which was ordered spread on the records and filed.

Abstract of Trial Balance, December 31, 1905.

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:

Dr. I. O. Woodruff, House Physician on the First Medical Division, developed diphtheria on March 1, 1906. As he contracted the disease in line of duty, diphtheria having appeared among the children in his ward, he was sent to the Minturn Hospital, with the approval of the President of the Board of Trustees and at the expense of this Department.

An inspection of the different hospitals of the Department during the past week indicates that they are in a satisfactory condition.

The attendance of the physicians, both in the hospitals and the Out-patient Departments of Bellevue, Gouverneur, Harlem and Fordham Hospitals, during the month of February was satisfactory.

Communications.

A communication was received from Dr. Cyrus J. Strong, Secretary of the Medical Board of Bellevue Hospital, transmitting the minutes of the Medical Board for the meeting held on March 1, 1906.

On motion, duly seconded and carried, these minutes were ordered placed on file, and the Superintendent was directed to provide for the tuberculous patients now in the general wards.

A communication was received from Dr. Albert F. Brugman, Secretary of the Medical Board of Fordham Hospital, transmitting the minutes of the Medical Board for the meeting held on March 1, 1906.

On motion, duly seconded and carried, these minutes were ordered placed on file, and the nomination of Dr. John Aspell, No. 139 West Seventy-seventh street, was referred to the Conference Committee of Fordham Hospital.

A communication was received from Dr. John H. Coughlin, Secretary of the Medical Board of Gouverneur Hospital, transmitting the minutes of the Medical Board of Gouverneur Hospital for the meeting held on March 1, 1906.

On motion, duly seconded and carried, these minutes were placed on file, and, upon the recommendation of the Medical Board, the petition of the house staff (that the proposed change affecting the term of service of the house staff may not affect any member of the present staff) was granted.

A communication dated March 5, 1906, was received from Mr. Raymond F. Almirall concerning the matter of an extension of five months time requested by the John H. Parker Company on the work of completing the new Fordham Hospital.

On motion, duly seconded, this communication was placed on file, and it was

Resolved, That the John H. Parker Company be urged to complete the work of the new Fordham Hospital at as early a date as possible; it was further—

Resolved, That the John H. Parker Company be informed that the Board of Trustees will grant a proper extension of time if it becomes necessary.

Action on the communication from Messrs. Horgan & Slattery, dated February 23, 1906, and referred to the Building Committee on February 27, concerning the cost of moving a partition at the new Harlem Hospital, was deferred.

A communication dated March 3, 1906, was received from Messrs. McKim, Mead & White concerning the removal of water and plumbing pipes on the site of Pavilions A and B of the new Bellevue Hospital.

On motion, duly seconded and carried, this communication was referred to the Superintendent with power.

Estimates on the survey of the site for the proposed new Training School were received, and, on motion, duly seconded and carried, the order for said survey was given to Mr. Charles M. Mapes, One Hundred and Forty-eighth street and Third avenue, his estimate of \$100 being the lowest received.

A communication dated March 2 was received from Mr. J. H. Freedlander informing the Board that the lien on the smokestack of the new Harlem Hospital was satisfied on February 23 by Luke A. Burke & Sons.

On motion, duly seconded and carried, this communication was placed on file.

A communication dated March 3, 1906, was received from the Executive Committee of the Medical Board of Gouverneur Hospital on the matter of the petition from the Staff of the Out Patient Department.

On motion, duly seconded and carried, this communication was placed on file.

A communication dated March 1, 1906, was received from Mr. William A. Clark, acknowledging the appointment of Dr. Darlington as Consulting Physician to Fordham Hospital.

On motion, duly seconded and carried, this communication was placed on file.

A lien was received on March 5 from M. Gould's Son & Co., stating that the George Stikeman Metal Works (sub-contractors of J. R. Sheehan & Co.) owe said firm \$93.50 for materials furnished in repairing Gouverneur Hospital.

On motion, duly seconded and carried, this lien was placed on file.

Reports of Committees.

The Conference Committee on Medical Appointments to Harlem Hospital recommended Dr. Clarence M. Graham, and, on motion, duly seconded, it was

Resolved, That Dr. Clarence M. Graham, No. 2456 Eighth avenue, be and he

hereby is appointed as Assistant Surgeon to Out Patients at Harlem Hospital, Children's Class.

The Conference Committee reported that the matter of appointing two Assistant Attending Surgeons to Harlem Hospital had been discussed by the Committee, and that the Committee concluded that there is at present no necessity for Assistant Attending Surgeons to that institution.

New Business.

On motion, duly seconded, it was

Resolved, That the General Medical Superintendent be directed to embody in his weekly report to the Board of Trustees the number of surgical operations performed in each hospital of the Department during the preceding week by the House Staff, the Assistant Attending and the Attending Surgeons.

On motion, the Board adjourned.

ARDEN M. ROBBINS, Secretary pro tem.

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:

During the week ending March 10, thirty-six operations were performed at Bellevue, fourteen at Gouverneur, three at Harlem and eight at Fordham; none of these was performed in the absence of the Attending or Assistant Attending Surgeons.

An inspection of the new Harlem Hospital shows that it will be impracticable to occupy the Out Patient Department on April 1. The owner of the property now used as the Out Patient Department is willing to extend the lease at the same monthly rental with the privilege of either party terminating it on thirty days' notice. It is recommended that this be done.

In the new Harlem Hospital the end rooms on the Out Patient floor are not provided with hand basins. It is recommended that the architects, Messrs. Horgan & Slatery, obtain estimates on the work of placing a hand basin in each of the rooms and connecting same with the adjacent hot and cold water supply and soil pipes.

Dr. Woodruff, who was sent to the Minton Hospital suffering from diphtheria, is improving and will probably be discharged in a few days.

On motion, duly seconded, it was

Resolved, That the Sinking Fund Commission be requested to extend the lease of the property at No. 521 East One Hundred and Twentieth street (the Harlem Out Patient Department) at the present rental of eighty-five dollars a month, with the privilege of either party terminating it on thirty days' notice.

On motion, duly seconded, it was

Resolved, That Messrs. Horgan & Slatery be requested to obtain estimates on the work of placing a hand basin in each of the end rooms of the Out Patient Department of the new Harlem Hospital with connections for hot and cold water supply and soil pipes.

Communications.

A communication under date of March 7 was received from Mr. Raymond F. Almirall with revised tracing of the proposed layout of the grounds for the new Fordham Hospital.

On motion, duly seconded, it was

Resolved, That the question of the cost of engaging a landscape architect to lay out the grounds of Fordham Hospital be studied and an estimate obtained before any action in the matter is taken.

A communication dated March 12 was received from the McDermott, Bunge Dairy Company asking to be relieved of its contract for the supply of milk and cream.

On motion, duly seconded, it was

Resolved, That this matter be referred to the Corporation Counsel for his opinion as to the right of the Board of Trustees to continue indefinitely purchasing in the open market and charging to the contractor's account.

A lien was received on March 12 from the Roebing Construction Company for materials furnished Messrs. Carlin & Co., in installing fireproof floors, etc., at the new Harlem Hospital.

On motion, duly seconded, this lien was placed on file, and it was

Resolved, That the architects, Messrs. Horgan & Slatery, be informed of the receipt of this lien.

A communication dated February 23 was received from Messrs. Horgan & Slatery quoting estimate from P. J. Carlin & Co., on removing partition at the new Harlem Hospital.

On motion, duly seconded and carried, this matter was laid over.

A communication dated February 27 was received from the Howe Scale Company in regard to the slides installed in the Gouverneur Hospital refrigerator.

On motion, duly seconded, it was

Resolved, That this matter be referred to the architect, Mr. Raymond F. Almirall, for his opinion and recommendation.

A communication dated March 7 was received from the Department of Docks and Ferries informing the Board of Trustees that the new made land at Bellevue Hospital had been surrendered by that Department to the Commissioners of the Sinking Fund.

On motion, duly seconded and carried, this communication was filed.

A communication dated March 8 was received from Dr. Hermann M. Biggs informing the Board of Trustees that the Department of Health cannot provide for cases of chicken pox and mumps.

On motion, duly seconded and carried, this communication was filed.

A communication dated February 23 was received from Dr. Charles S. Benedict asking if the examinations for appointment to the Gouverneur Hospital staff are open to women.

On motion, duly seconded, it was

Resolved, That the examinations for internes at Gouverneur Hospital be and the same are hereby declared open on equal terms to men and women.

A communication dated March 1, 1906, was received from Dr. A. F. Brugman, asking that a drain be placed in the operating room at Fordham Hospital.

On motion, duly seconded and carried, this matter was referred to the Superintendent, with directions to obtain estimates on the work.

A communication dated March 9, 1906, was received from Dr. William M. Polk, Attending Gynecologist to the Second Division of Bellevue Hospital, asking for a leave of absence until April 1. On motion, duly seconded and carried, Dr. Polk's request was granted.

Reports of Committees.

Dr. Brannan reported in regard to the recommendation of the Medical Board concerning tubercular patients, that (in consultation with members of the Medical Board) he had arranged to have two of the regular wards in the hospital set apart for the reception of tubercular patients, and that this had now been done.

Mr. Paulding reported the receipt and opening of the following bids, on March 13, for repairing roofs, gutters, etc., at Bellevue Hospital:

R. Solomon & Son.....	\$2,395 00
N. B. Smyth.....	3,671 00
A. Cohn.....	2,175 00
William Horne Company.....	2,747 00
John Spence, Jr. (informal).....	997 00
J. M. Knopp.....	2,399 00
William Kriesberg.....	1,657 00

On motion, duly seconded, it was

Resolved, That the bid of William Kriesberg, \$1,657, be accepted, the same being the lowest received, and that the contract for repairing the roofs, gutters, etc., at Bellevue Hospital be and the same is hereby awarded to William Kriesberg, subject to the approval of the sureties by the Comptroller of The City of New York, in accordance with the provision of section 420, chapter 10, of the Greater New York Charter.

Unfinished Business.

The matter of the drainage of the pond north of Fordham Hospital came up again for discussion, and it was, on motion, duly seconded,

Resolved, That the Secretary again communicate with Mr. Haffen, Borough President of The Bronx, calling attention to his previous letter and requesting the favor of an immediate reply.

New Business.

Resolved, That the Board of Trustees has learned with great regret of the approaching withdrawal of Miss Delano from the position of Superintendent of Training Schools, and desires to express its hope that this withdrawal may not be permanent; further

Resolved, That the Board recognizes the difficulties with which Miss Delano, during her term of service, has had to contend, and the marked ability and success with which she has performed the duties, both onerous and delicate, which have at times attached to her position. The Board is glad to place on record this testimony of esteem for her personally and satisfaction at the character of her work, together with an expression of its belief not only that this work has redounded to the credit and reputation of the hospital in the public eye, but also that it has been productive of real and lasting benefit to the service.

On motion, the Board adjourned.

J. K. PAULDING, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held March 2, 1906, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Manhattan Refrigerating Company respectfully shows:

1. The said Manhattan Refrigerating Company is a corporation duly organized and existing under the laws of the State of New York, having its principal place of business at the northeast corner of West and Horatio streets, in The City of New York, and has built and is operating a large plant at that point for artificial refrigeration, conducting a cold storage warehouse and also a pipe line for the supply of customers in the market and others whose places of business front on the streets and avenues in the immediate vicinity. That it has for the period of about seven years maintained and operated in certain streets in The City of New York mains and pipes for the supply of mechanical refrigeration, and has supplied all acceptable customers along the said lines at reasonable rates.

2. The said Manhattan Refrigerating Company, by assignment, duly made to it by the Greenwich Refrigerating Company, is the sole owner of a certain franchise granted by the Mayor, Aldermen and Commonalty of The City of New York, approved by the Mayor April 8, 1890, and respectfully petitions your Honorable Board to grant a license to lay a conduit not more than twelve inches in diameter, to contain refrigerating pipes, extending from the intersection of Fourteenth street and Tenth avenue to Hudson street; thence southerly along Hudson street to Gansevoort street, and thence westerly along Gansevoort street to West street, the said pipes to be laid under the surface of the streets, and branches in the intersecting streets west of Hudson street.

3. That said pipes are to be used to convey brine, ammonia or other refrigerating medium to connect with other pipes of the Manhattan Refrigerating Company at the terminal points. This company has a line of pipes used for said purpose extending along West street and Tenth avenue, from Horatio street to Fourteenth street, for the purpose of supplying to such customers as may desire the same refrigeration for properly insulated compartments for the preservation of meats and other perishable goods.

4. That the said district through which it is proposed to lay the said pipes is largely devoted to the meat and produce trade, and for the proper carrying on of which it is necessary to have refrigeration, and that this company has been requested by persons engaged in said business along said route to extend its lines and to supply such persons with refrigeration.

5. That should said permit be granted, your petitioners will supply to all persons providing proper compartments or boxes and requiring the same, refrigeration at reasonable prices, and will save the City harmless from any loss or damage to any sewer, gas or water pipe, or from any cause that may arise from the exercise of the privilege so obtained by it, and will furnish such indemnity or security as the City may require to insure the faithful compliance with the conditions that it may see fit to impose upon your petitioners conditioned to the license applied for.

6. This company desires that the said franchise may continue for the period of ten years from the date of granting the same, and the company offers to pay to the City as a reasonable compensation or tax therefor annually a sum equal to 2½ per cent. on the gross amount of receipts derived from the customers supplied by pipes to be laid under the proposed franchise, and also from any and all customers on its present lines, except the standholders of the new market, on which last named business this company is already paying a percentage of its gross receipts. The company further offers that the percentage of its gross receipts to be paid for said franchise after the period of five years shall be increased to 5 per cent. during the remainder of the term.

7. This company further petitions that it may have the right or option at the expiration of the said term of ten years to a further term of ten years upon paying a like tax of 5 per cent. upon the gross receipts from all its lines, as above specified, excepting the standholders in the new market.

8. That said proposed pipe line will not interfere with any fixtures or appurtenances forming part of the water mains, sewers, conduits, subways or sub-pavement fixtures of any kind, or of any sub-structures existing by virtue of any franchise heretofore granted, all of which appears from the map herewith submitted. The company will do all work under the said franchise under the directions of the proper officers and departments of the City Government and will comply with all requirements thereof.

Therefore your petitioner prays that such license and franchise be granted as aforesaid.

Dated New York, March 2, 1906.

MANHATTAN REFRIGERATING COMPANY,

T. A. Adams, President.

City and County of New York, ss.: Thomas A. Adams, being duly sworn, says: He is the president of the Manhattan Refrigerating Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and that the same is true; that the reason this verification is made by deponent is that the petitioner is a domestic corporation organized and existing under the laws of the State of New York, and that he is the president thereof, as aforesaid, and has been duly authorized by the board of directors of said corporation to present and verify the foregoing petition.

T. A. ADAMS.

Sworn to before me this 5th day of March, 1906.

STEPHEN BARKER, Notary Public, New York County.

(When this petition was presented it was not verified, and was subsequently verified.)

At a meeting of the Board of Estimate and Apportionment held March 30, 1906, the following resolutions were adopted:

Whereas The foregoing petition from the Manhattan Refrigerating Company, dated March 2, 1906, was presented to the Board of Estimate and Apportionment at a meeting held March 2, 1906.

Resolved, That, in pursuance of law, this Board sets Friday, the 20th day of April, 1906, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

PUBLIC NOTICE WILL BE GIVEN OF
all competitive examinations two weeks in
advance of the date upon which the receipt of
applications for any scheduled examination will
close. Applications will be received for only
such examinations as are scheduled.

When an examination is advertised, a person
desiring to compete in the same may obtain an
application blank upon request made in writing
or by personal application at the office of the
Commission.

All notices of examinations will be posted in
the office of the Commission, City Hall, Mun-
icipal Building, Brooklyn, and advertised in the
CITY RECORD for two weeks in advance of the
date upon which the receipt of applications will
close for any stated position.

Public notice will also be given by advertise-
ment in most of the City papers.

Wherever an examination is of a technical
character, due notice is given by advertisement
in the technical journals appertaining to the par-
ticular profession for which the examination is
called.

Such notices will be sent to the daily papers
as matters of news, and to the General Post-

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE
Greater New York Charter, the Comptroller
of The City of New York hereby gives public
notice to all persons, owners of property, affected
by the following assessment for LOCAL IMPROVEMENTS
in the BOROUGH OF BROOKLYN:

FIRST WARD.

TROWBRIDGE STREET—REGULATING,
GRADING, CURBING AND FLAGGING, from
Willow street to Van Alst avenue. Area of
assessment: Both sides of Trowbridge street
(St. John's place), from Willow street to Van
Alst avenue, and to the extent of half the
block at the intersecting and terminating avenue.

NORTH WILLIAM STREET—REGULAT-
ING, GRADING, CURBING AND FLAGGING,
from Willow street to Van Alst avenue. Area
of assessment: Both sides of North William
street, from Willow street to Van Alst avenue,
and to the extent of half the block at the
intersecting and terminating street and avenue.

That the same was confirmed by the Board of
Revision of Assessments on April 5, 1906, and
entered on April 5, 1906, in the Record of
Titles of Assessments, kept in the Bureau for the
Collection of Assessments and Arrears of Taxes
and Assessments and of Water Rents, and unless
the amount assessed for benefit on any person or
property shall be paid within sixty days after
the date of said entry of the assessments interest
will be collected thereon, as provided in
section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any
such assessments shall remain unpaid for the
period of sixty days after the date of entry there-
of in the said Record of Titles of Assessments
it shall be the duty of the officer authorized to
collect and receive the amount of such assess-
ments to charge, collect and receive interest
thereon at the rate of seven per centum per an-
num, to be calculated to the date of payment
from the date when such assessment became a
lien, as provided by section 159 of this act."

Section 159 of this act provides: "An
assessment shall become a lien upon the real
estate affected thereby ten days after its entry
in the said record."

The above assessments are payable to the Col-
lector of Assessments and Arrears at the Bureau
for the Collection of Assessments and Arrears
of Taxes and Assessments and of Water Rents,
at the Hackett Building, No. 51 Jackson avenue,
Long Island City, Borough of Queens, between
the hours of 9 a. m. and 2 p. m., and on Satur-
days from 9 a. m. until 12 m., and all payments
made thereon on or before June 4, 1906, will
be exempt from interest, as above provided, and
after that date will be subject to a charge of
interest at the rate of seven per centum per
annum from the date when above assessments
became liens to the date of payment.

charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. till 12 m., and all payments made thereon on or before June 2, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE COMMISSIONER OF DOCKS, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, pursuant to the resolution adopted at their meeting held March 8, 1906, and by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for dock purposes, in the Borough of Manhattan, the property being the steel freight shed now located on Pier, old 10, between Cuyler's alley and Old Slip, East River, Borough of Manhattan, which consists of two parts—the office portion at the inshore end and the shed proper. The office portion is about 60 feet long by 37½ feet wide, and is built in two stories; the centre height from the dock of the pier is about 35 feet. The shed proper is a single story structure, about 384 feet long and about 37 feet wide; its centre height from the dock of the pier is about 20 feet. The entire shed covers an area of about 16,458 square feet.

All the posts, studs, purlins, trusses and bracing composing the framing of the shed are of structural steel. The roof sheathing, window frames, partitions, walls, ceiling, office doors, etc., of the second story of the office portion are of woodwork, in first class condition. The sides of the building, not taken up by doors, are covered by galvanized corrugated steel. The roof of the office portion is covered with roofing tin laid on boards which rest on the wooden purlins. The roof of the shed proper is composed of double spruce covering and laid over with ½-inch tongue and grooved yellow pine flooring.

The principal parts or items composing the shed are: old 10, East River, are all the trusses, columns, studs, purlins, bracing, corrugated steel folding doors, corrugated steel sheeting composing sides and end of shed, steel frames and all material of every description comprising the shed proper and office portion down to the decking of the pier, excepting the backing log, and any portion or portions of the pier proper which may be above the level of said decking of the pier.

The items enumerated above are believed to be approximately correct, but bidders must satisfy themselves as to the quantity, quality and condition of the material composing the shed, at the time of sale.

By direction of the Comptroller the sale of the above-described shed and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

MONDAY, APRIL 10, 1906,

at 11 a. m., on the premises, the property being sold in the condition in which it is in on the day of the sale, possession of which will be given immediately, upon which date the purchaser shall begin the work of removal and shall complete all such work within thirty days from that date, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures of every class and description, within the described area, are to be torn down to the decking of the pier, excepting the backing log and any portion or portions of the pier proper which may be above the level of said decking of the pier. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or any portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said suc-

cessful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO, OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes, in the

BOROUGH OF BROOKLYN.

All of the buildings, parts of buildings, etc., standing within the lines of property acquired for the extension of Grand street, from the intersection of Havemeyer street and South Fourth street to Hooper street, in the Borough of Brooklyn.

A man showing the property to be sold is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan, and bidders should acquaint themselves with the extent and portions of the buildings to be sold and owned by the City.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue. The sale will take place on

TUESDAY, APRIL 17, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder, and the bidders' assent and agreement to the above conditions are understood to be implied by the act of bidding.

tions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted, and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdrawn from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless the City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND THIRTEENTH STREET (although not yet named by proper authority), from Jerome avenue to Woodlawn road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 20th day of April, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 23d day of April, 1906, at 11 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 30th day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the westerly prolongation of the northerly line of Two Hundred and Twelfth street with a line parallel to and distant 100 feet westerly from the westerly line of Jerome avenue; running thence northerly along said parallel line to its intersection with the westerly prolongation of the northerly line of the block bounded by Jerome avenue, Woodlawn road and East Two Hundred and Thirteenth street; thence easterly along said prolongation and northerly line of said block and its prolongation eastwardly to its intersection with the line parallel to and distant 100 feet easterly of the easterly line of Woodlawn road; thence southerly along said parallel line to its intersection with the easterly prolongation of the northerly line of East Two Hundred and Twelfth street; thence northerly along said prolongation and northerly line of Two Hundred and Twelfth street and its prolongation westerly to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 26th day of June, 1906, at the opening of the Court on that day.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to

the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 18th day of April, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 19th day of April, 1906, at 4 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 30th day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point in the southerly side of Eighty-sixth street where the said southerly side of Eighty-sixth street is intersected by the central line of the block between West Thirtieth street and Stillwell avenue; running thence southerly and along the centre line of a block between West Thirtieth street and Stillwell avenue to a point south of Hubbard's creek, which point is located where a prolongation of the northerly side of Gravesend basin would intersect the centre line of the block between West Thirtieth street and Stillwell avenue; running thence easterly and along said prolongation and the northerly side of Gravesend basin to a point where the centre line of the block between West Thirtieth street and West Twelfth street intersects the northerly side of Gravesend basin; running thence northerly and along the centre line of the block between West Twelfth street and West Thirtieth street to its intersection with the southerly side of Eighty-sixth street; running thence northwesterly and along the southerly side of Eighty-sixth street to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 25th day of June, 1906, at the opening of the Court on that day.

In the matter of the application of The City of New York, relative to acquiring title to an APPROACH TO THE BRIDGE OVER PROSPECT AVENUE, on the line of Seelye street, in the Twenty-ninth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 13th day of June, 1905, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 14th day of June, 1905, and indexed in the Index of Conveyances in Section 16, Blocks 5267 and 5268, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 19th day of April, 1906, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, March 26, 1906.

ISAAC F. RUSSELL,
WILLIAM J. BOGENSHUTZ,
Commissioners.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening TENTH AVENUE, from Thirty-eighth street to Fifty-third street, and from Fort Hamilton avenue to Seventh avenue, in the Twenty-ninth and Thirtieth Wards, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections, in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 18th day of April, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 20th day of April, 1906, at 3 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Bor-

ough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 30th day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises, situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the corner formed by the intersection of the southeasterly side of Seventh avenue with the southwesterly side of Thirty-eighth street; running thence southeasterly and along the southwesterly side of Thirty-eighth street to the corner formed by the intersection of the southwesterly side of Thirty-eighth street with the northwesterly side of Thirteenth avenue; running thence southwesterly and along the northwesterly side of Thirteenth avenue to the corner formed by the intersection of the northwesterly side of Thirteenth avenue with the northwesterly side of Benson avenue; running thence northwesterly and along the northwesterly side of Benson avenue to the corner formed by the intersection of the northwesterly side of Benson avenue with the northwesterly side of Ninetieth street; running thence in a northwesterly direction and along the northwesterly side of Ninetieth street to the corner formed by the intersection of the northwesterly side of Ninetieth street with the southeasterly side of Fifth avenue; running thence in a northeasterly direction and along the southeasterly side of Fifth avenue, still in a northeasterly direction along the southeasterly side of Stewart avenue, and still in a northeasterly direction along the southeasterly side of Seventh avenue to the corner formed by the intersection of the southwesterly side of Thirty-eighth street with the southeasterly side of Seventh avenue to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 23d day of July, 1906, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, March 30, 1906.

HERBERT T. KETCHAM,
Chairman;
HERSEY EGGINTON,
JOHN BARBANELL,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
