NEW YORK, December 18, 1889.

To the Honorable the Committee on Construction :

GENTLEMEN—This is to inform you that Mr. Heman Clark stopped work on Section B at the end of last week. As soon as I heard of this fact I requested him to cause the work to be resumed without delay, and also called his attention to the importance of continuous pumping. The pumps, I understand, have not been stopped, but the rest of the work remains at a stand still. I have asked Mr. Clark to inform me of his intention in the matter, and will communicate his answer as soon as received.

I am, very respectfully,

A. FTELEY, Chief Engineer.

And recommended the adoption of the following preamble and resolution :

Whereas, It appears from the foregoing report of the Chief Engineer, that the contractor for the construction of Section B of the New Aqueduct has stopped work thereon, and it further appearing that a resolution requiring the contractor for said section to show cause why the further work of construction of said section should not be discontinued and the completion of said work done under the direction of the Aqueduct Commissioners, as provided in Clause P of the contract for the doing of said work, is now pending before the Commissioners, awaiting the disposition of the injunction order in the actions brought by Rodgers & Farrell, and Collins & Farrell against Heman Clark, John O'Brien, the Aqueduct Commissioners, and the City of New York, restraining the Aqueduct Commissioners from molesting or interfering with the plaintiffs in the performance of their work on said section, and from molesting or interfering with any persons in the employ of the plaintiffs therein, or from disturbing or taking possession of property of the plaintiffs, or from interfering with the plaintiffs or their agents in the prosecution of the work ; and your Committee being satisfied that some steps should be taken at once to compel the contractor for said section to complete his work in the manner required by the contract, we recommend the adoption of the following resolution :

Resolved, That the Counsel to the Corporation be requested to take such measures as may be necessary to have the said injunction order either modified or vacated, in order that the Aqueduct Commissioners may be free to act in the premises, as the interests of the city may require ; and the Secretary is hereby directed to notify the Counsel to the Corporation of this action.

Whereas, Heman Clark, the contractor for Section A of the New Aqueduct, has filed with the Aqueduct Commissioners a copy of a power of attorney, assigning to E. F. Kerr, of Bedford, Pa., all moneys now in the hands of the Mayor, Aldermen and Commonalty of the City of New York, or of any of its officers, earned or to be earned under a certain contract made by him with the said Mayor, Aldermen and Commonalty of the City of New York, bearing date December 18, 1884, for the construction of Section A of the New Aqueduct, in consideration of the sum of \$30,000 to him in hand paid by said E. F. Kerr, and has requested that the Aqueduct Commissioners consent to said assignment ; therefore

Resolved, That the Aqueduct Commissioners hereby consent to said assignment, providing the Counsel to the Corporation shall advise them that the adoption of said preamble and resolution will in no way be a violation of the injunction order issued in the actions brought by Rodgers & Farrell, and Collins & Farrell, against Heman Clark, John O'Brien, the Aqueduct Commissioners and the City of New York.

On motion of Commissioner Tucker, the same was adopted.

The Committee also presented the following :

The Construction or Executive Committee present herewith an opinion received from the Counsel to the Corporation, dated December 17, 1889, advising the Aqueduct Commissioners that there is no provision contained in the injunction order issued in the actions brought by Rodgers & Farrell, and Collins & Farrell, against Heman Clark, John O'Brien, the Aqueduct Commissioners and the City of New York, preventing the said Aqueduct Commissioners from assenting to the assignment

by said Heman Clark of the moneys earned or to be earned under the contract for the construction of Section A of the New Aqueduct to E. F. Kerr, of Bedford, Pa.

On motion of Commissioner Scott, the same was ordered filed.

The Committee also reported in favor of the adoption of the following preambles and resolution: Whereas, O'Brien & Clark, contractors for the deepening and finishing of Shaft 24, have applied for an extension of time for the completion of the work under their said contract; and

Whereas, It appears from the report of the Chief Engineer, that they have been required to do and perform certain work under said contract which was not contemplated by or provided for in the said contract and specifications; and

Whereas, It appears to the Commission that the performance of said work raised a question whether the penalty clause in said contract may not hereafter be claimed to have been abrogated under the principle enunciated by the Counsel to the Corporation, in an opinion addressed to the President of the Commission, dated March 13, 1889;

Now, therefore, for the purpose of preventing possible litigation, it is

Resolved, That the time for the completion of the work of deepening and finishing Shaft No. 24 of the New Aqueduct by O'Brien & Clark, the contractors therefor, under a contract executed on the 7th day of August, 1888, be and the same hereby is extended to May 1, 1890, provided the said contractors and their bondsmen shall, within ten days from the date of the passage hereof, enter into a stipulation continuing their obligations under said contract for and during the period of the completion of said contract during said extension of time, which is hereby allowed to them as further time for the performance of said contract; and further providing that all the provisions of Clause M of the said contract as to the amount and retention of liquidated damages for the non-fulfillment of said contract within the time therein specified, shall remain in full force and effect and be applicable on and after the date to which the time for such completion is hereby extended in like manner as if said last-mentioned date had been named in said contract, and the doing of the extra work above referred to shall not nullify, abrogate, nor in any way affect the right of the parties of the first part to retain and deduct the liquidated damages mentioned in Clause M of said contract, if said work shall not be fully completed in accordance with the terms of said contract on or before the date herein specified as the date to which the completion of said contract is extended.

The report was adopted by the following vote:

Affirmative—Commissioners Duane, Tucker, Scott, and Howe—4.

The Committee also reported in favor of the adoption of the following preamble and resolution:

Whereas, The Chief Engineer of this Commission has certified in writing that, in his opinion, the firm of Coldwell, Wilcox & Co. have completely performed and carried out the provisions of the contract made by them with this Commission on April 24, 1889, for furnishing roof, iron floor-plates, copper leaders, railings for stairways, and the doors and windows required for the Ardsley Gate-house, on Section 7 of the New Aqueduct; therefore

NEW YORK, 4th December, 1889.

To the Honorable the Board of Aqueduct Commissioners:

GENTLEMEN—We are ready to submit all questions and differences existing between your Honorable Board and ourselves to the judgment and decision of three expert and well-known civil engineers or other competent persons, you to select one, we to select the second, and these two gentlemen to select the third; or we will prepare a set of pleadings and ask the Court to appoint three disinterested persons as referees and submit these questions to them. We make these offers to you in good faith, with the hope that they will meet your approval and thus facilitate the determination of the issues between us.

We will further stipulate and agree to proceed from day to day without adjournment or delay until such time as the hearings are completed. This will save both to the City and ourselves a large expenditure of money, prevent a waste of time, and bring the matter to a speedy result. We trust that one of these propositions will be accepted by you.

Yours, truly,

E. T. LOVATT, Attorney for O'Brien & Clark.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at thirty (30) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, in the sum of four thousand five hundred (4,500) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of two hundred and twenty-five (225) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. Bidders must write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within one hundred and twenty-five (125) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at thirty (30) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, licensed pharmacists or druggists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible), and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No excuse will be allowed or interference permitted. All good citizens will aid the cause of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. That no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, August 14, 1889.

#### TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THOS. F. GILROY,

REGULATIONS ESTABLISHING A SCALE OF WATER RENTS AND RULES GOVERNING THE USE OF WATER, FOR THE CITY OF NEW YORK, BY ORDER OF THOMAS F. GILROY, COMMISSIONER OF PUBLIC WORKS.

"The commissioner of public works shall, from time to time, establish scales of rents for the supplying of water, which rents shall be collected in the manner now provided by law, and which shall be apportioned to different classes of buildings in said city in reference to their dimensions, values, exposure to fires, ordinary uses for dwellings, stores, shops, private stables and other common purposes, number of families or occupants, or consumption of water, as near as may be practicable, and modify, alter, amend and increase such scale from time to

time, and extend it to other descriptions of buildings and establishments. All extra charges for water shall be deemed to be included in the regular rents, and shall become a charge and lien upon the buildings upon which they are respectively imposed, and, if not paid, shall be returned as arrears to the clerk of arrears. Such regular rents, including the extra charges above mentioned, shall be collected from the owners or occupants of all such buildings respectively, which shall be situated upon lots adjoining any street or avenue in said city in which the distributing water-pipes are or may be laid, and from which they can be supplied with water. Said rents, including the extra charges aforesaid, shall become a charge and lien upon such houses and lots, respectively, as herein provided, but no charge whatever shall be made against any building in which a water-meter may have been, or shall be placed as provided in this act. #### HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

By order,

Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, June 1st,

#### NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, through such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

THOMAS F. GILROY,  
Commissioner of Public Works.
