BOARD OF ARMORY COMMISSIONERS.

NOVEMBER 12, 1896 A meeting of the Armory Board was held this day at 10.30 o'clock A. M. at the office of the Mayor.

Mayor. Present—The Mayor, the President of the Department of Taxes and Assessments, the Com-missioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward. The minutes of the meeting held October 19 were read and approved. A communication was received from the Comptroller, transmitting the approval of the Com-missioners of the Sinking Fund to the award of contracts to the Vance Electric Company, for the furnishing of gas and electric fixtures, iron railings, etc., and to F. W. McNeal, for furnishing the furniture, opera chairs, pump, tools, window shades, painting, etc., for the armory for the Ninth Regiment ; also, its concurrence in the payment to Cable & Sargent, for professional services, two thousand two hundred and nineteen dollars and thirty-nine cents (\$2,219.39) ; to James E. Ware, for professional services, four hundred and eighty-three dollars and torty-five cents (\$483.45) ; also, the resolution in relation to the correction of the minutes relating to the renewal of the lease of the armory for First Battery, and concurring in the increase of salary of the Assistant Clerk of the armory for First Battery, and concurring in the increase of salary of the Assistant Clerk of the Works and Inspector of the Armory Board. Ordered filed. The President of the Department of Taxes and Assessments called up the subject of complaint of the Building Department in relation to the stairs in the Seventy-first Regiment Armory, and

presented a letter from the contractor who erected the building.

Laid over. The President of the Department of Taxes and Assessments presented a bill from Wyckoff, Seamans & Benedict, for repairs to typewritter, amounting to nine dollars and ninety-nine cents (\$9.99), and offered the following : Resolved, That the Comptroller be authorized to pay to Wyckoff, Seamans & Benedict, the sum of nine dollars and ninety-nine cents (\$9.99), as per accompanying voucher, for repairs to type-writer, and that the Commissioners of the Sinking Fund be requested to concur in the same. Which was adopted by the following vote : Ayes - The Mayor, the President of the Depart-ment of Taxes and Assessments, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward. The following communication was received from the Comptedier.

and Colonel Seward. The following communication was received from the Comptroller : FINANCE DEPARTMENT, October 28, 1896. Hon. E. P. BARKER, Secretary, Armory Board. DEAR SIR—At a meeting of the Commissioners of the Sinking Fund, held October 28, 1896, the matter of approving of the proposed site for a new armory for the First Battery, N. G., N. Y., was considered.

was considered. After discussion the matter was laid over, and it was decided to request the Armory Board to submit to the Commissioners of the Sinking Fund an estimate of the probable cost of constructing and equipping said armory, including the acquisition of the land necessary therefor. Respectfully, ASHBEL P. FITCH, Comptroller. Which was referred to Brigadier-General Fitzgerald and the President of the Department of Taxes and Assessment, with the request that they appear before the Commissioners of the Sinking Fund, at its next meeting, in regard to the same. A communication was received from the Commissioner of Public Works, calling attention to section 173, chapter 853 of the Laws of 1896, which appeared to take from the Department of Public Works the power to contract for alterations, repairs and furnishing supplies for the several armories, and called attention to the fact that bills for work and material contracted during the current year remained unpaid, and notwithstanding the fact that there was a sufficient amount of money standing to the credit of the Department of Public Works to pay the same, it is necessary for the Armory Board to meet and audit said bills under the amended code. The President of the Department of Taxes and Assessments presented the following opinion

for the Armory Board to meet and audit said bills under the amended code. The President of the Department of Taxes and Assessments presented the following opinion from the Counsel to the Corporation: LAW DEPARTMENT, OFFICE OF THE COUNSEL TO THE CORPORATION, NEW YORK, October 29, 1896. Hon. EDWARD P. BARKER, Secretary, Board of Armory Commissioners: SIR—I have your letter of October 21, stating that the Commissioner of Public Works has furnished you with a copy of my opinion, under date of October 16, relating to the maintenance and repairs of armories in this city, as provided by section 175 of the Military Code. You state that the duty of the Armory Board has heretofore been considered to consist only in the erecting, enlar sing and extending armories, all new and original work, the furnishing, maintenance, sup-

that the duty of the Armory Board has heretofore been considered to consist only in the erecting, enlarging and extending armories, all new and original work, the furnishing, maintenance, sup-plies and repairs having heretofore developed upon the Department of Public Works. You ask to be informed whether by this opinion you understand that the latter duty is to be removed from the Department of Public Works, where a bureau is now organized for that purpose, and that a similar bureau is to be organized by the Armory Board to discharge the duties, or is the bureau work to remain where it now is, in the Department of Public Works, and the authoriza-tion of all work of maintenance and repairs, and the furnishing of supplies, and the removal of all bills and claims for the same to be done by the Armory Board. You further state that the appro-priation for all this work has, up to this moment, been made by the Department of Public Works, and that there appears to be some diversity of opinion as to where the power and duty, under this recent amendment, rests, and you ask my opinion in order that you may present it to the Armory Board and be governed accordingly.

Board and be governed accordingly. In the opinion addressed to the Commissioner of Public Works, to which you call my attention, I pointed out that the Legislature, by the Amendatory Act of 1896, evidently intended to effect a

change in the authorization and disposition of repairs to armories in this city and the supplying of utensils and materials thereto. The statute is very specific in providing that "all alterations, repairs, enlargements and furnishing thereof (armories) shall be made and done under the direction and supervision of the Board created by this section (i. e., Armory Board)." I think that this provision renders it necessary that the Armory Board should exercise a more direct supervision over the making of repairs and the furnishing of supplies than they have hereto-fore done, but I do not consider it necessary that this section should be taken as authority for organizing a distinct and separate bureau or department. 99 44 3

organizing a distinct and separate bureau or department. In my opinion the intention and purpose of the Legislature will be entirely complied with if the Armory Board shall, from time to time, authorize such repairs and supplies as may seem to be necessary; shall execute, approve contracts therefor in the manner provided by statute, and shall certify and approve the bills which may be rendered under such authorization, leaving the detail work to be done as it has been done heretofore by the Bureau to which you refer as now consti-tuting a part of the Department of Public Works. So far as the appropriation is concerned, I think that it may be lawfully made in one of two ways, either directly to the Armory Board or to the Department of Public Works as it has been heretofore made. If, however, the latter course should be adopted, I think it would be well to add to the item the words "to be expended under the direction and supervision of the Armory Board" or words to that effect. Yours, very truly, FRANCIS M. SCOTT, Counsel to the Corporation.

Debate was had thereon, when the President of the Department of Taxes and Assessments offered the following : Inasmuch as the opinion of the Counsel to the Corporation appears to define the duty of the

Armory Board to be — First—To do all work of original construction and furnishing, as well as that of extensions to armories, the same subject to the approval of the Commissioners of the Sinking Fund and payable

from bonds ; .5

from bonds; Second—All repairs to armories, and the supplying of utensils of the binking r that and payable from bonds; Second—All repairs to armories, and the supplying of utensils and materials thereto, to be paid from appropriations made to the Department of Public Works for such purposes, by the Board of Estimate and Apportionment, shall be done by the Department of Public Works, under the direction and supervision of the Armory Board; Resolved, That hereafter all requisitions for repairs and supplies to armories shall be made directly to the Commissioner of Public Works, who shall cause an examination as to the necessity and cost of the same, and submit the same to the Armory Board, and if the same shall be approved of and authorized by the Armory Board, at a specific amount, the Commissioner of Public Works shall proceed with the expenditure. When work and the furnishing of supplies is completed, it shall be examined by the Assistant Clerk of the Works of the Armory Board, and if certified to by him as correct, said Armory Board shall certify and approve of said bills which may be rendered under such authorization, and after such approval the Commissioner of Public Works shall transmit the same to the Finance Department for payment. Which was adopted by the following vote : Ayes—The Mayor, the President of the Depart-ment of Taxes and Assessments, the Commissioner of Public Works, Brigadier-General Fitzgerald, and Colonel Seward.

and Colonel Seward.

The Commissioner of Public Works presented the following schedule of bills for work done and supplies furnished by the Department of Public Works, and which he understood, by the opinion of the Counsel to the Corporation, required the action of the Armory Board, and stated that the appropriation for the bills as presented was at this time at the credit of the appropriation made to his Department by the Board of Estimate and Apportionment.

Whereupon Brigadier-General Fitzgerald offered the following

Resolved, That the schedule of bills presented by the Commissioner of Public Works, as fol-lows, for work done and material supplied to the several armories for the current year, be and the same are hereby audited, approved and directed to be certified by him to the Comptroller for payment.
