Burke, to the effect that he had changed his residence from No. 118 Broadway, Flushing, New York, to No. 419 West Forty-third street, Manhattan, and requesting that his name be transferred from the list for Court Attendant, Borough of Queens, to the list for the Borough of Manhattan. The request was granted, and the Certification Clerk was notified not to certify the candidate for appointment for a period of three months from the date of his notice, in accordance with the provisions of Regulation XIV., paragraph 2.

The application of William J. Stankard, that his name be restored to the eligible list for Fireman, was granted, he having resigned from the position of Fireman in the Fire Department on June 15, 1905, without fault or delinquency, before completing his period of probation.

A communication was presented from John A. Kane, M. D., dated May 25, protesting against the assignment of one M. D. Jones, M. D., to perform the duties of Deputy Medical Superintendent of Kings County Hospital, and requesting the Commission to investigate the same. The Secretary stated that the records of the Commission showed that Joseph W. Walsh, M. D., was carried on the pay-roll of the Department of Public Charities as Deputy Medical Superintendent of Kings County Hospital, and that Mortimer D. Jones appeared on the roster of that Department as a Hospital Helper, to which position he was appointed on April 27, 1906, at \$600 per annum, after a non-competitive examination. The Secretary was instructed to communicate with the Commissioner of Public Charities and request him to investigate the matter and furnish the Commission with a report at the earliest possible date, and state that, pending an adjustment of the matter, certification of Dr. Jones' pay-roll would be withheld.

A communication was presented from W. A. Bauman, second grade Clerk in the Department of Education, transmitting, in accordance with the direction of the Commission, an affidavit from Assistant Corporation Counsel John L. O'Brien, to the effect that on May 15, 1906, he had subpoenaed the candidate to testify in behalf of the City, and that in order to do so it had been necessary for him to leave the examination room between the hours of 1.30 p. m. and 4 p. m., thus rendering it impossible for him to complete his examination for promotion to third grade Clerk. In view of the statements contained in the affidavit of the Assistant Corporation Counsel, the Chief Examiner was instructed to summon the candidate for the purpose of qualifying in that part of the examination for promotion to third grade Clerk which he missed on the day of the general examination by his attendance at Court.

The request of William L. Wilson, No. 79 Henry street, Brooklyn, that his name be restored to the eligible list for Attendant, was granted, it appearing that at the time he was notified of an appointment in the office of the President of the Borough of Manhattan he was ill and unable to accept the same, and he having produced a doctor's certificate to that effect.

A communication was presented from Isaac M. Kapper, Esq., attorney for William F. Sullivan, Patrolman, Forty-ninth Precinct, making application for a re-rating of the officer's record in his examination for promotion to Roundsman on December 22, 1903, by eliminating all deductions made for penalties imposed during his probationary period. The Secretary was instructed to communicate with the attorney for the candidate, and state that, in view of the rule in force at the time of the examination, to the effect that all appeals from the ratings of the examiners must be presented within fifteen days from the date of the promulgation of an eligible list, the Commission was without power to grant the application.

The Commission then adjourned to meet Wednesday, June 6, 1906, at 10 o'clock.

FRANK A. SPENCER, Secretary.

The said vessels, tackle, apparel, stores, supplies, furniture, engines, boilers, machineries and appurtenances shall be insured at a valuation to be determined upon by the insurer and the Commissioner of Docks, but shall not exceed the sum of \$300,000 for each boat, or a total of \$1,500,000 for the five boats; and in no case shall the Department be deemed a co-insurer.

The boats to be confined to the use and navigation within the bay and harbor of New York and the Hudson and East rivers, with the privilege to lay up and make additions, alterations and repairs while running or while laid up, or to go into dry dock. Any deviation beyond the limits named shall void the policy, but no liability shall exist during such deviation; and upon the return of said vessels within the limits named above, no disaster having occurred, the policy shall be and remain in full force and effect unless a disaster occurs while deviating.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or hurt to said vessels for which the insurers are liable against the perils of the harbor, bay or rivers as above named, lightning and fires that shall occur to the hurt, detriment or damage of said vessels or either of them, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall not contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats.

No claim shall be made by the Department for any damage to the vessels insured unless it exceeds \$500.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal it be accompanied by a certified check upon one of the State, or National Banks of The City of New York, drawn to the order of the Commissioner of Docks, or money to the amount of One Thousand Dollars.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
