#### Bellevue and Allied Hospitals.

Synopsis of Proceedings, July 15, 1912.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held in the staff room of Bellevue Hospital on Monday, May 20, 1912, at 3.30 p. m.

Present: Dr. Brannan, the President, in the chair; Messrs. Farley, O'Keeffe and Paulding, Trustees; and Mr. Drummond, Commissioner of Public Charities. Excused: Messrs. Robbins, Sachs and Stern.

The minutes of the meeting of April 2, a copy of which had been sent to each member, were held as read, and approved.

Bills, amounting to \$46,216.20, were approved, for payment.

Dr. George O'Hanlon, the General Medical Superintendent, reported as follows:

On May 8th Dr. W. L. Howell was sent to the Minto Hospital, suffering from diphtheria.

Miss Wadley would like to attend the meeting of the Social Service Workers in Cleveland, on June 12, and expresses her willingness to represent Bellevue Hospital at this conference if her necessary expenses, about \$50, can be met by the Board.

A request has been received from Dr. Huddleston, Director of the Tuberculosis Clinics at Gouverneur Hospital, that the boat "Westfield" be formally closed from 6 to 9 p. m., daily, and that during those hours no patients be permitted aboard, the care of the camp to be entrusted to the watchman during this time.

The installation of machinery in the new laundry is rapidly approaching completion, and it is very probable that the building can be occupied within the next few weeks. In view of the fact that the equipment represents an expenditure of about \$62,000, much of the machinery being somewhat complicated, it would seem desirable to re-establish the position of Laundry Manager or Superintendent, at a salary of at least \$1,200 with mainte-

nance. It is recommended that Revenue Bonds be asked for to provide for this place.

Action was taken upon the report as follows:

The transfer of Dr. Howell to the Minto Hospital was approved.

It was resolved to inform Miss Wadley that the Trustees would be glad to have her represent the hospital at the conference, but that her expenses could not be paid by the City.

It was resolved to approve of the closing of the day camp "Westfield" between the hours of 6 and 9 p. m., daily.

It was resolved to ask for revenue bonds to pay the salary of a Laundry Manager at the rate of \$1,200 per annum for the remainder of the present year.

The General Medical Superintendent presented lists of changes in the help at Bellevue Hospital for the two weeks ending May 4 and 11, and as these had already been reviewed by the Committee on Officers and Employees, they were approved.

#### Reports of Committees.

The President recommended that action be deferred upon the resolution adopted at last meeting that separate accommodations be provided for typhoid patients, and that steam sterilizers should not be installed as decided upon at last meeting. This report was adopted, and upon the further recommendation of the President, it was resolved to request the views of the Medical Board on the desirability of directing that physicians, nurses and others in attendance upon typhoid patients, should be vaccinated.

The special committee appointed at last meeting to consider the recommendation that a separate dispensary and dormitory be erected at Harlem Hospital reported in favor of the plan. This report was adopted, and it was resolved not to make any formal change in the request for Corporate Stock for 1912-1913, now before the Board of Estimate and Apportion-

ment, but to authorize the President to confer informally with the Comptroller in regard to the acquisition of a suitable site. The committee further recommended against the construction of a portable building as an extension to the present out patient department at Harlem Hospital, and this report was adopted.

The Committee on Supplies submitted bids received for the furnishing of periodicals and journals for the pathological department for 1911 and 1912, and stated that only one firm had submitted a complete bid, namely, G. E. Stechert & Company, for \$923 for 1911 and \$929 for 1912. It was stated that the Corporation Counsel had advised against advertising for bids for books. It was resolved to accept the bids of G. E. Stechert & Company.

Mr. O'Keeffe made a report of an investigation he had made of the protest of Dr. Lubman, and it was resolved to take no further action on this protest, and to authorize Mr. O'Keeffe to communicate with Dr. Lubman.

#### Communications.

Accompanied by Dr. W. Gilman Thompson, Visiting Physician, Professor Graham Lusk, of Cornell University, appeared, and read a request for authority to maintain a respiration calorimeter in Bellevue Hospital on the Second Medical Division. After consideration, on motion, duly seconded and carried, it was resolved to approve of the plan presented, and to grant the request of Dr. Lusk.

A communication from the Mayor, dated May 14, calling attention to the fact that an Apothecary at Gouverneur Hospital had invited a man to call upon him in reference to employment and at the end of the letter had stated "must be a Christian," was presented, together with a report thereon received by the President. The report was approved, and the President and General Medical Superintendent were authorized to discipline the Apothecary involved.

A communication dated May 1 was received from the American Laundry Machinery Company, requesting an extension of time of sixty days on their contract for the installation of machinery in the new laundry building at Bellevue Hospital, and giving the reasons therefor, together with a communication from the architects, McKim, Mead & White, recommending that the request be granted. The extension of time requested was granted.

A communication dated May 14 was received from McKim, Mead & White, transmitting copies of plans and specifications for the planting of trees on 26th st. and on 1st ave., in front of the old Bellevue Hospital. These were approved, and a copy ordered forwarded to the Board of Estimate and Apportionment for approval.

Communications dated May 16 and 18 were received from the Department of Finance, transmitting amended standard specifications for the purchase of soap, soap powders, butter and eggs. These were referred to the General Medical Superintendent, with instructions to protest against the inspection of butter and eggs by the Mercantile Exchange.

These resolutions were ordered placed on file.

A resolution adopted by the Board of Aldermen on April 30, authorizing the purchase of an automobile in the open market without public letting, was received.

A resolution adopted by the Board of Estimate and Apportionment on May 13, rescinding unexpended balances in Revenue Bond funds issued prior to the present year, was received.

A communication dated May 14 was received from the President of the Medical Board of Bellevue Hospital, stating that Dr. W. G. Thompson and Dr. J. B. Bissell had been appointed to represent the Medical Board on the joint committee to devise measures to improve the nursing in the wards of the hospital. A communication dated May 15 was also presented from the Board of Managers, stating that Mrs. William Church Osborn and Miss Harriette Rogers had been appointed to represent the training school on that committee.

A communication dated May 13 was presented from Dr. Henry J. Schreiber, Assistant Surgeon to Out Patients at Gouverneur Hospital, protesting against the assignment of a salary to the physician in charge of the children's tuberculosis clinic at that hospital. It was resolved to take no action on this communication.

The minutes of the meeting of the Medical Board of Bellevue Hospital held on May 1 were presented. The nomination of Dr. Erdwurm and Dr. Woodruff as Physicians to Out Patients and Adjunct Assistant Visiting Physicians to the First

Division was referred to the Conference Committee; the appointment of a committee to confer with the Trustees in regard to the nursing situation was noted; and as there were no other matters requiring action on the part of the Trustees, the minutes were placed on file.

The minutes of the meeting of the Medical Board of Fordham Hospital held on May 2 were presented. The resignation of Dr. John E. Breglia as Assistant Surgeon to Out Patients was accepted; the nominations of Dr. Vetter and Dr. James were referred to the Conference Committee. The statement in regard to the overcrowded condition of Fordham Hospital was noted, and it was resolved to inform the Medical Board that the Trustees have already made a request to the City authorities for an appropriation with which to enlarge the hospital.

A communication dated May 15 was received from the Board of Estimate and Apportionment, requesting that the departmental estimate for 1913 be submitted on or before July 15, 1912. This communication was referred to the Building Committee, the Finance Committee, the Committee on Supplies, the Committee on Officers and Employees, and the General Medical Superintendent, with directions to prepare tentative schedules and submit them to the Trustees as soon as practicable.

#### New Business.

The President referred to a Caesarean operation which had been performed by a member of the house staff at Fordham Hospital and to the action he had taken in regard thereto. The action of the President was approved.

It was resolved to authorize an advertisement for bids for coal for the remainder of the present year.

#### PUBLIC SERVICE COMMISSION.

##### INVITATION TO CONTRACTORS.

##### PART OF LEXINGTON AVENUE ROUTE.

THE CITY OF NEW YORK, ACTING BY the Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section No. 1-A of the Lexington Avenue Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 1-A. Beginning at a point under Church street, in the Borough of Manhattan, about eighty (80) feet north of the center line of Dey street and extending thence under Church street, private property, Vesey street and again under private property to Broadway between Vesey and Barclay streets, and thence under Broadway to a point about seventy-five (75) feet south of the center line of Park place.

The general plan of construction calls for a subsurface railroad having two tracks. For the greater portion of the distance the construction consists of two single-track tunnels, which are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties or ballast.

The work of construction under the contract will include the construction of all necessary sewers and connections along the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning where necessary, of all buildings, monuments, surface, subsurface and elevated railroads and other structures, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and the temporary paving and maintenance of roadways.

The method of construction will be partly by trench excavation under cover, unless otherwise permitted by the Commission, and partly by tunnel as set forth in the form of contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of forty (40) months.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 31st day of July, 1912, at twelve (12) o'clock noon, at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 5, Section No. 1-A," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand dollars (\$15,000). Such check must not be enclosed in the envelope containing the proposal.

The unit prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond for fifty thousand dollars (\$50,000). At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen per centum (15%) of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal the sum of one hundred thousand dollars (\$100,000). Thereafter there shall be so deducted and retained for such purpose ten per centum (10%) of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

New York, July 10, 1912.  
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by WILLIAM R. WILLCOX, Chairman.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in

the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
