

THE CITY RECORD.

OFFICIAL JOURNAL.

VOL. XIX.

NEW YORK, SATURDAY, MARCH 21, 1891.

NUMBER 5,430.

BOARD OF ARMORY COMMISSIONERS.

MAYOR'S OFFICE, CITY HALL,
NEW YORK, March 5, 1891.

A meeting of the Armory Board was held this day, at two o'clock P. M., at the office of his Honor the Mayor.

Present—The Mayor, the President of the Department of Taxes and Assessments and Brigadier-General Louis Fitzgerald.

The minutes of the meetings of January 14 and February 25 were read and approved.

Brigadier-General Fitzgerald, as Chairman of the Committee on Plans, made a report on the selection of a plan for the Seventy-first Regiment Armory, which was accepted and placed on file.

Mr. President—I beg to report from the Committee on Plans for the new Armory to be built on the corner of Fourth avenue and Thirty-fourth street that seventeen plans have been presented by fifteen architects. That the Committee have had some twelve meetings, and, assisted by their engineer, have gone carefully over said plans in all their details. The architects were invited to attend some of the meetings and were given an opportunity to explain the details of their plans. The officers of the Seventy-first Regiment and of the Second Battery were invited to attend such meetings and to express their opinions as to the plans. After much consultation the committee selected five of the seventeen plans as being the most attractive and most satisfactory as to construction, elevation and arrangement, and subsequently reduced that number to the three presented by Messrs. Thomas, Ware and Thom & Wilson respectively.

There being some doubt expressed as to the ability to construct an Armory according to either of the last three plans within the amount appropriated by the Board, the architect of each was called before the committee and asked if he would enter into an obligation that if upon advertising for bids for the construction of the Armory said bids should exceed the amount appropriated (\$350,000), he would be willing to bear the expense of the printing and advertising for such bids not exceeding in the aggregate the sum of \$1,000, to which each of the architects agreed.

All the architects being agreed as to the amount for which the Armory could be built, the Committee selected the one which in their judgment seemed to be the best, and do now respectfully report in favor of the adoption of the plan presented by Mr. Thomas.

This decision of the committee meets with the approval of the officers of the Seventy-first Regiment and the officers of the Second Battery and of the Brigade Commander.

Brigadier-General Fitzgerald then offered the following:

Resolved, That the plan submitted by John R. Thomas for the Armory to be erected on the east side of Park avenue, between Thirty-third and Thirty-fourth streets, in the City of New York, be adopted; provided that the cost of constructing said Armory, under said plans, including architect's fees, shall not exceed the sum of three hundred and fifty thousand dollars; and in the event that upon the reception of proposals, after advertisement, no proposal shall be made to build said Armory within said aggregate sum, then said plans shall be rejected; and further provided, that said John R. Thomas shall give a bond of indemnity to the Mayor, Aldermen and Commonalty of the City of New York in the sum of one thousand dollars, conditioned for the payment by him of all expenses of advertising and printing forms of proposals, specifications, contracts and surety bonds thereon to the City in case no bid shall be made for the construction of said Armory, including architect's fees, for the sum aforesaid.

Which was adopted by the following vote, namely:

The Mayor, aye; the President of the Department of Taxes and Assessments, aye, and Brigadier-General Louis Fitzgerald, aye.

The architect, Mr. J. R. Thomas, exhibited and explained his plans to the Board.

A communication was received from the Mayor inclosing a lien filed by the Archer Pancoast Manufacturing Company against the contractor for the plumbing of the Twenty-second Regiment Armory. It was directed to be filed.

A communication was received from the Colonel of the Twenty-second Regiment, which was read and referred to the President, Commissioner of Taxes and Assessments.

The Supervisor presented a communication from the Secretary of the Civil Service Boards requesting the purchase for him of an Edison mimeograph, on the ground that its use would save a large expenditure for printing. The Mayor said that, in his opinion, such an instrument should be bought out of a contingent fund, and not out of the appropriation for "Printing, Stationery and Blank Books." The other members of the Board agreed with him.

A communication was received from the Street Cleaning Department, asking the Board to pass upon bills of William Young and W. H. H. Hull for advertisements published in various newspapers calling for carts to remove snow. The Board declined to act, on the ground that the law intends that it shall authorize advertising before it is done.

Vouchers Nos. 103, 104 and 105, chargeable against the 1891 appropriation for "Printing, Stationery and Blank Books" were approved.

The bill of the Law Journal for \$333.33 for printing court calendars, etc., during the month of February, was also approved.

Pay-rolls were signed, as follows: For week ending February 28, Robert McManus, William H. Levett and Richard Donaldson (Bookbinders), each \$17.50; and W. H. Hedtler (Storekeeper and Messenger), \$20; and for week ending March 7, Robert McManus, William H. Levett and Richard Donaldson (Bookbinders), each \$21, and W. H. Hedtler (Storekeeper, etc.), \$24.

The contract with Moses Schlesinger & Bro., for printing to cost \$1,324.54, was signed by the Mayor, Counsel to the Corporation and Acting Commissioner of Public Works.

The meeting was then adjourned.

JURORS.**NOTICE OF COMMISSIONER OF JURORS IN REGARD TO CLAIMS FOR EXEMPTION FROM JURY DUTY.**

ROOM 127, STEWART BUILDING,
No. 280 BROADWAY, THIRD FLOOR,
NEW YORK, June 1, 1890.

CLAIMS FOR EXEMPTION FROM JURY
DUTY will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, editors, editorial writers or reporters of daily newspapers, licensed pharmacists or druggists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible), and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement and every case will be fully prosecuted.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to

execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 1, No. 31 Chambers street.

THOS. F. GILROY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number, of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement repavement or repairs.

Commissioner of Public Works.

Dumping-board at East Forty-sixth street.....	1,000 "
Dumping-board at East Eightieth street.....	1,200 "

N. B.—Bidders are required to submit their estimate upon the following express conditions, which shall apply to and become part of every estimate received: 1st. Bidders must satisfy themselves, by personal examination of the locations of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done. 2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 25th day of April, 1891, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard for doing such dredging in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.
