## COMMISSIONERS OF ACCOUNTS.

## Report for the Year Ending December 31, 1898.

OFFICE OF THE COMMISSIONERS OF ACCOUNTS,  
ROOMS 114 AND 115, STEWART BUILDING,  
No. 280 BROADWAY,  
NEW YORK, January 28, 1899.

Hon. ROBERT A. VAN WYCK, Mayor:

DEAR SIR—In compliance with your request, we have the honor to present herewith the following statement of the work done by this Bureau for the year ending December 31, 1898.

The amount appropriated for the year 1898 was as follows:

|                                                     |                     |
|-----------------------------------------------------|---------------------|
| Salaries of two Commissioners, at \$5,000 each..... | \$10,000 00         |
| Salaries of Assistants and Contingencies.....       | 150,000 00          |
|                                                     | <u>\$160,000 00</u> |

This amount was appropriated in pursuance of section 119 of the Charter of The City of New York.

As this office was not fully equipped with the necessary help until the middle of June, there will be left from the above appropriation an unexpended balance of about \$48,000, which will revert to the General Fund for the Reduction of Taxation.

Section 119 of the Charter makes it mandatory for the Commissioners of Accounts (besides such other examinations as they may deem for the best interests of the city and of the counties of New York, Richmond and Kings, and such other examinations), to make an examination of the receipts and disbursements in the office of the Comptroller and Chamberlain and to report once in three months to his Honor the Mayor a detailed and classified statement of the financial condition of the city, as shown by such examination, etc.

Section 195 of the Charter, so far as it relates to the Commissioners of Accounts, reads as follows, viz.:

The accounts of the Chamberlain shall be annually closed on the last day of November, and shall be examined in the month of December in each year by the Commissioners of Accounts.

Such commissioners shall examine the accounts and vouchers of all moneys received into and paid out of the City Treasury during the year ending on the last day of November next preceding such examination, and shall certify and report to the Mayor and Municipal Assembly in the following month of January:

- 1st. The amount of moneys received into the Treasury during such year.
- 2d. The amount of moneys paid out during the same period by virtue of warrants drawn on the Treasury by the Comptroller.
- 3d. The amount of moneys received by the Chamberlain who shall be in office at the time of such examination.
- 4th. The balance in the Treasury on the last day of November preceding such examination.
- 5th. The amount of money borrowed for or on the credit of the city during such year.
- 6th. The amount of the bonds of the city issued during such year, with the purposes for which and the authority under which such bonds were issued.

The Commissioners of Accounts shall also compare the warrants drawn by the Comptroller on the Treasury during the year ending on the last day of November preceding such examination, with the several laws and ordinances under which the same shall purport to have been drawn, and shall in like manner certify and report whether the Comptroller had power to draw such warrants; and if any shall be found which, in their opinion, he had no power to draw, they shall specify the same in their report with their reasons for such opinion.

To comply with the requirements of the two sections of the Charter enumerated above, it necessitated the setting apart of six (6) experienced Examiners for the purpose of making continuous examinations during the entire year in the Comptroller's and Chamberlain's offices, and as a result, besides making the quarterly reports and the yearly report, which will be submitted in a few days, the following is the total number of vouchers and warrants examined and checked by them for the fiscal year ending November 30, 1898:

|                                |               |
|--------------------------------|---------------|
| "A" vouchers examined.....     | 37,830        |
| "B" vouchers examined.....     | 20,204        |
| "C" vouchers examined.....     | 1,180         |
| "P. R." vouchers examined..... | 10,209        |
|                                | <u>69,423</u> |

The total number of permanent employees of this Bureau amounts to 77, which, added to 7 men appointed temporarily for special examination, makes the total number employed by the Commissioners of Accounts 84, the same being divided as follows:

|                                                                                                                                                                                                             |           |

In the course of our special examinations and those made for the Corporation Counsel, to assist him in defending suits brought against the city by contractors, the necessity of having competent engineers entirely separate and apart from the influence of any other bureau presented itself, and, as a result, we now have a staff of eight (8) Engineers and Assistants, and while this number is by no means sufficient to entirely cover all the boroughs and every department, still, we feel certain, we are justified in asserting, and we believe we voice the sentiment of your Honor and the Corporation Counsel, that this Department has amply repaid the city by its work.

Experience has also prompted us to add, with your approval, a fully equipped Chemical and Physical Laboratory, for the purpose of examining all cements and materials intended to be used in the construction of concrete foundations and the asphalt coverings for same, and we feel sure that if the plans, as laid out by us after consultation with your Honor, are carried out, it will result in the city's receiving more lasting pavements.

We also beg to report that this Bureau has submitted to your Honor for the year ending December 31, 1898, as enumerated under special headings hereafter, the following reports, viz.:

|                                      |    |
|--------------------------------------|----|
| On departments and bureaus.....      | 80 |
| On violations of specifications..... | 55 |
| Miscellaneous reports.....           | 77 |

Total reports made for year 1898..... 212

In addition to these, the nature of which and the most salient points involved therein of some of them are hereinafter mentioned, we have made for your Honor during the past year many extra investigations and reports of a private nature, the contents of which it, of course, would not be prudent to mention.

For future reference, we take the liberty of herewith quoting section 119 of the Charter of Greater New York, chapter 378, Laws of 1897, governing this office:

"The mayor shall appoint and remove at pleasure two persons who shall be commissioners of accounts. It shall be their duty, once in three months to make an examination of the receipts and disbursements in the offices of the comptroller and chamberlain, in connection with those of all the departments and officers making returns thereto, and report to the mayor a detailed and classified statement of the financial condition of the city as shown by such examination. They shall also make such special examinations of the accounts and methods of the departments and offices of the city and of the counties of New York, Richmond and Kings, as the mayor may from time to time direct, and such other examinations as the said commissioners may deem for the best interests of the city, and report to the mayor and the municipal assembly the results thereof. For the purpose of ascertaining the facts in connection with these examinations they shall have full power to compel the attendance of witnesses, to administer oaths and to examine such persons as they may deem necessary. Such commissioners shall each be paid the sum of five thousand dollars per year. The board of estimate and apportionment and the municipal assembly shall annually appropriate a sum sufficient to pay the salaries of said commissioners and, in the discretion of the said board and municipal assembly, a sum sufficient to enable them to employ the necessary assistance to carry out the provisions of this act."

## TO CONTRACTORS.

**BIDS OR ESTIMATES, INCLOSED IN A** sealed envelope, with the title of the work and the name of the bidder indorse thereon, also the number of the work as in the advertisement, will be received at No. 346 Broadway, Room 1147, until one (1) o'clock P. M. on

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, to the effect that if the contract is awarded to the person making the estimate, they will upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or Clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for the Materials and Work required for Insane Pavilion, Bellevue Hospital," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, or his duly authorized agent, and read.

**THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.**

No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of Eight Thousand (\$8,000) Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. When more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

**Bidders are cautioned to examine the plans and specifications for particulars of the work, etc., required before making their estimates, and are cautioned against referring to any specifications other than those furnished by the Department.** Such references are cause for rejecting bids whereon they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller in accordance with the terms of the contract. The form of the contract, including specifications, and showing the manner of payment, can be obtained and plans seen at the office of Horgan & Slattery, architects, No. 1 Madison avenue, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department, who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

**Bidders are cautioned to examine the plans and specifications for particulars of the work, etc., required before making their estimates, and are cautioned against referring to any specifications other than those furnished by the Department.** Such references are cause for rejecting bids whereon they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract. The form of the contract, including specifications, and showing the manner of payment, can be obtained and plans seen at the office of Horgan & Slattery, architects, No. 1 Madison avenue, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of Four Thousand Dollars (\$4,000).

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the plans and specifications for particulars of the work, etc., required before making their estimates, and are cautioned against referring to any specifications other than those furnished by the Department. Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

*Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance in the sum of Four Thousand (\$4,000) Dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.*

*No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of Two Hundred (\$200) Dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.*

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.
