COMMUNICATIONS.

By Alderman McCarthy—

GENERAL COMMITTEE ROOMS EAST SIDE ASSOCIATION
(CORNER EIGHTY-SIXTH STREET AND THIRD AVENUE),
NEW YORK, August 27, 1875.

To the Honorable the Board of Aldermen:

GENTLEMEN—At a special meeting of Executive Committee of the East Side Association, held at the rooms of the Association on Friday evening, August 27, 1875, the following resolutions were unanimously adopted, and, accordingly I herewith transmit them to your Honorable Board.

Very respectfully,

THOMAS J. CROMBIE,
Secretary.

Resolved, That in the opinion of this Association, the Third avenue, being the territorial, population, and business centres of the east side of this city, is the most practicable and best adapted route for a rapid transit railway, with a branch to connect with the Grand Central Depot at Forty-second street, in order to utilize the rapid transit route or road, now more than half completed between the City Hall and the Harlem river, on the Fourth avenue north of Forty-second street, and this Association hereby respectfully recommends to the Commissioners of Rapid Transit, and the Common Council of this city, the selection and establishment of that route, in preference to all others, as being most advantageous to the east side of the city.

Resolved, That a copy of the foregoing resolution, duly authenticated by the Secretary, be forwarded at once to the Commissioners of Rapid Transit, and the Common Council of the City of New York.

Which was ordered on file.

REPORTS.

The Committee on Public Works, to whom was referred the annexed petition of officers and agents of the Fire Insurance Companies in the City of New York, praying for the passage of the resolution now pending before the Common Council (General Order No. 333 of this Board), providing for an increased supply of water for the better security of the city against loss by fire, respectfully

REPORT:

That the petitioners represent about \$27,000,000 of capital, and at least \$50,000,000 in assets invested and held in the business of insurance, and from their standing in the community, both as individuals and as men of business, are entitled to more than ordinary consideration. Their opinions and wishes should very materially influence the members of this Board, irrespective of party, in favor of the passage of the resolution, as they, probably more than any other class of our citizens, are interested in the water supply for this city, and are better acquainted with its needs and requirements in this respect.

Feeling assured that the prayers of the petitioners will receive at the hands of your Honorable Body that consideration to which it is entitled, and that the expressed desire of the memorialists for the passage of the resolution in question will largely influence the members of this Board in favor of the measure, your Committee respectfully recommend that the petition, together with this report, be laid over in connection with General Order No. 333, and taken up with that General Order, when under consideration by the Board.

JOHN REILLY, } Committee on
E. J. SHANDLEY, } Public Works.The President put the question whether the Board would agree with said report.
Which was decided in the affirmative.

COMMUNICATIONS FROM THE DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Counsel to the Corporation:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, August 28, 1875.

To the Honorable the Common Council:

GENTLEMEN—I have the honor to acknowledge the receipt of certain preambles and resolutions

referred by your Honorable Board upon the 26th of August to me, requesting an opinion from this Department, as to various questions arising under a proposed preamble and resolution received by your Body from the Commissioners of Rapid Transit on the 19th instant, contemplating the consent of the Common Council to the location, construction, and operation of steam railways to be hereafter located by the Commissioners mentioned in the resolution, acting under chapter 606 of the Laws of 1875.

All of the questions submitted by your Body to this Department, in my opinion, turn upon this proposition: Does the constitutional amendment referred to impose any obligation or duty upon the Common Council, which they would violate by the contemplated action? And does it limit in any way the authority otherwise possessed by the Common Council, in the matter of giving their consent to the use of streets, under their control, for the construction and operation of a railroad?

My opinion is, that the constitutional provision referred to has no reference to the powers of the Common Council in the premises, and that any consent which it would otherwise be in the power of the Common Council to give, they can give without regard to that amendment. The amendment is in the nature of a prohibition upon the Legislature, and not upon the Common Council. It provides that the Legislature shall pass no law authorizing the construction or operation of a street railroad except upon the condition that the consent of the local authorities having the control of that portion of the street or highway upon which it is proposed to construct or operate such railroad be first obtained. There is no prohibition upon the local authorities, and nothing that could be construed inferentially into a prohibition upon the local authorities, limiting the power otherwise possessed by them in the matter of consenting to and authorizing the use of the streets for the purposes of street railways.

If, therefore, the Common Council should regard a rapid transit road as of such great public importance as to be willing to authorize its construction in any of the streets or avenues of the city, except those expressly excepted by the act of the Legislature, I think that the resolution submitted by the Commissioners of Rapid Transit may be adopted by your Honorable Body without violating this provision of the constitution.

I should have been glad to have taken up and considered separately each of the points submitted for my consideration, but as you request an answer at your next meeting, to be held at two o'clock to-day, I am compelled, by the shortness of the time allowed me, to submit the foregoing general statement of my views, which, I trust, will nevertheless be found to cover all the points upon which my opinion is desired.

I am, gentlemen,

Yours, very respectfully,

WM. C. WHITNEY, Counsel to the Corporation.

Which was laid over in connection with General Order No. 463.

The President laid before the Board the following communication from the Counsel to the Corporation:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, August 25, 1875.

To the Honorable the Common Council:

GENTLEMEN—I am in receipt of a resolution adopted by the Board of Aldermen on the 12th instant, and returned by his Honor the Mayor on the 23d instant, without his approval or objection thereto, authorizing and directing the Counsel to the Corporation to take the necessary legal measures to have One Hundred and Fifty-fourth street, from Tenth avenue to the Harlem river, opened according to law.

This resolution has, doubtless, been adopted under the same misapprehension which led to the adoption recently of a resolution for opening One Hundred and Sixty-first street.

As I had occasion to advise your Honorable Body in my communication of the 12th instant, the authority to initiate a proceeding to open a street in that part of the city lying between Fifty-ninth street and the Harlem river is vested exclusively in the Commissioner of Public Works.

I am, gentlemen,

Yours, respectfully,

WILLIAM C. WHITNEY, Counsel to the Corporation.

Which was referred to the Committee on Law Department.

The President laid before the Board the following communication from the County Clerk:

COUNTY CLERK'S OFFICE—NEW COUNTY COURT-HOUSE,
NEW YORK, August 26, 1875.

To the Honorable the Board of Aldermen of the City of New York:

GENTLEMEN—In answer to the Circular Letter No. 21, under date of July 6, 1875, which I had the honor to receive from Hon. Andrew H. Green, Comptroller, I beg to submit, pursuant to section 112 of chapter 335 of the Laws of 1873, as amended by section 20, chapter 757, Laws of said year, the following estimate of the amount of expenditures of the Supreme Court of the First Judicial District and of the County Clerk's Office, for the ensuing year, to wit:

For salaries, Supreme Court—Judges, Clerk's, Stenographers, Officers, and Attendants.... \$120,800
For salaries, County Clerk's Office—County Clerk, Clerks, and Messengers..... 40,725

I estimate the receipts of this office for the next year, returnable to the city treasury, to be about fifteen thousand dollars (\$15,000), dependent, of course, on the amount of business to be transacted.

I inclose herewith lists, showing in detail the amount of expenditures for salaries, giving the name of each incumbent, and salary attached to his place.

Very respectfully, yours,

WM. WALSH,

Clerk of the City and County of New York, and
Clerk of the Supreme Court.
