The reduced number of pieces of real estate assessed for 1895, in comparison with 1894, as shown by the foregoing table, may be accounted for by the introduction of the new system of maps, under chapter 542, Laws of 1892; in their preparation where several pieces of property lying together or adjoining, and having but little, if any, improvement upon them, have since been improved by the erection of large structures of permanent character, covering many of the former separate pieces, the individual numbers have been abandoned; one number given to the whole of such property, in each case covered by a structure, and all assessed as one piece under the one number; thus simplifying, not only for this Department, but for owners and agents, the description and location of their property, and avoiding the confusion of a multiplicity of descriptive numbers as has heretofore been the case.

In other cases, the City has acquired lands for public parks, which land has for years been known on the maps of this Department by separate lot numbers. Now that this property has been taken for public use (such as Corlear's Hook Park and Mulberry Bend Park), these individual lot numbers and assessments are discontinued, and the land in each case is placed on the exempt list, under one ward number.

In 1895, reductions upon the assessed value of real estate were made by the Commissioners, amounting to \$5,135,900, and reductions upon the real estate of clergymen to the amount of \$43,500, and on parsonages to the amount of \$135,900, making a total reduction of \$5,315,300 from the assessed valuation.

By chapter 934, Laws of 1895, there was annexed to the City and County of New York territory embracing the Town of Westchester and parts of the Towns of Eastchester and Pelham, and including within its limits the incorporated Villages of Wakefield, Williamsbridge and Eastchester, affecting an area of 13,500 acres of land, lying to the eastward of the Twenty-third and Twenty-fourth Wards of this city, and south of a line drawn from a point where the northerly line of the City of New York meets the centre line of the Bronx river, to the middle of the channel between Hunter's and Glen Islands, in Long Island Sound; and also all that territory lying within the incorporated limits of the Village of Wakefield which lies northerly of said line.

Within the limits of this described area, in the Town of Pelham, is Pelham Park, containing 1,756 acres, and embracing Hunter's and Twin Islands and that part of Bronx Park which lies to the eastward of Bronx river and contains 300 acres. These park lands belong to the City.

The last assessed value of this recently annexed district amounted to about \$9,000,000, and, as near as can be ascertained, the farm lands were assessed at various percentages of their value, varying from 2½ to 20 per cent., while the village and lot lands were assessed at from 15 to 30 per cent. of their values.

The rate of taxation has been about 3 per cent. on these low valuations.

The assessments for the purpose of taxation have in the past been made, in part, from field maps and individual maps, and, in part, on farm lands by acreage or by the whole, very much as the assessments were made on lands in the Twenty-third and Twenty-fourth Wards before annexation.

This annexation will add more than fifty per cent. to the acreage of New York City, viz.:
Manhattan Island..... 12,432 acres.
Twenty-third and Twenty-fourth Wards..... 12,317 "
Recent annexation..... 13,500 "

This recent annexation devolves duties upon this Department without providing the ways and means wherewith to perform them. In the annexation of the Twenty-third and Twenty-fourth Wards, one year was given in which to provide the necessary transfers, and equip the respective Departments of this city to assume the additional duties imposed upon them.

The additional duties devolving under this annexation will require the organization of a force of deputies and clerks to enter the field on the first Monday of September next, as directed by law, for the purpose of making an assessment for taxation for 1896.

During the past there have been but few assessments made in this district on personal property—real estate having borne the burden of taxation; but inasmuch as it must in the future be assessed as a part of the Twenty-fourth Ward, assessments will be made on personal property in addition to real estate, thereby helping to bear the burden now put on the real estate.

There is attached to this report, as an appendix, a statement showing the assessed valuations of real and personal property for a series of years.

Respectfully submitted, EDWARD P. BARKER, THEODORE SUTRO, JAMES L. WELLS, Commissioners of Taxes and Assessments.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

Bidders will distinctly write out, both in words and figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the

sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested in making their bids or estimates to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.
