Which resolution was unanimously adopted.

The Mayor called up the Comptroller's report, presented on December 28, 1889, on the application of the Fifth Avenue Transportation Company, Limited, for the consent of the Commissioners of the Sinking Fund to run stages over a new route extending to the Desbrosses street ferry and return, as provided by chapter 182 of the Laws of 1889, with an increased rate of fare for each passenger from five to ten cents, for any distance.

The Mayor directed the report to be read. Judge Noah Davis then addressed the Board in behalf of the company. He made a statement of its financial condition, showing that the stages on Fifth avenue had been run at a great loss with the present fare for passengers, and the necessity for an increase of the rate and an extension of the route to secure an increase of business. The company was willing to accept the terms and conditions proposed for a consent to such proposed extension of the route and increase of the rate of fare, and objected only to the running of the stages on Sunday. At the conclusion of his argument against a condition requiring it in the consent, Judge Davis submitted the following communication from the Fifth Avenue Transportation company, together with an order of the Court of Common Pleas enjoining and restraining the company from running their stages upon the Fifth avenue on the first day of the week, commonly known as Sunday.

NOS. 55-65 EAST EIGHTY-EIGHTH STREET,
NEW YORK, February 10, 1890.

To the Honorable the Commissioners of the Sinking Fund of the City of New York:

GENTLEMEN—We have carefully read and examined the report of the Honorable Theodore W. Myers, Comptroller, upon the application of the Fifth Avenue Transportation Company, Limited, under the provisions of chapter 182, Laws of 1889, and which was presented to your Board at its meeting held on Saturday, December 29, 1889, and beg to state on behalf of said company that it is willing to comply with all the requirements recommended by the Comptroller, except that which would compel the company to run its stages on Fifth avenue on Sundays; and that it is impossible for it to do that, for the reason that it has an agreement, under seal, for a valuable consideration, not to run its stages on Sunday on Fifth avenue. And it is also under a perpetual injunction restraining it from doing so.

The particulars of this agreement are as follows:

First—The company formerly occupied stables and stage-houses on Forty-third street, between Fifth avenue and Sixth avenue, the lease of which terminated on the first day of May last. In January of 1889 the owners of the stables notified the company that the lease would not be renewed, as the property was for sale and part of it actually sold. The company being at that time in very straightened financial condition, was unable to purchase or build stables, and also found it impossible to hire other stables suitable for its use. In this condition of affairs the company proposed to Col. Elliott F. Shepard that he should purchase land and build a suitable stable and stage, and lease same to the company upon certain conditions, one of which was that the company should cease to run, and should not thereafter run its stages on Fifth avenue on Sundays. To this proposition Col. Shepard agreed, and by resolutions passed by the company on the following dates, copies of which are herewith forwarded, namely, January 12, 1889, and May 13, 1889, and which were assented to by Col. Shepard, in writing, a valid contract was made between the company and Col. Shepard that the company would not thereafter run any stages on Fifth avenue on Sundays.

Relying on this contract Col. Shepard purchased grounds on Eighty-eighth street and Eighty-ninth street, between Fourth avenue and Madison avenue, and has erected the stables and stage called for by this contract at a cost of \$240,000, and the company is now in possession of the same under a lease of twenty-one years from Col. Shepard.

Col. Shepard has kept his part of the agreement, and the company is now bound to observe its part. It cannot violate its contract even to accept the proffered extension of its route. We beg to inclose a copy of the lease, which, in accordance with the terms agreed upon before the application was made to your Honorable Body.

Second—In an action brought against the company in the Court of Common Pleas in and for the City and County of New York, by Col. Elliott F. Shepard in his own behalf and in behalf of other stockholders of the company, a judgment was entered permanently enjoining and restraining the company from running its stages on Fifth avenue on Sundays. Herewith we beg to send you a certified copy of this judgment.

In connection with the question of running stages on Sundays, we also would call your attention to the petition against so doing which was presented to the Company in December, 1886, the original of which we submit herewith for your inspection, but which we request shall be returned to the undersigned.

Third—From our experience in the transportation of passengers along this route, the demand for transportation of passengers on Sundays is perfectly insignificant; and we meet with constant expressions of approval from people residing in and near, and otherwise frequenting Fifth avenue, and congratulations upon the fact that the stages are not run on Sundays.

As we understand the Penal Code, all unnecessary manual labor is prohibited on Sunday, and the most that possibly could be said in respect to requiring the drivers, hostlers and superintendents to work on Sunday would be that the result of the united labor might afford a certain kind of convenience to a very limited number of people. But this would not bring it any nearer a work of necessity; and indeed there is no necessity about it. So that in this case to seek to compel us to run on Sunday would be urging us to break the law and render ourselves amenable to the punishments therefor. We do not believe that your Honorable Body, as a set of high, responsible public officials, intend, or would be willing to take the position that would force a corporation which was created for the public benefit, by the laws of the State of New York, and which has been diligently prosecuting its duty under its acts of incorporation, to break its contracts, which would be clearly unconstitutional, or to subject itself to punishment for contempt of court in disobeying a permanent injunction, or render itself liable to criminal prosecution for committing misdemeanors. On the other hand, we trust that you will cast your influence and officially act in favor of keeping the Sabbath-day holy, and of giving both man and beast a seventh day of rest, in accordance with the fourth commandment of Almighty God, and that you will do what you can toward elevating the masses by encouraging them to a proper observance of the Sabbath-day.

As we had submitted for your adoption a proposed form of resolutions, and as the terms and conditions proposed to be prescribed would vary the terms of the resolutions, we beg leave to submit herewith another form adjusted to such terms and conditions.

We have the honor to be, ever your obedient servants,
WILLIAM WADE, President,
Fifth Avenue Transportation Company, Limited.
WILLIAM IRWIN, Secretary,
Fifth Avenue Transportation Company, Limited.

COURT OF COMMON PLEAS

IN AND FOR THE CITY AND COUNTY OF NEW YORK.

Elliott F. Shepard in his own behalf and in behalf of such other stockholders of the Fifth Avenue Transportation Company, Limited, as may come in and contribute to the expenses of this action.

vs.

The Fifth Avenue Transportation Company, Limited.

The summons and complaint in this action having been duly personally served on the defendant corporation, and the defendant having appeared herein, and having duly offered in writing by

Judgment.

the Hon. Noah Davis, its attorney, to allow judgment to be taken against it to the following effect, viz, that the defendant the Fifth Avenue Transportation Company, Limited, its agents, officers and servants, be enjoined and restrained perpetually from running, driving or causing to be run or to be driven the carriages, stages or wagonets to it now or at any time hereafter belonging for hire or compensation upon the Fifth avenue in the City of New York upon the first day of the week, commonly known as Sunday. And the plaintiff having within ten days thereafter accepted said offer and having waived costs,

Now, on motion of Frederick B. Van Vorst, Esq., plaintiff's attorney,
It is adjudged that the Fifth Avenue Transportation Company, Limited, the defendant herein, its agents, officers and servants, be and they hereby are and each of them is enjoined and restrained perpetually from running, driving or causing to be run or to be driven the carriages, stages or wagonets to it now or at any time hereafter belonging for hire or compensation upon the Fifth avenue in the City of New York upon the first day of the week, commonly known as Sunday.

Shepard and his assigns when tendered by him for execution, and will, immediately upon the receipt of his said acceptance and promise, stop running one-third of its stages or any kind of vehicles for public or passenger use on the Fifth avenue in the City of New York on Sundays, and one-third more thereof on the following Sunday, and all thereof on the third Sunday from the receipt of said acceptance and promise; and thereafter will not again resume the same on Sundays on Fifth avenue.

"The lease referred to in this resolution shall be for the term of twenty-one years, and shall be at an annual rent equal to six per cent. on the actual total cost of said stable and of the land on which the same shall be located (such cost to be ascertained by bills thereof to be presented to this Board by Mr. Shepard or his assigns).

Meeting held May 13, 1889.

"Whereas, The Fifth Avenue Transportation Company, Limited, by resolution of its Directors adopted on the 12th day of January, 1889, agreed to rent from Elliott F. Shepard, Esq., a stable to be erected by him as therein mentioned, at a cost to be at least \$150,000 and not to exceed \$200,000; and

"Resolved, That the limit of the cost of said stables and land shall not be less than \$150,000 and not greater than \$250,000, and which cost shall be ascertained in the manner provided in said resolution adopted on the 12th day of January, 1889; and the rent to be paid said Elliott F. Shepard shall be ascertained on the cost of said stables and land as hereby limited, but in the manner and at the rate fixed by said resolution of January 12, 1889, which said resolution is in all other particulars hereby confirmed."

Which was ordered to be printed.

A draft of a resolution for the adoption of the Commissioners of the Sinking Fund, prescribing terms and conditions of their consent to the running of stages over an extended route at an increase of the fare to ten cents, was also submitted, as follows:

"Resolved, That the application of the Fifth Avenue Transportation Company, Limited, be and is granted in the following respects and upon the following terms and conditions:

"First—Upon availing itself of the right to run its vehicles over its extended route as granted by chapter 182 of the Laws of 1889, the said company may charge, demand and receive a fare, in its discretion, not to exceed ten cents for each passenger carried over any part of its route in one single ride; and that the said company shall have the right to reduce and restore these rates and fares from time to time, as it may deem best, and that it shall divide the running of its vehicles over the various portions of its route in such a way as experience shall show will best accommodate the public.

"Second—That the said company shall increase the number of its vehicles thus to be run to such a number as it may find by experience shall be adequate for the accommodation of the public along its route; and it shall pay a regular license fee to this City of New York of twenty dollars per annum for each vehicle run on the said route.

"Third—The company shall annually pay, in addition to its State and municipal taxes, into the treasury of the Mayor, Aldermen and Commonalty of the City of New York, a sum of money which shall be equivalent to two and one-half per cent. (2½ per cent.) upon the company's gross receipts, over a five-cents fare for each passenger so transported.

"Fourth—That the vehicles used by the said company shall be of the most approved pattern, well-lighted, and run at such intervals as shall best subserve the demands of the public.

"Fifth—That the company shall enter into an agreement with the various cross-town lines of horse cars that cross its route for a system of transfers of passengers with them, in all cases where a satisfactory system for such transfers can be entered into by agreement with such cross-town lines of horse cars.

"Sixth—That the said company shall sell three tickets, each good for a single fare, in said vehicles, upon payment of twenty-five (25) cents, to every one demanding and paying for the same.

"Seventh—That the said company shall have the right to charge, demand and receive for the transportation of parcels such rate as is usually charged by express companies for similar transportation."

Which was referred to the Comptroller and laid over for consideration at the next meeting of the Board.

A petition was also presented, addressed to the Fifth Avenue Transportation Company, from many citizens and property-owners on Fifth avenue and cross streets in the vicinity, protesting against the running of their stages on the Sabbath day.

Estimates for the above will be received at the office of the Commissioner of Public Works, No. 31 Chambers street, in the City of New York, until 12 o'clock M. of Monday, April 7, 1890, at which place and time they will be publicly opened by said Commissioner and read.

Any person making an estimate for furnishing the gas or other material shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing the Illuminating Material for, and Lighting, Extinguishing, Cleaning, Repairing and Maintaining the Public Lamps," and any person making an estimate for furnishing, operating and maintaining electric-lamps, shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing, Operating and Maintaining Electric-lamps," and also with the name of the person making the same and the date of its presentation.

Bidders are required to state, in their estimates, their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making an estimate for the same supplies and work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the same, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law.

Bidders proposing to furnish illuminating gas are required to state in their estimates the district or several streets, avenues, piers, parks and places, or parts of streets, avenues, piers, parks and places in which they propose to perform the requirements herein contained, and also the illuminating or candle-power of the gas they propose to furnish, when tested at a distance of not less than one mile from the place of manufacture; and bidders proposing to furnish any illuminating material other than illuminating or coal gas, must state distinctly what kind of material they propose to furnish, and the illuminating power of the light they propose to furnish.

Bidders are also required to state the price per year for which they will furnish the gas (of not less than eighteen-candle power by photometric test at a distance of not less than one mile from the place of manufacture) or other illuminating material for each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing, and painting lamp-posts and lanterns, and replacing the cocks, tubes, burners, cross-heads, lamp-irons, and lanterns thereto, for the period from May 1, 1890, to April 30, 1891, both days inclusive; stating the price, for the above-named period of one year, for each lamp.

Bidders for gas-lamps are also required to state a price for which they will repair lamp-posts, including straightening and relighting, and for each new lamp fitted up, as follows:

- For each lamp-post straightened, stating the price per post.
- For each column relighted, stating the price per post.
- For each service-pipe refitted, stating the price per post.
- For each stand-pipe refitted, stating the price per post.
- For each lamp-post removed, stating the price per post.
- For each lamp-post reset, stating the price per post.
- For each new lamp fitted up, stating the price per post.

The total number of public gas-lamps to be contracted for is about 26,000, but bidders may bid for any portion of the same, naming their location as to districts, streets, avenues, piers, parks and public places, or parts thereof. The burners for illuminating gas are to be of a capacity to burn three cubic feet of gas per hour under a pressure of one inch, and in case the illuminating material shall be oil or naphtha, then the burners to be used for such illuminating material shall give a light (by photometric test equal to the light given by the gas-burners in use in the public lamps in the City of New York).

Should any alteration or any attachment be required to any portion of the lamps for which estimates are made in consequence of the use of illuminating material other than gas, then such alteration shall be done and such attachment placed on the lamps without expense to the City.

The number of hours the gas or naphtha lamps are to be kept burning during the contract is 4,000. The electric-lamps are to be kept lighted 3,950 hours.

The amount of security required on any contract for lighting the public gas-lamps which will amount to \$400,000 and upwards, shall be \$150,000; on any contract which will amount to \$300,000 and less than \$400,000 shall be \$125,000; on any contract which will amount to \$200,000 and less than \$300,000 shall be \$100,000; on any contract which will amount to \$100,000 and less than \$200,000 shall be \$75,000; on any contract which will amount to \$80,000, but is less than \$100,000, \$50,000; on any contract which will amount to \$60,000, but is less than \$80,000, \$36,000; on any contract which will amount to \$40,000, but is less than \$60,000, \$24,000; on any contract which will amount to \$20,000, but is less than \$40,000, \$12,000; on any contract which will amount to \$10,000, but is less than \$20,000, \$6,000; on any contract which amounts to less than \$10,000, \$5,000.

Bidders for electric-lamps are required to state in their estimates the several streets, avenues, parks and public places in which they propose to perform the requirements herein contained, giving in detail the number of lamps which it is proposed to furnish for lighting each street, etc., and in case the streets or any portion of the streets which are contemplated in the bid are not lighted by the bidder with electric arc lamps at the time of the

making of the bid, then a map or sketch showing clearly the proposed locations of lamps, poles and conducting wires in such streets must be submitted with the bid.

Bidders must state the kind or system of light they propose to furnish.

Bidders are required to state the price per night for each lamp at which they propose to furnish, operate and maintain a light in accordance with the requirements of the specifications and for the period mentioned in the agreement.

Bidders are required to state the number and locations of the central stations at which the electric current is to be generated, and what provision, if any, will be made against the accidental extinction of the lights on account of damages to the central station by fire.

The amount of security required on electric-light contracts is Twenty-five Thousand Dollars.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No bid or estimate for electric-lamps will be considered from any company, corporation or individual not authorized and empowered either by the Common Council or by the Board of Electrical Control, to lay, erect and construct, and which has not (except where electric-light conduits are laid) suitable wires or other conductors, with the necessary poles, pipes or other fixtures, in, on, over and under streets, avenues and public parks and places of the City of New York, for conducting and distributing electricity to do the lighting bid for; and that does not possess a sufficient central station, with suitable appliances therein, for generating the electric current required for the purposes of accomplishing the work specified in the bid or estimate.

The award of any contract, if awarded, will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom any contract is so awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or estimate, or if he accept, but does not execute the contract and give the proper security, it may be re-advertised and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

The right is reserved, whatever may be the illuminating material named in the estimate, when an estimate is made containing bids for lamps in one or more streets, avenues, piers, parks or places, to accept from such estimate or bid so much thereof as may be the lowest per lamp in any one or more of such streets, avenues, piers, parks or places, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid. The right is also reserved to determine what streets or parts of streets and public places shall be lighted by electric-lights. The contract for lamps in any particular street, avenue, park or place, will be awarded, if awarded, to the lowest bidder per lamp in such particular street, avenue, park or place.

The right is also reserved to determine and designate in any locality, after the estimates are opened, what illuminating material shall be used in the public lamps, or any number of them, in such locality, during the period above mentioned; also upon such determination, to decline any estimate or part thereof for lighting such locality with illuminating material other than that so determined upon. Also to decline all estimates if deemed for the best interests of the City. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

The right is also reserved to regulate the number of electric lamps which may be erected and their location and disposition, in order to best illuminate the streets, parks or other public places for the lighting of which bids may be received.

If the estimate of any bidder shall include any streets or parts of streets, parks, or public places not lighted by electric arc lamps, or not so lighted by the bidder at the time of the making of the bid, and a contract for furnishing, operating and maintaining lamps in such streets, or parts of streets, parks or public places shall be awarded to such bidder, in that case, thirty days from the date of the execution of such contract, as may be deemed reasonable by the Mayor, Comptroller and Commissioner of Public Works shall be allowed to such bidder in which to erect poles and lamps and establish conducting wires, all of which shall be done by the party of the second part without expense to the City.

But no payment to such bidder, on account of any such lamps, will be made for the time so allowed, nor until the same shall have been established in complete working order, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

MATERIALS AND WORK REQUIRED FOR ALTERATIONS IN BELLEVUE HOSPITAL, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Cor-

rection, No. 66 Third Avenue, in the City of New York, until 9.30 o'clock A. M. Friday, April 11, 1890. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Alterations in Bellevue Hospital," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of **THREE THOUSAND (\$3,000) DOLLARS**.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and provide such proper security, as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

TO CONTRACTORS.

(No. 329.)

PROPOSALS FOR ESTIMATES FOR FURNISHING ABOUT 400 PILES.

ESTIMATES FOR FURNISHING ABOUT 400 Piles will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

FRIDAY, APRIL 4, 1890,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Two Thousand Dollars.

The Engineer's estimate of the quantities is as follows:

About 400 piles from 50 feet to 85 feet long, not less than 16 inches in diameter at the butt, and not less than 6 inches in diameter at the point, measured exclusive of the bark.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received: 1st. Bidders must satisfy themselves, by personal examination of the location of the proposed deliveries of the materials, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

About 200 of the piles are to be delivered within ten days from the date of the contract, and all the piles to be delivered under this contract are to be delivered on or before the 1st day of June, 1890, and the amounts in each delivery are to be as directed by the Engineer-in-Chief. The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per pile to be delivered in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the completion of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation, may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the material to be delivered by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required

for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

ESTIMATES FOR FURNISHING AND PUTTING in place Small Cobble and Rip-rap Stones will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

FRIDAY, APRIL 4, 1890,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Five Thousand Two Hundred Dollars.

The Engineer's estimate of the quantities is as follows: Small cobble and rip-rap stone for bulkhead or river wall, to be deposited in place by contractor.

Class A.—About 9,000 cubic yards of small cobble-stone.

Class B.—About 11,000 cubic yards of rip-rap stone.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination, of the locations of the proposed deliveries of the material, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The small cobble-stone and rip-rap stone are to be delivered from time to time, and in such quantities and at such times, as may be directed by the Engineer. And all the work under this contract is to be fully completed on or before the first day of July, 1890, at which time this contract will cease and terminate.

The right is reserved by the Department of Docks to increase or diminish the estimated quantities of cobble and rip-rap stone called for by this contract by an amount not exceeding twenty per cent. of the estimated quantities. And the bidder will agree that he will not ask or demand, sue for nor recover any extra compensation for damage or loss of anticipated profits, beyond the amount payable for the several classes of work, in this contract enumerated, which shall be actually supplied at the prices therefor agreed upon.

The damages to be paid by the contractor for each day that the contract or any part thereof, or of any delivery that may be ordered or directed by the Engineer, may be unfulfilled after the respective times fixed for the fulfillment thereof have expired are by a clause in the contract determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their proposals the price per cubic yard for each of the above classes of material, in conformity with the approved form of agreement and the specifications therein set forth, by which the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the material to be delivered by which the bids are tested. Each person obtaining a permit for sprinkling shall keep the hydrants allotted to his use closed, except when obtaining water for use, and shall be responsible for any damage that may result from the use or abuse of them while in their charge; provided such damage shall not have been occasioned by others than those in the employ of said person.

7th. Any person who shall thus obtain a permit shall pay to the Department of Public Works such sum or price as may be fixed by the Department for the water used during the season for sprinkling; the payments to be made monthly in advance and within the first week of each month.

8th. Each person obtaining a permit will be required to sprinkle the streets with sufficient water only to lay the dust; drenching the streets with an excessive quantity of water will be sufficient cause to revoke any permit or license.

9th. Every person who shall obtain a sprinkling permit will be required to confine himself strictly to his route; encroaching on other routes will not be permitted.

10th. No double-nozzle hydrants shall be used.

11th. Any licensee violating any of the above rules and regulations will, at the discretion of the Commissioner of Public Works, have his license revoked, and will forfeit all moneys paid by him on account of the same.

No bid will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Commissioner of Public Works, or money, to the amount of one hundred dollars (\$100), as security for compliance with the conditions of the license. Such check or money must not be inclosed in the sealed envelope containing the bid, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no bid can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the license is awarded. If the successful bidder shall refuse or neglect, within five days after the license has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the license within the time aforesaid, the amount of the deposit will be returned to him.

The following is a description of the route for which proposals will be received:

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number, of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THOS. F. GILROY,
Commissioner of Public Works.
