The petition of George C. Cranford respectfully shows:

I. That he is a resident of the Borough of Brooklyn, City of New York.

II. That for upwards of nine years, last past, he has been the owner of a plot of ground in said Borough of Brooklyn, on the north side of Fifty-sixth street, corner Eleventh avenue, and known as Lots Nos. one (1), two (2), three (3), four (4), five (5), six (6), seven (7), eight (8), nine (9), ten (10), eleven (11), fifty-seven (57), fifty-eight (58), fifty-nine (59) and sixty (60), in Block one hundred and sixty-nine (169), Ward Thirty (30) on the Assessors' Map of the Borough of Brooklyn, City of New York.

III. That your petitioner has remained the owner of said property up to the present date, and has regularly paid the taxes and assessments levied against the property.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment transmitting resolution:

No. 1507.

Department of Finance—City of New York,  
January 7, 1903.

Hon. CHARLES V. FARNES, President, Board of Aldermen:

Sir—Upon examining the minutes of the Board of Estimate and Apportionment of the meeting held November 7, 1902, I find a resolution approving of the application of \$5,500 for furnishing the new City Prison with beds, etc., for the quarters occupied by the Warden, Keepers, Physicians, etc., and for furnishing the Administration Building, Blackwell's Island Penitentiary, on which a technicality arises as to whether it requires the concurrence of the Board of Aldermen, and in order to avoid any possible question, I transmit herewith a certified copy of said resolution, together with

a form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully yours,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That the Board of Aldermen hereby concurs in the following resolution adopted by the Board of Estimate and Apportionment at meeting held November 7, 1902:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the application of the sum of five thousand five hundred dollars (\$5,500) from the unexpended balance of the appropriation from the proceeds of Corporate Stock of The City of New York, issued by the Comptroller, pursuant to the provisions of chapter 626 of the Laws of 1896, as amended by chapter 642, Laws of 1897, and section 170 of the Greater New York Charter, for the new City Prison, the same to be applied as follows:

For furnishing the Prison with beds, bedding, furniture, rugs and miscellaneous supplies for the quarters occupied by the Wardens, Keepers, Physicians, etc.

\$3,000 00

For furnishing the Administration Building, Blackwell's Island Penitentiary

2,500 00

\$5,500 00

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Correction:

No. 1508.

Department of Correction of The City of New York,  
Commissioner's Office, No. 148 East Twentieth Street,  
New York, January 8, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—Upon the request of the Department of Correction, the Board of Estimate and Apportionment has set aside the sum of \$5,500 for the furnishing of the new City Prison, Centre street, and of the Administration Building, Penitentiary, Blackwell's Island, this money to be taken from the special appropriation of \$175,000 for completing, etc., these buildings.

I would respectfully ask the permission of your Honorable Board to purchase in the open market such furnishings, which will consist of beds, bedding, furniture, carpets and the miscellaneous articles necessary for the quarters to be occupied by the Wardens, Physicians, Keepers and others. The articles needed are so miscellaneous in character that it would be impractical to advertise for them. As the buildings cannot be fully occupied until these furnishings are obtained, I respectfully request that you will give this matter your early and favorable consideration.

Very respectfully,

THOMAS W. HYNES, Commissioner.

Which was referred to the Committee on Finance.

November 25, 1902.

Hon. SETH LOW, Mayor of The City of New York:

Dear Sir—In accordance with the request made to me from your office to report upon the requirements and the cost of furnishings appropriate to the remodeling of the City Hall Building, I beg leave to submit the following:

Whereas, the foundations of the present building were laid on or about the 16th day of May, 1803, and furthermore as The City of New York was the first capital of the Federated Colonies, before either Philadelphia or Washington was so denoted, and further, as the City of New York was the capital of the State of New York prior to the choice of the City of Albany; therefore, it has seemed expedient and desirable to incorporate in this report the recommendation that gradually, between the present time and upon such date in the month of May, 1903, as may be found to coincide most accurately with the laying of the corner stone of the present building, the interior fittings of this building shall be brought into harmony with the characteristics of the original design.

In order to do this in a consistent, dignified and harmonious manner I recommend the appropriation of from fifteen to twenty thousand dollars (\$15,000-\$20,000) for this purpose; since the following variety of items are included in the estimates and are the result of careful bidding by most reliable dealers, a certain margin has been indicated to permit of a choice of design and material, viz.: Electric light fixtures, rugs and carpets, hangings, furniture, clocks, fireplaces, parquet floors, modeling, tablet, picture hanging, decoration of Governor's Room and Council Chamber, refinishing old gas fixtures.

Inscribed in the top coping of the front wall I find the names of those originally interested in the construction of this building. It is proposed that these tablets now be taken down and reset in the walls of the main corridor in the first story, with an additional tablet descriptive of the present work upon the building. I find furthermore that certain flagstaves upon the building are of serious and continual detriment to the roof. I therefore recommend that the objectionable flagstaves be removed, that the most eminent sculptor obtainable be commissioned to design and execute in bronze a monumental socle, appropriately inscribed and supporting a suitable mast, to be erected on the terrace in front of the City Hall, and that it be dedicated on this anniversary.

Should these recommendations meet with favor and should any further details require my attention in this commemoration of an event so intimately connected with the history of the Nation, the State and the City, I beg that you will command my services.

Very respectfully,

WM. MARTIN AIKEN,

Consulting Architect for the Borough of Manhattan.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—There is now before the Committee on Finance of the Board of Aldermen an ordinance providing for the issue of Corporate Stock in the sum of \$2,000,000 for school buildings, sites, etc. Hon. Charles C. No. 1107.

Law Department, Office of the Corporation Counsel,

New York, September 17, 1902.

P. J. SCULLY, Esq., City Clerk:

Dear Sir—I have received your letter of September 11, 1902, inclosing me a copy of that portion of the minutes of the meeting of the Board of Aldermen, held on September 9, 1902, which relates to a resolution numbered 994, providing for an issue of Corporate Stock for the new stock or plant of the Department of Street Cleaning. Your letter also inclosed a copy of the resolution of Alderman Goodman which was adopted by the Board, instructing the Clerk "to supply the Corporation Counsel with an extract of the minutes covering the question of the vote upon the rejection of the resolution for Corporate Stock for the purchase of stock or plant for the Street Cleaning Department, numbered 994, and to request his opinion as to whether this matter comes under the provisions of sections 47 and 48 of the Charter."

The provisions of sections 47 and 48 of the Charter of The City of New York do not apply to the resolution numbered 994 referred to in your letter. The purchase, acquisition or construction of new stock or plant for the Department of Street Cleaning are not included among the objects set forth in section 47, for which the Board of Aldermen may provide funds by ordinance directing the issue of Corporate Stock. As the provisions of section 48 apply only to cases arising under section 47, and to certain franchises or rights to use the streets, avenues, waters, parkways or highways of the City, they do not apply to the matter under consideration. The Board of Aldermen must act upon the resolution in the usual way and no inference as to its approval of it can be drawn from its failure to adopt or reject it within six weeks of its receipt.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

HERBERT PARSONS, JAMES H. McINNES, WILLIAM T. JAMES, JOHN L. FLORENCE, JOSEPH A. BILL, JAMES E. GAFFNEY, Committee on Finance. Which report was accepted.

No. 1014—(G. O. No. 283).

The Committee on Finance, to whom was referred the annexed bill of H. L. Davis for \$65.45 for reporting the public hearing in the matter of the Pennsylvania Tunnel Franchise, respectfully

## REPORT:

That, having examined the subject, they believe the resolution proper. The amount of the bill is \$65.45. The number of pages is sixty-eight. There are on an average of over 2½ folios, that is, 250 words on a page. The regular charge for reporting references where three copies are ordered, as was the case here, is twenty-five cents for the first copy and five cents per folio for each of the two other copies, or thirty-five cents a folio of 100 words. At that rate the bill seems proper. They accordingly recommend the adoption of the resolution.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of H. L. Davis for sixty-five dollars and forty-five cents (\$65.45), the same to be payment in full for services rendered in reporting the public hearing before the Committee on Railroads of the Board of Aldermen, in the matter of the petition of the Pennsylvania, New York and Long Island Railroad Company to construct a tunnel in The City of New York, held in the Aldermanic Chamber, July 11, 1902, the said amount to be charged to the appropriation for "City Contingencies, 1902."

HERBERT PARSONS, JAMES H. McINNES, WILLIAM T. JAMES, JOHN L. FLORENCE, JOSEPH A. BILL, JAMES E. GAFFNEY, Committee on Finance.

Which was laid over.

Nos. 1103, 1128, 1127, 1126, 1129.

Communication in regard to the tax to be levied in Kings, Queens and Richmond Counties, Minutes of October 7, 1902, page 5, respectfully

## REPORT:

That inasmuch as these are matters which practically concern in the first instance the Comptroller's office and the Department of Taxes and Assessments, they should be placed on file and the Clerk of this Board should be directed to send copies of them to the Comptroller of The City of New York and the Department of Taxes and Assessments.

Your Committee accordingly recommend the adoption of the annexed resolution:

The Committee on Finance, to whom was referred on November 25, 1902 (Minutes, page 1525), a communication from the Salvation Army in the matter of an appropriation of five thousand dollars for rescue homes, respectfully

REPORT:

That this was a matter relating to a requested appropriation in the Budget for 1903, as to which this Board has no initiative.

Your Committee therefore recommends that the matter be placed on file, and that the Clerk of this Board be directed to communicate to the Salvation Army to the effect that as the initiative in the matter of appropriation rested with the Board of Estimate and Apportionment, and it did not include it in the appropriations, this Board had no opportunity to deal with the matter. Annexed is a resolution embodying the provisions of this report.

Resolved, That the communication from the Salvation Army in the matter of an appropriation of five thousand dollars for Rescue Homes be placed on file, and the Clerk of this Board be and he hereby is directed to inform the Salvation Army that inasmuch as the initiative in regard to the appropriation of five thousand dollars for Rescue Homes in the Budget of 1903 rested in the Board of Estimate and Apportionment, and that Board had not inserted the appropriation, the matter was not a pertinent one for this Board.

To the Honorable the Board of Aldermen, City Hall, New York City:

Sirs—Inclosed copy of a letter addressed by our counselor, Mr. M. J. H. Ferris, to Mr. Edward T. Devine, the Secretary of the Charity Organization Society, is respectfully submitted for your perusal.

We feel that the position taken by the Charity Organization Society in opposing the proposed grant of five thousand dollars (\$5,000) for our Rescue Homes, on the ground that we are a religious body, is untenable, and that the nature of our work has, therefore, been misunderstood; and that because of this misapprehension an unintentional wrong has been inflicted on us.

If by presenting the inclosure to you we have succeeded in removing this misapprehension, and in substantiating our claim to be placed on the same footing as other large organizations which are receiving grants, especially remembering the non-sectarian character of our work, we shall feel rewarded for thus trespassing on your time and patience.

Yours respectfully,  
THE SALVATION ARMY,  
By Frederick Booth Tucker,  
President.

Mr. EDWARD T. DEVINE, Secretary, Charity Organization Society, No. 105 East Twenty-second Street, New York City:

My Dear Sir—In the weekly review of local and general philanthropy, entitled "Charities," issued by the Charity Organization Society, for the week ending October 25, 1902, and of which your name appears as editor, I find, in an article entitled "Of Subsidized Charities" in that issue, these few lines, which read as follows: "To appropriate money to a distinctly religious body for rescue work," and which, from an interview that was had with you, we justly assumed—from your conversation at that time—were intended by your Society to reflect upon a petition this religious and charitable corporation had made to the Board of Estimate and Apportionment, under the laws, to become a recipient of funds annually bestowed by the City in conformity to the purposes and work for which such fund is annually apportioned.

I was astonished that at this late day the philanthropic work of this religious corporation should have been minimized by a society supposed to be so well informed on every subject as the Charity Organization Society, and the work of this religious corporation reflected upon as being solely of a religious nature and for religious purposes, and on that ground not entitled to apply for or receive moneys appropriated by the City for the work the corporation was doing for the relief of the City, although the work was admittedly for and on behalf of the City, and came within the appropriation requirements, and from a financial standpoint alone was a saving of thousands of dollars to the City.

It seems to me that if many of the various corporations receiving public funds from the City for their work were to be ostracized at the suggestion of your organization on that account, that two-thirds—if not a larger percentage—would be entirely ignored and rendered unfit for receiving funds from the City, as a very large percentage of the institutions receiving public funds are of a strictly religious order. If I am not entirely mistaken, this is the only organization in the world that does strictly a non-sectarian philanthropic work.

We feel that this corporation has suffered a great injustice, in that, at the last moment, when we had every reason to believe that a sum would be apportioned by the City from the moneys bestowed for such purposes, and which had been legally earned by this corporation for looking after the poor which had been consigned to its care by City officials, it was refused, and the amount of five thousand dollars, which had been named at the meeting of the Board as the probable amount which would be received by this corporation for the coming year, was withheld, on account of the opposition made by the Charity Organization Society, solely, we assume, because you stated you opposed it, and would oppose it again, on the ground that it was a distinctly religious body and one not entitled to the amount asked for (or any amount) for work which it had done.

If this corporation is to be refused solely on the ground that its foundation is of a religious nature, and refused recognition from the City for the non-sectarian work it has done for and on behalf of the City's unfortunates—while I do not mention this as a reflection upon the Catholic, Jewish and other religious organizations, yet, nevertheless, if the same argument was used and the same protest, where would they come in, as they are certainly of a strictly religious order and organization, yet conducting institutions which receive large grants from the City. While mentioning these particular religious organizations, I do not for one moment reflect upon their unworthiness or right to receive the grants yearly given by the City for their charitable work, as I consider that their institutions are some of the finest in the world; and the fact that they are under the control of their religious order and organizations should not be used as an argument or a protest against their receiving public funds for the various branches under their control; but I only mention this as an answer to the reflection that has been cast upon the work that this organization has been doing in the same

direction, and that, too, irrespective of nationality or religion.

Regarding this one branch for which application was made to the Board of Estimate and Apportionment for City funds, realizing that under the statute it was entitled to the same, I would just add that not one-quarter of the numbers consigned to our Rescue Homes were of the Protestant faith. And the work of the Rescue Homes, in taking these girls under their care, is not for the purpose of attempting to convert them from their religion; but on the contrary, the sole purpose and aim has been to help them to leave the paths of vice they have been following, and to place before them a means of earning a livelihood, so that there would be no excuse whatever for their returning to their former wicked ways and again becoming a burden upon City institutions.

This corporation justly claims that not only was it entitled to a grant from the City, under the laws regulating the bestowal of the City's money, as its petition to the Board of Estimate and Apportionment legally showed, but that the work which its Rescue Homes are doing actually saves the City thousands of dollars, as the records of the Rescue Homes will corroborate through its books open to the public at all times.

Many of the girls that in the past were frequenters of evil resorts in this city, and who had over and over again been committed to public institutions for soliciting on the streets, and who in the past year have been placed in the custody of the Probationary Officer of this corporation, who is in attendance daily at the Second District Magistrate's Court, are to-day self-supporting and earning regular union wages in its book-binding, and with no intent of ever returning to the wayward lives of the past; but, on the contrary, a new future is opened up before them and they are firmly re-established in the paths of virtue.

This corporation claims—and justly, as its figures show (which the public is perfectly welcome to corroborate)—that it is the only organization that has attempted to and actually has solved the problem as the way out of the social evil which has and is so agitating the public mind.

The purposes and modes and methods (while I am not attacking them) of institutions looking after cases of this kind, and to which these unfortunates have been consigned, and when set at liberty only to be returned over and over again, as the records of our Magistrate's Court divulge, have certainly manifested the one fact that it has not lessened the evil, or shown a way out of it; for when the unfortunates have left the City institutions, or places of confinement where they have been consigned, they have found themselves with no door open and no way of escape from the former lives that they had been leading, and very naturally return to them.

This corporation claims that it has not been justly treated, and has been misrepresented, and that pressure must have been brought to bear upon his Honor the Mayor and the members of the Board of Estimate and Apportionment, through either a misunderstanding or through unintentional misstatement of facts as entitling it to a part of the City's moneys annually bestowed for the caring of the City's charges.

This corporation is writing its protest to the members of the Board of Estimate and Apportionment, and including in the protest a copy of this letter, as I feel that we should place ourselves on record in a way not to be misunderstood, and, while not at all intended as a reflection upon the action of the Board for its decision in excepting this corporation at the last moment from becoming a recipient of its public funds bestowed for charitable purposes, yet bringing facts to bear in the protest to clearly and conclusively prove to them that they have unintentionally erred in withholding this grant, because we feel their sympathies were with us—which fact this corporation highly appreciates—regretting that this corporation was not notified to answer statements that had been brought before them as a reason why the grant of moneys should have been withheld and refused. I am

Yours very truly,

Attorney and Counsel for the Salvation Army.

No. 1497—(S. O. No. 65).

The Committee on Finance, to whom was referred on January 5, 1903, the resolution of the Health Department requesting this Board to authorize it to purchase without public letting three thousand (3,000) tons of coal for the uses of the Department in its hospitals for contagious diseases and office buildings, respectfully

#### REPORT:

That, having examined the subject, they believe the proposed authorization to be proper. Your Committee are informed that the contractor has failed on his contract, and purchases have from time to time been made on his account, but that the Department is now in a position where it must make a new contract, which it cannot do, or obtain authorization to purchase without public letting. The coal is needed in the contagious diseases hospitals belonging to the Department, which are the Riverside Hospital, at North Brother Island; the Willard Parker Hospital, at the foot of East Sixteenth street, and the Kingston Avenue Hospital, in Brooklyn, and likewise at the offices of the Department in the various boroughs. Your Committee accordingly recommend the adoption of the annexed resolution, which has been drafted by the Committee. Annexed is also a communication from the Department describing the situation and showing in detail the tons of coal needed per month.

City of New York—Department of Health,

Office of the Commissioner of Health,

New York, January 13, 1903.

Hon. HERBERT PARSONS, Chairman, Committee on Finance, Board of Aldermen, No. 111 Broadway, City:

Dear Sir—In response to your request for additional information regarding the coal resolution of the Board of Health now before your Committee for action, I beg to say:

The Department of Health uses about 1,200 tons of coal per month, divided as follows:

	Tons.
Willard Parker and Reception Hospitals, per month.....	300
Riverside Hospital, per month.....	400
Kingston Avenue Hospital, per month.....	300
Department Building, Fifty-fifth street and Sixth avenue, Manhattan, per month.....	75
Department Building, Nos. 38-40 Clinton street, Brooklyn, per month.....	10
Department Building, No. 1237 Franklin avenue, Bronx, per month.....	3
Department Building, Nos. 372-374 Fulton street, Jamaica, per month.....	2
Disinfection Station, County Poorhouse Farm, Richmond, per month.....	20
Steamship "Franklin Edson," per month.....	90
	1,200

Nearly all the contracts existing in 1902 have been completed, but there remain two incomplete, as follows:

	Tons.
Kingston Avenue Hospital.....	1,000
Department Building, Fifty-fifth street and Sixth avenue.....	300

The former contract is about half completed, and the latter nearly completed. In both instances the contractors have defaulted on their contracts, and the Department has had to go outside and buy coal, charging it to the contractors. The outlook for new purchases, if they must be made under the contract system, is very bad. The last coal which the Department bought cost \$10 and \$10.10 per ton, and our purchasing agent has paid recently as high as \$12.25 for broken coal delivered at Riverside Hospital. Other City Departments have either failed to obtain any bids or contracts or have had bids from \$12 to \$15. It is our understanding from anthracite railway operators that all the coal they allow to go out must be distributed to the public in small quantities, so that we believe it to be impossible to purchase under contract. For that reason the consent of your Committee is asked for the passage by the Board of Aldermen of resolution No. 1497.

Respectfully,

ERNST J. LEDERLE, President.

HERBERT PARSONS, JAMES H. McINNES, WILLIAM T. JAMES, JOHN L. FLORENCE, JOSEPH A. BILL, Committee on Finance.

Which, on motion of Alderman Parsons, was made a special order for two o'clock P. M.

Resolved, That permission be and the same hereby is given to the Department of Health to purchase without public letting three thousand (3,000) tons of white ash anthracite coal for the uses of the Department in its hospitals for contagious diseases and in its office buildings in the different boroughs in the city, provided that the cost of the said coal shall not exceed in the aggregate the sum of thirty-five thousand (\$35,000) dollars.

Department of Health—City of New York,  
Southwest Corner Fifty-fifth Street and Sixth Avenue,  
Borough of Manhattan,  
New York, December 24, 1902.

P. J. SCULLY, Esq., City Clerk:

Sir—At a meeting of the Board of Health of the Department of Health, held this day, it was

Resolved, That, owing to the exceeding scarcity of coal and the failure of contractors under contract to supply the Department of Health with coal to live up to the terms of their agreements, the Board of Aldermen be and is hereby respectfully requested to authorize the Board of Health, pursuant to the provisions of section 419 of chapter 466 of the Laws of 1901, to contract for and purchase three thousand (3,000) tons of white ash anthracite coal at the lowest price obtainable in the open market without public letting, for the uses of the Department of Health in its hospitals for contagious diseases and office buildings in the different boroughs of The City of New York.

A true copy.

EUGENE W. SCHEFFER, Secretary pro tem.

No. 1499—(S. O. No. 66).

The Committee on Finance, to whom was referred on January 5, 1903 (Minutes, page —), the annexed resolution of the Board of Education requesting this Board to permit it to purchase, without public letting, coal and wood in the open market for the use of its Public Schools in the boroughs of Brooklyn and Queens, at an expense not to exceed fifty thousand dollars (\$50,000), respectfully

#### REPORT:

That, having examined the subject, they believe it proper to authorize such purchase, and they recommend the adoption of the resolution annexed, which has been drafted by the Committee. Your Committee are informed that when the Board of Education last spring first advertised for coal for the boroughs of Brooklyn and Queens, those who bid inserted clauses relieving the contractor from the duty of delivering coal in the event of a strike, and that because of the insertion of such clause the Board was, on the advice of the Corporation Counsel, compelled to reject the contracts. Your Committee are further advised that at the second advertisement there were no bids. It was accordingly necessary to purchase coal without public letting, and this Board, on the 7th day of October, passed a resolution authorizing the Board of Education to purchase coal without public letting in a sum not to exceed one hundred thousand (\$100,000) dollars. That sum is about exhausted, and we are accordingly called upon to authorize the use of a further sum in that manner. There is needed for the boroughs of Brooklyn and Queens from two to three thousand tons a month, and it is questionable whether this authorization will suffice, for at present prices this will purchase less than 5,000 tons. That it is needed there can be no doubt. The Board of Education is able to purchase in small amounts, but is, on that account, caused no inconvenience because the schools are so separated. It can contract for small amounts in different localities sufficient for the needs of those localities.

They therefore recommend that the annexed resolution be adopted.

HERBERT PARSONS, JAMES H. McINNES, WILLIAM T. JAMES, JOHN L. FLORENCE, JOSEPH A. BILL, JAMES E. GAFFNEY, Committee on Finance.

Which, on motion of Alderman Parsons, was made a special order for 2.10 o'clock p. m.

Board of Education,  
Park avenue and Fifty-ninth street,  
New York, January 2, 1903.

Hon. CHARLES V. FARNES, President, Board of Aldermen:

Dear Sir—I have the honor to advise you that at the meeting of the Executive Committee of the Board of Education held December 31, 1902, the following resolution was adopted:

Resolved, That the Board of Aldermen be and it is hereby requested to authorize the Board of Education, in accordance with section 419 of the Greater New York Charter, to purchase coal and wood in the open market for the use of the Public Schools in the boroughs of Brooklyn and Queens, provided the emergency requires the same, at an expense not to exceed \$50,000.

Respectfully,

A. EMERSON PALMER, Secretary, Board of Education.

Resolved, That permission be and it hereby is given to the Board of Education to purchase coal and wood without public letting for the use of the public schools in the boroughs of Brooklyn and Queens, at an expense not to exceed fifty thousand (\$50,000) dollars.

No. 1500—(G. O. No. 284).

The Committee on Finance, to whom was referred on January 5, 1903 (Minutes, page —), the annexed resolution in favor of permitting the Art Commission to draw one hundred dollars in advance for incidental expenses, respectfully

#### REPORT:

That, having examined the subject, they recommend the adoption of the resolution. This permission is similar to that granted almost every other Department, and allows the Comptroller to advance one hundred dollars at a time to the Commission for petty cash disbursements, but not to advance the second hundred until the first has been accounted for. Unless the City's employees are to advance the City's disbursements out of their own pockets this resolution is necessary. It was adopted as applicable to this Department heretofore, but it appears to have been limited by mistake to the year 1902, and so must again be adopted now.

Art Commission of The City of New York,

City Hall, New York City, December 24, 1902.

Hon. CHARLES V. FARNES, President of the Board of Aldermen, City Hall, New York:

Sir—Early in this year the Board of Aldermen passed a resolution authorizing the Art Commission to draw upon the Comptroller for the sum of one hundred dollars, from which to pay incidental expenses, and to renew this requisition from time to time. The resolution applied only to the year 1902, and it is therefore necessary, in order to continue this plan, which has been found most satisfactory, to ask the Board of Aldermen to pass another resolution of a similar character applying to 1903 and future years. A copy of the resolution is sent herewith, and the Art Commission hereby respectfully requests that favorable action be taken at the earliest possible moment.

Very respectfully,

JOHN DEWITT WARNER, President.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the office of the Art Commission said Art Commission may, by requisition, draw upon the Comptroller for a sum not exceeding one hundred dollars. The Art Commission may, in like manner, renew the draft as often as they may deem necessary to the extent of the appropriation set apart for "Expenses of Art Commission," but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the Art Commission covering the expenditure of money paid thereon.

City of New York,  
Department of Water Supply, Gas and Electricity,  
Nos. 13-21 Park Row,  
New York, January 15, 1902.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—In accordance with the provisions of section 453 of the amended Greater New York Charter, I desire to appoint a Chief Engineer of the Department of Water Supply, Gas and Electricity, in the boroughs of Brooklyn and Queens, with the powers conferred by said section of the Charter, and at a salary of \$7,500 per annum.

In my judgment, in view of the fact that the system of water supply for Brooklyn is entirely distinct from the supply upon which the boroughs of Manhattan and The Bronx depend, a Chief Engineer should be appointed to have control of the Brooklyn supply, and inasmuch as the water supply of Queens is drawn from the same general watershed, I think that Queens should be included with Brooklyn.

The importance of the appointment of a Chief Engineer for the boroughs of Brooklyn and Queens has been demonstrated by the experience of the last four years, and is recognized by experts who have studied the subjects of the Brooklyn and the Manhattan supplies, and is, in fact, evident to a large number of citizens. Inasmuch as the Chief Engineer will take the place and perform the duties of the present Engineer-in-Charge and of the present Engineer of Water Supply, whose salaries aggregate \$11,500 annually, it is evident that the creation of the proposed office of Chief Engineer will result in a saving of \$4,000 per annum.

Hence, I respectfully request that at as early a date as practicable, your Board authorize me to appoint a Chief Engineer of the Department of Water Supply, Gas and Electricity for the boroughs of Brooklyn and Queens. I have the honor to submit herewith the draft of a resolution for adoption by your Board.

Very respectfully,

J. HAMPDEN DOUGHERTY,

Commissioner of Water Supply, Gas and Electricity.

Resolved, That, in pursuance of section 453 of the amended Greater New York Charter, and the request made by the Commissioner of Water Supply, Gas and Electricity in his communication to this Board, dated January 15, 1902, authority is hereby given to him, on the part of this Board, to appoint a Chief Engineer of the Department of Water Supply, Gas and Electricity, in the boroughs of Brooklyn and Queens, with the powers conferred by said section of the Charter, and at a salary of seven thousand five hundred dollars (\$7,500) per annum.

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board for further consideration, resolution now in his hands.

Resolved, That, pursuant to the provisions of subdivision 8, section 188, of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the expenditure of three thousand dollars (\$3,000) by the Commissioner of Water Supply, Gas and Electricity for the purpose of erecting a drinking fountain for man and beast in the square at One Hundred and Sixty-ninth street and Boston road, in the Borough of The Bronx, said drinking fountain to be of a design and pattern to be approved by the Municipal Art Society.

AN ORDINANCE to regulate the price and quality of illuminating gas furnished in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:  
Section 1. Any corporation, association, company, copartnership or person shall not charge or receive for illuminating gas in the boroughs of Manhattan, Brooklyn and The Bronx, in The City of New York sums to exceed seventy-five cents per thousand cubic feet.

Sec. 2. The illuminating gas furnished by any such corporation, association, company, copartnership or person shall have an illuminating power of not less than twenty-two sperm candles of six to the pound, burning at the rate of one hundred and twenty grains of spermaceti per pound, tested at a distance of not less than one mile from the place of manufacture by a burner containing five cubic feet of gas per hour, and shall, as regards purity, comply with the standard now or hereafter established by law.

Sec. 3. For any violation of this ordinance the offender shall be subject to a fine of fifty dollars for each and every violation, to be collected in an action brought by Counsel to the Corporation.

Sec. 4. This ordinance shall take effect immediately.

Law Department, Office of the Corporation Counsel.  
New York, April 24, 1902.

To the Honorable the Board of Aldermen:

Gentlemen—I am in receipt of a communication bearing date April 15, 1902, from P. J. Scully, City Clerk, requesting me to advise the Board of Aldermen as to whether it has authority under the Charter to regulate the price and quality of illuminating gas.

It is a familiar rule of law, that a municipal corporation possesses, and can exercise, only those powers granted in express words or those necessarily or fairly implied in or incident to the powers expressly granted, or those essential to the declared objects and purposes of the corporation.

There is no express authority conferred by the Charter or by any other statute, which would enable the Board to prescribe the price or quality of illuminating gas to be used in this City. Nor do I think that the general powers conferred by sections 43 and 44 of the Charter in relation to the good government, order and protection of persons and property, the preservation of the public health, or the good rule and government of the City, necessarily or fairly imply any such authority. Certainly these provisions do not imply any authority to regulate the price.

I would also call your attention to the fact that by the very terms of the Charter the ordinances passed by the Board must be subject to the laws of the State. The Legislature has already regulated the price and prescribed the quality of illuminating gas within The City of New York. Chapter 385 of the Laws of 1897 fixes the price and quality of illuminating gas within the limits of the former City of New York, as it existed prior to 1895. And by section 522 of the present Charter further general provision is made in relation to the quality of illuminating gas.

In view of these facts, I am of the opinion that any action which the Board of Aldermen might take on these subjects would be beyond its powers.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

City of New York, Borough of Brooklyn,  
Department of Water Supply, Gas and Electricity,  
Office of Deputy Commissioner, Municipal Building, Room 28,  
Brooklyn, July 25, 1902.

Mr. P. J. SCULLY, Clerk of Board of Aldermen:

Dear Sir—Referring to recent resolution of the Board of Aldermen, a certified copy of which was transmitted to me by you, by which this Department was requested to place an electric light on Van Dyke street, between Richards and Dwight streets, I beg to say that a careful inspection of these premises shows a 1200 candle power electric light at the intersection of Richards and Dwight streets with Van Dyke street. This block is also lighted with three plain gas lamps. It would seem, therefore, that any additional lighting at this point would be unnecessary.

Yours truly,

ROBERT VAN IDERSTINE,

Deputy Commissioner of Water Supply, etc., Borough of Brooklyn.

The Committee on Salaries and Offices, to whom was referred on June 17, 1902 (Minutes, page 661), the annexed resolution in favor of authorizing the Commissioner of Water Supply, Gas and Electricity to employ a Consulting Hydraulic Engineer, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held June 13, 1902, adopted the following:

"Resolved, That the Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized, with the concurrence of the Board of Aldermen, to employ a Consulting Hydraulic Engineer to his Department of at least fifteen years' experience as a Civil Engineer; such employment to be for such period as the Commissioner may deem necessary, not exceeding in all three months; and that the fee and compensation to be paid to such Consulting Engineer shall not exceed the sum of twenty-five hundred dollars."

Resolved, That the Board of Aldermen hereby concurs in said resolution and authorizes the Commissioner of Water Supply, Gas and Electricity, to employ a Consulting Hydraulic Engineer to his Department of at least fifteen years' experience as a Civil Engineer; such employment to be for such period as the Commissioner may deem necessary, not exceeding in all three months; and that the fee and compensation to be paid to such Consulting Engineer shall not exceed the sum of twenty-five hundred dollars.

Department of Water Supply, Commissioner's Office,  
No. 1321 Park Row, City of New York.

January 20, 1902.

Hon. CHARLES V. FORNES, President of the Board of Aldermen:

Dear Sir—Under section 419 of the City Charter no expenditure exceeding one thousand dollars can be incurred by any head of department or other City officer for any particular subject unless the same is authorized by a three-fourths vote of the Board of Aldermen.

An emergency now exists which compels me to ask for such authorization.

The emergency has arisen in the following manner: The late Commissioner of Water Supply advertised for and had a public letting of bids for a contract for furnishing the pumping stations in the Brooklyn water system with coal for the year 1902. The lowest bidders were the firm of Curtis & Blaisdell, and their bid was transmitted by me to the Comptroller for his action as to the sufficiency of the sureties thereon. The Comptroller has returned the bid to me, with his approval of the sureties, but in the meantime Messrs. Curtis & Blaisdell have asked to withdraw their bid.

The supply of coal on hand for operating the pumping stations is sufficient for about twenty-five (25) days, and if complications should arise to delay the execution of the contract with Curtis & Blaisdell the delivery of coal thereunder might be delayed until the present supply had become exhausted. That would create a situation which should under all circumstances be avoided. The Brooklyn water supply should not be imperilled for the want of coal to operate the pumping stations. For these reasons I ask your Board, by resolution, to authorize me to make such purchases of coal, in excess of the sum of one thousand dollars, as in my discretion may be necessary to tide over this emergency.

I take the liberty of inclosing herewith a draft of the necessary resolution.

Very respectfully,

J. HAMPDEN DOUGHERTY,

Commissioner of Water Supply, Gas and Electricity.

Inclosure:

Draft of resolution.

Resolved, That in pursuance of section 419 of the Greater New York Charter the Commissioner of Water Supply, Gas and Electricity is hereby authorized to contract for and purchase coal for the operation of the pumping stations in the water system of the Borough of Brooklyn, in excess of one thousand (\$1,000) dollars, without advertisement and public letting, so far as may be necessary until a contract by advertisement and public letting can be made and deliveries of coal under the same can be effected.

Report of Committee on Salaries and Offices—

No. 1458—(S. O. No. 67).

The Committee on Salaries and Offices, to whom was referred, on December 23, 1902 (Minutes, page 1929), the annexed resolution, in favor of authorizing heads of Departments and Borough Presidents to appoint clubs, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be rejected.

No. 1458.

Department of Finance—City of New York,  
December 22, 1902.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith a certified copy of a resolution adopted by the Board of Estimate and Apportionment at its meeting held December 19, 1902, authorizing the heads of departments and Borough Presidents to appoint as many clerks and employees in each of the grades fixed by the Civil Service rules, the salaries of which have already been fixed, as they may, within the limits of their appropriations, from time to time determine to be necessary, together with a copy of the Corporation Counsel's opinion relative thereto.

I also send you herewith a form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very respectfully,

J. W. STEVENSON, Deputy Comptroller.

New York, December 16, 1902.

Hon. SETH LOW, Mayor:

Sir—I am in due receipt of your communication bearing date of December 11, which is as follows:

"The question has arisen whether, under the provisions of sections 56 and 1543 of the Greater New York Charter, the head of a department has power to appoint as many clerks or employees in each of the several grades as he may determine to be necessary, the salaries for said grades being already fixed, provided he keeps within the amount of his appropriation; if not, whether this course can be legalized by a resolution, general in form, of the Board of Estimate and Apportionment and of the Board of Aldermen. If the latter course seems necessary, please submit the form which, in your judgment, such a resolution should take."

The salaries of officers or persons whose compensation is paid out of the City treasury must be fixed by the Board of Estimate and Apportionment and the Board of Aldermen under section 56 of the Charter; but the salaries as fixed attach to the positions rather than to the particular persons occupying them.

To hold otherwise would involve the administration of the City government in endless confusion and require constant action on the part of the two boards.

The slightest change in the salary of any one person, whether by promotion or otherwise, would require their joint action, and a large part of the time of those boards would be taken up in passing on these matters.

It is provided in section 1543:

"The number of all officers, clerks, employees, laborers and subordinates in every department shall be such as the heads of the respective departments and Borough Presidents shall designate and approve, not exceeding the number limited by any ordinance of the Board of Aldermen. \* \* \* The salaries or wages of all such officers, clerks, employees, laborers and subordinates in every department shall be such as shall be fixed by the Board of Aldermen upon the recommendation of the Board of Estimate and Apportionment in the manner provided in this act."

I think that under this section the "number of all officers, clerks, employees, laborers and subordinates" also relates to the offices or employments held by them rather than to the particular persons holding such offices or employments, and the language of the portion of the section cited in reference to salaries or wages covers only the same ground as the corresponding provisions of section 56, but as the different kinds of employments are given somewhat more in detail, it shows still further the impossibility of fixing the salaries of individuals rather than of offices or positions.

Taking therefore the two sections together, I have no doubt that their true meaning is that the head of a department or a Borough President has power to appoint as many clerks or employees in each of the several grades as he may determine to be necessary—the salaries for said grades being already fixed—provided he keeps within the amount of his appropriation and within the number of such clerks or employees that may be limited by any existing ordinance of the Board of Aldermen.

Respectfully yours,

(Signed) G. L. RIVES, Corporation Counsel.

Resolved, That the Board of Aldermen hereby concurs in the following resolution adopted by the Board of Estimate and Apportionment, December 19, 1902:

"Resolved, That the Board of Estimate and Apportionment, the Board of Aldermen concurring, hereby authorizes each of the heads of departments and Borough Presidents to appoint as many clerks and employees in each of the grades fixed by the Civil Service rules, the salaries of which have already been fixed, as he may, within the limits of his appropriation, from time to time determine to be necessary."

ROBERT F. DOWNING, PATRICK H. MALONE, JOHN H. BEHRMANN, SAMUEL H. JONES, JOHN J. HAGGERTY, Committee on Salaries and Offices.

Which, on motion of Alderman Wafer, was made a Special Order for 2.30 p. m.

Subsequently, the hour of 2.30 o'clock having arrived, Alderman Downing called up the above report and moved its adoption.

The Vice-Chairman put the question whether the Board would agree to accept said report.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Dickinson, Diemer, Donohue, Doull, Downing, Gillies, Goldwater, Harburger, Jones, Kenney, Klett, Lundy, McCarthy, Malone, Marks, Nehrbauer, Schappert, Tebbetts, Twomey, Wafer and Whitaker—29.

Negative—Aldermen Devlin, Dowling, Florence, Goodman, Holmes, Howland, James, Leitner, Meyers, Parsons, Peck, Shea, Ware, Wentz, Willett, Wirth; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen—18.

On motion of Alderman Downing, the above vote was reconsidered and the matter was laid over as a special order for the next meeting, at two o'clock p. m.

Alderman Wafer contended at this point that the above report had received enough votes to pass it.

The Vice-Chairman held that inasmuch as this report of the Committee on Salaries and Offices carried with it a resolution that it required a vote of a majority of all the members elected to adopt it.

To the Board of Education:

The Committee on By-Laws and Legislation, to which was referred back the resolution presented by it (Journal, pages 1464-65) relative to the appointment of a Superintendent of Libraries, and fixing of his salary, respectfully reports that it has again considered the matter, and has decided to amend the resolution in question by eliminating the clause providing that the salary of the Superintendent of Libraries shall be paid from the Library Fund, which would appear to be in violation of law.

REPORT:

That, having examined the subject, they find that the temporary employees in the Tenement House Department for 1902 have not been paid, and whilst they would recommend the adoption of a resolution to provide for their salaries, they object to the passage of the resolution in its present form.

They recommend that the said resolution be returned to the Board of Estimate and Apportionment for modification on the lines suggested in this report.

20 temporary Typewriting Copyists at \$750 each per annum.

2 temporary Office Boys at \$300 each per annum.

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above temporary employees to be appointed to the Tenement House Department, as set forth therein.

The Vice-Chairman then put the question whether the Board would agree to accept said report.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Behrmann, Brenner, Bridges, Chambers, Devlin, Dickinson, Donohue, Doull, Gaffney, Haggerty, Harburger, Harnischfeger, Higgins, Howland, Jones, Kennedy, Kenney, Leitner, John T. Negative—Aldermen James, Mathews, Meyers, Seebeck, Shea, Ware, Willett, and the Vice-Chairman of the Board of Aldermen—8.

On motion of Alderman Doull, the above vote was reconsidered, and the paper was recommitted to the Committee on Salaries and Offices.

Alderman Devlin (by request) called up General Order 280, being a report and ordinance, as follows:

No. 1099—(S. O. No. 68).

The Committee on Buildings, to whom was referred on September 9, 1902 (Minutes, page 881), the annexed ordinance, to amend the Bay Window Ordinance, by striking out certain words therein,

#### REPORT:

That, having examined the subject, they recommend that the said ordinance be placed on file, and that the annexed substitute ordinance be adopted, for the following reasons: On July 22, 1902, the Board of Aldermen passed a general ordinance providing for the issuing of permits for the erection of bay windows projecting beyond the building line, which was signed by his Honor the Mayor on July 29, 1902. After this ordinance had been in effect for a few months, objectionable features were found not only by builders, who were the principal persons affected, but also by the departments under whose jurisdiction the permits were issued. These objections, together with the proposed changes in the ordinance in order that they might be obviated, were submitted by your Committee through its Chairman to the Corporation Counsel for his opinion. On November 3, 1902, and a reply was received December 22, 1902. The proposed changes are as follows:

First—The Borough Presidents are substituted for the Commissioners of Public Works, wherever the names occur in the ordinance, as the appointment of the office of the Commissioner of Public Works lies with the discretion of the Borough Presidents respectively, and the Corporation Counsel advises that the power to issue permits under these circumstances be given to the Borough Presidents.

Second—The requirement under section 2, that the payment for the permit be made by a certified cheque, has been eliminated, thereby allowing the applicant to pay in whatever way it may be most convenient.

Third—On account of the objection made to the rates charged in the original ordinance, section 3 has been revised, making the rate for what are commonly called "show windows," viz., windows which do not project more than one foot beyond the building line and are not carried higher than the sill course of the second-story windows, ten cents per square foot. This nominal charge is made on the advice of the Corporation Counsel, who states as follows:

"A show window projecting into a public street, without the proper authority therefor, would be a nuisance which must be abated by the City authorities. It is necessary, therefore, that such an encroachment should be authorized by the ordinance."

"The question as to the amount of compensation to be paid for the privilege of erecting a show window is the subject of legislative discretion. There seems to be no objection, therefore, in view of the criticism to which you refer, in providing for a nominal charge for the erection of such windows."

The rate for what are commonly called "bay windows" has been fixed in the revised ordinance at 10 per cent. of the assessed valuation per square foot of the property on which the bay window is to be erected; the application for the erection of the window being accompanied by a certified copy of the last assessed valuation of the property. This modification is an improvement upon the original, as it calls for a much less complicated plan or system of arriving at a license fee to be charged in each case, and it has the sanction of the Corporation Counsel.

Fourth—The requirement in section 5 that, upon the completion of the bay window, the applicant shall file a certificate from a City Surveyor, has been dispensed with, as it was found unnecessary.

Fifth—The modifications in sections 6 and 7 were made in order to overcome technical objections, and to make the meaning more clear. These changes have the sanction of the Corporation Counsel.

Sixth—Section 9 has been amended so that the moneys received shall be credited to the General Fund, instead of the Sinking Fund.

Your Committee believes that the changes above suggested, and incorporated in the substitute ordinance, are advisable and necessary, and they therefore recommend that the substitute ordinance be adopted.

FRANKLIN B. WARE, LEOPOLD M. HARBURGER, FREDERICK BRENNER, PETER HOLLER, O. M. HOLMES, JOHN C. KLETT, Committee on Buildings.

AN ORDINANCE amending "A General Ordinance providing for the issuing of permits for the erection of bay windows projecting beyond the building line."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. "A General Ordinance providing for the issuing of permits for the erection of bay windows projecting beyond the building line," which was adopted by the Board of Aldermen July 22, 1902, and approved by the Mayor July 29, 1902, be and the same is hereby amended by striking therefrom in the second paragraph of section 1, in the third line thereof, the words "show windows."

Sec. 2. This ordinance shall take effect immediately.

A GENERAL ORDINANCE providing for the issuing of permits for the erection of bay windows projecting beyond the building line.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Note.—New matter is underscored thus \_\_\_\_\_; old matter omitted is bracketed, thus ( ).

Section 1. The Borough Presidents (Commissioners of Public Works) and the Park Commissioners, having jurisdiction, shall issue permits for the erection of bay windows projecting beyond the building line, provided in the opinion of the Officer (Commissioner) having jurisdiction no injury will come to the public thereby. Permits for the erection of bay windows lying within any park, square or public place or within a distance of three hundred and fifty feet from the outer boundaries thereof, shall be issued by the Park Commissioner having jurisdiction, as provided in section 612 of the Charter, as amended by section 1, chapter 723 of the Law of 1901. Permits for the erection of all other bay windows shall be issued by the Borough President (Commissioner of Public Works) having jurisdiction.

For the purposes of this ordinance a "bay window" shall be taken to mean and include all projections on the face of a building in the nature of windows, such as are commonly called bay windows, show windows, oriel windows and bow windows, without regard to the material of which they are constructed or to the purposes for which they are to be used.

Section 2. Before the erection of any bay window projecting beyond the building line shall have been commenced, the owner or his duly authorized agent shall make application in writing to the Officer (Commissioner) having jurisdiction, on suitable blanks furnished by him, and shall state the length and width of the proposed bay window, the number of stories through which it is intended to be carried, and the number of square feet of area covered by that portion of the bay window projecting beyond the building line. Drawings showing the size of and area covered by the bay window, the number of stories through which it is proposed to be carried and its location in reference to the lot and building lines shall be submitted with each application, and for the purpose of computing the area covered by a bay window projecting beyond the building line the outside face of the bay, exclusive of cornices, pilasters, trims, etc., shall be the line taken as a basis of computation.

Each application for the erection of a bay window projecting more than one foot beyond the building line shall have indorsed thereon the consent of all the adjoining property owners within a distance of fifty feet from the centre of the bay window, on the same side of the street; meaning, thereby, so much of the side of a street as is unintersected by any other street on which it is proposed to be erected.

Each application shall be accompanied by (a certified check for) the amount of the compensation due the City for the privilege of erecting said bay window, as hereinafter provided.

Section 3. Each application for the erection of a bay window projecting more than one foot beyond the building line shall be accompanied by a certified copy of the last assessed valuation of the property on which said bay window is to be erected, which appears upon the books of the Department of Taxes and Assessments. Except as hereinafter provided the amount that shall be paid as a compensation to the City for the privilege of erecting each bay window shall be at the rate of 10 per cent. of the

assessed valuation per square foot of the property on which the said bay window is to be erected (not less than one dollar nor more than five dollars), for each and every square foot, or fraction thereof, of area covered by said bay window beyond the building line for each and every story through which it is carried. (The rate to be based upon the assessed valuation of the property as confirmed by the City authorities.)

If the projection of a bay window does not exceed one foot beyond the building line, and it is not carried higher than the sill of the second-story windows, the rate throughout The City of New York shall be ten cents for each square foot or fraction thereof of area covered by said bay windows beyond the building line.

(The Commissioners of Public Works and the Park Commissioners shall divide the City into districts, throughout which, in each district, the rate per square foot shall be uniform, the maximum rate being charged where the assessed valuation per square foot is the greatest, and the minimum rate where the assessed valuation per square foot is the least, the intermediate rates being proportioned accordingly.)

Section 4. Bay windows may be hereafter erected with a projection of not more than three feet beyond the building line, provided that when the projection exceeds one foot beyond the building line, the total number of feet in width occupied by all the bay windows on the same frontage of the same building shall not exceed seventy-five per cent. of the width of the frontage of the building on which they are located. When the total number of feet to width occupied by all the bay windows on the same frontage of the same building exceeds seventy-five per cent. of the width of the frontage of the building on which they are located, the projection shall not exceed one foot beyond the building line, nor shall the bay window be carried higher than the sill course of the second-story windows.

Section 5. Permits for the erection of bay windows shall be issued in duplicate, one of which shall be retained by the applicant, and kept at the building during the erection of the window, and the other shall be filed by him, with the plans for the construction of the window, in the Department of Buildings. (It shall be the duty of the applicant, upon the completion of the bay window, to file with the Commissioner issuing the permit a certificate from a City Surveyor stating the dimensions of said window, the number of square feet contained therein, and the number of stories through which it has been carried, as erected.) If it shall appear, upon completion (by said certificate, or otherwise), that the bay window occupies a greater number of square feet, or has been carried through a greater number of stories than shall have been paid for, the applicant shall pay twice the sum previously paid for each square foot of area, occupied by said bay window, over and above the number of square feet paid for originally.

Section 6. Permits granted pursuant to the provisions of this ordinance are revocable permits, and shall have the following clause printed thereon, viz.: "This permit is issued subject to revocation thereof at any time hereafter by the Board of Aldermen of The City of New York, upon the recommendation of the Officer (Commissioner) having jurisdiction, when the space occupied by said bay, or any portion thereof, may be required for any public improvement, or upon any violation of any of the terms or conditions upon which this permit is issued." A permit for the erection of a bay window shall be deemed to have expired when the bay window is taken down, and the space formerly occupied thereby shall no longer be used for the purpose for which the permit was issued, unless a permit for its reconstruction shall have been granted, as provided in section 7 of this ordinance. In case it is thereafter desired to erect a bay window on the said property, the applicant shall comply with all the provisions of this ordinance.

Section 7. Permits for the reconstruction of now existing bay windows as defined by this ordinance, and for the reconstruction of all bay windows which shall be hereafter erected under the provisions of this ordinance, shall be issued by the officer (Commissioner) having jurisdiction, without the applicant's obtaining the consent of adjoining property owners, as provided in section 2 of this ordinance; provided that the bay window, when reconstructed, shall have no greater projection or width, nor be carried through a greater number of stories, nor cover a greater area, than the window as originally constructed. And, further, provided that no fee shall be charged for the reconstruction of bay windows which have been erected under the provisions of this ordinance, or for which a fee has been paid for the privilege of erecting the same under the provisions of the laws in force at the time of the erection of the said bay window. The restrictions, specified under section 4 of this ordinance shall not apply to the reconstruction of now existing bay windows; but permits issued for the reconstruction of now existing bay windows, for which no fee has heretofore been paid, shall be paid for as provided in section 3 of this ordinance.

Section 8. Nothing herein contained shall be deemed to conflict with the provisions of the Building Code, and all bay windows for which permits are issued, under the provisions of this ordinance, shall be erected in accordance with all the provisions of said Code in regard to the kind and quality of materials used. No plans for the construction of a bay window as defined in this ordinance shall be approved by the Superintendent of Buildings until the permit is filed, as provided by section 5 of this ordinance.

Section 9. All fees received by the Borough Presidents (Commissioner of Public Works), or the Park Commissioners for the issuing of permits for the erection of bay windows shall be accounted for in proper books kept for that purpose, and shall be turned over by them to the City Chamberlain (Commissioners of the Sinking Fund) and credited to the General Fund (Fund for the Redemption of the City Debt).

Section 10. Any person, firm or corporation violating any of the provisions of this ordinance shall be liable to a fine of one hundred dollars (\$100) for each offense, and for ten dollars (\$10) for each and every day that such offense shall continue, which shall be duly sued for and collected.

Section 11. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Section 12. This ordinance shall take effect immediately.

Whereas, it is alleged that the Trustees of Bellevue and Allied Hospitals make a practice of assigning inmates committed to or in care of their institutions to position in which they perform labors which can be competently performed by only skilled mechanics, namely, that of plumbing, painting, carpentering and work of kindred trades; and

Whereas, This method of employing labor is contrary to the spirit of the manner in which public work should be performed, more particularly by The City of New York, in that such labor is compensated at the rate of only \$12.50 per month, wages largely at variance with those paid in private enterprise; therefore

Whereas, Section 15 of title 10 of chapter 583 of the Laws of 1888 provided for the cancellation of an assessment which upon the advice of Corporation Counsel is invalid and void, and

Whereas, By section 42 of the Charter of The City of New York, being chapter 466, Laws of 1901, it is provided that all of the powers or duties conferred or charged upon the Common Council of the City of Brooklyn shall be exercised and performed by the Board of Aldermen of The City of New York, subject nevertheless to the power of approval or disapproval by the Mayor of said city, as provided in said chapter, and

Whereas, By chapters 365, 449 and 451 of the Laws of 1894, the City of Brooklyn was made co-terminous with the County of Kings, and the rights, duties and privileges of the Board of Supervisors of Kings County devolved on the Common Council of the then City of Brooklyn, and

Whereas, Section 1 of chapter 655 of the Laws of 1892 provides in words and terms as follows: "Section 1.—The continuous highway extending from Ocean parkway through the towns of Flatbush and New Utrecht to the Shore road at Fort Hamilton, and known as Fort Hamilton avenue, shall, from and after the passage of this Act, be under the exclusive charge and management of the Park Commissioner of the City of Brooklyn, and shall be known as Fort Hamilton parkway. The said Commissioner shall make and enforce proper rules and regulations for the public use thereof; its subsequent maintenance shall be a charge upon the City of Brooklyn, and such amounts as the Park Commissioner of the City of Brooklyn shall from time to time determine to be necessary for the maintenance or improvements of the same, shall annually be raised by the Board of Supervisors of the County of Kings and collected in the taxes for the then current year and paid over to such Park Commissioner of the City of Brooklyn," and said Act has never been repealed, and

Whereas, Herebefore and prior to the 10th day of February, 1901, The City of New York caused to be laid on both sides of Fort Hamilton avenue in the Borough of Brooklyn, a flagged sidewalk extending from Bay Ridge avenue to Eighty-sixth street, and

Whereas, On or about February 19, 1901, The City of New York levied an assessment for the cost of said sidewalk on all the lands fronting in said Fort Hamilton avenue and within the streets above-mentioned, and that said assessment is now a lien and charge upon said lands, therefore be it

Resolved, That the question of the legality of the aforesaid assessment, in view of the Act last above-mentioned, be referred to the Corporation Counsel of the City of New York, with the request that he advise this body in the premises.

Resolved, That the Legislature of the State of New York be and it is hereby respectfully requested to draft and pass stringent measures compelling the gas companies of The City of New York to supply the people of said City with a quality of gas that will not be a menace to the life and health of consumers; and be it further

J. W. STEVENSON, Deputy Comptroller.  
(Copy.)

Brooklyn, December 17, 1902.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment, New York City:

Dear Sir—The lowest estimates for constructing six public comfort stations in this borough, which were received in response to advertisements duly published in the corporation newspapers on December 3 and December 17, exceed the appropriations of \$96,000 made by the Board of Estimate and Apportionment for that purpose.

The lowest bids received on December 3, 1902, when the estimates for constructing public comfort stations at (1) Fulton and Joralemon streets, (2) Flatbush avenue and Fulton street, and (3) Division avenue and Broadway, were as follows:

Fulton and Joralemon streets, bid of T. Dwyer.....	\$23,000 00
Flatbush avenue and Fulton street, bid of T. G. Carlin.....	22,950 00
Division avenue and Broadway, bid of T. Dwyer.....	23,000 00

Total .....	\$68,950 00
-------------	-------------

The lowest bids received on December 17, 1902, for constructing Public Comfort Stations at (1) Manhattan and Greenpoint avenues, (2) Hamilton avenue and Richards street, and (3) Liberty and East New York avenues, were as follows:

Manhattan and Greenpoint avenues, bid of John J. Ford.....	\$20,170 00
Hamilton avenue and Richards street, bid of John J. Ford.....	22,870 00
Liberty and East New York avenues, bid of T. G. Carlin.....	15,200 00

Total .....	\$58,240 00
-------------	-------------

The total amounts required for the above-mentioned purpose according to the lowest estimates are:

Total of bids opened December 3.....	\$68,950 00
Total of bids opened December 17.....	58,240 00

Total .....	\$127,190 00
-------------	--------------

Total appropriation .....	96,000 00
---------------------------	-----------

Total deficiency .....	\$31,190 00
------------------------	-------------

I would ask you to prepare a resolution to be presented to the Board of Estimate and Apportionment at its next meeting to cover the necessary additional appropriation of \$32,000.

Yours very truly,

(Signed) J. EDW. SWANSTROM,  
President, Borough of Brooklyn.

Law Department,  
New York, November 28, 1902.

Hon. J. EDWARD SWANSTROM, President Borough of Brooklyn:

Sir—I am in receipt of your communication of November 25, 1902, in regard to the matter of constructing and equipping two public baths in your borough, to be kept open and in operation all the year round.

It seems that some time ago the Board of Estimate and Apportionment and the Board of Aldermen authorized the issue of corporate stock of The City of New York to the amount of \$125,000 for the purpose of constructing and equipping the baths. After advertisement, and upon opening bids submitted in answer thereto, you found that the lowest bid submitted exceeded the appropriation by the sum of \$28,000. The Board of Estimate and Apportionment thereupon authorized the issue of additional stock to the amount of \$28,000, in order that the contract might be entered into.

At the meeting of the Board of Aldermen held on the 25th instant, you asked that body to concur in the resolution of the Board of Estimate and Apportionment in appropriating the additional amount, and the point was raised by one of the members that, inasmuch as the lowest bid exceeded the amount appropriated, it would be neces-

sary to readvertise the work. You desire to be advised whether or not such a course is necessary.

Under section 169 of the Charter, corporate stock of The City of New York issued for all purposes except those specifically mentioned in the section must be authorized by the Board of Aldermen with the approval of the Board of Estimate and Apportionment. I do not find in that section, or in any other contained in the Charter, any restraint upon the powers of the Board of Aldermen to increase the amount of an issue once authorized, provided, for any reason, the issue first authorized shall have proven insufficient.

I do not consider that in the case stated by you it will be necessary to readvertise for bids, if the original issue of corporate stock shall have been increased, and I am of opinion that you may award the contract for constructing and equipping the two baths to the lowest bidder already ascertained, after the Board of Aldermen shall have concurred in the resolution of the Board of Estimate and Apportionment.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of thirty-two thousand dollars (\$32,000) to provide additional means for the construction and equipment of public comfort stations in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 19, 1902, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding thirty-two thousand dollars (\$32,000), to provide additional means for the construction and equipment of public comfort stations in the Borough of Brooklyn, and that when authority shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of thirty-two thousand dollars (\$32,000), the proceeds thereof to be applied to the purposes aforesaid."

HERBERT PARSONS, JAMES H. MCINNES, WILLIAM T. JAMES, JOSEPH A. BILL, JOHN T. MCCALL, JOHN L. FLORENCE, JAMES E. GAFFNEY, Committee on Finance.

Which was decided in the affirmative by the following vote:

#### GENERAL ORDERS, RESUMED.

#### REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said resolution be adopted.

Department of Finance, City of New York,

July 31, 1902.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I herewith send you certified copy of a resolution adopted at a meeting of the Board of Estimate and Apportionment held on the 25th of July, 1902, approving of the application to the acquisition of apparatus, horses, hose and equipment of the proceeds of the bond issue of \$25,000, authorized by resolution dated June 13, 1902, at the request of the Board of Aldermen for the establishment, equipment and maintenance by the Fire Commissioner of The City of New York of a fire alarm telegraph system for the Borough of Richmond, together with a copy of a communication from the Fire Commissioner under date of July 22, 1902, relative thereto; also form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully yours,

J. W. STEVENSON, Deputy Comptroller.  
Headquarters Fire Department, City of New York,

July 22, 1902.

Hon. EDWARD M. GROUT, Comptroller of The City of New York, No. 280 Broadway, Borough of Manhattan:

Sir—I have the honor to transmit herewith, for the action of the Board of Estimate and Apportionment, at its meeting to be held on the 23d instant, draft of preamble and resolutions, the adoption of which will permit of the application to the acquisition of apparatus, horses, hose and equipment for the volunteer fire departments in the boroughs of Richmond and Queens, of the proceeds of the bond issues of \$25,000 and \$45,000, authorized by said Board, at the request of the Board of Aldermen, June 13 and 27, 1902, respectively, pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, for the establishment, maintenance and equipment of fire alarm telegraph systems in those boroughs.

The reason for the request in each instance is that during the five months remaining of the present year it will not be practicable advantageously to expend on fire alarm systems for these boroughs the moneys available for the purpose (\$50,300 in the case of Richmond and \$90,310 in the case of Queens), and that the demands of the volunteer service in the boroughs in question, in the way of new apparatus, horses, hose and equipment, for the adequate protection of life and property, are imperative and call for immediate recognition.

Yours respectfully,

(Signed) THOMAS STURGIS, Commissioner.

This practically divides the appropriation for these boroughs in halves between Telegraph System and Apparatus and Supplies.

Whereas, The Board of Estimate and Apportionment, at a meeting held July 25, 1902, adopted the following resolution:

"Whereas, The Fire Commissioner has notified this Board in communication dated July 22, 1902, that the public interests require that the proceeds of the bond issue of twenty-five thousand dollars (\$25,000), authorized at the request of the Board of Aldermen June 13, 1902, be applied to the purchase of apparatus, horses, hose and equipment for the volunteer fire service of the Borough of Richmond, instead of the purpose for which it was originally requested and authorized; therefore

"Resolved, That the Board of Estimate and Apportionment, subject to the concurrence of the Board of Aldermen, hereby approves of the application to the acquisition of apparatus, horses, hose and equipment of the proceeds of the bond issue of twenty-five thousand dollars (\$25,000), authorized and concurred in by said Board, by resolution dated June 13, 1902, at the request of the Board of Aldermen,

pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, for the establishment, equipment and maintenance by the Fire Commissioner of The City of New York of a fire alarm telegraph system for the Borough of Richmond."

Resolved, That the Board of Aldermen hereby concurs in said resolution and approves of the application to the acquirement of apparatus, horses, hose and equipment of the proceeds of the bond issue of twenty-five thousand dollars (\$25,000), authorized and concurred in by said Board, by resolution dated June 13, 1902, at the request of the Board of Aldermen, pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, for the establishment, equipment and maintenance by the Fire Commissioner of The City of New York of a fire alarm telegraph system for the Borough of Richmond.

JOHN WIRTH (Chairman), PETER HOLLER, JOHN V. COGGEY, CHARLES METZGER, JOHN L. GOLDWATER, Committee on Fire.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Diemer, Doull, Dowling, Florence, Goldwater, Holler, Holmes, Jones, Kenney, Klett, Leitner, Lundy, Malone, Marks, Mathews, Owens, Parsons, Richter, Schappert, Shea, Stewart, Twomey, Wafer, Ware, Wentz, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Swanstrom, Borough of Brooklyn; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen—42.

Alderman Malone moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative, and the Vice-Chairman declared that the Board stood adjourned until Tuesday, January 20, 1903, at 1 o'clock p. m.

P. J. SCULLY, City Clerk, and Clerk of the Board of Aldermen.

## MUNICIPAL EXPLOSIVES COMMISSION.

Proceedings of the Municipal Explosives Commission at meeting held on Tuesday, December 2, 1902, at 2 o'clock p. m.

Present—Commissioners Charlton, Eaton and Haskell.

On motion of Commissioner Haskell, seconded by Commissioner Charlton, Commissioner Eaton acted as Chairman pro tem.

A large number of gentlemen, interested in the proposed regulations governing the use of high explosives, were present. The Chairman stated that the Commission had formulated a tentative set of regulations bearing upon the manufacture, transportation, storage and use of high explosives, and, previous to the definite and final determination as to the form in which these regulations should be promulgated, it was the wish of the Commission to hear from the gentlemen present, as practical men, and it was for the purpose of hearing their suggestions that this public hearing was arranged. The Chairman further stated that the Commission would like to hear from the users of high explosives first, and would afterward give the manufacturers an opportunity to be heard.

On behalf of the users, the Commission was addressed by John Slattery, contractor; Eugene P. Clark, secretary of the Contractors' Protective Association; P. J. Travers, of the Metropolitan Street Railway Company, and George S. Balmer, contractor. After discussing various sections of the proposed regulations, upon the request of Mr. Clark, Mr. Slattery, Mr. Balmer and others, further consideration of the proposed regulations, from the users' point of view, was laid over until Wednesday, December 10, at 2 p. m.

On behalf of the manufacturers of high explosives, the Commission was addressed by T. L. Chrystie, of the Masurite Explosive Company, and Professor William McMurtree, representing the Explosive Manufacturing Company, of Elmira, N. Y.

There being no other persons present who desired to be heard, the public hearing was adjourned until Wednesday, the 10th inst., at 2 p. m.

Fire Commissioner Sturgis arrived during the foregoing discussion, and at his request Commissioner Eaton continued to act as Chairman.

Minutes of meetings held November 24, 25 and 28 were read and approved.

At the request of Commissioner Sturgis, Commissioner Eaton presided as Chairman of the meeting.

The continuation of the public hearing on the proposed regulations governing the use of high explosives, which had been adjourned from December 2, was announced. The Chairman stated that the adjournment of the hearing last week was for the purpose of giving the users of high explosives a further opportunity to examine the tentative regulations, which this Commission had prepared.

A representative of L. Ladin Kellogg, attorney for the Contractors' Protective Association, stated that the Contractors' Association had placed the matter in the hands of Mr. Kellogg, and requested a further adjournment on account of Mr. Kellogg being engaged in court. Mr. Clark, Secretary of the Contractors' Protective Association, stated that the Association had placed the matter in the hands of Mr. Kellogg. A member of the Contractors' Association stated that a committee which had been appointed by the Association to consider the regulations had called upon Mr. Kellogg, received his advice, and that Mr. Kellogg's representative was here to speak for them. After further discussion as to the practicability of a further adjournment, and none of the contractors or users of high explosives present (of whom there were several) having any suggestions or recommendations to make concerning the proposed regulations, the Chairman, after conferring with the other members of the Commission, announced that a further adjournment was impracticable; that the Commission was anxious to adopt and promulgate, as speedily as possible, regulations governing the handling, use, etc., of high explosives, and that the Commission would give Mr. Kellogg until the end of the week in which to file a brief, covering the views, recommendations and suggestions of the Contractors' Protective Association in relation to the proposed regulations as tentative adopted by this Commission.

On behalf of the manufacturers of high explosives the Commission was addressed by David M. Kirk, representing the Climax Powder Company; C. H. Dittmar, of the Dittmar Powder Company; Cyrus W. Perry, Fred L. M. Masury and T. Ludlow Chrystie, of the Masurite Explosive Company; Major Calhoun and Prof. Wm. McMurtree, representing the Explosives Company, of Elmira, N. Y.; Mr. Sampson, representing the Rend-rock Company; Mr. Gillett, of the Engineering News, and Mr. Fred Julian, of the Climax Powder Company. The public hearing was then closed.

Upon motion, duly seconded, the reading of minutes of meeting of December 2 was dispensed with.

### NOTICE TO CONTRACTORS.

### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable. Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Council, can be obtained upon application therefor at the office of the Department for which the work is to be done. It will be observed that of the pending cases 9,142 are actions brought to recover wages, being considerably upwards of half of all the pending proceedings. It will also be observed that of the proceedings begun during the quarter, 1,178 out of 2,258 are actions for wages.

I have already had occasion to call your attention to this state of affairs, and have informed you that I was endeavoring to obtain authoritative decisions from the courts which would dispose of a number of these cases. Since the close of the quarter the Appellate Division of the First Department has decided the case of Downs vs. the City, in favor of the defendant, thus reversing the adverse decision rendered last spring. If the views of the Appellate Division are sustained by the Court of Appeals, this will dispose of about seven hundred cases. Other appeals are pending, and it is hoped they will be determined at an early day.

The quarter under review covers the summer vacation, when the number of court proceedings are not large. For this reason and also for the reason that I shall shortly have occasion to make up the annual review of the work done by this Department, I defer any general discussion as to the results of our work, simply referring you for details to the appended schedules and special reports.

Respectfully submitted,

G. L. RIVES, Corporation Counsel.

## Bureau for the Collection of Arrears of Personal Taxes.

## Report of the Bureau for the Collection of Arrears of Personal Taxes.

Law Department of The City of New York,  
Bureau for the Collection of Arrears of Personal Taxes,  
No. 280 Broadway, New York,  
October 1, 1902.

Hon. GEORGE L. RIVES, Corporation Counsel:

Dear Sir—I beg to submit herewith a general summary of the work of this Bureau for the quarter ending September 30, 1902.

This Bureau has collected during the past quarter—

Personal taxes in arrears (inclusive of interest) amounting to .....	\$31,332 73
To which should be added costs collected during the quarter .....	1,045 21

Total collections during quarter.....	\$32,377 94
---------------------------------------	-------------

The following are the respective sums collected in taxes, interest and costs during each of the months of the quarter:

Taxes and interest collected during July, 1902.....	\$9,097 89
Taxes and interest collected during August, 1902.....	12,321 40
Taxes and interest collected during September, 1902.....	9,913 44
Costs collected during July, 1902.....	458 27
Costs collected during August, 1902.....	265 25
Costs collected during September, 1902.....	321 69

Total collections during quarter.....	\$32,377 94
Total collections for the two prior quarters.....	243,737 03

Making a grand total for the three quarters of the year....	\$276,114 96
---	--------------

During the quarter 1,494 actions were commenced; 108 answers were interposed; 381 actions were discontinued on affidavits and personal examination of defendants, showing no property out which a judgment could be collected; 117 actions were discontinued on payment; 24 actions were compromised with the approval of the Corporation Counsel and the Comptroller; 11 claims were filed with executors; administrators, assignees, etc.; 139 judgments were entered by default; 40 executions were issued.

No cases were moved or trial during the quarter owing to the vacation period of the Court.

During the past quarter an important test case was commenced by this Bureau to settle the question as to whether section 259 of the General Tax Law, which permits of supplementary proceedings to collect a personal tax in arrears, applied to The City of New York.

This proceeding was brought in the name of the County Treasurer, Elgin R. L. Gould, to collect a personal tax in arrears from the Kossuth-Marx Company. After the order in supplementary proceedings had been granted, a motion was made by the respondent corporation to vacate said order. The motion came up for argument before Mr. Justice Greenbaum, at Special Term, and after argument and submission of briefs an opinion was handed down in the City's favor, sustaining the City on all points, and holding that section 259 of the General Tax Law applied to The City of New York. The defendant has taken an appeal from the order, and the matter will probably come up before the Appellate Division for argument early in October.

Respectfully submitted,

MARTIN SAXE, Assistant Corporation Counsel.

In charge of the Bureau for the Collection of Arrears of Personal Taxes.

#### Change of Grade Damage Commission.

##### Change of Grade Damage Commission, Twenty-third and Twenty-fourth Wards. Report for Quarter Ending October 1, 1902.

October 1, 1902.

Hon. GEORGE L. RIVES, Corporation Counsel:

SIR—I submit a report of the work of the Change of Grade Damage Commission, Twenty-third and Twenty-fourth Wards, for the quarter ending October 1, 1902.

This Commission was established by chapter 537 of the Laws of 1893, amended by chapter 567 of the Laws of 1894 and other acts, and was given jurisdiction to hear and determine claims for damages caused by reason of changes of street grades to the real property abutting on such streets, provided the owners of such real property filed a claim with the Comptroller and a duplicate with the Corporation Counsel within a time limited (December 7, 1893). Nine hundred and ninety claims have been filed, in which the aggregate amount claimed exceeds \$4,000,000.

The area over which the Commission was given jurisdiction is limited to the area within which the grades were changed in connection with the separation of the track and street grades over the New York and Harlem Railroad, and extends from the Harlem river to Williamsbridge and from one to three blocks on both sides of said railroad.

At the time of my last quarterly report, July 1, 1902, the Commission had disposed of all of the cases before them, with the exception of twenty-one claims which had been previously dismissed by them and the orders of dismissal set aside. On June 30, 1902, Messrs. Stillings, Jackson & Bailey tendered their resignations as Commissioners, to take effect upon the appointment and qualification of their successors. On July 2, 1902, Messrs. William D. Leonard, James R. Burnet and John S. Wise, Jr., were appointed Commissioners by the Mayor and forthwith qualified as such Commissioners.

The new Commissioners proceeded immediately with the hearing upon the said twenty-one claims, reopened by their predecessors, which were the only claims pending before the Commission. After hearing argument and receiving evidence on the question of jurisdiction in all of those claims the Commission rendered a unanimous decision on August 22, 1902, declaring that they had no jurisdiction to hear or determine said claims. A schedule of said claims is attached hereto and made a part of this report.

On September 2, 1902, the Commissioners reported to the Mayor that the labors of the Commission had been concluded by the decision referred to, and tendered their resignations. These resignations were accepted on September 12, 1902, to take effect September 15, 1902, on which day the Commissioners went out of office.

On September 12, 1902, motion papers for a peremptory writ of mandamus against said Commissioners was served upon the Commissioners, which application is made to the Supreme Court by John F. Steeves, the claimant in Claim No. 565, one of the twenty-one claims in which the Commissioners determined they had no jurisdiction. The ground of the application is that the determination on the question of jurisdiction against the claimant is erroneous and the relief prayed for is a peremptory writ of mandamus to compel the Commissioners to hear and determine the claim.

The application is set for argument on the 8th day of October at Special Term, Part I. of the Supreme Court.

Four of the awards made by Messrs. Stillings, Jackson and Bailey, just prior to their resignations, are now being reviewed in certiorari proceedings instituted by the Comptroller and are now upon the calendar of the Supreme Court, Appellate Division, First Department, the argument being set for October 7.

With the exception, therefore, of the said five proceedings now pending in the Supreme Court, to review determinations of the Commission and any further proceeding which might be instituted to review the determination of the Commission in declaring they had no jurisdiction to determine the said twenty-one reopened claims, the work in connection with this Commission has been concluded.

Respectfully submitted,

ROBERT C. BEATTY, Counsel in Charge.
