No. 2077.

New York, June 13, 1905.

Hon. HERMANN KOCH, Alderman, Borough of Queens, New York:

DEAR SIR—As an introductory reference to this petition, I beg leave to cite the fact that a few years ago the Board of Aldermen officially changed the name of "Steinway avenue" (in former Long Island City) to "Tenth avenue."

The undersigned, representing those inhabitants of the present First Ward of the Borough of Queens who take a special interest in the political, industrial and moral welfare of that ward, herewith respectfully appeal to your Honor to bring about a rescission of the change and to re-establish the old denomination, "Steinway avenue."

May we be permitted to give a few reasons which prompt us to present this petition and recommend it to your kind consideration:

In the Borough of Manhattan we have some historical names perpetuated by changing some numbered avenues, or parts of it, as, for instance, "Amsterdam avenue, Columbus avenue, Lenox avenue and others." In the Borough of Queens we have avenues that run parallel with Steinway avenue, designated by proper names like "Van Alst avenue, De Bevoise avenue, Thompson avenue, Jackson avenue, Woolsey avenue" and many others.

Mr. William Steinway bought in 1872 four hundred acres of land in the north-easterly part of former Fifth Ward of Long Island City. He was the first settler in that vicinity, building factories and dwelling houses by the hundred. He advanced the money for erecting the first public school, for the City water works. He paid for teaching certain branches in the public school, built a kindergarten and a library, and donated to the Steinway Library 3,500 volumes of select literature. He put up the first large gas works, and equipped Long Island City with the surface railroad lines that are in existence to-day. He made very substantial donations toward building up the first church in the settlement and furnished a splendid and large standard stationary organ, and the Messrs. Steinway are contributing regularly toward the maintenance of the church.

The Postoffice Directory carries the name "Steinway" in its columns for a long period, and the extensive Steinway factories of to-day situated within one or two blocks from Steinway avenue, employ at least 800 men, the greater number of whom are residing in the near vicinity.

The public feeling toward the late Mr. William Steinway and the appreciation of his many acts of charity, as well as the vivid interest he took in the development of the late Long Island City, has prompted a number of citizens to unite in the endeavor to erect a monument to perpetuate the memory of the man who gave so much of his fortune and personal energy to achieve results which we see accomplished to-day.

As one of the Rapid Transit Commissioners of Greater New York he rendered unestimated service and donated the emoluments accruing from such services to the poor of New York.

The name of Steinway is honorably known all over the civilized world, and we would consider it an act of historic gratitude and civic appreciation towards Steinway to rebaptize Tenth avenue and continue to call it Steinway avenue. Through such an act the Honorable Board of Aldermen will do honor to itself and to the memory of one of the foremost citizens, and will reap the respect and gratitude of all those who take any interest in public affairs of the past and the present.

We subscribe ourselves,

Most obediently,

T. TEWES, Broadway and Steinway avenue, Long Island City, N. Y.

ADOLPH H. BULLARD, No. 442 Ditmas avenue, Steinway, L. I.

RUDOLPH BOEUEKE, Steinway and Flushing avenues, Long Island City.

JOSEPH GEISER, Steinway.

AUGUST VAN DER WALL, Steinway.

And many others.

In connection herewith Alderman Koch introduced the following:

Resolved, That the name of Tenth avenue, in former Long Island City, in the Borough of Queens, be and the same is hereby changed to and shall hereafter be known and designated as Steinway avenue, and the President of the Borough of Queens is hereby authorized and directed to make the necessary changes on the maps and records of The City of New York in accordance therewith.

No. 2081.

Department of Finance—City of New York,
June 26, 1905.

To the President of the Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment June 23, 1905, approving of the issue of Corporate Stock in the sum of \$5,640,000 to provide means for the improvement of the water supply system of The City of New York, as set forth in section 178 of the Charter, together with copy of report of the Engineer of the Department of Finance relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

J. W. STEVENSON, Deputy Comptroller.

June 2, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—Hon. John T. Oakley, Commissioner, Department of Water Supply, Gas and Electricity, in communication under date of May 16, 1905, transmits to the Board of Estimate and Apportionment report from the Office of the Chief Engineer of the Department, showing the estimate of money required to carry out the improvements to the Water Supply System in the Greater City. The Commissioner states that the proposed work affecting each borough is as follows:

Manhattan and The Bronx.....	\$3,665,000 00
Queens	230,000 00
Richmond	151,000 00
Brooklyn	5,090,000 00
Total	\$9,136,000 00

The Commissioner also requests the Board to authorize the issue of Bonds to the amount of \$9,136,000, to provide means to carry out the improvements as noted in the Chief Engineer's report.

I would report:

First—Boroughs of Manhattan and The Bronx.....	\$3,665,000 00
--	----------------

For convenience I will eliminate some of the detailed items as shown in the Chief Engineer's report, and divide the application into the following heads:

(a) One Hundred and Seventy-ninth Street Pumping Station—Enlarging and repairing certain appliances.....	\$255,000 00
(b) High Bridge Station—New boilers and engines, laying new mains in connection with enlarged pumping station.....	175,000 00
(c) 36-inch main from One Hundred and Seventy-ninth Street Pumping Station to Eighty-sixth street, Central Park.....	175,000 00

(d) Jerome Park Reservoir—New mains in order to use the reservoir when complete; one section could probably be used within a year	2,285,310 00
(e) 48-inch main from Old Reservoir, Central Park to Eighth avenue, south to West Tenth street.....	350,000 00
(f) Mains for local distribution.....	364,690 00
(g) Bronx, Byran Watershed.....	60,000 00
Total.....	\$3,665,000 00

From a careful examination of these items, in consultation with the Chief Engineer and Consulting Engineer Birdsall, I am led to believe that all of these items are necessary and eventually will have to be done, in order to provide an adequate water supply, but I do not think that all the work can be contracted for within a year, and would suggest the following allowances, which, in my opinion, are urgent and should be started as soon as possible, viz.:

One Hundred and Seventy-ninth Street Pumping Station—Enlarging and repairing certain appliances.....	\$200,000 00
Jerome Park Reservoir—New mains, etc., in order to use the reservoir when completed.....	1,400,000 00
48-inch main from Old Reservoir, Central Park to Eighth avenue, and On Eighth avenue, South, to Tenth street.....	350,000 00
Mains for local distribution.....	200,000 00
Total	\$2,150,000 00

Second—Borough of Queens..... \$230,000 00

Engineer's estimate:

Extension of water mains, Third Ward.....	\$118,316 00
Extension of water mains, First Ward.....	111,684 00
Total	\$230,000 00

In the Engineer's estimate, the number of houses on the proposed lines are given. While all lines may eventually be required, in my opinion, I think it will be sufficient, at present, to lay mains in streets, avenues and roads that have ten or more houses upon them. To provide for the laying of these mains, according to the Engineer's estimate, it would cost about \$100,000. I would recommend that this allowance be made.

Third—Borough of Richmond..... \$151,000 00

Engineer's estimate for Additional Water Supply (City's Plant) at Tottenville:

(a) New wells and an air lift system, complete, including all necessary air and water piping, air receiver and air compressor.....	\$20,000 00
(b) Two new pumping engines (low duty, triple type), each 1,500,000 gallons capacity	10,000 00
(c) Two new boilers, piping, etc.....	6,000 00
(d) New engine house.....	12,000 00
(e) Drain through grounds.....	3,000 00
(f) Water mains	100,000 00
Total.....	\$151,000 00

In view of the contract authorized by the Board of Estimate and Apportionment to purchase water from the Hudson County Water Company of New Jersey to supply the Borough of Richmond with filtered water, and the authorization by the Board of \$1,500,000 to provide for the laying of mains upon the island, I would recommend that no action be taken upon this application at present.

Fourth—Borough of Brooklyn..... \$5,090,000 00

The Chief Engineer, in his report, says:

"After making due allowance for the appropriation granted in 1904, the following is an estimate of the work to be done and the probable cost of the same:

1. New conduit from Massapequa to Ridgewood Reservoir.....	\$2,750,000 00
2. Remodeling Ridgewood engine house.....	650,000 00
3. Extension of distribution.....	200,000 00
4. A driven well plant within the borough limits, including a connecting main with the distribution system.....	275,000 00
5. Watts Pond Infiltration Gallery.....	100,000 00
6. Infiltration gallery at Oconee.....	200,000 00
7. Removing and relaying small tuberculated mains.....	200,000 00
8. Boundary trunk mains for the Mount Prospect system.....	170,000 00
9. Trunk mains through the old Long Island water supply system in the Twenty-sixth Ward	70,000 00
10. Additional hydrants on existing large mains.....	50,000 00
11. Filter beds for Valley Stream.....	75,000 00
12. Filter beds for Shodack brook and Pine's pond.....	50,000 00
13. Land on the watershed for protection from pollution.....	200,000 00
14. Coal sheds for the Millburn Pumping Station.....	100,000 00
Total estimated cost.....	\$5,090,000 00

I have taken up these items with the Chief Engineer and concur in his report that all of this work is necessary to provide for safely maintaining the water supply in an efficient and economical manner; but, in my opinion, a portion of the work may be deferred for an appropriation in 1906, and I would recommend the following be allowed at present:

New conduit from Massapequa to Ridgewood Reservoir.....	\$1,500,000 00
Remodeling Ridgewood engine-house.....	650,000 00
Extension of distribution.....	200,000 00
A driven-well plant within the borough limits, including a connecting main with distribution system.....	275,000 00
Infiltration gallery at Oconee.....	200,000 00
Removing and relaying small tuberculated mains.....	100,000 00
Boundary trunk main for the Mount Prospect system.....	170,000 00
Trunk mains through old Long Island water supply system in the Twenty-sixth Ward	70,000 00
Additional hydrants on existing large mains.....	50,000 00
Filter beds for Valley Stream.....	75,000 00
Land on the watershed for protection from pollution.....	100,000 00
Total.....	\$3,390,000 00

In conclusion, if the financial condition of the City warrants the expenditure, I would recommend that the Board of Estimate and Apportionment authorize the Comptroller to issue Corporate Stock, pursuant to section 178 of the Amended Greater New York Charter, to the amount of five million six hundred and forty thousand dollars (\$5,640,000) to provide for the improvements of the water supply system in the Greater City, estimated as follows:

Manhattan and The Bronx.....	\$2,150,000 00
Queens	100,000 00
Brooklyn	3,390,000 00
Total.....	\$5,640,000 00

Respectfully,

(Signed) EUG. E. McLEAN, Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of five million six hundred and forty thousand dollars (\$5,640,000), to provide means for the improvement of the water supply system of The City of New York, as set forth in section 178 of the Charter.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:
Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 23, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to the amount of five million six hundred and forty thousand dollars (\$5,640,000), to provide means for the improvement of the water supply system of The City of New York, as set forth in said section 178 of the charter, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five million six hundred and forty thousand dollars (\$5,640,000), the proceeds whereof to be applied to the purposes aforesaid and apportioned as follows:

"Boroughs of Manhattan and The Bronx.....	\$2,150,000 00
"Borough of Queens	100,000 00
"Borough of Brooklyn	3,390,000 00

One Secretary to Chairman of Board.....	1,500 00
One Overseer of Reformatory.....	1,800 00
One Special Parole Officer.....	1,400 00

—I beg to report as follows:

The request of the said Board would appear to be reasonable so far as the first three positions sought to be created and the salaries therefor.

The Board of Parole requires a Secretary to take charge of its office and manage its business generally. For the character of work demanded by such a position a salary of \$2,500 does not seem to be unreasonable.

The Secretary to the Chairman of the Board, at a salary of \$1,500 per annum, is to provide a Clerk or Secretary to the Commissioner of Correction in his work as Chairman of the Board of Parole, a Clerk necessary because of the fact that the work of the Chairmanship of the Board must often be during hours when the Commissioner is engaged with his regular departmental work. According to the statement of Commissioner Lantry, this said Secretary to the Chairman will act as the Stenographer at the meetings of the Board and will have charge generally of the work of the Board in connection directly with the Commissioner of Correction in those details which, through lack of time, cannot be attended to by the Commissioner himself.

According to the further statement of Commissioner Lantry the Overseer for the Reformatory must be a man not only competent to take charge of the discipline of the boys, but also to manage the shops and direct the shopwork of the inmates. In view of the obviously unusual requirements of such a position the suggested compensation of \$1,800 appears to be reasonable.

It is desired that all of these positions shall be classified as exempt positions because of the confidential character of the work to be performed. In reply to the suggestion of your Examiner relative to the position of Secretary to the Chairman of the Board, that such a position might be properly within the competitive classification, Commissioner Lantry insisted that the position must of necessity be confidential to such an extent that the appointment should not be from the competitive classified service.

In regard to the "Special Parole Officer," at a salary of \$1,400, it would seem to me that persons competent for such employment as is contemplated under the act creating the Board of Parole could be employed at a salary of \$1,200 and might reasonably be obtained in the manner usual for the appointment of City employees in the competitive classification.

Probation Officers in the City Courts are compensated at the rate of \$1,200 per annum. The Attendance Officers employed by the Department of Education are compensated at rates varying from \$900 to \$1,200 per annum.

I would, therefore, recommend that the request of the Board of Parole for the appointment of one Secretary to the Board at \$2,500, one Secretary to the Chairman of the Board at \$1,500 and one Overseer of Reformatory at \$1,800, be approved, all the appointments to be in the exempt class, and that the appointment of one Special Parole Officer at \$1,200 be approved, pending preparation of a Civil Service eligible list for said position.

Although not directed to report thereon at this time, I beg to respectfully call your attention to the provisions of chapter 305 of the Laws of 1905, which amends chapter 627 of the Laws of 1904, the latter being the law under which the Board of Parole was first organized.

In a report to you under date of December 16, 1904, copy of which is attached hereto, I called your attention to the fact that said chapter 627 of the Laws of 1904 was loosely drawn as regards the financial administration of the institution. This law as amended during the present year does not seem to fully meet the objections which appeared in the original law, namely, that there is no provision in the law as to whether the appropriations or bond issues provided for the work of the Board

shall be administered as part of the funds of the Commissioner of Correction or as exclusively under the direction of the Board of Parole.

The only changes which chapter 305 of the Laws of 1905 makes in chapter 627 of the Laws of 1904 are the addition of part of a paragraph, as follows:

"The Board of Estimate and Apportionment of The City of New York may annually appropriate such money as it deems proper to carry out the purposes of this section, and for the purpose of meeting such appropriation for the year nineteen hundred and five the said Board of Estimate and Apportionment may direct the Comptroller of the City to issue the necessary Revenue Bonds."

—and the elimination of section 2, so far as it relates specifically to Queens County. The amended law retains the following clause:

"The Comptroller of The City of New York * * * shall prepare and issue Corporate Stock of The City of New York for the purpose of providing for and paying out such sums of money as may be necessary to establish and maintain the said reformatory in accordance with the provisions of this act."

The maintenance of a public institution out of the proceeds of the issue of Corporate Stock would appear to be unusual.

Yours respectfully,

(Signed) CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment at a meeting held June 23, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the following positions, in addition to the positions already established, under the jurisdiction of the Department of Correction, be established with salaries as follows:

Whereas, We find that it is but doing justice to the men who in their youth risked their lives that the Union might live and the Stars of Old Glory remain undivided; therefore be it

Resolved, That all employees of The City of New York who are veterans of the Civil War be allowed six days' time with pay, from September 4 to September 9, 1905, inclusive, in order that they may attend the annual encampment of the Grand Army of the Republic, which is to be held in the City of Denver, Colorado, during the week beginning September 4, 1905; and be it further

Bassett, Thompson & Gilpatric, Attorneys and Counsellors at Law,
No. 277 Broadway, New York,

June 23, 1905.

JOHN HANN, Esq., No. 646 Park place, Brooklyn, N. Y.:

Dear Alderman Hann—To-day the Board of Estimate passed the resolution making Newkirk avenue 60 feet on the map instead of 70 feet. You will remember that heretofore the resolution to asphalt this street from Coney Island avenue to Flatbush avenue passed both the Local Board and the Board of Estimate. Some time ago, with your permission, I sent you forms or suggestions of two ordinances, one fixing the width of roadway at 28 feet, and the other removing fence and stoop privileges, thus requiring all constructions to be within the property line. Engineer Lewis favors both of these propositions, and as far as I have been able to ascertain they are unanimously desired by the people along the street. You wrote me that as soon as the Board of Estimate had narrowed the street from 70 feet to 60 feet on the map, you would introduce these two resolutions in the Board of Aldermen. I inclose a new copy of my former suggestions. On account of the large trees on Newkirk avenue, this fixing of the roadway at 28 feet will be a great benefit. I will gladly furnish any further data, or, if the subject is committed, will appear to give full facts and figures if desired. We greatly wish to have the asphaltting begun this season, and any favors that you can do for us in this direction will be very much appreciated.

With best wishes, I am,

Yours very truly,

E. M. BASSETT.

By Alderman Hann—

Board of Estimate and Apportionment,
City of New York,
June 17, 1905.

Hon. JOHN HANN, No. 646 Park place, Brooklyn:

Dear Sir—The Prospect Park, South, Association is very anxious to add to the beauty of the neighborhood by erecting a pair of ornamental pillars, or columns, at each of the streets by which access is had to this district, and while they would be so placed as to offer no obstruction whatever to the free use of the streets, we would like to place them between the curb line and the cement sidewalks in a grass plot five feet in width. We would keep them entirely off the bounding avenues or roads, and the only technical encroachment would be upon those streets which pass through the territory known as Prospect Park, South. The columns will be attractive in appearance, and we think that they will add greatly to the beauty of the neighborhood.

This, I think, would require the permission of the Board of Aldermen, and I beg to ask if you cannot consistently offer a resolution giving the necessary permission. I have taken the liberty of drafting a resolution of this kind, and I hope that you and the other members of the Board will see no objection to it, and that it can be adopted before the Board adjourns for the summer.

Yours respectfully,

NELSON P. LEWIS.

Resolved, That permission be and the same is hereby given to the Prospect Park, South, Association to erect two (2) ornamental pillars, or columns, between the curb-line and the sidewalk flagging at each of the following streets, viz.:

On the northerly side of Beverly road, at Marlborough road, Rugby road, Argyle road, Westminster road and Stratford road; on the southerly side of Church avenue, at Buckingham road, Marlborough road, Rugby road, Argyle road, Westminster road and Stratford road; on the easterly side of Coney Island avenue, at Albemarle road, in the Borough of Brooklyn; the work to be done at the expense of the Prospect Park, South, Association and under the direction of the President of the Borough of Brooklyn.

Which was adopted.

No. 2107.

By President Ahearn—

City of New York,
The Superintendent of Buildings,
June 22, 1905.

Hon. John F. Ahearn, President of the Borough of Manhattan:

Dear Sir—The enforcement of the new laws, known as the Raines and Ambler laws, requires the services of this Bureau, in connection with the Excise Department. I find that a great amount of additional work is imposed upon us by these laws. With the large amount of regular work this Bureau finds itself very much in need of additional help. During the past five months this Bureau has had more work to do than in any previous five months during the past ten years, and I am therefore obliged to appeal to you for the following additional help:

- 10 Inspectors of Masonry and Carpentry.
- 8 Inspectors of Iron and Steel Construction.
- 10 Elevator Inspectors.
- 5 Plumbing Inspectors.

—at \$1,800 per annum, which will amount to \$59,400.

Further, I would ask for an increase in pay of the present one hundred Inspectors from \$1,200 to \$1,800, amounting to \$60,000.

I also ask you to increase the salaries of the Chief Engineer from \$3,000 to \$4,000, and four Assistant Engineers from \$2,250 to \$2,400; Chief Inspector of Buildings from \$3,000 to \$4,000, making a total increase of \$122,000.

Our appropriation for this year was \$235,050. With the additional help and increase this Bureau would want for the ensuing year on the foregoing basis \$357,050.

In view of the work ahead for this Bureau, which is increasing daily, and with the desire to carry out the laws and ordinances to the satisfaction of the public, and knowing from experience that good results cannot be obtained for any less money or with any less men than this letter asks for, I hope it will receive your favorable attention.

Yours respectfully,

ISAAC A. HOPPER,

Superintendent of Buildings, Borough of Manhattan.

Whereas, The passage of the Raines and Ambler Laws have imposed additional duties upon the Bureau of Buildings in connection with the inspection of buildings that are used and maintained for hotel purposes under the provisions of the said laws; and

Whereas, The present force of inspectors of the Bureau of Buildings of the Borough of Manhattan is not sufficient to enable the Superintendent of Buildings to properly discharge the additional duties imposed upon him by the enactment of these laws; therefore

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of \$61,000 for the purpose of providing for the employment of additional inspectors and for increasing the compensation of the present force of Inspectors, Chief Inspector, Chief Engineer and Assistant Engineers of the Bureau of Buildings of the Borough of Manhattan.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Supervisor of the City Record:

No. 2109—(S. O. No. 140).

The City of New York—Board of City Record,
Office of the Supervisor,
June 27, 1905.

The Honorable the Board of Aldermen, The City of New York:

Gentlemen—At a meeting of the Board of City Record, held June 22, 1905, the Supervisor was directed to forward to you the inclosed communication, with a request that immediate action be taken in order that the work of delivering supplies to the various City departments may go on without interruption.

Very respectfully,

PATRICK J. TRACY, Supervisor of the City Record.

The City of New York—Office of the Supervisor,
June 26, 1905.

The Honorable, the Board of City Record:

Gentlemen—I respectfully urge that you approve this application to the Board of Aldermen requesting the said Board to pass a resolution which will exempt from the provisions of section 419 of the Charter a contract to be made for the transportation of the articles to be conveyed from this office to the different City departments in the boroughs of Manhattan, The Bronx, Brooklyn and Queens. The reasons for this exemption I respectfully submit as follows:

First—The articles transported from this office to the different City departments are almost entirely of a perishable character, consisting of books, paper and glassware, which must be protected from rain and dampness during transportation.

Second—As the driver to be supplied by the contractor must be a competent man, I respectfully urge that I should be permitted to pass upon his qualifications. I also urge that I be permitted to pass upon the wagons and team of horses to be furnished by the contractor, or substitute to be provided when necessary.

Third—Because it frequently occurs that the books transported from this office are of great value, involving an expense of several thousand dollars.

I therefore urge that this application be approved and submitted to the Board of Aldermen with the draft of the resolution herewith submitted.

Very respectfully,

PATRICK J. TRACY,
Supervisor of the City Record.

Approved:

George B. McClellan, Mayor.
John J. Delany, Corporation Counsel.
Edward M. Grout, Comptroller.

Whereas, It appears from a communication from the Supervisor of the City Record, duly approved by the Board of City Record, that the contractor who will carry the articles transported from the office of the City Record to the different City departments in the boroughs of Manhattan, The Bronx, Brooklyn and Queens must supply a competent driver, wagon and team for the transportation of valuable books, papers and glassware, which must be carefully conveyed and protected, it is hereby

Resolved, That the Board of City Record be and hereby is authorized to let a contract, from time to time, as the Board may deem advisable, without public letting and submission of bids, for the transportation of articles from the office of the Supervisor of the City Record to the different City departments and branches thereof situated in the boroughs of Manhattan, The Bronx, Brooklyn and Queens. And the said Board of City Record is further authorized and directed to require the contractor to furnish an adequate bond for the proper performance of the contract.

Unanimously adopted by the Board of Aldermen March 8, 1904, three-fourths of all the members elected voting in favor thereof.

Approved by the Mayor, March 11, 1904.

P. J. SCULLY, City Clerk.

Whereas, It appears from a communication from the Supervisor of the City Record, duly approved by the Board of City Record, that the contractor who will carry the articles transported from the Office of the City Record to the different City departments in the boroughs of Manhattan, The Bronx, Brooklyn and Queens must supply a competent driver, wagon and team for the transportation of valuable books, papers and glassware, which must be carefully conveyed and protected, it is hereby

And the said Board of City Record is further authorized and directed to require the contractor to furnish an adequate bond for the proper performance of the contract.

Which was made a Special Order for the next meeting, at 2:15 o'clock p. m.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon as provided in section 1016 of the Greater New York Charter.

Said section provides that, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

All those certain lots of land, with the improvements thereon erected, bounded and described as follows: Beginning at a point on the westerly side of Elm street distant 25 feet northerly from the northwesterly corner of Elm street and Leonard street; running thence westerly parallel with Leonard street 45 feet 9 inches; thence northerly 25 feet; thence again westerly 43 feet 6 inches; thence northerly 30 feet 9 inches; thence again westerly 5 feet; thence again northerly 19 feet 3 inches; thence easterly 5 feet; thence again northerly 25 feet; thence easterly 90 feet to the westerly side of Elm street; and thence southerly along the westerly side of Elm street 100 feet to the point or place of beginning, be the said several dimensions more or less. The sale of the said premises is made upon the following

TERMS AND CONDITIONS:

The highest bidder will be required to pay ten (10) per cent. of the purchase money and the auctioneer's fee immediately after the sale; thirty (30) per cent. upon the delivery of the deed within thirty days from the date of sale; and the balance, sixty (60) per cent. of the purchase money, or any portion thereof, may remain at the option of the purchaser, on bond and mortgage for five years, with interest at the rate of six per centum per annum, payable semi-annually, the mortgages to contain the customary thirty days' interest and ninety days' tax and assessment and insurance clauses.

The bond and mortgage may be paid off at any time within the term thereof on giving thirty days' notice to the Comptroller, or it may be paid by installments of not less than five thou-

sand dollars on any day when the interest is due, or on thirty days' notice. The bond and mortgage will be prepared by the Counsel to the Corporation, and the sum of twelve dollars and fifty cents will be charged for drawing, acknowledging and recording each separate mortgage. If more than one lot of land is included in any mortgage, the whole mortgage must be paid off before any release can be given by the corporation, as a release of any part of the premises included in a mortgage to the corporation is forbidden by law.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the party who may fail to comply therewith will be held liable for any deficiency that may result from any such resale.

The right is reserved to reject any and all bids. Maps of said real estate may be seen on application at the Comptroller's Office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

AN ORDINANCE granting to the Atlantic Telephone Company the right or franchise to lay, erect and construct in, upon and along the streets and highways and public places in The City of New York, wires or other conductors, etc., for the purpose of carrying on a general telephone, telegraph and teleautograph business.

Be it Ordained by the Board of Estimate and Apportionment of The City of New York as follows:

Section 1. The Board of Estimate and Apportionment of The City of New York hereby grants to the Atlantic Telephone Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to lay, erect, construct and maintain suitable wires or other conductors with the necessary poles, pipes, conduits and appliances in, over, across and under the streets, avenues, highways, parks and public places within the territory comprised in the Borough of Manhattan, the Borough of The Bronx, the Borough of Brooklyn, the Borough of Queens and the Borough of Richmond, and each of them as now constituted (or within the limits of The City of New York), for the following objects or purposes, to wit, for conducting and distributing electricity in the operation of telephone, telegraph and teleautograph lines within the territory bounded as aforesaid.

Sec. 2. The grant of this franchise is subject to the following terms and conditions:

First—The right, privilege and franchise herein granted shall be held and enjoyed by said Atlantic Telephone Company, its lessees, successors

or assigns, for a term of twenty-five years from the date when this ordinance is signed by the Mayor, with the privilege of renewal of said grant or franchise for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise. Such revaluation shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the Atlantic Telephone Company, its successors or assigns; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation without the presence of either party. They shall have the right to examine the books of the Atlantic Telephone Company. The valuation so ascertained, fixed and determined shall be conclusive upon both parties.

Second—The Atlantic Telephone Company shall not make a charge for telephone service within the Borough of Manhattan, in The City of New York, in excess of the following rates, namely:

(a) Five cents per call where there is no guarantee by a subscriber to pay a fixed sum per annum.

(b) Sixty-six dollars (\$66) per annum for unlimited service where the telephone instrument is located in a private residence.

(c) One hundred and eight dollars (\$108) per annum for unlimited service where the telephone instrument is located in a place of business.

Third—Payment for this franchise shall be made to The City of New York by the Atlantic Telephone Company, its successors or assigns, in the manner following: It shall pay to the said City of New York for the first two years a sum equal to one per centum; for the next three succeeding years a sum equal to two per centum, and for the remaining twenty years thereafter a sum equal to four per centum, upon the gross sum received by the said Atlantic Telephone Company during said years for telephone, telegraph or teleautograph service rendered to its commercial or domestic customers within the territory bounded as aforesaid, and the Atlantic Telephone Company shall furnish and install in the various municipal offices, for the use of City employees, free telephones to a number not to exceed five hundred telephones; that the telephone service of such telephones shall be free. The aforesaid sum shall be paid into the Treasury of The City of New York on November 1 in each year; provided, however, that the first payment shall only be made for that portion of the above sum as the time from the signing of this ordinance by the Mayor to September 30 next preceding shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment.

Fourth—The said Atlantic Telephone Company, its successors or assigns, shall maintain the business for which it was incorporated, and construct, maintain and operate its wires, conductors, poles, pipes, conduits and appliances in, over, across and under the streets, avenues, public parks and places within the territory above described, under the supervision and control of all of the authorities of The City of New York who have jurisdiction in such matters under the Charter of said City.

Fifth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel of said City at the request of the Board of Estimate and Apportionment.

Sec. 3. This grant shall not become operative until said Atlantic Telephone Company shall duly execute under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within ten days after the adoption of this ordinance.

Sec. 4. This ordinance shall take effect immediately.

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Atlantic Telephone Company, dated May 31, 1905, was presented to the Board of Estimate and Apportionment at a meeting held the 2d day of June;

Resolved, That, in pursuance of law, this Board sets Friday, the 30th day of June, 1905, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, in the Borough of Manhattan, as the time and place when and where such petition shall be first considered and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published at least twice in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD, immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
