MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Haggerty asked and obtained unanimous consent to introduce the following:

No. 1327.

Resolved, That the proposed ordinance granting to the Bush Terminal Railroad Company the right or franchise to construct and operate a street surface railway in, upon and along certain streets, avenues and highways of The City of New York, which was received from the Board of Estimate and Apportionment on January 2,

1905, be published in the CITY RECORD for at least twenty (20) days and twice in two daily newspapers to be designated by his Honor the Mayor.

Resolved, That the said ordinance be made a special order for the consideration of the subject matter thereof, as provided in section 48 of the Greater New York Charter, for this day, at 2 o'clock P. M.

Which was adopted.

PETITIONS AND COMMUNICATIONS.

No. 1328.

Louis A. Cuvillier, Attorney and Counsellor at Law,
No. 229 Broadway, Borough of Manhattan,
New York, December 21, 1904.

Hon. CHARLES V. FORNES, President, Board of Aldermen, City Hall:

Dear Sir—Please find inclosed copy of an ordinance that I desire to have introduced at the next meeting of the Board of Aldermen, and referred to the proper committee. I believe that this ordinance, if passed, will prove a benefit to the people of The City of New York, and compel the railway companies to respect the people's rights as well as the rights of their property in case of delay caused by accident or derailment, and also compel the railroads to carry passengers to their destination, as well as forbidding the railway companies to accept fares from passengers while their trains are stalled by reason of accident or derailment, thereby causing passengers a great deal of inconvenience. I remain

Yours very truly,

LOUIS A. CUVILLIER.

AN ORDINANCE regulating the carrying of passengers on the surface, elevated and subway cars in The City of New York, the returning of fares paid and no fares to be collected during accidents or derailment, recovering penalty for the violation of this act.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Hereafter no street railway companies or elevated railroad or railway companies or any underground railroad or railway companies operating in The City of New York and carrying passengers, shall refuse to refund any fare or fares paid by any passenger or passengers for any passage on said street railway company or elevated railroad or railway companies or underground railroad or railway companies, when the said passenger or passengers are not carried to their destination; any said street railway companies or elevated railroad or railway companies or underground railroad or railway companies refusing to refund said fare so paid by said passenger or passengers shall be liable to a fine of fifty dollars (\$50).

Section 2. Hereafter no street railway company or elevated railroad or railway companies or underground railroad or railway companies, by reason of any accident, derailment or collision shall accept any fare or fares from any passenger or passengers on said line or lines while said accident, derailment or collision exists; any said street railway company or elevated railroad companies or underground railroad or railway companies accepting any fare or fares from any passenger or passengers while said accident, derailment or collision exists, shall be liable to a fine of \$50.

The penalty to be recovered for the violation of this ordinance shall be recovered by any person grieved thereby, by action instituted, on due proof and legal testimony, before any Municipal Court in The City of New York, according to the rules of the Municipal Court so made and provided.

This act to take effect immediately.

No. 1329.

At a regular meeting of the Queens County Democratic Committee, held at Nos. 11 and 13 Davis street, Long Island City, on December 30, 1904, the following resolution was unanimously adopted:

Whereas, Corporations in their greed for gain have by combination and otherwise placed themselves in position to, and are exacting exorbitant prices for the supplying of water, gas and electricity from the municipality of the Greater New York, and from the inhabitants thereof; and

Whereas, It has been shown by experiment that water, gas and electricity can be furnished by the municipality at much less expense than is now exacted by said corporations; therefore be it

Resolved, That we, the members of the Queens County Democratic Committee of the County of Queens, deeming it for the best interests of the municipality, do hereby earnestly recommend that action be taken for the acquiring by the City of suitable water, gas and electric plants, either by condemnation of the existing plants or the construction of new ones for the supplying of water, gas and electricity; and be it further

Resolved, That a copy of the foregoing preamble and resolution be transmitted to the members of the Board of Estimate and Apportionment, the Board of Aldermen and the legislative members of the County of Queens.

JOS. CASSIDY,

Chairman, Queens County Democratic Committee.

Nos. 16 and 18 Exchange Place, New York,
January 7, 1905.

To the Honorable the Board of Aldermen of The City of New York, City Hall, Borough of Manhattan, New York City:

Gentlemen—I have carefully read the proposed ordinance granting to the Bush Terminal Railroad Company the right or franchise to construct and operate a street railway in the Borough of Brooklyn, City of New York, as published in the CITY RECORD of January 6, 1905, and while the document seems to be carefully drawn, yet to my mind, it omits a very important and necessary clause, and that is, that during inclement weather, say from October to April 1, the Company shall be required to use cars with vestibules in front and rear for the protection of the motormen and conductors, and that in case of failure, a penalty shall be imposed for each car which shall be used without being equipped with such vestibules.

When one observes the suffering and hardship the motormen and conductors, especially the motormen, on the street railway lines, are subjected to, during the cold weather, oftentimes riding directly in the teeth of a howling and blinding storm, benumbed from cold and exposure in body and mind and thus being incapacitated from properly fulfilling their duties and thereby placing in jeopardy the lives of the passengers, to say nothing of the sickness and death resulting to these employees with resulting want and privation brought home to their families, it seems to me that the time has come when provision should be made by the City authorities, looking to the incorporating and enforcement of such a clause in all franchises granted to street railway companies and making it a condition precedent to the granting of such franchises.

I have no doubt your Honorable Body is fully alive to the welfare of its constituents, as constituted by these employees, which number into the thousands, and fully sympathize with them and is ready to assist the public which is compelled daily to view these hardships and yet is entirely helpless to offer any assistance to remedy this condition except by petitioning your Honorable Body for relief.

There is no reason why this condition should be allowed to be continued, as the cost of providing these vestibules is trifling and when compared with the more satisfactory handling of the business and the health of the employees and the safety of the passengers, is not to be considered at all.

The street railway system in almost every city in the United States, with the exception of The City of New York, has its cars equipped with these vestibules and there is no good reason, in my opinion, why this great City of New York should be behind the small cities of the West, and allow its citizens, i. e., the motormen and conductors, to be treated as if they were figures of iron and steel instead of being men with flesh and blood who feel exposure the same as other mortals do.

Therefore, I beg of you, in the name of humanity, to take this matter under consideration and to take such steps and make such provision as in your wise judgment you may deem necessary for the protection of our fellow citizens.

With great respect, I am,

Yours very truly,
MARCUS M. SCHENK.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Corporation Counsel:

No. 1331.

Law Department,
Office of the Corporation Counsel,
New York, December 31, 1904.

P. J. SCULLY, Esq., City Clerk:

Sir—I am in receipt of your communication dated December 28, 1904, inclosing for my consideration and advice a copy of petition introduced in the Board of Aldermen at a stated session held Tuesday, December 20, 1904, and which was referred to the Committee on Finance, with a direction that the City Clerk ask the Corporation Counsel for an opinion as to the authority of the Board to make the appropriation requested in the petition.

Said petition, signed by a number of citizens, is a request for a donation by the Board of Aldermen of the sum of \$8,000, out of the general fund appropriated by the Board for the current year, to help enable an organization known as "The Organization of the 'General Slocum' Survivors" to erect a monument to the unknown dead of the "Slocum" disaster buried in the Lutheran Cemetery in Middle Village, Long Island, State of New York, the balance of the necessary cost (amount not stated) having been collected by contributions and private donations for the purpose.

Section 10 of Article VIII. of the Constitution of the State of New York provides as follows:

"No county, city, town or village shall hereafter give any money or property or loan its money or credit to or in aid of any individual association or corporation, or become directly or indirectly the owner of the stock in or bonds of any association; nor shall any such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village purposes."

And it is my opinion that the proposed donation must be deemed to come clearly within the inhibition of this section of the Constitution.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Board of Rapid Transit Railroad Commissioners:

No. 1332.

Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York,
January 4, 1905.

P. J. SCULLY, Esq., City Clerk, City Hall, New York:

Dear Sir—I beg leave to hand you herewith, by direction of the Rapid Transit Board, formal communication, signed by the President of the Board, dated December 29, 1904, transmitting certificate of the Board to the New York and Jersey Railroad Company for extensions of its lines in Sixth Avenue and Ninth Street.

For your own convenience, and for the convenience and information of your Honorable Board, I shall be glad to send you also a printed copy of the communication sent herewith and certificate, for each member of the Board of Aldermen.

Yours respectfully,

BION L. BURROWS, Secretary.

COMMUNICATION OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK, TRANSMITTING CERTIFICATE FOR EXTENSIONS TO NEW YORK AND JERSEY RAILROAD COMPANY IN THE BOROUGH OF MANHATTAN—DECEMBER 29, 1904.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
No. 320 BROADWAY, NEW YORK.

To the Honorable the Board of Aldermen of the City of New York:

On December 16th, 1902, your honorable body approved a certificate granted by this Board to the New York & Jersey Railroad Company (hereinafter called the Tunnel Company) by which the Tunnel Company was duly authorized to construct and operate a tunnel railroad in the City of New York, having its eastern terminus in the block bounded by Christopher, West Tenth, Greenwich and Hudson Streets, in the Borough of Manhattan, and thence extending Westwardly under the Hudson River, and to be connected with a railroad or railroads in the State of New Jersey, thus forming a continuous line for the carriage of passengers and property between the above easterly terminus of the railroad of the Tunnel Company within this City, and points along the lines of such railroads in the State of New Jersey and other States.

The Tunnel Company, pursuant to Section 32 of Chapter 4 of the Laws of 1891, as amended by Chapter 584 of the Laws of 1902 (which entire statute, as amended by various acts, and as now in force, is hereinafter called the Rapid Transit Act), has made application to the Board of Rapid Transit Railroad Commissioners of the City of New York (which is hereinafter called the Board) for authority to lay railroad tracks along a certain route within this City, and to acquire terminal and other facilities necessary for the accommodation of the traveling public, and to construct and operate its railroad along the said route, all as set forth in the certificate herewith transmitted, dated December 22d, 1904, and to transport over the said railroad passengers and property or both.

The Board, on the 22d day of December, 1904, by concurrent vote of six of its members as follows: Alexander E. Orr, Edward M. Grout, John Claflin, Woodbury Langdon, Charles Stewart Smith and Morris K. Jesup, fixed and determined the routes and the location and plans of construction of said railroad of the Tunnel Company upon such routes and of its tracks and facilities, the times within which they shall be respectively constructed, and the compensation to be paid therefor to the City by the Tunnel Company; and also prescribed such terms, conditions and requirements as to the Board appeared to be just and proper for the grant in question, including the terms, conditions and requirements provided by the Rapid Transit Act and including among them a provision that the Tunnel Company shall from the time of the commencement of the operation of such railroad under the determination of the Board, annually pay to The City a sum or rental for certain periods aggregating less than twenty-five years beginning with such operation, and also providing for a readjustment of the amount of such sum or rental at the expiration of such periods and at intervals thereafter of twenty-five years.

The said locations, plans of construction, compensation to The City, terms, conditions and requirements are fully set forth in the certificate dated December 22, 1904, a copy of which is transmitted herewith. A copy of a written instrument duly executed and acknowledged by the New York & Jersey Railroad Company accepting the said franchise and all the terms, conditions and requirements thereof is annexed to the said certificate and is also transmitted herewith.

The application of the New York & Jersey Railroad Company for the extensions now proposed has been for some months a subject of very careful consideration by the Board, and many persons, some of them representing large property interests along the line of the proposed extensions, have been heard in reference to the matter.

It is plain that the convenience of passengers using the tunnel heretofore authorized will be greatly promoted by enabling them to travel, without change of cars, nearer to the centre of the City, and to points more convenient for distribution over other lines through the City, than the terminus at Greenwich and Christopher Streets. It is also plain that in so far as the convenience of passengers is thus promoted the commerce of The City of New York will be aided by bringing from other States persons desirous of doing business here.

The Borough of Manhattan, owing to its peculiar shape, necessarily has its main lines of travel North and South, and the distribution of traffic from railways coming under or across the East River or the Hudson River will be best accomplished by carrying passengers to points where they change on to North and South lines. For this reason the Board has favored an extension of the Tunnel Company's railroad

easterly from Greenwich Street (where a connection can be made with the Ninth Avenue Elevated Railroad) across Sixth Avenue and Broadway and so on to Fourth Avenue,—thus affording connection with several important North and South lines, including the subway in Fourth Avenue. Beyond this point it is thought that the line need not be extended at present; but the Board, under the certificate sent herewith, may, at any time before the Ninth Street extension is completed to Fourth Avenue, require the Tunnel Company to build it as far as Second Avenue.

An extension from Christopher Street Northerly along Sixth Avenue will also, it is believed, prove of great advantage. Very extensive and important business interests are now situated along Sixth Avenue or within a block of it in either direction, east and west. These commercial interests will be benefited and the convenience of those who are employed by or deal with them will be promoted, by affording rapid and easy communication with New Jersey.

The use of a North and South avenue by a private company for the construction of a subway seemed to the Board open to very serious objection, unless The City within some reasonable period and upon some reasonable terms could control absolutely the structure so built. Sixth Avenue at present is less valuable than many other streets in the City for rapid transit purposes, because at its Southern end it does not directly lead to the Southern part of Manhattan Island, and at its Northerly end it is closed by Central Park. It may, however, in time come to be needed for a North and South through line, passing under Central Park. These considerations have led the Board to the conclusion that if a franchise on Sixth Avenue were granted, it should be only upon the condition that The City, at the expiration of twenty-five years from the time the road shall begin to be operated, shall have the right to purchase the road at a reasonable price not exceeding the actual money cost of construction, and without any allowance for franchise value.

The Board is advised by its Chief Engineer that in his opinion the route on Sixth Avenue should be as near the surface as practicable, except that between Twenty-third and Thirty-third Streets the Board should reserve for a short time the right to require a greater depth. Accordingly, the certificate to the Tunnel Company provides for a shallow subway, but that the Board, by written notice to be given within one year, may require any portion of the line north of Twenty-third Street to be built at such depth as the Board may fix. It is, however, expected that crosstown lines will usually be constructed at a depth of not less than twenty feet in the clear below the street surface, leaving the space near the surface in the Avenues for North and South rapid transit subways.

The possible use of Ninth Street for rapid transit purposes is more remote and doubtful than the use of Sixth Avenue for similar purposes, but the Board is of opinion that the same conditions as to purchase by The City may properly be imposed, in so far as they relate to the railroad East of Sixth Avenue.

A wholly different set of considerations arises in respect to the short piece of railroad between Greenwich Street and Sixth Avenue. As stated above, the terminus of the tunnel heretofore approved by your honorable Board was to be in the block bounded by Christopher, West Tenth, Greenwich and Hudson Streets, and the grant of the franchise up to that point was made in perpetuity. The reasons for making such grant were fully set forth in the communication to your honorable Board dated July 15, 1902, and need not be repeated here except to quote the following passage:

"The present applicant has already a permanent grant by the Land Office of this State of a right of way 160 feet wide under the Hudson River, and a considerable part of the tunnel has been actually constructed under that grant. The railroad is to be maintained and operated in the States of New Jersey and New York, and any severance of the railroad at the western boundary line of the City is impracticable. The public policy against grants in perpetuity, in which the Board believes, is obviously, therefore, not applicable to the franchise now proposed. The short right of way leading to the tunnel already owned by the applicant company in perpetuity, it is plain, would never be of use to any enterprise except that Company or its successor in the ownership of the tunnel. A readjustment of rental charges at intervals of twenty-five years will in this case give The City all of the practical advantage which would be given by a limit of the life of the grant."

It is now proposed to give up the terminus near Christopher and Greenwich Streets, in view of the Eastward and Northward extension of the tracks. If The City should hereafter acquire the railroad under Sixth Avenue and Ninth Street, the Tunnel Company should in fairness be entitled to have a suitable terminus for its railroad. The Board, therefore, proposes that the grant to the Tunnel Company from Greenwich Street to Sixth Avenue shall be in perpetuity; and it believes that this grant should properly be so made, as it is in reality a mere terminal facility of no value except in connection with the tunnel under the Hudson River.

It is proposed that the subway under Christopher and Ninth Streets shall be at a considerable depth. The reason for this is that Greenwich Street, Hudson Street, Greenwich Avenue, Sixth Avenue, Fifth Avenue, University Place and Broadway may all sooner or later be required for building North and South subways, which would be constructed, like the present subway, as near the surface as local conditions will permit. By building the crosstown line under Christopher Street and Ninth Street at such a depth as will leave twenty feet clear between the top of that tunnel and the street surface, any such North and South subways can be passed over the proposed structure.

Upon these general lines the accompanying certificate has been drawn. Its provisions follow closely the provisions of the certificate to the Hudson and Manhattan Railroad Company, which was the subject of very careful consideration, and was approved by your honorable Board on December 22d, 1903.

The essential features of the proposed certificate are these:

First—A grant by The City of rights as follows:

(a) To construct and operate a railway with two tracks on a route beginning at the terminus of the railway of the Tunnel Company, as at present authorized, at the intersection of Greenwich and Christopher Streets, and thence running Easterly under Christopher Street to Sixth Avenue; thence with one branch under Sixth Avenue to a terminal station at or near the intersection of Sixth Avenue and Thirty-third Street, and with another branch crossing diagonally under Sixth Avenue to Ninth Street, and thence Easterly under Ninth Street to a terminal station at or near the intersection of Fourth Avenue and Ninth Street.

(b) To build, maintain and operate subway stations as follows: Under Christopher Street, between Greenwich and Hudson Streets, at the intersection of Sixth Avenue with Christopher, Fourteenth, Eighteenth, Twenty-third, Twenty-eighth and Thirty-third Streets, and under Ninth Street, between Broadway and Fourth Avenue. In connection with the last-named station, authority is given to build a foot subway under Fourth Avenue leading to the Astor Place station of the present subway.

(c) To transport upon the said railway and tunnel persons and property; to use therefor and in connection therewith all suitable appliances; to maintain and operate wires and other appliances for the distribution of power, heat and light for the use of the railroad and for no other purpose; and to construct and operate terminal tracks and switches, power plants, shafts for access to the surface, etc., upon private property.

(d) To build under Ninth Street, from Fourth Avenue to Second Avenue, a further extension of the road, if the Board shall so require by a notice to be given at any time before the railroad is completed up to Fourth Avenue.

Second—The consent of the Board of Aldermen and the Mayor must be obtained by the Company within six months. The consent of property-owners of one-half in value of the property along the various streets and avenues of the route, or in place thereof the consent of the Appellate Division, must be secured within one year. These periods may be extended by the Board upon good cause shown.

Third—The Tunnel Company is to begin the construction of its extensions within six months after it shall have obtained the consents required by the Constitution of the State of New York, and complete the construction of the extensions within five years after they are begun.

Fourth—The Tunnel Company is to pay to The City the following compensation, beginning when the extensions now authorized are completed and ending in twenty-five years from the time when the railroad is completed under the Hudson River to the intersection of Christopher and Greenwich Streets. As this railroad will be completed to the point last mentioned before the extensions now authorized can be completed, the period during which the compensation now fixed is to run will be less than twenty-five years. The payments are as follows:

(a) A charge of fifty cents per annum per linear foot of single track and of station platform for the first ten years, and of one dollar per annum per linear foot during the next period of fifteen years or less.

(b) A charge for all vault space used for stations and station approaches—that is to say, all space within ten feet of the street surface used for such purposes—on a

basis of four per cent. of the value of such land based on the assessed value of land immediately adjoining, exclusive of buildings.

(c) A further annual sum for tunnel rights under the streets and avenues of the route, of three per cent. of the gross receipts for the first ten years and five per cent. afterwards. The gross receipts are estimated by agreement at three hundred thousand dollars a year for the first ten years. After the first ten years the gross receipts are to be determined upon the basis of the information then available as to actual traffic returns, and fixed, either by agreement or by arbitration.

(d) The rental payable to The City, in accordance with the statute, is to be re-adjusted at the end of the period of twenty-five years above mentioned, and thereafter at intervals of twenty-five years. If The City and the Company shall not agree upon the rates at the time of such readjustment, they are to be determined by the Supreme Court of this State.

Fifth—Under Christopher Street and Ninth Street the railroad is to be at a depth of about twenty feet below the street surface. After turning into Sixth Avenue the railroad is to rise and approach the surface, so as to be as near the surface as local conditions will permit. Tunnel entrances are to be constructed entirely through private property, unless the Board by resolution shall specially approve of an exit or exits situated within the streets. This will do away with the use of the kiosks in the street.

Excavations are to be made without disturbing the surface of any street, unless the Board, wherever local conditions make excavations from the surface necessary for efficient construction, grants the right to make such excavations subject to suitable conditions and regulations. The Tunnel Company is to support the elevated railroad structures, street railroads, water and gas mains, steam pipes, electric subways, sewers and other structures, and to make good to every owner of property abutting upon the railroad, or which shall be injured by the work of construction or by operation thereof, all physical damage which shall be done to such abutting or injured property through any act of omission of the Tunnel Company or its contractors.

The Tunnel Company is to give a bond of two hundred thousand dollars for the faithful performance of the conditions and requirements of the certificate relating to construction.

Sixth—The motive power is to be electricity or such other power (not involving combustion in the tunnel) as may be approved by the Board.

Seventh—The plan and profile of the railroad, of which copies are annexed, are to be substantially followed, subject to deviations not inconsistent with the other provisions of the certificate, if permitted by the Board.

Eighth—The railroad is to be diligently and skillfully operated, with due regard to the convenience of the traveling public; and if the Tunnel Company fails to carry out this provision, the burden of proof in any proceedings which may be instituted by any proper authority to compel compliance therewith is to be upon the Tunnel Company to show that it has discharged the duties and obligations imposed upon it.

Ninth—The City is to have a lien upon the franchise and upon the real property of the Tunnel Company under the streets, to secure the payment of the compensation and rental.

Tenth—In case it is desired to acquire the portions of the proposed railroad lying in Sixth Avenue, or in Ninth Street East of Sixth Avenue, The City is to give the Tunnel Company two years' notice. At the date fixed in the notice for acquiring the portion of the road which is to be so taken, The City is to pay the value of the road, not exceeding the actual cost of construction. In order that the Board may be fully advised as to the character and cost of construction of the railroad, all plans and methods of doing the work are to be subject to the approval of the Board. It is to have the right to inspect the work while in progress, and also to inspect materials used therein and to examine the books, contracts and papers of the Tunnel Company. As soon as the railroad is completed, the Tunnel Company is to file with the Board a statement of the cost of construction of the portions which The City has the right to acquire; and if those statements are disapproved by the Board, the whole subject of cost is to be submitted to arbitration forthwith. In this manner the actual cost of construction will be determined at the time, instead of being left to be determined under great difficulties many years afterwards. If at the time of acquiring a part of the railroad The City and the Tunnel Company do not agree upon the then value, that amount is to be determined by arbitration, but always with the proviso that the value so determined shall not be more than the actual cost of construction.

Eleventh—Careful provision is made in respect to the manner in which any arbitrations are to be conducted.

Twelfth—The Tunnel Company agrees that it will not at any future time oppose the construction of any rapid transit or street railroad over, along or under any portion of the streets to be occupied by it, where the same do not actually interfere with its structure.

Thirteenth—All duly authorized representatives of The City are to have the right at all reasonable times to inspect the railroad, and nothing in this franchise is to be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

Fourteenth—The Tunnel Company at its own expense is to maintain and strengthen all parts of the railroad which shall be under any street or avenue, so that the same shall safely support any structure superimposed thereon by The City.

Fifteenth—In case the Tunnel Company assigns the franchise, every future owner is to expressly assume the obligations contained in the certificate.

Sixteenth—The vault rights for which the Tunnel Company is to pay under the certificate of July 10, 1902, in connection with its terminal station at Christopher and Greenwich Streets, being no longer required by the Company, are not to be paid for.

This Board believes that it is for the interest of the public and of The City of New York that the necessary constitutional consents to the construction and operation of the said proposed railroad should be obtained as soon as possible.

In Witness Whereof, The Board of Rapid Transit Railroad Commissioners for The City of New York has caused its official seal to be hereto affixed and these presents to be attested by its President and Secretary this 20th day of December, 1904.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

[SEAL.]

BION L. BURROWS, Secretary.

A. E. ORR, President.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK TO NEW YORK AND JERSEY RAILROAD COMPANY.

Certificate—December 22, 1904.

The Board of Rapid Transit Railroad Commissioners for The City of New York does hereby certify as follows:

Whereas, The New York and Jersey Railroad Company (which is hereinafter called the Tunnel Company) is a railroad corporation which has been duly incorporated under the laws of the State of New York for the purpose, so declared in its articles of association, of owning and operating the tunnel and railroad in part within the limits of The City of New York formerly of the Hudson Tunnel Railway Company, and of constructing and operating a tunnel railroad in The City of New York (which City is hereinafter called the City) to be connected with a railroad or railroads within the State of New Jersey and thereby forming a continuous line for the carriage of passengers and property between a point or points within, and a point or points without the City, and more particularly a tunnel railroad having its eastern terminus in the block bounded by Christopher, West Tenth, Greenwich and Hudson Streets, in the Borough of Manhattan, in The City of New York, and thence extending westwardly and to be connected with a railroad or railroads in the State of New Jersey, and thus form a continuous line for the carriage of passengers and property between such terminus of the railroad of the Tunnel Company within the City and a point or points upon the lines of such railroads in the State of New Jersey, and other States and

Whereas, The Tunnel Company has been duly authorized by the Board of Rapid Transit Railroad Commissioners for The City of New York, by certificate dated July 10, 1902, with the consent and approval of the Board of Aldermen, the Mayor, the Commissioner of Docks and the Commissioners of the Sinking Fund, to lay down, construct and operate said tunnel and railroad to its proposed terminus in the said block bounded by Christopher, West Tenth, Greenwich and Hudson Streets, in the Borough of Manhattan; and

Whereas, The said Tunnel Company desires to extend its said tunnel and railroad along the route hereinafter mentioned to a point at the intersection of Christopher Street and Sixth Avenue, and thence with one branch to a terminal at or near the intersection of Sixth Avenue and Thirty-third Street, and with another branch to a terminal station

at or near the intersection of Fourth Avenue and Ninth Street in the said Borough, as shown upon the plan hereto attached, and pursuant to section 32 of chapter 4 of the Laws of 1891, as amended by chapter 584 of the Laws of 1902 (which entire statute as amended by various acts and as now in force is hereinafter called the Rapid Transit Act), has made application to the Board of Rapid Transit Railroad Commissioners for The City of New York (which is hereinafter called the Board), for authority to establish, construct and extend its railroad tracks along a certain route from its present terminus at the corner of Greenwich and Christopher Streets, in said City, to its proposed terminals at or near the intersection of Sixth Avenue and Thirty-third Street, and at or near the intersection of Fourth Avenue and Ninth Street, and to have and maintain at said terminals terminal stations and such terminal and other facilities as may be necessary for the accommodation of the traveling public, and to construct and operate its railroad along the said route under lands, streets, avenues, highways and public places in the City, with necessary sidings, platforms, stations facilities for access to the surface and other appurtenances, all as hereinafter particularly set forth, and to transport over the said railroad passengers or freight, or both; and

Whereas, The Board by a concurrent vote of at least six of its members has fixed and determined the locations and plans of construction of such extension of the railroad of the Tunnel Company upon such route and of such tracks and facilities, the times within which they shall be respectively constructed, and the compensation to be paid therefor to the City by the Tunnel Company; and

Whereas, The Board, by such concurrent vote has prescribed such terms, conditions and requirements as to the Board appear to be just and proper for the grant hereby made to the Tunnel Company, including the terms, conditions and requirements provided by the Rapid Transit Act, and has included among them a provision that the Tunnel Company shall from the time of the commencement of the operation of such railroad under such a determination, annually pay for such extension to the City a sum or rental for certain periods of years hereinafter mentioned, beginning with the operation of any part of the said extensions of the railroad of the Tunnel Company, and also providing for a readjustment of the amount of such sum or rental at the expiration of such period, and at intervals thereafter of twenty five years,—

Now, therefore, the Board has authorized and does hereby authorize, but subject, however, to the terms, conditions and requirements hereinafter set forth, the Tunnel Company—

1. To lay down, construct and operate a railway including two tracks, on a route beginning at the terminus of the railway of the Tunnel Company, as at present authorized, at the intersection of Greenwich and West Tenth and Christopher Streets, in the Borough of Manhattan, and thence running easterly under Christopher Street to Sixth Avenue; thence with one branch under Sixth Avenue to a terminal station at or near the intersection of Sixth Avenue and Thirty-third Street in said Borough, and with another branch crossing diagonally under Sixth Avenue to Ninth Street and thence easterly under Ninth Street to a terminal station at or near the intersection of Fourth Avenue and Ninth Street in said Borough.

2. To lay down, construct and operate in connection with its terminal station at or near the intersection of Sixth Avenue and Thirty-third Street two additional tracks for the convenient operation of its Railroad; and also in connection with the said terminal station but not more than two hundred and fifty feet southerly therefrom, and also in connection with the terminal station at or near the intersection of Fourth Avenue and Ninth Street, but not more than two hundred and fifty feet westerly therefrom, and also (in case the City shall exercise the option hereinafter reserved to it to purchase certain portions of the said tunnel and railroad) in connection with the station at or near the intersection of Christopher Street and Sixth Avenue, but not more than two hundred and fifty feet westerly therefrom, to lay under Sixth Avenue and under Ninth Street and under Christopher Street as many tracks, sidings and connections as may be found convenient for the operation of the railroad, with the right to use therefor said avenue and said streets to the entire width thereof.

3. To build, maintain and operate subway stations, and the necessary track connections therewith, contiguous to the said tunnel and railroad under Christopher Street between the East line of Greenwich Street and the East line of Hudson Street; at or near the intersection of Christopher Street and Sixth Avenue; under Sixth Avenue at or near its intersections with Fourteenth Street, Eighteenth Street, Twenty-third Street and Twenty-eighth Street; and also the said terminal station at or near the intersection of Sixth Avenue and Thirty-third Street; and also the said terminal station under Ninth Street between Broadway and Fourth Avenue; together with stairways leading from such subway stations to the surface of the streets and avenues and also together with a subway leading from said terminal station at Ninth Street and Fourth Avenue to the station of the Rapid Transit Subway at Fourth Avenue and Eighth Street.

4. To transport upon the said railways and through the said tunnel persons and property, and to use therefor and in connection therewith all suitable appliances.

5. To maintain and operate under the streets of the routes aforesaid and along the lines of the said railways composing the railroad, telegraph wires and wires, cables, conduits and ways for the distribution of power, heat and light and other appurtenances for the use of the railroad and for no other purpose.

6. To acquire and use for stations or station extensions, power plants, pumping stations, shafts for access to the surface and other necessary purposes of the railroad, private property as the same may be lawfully acquired within the scope of the corporate rights and powers of the Tunnel Company.

7. The Board may by written notice to be given to the Tunnel Company at any time before the construction of its railroad to the said terminal station at or near the intersection of Fourth Avenue and Ninth Street is completed, require the Tunnel Company to lay down, construct and operate a railway including two tracks extending from said station easterly under Ninth Street to a terminal station at or near the intersection of Ninth Street and the westerly side of Second Avenue; and the Board does hereby authorize the Tunnel Company to lay down, construct and operate such extension of its railway in case it shall give such notice as hereinbefore provided.

The rights hereinbefore granted to maintain and operate the railroad or necessary or convenient for that purpose shall be held by the Tunnel Company in perpetuity, except as may be herein otherwise expressly provided.

Provided, however, and it is expressly agreed that this authorization and the rights and privileges hereby granted are subject to certain terms, conditions and requirements which appear to the Board to be just and proper, and, as so subject, are hereinafter called the franchise hereby granted. The said terms, conditions and requirements are hereby prescribed as follows, to wit:

I.

This certificate will be executed by the Board in four identical originals, so proved as to be entitled to be recorded in the office of the Register of the County of New York and to be filed in the office of the Secretary of State of the State of New York, all of which will be delivered by the Board to the president, vice-president, secretary or treasurer of the Tunnel Company. The franchise hereby granted shall be inoperative and this certificate shall be void unless within sixty days after such delivery or such further period as shall be prescribed in writing by the Board, the Tunnel Company shall have procured three of the said identical originals to be returned to the Board, each of them having an acceptance of the franchise and all the terms, conditions and requirements thereof subscribed at the foot thereof by the Tunnel Company, such acceptance being so proved as to entitle it to be recorded and filed as aforesaid.

II.

The franchise hereby granted shall, if the Board shall so determine, become void unless within six calendar months after the time of the delivery to the Board of the acceptance of this certificate by the Tunnel Company, that Company shall, in due and lawful form, obtain or receive the consent of the Board of Aldermen of the City, being the local authority having the control of the portions of the streets and highways upon or under which it is proposed to construct the Railroad, together with the approval of the Mayor of the City.

The franchise hereby granted shall, if the Board shall so determine, become void unless within one year after the time of the acceptance of its certificate by the Tunnel Company, that Company shall further and in due and lawful form obtain the consent of the owners of one-half in value of the property bounded on each portion of the streets under or through which the Railroad or any part of the route thereof runs, to the construction and operation of the Railroad, or such part thereof, or in case the consent of such property-owners cannot be obtained, then the determination of commissioners to be appointed pursuant to law by the Appellate Division of the Supreme

Court in the First Department that such portion of the Railroad ought to be constructed and operated, the said determination of such commissioners when confirmed by the Appellate Division which shall have appointed such commissioners to be taken in lieu of such consent of property-owners. Provided, however, and it is expressly stipulated, that the Board shall have power, upon reasonable cause shown, to extend by written certificate either of the periods hereinbefore in this article prescribed.

If the Tunnel Company shall be diligent in prosecuting applications for the consents aforesaid, and shall not have secured the same within the period of one year after its acceptance as aforesaid of this franchise, then and in such case the Tunnel Company shall, after a written notice of three months to the Board, be released from its obligations hereunder, unless within such three months such consent shall have been given.

III.

The Tunnel Company shall begin the construction of the said extensions of the railroad hereby authorized (but not including the said extension from Fourth Avenue to Second Avenue unless the Board shall so determine and notify the Tunnel Company as hereinbefore provided), within six months after it shall have obtained the consents aforesaid and, within five years after such construction shall be begun, shall complete the construction of the said extensions.

In case the Tunnel Company, within the period of six months after it shall have obtained the consents necessary as aforesaid, shall not have begun the actual construction of the aforesaid extensions of its railroad, or if, after having begun such construction, it shall suspend the same prior to the completion thereof for a period exceeding three months, or if it shall not complete such construction and begin the operation of the railroad to said terminal stations within the said period of five years, then and in either of such cases the Board, upon a written notice to be delivered to the Tunnel Company not less than three months before the action of the Board, may annul the franchise hereby granted as to the railroad from the intersection of Christopher Street and Sixth Avenue to said terminal stations, and if the Tunnel Company shall not complete the construction and begin the operation of the railroad from the terminus of the railway of the Tunnel Company as at present authorized at the intersection of Greenwich and Christopher Streets to Sixth Avenue, within the said period of five years, then the Board upon the like written notice may annul the franchise hereby granted as to such portion of said railroad.

The Board shall have the power, upon reasonable cause shown, to extend by written order any of the periods in this article prescribed. Additional time shall be allowed by way of extension of any period for such commencement of construction, or for the completion thereof, or for the commencement of operation of the Railroad equal to the total period of delay caused by injunction or by necessary proceedings for condemnation of real estate, easements or other property, so far as such proceedings shall have given written notice to the Board of the injunction or other occasion but no delay to be so allowed for unless, during the same, such proceedings shall be diligently prosecuted by or for the Tunnel Company; and provided, further, that in no case shall such delay be deemed to begin until the Tunnel Company shall have given written notice to the Board of the injunction or other occasion of delay and delivered to the Board copies of the injunction or other orders and of the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Tunnel Company shall in writing consent that the Board, either in its own name as a party or in the name of The City of New York as a party, may intervene in any such injunction proceedings, or other suit or proceeding; and provided, further, that in case of annulment of any part of the franchise the Tunnel Company shall have no right to any return of payments which it shall have made to the City by way of rental or otherwise.

IV.

The Tunnel Company shall pay to the City for the rights, franchises and licenses in and under streets hereinbefore granted from Greenwich Street to the intersection of Christopher Street and Sixth Avenue and thence to its terminal stations at or near the intersection of Sixth Avenue and Thirty-third Street, and also near the intersection of Fourth Avenue and Ninth Street, together with such extension to Second Avenue in case the Board shall determine to require the building and operation of such extension as hereinbefore provided, and also for the right to build and maintain the subway stations hereinbefore mentioned, so far as said stations shall be constructed under said streets or avenues, the following sums of money, to wit:

1. The Tunnel Company shall pay to The City annually the sum of fifty cents per annum for each linear foot of single track of such railway track and of such subway station platforms which shall then be constructed or which the Tunnel Company shall be bound to have then constructed under any such streets or parts of streets within the City of New York during the period beginning on the day when the Tunnel Company shall first commence actual operation of the said extensions (but not later than the last day on which the Tunnel Company shall be bound to begin such operation) and ending on the day ten years after the day when any part of the said extensions of the Tunnel Company are in actual operation; and the sum of one dollar per annum for each linear foot of such tracks and of such subway station platforms during the period beginning on the last day of such period of ten years and ending on the day when the rentals payable under the above-mentioned franchise of July 10, 1902, shall next thereafter become subject to readjustment under the terms of said franchise. In case additional stations shall hereafter be constructed, additional rental for such station platforms shall be paid, to be computed at the rates above specified.

2. The Tunnel Company shall pay to the City annually, as rental for any vault space occupied by it (as the phrase vault space is hereinafter defined), such a sum as shall be equal to four per cent. upon the valuation of the horizontal area occupied by such vault space, said valuation to be at the same rate per square foot as the valuation of the land, exclusive of buildings, contained in the abutting property, fixed for purposes of taxation for the year 1904.

3. The Tunnel Company shall pay to the City for the rights under streets of the City hereinbefore granted, the further sum of nine thousand dollars (\$9,000) per annum (the same being three per cent. per annum on the gross earnings of said extensions of its railroad, said gross earnings being estimated and fixed for the purposes of this grant at three hundred thousand dollars per annum) for each year, beginning on the date on which the Tunnel Company shall first commence the actual operation of any part of the said extensions (but such date not to be later than the last day on which the Tunnel Company shall be bound to begin such operation) and ending on the day ten years next thereafter.

After the expiration of the said ten years the Tunnel Company, instead of the said sum of nine thousand dollars (\$9,000) per annum, shall pay to the City for the routes under the streets of The City hereinbefore granted, such a sum as shall be equal to five per cent. per annum on the estimated annual gross earnings of said extensions of its railroad for the period of years between the date of expiration of the said ten years and the date when the rentals payable under the above mentioned franchise of July 10, 1902, shall next thereafter become subject to readjustment under the terms of said franchise. The estimated amount of the said gross earnings may be determined by an agreement in writing by the Tunnel Company and the Board. If the Tunnel Company and the Board shall not reach such agreement on or before the day one year before the expiration of such first ten year period, then and in that event the estimated amount of such gross earnings shall forthwith be determined by arbitration in the manner provided in Clause XI. of this certificate. If, at the expiration of the first ten year period, the annual rate thereafter payable shall not have been fixed, the Tunnel Company shall pay the nine thousand dollars (\$9,000) a year as above provided, until the new rate shall be determined, and shall make up to the City the amount of any excess of the annual rate then determined over the said nine thousand dollars (\$9,000).

All payments herein provided for shall be made to the Comptroller of the City in equal payments at the end of each quarter year on the first days of January, April, July and October in each year.

The annual amounts to be paid by the Tunnel Company as aforesaid shall be readjusted at the end of the last mentioned period of years, and shall thereafter be readjusted at intervals of twenty-five years, so as to make such readjustment contemporaneous with the readjustments to be made under the said franchise of July 10, 1902. The annual amounts to be paid by the Tunnel Company for each and every period of twenty-five years after such first period shall be determined as follows, to wit: Each such determination shall be had upon the application of either the Tunnel Company or the Board or any authority which shall be authorized by law to act for the City in

place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the preceding period of twenty-five years. The determination shall be sufficient if agreed to in writing by the Tunnel Company and the Board or such other authority in its place. If the Tunnel Company and the Board or such other authority in its place for the City shall not reach such agreement on or before the day one year before the expiration of such preceding twenty-five years' period, then the annual rate of compensation for such succeeding twenty-five years' period shall be reasonable; and either the City (by the Board or such other authority in its place) or the Tunnel Company shall be bound, upon request of the other, to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by the Supreme Court of the State of New York; and either party may in such case apply to the said Court to fix such rate. If, in any case, the annual rate shall not be fixed prior to the commencement of such succeeding twenty-five years' period, then the Tunnel Company shall pay the annual rate theretofore prevailing until the new rate shall be determined and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

But in no case shall any amount so readjusted be less than the greatest corresponding amount in force at any time during the preceding period of years.

V.

The railways forming part of the railroad where the same shall occupy parts of streets, shall be in tunnel or tunnels or subways under the streets, and the Tunnel Company may construct the railways under Christopher Street and under Sixth Avenue, and under Ninth Street, hereinbefore mentioned in tunnels or subways containing one or more tracks as it may find most advantageous.

No part of the structure of the railroad except its terminal and other stations shall approach within five feet of the exterior line of any street, except streets which it shall cross, unless the abutting property shall be owned by the Tunnel Company or unless the owner or owners of the property so abutting shall consent. The tunnel or tunnels, except as hereinbefore limited, may be placed in such places under the streets as may be found most convenient.

The uppermost part of said tunnel shall not approach nearer than twenty feet to the surface of Christopher Street, nor nearer than three feet to the surface of Sixth Avenue, but in Sixth Avenue the roof of the tunnel shall be as near the surface of the street as street conditions and grades will permit; provided, however, that the Board may by written notice to be given to the Tunnel Company within one year after the date hereof, require the Tunnel Company to build any portion of its line in Sixth Avenue, north of Twenty-third Street, at such greater depth below the surface of the avenue, as the Board may fix by such notice. The uppermost part of said tunnel, where it crosses Fifth Avenue, shall not be at a higher elevation than five and one-quarter (5.25) feet above the level of mean high water; the uppermost part of said tunnel, where it crosses Broadway, shall not be at a higher elevation than sixteen and three-fourths (16.75) feet above the level of mean high water; the uppermost part of said tunnel, if it crosses Fourth Avenue, shall not be at a higher elevation at that point than nineteen (19) feet above the level of mean high water; and the uppermost part of said tunnel, if it crosses Third Avenue, shall not be at a higher elevation at that point than seventeen and one-fourth (17.25) feet above the level of mean high water.

Except as hereinafter provided, stations and station approaches may be built under streets or through private property to be acquired by the Tunnel Company for the purpose, or both under streets and through private property as aforesaid. The streets under which stations or station approaches are built may include, besides the streets of the route, portions of Hudson Street, Greenwich Avenue, Sixth Avenue, Fourteenth Street, Eighteenth Street, Twenty-third Street, Twenty-eighth Street, Thirty-second Street, Thirty-third Street, Broadway and Fourth Avenue; but no part of any of said last mentioned streets or avenues shall be used for a station or station approach at a distance greater than seventy-five feet from the exterior line or side of the street or avenue of the route.

In case any part of the said stations or station approaches shall be within the streets or avenues, and above a horizontal plane ten feet below the street surface, such space shall be deemed to be vault space within the meaning of this certificate.

The Tunnel Company may locate, construct and operate any one or more of such stations and station approaches at any other point or points along said route in lieu of or in addition to those hereinbefore authorized, provided that the consent and approval of the Board to any such new or changed location shall first have been obtained.

The Tunnel Company shall in the course of construction at its own expense maintain the care of all underground structures; and any necessary interference with underground structures shall be subject to reasonable regulation by the department of the government of the City in control or charge thereof.

No exit from the tunnel at the surface shall be constructed except through private property, unless the Board, by resolution, shall specially approve of an exit or exits situated within one or more of the streets or avenues above mentioned.

The Tunnel Company shall at all times, by suitable bridging or other supports, maintain and support in an entirely safe condition for their usual service and to the reasonable satisfaction of the owners, all elevated railroad structures, street tramways of whatever character, water and gas mains, steam pipes, pneumatic tubes, electric subways, sewers, drains, and all other surface or subsurface structures encountered during the progress of the work. The sidewalks, curbs, areas and stoops along the line of the work must also be protected from any injury; but should any injury occur to any sidewalk, curb, area or stoop, the Tunnel Company shall fully restore the same to as good a condition as existed before the injury was done. Notice is to be given by the Tunnel Company to all companies or persons and the proper city officials owning or having charge of surface or subsurface structures along any part of the work, of its intention to commence operations along such part of the route, at least one (1) week in advance, and the Tunnel Company shall file with the Board at the same time a copy of said notice; and it shall co-operate with the proper officers or officials or other persons lawfully in charge of such structures and shall furnish them with all reasonable facilities to inspect the methods of caring for their property. Whenever it becomes necessary to cut, move, change, or reconstruct any such surface or subsurface structures, or connections therewith, such work shall be done according to the reasonable satisfaction of the owners of such pipes or other structures, or such persons lawfully in charge thereof, and, should they so desire, by the owners themselves, but at the expense of the Tunnel Company—such expense not to exceed the actual cost of labor and materials used, together with a reasonable allowance for the use of plant and tools not exceeding seven and a half (7½) per cent. All such work of reconstruction or alteration of surface or subsurface structures if performed by the City or owners or persons lawfully in charge thereof, shall be done with reasonable dispatch, and facilities are to be provided so that said work shall interfere as little as possible with the practical working and use of the railroad of the Tunnel Company. The failure of the City or other such owners or persons lawfully in charge of such structure to make such alterations within what the Board shall determine to be a reasonable time may be considered by the Tunnel Company as a waiver on the part of the City or other such owners or persons of the priority of right to do said work. In the event of the City or other such owners or persons being required to make any alteration to their surface or subsurface structures as above provided, or in case the City or such owners or persons shall consider it necessary or desirable to make any further alterations in, or do any work to or in connection with surface or subsurface structures owned by or lawfully in charge of them, or any of them, at the time the work of the Tunnel Company shall be in progress, the Tunnel Company shall give said City or other owners or persons all reasonable opportunity to make such alterations or perform such work.

The Tunnel Company shall make good to the City all damage which shall be done to the property of the City by the construction or operation of the railroad, and shall make good to every owner of property abutting upon the railroad, or which shall be injured by the work of construction or by operation thereof, all physical damage which shall be done to such abutting or injured property through any act or omission of the Tunnel Company or successor thereof, or of any contractor, sub-contractor or other person in the course of any employment upon the construction or operation of the railroad or any part thereof.

The method of construction shall be generally as follows: The tunnels under streets shall be constructed in whole or in part of masonry or of steel or of iron or any two or more thereof combined. Excavations necessary in the course of construc-

tion by the Tunnel Company shall be made without disturbing the surface of the streets; provided, however, that the Board may, by resolution, wherever local conditions make excavations from the surface necessary for efficient construction, grant the right to make such excavations from the surface, subject to such conditions and regulations as the Board may prescribe.

The tracks shall be constructed of the most approved plan so as to avoid noise or tremor.

All plans for, and the method of doing, the work, including all plans for stations and station arrangements, shall from time to time be subject to the approval of the Board.

The Tunnel Company, before beginning the construction of any part of the extensions of its railroad hereby authorized, shall file with the Comptroller of The City of New York a bond in the penal sum of two hundred thousand dollars (\$200,000), in such form and with such sureties as shall be approved by the Board, conditioned for the faithful performance by the Tunnel Company of all the conditions and requirements of this certificate, so far as the same shall relate to the construction of the said extensions, or in lieu of such bond shall deposit with the Comptroller securities satisfactory to the Board, to the amount of two hundred thousand dollars.

VII.

The power to be used shall be electricity or such other power (not involving combustion in the tunnel) as may be approved by the Board.

VIII.

The plan and profile of the railroad herewith attached are to be deemed a part of this franchise and to be construed with the text hereof. The same shall be substantially followed, but deviations therefrom not inconsistent with the other provisions hereof may be permitted by the Board.

VIII.

The railroad shall be diligently and skilfully operated with due regard to the convenience of the traveling public, so long as the franchise hereby granted shall remain in force.

In case at any time, in the opinion of the Board, the Tunnel Company shall fail to carry out the foregoing provision, the burden of proof in any proceedings which may be instituted by any proper authority to compel a compliance therewith shall be upon the Tunnel Company to show that it is discharging the duties and obligations imposed by this section.

IX.

The City shall have a lien upon the franchise and upon the real property of the Tunnel Company under the said streets to secure the payment of such compensation and rental.

In case of any failure to make such payment as herein prescribed, the lien aforesaid may be enforced by the Board either by entry, foreclosure or other proper proceeding and by sale of such franchise and real property.

The Board may, in its own name, or in the name and behalf of the City, bring action for specific performance, or may apply by mandamus or injunction or otherwise, to compel the performance by the Tunnel Company of the duties and obligations hereby imposed upon the said Company, or any of them. And the Board may, in behalf or in the name of the City, bring any action or proceedings to recover possession of any part of the property of the City to be used by the Tunnel Company as aforesaid, or to enforce the said lien of the City, or to enforce any part of this contract in the manner provided by section 9 of the Rapid Transit Act or any other proper action or proceeding.

X.

In case The City or the Board shall at any time or times hereafter determine that the portion of the tunnel and railroad hereby authorized under Sixth Avenue, between the north line of Ninth Street and the south line of Thirty-third Street, or the portion under Ninth Street east of Sixth Avenue, or either of them, is necessary or desirable for use as a part of some municipal system of rapid transit to be owned by The City, The City shall have, and the Tunnel Company, by the acceptance of this instrument, hereby grants to The City the right and option to purchase and take the said portion of the tunnel and railroad hereby authorized under Sixth Avenue, between the north line of Ninth Street and the south line of Thirty-third Street, or the said portion under Ninth Street east of Sixth Avenue, or either of them, at any time or times after the expiration of twenty-five years from the date when the operation of such portions shall actually begin. In case The City or the Board determines to exercise said option and acquire said portions of the tunnel and railroad hereby authorized, or either of them, The City or the Board shall give the Tunnel Company at least two years' notice in writing; and upon the day fixed by said notice for such acquisition, The City shall pay or tender to the Tunnel Company the value of such portion of the said tunnel and railroad (but not including the franchise hereby granted) as determined by agreement or by appraisal in the manner provided in clause XI. of this certificate; such value, however, not to exceed the actual cost in money of the construction of the said portion of said tunnel and railroad, including cost of stations, real estate, and any and all easements, structures and property connected therewith, as the same exist at the time when the said option shall be exercised.

In order that the Board may be fully advised as to the character of the construction of the portions of said railroad under Sixth Avenue and under Ninth Street and the cost of construction of the same, the Board shall not only have the right to inspect the said portions of said railroad during construction, but shall also have the right to inspect and approve of all materials used therein during the process of construction and otherwise; and the Board shall also have the right from time to time to examine the books, contracts and papers of the Tunnel Company relating to said portions of said railroad for the purpose of ascertaining the actual cost of construction thereof. As soon as said tunnel and railroad is completed under Sixth Avenue from Ninth Street to Thirty-third Street, and under Ninth Street east of Sixth Avenue, the Tunnel Company shall present to the Board a statement in writing, showing the cost of construction of the said tunnel and railroad. In case the said statement is approved by the Board, both parties shall be estopped from raising any question that the same is the actual cost of construction of the said tunnel and railroad, so far as the same is completed at the date of the said statement. In case the Tunnel Company, after the date of any such statement, shall acquire or construct any other tunnel, railroad, tracks or stations on Sixth Avenue, between Ninth Street and Thirty-third Street, or under Ninth Street east of Sixth Avenue, or shall acquire or construct any additions or improvements therein, the same shall in every case be constructed with the approval and under the inspection of the Board and with the same right as hereinbefore provided to examine the books, contracts and papers of the Tunnel Company relating thereto, and a statement of the cost thereof shall be furnished to the Board by the Tunnel Company for the same purpose and with the same effect as the statement to be furnished upon the completion of the original construction of the road. In case the Board shall not approve any statement of cost of construction furnished by the Tunnel Company, the actual cost of construction of the work described or referred to in any such statement, shall be determined as soon as possible by arbitration in the manner provided by Clause XI. of this certificate.

The value of the said tunnel and railroad under Sixth Avenue between Ninth Street and Thirty-third Street, and under Ninth Street east of Sixth Avenue, or either of them, may be fixed and determined by an agreement in writing between the Tunnel Company and the Board. If the Tunnel Company and the Board shall not have reached such an agreement on or before the day one year before the date fixed for the purchase of the said tunnel and railroad by notice as aforesaid, then and in that event the value of the said tunnel and railroad shall forthwith be determined by arbitration in the manner provided in Clause XI. of this certificate.

The right and option hereinbefore mentioned to purchase the said portions of the said railroad is hereby expressly reserved by and for The City, and may be exercised on its behalf by the Board, or by such other authority representing The City as is now or may hereafter be vested with the power to purchase said portions of the said railroad or either of them. Upon the exercise of such option in the manner hereinbefore provided, the title to the said portion of the said tunnel and railroad so purchased, with all additions thereto and improvements thereon, shall forthwith revert to and vest in The City, free of and from all liens, mortgages or other incumbrances of what nature soever, and all right, title and interest of the Tunnel Company, or its successors or assigns, in such portion of the said tunnel and railroad shall at once cease and determine.

And the Tunnel Company, by the acceptance of this instrument, covenants and agrees that it will not hereafter question the right, power or authority of The City

to exercise the said option or to acquire or hold such portions of the said tunnel or railroad, or either of them, whether any such right, power or authority be now possessed by The City or shall be hereafter acquired by it by virtue of future legislation or otherwise.

The option hereinbefore granted and the aforesaid covenant of the Tunnel Company is one of the principal moving considerations of The City in making the grant of the franchise hereby granted; and the Tunnel Company, by the acceptance of this instrument, is estopped from questioning the authority of The City to insert the said option as one of the terms and conditions of this grant or to exercise the said option or to acquire or hold said portions of said railroad. And the Tunnel Company, by the acceptance of this instrument, covenants for itself, its successors and assigns, that it will make any and all such further grants, conveyances or other instruments of assurance in order to carry out the purposes of this agreement, as may be demanded by The City or the Board.

In case The City shall purchase and acquire such portions of the railroad in Sixth Avenue and Ninth Street, or either of them, under the option herein granted, all payments by way of rental or otherwise, applicable to the portion so acquired, herein required to be made by the Tunnel Company shall, upon the date of consummation of such purchase, cease and terminate, and, upon payment in full of all rentals due in respect to the portion of the railroad so purchased up to the date of such purchase, the Tunnel Company shall be relieved from any further payment of rentals or otherwise in respect thereto. The proportion of rentals and other payments hereinbefore provided for, properly applicable to the portion of the railroad so purchased, shall be determined by agreement between the Tunnel Company and the Board, and, if they are unable to agree, by arbitration in the manner provided in Clause XI. of this certificate.

XI.

In case it should be necessary to submit to arbitration any question arising under the provisions of Clause IV. or Clause X. of this agreement, such arbitration shall be conducted as follows: Either The City or the Tunnel Company may give notice to the other that it requires the matter arising under one or the other of said Clauses, as the case may be, to be submitted to arbitration, and shall at the same time name an arbitrator, and accompany the notice by a written acceptance by the arbitrator of the appointment. Within ten days after the receipt of such notice, the party receiving the same shall name an arbitrator, and give written notice of such nomination to the other party, the notice to be accompanied by a written acceptance by the arbitrator of the appointment. If the party to whom notice of arbitration is given shall not so nominate an arbitrator, who shall so accept, then the arbitrator named by the party giving the first notice shall be the sole arbitrator. Any vacancy in the office of an arbitrator so appointed shall be filled by the party which shall have appointed the last incumbent thereof, and within five days after notice of the vacancy; during which five days the running of other periods of time prescribed for or in course of the arbitration shall be suspended. If not so filled, or if notice of the appointment be not given within such five days, the remaining arbitrator shall be the only arbitrator. The two arbitrators thus appointed shall select a third arbitrator; but if they fail to agree upon such third arbitrator within fifteen days after the date of the appointment of the second arbitrator appointed, the third arbitrator shall be nominated by the Executive Committee for the time being of the Chamber of Commerce of the State of New York; or if within thirty days after being requested by either of the parties to make such nomination, the said Committee shall decline or fail to make a nomination, then an arbitrator shall be named by the Executive Committee for the time being of the Association of the Bar of the City of New York. The arbitrators shall hear the parties and their counsel or any statements or evidence which the parties or either of them desire to submit, and may resort to any other sources of information in reference to the question submitted for determination. Within thirty days after the appointment of the third arbitrator, the arbitrators shall make their determination in writing in duplicate, one to be delivered to the Board and the other to the Tunnel Company. Any determination by a majority of the arbitrators to be final and conclusive. All fees and expenses of arbitrators shall be borne and paid equally by the Board and the Tunnel Company, by both of whom every such arbitrator shall be deemed to be employed. Every such arbitrator shall, before proceeding to consider the matter, be sworn as nearly as may be in the same manner as referees in actions at law are required to be sworn.

XII.

The Tunnel Company will not at any future time oppose, but shall at any time upon the request of the Board consent to, the construction of any rapid transit or street railroad over, along or under any portion of any of the said streets to be occupied by the Railroad of the Tunnel Company aforesaid, where the same shall not actually interfere with the structure of the Tunnel Company as herein authorized.

XIII.

The City, the Board and all duly authorized representatives of the City, shall have the right at all reasonable times to inspect the Railroad and any part thereof, as well during construction as afterwards, and to enter thereon when necessary for the examination, supervision or care of any property of the City, or of abutting property owners, or for any proper purpose. Nothing in this franchise shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

XIV.

The Tunnel Company shall, from time to time, at its own expense maintain and strengthen all parts of the Railroad which shall be under any street or avenue, so that the same shall safely support any structure superimposed or which shall be superimposed thereon by the City or under its authority or under any other public authority.

XV.

The Tunnel Company shall have the right to grant, convey, mortgage, assign or transfer the franchise hereby granted, provided, however, that every grantee, assignee or transferee thereof, not including, however, a mortgagee or mere lienor, but including any purchaser upon foreclosure of or under or by virtue of any provision of any mortgage or lien, shall be a corporation subject to the laws of the State of New York, and shall upon accepting the grant, assignment or transfer, and before such grant, assignment or transfer shall be valid, assume and agree to perform all of the obligations which by the provisions hereof are assumed by the Tunnel Company, and that no such grant, conveyance, assignment or transfer shall relieve the Tunnel Company of its obligations hereunder.

And provided further that, in case the Tunnel Company or any successor or future owner of the franchise shall be consolidated with or merged into any other corporation, the obligations of the Tunnel Company or such successor or future owner hereunder shall remain unaffected and this franchise shall pass to such new corporation only if the agreement or act of consolidation or merger shall effectively provide that the new consolidated or merging corporation shall assume all such obligations, or if such act or agreement shall not so provide, then if and when such new consolidated or merging corporation shall in writing expressly assume such obligations—it being the express intention of this franchise that no change in the incorporation of the Tunnel Company or of any such successor or future owner or in the ownership or control of the franchise hereby granted, or of any part thereof, shall diminish or affect the obligations of the holder of the same.

XVI.

If, at any time, the powers of the Board shall be transferred by law to any other board, officer or officers, then and in such case such other board, officers or officer shall have all the powers, rights and duties herein reserved to or prescribed for the Board.

XVII.

Inasmuch as it is provided in Article V. of said certificate of this Board, dated July 10, 1902, that the uppermost part of the tunnel in Greenwich Street north of the north line of Barrow Street, and in Christopher Street and West Tenth Street, opposite the terminal station of the Tunnel Company, may come within not less than thirty inches of the surface of the roadway or sidewalk, and in consideration thereof it was provided in Article IV. that the Tunnel Company should pay for such underground portions of Greenwich, Christopher and West Tenth Streets, contiguous to its terminal station aforesaid, \$3,224 per annum for the first ten years and \$6,448 per annum for the next fifteen years, such compensation being for street or vault rights in Greenwich, Christopher and West Tenth Streets aforesaid, at eleven cents per square foot per annum for the first ten years and twenty-two

cents per square foot per annum for the next fifteen years; and, furthermore, it was provided in Article V. of said certificate, that the Tunnel Company should keep paved with smooth pavement those portions of Christopher and West Tenth Streets contiguous to its terminal station and that portion of Greenwich Street between the north line of Barrow Street and the south line of West Tenth Street; and, inasmuch as the extensions of the tunnel and railroad of the Tunnel Company herein authorized and provided for will make it necessary to locate said tunnel and railroad under Greenwich, West Tenth and Christopher Streets at such depth below the surface as not to require any encroachment upon or interference with vault space under Greenwich, Christopher and West Tenth Streets, as provided for in said certificate of this Board, dated July 10, 1902; said certificate is hereby amended by striking out the fourth paragraph of Article IV. thereof, which requires the payment by the Tunnel Company to the City for such underground portions of Greenwich, Christopher and West Tenth Streets of the sum of \$3,224 per annum for the first ten years and \$6,448 per annum for the next fifteen years, and also by striking out and omitting the fourth paragraph of Article V. of said certificate, which requires the Tunnel Company to keep paved with smooth pavement those portions of Christopher and West Tenth Streets contiguous to its terminal station and that portion of Greenwich Street between the north line of Barrow Street and the south line of West Tenth Street and by substituting in place thereof the following provision, that is to say: The Tunnel Company shall pay to the City for the rights, franchises and licenses in and under Greenwich Street from the north line of Barrow Street to the intersection of Greenwich and West Tenth Streets the sum of fifty cents per annum for each linear foot of single railway track which shall be then constructed or which the Tunnel Company shall be bound to have then constructed under such street within the City of New York during the period beginning on the day when the Tunnel Company shall first commence actual operation of the railroad (but not later than the last day on which the Tunnel Company shall be bound to begin such operation) and ending on the day ten years next thereafter, and the sum of one dollar per annum for each linear foot of such tracks constructed beginning on the last day of such period of ten years and ending on the day fifteen years next thereafter.

In witness whereof, this certificate has been prepared by the Board of Rapid Transit Railroad Commissioners for The City of New York, by and upon the concurrent vote of at least six of the members of the said Board, and is now attested by its seal and by the signature of its President, who is its presiding officer, and by the signature of its Secretary, this 22d day of December, 1904.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting resolutions:

No. 1333.
Department of Finance—City of New York, }
January 6, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment January 6, 1904, recommending to the Board of Aldermen the fixing of the salaries of certain positions in the Law Department, and copy of a communication from the Corporation Counsel relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

J. W. STEVENSON, Deputy Comptroller.

Whereas, The Board of Estimate and Apportionment, at a meeting held January 6, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment recommend to the Board of Aldermen for adoption the following schedule of positions and salaries, to be added to the schedule of positions and salaries of employees in the Law Department now in force:

1 Assistant	\$2,000 00
1 Assistant	1,500 00
1 Telephone Switchboard Operator.....	600 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions as set forth therein.

December 28, 1904.

Board of Estimate and Apportionment of The City of New York:

Gentlemen—I inclose herewith a proposed resolution making certain changes in the salary schedule of this Department with the following explanation:

At the close of the current year the pay-roll in force in this Department exceeds the salary appropriation for the year at the rate of a little less than \$5,000 per annum. In my departmental estimate for 1905, I called attention to this fact and asked for a larger appropriation to enable me to make a number of additional appointments and for a small amount to be used for increases in salaries.

Your Board appropriated for "Salaries of Assistants, etc.," for 1905, \$10,000 more than for 1904, and it appears, therefore, that I will only have about \$5,000 to use for additional appointments or increases in salaries during 1905.

I have considered carefully the best manner of expending this sum and have tried to find some plan by which I might increase the salaries of a number of persons in the Department who are not receiving proper compensation for the services they are rendering, but the need for additional assistance in the Department is so great that I am reluctantly compelled to give up the idea of increasing any salaries and have decided that it would be best to expend the amount available, about \$5,000, to pay the salaries of a few positions which I desire to add to the office schedule. The additional help needed at present which can be provided for from this amount is as follows:

1 Assistant	\$2,000 00
1 Assistant	1,500 00
1 Telephone Switchboard Operator.....	600 00
3 Office Boys, \$300 each.....	900 00
Total.....	\$5,000 00

No express authorization is needed to add three Office Boys to the force, but as to the other positions it will be necessary to have your Board and the Board of Aldermen approve the same. I therefore request that you pass a resolution in substantially the form that I have inclosed herewith and forward the same to the Board of Aldermen for its approval.

Yours respectfully,

JOHN J. DELANY, Corporation Counsel.

Resolved, That the Board of Estimate and Apportionment recommend to the Board of Aldermen for adoption the following schedule of positions and salaries to be added to the schedule of positions and salaries of employees in the Law Department now in force:

1 Assistant	\$2,000 00
1 Assistant	1,500 00
1 Telephone Switchboard Operator.....	600 00

Alderman McCall moved the adoption of this resolution.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Collins, Culkin, Dougherty, Doull, Dowling, Gaffney, Grimm, Haenlein, Haggerty, Harburger, Harnischfeger, Kline, McCall, McCarthy, Malone, Marks, Morris, Arthur H. Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 6, 1904, recommending the fixing of the salaries of the positions of Deputy Tax Commissioner, Draughtsman, Assistant Surveyor, Chief Clerk, Clerk, Messenger and Bookbinder, in the Department of Taxes and Assessments, at the rates of \$2,250, \$1,800, \$2,500, \$1,500 (\$1,350, \$900, \$750), \$1,350 and \$1,200, respectively, per annum, together with copies of communications from the Auditor of Accounts, Investigations Division, and of the President of said Department, relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Whereas, The Board of Estimate and Apportionment at a meeting held January 6, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the Department of Taxes and Assessments be fixed as follows:

	"Per Annum.
"Deputy Tax Commissioner.....	\$2,250 00
"Draughtsman	1,800 00
"Assistant Surveyor	2,500 00
"Chief Clerk	1,500 00
"Clerk	1,350 00
"Clerk	900 00
"Clerk	750 00
"Messenger	1,350 00
"Bookbinder	1,200 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions as set forth therein.

December 29, 1904.

Hon. EDWARD M. GROUT, Comptroller:

Sir—Pursuant to your instructions, I have caused an inquiry to be made into the advisability of granting the request of Hon. Frank A. O'Donnel, President of the Department of Taxes and Assessments, that the salaries of certain employees of said Department be fixed at amounts stated, which request was referred to the Comptroller by the Board of Estimate and Apportionment for examination, and beg to submit the following report:

The employees referred to are:

Chief Clerk	\$1,500 00
Clerk	900 00
Messenger	1,350 00
Draughtsman	1,600 00
Clerk	1,350 00
Clerk	750 00
Assistant Surveyor	2,500 00
Bookbinder	1,200 00
Deputy Tax Commissioner.....	2,250 00

Taking up the offices in their order, President O'Donnel had this to say of the merits of each proposition:

"Chief Clerk at \$1,500 a year—The present incumbent in the Borough of Richmond has been temporarily receiving \$2,550 per annum, the amount paid to the Chief Clerks in the Boroughs of Brooklyn and Queens, as there was no fixed salary for this office in Richmond. We think \$1,500 a year would be a fair permanent rate to fix for the place. This would be a considerable saving.

"Clerk at \$900—There is now no grade in the Department between \$600 and \$1,050. It is desired to establish a grade at \$900, so that deserving Clerks receiving lower salaries may be granted a small advance when deemed advisable.

"Messenger at \$1,350—This Messenger has been in the service of the Department for twenty years. He does a great deal of clerical work and is altogether a valuable man. He deserves the increase asked of \$150.

"Draughtsman at \$1,800—In order to retain men in this Department it is necessary to fix a rate for Draughtsman at \$1,800. Last summer seven men left us and went to other Departments, where higher salaries were paid to them.

"Clerk at \$1,350—We have no \$1,350 grade, and we desire the privilege of giving a small advance to \$1,200 Clerks who are deserving on account of ability and long service.

"Clerk at \$750—The reasons for this request are given in the proposition for a \$900 grade.

"Assistant Surveyor at \$2,500—The incumbent of this office now receives \$2,250. He has been about twenty years in the Department. It is desired to recognize his good work and his fidelity. He performs important duties in connection with the Surveyor, who receives \$5,000 a year.

"Bookbinder at \$1,200—Constant handling of our books calls for repeated repairs outside of the new work required in the Department, and demands the daily service of a bookbinder. We would not then have to send our books elsewhere for repairs. Lawyers calling here to examine a map, for instance, protest against going to another part of the city to find the record. We would be satisfied to have the salary placed at \$1,100, to conform with the rate in another Department.

"Deputy Tax Commissioner at \$2,250—There is now no grade in the Department between \$2,100 and \$2,500. It is desired to reward the good services of a Deputy receiving \$2,100 a year by granting an advance of \$150, to \$2,250.

"This application is especially prompted by a desire to equalize rates paid to employees and the endeavor to compensate men now underpaid who are doing as good work as men with higher salaries.

"We have not the money to make deserved increases where grades jump \$300 or \$400, but if intermediate grades proposed were established we would be privileged to give an advance to a faithful Clerk of, say, \$150 a year. We simply want to be in a position to reward fidelity, not to make general increases, and we propose to confine ourselves within the limits of the appropriation.

"Additional reasons why this application should be granted are given in my communication to the Board of Estimate and Apportionment of date December 14, 1904."

Inquiry as to the rate of compensation paid to Draughtsmen by private corporations and by the United States Government discloses that the average rate is below the salaries of City employees. This seems to be partly accounted for by the fact that competent men are soon promoted in the great railroad corporations and under the National Government. Draughtsmen are induced to accept these lower salaries on the prospect of an early advance to the position of Assistant Engineer, etc. The rates range from \$600 a year for young men up to \$1,500.

In order to retain competent men, New York City, it appears, has had to pay larger salaries. Examination of the Civil List for 1904 shows that Draughtsmen in the majority of cases receive \$1,800 a year in the following Departments or Bureaus of the City Government: Aqueduct Commission, Rapid Transit Commission, Docks, Buildings, Manhattan; Highways, Bronx; Bridges, Brooklyn; Highways, Brooklyn; Sewers, Queens. It would seem that in self-defense the Department of Taxes and Assessments should also be allowed the privilege of paying Draughtsmen \$1,800 a year.

Of fourteen Bookbinders on the Civil List for 1904, employed in the Finance Department, in the offices of the Register and the County Clerk of New York County, and of the Commissioner of Records of Kings County, one (in charge) receives \$1,350, two receive \$1,100, nine \$1,080, and two \$900 a year. It is suggested that the salary of a Bookbinder, if one be appointed, be placed at \$1,100, to conform to the rate now paid for such service in the office of the County Clerk of New York. To this President O'Donnel assents.

Careful consideration of the reasons given by President O'Donnel in justification of his request, and further stated to the Board of Estimate and Apportionment in his communication dated December 14, 1904, would suggest that what he asks for is not unreasonable. As to the fixing of the salaries of the clerical places, Messenger, Assistant Surveyor and Deputy Tax Commissioner, in the light of this examination it would seem that the President desires to recognize fidelity, usefulness and long service. The increase of salary of Draughtsmen to \$1,800 appears to be unavoidable. The appointment of a Bookbinder in the Department of Taxes and Assessments seems essential, owing to the large amount of work to be done there by such a tradesman.

The Municipal Civil Service Commission, through its President, agrees that the proposed changes may be made under its rules.

Accompanying this report is herewith returned "Letter of President O'Donnel to the Board of Estimate and Apportionment."

Respectfully submitted,

(Signed) R. B. MCINTYRE, Examiner, Investigations Division.

December 14, 1904.

Hon. the Board of Estimate and Apportionment of The City of New York:

Gentlemen—I beg respectfully to request that in accordance with the provisions of section 56 of the Greater New York Charter, your Honorable Board will recommend to the Board of Aldermen that the salaries of the following-named positions of this Department be fixed at the amounts respectively stated below:

Chief Clerk	\$1,500 00
Clerk	900 00
Messenger	1,350 00
Draughtsman	1,800 00
Clerk	1,350 00
Clerk	750 00
Assistant Surveyor	2,500 00
Bookbinder	1,200 00
Deputy Tax Commissioner	2,250 00

I beg to submit the following reasons for this request:

It became necessary recently to appoint a Chief Clerk for the Borough of Richmond, and he was appointed with salary at the rate of \$1,500, but it was subsequently learned that such a salary had not been authorized for that position, and it was necessary therefore to pay him at a higher rate until the salary desired was authorized by your Board. The fixing of this salary, therefore, at \$1,500, will be a reduction in the pay-roll of this Department. The salaries requested for the different grades of Clerks and Messenger are desired in order to give promotion that has been well earned and deserved to certain employees who have rendered faithful service for a considerable length of time at lower salaries than those to which their services fairly entitled them. The request in relation to the salary of the Assistant Surveyor will constitute an increase of \$250 per annum only in his salary, and as he has been employed for many years in this responsible position without any increase in remuneration, it is judged that he is fairly entitled to this increase. The request in relation to the Draughtsman arises from the fact that during the past year very great difficulty has been experienced in filling vacancies in this position by reason of the demand for suitably qualified men in other departments of the Government, and many available men have thus been lost to this Department on account of the inability to increase their salaries to the amount offered them elsewhere. This same experience is likely to be met in some cases in the future, and it is particularly desirable that this rate of salary shall be fixed so that further vacancies shall not occur simply on this account. The salary requested for the Bookbinder is a new position, which it is very important should be created to obviate the necessity of sending important records and maps of this Department out of its possession in order to have them repaired in private establishments, and thus subjected to possible injury and loss.

In submitting these requests I beg to urge that the matter may have early attention in order that such changes in salaries as recorded may be made from the 1st of January next, and I would add that it is not the purpose, by any of these changes, to ask any increase in the amount of appropriation made to this Department on this account.

Yours respectfully,
(Signed) FRANK A. O'DONNEL, President.

Alderman Gaffney moved the adoption of the resolution.

The President put the question whether the Board would agree with said resolution. Which was unanimously decided in the affirmative by the following vote:

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 1304.

The Committee on Finance, to whom was referred on January 2, 1905 (Minutes, page 267), the annexed ordinance in favor of an issue of Corporate Stock, \$25,000, for rebuilding the kitchen and laundry on Hart's Island, respectfully

REPORT:

That, having examined the subject, they believe the proposed issue to be necessary.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-five thousand dollars (\$25,000) for the purpose of rebuilding the Kitchen and Laundry on Hart's Island, under the jurisdiction of the Commissioner of Correction.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 23, 1904, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding twenty-five thousand dollars (\$25,000) for the purpose of rebuilding the Kitchen and Laundry on Hart's Island, under the jurisdiction of the Commissioner of Correction, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars (\$25,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN T. McCALL, JOHN H. DONOHUE, JAMES W. REDMOND, PHILIP HARNISCHFEGGER, JOHN DIEMER, FERDINAND HAENLEIN, OWEN J. MURPHY, WILLIAM WENTZ, Committee on Finance.

Alderman Baldwin asked and obtained immediate consideration for this report. The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

No. 1050.

The Committee on Finance, to whom was referred on October 11, 1904 (Minutes, page 7), the annexed ordinance in favor of an issue of Corporate Stock, \$5,000, for construction of a road around southwesterly portion of the Hempstead Reservoir, respectfully

REPORT:

That, having examined the subject, they believe the proposed issue to be necessary. They therefore recommend that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of five thousand dollars (\$5,000), to be paid to the Town of Hempstead for the construction of a road to connect with Eagle avenue around the southwesterly portion of the Hempstead Reservoir.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment September 16, 1904, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Whereas, E. J. Jennings and others, on behalf of the Town of Hempstead, petitioned for an appropriation of five thousand dollars, for the purpose of constructing a road to connect with Eagle avenue, round the southwesterly portion of Hempstead Reservoir in the Town of Hempstead; and

Whereas, It is alleged that when the said Hempstead Storage Reservoir was constructed Eagle avenue was closed without any legal authority; and

Whereas, Said Hempstead Reservoir is a part of the water supply system of the Borough of Brooklyn; and

Whereas, The construction of a road around said reservoir to connect with Eagle avenue has been made necessary by the construction of said reservoir, and the Commissioner of Water Supply, Gas and Electricity has recommended and approved of the granting of the appropriation requested in said petition; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby appropriates, subject to the concurrence of the Board of Aldermen, the sum of five thousand dollars (\$5,000), to be paid to the Town of Hempstead for the construction of a road to connect with Eagle avenue around the southwesterly portion of the Hempstead Reservoir, upon the execution of a formal release by the authorities of the Town of Hempstead of all title or claim to the land which it is claimed was Eagle avenue, between the east and west boundaries of the storage reservoir lands, and also the approval by the Commissioner of Water Supply, Gas and Electricity, of a plan of the proposed road to be constructed for which this appropriation is hereby made; and be it further

Resolved, That for the purpose of providing the necessary means to meet said appropriation and to pay said amount over to the authorities of the Town of Hempstead, the Board of Estimate and Apportionment, pursuant to the provisions of section 178 of the Greater New York Charter, hereby approves of the issue of Corporate Stock to the amount of five thousand dollars (\$5,000), said appropriation being deemed as a part of the expenses connected with the water supply of The City of New York, as set forth in said section 178 of the Charter, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five thousand dollars (\$5,000), the proceeds whereof to be applied to the purposes aforesaid.

JOHN T. McCALL, JOHN H. DONOHUE, JAMES W. REDMOND, PHILIP HARNISCHFEGGER, JOHN DIEMER, FERDINAND HAENLEIN, OWEN J. MURPHY, WILLIAM WENTZ, Committee on Finance.

Alderman Wentz asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Culkin, Davies, Dougherty, Doull, Dowling, Doyle, Gaffney, Gass, Goodman, Grimm, Haenlein, Haggerty, Harburger, Harnischfeger, Hann, James, Jones, Keely, Kline, Koch, Lochner, McCall, McCarthy, Malone, Marks, Morris, Arthur H. Murphy, Owen J. Murphy, Owens, Poole, Richter, Robinson, Schloss, Shea, Stapleton, Stumpf, Sturges, Twomey, Ware, Wafer, Wentz, Wirth, President Cassidy and the President—53.

No. 1285.

The Committee on Finance, to whom was referred on December 20, 1904 (Minutes, page 954), the annexed resolution in favor of paying bill of Ames & Rollinson, \$90, for engrossing resolutions of thanks to Mr. Andrew Carnegie, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of Ames & Rollinson for the sum of ninety dollars (\$90), the said amount to be payment in full for engrossing resolutions of thanks to Mr. Andrew Carnegie, adopted by the Municipal Assembly, as follows: In Board of Aldermen, April 2, 1901, in Council, April 9, 1901, and approved by the Mayor, April 23, 1901; the said sum to be charged to and paid out of the appropriation entitled "City Contingencies, 1904."

JOHN T. McCALL, JOHN H. DONOHUE, JAMES W. REDMOND, PHILIP HARNISCHFEGGER, JOHN DIEMER, FERDINAND HAENLEIN, OWEN J. MURPHY, WILLIAM WENTZ, Committee on Finance.

On motion of Alderman Haenlein this report was made a Special Order for 2 o'clock P. M.

Subsequently, the hour of 2 o'clock having arrived, Alderman Haenlein called up the resolution and moved its adoption.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Culkin, Davies, Diemer, Dietz, Dougherty, Doull, Dowling, Downing, Doyle, Gass, Gillies, Gillen, Goodman, Griffenhagen, Grimm, Gunther, Haenlein, Haggerty, Harburger, Hann, Higgins, James, Jones, Keely, Kenney, Kevin, Kline, Koch, Lochner, McCall, McCarthy, Malone, Marks, Meyers, Morris, Arthur H. Report of Committee on Railroads—

No. 549.

The Committee on Railroads, to whom was referred on May 10, 1904 (Minutes, page 289), the annexed ordinance in favor of granting a franchise to the New York and Queens County Railway Company, respectfully

REPORT:

That, having examined the subject, they therefore recommend that the annexed resolution be adopted.

AN ORDINANCE granting to the New York and Queens County Railway Company the right or franchise to construct and operate a street surface railway as an extension of its existing railway in, upon and along the surface of certain streets, avenues and highways.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section I.—The Board of Aldermen of The City of New York hereby grants to the New York and Queens County Railway Company, subject to the conditions and provision hereinafter set forth, the franchise or right to extend its railway and to use the streets, avenues and highways, and to construct, maintain and operate a double-track street surface railway as an extension of its existing railway for street railway purposes in the conveyance of persons and property in, upon and along the following-named streets, avenues and highways:

Beginning at and connecting with the present tracks of the New York and Queens County Railway Company on Borden avenue, at its intersection with Celtic avenue, formerly known as Bowery Bay road; thence northerly in, upon and along said Celtic avenue, to the intersection of said avenue with the centre line of Locust street, all in the Borough of Queens, City of New York and State of New York.

Sec. II.—The grant of said franchise or right to use said streets, avenues and highways is made subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets, avenues and highways to the construction and operation of said railroad shall be obtained by the grantee, or, in the event that said consent cannot be obtained, the grantee shall obtain the favorable determination, confirmed by the Court, of three Commissioners ordered by the Appellate Division of the Supreme Court in the manner provided by the Railroad Law, before said railroad is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors for the term of twenty-five years, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair valuation of said right, privilege and franchise.

Third—The said railway may be operated by overhead electrical power, substantially similar to the system of overhead electrical traction now in use by the New York and Queens County Railway Company, and by any other mode of power except locomotive steam power, which may be approved by the Board of Railroad Commissioners, and consented to by the owners of property in accordance with the provisions of the Railroad Law.

Fourth—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and property of said company shall be maintained in good condition throughout the term of this grant.

Fifth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited by suit brought by the Corporation Counsel on notice of ten days to the said railway company.

Sixth—This grant is also upon the further and express condition that the provision of Article IV. of the Railroad Law applicable thereto, and all laws or ordinances now in force, or which may be adopted, respecting surface railroads operating in The City of New York, shall be strictly complied with by said railroad.

Sec. III.—This ordinance shall take effect immediately.

Resolved, That the proposed specific grant embodied in the form of an ordinance granting to the New York and Queens County Railway Company the right or franchise to construct and operate a street surface railway as an extension of its existing railway in, upon and along the surface of certain streets, avenues and highways in The City of New York, be and hereby is referred to the Board of Estimate and Apportionment for the purpose of making inquiry as to the money value of such franchise or right and the compensation required, and the terms on which it shall be granted.

JOHN J. HAGGERTY, JAMES E. GAFFNEY, JOHN T. MCCALL, JOHN E. MCCARTHY, FRANK GASS, Committee on Railroads.

Which was adopted.

Report of Committee on Water Supply, Gas and Electricity—

No. 1224.

The Committee on Water Supply, Gas and Electricity, to whom was referred resolution No. 1224, respectfully begs to

REPORT:

1st. The questions, "that certain contracts made with, and payments to be made to, the gas and electric lighting companies by The City of New York for public lighting in said city, are excessive and not in conformity with an economical administration of the affairs of the City," are at present pending in the Second Department of the Appellate Division of the Supreme Court, and it would be manifestly improper for the Board of Aldermen to commence an investigation involving precisely the same questions until a final judicial decision has been rendered.

2d. In the investigations of the lighting contracts of the City, at present being conducted by the Comptroller of the City, questions have arisen as to his authority to proceed under the Code of Civil Procedure, and your Committee learns that the Comptroller will apply to the courts to test and determine his authority and power to compel witnesses to answer questions pertinent to the investigation.

3d. As the authority of the Board of Aldermen, or a Committee thereof, to conduct an investigation that will enable it to properly prepare a report that will "suggest any proper means of enabling the City to more practically and economically administer the lighting affairs of the City," arises from the Code of Civil Procedure, which alone confers upon the Board the power to subpoena persons not officers or employees of the City, your Committee deems it inadvisable to proceed with an investigation, such as is contemplated by the resolution, until the powers of the Comptroller and of the Board of Aldermen are fully determined under the Code.

Your Committee therefore recommends the rejection of the resolution.

By Alderman Davies—

Whereas, It has been alleged by certain newspapers published in The City of New York that certain contracts made with, and payments to be made to, the gas and electric lighting companies by The City of New York for public lighting in the said city, are excessive and not in conformity with an economical administration of the affairs of the City; and

Whereas, Section 54 of the Greater New York Charter makes it the duty of the Board of Aldermen to see that the affairs of the City and all of its Departments are conducted in an economical manner; therefore be it

Resolved, That the Board of Aldermen make an investigation into the matter of the said contract and payments, and for that purpose a Special Committee of five members be appointed by the President of said Board for the purpose of said investigation, and that said Committee report, not only on the advisability and economy of said payments and contract, but also to suggest any proper means of enabling the City to more practically and economically administer the lighting affairs of the City.

REGINALD S. DOULL, LEOPOLD W. HARBURGER, JOHN J. HAGGERTY, PATRICK S. KEELY, CHARLES W. CULKIN, JOHN V. COGGEY, PETER A. SHEIL, Committee on Water Supply, Gas and Electricity.

Alderman Doull moved the adoption of this report.

Alderman Goodman moved as an amendment that the report be recommitted to the Committee on Water Supply, Gas and Electricity, with instructions to obtain from the Corporation Counsel an opinion as to the right of the Board to act in this matter, and report at the next meeting.

Which amendment was lost.

The report was then adopted.

Report of Committee on Public Printing—

No. 1324.

The Committee on Public Printing, to whom was referred on January 2, 1904 (Minutes, page 308), the annexed resolution in favor of designating papers in Kings County for publication of Session Laws of 1905, respectfully recommend that the said resolution be adopted.

Resolved, That, pursuant to the provisions of chapter 715 of the Laws of 1892, as amended by chapter 400 of the Laws of 1900 and section 1586 of the Greater New York Charter, "The Brooklyn Standard-Union" (Republican), and "The Brooklyn Citizen" (Democratic), each of whose place of publication is in the County of Kings, be and they are hereby designated as the two newspapers in which shall be published the Session Laws of 1905, in said County of Kings.

MICHAEL STAPLETON, FREDERICK RICHTER, JOHN J. CALLAHAN, WILLIAM C. BOERNER, FRANK D. STURGES, PATRICK H. MALONE, Committee on Public Printing.

Alderman Kenney asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bennett, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Culkin, Dietz, Downing, Gass, Gillen, Griffenhagen, Haenlein, Haggerty, Harburger, Hann, Higgins, Kenney, Kevin, Koch, Lundy, McCall, Marks, Meyers, Morris, Owens, Richter, Robinson, Schloss, Shea, Sheil, Stapleton, Stumpf, Sturges, Tolk, Twomey and Wentz—40.

ANNOUNCEMENT.

At this point Alderman Richter announced that the Committee on Bridges and Tunnels would hold a public hearing on the application of the New York and New Jersey Railroad Company to operate a railroad under certain streets, avenues and thoroughfares in the Borough of Manhattan, on Monday, January 23, 1905, at 2 o'clock p. m.

MOTIONS, ORDINANCES AND RESOLUTIONS AGAIN RESUMED.

Alderman Haggerty asked and obtained unanimous consent to introduce the following:

No. 1339.

Resolved, That the alteration or change of a part of the route of the Spuyten Duyvil and Port Morris Railroad and the new line or route of the said railroad as laid out or established, and shown and described upon the map thereof, entitled "New York Central and Hudson River Railroad. Leased and Operated Lines. Map of alteration or change of a part of the route of the Spuyten Duyvil and Port Morris Railroad (New York Central and Hudson River Railroad Company lessee), in the Borough of The Bronx, City of New York, County of New York, and State of New York, the lands required for the altered or changed route being shown by yellow shading. Fernstrom, Chief Engineer," and duly certified by the President and Engineer of the Spuyten Duyvil and Port Morris Railroad Company under date of December 8, 1904, and as described in the survey of such alteration and change, dated December 7, 1904, and approved by H. Fernstrom, Chief Engineer, and in the certificate of such alteration or change dated December 8, 1904, duly executed under the corporate seal of said company by William H. Newman, President, and attested by D. W. Pardee, Secretary, be and the same are hereby approved; provided, however, that this approval shall not take effect until the terms and conditions of making the said alteration or change shall be fixed and determined by the Board of Estimate and Apportionment acting in behalf of the City, nor until the said terms and conditions shall be accepted and agreed to by the said Spuyten Duyvil and Port Morris Railroad Company.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Culkin, Diemer, Donohue, Doull, Dowling, Downing, Doyle, Gaffney, Gass, Gillen, Goodman, Grimm, Gunther, Haenlein, Haggerty, Harburger, Harnischfeger, Higgins, James, Jones, Keely, Kenney, Kline, Koch, Lochner, McCall, McCarthy, Malone, Marks, Morris, Arthur H. No. 668.

The Committee on Laws and Legislation, to whom was referred on June 7, 1904 (Minutes, page 805), the annexed ordinance in relation to the carrying of concealed weapons, respectfully

REPORT:

That, having examined the subject, they recommend that the said ordinance be placed on file.

AN ORDINANCE relating to the carrying of concealed weapons in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. That any person or persons who carries or conceals on his person, loaded fire arms or other dangerous weapons is guilty of a misdemeanor, and upon conviction he or they shall be fined the sum of \$50 and be required to give a bond in the sum of \$500 for six months to preserve the peace, and in default of said fine and bond, he or they shall be imprisoned in the City Prison for six months.

Sec. 2. The City Magistrates, on application of any citizen shall, if they shall deem it necessary for the protection of said citizen, issue to such citizen a permit, in writing, attested by the Clerk of said Magistrate's Court, granting such citizen the right to carry loaded fire arms on his person, said permit shall be issued for such time as said Magistrate shall, in his opinion, determine, and said Magistrate may revoke such permit at any time that he shall deem fit, and to the peace and welfare of the community.

Sec. 3. This ordinance shall in no way effect the carrying of loaded concealed fire arms on the person of the police or such other public officers as are now required to carry the same as provided by law.

Sec. 4. This ordinance shall in no way effect the rules and regulations of the United States Army, the United States Navy and the Militia of the State of New York, permitting the carrying of loaded fire arms on the person of said soldiers, sailors or militiamen in The City of New York.

Sec. 5. All ordinances or parts of ordinances or parts of ordinances affecting or conflicting with this ordinance are hereby repealed.

Sec. 6. This ordinance to take effect immediately.

ISAAC MARKS, JAMES W. REDMOND, J. RICHARD KEVIN, WILLIAM J. BOYHAN, DANIEL F. SICKLES, Committee on Laws and Legislation.

Which report was accepted.

By Alderman McCall—

Section 101 of the Building Code is hereby amended so as to read as follows:

Section 101. Inspection, installation, alteration and operation of elevators.

The Superintendent of Buildings shall cause an inspection of elevators carrying passengers or employees to be made at least once every three months, and shall make regulations for the inspection, installation, alteration and operation of such elevators, and shall also make regulations for the installation, alteration and operation of freight elevators with a view to safety, and shall also prescribe suitable qualifications for persons who are placed in charge of the running of passenger or freight elevators. The regulations shall require any repairs found necessary to any such passenger or employees' elevators to be made without delay by the owner or lessee. In case defects are found to exist which endanger life or limb by the continued use of such elevator, then, upon notice from the Superintendent of Buildings, the use of such elevator shall cease, and it shall not again be used until a certificate shall be first obtained from said Superintendent that such elevator has been made safe. No person shall employ or permit any person to be in charge of running any passenger or freight elevator who does not possess the qualifications prescribed therefor. No person shall run any passenger or freight elevator in The City of New York unless he shall first register at the office of Superintendent of Buildings his name and residence and also the location of the building in which he is running said passenger or freight elevator, and shall first receive from the Superintendent of Buildings a certificate as to his competency. Every freight elevator or lift shall have a notice posted conspicuously thereon, as follows: "Persons riding on this elevator do so at their own risk."

Whenever, in the opinion of the President of the Borough, or the Superintendent of Buildings, any owner, agent, architect, builder, contractor, sub-contractor, foreman or any other person shall knowingly violate any of the provisions of the Building Code, laws, ordinances or regulations they shall be guilty of a misdemeanor, and may be punished by fine or imprisonment, or both, in the discretion of the Court.

TO CONTRACTORS.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received by the Department of Public Charities at the above office until 12 o'clock M., on

Commencing at a point where the centre line of Twenty-eighth street, if extended, would meet the centre line of Second avenue, if extended; running thence southerly upon and along Second avenue, if extended, to the former tide-water line just north of Thirty-eighth street; thence southerly upon and along Second avenue to Forty-first street; thence westerly upon and along Forty-first street to First avenue, and thence southerly upon and along First avenue to the southerly side of Sixty-fifth street.

Together with the necessary connections, switches, sidings, turn-tables, turnouts, crossovers and suitable stands for the convenient operation of said surface railway, and for the accommodation of the cars of the said Bush Terminal Railroad Company, which may be run over said railway tracks by the said Bush Terminal Railroad Company, its successor or assigns, as may be subsequently permitted by the Board of Estimate and Apportionment or its successor in authority.

The said route with switches, turnouts and spurs is illustratively shown upon the plan and profile herewith attached, entitled "Map showing plan of tracks of Bush Terminal Railroad Company on application for franchise from City of New York." Dated July, 1904, and signed by Irving T. Bush, President, and E. P. Goodrich, Engineer, which plan and profile are to be deemed a part of this franchise and to be construed with the text hereof, and are to be substantially followed: Provided that deviations therefrom and additional switches, crossovers and spurs which are consistent with the foregoing description and the other provisions of this franchise, may be permitted by resolution of the Board of Estimate and Apportionment.

Sec. 2. The grant of this franchise is subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets, avenues and highways to the construction and operation of said railway shall be obtained by the grantee, or in the event that such consent cannot be obtained the grantee shall obtain the favorable determination, confirmed by the Court, of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad Law, before said railway is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railroad company, its lessee or successors, for the term of twenty-five years from the date when this ordinance is signed by the Mayor, with the privilege of renewal of said grant for a further period of twenty-five years, upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railway by itself, and not to include any valuation derived from the ownership, operation or control of any other railway by the grantee, its successor or assigns. It shall be in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successor in authority; one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least one year prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority, within three months after they are chosen. They shall act as appraisers, and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railroad company. The valuations as ascertained, fixed and determined, shall be conclusive upon both parties, but shall not in any event be less than the minimum amounts fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of the said franchise, right or privilege hereby granted, whether original or renewal, if the Board of Estimate and Apportionment of The City of New York, or its successors in authority shall so desire, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the streets, avenues and highways, including power-house, equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York, at the option of the said Board of Estimate and Apportionment, or its successor in authority, on the termination of this grant and the payment to the grantee of such valuation. Such payment shall be at a fair valuation of the said plant as property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment, or its successor in authority.

Fourth—The Bush Terminal Railroad Company, its successor or assigns, shall pay for this franchise to The City of New York the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$250, and which shall be equal to three per cent. of its gross annual receipts, derived from all sources in any way connected with the passenger service, if such percentage shall exceed the sum of \$250; during the remaining twenty years of the term, an annual sum which shall not be less than \$500, and which shall be equal to five per cent. of its gross annual receipts as above, if such percentage shall exceed the sum of \$500.

In computing the amount of the gross receipts derived from passenger traffic and above referred to, the route hereinbefore mentioned shall be considered, and the persons who are upon the cars of the company at any point upon such route shall be deemed to have paid the fare provided to be paid by the ordinance granting the franchise aforesaid, whether they enter or leave the car upon such route or upon any other route upon which the grantee, its successor or assigns, operate its cars.

From the date of commencement of the operation of any portion of the railway until the end of the first ten years of this grant, an additional sum of fifteen (15) cents per annum for each linear foot of single track, including switches, crossovers and spurs laid in any street, avenue or highway; and for the succeeding fifteen years an additional sum of thirty (30) cents per linear foot per annum, in lieu of said sum of fifteen (15) cents; provided that if The City of New York shall at any time during the term of this franchise, acquire or otherwise come into possession of any of the streets or avenues shown on the map attached, upon which the Bush Terminal Railroad Company now proposes to construct and operate a railroad, and which streets or avenues are not now legally opened, no compensation shall be awarded in any proceeding instituted to acquire title to the said streets, and the grantee shall, when such streets are required, pay to The City of New York the same rates per linear foot of single track provided for above.

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year, provided, however, that the first payments shall only be for that proportion of the above sums as the time of the signing of this ordinance by the Mayor to September 30 next preceding said date of payment, shall bear to the whole of one year.

The fiscal year shall end on September 30 next preceding said date of payment, and the provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successor or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successor or assigns, of a percentage of gross receipts within the meaning of any general or special statute.

Fifth—The said annual charge or payments shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or franchise hereby granted, whether original or renewal, or of any part thereof, or any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The rights and franchises granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Bush Terminal Railroad Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

No passenger cars of any railway company other than the Bush Terminal Railroad Company shall be permitted to operate upon the route hereby granted without the consent of the Board of Estimate and Apportionment, and under such terms as it may prescribe.

Seventh—That said railway company may be operated by overhead electrical power, substantially similar to the system of overhead electrical traction, now in use by the Brooklyn Rapid Transit Company, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board of Railroad Commissioners and consented to by the owners of the Railroad Law; and provided further that the Board of Estimate and Apportionment, or its successor in authority, upon giving the grantee, its successor or assigns, one year's notice in writing, may require it or them to operate its railroad upon the whole or upon any portion of its route, by underground electrical power substantially similar to that now in use by the Metropolitan Street Railway Company in the Borough of Manhattan, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose, from the streets, avenues and highways in the Borough of Brooklyn, City of New York. Such change in system shall be made wholly at the cost and expense of the grantee.

Eighth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City.

Ninth—The said railway company shall be constructed and operated in the latest improved manner of street railway construction and operation, and solely upon the terms and according to the lines and surveys and of the character of the rails and other parts of the construction approved by the President of the Borough of Brooklyn. Such railway of the railroad company, its successor or assigns, shall be maintained in good condition throughout the term of this grant.

Tenth—The rate of fare for any passenger upon said railway for a continuous ride from any point of the route hereby granted to any other point on said route shall not exceed two (2) cents.

Provided, however, that, if by a traffic arrangement with any other transportation company, free transfers are given enabling a passenger paying one fare on the route hereby granted to reach the Borough of Manhattan or the Brooklyn Borough Hall, when traveling in the southerly direction, and Coney Island when traveling in the southerly direction; then the rate of fare shall not exceed five (5) cents.

The rates for the carrying of property upon the cars of the grantee shall in all cases be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successor in authority, and may be fixed by such Board, after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successors or assigns, and no greater sums shall be charged for such services than provided for by it.

Eleventh—The passenger cars on the said route as aforesaid shall run at intervals of not more than thirty minutes, both day and night, and as much oftener as the reasonable convenience of the public may require, or as may be directed by the City ordinances, or by the Board of Estimate and Apportionment; provided, however, that said railroad company during the first five years of this franchise shall not be required to operate its cars on any part of the aforesaid between the hours of 11 o'clock P. M. and 5 o'clock A. M. each day, unless the Board of Estimate and Apportionment of said City shall determine after a hearing had thereon that public convenience requires the operation of its cars during said hours.

Twelfth—The said railroad company shall apply to each passenger and motor car run over said railway a proper fender and wheelguard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Thirteenth—All passenger cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the passenger cars of the company above fifty degrees Fahrenheit shall make the company liable for a penalty of fifty (50) dollars per car per day for each offense. Each car shall be well lighted either by Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fourteenth—The number of freight cars in any train operated upon the railway shall be limited to seven (7), including the motor car, and the speed of such motors or trains shall not exceed six (6) miles per hour. No motors or cars shall be permitted to remain stationary within the lines of

any street, avenue or highway, whether on the main track or any spur, and no freight shall be loaded upon or unloaded from such cars while within the lines of any such street. Failure to comply with any of the above provisions shall make the company liable for a penalty of fifty dollars (\$50) for each offense.

Fifteenth—The said railroad company, its successor or assigns, shall cause to be laid between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the municipal authorities having jurisdiction in such matters, upon and along the streets, avenues and highways covered by the route as aforesaid, and now unopened, a granite block pavement upon a concrete foundation, with tar and gravel joints.

The grantee shall pay the entire cost thereof, together with the cost of inspection, and no cars shall be operated under this franchise over any part of the route hereby granted until the said pavement is fully and completely laid.

Sixteenth—The said railroad company, as long as it shall continue to use any of the tracks upon said streets, avenues and highways, shall have and keep in permanent repair that portion of the surface of said streets, avenues and highways between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of any street, avenue and highway, and in that event the grantee, its successor or assigns, shall be bound to replace such pavements in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewal or altered pavement.

Seventeenth—The said railroad company, so long as it shall continue to use any of the tracks upon said streets, avenues and highways, shall cause to be watered the entire roadway of each of the above streets, avenues and highways at least three times in every twenty-four hours when the thermometer is above 35 degrees Fahrenheit, and shall provide for such purpose at least one tank car, to be propelled by electricity, the capacity of which shall warrant the watering of the streets in a satisfactory manner.

Eighteenth—The said railroad company shall at all times keep the streets between its tracks, the rails of its tracks, and for a distance of two feet in width outside of its tracks, free and clear from ice and snow; provided, however, the grantee shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Nineteenth—The said railroad company shall, when so required by the Board of Estimate and Apportionment, station flagmen at so many street crossings and during such hours as the said Board may deem necessary for the proper protection of the public, and shall also erect and maintain gates and gateposts at such crossings where in the opinion of the said Board the protection afforded by a flagman alone is insufficient. For failure to comply with the requirements of the Board of Estimate and Apportionment in stationing flagmen or erecting and maintaining gates, the company shall be liable for a penalty of fifty dollars (\$50) per day for each offense.

Twentieth—The said railroad company shall carry free within the limits of The City of New York during the existence of this grant or its renewal all letter carriers of the United States Government and members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited and avoided by a suit brought by the Corporation Counsel on notice of ten days to the said railroad company.

Twenty-second—If any of the streets, avenues and highways above referred to or described shall now be open or in use as public highways, no right or franchise shall vest in the grantee of virtue of this ordinance until after such streets, avenues and highways shall be legally opened as a public highway. Nothing in this ordinance contained shall be construed as an obligation on The City of New York in respect to the opening of such streets, avenues and highways.

Twenty-third—This grant is on the express condition and covenant that the railroad company will not object to the opening by The City of New York of any street, avenue or highway laid out or which may be hereafter laid out, upon, along, crossing or intersecting the route herein before described.

Sec. 3. This grant is also upon the further and express condition that the provisions of article 4 of the Railroad Law applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the surface railways operating within The City of New York shall be strictly complied with.

Sec. 4. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation, and is subject to whatever right, title or interest the owners of the abutting property may have in and to the streets, avenues and highways on the route hereinbefore described.

Sec. 5. Said railroad company shall commence construction within six months from the date of the passage of this ordinance, and shall complete the construction of at least one and one-half miles of double-track railway on or before July 1, 1907, otherwise this grant shall be forfeited. If upon the route above described, or upon any portion thereof, there shall not be constructed and in actual operation by July 1, 1907, a railway properly equipped and operated as provided by this ordinance, the said route or portion thereof shall be conclusively taken to have been abandoned by the company, and so much of the rights and franchises hereby granted as pertain to such route or portion thereof, not then constructed from and after July 1, 1907, shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. Provided that such time may be extended under and for causes specified in section 90 of the Railroad Law, and the Board of Estimate and Apportionment may extend such time for a period or periods not exceeding one year if, in their discretion, it seems best so to do, and that the City officials or departments who or which shall at the time of such construction have authority over the said streets, avenues and highways, may extend such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the City officials.

Sec. 6. The grantee shall assume all liability by reason of the construction and operation of the railway, and the City shall assume no liability whatsoever to either persons or property by reason of its construction or operation.

As a condition of this grant, the grantee, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the railroad company, its successor or assigns.

Sec. 7. If for any reason the right or franchise of the grantee in any of the streets, avenues and highways above described shall cease, or if for a period of six successive months the railway tracks upon any of such streets, avenues and

highways shall not be operated by the grantee, the Comptroller of The City of New York may require the grantee, its successor or assigns, to remove its tracks and other structures upon such streets, avenues and highways within thirty days after notice, and in default of their removal pursuant to such notice, the proper local authorities having jurisdiction may cause them to be removed and The City of New York may recover the cost and expense of such removal, either by deducting them from the fund deposited as hereinafter provided for or by action; and the rights and franchises of the grantee, its successor or assigns, in such portions of the streets, avenues and highways in case any such exist, shall forthwith and immediately cease upon the removal of such tracks or structures and without judicial or other proceedings.

Sec. 8. Any alterations may be required to the sewerage or drainage system, or to any subsurface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railway, shall be made at the sole cost of the railroad company, and in such manner as the proper City officials may prescribe.

Sec. 9. The work of construction of the railway shall be done in such manner as shall not substantially interfere with the ordinary use of any streets as a public highway.

Sec. 10. Said railroad company shall file with the Comptroller of The City of New York on November 1 following the commencement of operation of any portion of the railway, a map or maps showing the number of tracks, including switches, crossovers and spurs and the number of linear feet of single track so laid in any street, avenue or highway up to September 30 next preceding.

All distances to be accurately determined from actual measurements made upon the ground, and the map or maps to be verified by an official of the company. On each succeeding November 1 a map shall be filed with the Comptroller showing all additional tracks laid during the year.

Sec. 11. This grant is upon the express condition that the Bush Terminal Railroad Company, within thirty days after the said Company has been duly authorized to operate its railway, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of five thousand dollars either in money or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railway, and in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the roadway of cars, fender and wheel guards and the heating of the cars and the watering of the street pavement, the said company shall pay a penalty of \$50 a day for each day of violation, and the further sum of \$10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to these matters. In case of any drafts so made upon the security fund, the said company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five thousand dollars, and in default thereof the grant hereby made may be cancelled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 12. This grant shall not become operative until said railroad company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty days after the adoption of this ordinance.

Sec. 13. This ordinance shall take effect immediately.

THE CITY OF NEW YORK,

The "Second Installment" in each case is now due and payable, and hereafter for eighteen years an amount equal to one of the aforesaid annual installments with interest shall be assessed upon the lots or parcels of land benefited by said improvements. These assessments were confirmed by the Board of Revision of Assessments on December 29, 1903, and the "Second Installment" entered on December 29, 1904, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount of the second installment in each case shall be paid within sixty days after said date of entry, interest shall be charged, collected and received thereon as provided in section 1019 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. until 12 M., and all payments made thereon on or before February 27, 1905, will be exempt from interest, above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

at 12 o'clock M., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York, in and to the following described property, which it has by virtue of a lease from Cornelius Ferguson, Supervisor of the Town of New Utrecht, to the City of Brooklyn, which lease is recorded in the Register's Office of the County of Kings, in Liber 1715 of Conveyances, page 143, in and to all those certain lots as mentioned and described in the following described parcels as Numbers 1, 2 and 3.

1. All those certain lots known as and by the numbers 21, 22, 23, 24, 2, 3, 4, 5, in Block 1139, Thirtieth Ward, which were sold December 6, 1886, for 100 years, to the Town of New Utrecht, for the sum of \$298.42;

2. Also all those certain lots known as and by the numbers 20, 21 and 22, in Block 1140, Thirtieth Ward, which were sold December 6, 1886, for 100 years, to the Town of New Utrecht, for the sum of \$170.44;

3. Also all those certain lots known as and by the numbers 18 and 20, in Block 1143, Thirtieth Ward, which were sold December 6, 1886, for 100 years, to the Town of New Utrecht, for the sum of \$93.41.

The minimum or upset price at which the interest of the City in and to the said premises to be sold is appraised and fixed by the Commissioners of the Sinking Fund for the several parcels as above described as follows:

Parcel No. I. Six hundred and twenty-two dollars and twenty cents (\$622.20).

Parcel No. II. Three hundred and fifty-five dollars and thirty-seven cents (\$355.37).

Parcel No. III.

One hundred and ninety-four dollars and seventy-six cents (\$194.76).

The purchasers of the above several parcels are each required to pay the auctioneer's fees on such sale, and also to pay the further sum of one hundred dollars (\$100) on each of the said several parcels, in addition for the expenses of examination, advertising, etc. The sale of the said premises is to be made on the following

TERMS AND CONDITIONS:

The highest bidder will be required to pay the full amount of his bid or purchase-money, and the \$100 on each parcel, as above provided for, and also the auctioneer's fee, at the time of sale. The quit-claim deed for the above-described premises to be delivered within thirty days from the date of the sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund under resolution adopted at a meeting of the Board held December 21, 1904.

CORPORATION SALE OF REAL ESTATE.

BRYAN L. KENNELLY, AUCTIONEER.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, on

MONDAY, JANUARY 16, 1905,

at 12 o'clock M., at the New York Real Estate Sales-room, No. 161 Broadway, the following-described real estate belonging to the Corporation of The City of New York, viz.:

All that certain lot, piece or parcel of land situate, lying and being in the Borough of Manhattan, City of New York, known as No. 100 Cedar street, bounded and described as follows, viz.: Beginning at a point on the southerly line or side of Cedar street distant 25 feet westerly from the intersection of said southerly line or side of Cedar street with the westerly line or side of Temple street; thence running southerly and parallel, or nearly so, with Temple street 50 feet; thence westerly and parallel with Cedar street 25 feet; thence northerly and parallel, or nearly so, with Temple street 50 feet to the southerly line or side of Cedar street; thence easterly along the southerly line or side of Cedar street 25 feet 2 inches, more or less, to the point or place of beginning.

The minimum or upset price at which the said premises are to be sold is fixed and appraised by the Commissioners of the Sinking Fund at the sum of one hundred and twenty-five thousand dollars (\$125,000), and the sale is made upon the following

TERMS AND CONDITIONS:

The highest bidder will be required to pay ten per cent. of the amount of his bid, together with the auctioneer's fees at the time of the sale; thirty per cent. upon the delivery of the deed, which shall be thirty days from the date of the sale; the remaining sixty per cent. either to be paid at the date of the delivery of the deed or at the option of the purchaser to remain on bond and mortgage for five years, with interest at the rate of six per cent. per annum, payable semi-annually, the mortgage to contain the customary thirty days' interest and ninety days' tax and assessments and insurance clauses.

The bond and mortgage may be paid off at any time within the term thereof on giving thirty days' notice to the Comptroller, or may be paid in installments of not less than five thousand dollars (\$5,000) on any day when interest is due, or on thirty days' notice. The bond and mortgage will be prepared by the Corporation Counsel, and the sum of twelve dollars and fifty cents (\$12.50) will be charged for drawing, acknowledging and recording the same.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right is reserved to reject any and all bids. Said land is sold, subject to the use by the Fire Department of the City of New York, free of rental or other charges of any nature, until the premises No. 113 Liberty street are made available to accommodate the present engine company now located in the Cedar street building, but that such term shall not extend longer than January 1, 1906.

Maps of said real estate may be seen on application at the Comptroller's office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held December 21, 1904.

EDWARD M. GROUT, Comptroller.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

EIGHTH AND THIRTIETH WARDS, SECTION 3.

THIRD AVENUE—REGULATING, GRADING, PAVING AND CURBING, from Sixtieth street to Shore road. Area of assessment: Both sides of Third avenue, from Sixtieth street to Shore road and to the extent of half the block at the intersecting and terminating streets.

—that the same was confirmed by the Board of Revision of Assessments on January 5, 1905, and entered January 5, 1905, in the Record of Titles and Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the said date of entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided in section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. and 2 P. M., and on Saturdays until 12 M., and all payments made thereon on or before March

6, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, by the Counsel to the Corporation, relative to acquiring title wherever the same has not been heretofore acquired, to all the lands, tenements, hereditaments, property, rights, terms, easements and privileges not owned by the Mayor, Aldermen and Commonalty of The City of New York, or any rights, title and interest therein, not extinguishable by public authority, embraced within the lines of the GRAND BOULEVARD AND CONCOURSE AND NINE TRANSVERSE ROADS, from a point on East One Hundred and Sixty-first street, in said City, at the intersection of said streets and Mott avenue northerly to Moshulu parkway, as laid out and established by the Commissioner of Street Improvement of the Twenty-third and Twenty-fourth Wards of The City of New York, pursuant to the provisions of chapter 130 of the Laws of 1895.

Notice of Filing the Supplemental and Amended Report and Notice of Motion to Confirm the Supplemental and Amended Report of the Commissioners of Estimate and Assessment Herein With Respect to Damage Parcels Nos. 608 and 609 Contained in Section V.

WE, HUGH R. GARDEN, JOHN H. KNOEPEL and William Endemann, the undersigned Commissioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

Whereas, The undersigned were heretofore duly appointed Commissioners of Estimate and Assessment herein, pursuant to the provisions of chapter 130 of the Laws of 1895, and amended by chapter 89 of the Laws of 1896, and thereafter duly qualified as such Commissioners and thereafter made our several reports of awards for damage by reason of this proceeding; and

Whereas, We have heretofore made our report of section 5 in this proceeding, dated June 14, 1899, which said report was confirmed by order of this Court, dated June 26, 1899, and filed in the office of the Clerk of the County of New York, on June 28, 1899, wherein there was an award for land for Damage Parcels Nos. 608 and 609 for the sum of thirty-six dollars and five cents; and,

Whereas, On application made in this proceeding by Regie Weil, an order was made herein, dated October 21, 1904, and duly filed in the office of the Clerk of the County of New York, on October 21, 1904, which said order amended an order heretofore made herein, dated March 6, 1901, and which ordered and directed the Commissioners of Estimate and Assessment herein in addition to the proofs heretofore taken by them, to take further proof and ascertain, fix and determine any and all loss and damage to the premises known in these proceedings as Parcels Nos. 608 and 609 of section 5, and owned by Regie Weil, the claimant, so that she may receive the full value of her land taken and a fair, adequate and proper compensation and recompense for the injury to the residue sustained or to be sustained by reason of the laying out, establishing, opening, regulating and grading of the Grand Boulevard and Concourse and wherein it is further ordered that the sums or awards of compensation and recompense for such loss and damage when made by the said Commissioners be reported by them to this Court without unnecessary delay.

Now, therefore, having taken proofs thereunder, we report:

First—That we have completed our supplemental and amended estimate of damage relating to the Damage Parcels Nos. 608 and 609 in section 5 as aforesaid, and that all persons interested in this proceeding or in any of the lands affected thereby, and having objections thereto present their objections in writing to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 31st day of January, 1905; and that we, the said Commissioners, will hear parties so objecting within the ten week days next after the said 31st day of January, 1905, and for that purpose will be in attendance at our said office on each of said ten days at 3 o'clock P. M.

Second—That the abstract of said supplemental and amended estimate, together with our damage maps, and also all the evidence, estimates and other documents used by us in making our said estimate, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, Borough of Manhattan, in the said City, there to remain until the 15th day of February, 1905.

Third—That, pursuant to the provisions of chapter 330 of the Laws of 1895, as amended by chapter 89 of the Laws of 1896, we propose to assess for benefit which assessment will appear in our last partial and separate abstract of estimate and assessment, all those lots, pieces or parcels of land situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Northerly by the line separating The City of New York from the City of Yonkers; easterly by the Bronx river and the East river; southerly by the Harlem river, the Bronx kills and the East river, and westerly by the Hudson river and the Harlem river, all of which land, taken together, is known as the Twenty-third Ward and part of the Twenty-fourth Ward, as such territory was annexed to The City of New York, by an act of the Legislature designated as chapter 613 of the Laws of 1873, and acts amendatory thereof.

Fourth—That our said supplemental and amended report herein will be presented to the Supreme Court of the State of New York, First Department, at a Special Term, to be held in Part III, thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 28th day of February, 1905, at the opening of the Court on that day.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits, thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there
