Dear Sir—I transmit herewith map in duplicate, together with technical description of proposed alteration and amendment of the new plan for the improvement of the waterfront of the City of New York, between Canal and Harrison Streets, Stapleton, Borough of Richmond.

I have today adopted this amendment to the new plan and it is respectfully submitted for approval by the Commissioners of the Sinking Fund.

Respectfully yours, MURRAY HULBERT, Commissioner of Docks.

The Commissioner of Docks was heard in regard to the necessity for the proposed amendment.

After discussion, the Comptroller presented the following report and offered the following resolution:

April 10, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Under date of March 11, 1918, the Commissioner of Docks adopted and requested approval by the Commissioners of the Sinking Fund of an amendment of the new plan for the improvement of the waterfront of the City of New York, between Canal and Harrison streets, Stapleton, Staten Island.

The amendment consists in:

(1) Discontinuing the bulkhead line adopted by the Commissioner of Docks

June 27, 1917, and approved by the Commissioners of the Sinking Fund, September 13, 1917, lying between the southerly side of Canal Street pier and the easterly prolongation of the northerly side of Harrison Street, Stapleton, Borough of Richmond, and adopting therefor a bulkhead line, described as follows:

Beginning at a point in the bulkhead line adopted by the Commissioner of Docks June 27, 1917, and approved by the Commissioners of the Sinking Fund September 13, 1917, where the southerly side of the Canal Street pier intersects the same; thence westerly and along the southerly side of the Canal Street pier to a point in same, distant 320 feet east of the easterly side of Front Street (50 feet wide); thence southerly and parallel with the easterly side of Front Street to a point in the proposed bulkhead line where the same is intersected by the southerly property line of the Atlantic Mutual Insurance Company.

(2) The westerly extension of the new plan pier, just referred to, to the proposed bulkhead line just described.

(3) A proposed marginal street, wharf or place, extending from the easterly prolongation of the southerly side of Canal Street, the southerly side of Thompson Street, southwardly to the southerly property line of the Atlantic Mutual Insurance Company, and between the easterly right of way of the Staten Island Rapid Transit Railway Company to the easterly side of Front Street and the proposed bulkhead line.

The proposed amendment of the new plan increases the wharfage space of the City's pier and increases the length of the proposed privately owned pier to the south of the City's pier.

If reasons to the contrary are not advanced at the public hearing, I believe the Commissioners of the Sinking Fund may properly approve the amendment to the new plan submitted by the Commissioner of Docks.

If the Commissioners of the Sinking Fund approve of the amendment to the new plan at the public hearing to be held, pursuant to chapter 372 of the Laws of 1907, I recommend the adoption of the attached resolution approving the request.

Respectfully, CHARLES L. CRAIG, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve the plan for the alteration and amendment of the new plan for the improvement of the water-front and harbor of the City of New York, adopted by the Commissioner of Docks June 27, 1917, and approved by the Commissioners of the Sinking Fund September 13, 1917, between Canal and Harrison Streets, Stapleton, Borough of Richmond, adopted by the Commissioner of Docks on March 11, 1918, in accordance with law.

The report was accepted and the resolution unanimously adopted.

The Chair then declared the hearing closed.

Hon. JOHN F. HYLAN, *Mayor, and Chairman of the Commissioners of the Sinking Fund:*

Dear Sir—I transmit herewith for approval of the Commissioners of the Sinking Fund, in accordance with Law, map in duplicate, together with technical description, showing proposed pierhead and bulkhead lines in Flushing River, between Flushing Bay and the terminus near 69th Avenue (Livingston Street), Borough of Queens.

April 10, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Investigation shows that the lines indicated thereon coincide with those on the map transmitted by the Commissioner of Docks to the Board of Estimate and Apportionment on March 11th, 1918, for its approval for a change in the street system and the pierhead and bulkhead lines adjacent to Flushing River, Borough of Queens, in accordance with the provisions of chapter 632 of the Laws of 1917.

The lines of the improvement generally follow the lines of Flushing Creek below Strong's Causeway and above the causeway the winding course of the creek has been straightened.

The proposed improvement will provide for the future development of this section.

In the event of the approval of the map by the Board of Estimate and Apportionment, if the Commissioners of the Sinking Fund approve the map at the public hearing to be held, I recommend the adoption of the attached resolution sanctioning the proposed improvement. Respectfully, CHARLES L. CRAIG, Comptroller.

The proposed amendment provides for the discontinuance of the existing bulkhead line between a point 105 feet south of Pier New No. 7 and a point 105 feet north of Pier New No. 1 and establishing in the place thereof a bulkhead line beginning at a point in the bulkhead line adopted by the Board of Docks April 13, 1871, and approved by the Commissioners of the Sinking Fund, April 27, 1871, distant 105 feet south of the southerly side of Pier New No. 7, thence running southerly, tangent to an arc with a radius of 163 feet whose center is the intersection of the easterly side of West Street and the northerly line of Battery Place, and intersecting a line drawn at right angles to the bulkhead line of 1871 at a point about 97 feet easterly therefrom, thence westerly along said right angle line to the bulkhead line of 1871.

Also the discontinuing of the amended new plan adopted by the Commissioner of Docks September 14, 1903, and approved by the Commissioners of the Sinking Fund October 16, 1903, in so far as it lays out piers new Nos. 3, 4, 5 and 6 and slips therefor and establishing in place thereof three new piers, each 100 feet in width, with four slips each 210 feet wide.

The establishment of a marginal street, wharf or place between the proposed bulkhead line and the westerly line of West Street.

I am advised that the property covered by this proposed improvement is under private ownership.

The adoption of this amendment to the new plan will complete the modern improvement of the southerly end of the North River water front.

Dock Department—Lease to Hencken & Willenbrock Company of the Northerly Half of the Pier at the Foot of East 94th St., Manhattan.

The following communication was received from the Commissioner of Docks:

Pier A, North River, March 14, 1918.

Hon. JOHN F. HYLAN, *Mayor and Chairman, Commissioners of the Sinking Fund:*

Gentlemen—I beg to recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Commissioner of Docks of the following described lease:

Lessee: Hencken & Willenbrock Company, a corporation having its principal office at No. 1 Broadway, New York City.

Term: Five years from May 1st, 1918.

Description: North half of the pier at the foot of East 94th Street, Borough of Manhattan, City of New York.

Rental: Three thousand six hundred dollars ($3,600) per annum.

Structures: The lessee shall have the privilege of erecting and maintaining structures for the handling of coal on the leased premises; also to maintain coal conveying apparatus over such property as is under the jurisdiction of the Department of Docks and Ferries, between the inshore end of the north half of the pier at the foot of East 94th Street and the coal yard of the lessee at the southwesterly corner of 94th Street and marginal street.

The remaining terms and conditions of the lease shall be similar to those contained in leases of wharf property now used by this department.

Hencken & Willenbrock Co. have been tenants of the City for a great many years past. The present five year lease expires May 1st, 1918, and the rent recommended is in excess of 5 per cent. over the present rental. Yours very truly,

MURRAY HULBERT, Commissioner of Docks.

In connection therewith the Comptroller presented the following report and offered the following resolution:

April 10, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On March 14th, 1918, the Commissioner of Docks recommended that the Commissioners of the Sinking Fund approve of and consent to the execution by the Commissioner of Docks of a lease to Hencken & Willenbrock Company, a corporation, having its principal office at No. 1 Broadway, New York City, of the northerly half of the pier at the foot of East 94th Street, Borough of Manhattan, City of New York.

The lease to be for a term of five years from May 1st, 1918, at the rate of $3,600 per annum.

The lessee to have the privilege of erecting and maintaining structures for the handling of coal on the leased premises; also to maintain coal conveying apparatus over such property as is under the jurisdiction of the Department of Docks and Ferries, between the inshore end of the north half of the pier at the foot of East 94th Street and the coal yard of the lessee at the southwesterly corner of 94th Street and marginal street.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries.

Hencken & Willenbrock have occupied these premises under a series of five year leases, commencing May 1st, 1893, at $2,250 per annum, and increasing to $3,327.50 per annum for the five year period expiring May 1st, 1918.

The rental proposed for the five year period commencing May 1st, 1918, $3,600 per annum, is slightly in excess of 8 per cent. advance over the annual rate for the closing five year term and in my opinion is reasonable.

I recommend the adoption of the attached resolution approving the recommendation of the Commissioner of Docks. Very truly yours,

CHARLES L. CRAIG, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to Hencken & Willenbrock Company, a corporation having its principal office at No. 1, Broadway, New York City, of the north half of the pier at the foot of East 94th Street, Borough of Manhattan, City of New York, for a period of five years commencing May 1st, 1918, at a rental of three thousand six hundred dollars ($3,600) per annum. The lessee shall have the privilege of erecting and maintaining structures for the handling of coal on the leased premises; also to maintain coal conveying apparatus over such property as is under the jurisdiction of the Department of Docks and Ferries, between the inshore end of the north half of the pier at the foot of East 94th Street and the coal yard of the lessee at the southwesterly corner of 94th Street and Marginal Street. The remaining terms and conditions of the lease shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries.

The report was accepted and the resolution unanimously adopted.

Dock Department—Lease of Pier 69, North River, to the Hudson Dock and Terminal Corporation.

The following communication was received from the Commissioner of Docks and submitted for consideration:

Pier A, North River, April 3, 1918.

Hon. JOHN F. HYLAN, *Mayor, and Chairman of the Commissioners of the Sinking Fund:*

Dear Sir—I beg to recommend that the Commissioners of the Sinking Fund approve of and consent to the execution by the Commissioner of Docks of the following described lease:

Lessee: The Hudson Dock & Terminal Corporation, No. 24 State Street, New York.

Description of property: Pier 69, North River, together with the right to use shed thereon.

Term: Ten (10) years from May 1, 1918, with provisions of renewal for additional period of ten (10) years.

Rental: For the first term of ten years $25,000 per annum; for the renewal term of ten years 10 per cent. advance on the rental for the preceding term.

Remaining terms and conditions of the lease to be similar to those contained in leases of war property now used by this department.

This pier is now and has been occupied for some years past by the Occident Dock Company at rental of $15,000 per annum.

Yours very truly, MURRAY HULBERT, Commissioner of Docks.

Mr. George W. Field, of the firm of Platt & Field, attorneys for the Occident Dock Company, a subsidiary of the Bristol City Line, and the present occupants of the pier, protested against the granting of the lease to the Hudson Dock and Terminal Corporation, as the Company he represented had made an offer of $30,000 a year for a lease of the pier. Affidavits were filed by Mr. Field.

The Commissioner of Docks reviewed the negotiations had with Mr. Blair, of the firm of Platt & Field, Attorneys for the Occident Dock Company, who had been occupying the pier for a number of years under a permit from the Commissioner of Docks at a rental of only $15,000 per annum, in an endeavor to obtain for the City a rental which would be commensurate with the value of the pier, which he considered should be at least $25,000 per annum. The Commissioner stated that he was unable to get anything definite in writing from Mr. Blair as to what they were willing to pay, and that in the meantime the Hudson Dock Company made a definite offer of $25,000 a year for a lease of the pier for a period of ten years with the privilege of one renewal term of ten years, and agreed to furnish a bond for the faithful performance of the terms and conditions of the lease.

After waiting a reasonable time for the Occident Dock Company to make its offer, and nothing definite having been received, the lease was awarded to the Hudson Dock and Terminal Corporation on April 2, 1918, subject to the approval of the Commissioners of the Sinking Fund. The Dock Commissioner further stated that subsequent to the awarding of the lease to the Hudson Dock Company, and after the matter had been transmitted to the Commissioners of the Sinking Fund for approval and had appeared on its printed calendar of meeting to be held April 11, 1918, for consideration, the Occident Dock Company, on April 10, 1918, made an offer of $30,000 a year, which he, the Commissioner of Docks, was compelled to decline in order to keep faith with the Hudson Dock Company.

Mr. James E. Taylor, representing the Bureau of Municipal Research, was heard in opposition to the proposed lease.

It was the sense of the Mayor, Comptroller, Chamberlain, and Chairman of the Finance Committee of the Board of Aldermen, after hearing at length all the arguments in regard to the negotiations leading up to the awarding of the lease to the Hudson Company at a rental of $25,000 per annum, or $10,000 per annum more than was paid by the Occident Company, that the Commissioner of Docks had acted for the best interest of the city, and that his action should be upheld.

The following resolution was then offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to the Hudson Dock and Terminal Corporation, No. 24 State Street, New York City, of Pier (new) No. 69, North River, together with the right to use shed thereon. The lease shall be for a term of ten (10) years commencing on May 1st, 1918, with privilege of one renewal term of ten (10) years. The rental shall be at the rate of twenty-five thousand dollars ($25,000) per annum for the first term of ten (10) years and for the renewal term ten (10) per cent. advance on the rental for the preceding term. The lessee to furnish a bond with a surety or sureties to be approved by the Comptroller in double the amount of the annual rent. The remaining terms and conditions of the lease, except in so far as they are inconsistent herewith, shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries.

Which resolution was adopted by the following vote:

Ayes—The Mayor, Comptroller, Chamberlain, and Chairman, Finance Committee, Board of Aldermen—4.

Present and not voting—The Acting President, Board of Aldermen—1.

The Commissioner of Docks was then directed by His Honor the Mayor to communicate with the Hudson Dock and Terminal Corporation with a view of ascertaining whether they would not agree to pay a rental of $30,000 per annum.

Note—At this point His Honor the Mayor withdrew from the meeting and the Acting President of the Board of Aldermen took the Chair.

Dock Department—Leases to the United States of America of the Piers at 33d and 35th Sts., South Brooklyn, and 448,800 Square Feet of Upland Area Between 28th and 38th Sts., Brooklyn.

A communication was received from the Commissioner of Docks transmitting for consideration, form of two leases to the United States of America, of the piers at 33d and 35th sts, South Brooklyn, and 448,800 square feet of upland area between 28th and 38th streets, Brooklyn, to take the place of the lease authorized by the Commissioners of the Sinking Fund at meeting held Feb. 6, 1918. On the calendar for consideration.

At the request of the Commissioner of Docks, consideration of this matter was laid over until the next meeting.

Dock Department—In the Matter of the Lease to the Navy Department of the Recreation Pier at the Foot of 24th St., East River, Manhattan.

A communication was received from the Commissioner of Docks requesting an expression of opinion from this Board as to whether the use of recreation piers for the purposes designated by law shall be abandoned for the present, or whether steps should be taken to cancel the lease to the Navy Department of the Recreation Pier at the foot of E. 24th st., Manhattan. On the calendar for consideration.

Laid over.

Dock Department—Employment of Two Experienced Men to Make a Survey and Examination of the Municipal Ferryboats.

The following communication was received from the Commissioner of Docks:

Pier A, North River, April 3, 1918.

Hon. JOHN F. HYLAN, *Mayor, and Chairman of the Commissioners of the Sinking Fund:*

Dear Sir—In my opinion a thorough survey and examination should be made of the nine ferryboats owned by the City and operated on Municipal ferries. It has been reported to me that owing to the failure to make sufficient appropriations during the past administration for the upkeep of these boats, they have badly deteriorated, and I consider it only proper that a record should be made of the present condition of the boats, so that in case of breakdowns due to lack of care, the blame will not be laid at the door of the present administration.

Under date of July 20, 1903, the Corporation Counsel advised this department that, if appropriations were sufficient to pay their compensation, no reason exists which would preclude this department from employing persons specially qualified for specific purposes, and that such employment would in no way conflict with the Civil Service rules, and that these persons could be retained on account of their peculiar expert and professional attainments.

I find that the services of two thoroughly experienced and qualified men can be obtained for $125 for each, making in all for the nine boats a total of $2,250, and I beg to request that the Commissioners of the Sinking Fund adopt a resolution recommending that the Board of Estimate and Apportionment appropriate sufficient funds for this purpose.

In case the Commissioners of the Sinking Fund and the Board of Estimate approve, and an appropriation is granted for the purpose, I intend to appoint for this work August Mackenzie, No. 25 Pine Street, Borough of Manhattan; W. S. Macdonald, No. 102 Taylor Street, West New Brighton, N. Y., or Levi Helmes, No. 454 Fort Washington Avenue, Borough of Manhattan. Yours very truly,

MURRAY HULBERT, Commissioner of Docks.

The Commissioner of Docks was heard in regard to the necessity for employing these men.

The following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby recommend to the Board of Estimate and Apportionment that sufficient funds be appropriated for the uses and purposes of the Department of Docks and Ferries to pay for the services of two thoroughly experienced and qualified men to make a thorough survey and examination of the nine ferry boats owned by the City and operated on the municipal ferries which have become badly deteriorated.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Dock Department—Requests for Free Transportation Over the Municipal Ferries.

A communication was received from the Commissioner of Docks requesting authority to grant free transportation over the Municipal ferries to the following:

1. To subordinate officers and employees of the City having departmental business to attend to in the different boroughs reached by the ferries.
2. To the Sheriff of Richmond County, with automobile, on official business.
3. To Frank P. Redmond, Chief of Bureau, and John J. Curran, Chief Investigator of the Secretary of State's office, State of New York.

Laid over.

Dock Department—Agreements with Williams and Adams and with the Atlantic Gulf and Pacific Company.

A communication was received from the Commissioner of Docks requesting the adoption of resolutions confirming the former action of the Commissioners of the Sinking Fund in regard to the following:

At a meeting held July 26, 1917, a resolution was adopted and approved, subject, however, to approval of the Corporation Counsel as to form, of an agreement made June 28, 1917, by and between The City of New York and Percy G. Williams, of East Islip, County of Suffolk, and State of New York, and Thomas Adams, of the Borough of Manhattan, City, County and State of New York, tenants in common, providing for the fixing of the boundary line of the properties affected, amendment of the new plan, mutual conveyances, dredging, filling in, etc., at Bergen Beach, Jamaica Bay, Borough of Brooklyn.

At the same meeting a resolution was adopted fixing the boundary line between the property owned by the Atlantic, Gulf and Pacific Company and the property owned by The City of New York around and adjacent to Mill Island, Jamaica Bay, Borough of Brooklyn.

Resolutions were also adopted requesting the Corporation Counsel to prepare such papers or other instruments as may be necessary to carry into effect provisions

and conditions contained in said agreements, and, further, that it shall be the duty of the Mayor of The City of New York to execute such instruments, and the Chief Clerk to attest same, when prepared and approved as to form by the Corporation Counsel.

The papers necessary to carry such agreements into effect were prepared by the Corporation Counsel, but, owing to the change in the City Government, the Corporation Counsel thought it advisable to resubmit the matter for the reconsideration of the new Commissioners of the Sinking Fund.

The Commissioner of Docks, the Deputy Commissioner of Docks (Mr. Meyer), Mr. N. B. Killmer, Secretary of the Jamaica Bay Improvement Association, Mr. David Paine, attorney for the Atlantic Gulf and Pacific Company, and Mr. Ward, representing Messrs. Williams and Adams, were heard in regard to the respective matters:

On motion, action thereon was laid over.

Health Department—Renewal of Lease for, of Premises at 289 Tenth Ave., Manhattan.

The Comptroller presented the following report and offered the following resolution:

April 6, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—The Secretary of the Health Department in a communication dated February 8, 1918, requests the renewal of the lease of premises occupied as an Infants' Milk Station at 289 10th Avenue, Borough of Manhattan, for a period of one year from May 1, 1918, upon the same rental and upon the same terms and conditions as now occupied.

Provision for the renewal of this lease is made in the 1918 Budget.

These premises have been occupied for this purpose under leases made as follows:

May 1, 1913-May 1, 1914, $420 a year, April 16, 1913.
May 1, 1914-May 1, 1915, $420 a year, March 18, 1914.
May 1, 1915-May 1, 1916, $420 a year, March 24, 1915.
May 1, 1916-May 1, 1917, $420 a year, March 8, 1916.
May 1, 1917-May 1, 1918, $420 a year, March 15, 1917.

There is no City-owned property in the vicinity that is available for this purpose.

The nearest City-owned property is on the east side of Tenth Avenue, between W. 27th and W. 28th Streets, occupied for park purposes.

There is no property in the vicinity under lease to the City that is not in use or that could be made available for the purposes of this lease.

The rent for the renewed lease, compared with other rents in the vicinity, is as follows: Premises occupied by the City under this lease is rented at $420 a year, or at the rate of 66 cents per sq. ft. The rent asked for the adjoining similar store on the north is $420 a year, the same as that paid for the premises occupied by the City.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of said lease upon the same terms and conditions as the present lease, to wit:

The Comptroller presented the following report and offered the following resolution:

April 5, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—The Commissioners of the Sinking Fund at a meeting held March 14, 1918, adopted a resolution authorizing the renewal of the lease of the store with rear room and space 14 feet by 12 feet in front part of the cellar at 306 Avenue A, Borough of Manhattan, for use of the Department of Health for a period of one year from April 15, 1918, at a rental of $228 a year, payable quarterly; the lessor to pay taxes and water rates, make all extra repairs (exclusive of painting store front). Lessor, Magdalen O'Connor, Executrix of the Estate of Thomas J. O'Connor deceased.

In the clause "lessor to pay taxes and water rates, make all extra repairs (exclusive of painting the store front)," the word "extra" should have been "exterior."

I therefore respectfully recommend that the above mentioned resolution adopted by the Commissioners of the Sinking Fund on March 14, 1918, be amended by striking out the word "extra" in the clause "lessor to pay taxes and water rates, make all extra repairs (exclusive of painting store front)" and substituting in lieu thereof the word "exterior." Respectfully, CHARLES L. CRAIG, Comptroller.

Health Department—Renewal of Lease for, of Premises at 439 E. 139th St., Bronx.

The Comptroller presented the following report and offered the following resolution:

March 11, 1918.

To the Honorable, the Commissioners of the Sinking Fund:

Dear Sirs—The Secretary of the Department of Health, in a communication dated January 17, 1918, requests a renewal of the lease of premises occupied as a Tuberculosis Clinic at 493 East 139th Street, Borough of The Bronx, for a period of one year from April 1, 1918, at the same rental and upon the same terms and conditions as now occupied.

The Sub-Committee on Budget recommended the removal of this Clinic to 428 East 133d Street, a City owned building, allowing but $150 to pay rent until April 1, 1918, the time of expiration of present lease. Objection, however, was made by the Commissioners of the Sinking Fund to the placing of the Clinic at the location suggested, it being a small building situated in a public playground, and might be detrimental to the health of children taking advantage of such playground. The premises, in the meantime, have been assigned to the Department of Health as a Milk Station. The result has been the asking for a renewal of the old lease, which will necessitate the taking of $450 from Contingent Rent Account, 1918, to meet payment of same for one year.

These premises have been occupied for this purpose under leases made as follows:

April 1, 1910, to April 1, 1913, $600, April 6, 1910.
April 1, 1913, to April 1, 1918, $600, Feb. 28, 1913.

There is no City-owned property in the vicinity that is available for this purpose.

There is no property in the neighborhood now under lease to the City that is not in use or that could be made available for the purposes of this Clinic.

The rent for the renewed lease, compared with other rents in the vicinity, are as follows:

While the rental paid by the City of $50 a month is slightly in excess of the rental demanded for other similar properties which rent for about $45 a month, it is not excessive, when the use to which it is put is taken into consideration, as agents and owners in most cases, after learning the nature of such use, either flatly refuse to lease, or demand excessive rental.

There is no other privately owned property that could be rented or used in lieu of the above premises with advantage to the City.

Under the circumstances, the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the said lease under the same terms and conditions as in the present lease, to wit:

Of premises No. 493 East 139th Street, Borough of The Bronx, for use of the Department of Health for a period of one year from April 1, 1918, with the privilege of renewal for an additional year, upon the same terms and conditions, at an annual rental of $600, payable quarterly; the lessor to pay taxes and water rates and make outside repairs; also repair front door and toilet and put Baltimore heater in good and serviceable condition to the satisfaction of the Department of Health; the lessee to furnish heat, light and janitor service. Lessor, E. M. O'Gorman, 401 E. 140th Street, Borough of The Bronx. Respectfully,

CHARLES L. CRAIG, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the premises No. 493 East 139th Street, Borough of The Bronx, for use of the Department of Health, for a period of one year from April 1, 1918, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of six hundred dollars ($600), payable quarterly; the lessor to pay taxes and water rates and make outside repairs; also repair front door and toilet and put Baltimore heater in good and serviceable condition, to the satisfaction of the Department of Health; the lessee to furnish heat, light and janitor service; lessor, E. M. O'Gorman; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

There are no stores such as rented by the City on the ground floor for rent; but the owner of the adjoining store, southwest corner of Front Street and Burling Slip, states that he would demand a rental of at least $55 a month for a store the same size as that occupied by the Department of Street Cleaning.

Street Cleaning Department—Matter of Proposed Renewal of Lease for, of Premises at 403 Butler St., Brooklyn.

Withdrawn from the calendar by the Comptroller.

Street Cleaning Department—Assignment to, of Premises at 427 E. 87th St., Manhattan.

The Comptroller presented the following report and offered the following resolution:

February 8, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Department of Street Cleaning is at present occupying the store and extension, cellar and yard of the premises 350 East 85th Street, Borough of Manhattan, under a lease expiring May 1, 1918, at an annual rental of $600.

These premises, the Commissioner of Street Cleaning informs me, have been used for a number of years past as headquarters for Section 36, Manhattan, which consists of 33 regular sweepers and 176 additional laborers during the winter season when the work of snow removal is being carried on. This section is bounded on the south by East 81st Street, on the north by East 90th Street, on the west by 5th Avenue and on the east by the East River. Provision was not made in the budget for the year 1918 for the rental in this lease.

On August 13, 1917, the Department of Water Supply, Gas and Electricity turned over to the Commissioners of the Sinking Fund as no longer required the building owned by the City at 427 East 87th Street, Manhattan. On October 25, 1917, the Commissioners of the Sinking Fund directed the Comptroller to derive such revenue as may be had from the temporary leasing thereof until final disposition of the same is determined.

The Street Cleaning Commissioner informs me that these premises are especially adapted to the needs of his Department, since they may be used, not only as headquarters for Section 36, but also as an office for the District Superintendent and the Department physician, and storage room for snow equipment for the entire District. Also for the storage of coal and wood for the other section stations within the District, and the yard may be used for the storage of sprinkling carts, sweeping machines and squegees, which are not used during the winter months, as well as for snowplows, which are not used during the summer months. These plows and machines are now stored in an open lot at 80th Street and Avenue B, where, the Commissioner states, they are exposed to the elements and suffer much depreciation as a result thereof.

He also states that these premises could be used as a central repair shop for a large number of Ford machines which they are about to purchase.

I am in favor of assigning these premises to the Department of Street Cleaning, provided, however, the same are not used for the stabling of horses, as such use would have a marked depreciating effect on the values of the entire block between First and Second Avenues.

I therefore respectfully recommend that the Commissioners of the Sinking Fund assign the premises No. 427 East 87th Street, Borough of Manhattan, to the Department of Street Cleaning, for use as a section station, headquarters for Division Superintendent, Examining Physician's office, storage of automobiles, sprinkling carts, sweeping machines and squegees, emergency paraphernalia for snow removal, and other equipment of the Department of Street Cleaning, it being distinctly understood that the premises are not to be used by the Department of Street Cleaning for the stabling of horses. Respectfully, CHARLES L. CRAIG, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby assign the premises No. 427 East 87th Street, Borough of Manhattan, to the Department of Street Cleaning, for use as a section station, headquarters for Division Superintendent, Examining Physician's office, storage of automobiles, sprinkling carts, sweeping machines and squegees, emergency paraphernalia for snow removal and other equipment of the Department of Street Cleaning, it being distinctly understood that the premises are not to be used for the stabling of horses.

The report was accepted and the resolution adopted, all the members voting in the affirmative.

Bellevue and Allied Hospitals—Lease for, of Premises at 140 E. 37th St., Manhattan.

The Comptroller presented the following report and offered the following resolution:

April 2, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—The Secretary of the Board of Trustees of Bellevue and Allied Hospitals, in a communication dated March 18, 1918, requests the execution of a lease of the premises at No. 140 East 37th Street, Borough of Manhattan, for a jeriod of three years from May 1, 1918, at a rental of $2,000 a year.

The premises are to be occupied by the General Medical Superintendent of Bellevue and Allied Hospitals in place of the house at No. 157 East 37th Street, now occupied by the General Medical Superintendent, on which the lease expires May 1, 1918.

These premises are to take the place of those at No. 157 East 37th Street, now occupied by the City under a lease at $2,000 a year, expiring May 1, 1918, which is not to be renewed.

Provision in the 1918 Budget was made, however, for the renewal of the old lease at $2,000 a year at its expiration on May 1, 1918.

The premises at No. 157 East 37th Street are in need of many repairs, which the owner declines to make. The house at No. 140 East 37th Street is in excellent condition and for rent at the same annual rental of $2,000.

The house at No. 140 East 37th Street comprises a four-story and basement brick dwelling, 16 feet by 53.6 feet, with a two-story extension 12 feet by 32 feet, the whole building containing a total of 15 rooms, 3 bathrooms and toilets, with equipment of new hot air furnace and electric light.

The property is assessed at $23,000 for the year 1918; and the rental of $2,000 is therefore at the rate of 8 7-10 per cent.

There is no City owned property in the vicinity that is available for this purpose.

The nearest City owned property is on the north side of East 37th Street between Second and Third Avenues, occupied as P. S. No. 49.

There is no property in the City now under lease to the City that is not in use or could be made available for the purposes of this lease.

The rent for this lease, compared with other rents in the vicinity, is as follows: The rent paid at present by the City for the premises at No. 157 East 37th Street, about the same size but in poorer condition, is $2,000 a year, the same as asked for the premises at No. 140 East 37th Street, which is in very much better condition.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the execution of a lease on the following terms and conditions: Of the 4-story and basement brick dwelling No. 140 East 37th Street, Borough of Manhattan, for use of the Board of Trustees of Bellevue and Allied Hospitals for a period of three years from May 1, 1918, at an annual rental of $2,000, payable quarterly; the lessor to pay taxes and water rates, make outside repairs, including repairs to roof; the lessee to furnish heat and light and make such inside repairs as it may deem necessary; lessor, Wallace F. Peck, No. 123 East 61st Street, Manhattan. Respectfully, CHARLES L. CRAIG, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Wallace F. Peck, of the four-story and basement brick dwelling, No. 140 East 37th Street, Borough of Manhattan, for use of the Board of Trustees of Bellevue and Allied Hospitals for a period of three years from May 1, 1918, at an annual rental of two thousand dollars ($2,000), payable quarterly; the lessor to pay taxes and water rates, make outside repairs, including repairs to roof; the lessee to furnish heat and light and make such inside repairs as it may deem necessary; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution adopted, all the members voting in the affirmative.

There is no property in the neighborhood now under lease to the City that is not in use or that could be made available for the purposes of this lease.

There is no similar building in the immediate vicinity with which a fair comparison may be made, this building having been built especially for use of the Fire Department of the old City of Long Island City.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances, the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of premises No. 231 Radde Street, Long Island City, Borough of Queens, for use of the Fire Department, for a period of one year from June 1, 1918, at a rental of $600 a year, payable quarterly; the lessor to pay taxes and make outside repairs; the lessee to pay water rates, furnish heat, light and janitor service and make such inside repairs as it may deem necessary. the said rent fair and reasonable and that it would be for the interest of the City that such lease be made.

Police Department—Hiring by, of Premises at 650 N. 13th St., College Point, Queens.

The Comptroller presented the following report and offered the following resolution:

March 6, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—The Fourth Deputy Police Commissioner, in a communication dated February 14, 1918, requests that the Comptroller be authorized to execute a renewal of the lease of the premises now used as a Station House for the 290th Police Precinct, at No. 650 North 13th Street, College Point, Borough of Queens, for a period of six months from April 1, 1918, at a rental of $100 a month, and upon the same terms and conditions as contained in the existing agreement.

Provision for the renewal of this lease was made in the 1918 Budget.

These premises have been occupied for this purpose under leases made as follows:

May 1, 1910, 5 years, $1,200 a year, Mar. 16, 1910.
May 1, 1915, 1 year, $1,200 a year, April 7, 1915.
May 1, 1916, 4 months, $100 a month, Apr. 13, 1916.
Sept. 1, 1916, 1 month, $100 a month, July 13, 1916.
Oct. 1, 1916, 7 months, $100 a month, Oct. 19, 1916.
May 1, 1917, 5 months, $100 a month, Mar. 1, 1917.
Oct. 1, 1917, 6 months, $100 a month, July 26, 1917.

There is no City-owned property in the vicinity that is available for this purpose.

The nearest City-owned property is at the corner of 13th Avenue and 1st Street, one parcel being occupied and used for a Public Library and the other parcel being occupied and used for P. S. No. 27.

There is no property in the vicinity under lease to the City that is not in use or that could be made available for the purposes of this lease.

There is no other building rented or offered for rent with which the premises proposed to be leased can be justly compared, owing to the great cost of this building originally, which, I am informed, cost the owner, about 40 years ago, the sum of $40,000 to $50,000. The interior trim is of black walnut, oak and mahogany.

The present lease contains provision that in the event that the City does not desire to retain the premises in question for the six months following April 1, 1918, notice of the intention to surrender the premises on April 1, 1918, should be given the lessor by January 1, 1918. This notice, I am informed by the Police Department, has not been given; the City is therefore in the position of a hold-over tenant.

Upon inquiry at the Police Department as to the reason for the short renewal period the Fourth Deputy Police Commissioner stated that the Department had under consideration the question of abolishing this Precinct Station.

Under the circumstances the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to pay, without the necessity of entering into a lease therefor, rent at the rate of $100 a month for a period not exceeding six months from April 1, 1918, to W. J. Patterson, No. 806 American Trust Building, Cleveland, Ohio, for use of the Police Department, of the premises No. 650 North 13th Street, College Point, Borough of Queens; lessor to pay taxes, make outside repairs and keep roof in repair; the lessee to furnish heat, light, water, janitor service and make inside repairs. In the event that the City does not desire to retain the premises for six months following October 1, 1918, notice of the intention to surrender the premises on October 1, 1918, should be given the lessor on or before July 1, 1918. Respectfully, CHARLES L. CRAIG, Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay, without the necessity of entering into a lease therefor, rent at the rate of one hundred dollars ($100) a month for a period not exceeding six months from April 1, 1918, to W. J. Patterson, No. 806 American Trust Building, Cleveland, Ohio, for use by the Police Department, of the premises No. 650 North 13th Street, College Point, Borough of Queens; the lessor to pay taxes, make outside repairs and keep roof in repair; the lessee to furnish heat, light, water, janitor service and make inside repairs. In the event that the City does not desire to retain the premises for the six months following October 1, 1918, notice of the intention to surrender the premises on October 1, 1918, to be given the lessor on or before July 1, 1918.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Supreme Court—Renewal of Lease for, of Rooms on the 11th, 12th and 13th Floors at 51 Chambers St., Manhattan.

The Comptroller presented the following report and offered the following resolution:

March 6, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—Hon. Justice Giegerich, Chairman of the Old Court House Committee, in a communication dated January 29, 1918, on behalf of the Justices of the Supreme Court, First Judicial District, requests the renewal of the lease of the chambers and library of the Justices of the Supreme Court on the 11th, 12th and 13th floors of the Emigrant Industrial Savings Bank Building, 43-51 Chambers Street, Borough of Manhattan, for a term of three years from May 1, 1918.

Provision for the renewal of this lease is made in the 1918 Budget.

These premises have been occupied for this purpose under leases made as follows:

Part of 12th and all of 13th floors, 21,000 square feet. Term, May 15, 1912, to May 1, 1915, $33,600; April 10, 1912.

Part of 11th and 12th floors, all of 13th floor, 24,991 square feet. Term, May 1, 1915, to May 1, 1918, $39,985.20; March 24, 1915.

The City has been occupying these premises at a rental at the rate of about $1.60 per square foot. The lessors made a demand for a uniform increase of 10 per cent. for this space for the renewal from May 1, 1918, as the rents from other tenants have been increased from 10 per cent. to 28 per cent. In the last renewal of this lease, however, made by the City in 1915 for this space, which comprises 24,991 square feet, at $39,985.20 a year, the lease contained a clause giving the City the right to renew for an additional term of three years from May 1, 1918, on the same terms and conditions.

An investigation disclosed the fact that the area of 24,991 square feet was 1,167 square feet in excess of the actual floor space supposedly under lease which is and was 23,824 square feet. The agent of the building has been consulted with and agrees to execute a renewal at the old rate of $1.60 per square foot for the 23,824 square feet for three years at $38,118.40, which is $1,866.80 a year less, or $5,598.60 less for the three years than the present rental.

There is no City owned property in the vicinity that is available for this purpose.

The nearest City owned property is the County Court House directly opposite occupied for court purposes.

There is no property in the vicinity now under lease to the City that is not in use or that could be made available for the purposes of this lease.

The rent for the renewed lease compared with other rents in the vicinity is as follows: The yearly rental for the 23,824 square feet covered by this lease is $38,118.40, or at the rate of $1.60 per square foot. Other office space in this building is now renting for from $1.90 to $2.90 per square foot. The rent asked for office space in the building at 280 Broadway (not of modern fireproof construction) ranges from $1.50 to $2 per square foot.

There is no other privately owned property to be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances, the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the renewal of the said lease upon the same terms and conditions, to wit:

Of Rooms 1112 and 1113, Rooms 1126 to 1129, inclusive, on the 11th floor; Rooms 1208 to 1215, inclusive, Rooms 1219 to 1224, inclusive, on the 12th floor, and Rooms 1301 to 1318, inclusive, on the 13th floor (entire 13th floor) a total floor area of 23,824 square feet in the Emigrant Industrial Savings Bank Building, Nos. 43-51 Chambers Street, Borough of Manhattan, for use of the Judges of the Supreme Court, First Department, for a period of three years from May 1, 1918, at an annual rental of $38,118.40, payable quarterly; the lessors to pay taxes and water rates, furnish heat, light, elevator and janitor service. Lessors, Emigrant Industrial Savings Bank, Nos. 43-51 Chambers Street, Borough of Manhattan. Respectfully,

CHARLES L. CRAIG, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of rooms 1112 and 1113, rooms 1126 to 1129, inclusive; on the 11th floor, rooms 1208 to 1215, inclusive; rooms 1219 to 1224, inclusive, on the 12th floor, and rooms 1301 to 1318, inclusive, on the 13th floor (entire 13th floor), a total floor area of 23,824 square feet, in the Emigrant Industrial Savings Bank Building, Nos. 43-51 Chambers Street, Borough of Manhattan, for use of the Judges of the Supreme Court, First Department, for a period of three years from May 1, 1918, at an annual rental of thirty-eight thousand one hundred and eighteen dollars and forty cents ($38,118.40), payable quarterly; the lessors to pay taxes and water rates, furnish heat, light, elevator and janitor service; lessors, Emigrant Industrial Savings Bank; the Commissioners of the Sinking Fund deeming said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Supreme Court—Renewal of Lease for, of Rooms 1201, 1202 and 1203 at 51 Chambers St., Manhattan.

The Comptroller presented the following report and offered the following resolution:

March 26, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—Honorable Justice Giegerich, Chairman of the old Courthouse Committee, in a communication dated January 29, 1918, on behalf of the Justices of the Supreme Court, First Judicial District, requests a renewal of the lease of Rooms 1201 to 1203, on the 12th floor, in the Emigrant Industrial Savings Bank Building, 51 Chambers Street, Borough of Manhattan, occupied as Judges' Chambers, for a term of three years from May 1, 1918.

Provision for renewal of this lease was made in the 1918 Budget from May 1, 1918, at $1,968.45 a year. The City has been occupying the premises at this rental, or at the rate of $1.60 per square foot. The lessors, however, refuse to execute a renewal at this rate, as the rentals to other tenants throughout the building have been increased from 10 per cent. to 28 per cent., or at the rate of $1.90 to $2.90 per square foot, according to location of rooms.

For this renewal, they demand $2,800 a year, or at the rate of about $2.34 a square foot.

These premises have been occupied for this purpose under leases made as follows:

March 1, 1916, to May 1, 1917, $1,968.45, January 26, 1916.
May 1, 1917, to May 1, 1918, $1,968.45, April 19, 1917.

There is no City owned property in the vicinity that is available for this purpose.

The nearest City owned property is the County Court House, directly opposite, occupied for court purposes.

There is no property in the neighborhood now under lease to the City that is not in use or that could be made available for the purposes of this lease.

The rent for the renewed lease, compared with other rents in the vicinity, is as follows:

Rooms 1201 to 1203 comprise a floor area of 1,193 square feet, and at a rental of $2,800 a year is at the rate of about $2.34 a square foot.

Other tenants in this building are paying $1.90 to $2.90 per square foot, while office space in the building No. 280 Broadway (not modern fireproof construction) rents for $1.50 to $2 per square foot.

There is no other privately owned property in the neighborhood that could be rented or used in lieu of the above premises to the advantage of the City.

This rent can be justified only by the exigencies of the war.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of said lease upon the following terms and conditions:

Of Rooms 1201, 1202 and 1203, with a total floor area of 1,193 square feet, in the Emigrant Industrial Savings Bank Building, 43-51 Chambers Street, Borough of Manhattan, for use as Chambers for the Justices of the Supreme Court, for a period of three years from May 1, 1918, at an annual rental of $2,800, payable quarterly; the lessor to pay taxes and water rates and furnish heat, light, elevator and janitor service. Lessor, Emigrant Industrial Savings Bank, 43-51 Chambers Street, Manhattan,

Respectfully, CHARLES L. CRAIG, Comptroller.

Third District City Magistrates' Court—Renewal of Lease for, of Premises at Northeast Corner of Second Ave. and First St., Manhattan.

The Comptroller presented the following report and offered the following resolution:

April 4, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—The Chief City Magistrate, in a communication dated March 19, 1918, requests the renewal of the lease of premises occupied as the Third District City Magistrates' Court, at First Street and Second Avenue, Borough of Manhattan, for a period of one year from May 1, 1918, at the same rental and upon the same terms and conditions as now occupied.

Provision for the renewal of this lease was made in the 1918 Budget.

These premises have been occupied for this purpose under leases made as follows:

May 1, 1907, May 1, 1912, $4,000 a year, Feb. 20, 1907.
May 1, 1912, May 1, 1913, $4,000 a year, Mar. 13, 1912.
May 1, 1913, May 1, 1914, $4,000 a year, Mar. 19, 1913.
May 1 1914, May 1, 1915, $4,000 a year, Mar. 4, 1914.
May 1, 1915, May 1, 1916, $4,000 a year, Mar. 24, 1915.
May 1, 1916, May 1, 1917, $4,000 a year, Feb. 23, 1916.
May 1, 1917, May 1, 1918, $4,000 a year, May 3, 1917.

There is no City owned property in the vicinity that is available for this purpose.

The nearest City owned property is at the corner of Second Street and Second Avenue, acquired by the City as a site for this Court, but still vacant.

There is no other property in the vicinity now under lease to the City that is not in use or that could be made available for the purposes of this lease.

While the premises covered by this lease are not entirely satisfactory, the request for the renewal was only received on March 28, 1918, not giving sufficient time for investigation of all other possible locations. It therefore seems to the best interests of the City to renew this lease for a period of one year from May 1, 1918. A plot has been acquired by the City as a site for a Court House to take the place of the premises in question, but sufficient funds are not available for the erection of the building at this time.

Under the circumstances the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the said lease upon the same terms and conditions as the present lease, to wit:

Of the first floor of the Florence Building, northeast corner of Second Avenue and First Street, Borough of Manhattan, for the use of the Third District City Magistrates' Court for a period of one year from May 1, 1918, at an annual rental of $4,000, payable quarterly; the lessor to pay taxes and water rates and make outside repairs; the lessee to furnish heat, light and janitor service and make such inside repairs as it may deem necessary. Lessor, Nathaniel W. Keane, 95 Nassau Street, Manhattan. Respectfully, CHARLES L. CRAIG, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the first floor of the Florence Building, northeast corner and Second Avenue and First Street, Borough of Manhattan, for use of the Third District City Magistrates' Court, for a period of one year from May 1, 1918, at an annual rental of four thousand dollars ($4,000), payable quarterly; the lessor to pay taxes and water rates and make outside repairs; the lessee to furnish heat, light and janitor service and make such inside repairs as it may deem necessary; lessor, Nathaniel W. Keane; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

State Superintendent of Public Works—Payment to, of State's Share of Revenue for Use of Piers 5 and 6, East River.

The Comptroller presented the following report and offered the following resolution:

April 4, 1918.

To the Commissioners of the Sinking Fund:

Gentlemen—Under date of March 25, 1918, the State Superintendent of Public Works made application to the Comptroller for payment of the State's share of the revenues derived from the use of Piers 5 and 6, East River, and adjoining bulkhead, aggregating $472.43.

On March 21, 1918, the Department of Docks and Ferries certified to this department that there was due and payable to the State Superintendent of Public Works the sum of $472.43, representing the State's share of the revenues derived from Piers 5 and 6 and adjoining bulkhead, East River, as follows:

Gross receipts from Wharfage for January and February, 1918	$1,119 86
State's Share, 50 per cent	$559 93
Less: Deduction for Dockmaster's Salary	87 50
Net amount payable to the State	$472 43

The piers in question were formerly owned by the City of New York and were conveyed to the State of New York as a site for a Barge Canal terminal, under an agreement executed on May 27, 1916, between the City of New York and the State Canal Board. The fourth clause of the above-mentioned agreement, relative to the division of revenues to be derived from the use of the property conveyed by the City to the State, reads as follows:

Fourth—It is hereby further understood and agreed that the respective rights of the City and the State to the income to be derived from the use of the said terminal and docks to be so conveyed, namely, Piers 5 and 6, shall be as follows, viz.: The State shall fix the rates to be charged for the use of said terminal and docks and the income therefrom, after the expenses and disbursements incidental to the operation and maintenance of the Barge Canal Terminal at this locality have been deducted, shall be divided and apportioned as follows:

The State shall receive fifty per cent. thereof.

The City of New York shall receive fifty per cent. thereof, which amount shall be paid to the Commissioner of Docks of the City of New York to be disposed of as provided by law.

The revenues from Piers 5 and 6 and the adjoining bulkhead have been deposited as collected, from time to time, with the Chamberlain of the City of New York to the Credit of the Sinking Fund for the Redemption of City Debt No. 1.

In order to make the above payment to the State for its share of these revenues, the adoption of the attached resolution is respectfully recommended. Respectfully,

CHARLES L. CRAIG, Comptroller.

Board of Elections, Lease for, of Premises in the Bronx Opera House, Nos. 440-442 East 149th St., Bronx.

The Comptroller presented the following report and offered the following resolution:

April 9, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—The Chief Clerk of the Board of Elections, in a communication dated February 1, 1918, states that at a meeting of the Board of Elections held January 28, 1918, the following resolution was adopted:

Resolved, That the Comptroller be and he is hereby authorized and directed to lease, for the use of the Board of Elections of this City, from the 149th Street Realty Company (Incorporated), the entire fourth (top) floor of premises No. East 149th Street, known as the Bronx Opera House, and situate between Bergen and Brook Avenues, for a period of five years from May 1, 1918, at an annual rental of $2,000, payable quarterly; the lessor to furnish and supply at all times when required in and to said premises, and the hall, stairs and approaches thereto, heat, artificial light, janitor service and elevator service, reasonably satisfactory to the lessee. To provide and maintain on said floor sufficient proper urinary and toilet appendages for males and females in separate compartments. To make an opening with door from Hall to Room No. 6 and one from Room No. 1 to No. 3, each about 3 feet in width, and likewise an opening from Room No. 1 to Room No. 6, about 6 feet wide, with double doors therein, all said doors and the doors opening into rooms to have upper panels of opaque glass; to construct a passenger and freight elevator from 1st to 3rd floors with clear floor space equal to not less than 25 square feet and capacity of not less than 2,000 lbs., and make the necessary change in stairway caused by construction of the elevator; to construct and maintain an unobstructed passageway on 1st floor from entrance hall to elevator entrance of not less than 6 feet in width, and to repaint walls and ceilings and varnish or paint woodwork of premises leased, to satisfaction of lessee, all of above specified work to be completed prior to May 1st, 1918, and lessee to have privilege of occupying the premises prior to said period free of charge or rent therefor.

Provision for renewal of leases for the Board of Elections is not made in the Budget, but provided for in their own Budget appropriation.

This is a new lease and is intended to take the place of property now under lease by the City for the same purpose at 368 East 148th Street, which has been leased by the City at an annual rental of $1,500, or at the rate of 71 cents a square foot.

The premises covered by the new lease consist of the fourth floor in the building known as the Bronx Opera House, on the southerly side of East 149th Street, between Berger and Brook Avenues, and contains a total area of about 4,587 square feet. The rent is $2,000 a year, or at the rate of 43 6-10 cents per square foot, and is the cheapest rent for similar property in the vicinity, and includes heat, light, elevator and janitor service.

There is no City-owned property in the vicinity that is available for this purpose.

The nearest City-owned property is at the corner of 149th Street and Bergen Avenue, occupied as a public park.

There is no property in the vicinity now under lease to the City that is not in use or that could be made available for the purposes of this lease.

There is no other privately owned property in the neighborhood that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances, the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving the execution of a lease upon the following terms and conditions:

Of the entire fourth floor of the premises 440-442 East 149th Street, known as the Bronx Opera House, between Bergen and Brook Avenues, Borough of The Bronx, for use of the Board of Elections, for a period of five years from May 1, 1918, at an annual rental of $2,000, payable quarterly; the lessor to pay taxes and water rates, make all repairs and supply at all times when required in and to said premises, and the hall, stairs and approaches thereto, heat, artificial light, janitor and elevator service reasonably satisfactory to the lessee; to provide and maintain on said floor sufficient proper urinary and toilet appendages for males and females in separate compartments; to make an opening with door from hall to Room No. 6. and one from Room No. 1 to No. 3, each about three feet in width, and likewise an opening from Room No. 1 to Room No. 6, about 6 feet wide, with double doors therein, all said doors and the doors opening into rooms to have upper panels of opaque glass; to construct a passenger and freight elevator from 1st to 3rd floors, with clear floor space equal to not less than 25 square feet, and capacity of not less than 2,000 lbs., and make the necessary change to stairway caused by construction of the elevator; to construct and maintain an unobstructed passageway on first floor from entrance hall to elevator entrance of not less than six feet in width, and to repaint walls and ceilings and varnish or paint woodwork of premises leased, to satisfaction of lessee, all of above specified work to be completed prior to May 1st, 1918, and lessee to have privilege of occupying the premises prior to said period free of charge or rent therefor. Lessor, The Bronx-149th Street Realty Company. Respectfully,

CHARLES L. CRAIG, Comptroller.

Wards Island—Approval of Arrangement by the State With the Navy Department for the Use of Twenty Acres of Land on Wards Island.

The following communications were received:

April 5, 1918.

Re Transfer of 20 Acres of Land on Ward's Island to Navy Department.

The Commissioners of the Sinking Fund, Municipal Building, New York City:

Gentlemen—The Secretary of the Navy has requested that 20 acres on Ward's Island be set aside on which to construct a hospital for the use of the Navy during the term of war, and as long thereafter as may be necessary.

In 1914, the Commissioners of the Sinking Fund extended the lease of this island to the State of New York for a term of 50 years, with the proviso that the land on the island should not be used except for the care of insane. A request has been made to his Excellency, the Governor, and to the State Hospital Commission for the use of this land by the Navy Department. The State Hospital Commission has agreed, and the Governor signed the letter to Secretary Daniels of the Navy Department, informing him that the State was willing to assign this ground for the purposes of the Navy. It will be necessary for the Sinking Fund Commission to approve of this transfer, and at the same time abrogate the clause in the lease, "except for the care of insane" during the time the Navy Department uses this land for naval hospital purposes.

I would request that your Commission take the necessary action as soon as possible. Very truly yours, BIRD S. COLER, Commissioner.

State of New York, State Hospital Commission, Albany, April 6, 1918.

Commissioners of the Sinking Fund, New York City:

Gentlemen—The Navy Department of the Federal Government has made an urgent request to the State of New York for the loan of the use of approximately twenty acres of the grounds of the Manhattan State Hospital, Ward's Island, New York City, as a site for a hospital for sick sailors. The request is contained in a letter addressed to the Governor by Hon. Josephus Daniels, Secretary of the Navy, copy of which I am enclosing.

The Governor has granted approval to the loan of this land, subject to the provisions and conditions of the lease of July 29, 1914, between The City of New York and The People of the State of New York, as he has indicated in his letter to Secretary Daniels of April 3d, copy of which I am also enclosing.

In the enclosed copy of the lease in question, you will note the following paragraph:

"The party of the second part further covenants and agrees to and with the party of the first part, that the premises herein demised are to be used during the term hereby granted for no other purpose than the care of the insane, and that in the event of such other use by the party of the second part, the within lease will cease and terminate and become null and void."

Before the State Hospital Commission can enter into any final arrangement for the loan of this land, it will therefore be necessary to receive the permission and approval of your Commissioners for such an undertaking.

Inasmuch as the Navy Department is anxious to complete negotiations at once and start the construction of this hospital, will you take the matter under consideration as soon as possible and advise the Commission of your action?

Very Respectfully, EVERETT S. ELWOOD, Secretary.

Navy Department, Washington, March 28, 1918.

His Excellency Hon. CHARLES S. WHITMAN, *Governor of the State of New York,* New York, N. Y.:

My Dear Governor Whitman—The need of the Navy for additional hospital facilities in New York City is urgent, and in view of the fact that it will be necessary for the Federal Government to provide its own beds in addition to those in existing municipal hospitals, the Navy Department has considered the desirability of building an emergency hospital on Ward's Island, which contains an available and accessible site well adapted to the pressing needs of the Navy.

In accordance with the recommendation of the State Hospital Commission, contained in a letter, a copy of which is enclosed, a formal request is herewith made for the loan of the ground indicated on the attached diagram. It is understood that the State does not contemplate building on this land, and it is therefore requested that the loan be extended over an indefinite number of years. Very truly yours, JOSEPHUS DANIELS, Secretary of the Navy.

(Copy.)

April 3, 1918.

Hon. JOSEPHUS P. DANIELS, *Secretary of the Navy,* Washington, D. C.:

Sir—Your communication of March 28th, has been received, in which you request the loan of approximately twenty acres of the grounds of the Manhattan State Hospital, Ward's Island, New York City, for the use of your Department in the erection of a hospital for sick sailors.

I hereby grant approval to your entering into an arrangement with the State Hospital Commission and the Board of Managers of the Manhattan State Hospital, covering the use of this land, as a military measure, for a period not to exceed two years beyond the termination of the present war, subject to the provisions and conditions of the lease of this land entered into July 29th, 1914, between The City of New York and the People of the State of New York.

Yours very truly,

—and the following resolution was offered for adoption:

Whereas, By resolution adopted April 22, 1914, the Commissioners of the Sinking Fund authorized a lease to the State of New York for a period of fifty years from November 19, 1912, of the interest of the City of New York in the property known as Wards Island, in the 12th Ward of the City of New York, which lease was executed and delivered; and

Whereas, The said lease contains a clause that the lands and buildings are to be used solely for the purpose of a State Hospital for the Insane, and for no other purpose; and

Whereas, The Secretary of the Navy has requested the State authorities to set aside twenty acres of the Island on which to construct an emergency hospital, for the care of sick sailors; and

Whereas, The Governor of the State of New York having given his approval of an arrangement for the use of the land by the Navy Department, subject to the provisions and conditions of the lease; it is

Resolved, That the Commissioners of the Sinking Fund of the City of New York hereby approve of and authorize the State of New York, notwithstanding the clause in the lease hereinabove referred to, to enter into an arrangement with the Navy Department covering the use of approximately twenty acres of the grounds of the Manhattan State Hospital, on Wards Island, New York City, as a military measure, for a period not to exceed two years beyond the termination of the present war.

Which resolution was adopted, all the members present voting in the affirmative.

Adjourned. JOHN KORB, Secretary.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE MONDAY, APRIL 22, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

CHARLES L. CRAIG, Comptroller.

DAILEY AND DEWITT C. IVINS, COMPOSING THE FIRM OF DAILEY & IVINS, AND RENEWED FOR THE TWO-YEAR PERIOD.

The period of the work to be performed under this contract will be for eight (8) months, commencing May 1, 1918.

The compensation to be paid to the contractor, which shall be in full for all the work performed, will be as follows for the various items:

For the removal and final disposition of rubbish, at a price or sum per paper and rubbish cartload (c) or in like proportion.

For the loading, removal and final disposition of the ashes from Blackwell's and Randall's Islands, at a price or sum for eight months beginning May 1, 1918.

In the comparison to ascertain the lowest bid, the following method will be used: Multiply the price or sum bid per cartload for ashes and street sweepings by the total cartloads as shown in the table for the last eight months of the year 1917 in the "Information to Bidders"; multiply the price or sum per cartload for rubbish by the total of cartloads, as shown in the said table, during the same eight months; to the sum of these two items add the prices or sums bid for eight months commencing May 1, 1918, for the ashes from Blackwell's and Randall's Islands, and for the ashes and rubbish from steam tugs and other vessels in the harbor.

This check must not be enclosed, but must be handed in separately from the bid.

The Commissioner of Street Cleaning reserves the right to select from the bids or estimates that bid or estimate the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids or estimates.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a re-sale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
