

Emergencies are often unpredictable, heat in the City is a known danger for many new Yorkers. As you finalize summer program plans throughout your community please join and encourage your colleagues to join our Extreme Heat Preparedness Series during this month of May.

Extreme Heat Preparedness Training #1 for Community & Faith Leaders

Thursday, May 9 1:00 PM - 2:00 PM

In this training receive the latest information about the risks of heat and the resources available. The NYC Dept. of Health - Bureau of Environmental Surveillance and Policy and the Mayor's Office of Climate and Environmental Justice will present the latest data and resources from the City to help prepare communities.

2022 Extreme Heat Simulation

May 19 2:00 PM - 4:00 PM

We invite you to participate in our Extreme Heat Simulation. This interactive activity is designed for community networks with all or some part of a community emergency plan.

The objectives:

- Provide community networks with an opportunity to share and enhance familiarity with their emergency plans, roles, and responsibilities.
- Strengthen community networks comfort level with their roles, responsibilities, and tasks they may perform once emergency plans are activated.
- Provide community networks with an opportunity to assess their emergency plans and conduct improvement planning.

What is needed to participate?

- At least two to three members of your network
- Bring your community emergency plan or any components (communication strategies, resource guide, community mapping, etc.)
- Register for one simulation and login via Zoom
- Bring a positive-can do attitude and know there will be no "GOTCHA" moments

Register for May 19 2:00 PM - 3:00 PM Simulation

Extreme Heat Preparedness Training # 2 for Community & Faith Leaders

Thursday, May 26 1:00 PM - 2:00 PM

In this training, community and faith leaders will receive best practices along with action steps on how to better prepare their community members during extreme heat weather. Speakers will be from the community, NYC Emergency and health experts.
