as Good Sweet Timothy.

50,000 pounds good clean Rye Straw.
2,100 bags clean White Oats, 80 pounds to the bag.
1,500 bags Fine Feed, 60 pounds to the bag.

—will be received by the Board of Commissioners at the
head of the Fire Department, at the office of said Depart-
ment, Nos. 155 and 157 Mercer street, in the City of New
York, until 10 o'clock A. M., Wednesday, 14th instant
at which time and place they will be publicly opened by
the head of said Department and read.

The award of the contract will be made as soon as prac-
ticable after the opening of the bids.

Any person making an estimate for the articles shall
present the same in a sealed envelope, to said Board, at
said office, on or before the day and hour above named,
which envelope shall be indorsed with the name or names
of the person or persons presenting the same, the date of
its presentation, and a statement of the articles to which it
relates.

Proposals must include all of the items, specifying the
price per cwt. for hay and straw, and per bag for oats
and feed.

All of the articles are to be delivered at the various
houses of the Department in such quantities and at such
times as may be directed.

The Fire Department reserves the right to decline any
and all bids or estimates if deemed to be for the public
interest. No bid or estimate will be accepted from, or
contract awarded to, any person who is in arrears to the
Corporation upon debt or contract, or who is a defaulter,
as surety or otherwise, upon any obligation to the Cor-
poration.

Each bid or estimate shall contain and state the name
and place of residence of each of the persons making the
same; the names of all persons interested with him or them
therein; and if no other person be so interested, it shall
distinctly state that fact; that it is made without any con-
nection with any other person making an estimate for the same
purpose, and is in all respects fair and without collusion or
fraud; and that no Member of the Common Council, Head
of a Department, Chief of a Bureau, Deputy thereof or
Clerk therein, or other officer of the Corporation is
directly or indirectly interested therein, or in the supplies
or work to which it relates, or in any portion of the profits
thereof. The bid or estimate must be verified by the
oath, in writing, of the party or parties making the
estimate, that the several matters stated therein are in all
respects true. Where more than one person is interested,
it is requisite that the verification be made and subscribed
by all the parties interested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders of the
City of New York, with their respective places of business
or residence, to the effect, that if the contract be awarded
to the person making the estimate, they will, on its being so
awarded, become bound as his sureties for its faithful per-
formance in a sum not less than one-half the amount of the
estimate; and that if he shall omit or refuse to execute the
same, they will pay to the Corporation any difference be-
tween the sum to which he would be entitled on its comple-
tion and that which the Corporation may be obliged to pay
to the person or persons to whom the contract may be
awarded at any subsequent letting; the amount in each
case to be calculated upon the estimated amount of the work
by which the bids are tested. The consent above men-
tioned shall be accompanied by the oath or affirmation,
in writing, of each of the persons signing the same, that he
is a householder or freeholder in the City of New York, and
is worth the amount of the security required for the comple-
tion of this contract, over and above all his debts of every
nature, and over and above his liabilities as bail, surety,
or otherwise; and that he has offered himself as a surety
in good faith and with the intention to execute the bond
required by law. The adequacy and sufficiency of the
persons offered to be approved by the Comptroller of
the City of New York before the award is made and prior
to the signing of the contract.

No estimate will be received or considered after the
hour named.

No estimate will be considered unless accompanied
by either a certified check upon one of the national
banks of the City of New York, drawn to the order of the
Comptroller, or money, to the amount of five per centum
of the amount of the security required for the faithful
performance of the contract. Such check or money
must not be included in the sealed envelope containing
the estimate, but must be handed to the officer or clerk
of the Department who has charge of the Estimate-box,
and no estimate can be deposited in said box until such
check or money has been examined by said officer or
clerk and found to be correct. All such deposits, except
that of the successful bidder, will be returned to the per-
sons making the same within three days after the contract
is awarded. If the successful bidder shall refuse or
neglect, within five days after notice that the contract has
been awarded to him, to execute the same, the amount of
the deposit made by him shall be forfeited and retained
by the City of New York, as liquidated damages for such
neglect or refusal; but, if he shall execute the contract
within the time aforesaid, the amount of his deposit will
be returned to him.

Should the person or persons to whom the contract
may be awarded neglect or refuse to accept the contract
within five days after written notice that the same has
been awarded to his or their bid or proposal, or if he or
they accept but do not execute the contract and give the
proper security, he or they shall be considered as having
abandoned it and as in default to the Corporation, and
the contract will be readvertised and relet as provided
by law.

Bidders will write out the amount of their estimate in
addition to inserting the same in figures.

The form of the agreement and specifications, and
showing the manner of payment for the work, may be
seen and forms of proposals may be obtained at the
office of the Department.

DEPARTMENT OF DOCKS.

DEPARTMENT OF DOCKS,
117 AND 119 DUANE STREET,
NEW YORK, June 6, 1882.

TO CONTRACTORS.

(No. 161.)
PROPOSALS FOR ESTIMATES FOR DREDGING
THE SLIPS IN THE VICINITY OF THE
DUMPS AT THE FOOT OF WEST TWELFTH
AND WEST THIRTY-SEVENTH STREETS,
NORTH RIVER.

ESTIMATES FOR DREDGING THE SLIPS IN
the vicinity of the Dumps at the foot of West
Twelfth and West Thirty-seventh streets, North river,
will be received by the Board of Commissioners at the
head of the Department of Docks, at the office of said
Department, Nos. 117 and 119 Duane street, in the City
of New York until 12 o'clock, M. of

MONDAY, JUNE 19, 1882.

at which time and place the estimates will be publicly
opened by the head of said Department. The award of
the contract, if awarded, will be made as soon as prac-
ticable after the opening of the bids.

Any person making an estimate for the work shall
furnish the same in a sealed envelope to said Board, at
said office, on or before the day and hour above named,
which envelope shall be endorsed with the name or
names of the person or persons presenting the same, the
date of its presentation, and a statement of the work to
which it relates.

The bidder to whom the award is made shall give
security for the faithful performance of the contract, in
the manner prescribed and required by ordinance, in the
sum of one thousand dollars.

The Engineer's estimate of the quantity of the material
necessary to be dredged in order to secure at the
premises mentioned the depth below mean low water,
named in the specifications, is 12,000 cubic yards.

N. B.—As the above mentioned quantity, though
stated with as much accuracy as is possible in advance
is approximate only, bidders are required to submit their
estimates upon the following express conditions, which
shall apply to and become part of every estimate
received:

(1.) Bidders must satisfy themselves by personal
examination of the location of the proposed
dredging, and by such other means as they may
prefer, as to the accuracy of the foregoing
Engineer's estimate and shall not at any time
after the submission of an estimate, dispute
or complain of the above statement of quantity,
nor assert that there was any misunderstanding
in regard to the nature or amount of the work to
be done.

(2.) Bidders will be required to complete the entire
work to the satisfaction of the Department of
Docks, and in substantial accordance with the
specifications of the contract. No extra compen-
sation beyond the amount payable for the work
before mentioned, which shall be actually per-
formed at the price therefor per cubic yard to be
specified by the lowest bidder, shall be due or
payable for the entire work.

The work to be done under the contract is to be com-
menced within five days after the date of the contract,
and the entire work is to be fully completed on or before
the 31st day of July, 1882, and the damages to be paid by
the contractor for each day that the contract may be un-
fulfilled after the time fixed for fulfillment has expired,
Sundays and holidays not to be excepted, are, by a clause
in the contract, fixed and liquidated at Fifty Dollars per
day.

All the material excavated is to be removed by the con-
tractor, and deposited, in all respects, according to law;
and any material dredged, not so deposited, shall not be
paid for.

Bidders will state in their estimates a price per cubic
yard for doing such dredging in conformity with the ap-
proved form of contract and the specifications therein set
forth, by which price the bids will be tested. This price
is to cover all expenses of every kind involved in or inci-
dental to the fulfillment of the contract, including any
claim that may arise through delay from any cause in the
performing of the work thereunder.

Bidders will distinctly write out, both in words and in
figures, the amount of their estimates for doing this work.
The person or persons to whom the contract may be
awarded will be required to attend at this office with the
sureties offered by him or them, and execute the contract
within five days from the date of the service of a notice
to that effect; and in case of failure or neglect so to do,
he or they will be considered as having abandoned it, and
as in default to the Corporation; and the contract will be
re-advertised and relet, and so on until it be accepted and
executed.

Bidders are required to state in their estimates their
names and places of residence, and all persons who are
interested with them therein; and if no person be so inter-
ested, the estimate shall distinctly state the fact; also that
the estimate is made without any connection with any
other person making an estimate for the same work, and
that it is in all respects fair and without collusion or fraud;
and also that no member of the Common Council, Head
of a Department, Chief of a Bureau, Deputy thereof, or
Clerk therein, or other officer of the Corporation, is
directly or indirectly interested therein, or in the sup-
plies or work to which it relates, or in any portion of the
profits thereof; which estimates must be verified by the
oath, in writing, of the party making the estimate, that
the several matters stated therein are in all respects true.
Where more than one person is interested, it is requisite
that the verification be made and subscribed by all the
parties interested.

Each estimate shall be accompanied by the consent, in
writing, of two householders or freeholders in the City
of New York, with their respective places of business or
residence, to the effect that if the contract be awarded to
the person or persons making the estimate, they will,
upon its being so awarded, become bound as his or their
sureties for its faithful performance; and that if said per-
son or persons shall omit or refuse to execute the con-
tract, they will pay to the Corporation of the City of
New York any difference between the sum to which said
person would be entitled on its completion, and that which
said Corporation may be obliged to pay to the person to
whom the contract may be awarded at any subsequent let-
ting; the amount in each case, to be calculated upon the es-
timated amount of the work to be done, by which the bids
are tested. The consent above mentioned shall be accom-
panied by the oath or affirmation, in writing, of each of the
persons signing the same, that he is a householder or free-
holder in the City of New York, and is worth the amount
of the security required for the completion of the con-
tract, over and above all his debts of every nature, and
over and above his liabilities as bail, surety and other-

wise; and that he has offered himself as surety in good
faith and with the intention to execute the bond required
by law. The adequacy and sufficiency of the security
offered will be subject to the approval of the Comptroller
of the City of New York, after the award is made and
prior to the signing of the contract.

No estimate will be received or considered unless ac-
companied by either a certified check upon one of the
National Banks of the City of New York, drawn to the
order of the Comptroller, or money to the amount of five
per centum of the amount of security required for the
faithful performance of the contract. Such check or money
must not be enclosed in the sealed envelope containing the
estimate, but must be handed to the officer or clerk of the
Department who has charge of the Estimate-box, and no
estimate can be deposited in said box until such check or
money has been examined by said officer or clerk and
found to be correct. All such deposits, except that of
the successful bidder, will be returned to the persons mak-
ing the same, within three days after the contract is
awarded. If the successful bidder shall refuse or neglect,
within five days after notice that the contract has been
awarded to him, to execute the same, the amount of the
deposit made by him shall be forfeited and retained by
the City of New York, as liquidated damages for such
neglect or refusal; but if he shall execute the contract
within the time aforesaid, the amount of his deposit will
be returned to him.

Bidders are informed that no deviation from the speci-
fications will be allowed, unless under the written in-
structions of the Engineer-in-Chief.

No estimate will be accepted from, or contract award-
ed to, any person who is in arrears to the Corporation,
upon debt or contract, or who is a defaulter, as surety or
otherwise, upon any obligation to the Corporation.
The right to decline all the estimates is reserved, if
deemed for the interest of the Corporation of the City of
New York.

Bidders are requested, in making their bids or estimates,
to use the blank prepared for that purpose by the De-
partment, a copy of which, together with the form of the
agreement, including specifications, and showing the man-
ner of payment for the work, can be obtained upon ap-
plication therefor at the office of the Department.

or by imprisonment not exceeding thirty days, or by both
such fine and imprisonment, on complaint of said
Board."

And every person guilty of a violation of or
disobedience to any of the following rules or
regulations, in addition to the penalties thereby
fixed and imposed, to be recovered in civil actions,
is liable to be prosecuted for a misdemeanor and
to be punished by such fine and imprisonment, or
by both.

No. 1.—No piles shall be driven, nor shall any platform
be erected, nor shall any filling-in of any kind be made on
any part of the water-front of the city, without a written
permit therefor being first had and obtained from the
Board, under a penalty of two hundred and fifty dollars,
for every such offense, to be recovered from the owner,
lessee, or occupant of any pier or bulkhead, or of any
water-front property or right, who shall cause or permit
any such work to be done upon his premises before such
permit therefor has been obtained, and under the further
penalty of fifty dollars for each and every day which
shall elapse before any piles so driven, or platform
so erected, or material so filled-in, without such permit
being first obtained, shall be removed, after the expira-
tion of the time which may be allowed for such removal,
by a notice served upon such owner, lessee, or occupant,
by the Corporation Wharfinger for the district, to be
also recovered from such owner, lessee, or occupant.

No. 2.—No shed, building, office, tally-house, or other
structure shall be erected, nor shall any derrick, hoist-
ing-mast, coal-hopper, sign, or advertising device, or
other erection or obstruction of any kind be placed or
maintained upon any pier, bulkhead, or other wharf
structure, nor upon any reclaimed land, without a written
permit therefor being first had and obtained from the
Board; and if the owner, lessee, or occupant of any such
premises, or the owner, lessee, or agent of any such
structure, erections, or obstructions, shall fail to comply
with a notice served by the Corporation Wharfinger for
the district to remove any such structure, erection, or
obstruction, after the expiration of the time allowed by
such notice for the removal, such owner, lessee, occu-
pant or agent, shall forfeit and pay a penalty of twenty-
five dollars per day for each and every day, which shall
elapse before any such structure, erection or obstruction,
shall be removed, after the expiration of the time for the
removal thereof specified in said notice.

No. 3.—No cargo shall be discharged from any vessel
upon any bulkhead or wharf structure, at which such
vessel is being unladen, after service by the Corporation
Wharfinger for the district, upon the owner, consignee,
master, or other officer, or stevedore, of such vessel, of a
notice that such bulkhead or structure will be endangered
by the placing of additional cargo thereon, under a pen-
alty of two hundred and fifty dollars for every such
offense, and a further penalty equal in amount to the
damages of every description which shall be caused by
the further discharging of cargo upon such bulkhead or
wharf structure, after the service of the said notice, both
of such penalties to be recovered from such owner, con-
signee, master or other officer or stevedore, severally
and respectively.

No. 4.—All goods, merchandise, and materials of every
kind, landed or placed on any pier, bulkhead, or other
wharf structure, or upon reclaimed land, must be re-
moved therefrom without unnecessary delay, and within
twenty-four hours after the Corporation Wharfinger for
the district shall have served upon the owner, shipper,
or consignee, of such cargo, a notice to remove the same,
under a penalty of fifty dollars per day for each and
every day, during which any part of said cargo shall re-
main upon such pier, bulkhead, structure, or land, after
the expiration of the said twenty-four hours, to be re-
covered from such owner, shipper, or consignee, severally
and respectively.

No. 5.—All goods, merchandise and materials of every
kind encumbering any pier, bulkhead or other wharf
structure, or reclaimed land, after the time designated
for the removal thereof shall have expired, will be liable
to be removed by the Board to any warehouse or yard,
at the sole risk and expense of the owner of any such
property, and all expense incurred for such removal and
storage or otherwise, shall be and become a lien thereon,
and such goods, merchandise and materials will not be
delivered to the owner until the expense of such removal
and storage has been paid.

No. 6.—No person shall construct or maintain any en-
gine-house, tally-house, or other small structure, under
a permit of the Board, on any unshedded pier, or other
wharf structure, unless the same be placed on wheels so
as to admit of easy removal thereupon when required, and
to prevent the accumulation of dirt or refuse thereunder,
under a penalty of twenty-five dollars per day for each
and every day which may elapse before the discontinu-
ance of such offense.

No. 7.—No vessel of any kind shall be loaded or discharged by horse power, nor shall stones or similar cargo be discharged from any vessel, upon any pier, bulkhead or other wharf structure, unless proper planking be provided to protect the surface of such pier, bulkhead or other wharf structure from injury consequent upon the travel of the horse, or the throwing of the stones or similar cargo thereupon, under a penalty of five dollars a day for each horse so employed, and of twenty-five dollars for each offense of discharging such stones or like cargo, upon such pier, bulkhead, or other wharf structure, to be recovered from the owner, consignee, master or stevedore of any such vessel, severally and respectively; and if such penalty be recovered for using horses, or discharging stones or similar cargo, upon wharf property belonging to the Corporation, under lease, it shall be paid to the lessee thereof, but if such penalty be recovered for using horses, or discharging stones or similar cargo, upon wharf property not owned by the Corporation, it shall be paid to the owner thereof.

No. 8.—No sand shall be discharged from any vessel unless canvas or similar material be extended from the vessel's side to the bulkhead or wharf structure at which such vessel is being unloaded, to prevent the falling of the sand into the water, and if the surface of any such wharf structure is not sufficiently tight to prevent the sand dumped thereon from going through into the water, then no sand shall be discharged thereon from any vessel, unless canvas or similar material be first laid thereon to receive the sand, under a penalty of twenty-five dollars for each offense, to be recovered from the owner, consignee, master or stevedore of any such vessel, severally and respectively; and if such penalty be recovered on account of sand discharged upon wharf property belonging to the Corporation, under lease, it shall be paid to the lessee thereof, but if such penalty be recovered on account of sand discharged upon wharf property not owned by the Corporation, it shall be paid to the owner thereof.

No. 9.—The owners, lessees and occupants of every pier, wharf and bulkhead in the City of New York shall keep the same in good repair, and the slips adjacent thereto properly dredged; and whenever, in the judgment of the Board, it shall be necessary so to do, written notices, signed by the President or Secretary of said Board, shall be served upon the owners, lessees or occupants, or collector of wharfage of any such pier, wharf or bulkhead, or the slip adjoining the same, on or in which repairs or dredging are required by said Board, specifying the nature and extent of the repairs or dredging so required, and the time within which such repairs must be made, or such dredging done; and in case the owners, lessees or occupants so notified, fail to comply with the terms and requirements of such notice, they shall forfeit and pay a penalty of fifty dollars per day for every day which shall elapse before they comply with such notice.

No. 10.—No ashes, refuse, offal, fruit, vegetables or any other substances, shall be thrown into the waters surrounding or adjacent to any pier or bulkhead, or any other part of the water-front of the city, under a penalty of twenty-five dollars for every such offense, to be recovered from the owner, lessee, or occupant, severally and respectively, of any pier, bulkhead, wharf structure, or other property, from which any such substance shall be thrown, or from the person actually throwing the same; or if any such substance be thrown from any vessel lying in waters within the jurisdiction of the Department, whether berthed or not, then such penalty to be recovered from the owner, consignee, or master of such vessel, severally and respectively.

No. 11.—No snow or ice shall be dumped into the waters adjacent to the water-front of the city, except from the piers, bulkheads and other places designated from time to time, by the Board, for such dumping, under a penalty of twenty-five dollars for each offense, to be recovered from the owner, lessee or occupant of any pier, bulkhead or other wharf property, from which any such snow and ice shall be dumped, or from the person actually dumping the same, severally and respectively.

No. 12.—All lumber, brick, or other material in bulk, discharged on any bulkhead not shedded, shall be at once removed, or, if not so removed, shall be placed at least twenty feet from the edge of the bulkhead, pending removal, under a penalty of fifty dollars per day, for each and every day such lumber, brick or other material shall remain on the bulkhead, to be recovered from the owner or consignee of such lumber, brick or other material, or from the person placing, or causing the same to be placed, on such bulkhead, severally and respectively.

No. 13.—The charges for wharfage and dockage of all vessels admitted to any of the piers or bulkheads constructed under the new plans adopted by the Department, shall be at the same rates as are now, or shall hereafter be, fixed and established by laws of this State, until otherwise ordered by the Board.

No. 14.—The term "Board," when used in the foregoing rules and regulations, shall be taken to mean "The Board of the Department of Docks of the City of New York," and the term "Corporation," when so used, shall be taken to mean "The Mayor, Aldermen and Commonalty of the City of New York."

The rent of all tenements which shall exceed in width fifty feet shall be the subject of special contract with the Commissioner of Public Works.

The extra and miscellaneous rates shall be as follows, to wit:

BAKERIES—For the average daily use of flour, for each barrel, the sum of three dollars per annum.
