The following opinion of the Counsel to the Board was ordered to be entered in the minutes:
To GEORGE W. MATSELL, Esquire,
President of the Board of Police, Police Department, New York City:

SIR—In relation to the proposals for "making repairs to steam tug 'William Parks,'" referred to me, I beg to say that inasmuch as the lowest bid appears to have been made by Jenkins, Smith & Co., I am respectfully of opinion that said firm is entitled to the award of the contract, despite the seeming lack of formality in the undertaking attached to such proposal. The persons signing said undertaking have, in my opinion, sufficiently evidenced their intention to bind themselves to render them liable as sureties on a breach of the conditions of the undertaking. To avoid possible dispute the blanks therein might be filled out in the customary manner.

I am, sir, your obedient servant,

CHARLES F. MACLEAN,

Counsel to the Board of Police.

Dated New York, September 27, 1875.

Whereupon, on motion of Commissioner Disbecker, it was Resolved, That the contract for making repairs to the tug "Wm. Parks" be awarded to Jenkins, Smith & Co., for the sum and price of \$2,818.72, they being the lowest bidders; and upon the approval of the sureties by the Comptroller, that the President be authorized and directed to execute the same—all voting aye.

The Committee on Street Cleaning submitted the following bills, which were referred to the Finance Committee:

Reuben J. Follis.....	\$26 10	Hugh Nesbitt.....	\$4 27
Wm. Gardner's Sons.....	14 90	Patterson Bros.....	11 89

FITZ JOHN PORTER,
Commissioner of Public Works.

LAW DEPARTMENT.

OPINION OF THE COUNSEL TO THE CORPORATION.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, September 23, 1875.

Hon. FITZ JOHN PORTER, Commissioner of Public Works:

SIR—With your letter to me of the 1st instant, are transmitted the following papers:

1. A copy of a resolution of the Common Council, requesting the Commissioner of Public Works to have the first floor of Fulton Market re-caulked immediately.
2. A copy of a letter from the Commissioner of Public Works to the Comptroller, requesting to know whether he has refused payment of a bill of Mr. Eugene French, for caulking the floor of Fulton Market, on the ground that the Department of Public Works had no authority to order the work to be done.
3. A letter from Mr. Eugene French to the Commissioner of Public Works, stating that the Comptroller has refused to pay his bill for caulking Fulton Market upon the ground that the Department of Public Works had no authority to order said work to be done.
4. A letter from the Commissioner of Public Works, dated July 24, 1875, in which he refers to a requisition made upon the Finance Department by the Department of Public Works for painting Centre and Union Markets, and states that he is informed by the Superintendent of Markets that the painting so far done to those buildings is entirely insufficient for their preservation; and also states that the Department of Finance, and not the Department of Public Works is the proper one to determine as to the necessity of repairs upon the markets.

You refer at length to the various laws and ordinances relating to public markets in this city, and, in substance, request my opinion upon the question, whether the Department of Public Works or the Department of Finance is empowered, by law, to determine as to the necessity of repairs to such markets, and has authority to order work upon them to be done.

Subdivision 20, section 17, of the Charter of 1873, provides that the Common Council may pass ordinances in relation to the construction, repair, care, and use of Markets. Subdivision 6, of section 33, establishes in the Finance Department a Bureau of Markets, the chief officer of which is to be called "Superintendent of Markets." Section 71, subdivision 5, declares that the Department of Public Works shall have cognizance and control of the care of public buildings; and section 72, subdivision 7, establishes a Bureau of Repairs and Supplies, which is to have cognizance of all supplies, and repairs to public buildings, works, lands, and places, and all other necessary repairs and supplies not provided for in other Departments. Section 119 provides, among other things, that the ordinances of the Common Council in force April 1, 1870, and all other ordinances passed since May 1, 1870, and in force at the time of the passage of that Charter, shall be thereby revived and continued in full force as city ordinances.

The provisions above referred to are the only ones, so far as I am aware, contained in the Charter of 1873, which have any bearing upon the questions submitted by your letter. It is to be observed that while a Bureau of Markets is established in the Finance Department no attempt is made in the Charter to enumerate or define the duties or powers of that Bureau. The power possessed by the Common Council under former Charters to pass ordinances in relation to the construction, repair, care and use of markets is, moreover, preserved; and it would seem to be necessary, therefore, in order to ascertain what powers are devolved upon the Finance Department and the Bureau and Superintendent of Markets, to refer to the ordinances of the Common Council in relation thereto. I have carefully examined the ordinances of the Common Council now in force, and I do not find any provision which devolves, or attempts to devolve, upon the Finance Department any powers or duties in relation to the construction or repair of public markets. Article 4 of chapter 7 of the Revised Ordinances contains provisions defining the powers and duties of the Superintendent of Markets; and chapter 35 contains elaborate provisions in regard to markets and market days, clerks of the markets, butchers, market fees and general rules and regulations in relation to markets. The subject of repairs to markets is not,

so far as I can ascertain, referred to at all in the ordinances. As above stated, sections 71 and 72 of the Charter of 1873 devolve upon the Department of Public Works the duty of making all repairs to public buildings. No exception is made in the case of markets, nor in any case, unless special provision therefor is made in other departments. As no provision is to be found either in the Charter or in any other law, nor in the ordinances of the Common Council, which devolves any powers or duties upon the Finance Department in relation to the repairing of markets, it seems to me there can be no question that the authority to determine what repairs are necessary to the markets, and to order the same to be done, is vested exclusively in the Department of Public Works.

This view of the law is confirmed, if confirmation were necessary, by an examination of the laws and ordinances relating to markets, passed by the Legislature and the Common Council prior to the Charter of 1873. Under the Charter of 1857, and the ordinances adopted, pursuant thereto, in 1859, the care of all public buildings was vested in the Street Department, while jurisdiction over markets was given to the Department of the City Inspector. The ordinances adopted in 1859 are substantially those now in force, and, although containing elaborate provisions in regard to the duty of the Superintendent of Markets in superintending, inspecting, regulating, and managing the same, they did not give that officer nor the City Inspector any power to make repairs; nor in the charter relating to the general subject of public markets was any provision whatever made for such repairs. The power to make repairs to public buildings (necessarily including markets) was devolved exclusively upon the Street Department. Neither under the Charter of 1857, the ordinances of 1859, nor, so far as I am aware, any previous law or ordinance, had the Finance Department any powers or duties relating to the public markets, except, perhaps, to collect fees and rents; but, in the year 1863, a law was passed by the Legislature transferring from the City Inspector to the Finance Department jurisdiction over markets (see chapter 227 of the Laws of 1863). This law, however, only conferred upon the Finance Department the powers previously possessed by the City Inspector in relation to the inspection, regulation, and management of the markets, and did not take away the powers previously and then possessed by the Street Department to make repairs.

The provisions of the Charter of 1870 are similar to those of the Charter of 1873. Section 21, subdivision 22, provided that the Common Council might pass ordinances in relation to the construction, repair, care, and use of markets. Section 37, subdivision 6, established (for the first time) a Bureau of Markets in the Finance Department, the chief officer of which was to be called "Superintendent of Markets." Section 78 (subdivision 5) and 79 (subdivision 7) devolved upon the Department of Public Works (which was first established by this Charter) the care of public buildings, and the duty of making all repairs thereto.

It will thus be seen, that prior to the passage of the Charter of 1873, the Finance Department, neither by law nor ordinance, had the authority to determine what repairs were necessary to markets, nor to order the same to be done; and, as above stated, not only is no such authority or power conferred upon that Department by the Charter of 1873, but an express authority to make all repairs to public buildings is conferred upon the Department of Public Works.

The original letters of the Comptroller and Mr. French, transmitted with your letter to me, are herewith returned.

I am, sir, yours respectfully,
WILLIAM C. WHITNEY, Counsel to the Corporation.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1875.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

When possible and legal, serving jurors will be allowed to select a convenient season—if application be made in time.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and it unpaid will be entered as judgments upon the property of delinquents.

The Commissioner will receive applications for relief from those jurors who have served continuously and promptly for several years, or have done excessive jury service in the State Courts.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted. No fees of any kind exist or are allowed in regard to jury notices, and any one asking, receiving, or giving any such "fee" or "present" will be arrested, and, if possible, punished to the full extent of the law.

THOMAS DUNLAP, Commissioner,
County Court-house (Chambersstreet entrance).
