NEW YORK, FRIDAY, NOVEMBER 14, 1902.

NUMBER 8,978.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, Held at their Office, No. 207 Stewart Building, on Tuesday, October 14, 1902, at 2 o'clock p. m.

Present—Commissioners Ten Eyck (President), Ryan, Windolph and Curtis.

The minutes of stated meeting of October 7 and adjourned meeting of October 9, 1902, were read and approved.

The Committee of Finance and Audit reported the examination and audit of estimates contained in Vouchers Nos. 14,715 to 14,718, inclusive, amounting to \$80,429.24, and of bills contained in Vouchers Nos. 14,719 to 14,732, inclusive, amounting to \$2,910.05.

Which were approved and ordered certified to the Comptroller for payment by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

Report No. 416, dated October 14, 1902, was received from the Chief Engineer, recommending the appointment of George Attridge as Laborer at \$2 per day.

Which was ordered filed; and the following resolution was offered:

Resolved, That George Attridge, of Katonah, N. Y., be and hereby is appointed a Laborer in the service of the Aqueduct Commissioners, at a salary of two dollars (\$2) per day, he having been certified by the Municipal Civil Service Commission in a communication of September 30, 1902, as eligible for such appointment; his compensation to commence when he is assigned to duty by the Chief Engineer.

Which was adopted by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

Report No. 417, dated October 14, 1902, was received from the Chief Engineer, stating that there were 1,231 bodies to be removed from cemeteries condemned by the Aqueduct Commissioners and giving the location thereof.

A report was also received from the Secretary, dated October 14, 1902, giving data relative to the bodies, tombstones, fences, railings, etc., heretofore removed from cemeteries by the Aqueduct Commissioners, and the average price paid therefor.

Whereupon the reports of the Chief Engineer and Secretary, together with Report No. 415 of the Chief Engineer and the communication of Robertson & Barrett, dated September 8, 1902, in relation to bills of Clark & Avery and Arthur S. Avery for removing bodies, and the communication of Mrs. William Marler, dated September 25, 1902, were referred to the Construction or Executive Committee.

Report No. 418, dated October 14, 1902, was received from the Chief Engineer, recommending that George Ballard, occupant of buildings on Parcel No. 427, be notified to vacate the premises.

Which was referred to the Construction or Executive Committee.

The President presented the following communication of the Chief Engineer relative to the work done on the New Croton Dam for the week ending October 10, 1902:

CHIEF ENGINEER'S OFFICE—AQUEDUCT COMMISSIONERS,
ROOM 213, No. 280 BROADWAY,
NEW YORK, October 13, 1902.

Hon. WILLIAM H. TEN EYCK, President, Aqueduct Commission:

DEAR SIR—In regard to the work done on the New Croton Dam for the week ending Friday, October 10, 1902, I would report as follows:

The strike ceased and work was resumed at the dam on Monday, October 6, with a comparatively small force, by the mason gangs and the excavation gangs, although the steam shovel did not resume its regular work until Tuesday, October 7, since when it was operated both day and night on excavation in the side hill at the south end of the dam. Hand work with two excavation gangs near the wing wall on the downstream side of the dam continued since Monday, October 6, and the force of men employed increased gradually. Work on the removal of the core wall and wing wall at the south end of the dam was also in progress.

(The location of all the above mentioned work is shown in Photos. Nos. 28 and 29, previously submitted.)

The total amount of earth excavation at the south end of the dam, including the material removed from the core wall and the wing wall, would approximate 3,600 cubic yards for the week.

The laying of masonry on the dam progressed, with three gangs of masons working, distributed as follows:

- 1 gang between Stations 7 + 25 and 7 + 65;
- 1 gang between Stations 8 + 90 and 9 + 20, and also between Stations 8 + 20 and 8 + 60;
- 1 gang between Stations 9 + 70 and 10 + 00.

The total amount of masonry laid on the dam during the week approximated 400 cubic yards.

Rock excavation for widening the spillway channel at the north end of the dam, near its junction with the river channel, was resumed, and the loose-blasted material at this point is being removed. (See Photo No. 1, previously submitted.)

Work at the quarry was resumed on Tuesday, October 7, and the stonecutters resumed work in partial force on Thursday, October 9.

The number of men employed averaged about 340 for the last three days of the week.

Respectfully,

W. R. HILL, Chief Engineer.

The Secretary was directed to transmit the same to the Mayor.

A communication was received from the Commissioner of Water Supply, Gas and Electricity, dated October 9, 1902, transmitting communication of Rev. George B. Gow requesting information concerning the new Croton Dam.

Which was referred to the Construction or Executive Committee.

The following communication was also received:

CITY OF NEW YORK, October 10, 1902.

Hon. WILLIAM H. TEN EYCK, President, Aqueduct Commission, 280 Broadway, N. Y.:

SIR—I duly received your communication dated September 30, transmitting copy of Report No. 408 of the Chief Engineer of your Commission, together with copy

of communication from William J. Rees, dated August 27, 1902, in relation to the drainage from a farm held by a Mr. Bushel, near Croton Lake. I transmit herewith a map entitled "Section Map E." I recommend that certain lands on this map, located east and south of the New York City property at Croton Lake and marked with a blue pencil, be acquired by the City, under the Laws of 1883. There is a steep hill at this point, and as there is possibly a nuisance the cheapest way to get rid of it is to acquire the property.

Respectfully,

R. G. MONROE,

Commissioner of Water Supply, Gas and Electricity.

(Inclosure: Map.)

Which was referred to the Chief Engineer for report.

The following was received from the Department of Finance:

October 13, 1902.

Hon. WM. H. TEN EYCK, President, Aqueduct Commission:

SIR—Please note that the Comptroller's certificate has been indorsed upon McDonald & Onderdonk contract of October 2, 1902, for Jerome Park Reservoir, this date, and it is now a valid contract.

Respectfully,

J. W. STEVENSON, Deputy Comptroller.

The Secretary was directed to attach the certificate to the contract, and the Chief Engineer was directed to carry out the provisions of said contract.

The following communication was received from the Municipal Civil Service Commission:

NEW YORK, October 7, 1902.

HARRY W. WALKER, Esq., Secretary, Aqueduct Commission:

DEAR SIR—Replying to your letter of October 4, in reference to the certification of Transistmen made to you on the 29th ult., I have to inform you that this list is the most nearly appropriate to fill the position of Computer, and, as a matter of fact, the list is called "Transistman or Computer."

In reference to the position of Superintendent of Dam Construction, I beg to certify the following-named persons who were previously certified to you, and who may now be willing to accept the position. In the event of their declining we shall proceed at once to set a date for a new examination, and I would respectfully request that you advise me of the result of this certification as soon as possible.

Yours very truly,

S. WM. BRISCOE, Secretary.

10. Ray, David H., No. 555 West One Hundred and Eighty-second street, 82.30 per cent.

16. Higgins, Peter A., Valhalla, Mt. Pleasant, 78 per cent.

Which was referred to the Chief Engineer for report.

Another communication was received from the Municipal Civil Service Commission, dated October 8, 1902, certifying the following-named persons as eligible for appointment as Axemen:

Doyle, William T., No. 1047 Trinity avenue, 84.70 per cent.

Magner, Alexander J., Eden avenue and One Hundred and Seventy-fourth street, 84 per cent.

Long, Giles D., No. 2342 Creston avenue, Fordham, 83.80 per cent.

Baxter, Clifford G., No. 832 East One Hundred and Sixty-third street, 83.50 per cent.

Hicok, De Los N., One Hundred and Ninety-third street, Fordham, 83 per cent.

Which was referred to the Chief Engineer to communicate with the persons above named and report.

A printed statement (in duplicate) of the "Apportionment of the Valuation of Railroad, Telegraph, Telephone and Pipeline Companies between the School Districts in the Town of Ossining, N. Y.," dated October 9, 1902, was received from the Assessors of said town, the same being certified to by the Town Clerk.

The original was ordered filed and the Secretary was directed to transmit the duplicate to the Corporation Counsel, for his information.

A communication was received from M. W. Smith, dated Croton Falls, N. Y., October 13, 1902, submitting prices for the removal of bodies from lands under the jurisdiction of the Aqueduct Commissioners.

Which was referred to the Construction or Executive Committee.

A communication was also received from Albert S. Washburn, dated October 9, 1902, in relation to the removal of four bodies in the Orin P. Frost Plot at Golden's Bridge, N. Y.

Which was referred to the Construction or Executive Committee.

The Comptroller, under date of October 8, 1902, gave notice of the issue of warrants for the payment of vouchers not certified to by the Aqueduct Commissioners during the three months ending September 30, 1902, as follows:

Cornell Dam	\$11,803 42	
Double Reservoir "I".....	1,721 70

N. TAYLOR PHILLIPS, Deputy Comptroller.

Which was ordered entered upon the books of the Commissioners and filed.

The following resolution was offered:

Resolved, That that part of the resolution adopted by the Aqueduct Commissioners on March 18, 1902, changing the hour of stated meetings of the Construction or Executive Committee of said Commissioners from 11 o'clock a. m. to 1.30 o'clock p. m. on Tuesdays of each week, be and hereby is rescinded.

Which was adopted.

The Commissioners then adjourned subject to the call of the Chair.

HARRY W. WALKER, Secretary.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their Office, No. 207 Stewart Building, on Tuesday, October 21, 1902, at 2 o'clock p. m.

Present—Commissioners Ten Eyck (President), Ryan, Windolph and Curtis.

The minutes of stated meeting of October 14, 1902, were read and approved.

The Construction or Executive Committee referred back to the Commissioners a communication of the Commissioner of Water Supply, Gas and Electricity, dated October 9, 1902, transmitting a communication of Rev. George B. Gow, of Glens Falls, N. Y., requesting information concerning the New Croton Dam, with the recommendation that the Secretary be directed to notify Mr. Gow to communicate with the Chief Engineer in reference to any information that he may desire.

Which recommendation was adopted.

The following resolution was offered:

Resolved, That the form of letter reported by the Construction or Executive Committee to be sent to the Corporation Counsel asking for his opinion regarding the construction of certain bridges in the New Croton Dam Division be and hereby is adopted as the letter of the Aqueduct Commissioners, and the Secretary is hereby directed to transmit the same.

Which was adopted.

The following resolution was also offered:

Resolved, That the form of letter reported by the Construction or Executive Committee to be sent to the Corporation Counsel for his opinion as to whether certain highways and bridges proposed to be built in the Croton River Division are covered by the contract for the New Croton Dam, be and hereby is adopted as the letter of the Aqueduct Commissioners, and the Secretary is hereby directed to transmit the same.

Which was adopted.

The following resolution was also offered:

Resolved, That the form of letter in reply to the letter of Hon. Seth Low, dated July 18, 1902, transmitting a letter of the Merchants' Association sent to him, which commented upon the progress of the work upon the New Croton Dam and Jerome Park Reservoir, reported by the Construction or Executive Committee, be and hereby is adopted as the letter of the Aqueduct Commissioners, and the President is hereby directed to transmit the same.

Which was adopted.

The Chief Engineer submitted progress report for the week ending October 17, 1902.

Which was referred to the Construction or Executive Committee, with request that the same be filed.

The President presented the following report of the Chief Engineer in regard to the work done on the New Croton Dam:

NEW YORK, October 21, 1902.

Hon. WILLIAM H. TEN EYCK, President, Aqueduct Commission:

DEAR SIR—In regard to the work done on the New Croton Dam for the week ending Friday, October 17, 1902, I would report as follows:

Work at the dam continued steadily, with no marked increase in the number of men employed.

Rock excavation was in progress for widening the spillway channel at the north end of the dam, near its junction with the river channel. (See Photo. No. 36, submitted with this report.)

Work on the removal of the core wall and wing wall was also in progress, and the steam shovel continued work both day and night in the side hill at the south end of the dam. Hand work of excavation with derricks and cars continued with two gangs, in two shifts, on both sides of the wing wall on the down-stream side of the south end of the dam, in sinking the excavation below the present steam shovel cut grade.

(The location of the above-mentioned work is shown in Photos. Nos. 32 and 33, submitted with this report.)

The total amount of earth excavation at the south end of the dam, including the material removed from the core wall and the wing wall, would approximate 8,700 cubic yards for the week.

The laying of masonry on the dam progressed, with three gangs of masons working, distributed as follows:

One gang between Stations 6-|-00 and 6-|-40, and also between 9-|-70 and 10-|-12; one gang between Stations 8-|-20 and 8-|-60; one gang between Stations 9-|-70 and 10-|-00, and also on Gate House No. 2.

(A partial view of the masons working is shown in Photo. No. 35, submitted with this report.)

The total amount of masonry laid on the dam during the week approximated 494 cubic yards.

The number of men employed at the dam and at the quarries averaged about 388 for the week.

The flow in the river continued low.

I submit with this report the following photographs:

No. 32—Shows the excavation in the side hill at south end of dam and partially removed core wall and wing wall. The derrick and car excavation below steam shovel grade appears in left foreground.

No. 33—General view of downstream side of dam, looking from the south. Excavation in refill shown in right foreground.

No. 34—Shows excavation in the refill on the upstream side of the dam, south end; pick and shovel work.

No. 35—View of downstream side of the dam, showing masons at work.

No. 36—View of rock excavation for widening the spillway channel. Spillway in right foreground.

No. 37—View of upstream side of the main dam taken from the river wall at north end.

Respectfully,

W. R. HILL, Chief Engineer.

The Secretary was directed to transmit the same to the Mayor and place a copy thereof on file.

Report No. 419 and Report No. 420 were received from the Chief Engineer, and, at his request, the same were withdrawn.

The following communication was received from the Chief Engineer:

REPORT No. 421.

NEW YORK, October 21, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—Relating to the communication from the Municipal Civil Service Commissioners, dated October 8, 1902, submitting a list of five names from which three Axemen could be appointed, I beg to report that four of the parties named declined to accept an appointment, and one party, Clifford G. Baxter, failed to respond to a letter asking if he would accept an appointment.

Therefore, I recommend that you request the Municipal Civil Service Commissioners to furnish an additional list from which three appointments of Axemen can be made.

Yours respectfully,

W. R. HILL, Chief Engineer.

The report was ordered filed and the Secretary directed to make the request for a list of Axemen from which three appointments could be made.

The following communication was also received from the Chief Engineer:

REPORT No. 422.

NEW YORK, October 21, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—Relating to the two names certified by the Municipal Civil Service Commissioners in their letter of October 7, 1902, as being eligible for appointment to the position of Superintendent of Dam Construction, I wish to report that both parties, David H. Ray and Peter A. Higgins, decline to accept an appointment.

Therefore, I recommend that you request the Municipal Civil Service Commissioners to submit another list of names from which two appointments of Superintendents of Dam Construction can be made.

Yours respectfully,

W. R. HILL, Chief Engineer.

The report was ordered filed and the Secretary directed to request the Municipal Civil Service Commission to hold an examination for the position of Superintendent of Dam Construction, and that an eligible list from which two appointments can be made be certified to this Commission at as early a date as practicable.

The following communication was also received from the Chief Engineer:

REPORT No. 423.

NEW YORK, October 21, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—Relating to the communication received from the Municipal Civil Service Commissioners, dated October 7, 1902, submitting a list of names from which two Transmitters or Computers could be appointed, beg to report that John C. Locke and Edward Jordan declined to accept an appointment. Charles W. Powell failed to respond to a letter asking if he would accept an appointment, and Clifford B. Moore and Abraham W. Whitson will accept appointments. Believing them to be fully qualified to fill the positions, I recommend that they be appointed to the position of Transmitters.

Yours very respectfully,

W. R. HILL, Chief Engineer,

Which was ordered filed, and the following resolution was offered:

Resolved, That upon the recommendation of the Chief Engineer, Clifford B. Moore and Abraham W. Whitson be and hereby are appointed as Transmitters in the Engineer Corps of the Aqueduct Commissioners, at a salary of \$1,350 per annum, their compensation to commence when they are assigned to duty by the Chief Engineer.

Which was adopted by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

The following communication was received from the Commissioner of Water Supply, Gas and Electricity:

City of New York, October 16, 1902.

Hon. WILLIAM H. TEN EYCK, President Aqueduct Commission:

SIR—I transmit herewith copy of Claim No. 14,635, of Kelly & Kelley, for work done in connection with the Jerome Park Reservoir, of the New Croton Aqueduct, Twenty-fourth Ward, Borough of Manhattan, City of New York, together with letter from the Comptroller, dated October 9, requesting information on the same.

As the contract under which this claim is made appears to have been made by your Commission, the matter would seem to be peculiarly within your jurisdiction, and I have accordingly taken the liberty of forwarding the papers to you.

Respectfully,

R. G. MONROE, Commissioner of Water Supply, Gas and Electricity.

Which was referred to the Chief Engineer for report.

The following was received from the Board of Estimate and Apportionment:
 "Resolved, That pursuant to the provisions of chapter 490 of the Laws of 1883, and sections 169 and 170 of the Greater New York Charter, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of the City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of four hundred and sixty-four thousand, four hundred and forty-three dollars and forty cents (\$464,443.40), the proceeds thereof to be applied in accordance with the preamble and resolution adopted by the Aqueduct Commissioners October 9, 1902, to defraying the additional expense made necessary in carrying out the provisions of the amended form of contract between the Aqueduct Commissioners and McDonald & Onderdonk, providing for the application of an eight-hour working day to the contract for building the Jerome Park Reservoir.
 "A true copy of resolution adopted by the Board of Estimate and Apportionment October 13, 1902.

"J. W. STEVENSON, Secretary."

The Secretary was directed to attach the same to the contract referred to in the above resolution.

The Secretary presented, in duplicate, form of certificate of necessity providing for the work of furnishing a sluice gate and its necessary casing, brackets, gate stands and lifting apparatus, erected complete in the connection between the Old and the New Aqueducts at Dunwoodie, New York.
 Which was ordered executed by the Commissioners.

Report No. 424, dated October 20, 1902, was received from the Chief Engineer, transmitting copy of letter of Ira Ganong, dated October 13, 1902, in relation to the removal of three bodies in Pines Bridge Cemetery.

Which was referred to the Construction or Executive Committee.

The Commissioners then adjourned.

HARRY W. WALKER, Secretary.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their Office, No. 207 Stewart Building, on Tuesday, October 28, 1902, at 2 o'clock p. m.

Present—The Comptroller (Hon. Edward M. Grout); Commissioners Ten Eyck (President), Ryan, Windolph and Curtis.

The minutes of stated meeting of October 21, 1902, were read and approved.

The Committee of Finance and Audit reported the examination and audit of bills contained vouchers Nos. 14740 to 14753 inclusive, amounting to \$499.40.

Which were approved and ordered certified to the Comptroller for payment by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

The following was received from the Construction or Executive Committee:

NEW YORK, October 24, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—The Construction or Executive Committee refer back to the Commissioners reports No. 417 and No. 424, of the Chief Engineer, dated October 14, 1902, and October 20, 1902, respectively; of the Secretary, dated October 14, 1902; communications of Mrs. William Marler, dated September 25, 1902; of M. W. Smith, dated October 13, 1902, and of Albert S. Washburn, dated October 9, 1902, with the recommendation that the following resolutions be adopted, and that copies thereof be transmitted to the persons above named.

Whereas, On April 1, 1902, the Aqueduct Commissioners adopted resolutions authorizing the removal of certain bodies and tombstones from the Katonah cemetery; and

Whereas, On the 14th day of May, 1902, the said Commissioners by resolution postponed until after October 1, 1902, any action upon the subject of the further removal of bodies and tombstones from cemeteries included in lands acquired under chapter 490, Laws of 1883, and the amendments thereto, for aqueduct purposes; therefore

Resolved, That the removal of bodies and tombstones may now be proceeded with, and that the sum of fifteen dollars (\$15.00) be allowed and paid to the friend or relative of any deceased person under whose supervision a body is removed, after such removal is made and the former grave refilled, and that the sum of three dollars (\$3.00) additional for the expense of removing and resetting the ordinary head and foot stones be allowed, the removal of other stones, railings, fences, etc., to be a matter of agreement upon written application to the Chief Engineer, and that notice of such intended removals shall be given to the Chief Engineer through the Division Engineer, and a proper voucher presented therefor after said removal; and further

Resolved, That all bodies not removed before April 1, 1903, shall thereafter be removed by the Aqueduct Commissioners to such cemetery as the Commissioners may select, unless before that date some cemetery within the distance of ten miles of the present place of interment is designated by the relatives or friends for the reinterment and notice thereof filed with the Commissioners; and further

Resolved, That the provisions of the resolutions adopted May 14, 1902, above referred to, are rescinded in so far as they are in conflict with the terms of the foregoing resolutions; and that the Chief Engineer be and hereby is directed to make public and advertise these resolutions in the towns or places affected.

Respectfully,

JOHN J. RYAN,
Chairman Construction or Executive Committee.

The recommendation was approved and the resolutions adopted by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

The following was also received from the Construction or Executive Committee:

NEW YORK, October 24, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—The Construction or Executive Committee refer back to the Commissioners Report No. 415 of the Chief Engineer, dated October 2, 1902, together with communication of Robertson & Barrett, dated September 8, 1902, in relation to the bills of Clark & Avery for \$28.50 and of Arthur S. Avery for \$58, for removing bodies from the Katonah Cemetery, with the recommendation that the Secretary be directed to transmit to Robertson & Barrett a copy of the resolutions presented by the Committee to-day in relation to the removal of bodies, tombstones, etc., from cemeteries, acquired under Chapter 490 of the Laws of 1883 and the amendments thereto, and to inform them that if they will accept the amount stated in said resolutions for the removal of bodies, etc., the Commissioners will approve the bills above referred to to that extent.

Respectfully,

JOHN J. RYAN,
Chairman Construction or Executive Committee.

The recommendation was adopted by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

The Construction or Executive Committee also referred to the Commissioners reports of the Chief Engineer Nos. 418, dated October 14, 1902, and 433, dated October 27, 1902, in regard to the occupancy of Parcel No. 427 by George Ballard, with the recommendation that the Secretary be directed to transmit copies of said reports to the Corporation Counsel, informing him of the exact conditions under which said property is occupied, and request that he take the necessary steps to dispossess the occupant or occupants of said Parcel No. 427.

Which was adopted.

The Chief Engineer submitted progress report for the week ending October 24, 1902.

Which was referred to the Construction or Executive Committee, with the recommendation that the same be filed.

The following reports were received from the Chief Engineer:

PRELIMINARY REPORT No. 425.

NEW YORK, October 22, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—Relating to the communications received from Messrs. Coleman, Breuchaud & Coleman, addressed to the Aqueduct Commissioners, dated September 29, and October 4, 1902, relative to the additional cost to complete the contract for building the New Croton Dam, which would result from the observance of eight hours to constitute a day's work for all men employed, instead of the present system of ten hours, which communications were referred to me for examination and report, I beg to report that I have conferred with the Engineer of the Department of Finance and the Chief Engineer of the Board of Estimate and Apportionment as directed.

Reducing the period of a day's labor from ten to eight hours with the same rate of wages per day increases the cost of such labor 25 per cent. In the table of prices submitted October 4, 1902, an additional price, equivalent to 25 per cent. increase on the contract prices, is asked for all items produced by labor; some of the items are the result of labor only, others embrace both labor and material. In the latter cases the value of the material, such as brick, granite, cement, powder, timber, etc., has been deducted from the contract prices, and the balance has been treated as the cost of labor. I have examined each item of the prices with the Engineers mentioned above, and from the best information I find that 25 per cent. additional is asked on all items of labor.

The estimated cost of the work remaining to be done to complete the contract on September 30, 1902, the date of the last estimate, is \$1,375,567.01, of which I estimate that \$155,531.69 is for material, and \$1,220,035.32 is for labor, and upon the latter the Contractors ask an additional price of 25 per cent., which amounts to \$305,008.83.

The following is an estimate of the different items of work remaining to be done at the date of the last estimate, namely, September 30, 1902, the additional price per unit of each item, and the increased cost to complete each item of the contract:

Items and Description.	Increase of Price.	Increased Cost.
a 2,000 cu. yds. soil excavated and placed.....	\$0.125	\$250 00
b 2,000 sq. yds. sodding.....	.075	150 00
c 248,322 cu. yds. earth excavation.....	.152	37,744 94
cc 1,700 cu. yds. earth excavation in vertical trenches.....	.19	323 00
d 125,000 cu. yds. refilling and embankment.....	.062	7,750 00

The additional price asked for granite dimension stone masonry is 25 per cent. of the cost of the labor of quarrying, cutting, hauling and laying it in the finished work. This cost has been determined by deducting from the contract price, \$35 per cubic yard, the value of the material used, which is 25 cents per cubic yard for the granite in its natural position in the quarry and 59 cents for cement used to lay a cubic yard, making 84 cents per cubic yard; this deducted from the contract price, \$35, leaves \$34.16 for the labor portion of the item; on this the contractors ask an additional price of 25 per cent., which is equivalent to \$8.54 per cubic yard.

The quarry from which the granite is procured is located six miles distant from the dam, to which the stone is carried on a steam railroad which was constructed for that purpose. The stone used for the construction of the highways is hauled by teams, as well as by the railroad.

In computing the cost of the labor and materials used in the different items of the contract the question of profit or loss to the Contractors has not been considered.

Respectfully,

W. R. HILL, Chief Engineer.

REPORT No. 426.

NEW YORK, October 24, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—In compliance with a resolution of October 7, 1902, I beg to submit the following, relating to the New Croton Dam:

(a) If the contract now in force could be diligently carried out, the work should be completed by April 1, 1905, provided, however, that the contractors would not be embarrassed by strikes or by inability to secure sufficient labor to keep a full force employed.

(b) In prosecuting the proposed amended contract under the eight-hour law provision three shifts of men could be employed on the work of earth and rock excavation by allowing half an hour or so for lunch, and two shifts of masons could be employed five months of the year.

(c) In my opinion it would be possible to shorten the time for the completion of the contract in its proposed amended form by increasing the number of shifts employed and by keeping the gangs constantly full of a better class of men, as could be secured under the eight-hour system.

(d) Earth and rock excavation is the only class of work which could be done both day and night. The plant is equipped with electric lights for such work.

(e) I can suggest no additional provisions for the proposed amended contract which would enable you to enforce diligence on the part of the contractors in the completion of the contract other than is provided in the contract under clauses M and P.

(f) As to a form of a weekly report that would keep you informed as to the diligence of the contractors in prosecuting the work, I would say that the extension of the new Croton Dam consists of two general features, namely, the excavation of the foundation pit and the building of the masonry. The Engineer could estimate the time required to excavate the pit and report to you weekly as to whether the contractors were doing more or less work than required, and the same practice could be instituted when the contractors commence the construction of the masonry.

All other work on the contract can be completed before the time of the completion of the work of extending the dam.

Yours respectfully,

W. R. HILL, Chief Engineer.

In connection therewith, the following resolution was offered:

Resolved, That the Chief Engineer supplement his report No. 425 by carrying out the figures in each item upon the basis of the price paid at present under the existing contract, and those now in force for the construction of the Jerome Park reservoir and the Muscote Dam, and also the value of the labor at the quarry which is not usually classified as such in a contract for masonry, and as far as possible, the actual additional cost to such contractors of this work with the eight hour day, and what proportion of the labor, if any, is now on an eight hour basis, and any facts specially applicable to the items in these contracts.

Which was adopted.

The following resolution was also offered:

Resolved, That the Secretary be and hereby is directed to transmit to the Board of Estimate and Apportionment, copies of the correspondence between Coleman, Breuchaud & Coleman, contractors, and the Aqueduct Commissioners in connection with the proposition of said contractors for the modification of their contract for the construction of the new Croton Dam, together with a copy of chapter 588 of the Laws of 1902, of the State of New York, and of Preliminary Report No. 425, dated October 22, 1902, and Report No. 426, dated October 24, 1902, of the Chief Engineer of this Commission, with request that said Board fix a time for a joint public hearing with the Aqueduct Commissioners in relation to the subject matter thereof.

Which was adopted.

Report No. 427, dated October 24, 1902, together with supplemental Report No. 428, dated October 24, 1902, was received from the Chief Engineer, being in relation to the communication from the Secretary of the Department of Water Supply, Gas and Electricity, dated August 6, 1902, transmitting copy of letter of George Palmer, of Croton Lake, N. Y., dated July 29, 1902, in relation to the drainage of buildings occupied by Hiram B. Searles at Pines Bridge on Croton Lake, N. Y., together with copy of reply transmitted to Mr. Palmer, and giving the result of his investigation thereof.

The Secretary was directed to transmit copies of the communication above referred to and of Reports Nos. 427 and 428 of the Chief Engineer, to the Corporation Counsel, informing him of the exact conditions under which said property is occupied, and request that he take the necessary steps to dispossess the occupant or occupants of the above-mentioned property.

Report No. 420, dated October 24, 1902, was received from the Chief Engineer stating that he had been informed by the Secretary of the Municipal Civil Service Commission that Louis W. Spencer, certified as eligible for appointment as Assistant Engineer on September 29, 1902, had been appointed by the Commissioners of Accounts, and recommending that an eligible list be obtained from which an Assistant Engineer could be appointed at a salary of \$1,800 per annum.

The recommendation was adopted, and the Secretary was directed to obtain the list desired.

Report No. 430, dated October 24, 1902, was received from the Chief Engineer relating to the communication of the Commissioner of Water Supply, Gas and Electricity, dated October 10, 1902, in reference to the drainage from the farm of J. J. Bushel, near Croton lake, transmitting a map entitled Section Map E, and recommending that certain lands adjoining property of The City of New York marked with a blue pencil, be acquired by the City under the Laws of 1883.

The Chief Engineer recommends in said report that the tract of land on the southerly side of the highway from the old Croton Dam to Kitchawan, containing approximately 1.58 acres, be acquired by the City so that all the buildings located thereon may be removed, and stating that in his opinion the conditions did not warrant the acquisition at present of the tract of land situated on the northerly side of the said highway, containing approximately 15.46 acres.

The Secretary was directed to transmit a copy of the above report (430) to the Commissioner of Water Supply, Gas and Electricity, with inquiry as to whether the acquisition of the parcel of land recommended to be acquired in said report would not be sufficient for the protection of the water supply system.

Report No. 431, dated October 27, 1902, was received from the Chief Engineer, stating that Clifford B. Moore and Abraham W. Whitson, who were appointed transitmen on October 21, 1902, had declined to accept appointment, and recommending that an eligible list be obtained from which two Transitmen could be appointed, at a salary of \$1,500 per annum.

In connection therewith the following resolution was offered:

Resolved, That the resolution adopted October 21, 1902, appointing Clifford B. Moore and Abraham W. Whitson as Transitmen, be and hereby is rescinded, said persons having declined to accept said appointment at a salary of \$1,350 per annum; and the Secretary is hereby directed to request the Municipal Civil Service Commission to submit a list from which two Transitmen can be appointed at a salary of \$1,500 per annum.

Which was adopted.

The following communication was received from the Chief Engineer:

REPORT NO. 432.

NEW YORK, October 27, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—It will be necessary to build about 150 feet of fence to protect the openings to culverts and on an embankment on Cherry street at the entrance of the private road to Muscote Dam. The cost of furnishing the necessary material, building and painting would be about \$50.

I respectfully ask authority to have the fence built.

Yours respectfully,

W. R. HILL, Chief Engineer.

The authority asked for by the Chief Engineer in the above report was granted by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

The following communication was received:

NEW YORK, October 23, 1902.

To the Aqueduct Commissioners of The City of New York, 280 Broadway, City:

GENTLEMEN—In a communication handed to you under date of July 14, 1902, in which a proposition is made to accept \$379,040.17, as the amount of compensation to which the New York and Harlem Railroad, the New York and Putnam Railroad and the New York and Mahopac Railroad Companies are entitled for the property and rights taken in the construction of the Cornell Dam, I find that I have omitted to state that those several railroad companies will, of course, upon payment of that sum, transfer to The City of New York, or such body or board as is the proper party, the several pieces of property which are sought to be taken in that proceeding, or are enumerated in the communication of July 14, 1902, and that the acceptance of such award is to be of the same force and effect as if the proceedings had been conducted before the Commissioners and the Commissioners had made an award of that sum.

Yours truly,

ROBERT L. LUCE,

Of counsel for N. Y. C. and H. R. R. Co.

Which was referred to the Chief Engineer.

In connection therewith, the Chief Engineer presented report No. 434, dated October 27, 1902, requesting that he be allowed to withdraw report No. 411, in view of the foregoing communication of Mr. Robert L. Luce, which request was granted, and the Chief Engineer was directed to confer with the Engineer of the Board of Estimate and Apportionment and the Engineer of the Department of Finance, as heretofore directed on this subject.

Report No. 435, dated October 27, 1902, was received from the Chief Engineer transmitting a circular letter addressed to him by the Comptroller under date of October 15, 1902, suggesting that some one person in the employ of the Commissioners be charged with the custody and local distribution of the blank salary checks of employees which are prepared and presented to the Comptroller with payrolls.

The Secretary was directed to take personal supervision and charge of the checks referred to, and the communications were ordered filed.

The following communication was received from the Secretary:

NEW YORK, October 20, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—This is to report that the sum of \$134.50 has been received at this office from Division Engineer Wegmann, being rents collected on the Croton River Division of the New Aqueduct; which amount has been transmitted to the City Chamberlain for the credit of the "Additional Water Fund," and his receipt therefor is on file. The statement of rents submitted by Mr. Wegmann is hereto attached.

Respectfully,

HARRY W. WALKER, Secretary.

Which was approved and ordered filed.

The following communication was also received from the Secretary:

NEW YORK, October 28, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—In compliance with a resolution of September 25, 1902, in reference to a request from the Mayor's office for information concerning persons employed by the Aqueduct Commissioners who are volunteer firemen, I desire to report that the following named persons are volunteer firemen, and that they are paid at the same rate of compensation as other persons in the service with similar titles, and that no reductions have been made in the salaries of the persons named:

James Gregory, (Lay) Inspector, \$3.50 per day.

Robert J. Gudeon, Superintendent of Dam Construction, \$4.50 per day.

James McCartney, Inspector of Masonry, \$4.50 per day.

John Joy, Cement Worker, \$3 per day.

Respectfully,

HARRY W. WALKER, Secretary.

Which was received and ordered filed, and the Secretary was directed to transmit a copy thereof to the Mayor.

The following resolution was offered:

Resolved, That the form of letter in reply to the letter of Edward B. Kear, dated September 29, 1902, in relation to the proposed construction and continuation of Road No. 8, northerly to the Baptist Church on the Yorktown road, reported by the Construction or Executive Committee, be and hereby is adopted as the letter of the Aqueduct Commissioners, and the Secretary is hereby directed to transmit the same.

Which was adopted.

A communication was received from the Corporation Counsel, dated October 23, 1902, returning tax bill of School District No. 9, Town of Somers, New York, for \$127.32, and advising its payment.

The Secretary was directed to prepare a voucher for the payment of the above mentioned bill.

A communication was also received from the Corporation Counsel, dated October 28, 1902, returning the following tax bills:

School District No. 8, Towns of Lewisboro and North Salem, \$135.15.

School District No. 6, Town of North Salem, \$111.52.

School District No. 7, Town of Bedford, \$19.75.

School District No. 13, Town of Bedford, \$8.41.

School District No. 6, Town of Yorktown, \$98.52.

School District No. 4, Town of Somers, \$80.06.

School District No. 3, Town of Cortlandt, \$84.60.

School District No. 9, Town of Yorktown, \$113.90.

—and stating that an examination of the above bills disclosed no attempt to assess the superstructures owned by the City, and for that reason they were valid claims against the City.

The Secretary was directed to prepare vouchers for the payment of the above mentioned bills.

A communication was also received from the Corporation Counsel, dated October 28, 1902, returning printed statement of the apportionment of the valuation of railroad, telegraph, telephone and pipe line companies, between the School Districts in the Town of Ossining, certified by the Town Clerk, and stating that the Town of Ossining had not attempted to tax the new aqueduct structures, but simply included the land owned by the City in that town, and that no objection was therefore made to the apportionment.

Which was ordered filed.

A communication was received from the Secretary of the Civil Service Reform Association, dated October 25, 1902, requesting that sections 23 and 24, of the Civil Service Law, in regard to political assessments, be posted in a conspicuous place in the office of the Commissioners.

The Secretary was directed to acknowledge receipt of the letter, stating that the matter had already been called to the attention of the various employees, and to post the notice as requested.

The Secretary was directed to request the Commissioner of Parks, of the Borough of The Bronx, to consent to the transfer of this Commission of Harry S. Bunner, now employed as Axeman in said Department.

A communication was received from the Civil Service Commission, dated October 24, 1902, certifying the following names from the preferred list for reinstatement to the position of Axemen:

Julius A. Lewis, No. 155 Congress street, Brooklyn.

Mahlon D. Coe, No. 333 West Twenty-ninth street.

Edward F. Fitzgerald, No. 24 Spring street, White Plains, N. Y.

Which was referred to the Chief Engineer to communicate with the persons therein named and report.

The Commissioners then adjourned until Friday, October 31, 1902, at 11 o'clock a. m.

HARRY W. WALKER, Secretary.

AQUEDUCT COMMISSION.

Which was adopted by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

The Committee of Finance and Audit reported the examination and audit of bills contained in vouchers Nos. 14754 to 14762 inclusive, amounting to \$805.13.

Which were approved and ordered certified to the Comptroller for payment by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

The following report was received from the Chief Engineer:

REPORT No. 436.

NEW YORK, October 30, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—It will be necessary to construct a sewer from the northerly end of the westerly section of the Jerome Park Reservoir to discharge the drainage or the water that would overflow from the reservoir.

I respectfully ask that I be authorized to make the surveys that will be necessary to prepare the plans and specifications for the construction of the sewer.

Yours respectfully,

W. R. HILL, Chief Engineer.

The authority asked for by the Chief Engineer in the above report (436) was granted.

The following communication was received from the Secretary:

NEW YORK, October 31, 1902.

To the Aqueduct Commissioners:

GENTLEMEN—This is to report that the sum of \$64.75 has been received at this office from Division Engineer Wegmann, being for rents collected on buildings on the Croton River Division of the New Aqueduct, which amount has been transmitted to the City Chamberlain for the credit of the Additional Water Fund, and his receipt therefor is on file. The statement submitted by Division Engineer Wegmann is hereto attached.

Respectfully,

HARRY W. WALKER, Secretary.

Which was approved and ordered filed.

The Chief Engineer verbally explained his report in regard to the work done on the New Croton Dam during the week ending October 24, 1902.

The Commissioners then adjourned until Wednesday, November 5, 1902, at 2 o'clock p. m.

HARRY W. WALKER, Secretary.

DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK.

New York, September 17, 1902.

The Board met pursuant to adjournment.

Present—Commissioners Ernst J. Lederle, Ph. D. (President); Alvah H. Doty, M. D., the Health Officer of the Port.

The minutes of the last meeting were read and approved.

The Finance Committee presented the following bills, which were approved and ordered forwarded to the Comptroller for payment:

On motion, the following preamble and resolution were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 755 East Two Hundred and Second street, in the Borough of The Bronx, has become dangerous to life and is unfit for human habitation, because of defects in the draining thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on Lot No. 755 East Two Hundred and Second street, in the Borough of The Bronx, be required to vacate said building on or before September 23, 1902, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 831 Eleventh avenue, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on Lot No. 831 Eleventh avenue, in the Borough of Manhattan, be required to vacate said building on or before September 19, 1902, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 833 Eleventh avenue, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on Lot No. 833 Eleventh avenue, in the Borough of Manhattan, be required to vacate said building on or before September 19, 1902, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 835 Eleventh avenue, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on Lot No. 835 Eleventh avenue, in the Borough of Manhattan, be required to vacate said building on or before September 19, 1902, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 643 West Forty-second street, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on Lot No. 643 West Forty-second street, in the Borough of Manhattan, be required to vacate said building on or before September 22, 1902, for the reason that said building is dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 645 West Forty-second street, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on Lot No. 645 West Forty-second street, in the Borough of Manhattan, be required to vacate said building on or before September 22, 1902, for the reason that said building is dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

6th. Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

BOROUGH OF QUEENS.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of the City of New York, deeming it for the public interest so to do, proposes to alter the map or plan of the City of New York by widening East One Hundred and Seventy-seventh street from Boston road to the Bronx river, changing the lines of Tremont avenue from the Bronx river to the first street easterly therefrom, in the Borough of the Bronx, City of New York, and that a meeting of said Board will be held in the old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 28th day of November, 1902, at 2.30 o'clock p. m., at which such proposed widening and change of lines will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by said Board on the 7th day of November, 1902, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of the City of New York, by widening East One Hundred and Seventy-seventh street, from Boston road to the Bronx river, changing the lines of Tremont avenue from the Bronx river to the first street easterly therefrom, in the Borough of the Bronx, City of New York, more particularly described as follows:

1—Widening of East One Hundred and Seventy-seventh Street, from Boston Road to the Bronx River.

This widening consists in adding a strip 70 feet in width on the south side of the existing East One Hundred and Seventy-seventh street, and cutting off the corner at the southeast intersection of East One Hundred and Seventy-seventh street and West Farms road, in order to make the width of Boston road 150 feet.

2—Change of Lines of Tremont Avenue, from the Bronx River to the First Street Easterly Thereof.

It is proposed to deflect Tremont avenue from the first street easterly of the Bronx river in a northerly direction to West Farms road, and to widen West Farms road from 100 feet to 150 feet, from the Bronx river to the first street easterly thereof.

3—Discontinuance of Tremont Avenue, from the Bronx River to the First Street Easterly Thereof.

This discontinuance extends for a distance of about 120 feet from the centre of the Bronx river easterly where it will meet the changed location of Tremont avenue.

4—The Grades.

A—The grade at the intersection of East One Hundred and Seventy-seventh street and Boston road to be 19 feet above mean high-water datum, as heretofore.

B—The grade at the bridge over the Bronx river to be at its westerly end 13.7 feet above mean high-water datum, and at its easterly end 15.2 feet above mean high-water datum.

C—The grade at the intersection of Tremont

avenue and the first street easterly of the Bronx river to be 20 feet above mean high-water datum, as heretofore.

Resolved, That the President of the Borough of the Bronx cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed widening and change of lines and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed widening and change of lines at a meeting of this Board, to be held in the old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 28th day of November, 1902, at 2.30 o'clock p. m.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of the City of New York, deeming it for the public interest so to do, proposes to alter the map or plan of the City of New York, by changing the grade of Shepherd avenue, between Blake avenue and Belmont avenue, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 28th day of November, 1902, at 2.30 o'clock p. m., at which such proposed change of grade will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by said Board on the 7th day of November, 1902, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of Section 442 of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of the City of New York, by changing the grade of Shepherd avenue, between Blake avenue and Belmont avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of Shepherd avenue and Blake avenue, the elevation to be 23.15 feet, as heretofore:

First—Thence northerly to the intersection of Sutter avenue the elevation to be 20.5 feet.

Second—Thence northerly to a point distant 227 feet from the northern side line of Sutter avenue the elevation to be 21.7 feet.

Third—Thence northerly to the intersection of Belmont avenue the elevation to be 20.64 feet, as heretofore.

All elevations refer to mean high-water datum as established by Department of Highways, Borough of Brooklyn.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change of grade and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change of grade at a meeting of this Board, to be held in the old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 28th day of November, 1902, at 2.30 o'clock p. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change of grade will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of November, 1902.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of the City of New York, deeming it for the public interest so to do, proposes to alter the map or plan of the City of New York by widening Park avenue on the westerly side, between East Fifty-sixth street and East Forty-ninth street, and closing portions of East Forty-sixth, East Forty-seventh, East Forty-eighth and East Forty-ninth streets, adjoining the New York Central Railroad, in the Borough of Manhattan, City of New York, and that a meeting of said Board will be held in the old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 21st day of November, 1902, at 2.30 o'clock p. m., at which such proposed widening and closing will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by said Board on the 20th day of October, 1902, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of the City of New York, by changing the lines and grades of East Two Hundred and Thirty-third street, from Webster avenue to the Bronx river, and from the Bronx river to East Second street, in the Borough of the Bronx, City of New York, more particularly described as follows:

"A"—Change of Lines.

The northern line of East Two Hundred and Thirty-third street, between Webster avenue and the Bronx river, to be on the prolongation westerly of the northern line of East Two Hundred and Thirty-third street, east of the Bronx river, where said line agrees with the northerly line of the existing Nineteenth avenue.

The southern line of East Two Hundred and Thirty-third street, between Webster avenue and the Bronx river, to be southerly and distant 100 feet measured at right angles and parallel to the above-described northern line of East Two Hundred and Thirty-third street.

"B"—Grades.

The grade at the intersection of East Two Hundred and Thirty-third street and Webster avenue to be 91.5 feet above mean high-water datum, as heretofore.

The grade over the property of the New York and Harlem Railroad to be 93 feet above mean high-water datum.

The grade for the bridge over the Bronx river to be 88 feet above mean high-water datum.

"A"—Change of Lines.

The northern line of East Two Hundred and Thirty-third street, easterly of the Bronx river, to coincide with the northern line of Nineteenth avenue, and the southern line of East Two Hundred and Thirty-third street to be 100 feet southerly therefrom and parallel to the northerly line.

"B"—Grades.

The elevation of the floor of the bridge over the Bronx river to be 88 feet above mean high-water datum.

The grade at the western side line of Bronx Boulevard to be 90 feet above mean high-water datum.

The grade at the eastern side line of Bronx Boulevard to be 92 feet above mean high-water datum.

The grade at the western side line of Second street to be 111 feet above mean high-water datum.

The grade at the eastern side line of Second street to be 113 feet above mean high-water datum.

The grades at the western and eastern side lines of White Plains road to be 171 feet above mean high-water datum.

The grade at the curb intersections at an unnamed street located about 180 feet easterly of White Plains road to be 181 feet above mean high-water datum, and at the intersection of the curb lines of Olinville avenue to be 100 feet above mean high-water datum, as heretofore.

Resolved, That the President of the Borough of the Bronx cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change of lines and grades and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change of lines and grades at a meeting of this Board, to be held in the old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 28th day of November, 1902, at 2.30 o'clock p. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change of lines and grades will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of November, 1902.

DEPARTMENT OF FINANCE.

BRYAN L. KENNELLY, AUCTIONEER.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them below, will offer for sale at public auction, on

MONDAY, NOVEMBER 24, 1902,

at 12 o'clock noon, at the New York Real Estate Salesroom, No. 111 Broadway, Borough of Manhattan, the following-described real estate belonging to the Corporation of The City of New York, viz.:

All that certain vacant lot of real estate belonging to The City of New York, situated on the east side of Fourth avenue, seventy-five (75) feet north of Twentieth street, and being twenty-five (25) feet wide in front and rear, with a depth of one hundred (100) feet on each side, and known as lot 71, in block 72, of the Eighth Ward of the Borough of Brooklyn.

The minimum or upset price for which the said premises will be sold is fixed at eleven hundred (\$1,100) dollars, and the sale is to be made upon the following

TERMS AND CONDITIONS OF SALE.

The highest bidder will be required to pay 25 per cent. of the amount of his bid, together with the auctioneer's fees, at the time of the sale; 75 per cent. upon the delivery of the deed, which deed shall be a quit claim deed; the description of property in said deed to be by the ward, block and lot number as designated on the assessment maps for said ward in the Borough of Brooklyn, and to be delivered thirty days from the date of the sale. Said payments to be made in cash.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. Maps of said real estate may be seen on application at the Comptroller's Office, Stewart Building, No. 280 Broadway, Borough of Manhattan, after November 5, 1902.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held October 22, 1902.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE "Greater New York Charter," the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF THE BRONX.

TWENTY-FOURTH WARD, SECTIONS 11 AND 12.

EAST ONE HUNDRED AND NINETY-FOURTH STREET—OPENING, from Valentine avenue to Webster avenue. Confirmed August 4, 1902; entered November 5, 1902. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx in The City of New York, which, taken together, are bounded and described as follows, viz.: Beginning at a point formed by the intersection of the westerly prolongation of that part of the middle line of the block between East One Hundred and Ninety-second street and Kingsbridge road, lying eastwardly from Jerome avenue, with a line drawn parallel to the westerly side of Jerome avenue and distant 100 feet westerly therefrom; running thence northerly along said parallel line to its intersection with the westerly prolongation of the middle line of the block between Kingsbridge road and East One Hundred and Ninety-sixth street; thence easterly said westerly prolongation and middle line of the blocks to the easterly side of Valentine avenue; thence easterly along the middle line of the blocks between East One Hundred and Ninety-fourth street and East One Hundred and Ninety-sixth street and its prolongation eastwardly to its intersection with a line drawn parallel to the easterly side of Marion avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to its intersection with the middle line of the block between East One Hundred and Ninety-fourth street and East One Hundred and Ninety-fifth street; thence easterly along said middle line of the blocks to the westerly side of Webster avenue; thence southerly along said westerly side of Webster avenue to its intersection with a line drawn parallel to the southerly side of East One Hundred and Ninety-third street and East One Hundred and Ninety-second street and Kingsbridge road lying westwardly from the Grand Boulevard and Concourse; thence westerly along said easterly prolongation and middle line of the block and its prolongation westwardly to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the

date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 5, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when above assessment became a lien to the date of payment.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed, by an order of the Supreme Court made and entered herein on the 31st day of December, 1901, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the Index of Conveyances in Section 20, Blocks 6777, 6778, 6797, 6798, 6820, 6821; in Section 22, Blocks 7293, 7294, 7319, 7320, 7347, 7348, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises, and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, Borough Hall, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 25th day of November, 1902, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, October 29, 1902.

JOHN H. DOUGLASS,
PETER F. LYNAN,
WM. A. MULDOON,
Commissioners.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Board of Docks, relative to acquiring right and title to and possession of the lands, lands under water filled in, wharfage rights, terms, easements, emoluments and privileges appurtenant to the bulkheads between Eighteenth street and Nineteenth street, and between Nineteenth street and Twentieth street, East river, and appurtenant to the bulkhead and pier at the foot of Nineteenth street, East river, necessary to be taken for the improvement of the water front of The City of New York on the East river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands, pier or wharf property, and all persons interested therein, or in any rights, privileges or interests pertaining thereto, affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment and that all persons interested in this proceeding or in any of the uplands, lands, lands under water, premises, buildings, tenements, hereditaments, pier and wharf property affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us, at our office, room No. 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York, on or before the 17th day of November, 1902, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 19th day of November, 1902, at 3.30 o'clock in the afternoon of that day.

Second—That the abstract of our said estimate and assessment, together with our Damage Maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, at the office of said Bureau, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 26th day of November, 1902.

Third—That our report herein will be presented to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 5th day of December, 1902, at the opening of the court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated, Borough of Manhattan, New York City, October 27, 1902.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done. Plans and drawings of construction work may also be seen there.

Actions to Recover Wages.

Of the actions now pending against the City, 8,205, or considerably more than one-half the entire number, are actions brought to recover wages.

It is certainly a very discreditable state of affairs for the City to be engaged in so many litigations with its servants, and especially with men who are paid daily wages and are presumably dependent upon those wages for the support of themselves and their families. The existence of this mass of litigation is due in part to the passage of obscure and unconstitutional laws, and in part to the unwise action of the heads of certain departments. In particular the methods adopted by the late Commissioner of Street Cleaning, Mr. Nagle, in dealing with his men, has saddled upon the City hundreds of cases involving very large amounts of money.

It is my purpose to have typical cases brought to trial at the earliest possible day, and to get final decisions from the courts in regard to them.

The largest group of cases relates to the so-called Prevailing Rate of Wages Law.

By agreement between the attorneys for several of the important labor unions of the State and City, who also represented a large number of claimants, the case of Pierce Ryan vs. The City of New York was tried before Mr. Justice O'Gorman in May last. The City's contention that the provisions of the Labor Law regarding the prevailing rate of wages were unconstitutional, was sustained.

The case of Downs vs. The City was selected as a typical case from another large group of claims brought by Sweepers in the Street Cleaning Department of the Borough of Brooklyn, who claimed that they had been illegally deprived of their wages by the action of the Commissioner of Street Cleaning in 1900 and 1901, in requiring them to take one day off every week under a leave of absence granted by him at their request. This case was tried before Mr. Justice Barrett, who decided adversely to the City. An appeal has been taken from this decision, which will be argued in the coming autumn. The number of cases included in this group is nearly seven hundred.

The case of Driscoll vs. The City was selected as a typical case from another important group of cases involving a very large sum of money. The cases were brought because the mechanics of the Street Cleaning Department claim that although their wages are fixed at a per diem rate they are in fact officers of the City with a fixed status and a fixed salary. This case was tried last spring before Mr. Justice Nash, and was decided in favor of the City on July 21, 1902.

The case of Eckerson vs. The City was selected as a typical case from another group of claims. The veteran day laborers in several of the departments have made claims for pay for days upon which they rendered no labor, urging that under some recent decisions of the courts a veteran employee of the City is a quasi officer and is entitled to pay so long as he remains in the City's employment, and that he cannot be dismissed from such employment except after hearing upon charges for cause.

This case was tried before Mr. Justice Blanchard, and a decision adverse to the City was rendered by him. An appeal from this decision is pending, and will also, it is expected, be determined in the coming autumn.

Cases Against Street Railroads.

Hearings were begun in June, 1902, before Mr. Hamilton Odell, as referee, in two actions against the Manhattan Railway Company for an accounting of the income derived from passenger traffic on the Ninth avenue elevated line, of which the City, under the provisions of chapter 489 of the Laws of 1867, is entitled to five per cent. The accounting is proceeding in accordance with the decision of the Court of Appeals in one of the cases, reported in 143 N. Y., at page 1. A large sum of money is involved.

A large number of cases have been begun since the 1st of January, 1902, against various railroad companies to recover the sums expended by the City for repairing or repaying the portion of the streets within and about the tracks of the railroad companies which, by their charter, or the Railroad Law, the companies are bound to keep in repair. The aggregate amount demanded by the City in cases either begun or in which complaints have been served during the past six months, amounts to nearly \$300,000, and there are in preparation a large number of complaints in similar actions about to be commenced in which still larger amounts will be demanded.

Litigation is also pending to test power of the City to remove disused car tracks from the streets. The question comes up in various forms, both in Manhattan and Brooklyn, and involves, among other long stretches of track, the unused and unusable Third Avenue Railroad Company's tracks in Amsterdam avenue.

Statistics.

Certain figures as to pending litigation are given above. The work of a law office is not, in most respects, very susceptible of being set out in a statistical form, but they serve to show in a general way the magnitude of the work of this Department. They also show that the work accomplished by the Department in the first six months of this year has been greater in amount than the work accomplished during the corresponding six months of 1901, and that the results obtained have been, on the whole, more satis-

factory to the City. If comparisons were made with the average results of the past four years the showing would be in most respects even more favorable for the present administration.

BUREAU FOR THE COLLECTION OF PENALTIES.

The work of this Bureau is substantially the same as that carried on during the past four years, with the exception that the cases arising in the Health Department, so far as concerns the Boroughs of Manhattan, The Bronx and Richmond, are now managed by it. Health Department cases arising in Brooklyn and Queens are managed by the branch offices in those boroughs.

The results obtained during the past six months have, I think, in no case been inferior than in the corresponding six months of 1901. In most cases the results have been very much better, and they have been accomplished with practically the same office force as formerly.

During the past six months 4,449 proceedings have been begun to recover penalties for violation of corporation ordinances, 643 have been settled before or after judgment, and 591 have been discontinued because the law had been complied with or the defendants were not liable. This showing is most gratifying when compared with the first six months of last year, for there have been many more proceedings begun, three times as many settled, and more than twice as many discontinued.

But although many more judgments were obtained this year than last, it has been my policy wherever possible, with due regard to the interests of the City, to settle suits out of court. This saves unnecessary annoyance to citizens, is more popular with the public, and accomplishes the best results for the City in enforcing respect for the law. Wherever we have found the law was being complied with, or the defendant was not the proper party to be sued, we have discontinued the action.

Special effort is being made by us to co-operate with the Commissioner of Highways in an attempt to reclaim the Broadway sidewalks. The law forbidding areas, steps and projections on Broadway was not enforced strictly by the last administration. We have started a number of suits to test the law and bring up the general question. I believe it is most important that the streets and sidewalks of the City should be preserved free from incumbrances for the use of the public. We are bringing proceedings on other streets also. There were eight prosecutions under the new automobile law for failure to have the initials on the rear of the machines.

There has been a most striking increase in the number of cases sent here to compel children to support their aged and poor parents.

Actions brought in first six months of 1902.....	44
Actions brought in first six months of 1901.....	10

—being an increase of 340 per cent.

These cases are extremely pathetic, as the parents are old, feeble, and frequently in the almshouse, and are absolutely destitute. A special effort has been made to have these cases prosecuted promptly and kept up to date.

The cash receipts of the Bureau of Penalties for the first six months of the year have been largely increased.

In 1902 there was collected.....	\$13,844 60
In 1901 there was collected.....	7,169 00

Being an increase of..... \$6,675 60

This is an increase of nearly 100 per cent. over the preceding administration.

These collections represent an enormous amount of work, inasmuch as most of this money is paid over in petty fines of \$3 to \$5, or is collected in the charity cases. I do not think, however, that this increase in receipts means that we have been by any means unduly harsh or exacting. We have brought suits promptly, and have sought, wherever the law has been violated, to have some proper redress; but in all cases we have met citizens on a fair basis, and been willing to compromise at a fair rate. It has not been our policy to collect money, but rather to enforce the ordinances.

Department of Health Cases.

During the first six months of the present year more suits have been begun, more judgments for penalties recovered, and more convictions secured than in the corresponding period in 1901.

Of the amount of fines paid, there was collected in 1902....	\$8,198 00
And in 1901.....	3,745 00

Showing an increase of..... \$4,453 00

The most important work of this branch has been the prosecution of the so-called "soft coal" cases. With the inauguration of the recent strike in Pennsylvania soft coal at once began to be burned throughout the City. The Department of Health promptly served orders on the different manufacturing companies and large buildings violating the same, to discontinue, but the nuisance went on. A special effort was made in the case of the Manhattan Elevated Railroad, with the hearty co-operation of the District Attorney for the County of New York. It gives me pleasure to call your attention to the fact that while some weeks ago the counsel for the Manhattan Railroad declared it was "impossible" to obtain hard coal, nevertheless ever since then they have been burning the same. It is true of the City at large that although the nuisance has not been abated, yet the practice has been measurably diminished and kept within some bounds.

BUREAU FOR COLLECTION OF ARREARS OF PERSONAL TAXES.

The work performed in this Bureau for the past six months can be accurately judged at a glance by the results obtained. Upwards of thirty thousand claims—practically nearly everything returned to this Bureau up to date—have been handled and nearly one-half have been disposed of by payments, settlements, affidavits and personal examinations, and of the remainder, about three thousand have been prepared for suit.

The recoveries and settlements are shown by the total collections for the period, which amount to \$243,737.02. By way of comparison, the total collections of this Bureau for the years 1898, 1899, 1900, 1901, the four years of the last administration, during which time the Bureau covered the same territory as it does to-day, amounted to \$157,316.86; in other words, the total collections of the last four years have been exceeded in the first half year of the present administration by \$86,420.16.

I desire to call your attention to the following statement in my letter of February 19, 1902, to the Board of Estimate and Apportionment, concerning the appropriation for this Bureau for the year 1902, viz.: "I believe that with proper equipment of the office it will be possible to collect \$200,000 a year." It is my pleasure to be able to point out that we have at the end of six months exceeded that figure by \$43,737.02.

At the beginning of the year substantially no system for the conduct of the business of this Bureau was in force. Everything was in a chaotic state, and it was absolutely impossible to find old matters at all. Money collected was deposited whenever the clerks in the Department happened to think of it; and it was discovered almost immediately that one of the clerks had in his possession about \$1,800 belonging to the

Department, which he was unable to pay over. On his admission of the facts I dismissed him from the service of the City and caused his arrest upon a criminal charge. The amount was subsequently made good by him or his friends.

The claims returned to the Bureau for collection had not been written up in what were known as the warrant registers for a period of at least two years. There had never been any balancing of accounts between the Bureau and the office of the Receiver of Taxes.

At the present time a thoroughly businesslike system of accounting and arranging claims and papers has been adopted. The payments received are deposited in a trust company daily, and the entire amount collected during each month is paid over to the proper financial officers on the first secular day of the succeeding month. It must be borne in mind that the large majority of the claims for unpaid personal taxes sent to this Department are absolutely worthless. But experience shows that if the business is handled in a businesslike way, with zeal and diligence, enough money can be recovered to pay a substantial part of the expense of running the entire Law Department of the City.

BUREAUS OF BUILDINGS.

In the boroughs of Queens and Richmond there appears to be very little litigation arising from complaints of violations of the Building Law. These cases arise principally in the boroughs of Manhattan, The Bronx and Brooklyn, and involve a great deal of labor. Owing to the difference in organization of the Building Department since the 1st of January it is not possible to submit comparative statistics; but there is no reason to doubt that the work has been at least as well done during the past months as at any time previously.

CONDEMNATION PROCEEDINGS.

The proceedings begun by The City of New York to acquire lands are very numerous and involve very large amounts of money. Proceedings are now pending to take land for opening streets; for public parks; for docks; for approaches to bridges over the East river, the Harlem river and Newtown creek; for hospitals, armories, school sites, police station sites, fire engine sites, and library sites, and for lands taken in connection with the water supply of the City, either for reservoirs or for the land in the neighborhood of reservoirs secured for the sanitary protection of the water supply.

These proceedings to condemn water-front property, although not numerous, are generally the largest and most important in a pecuniary point of view which the City is engaged in. They involve frequently very difficult questions of law and fact. During the past six months awards have been made in the matter of Pier, old 12, East river; Pier, old 15, East river, and the block between Little West Twelfth and Thirteenth streets, on the North river. In all these cases the awards have been satisfactory to the City.

In the matter of the Sixty-ninth Regiment Armory site, the report of the Commissioners made in August, 1901, was satisfactory to the City, but on motion of the property owners, the Court, at Special Term, sent back the case as to several parcels with instructions in effect to increase the awards. The City appealed from this order in so far as it refused to confirm the report, and the Appellate Division, in a very important decision, has recently sustained the City.

In the matter of the site for Troop C in the Borough of Brooklyn, the proceedings have been rapidly pushed to completion, but the award is in my opinion excessive. Measures will be taken to oppose its confirmation if the proceeding cannot be wholly discontinued.

In the matter of school sites, police sites and other minor pieces of property, several proceedings have been completed during the past six months with unusual rapidity and with satisfactory results to the City.

The principal proceedings now pending for securing bridge property are for the approaches to the Williamsburgh Bridge, both in Manhattan and Brooklyn. These involve a very large number of parcels of land and are progressing as rapidly as possible.

The proceedings to acquire title to the proposed park at First and Second avenues, East Thirty-fifth and Thirty-sixth streets, in Manhattan, were delayed owing to the experiment made in causing the titles to be examined in advance by a Title Insurance Company, and in obtaining complete damage maps. These causes of delay have now been removed, and this proceeding will be pushed as rapidly as possible.

With respect to the park in the Borough of Brooklyn, bounded by Berry street, Nassau avenue and other streets, no hearings have yet been begun, owing to various complications existing by reason of the presence of railroads across the property and other matters which have seemed to make a further consideration of the subject desirable. I expect now to take the matter up at an early date.

WATERSHED PROCEEDINGS.

The proceedings in relation to acquiring land for the City's water supply in the Counties of Westchester and Putnam have long constituted a public scandal. It is a notorious fact that the costs in these proceedings have amounted to huge sums of money, probably not less on an average than fifty per cent. of the price paid for the land. It has been my effort to try and close up speedily the pending proceedings and to keep down, as far as possible, the unnecessary expenses. The expense of printing I have cut down about one-half, and I hope shortly to do away entirely with the practice of printing the voluminous testimony taken in these proceedings.

The acts under which Commissioners are appointed provide that they shall be paid \$10 a day for "every day actually employed." It has been the invariable custom, as I am informed, for the Commissioners to swear that they have been "actually employed" for every day of the year, excluding Sundays and legal holidays, although the fact was that they would meet but once or twice a week on an average. I have raised the question in court in two cases as to what is meant by "actual" employment, and shall endeavor to get an authoritative decision.

Fortunately there are but few cases pending. In what is known as the Seventh Cornell Dam proceeding the taking of testimony is entirely finished, as is also the proceedings. In the proceeding to acquire lands for the sanitary protection of the water supply around Lake Mahopac the Commission have disposed of sixty-two cases out of seventy-two, and the others are well advanced. The largest proceeding now pending is that known as the Eighth Cornell Dam Proceeding, which involves the acquisition of a very large tract of land, involving several hundred parcels, and which will continue for some time longer.

STREET OPENING PROCEEDINGS.

The most numerous class of condemnation proceedings are those relating to the acquisition of land for use as streets. These proceedings have in the past been conducted in an extremely dilatory and expensive manner. It has seemed to me that there was no branch of the work of the Law Department which required more attention on my part or in which more satisfactory results to citizens could be obtained than by endeavoring to shorten the time and diminish the expense of these proceedings. The expense of these proceedings is not wholly borne by the City at large, but falls, for the most part, upon the owners of adjacent property for whom the City acts really as trustee or agent. That I have been successful to a considerable extent in these efforts will appear from the figures hereafter given relating to the City at large.

I may, however, call particular attention to the work of the Street Opening Department in the Borough of Brooklyn. Owing to various causes, not now material, this has been greatly neglected for the past four years and in parts of that borough very just cause of dissatisfaction has existed in consequence of the failure of the City to open streets through property which ought to be properly developed. During the past four years only seven such proceedings were confirmed. During the past six months eight such proceedings were confirmed, being more than were disposed of in the previous four years. In addition, testimony has been closed in three cases in Brooklyn and the Commissioners are preparing their awards; in nine cases testimony has been closed and the awards made; in five cases the preliminary reports are on file ready for confirmation, and in five other cases objections are now being heard to the preliminary reports that have been made. The results for the entire year will therefore be in very striking contrast, so far as Brooklyn is concerned, to the results for the previous four years.

Taking the City at large, the figures are as follows:

	Awards.	Assessments.	City Lots Acquired.
57 Reports confirmed	\$8,21,298 98	\$2,251,035 50	3,148
8 Reports submitted	422,119 61	266,102 05	272
65	\$4,243,418 59	\$2,517,137 55	3,420
21 Reports signed	1,283,619 66	1,356,606 66	
18 Reports to be signed	1,969,360 00	1,091,343 04	
63 Reports in which Commissioners have given final instructions	3,034,462 79	3,161,504 34	
167	\$10,530,861 04	\$8,126,591 59	

A number of these cases, at the close of the quarter, were awaiting the taxation of the final bill of costs of the Commissioners, and action by the Board of Estimate and Apportionment in reference to the amounts to be assumed by The City of New York.

In addition to the foregoing, 42 preliminary reports have been filed for objections in which the awards amount to \$3,920,058.50 and the assessments to \$2,448,588.51.

During the four years from 1898 to 1901 inclusive 179 reports were confirmed, in which the awards amounted to \$12,533,235.60, and the assessments to \$7,257,737.81; and by which 9,183 city lots in area were acquired.

The work completed during the past six months of this year therefore almost equals what was accomplished in the previous four years. Of the 305 street and park proceedings pending on the 1st of January, 1902, more than one-half have practically reached completion, and what was at first estimated to take three years to close will certainly be disposed of within two years.

The unusual activity of the Commissioners in these proceedings has been due principally to the following reasons:

First—The formulation of rules and regulations by me for the government of the Bureau of Street Openings. Assistants are now required to be ready to proceed for at least two hours at each session, to oppose all adjournments on behalf of the property owners and to notify the Commissioners in advance in case adjournments are unavoidable; and stenographers are instructed to make an exact minute of all the proceedings, so that the responsibility for delay can be placed where it properly belongs. The enforcement of these regulations has compelled more prompt attendance at meetings and greater diligence on the part of all concerned.

Second—Opposition to extensions of time in these proceedings beyond a reasonable time and in no case for more than six months.

During the first six months of the year there were 255 applications by Commissioners of Estimate and Assessment for extensions of time to complete proceedings, in all of which, after an examination of all the facts and the past record of the proceedings, I opposed an extension of time beyond six months and beyond what seemed to be a reasonable time in which the proceedings should be closed. This course necessarily discouraged further applications of the same nature except for good cause.

Third—Opposition to excessive bills of costs.

During the first six months 99 final bills of costs were submitted for taxation, all of which were closely examined, and 47 were opposed as excessive. Prior to January 1, 1902, it was almost if not quite unheard of that a bill of costs had been opposed by the City or by the property owners affected. They were taxed, as a matter of course, as proposed by the Commissioners.

Fear of not having their time extended to complete proceedings, involving a forfeiture of their fees, and of having their bills of costs opposed obviously operates to induce the Commissioners in these proceedings to complete them as speedily as possible.

The greatest cause of delay in these proceedings was, however, due to the time taken by the former Board of Public Improvements to prepare the damage and benefit maps. Conferences were had early in the year with all the Borough Presidents, upon whom now devolves the preparation of the maps, and their earnest co-operation with the Corporation Counsel was requested to do away with this unfortunate cause of delay in these proceedings. These maps have been supplied with greater promptness than ever before.

In consequence of the rapid completion of these proceedings, a great saving in the interest charge on the awards for damage has been and will be made. Of the one hundred and sixty-seven reports practically completed, one hundred and forty-six represent awards for damage in cases where title has become vested in the City. These awards aggregate \$8,874,179.12. The importance of the saving in this respect can be seen from the fact that hastening the completion of these reports one year would reduce such interest charge, at six per cent., \$532,450.74.

The expenses of the Bureau of Street Openings, which form part of the assessment for benefit in each of the proceedings conducted, have been materially lessened in more than one respect.

Prior to January 1, 1902, the taking and transcribing of the testimony in these proceedings was paid at the retail rate of 25 cents per folio, with an additional 5 cents for each additional copy, or at the rate of 40 cents per folio in the aggregate for the four copies required.

During the year 1900 there was paid for this service \$24,138.92 and during the year 1901 \$31,920.34, or the aggregate amount of \$56,059.26 in two years. The rate per folio for such work has been reduced from 40 cents to 20 cents per folio in Manhattan and to 25 cents in Brooklyn, which assures a saving of several thousand dollars a year.

The fees for expert services of Appraisers, Engineers, etc., have likewise been investigated, and I hope a substantial reduction in the charges heretofore allowed for those services may be made.

CHANGE OF GRADE DAMAGE COMMISSION.

The work of the Change of Grade Damage Commission, before which the City is represented by special counsel, is now finished. During the six months ended June 30, 1902, the Commission concluded the trials in seventy-two claims and made awards aggregating, with the counsel fees allowed the claimants' attorneys, \$184,460. This amount claimed in these seventy-two cases was about \$439,217. It also tried thirteen claims in which the awards and counsel fees aggregate \$14,965, and the amount claimed, \$28,000, making a total of eighty-five awards made, aggregating, with the counsel fees, \$199,425, in which claims the total amount demanded was \$467,217.

The Commission dismissed during that period 218 claims, making a total of 303 claims disposed of.

At the close of the quarter under review there were twenty-one claims pending before the Commission which had been previously dismissed by it. Afterward, on motion of the claimants' attorneys, orders purporting to set aside these orders of dismissal were entered by the Commission; but on a rehearing it was decided (on August 22) that the Commission was without jurisdiction to try the claims in question.

In the four years prior to January 1, 1902, the old Commission dismissed 101 claims and made awards in 157 cases, amounting in all to \$504,421.26, the damages claimed being \$1,091,000.

For further details as to the work of the Department reference is made to the appended schedules and special report.

Respectfully submitted,

G. L. RIVES, Corporation Counsel.

REPORTS OF THE BUREAUS AND OTHER SUBDIVISIONS OF THE LAW DEPARTMENT.

Bureau of Street Openings.

Law Department, Bureau of Street Openings,
Nos. 90 and 92 West Broadway, Borough of Manhattan
New York, August 15, 1902.

Hon. GEORGE L. RIVES, Corporation Counsel:

DEAR SIR—I transmit herewith report of the Bureau of Street Openings for the quarter ending June 30, 1902.

Your attention is respectfully called to the fact that during the past six months fifty-seven reports of Commissioners were confirmed, in which the awards amounted to \$3,821,298.98, the assessments for benefit to \$2,251,035.50, and that 92,125 linear feet of streets were acquired, embracing 3,148 city lots in area.

In addition to the foregoing, eight reports were moved for confirmation, in which the awards amounted to \$422,119.61, the assessments for benefit to \$266,102.05 and the linear feet of streets acquired to 11,405.77 feet, embracing 272 city lots in area.

Twenty-one final reports have also been signed by the Commissioners, in which the awards amount to \$1,283,619.66, and the assessments for benefit to \$1,356,606.66.

Commissioners of Estimate and Assessment have concluded their labors and given final instructions for the preparation of eighty-one reports, of which number eighteen will be ready for signature during the month of July. In these eighteen reports the awards amount to \$1,969,360 and the assessments for benefit to \$2,088,073.35. In the remaining sixty-three reports the awards amount to \$3,017,541.50 and the assessments for benefit to \$3,155,504.34.

There have therefore been practically completed during the past six months 167 reports, in which the awards aggregate \$10,513,939.75 and the assessments \$9,117,371.90.

Besides, forty-two preliminary reports of Commissioners have been made up and filed for objections, in which the awards amount to \$3,044,416.62 and the assessments for benefit to \$1,760,464.80.

During the four years from 1898 to 1901, inclusive, there were 179 reports confirmed, in which the awards amounted to \$12,533,235.60 and the assessments for benefit to \$7,257,737.81; the linear feet of streets acquired to 275,150 feet, embracing 9,183 city lots in area.

Contrasting the amount of work done during the past six months with that done during the past four years, it will be readily seen that a great deal of progress has been made in the work of disposing of pending proceedings during the past six months.

Very respectfully,

JOHN P. DUNN,

Assistant Corporation Counsel in Charge of Bureau of Street Openings.

Report of the Bureau of Street Openings for the Quarter Ending June 30, 1902.

TENEMENT HOUSE DEPARTMENT.

As the new Tenement House Department did not receive a working complement of inspectors until the last week in June, the law work connected with the Department has been mainly confined to conferences with the Tenement House Commissioner and his Deputies as to details of organization, and the preparation of forms to be used in the business of the Department.

The organization of the Law Department for the Tenement House Department is already practically completed and it will assume charge in full working order as soon as the furnishing of the quarters in the Tenement House Department building, at No. 61 Irving place, is finished.

Proceedings Relating to the Water Supply.

Report of Special Counsel in Matters Relating to the Water Supply.

July 14, 1902.

Hon. GEORGE L. RIVES, Corporation Counsel:

DEAR SIR—I beg to inclose you herewith memorandum showing the work done by me as your representative since January 1, 1902. In addition to the work set forth by the report there have, of course, been a large number of consultations in regard to the general business of the City, and the probabilities are that a large amount of services have been rendered which a critical examination of your letter books and of my replies will show.

I am, sir,

Yours respectfully,
H. T. DYKMAN.

The Payment of Awards.

After the service upon the Comptroller of a certified copy of the order confirming the report and advice from your Department that the order has been properly entered and its provisions should be complied with, warrants are drawn as directed by the order.

During the preparation of these warrants I have been in frequent consultations with the Auditor of the Finance Department in regard to the manner and form in which the warrants should be prepared.

After they are prepared they have been delivered to me for disbursement. The necessary searches are then continued, satisfactions or releases of liens appearing on the searches are procured, affidavits of ownership, etc., and releases from owners are obtained from the payees in all cases where the title is good.

In case the searches disclose defective titles or liens which cannot be satisfied or released the funds are then deposited with the Trust Company.

The following statement shows the number of warrants in each proceeding and the amount disbursed:

	Number.	Amount.
Fifth Cornell	1	\$117 25
Eighth Cornell	11	18,197 79
Brewster First	1	12 60
Seventh Cornell	7	38,239 51

Brewster Discontinuance	16	778 61
Byram	10	19,046 52
Mt. Kisco	11	407 79
Amended Mt. Kisco.....	13	41,367 34
Mahopac	50	171,960 97

Bronx River	1	100 00
Muscoot	1	52 00
	<u>238</u>	<u>\$561,141 46</u>

The foregoing statement does not include the amount disbursed for costs and counsel fees allowed to claimants' counsel by Commissioners and confirmed by the court.

Eighth Cornell Dam Proceedings.

On May 21, 1901, the taking of testimony on behalf of the claimants in thirty-seven parcels which are to be included in the next Separate Report of the Commissioners was commenced and closed on April 18 1902.

These parcels of land included 11,114 acres and involved \$1,014,748.50. The introduction of testimony on behalf of the City was commenced on April 22, 1902, and completed June 25, 1902.

The brief in this case must now be prepared and bills of cost of each claimant carefully examined, and the matter submitted to the Commission, which should be done by the first of August.

Ten cases, which are not to be included in the next report, have been tried on behalf of the claimant, and the evidence on behalf of the City is ready to be introduced.

The work on these ten cases has been done since the first of January.

Kensico.

The claims of Killahy, La Furley and Corcoran were tried before the Commissioners of Appraisal.

Report drawn, motion made to confirm the report and order confirming report drawn and entered, making a saving of \$1,245.

Double Reservoir "P"—Additional Lands.

In this matter I prepared an application to the Court on behalf of Commissioners Wells and Rose for the appointment of a Commissioner in the place of Daniel Butterfield, deceased. Mr. Justice Keogh appointed W. M. Benjamin, of Philipstown as such Commissioner. There are five parcels before the Commissioners. In four of the five, involving \$64,825, the testimony has been introduced by the claimants and by the City. The evidence on behalf of the City is ready in the remaining parcel.

In addition to these parcels a claim was filed for \$2,000, and \$2,500 for probable costs on behalf of the heirs of Frederick Philipse, the owners of the undivided one-third of all the mines and minerals beneath the surface of the ground. From past experience I was aware that to try these cases would probably exceed the award 1,000 per cent., and for that reason aided in conducting negotiations whereby there is to be deducted from the award to the land owners the sum of \$5 an acre, making about \$420. I think by this stipulation the City will save at least \$3,000.

Mahopac.

The Commissioners on May 19 made their fifth separate report, covering ten parcels. The amount claimed was \$50,300, the amount allowed \$32,975, making a saving in favor of the City of \$17,325.

Eleven parcels remain to be disposed of before the Commissioners. In the cases where evidence is required on behalf of the City this evidence has been prepared and can be introduced immediately upon the close of the claimants' cases.

Matter of Claim of St. Joseph's Normal College.

The trial of this case has been completed and a saving in favor of the City effected.

In order to avoid the expense of trying the question as to what it would cost to remove the remains of the dead interred upon this property, the sum of \$2,000 has been agreed upon between the Law Department and the Department of Water Supply as a sum sufficient for this purpose, and such sum was included in the report of the Commissioners.

East Branch Croton.

One case, involving \$150,000, remains to be disposed of in this proceeding; the testimony of claimant has been introduced. Evidence on behalf of the City has been prepared, and I am ready to proceed. The question of discontinuing has been made the subject of frequent consultations, and was referred to the Department of Water Supply. Your Department was advised the latter part of January that the Commissioner did not at that time possess such knowledge of all the facts as would justify him in advising a discontinuance of the proceeding. You advised me, under date of February 1, of this state of affairs, since which time nothing has been done.

Seventh Cornell Dam Business.

On January 1st there remained undisposed of before this Commission, Parcels Nos. 96, 135, 142, 144, 148 and 155.

Parcel No. 143 had been included in the Sixth Separate Report, but was sent back to the Commissioners.

There are eleven highways described in the petition which are not numbered.

Parcels Nos. 96, 135, 144 and 148 have been tried and closed on both sides.

No claim has been filed for Parcel No. 155, the Commissioners to report on this parcel on their view without evidence.

No claims have been filed for the highways, the Commissioners to report on these without any testimony.

Parcels Nos. 142 and 143 are burying grounds. Parcel No. 142 contains two hundred and twenty-eight (228) separate plots. Parcel No. 143 contains nine (9) separate plots.

These burying grounds, together with the question of removal of the remains of the dead, tombstones, etc., have caused a great deal of trouble and annoyance.

In their first report the Commissioners reported on the claim of Hoyt and others to plots 81, 82, 89 and 90, in Parcel No. 142.

The award included the value of the land and the cost of removal of the bodies interred and the removal of the monuments erected thereon.

When the first report came up for confirmation this claim was excepted from the motion, and subsequently came up for confirmation before Justice Barnard.

After argument and briefs submitted, the Court sent the matter back to the Commissioners, holding that the City was bound to remove the bodies, and it was within its sole province so to do, and that the Commissioners had no jurisdiction to include as an item of damage the cost of removal of the bodies.

In the sixth report the Commissioners awarded on Parcel No. 143, which included nine plots.

The awards for these plots were made by a majority of the Commissioners, and included the value of the monuments, tombstones, fences, etc.

Commissioner Briggs dissented, with an opinion annexed to the report, that the value of the land only should be included in the award and that the cost of removal of the bodies, monuments, tombstones, fences, etc., should not be included, as the City is obliged to remove them at its own expense in a decent and proper manner.

The Court refused to confirm the report and sent it back to the Commissioners, the order providing that the Commissioners report as to the value of the land alone, and further ordering "that in each case where the claimant or his attorney may file a stipulation or stipulate upon the record before the Commission that he desires an award for the land alone and desires the City to remove the monuments, tombstones, railings and bodies at the expense of the City, then and in that case the City agreeing to the stipulation, the Commissioners in this proceeding shall and they hereby are ordered to make a report as to the value of the land only exclusive of monuments, tombstones, railings, fences or cost or expense of moving bodies; and it is further

"Ordered, That in cases where a claimant shall fail to file a claim for, or introduce evidence of the value of the tombstones, monuments, railings or fences and the City shall stipulate that it will, at its own expense, remove all tombstones, monuments and railings and bodies, then and in that case also the Commissioners in this proceeding shall and they hereby are ordered to make a report as to the value of the land exclusive of such monuments, tombstones, fences, railings and exclusive of the cost or expense of removing bodies."

On May 16, 1902, the City made the stipulation required by above order.

The City then ordered evidence of the value of the land in one hundred and sixty (160) plots, and submitted the question of the value of the remaining lots to the view of the Commissioners, those submitted being cases where no testimony of the value of the land had been produced by claimant.

The testimony as to the value of the land in Parcel No. 143 was closed before the Sixth Separate Report was made.

The claimants then introduced evidence of value of tombstones, monuments, fences, etc., on thirty-three plots in Parcel No. 142, which included over seventy tombstones, monuments and fences, and one plot with one monument, etc., in Parcel No. 143.

The City has introduced evidence of value of tombstones, etc., on all plots in Parcel No. 142, in which claimants introduced evidence of value.

It now remains for the attorneys for the other claimants to submit their stipulations for the City to remove the monuments, etc.

The testimony on behalf of the City has been introduced in this proceeding.

In order that the owners of the cemetery plots could be assured that the City would remove the remains of the dead and tombstones, I had various conversations with the Aqueduct Commissioners, which resulted in the passage of a resolution on the first day of April, 1902, providing for the removal of the remains of the dead, monuments, etc.

Appeals.

First—In the proceeding known as the Kensico Reservoir Proceeding, instituted under chapter 189 of the Laws of 1893, Phoebe F. Stoutenberg and Charles F. Wyckoff, parties interested in different parcels, appealed to the Appellate Division from the award of the Commissioners.

Briefs were prepared and appeals were argued and decided in favor of the City.

In the Gleneida matter a motion was made on behalf of the City to reverse the report of the Commissioners on the ground that they had proceeded upon an erroneous theory of law. This motion was granted by his Honor Mr. Justice Dickey. An application for reargument was denied. An appeal was taken to the Appellate Division from the order reversing the report of the Commissioners. Briefs were prepared and matter argued, and decided in favor of the City after a reargument had been ordered by the Court on its own motion.

In the Byram Proceeding a nominal report was made for a part of the bed of Byram Pond. The report was reversed by Mr. Justice Keogh. An appeal was taken by the City from this order, briefs were prepared, and the matter was argued at the Appellate Division upwards of two months ago, but no decision has been rendered.

In the Muscote Proceeding an appeal has been taken by the City from an order made by his Honor Mr. Justice Keogh in the Hannifin matter. This order was affirmed, and an appeal will probably be taken by the Law Department to the Court of Appeals.

In the matter of the discontinuance proceeding an appeal has been taken by Abram J. Miller, attorney for Myron J. Howes and others, from the order confirming the report of the Commissioners.

The case has been prepared and agreed upon, but the matter has not as yet been noticed for argument.

Taxation of City's Lands.

The Commission on Revision of the Charter, by their report to the Legislature, recommended the re-enactment of the old Statutory Tax Law, which provides that the lands acquired and to be acquired by the City should be assessed at the same rate as similar property similarly situated, including all the aqueducts and other works and constructions necessary for the introduction of water in The City of New York.

The Legislature, however, changed the proposed act so that the lands are now to be taxed in the manner heretofore taxed, exclusive of the aqueducts.

By direction of the Law Department, after consultations with the Comptroller, the right of the various country assessors to tax the City's lands, dams, etc., is to be contested.

A large amount of detailed work, as well as examination of authorities, has been done, but as yet no definite result has been reached, for the reason that grievance day under the Statute does not come until August.

In the meantime various opinions have been written as to tax matters in the various towns.

Taxation of Costs.

In the appeals to the Appellate Division, matter of Wyckoff and Stoutenberg, judgments of affirmance were entered in the office of the County Clerk of Westchester County.

The Clerk refused to tax as a disbursement the amounts paid by the City for printing the cases on appeal.

An appeal was taken to the Special Term from the ruling of the County Clerk.

This appeal was argued before his Honor Mr. Justice Marean, who decided in favor of the City, reversing the action of the Clerk and directing the taxation of the disbursements as costs.

Dispossess Proceedings.

I was directed by your department to institute proceedings to dispossess Oscar Miersch from the property which he had rented from the Aqueduct Commissioners included in the taking known as the Eighth Cornell Dam Proceeding.

The necessary papers were drawn, orders of the court procured and on the return day I extended the time of the delinquent tenant for a week with the result that a check was sent to the City.

Communications.

One hundred and six (106) communications have been received from the Law Department and answered.

Motions.

Under this head will be classified motions made by and against the City.

In the motion made by the City to confirm the report of the Commissioners, Matter of Lake Gilead, serious opposition was encountered as to the parcel designated as Parcel No. 27, being the bed of the lake. The claim for \$75,000 was reduced to about \$7,000, on the ground that no one could be vested with the title to water as such.

The matter was argued at length before his Honor Justice Keogh, briefs were submitted and the matter decided in favor of the City.

In the Kensico Proceeding a motion was made to confirm the report of the Commissioners, and was opposed. The motion was argued at length before his Honor Justice Gaynor, who decided the questions of law submitted to him in favor of the City.

There have been fourteen motions made to procure the payment by the Mercantile Trust Company of funds deposited in the various proceedings. I have appeared on behalf of the City on these motions, all of which have been dismissed as to the City except one, viz., The Lyon motion at Katonah, where provision was made in the order for payment to the City of the amount of two judgments for costs on appeal.

The ground for the dismissal of these motions as to the City was that with the deposit of the funds with the Trust Company the duty of the City was at an end.

Examination of Titles.

The titles to sixty parcels of land in the Water Supply Proceeding have been examined and sixty abstracts forwarded to the Law Department since January 1, 1902.

In addition to this completed work a number of other abstracts are in process of preparation as well as searches for liens affecting the property in question.

Respectfully submitted,

H. T. DYKMAN.

Change of Grade Damage Commission.

Summary Report of Work of the Change of Grade Damage Commission, Twenty-third and Twenty-fourth Wards, from January 1, 1902, to July 1, 1902.

July 1, 1902.

Hon. GEORGE L. RIVES, Corporation Counsel:

DEAR SIR—Following is a summary report of the work accomplished by the above Commission during the six months ending July 1, 1902:

This Commission was established by chapter 537 of the Laws of 1893, amended by chapter 567 of the Laws of 1894 and other acts and has jurisdiction to award damages caused by reason of the change of street grades in connection with the separation of the track and street grades over the New York and Harlem Railroad to do away with grade crossings.

The area affected by these changes is from the Harlem river to Williamsbridge and from one to three blocks on both sides of said railroad. Nine hundred and ninety claims have been filed, in which the aggregate amount claimed exceeds \$4,000,000. The time to file additional claims expired in 1893.

During the past six months the Commission has concluded the trials of 72 claims and made awards aggregating, with the counsel fees allowed the claimants' attorneys, \$184,460. The amount claimed in these 72 cases was about \$439,217.

They have tried 13 claims in which the awards and counsel fees aggregate \$14,965 and the amount claimed \$28,000, making a total of 85 awards made, aggregating, with the counsel fees, \$199,425, in which claims the total amount claimed was \$439,217.

The Commission has dismissed during that period 218 claims, making a total of 303 claims disposed of.

There are now 21 claims pending before the Commission which had been previously dismissed by the Commission, and then, on motion of the claimants' attorneys, orders purporting to set aside these orders of dismissal were entered by the Commission. The aggregate amount claimed in these cases pending is \$157,600.

The total expense of this Commission, including the compensation of expert witnesses for the City and the counsel representing the City has been about \$10,000 for the six months covered by this report.

The following table shows the work disposed of by this Commission during the four years prior to January 1, 1902:

Year.	Number of Claims Dismissed.	Number of Awards Made.	Amount of Awards.	Amount Claimed Where Awards Were Made.
1898	11	37	\$100,615 00	\$212,800 00
1899	10	58	123,645 00	215,000 00
1900	2	32	179,440 00	404,800 00
1901	78	30	100,721 26	258,400 00
Total	101	157	\$504,421 26	\$1,091,000 00

Respectfully submitted,

ROBERT C. BEATTY, Counsel in Charge.

Report of the Work of the Change of Grade Damage Commission, Twenty-third and Twenty-fourth Wards, for the Period from January 1, 1902, to July 1, 1902.

This Commission was established by chapter 537 of the Laws of 1893, amended by chapter 567 of the Laws of 1894 and other acts, and was given jurisdiction to hear and determine claims for damages caused by reason of changes of street grades to the real property abutting on such streets, provided the owners of such real property filed a claim with the Comptroller and a duplicate with the Corporation Counsel within a time limited (December 7, 1893). Nine hundred and ninety claims have been filed, in which the aggregate amount claimed exceeds \$4,000,000.

The area over which the Commission was given jurisdiction is limited to the area within which the grades were changed in connection with the separation of the track and street grades over the New York and Harlem Railroad, and extends from the Harlem river to Williamsbridge, and from one to three blocks on both sides of said railroad.

During the period covered by this report, the Commission has completed the trials and made awards in seventy-two claims, in which the aggregate amount of awards and counsel fees is \$184,460 and the aggregate amount claimed is about \$439,217. These claims are enumerated in Schedule "A."

Thirteen claims were tried during the period covered by this report, and the awards and counsel fees amount to \$14,965, the amount claimed in these thirteen claims being \$28,000. These are set forth in Schedule "B."

The Commission has dismissed 218 claims during the same period set forth in Schedule "C."

The only claims now pending before the Commission are twenty-one claims, in which the Commission entered orders of dismissal and subsequently attempted to set such orders aside upon motion of the claimants by orders vacating such orders of dismissal. The aggregate amount claimed in these twenty-one claims is \$157,600. These claims are set forth in Schedule "D."

The following is a summary of the work accomplished during the six months covered by this report:

Awards made.....	85
Amount of awards and counsel fees.....	\$199,425 00
Amount claimed in these eighty-five claims.....	467,217 00
Claims dismissed.....	218

—making a total of 303 claims disposed of during the last six months.

The aggregate expense of this Commission during the six months covered by this report, including the compensation of expert witnesses for the City and the counsel for the City before the Commission, has been about \$10,000.

Respectfully submitted,

ROBERT C. BEATTY, Counsel in Charge.
