Headquarters New York Retail Grocers Union, Vienna Hall, Lexington Avenue and Fifty-eighth Street, New York, August 1, 1904.

To Hon. C. V. FORNES, President, Board of Aldermen, New York City:

Whereas, An effort is now being made by the Hon. John McGaw Woodbury to remove the push carts from the streets of this City;

Whereas, They have been permitted to encumber the streets by authority of a license granted to them by the City authorities which we believe they have no right to issue to any one to encumber or do business on any of the streets of this City for their personal benefit;

Whereas, We are informed and believe it to be true that the streets of this City were laid out for the use and benefit of all the citizens for the transaction of their business free of any obstruction;

Whereas, It is a well-known fact that the push carts obstruct the streets to the great annoyance of the store keepers, that in addition to obstructing them they gather dirt and filth of all kinds, rendering it impossible for the Street Cleaning Department to keep the streets, where they congregate, clean;

Whereas, There are very many small store keepers paying high rents and striving to make a living with whom these men with their push carts come into direct competition, in many instances selling their wares cheaper than the store keepers for the reason that they keep poorer goods, purchasing the refuse of the markets and not being particular in giving weight or measure;

Whereas, We believe it is the first duty of the authorities of The City of New York to protect the storekeepers who do business in it and who help to pay the taxes and contribute to its prosperity, against the unfair competition of these men who, aided by the City which licenses them to occupy the streets to do business in for a nominal sum, giving them an undoubted advantage over the storekeeper who has to pay a large rent;

Whereas, We believe that The City of New York has no right to find places of business outside of the public markets for any one; therefore be it

Resolved, That this Retail Grocers' Union earnestly indorse the efforts being made by the Hon. John McGaw Woodbury, Commissioner of Street Cleaning, to remove from the streets all push carts and all other obstructions on the streets, so that the streets may be restored to the free and unobstructed use of the citizens of New York for the transaction of their business;

Resolved, That the Retail Grocers' Union of this City tender to the Hon. John McGaw Woodbury its support and assistance in his efforts to drive from our streets one of the greatest nuisances which encumber them; be it further

Resolved, That a copy of these resolutions be mailed to the Mayor, the Commissioner of Street Cleaning, the Comptroller, the Borough Presidents, the President of the Board of Aldermen and other officers of this City who have any authority in this matter.

AUGUST W. PFLUGER,

President, New York Retail Grocers' Union.

Secretary, New York Retail Grocers' Union.

Resolutions adopted at a regular meeting of the South Bronx Property Owners' Association, held on August 10, 1904.

Whereas, The New York and Portchester Railroad has made application to the Board of Aldermen of The City of New York for the right to cross certain streets in the Borough of The Bronx; and

Whereas, The building and operation of such a railroad is absolutely necessary to the proper development of the southern and eastern sections of said borough, and to enable the population of Manhattan to reach the large public parks in The Bronx; and

Whereas, The applicants for this right and privilege of crossing Bronx streets have satisfied in behalf of said railroad the authorities of the various towns lying north of said borough, and also the New York Supreme Court, County of Westchester, of their good faith and financial ability to construct said railroad; and

Whereas, The Railroad Committee of the Board of Aldermen has reported adversely on the application of said railroad for the right and privilege aforesaid on the ground that the said railroad has not been able to satisfy the said Railroad Committee of its financial ability to construct said road; now therefore be it

Resolved, by the South Bronx Property Owners' Association in regular meeting assembled, That the Board of Aldermen be respectfully requested to disregard the report of its Railroad Committee, and to grant without delay the application of the New York and Portchester Railroad for permission to cross Bronx streets.

I also inclose you copy of the report of the Supreme Court Commission appointed to examine and report upon the financial standing, etc., of the New York and Port Chester Railroad Company. This report is already part of your records.

Dear Sir—You are at liberty to state that the house of Chas. D. Very truly,

No. 945.

The Merchants' Association of New York, }
 No. 346 Broadway, New York, August 29, 1904. }

Hon. Charles V. Fornes, President, and the Members of the Board of Aldermen of The City of New York:

Gentlemen—The Committee on Franchises and Transportation of the Merchants' Association of New York is informed that, on Tuesday, August 30, the application of the New York and Port Chester Railroad Company to cross the streets and highways in the Borough of The Bronx will come up for final action before your Honorable Body.

This Committee wishes to again bring to your attention the reasons, numerous and of great force, why this much-needed public improvement should be provided. These reasons have been set forth so frequently that it is unnecessary to again state them at length. It is sufficient to say that the transportation facilities in question are urgently needed, that no provision has been made for proper transportation facilities in the Borough of The Bronx, that the value of very large tracts of property in that Borough is depressed by reason of this lack of transportation facilities, that their provision would cause the development of this property now idle, enormously increase its market value and thereby add a very large amount to the revenues derived by the City from taxes; that failure to develop this section of the City will result in causing a numerous body of the present population to locate in the State of New Jersey, whereby both the City and State of New York will lose the taxes now paid.

No reason of any kind has ever been advanced in opposition to the granting of this franchise, except the assumed possible irresponsibility of its promoters. Your Railroad Committee have professed to have doubts upon this subject and have based their reason for inaction upon those doubts. Upon this point we beg again to call attention to the statement, made by the counsel of the New York and Port Chester Railroad Company at a hearing before the Railroad Committee, to the effect that the building of the road will be financed by Messrs. Charles D. Barney & Co., of Philadelphia and New York, bankers of the highest standing; that it would be built by John B. McDonald, the contractor for the Subway, and that a bond of \$100,000 would be provided to insure immediate construction of the road. For your information we quote as follows from a letter from Messrs. Charles D. Barney & Co., under date of June 25:

"Dear Sir—You are at liberty to state that the house of Charles D. Barney & Co., of No. 25 Broad street, New York, and No. 122 South Fourth street, Philadelphia, are the fiscal agents of the New York and Port Chester Railroad Company, and that representing those associated with us and ourselves we will provide the necessary funds for the construction and placing in operation of the New York and Port Chester Railroad, when the remaining legal requisites are fully consummated, the principal one of which is the granting by the Board of Aldermen of New York City of the assent of that Board for the crossing of the streets in The Bronx.

"Very truly,

(Signed) "CHARLES D. BARNEY & CO."

This Committee begs to urge upon your Honorable Body that any alleged objections to the granting of the franchise asked for by the New York and Port Chester Railroad upon the ground of financial irresponsibility is disposed of by the proffer of Messrs. Charles D. Barney & Co. and their unquestioned ability to make good their undertakings.

In this connection we wish to bring to your notice the abuses which the New York, New Haven and Hartford Railroad Company have recently inflicted upon the people of the territory to be relieved by the New York and Port Chester Railroad. The curtailment by the first-mentioned road of its train service and its disregard of public comfort by burning soft coal in its engines are known to you. Abuses of this kind can only be cured by competition. It is because of that necessity we so strongly urge upon you that you permit the New York and Port Chester Railroad to enter into this territory.

The Charter of this City has given the Board of Aldermen jurisdiction over certain subjects nearly affecting the welfare and prosperity of its citizens. The Legislature, however, has reserved to itself the right to limit those powers and to act independently in matters affecting this City when it shall seemingly become necessary for it so to act.

It is now clearly before your Honorable Body to decide whether or not you will properly aid and facilitate the transportation of the people between the congested centres of this City and those outlying districts now inaccessible but urgently needed for residential purposes.

No sound objection exists to the granting of the franchise asked for. If the application is not granted you yourselves will be responsible for the results which may follow. We therefore pray that your Honorable Board will promptly grant the application of the New York and Port Chester Railroad Company, so urgently demanded by public sentiment, surrounding the grant of such franchise with every safeguard necessary to protect the public interests.

Yours very respectfully,

COMMITTEE ON FRANCHISES AND TRANSPORTATION,
 THE MERCHANTS' ASSOCIATION OF NEW YORK.

Property Owners' Association of the Twenty-third Ward,

 New York, August 29, 1904.

The Honorable President of the Board of Aldermen for The City of New York:

Dear Sir—It having been reported, and by good authority, that the socalled New York, Westchester and Boston Railway Company was organized with the aid and co-operation of that foreign corporation known as the New York, New Haven and Hartford Railroad for the purpose of aiding in defeating the application of the New York and Port Chester Railway Company for certain privileges in The Bronx and thus defeating the wishes and just demands of the people of The Bronx and preventing the people enjoying such proper railroad facilities as they are entitled to, this association of taxpayers, through its Executive Committee, respectfully requests that you, as the presiding officer of the Board of Aldermen, make known to said Board the wishes and desires of the people of The Bronx as herein expressed, and urge upon that body the necessity of favorable action being taken at its next meeting on the application of said New York and Port Chester Railway Company for permission to cross certain streets in The Bronx. The people are suffering for want of proper railway facilities, building enterprises are for the same reason nearly to a stand still, the northerly and easterly sections of the borough lie undeveloped, and as it will be many years before either the N. Y. N. H. & H. Railway Company or the New York, Westchester and Boston Railway Company will perform any of the promises made to the Honorable Board of Aldermen or the people, and as the New York and Port Chester Company is ready and anxious to commence work at once, the importance of granting the application of that company is apparent to all fair minded and impartial men.

Respectfully yours,

THE EXECUTIVE COMMITTEE,

SUPREME COURT,
 Westchester County.

In the Matter

of

The Application of the New York and Port Chester Railroad Company to cross certain highways, etc.

To the Honorable MARTIN J. KEOUGH, Justice of the Supreme Court, etc.:

We the undersigned, duly appointed by your Honor herein to report upon the good faith of the applicant and its financial ability to build its proposed railroad, do hereby report as follows:

At a hearing held before us in The City of New York on the 4th day of March, 1903, the officers of the New York and Port Chester Railroad Company and others appeared and produced evidence of reputable and responsible parties as to the good

faith of the applicant and its financial ability and resources to construct its proposed railroad and put the same in operation. And after such hearing we are satisfied that the New York and Port Chester Railroad Company intends, in good faith, to build its proposed railroad and put the same in operation, and that it has the financial ability and resources with which to do it, and that the franchises applied for are not sought for speculative purposes, but solely for the purpose and with the intent to construct and operate its proposed railroad.

 DALLAS R. PRATT.

No. 948.

To the Honorable Board of Aldermen of The City of New York:

Sirs—At the last meeting of the West Side Taxpayers' Association, held August 19, 1904, it was duly resolved as follows:

Whereas, The street vending and push cart business has become an intolerable nuisance, a hindrance to traffic and a menace to health in certain districts of The City of New York; and under the present system of licensing and supervising street vendors and push cart peddlers it seems impossible to properly control and restrict same; be it

Resolved, That the Board of Aldermen of The City of New York be hereby petitioned to rescind all existing ordinances pertaining to the licensing of street vendors and push cart peddlers, and in the stead of such existing ordinances, enact new ordinance restricting all licensed street vendors and push cart peddlers to certain fixed localities, expressly named and defined by said ordinance.

Respectfully submitted by the West Side Taxpayers' Association,

H. L. W. JORGENSEN, President.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Brooklyn:

No. 949.

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 30th day of June, 1904, deeming it for the public interest so to do, hereby recommends to the Board of Aldermen a change in the width of the roadway of Eleventh avenue, between Seventy-ninth and Eighty-sixth streets, in the Borough of Brooklyn, from forty-four feet to forty feet.

Resolved, That this resolution be forwarded to the Board of Aldermen for its approval.

Adopted by the Local Board of the Bay Ridge District on the 30th day of June, 1904. Commissioner Brackenridge and Aldermen Malone and Lundy voting in favor thereof.

Attest:

Denis A. Judge, Secretary.

Approved this 19th day of July, 1904.

MARTIN W. LITTLETON,
 President, Borough of Brooklyn.

June 16, 1904.

J. C. BRACKENRIDGE, Esq., Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—About a week ago I reported on a petition for narrowing the roadway of Eleventh avenue, between Seventy-ninth and Eighty-sixth streets, from a width of 44 feet to a width of 40 feet. In my report I stated that I did not deem it advisable to grant the prayer of the petitioners to make the width 40 feet, and recommended 42 feet.

I have since learned that a roadway of 42 feet will destroy a number of valuable trees, and I would, therefore, recommend that the prayer of the petitioners be granted, and the width of the roadway be made 40 feet, between Seventy-ninth and Eighty-sixth streets, and would further recommend that the Board of Aldermen be requested to pass an ordinance to make it that width.

Respectfully,

GEO. W. TILLSON, Chief Engineer.

June 9, 1904.

Hon. J. C. BRACKENRIDGE, Commissioner of Public Works:

Dear Sir—I return you herewith petition to change the width of the roadway of Eleventh avenue, between Seventy-ninth and Eighty-sixth streets, from 44 feet, the present width, to a width of 40 feet.

In reply to this I would say that the regulation width of the roadway of an 82 feet street is 42 feet, and I think this is what the petition means, and I would therefore recommend that the prayer of the petitioners be granted, except that the width be made 42 feet instead of 40 feet, and I would recommend that the proper ordinance be introduced into the Board of Aldermen to make this change.

As this street is now under contract and about to be curbed, action should be taken before the Board of Aldermen, and with your sanction, I will have the curb set for a roadway of 42 feet.

Respectfully,

GEO. W. TILLSON, Chief Engineer.

Petition for Changing the Width of Roadway of Eleventh Avenue.

New York, June 6, 1904.

To Hon. MARTIN W. LITTLETON, President of the Borough of Brooklyn:

The subscribers whose names are written underneath respectfully petition you and the Local Board of Bay Ridge District for a certain local improvement, to wit: To make the roadway of Eleventh (11th) avenue (40) feet wide, between Seventy-ninth street and Eighty-sixth street, and they hereby request that you appoint a time for a meeting of the said Local Board, and that you submit this petition to the said Board and do all such other acts as may be required of you by law in order that the local improvement above described may be initiated and obtained or constructed.

To the Honorable the Board of Aldermen:

Gentlemen—I am in receipt of a communication dated May 19, 1904, and signed by P. J. Scully, City Clerk, requesting my advice as to whether your Honorable Board may properly elect City Surveyors collectively instead of passing upon each name individually, as heretofore, under the provisions of section 259 of Article XV of the Revised Ordinances of the City.

It is my opinion that the names of proposed City Surveyors may properly be passed upon collectively, as suggested by you, under the provisions of said City ordinance.

Respectfully yours,

THEODORE CONNOLY, Acting Corporation Counsel.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Corporation Counsel:

No. 954.
Law Department, Office of the Corporation Counsel, }
New York, August 16, 1904. }

P. J. SCULLY, Esq., City Clerk:

Sir—I am in receipt of a communication inclosing a copy of a proposed ordinance by the Board of Aldermen providing as follows:

"Any one offending any ordinance of the City, now in force or hereafter adopted, unless a contrary purpose is therein expressed, shall be guilty of a misdemeanor, and upon conviction thereof by a City Magistrate may be fined not less than one dollar nor more than ten dollars, and in default of payment thereof may be committed to the City Prison, each day of imprisonment to be taken as a liquidation of one dollar of the fine. The imprisonment shall not, however, in any case exceed five days";

—and my opinion is requested as to the power of the Board "to define by ordinance what is or what is not a misdemeanor and to fix the penalty for the same."

It is my opinion that, under the provisions of section 44 of the Greater New York Charter, vesting in the Board of Aldermen general powers to pass City ordinances and authorizing said Board to "provide for the enforcement of the same by such fines, penalties, forfeitures and imprisonment as may by ordinance or by law be prescribed," the Board of Aldermen have full power to enact the above proposed ordinance.

Although the Board has no power to "define by ordinance what is or what is not a misdemeanor," since that is already defined by statute in the Penal Code, as I read its terms, this is not attempted to be done in the present proposed ordinance, but only to make all infractions of the municipal ordinances punishable as misdemeanors.

Respectfully yours,
JOHN J. DELANY, Corporation Counsel.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Department of Public Charities transmitting an ordinance.

No. 955.
Department of Public Charities of The City of New York, }
Foot of East Twenty-sixth Street, August 30, 1904. }

To the Honorable the Board of Aldermen:

Gentlemen—The Board of Estimate and Apportionment on July 22, 1904, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Commissioner of the Department of Public Charities in the matter of the selection of the following described lands and premises for a Municipal Lodging House, in the Borough of Manhattan:

"Beginning at a point in the southerly side of East Twenty-fifth street four hundred (400) feet east of First avenue; running thence southerly and parallel with First avenue ninety-eight (98) feet nine (9) inches; running thence easterly and parallel with East Twenty-fifth street one hundred (100) feet; thence northerly and again parallel with First avenue ninety-eight (98) feet nine (9) inches; thence westerly along the easterly line of East Twenty-fifth street one hundred (100) feet to the point or place of beginning.

"Assessed valuation of the above described—with other property—as shown by the books of record on file in the Department of Taxes and Assessments, is \$30,000, and the Corporation Counsel be and he is hereby authorized to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the above described property.

"Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described property at private sale, subject to the approval of this Board."

A copy of this resolution was sent to the Corporation Counsel under date of August 18, and under date of August 29 he advises the Commissioner that it will be necessary before commencing condemnation proceedings to have an ordinance passed by the Board of Aldermen approving the action of the Board of Estimate and Apportionment in selecting these premises and authorizing the Corporation Counsel to commence condemnation proceedings, and incloses a form of such ordinance with the request that we have it presented to the Board of Aldermen as soon as possible. I inclose the form as prepared by the Corporation Counsel herewith and respectfully request that it be passed as soon as possible.

Very respectfully,
JAMES N. TULLY, Commissioner.

AN ORDINANCE for the acquisition of property on the southerly side of East Twenty-fifth street, Borough of Manhattan, as a site for a municipal lodging house.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That, in pursuance of section 47 of the Greater New York Charter, the Board of Aldermen approves of the selection by the Commissioner of Public Charities and by the Board of Estimate and Apportionment of the lands hereinafter described, as a site for a municipal lodging house, and hereby authorizes the Corporation Counsel to acquire title thereto by condemnation proceedings. The lands so to be acquired are situated in the Borough of Manhattan and are bounded and described as follows:

"Beginning at a point on the southerly side of East Twenty-fifth street four hundred (400) feet east of First avenue; running thence southerly and parallel with First avenue ninety-eight (98) feet, nine (9) inches; running thence easterly and parallel with East Twenty-fifth street one hundred (100) feet; thence northerly and again parallel with First avenue ninety-eight (98) feet nine (9) inches; thence westerly along the easterly line of East Twenty-fifth street one hundred (100) feet to the point or place of beginning."

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following Departmental Estimates:

Nos. 956 to 956NNNN.
Police Department of The City of New York, }
No. 300 Mulberry Street, New York, August 18, 1904. }

To the Honorable the Board of Aldermen:

Gentlemen—The following proceedings were this day directed by Acting Police Commissioner McAvoy:

"Ordered, That the departmental estimate of the Police Department of the amount of expenditures required for said Department for the year 1905 be and is hereby approved, and that in pursuance of resolution of the Board of Estimate and Apportionment, adopted June 24, 1904, and circular letter of the Comptroller, dated July 14, 1904,

one copy be forwarded to the Mayor, as Chairman of the Board of Estimate and Apportionment, one copy to the Comptroller and one copy to the Board of Aldermen."

Very respectfully,

WM. H. KIPP, Chief Clerk.

Police Department of The City of New York,
No. 300 Mulberry Street,
New York, August 15, 1904. }

To the Honorable the Board of Aldermen:

Gentlemen—By direction of the Acting Police Commissioner, and in compliance with instructions in circular letter of the Comptroller, dated July 14, 1904, I have the honor to forward with the estimate of the Police Department for the year 1905 the following statement, giving the reasons for increase in the amounts as compared with the appropriation made for the year 1904 by the Board of Estimate and Apportionment on October 31, 1903, in the Budget for 1904:

"Police Fund—Salaries of Police Commissioner, etc."

The number of Captains, Sergeants, Roundsmen and Doormen asked for are required for the purposes stated in schedule annexed marked "A."

Salaries of Patrolmen—

For 4,792 Patrolmen for twelve months at \$1,400..... \$6,708,800 00

The following is the schedule of the aggregate number of months for which it will be necessary to pay Patrolmen in each of the respective grades during the year:

For 998 months, at the rate of \$1,400, or \$16.67 per month.....	\$116,436 66
For 543 months, at the rate of 1,350, or 112.50 per month.....	61,087 50
For 995 months, at the rate of 1,250, or 104.17 per month.....	103,649 15
For 5,279 months, at the rate of 1,150, or 95.83 per month.....	505,886 57
For 7,471 months, at the rate of 1,000, or 83.33 per month.....	622,558 43
For 6,740 months, at the rate of 900, or 75.00 per month.....	505,500 00
For 1,602 months, at the rate of 800, or 66.67 per month.....	106,805 34

Total amount required for Patrolmen..... \$8,730,723 65

"Police Fund—Salaries of Clerical Force and Employees."

The proposed increase for 1905 over the amount paid for the year 1904, as per payrolls for the month of July, 1904, is made up of the following items:

For increase of salary of Auditor from \$2,500 to \$3,000..... \$500 00

For increase of salary of Stenographer and Typewriter from \$720 to \$1,200..... 480 00

The foregoing increases have been authorized by the Board of Estimate and Apportionment and by the Board of Aldermen.

For a Private Secretary to the First Deputy Commissioner..... 2,100 00

For an additional Assistant Engineer on the "Patrol"..... 1,320 00

For six additional Hostlers who are required on account of the increase in the number of horses kept by the Department and the insufficiency of these employees at this time..... 5,475 00

For six Engineers on the new launches for which bids have been received..... 5,400 00

For an additional Painter..... 1,252 00

Total..... \$16,527 00

"Supplies for Police."

A detailed statement is furnished for this account in schedule annexed marked "B," showing the value of contracts which have been executed for this year, the amounts which have been expended (exclusive of contracts) up to July 1, 1904, and the estimated amounts required for the various items for the balance of the year.

An increase of 500 tons of coal is asked for the year 1905.

The difference between the amount required for "Street Patrol Telephones" of \$6,778.72 for 1904 and \$25,000 for 1905 is necessary for the reason that the contract rental price, per annum, when the system is completed in the Borough of Manhattan, will be \$20,850. This amount has not been required this year because the system is being gradually installed, but will be completed before January 1, 1905. The additional \$4,150 is asked for the extension of the system in the Borough of The Bronx.

The increase in the items under the subdivision of "Patrol Wagon and Mounted Police Service" is required on account of the increase in the number of horses to be cared for.

Under the subdivision of "Steamboat Expenses and Supplies," an increase of \$6,500 is required for the maintenance of three new launches, for which bids have been received, and an additional \$6,500 for running three more launches which are to be built during the year 1905.

During the year 1905 the amount of \$21,000 will be required to furnish seven new station houses which are in course of construction.

"Police Station Houses—Alterations, Repairs, Etc."

The amount required for this account during the year 1904 is as follows:

Value of contracts executed..... \$8,680 00

Required for painting station houses, plumbing installations and improving heating plants, for which specifications are now being prepared..... 105,000 00

Expenditure to July 1, 1904, exclusive of contracts..... 13,820 00

Estimated amount required for ordinary alterations and repairs from July 1, 1904, to January 1, 1905..... 15,000 00

\$142,500 00

It is expected that it will be necessary to request an issue of Revenue Bond Funds to make up the deficiency in this account if the above expenditure is incurred and there be no account from which an unexpended balance may be transferred to this one.

It is estimated that practically the same amount of expenditure will be required during the year 1905.

"Contingent Expenses."

The amount of \$50,000 is asked for because it is necessary for the proper performance of Police business. The amount expended to July 1, 1904, for which bills have been received, amounts to about \$20,000, and it is estimated that \$30,000 more will be required for the same purpose for the balance of the year.

"Extra Telegraph and Telephone Supplies."

An explanation of this account is contained in schedule annexed, marked "C." The value of contracts executed is \$53,983.99, and it is estimated that the balance of the appropriation will be expended during the remainder of the year.

"Police Pension Fund."

This appropriation is asked for in pursuance of subdivision 12 of section 353 of the Revised Charter, and an explanation relative to the amount required is contained in schedule annexed marked "D."

It is now estimated that there will be no unexpended balances of appropriations made to this Department for the year 1904. Should a surplus exist in one account, it will be necessary to request a transfer from that account to another where a deficiency will exist.

Very respectfully,

WM. H. KIPP, Chief Clerk.

SCHEDULE "C."

Police Department of The City of New York,
No. 300 Mulberry Street,
New York, August 15, 1904.

Hon. WILLIAM McADOO, Police Commissioner:

Sir—In the Department estimate for 1905 I respectfully recommend that an appropriation of \$40,000 be asked for placing wires underground in the Borough of Brooklyn; also \$30,000 for the same purpose in the boroughs of Manhattan, The Bronx and Richmond. I also recommend that the sum of \$36,000 be asked in order to extend the signal system to important precincts in Brooklyn.

Last year the Board of Estimate granted \$36,000 to begin the work of placing

wires underground in Brooklyn. The work is now in progress and it is important that money be provided to continue. This amount will complete the work of placing underground all the trunk lines between Headquarters and the police stations, police courts, hospitals and City departments, and will also enable us during the year to commence placing the police patrol signal lines in the subway.

The \$30,000 is required to renew, repair and extend underground cables in the boroughs of Manhattan and The Bronx; also to enable the Department to place its wires underground in the more thickly inhabited sections of the boroughs of Queens and Richmond. This is necessary in order to co-operate with the Department of Water Supply, Gas and Electricity in the removal of poles from the streets.

The sum of \$36,000 is required in order to extend the signal system to the fol-

lowing precincts: Forty-third, Forty-seventh, Fifty-third, Fifty-seventh, Sixty-second and Sixty-fifth Precincts, Borough of Brooklyn. The officers on patrol in these precincts are without any means of communication. The precincts have increased greatly in population, and many applications have been received during the past year to have signal service installed. It is important that they be supplied with the same as soon as possible.

Very respectfully,
(Signed) M. R. BRENNAN, Superintendent of Telegraph.

Chambers of the Surrogates' Court,
County of New York,
New York, August 12, 1904.

To the Honorable the Board of Estimate and Apportionment:

An estimate of the amount of the appropriation necessary for the maintenance of the Surrogates' Court and office and the transaction of the business thereof during the year 1905 is herewith submitted.

The same amount appropriated for the present year for the Clerks employed, pursuant to chapter 57 of the Laws of 1883, as amended by chapter 467 of the Laws of 1890, in the preservation of the public records, will be required for the year 1905. Eight Clerks are so employed, at a salary of \$1,200 per annum each, and a Superintendent and Examiner at \$1,500 per annum. These Clerks the Surrogates were authorized by chapter 704 of the Laws of 1904, amending said chapter 57 of the Laws of 1883, to employ in preparing, making and copying indexes of the office records, in addition to the work necessary for the preservation of the public records. Ten libers in addition to those on hand, at a cost of \$30 each, 25,000 cards for preparing directory indexes, at a cost of \$50, and \$100 for stationery will be required next year for the prosecution of the work provided for by the laws mentioned.

The necessity for the work for the preservation of the public records has been duly certified, in accordance with those laws. Certain of the certificates are referred to in our communication of August 5, 1902, and of August 15, 1903, submitting the estimates for those years, and six others were transmitted to the Board of Estimate and Apportionment February 18, April 20, May 16, June 8, July 7 and July 19, 1904, respectively.

We ask for an appropriation for salaries for next year of an amount which is \$4,300 in excess of that which was allowed for the same purpose for the current year. It is proposed to use this appropriation to increase the salaries of the Clerks hereinafter mentioned.

Edward W. Bonyng, whose salary we desire to increase from \$4,500 to \$5,000 per annum, is the Deputy Chief Clerk, and has served in the office since January 1, 1882, and in the position which he now fills about twenty-two years. He takes the place of the Chief Clerk in the absence of the latter from the office, and performs duties requiring a high degree of legal skill and knowledge. He is a trained lawyer, and a most competent, faithful and hardworking public officer.

John A. O'Brien and Harold E. Lippincott, whose annual salaries we propose to increase from \$3,000 to \$4,000, are law assistants of the Surrogates. They are both members of the Bar, which the duties of their position require them to be, and each has had a special training in and wide and exact knowledge of the law and procedure relating to probate matters and decedents' estates. There are three Law Assistants in the office, and the increase of salaries sought for Mr. O'Brien and Mr. Lippincott are well deserved, and will equalize their salaries with that of the other Law Assistants, who receive \$4,000 a year. Considering the character of the services rendered by the Law Assistants and the special skill and training necessary for the proper discharge of their duties, an annual salary of \$4,000 for each of them is not, in fact, adequate remuneration for their services.

The salary of John H. Nagle, the Deputy Clerk of the Court, we propose to increase from \$2,000 to \$2,400 per annum. He has been a Clerk in the office since March 22, 1896, and has held his present position since March 16, 1899. Mr. Nagle assists the Clerk of the Court in discharging his many important duties, and in the absence of the latter acts in his stead, exercising all his official powers and functions. He is a very faithful, industrious and competent Clerk, and the increased salary we wish to pay him is not a sufficient return for the services he renders.

The salary of William H. Down, "Entry Clerk," we propose to increase from \$1,800 to \$2,000 per annum. The character of the duties of his position is set forth in detail in our communication of August 15, 1903, accompanying the estimates submitted for the present year, and the very efficient, faithful and most industrious manner in which he performs his duties entitles him to the increase of salary asked in his behalf.

It is proposed to increase the salary of Benjamin B. Dall, "Superintendent of Recording Clerks," from \$1,800 to \$2,000. Mr. Dall was appointed to the position of Superintendent of Recording Clerks in February, 1888, at a salary of \$1,800 a year, and has ever since continued in that position, discharging the duties thereof with great industry, ability and intelligence.

The respective salaries of John T. Mooney, "Guardian Clerk," and Thomas F. McDavitt, "Guardian Accounting Clerk," we propose to increase from \$1,700 to \$1,800. The duties attached to the respective positions which they fill are described

in the communication to the Board of Estimate and Apportionment of August 15, 1903.

It is proposed to increase the salary of Thomas M. Marsac from \$1,500 to \$1,800. He holds the position of Clerk of Records, to which he was appointed February 15, 1882. He has charge of all the records of the court and office, and has three Clerks under him. He is an extremely industrious and capable Clerk, not limiting his daily attendance to the ordinary office hours, but working long after the closing of the office, and not infrequently on holidays.

It is proposed to increase the salary of Harry J. Sneudair, "Correspondence Searcher," from \$1,400 to \$1,500 per year. His work is special in character, and is performed by him with great intelligence and assiduity.

Bertha W. Howe, "Surrogate's Stenographer," whose salary we desire to increase from \$1,400 to \$1,500 a year, in addition to doing the typewriting and stenographic work for the Surrogates, their Law Assistants and the Chief Clerk, prepares most, if not nearly all of the letters sent in reply to communications received seeking information in regard to estates and other matters. She also does a great deal of detail work for the Chief Clerk and the Law Assistants. She seldom leaves the office or stops her work until long after the close of the business day. She and Mrs. Louise S. Bonyng, herein-after referred to, merit a much larger compensation than the increased salary we desire to give them.

The salary of Louise S. Bonyng, who is in charge of the Copying Department, we propose to increase from \$1,200 to \$1,500 a year. She has been employed in the office since June, 1884, and in her present position since September 28, 1899. She is the most hard working employee in the office, voluntarily and without extra remuneration almost constantly working after office hours at the office, and very frequently doing office work at her home. Apart from the immediate supervision of the Copying Clerks, and the large share she herself performs of the work they are engaged in, she does a great variety of other work, most of which requires extreme carefulness and more than ordinary intelligence.

For "Supplies and Contingencies," \$2,550 are required for next year. The same amount for the same purpose was allowed for the current year. Of this amount, \$1,350 are required for office contingencies, and \$1,200 for the purpose of procuring the supplies, which previously to January 1, 1902, were furnished by the Board of Public Buildings, Lighting and Supplies. Schedule "A," hereto annexed, indicates the character of such supplies.

One thousand dollars are needed for the payment of the Sheriff for services in serving citations and orders in proceedings commenced by the Surrogates to compel accountings of delinquent guardians, executors and others. This is the same amount that was appropriated for the same purpose for this year.

The total appropriation required is \$175,900, and is \$4,350 in excess of that made for the current year.

The salaries of the Surrogates are fixed by chapter 290 of the Laws of 1889, and chapter 642 of the Laws of 1892. The salary of the Stenographer receiving \$3,000 per annum is fixed pursuant to section 2512 of the Code of Civil Procedure, and section 1193 of chapter 410 of the Laws of 1882, and the salaries of the Record Bond Clerks pursuant to section 237, chapter 686 of the Laws of 1892, being chapter 18 of the General Laws. The salaries of the other clerks and employees, except those engaged in the preservation of the Public Records and in preparing, making and copying indexes of the office records, are designated and fixed pursuant to chapter 530 of the Laws of 1884, and chapter 642 of the Laws of 1892. The compensation of the last mentioned clerks is provided for by chapter 57 of the Laws of 1883, as amended by chapter 467 of the Laws of 1890, and chapter 704 of the Laws of 1904, above referred to.

It is impossible at the present time to state the amount which may probably remain unexpended at the end of the year 1904 of any of the appropriations made for that year.

Respectfully submitted,
(Signed) FRANK T. FITZGERALD,
(Signed) ABNER C. THOMAS,

Dated New York, August 12, 1904.

The City of New York—Department of Parks,
Office of Commissioner for the Borough of The Bronx,
Zbrowski Mansion, Claremont Park,
New York, August 5, 1904.

Hon. CHARLES V. FORNES, President, Board of Aldermen, New York City:
Sir—I beg to acknowledge the receipt of a copy of the preamble and resolutions adopted by the Honorable the Board of Aldermen in the matter of granting a franchise to carry passengers within the boundaries of the parks in the Borough of The Bronx.

For the last forty years, in that part of the old City of New York now known as the Borough of Manhattan, and almost for the same length of time in the old City of Brooklyn, there has never been any question as to the authority of the Department of Parks to grant a privilege to carry passengers through the parks of the several boroughs.

It has been a serious problem during the past six months to arrange a system of transportation to and through the great parks that would afford all our people an opportunity to reach all the parks at a comparatively small expense. It was a problem of the "greatest good to the greatest number," and if the decision is to come between a few of our citizens who are common carriers and the enjoyment and welfare of tens of thousands of families I do not fear the result of any criticism that may be made.

There is no question in my mind that the business of "a large number of law abiding citizens" who are earning an honest living as cabmen operating public conveyances will not be interfered with by any privilege which I have granted by the authority vested in me as Commissioner of Parks for the Borough of The Bronx.

The privilege in question calls for charges so low as to make the parks, as they should be, accessible to the people who will be benefited most by their use, and will render the great park system of The Bronx for the first time as easy and cheap of access to our citizens as are the parks in Manhattan and Brooklyn. The privilege is based on the general lines of the subsisting one in Manhattan for Central Park.

Respectfully yours,

WILLIAM P. SCHMITT,
Commissioner of Parks, Borough of The Bronx.

Sheriff's Office—Richmond County,
Richmond, N. Y., August 19, 1904.

Complying with the circular letter of the Comptroller, dated July 14, 1904, I respectfully submit the following estimate for the year 1905 for this office and the County Jail under the Sheriff's charge, to wit:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Gentlemen—I, Benedetto Martella, hereby respectfully request that the sum of \$1,500 be appropriated by your Honorable Body for the payment of my salary as one of the General Interpreters of the Italian language for the several local inferior Courts of Civil and Criminal Jurisdiction in the Borough of Brooklyn, Second Division, City of New York, for the year 1905. The amount heretofore appropriated for the purpose was \$1,200 a year. An increase of \$300 is asked for on the ground that four of the ten General Interpreters appointed for this borough and now performing their duties, each receive, and have for the past nine or ten years received, \$1,500 a year. Considering the fact that the duties performed by those receiving \$1,200 a year are not less onerous than those performed by the four who receive \$1,500 a year, an equalization of the salaries of all the General Interpreters in this borough is regarded as only fair and just.

Yours very truly,
BENEDETTO MARTELLA.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—In accordance with a request from the Comptroller, under date of July 14, 1904, I would say that the salaries paid all officers, clerks and subordinates employed, according to the pay-roll of the Department of the County Court and Surrogate's Court of Richmond County, for the month of July, 1904, were as follows:

Stephen D. Stephens, County Judge and Surrogate, at the rate of \$5,000 per annum.
Thomas Kenny, Jr., Court Stenographer and Secretary to the Surrogate, at the rate of \$2,000 per annum.

William Finley, Clerk of the Surrogate's Court, at the rate of \$2,400 per annum.
Thomas F. Curley, Confidential Clerk, at the rate of \$1,500 per annum.
Joseph E. Mullins, Clerk in the Surrogate's office, at the rate of \$1,300 per annum.
John Rooney, Court Crier and Attendant, at the rate of \$1,200 per annum.

For contingencies I was allowed \$500 for the year 1904.

I would respectfully ask an appropriation by your Honorable Board to pay the expenses of conducting the public business of the County Court and Surrogate's Court of the County of Richmond, for the ensuing year of 1905, as follows:

Salaries.

Stephen D. Stephens, County Judge and Surrogate, fixed by section 222 of the County Law.....	\$5,000 00
William Finley, Clerk of the Surrogate's Court.....	3,000 00
Thomas Kenny, Jr., Stenographer and Secretary.....	2,300 00
Thomas F. Curley, Confidential Clerk.....	1,500 00
Joseph E. Mullins, Clerk in the Surrogate's Office.....	1,400 00
John Rooney, Court Crier and Attendant.....	1,200 00
For Contingencies.....	500 00

The reasons I ask for the above increase in salaries are as follows:

In the case of William Finley, the Clerk of the Surrogate's Court, not only are his duties laborious and confining, but his position is a very responsible one, and the work and the responsibility of the same are continually increasing with the growing population of our County. In addition to all his other duties, he is required to act as Transfer Tax Clerk, a duty which in itself requires considerable time and labor, for which he receives no compensation whatever. He has been with me through my twenty-three years of service as County Judge and Surrogate and I know what the value of his services are. The amount asked for is not only just and fair, but is much below that paid to others for similar services.

The other increases asked for are not really increases over last year, for the reason that the Board of Estimate and Apportionment appropriated for my Department sufficient to cover the same, but never fixed the salaries. They are as follows: Thomas Kenny, Jr., Court Stenographer and Secretary to the Surrogate, who now receives \$2,000 to receive \$2,300, and Joseph E. Mullins, Clerk in the Surrogate's Office, who now receives \$1,300, to receive \$1,400. These amounts are not only fair and reasonable for the work performed by them, but are within the limit of their classification under the State Civil Service Law.

There will remain a small unexpended balance of the appropriation for contingencies for my Department for 1904 at the end of the year, but I am unable to state the probable amount.

Respectfully submitted,

STEPHEN D. STEPHENS,
County Judge and Surrogate of Richmond County.

Dated August 24, 1904.

Allowed by the Appellate Division under section 1, chapter 602, Laws of 1901, for the year 1905	3,762 50
Increase	\$286 25

For the year 1904 the Board of Estimate and Apportionment included in the tax levy for the Commissioner of Juror's office only \$5,000 for the Commissioner's salary, whereas the same, pursuant to chapter 602, Laws of 1901, had been fixed by the Appellate Division at \$6,000. They also included in said levy for "Salaries of Employees" only the sum of \$29,800, whereas the sum required for such salaries, as fixed by the Appellate Division by authority of the same statute, was \$33,550. They also included in said levy only the sum of \$2,300 for "Supplies and Contingencies," whereas the sum fixed therefor by the Appellate Division, by authority of the same statute, was \$3,476.25.

This caused much trouble, and will require that the difference between the sums included in the tax levy and the amounts allowed by the Appellate Division will have to be raised in the latter part of this year, to make up the deficiency.

In January of this year the salaries of my two Assistant Commissioners and my Secretary were held up for about ten weeks. The matter was during such time sub-

mitted to the Corporation Counsel for his opinion, and he in turn submitted it to the Appellate Division, and thereupon advised the Comptroller that the action of the Appellate Division in fixing such salaries was lawful and binding upon the Comptroller, whereupon such salaries were paid as fixed by the Appellate Division and have since then continued to be so paid.

Most Esteemed Gentlemen—Before complying with the request of the Board of Estimate and Apportionment for the estimate of our hospital for 1905, we beg to offer you our sincere thanks for the apportionment you so kindly granted to us, for which generosity may abundant blessings be bestowed upon you all.

St. Joseph's Hospital receives, cares for and treats such patients as are sent to it or accepted in pursuance of the rules established by the Commissioner of Charity.

The City pays the hospital 80 cents per day for medical patients so sent and received.

Departmental Estimate, Brooklyn Hebrew Orphan Asylum (Section 230, Paragraph 24).
Estimated number of children for year 1905: 325 children at \$104. \$33,800 00

Sloane Maternity Hospital,
Fifty-ninth Street and Amsterdam Avenue, }
New York, August 15, 1904.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—We respectfully apply for an appropriation of twelve thousand dollars (\$12,000) for the care and support of the women and their babes in the Sloane Maternity Hospital, for the year 1905, based upon the facts as set forth in accompanying letter. Such allowance is in accordance with section 230 of Greater New York Charter, and to be subject, of course, to the rules and regulations as shall be prescribed by the Department of Charities—also subject to the inspection of the State Board of Charities.

Very respectfully,
SLOANE MATERNITY HOSPITAL,
By Wm. D. Sloane, Treasurer.

Sloane Maternity Hospital,
Fifty-ninth Street and Amsterdam Avenue, }
New York, August 15, 1904.

To the Board of Estimate and Apportionment of The City of New York:
Gentlemen—In conformity with the request contained in the circular letter of the Comptroller, dated July 14, 1904, the Sloane Maternity Hospital respectfully submits herewith its estimate of the amount it should be pleased to receive from the City for the year 1905.

As the Legislature has provided that your Honorable Board shall determine as to the amount a charitable institution shall be allowed in any one year, we submit herewith a brief statement to show the claims of the Sloane Maternity Hospital for the allowance of \$12,000, as asked for in inclosed estimate.

For the year 1903 the hospital performed work for the City to the amount of \$10,148.88, and for the current year we were granted an appropriation of \$10,865.21. From the present indications this amount will not be sufficient to cover the charge for emergency cases that will be accepted by the Department of Charities.

The Sloane Maternity Hospital has 120 beds absolutely free, and over two-thirds of them are occupied most of the year. During the year 1903 there were received in the hospital 1,486 patients, of which 552 were accepted as public charges by the Department of Charities.

For the year 1903 the entire cost of maintenance was \$48,454.50, of which we received from the City \$8,760.33, the balance having been contributed by friends of the institution.

The City only approves and allows for emergency cases at the rate of \$18 per case.

The hospital is conducted on the most economical basis, is doing effective work in relieving the City's poor, and believes its request for an allowance of \$12,000 a reasonable one.

We beg for it your favorable consideration, and remain,

Very respectfully yours,
GEO. G. WHEELOCK, M. D., President.
Wm. D. Sloane, Treasurer.

The Honorable the Board of Aldermen, New York City:

Gentlemen—In answer to circular dated July 14 we submit the following estimate of the amount required for dependent children in St. Ann's Home for Destitute Children, in accordance with section 230, Greater New York Charter. Schooling 5,842 00

Very respectfully,
SISTERS OF ST. ANN'S HOME,
Mount Florence, Peekskill.

J. Hood Wright Memorial Hospital,
(Formerly Manhattan Dispensary and Hospital),
One Hundred and Thirty-first Street and Amsterdam Avenue, }
New York, August 22, 1904.

The Board of Aldermen, City of New York, New York:

Gentlemen—In response to the circular letter of the Comptroller of July 14, 1904, asking for data upon which to base estimates for appropriations to be made by the Board of Estimate and Apportionment to partially compensate hospitals for the care of sick and injured who would be entitled to care by the public institutions, we beg to say that under our peculiar circumstances we cannot do better than simply repeat, in substance, our letter of last year, and submit our last annual report, which not only shows what we did for 1903, but contains a consolidated statement on page 54, setting forth what has been done in years past. In this connection, your attention is also respectfully called to pages 9 and 10, where reference is made to the cost of treating patients and to the partial aid received from the City Treasury.

We aim to practice the most rigid economy, and I am sure the Managers are more strict and watchful over the slender income of the hospital than over their personal affairs, and yet it is impossible to reduce the cost per day per patient, if proper service is rendered the sick and injured.

We trust that you will see your way to urge the Board of Estimate and Apportionment to increase the allowance to at least one-half our actual outlay per day for patients, approved by the Department of Charities, as proper charges of the City, the cost per diem, per patient for 1903 being \$2.23.

We wish our treasury permitted us to carry on our work as an emergency hospital without public aid, but that is impossible.

During 1903 we received from the City Comptroller as follows:

For care of patients \$7,206 56
For ambulance service 1,750 00

(Of this \$1,750, \$250 belonged to the appropriation for 1902.)

Total amount received from City Comptroller \$8,956 56

Amounts appropriated annually for 1902, 1903 and 1904:
For care of patients \$7,203 24
For ambulance service 1,500 00

\$8,703 24

Being an emergency hospital our work varies constantly. Although the average number of ambulance calls for 1903 is between 6 and 7 per day, the number varies from 0 to 15 or 20 on different days. This means that our service on the maximum days is exhaustive, and our horses are frequently rendered unfit for duty and, owing to a new arrangement of the Department of Charities, we are now compelled to make nearly all our transfers to Lincoln Hospital instead of, as heretofore, to Harlem. As this change imposes a greater distance and worse road to travel, we have been compelled to add another horse to our ambulance service.

As we stated last year, no matter what sum is formally appropriated, it remains in the City Treasury unless paid out on vouchers duly approved by the Department of Charities under the rules fixed by the City authorities.

For the first seven months of 1904 our service has been the largest in the history of the hospital and our expenses have been correspondingly increased.

We think, therefore, that the sum to be appropriated for 1905 should be at least \$10,000, including the appropriation for ambulance service, seeing that any unexpended portion of the appropriation for the care of patients still remains safe in your hands.

We shall be pleased to make any further explanations you or the Board of Estimate and Apportionment may desire.

Very respectfully,
JOSIAH C. REIFF, President.

New York, August 20, 1904.

To the Honorable the Board of Aldermen of The City of New York:

Sirs—The Harlem Eye, Ear and Throat Infirmary respectfully petitions your body for an appropriation of \$300, or at least a return to that of 1902, of \$292.

Our voluntary offerings last year were \$1,107.05, the City money was \$219.73, yet our total patients have increased from 4,000 to 7,000, and because of work for school children, visits have increased from 16,000 to over 30,000.

While carrying on the largest work in upper New York and raising the largest amount through voluntary offerings, the City has reduced its help. We solicit a return to the figure of 1902, viz.: \$292.

Respectfully submitted,
THOMAS SIMPSON, President.

Gentlemen—The Board of Trustees of the Metropolitan Dispensary herewith respectfully make application for an appropriation for the support of the above-named institution of fifteen hundred (\$1,500) dollars for the coming year.

During the past year 3,072 cases were gratuitously treated with no charge for medicines or dressings.

In consequence of the large increase of applicants during the past year, we earnestly request an increase of the appropriation then allotted us, from three hundred (\$300) dollars to fifteen hundred (\$1,500) dollars.

The salary of our House Physician and Druggist is \$480 per annum, our Matron, \$660, and our drug bill and dressings, \$800, making for these items a total of \$1,940.

Office of the St. Joseph's Asylum,
Eighty-ninth Street and Avenue A,
New York, August 24, 1904. }

To the Honorable, the Board of Estimate and Apportionment of The City of New York:

Gentlemen—Pursuant to the circular letter received from his Honor the Comptroller, dated July 14, 1904, requesting the St. Joseph's Asylum, in The City of New York, to file its estimate of expenditures for the year 1905, we respectfully represent:

That for the year 1904 there was appropriated by your Board the sum of \$85,385.24 for care, education and maintenance.

We had on the first day of August, 1904, in the asylum, 784 children, all of whom were committed children except 94.

As the asylum is used almost exclusively for the purposes of children committed by the public authorities to its care, we respectfully ask your Board to appropriate for the year 1905, for care and maintenance, the sum of \$75,000, and for education \$12,000.

This sum will, in our opinion, be sufficient for the coming year.

St. Vincent's Hospital, New York,
September 1, 1904. }

To the Honorable Board of Aldermen, City of New York:

Dear Sirs—The last year has been one of marked progress in the work of St. Vincent's Hospital. The demands made upon the charity side (Eleventh street) of the institution have kept our wards crowded and sometimes have required us to utilize our halls for cots. Our long delayed addition is now under way, and within a few months we shall add about one hundred and fifty beds, and so take our share in providing additional accommodations for the suffering poor of the west side.

The branch opened at New Brighton in November last, has been crowded to its capacity almost from the beginning and meets a necessity in the Borough of Richmond.

We estimate that for the year 1905, we shall require an appropriation of not less than \$50,000, with the continuing \$3,600 for ambulance service.

Trusting that you will extend your kind offices to this year as you have done in the past, I remain

The Honorable Board of Aldermen of The City of New York:

Gentlemen—In complying with your resolution I respectfully submit to you our estimate of the amount required for the care and support of medical and surgical patients at the Mary Immaculate Hospital, Jamaica, N. Y.

While in the past two years the caring and nursing of the sick was conducted in a small building, the new hospital will be opened by September 1, 1904, and will accommodate on an average of 70 to 90 patients.

The entire sum appropriated for the year 1904 may not be used; there having for treatment of patients within seven months drawn \$1,500 from the fund, but being able to accommodate on an average of 60 to 70 charity cases in the new building, I beg to say the estimate sum for inpatients of the Mary Immaculate Hospital for the year 1905 will amount to \$5,000.

The Honorable Board of Aldermen of The City of New York:

Gentlemen—In compliance with the request received regarding estimates for charitable institutions for 1905, we beg to submit the following statement of the expenditures of this society for the year 1903:

For care and education of poor children in industrial schools, including fresh air work for these children at Bennet Country Branch..... \$88,127 32

Building account 7,394 38

Total \$146,378 08

Our actual direct school expense has grown from \$73,833.62 in 1902 to \$86,509.66 in 1903. An increase in the salaries paid our teachers, to take effect September 1, will add to our expenses the coming year. Plans now under consideration for caring for more children in the Home will also require additional expenditure.

We therefore respectfully petition that the appropriation for our work be not less than forty-two thousand (42,000) dollars.

To the Honorable Board of Aldermen of The City of New York:

Gentlemen—St. Mark's Hospital of New York City hereby estimates the amount required for the care and support of the inmates, under section 230 of the Charter, in and for the year 1905, at six thousand dollars (\$6,000) annually, and prays that this amount be appropriated for St. Mark's Hospital of New York City by your Honorable Board.

The Brooklyn Society for the Prevention of Cruelty to Children,
Headquarters, No. 105 Schermerhorn Street,
Brooklyn, New York, July 27, 1904.

Hon. CHARLES V. FORNES, President of the Board of Aldermen:

Dear Sir—In response to your notice of July 14, I beg to inclose herewith a statistical statement of The Brooklyn Society for the Prevention of Cruelty to Children for the last full calendar year, 1903, copies of which, together with copies of this letter, are sent to the Mayor and Comptroller.

The Board of Estimate and Apportionment, under paragraph 23 of subdivision 22 of section 230 of the Charter, finds authority to appropriate four thousand (4,000) dollars for the uses and purposes of the society, and under section 24, to increase that amount.

In 1904 seven thousand (7,000) dollars was appropriated.

In consequence of this increase the society has collected in the first six months of this year and paid into the City Treasury from parents of children in institutions, \$1,951.25, and will probably, during the year, reach a total of nearly four thousand (4,000) dollars.

In 1903 the City was saved two thousand six hundred (2,600) dollars for food, clothing and medical attendance of children which otherwise would have fallen upon the Department of Charities.

This society performs the following important services for the City:

Receives children from station houses when under arrest, and cares for them through the stages of their trial, giving them food, baths and clothing.

Transfers children from the courts to institutions, when committed, or to their homes when discharged.

Cares for all lost children brought in by the Police.

Investigates complaints of cruelty to children and prosecutes same, when established.

Investigates charges against children, and reports results to the various Magistrates in the boroughs of Brooklyn and Queens.

Investigates the ability, and collects from parents, when ordered by the Court, board for children in institutions, and pays same over to the Comptroller.

Investigates applications to board infants, and reports thereon to the Board of Health.

Investigates applications to use children in exhibitions, and reports the same to the Mayor, and in other ways performs public service.

Thirteen thousand (13,000) dollars of the society's expenses were raised in 1903 from private sources.

During 1904 fifty-eight (58) per cent. more children were received in our shelter than the corresponding time of the previous year, and the facilities must be increased, both in officers and shelter help.

It is imperative that the society should have at least an appropriation of ten thousand (10,000) dollars for the year 1905.

Should further particulars be desired, the society stands ready to present the same to your Honorable Board.

Respectfully submitted,
HENRY R. JONES, President, etc.

Northern Dispensary,
Corner of Waverley Place and Christopher Street,
New York, July 30, 1904.

Hon. CHARLES V. FORNES, President Board of Aldermen, City of New York:

Dear Sir—In conformity with circular letter of Hon. Edward M. Grout, Comptroller of The City of New York, and section 230 of the Greater New York Charter, we hereby make request for an appropriation for conducting the work of the Northern Dispensary in and for the year 1905, of twelve hundred dollars (\$1,200.)

The Northern Dispensary was incorporated in 1828, being the second oldest institution of its kind in New York City, and since then has furnished free medical assistance to the needy sick poor residing in that portion of the City bounded on the north by West Twenty-third street, on the east by Broadway, on the south by Spring street and on the west by the North river.

During the year ending December 31, 1903, 13,506 patients were treated, 32,923 visits were made and 20,144 prescriptions dispensed, showing an increase in work over year 1902.

The disbursements in the year 1903 were \$7,068.64, of which \$732.42 was received from The City of New York, the remainder being the proceeds of voluntary contributions by friends of the institution.

The only salaries paid are to physicians and employees of the dispensary, the officers and majority of physicians serving gratuitously.

The Northern Dispensary was erected, by private subscription, on land donated for the purpose at the intersection of Christopher street and Waverley place.

The enlarged operations and constantly increasing demands upon the institution require additional aid.

The appropriation is needed to assist in securing better accommodations for carrying on our work.

Our building is old, having been erected in 1831, and is not, in its present condition, adequate to our needs.

We hopefully look forward to a new one, believing it more economical to build than to make extensive alterations, which would be necessary should we choose to increase our ability to do good, to secure better results and relieve the distress of the sick poor of our district.

I have the honor to remain,

Yours very respectfully,

JAMES SLATER, President.

July 27, 1904.

Hon. CHARLES V. FORNES, President, Board of Aldermen, City:

Dear Sir—In accordance with your note of July 14, I inclose you herewith estimate of expenses for the Washington Square Home for Friendless Girls for the calendar year 1905. The object of the Home is to provide a home for friendless girls who have fallen, or who are in circumstances that may lead to their fall from want of employment, from destitution, or from evil associates; and who voluntarily commit themselves to the care of the corporation and conform to its rules, where they will receive proper instruction in housework, plain sewing and skilled labor, with a view to their being established as soon as possible in virtuous homes. The Home has no endowment, but depends entirely upon donations and subscriptions, together with the amount allowed by the City.

The estimate is based on the cost of maintenance for the calendar year 1903. You will see that we had that year an average of twenty-four inmates and that the cost per capita per annum was \$256.04, or about 70 cents per day, which, considering what is done for the inmates, is certainly not exorbitant. As we own our building the item of rent is not included in the above figures. The rate the City allowed us last year was \$110, and I respectfully request that, in view of the above figures, the rate for the coming year be considerably increased.

Respectfully yours,

WM. FOULKE, Treasurer.

Estimate of the Washington Square Home for Friendless Girls for the Year 1905.

In accordance with section 226 of the Greater New York Charter the Washington Square Home for Friendless Girls herewith presents its estimate for the coming year.

The daily average of inmates during the calendar year 1903 was twenty-four adults and it cost the Society, exclusive of rent, for their care, shelter, maintenance, clothing and medical attention, \$6,196.35, or at the rate of \$256.04 per capita per annum, which is about 70 cents per day.

We therefore respectfully ask that the rate for the coming year be considerably increased over what it was last year.

The daily average of City cases was seventeen adults.

House of Calvary, No. 5 Perry street, }
New York, August 5, 1904. }

The Board of Aldermen, City Hall, New York:

Gentlemen—The House of Calvary, by its Board of Trustees, submits the following estimate of its need of money for the prosecution of its work, to be appropriated by the City under section 230 of the Charter:

\$7,500 for the year 1905.

This house receives only those who are unable to pay for treatment; only those who are incurable; and it therefore depends entirely for its support on the New York City appropriation and the voluntary contributions of its friends.

HOUSE OF CALVARY,
SARAH A. CARROLL, Secretary.

The New York Catholic Protectory, }
Office No. 415 Broome Street, }
New York, August 3, 1904. }

Hon. C. V. FORNES, President of the Board of Aldermen, City Hall, New York:

Dear Sir—In compliance with the rules contained in the resolution of the Board of Estimate and Apportionment duly received, the managers of the New York Catholic Protectory hereby respectfully submit the following statement and requisition:

By section 1, chapter 428 of the Laws of 1867, the sum of one hundred and ten dollars (\$110) per capita of the average number of persons annually maintained in said institution, was authorized to be raised in the same manner and applied in the same way as is required by section 647 of the Laws of 1866.

Considering the provisions of said act and number of children in the institution, there will be required for the year 1905 the sum of two hundred and forty-two thousand dollars (\$242,000).

This requisition is based on an estimate of 2,200 children as the average number to be maintained during the year 1905.

This estimate and requisition is made to cover the boroughs of Manhattan and The Bronx, the Borough of Brooklyn, Borough of Queens and the Borough of Richmond.

It is further estimated that there will be about 2,200 children attending school in the institution during the year 1905 who will be entitled to receive a per capita of thirty-five cents (35 cents) per week each under the resolution passed by the Board of Estimate and Apportionment on June 19, 1903.

This will amount to \$33,330 for the ten months of the school year.

The total amount of the requisition for the New York Catholic Protectory for the year 1905 is therefore two hundred and seventy-five thousand three hundred and thirty dollars (\$275,330).

Yours very truly,
GEO B. ROBINSON, President.
For the Board of Managers of the New York Catholic Protectory.

Lutheran Hospital Association of The City of New York and Vicinity, }
East New York Avenue and Junius Street, }
Brooklyn, N. Y., August 8, 1904. }

To the Honorable Board of Estimate and Apportionment of The City of New York:

Gentlemen—According to the custom of late years, we, on behalf of the Lutheran Hospital Association of The City of New York and Vicinity, respectfully submit the following:

The amount of expenditures for the year 1905 for the above institution is, of course, entirely dependent upon the number of patients that may come to our care. In order to give your Honorable Board an outline of our work, we beg to state that during the last year we nursed 74 free patients on 7,685 hospital days. The aggregate hospital days, including pay patients, were 10,488 days.

Our dispensary gave free treatment to 3,000 poor.

Salaries and wages.	\$2,435 13
Provisions	3,159 46
Light and fuel	998 55
Repairs	968 33
Furniture, bedding, clothing, etc.	431 86
Telephone	41 66
Burial expense	55 00
Fire alarm	15 00
Interest on mortgage	290 00
Medical supplies	467 56
Printing and stationery	94 45
Dispensary	152 50
Total.	\$9,109 50

The expenditures would have been much greater if the members of our association did not donate provisions, clothing, bedding, furniture, medicine, etc. Our receipts are made up by voluntary contributions of various Lutheran Congregations, which alone, however, would not enable us to carry on the work, as almost 75 per cent. of our patients are poor and unable to pay for their treatment and care. They would be obliged to appeal to the City for help if we would not provide for them.

The appropriation for the year 1904 is \$2,062.28, on the basis of 60 cents a day for medical and 80 cents a day for surgical patients, as per section 230 of the Greater New York Charter.

We respectfully request your Honorable Board to set aside for the use of our hospital for the ensuing year a sum sufficient to enable us to carry out our good work and thereby to lighten the burden of The City of New York.

Respectfully yours,
F. W. BRODSKY, President.
GEO. DENKER, Financial Secretary.

Hon. Board of Aldermen of The City of New York:

Gentlemen—The estimate of

Seton Hospital,
Spuyten Duyvil, N. Y., }
August 10, 1904.

The Honorable Municipal Assembly of The City of New York:

Honored Sirs—In response to your communication of July 2 I beg to say that our estimated number of patients for the year 1905 is two hundred (200) for Seton and one hundred and seventy-five (175) for the annex, Nazareth, making a total of three hundred and seventy-five (375).

As we find we cannot support our patients on less than eighty (80) cents per day we make our calculations on that basis, trusting to your kindness and good will. Three hundred and seventy-five (375) patients at eighty (80) cents per capita per day amounts to \$109,500, our estimate for the year 1905.

I am, honored sir,

Very respectfully yours,
SR. FRANCIS IGNATIUS, Treasurer.

Board of Aldermen, New York City:

In compliance with the request made in the Comptroller's circular of July 14, 1904, Departmental Estimates for the year 1905 (Charitable Institutions), I beg to submit the following estimate for the Asylum of St. Vincent de Paul, No. 215 West Thirty-ninth street, New York City:

110 children, at \$104 per year, making a total of..... **\$11,440 00**

Yours truly,
H. AMY, Treasurer.

Orphan Asylum Society of The City of Brooklyn,
Atlantic Avenue, Corner Kingston Avenue,
August 9, 1904.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—As requested by the Comptroller of The City of New York under date July 14, 1904, we beg to report that we estimate we shall require for the care and support of the inmates of our institution (as authorized by section 230 of the Charter) for the year 1905 an appropriation of seven thousand five hundred (7,500) dollars.

Respectfully submitted,

JANE V. PALMER, Treasurer.

Ottlie Orphan Asylum,
Forest Avenue, East Williamsburg, Borough of Queens,
New York, August 10, 1904.

To the Honorable Board of Aldermen of The City of New York:

Estimate.

For the amount required for the care, support and maintenance (including clothing and shoes) of one inmate now remaining and committed by the Commissioner of Charity to this institution for the year 1905, will be about \$200.

The amount required for the same purpose of all the inmates (58 in average) of this institution for the year 1905 will be about \$6,000. One-third of this number would be a burden to the City, and therefore the Honorable Board of Estimate and Apportion-

ment may help us along by appropriating a certain sum of money for the benefit of this institution.

Respectfully submitted by
F. ERHARDT, Secretary.

New York Ophthalmic Hospital,
Northeast Corner Twenty-third Street and Third Avenue,
New York, August 10, 1904.

(Copy.)

To the Board of Aldermen—Mr. Edward M. Grout, Comptroller, New York City:
Dear Sir—The following is submitted in response to your circular letter of July 14, 1904, calling for an estimate of the probable needs of the New York Ophthalmic Hospital for patients treated for the City during the year 1905, in accordance with section 230 of the Greater New York Charter:

Last year the appropriation for our institution was \$4,050.13 and we actually received \$5,129.98. This year the appropriation is \$7,215.42 and thus far we have received for the first five months \$2,092.86. As seven months remain of this year, it is difficult to say what we may need for 1905, but presume it will not be less than the appropriation for the current year; so that to be on the safe side perhaps the appropriation should be at least \$8,000.

Respectfully,
R. C. JACKSON,
Chairman of Finance Committee, New York Ophthalmic Hospital.

District Attorney's Office, Queens County, N. Y.,

There have been no increases of salaries in this office since the consolidation of Queens County with Greater New York. The work in the office has increased greatly, and the rapidly growing population of Queens County will add to it from year to year.

The salaries now paid are less than paid to persons holding similar positions in other departments, and some of the employees perform double duties because of lack of help. For instance, my Private Clerk and Stenographer also performs the duties of Chief Clerk in the office and of Official Stenographer in the Surrogate's Court.

DANIEL NOBLE, Surrogate.

New York Mothers' Home of the Sisters of Misericorde,
No. 531 East Eighty-sixth Street,
New York, August 29, 1904.

To the Board of Estimate and Apportionment, New York City:

Honorable Gentlemen—We, the Sisters of Misericorde, maintaining an institution known as the New York Mothers' Home, a corporation organized under the laws of the State of New York November, 1888, for the purpose of caring for destitute women and babies, respectfully submit the following to indicate the amount that will be required to support and maintain the hospital during the year, A. D., 1905:

During the past year at the hospital we provided and cared for a daily average of eighty-five (85) mothers and ninety (90) babies.

Since the beginning of the current year the daily average of the number supported at the hospital has materially increased.

The hospital is obliged to expend a large amount of money annually for food, clothing, medicine, physicians, lighting, heating, etc.

To provide the above-mentioned items for each destitute mother has cost us about twelve dollars (\$12) per month, which, for eighty-five (85) destitute mothers, will amount to twelve thousand two hundred and forty dollars (\$12,240).

To provide in like manner for the babies at thirty-eight (38) cents per day, averaging ninety (90) babies daily, will amount to twelve thousand four hundred and eighty-three dollars (\$12,483).

These sums, respectively, make a grand total of twenty-four thousand seven hundred and twenty-three dollars (\$24,723).

We respectfully ask for an appropriation of fifteen thousand dollars (\$15,000) for the coming year, to help us continue our charity toward these poor, destitute mothers and little ones.

Concluding, we will say that persons of any religion or nationality are admitted

to our hospital—no discrimination being made in favor of any special one, as we accept any needy and worthy case.

Hoping this will meet with your approval and aid, we remain,

Very respectfully yours,

THE SISTERS OF MISERICORDE,
Per Sister St. Lawrence, President.

Columbus Hospital,
No. 226 East Twentieth Street,
New York, August 18, 1904.

Dear Sir—In compliance with your request to know approximately the amount necessary for the care and maintenance of the inmates of Columbus Hospital, I send you the same. I deem about eighteen thousand dollars sufficient to cover expenses for the coming year.

Thanking you in advance and wishing you God's blessing in return for your kindness, I remain

Yours in the Sacred Heart.

MISSIONARY SISTERS OF THE SACRED HEART,
Mother Gertrude De Giovanni, President.

Children's Aid Society,
United Charities Building, No. 105 East Twenty-second Street,
New York, August 30, 1904.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—In accordance with your request of July 14, I beg to present an estimate of the amount required for the care and support of the inmates of the Children's Aid Society for the year 1905.

For the care and education of poor children in the industrial schools... \$220,000 00

For the support and training of homeless boys and girls in the lodging houses and farm... 75,000 00

For the general work of the society, being the disbursements of sending destitute children and families to homes in the country... 40,000 00

For summer homes for poor children... 40,000 00

For all other purposes... 20,000 00

Total... \$395,000 00

Budget for 1905.

We respectfully request that the Board of Estimate and Apportionment include in the Budget for 1905, as authorized by section 230 of the Charter, the same amount which the Children's Aid Society has received for many years in aid of its industrial schools, boys' and girls' lodging houses and general purposes, the sum of \$70,000.

Very respectfully,
C. LORING BRACE, Secretary.

German Hospital of Brooklyn,

The Board of Aldermen, City of New York, New York:

Gentlemen—I have the honor to submit herewith an estimate of the expenditures at this hospital, payable from the City Treasury, for the year 1905.

Amount estimated to be required for caring for City poor for the year 1905, four thousand eight hundred dollars (\$4,800).

For salaries of house staff and assistants (12).....	\$3,200 00
For wages of domestics and labor (18).....	2,800 00

For furniture, beds and bedding.....	350 00
For repairs.....	1,000 00
For other purposes.....	1,500 00
	<u>\$16,700 00</u>

The summer home given to this house, located near Garden City, Nassau County, L. I., was occupied last year from June 1 to October 30, inclusive, with great advantage to the health of the children. There has never been a winter when the health of the inmates of this house has been so robust and satisfactory as during the winter of 1903 and 1904. This house is now in occupancy the present season, residence having been taken up about May 12.

As in previous years, we are making a small allowance per month to certain of our children who are homeless and having passed the age as inmates are retained for help in the nursery and other light duties, and afford great assistance beside giving them a respectable vocation.

There is no allowance as fees or emoluments to trustees, surgeons, physicians or consultants.

Respectfully submitted,
GEO. WISTAR KIRKE, Vice-President.

DEPARTMENTAL ESTIMATE FOR MATTEAWAN STATE HOSPITAL.
State of New York—Matteawan State Hospital, Fishkill Landing, August 29, 1904.

Board of Aldermen, New York City:

Gentlemen—in reply to your circular letter of July 14, 1904, concerning Departmental Estimates for the year 1905, we would say that, under the provisions of chapter 525, section 2 of the Laws of 1904, amending section 101 of chapter 545, Laws of 1896, known as the Insanity Law, no estimate for 1905 is necessary for this hospital. The amended section provides: "From and after October 1, 1904, all persons then inmates of the Matteawan State Hospital and all persons thereafter committed to its custody shall be a charge upon the State." There is, however, a small account due, namely:

Deficiency in the case of Frank Starratt, October 1, 1897, to December 31, 1897, inclusively, 13 1-7 weeks, at \$3.75 per week..... \$49 29

—for which no funds were available for payment at the time.

This deficiency item in the case of Starratt was mentioned last year and the year before. It possibly was provided then, but bill has not been paid.

I would say also that the following Penitentiary bills are undue and unpaid:

King's County Penitentiary.	
Account Frank Mancuso, January 1, 1898, to February 14, 1898—6 3-7 weeks, at \$3.75.....	\$24 11
Account George Loomis, January 1, 1898, to May 4, 1898—17 5-7 weeks, at \$3.75	66 43
Account William Ballinger, February 10, 1896, to November 17, 1896—40	

125 women, at \$12 per month.....	18,000 00
300 obstetrical cases, at \$18 each.....	5,400 00
\$56,340 00	

Your very truly,
FRANCIS B. GRIFFIN, Treasurer.

15,088 free days' medical patients, at 60 cents per day..... 9,052 80

Lincoln Hospital and Home,
East One Hundred and Forty-first Street and Southern Boulevard, }
New York City, August 25, 1904.

Hon. CHARLES V. FORNES, President of the Board of Aldermen:

Sir—In compliance with the request that a Departmental Estimate of the amount required for the care and support of the inmates of the Lincoln Hospital and Home in and for the year 1905 be prepared and sent to the Board of Estimate and Apportionment, the following statement is respectfully submitted:

In conformity with the provision of law (section 230, Greater New York Charter, as amended by chapter 106, Laws of 1899), the Board of Managers petition for a per capita allowance for patients accepted by the Department of Public Charities, as proper charges against the City Treasury, at the rate of sixty (60) cents per day for medical treatment and eighty (80) cents per day for surgical treatment; for infants under five (5) years of age, at the rate of thirty-eight (38) cents per day; for maternity cases, eighteen dollars (\$18) per case; for destitute mothers, nursing their infants, twelve dollars (\$12) per month, and for chronic, incurable and infirm cases, at the rate of thirty (30) cents per day.

In view of the large number of patients sent by the Department of Public Charities during the past year, and by inference that an equally large number may be sent to be cared for during the coming year, the Board of Managers respectfully ask that the appropriation in the Budget for 1905 be not less than sixty thousand dollars (\$60,000), and that it will be determined by the work performed.

The number of days' treatment from August 1, 1903, to August 1, 1904, was 127,772 days.

A statement is hereto appended of the amount of expenditure, specifying in detail the objects therefor from August 1, 1903, to August 1, 1904:

Brooklyn Children's Aid Society, No. 61 Poplar Street, }
Brooklyn, August 26, 1904.

Hon. CHARLES V. FORNES, President, Board of Aldermen, City Hall, New York City, N. Y.:

Dear Sir—In obedience to your request in circular, this Society submits the following estimates:

For the care and maintenance of dependent children accepted by the Department of Public Charities as proper charges against the City Treasury: For infants under two years of age at the rate of 38 cents per day; for dependent children from two to sixteen years of age at the rate of \$2 per week; for disbursements in placing out children with families at the rate of \$20 for each child placed out, \$10,000.

For Seaside Home (Sanitarium) of the Brooklyn Children's Aid Society, payable in twelve monthly installments, \$5,000.

Committed Children.

The larger part of the children placed in our care are boarded with private families instead of being kept in an institution. This method is strongly commended by many persons experienced in caring for dependent children and has amply justified itself during several years of trial.

Children are willingly received for short commitments and parents and relatives are encouraged to take children home as soon as possible. When the children's own homes cannot be reestablished, we endeavor to find free homes or adoptive homes for them, if parents will consent, thus relieving the City of the burden of support and giving children a better chance in life.

Seaside Home.

This "Home" is in every intent a seaside hospital existing solely as a means of combating disease incident to the summer months among the children of the poor. Children are sent only after a thorough medical examination which determines their need. There is provided constant medical attendance, trained nursing, and careful personal oversight day and night. The medical staff consists, besides the examining physician, of an advisory and visiting board of five eminent specialists in children's diseases, a resident physician, and a corps of trained nurses. Mothers accompany and help care for the children. Sometimes only one of the family has an acute attack, but usually all the members are in need of constitutional or other treatment. Every endeavor is made to impress upon each mother the lesson which will help her to care for her children more efficiently after they leave the "Home."

This is the only Brooklyn seaside hospital or home and it is believed to be the oldest in the country. No rejections are made on account of religion or nationality. Illness and need are the only tests. It cares for about five hundred inmates at a time.

The Seaside Home carries on a work for the Borough of Brooklyn similar to that of the Hebrew Sanitarium and St. John's Guild for Manhattan. Both of these societies receive aid from the City Treasury to a much larger extent proportionately than the amount asked for by this society. An appropriation of the amount we formerly received, \$5,000, is absolutely necessary to plan for the proper conduct of our work; and, as you have already received evidence, this society can be relied on to draw no more than is positively required.

Very respectfully yours,

ARTHUR E. WAKEMAN, General Secretary.

Syracuse State Institution for Feeble-minded Children,
Syracuse, N. Y., August 29, 1904.

To the Board of Estimate and Apportionment of The City of New York:

By the existing provisions of law, the Supervisors of any County from which State pupils are admitted into the Syracuse State Institution for Feeble-minded Children, are required to raise the sum of thirty dollars (\$30) a year in advance for each pupil so admitted. See chapter 546, of the Laws of the State of New York, for 1896.

As the trustees of the institution have no disposition to charge the Counties for clothing State pupils anything more than the actual cost of the clothing furnished, they have decided to reduce the charge to twenty dollars each for male pupils, and twenty dollars for females. They are enabled to do this only by purchasing the supplies at wholesale and by making a portion of the garments with the labor of the inmates.

The following pupils have been received into the institution from Kings County upon the proper legal certificates as required by the law relating to the admission of pupils:

George Askwith.	Jane Cheatle.	Peter C. Gruiber.
Clarence Hoagland.	Jake Storn.	Bergloit Aarvold.
Frieda Bachman.	Minnie Trautfeder.	Robert Johnson.
Josephine Jauch.	Laura Combe.	Bernard Kohn.
Louisa Bleyman.	Louis Worker.	Frank Towey.
Jacob Selzer.	Flora Thompson.	Otto Wagner.
Benjamin Skinner.	Mary Rostenbaden.	Rachel Erickson.
Frederick Ellinger.	Fannie Strumwald.	Kate Jenal.
Ellen Curley.	Frank Kneeland.	Henrietta Smart.
Everett Winter.	Samuel Grenberg.	Arthur L. Olsen.
Frank Bersch.	William Donohue.	

It will therefore be your duty, under the act aforesaid, at your next annual meeting, to raise the sum of \$640 for clothing said pupils for the year ending December 31, 1905.

I will thank your Clerk for a copy of the resolution of your Board on the subject. The Treasurer of the Institution will draw on your County Treasurer for the amount so raised, if not previously remitted, on or before the first day of April next.

The following pupils have been received into the institution from Queens County upon the proper legal certificates as required by the law relating to the admission of pupils:

George S. Nivers. Mary Roe.

It will therefore be your duty, under the act aforesaid, at your next annual meeting, to raise the sum of \$40 for clothing said pupils for the year ending December 31, 1905.

I will thank your Clerk for a copy of the resolution of your Board on the subject. The Treasurer of the Institution will draw on your County Treasurer for the amount so raised, if not previously remitted, on or before the first day of April next.

Queens Borough Library,
No. 101 East Avenue, Long Island City,
August 30, 1904.

Hon. CHAS. V. FORNES, President, Board of Aldermen:

Sir—Herewith inclosed please find Departmental Estimate of the Queens Borough Library for the year 1905. The amount required is \$56,440.

Through a palpable oversight on the part of the Board of Estimate and Apportionment no increase in appropriation was granted to the Queens Borough Library in 1904; in consequence, the Trustees were seriously hampered and embarrassed in prosecuting their work. It has been impossible to open new branches, which are much needed throughout the borough, and it has been necessary to leave undone much rebinding of old books as well as binding of periodicals, of which there is now a great accumulation in every branch of the library. During the year 1905 additional expenditures will be required for three Carnegie buildings, which will be completed in that year. The sum of \$56,440 is, therefore, well within the amount which will be absolutely necessary to maintain and conduct the library during the coming year.

Respectfully submitted,

WALTER G. FREY, President.

Estimate of Expenditure for the Year 1905 for the Brooklyn Nursery and Infants' Hospital.

"The Board of Estimate and Apportionment are hereby authorized in their discretion to include in their annual statements and estimate the following specified sums of money for the respective purposes herein stated, viz.:

2. In addition to this the institution is entitled to receive money under the Laws of 1888, chapter 472, under what is known as the "Mothers' and Infants' Fund."

3. The annual statement for the year 1904 shows that the total expenditures for that year amounted to about the sum of thirteen thousand five hundred and seventy dollars (\$13,570). It is very probable that the expenditures for the coming year will be at least fifteen thousand dollars (\$15,000).

4. The following is a statement of the work done by the institution for the year 1904:

The following is a statement of the work done by the institution for the year 1904:

From August 1, 1903, to August 1, 1904.

New York, August 30, 1904.

To the Board of Aldermen, City of New York, City Hall:

Gentlemen—In accordance with the request received from the Comptroller, I have the honor to hand you herewith the Departmental Estimate of this command for the year 1905.

The increase in the number of employees and wages asked for is absolutely necessary for the proper care and preservation of County and State property. Heretofore it has been impossible to keep this ship in proper condition on account of the small number of men allowed, and the necessity of caring not only for her deck space, but also for her topsides, copper above the water line, mooring chains, etc. Constant care is also needed to keep the interior clear of dust, etc., besides arms, accoutrements, ship's boats, etc. The rate of wages heretofore allowed was entirely insufficient for the work required and done by the employees here, and as the increase asked for in no case exceeds the rate fixed by law for armory employees, I request that the same be allowed for the best interests of this organization.

Respectfully,

W. B. FRANKLIN, Commander.

August 30, 1904.

The Honorable the Board of Aldermen, City Hall, New York City:

Dear Sirs—The Brooklyn Hospital hereby submits, pursuant to section 226 of the Greater New York Charter, the following estimate of the amount required for the year 1905 for the care of City patients, under section 230 of the Charter, to wit:

For the General Hospital

\$15,000 00

For the Low Maternity

3,000 00

The above estimate exceeds the amounts which will have been actually paid to the Brooklyn Hospital for the year 1904. The reasons for such increases are as follows:

All payments made by the City to the hospital are upon a per capita basis. The central location of the hospital causes an increasing demand for its services, especially in accident cases brought in by ambulance.

A further addition to the appropriation is asked because of the increasing disproportion between the cost of the service rendered and the rate of payment therefor made by the City. This is due largely to the higher price of food and other supplies of all sorts. Although the hospital is managed with the most rigid economy, the actual cost per diem of surgical and medical cases is not less than \$1.60 and \$1.20, respectively. For these cases the hospital is receiving from the City only 80 cents and 60 cents, respectively. It is submitted that the present rate of payment for City patients is based upon a rate of expenditure no longer possible or proper, and should be materially increased.

Respectfully,

THE BROOKLYN HOSPITAL,

By Theodore L. Frothingham, President.

Bureau of the Public Administrator,
No. 119 Nassau Street, Room 1025,
New York, August 29, 1904.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Pursuant to the resolution of your Board of June 24, 1904, I beg to submit schedules showing the officers and employees of my Bureau, and their salaries for the year 1904; also the amount required for salaries in 1905. The amount allowed me for my contingencies for 1904 and the amount required for 1905, also appear in said schedules.

The sum required by this Bureau for the year 1905, is an increase of \$818 over the amount allowed and apportioned last year by the Board.

Mr. Owen A. Keegan is a valuable and trusted messenger, and previous to his services as such he had been my storehouse custodian, and has never received proper compensation. It will not be possible to retain him unless his salary is materially advanced. I would have increased his pay as far back as July 1, 1903, to \$900, had my appropriation permitted, and advanced him to \$1,200 on the following January. I therefore desire to allow him \$1,200 next year, and beg to press upon your Board the favorable consideration of this necessary increase.

Mr. Frederick Monk, my storehouse custodian, occupies a position of responsibility, and is inadequately compensated, and I desire to increase his salary by \$120.

In regard to the increase of \$218 for supplies and contingencies, the amount allowed by your Honorable Board has annually proven insufficient, particularly as it has not been increased since office furniture, supplies, etc., have to be paid for therefrom, and at the end of each year I have been forced to apply to your Board to cover a deficiency.

Yours respectfully,

WILLIAM M. HOES,
Public Administrator of the County of New York.

Brooklyn Historical Records,
Office, No. 55 Liberty Street,
Brooklyn, New York, August 27, 1904.

To the Mayor of The City of New York, as Chairman of the Board of Estimate and Apportionment, the Comptroller and the Board of Aldermen:

Gentlemen—In behalf of the Long Island Historical Society, I beg to present the following estimate of expenditures for the year 1905 for the work of collecting, translating, etc., of documents relating to the history of Brooklyn.

This work has been prosecuted under the Law of the State, chapter 457 of the Laws of 1897, entitled "An Act to authorize the City of Brooklyn to provide for collecting and preserving materials for the history of Brooklyn." The work has continued under the appropriations made by The City of New York, the duty devolving by law upon The City of New York, for the years 1903 and 1904.

Under the act the Long Island Historical Society was duly designated to take charge of the work.

By that act the sum of \$30,000 was authorized to be appropriated in gross, but not more than \$6,000 in any one year.

For the year 1904 the Mayor and the Board of Estimate and Apportionment appropriated the sum of \$4,000.

Of this sum there will be, it is estimated, no balance unexpended for the year 1904. On the contrary, work in certain directions, especially in translating ancient Dutch records, is delayed, because of the lack of money appropriated. Valuable records and manuscripts are now in sight which have never been published or printed, and many are fast going into decay. The material on hand and known to exist is large and of great value, not only for historic purposes, but also for use as evidence in Courts of Justice.

The Committee on History of the Historical Society, which has the work more directly in charge, finds its labors hampered for lack of sufficient appropriation for the current year. Many manuscripts are liable to be obliterated by age or lost.

Therefore the Society asks for an allowance for the year 1905 of the sum of \$6,000.

The specialist, editor and clerks, whose services are made use of in this work, are not of the ordinary class. They are engaged in special work in specific directions. As decided by the Civil Service Commission in this very matter, they are special and extraordinary. The Historical Society receives no compensation for this work. It saves the money appropriated whenever it can, with the knowledge that the gross amount appropriated by the law will be made use of by the Society according to its best judgment. But with an insufficient appropriation for the year the work is hampered and valuable time and services lost.

The salaries of a specialist for the Dutch records and of an editor for the English records, collating as well as copying manuscripts and records, will amount to at least \$4,800 00

Extra copyists, photographing, binding, stationery and such incidental expenses will amount to at least 1,200 00

Making total required \$6,000 00

In our judgment, after our experience, this work would be better accomplished by a full appropriation for the year than a smaller annual appropriation, lingering along until the whole amount authorized by the Legislature should be finally disbursed.

The preservation of these records in good and enduring form cannot but be of permanent value for the history of our City and State.

The undersigned would be pleased to appear before the Board of Estimate and Apportionment if that Honorable Body should desire further explanations.

Yours very respectfully,

TUNIS G. BERGEN,
As Chairman, etc., Long Island Historical Society.

Honorable Board of Aldermen, City of New York, New York:

Dear Sir—In accordance with a request expressed in a circular letter received from the Comptroller's Office dated July 14, 1904, we beg leave to hand you herewith an estimate of the amount asked for from The City of New York for the care and support of the inmates of our Institution for the year 1905.

Thanking you for your courtesy and appreciating your past kind acts on behalf of the Mount Sinai Hospital, I beg to remain,

Very truly yours,

GUSTAVE ABRAMS, Assistant Secretary.

Note—An increase over the appropriation for 1904 of \$6,650 is asked for. It is required for the following purposes: \$1,300 for the purchase of a library for the Court, \$2,000 for supplies and contingencies (including the Court of Special Sessions and the Children's Court), \$1,050 for the increase of salaries of four Clerks, \$300 for the increase of salary of Stenographer and Typewriter, \$1,500 for the increase of salaries of five Process Servers, and \$500 for the increase of salary of the Interpreter in the

Children's Court. With the change in the proceedings in this court, due to legislative enactment, which goes into effect September 1, the Court will be called upon to attend to from 5,000 to 6,000 more cases than ever before. This means that so many more cases will have to be recorded, indexed, minuted and filed. The Justices are satisfied that this work can be done with the present force, but do not think that the Clerks should assume this extra burden without additional compensation, and especially as two of them have

The Mount Sinai Hospital, One Hundredth Street and Fifth Avenue, New York City, N. Y., August 31, 1904.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—Pursuant to the request expressed in your circular letter dated July 14, 1904, the Mount Sinai Hospital respectfully makes the following statement to your Honorable Board:

That the Mount Sinai Hospital is a corporation duly organized under the Laws of the State of New York, and maintains in The City of New York the Mount Sinai Hospital, and that by chapter 719 of the Laws of 1897, entitled "An Act to amend chapter 410 of the Laws of 1892," entitled "An Act to consolidate into one act and to declare local laws affecting public interests in The City of New York," and the acts amendatory thereof in relation to the Mount Sinai Hospital, and chapter 196 of the Laws of 1899, the said Mount Sinai Hospital is entitled to receive an allotment for part of the cost of board, nursing, medical and surgical treatment and attendance; 60 cents per diem for each medical case and 80 cents per diem for each surgical case for each needy and charity patient who occupies a bed in the Mount Sinai Hospital and who receives such care and maintenance.

That for the year ending December 31, 1903, the said Mount Sinai Hospital has given 60,475 days of free hospital treatment and that the number of days of free hospital treatment as herein stated is made up from the accounts which are kept in the said Mount Sinai Hospital.

The Mount Sinai Hospital occupies its new quarters, bounded by Madison and Fifth avenues and One Hundredth and One Hundred and First streets, since March 15, 1904.

The petitioner desires to call your special attention to the fact that at the present time, with some wards still unoccupied, the average number of free hospital days given is 7,000 a month, or 84,000 a year.

Within a few months all the wards of the Mount Sinai Hospital will be open for the benefit of patients, so that during the year 1905 we will give over 100,000 days of free hospital treatment, which will entail an expense to our Institution of more than \$275,000 per year. Consequently, we respectfully request from your Honorable Board an appropriation in keeping with this increased demand upon our resources, to wit: for the year ending December 31, 1905, at least 100,000 days of free hospital treatment, equalling \$70,000 or more.

Respectfully,

GUSTAVE ABRAMS, Assistant Secretary.

City and County of New York:

Gustave Abrams, being duly sworn, deposes and says that he is the Assistant Secretary of the Mount Sinai Hospital, the corporation mentioned herein; that he has read the foregoing statement and has affixed his name thereto as the Assistant Secretary of the said Mount Sinai Hospital, and that he knows the facts herein stated to be true; that the number of free days of hospital treatment mentioned therein is made up from accounts which are kept in the said Mount Sinai Hospital.

Sworn to before me this thirtieth day of August, 1904.

R. J. LOWNDES, JR.,

Notary Public No. 120, New York County.

Court of Special Sessions, First Division,
Corner Franklin and Centre Streets,
New York, August 31, 1904.

To the Honorable Board of Aldermen, New York City:

Gentlemen—I beg to submit herewith Departmental Estimate for the Court of Special Sessions of the First Division and the Children's Court for the year 1905, together with an explanatory note thereon, pursuant to a resolution passed by the Justices of the Court on Wednesday, the 24th instant.

Yours respectfully,

W. M. FULLER, Clerk.

COURT OF SPECIAL SESSIONS OF THE FIRST DIVISION OF THE CITY OF NEW YORK, CHAPTER 601, LAWS OF 1895.

				\$2,850 00

Employees Chargeable to Above Appropriation.

There will be no unexpended balance for the year 1904.

The difference in the amount of the appropriation for 1904 and the total above shown has been caused by the transfer of the several Assistant Engineers and their corps in charge of the several boroughs and divisions from the appropriation of Salaries, General Administration, to the appropriations for Maintenance, etc., of their respective boroughs and divisions. Transfers from this appropriation to the appropriations for the said several divisions will be requested in due time.

The request for the three additional Clerks is made because of the increase in administrative business of the Department, caused by the construction, maintenance and operation of many new bridges within the past couple of years. The clerical force of the Department is no greater to-day than it was when the Department was organized in 1898, while the work has grown at least four-fold.

The few increases in salaries asked for in the clerical force are to recompense employees who have been with the Department since its organization, and who deserve some consideration for long, faithful and industrious services. In some cases it only restores the salaries to what they were prior to May 1, 1902.

It will be necessary soon to apply for a transfer from another appropriation.

The appropriation of \$1,000 has not been changed since the amendment of the Charter, which requires the Department to purchase all its own supplies and furniture. It has been necessary each year to have your Board transfer about \$2,000 additional to this appropriation from other appropriations made to the Department, from which it could only be spared by actual cutting down of necessary expenses. Your attention is especially called to the fact that the fixed charge for telephone service is \$200 in excess of the total appropriation for all purposes under this head, which has been made absolutely necessary by the immense increase of the business of the Department caused by construction and opening of new bridges, with the forces on which it is necessary to be in constant communication.

Of the increase above requested, the sum of \$6,100 should not be counted, as it is for the salaries of the Assistant Engineer in Charge and a Draughtsman who were formerly charged to the appropriation for "Salaries, General Administration." There is no increase, so far as this amount is concerned, but simply a transfer from one appropriation to another.	
The increase in the amount asked for 1905 over that allowed for 1904 (except that explained above) has been made necessary by the general increased cost of labor, and materials for maintenance and repairs, during the past couple of years. Also because the new bridge over the Harlem river at One Hundred and Forty-fifth street will be completed and opened for the use of the public on or before January 1, 1905, and the expense of manning and maintaining this structure, as itemized herein above, will be approximately at least \$27,000, which amount will be needed in excess of what was allowed for 1904, in order to open and operate this structure.	
Another large item of increased expense is caused by the imperative necessity for painting of all the structures spanning the Harlem river. This painting must be done in order to preserve the bridges, and a force of twenty-four Painters have for some time past been employed thereat, and must necessarily be continued at this work. In order to pay these Painters for the current year it has been necessary to omit other repairs which should have been attended to.

The increase in the Newtown creek estimate is due to the maintenance of the new Vernon Avenue Bridge, which is nearing completion. This bridge is 1,700 feet in length and 58 feet in width, and compares, in many respects, with the bridges over the Harlem river. For the proper care of this bridge an increase of the force, to the extent of one (1) Foreman and five (5) Laborers will be necessary, and also an additional sum for the general maintenance, of which the item of painting will form a considerable part.

The apparent increase of \$3,000 in the appropriation "Maintenance and Repairs to Bridges in the Borough of Brooklyn, 1905," has been caused by the transfer of the Assistant Engineer in Charge from the appropriation "Salaries, General Administration" to "Maintenance and Repairs to Bridges in the Borough of Brooklyn." There is no actual increase, so far as the Budget is concerned, simply a transfer from one appropriation to another.

There will be no unexpended balance for the year 1904.

The increases requested for laborers and skilled labor for general repairs are necessary for the proper conduct of the work. The appropriation for the year 1904 was the same as that for 1903 and 1902, although the work to be done has been increasing. Many urgent and important repairs must be left undone unless the money is provided for in this appropriation.

I feel justified in asking that the Bridge Tenders in the Borough of The Bronx be given equal compensation with those in other divisions of the service. They perform the same duties as the men located elsewhere, and some of them, who are called "tide men," are on post duty twice every twenty-four hours, at times varying with the tide. I therefore recommend that their salaries be made uniformly \$839.50 per annum.

As to the deduction in the item of engineering supervision, at least three men, an Assistant Engineer, Transitman and Axeman, will be engaged on works of construction, and it is proposed to change their salaries against the accounts for which they work.

The increase in the estimate for the Borough of Queens, amounting to \$3,000, is due to the transfer of E. A. Byrne, Assistant Engineer, from the "General Administration" pay-roll to the "Borough of Queens" pay-roll. The increase in salaries of two Bridge Tenders, of \$633, is offset by a corresponding decrease in the "Repairs and Supplies."

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS RESUMED.

At this point Alderman Marks presented the following communication from the Corporation Counsel:

No. 957.

Law Department,
Office of the Corporation Counsel,
New York, August 19, 1904.

Hon. FREDERICK BRENNER, Alderman:

Sir—Your communication of the 5th inst., in which you ask whether or not applications for the erection of stands within stoop lines when made to the Board of Local Improvements after refusal by the Alderman of the district, should be published in the CITY RECORD, has been received.

Power to pass general ordinances for the erection of stands within the stoop lines is conferred upon the Board of Aldermen by section 50 of the Charter.

Acting under this power the ordinance of April 15, 1902 (Brown's Greater New York General Ordinances, page 273), licensing and regulating such stands, was adopted.

This ordinance requires among other things that the consent of the Alderman of the district shall be indorsed upon the application and that in the event of the refusal of the said Alderman to give his consent, the application may be presented to the Board of Local Improvements for action.

I am of opinion that such applications are not within the provisions of section 432 of the Charter requiring a notice thereof to be published in the CITY RECORD. They are mere revocable license issued for the benefit of the individual making application and can scarcely be called public improvements. One of the purposes of publishing a notice is to give opportunity to be heard to those who may be assessed for the improvement. Here the license fee and cost of construction are to be paid by the applicant. If in the first instance the Alderman of the district give his consent there is no provision for publishing notice. The fact that the ordinance protects the citizen from the caprice or prejudice of the Alderman of the district by allowing him to apply to the Board of Local Improvements creates no greater or additional burden than those required in the first instance.

Respectfully,

G. L. STERLING, Acting Corporation Counsel.
On motion of Alderman Marks, this communication was ordered on file.

In connection therewith Alderman McCall, of the Committee on Railroads, offered the following minority report, and moved that it be substituted for the majority report:

No. 953.

New York, August 31, 1904.

To the Honorable the Board of Aldermen of The City of New York:

The undersigned, a minority of the Committee on Railroads, dissent from the recommendations of the majority of the said Committee in the matter of the application of the New York and Port Chester Railroad Company, for the following reasons:

1st. The financial backing and support of the said New York and Port Chester Railroad Company has been shown to be ample, and more than sufficient to guarantee the immediate commencement and early completion of the construction of the said railroad. Furthermore, we are satisfied that as soon as the assent of the City authorities is given to the said New York and Port Chester Railroad, the work of construction of the said railroad will be commenced without delay.

2d. The financial standing, responsibility and reliability of the banking house of Messrs. Charles D. Barney & Co., the publicly announced financial backers of the New York and Port Chester Railroad Company, has been publicly shown to be beyond question. The good faith of the New York and Port Chester Railroad Company and Messrs. Charles D. Barney & Co. has been especially demonstrated by their willingness to furnish a bond in the sum of \$100,000.

3d. We also regard the sentiment, which has been shown to be practically unanimous, of the residents and public of the Borough of The Bronx and other territory, so strongly in favor of the New York and Port Chester Railroad that this public sentiment should not be ignored.

4th. Finally, we advise favorable action in view of the fact that all the required legal consents from all the towns and cities of Westchester County, through which the New York and Port Chester Railroad will operate, have been obtained; together with the required approval of the State Railroad Commission, together with two decisions of the Court of Appeals favoring the New York and Port Chester Railroad, which place beyond question its legality and its charter rights. As all that is now required for the commencement of the construction and the completion of the proposed New York and Port Chester Railroad, the operation of which will be such a vast factor in the development and progress of the Borough of The Bronx and the outlying territory, is the consent of The City of New York, we offer the following resolution as a substitute for that proposed by the majority of the Committee, to wit:

Resolved, That the proposed specific grant embodied in the form of an ordinance granting the assent of The City of New York to the New York and Port Chester Railroad Company to construct its road across certain streets, avenues and highways in The City of New York, be and hereby is referred to the Board of Estimate and Apportionment for the purpose of making inquiry as to the money value of such franchise or right and the compensation required, and the terms upon which it shall be granted.

JOHN T. McCALL.

FRANK GASS.

CHARLES GOODMAN.

Pending a lengthy discussion of the motion Alderman Kenny was called to the Chair.

Subsequently the Vice-Chairman resumed the Chair.

The Vice-Chairman put the question whether the Board would agree with said motion of Alderman McCall to substitute the minority report for the majority report.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Davies, Gass, Goodman, Grifenhagen, Harnischfeger, James, McCall, Meyers, Morris, Arthur H. Murphy, Odell, Schloss, Sheil, Sickles, Stumpf, Sturges, Ware, Wirth, and President Haffen—19.

Negative—Aldermen Ahner, Baldwin, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Collins, Donohue, Doull, Dowling, Gillies, Grimm, Haenlein, Haggerty, Harburger, Hann, Higgins, Keely, Kenney, Kevin, Koch, Lochner, McCarthy, Owen J. Murphy, Owens, Poole, Redmond, Richter, Schappert, Stapleton, Tolk, Twomey, Wafer, and the Vice-Chairman—36.

Alderman Goodman moved that the majority report be recommitted to the Committee on Railroads with instructions to investigate further the financial responsibility of the applicant company, and to confer with the officers and fiscal agents of said company, with a view of having terms and compensation embodied in proposed grant.

Which motion was lost.

The Vice-Chairman put the question whether the Board would agree with the motion to adopt the majority report of the Committee on Railroads.

Further discussion ensued, during which Alderman Goodman submitted and asked to be read and made part of the record the following communication by him to and the answers received thereon from parties relative to the financial standing of Charles D. Barney & Co.:
