Resolved, That the Board of Estimate and Apportionment hereby grants to the Mercantile Burglar Alarm Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

**PROPOSED FORM OF CONTRACT.**

This contract, made this day of 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Mercantile Burglar Alarm Company, a domestic corporation of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in conduits under the streets, avenues and highways within that portion of the Borough of Manhattan lying south of a line beginning at a point on the Hudson River on a line with the north side of Reade street, thence easterly along the north side of Reade street to the west side of Centre street, thence northerly along the west side of Centre street to the easterly line of Duane street, thence southerly along the easterly line of Duane street to the northerly line of New Chambers street where it crosses Park row, thence easterly along the northerly line of New Chambers street to the easterly line of James Slip, thence southerly along the easterly line of James Slip to a point on the shore of the East River in line therewith, for the purpose of electrically connecting detecting and signalling apparatus to be located upon the premises of subscribers with signal recording apparatus located at some suitable point or points and thereby maintaining and operating a burglar alarm system, for the protection of the

premises of subscribers and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits for the purpose aforesaid shall be held and enjoyed by the Company, its successors or assigns, for the term of fifteen (15) years from the date on which this contract is signed by the Mayor, with the privilege of renewal of said contract for a further period of ten (10) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the year prior to the termination of the original term of this contract. If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement, fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company. These two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year prior to the termination of the original term of this contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the said privilege, the following sums of money:

1. The sum of one thousand dollars (\$1,000) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

2. The further sum of five hundred dollars (\$500) in cash for past use and occupation of the streets, to be paid within thirty (30) days after the date on which this contract is signed by the Mayor.

3. During the first five (5) years of this contract, an annual sum which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

4. During the succeeding five (5) years of this contract, an annual sum which shall in no case be less than one thousand two hundred dollars (\$1,200), which shall be equal to three and one-half (3½) per cent. of the gross annual receipts of the Company, if such percentage shall exceed the sum of one thousand two hundred dollars (\$1,200).

5. During the remaining five (5) years of this contract, an annual sum which shall in no case be less than one thousand five hundred dollars (\$1,500), and which shall be equal to four (4) per cent. of the gross annual receipts of the Company, if such percentage shall exceed the sum of one thousand five hundred dollars (\$1,500).

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges, as above, shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due on September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date on which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The said annual charges or payments, as above specified, shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, or any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions as to payments, any statute or any condition herein contained to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to

the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the plant and property of the Company used for maintaining and operating an electrical burglar alarm signal system within the streets and highways of the City shall become the property of the City without cost, and the same may be used by the City for any purpose whatsoever.

If, however, at the termination of this grant, as above, the City, by the Board shall so order by resolution, the Company shall on thirty (30) days' notice from the Board remove any and all of its wires, or other electrical conductors, or any portion thereof, from any or all of the streets and public places within the limits of the City, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City, and in strict compliance with all laws or ordinances or departmental rules and regulations, now in force or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electric system shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued such officials may impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues or in private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, connections, instruments and all appurtenances thereto shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to its plants, conduits, wires, connections, instruments and appurtenances, from time to time, as such additions or improvements are necessary in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be required for the operation of the messenger system hereby authorized. No cables or wires shall in the future be strung above the surface of the streets and avenues by the Company and those at present in existence shall be removed, and placed underground when and where required by the Board or the Commissioner of Water Supply, Gas and Electricity.

Ninth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Tenth—The Company shall, upon request from any individual or corporation occupying or owning premises in the territory in which the Company is authorized to operate, not personally in arrears to it for service already rendered, extend its wires to such premises and furnish protection service to such individual or corporation, provided that such premises are not more than one-half mile from any other premises in which the Company has its apparatus installed at the time such request is made.

Eleventh—The Company shall file with the Board on the first day of November in each year a map or plan upon which shall be plainly and separately indicated the number of wires which were in use by the Company on September 30 preceding, and the streets in or over which the same were located, and also those which were put in use during the year preceding that date. It shall also file with the Department of Water Supply, Gas and Electricity on or before the tenth day of each month a map or plan of the locations in which the wires have been placed by it during the preceding month.

Twelfth—The rates to be charged by the Company shall not be in excess of the following and it is agreed that the same may be altered or changed by the Board as hereinafter provided:

1. For burglar alarm protection the sum of three hundred dollars (\$300) per annum for the protection of one entrance to a vault and fifty dollars (\$50) additional per annum for the protection of each additional entrance to the same vault. For the same protection to additional vaults under the same ownership and in the same building, the sum of one hundred and fifty dollars (\$150) per annum for protection of one entrance to each additional vault and the added sum of fifty dollars (\$50) per annum for the protection of each additional entrance to the same vault.

2. For boxes by which the patrol signal to the central station, the sum of two hundred dollars (\$200) per annum for the necessary boxes on any one post and the additional sum of fifty dollars (\$50) per annum for the necessary equipment on each additional post required by the same subscriber.

3. For patrol protection generally, the sum of one hundred dollars (\$100) per annum for each building or other premises so protected.

4. For any other service furnished or to be furnished by the Company, the rates charged shall be reasonable and fair and subject to the approval of the Board.

The Company agrees, upon request of any Board, Department or Bureau of the City government to furnish service to any and all buildings under the control of such Board, Department or Bureau within the territory in which the Company is authorized to operate at rates not to exceed fifty (50) per cent. of the rates charged by the Company to any other individual or corporation for similar service.

Thirteenth—During the term of this contract or any renewal thereof the Board shall have the power to regulate and fix the maximum rates to be charged by the Company in the City, provided such rates shall be reasonable and fair.

Fourteenth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Com-

pany shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Fifteenth—The wires of the Company shall be employed for no other purpose than those expressly set forth herein, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Seventeenth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions in the territory covered by this contract, or any part thereof.

Eighteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City a sum of one hundred dollars (\$100) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

If, for a period of three consecutive months, the burglar alarm system of the Company shall not be operated, or if the same shall not be operated for a period of six months out of any consecutive twelve months, the Board may declare the right and franchise and this contract terminated without further proceedings at law or in equity.

Nineteenth—The Company shall at all times keep accurate books of accounts and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the system hereby authorized from all subscribers served by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twentieth—The Company shall submit a report to the Board not later than November 1 of each year for the year ending September 30 next preceding, and at any other time on request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.

16. The total expenses for operation, including salaries;

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-first—This grant is upon the express condition that the Company, within thirty (30) days after the execution of this contract, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of two thousand dollars (\$2,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of the contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the Company. In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements, furnishing of service to applicants, as herein provided, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events the Company shall pay to the City a penalty of fifty dollars (\$50) for each violation.

The procedure for the imposition and collection of the penalties provided in the grant shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any default made upon the security fund the Company shall, upon ten (10) days' notice pay to the City a sum sufficient to restore said security fund to the original amount of two thousand dollars (\$2,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under

the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-second—In case of any violation or breach of failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which resolution may contain a provision to the effect that the system constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear action may be taken by the Board forthwith.

Twenty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-fourth—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company; or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at City Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fifth—The words "streets and avenues" or "streets or avenues" wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement included within the limits of the territory in which the Company is hereby authorized to operate.

Twenty-sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues of the territory in which the Company is authorized to operate by this contract.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

## PUBLIC SERVICE COMMISSION.

### INVITATION TO CONTRACTORS.

#### PART OF LEXINGTON AVENUE ROUTE.

THE CITY OF NEW YORK, ACTING BY the Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section No. 1-A of the Lexington Avenue Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 1-A. Beginning at a point under Church street, in the Borough of Manhattan, about eighty (80) feet north of the centre line of Dey street and extending thence under Church street, private property, Vesey street and again under private property to Broadway between Vesey and Barclay streets, and thence under Broadway to a point about seventy-five (75) feet south of the centre line of Park place.

The general plan of construction calls for a subsurface railroad having two tracks. For the greater portion of the distance the construction consists of two single-track tunnels, which are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties or ballast.

The work of construction under the contract will include the construction of all necessary sewers and connections along the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning where necessary, of all buildings, monuments, surface, subsurface and elevated railroads and other structures, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and the temporary paving and maintenance of roadways.

The method of construction will be partly by trench excavation under cover, unless otherwise permitted by the Commission, and partly by tunnel as set forth in the form of contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau street, Bor-

ough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of forty (40) months.

**Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 11th day of September, 1912, at twelve (12) o'clock noon, at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.**

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 5, Section No. 1-A," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in the City of New York, satisfactory to the Commission and payable to the order of the Comptroller of the City of New York for the sum of fifteen thousand dollars (\$15,000). Such check must not be enclosed in the envelope containing the proposal.

*The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.*

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond for fifty thousand dollars (\$50,000). At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen per centum (15%) of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal the sum of one hundred thousand dollars (\$100,000). Thereafter there shall be so deducted and retained for such purpose ten per centum (10%) of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five (5) days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved. New York, August 14, 1912.

The general plan of construction calls for a subsurface railroad having two tracks. The details of the construction of the railroad and apportionment are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections, along the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, ways or other subsurface structures; the support and care, including underpinning where necessary, of all buildings, monuments, surface, subsurface and elevated railroads and other structures, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and the temporary paving and maintenance of roadways.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission, as set forth in the form of contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof, and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5.00). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of forty (40) months.

**Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 10th day of September, 1912, at twelve (12) o'clock noon, at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.**

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent, as near as practicable, of the work required, is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 5, Section No. 1," and must be delivered to the Commission or its Secretary; and, in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in the City of New York, satisfactory to the Commission and payable to the order of the Comptroller of the City of New York for the sum of fifteen thousand dollars (\$15,000). Such check must not be enclosed in the envelope containing the proposal.

*The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interest may be rejected.*

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond for seventy-five thousand dollars (\$75,000). At the option of the successful bidder, cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security, fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will

be deducted until the amounts so deducted and retained shall equal the sum of two hundred thousand dollars (\$200,000). Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such if any of the original bidders as in the opinion of the Commission it will be to the best interests of the City to contract with, or may, by new advertisement, invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved. New York, August 6, 1912.
