April 15, 2019

CERTIFICATE 27017

RESOLVED That the Design Commission, having considered designs for the construction of Vanderbilt Plaza and installation of security bollards, One Vanderbilt, Vanderbilt Avenue, 42nd Street, Madison Avenue, and 43rd Street, Manhattan, submitted by the Department of Transportation, represented by exhibits 5308-BR, BS & BT of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that (1) before returning for final review, a revised design will be submitted that includes (a) the final bollard proposal, based on the results of the security-rated removable bollard tests and (b) a widened flat seating area on the planter ledge, using the public plaza guidelines by the Department of City Planning as reference; (2) detailed drawings of the paving pattern will be included in the final submission, per standard procedure; and (3) if the applicant plans to propose an artwork for the site, a proposal for the artwork acquisition process will first be submitted to the Design Commission for review before any artwork is commissioned or purchased.

Preliminary approval is conditioned upon submission of this project for final review and approval before April 15, 2021.

A true copy of resolution adopted by the Design Commission at its meeting on April 15, 2019.

Keri Butler
Deputy Executive Director

April 15, 2019

CERTIFICATE 27018

RESOLVED That the Design Commission, having considered designs for the installation of a shade structure, Beach 59th Street Playground, Rockaway Beach, Shore Front Parkway between Beach 59th Street and Beach 60th Street, Arverne, Queens, submitted by the Department of Parks & Recreation, represented by exhibits 3402-L & M of record in this matter, notes that this project would ideally result in a family of modular structures of various shapes to accommodate different site layouts and provide greater shade coverage; however, given the agency's limited schedule and budget, hereby gives to the same unanimous preliminary approval with the understanding that the Department of Parks & Recreation will (1) work to minimize the structural elements as much as possible; (2) consider the use of aluminum and L-Beams; (3) revise the structure back to a rectangular shape if a family of structures is not possible; (4) increase the slope of the roof as previously shown or revise it to be flat; (5) continue to study the use and function of the solar units; (6) revise the shade structure layout plan, keeping in mind that the structures do not need to follow the curve of a path, but can be placed in a line over a path; and (6) integrate any security requirements into the site to minimize the need for bollards, in consultation with NYPD.

Preliminary approval is conditioned upon submission of this project for final review and approval before April 15, 2021.

A true copy of resolution adopted by the Design Commission at its meeting on April 15, 2019.

Keri Butler
Deputy Executive Director

Laurie Hawkinson, Manuel Miranda, Richard Moore, Signe Nielsen, Ethel Sheffer, Hank Willis Thomas, Shin-pei Tsay, Mary Valverde, Commissioners

April 15, 2019

CERTIFICATE 27019

RESOLVED That the Design Commission, having considered designs for the installation of a shade structure, Beach 98th Street Playground, Rockaway Beach, Shore Front Parkway between Beach 98th Street and Beach 101st Street, Rockaway Park, Queens, submitted by the Department of Parks & Recreation, represented by exhibits 2530-HS & HT of record in this matter, notes that this project would ideally result in a family of modular structures of various shapes to accommodate different site layouts and provide greater shade coverage; however, given the agency's limited schedule and budget, hereby gives to the same unanimous preliminary approval with the understanding that the Department of Parks & Recreation will (1) work to minimize the structural elements as much as possible; (2) consider the use of aluminum and L-Beams; (3) revise the structure back to a rectangular shape if a family of structures is not possible; (4) increase the slope of the roof as previously shown or revise it to be flat; (5) continue to study the use and function of the solar units; (6) revise the shade structure layout plan, keeping in mind that the structures do not need to follow the curve of a path, but can be placed in a line over a path; and (7) integrate any security requirements into the site to minimize the need for bollards, in consultation with NYPD.

Preliminary approval is conditioned upon submission of this project for final review and approval before April 15, 2021.
