Each estimate must contain the name and place of
residence of the person making the same, the names of all
persons interested with him therein, and if no other per-
son be so interested it shall distinctly state that fact.
That it is made without any connection with any other
person making an estimate for the same work, and is in
all respects fair and without collusion or fraud. That no
member of the Common Council, head of a department,
chief of a bureau, deputy thereof, or clerk therein, or
other officer of the Corporation, is directly or indirectly
interested in the estimate or in the work to which it re-
lates or in the profits thereof.

Each estimate must be verified by the oath, in writing,
of the party making the same, that the several matters
therein stated are true, and must be accompanied by the
consent, in writing, of two householders or free-
holders in the City of New York, to the effect that if the
contract is awarded to the person making the estimate,
they will, upon its being so awarded, become bound as his
sureties for its faithful performance; and that if he
shall refuse or neglect to execute the same, they will
pay to the Corporation any difference between the sum
to which he would be entitled upon its completion and
that which the Corporation may be obliged to pay to the
person to whom the contract shall be awarded at any
subsequent letting; the amount to be calculated upon
the estimated amount of the work by which the bids
are tested.

The consent last above mentioned must be accom-
panied by the oath or affirmation, in writing, of each of
the persons signing the same, that he is a householder
or freeholder in the City of New York, and is worth the
amount of the security required for the completion of the
contract, over and above all his debts of every nature,
and over and above his liabilities as bail, surety, or
otherwise, and that he has offered himself as surety in
good faith, with the intention to execute the bond re-
quired by law.

No estimate will be considered unless accompanied by
either a certified check upon one of the State or National
banks of the City of New York, drawn to the order of
the Comptroller, or money, to the amount of five per
centum of the amount of the security required for the
faithful performance of the contract. Such check or
money must not be inclosed in the sealed envelope
containing the estimate, but must be handed to the
officer or clerk of the Department who has charge of the
estimate-box, and no estimate can be deposited in said
box until such check or money has been examined by
said officer or clerk and found to be correct. All such
deposits, except that of the successful bidder, will be
returned to the persons making the same within three
days after the contract is awarded. If the successful
bidder shall refuse or neglect, within five days after
notice that the contract has been awarded to him, to
execute the same, the amount of the deposit made by
him shall be forfeited to and retained by the City of
New York as liquidated damages for such neglect or
refusal; but if he shall execute the contract within the
time aforesaid, the amount of the deposit will be
returned to him.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.
Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.
Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for his faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the surety offered to be approved by the Comptroller of the City of New York. No bid or estimate will be considered unless accompanied by either a certified check upon one of the

State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.
Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

The bid or estimate must be verified by the oath, in writing, of the party making the same, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all parties interested.

N.B.—The price must be written in the bid and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are called herein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioners of the Fort Washington Ridge Road to reject any or all bids which they may deem prejudicial to the public interests. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Corporation.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation of the City of New York any difference between the sum to which he would be entitled on its completion and that which the said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in these proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of the City of New York.

The successful bidder will be strictly held to the time bid for the completion of the work and to the conditions of the Specifications.

The Surveyor's estimate of the nature and extent of the work to be done and materials to be furnished is as follows:

7,077 cubic yards of earth excavation.
8,000 cubic yards of rock excavation.
3,000 cubic yards of embankment to furnish.
1,472 cubic yards of dry masonry.

N.B.—As the above-mentioned quantities, though stated with as much accuracy as is possible in advance, are approximate only, bidders are required to submit their estimate upon the following express conditions, which shall apply to and become part of every estimate received.

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work and by such other means as they may choose, as to the accuracy of the foregoing estimate, and shall not, at any time after the submission of an estimate, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the depth of the excavation to be made, or the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Commissioners and in substantial accordance with the specifications hereto annexed and the plans therein referred to. No extra compensation, beyond the amount payable for the several classes of work before enumerated which shall be actually performed, at the prices therefor to be speci-

fied by the lowest bidder, shall be due or payable for the entire work.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of one thousand dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Chairman of the Commission, and no estimate can be received until such check or money has been examined by said Chairman and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders will state in their estimates the PRICE for excavating earth, per cubic yard; the price for excavating rock, per cubic yard; the price for embankment, per cubic yard; the price for dry masonry, per cubic yard; they will also state the time required for the completion of the whole work, which will be tested at the rate of THREE DOLLARS AND FIFTY CENTS per day; it being understood that the time so bid refers to the aggregate time of such Inspectors as may be appointed upon the work, on days specified as working days, according to the terms of the annexed agreement, and not to single consecutive days; and that the damages specified in the contract will be exacted for each and every day that the said aggregate time of the Inspectors who may be employed on the work may exceed the time stipulated for the completion of the whole work.

The following allowance will be made to the Contractor for Inspectors' time where the amount of work returned on the completion of the contract exceeds the amount estimated in the specifications; one day for every 25 cubic yards of Rock Excavation over and above the amount estimated; one day for every 50 cubic yards of Earth Excavation over and above the amount estimated.

Bidders are required to write out the amount of their bids, in addition to inserting the same in figures.

Bidders are particularly cautioned that a provision in the contract authorizes the sum of TWENTY-FIVE CENTS per linear foot of the work done under this agreement to be retained out of the contract moneys, as security for keeping the whole work, when completed, in good order for a period of six months from the date of its acceptance by the Commissioners of the Fort Washington Ridge Road, which shall be finally accepted upon the completion of the work, not including in the computation of the said period the months of December, January, February and March.

N.B.—Boulders, bladed rock or broken stone will not be allowed for as rock, but must be included in the earth excavated, unless they are of a size to require blasting in order to be removed, which fact will be determined by the Engineer. No soft or disintegrated rock that can be properly removed with a pick will be allowed for as rock.

The amount of SECURITY required for the faithful performance of the contract for the above work will be \$5,000.

The Contractor to notify the Commissioners of the Fort Washington Ridge Road, and the Surveyor, in writing, before commencing the work.

Work or materials not specified and for which a price is not fixed in the contract, will not be allowed for.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from this Commission.

Blank forms of estimates and further information if required can be had on application at this office.

The form of agreement, including the specifications, is annexed.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. WILLIAM H. CLARK,

No. 2 Tryon Row, New York City.

In the matter of the application of the Counsel to the Corporation of the City of New York, upon the written request of the Department of Public Parks of the said City of New York, for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, to acquire title to certain lands, property, rights, terms, easements and privileges necessary to be acquired for a public driveway, pursuant to the provisions of chapter 102 of the Laws of 1893, entitled "An act to lay out, establish and regulate a public driveway in the City of New York."

NOTICE IS HEREBY GIVEN THAT WE, THE undersigned, George C. Coffin, Matthew Chalmers and Henry Hughes, were appointed Commissioners of Estimate and Assessment under the provisions of chapter 102 of the Laws of 1893, by an order of the Supreme Court duly made and filed in the office of the Clerk thereof in the City and County of New York on the 25th day of May, 1893.

That we have severally duly taken and subscribed the oath required by section 5 of said chapter 102 of the Laws of 1893, which said oath so taken and subscribed as aforesaid was duly filed in the office of the Clerk of the City and County of New York on the 1st day of June, 1893.

A brief statement of the purposes for which we have been appointed is as follows:
