Present—John Jeroloman, Acting Mayor; Ashbel P. Fitch, Comptroller; John H. Campbell, Deputy Chamberlain, and William M. K. Olcott, Chairman Committee on Finance, Board of Aldermen.

The minutes of the meetings held on June 28, 1895, and July 2, 1895, were read and approved.

The Comptroller presented the following report and a resolution for the redemption of \$670,000 Armory Bonds:

FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, July 18, 1895.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Bonds of the City of New York to the amount of \$670,000, known as three per cent. Armory Bonds, fall due on August 15, 1895. These bonds, under the provisions of section 192 of the New York City Consolidation Act of 1882, are redeemable out of the Sinking Fund.

I submit herewith for adoption a resolution authorizing the Comptroller to redeem the same from the Sinking Fund for the Redemption of the City Debt.

Respectfully, ASHBEL P. FITCH, Comptroller.

Whereas, Certain bonds of the City of New York, known as three per cent. Armory Bonds, to the amount of six hundred and seventy thousand dollars (\$670,000), payable from the Sinking Fund, pursuant to section 192 of the New York City Consolidation Act of 1882, become due and payable on August 15, 1895;

Resolved, That the Commissioners of the Sinking Fund do hereby authorize and direct the Comptroller of the City of New York to pay and redeem from the Sinking Fund for the Redemption of the City Debt said three per cent. Armory Bonds, amounting to the sum of six hundred and seventy thousand dollars (\$670,000), and becoming due and payable on the 15th of August, 1895.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Counsel to the Corporation for new offices for the Corporation Attorney:

OFFICE OF THE COUNSEL TO THE CORPORATION, NEW YORK, July 10, 1895.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The present offices occupied by the Corporation Attorney are wholly unsuited for the business conducted by him. They are in an extremely dilapidated condition and are altogether unfit for occupancy and inconvenient of access. I have been convinced for a long time that some arrangement should be made whereby proper accommodation could be furnished for that Bureau. I inclose herewith an offer made by Messrs. Ruland & Whiting to lease certain offices in the building known as Temple Court, at Nos. 119 and 121 Nassau street, for the use of the Bureau.

These offices are well located, are adequate for the purpose, and I have every reason to believe that the rent requested is reasonable.

I consider that the interests of the City would be well served if these or some other suitable offices could be provided for the use of the Corporation Attorney, as I feel quite confident that he could largely increase the revenue which he collects for the City if he and his clerks and assistants were properly provided with offices.

Yours very truly, FRANCIS M. SCOTT, Counsel to the Corporation.

The following communication was received from the Public Administrator for new offices:

BUREAU OF THE PUBLIC ADMINISTRATOR, NEW YORK, July 10, 1895.

To the Commissioners of the Sinking Fund of the City of New York:

GENTLEMEN—For a long time the offices occupied by the Bureau of the Public Administrator have been unfit and inadequate for the business of the Bureau.

I inclose an application to lease certain offices at No. 119 Nassau street to the City for the business of my Bureau. The offices are adequate and I respectfully request your Honorable Board to make a lease of the premises upon the terms stated in the application.

Very respectfully, WILLIAM M. HOES, Public Administrator,
per FRANK W. ARNOLD, Ass't Pub. Adm'r.

In connection therewith the Comptroller presented the following report and resolution for lease of offices in Temple Court, Nos. 119 and 121 Nassau street:

FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, July 18, 1895.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I present herewith a communication from the Counsel to the Corporation requesting the Commissioners of the Sinking Fund to authorize the lease of certain offices in the building known as Temple Court, at Nos. 119 and 121 Nassau street, for the use of the Bureau of the Corporation Attorney. I also transmit a similar application made by the Public Administrator.

From the examination which I have made I find that these premises are suitable to the needs of these two Bureaus, the rooms being well ventilated and lighted, and conveniently located in a fire-proof building. The area of each set is about 1,400 square feet, and the owners are willing to make such changes and additions, at their own expense, as may be required, and to push the work as rapidly as possible, so that the offices may be ready for occupation by August 1. The rent asked (\$2,000 for each floor) includes heat, light and janitor's service, and is, in my opinion, a fair and reasonable charge.

I therefore submit for adoption the following resolution authorizing the lease of these premises for the purposes above mentioned for a term expiring May 1, 1900.

Respectfully, ASHBEL P. FITCH, Comptroller.

Resolved, That the Counsel to the Corporation be and is hereby requested to prepare leases of offices in the building known as Temple Court, at Nos. 119 and 121 Nassau street, for the use of the Bureau of the Corporation Attorney, and of the Public Administrator, as shown on the diagrams this day submitted to the Commissioners of the Sinking Fund, for a term expiring May 1, 1900, at an annual rental of two thousand dollars (\$2,000) for the offices used by each of said Bureaus, said leases to be on the usual terms and conditions; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such leases should be made, the Comptroller is hereby authorized and directed to execute the same, when prepared and approved by the Counsel to the Corporation, as provided by sections 123 and 181 of the New York City Consolidation Act of 1882.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Clerk of the Common Council:

(In Common Council) Resolved, That permission be and the same is hereby given to Estate

of John Wolfe to lay two iron pipes three and a-half inches and two inches in diameter, respectively, inclosed in an eight-inch cast-iron pipe for conducting steam, heat and power from the "John Wolfe Building" on the east side of William street, from Liberty street to Maiden Lane, as shown on the accompanying diagram, upon payment to the City as compensation for the privilege such amount as may be determined as an equivalent by the Commissioners of the Sinking Fund, provided the said Estate of John Wolfe shall stipulate with the Commissioner of Public Works to save the City harmless from any loss or damage that may be occasioned by the exercise of the privilege hereby granted during the progress or subsequent to the completion of laying said pipes, the work to be done and materials supplied at their own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen May 7, 1895, a majority of all the members elected voting in favor thereof. Approved by the Mayor May 15, 1895.

WM. H. TEN EYCK, Clerk of the Common Council.

In connection therewith the Comptroller presented the following:

FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, July 18, 1895.

To the Commissioners of the Sinking Fund:

GENTLEMEN—By a resolution of the Board of Aldermen adopted May 7, 1895, and approved by the Mayor May 15, 1895, permission was given the Estate of John Wolfe to lay two iron pipes 3½ and 2 inches in diameter respectively, inclosed in an 8-inch cast-iron pipe for conducting steam heat and power from the "John Wolfe Building," on the east side of William street, from Liberty street to Maiden Lane, as shown on a diagram herewith submitted, upon payment to the City as compensation for the privilege such amount as may be determined upon as an equivalent therefor by the Commissioners of the Sinking Fund, provided the said Estate of John Wolfe shall stipulate with the Commissioner of Public Works to save the City harmless from any loss or damage that may be occasioned by the exercise of the privilege thereby given during the progress or subsequent to the completion of laying said pipe.

From an examination made by the Assistant Engineer of the Finance Department, whose report is herewith submitted, it appears that \$41 per annum would be a fair charge for the privilege, with a fee of \$10 for opening the street.

I accordingly submit the following resolution for such action as the Commissioners of the Sinking Fund may deem advisable.

Respectfully, ASHBEL P. FITCH, Comptroller.

Resolved, That the compensation to be paid to the City by the Estate of John Wolfe for the privilege of laying an eight (8) inch cast-iron pipe inclosing two iron pipes for conducting steam heat and power from the "John Wolfe Building," on the east side of William street, from Liberty street to Maiden Lane, shall be forty-one dollars (\$41) per annum, and a fee of ten dollars (\$10) for opening the street, to be paid to the Department of Public Works, the opening of the street and the relaying of the pavement to be done at the expense of said Estate of John Wolfe, under the direction of the Commissioner of Public Works, and subject to such conditions as he shall prescribe; provided also, that the said Estate of John Wolfe shall give a satisfactory bond for the faithful performance of all conditions prescribed by the said Commissioner of Public Works, and by a resolution of the Board of Aldermen passed May 7, 1895, and approved by the Mayor May 15, 1895, said bond to be approved by the Comptroller and filed in his office; and provided, further, that the right be reserved to revoke such permission at any future time, if necessary, in the interest of the City.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Clerk of the Common Council:

(In Common Council) Resolved, That permission be and the same is hereby given to H. O. Havemeyer to construct a tunnel for the purpose of conducting steam, water, gas or electricity across Crosby street, from Nos. 115-117 Crosby street immediately across to the property formerly occupied by the Metropolitan Hotel, as shown upon the accompanying diagram, upon payment to the City as compensation for the privilege such amount as may be deemed an equivalent by the Commissioners of the Sinking Fund, provided the said H. O. Havemeyer shall stipulate with the Commissioner of Public Works to save the City harmless from any loss or damage that may be occasioned by the exercise of the privilege hereby given during the progress or subsequent to the completion of the work of constructing said conduit or tunnel, the work to be done at his own expense, under the direction of the Commissioner of Public Works, such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen July 2, 1895, a majority of all the members elected voting in favor thereof. Approved by the Mayor July 5, 1895.

WM. H. TEN EYCK, Clerk of the Common Council.

In connection therewith the Comptroller presented the following:

FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, July 18, 1895.

To the Commissioners of the Sinking Fund:

GENTLEMEN—By a resolution of the Board of Aldermen adopted July 2, 1895, and approved by the Mayor July 5, 1895, permission was given H. O. Havemeyer to construct a tunnel for the purpose of conducting steam, water, gas or electricity, across Crosby street, from Nos. 115 and 117 Crosby street, immediately across to the property formerly occupied by the Metropolitan Hotel, as shown on a diagram herewith submitted, upon payment to the City as compensation for the privilege such amount as may be determined upon as an equivalent therefor by the Commissioners of the Sinking Fund; provided the said H. O. Havemeyer shall stipulate with the Commissioner of Public Works to save the City harmless from any loss or damage that may be occasioned by the exercise of the privilege thereby given during the progress or subsequent to the completion of the construction of said tunnel.

From an examination made by the Engineer of the Finance Department, whose report is herewith submitted, it appears that \$800 per annum would be a fair charge for the privilege, with a fee of \$100 for opening the street.

I accordingly submit the following resolution for such action as the Commissioners of the Sinking Fund may deem advisable.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That the compensation to be paid to the City by H. O. Havemeyer for the privilege of constructing a tunnel for the purpose of conducting steam, water, gas or electricity across Crosby street, from Nos. 115 and 117 Crosby street, immediately across to the property formerly occupied by the Metropolitan Hotel, shall be eight hundred dollars (\$800) per annum, and a fee of one hundred dollars (\$100) for opening the street, to be paid to the Department of Public Works, the opening of the street and the relaying of the pavement to be done at the expense of said H. O. Havemeyer, under the direction of the Commissioner of Public Works, and subject to such conditions as he shall prescribe; provided, also, that the said H. O. Havemeyer shall give a satisfactory bond for the faithful performance of all conditions prescribed by the said Commissioner of Public Works, and by a resolution of the Board of Aldermen passed July 2, 1895, and approved by the Mayor July 5, 1895, said bond to be approved by the Comptroller and filed in his office; and provided, further, that the right be reserved to revoke such permission at any future time, if necessary, in the interest of the City.

The report was accepted and the resolution unanimously adopted.

The Comptroller offered the following resolution:

Resolved, That, subject to the approval of the Commissioner of Public Works, permission be and is hereby granted for the removal of the steam-pipe laid from No. 210 East One Hundred and Twentieth street to Nos. 225 and 227 East One Hundred and Twentieth street; said work to be done under the direction of said Commissioner, and the permit approved by the Commissioners of the Sinking Fund on August 3, 1891, being hereby revoked.

Which was unanimously adopted.

The Comptroller reported orally on the application of the Commissioner of Street Cleaning for lease of store No. 1950 Second avenue (Minutes, June 12, 1895, page 138), and offered the following:

Resolved, That, in pursuance of the provisions of section 705 of the New York City Consolidation Act of 1882, as amended by chapter 368 of the Laws of 1894, the Commissioner of Street Cleaning be and is hereby authorized to enter into a lease with Philip Ebling, of the premises known as the store on the north side of the building No. 1950 Second avenue, between One Hundredth and One Hundred and First streets, for the term of three years from May 15, 1895, at a yearly rental of three hundred and sixty dollars (\$360); and the Counsel to the Corporation is requested to prepare the said lease and indorse it with his approval as to form.

Which was unanimously adopted.

The following communication was received from the Counsel to the Corporation:

OFFICE OF THE COUNSEL TO THE CORPORATION, NEW YORK, July 9, 1895.

Hon. ASHBEL P. FITCH, Comptroller:

SIR—I am in receipt of your communication of June 25, 1895, inclosing certified copy of a resolution adopted by the Commissioners of the Sinking Fund on June 12, 1895, which provides that the Counsel to the Corporation be requested to give his opinion as to the power of the Commissioners to furnish the Health Department with steel cases for the reception, care and preservation of their records in the New Criminal Court Building, and asking my opinion as to power of the Commissioners, under section 5 of chapter 371 of the Laws of 1887, to furnish such cases.

By the terms of the act in question the Commissioners of the Sinking Fund are authorized "to erect a building for criminal courts and other public purposes, * * * sufficient to accommodate * * * such * * * officers and departments as the commissioners shall designate and appoint to occupy the said building, and the said commissioners of the sinking fund are hereby authorized and empowered to designate what officers and departments * * * shall be accommodated * * * in the aforesaid building when completed."

The completion of a building of the character of the New Criminal Court-house, means when it is ready for occupancy; when all that is necessary for the accommodation of the various officers and departments has been done. Incidentally the general power to complete implies that the Sinking Fund shall furnish and supply all that is requisite to the proper enjoyment of the various officers and departments who occupy offices and rooms in the building.

The records of the Health Department are of great importance, and, in my opinion, it is eminently proper that some provision should be made for their care and safe keeping.

Viewing the subject in this light I think it may be fairly said that under the provisions of the act in question the Sinking Fund has the power to supply the Health Department with the steel cases.

Respectfully yours,

FRANCIS M. SCOTT, Counsel to the Corporation.

Which was laid over for further consideration.

The following communication was received from the Clerk of the Board of Education:

OFFICE OF THE BOARD OF EDUCATION, NEW YORK, July 9, 1895.

(In Board of Education, July 1, 1895.) Commissioner Holt presented a report from the Committee on Sites and New Schools, to which was referred the application of the School Trustees of the Nineteenth Ward, asking this Board to apply to the Sinking Fund Commissioners for one lot 25 feet on Lexington avenue by 100 feet deep, on the south side of Grammar School No. 76; stating, that this lot is City property, and the acquisition of it by this Board is deemed necessary to preserve the light and ventilation of Grammar School No. 76.

Your Committee recommends that the application of the Trustees be approved, and submits for adoption the following resolution:

Resolved, That the Board of Education hereby makes application to the Commissioners of the Sinking Fund for the transfer of the lot twenty-five feet on Sixty-eighth street by one hundred

feet deep, on the east side of Grammar School No. 76, such lot being required for the light and ventilation of said Grammar School No. 76.

CHAS. L. HOLT, J. A. GOULDEN, DANIEL E. MCSWEENEY, M. D., Committee on Sites and New Schools.

Extract from the minutes.

Which was referred to the Comptroller.

Resolved, That permission be and is hereby extended to the Fire Department to remain in possession of the premises Nos. 604 and 606 West Forty-third street, occupied by Engine Company No. 2, for one month from July 15, 1895, at a monthly rental of twenty-five dollars (\$25), and that the Comptroller be and hereby is authorized to pay said rental upon proper vouchers of the Fire Department.

Which was unanimously adopted.

DEPARTMENT OF PUBLIC WORKS, NEW YORK, August 7, 1895.

To the Board of Estimate and Apportionment:

GENTLEMEN—Some years ago the City of New York erected a soldiers' monument in Calvary Cemetery, at Long Island City. It is now in danger of being irreparably damaged, as will be seen by the report of Mr. John C. Graham, Superintendent of Repairs and Supplies of this Department.

There is no more sacred duty devolving upon the present generation than that of keeping fresh the memory of the gallant volunteers whose sacrifices preserved the Union, and the monument which has been erected to testify the people's gratitude ought forever to be protected from injury. I respectfully recommend that such action may be taken by your Board as will enable this Department to make the change recommended by Mr. Graham.

Respectfully, yours, WM. BROOKFIELD.

Referred to the Comptroller.

DEPARTMENT OF PUBLIC WORKS, NEW YORK, August 5, 1895.

The Honorable WILLIAM L. STRONG, Mayor, and Chairman, Board of Estimate and Apportionment:

DEAR SIR—It is my desire to consolidate the Bureau of Street Improvements with that of the Water Purveyor. At present the office of Superintendent of Street Improvements is vacant, and the services of Mr. W. M. Dean having been dispensed with on the 1st instant, and the duties of his office are now being performed by Mr. Stevenson Towle, our "Consulting Engineer."

I respectfully ask that the following resolution may be passed by your Board:
Resolved, That the Commissioner of Public Works be and he is hereby authorized to consolidate the "Bureau for Grading, Flagging, Curbing and Guttering Streets," with the "Bureau for Laying Water-pipes and the Construction and Repair of Sewers, Wells and Hydrants, Paving and Repaving Streets," the chief officer of which is the Water Purveyor.

I refer you to section 48 of chapter 410, Laws of 1882 (Consolidation Act, page 18).

Yours, very truly, WM. BROOKFIELD, Commissioner Public Works.

Referred to the Counsel to the Corporation.

The Mayor laid before the Board a copy of a presentment of the Grand Jury of July, 1895, calling attention to the necessity for increased accommodations for prisoners in the Tombs, and requesting that a copy of the same be furnished to each of the Commissioners of Charities and Correction, and members of the Board of Estimate and Apportionment. Laid over.

The following communication was received:

DEPARTMENT OF STREET CLEANING, NEW YORK, August 8, 1895.

Hon. WILLIAM L. STRONG, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I respectfully request that the minutes of the Board of Estimate and Apportionment, held June 25, 1895, be corrected, so that my statement read as I then made it, to wit:

"But I stopped that extra cost before I had impaired the ability of the department to maintain the condition of 1894, and not 'that I have.'"

I inclose extract from the minutes showing correction I desire made.

Respectfully, GEO. E. WARING, Jr., Commissioner of Street Cleaning.

(Inclosure.)

On motion, the request was granted.

On motion, the Board adjourned.

EDWARD P. BARKER, Secretary.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security or the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of FIVE THOUSAND (\$5,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom

the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract. The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office, No. 66 Third avenue; and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interests of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received: 1st. Bidders must satisfy themselves by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks that any part or portion of the dredging herein mentioned is required. The dredging to be done under this contract will be in slips or portions of slips between the Battery and West Thirty-fourth street, on the North river, and is to be done, from time to time, and in such quantities and at such times as may be directed by the Engineer. And all the work under this contract is to be fully completed on or before the 1st day of January, 1896.

The damages to be paid by the contractor for each day that the contract, or any part thereof that may be ordered or directed by the Engineer, may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state that fact; also, that the estimate is made without any connection with any other person making any estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. ESTIMATES FOR DREDGING ON THE NORTH river will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

TUESDAY, AUGUST 27, 1895,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Seven Thousand Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged is as follows:

Mud dredging, about.....100,000 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received: 1st. Bidders must satisfy themselves by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks that any part or portion of the dredging herein mentioned is required. The dredging to be done under this contract will be in slips or portions of slips between West Thirty-fourth and West One Hundred and Thirty-fourth streets, on the North river, and is to be done from time to time, and in such quantities and at such times as may be directed by the Engineer. And all the work done under this contract is to be fully completed on or before the 1st day of November, 1895.

The damages to be paid by the contractor for each day that the contract, or any part thereof that may be ordered or directed by the Engineer, may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per cubic yard, for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it is accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless

accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.
