## DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

### Report for the Quarter Ending June 30, 1904.

Department of Water Supply, Gas and Electricity,  
Commissioner's Office, Nos. 13 to 21 Park Row,  
New York, February 18, 1905.

Hon. GEORGE B. McCLELLAN, Mayor:

Dear Sir—In accordance with the requirements of section 1544 of the Charter, I beg to submit herewith a report of the transactions of the Department of Water Supply, Gas and Electricity for the quarter ending June 30, 1904, made up as follows:

Report of the Acting Chief Engineer for boroughs of Manhattan and The Bronx, Queens and Richmond, marked "Document No. 1."

Report of Engineer of Surface Construction, boroughs of Manhattan and The Bronx, marked "Document No. 2."

Report of Electrical Engineer, boroughs of Manhattan and The Bronx, marked "Document No. 3."

Report of Chief Engineer, Borough of Brooklyn, marked "Document No. 4."

Report of Bureau of Distribution and Repairs, Borough of Brooklyn, marked "Document No. 5."

Report of the Deputy Commissioner for the Borough of Richmond, marked "Document No. 6."

Report of the Deputy Commissioner for the Borough of Queens, marked "Document No. 7."

Report of Electrical Bureau for the Borough of Brooklyn, marked "Document No. 8."

Report of Bureau of Lamps and Lighting, marked "Document No. 9."

Respectfully,

FRANK J. GOODWIN, Deputy and Acting Commissioner.

Following are reports of the Water Register Bureaus for the several boroughs:

### BOROUGH OF MANHATTAN.

New York, October 25, 1904.

Hon. JOHN T. OAKLEY, Commissioner of Water Supply, Gas and Electricity:

Dear Sir—I herewith transmit statement of moneys received for water rents, penalties, taps, permits, etc., in the Borough of Manhattan for the quarter ending June 30, 1904:

	Principal.	Penalties.	Total.

Respectfully submitted,  
THOMAS M. LYNCH, Water Register.

## BOROUGH OF BROOKLYN.

July 6, 1904.

Hon. JOHN T. OAKLEY, Commissioner of Water Supply, Gas and Electricity:

Dear Sir—I have the honor to transmit herewith a detailed statement of the receipts for water rents for the quarter ending June 30, 1904, and the receipts for the corresponding term of 1903.

At the beginning of the water year, May 1, I restored the Cashier's blotter, known as the tickler, in the cash room, which had been discontinued by the previous Registrar, for which he substituted an adding machine; this tickler simplifies and checks off the receiving of payments. Since May 1 the cash books have been balanced each day within ten minutes of the closing of the Cashier's window, whereas last year the accounts were seldom balanced inside of an hour, and often a longer time was required.

I also introduced a detailed statement of daily receipts, made up from the stubs after leaving the cash room, which provides an additional check on the receipts.

The new system has proved very satisfactory; the receipts for May and June, 1904, exceed the receipts for the same period of 1903 by \$114,073.06, without an error or correction on the cash books, and without any waiting on the part of the taxpayers, while last year many corrections were found necessary after the accounts were closed. In addition to these corrections made last year several receipted bills have been presented recently which had been omitted from the cash books through error. The present system will, I am confident, prevent any such occurrence in the future.

A slight change in the system of stamp payments will, I believe, prevent the recurrence of errors in this branch.

Respectfully,

WM. R. MCGUIRE, Water Registrar.

## Statement of Receipts for the Quarter Ending June 30, 1904.

	Annual Frontage Rates.	Meter and Shipping Charges.	Penalties.	Permits for Building Purposes.	Repairs, Labor and Material.	Permits for Tapping Mains.	Total.

## DOCUMENT I.

Department of Water Supply, Gas and Electricity,  
Bureau of Chief Engineer,  
New York, September 29, 1904.

Hon. JOHN T. OAKLEY, Commissioner:

Dear Sir—Herewith please find report of the operations of the Bureau of Chief Engineer of the boroughs of Manhattan, The Bronx, Queens and Richmond, for the quarter ending June 30, 1904:

## BOROUGH OF MANHATTAN AND THE BRONX.

## Daily Consumption of Water.

## 1. Observed Average Daily Flow of Croton River—

Sum of Aqueduct flow and waste over dam, with no correction for lowering or refilling of storage reservoirs:

April .....	567,000,000
May .....	303,000,000
June .....	311,000,000

Average per day in second quarter..... 392,000,000

## 2. Natural Average Daily Flow—

Computed from observed flow by deducting the quantity corresponding to lowering of storage reservoir or adding the quantity taken to refill, without allowing loss for evaporation loss from storage reservoirs:

April .....	627,000,000
May .....	315,000,000
June .....	236,000,000

Average per day in second quarter..... 392,000,000

## 3. Average Daily Flow of Croton River at New Croton Dam, exclusive of Storage—

Computed from natural flow at old dam for the given year and month by adding 6.4 per cent. for increase in drainage area and deducting an allowance for the evaporation loss caused by substituting water surface for land surface in the new reservoirs:

April .....	663,000,000
May .....	326,000,000
June .....	241,000,000

Average per day in second quarter..... 409,000,000

## 4. Computed Natural Flow of Croton River at New Croton Dam—

Total number of gallons delivered in each month, exclusive of storage draft. The figures here are the monthly aggregates of the daily flow given under No. 3:

April .....	19,890,000
May .....	10,106,000
June .....	7,230,000

Total for second quarter..... 37,226,000

## 5. Average Daily Flow per Square Mile of—

Total drainage area at New Croton Dam. Computed by dividing quantities of No. 3 by 360.4 square miles; in gallons per 24-hour day:

April .....	1,840,000
May .....	905,000
June .....	669,000

Average per day in second quarter..... 1,135,000

## 6. Average Daily Consumption of—

Croton water for each month:

April .....	279,000,000
May .....	285,000,000
June .....	301,000,000

Average per day in second quarter..... 289,000,000

## 7. Waste Over Old Croton Dam—

April .....	8,778,000,000
May .....	665,000,000
June .....	429,000,000

Total waste of water over dam in second quarter..... 9,872,000,000

## 8. Rainfall on Croton Watershed—

In total inches, depth each month, being the average of the rain gauges recorded at Croton Dam, Boyd's, Carmel, Muscote, Middle Branch, Titicus and East Branch Reservoirs:

April .....	4.26
May .....	4.01
June .....	2.37

Total in second quarter..... 10.64

In the Bronx and Byram Shed the rainfall was:

	Inches.
April .....	4.23
May .....	2.12
June .....	2.56

Total for second quarter..... 8.91

The average daily consumption of water from the Bronx system was:

	Mill. Gals.
April .....	17.6
May .....	18.6
June .....	19.8

Total from Bronx and Byram..... 56

Adding to the amounts drawn from the Croton and Bronx system, water obtained from the City of Yonkers and the New York and Westchester Water Company, the total daily consumption in the two boroughs is:

## Consumption for Second Quarter of 1904.

	April.	May.	June.
Million Gallons.			
Croton water .....	279	285	301
Outflow from Kensico Reservoir.....	17.6	18.6	19.8
Westchester Water Company, Pelham Park Station.....	.....	.....	0.25
Westchester Water Company, at West Mt. Vernon Station....	0.74	0.74	0.73
Yonkers Water Company.....	0.05	0.03	0.06
Total consumption per day for second quarter....	297.39	304.37	321.84

## COUNTY DIVISION.

## CROTON BASIN.

## (Putnam County.)

The highways around the Middle Branch Reservoir have been repaired; culverts cleaned.

Flashboards were replaced on the lip of overfall.

The grass on slope of the dam has been cut and weeds on property near the dam and along roads are being cut. Gates and pipe tunnel cleaned frequently. Men detailed at Middle Branch Reservoir patrol the shore of reservoir and the Middle Branch to its junction with West Branch. Highways across embankments in West Branch Reservoir repaired; stone fence and post and rail fence repaired. Gate-houses, etc., cleaned and kept in order. Men detailed at West Branch Reservoir patrol the reservoir shores, West Branch Croton to Westchester County line, and around Lakes Gilead and Gleneida, Middle Branch Croton to Dutchess County line and Whang brook. Gate-houses cleaned and roofs painted; gates cleaned. Grass on embankments of dams cut, and weeds along river and on shore of reservoir being cut.

At Boyd's Corners Reservoir the property in front of the dam has been mowed and weeds are being cut around reservoir; stop-cocks and chambers have been kept in good order. Men detailed here patrol outlet White pond, Black Pond brook, Cold Spring brook and shores of the reservoir.

## Mahopac Village.

All the buildings on City land have been destroyed, and fence builders are now removing stone from cellars, which will permit of the ground being graded. Weeds on City land are being cut.

## Mahopac Falls.

All the buildings except three (3) that were on property acquired by the Muscote Commission have been destroyed.

The flumes and channel walls at outlets of Lakes Gilead, Gleneida, Barrett and White pond are in good repair. Also the channels and flumes at Mahopac and Kirk lakes.

The electrozone plant at Brewster, N. Y., has been run continuously during the quarter; the upright boiler was covered with asbestos.

Samples of water from the lakes and reservoirs have been taken weekly and sent to the Katonah Laboratory.

The contract for paving, etc., at East Branch Reservoir is progressing very slowly.

The contractor for building fences around Cranberry pond and outlet has continued his work.

The work of cutting bushes on the banks of Reservoirs East Branch and Bog Brook has been in progress, opening and closing gates to control the water, removing dead trees, oiling and cleaning screws of stop-cocks, painting tool-houses, carting salt to electrozone plant, collecting samples of water from reservoirs and streams, sending same to Mt. Prospect and Katonah Laboratory, painting iron railing on Sodom Dam, painting iron work in gate-houses, placing in position the gauges for measuring water, building stone-wall fence and placing of posts and wire fence, cutting grass along the highway and on City property.

## (WESTCHESTER COUNTY DIVISION.)

The roads, reservoirs, etc., have been kept in good condition. Water samples have been collected weekly from the reservoirs and streams and have been sent to the laboratories at Katonah and Brooklyn. The sides of the roads within the limits of the City property have all been cut according to law. A sanitary patrol has been maintained.

Fifteen nuisances have been reported to this office, and notices to abate have been served upon parties maintaining same. Forty-one (41) nuisances have been abated. On May 19 work was resumed at the Katonah Laboratory, and daily, weekly and monthly tests of Croton water are now being made there. Linemen appointed to look after temporary nuisances report that the wholesale bathing and washing of clothes in the streams have been stopped.

## (BRONX RIVER DIVISION.)

The force on this division has been engaged almost exclusively upon repairs. Some work has been done cutting bushes and weeds and cleaning along channels and streams and the care of all reservoirs. Channels and streams are patrolled by men who have constantly watched and removed all causes of contamination, such as bodies of dead animals, fishes or other deleterious matter.

	135	226	9	3	344	67	18	240	50	400	703	1,683	6,343

Above is a summary of the work performed along the line of the Aqueduct during the quarter ending June 30, 1904.

First Division—The work on this Division has been: Rebuilding wing walls to a culvert; cleaning and repairing screens in the new gate-house; repairing flooring of highway bridge at Croton Dam; inspecting streams emptying into Croton lake; repairing gutters; collecting samples of water; taking down and rebuilding office in gate-house; painting floor beams under office floor; cleaning lake of driftwood; caring for the dam, gate-houses and machinery.

Second Division—The work on this Division has been: Rebuilding and repairing stone wall fences north of Indian Brook, and on the east and west side of Ventilator No. 5; also rebuilding and painting fences; hauling stones and cutting grass.

Third Division—The work on this Division has been: Retaining-wall built on Phelps's Bank, with all the necessary tearing down, excavating and filling in for the same; 400 locust posts stripped of bark; filling and grading on High Bank road; building and repairing and painting fences; hauling stones, hauling lumber, cutting grass and hauling the same away.

Fourth Division—The work on this Division has been: The building of retaining-wall near Elm street, Dobbs Ferry; filling and grading; repairing fences; cleaning drains and culverts and crosswalks; also cutting grass and hauling the same away.

Fifth Division—The work on this Division has been: The building of a retaining-wall, with all the necessary excavation and filling in for the same, also the carting of stone for same; filling and grading; sewer laid; flagging, paving gutter, cemented roof of gate-house at Nepperhan; building, repairing and painting fences; cleaning gutters and culverts; cutting grass and hauling the same away.

Sixth Division—The work on this Division has been: The painting of fences; sodding and grading; weeding and cleaning around head houses; whitewashing sheds; cleaning machinery in gate-house, and cutting grass and hauling the same away.

Seventh Division—The work on this Division has been: The repairing of the brick blow-off at the east end of High Bridge; the building of a cement wall and dry stone wall at the same place; cleaning High Bridge steps, walks, gutters and crosswalks, hoisting coal; trimming coal; cleaning reservoir; cutting grass and hauling it away.

Eighth Division—The work on this Division has been: Painting and carpenter work; cleaning screws at One Hundred and Thirteenth street, One Hundred and Nineteenth street and South Gate-house; raking leaves on reservoir; keeping surface of water clean; cleaning and maintenance of gate-houses; repairing wire fence on the new reservoir; mason work at Ninety-eighth Street Pumping-station; putting new wire screens on frame at the One Hundred and Thirty-fifth Street Gate-house; cutting grass and hauling the same away; painting in the Keeper's House; setting curb at Ninety-second street and Columbus avenue; repairing vault at One Hundred and Seventeenth street and Lenox avenue; patrolling Central Park Reservoirs and pipe-lines.

## Laying Water-mains.

Contracts for laying and relaying water-mains in the following streets and avenues have been completed during the quarter:

Van Corlear place, between Kingsbridge avenue and Wicker place.  
Bronx Park avenue, between West Farms road and a point 200 feet south of One Hundred and Seventy-seventh street.

One Hundred and Seventy-seventh street, between Bronx Park avenue and Watson's lane.

Amsterdam avenue, at intersection of One Hundred and Sixty-second street.

Amethyst street, between Morris Park avenue and a point 350 feet north.

Anthony avenue, between One Hundred and Eightieth and One Hundred and Eighty-first streets.

One Hundred and Twentieth street, between Amsterdam avenue and Morningside avenue, West.

Forty-fourth street, between Fifth avenue and Broadway.

Lexington avenue, between One Hundred and Eighteenth and One Hundred and Twenty-fifth streets.

Park avenue, between Fifty-eighth and Fifty-ninth streets.

Riverside avenue, between One Hundred and Twenty-fifth and One Hundred and Twenty-seventh streets.

Sherman avenue, between Academy and Hawthorne streets.

First avenue, between One Hundred and Twenty-fifth and One Hundred and Twenty-seventh streets.

Fifth avenue, between One Hundred and Thirty-eighth and One Hundred and Fortieth streets.

Twelfth avenue, between Thirty-third and Thirty-fourth streets.

Twelfth avenue, between Forty-seventh and Fifty-fourth streets.

Academy street, between Seaman and Sherman avenues.

Broad street, between Exchange place and Wall street.

Cannon street, between Grand and East Third streets.

Duane street, between Broadway and Park row.

Emerson street, between Seaman avenue and Broadway.

Hawthorne street, between Seaman avenue and Broadway.

Liberty street, between Broadway and Church street.

Manhattan street, between Columbus and Manhattan avenues.

Reade street, between Broadway and Centre street.

Roosevelt street, between South street and Park row.

Fourth street, between Lewis street and East river.

Twenty-fourth street, between Eleventh and Thirteenth avenues.

Twenty-eighth street, between Eleventh and Thirteenth avenues.

Twenty-ninth street, between Eleventh and Thirteenth avenues.

Sixty-third street, between Central Park, West, and Broadway.

Eighty-third street, between Avenue A and Second avenue.

One Hundred and Fifth street, between Manhattan and Eighth avenues.

One Hundred and Tenth street, between Madison and Lenox avenues.

One Hundred and Twelfth street, between Broadway and Riverside drive.

One Hundred and Sixteenth street, between Broadway and Riverside Drive.

One Hundred and Sixteenth street, between Fifth and Madison avenues.

One Hundred and Twenty-fourth street, between Columbus and Manhattan avenues.

One Hundred and Twenty-seventh street, between Claremont and Riverside avenues.

One Hundred and Thirtieth street, between Convent avenue and St. Nicholas terrace.

One Hundred and Thirty-ninth street, between Fifth and Lenox avenues.

One Hundred and Fortieth street, between Fifth and Lenox avenues.

One Hundred and Forty-ninth street, between Eighth and Bradhurst avenues.

One Hundred and Eightieth street, between Amsterdam avenue and Broadway.

Boulevard Lafayette, between One Hundred and Eightieth street and a point 1,000 feet north.

Claremont avenue, between One Hundred and Sixteenth and One Hundred and Nineteenth streets.

Convent avenue, between One Hundred and Thirty-first and One Hundred and Thirty-third streets.

Convent avenue, between One Hundred and Fiftieth and One Hundred and Fifty-second streets.

Gerard avenue, between One Hundred and Thirty-fifth and One Hundred and Thirty-eighth streets.

Marcher avenue, between Jerome avenue and One Hundred and Sixty-eighth street.

Pelham avenue, between Third avenue and Southern Boulevard.

Sedgwick avenue, between One Hundred and Sixty-seventh street and Washington Bridge.

Summit avenue, between One Hundred and Sixty-first and One Hundred and Sixty-fifth streets.

Tremont avenue, between Jerome avenue and Buckhout street.

Undercliff avenue, between Sedgwick avenue and One Hundred and Seventy-sixth street.

Walnut avenue, between One Hundred and Fortieth and One Hundred and Forty-first streets.

Seventh avenue, between One Hundred and Forty-ninth and One Hundred and Fifty-third streets.

Nineteenth street, between Seventh avenue and Broadway.

Twentieth street, between Seventh avenue and Broadway.

Thirty-third street, between Fifth and Seventh avenues.

Thirty-fifth street, between Fifth and Seventh avenues.

Fifty-eighth street, between Sixth and Seventh avenues.

Fifty-ninth street, between Fifth avenue and Broadway.

One Hundred and Twenty-second street, between Amsterdam avenue and Broadway.

One Hundred and Thirty-fifth street, between Gerard and Railroad avenues.

One Hundred and Thirty-sixth street, between Brook and St. Ann's avenues.

One Hundred and Thirty-seventh street, between Brook and St. Ann's avenues.

One Hundred and Thirty-ninth street, between Convent avenue and a point 425 feet west of Broadway.

One Hundred and Forty-first street, between Southern Boulevard and Walnut avenue.

One Hundred and Forty-third street, between Lenox and Seventh avenues.

One Hundred and Forty-fourth street, between Lenox and Seventh avenues.

One Hundred and Forty-fifth street, between Mott and River avenues.

One Hundred and Forty-sixth street, between Walton and Gerard avenues.

One Hundred and Seventy-eighth street, between Hughes and Lafontaine avenues.

One Hundred and Eighty-sixth street, between Third and Park avenues.

Two Hundred and Sixty-first street, between Broadway and Riverdale avenue.

Undercliff place, between Aqueduct and Undercliff avenues.

## Linear Feet of Pipe Laid.

Ludlow .....	2

Total ..... 375

## Additional Work Done During Quarter.

By New York Central and Hudson River Railroad Company, in connection with Grand Central Yard improvements:

3,135 linear feet 20-inch pipe laid.  
3 twenty-inch gate valves and gearing set.  
4 twelve-inch gate valves and boxes set.  
38 six-inch gate valves and boxes set.  
27 double-nozzle New York hydrants set.

By New York City Railroad Company, in connection with change of motive power on street railways:

3,260 linear feet 12-inch pipe laid.  
13 twelve-inch gate valves and boxes set.  
10 six-inch gate valves and boxes set.  
3 double-nozzle New York hydrants set.  
4 single-nozzle New York hydrants set.

## TOTAL FOR QUARTER.

## Linear Feet of Pipe Laid.

36-inch .....	4,060
20-inch .....	11,246
16-inch .....	1,731
12-inch .....	31,284
8-inch .....	221

Triple-nozzle New York .....	13
Double-nozzle New York .....	151
Single-nozzle New York .....	53
Matthews .....	190
Ludlow .....	2
Total .....	409

One contract for excavating rock.

One contract for furnishing lead.

Two contracts for furnishing cast-iron pipe and special castings.

One contract for lead-lined iron pipe.

—were entered into during the quarter.

## Repairing and Renewal of Pipes, Stop-cocks, etc.

- 4 additional double-nozzle New York hydrants set.
- 2 additional single-nozzle New York hydrants set.
- 2 single-nozzle New York hydrants set in place of defective hydrants.
- 1 No. 1 hydrant replaced.
- 9 new 6-inch gate valves and boxes set.
- 8 new 12-inch gate valves and boxes set.
- 2 six-inch gate valves repaired.
- 7 twelve-inch gate valves repaired.
- 1 twenty-inch gate valve repaired.
- 1 thirty-inch gate valve repaired.
- 1 six-inch main repaired.
- 1 twelve-inch main repaired.
- 1 twenty-inch main repaired.
- 3 forty-eight-inch mains repaired.
- 1 six-inch gate valve cleaned and oiled.
- 1 twelve-inch gate valve cleaned and oiled.
- 4 thirty-six-inch gate valves cleaned and oiled.
- 3 forty-eight-inch valves cleaned and oiled.
- 11 caps changed from old 6-inch to new 12-inch mains.
- 95 linear feet of new 6-inch pipe laid.
- 170 linear feet of new 6-inch pipe laid.
- 2 No. 1 hydrants discontinued.

Work done by the seven repair companies, also number of permits to tap on City mains in boroughs of Manhattan and The Bronx; and completed repairs to City horse troughs and fountains under the jurisdiction of this Department, together with new horse troughs, set by resolution of Board of Aldermen and approved by his Honor the Mayor, for the quarter ending June 30, 1904:

New hydrants set .....	215
Old hydrants repaired .....	2,580
New stop-cocks set .....	22
Old stop-cocks repaired .....	322
Mains repaired .....	234
Hydrants closed (found improperly closed after use) .....	656
Linear feet of pipe used in repairs to mains .....	573½
Permits to tap on City mains, Manhattan .....	376
Permits to tap on City mains, The Bronx .....	494
City horse troughs and fountains repaired by City Plumber .....	77
New horse troughs set by City Plumber .....	6
Old horse troughs replaced by new ones .....	2
Old horse troughs removed .....	1

## Taps over 1 inch granted on City mains, as follows—

2-inch .....	39
3-inch .....	3
4-inch .....	1
6-inch .....	1

## Gates Inspected.

36-inch gates .....	8
48-inch gates .....	5
Total .....	1,551

## MECHANICAL DIVISION.

## BOROUGH OF MANHATTAN AND THE BRONX.

## Ninety-eighth Street Pumping Station.

Repairs to pumping engine No. 2 are in progress, consisting of placing new cast-iron plungers, boring out the brass rings to fit plungers, refacing the water valve seats, placing Tobin bronze water valve studs and nuts, placing two new plunger rods, returning the steam piston rods, refitting the old steam piston rings, refacing the steam valves and seats, furnishing and placing one new air pump trunk, reboring the air pump linings, fitting new air pump piston rings, and doing necessary minor repairs, and when these repairs are completed, about the middle of the next quarter, the main steam lines in the engine room and the heated parts of this engine will be covered with magnesia covering, and the cylinders will be neatly lagged. With the completion of the repairs to this engine the machinery in this station will be in first-class condition.

During the quarter the painting of the interior of the engine room was finished, and new lights were placed in the roof ventilators and in the windows of the boiler room.

Clothes lockers for the men on the floor and lockers for light supplies were placed in the basement, and a neat tool closet was placed in the engine room, and a new oak desk and chairs were furnished the engine room.

Fire extinguishers and fire axes were placed around the engine room and in the basement, and it is proposed to place ornamental and substantial standpipes, hose reels and fire hose throughout the building, including the engine room, basement, fire room and coal house, to be supplied from pipe of ample size extending round the walls and supplied from the street service, and when this work is done the men will be instructed in fire drill.

The boilers have been regularly taken off and cleaned during the quarter, and the station has been in uninterrupted service.

## High Bridge Pumping Station.

During the quarter this station was in service only ten hours, to assist in keeping the pressures up when it was necessary to shut down the One Hundred and Seventy-ninth Street Plant, the night of June 25, to make necessary repairs.

## One Hundred and Seventy-ninth Street Pumping Station.

The official twenty-four hours' duty trial of the two fifteen-million gallon Worthington pumping engines was conducted April 27 and 28, the duty obtained as per contract requirements being 113,897,734 foot pounds per one hundred pounds of coal burned, or eight per cent. in excess of that called for in the specifications. Before final acceptance of these engines the contractors have got to do the following work: Replace the compensating cylinders on engine No. 6 with new ones of a harder material, furnish a second Westinghouse air compressor, a second condenser ejector, finish placing the cast-iron flooring round the engine bed plates, place certain valve rod stands on the engine-room floor, place drip-pans on the engine platforms under the valve gear, place the necessary braces to steady the engines and do certain small repairs, and to then paint the engines and pumps.

The lagging of the steam cylinders and steam-pipes has been completed, drip-pans have been placed under all the parts of the Blake engines and pumps where necessary to catch the oil and sweat drippings, and also under the conveyor engine in the coal house, and cast-iron rings have been attached to the domes of the water ends of the Worthington engines to form gutters which catch the drippings that heretofore ran down the pump and on to the cellar floor. These drippings are now conducted from said gutters on the pumps to gutters in the floor round these pumps and thence to the sewer, and it is now possible to keep the floor in a presentable condition, and when certain proposed drip-pans are placed under all cold water pipes to and from the Worthington engines, we will be enabled to keep the cellar perfectly dry and clean at all times.

The gutters and leaders around the building have been repaired, new firemen's lockers have been placed in the boiler room, 100 new buckets have been placed on the coal conveyor, and small repairs have been made to the conveyor by our own men.

An order is about to be issued to place new cleats on the coal dock and ring bolts in the rocks on shore to insure the safe mooring of the coal barges.

At 8.30 P. M., June 25, it was necessary to shut the entire plant down to make repairs to the stop-valve on the loop between the main steam lines in the boiler room. Advantage was taken of this "shut down" to make some small repairs to the Blake engines and to clean the dash pots. The plant was started up at 2.30 A. M., the 26th. Shutting this station down for six or eight hours during the night and the early morning hours with the reservoir full, and with High Bridge and Ninety-eighth Street Pumping Stations in service does not cause a material reduction in the pressures in the districts supplied from the reservoir service, whereas, on the other hand, shutting down this station, even during the above-mentioned hours, when the consumption is lightest, leaves the tower service territory without any means of supply except what little can be furnished (about 800,000 gallons in twenty-four hours) from the old High Bridge Station by two small pumps, the supply from which is entirely inadequate for this service since it was extended, dating from the time the One Hundred and Seventy-ninth Street Station was put into service, and at the present time supplying the territory from One Hundred and Sixtieth street to Fort George and from Edgcombe road and Amsterdam avenue to the North river. This is the only section of the high service dependent on one pumping station for its supply; I would therefore urge that immediate steps be taken to remedy this unwarranted condition by installing the five-million-gallon pumping engine in the High Bridge Pumping Station and laying the necessary connecting mains. In addition to having two pumping stations for this service, there is another advantage to be gained by the installation of this pump, and that is, with it and the tower pumps in One Hundred and Seventy-ninth Street Station we could supply The Bronx high service, and at the same time maintain the Manhattan pressures in the event of it ever being necessary to shut the Jerome Park Station down for any cause.

The flow line of the tower service is about 24 feet higher in elevation than that of the Jerome Park, and the two systems can be connected by simply laying a 24-inch main either across High Bridge or Washington Bridge and thence in Aqueduct avenue to Kingsbridge road, where it would be connected with the existing 20-inch main of the Jerome Park high service, and in view of the great advantage to be gained by connecting these services and also for the aforementioned benefit to be derived from having the tower service safeguarded with the installation of the new pump in High Bridge Station, I would earnestly urge the approval of these propositions, and that immediate steps be taken to have this work done.

In the meantime, to enable us to keep the tower pumps in service in the event of our having to take the steam off the two main steam lines (as we have had to do on several occasions before), thereby putting all the engines in this station out of service, it is proposed to run an independent steam line to the tower pumps, said line to be taken off one battery of boilers, which will be kept under steam when shutting down the rest of the plant, and which boilers will be properly cut out from the existing steam lines.

A matter of great importance in connection with the reservoir service that calls for immediate attention is that we have not sufficient pipe capacity from this station to the points of distribution to carry the maximum pumpage. The present pipe system from this station consists of one 48-inch main to Amsterdam avenue, where two 36-inch lines are taken off, one extending down Amsterdam avenue to One Hundred and Forty-fifth street, through One Hundred and Forty-fifth street to Broadway, in Broadway to Eighty-sixth street, in Eighty-sixth street and Central Park to the East Side, where it reduces to smaller sizes, and the other line extending through One Hundred and Seventy-ninth street to Broadway, and in Broadway to Fifty-ninth Street Circle, where it reduces. Both these lines have 20-inch and 12-inch and 6-inch branches taken off same at various places to feed into the service. There is also one 30-inch main from the tower service pumps in this station to Amsterdam avenue, where two 20-inch lines are taken off, one going south to High Bridge Tower, and the other feeding direct into the service. The line to the tower connects with the stand-pipe and tank in same, from which the pumpage in excess of what is required in the tower service overflows into the reservoir.

Owing to it being impossible at the present time to force sufficient water through the mains, the proper water level cannot be maintained in the reservoir without constantly running both the tower pumps and allowing the overflow to find its way into the reservoir service. At the present time the stop-cocks in the Broadway or west 36-inch line are open only 20 inches, but from the reported unsafe condition of this line in the neighborhood of Ninety-sixth street, due to Rapid Transit construction and changes, it is not safe to open these stop-cocks further, and thereby increase the pressure till this line is put in proper condition. This condition is a great drawback to us, as, by having these stop-cocks opened to their full extent, some of the congestion would be relieved.

I would respectfully recommend that an additional 36-inch line be laid to connect with the 48-inch line at One Hundred and Seventy-ninth street, and to extend down Amsterdam avenue, Edgcombe road, St. Nicholas avenue and Columbus avenue, to Ninety-eighth street, and to connect there with the 36-inch delivery main from the Ninety-eighth Street Pumping Station, this line to connect also with the reservoir at High Bridge. I would recommend also that a cross connection be laid at Eighty-sixth street and Broadway to tie in the east and the west 36-inch lines at this point, thereby establishing a better circulation and enabling us to feed from the west line in the event of damage to the other.

During the hot weather the heat at the top of the engines in this station has been almost unbearable, particularly so since the installation of the Worthington engines. To provide the ventilation necessary to overcome this condition, I would urge that the contract be let for the proposed ventilators in the roofs.

The boilers have been regularly taken off and cleaned during the quarter, and with the exception of the night of the 25th of June, this station has been in uninterrupted service.

## Jerome Park Pumping Station.

Work on this station is finished, all but placing the iron railing round the areaways, and building the trestle in the coal house. The railing is about to be placed, and the materials have been ordered for the trestle.

One pumping engine is set up complete with all connections made with the exception of the steam and jacket piping, and the water ends of the second engine are in place on the foundations, and the steam ends are erected in the Worthington shops and are to be shipped at an early date.

The three boilers are set up in place and are connected with the chimney.

The boiler-feed pumps are set on the foundation ready for connection.

The work on the main steam line is not progressing as rapidly as was expected and the contractors have been urged to expedite matters. The main suction line is completed, all but replacing one piece of pipe which was damaged in lowering it from the truck, and furnishing the closing-in piece to the tank, which piece is now being made.

The main delivery line is completed all but two lengths and two closing-in pieces, one at the stand-pipe and one at the pumps. This work is being pushed as rapidly as is possible.

The stand-pipe and tank have been completed and are awaiting a test which will be applied when the suction and delivery lines are completed. An order has been issued to paint the stand-pipe and tank, as only the shop coat was provided for in the specifications.

## BOROUGH OF QUEENS.

## First Ward.

The work of connecting up the new boilers in Pumping Stations Nos. 1 and 3, building an iron stairway in boiler room of No. 1, and building a new steel stack at Station No. 3, under contract with Edwin Burhorn, is completed all but finishing the covering of the steam and hot-water pipes and the breechings and flues, and the new boilers in both these stations have been tested by the Police Department and put into regular service, and the locomotive boiler borrowed from the Brooklyn Water Department to operate Station No. 1, while the old boilers were being taken out and the new ones being installed, was returned to Brooklyn, and the old boiler and stack at Pumping Station No. 3 were taken down and removed from the grounds.

The work under contract with Frank McSwegan & Sons of Manhattan for installing the feed water purifiers and heaters (Webster pattern) in Stations Nos. 1 and 3, has been completed all but making some blow-off connections and connections with the boiler-feed pumps.

The contract for making improvements at Pumping Stations No. 1 and No. 3 and at Flushing Pumping Station was let to James A. Stevenson, of Long Island City, in April. The work to be done under this contract consists of waterproofing the side walls of the engine room at Station No. 1, removing the arch of the pipe tunnel from the suction well to the engine house and rebuilding and waterproofing same, excavating the floor of the tunnel and concreting same, and building piers under the suction mains, removing the old roof covering of the boiler house and recovering same, building a brick coal bunker in boiler room and laying a vitrified brick floor on concrete.

At Station No. 3 the work consists of building a new frame boiler house and laying a vitrified brick floor on concrete base and removing the old roof covering of the engine house and placing a new one.

At Flushing Pumping Station the work to be done consists of building a new boiler house, with a vitrified brick flooring on concrete, and building a monitor in the roof of the engine house. Outhouses for the comfort of the men are being built at Stations No. 1 and No. 3.

The steam cylinders of both the engines in Station No. 1 and the recently installed Worthington engine in Station No. 3 have been covered with magnesia covering, and the material for lagging same has been ordered and is to be placed by our Carpenter. The work of placing new floor beams and flooring at Station No. 3 and finishing the wainscoting of the engine room, as extended, and placing the additional windows and planing the floor has been finished. This work was done by H. Quinn & Son, under a Departmental order.

During the quarter the new air pump for the Worthington engine and the new wet vacuum pump for the air receiver attached to the suction of this pumping engine have been set in place, and all steam and water piping in connection with same has been made, and as soon as the Steam Fitter can be taken from Bayside Station the necessary air piping from the receivers will be done. The Worthington pumping engine in this station and the suction and discharge pipe and the receiver have been painted and varnished, and as soon as this pump is placed in commission the Snow pumping engine is to be overhauled and repaired and painted.

Since the installation of the new boilers in these stations it has not been necessary to shut this plant down, as it was necessary to do every two weeks prior to the installation of same, to clean the one boiler.

During the quarter the interior of the engine house has been painted by the Department Painters.

At Stations No. 1 and No. 3 Thompson Improved Damper Regulators have been installed and are now in use. For the reason that the driven wells at Pumping Station No. 1 have been in service for a great number of years and that from their location (some of them being under the roadway of Vandam street, and the remainder being submerged in the sunken ground adjoining the station), they are practically inaccessible for cleaning and repairing, they are gradually becoming less serviceable each day, and consequently should be replaced with new ones. I would therefore recommend that a contract be prepared and let without delay, and that the specifications be so worded that in driving these wells proper investigation can be made and the water-bearing strata can be properly developed, to get the full yield of the watershed, thereby enabling us to increase considerably the pumpage from this station.

I would recommend also that some measures be taken to properly and thoroughly develop the water-bearing strata opposite the strainers in the old wells at Station No. 3, and the new wells put into service during the past quarter. I believe that by so doing a greater yield can be had than that which we are now getting. To do this I would suggest that one well at a time be disconnected from the system, that the strainers be removed, and that the pipe be driven to the bottom of the water-bearing strata, and that the water strata be thoroughly broken down by means of a jet with sufficient pressure at same, and that the sand be thoroughly pumped or forced out until a sufficient reservoir is formed and that the strainer be replaced and the pipe pulled back and reconnected. In the contract with A. B. Harper, for the new wells just put into service at this station, there is no provision for testing and properly developing the water-bearing strata, and consequently the additional water obtained does not represent the amount possible to be had.

## Third Ward.

All the parts of the new three million gallon Snow pumping engine for the Flushing Pumping Station have been delivered on the ground and the work of removing the old Worthington engine and foundations, to provide a site for the new engine, is in progress.

The Hudson Engineering and Contracting Company, under a contract with this Department, dated April 1, 1904, for driving wells and installing an air lift system and guaranteeing an additional two million gallons of water per day at this station, have driven five 6-inch wells, averaging in depth 120 feet. This work has not progressed as rapidly as it should, and the contractors have been urged to get the temporary compressor on the ground and connected up, and the strainers and air lift piping in at least some of the wells, to enable us to supplement the deficiency in the supply from the pond with the water from these wells.

During the quarter numerous complaints have been received from individuals and from committees representing associations that have interested themselves in the water supply of the Third Ward. The cause of these complaints was the turbidity and the unpleasant odor of the water pumped from the Bayside Pumping Station. About two-thirds of the pumpage at this station is furnished from driven wells and the remainder is furnished, either from Oakland Lake or the "Little Pond." The quality of the water from the wells is excellent, and that from the ponds, except for its turbidity and unpleasant odor, has proved from analyses made during the quarter, from time to time, at the Brooklyn Laboratory, to be perfectly good from a sanitary standpoint. However, to allay the fears of the complainants, during the times that the waters from these ponds showed any discoloration and bad odor, the supply from the ponds was cut off and the wells only were drawn on, and the deficiency in pumpage from

this station was made up at Flushing Station, and by pumping twenty-four hours each day at Whitestone Station. Owing to the increased drag on the pond at Flushing Station, with the very little rainfall during the quarter to replenish the feed to same, this pond was most of the time at a very low stage. In former years the brook passing the pond was turned in whenever necessary to replenish the pond, but owing to the adverse chemical reports of the water from this brook, the practice of late years has been discontinued, and the sluice gate between the brook and the pond has been sealed with an embankment.

Last year and several times since the appointment of a sufficient number of men was requested to properly clean the ponds of the Third Ward, particularly the "Little Pond" at Bayside, but as yet these men have not been appointed, while the ponds meanwhile are constantly getting in worse condition, and it is probable that before the close of the summer these ponds will be in unfit condition for use. Under the Town of Flushing the "Little Pond" was regularly and thoroughly cleaned during the month of March every two years by a large force of men with proper implements, excavating and wheeling away the mud and deposits on the bottom and sides of the pond. This practice was discontinued about ten years ago, and until such measures are taken to acquire land and make the necessary improvements to put Oakland Lake and the "Little Pond" in proper condition and to protect them from contamination, I would recommend that this periodical cleaning be continued, and would therefore again recommend the appointment of the necessary number of men for this purpose. Until the water from the new well system being installed at Flushing Pumping Station becomes available, the conditions of the water supply of the Third Ward will get continually worse, as the constantly increasing consumption will have to be met entirely with water from the Bayside Ponds, as the wells at this station and at Whitestone are being drawn on to their full capacity, and even with the new wells in service the full yield from them cannot be utilized until the proposed new 20-inch main from this station to the Flushing stand-pipe is laid, as with the present 12-inch line from this station, to send three million gallons of water through same would require maintaining an enormously increased pressure at the pumps, a pressure that would not be safe to subject this old main to. I would therefore again urge that provision be made for laying the new 20-inch main at an early date.

April 7 of this quarter a contract was entered into with H. R. Heinicke for building a brick chimney at Flushing Pumping Station and at Bayside Pumping Station, and furnishing breeching and flue for the Bayside boilers. May 9 the contractor was given official notice to begin work. During the quarter the excavation was made for driving the piles for the foundation of the stack at Flushing Station. The contractor for this work is being pressed to carry on this contract with all possible dispatch, particularly at the Bayside Station, in order that we may put the new boilers into commission.

As no provision was made in the contract with Williams & Gerstle for connecting up the new boilers, the necessary steam, feed and blow-off piping, fittings, valves and injectors have been ordered, and as soon as they arrive our Steam Fitter will do the work of connecting them up.

The steam and hot-water piping from the new boilers at the Flushing Station have been covered with standard magnesia covering.

Following is a statement of the contracts entered into during the quarter:

For furnishing materials, driving wells and installing an air-lift system at the Flushing Pumping Station. Name of contractors, Hudson Engineering and Contracting Company; contract dated April 1, 1904; estimated cost, \$21,800.

For furnishing, delivering and storing 2,850 gross tons (2240 pounds to a ton) of egg size white ash anthracite coal. Name of contractor, A. J. McCollum; contract dated April 6, 1904; estimated cost, \$16,159.50.

For furnishing materials and building a brick chimney at Flushing Pumping Station and at Bayside Pumping Station, name of contractor, H. R. Heinicke, date of contract, April 7, 1904; estimated cost, \$6,275.

For furnishing materials and making building improvements at Pumping Stations Nos. 1 and 3, and at Flushing Pumping Station. Name of contractor, James A. Stevenson; date of contract, June 1, 1904; estimated cost, \$8,929.59.

Following is a statement of contracts previously let and still unfinished:

For furnishing and installing a feed-water heater and purifier in Pumping Stations Nos. 1 and 3, borough of Queens. Name of contractors, Frank McSwegan & Sons; date of contract, August 24, 1903; estimated cost, \$2,020.

For furnishing and installing steam exhaust and feed-water piping at Pumping Stations Nos. 1 and 3, stairs at Pumping Station No. 1 and a smoke flue and stack at Pumping Station No. 3. Name of contractor, Edwin Burhorn; date of contract, December 17, 1903; estimated cost, \$4,814.

For furnishing and installing a three-million-gallon pumping engine and all appurtenances in Flushing Pumping Station, Borough of Queens. Name of contractor, Snow Steam Pump Company of Buffalo; date of contract, October 30, 1903; estimated cost, \$14,300.

I would respectfully recommend the following improvements to better the service in this borough:

1. Replace the jet condenser and attached air pump in Flushing Station and in Station No. 1 with surface-condensers and new air pumps. In both these stations the injection water, polluted with the grease from the exhaust steam, is returned to the suction wells to menace the purity of the supply, and in Station No. 1, in addition to this undesirable, and under the present system unavoidable feature of returning this water to the supply, the injection is taken from the force main of the pumps, or in other words, taken from the service, and as every little amount saved to the service amounts to considerable in a plant where the supply available is so small and limited as it is at this station, every proper means should be taken to save this water to the service. This can be done by installing the surface condensers and air pumps, thereby also saving coal to the plant, as with the surface condensers much smaller air pumps than those now in the stations will be used. I therefore respectfully request that this work be contracted for at once.

2. Placing a suitable iron railing round the property of Station No. 1. Situated as this station is in an isolated position with no protection from evil-doers, and the coal bin and store house exposed as they are, this railing, of a height of about 6 feet, is very much needed, as it would prevent parties from raiding the coal bin and the store house, and would also enable us to put and keep the grounds in a presentable condition. At the present time there are about two dozen cows daily gathered on the grounds round the station.

3. Lay the proposed drain from the submerged ground adjoining Pumping Station No. 1 to the meadows, in the direction of Thompson avenue, and also lay a suitable drain past the station at No. 3, and grade the ground over same. These improvements were requested a number of times in the past, and were to be included in the contract for improving the pumping stations, but through an oversight were left out.

4. Build a new engine house at Pumping Station No. 3, with the engine room floor 10 feet below the present floor level, and lower the machinery to this new level and thereby cut a corresponding lift off the pumps; and also lower the heads of the wells and suction line from same to the receiver and pumps to correspond. By making these changes and in conjunction with them improving the wells as hereinbefore described, a much better yield could be had and the plant could be operated more economically than under present conditions with a vacuum of 26 inches most of the time showing on the suction gauge while pumping.

5. Convert the air lift system now being installed at Flushing Pumping Station into a vacuum system as recommended and described hereinbefore and drive additional 6-inch or 4-inch wells in connection with same to get the full yield of the water-bearing strata.

6. Acquire the necessary property and make the improvements at Oakland Lake, Bayside, to protect the waters of that lake and the "Little Pond," as previously recommended.

7. Acquire the necessary property and drive additional wells at Bayside Pumping Station.

8. Install a new pumping engine in the Bayside Pumping Station to replace the old Holly engine, which is very old and obsolete in design, and also too small for even the present requirements of the station. This engine cannot be depended upon to keep up the pressures in the event of the Blake engine being out of service for any length of time.

9. Lay a 20-inch main from Bayside Station to the Flushing stand-pipe, and also a 20-inch main from Flushing Station to said 20-inch main at Broadway and Twenty-second avenue.

## BOROUGH OF RICHMOND.

The work of building and placing the breeching and flue from the new boiler to the stack, and of connecting the steam, feed and blow-off piping, and connecting up the injector and boiler-feed pump and setting the hot water meter in the feed line is in progress in the Tottenville Pumping Station, and when this work is completed the new boiler will be tested by the Police Department and put into service. An order has been issued for furnishing and installing a Thompson improved automatic damper regulator to be connected with the new boiler and flue.

Wells Nos. 1, 5, 6, 7 and 8 are in need of a thorough cleaning, and as we have no force of men at the station for this or other important work needed to be done, three outside men, temporary appointees, reported June 29, and started the work of cleaning the wells and repairing pump buckets.

Although it is necessary to pump only sixteen hours each day to maintain the normal pressures throughout the service, we have to keep banked fires the remaining eight hours with a reduced pressure on the boilers to be in readiness in case of fire, and to do this we are required by law to have a man on watch holding an engineer's license for the station, and since the death of the Engineman in charge, Mr. George Simonson, which occurred June 13 of this year, and as no one has been appointed to fill the vacancy, it was necessary to have the remaining Engineman and Acting Engineman in charge, Mr. Egbert, each stand twelve-hour shifts. I have requested, and renew the request here, for the promotion of Mr. William Egbert to fill the vacancy caused by the death of Mr. Simonson, the promotion of the two Laborers mentioned in my letter to you under date of June 15 of the past quarter, and the appointment of the additional Fireman.

During the quarter 25 maple trees were set out in the grounds and a number of plants were set out.

When the new boiler is put into commission it is proposed to rebuild the settings of the old boilers and make repairs and changes to the steam, feed and blow-off piping of same.

Up to the end of the quarter, under the Clinton Beckwith contract, the following amount of pipe has been laid, and stop-cocks, boxes and hydrants set:

12-inch pipe, linear feet.....	16,500
6-inch pipe, linear feet.....	16,502
12-inch stop-cocks and boxes.....	15
6-inch stop-cocks and boxes.....	73
Hydrants set.....	56

At the present time in Tottenville there are 7.35 miles of mains, 74 hydrants, three of which are in the grounds of the Terra Cotta Works.

As yet, nothing has been done toward getting the proposed coal bin built at Tottenville Pumping Station and also the drain through the property back of the building, both of which were requested in my letter to you under date of June 14 of this year.

At the present time there is no adequate place for storing the coal since the old bin was removed when the new boiler house was built, and it is very essential that the proposed new bin be built at an early date. Also the ditch back of the building carrying the surface drainage from the surrounding country is continually getting in worse condition, the side banks or cribwork in places having collapsed, and as we have no men to make repairs, I would request that plans be prepared and a contract let for this needed improvement without further delay.

I append herewith records of the following:

1. Average daily pumpage during the quarter in the several boroughs.
2. Records of station duties and cost of pumping 1 million gallons 100 feet high, in the stations in Manhattan and Queens boroughs.
3. Record of official duty test of the 15 million gallon pumping engines in One Hundred and Seventy-ninth Street Pumping Station.

## AVERAGE DAILY PUMPAGE IN THE SEVERAL BOROUGHS FOR THE QUARTER ENDING JUNE 30, 1904.

## Tests Made.

In compliance with the terms of the contract for the two fifteen-million-gallon pumping engines installed in the One Hundred and Seventy-ninth Street Pumping

Station by H. R. Worthington, under contract dated 1901, I beg to submit the following results of said tests:

The terms of the contract, relating to the tests, all of which terms have been complied with by the contractor, in so far as the conditions in the stations permitted, are as follows:

1. Each engine shall have capacity to deliver 15,000,000 United States gallons of water in twenty-four hours.
2. The piston speed shall not exceed 150 feet per minute.
3. The plant when completed must be capable of obtaining a duty of 105,000,000 foot-pounds of work for each 100 pounds of first-class coal consumed by the boilers.
4. When completed each pumping engine shall run continuously for twenty-four hours to ascertain whether it does the maximum work required of raising each twenty-four hours 15,000,000 gallons of water into the stand-pipe 100 feet above the level of delivery in supply.
5. After the first tests of twenty-four hours, each of the pumping engines shall be run fifty days on the actual consumption of water to ascertain the durability of the same and its workings under the variable amounts of water necessary, and of its capacity to obtain a duty of 105,000,000 foot-pounds per 100 pounds of coal fed on the grates of boilers under these conditions.

6. Quantity of water pumped to be calculated from the size of pumps and revolutions of same, less five per cent. for slippage, and to be between the maximum and minimum quantities.

7. The height of water pumped to be determined by pressure gauges on main supply and delivery pipes near pumps, and to include steam used for heating purposes, auxiliary pump pumping condensed water, feed pumps, and all uses during the regular running of the station. Coal to be the same as now used; no deduction for ashes, clinkers, etc.

8. There shall be three boilers, and they must be capable of carrying a working pressure of 160 pounds, above atmosphere, each to be of a capacity to run one engine and pump.

The two pumping engines were run with three boilers and both pumps tested together. After the pump test, one pump was run with one boiler, to determine if one boiler would run one engine.

At the start of the test the fires were clean and bright and the ash pits clean, and the condition of the fires, and the steam pressure on the gauges, and the height of water in the gauge glasses were noted by the representatives of the City and of H. R. Worthington, and the conditions at the end of the test were the same as at the start, as was observed and agreed to by the aforementioned representatives of the party of the first part and of the party of the second part.

Lengths of strokes and all gauge readings were carefully taken every fifteen minutes. After the test the gauges were tested and found correct, and the coal scales were found to weigh four pounds too heavy in 2,000 pounds. Coal weights were corrected accordingly.

The two pumping engines tested are of the vertical, triple expansion, duplex, direct acting, high duty type, each of fifteen million United States gallons capacity in twenty-four hours, and were installed by H. R. Worthington, under contract dated February 9, 1901.

Following is a tabulation of the results of the tests:

Number of engine.....	5	6
Dates of test.....	April 27-28	April 27-28
Time of start.....	12 M.	12 M.
Time of finish.....	12 M.	12 M.
Duration of test.....	24 hours.	24 hours.
Condition of counter at start.....	493,564	723,801
Condition of counter at finish.....	527,722	757,401
Total number of counts during test.....	34,158	33,600
Total number of counts in 24 hours.....	34,158	33,600
Average number of counts per minute.....	23.72	23.33
Average length of stroke, inches.....	37.657	37.743
Average speed of pistons per minute, in feet.....	148.87	146.76
Capacity of pump (4 plungers) per 1 inch of stroke, in gallons.....	12.924	12.924
Capacity of pump, in gallons (4-plunger displacements) per one count for average length of stroke.....	486.68	487.79
Total number of United States gallons pumped during test.....	16,624,015	16,389,744
Total number of United States gallons pumped in 24 hours.....	16,624,015	16,389,744
Total number of United States gallons pumped in 24 hours, less 5 per cent.....	15,792,814	15,570,257
Average pressure in pounds per square inch by gauge on force main.....	49.185	48.015
Average pressure in pounds per square inch by gauge on suction main.....	9.472	9.472
Distance between centres of gauges, in feet.....	22.593	22.593
Average temperature of water in suction, Fahrenheit.....	44°	44°
Average net pressure per square inch on plungers.....	49.506	48.336
Total dynamic lift, in feet.....	114.209	111.51
Foot-pounds of work during test.....	15,842,020,044	15,249,664,236
Foot-pounds of work during test, less 5 per cent.....	15,049,918,627	14,487,181,158
Total foot-pounds of work during test, both pumps.....	31,091,684,280	
Total foot-pounds of work during test, both pumps, less 5 per cent.....	29,537,099,785	
Indicated horse power, steam ends.....	346.68	339.15
Delivered horse power.....	333.37	320.91
Efficiency, per cent.....	96	94
Coal put on grates during test, pounds.....	25,933	
Average per hour.....	1,080.54	
Moisture in coal, per cent.....	2.75	
Refuse at end of test, pounds.....	2,395	
Per cent. of refuse in coal.....	9.23	
Combustible used during test, pounds.....	22,824.85	
Duty in foot-pounds per 100 pounds of coal.....	119,892,354	
Duty in foot-pounds per 100 pounds of coal, less 5 per cent..	113,897,734	
Duty in foot-pounds per 100 pounds of combustible.....	136,218,561	
Pounds of coal per I. H. P. per hour.....	1.57	
Pounds of coal per D. H. P. per hour.....	1.65	
Average steam pressure at engine per square inch, in pounds.	154	154
Average steam pressure at boilers, pounds.....	160	
Average vacuum on condenser, inches.....	26.3	26.16

#### Principal Dimensions of Each Engine.

Two 16-inch high pressure cylinders, rod through lower head, one 3-inch.  
Two 25-inch intermediate pressure cylinders, rods through lower head, two 3-inch.  
Two 46-inch low pressure cylinders, rod through lower head, one 5-inch.  
Two 31-inch double acting plungers, rods through lower head, two 3 3/4-inch.  
Contract stroke for all pistons and plungers, 36 inches.

Formula by which duty was calculated:

$$100 \times G \times W \times C \times H$$

$$D = \frac{c}{1728}$$

D = duty in foot pounds per 100 pounds of coal.

G = gallons displaced per count.

$$W = \text{weight of a gallon} = \frac{231 \times w}{1728}$$

w = weight of a cubic foot of water, varying with temperature.

c = total pounds coal put on grates during test.

C = total number of counts during test.

$$H = \text{total lift, including friction} = \frac{144 P}{w}$$

P = net pressure on plungers per square inch.

#### BOROUGH OF QUEENS.

The maintenance of this system, water-mains, hydrants, etc., during the quarter ending June 30, 1904, has occasioned much trouble, owing to the very small force composing the repair gangs in each ward and the lack of care exercised by other departments which are allowed to use the hydrants throughout the system.

During the last quarter great care was necessary in order to maintain an adequate supply, and the same was accomplished only by refusing permits to use the City water, except where absolutely necessary. As to the present available supply I would say that the Citizens' Water Supply Company is supplying daily about 4,000,000 gallons, and the Bowery Bay Building and Improvement Company about 450,000 gallons. The usual daily supply from Stations Nos. 1 and 3 is being received.

As to the supply from the Bowery Bay Building and Improvement Company, I would respectfully call your attention to the large proportion of chlorine found in the same, as shown by the chemist's report. I have written to the Superintendent of this company, asking him to take such steps as will result in the improvement of the quality of water supplied, but feel that we cannot hope for much relief in this regard until we can receive a supply through the mains on Hoffman Boulevard from the Citizens' Water Supply Company. When this is attained, I feel that we can with safety shut off the supply from the Bowery Bay Building and Improvement Company.

The pumping stations in the Third Ward are furnishing daily their normal supply, and at the present time we have no complaints as to the sufficiency of the same.

I would recommend that steps be taken at once to lay a 12-inch main in Van Alst avenue, from Sixteenth to Twelfth streets; in Ninth street, from Vernon to West avenues, and in West avenue, from Eleventh street to Newtown creek. This neighborhood is composed of large factory buildings and depots, and is otherwise densely populated, and is supplied only by 6-inch mains. I would also recommend that 12-inch mains be laid from Thompson avenue in Buckley street, Jackson, Freeman and Debevoise avenues to Flushing avenue, and in Locust and Grace streets and Jackson and Pierce avenues, from Thompson avenue to Flushing avenue. This will result in furnishing an additional supply to the northerly section of the First Ward by tapping the mains on Thompson avenue, where we expect to receive an additional supply from the Citizens' Water Supply Company.

In the Third Ward I would recommend that action be taken to lay water-mains as already suggested from the two pumping stations to the Flushing stand pipe. There is now being prepared the necessary plans and specifications for this work.

The flexible joint water-main in Little Neck creek should be relaid as soon as possible, for should there be a break in the joints of the pipe at this point, the Village of Douglaston would be deprived of water supply. I would also call your attention to the necessity for improved hydrant service in the Village of Douglaston and Bayside.

As to the work now under way as per contracts with T. F. Tuohy & Co., and Clinton Beckwith, I would say that the contract with Clinton Beckwith for laying mains in Long Island City is about completed with the exception of the main in Jackson avenue for which pipe is now being delivered. The Hoffman Boulevard contract given to Clinton Beckwith is proceeding very satisfactorily, and we are daily expecting the special castings necessary for connections in order to connect with Station No. 1 of the Citizens' Water Supply Company. We have not received up to the present date any hydrants for this work. The contract with T. F. Tuohy & Co. was practically completed two weeks ago, with the exception of setting the hydrants, and I have written the contractors to hurry action in this matter.

The work under contract with Sweeney & Gray for painting stand pipes is practically completed, and only awaits final inspection previous to payment for same.

Kind of Work Done.	First Ward.	Third Ward.
Number of taps made.....	149	56
Number of leaks repaired.....	18	7
Number of stop-cocks repaired.....	6	8
Number of gate boxes repaired.....	..	2

#### BOROUGH OF RICHMOND.

Work Done During the Quarter ending June 30, 1904.

	Gallons.
Average daily amount pumped.....	157,000

Owing to the small force at the pumping station, no further amount can be pumped until an appropriation is obtained to increase the force. The new mains when completed will, as the houses are supplied from same, call for a larger supply of water.

Summary of Expenditures for the Quarter ending June 30, 1904.

This report has been made from the several reports of the engineers and others in charge during the quarter to N. S. Hill, Jr., Chief Engineer.

Respectfully yours,  
(Signed) G. W. BIRDSALL, Acting Chief Engineer.

## DOCUMENT 2.

Department of Water Supply, Gas and Electricity,  
Bureau of Lamps and Gas,  
New York, July 27, 1904.

Hon. JOHN T. OAKLEY, Commissioner of Water Supply, Gas and Electricity, Nos. 13 to 21 Park Row, New York:

Dear Sir—In accordance with the requirements of section 1542 of chapter 378 of the Laws of 1897 (City Charter), I herewith submit a report of the transactions of the Bureau of Lamps and Gas for the three months ending June 30, 1904.

Exhibit "A" is a statement showing the amounts expended and incurred during the second quarter of the year 1904, for the lighting of public and Department buildings, the fittings up, lighting and maintenance, etc., of public lamps, and the necessary expenditures of the Bureau of Lamps and Gas.

Exhibit "B" is a summary of the "Appropriation for Lamps and Lighting, 1904," showing an expenditure during the quarter of three hundred and seventy-seven thousand six hundred and eighteen dollars and thirty-three cents (\$377,618.33), of which one hundred and forty-five thousand nine hundred and forty-seven dollars and thirty-five cents (\$145,947.35) are outstanding liabilities.

Exhibit "C" is a summary of the Lamp Account, showing the number of new lamps lighted, old lamps relighted and lamps discontinued by each gas and electric company during the quarter; a total of 178 new gas lamps, 19 new naphtha lamps, 28 new Welsbach naphtha lamps, and 32 new electric lamps have been lighted; 434 old gas lamps, 7 old naphtha lamps and 9 old Welsbach naphtha lamps have been relighted; 348 gas lamps, 23 naphtha lamps and 9 electric lamps have been discontinued. The total number of lamps lighted June 30 was 32,407, of which 18,067 were ordinary open flame gas lamps, 5,639 single Welsbach gas lamps, 1,075 ordinary street sign gas lamps, 1,422 naphtha lamps, 891 Welsbach naphtha lamps and 5,313 electric lamps. In addition to these there are 144 electric street sign lamps, or illuminated boxes.

Exhibit "D" is a statement showing the candle power of the gases supplied to the City, by such of the gas companies as are within reach of our photometric stations.

The following statement shows the average amount of impurities found in the gases of such of the companies as have gas mains on the lines of the photometric stations, as determined by the analyses of Dr. E. G. Love, Ph. D., our gas examiner, in the laboratories of this Bureau:

Of What Company.	Sulphur (Grains in 100 Cubic Feet).	Ammonia (Grains in 100 Cubic Feet).	Sulphureted Hydrogen.
Consolidated Gas Company—Branch 1.....	8.14	.04	Occasional trace.
Consolidated Gas Company—Branch 2.....	17.06	.10	Occasional trace.
Consolidated Gas Company—Branch 3.....	12.38	.06	
Consolidated Gas Company—Branch 4.....	14.08	.12	
Consolidated Gas Company—Branch 6.....	7.06	.04	Occasional trace.
New York Mutual Gas Light Company.....	8.04	.02	Trace.
New Amsterdam Gas Company (Equitable Branch) .....	7.68	.02	
Standard Gas Light Company.....	8.18	.04	
New Amsterdam Gas Company (East River Branch) .....	7.74	.02	

The following will show the specific gravity of the gases:

Consolidated Gas Company—Branch 1.....	.645
Consolidated Gas Company—Branch 2.....	.554
Consolidated Gas Company—Branch 3.....	.592
Consolidated Gas Company—Branch 4.....	.630
Consolidated Gas Company—Branch 6.....	.638
New York Mutual Gas Light Company.....	.663
New Amsterdam Gas Light Company (Equitable Branch).....	.664
Standard Gas Light Company.....	.636
New Amsterdam Gas Company (East River Branch).....	.641

The following statement will show the average maximum and minimum pressure on the mains of such companies as connect with our photometric stations, as recorded on the pressure registers during the quarter, the average being for the time during which the lamps are required to be kept lighted:

Of What Company.	Average Maximum Pressure.	Average Minimum Pressure.	Where Taken.	Distance from Gas Works.
				Miles.
Consolidated Gas Company—Branch 1.....	2.44	2.16	Corner Bowery and Grand street.....	1.66
Consolidated Gas Company—Branch 2.....	3.83	2.63	Corner Bowery and Grand street.....	1.66
Consolidated Gas Company—Branch 3.....	3.63	2.61	Corner Bowery and Grand street.....	3.84
Consolidated Gas Company—Branch 4.....	4.22	2.27	Seventy-ninth street, between Second and Third avenues.....	3.35
Consolidated Gas Company—Branch 6.....	3.55	2.51	Seventy-ninth street, between Second and Third avenues.....	1.05
New York Mutual Gas Company.....	3.64	3.04	Corner Bowery and Grand street.....	1.61
New Amsterdam Gas Company (Equitable Branch).....	2.42	2.07	Corner Bowery and Grand street.....	2.18
Standard Gas Light Company.....	3.12	2.27	Seventy-ninth street, between Second and Third avenues.....	1.05
New Amsterdam Gas Company (East River Branch).....	2.58	1.57	Seventy-ninth street, between Second and Third avenues.....	1.39

Respectfully submitted,  
C. F. LACOMBE, Engineer of Surface Construction.

## EXHIBIT "A."

Statement showing the amount on vouchers drawn for gas and electric lighting of the various public and departmental buildings, armories, markets, etc., the lighting of public electric lamps, the necessary expenditures of the Bureau of Lamps and Gas and liabilities incurred for the fitting up, lighting and maintenance of the gas, naphtha and Welsbach naphtha lamps, for the quarter ending June 30, 1904:

## Bureau Expenditures.

Pay-roll of Inspectors.....	\$583 31
Pay-roll of Lighters of Public Markets, etc.....	240 00
Pay-roll of Locomobile Engineer.....	217 50
Gas examinations.....	339 00
Cartages.....	234 00
Rents, photometric stations.....	240 00
Traveling, etc., expenses, Inspectors, first and second quarters.....	389 85
Ornamental lamps and installations.....	400 00
Typewriting Inspectors' reports.....	142 50
Storage, etc., locomobile, first quarter.....	243 54
Gasfitting, storehouse.....	45 00
Electric light fitting, Bureau.....	21 23
Bicycle repairs.....	25 00
Bromley atlas.....	35 00
Bureau rack and typewriter stand.....	55 00
	<u>\$3,210 93</u>

## Lighting Public Buildings, Armories, Markets, etc.

Public buildings.....	\$9,091 18
Public armories.....	8,334 18
Public markets.....	516 87
	<u>\$17,942 23</u>

## Lighting Departmental Buildings.

Fire Department.....	\$4,979 89
Police Department.....	7,095 74
Department of Public Charities.....	5,865 63
Department of Correction.....	2,960 41
Department of Health.....	2,471 44
Department of Parks.....	984 28
Bellevue and Allied Hospitals.....	4,918 96
Department of Street Cleaning.....	2,210 00
President of the Borough of Manhattan.....	656 07
City College of New York.....	297 01
Department of Bridges.....	57 01
Law Department.....	318 52
Department of Sewers.....	2 16
	<u>\$32,817 12</u>

## Lighting, etc., Public Lamps.

Lighting gas lamps in Manhattan.....	\$88,251 55
Fitting up new gas lamps.....	80 00
Repairing, etc., gas lamps.....	3,285 30
Lighting gas lamps in The Bronx.....	33,274 54
Fitting up new gas lamps, The Bronx.....	1,272 00
Repairing, etc., gas lamps, The Bronx.....	595 75
Lighting naphtha lamps, Manhattan.....	587 97
Lighting naphtha lamps, The Bronx.....	7,183 09
Lighting Welsbach naphtha lamps, Manhattan.....	5,750 83
Lighting Welsbach naphtha lamps, The Bronx.....	749 84
Lighting street sign gas lamps, Manhattan.....	3,809 94
Repairing, etc., street sign lamps, Manhattan.....	59 40
Lighting electric street sign boxes (May and June).....	300 00
Lighting electric lamps, Manhattan.....	107,831 99
Lighting electric lamps, The Bronx.....	69,868 71
	<u>\$322,900 91</u>

## Resume of Quarter's Expenditures.

Bureau.....	\$3,210 93
Lighting public buildings, etc.....	17,942 23
Lighting Departmental buildings.....	32,817 12
Lighting, etc., public lamps.....	322,900 91
	<u>\$376,871 19</u>

These expenditures for lighting buildings and lamps are based upon the prices paid for the same services under contract of 1902. Of the expenditures above specified, \$145,200.21, for lighting, etc., public gas, naphtha and Welsbach naphtha lamps are unvouchered and held for future disposition.

In addition to the foregoing are unvouchered expenditures of the quarter, aggregating \$747.14, which will be found in Exhibit "B" as "Liabilities," making the total expenditures of the quarter \$377,618.33.

## EXHIBIT "B."

Summary of the appropriation for "Lamps and Lighting, Boroughs of Manhattan and The Bronx," 1904, showing the amounts drawn on vouchers during the quarters ending March 31 and June 30, 1904, with outstanding liabilities and balance to the credit of the appropriation:

Amount of appropriation, "Lamps and Lighting," 1904, Boroughs of Manhattan and The Bronx.....	\$1,675,563 50
Amount of vouchers, first quarter.....	\$389,257 64
Amount of vouchers, second quarter.....	231,670 98
Outstanding liabilities.....	145,947 35
	<u>766,875 97</u>
	<u>\$908,687 53</u>

## Liabilities.

For lighting, etc., public gas, naphtha and Welsbach naphtha lamps.....	\$145,200 21
Inspectors' expenses, balance second quarter.....	106 46
Storage, etc., automobile, second quarter.....	256 00
Solar print supplies, first and second quarters.....	37 68
Gas fixtures, storeroom.....	40 00
Underwood typewriter.....	120 00
Lamp irons.....	187 00
	<u>\$145,947 35</u>

Appropriation, "Salaries—Lighting and Electricity, Boroughs of Manhattan and The Bronx," 1904.....	\$29,120 00
Vouchers drawn, first quarter.....	\$6,930 26
Vouchers drawn, second quarter.....	7,112 31
	<u>14,042 57</u>

Balance.....	<u>\$15,077 43</u>
--------------	--------------------

## EXHIBIT "C."

Summary of the lamp account, showing the number of new lamps lighted, old lamps relighted, and lamps discontinued by each gas and electric light company, during the quarter ending June 30, 1904:

## Consolidated Gas Company, Hester Street Branch—

Number of lamps lighted, March 31, 1904.....	2,821
Number of new lamps lighted during the quarter.....	3
Number of old lamps relighted during the quarter.....	80
	<u>2,904</u>
Less lamps discontinued during the quarter.....	84
	<u>2,820</u>

Number of lamps lighted, June 30, 1904..... 2,820

## Consolidated Gas Company, Fortieth Street Branch—

Number of lamps lighted, March 31, 1904.....	2,801
Number of new lamps lighted during the quarter.....	12
Number of old lamps relighted during the quarter.....	85
	<u>2,898</u>
Less lamps discontinued during the quarter.....	65
	<u>2,833</u>

Number of lamps lighted, June 30, 1904..... 2,833

## Consolidated Gas Company, One Hundred and Eleventh Street Branch—

Number of lamps lighted, March 31, 1904.....	8,416
Number of new lamps lighted during the quarter.....	4
Number of old lamps relighted during the quarter.....	147
	<u>8,567</u>
Less lamps discontinued during the quarter.....	82
	<u>8,485</u>

Number of lamps lighted June 30, 1904..... 8,485

Total number of lamps lighted by Consolidated Gas

Company..... 14,138

## New Amsterdam Gas Company—

Number of lamps lighted March 31, 1904.....	3,140
Number of new lamps lighted during the quarter.....	
Number of old lamps relighted during the quarter.....	81
	<u>3,221</u>
Less lamps discontinued during the quarter.....	57
	<u>3,164</u>

Number of lamps lighted June 30, 1904..... 3,164

## Standard Gas Light Company—

Number of lamps lighted March 31, 1904.....	1,709
Number of new lamps lighted during the quarter.....	
Number of old lamps relighted during the quarter.....	26
	<u>1,735</u>
Less lamps discontinued during the quarter.....	33
	<u>1,702</u>

Number of lamps lighted June 30, 1904..... 1,702

## Central Union Gas Company—

Number of lamps lighted March 31, 1904.....	1,965
Number of new lamps lighted during the quarter.....	8
Number of old lamps relighted during the quarter.....	10
	<u>1,983</u>
Less lamps discontinued during the quarter.....	2
	<u>1,981</u>

Number of lamps lighted June 30, 1904..... 1,981

## Northern Union Gas Company—

Number of lamps lighted March 31, 1904.....	3,324
Number of new lamps lighted during the quarter.....	151
Number of old lamps relighted during the quarter.....	5
	<u>3,480</u>
Less lamps discontinued during the quarter.....	8
	<u>3,472</u>

Number of lamps lighted June 30, 1904..... 3,472

## Westchester Lighting Company—

Number of lamps lighted March 31, 1904.....	341
Number of new lamps lighted during the quarter.....	
Number of old lamps relighted during the quarter.....	
	<u>341</u>
Less lamps discontinued during the quarter.....	17
	<u>324</u>

Number of lamps lighted June 30, 1904..... 324

Total number of gas lamps lighted June 30, 1904..... 24,781

## DOCUMENT 3.

Department of Water Supply, Gas and Electricity—Electrical Bureau,  
Boroughs of Manhattan and The Bronx, No. 21 Park Row,  
New York, July 1, 1904.

Hon. JOHN T. OAKLEY, Commissioner:

Sir—I submit herewith a report of work done by the Electrical Bureau of this Department for the quarter ending June 30, 1904:

Applications received for inspection of interior wiring.....	5,920
Applications closed .....	5,585
Balance open .....	2,699
Certificates issued for interior wiring.....	5,161
Temporary certificates issued for interior wiring.....	216
Total certificates issued for interior wiring.....	5,377
Permits issued for signal wires.....	742
Permits issued for electric lighting.....	708
Permits issued for pole lines.....	51
Permits issued for resetting poles.....	38
Permits issued for City lamp-posts.....	84
Permits issued for underground conductors.....	1,289
Permits issued for subsidiary connections.....	1,585
Permits issued for subways.....	323
Total permits issued for outside electrical work.....	4,820
Complaint notices issued.....	1,537
Complaint notices attended to.....	1,407
Balance open .....	1,587

Number of incandescent lamps covered by certificates.....	156,117
Number of arc lamps covered by certificates.....	2,554
Number of motors covered by certificates.....	3,258
Horse-power capacity of motors covered by certificates.....	8,939 1/8
Number of generators covered by certificates.....	69
Kilowatt capacity of generators covered by certificates.....	15,427.26
Heaters .....	54
Total number of inspections made by twenty-three men.....	24,975

The Inspectors have removed 51,800 feet, or 9.81+ miles, of overhead wires, without any additional expense to the City.

Respectfully submitted,

(Signed) FRANK E. BROWN, Electrical Engineer.

## DOCUMENT 4.

CITY OF NEW YORK—BOROUGH OF BROOKLYN, DEPARTMENT OF  
WATER SUPPLY, GAS AND ELECTRICITY, OFFICE OF THE CHIEF  
ENGINEER, MUNICIPAL BUILDING, ROOM 25.

## REPORT FOR QUARTER ENDING JUNE 30, 1904.

City of New York—Borough of Brooklyn,  
Department of Water Supply, Gas and Electricity,  
Chief Engineer's Office,  
Room 25, Municipal Building,  
Brooklyn, N. Y., July 15, 1904.

Hon. THOMAS R. FARRELL, Deputy Commissioner:

Sir—The following report shows the condition of the water supply in the Borough of Brooklyn, the work done in connection with the same for the quarter ending June 30, 1904, the receipts for metered and unmetered water and the expenditures provided for under the Water Revenue Budget, as prepared by this Bureau, as well as those items of the Tax Levy Budget chargeable to engineering work:

## FINANCIAL.

## Receipts and Expenditures.

Receipts—	
Regular water rates .....	\$652,954 91
Metered water rates.....	252,863 91
Interest, defaults, etc.....	23,928 81
Collected by Bureau of Arrears.....	33,852 99
Collected by Receiver of Taxes.....	10,593 91
Total receipts.....	\$974,194 53
Revenue refunds.....	232 80
Net receipts.....	\$973,961 73
Expenditures (Water Revenue Budget)—	
Chief Engineer's Bureau:	
Salaries and wages.....	\$114,781 29
Materials and supplies.....	141,097 83
	\$255,879 12
Repairs to Distribution and Complaints:	
Salaries and wages.....	\$60,689 91
Materials and supplies.....	11,459 45
	\$72,149 36
Expenditures (Tax Levy Budget)—	
Salaries, laboratory .....	\$1,200 00
The Budget made up for this Bureau and approved by the Board of Estimate and Apportionment provided the following amounts:	
Salaries .....	\$475,089 25
Supplies and repairs.....	505,150 00
Total.....	\$1,040,239 25

The expenditures for the first six months were as follows:

	Salaries.	Supplies.	Total.
January 1 to April 1.....	\$114,360 99	\$134,830 75	\$249,191 74
April 1 to July 1.....	114,781 29	141,097 83	255,879 12

It will be seen that the expenditure of this Bureau for salaries during the first half year has been \$8,402.34 less than the amount allowed under the Budget for that period.

## WATER SUPPLY, BOROUGH OF BROOKLYN.

## Consumption—Average Daily Consumption, United States Gallons.

System.	April.	May.	June.	Three Months.
Ridgewood Supply—				
Ridgewood low service.....	88,141,373	86,963,443	89,489,970	88,184,693
Mount Prospect low service.....	6,594,380	6,898,103	6,665,073	6,721,152
Mount Prospect high service.....	3,742,033	3,857,000	3,851,133	3,817,164
Total, Ridgewood.....	98,477,786	97,718,546	100,006,176	98,723,009
Gravesend .....	2,847,443	2,965,932	3,037,206	2,950,367
New Utrecht.....	1,830,373	1,868,058	1,843,996	1,847,702
New Lots.....	3,475,403	3,954,361	4,142,170	3,858,378
Total .....	106,631,005	106,506,897	109,029,548	107,379,456

## Storage and Reservoirs, United States Gallons.

Reservoir.	April 1, 1904.	July 1, 1904.	Gain.	Loss.
Ridgewood Basin No. 1.....	65,307,600	52,458,700	.....	12,648,900
Ridgewood Basin No. 2.....	75,629,900	60,354,400	.....	15,275,500
Ridgewood Basin No. 3.....	126,746,900	94,999,100	.....	31,747,800
Mount Prospect.....	21,100,500	19,597,900	.....	1,502,600
Hempstead .....	619,681,500	658,148,000	38,466,500	.....
New Lots.....	3,404,700	3,151,400	.....	253,300
Total .....	911,871,100	888,709,500	.....	23,161,600

## Rainfall—Inches.

Location.	April. 1903.	April. 1904.	May. 1903.	May. 1904.	June. 1903.	June. 1904.	Total. 1903.	Total. 1904.
Municipal Building.....	3.19	4.74	0.44	2.01	8.76	2.61	12.39	9.36
Hempstead Reservoir.....	3.98	4.24	0.40	2.44	9.58	3.77	13.96	10.45

## General Condition of the Supply.

The rainfall during the quarter was decidedly less than for the corresponding quarter of last year, and also slightly less than the average yearly rate. The rainfall at the Hempstead Reservoir for the first six months equaled 20.56 inches, the corresponding yearly rate being about 2 inches less than the average yearly rate. The greater part of this rainfall reached the underground level and will be utilized for our supply.

It has not been necessary to run the driven well stations on the watershed east of Millburn, and quite a large amount of water went to waste from the supply ponds during April and May, as shown by the following table:

	April.	May.	June.	Total.
Massapequa .....	62,147,400	15,527,100	13,177,300	90,851,800
Wantagh .....	47,828,600	41,065,400	3,000,000	91,894,000
Newbridge .....	18,145,600	4,999,600	.....	23,145,200
East Meadow.....	111,884,800	70,171,200	18,557,800	200,613,800
Millburn .....	2,949,350	.....	.....	2,949,350
Total.....	242,955,750	131,763,300	34,735,100	409,454,150

It will be noticed, however, that in June the waste was very small, and it will be necessary to start the driven well stations during the coming quarter, unless the rainfall is abnormally large.

The water was turned on from Hempstead Storage Reservoir during six days of this quarter, as follows: June 10, 11, 27, 28, 29 and 30. There was, however, a net gain in the reservoir, and, although taking our Borough Distribution Reservoirs with Hempstead Reservoir, there was a net loss of about 23,000,000 gallons. The decided reduction in the consumption for the last quarter as compared with the first quarter of the year was the main cause of the slight change in the stored water in spite of the comparatively low rainfall.

The total consumption during the quarter was, in round figures, 1,518,000,000 gallons, which gives an average daily consumption of 12,137,000 gallons less than for last quarter.

The following table shows the increased consumption for this year, as compared with the corresponding period of last year:

	Total Consumption.	Average Daily Consumption.
April 1 to June 30, 1904.....	9,771,530,550	107,379,456
April 1 to June 30, 1903.....	9,358,838,500	102,844,379
Increase for 1904.....	412,692,050	4,535,077

This increase in consumption has been abnormal, although caused, to some extent, by the increased pressure due to the new mains now being laid in various sections of the City. The effect from these new mains has only been felt to a very slight extent, however, and their influence will be much greater towards the end of the coming quarter than during the last quarter.

No new sources of supply have been added during the quarter, the work on the Wantagh infiltration gallery having been delayed by the inability of the City to acquire the land. At present it seems likely that the land will not be obtained for some time, and this important addition to our supply will thus be retarded. While our Charter provisions for the acquirement of land are somewhat cumbersome, the delays experienced seem to be far greater than those reasonably to be expected. Since Brooklyn became a part of Greater New York, no land for water supply purposes for this borough has been actually purchased by condemnation proceedings, although a map was forwarded showing the necessary parcels as far back as 1900, and during the early part of 1903 three additional maps for this purpose were forwarded. While we have the appropriation to install the Massapequa and Watts Pond Infiltration Galleries, no action can be taken on account of the delay in obtaining the necessary land.

The lack of conduit capacity is likely to be felt during the period of heavy draft, due to high temperature this summer, but it will be more seriously felt next winter, when it will be necessary to meet the draft due to low temperature. Partial surveys have been made during the quarter for a new conduit line, and this work will be continued during the coming quarter.

## Extension of Distribution.

Bids were received on April 27, 1904, for hauling and laying water mains in sixty-nine streets and avenues, but a protest was made by one of the private companies that the City had no right to lay water mains in some of the streets and avenues included in the contract. It was therefore necessary to withdraw this contract, and a new one has been prepared covering seventy-nine streets and avenues aggregating 1,800 feet of 20-inch pipe, 1,050 feet of 16-inch pipe, 30,200 feet of 12-inch pipe, 38,850 feet of 8-inch pipe and 28,650 feet of 6-inch pipe. This contract includes all the petitions favorably reported on up to June 21, 1904, and it is expected that it will soon be advertised, as the water mains are urgently needed in many of the streets and avenues. While it has been found that the letting of a contract for hauling and lay-

ing pipes, together with their appurtenances, from time to time, as required, has reduced the period elapsing between the filing of the petition and the laying of the main after the petition has been reported on favorably, the delay, even under this system, has been sufficient to cause considerable annoyance, and in some cases probably financial loss to our taxpayers. A contract has therefore been prepared and forwarded to you for approval, for laying mains in the outlying sections of the borough, without specifying the streets and avenues in which the mains are to be laid. Under this contract, as soon as awarded, directions can be given to the contractor to lay mains in any street or avenue as soon as the corresponding petitions for extensions are favorably reported on, and the work must be commenced within ten days after issuing the order. In the preparation of this contract special care and attention has been given to eliminate as far as possible uncertain features in the work by preparing a plan showing the districts within which the contractor may be ordered to lay pipe, thus facilitating fair competition from reliable bidders.

The lack of adequate storage space for pipe and special castings has been seriously felt this year and caused us some expense, a portion of our pipe yard being taken up by material belonging to the Bureau of Highways, which it is to be hoped may be speedily removed. As stated in my previous report, our pipe yard, while centrally situated for work on the old distribution system, is very poorly located for the work of extension to distribution. A yard located either on the water front in the Bensonhurst district, or, preferably, on the line of the railroad from Fort Hamilton to East New York, would prove economical and facilitate the work of extension to distribution. Such a yard could also be made headquarters for a repair gang to look after the section of the City covered by the Eighth and Thirtieth Wards. It has not been possible to spare the necessary time to locate this yard, but I hope to be able later on to do this work, so that early next year an appropriation may be asked for the purchase of the necessary land and the construction of this yard, which would be under the control of this Bureau. Attached to this yard there should be a pipe gang for laying distribution mains and doing other work on the distribution system outside the usual work of the existing repair yards. It would thus be possible to do the work now covered by numerous requisitions, which would thus be avoided, and this Bureau could immediately lay water mains in any street within the borough in cases of emergency without the delays attending the advertising and awarding of contracts.

During the quarter the following mains, stop-cocks, etc., were laid:

	20-inch.	16-inch.	12-inch.	8-inch.	6-inch.	Total.
Water mains laid, linear feet.....	1,159	1,427	3,508	25,523	21,121	52,728
Stop-cocks set .....	2	4	7	49	51	113
Fire hydrants set (with 1,075 feet of 6-inch branches)—						
Double .....	.....	.....	.....	.....	.....	10
Single .....	.....	.....	.....	.....	.....	115

## Removal of Old Pipe.

During the past quarter the work of removing the old pipe has been vigorously prosecuted, the contractor, Mr. M. J. Dady, having six gangs at work in different sections in the borough. The work was done on both the contract dated September 18, 1903, and the contract dated January 22, 1904, the main work being carried on, however, under the first contract. It seems likely that this contract will be completed during the coming quarter.

As previously stated, the beneficial effects to be felt from replacing the old mains have not been as apparent as they will be after the extension of the work during the coming quarter. At present a number of the large mains are laid and are fed from small mains, thus adding very slightly to the pressure. The connecting of the mains already laid to the large trunk mains, will, in most cases, be completed during the next two months.

The amount of work done in removing and relaying mains has been as follows:

Pipe Laid—	Linear Feet.
30-inch .....	1,498
24-inch .....	4,385
20-inch .....	5,385
12-inch .....	6,910
8-inch .....	2,100
6-inch .....	700

Pipe Removed—	Linear Feet.
12-inch .....	1,480
8-inch .....	15,001
6-inch .....	10,687

Pipe Laid—	Linear Feet.
20-inch .....	3,759
8-inch .....	213
6-inch .....	117

Pipe Removed—	Linear Feet.
12-inch .....	345
6-inch .....	2,174

## PUMPING STATIONS.

## Mount Prospect.

The average amount of water pumped per day at the Mt. Prospect Pumping Station was as follows:

	Low Service.	High Service.
Average daily pumping, second quarter of 1903.....	4,942,782	3,347,340
Average daily pumping, second quarter 1904.....	6,701,369	3,817,164
Average daily increase 1904.....	1,758,587	469,824

The average daily increase on the Low service was very large and was mainly due to the extension of this service, the present area supplied being considerably in excess of that supplied for the corresponding period of last year.

The condition of the pumping machinery at this station is well nigh critical, owing to the delay in providing for the new boilers, engines and pumps required for the High service and which it is proposed to install at Ridgewood. On the tower service there are three engines, none of which, however, are capable of meeting the full require-

ments of that service. The following table shows the continuous yearly service of the larger of these three engines, known as Engine No. 5:

Year.	Hours Run.	Percentage of Time Run.
1898 .....	6,610	75.4
1899 .....	8,193	93.5
1900 .....	8,308	94.8
1901 .....	8,620	98.4
1902 .....	8,682	99.1
1903 .....	8,699	99.3

The above figures show that this engine has run on an average of about 99 per cent. of the entire time within four years. This record probably has been seldom, if ever, equalled in any water works system in the country.

The other two engines are entirely inadequate to meet the demands of this service, and early in the year I had plans and specifications drawn for a new centrifugal pump, driven by a steam turbine, to be used on this service, until the Ridgewood engines were installed. Bids were received for this pump on June 15, 1904, and it is hoped that the work may be completed without delay. Upon its completion, the new engine can be used to relieve either the tower or reservoir engines.

#### Gravesend.

This station has been operated as usual during the entire quarter, and no money was spent except for such repairs as were absolutely necessary. The boiler plant is in poor condition and it is hoped that action will soon be taken so that the necessary land can be acquired to remodel this station and abandon the New Utrecht Station.

#### New Utrecht.

No special work has been done at the New Utrecht Station, as it is expected that this station will be abandoned early next year.

#### Ridgewood, North Side.

The necessary repairs have been made to the engines on the north side, but considerable trouble has been experienced with the Morris boilers, which constitute the main battery for this station. It will probably be necessary to get temporary boilers while repairs are being made on the Morris boilers. On account of the Board of Health requirements in regard to the burning of soft coal, it has not been possible to run the Davidson plant. During the coming quarter it is expected to prepare a contract to remodel these boilers and install superheaters, thus increasing the economy of the plant. The Davidson engines will be connected to the Mt. Prospect force main and water pumped directly from Ridgewood to the Mt. Prospect Reservoir. It will probably be necessary to make some changes in the steam ends to fit the engines for this work.

#### Ridgewood, South Side.

There has been, as usual, considerable difficulty in keeping the engines on the south side in good working condition, and these engines must be replaced in the near future. The boilers on the south side have been cleaned and minor repairs made.

Bids were received and the contract awarded for a fence around the Ridgewood Station, south side. The work is now progressing on this contract, and it is expected that it will be completed during the coming quarter. These grounds should then be graded and sodded. The station is architecturally an attractive one if the grounds were in proper condition.

#### New Lots.

Additional wells have been driven for a supply from beneath the clay bed, and it is hoped that an appropriation will be granted so that this station can be remodeled and the deep well supply utilized. The pumping has been as usual during the quarter. A 20-inch cross-connection with the Ridgewood Reservoir mains was made just east of the New Lots Reservoir, and for a while the New Lots Reservoir was cut out and the cross-connection, opened between the two systems. This did not give a thoroughly satisfactory supply to the houses on Highland Boulevard when the depth of water in the Ridgewood Reservoir dropped below 17 feet, and New Lots Reservoir was therefore again put into service. A wet connection sleeve and gate has been ordered so that cross-connections can be made from the 48-inch force main leading to the No. 3 Basin of the Ridgewood Reservoir with the New Lots system. When this connection is completed it is expected that the 20-inch cross-connection between the Ridgewood and the New Lots systems can be left open, so that it will not be necessary to utilize the New Lots Reservoir.

#### Line Stations.

The Spring Creek Station has been thoroughly overhauled, but the shallow wells need cleaning again. A test will be made, using ejectors for cleaning out these wells.

At Shetucket, Oconee and Balseys Stations very little work has been done.

At Jameco the filter plant has been in operation for almost the entire quarter.

At Springfield, the Davidson engine connected with the deep wells was shut down in June and given a complete overhauling. It is now about ready to commence pumping. The Springfield filter plant has worked well and added about 2,500,000 gallons to our supply daily.

At Forest Stream the west wells adjoining the new filter bed have clogged and will have to be washed out. The work on the filter beds has progressed slowly, but more detailed reference will be made later to this work.

The Clear Stream and Watts Pond Stations have not required any special attention. At Millburn Station the pumping has been nearly 60,000,000 per day, and one of the new engines has been kept in operation almost constantly. These engines are ready for testing, and it is expected that they will be tested early in the coming quarter.

No special work has been done on the machinery at the Agawam, Merrick, Matowa, Wantagh and Massapequa Stations, but the wells are being overhauled at the Agawam and Massapequa Stations. As previously stated, it will probably be necessary to run these stations during the coming quarter.

#### Repairs to Driven Wells.

The following work has been done by the Driven Well Gang during the past quarter:

New Lots—8-inch well No. 4 has been connected and 8-inch well No. 5 has been driven and connected. A 4-inch well has been driven and connected in the rear of the engine house for the boiler feed pump. Old No. 5 test well was pulled up and redriven to a depth of 169 feet.

Spring Creek—Seventy 2-inch wells were disconnected, brushed, washed and pumped, and reconnected to suction main.

Jameco—One 8-inch well was disconnected, washed and pumped out with a centrifugal pump and reconnected.

Springfield—Eight wells have been disconnected, washed, cleaned, pumped out and reconnected to main.

Forest Stream—Forty-nine 2-inch wells were disconnected, cleaned and pumped out, and reconnected.

Agawam—Twenty-one 6-inch wells were pulled up. All gate valves were cleaned and reversed.

Massapequa—Twenty-seven 4½-inch wells have been disconnected, washed, turned and pumped out, and reconnected to the suction main.

#### Test Wells.

The 2-inch test well at the corner of Merrick road and Horton avenue was pulled up, cleaned and redriven to the same depth. Test Well No. 6, on the north side of Merrick road, was pulled up, cleaned and redriven. Test Well No. 51, on the north side of Merrick road, was pulled up, cleaned and redriven.

#### New Test Wells.

One of the driven well repair gangs was sent to Suffolk County to drive test wells between the Suffolk and Nassau County line and the Village of Babylon, so that a record could be kept of the fluctuation of the underground water level in sections of the Island which could not possibly be affected by our driven well stations. Twenty-one of these wells were driven and readings of the water level will be taken about once a week.

#### Ponds, Conduits and Reservoirs.

The force employed on the conduit is entirely inadequate for the work required to keep the line in proper condition.

The following schedule gives a summary of the work of cleaning closets and cess-pools, this work being carried on by the Department to prevent pollution of the surface supply:

Near Foster's Meadow Stream .....	438
Near Springfield Stream.....	568
Near Valley Stream.....	147
Near Schodack Brook .....	78
Near Pines Brook.....	118
Near Hempstead .....	2,406
Near Millburn Stream.....	78
Near East Meadow Stream.....	78
Near Wantagh Stream .....	160
Along conduit line.....	688

The total cost of this work during the quarter was \$931.50.

The work on the line has been in charge of Mr. G. V. Brower, who was temporarily appointed in the latter part of the last quarter.

#### New York and Long Island Traction Company Road.

The New York and Long Island Traction Company has been prosecuting the work of laying their trolley tracks which cross the conduit at the curve just west of Lynbrook and then parallel the conduit on the north side as far west as Jameco. In granting an easement to the company to cross the City's lands, it was required that the company should strengthen and protect the conduit and branch conduit by adequately supporting the tracks over these points. This work has been done under our inspection and all the crossings have been completed. When the old branch conduit at Valley Stream was uncovered, it was found to be badly cracked and the traction company repaired this conduit by placing concrete around the cracked portion. The plans carried out by the company should prevent any danger of injury to the main or branch conduit.

#### Protection from Pollution.

The survey of lands to be purchased to prevent pollution has been prosecuted by a small party during the quarter. It is expected that a map covering the lands which can be purchased by the balance available from the present appropriation will be forwarded in the latter part of the next quarter.

#### Water Analyses.

During the quarter there have been 1,645 samples of Brooklyn water analyzed, while the total number of analyses of all the boroughs, including Brooklyn, made at the Mount Prospect Laboratory, has been 2,163. Besides this work the following examinations and analyses have been made:

Sand .....	17
Cement .....	8
Coal .....	15
Oil .....	9
Boiler compounds .....	2
Bronze and metals.....	10
Mineral analyses .....	7
Paints .....	5
Special tests and experiments.....	17

The average condition of the water during the quarter is shown in the following table:

Locality.	Turbidity.	Color.	Alb. Am.	Free Am.	Chlorine.	Micro-Organisms.	Bacteria.
Ridgewood—							
Average influx.....	4	16	.050	.020	6.8	155	194
Basin 1, efflux.....	4	15	.061	.019	...	218	150
Basin 2, efflux.....	4	15	.066	.023	...	878	146
Basin 3, efflux.....	4	16	.065	.013	...	2,051	151
Mt. Prospect Reservoir..	4	11	.141	.062	9.5	2,271	129
Average taps.....	3	15	.057	.010	...	889	111

It will be seen that the chlorine is very low for our supply, this being due to the comparatively small draft on our driven wells. The bacteria have also been low and the general condition of the water has been better than for the corresponding period in previous years.

#### Contracts.

The following contracts have been prepared and forwarded during the quarter: May 12—For furnishing and delivering steam packing, rubber gaskets, lamp and asbestos wick.

June 1—For furnishing, delivering and laying high pressure fire service mains and appurtenances in West Tenth and West Twelfth streets and Neptune and Surf avenues, etc., Coney Island.

June 1—For furnishing, constructing and erecting triplex pumps and gas engines, with all appliances complete, for high pressure fire service, at the Coney Island Sewage Disposal Plant.

June 1—For furnishing, constructing and erecting an engine house for high pressure fire service at the Coney Island Sewage Disposal Plant.

June 10—For covering and painting the oil boilers, pipes and breeching in the east boiler room of the Millburn Pumping Station.

June 28—For furnishing and delivering iron and brass pipe, fittings, valves, tools, etc.

June 28—For hauling and laying water-mains and appurtenances in Hart, North Tenth, Crown, Seventy-third, Custer streets, etc.

The following are the contracts for which bids were received, together with the names of the lowest bidders and the total amount of the bid, on the basis of the Engineer's estimate of work to be done:

June 15—For furnishing, constructing, erecting and connecting one steam turbine driven centrifugal pump at the Mount Prospect Pumping Station—  
D'Olier Engineering Company..... \$14,885 00

June 15—For furnishing and installing the steam engines, generators and electric wiring at the Jameco and Springfield Pumping Stations, etc.—  
Johnston Livingston, Jr., & Co..... \$5,534 00

April 27—For furnishing and delivering semi-bituminous and anthracite coal—  
Section I., George D. Harris & Co..... \$74,140 00  
Section II., Rudolph Reimer..... 268,825 50

April 6—For furnishing and delivering stop cocks for distributing mains— Kennedy Valve Company.....	\$7,910 00
May 25—For furnishing and delivering lubricating and illuminating oils and lubricating grease— George B. Hewlett.....	\$4,092 50
April 6—For laying water-mains and appurtenances in Seventy-ninth, Eightieth, Eighty-first streets, etc.— Edward Taylor .....	\$5,325 70
April 27—For furnishing and erecting a wrought iron fence, with gates, at the new Ridgewood Pumping Station— John Fox & Co.....	\$5,625 00
April 27—For hauling and laying water-mains and appurtenances in Diamond, Hart, North Tenth, Crown, Seventy-third, Custer streets, etc.— Robert Carter .....	\$35,064 75

The award of this contract was protested by the Blythebourne Water Company. A new draft of the contract has been prepared.

#### Infiltration Galleries.

Reference has already been made to the deplorable delay experienced in obtaining the necessary land to complete the work on the Wantagh Infiltration Gallery and to enable us to start work on the Massapequa and Watts Pond Galleries. The contractors have done some work at the Wantagh Plant, in completing buildings, installing machinery and laying the 42-inch discharge pipe under the Long Island Railroad Company's tracks. The work of building the weir, which is to be erected by the City, will be prosecuted, so that pumping into the conduit can commence as soon as the contractors can be notified to continue work.

#### Filter Beds.

The Hempstead filter beds, for purifying the water from Horse Brook, have been cut out of service, owing to the necessity of replacing some of the vitrified pipe by cast-iron pipe. This work progressed very slowly on account of the insufficient force of laborers available and consequent delay in getting men to do the work. The east bed is now in operation, and it is expected that the west bed will be shortly put into service.

Forest Stream Filter Bed—The contractor, Mr. Isaac Harris, has carried on the work slowly for the greater part of the quarter, but is at present making good progress. Excavation for the beds has been about three-quarters completed, and all the vitrified and cast-iron pipe is now on the ground. An apparatus has been rigged to wash the necessary sand. It is expected that the contractor will finish this work in the latter part of the coming quarter. The need of these beds has been shown by the waste of the water from Simonson's Pond for the entire month of June on account of the pollution of the stream.

#### 48-Inch Trunk Main.

This main is completed, the last pipe being set on June 28, 1904, and as soon as certain cross-connections, which are to be made by the City, are completed, the main can be put into service. The main has been filled from the reservoir down to Knickerbocker avenue.

#### 48-Inch Force Main.

Good progress was made in the laying of this main after the question of the method of laying the main on Eastern Parkway was settled with the Park Department. It is not likely, however, that the contract will be completed before the end of the summer.

The work of laying the 36-inch, 30-inch and 24-inch mains on Broadway, Park avenue, Sumner place and Humboldt street, which constitute extensions to the Cypress Hills, Myrtle avenue and Broadway 48-inch line, has been nearly completed by the contractor, M. J. Dady. Up to date the following pipe has been laid:

	Feet.
36-inch .....	844
30-inch .....	1,671
24-inch .....	1,042

There is about 800 feet of 30-inch pipe to lay to complete this contract, which should be finished early in the coming quarter.

#### 16-Inch Trunk Fire Service Main.

The work of laying the 16-inch trunk fire service main from the 20-inch main on Flatbush avenue, near Seventh avenue, and along Flatbush avenue, Livingston street, Boerum place, Fulton street, Main street and Water street, was commenced by Contractor Isaac Harris on May 23, 1904. Owing to the blocking of the street by the work on the subway along the lower portion of Flatbush avenue, work was suspended on this contract pending the decision of the Corporation Counsel as to whether or not the original lines should be changed.

#### Removal of 48-Inch Main on Atlantic Avenue.

The 36-inch by-pass main laid by Mr. John J. Cashman on Atlantic avenue, between Carlton and Fourth avenues, was practically completed last year, but was not cross-connected on account of a defective gate on the 36-inch extension of the Atlantic avenue 48-inch main near Clinton street. To shut the water off from the 48-inch main required practically the shutting off of the feeders of the entire section bounded by Atlantic avenue on the north, Bond street and Gowanus canal on the east, and the East river on the south and west. It was therefore planned to do this work after the weather had become settled, and the contractor was notified to do this work on Saturday afternoon, May 7. At the same time the Department started to cut out and replace the defective gate, and Contractor Isaac Harris commenced the work of cutting in two new 30-inch gates with 30-inch by 48-inch reducers on the Atlantic avenue main, just east of Smith and Nevins streets, respectively. Contractor M. J. Dady also started the work of connecting up his new 30-inch main on Atlantic avenue, east of Clinton street. To do this work it was necessary to shut down the 30-inch main on Clinton street and the 20-inch main on Court street, these two mains affecting the section previously outlined. The work was prosecuted with the utmost care and dispatch, and water was again turned on Sunday morning, May 8, at about 1 A. M., although the water in the 48-inch main was not entirely turned on until May 9, at about 10 P. M.

This work was the greatest undertaking in the way of repairing existing mains within recent years and it was completed without any accident. Some difficulty was experienced by the moving of the 90 degree curve at Atlantic and Carlton avenues, and this difficulty was remedied by bedding the curve in a heavy block of concrete. When the 48-inch main was disconnected it was found to be in an excellent state of preservation, although it was originally laid in 1867 and 1868.

#### Engines and Boilers for Millburn Pumping Station.

The tests of the boilers were made by Mr. R. P. Bolton, expert for the City, during the quarter, and the result showed that the boilers complied with the requirements; a net bonus of \$3,100 was shown for efficiency for the east boilers, while a net deduction of \$1,000 was made for efficiency below the contract requirements for the west boiler. A final estimate has been given for this work.

The Millburn engines are completed and ready for the official test. They have been operated by the contractors during the past quarter.

#### Springfield and Jameco Filter Plants.

The result of the tests of these plants was satisfactory, and it has been recommended that the plants be accepted and the final payment made. The operation of these plants is in charge of Mr. Theo. DeLong Coffin, Filter Inspector, and the results have been uniformly satisfactory.

#### High Pressure Fire Service.

The appropriation for the high pressure fire service installation having been passed by the Board of Estimate and Apportionment on March 31, and by the Board of Aldermen on April 13, the work was immediately pushed on the contracts for carrying out the plans outlined in my reports of January 26, February 27 and March 14. Contracts and specifications covering the whole work for the Coney Island District have been completed and were forwarded by me on June 1. The work was divided into three contracts, i. e.:

1. Contract for furnishing and laying the pipe and hydrants.
2. Contract for the engines.
3. Contract for the buildings.

Our plans for the intake on this system have been approved by the Department of Docks and Ferries, and the plans for the building have likewise been approved by the Building Department. Furthermore, the President of the Borough has also agreed to the location of the pumping station on the grounds adjoining the sewage disposal plant, according to the plans prepared by this Bureau. I expect to be able to forward the contracts covering the dry goods and high office building and river front districts early during the coming quarter.

Special attention has been given to the form of pipe joint to be used, and a lead joint with a double groove, both on the spigot end and in the socket, has been adopted, and has been warmly indorsed by the pipe manufacturers whom we consulted in regard to their willingness to bid on this form of joint and cost of the same. Tests made on our regular 12-inch joint up to 750 pounds satisfied me that lead joints would be preferable to flange joints, except for hydrant connections.

#### Queens County Water Company Contract.

The work of laying the 20-inch main from the station of the Queens County Water Company to the conduit near Watts Pond gate-house was completed on April 20, 1904. The weir and meter are also in place. This line has not yet been used. The company has slowly continued the work of driving the deep wells just west of Lynbrook, from which they expect to derive the greater portion of the supply to be delivered to the City under the above-mentioned contract.

#### New Work.

In my report of March 22 I specified the works for the maintenance, improvement and extension of the water supply in this borough, which it was deemed necessary to undertake during the present year, and for which bond issues will be required. In preparing that report, I carefully bore in mind "the explicit directions from the Commissioner to exclude whatever was not necessary during the present year and to endeavor by all means to reduce the amount of appropriations to be asked as much as possible, with due regard, however, to the safety and proper maintenance of the water supply and its efficient and economical management." These works were as follows:

Item.	Proposed Works.	Estimated Cost.
1.	Increased pumping and boiler capacity for Ridgewood, south side....	\$70,000 00
2.	Extending and remodeling Ridgewood, north side.....	500,000 00
3.	Cross-connecting force mains leading from the Ridgewood Engine House to Ridgewood Reservoir.....	10,000 00
4.	Replacing existing small tuberculated mains and laying additional mains, to remove dead ends on the Mt. Prospect and New Lots Systems.....	700,000 00
5.	Filter bed for Valley Stream.....	40,000 00
6.	Extension of distribution.....	300,000 00
7.	Additional hydrants on existing large mains.....	90,000 00
8.	Remodeling of New Lots Station.....	160,000 00
9.	Remodeling of Spring Creek Station.....	175,000 00
Total estimated cost.....		\$2,045,000 00

So far no appropriations have been made for these new works. It is hoped that they may be soon granted, so that the necessary contracts may be made and the work undertaken, thus leaving us free to take up the works imperatively needed next year.

#### Law Suits.

Eight cases were brought to trial in Mineola during the quarter, where parties claimed their oyster business on Freeport creek had been detrimentally affected by the diversion of water from this creek. So far no decision has been rendered, but the testimony was indicative that the damage done, if any, was extremely slight.

#### Records.

During the past quarter very few of the usual records have been kept up, the contract work and preparation of new work necessitating the utilization of the entire force and the neglecting of the routine record work. It is deeply to be regretted that we have not sufficient force to keep up our records, as they are extremely valuable for data on which to prepare for law suits, base reports, and for general department work. As I have already fully discussed this matter in previous communications, I will simply add that the additional force required, both in the office and on the line, as detailed in these communications, is imperatively needed and cannot be delayed without retarding both the current and the new work and largely impairing the efficiency of the Bureau.

#### Office Force.

The utterly inadequate space allowed to the force of this Bureau has been shown in the past and we have now reached the limit. In what is designated as our draughting room, but which really serves likewise every other purpose, our Assistant Engineers, Transmitters and Levelers, and even Stenographers and Clerks are working, every foot of available space being furthermore utilized for storage. It is practically impossible to crowd more men or material in that room. The efficiency of the force is affected by the crowding of the room, who interfere with each other more or less. Additional room should be provided as soon as practicable. In the Chief Engineer's office, where the space was barely adequate, one of the small rooms was turned over to the Bureau of Public Buildings and Offices, and this has necessitated a rearrangement of those rooms and increased the general crowding above referred to.

Yours respectfully,

I. M. DE VARONA, Chief Engineer.

#### DOCUMENT 5.

City of New York, Borough of Brooklyn,  
Department of Water Supply, Gas and Electricity,  
Bureau of Distribution and Repairs.

#### QUARTERLY REPORT, APRIL 1 TO JUNE 30, 1904.

#### Permits, Repairs, etc.

	April.	May.	June.	Total.
Leaks in Distribution.				
4-inch .....	1	1	1	3

12 by 4 new branches put in.....	1

## Miscellaneous—

Owners notified to repair leaking pipes inside of premises.....	3
Service pipes lowered to conform to street grade.....	7
Tap drawn and cleared out.....	1
Taps redriven.....	2
Sidewalks and curbs relaid around fire hydrants.....	32
Streets repaved over mains.....	39
Street repaved around gate boxes.....	5
Dangerous holes filled in over mains.....	3
Water shut off for contractors.....	7
Water shut off for plumbers.....	4

## Special Work.

Laid 312 feet of 6-inch pipe and set two new fire hydrants, connecting dead end of pipe on India street, east of Oakland street.

Cut out old 8-inch main on Myrtle avenue, between Grove and Ralph avenues, also west of Gates avenue, and made connections with new 48-inch main.

## East New York Repair Yard.

## Fire hydrants, repairs, etc.—

New fire hydrants set.....	24
Fire hydrants taken out for repairs.....	27
Fire hydrants lowered to grade.....	2
Fire hydrant raised to grade.....	1
Fire hydrant nozzle recalked.....	39
Fire hydrant valves closed.....	29
Fire hydrant stuffing boxes repacked.....	13
Fire hydrant joints recalked.....	1
Fire hydrants blown off.....	16
Fire hydrant moved.....	1
New screws put on fire hydrants.....	14
New sockets put on fire hydrants.....	13
New tops put on fire hydrants.....	3
New caps and chain put on fire hydrants.....	24
New nozzles put on fire hydrants.....	14
New jam-nuts put on fire hydrants.....	7
New "T" handles put on fire hydrants.....	9
New covers put on fire hydrants.....	10
New latches put on fire hydrants.....	4
New crossbars put on fire hydrants.....	4

## Drinking hydrants—

New drinking hydrant set.....	1
-------------------------------	---

## Leaks—

## Service pipes:

Owners or agents notified.....	32
Taps shut off at main.....	32
Private mains repaired.....	5
Taps redriven.....	4

## Mains:

6-inch mains recalked.....	4
8-inch mains recalked.....	44
12-inch mains recalked.....	4
16-inch mains recalked.....	1
48-inch mains recalked.....	23

## Gates—

New gates put in to split up districts.....	2
New gates put in in place of broken ones.....	7
Stuffing boxes repacked on leaking gates.....	12
Gate boxes raised to grade.....	5
Gate boxes lowered to grade.....	6
New gate boxes set.....	3

## Special Work.

East New York avenue, between Amboy and Saratoga avenues, cut 8-inch main, moved 410 feet of main two feet and connected up.

Warwick street, between Atlantic and Liberty avenues, lowered 426 feet of 6-inch pipe, one 6 by 3 way branch, 1 hydrant, one 6-inch gate and gate box, three feet, and recalked 37 joints.

Pitkin avenue, between Vermont and Wyona streets, lowered 170 feet of 6-inch pipe, one 6 by 3 way branch and 1 hydrant, two feet; recalked 15 joints.

New Lots road, corner Cleveland street, 6-inch water-main raised to lay brick sewer.

Railroad avenue, between Etna and Ridgewood avenues, lowered 619 feet of 6-inch main, two 6 by 3 way branches, 1 hydrant, 1 gate and gate box, three feet; recalked 53 joints.

Atlantic avenue, south side, corner Miller avenue, cut out 8-inch main, moved it one foot and connected to 6-inch main on Miller avenue.

## Miscellaneous—

Repavings around gate boxes.....	5
Repavings opposite fire hydrants.....	2
Repavings over leaks in services and mains.....	20
Dangerous holes filled in.....	2
Sidewalks cemented around hydrants.....	3
Sidewalks reflagged around hydrants.....	2

## Coney Island Repair Yard.

## Fire hydrants, repairs, etc.—

New fire hydrants set.....	12
New fire hydrants set in place of broken ones.....	9
Fire hydrants repaired.....	460
Fire hydrants taken out, repaired and reset.....	64
Fire hydrant valves closed.....	101
Fire hydrant nozzles recalked.....	48
Fire hydrants raised to grade.....	7
Fire hydrant service joints recalked.....	9

Owners or agents notified.....	52
Taps shut off at main.....	21

## Mains:

Joints recalked.....	35
New joints.....	8

## Drinking hydrants—

New drinking hydrant set.....	1
Drinking hydrants repaired.....	2

## Gates—

New gates put in.....	12
New gates put in in place of broken ones.....	5
Gates cleaned, oiled and stuffing boxes repacked.....	353
Number of gates repaired.....	426
New screws put on gates.....	3
New glands put on gates.....	1
New bolts put on gates.....	43
New top-nuts put on gates.....	5
New gaskets put on gates.....	7
New bonnets put on gates.....	2
New gate boxes set.....	8
Gate boxes raised to grade.....	18

## Branches—

New branches put in.....	16
--------------------------	----

## Special Work.

Ovington avenue, lowered 480 feet of 4-inch water-main.

Eightieth street, between Twenty-first and Twenty-second avenues, cut out 60 feet of split 2-inch water-main and replaced same.

Eightieth street, between Twenty-second and Twenty-first avenues, cut out 20 feet of 2-inch main and replaced same.

Eightieth street, opposite No. 2115, cut out 4 feet of 2-inch main and replaced same.

## Miscellaneous—

Water shut off to make connections.....	24
Water turned on new mains.....	8

Respectfully submitted,

HENRY HAWKES, Superintendent of Repairs.

## DOCUMENT 6.

Office of the Deputy Commissioner of Water Supply, Gas and Electricity  
of The City of New York, for the Borough of Richmond,  
New Brighton, June 30, 1904.

Hon. JOHN T. OAKLEY, Commissioner of Water Supply, Gas and Electricity, No. 21  
Park Row, New York City:

Dear Sir—I herewith respectfully submit, as required by section 1546 of the Charter of Greater New York, a report of the transactions of the Division of the Department of Water Supply, Gas and Electricity, which has charge of the water supply in this borough for the quarter ending June 30, 1904.

Respectfully yours,

EDWARD I. MILLER,

Deputy Commissioner, Water Supply, Gas and Electricity,  
Borough of Richmond.

Trial Balance and Statement, as per Ledger, of Appropriation, Salaries, Office of  
Deputy Commissioner.

Amount of appropriation for the year 1904.....	\$6,900 00
Amount of vouchers certified to Comptroller to date.....	2,924 94

Balance of appropriation June 30, 1904.....	\$3,975 06
Appropriation, 1904.....	\$6,900 00
Two-fourths of appropriation.....	3,450 00

In favor of appropriation June 30..... \$525 06

Trial Balance and Statement, as per Ledger, of Appropriation, Pumping Stations,  
Salaries and Supplies.

Amount of appropriation for the year 1904.....	\$7,100 00
Amount of vouchers certified to Comptroller to date.....	3,287 10

Balance of appropriation June 30, 1904.....	\$3,812 90
Appropriation, 1904.....	\$7,100 00
Two-fourths (2-4) of appropriation.....	3,550 00

In favor of appropriation June 30..... \$262 90

Trial Balance and Statement, as per Ledger, of Appropriation Rental of Fire Hydrants.

Amount of appropriations for the year 1904.....	\$30,052 50
Amount of vouchers certified to Comptroller to date.....	27 50

Balance of appropriation June 30..... \$30,025 00

Trial Balance and Statement, as per Ledger, of Water Fund, Borough of Richmond.

Amount of Water Fund, Borough of Richmond, including \$35.11 from previous appropriation.....	\$78,035 11
Vouchers certified to Comptroller to date.....	64,525 48

Balance of Water Fund, Borough of Richmond, June 30, 1904..... \$13,509 63

Trial Balance and Statement, as per Ledger, of Revenue Bond Fund for Laying  
Water Mains.

Amount of Revenue Bond Fund.....	\$10,000 00
Amount of vouchers certified to Comptroller to date.....	8,861 81

Balance of Revenue Bond Fund, June 30, 1904..... \$1,138 19

## BUREAU OF WATER REGISTER, BOROUGH OF RICHMOND.

Statement of Water Rents and Charges Collected and Deposited for the Quarter  
Ending June 30, 1904.

Annual frontage and extra rate.....	\$248 10
Penalties on deferred payments and annual rate.....	2 40
Meter rate for water supplied in buildings.....	571 91
Charges for water supplied for building purposes.....	24 70
Cash on deposit for building purposes.....	
Meter rate for water supplied in shipping.....	
Charges for water to shipping not metered.....	
Charges for street sprinkling.....	
Charges for water for miscellaneous purposes.....	
Charges for permits to tap water mains.....	

\$847 11

Cash paid over to City Chamberlain.....	\$836 56
On deposit.....	10 05

\$846 61

## Statement of Lengths of Water Mains in Use June 30, 1904, Lengths Added During the Quarter Ending June 30, 1904, with Number of Stop-cocks and Hydrants.

## Sizes of mains in use June 30, 1904—

8 inches .....	8,182.75
6 inches .....	21,795.85
4 inches .....	8,211.90

Total..... 38,190.50

## Additions—None.

## Stop-cocks in use June 30, 1904—

8 inches .....	18
6 inches .....	28
4 inches .....	15

Total..... 61

## Additions—None.

## Hydrants.

Supplied by the Staten Island Water Supply Company.....	598
Supplied by the Crystal Water Company of Edgewater.....	450
Supplied by the South Shore Water Works Company.....	18
Supplied by the Tottenville Water Works.....	77

Total..... 1,143

## Statement of Service of Well and Force Pumps, Coal Consumption, etc., for the Quarter Ending June 30, 1904.

Amount of coal used, gross tons.....	130.11
Amount of machine oil used, gallons.....	11,312.5
Amount of cylinder oil used, gallons.....	19,875
Amount of packing used, pounds.....	1
Amount of waste used, pounds.....	26

## Well Pumps.

	Hours.
6-inch well, No. 1.....	88
8-inch well, No. 2.....	171
10-inch well, No. 3.....	508
10-inch well, No. 4.....	931
10-inch well, No. 5.....	778
10-inch well, No. 6.....	351
10-inch well, No. 7.....	
10-inch well, No. 8.....	

Total..... 2,917

## Worthington Force Pumps.

	Hours.
No. 1.....	451
No. 2.....	643
Total.....	1,094

## Number of Gallons Drawn from Wells and Pumped to Standpipe, from April 1, 1904, to June 30, 1904.

	Gallons.
No. 1.....	6,260,327.04
No. 2.....	8,059,912.50
Total.....	14,320,239.54

## Hours of Service.

	Hours.
Enginemen, Pumping Station.....	1,736
Stoker .....	1,008
Laborers .....	2,160

## Expenditures.

Salaries of Enginemen.....	\$578 37
Salary of Stoker.....	182 49
Wages of Laborers.....	386 00
Coal .....	510 03
Waste .....	1 82
Packing .....	22
Oil .....	23 03

Total..... \$1,681 96

Cost of production, 11.81 cents per thousand gallons.  
Average daily consumption, 157,365 gallons.

## Extra.

	Hours.
Laborers employed at Pumping Station for cleaning, grubbing, etc.....	616

## Contract Statement, Including Contracts in Progress, Contracts Made, Contracts Completed.

Title of Works or Supplies.	Name of Contractor.	Date of Contract.	Date of Expiration of Contract Time.	Estimated Cost.
For furnishing, delivering and storing 500 gross tons (2,240 pounds to a ton) of No. 1 pea size white ash anthracite coal, at the Pumping Station, Tottenville .....	Henry G. Stiles....	Feb. 19, 1904	Feb. 12, 1905	* \$1,960 00

\* Which may be increased by twenty (20) per cent., or \$392, making a total of \$2,352.

## DOCUMENT 7.

Department of Water Supply, Gas and Electricity,  
Borough of Queens,  
Long Island City, February 9, 1905.

Hon. JOHN T. OAKLEY, Commissioner of Water Supply, Gas and Electricity,  
Nos. 13-21 Park Row, New York City:

Dear Sir—Inclosed please find duplicate copies of reports of transactions of this Department for the quarter ending June 30, 1904, as requested.

Yours very respectfully,

(Signed) GEORGE H. CREED, Deputy Commissioner, Queens.

## DOCUMENT 9.

Department of Water Supply, Gas and Electricity, }  
Borough of Brooklyn, July 27, 1904. }

Report of Bureau of Lamps and Lighting for Quarter ending June 30, 1904.

There were received in general relation to gas and electric lighting, and matters incident thereto, 587 complaints and requests, of which number 392 were made by citizens and others, and 195 by the Department Inspectors.

The number of lamps of each kind in service June 30, 1904, was as follows:

Gas lamps (open flame) .....	10,157
Welsbach lamps (gas) .....	4,593
Welsbach lamps (naphtha) .....	393
Electric lights (1,200 candle power) .....	4,752
Electric lights (600 candle power) .....	210
Naphtha lamps (plain) .....	12
.....	20,117

Changes were made in the lighting system during the quarter as follows:

New open flame lamps .....	107
New Welsbach lamps (gas) .....	242
Welsbach gas lamps discontinued .....	3
Open flame gas lamps discontinued .....	154
New electric lights (1,200 candle power) .....	10
Electric lights (1,200 candle power) extinguished .....	13
Electric lights (1,200 candle power) relighted .....	10
.....	539

The companies supplying street lighting, and the number of lamps of each kind maintained by each company June 30, 1904, are as follows:

Brooklyn Union Gas Company (gas lamps) .....	5,845
Brooklyn Union Gas Company (Welsbach) .....	4,593
Kings County Gas and Illuminating Company (gas lamps) .....	4,312
Edison Electric Illuminating Company, electric (1,200 candle power) .....	4,131
Edison Electric Illuminating Company, electric (600 candle power) .....	210
Flatbush Gas Company (1,200 candle power) .....	621
Welsbach Street Lighting Company (naphtha Welsbach) .....	393
New York and New Jersey Globe Gas Light Company (plain naphtha) .....	12
.....	20,117

There were received 5,642 reports from the Department of Police, submitted daily in matter of lamps and lighting, from which were tabulated 4,486 instances of electric lights not burning and 389 instances of gas lamps not burning. From these tabulations deductions are made from the monthly bills of the various companies supplying lighting.

The following list is of required repairs to gas lamp-posts, or new work accomplished during the quarter by the gas companies, acting upon orders from the Department:

New posts set .....	182
Posts reset .....	173

Posts straightened .....	6
Posts releaded .....	13
Posts removed .....	106
Services put in .....	34
Stand-pipes .....	27
Columns refitted .....	2

Received at the Department storehouse from gas companies during the quarter, incident to change in lighting system, lamp stock as follows:

Gas lamp-posts .....	96
Square lanterns .....	115
Square frames .....	110

Globe .....	1

Work accomplished in matter of repairs to lanterns, frames, etc.:

Square lanterns, painted and repaired .....	458
Square frames repaired and painted .....	411
Boulevard frames repaired and painted .....	380

## BOARD OF ASSESSORS.

New York, January 10, 1905.

Meeting of the Board of Assessors held this 10th day of January, 1905.

Present—Robert Muh, President; Chas. A. O'Malley.

The assessment for sewers in Waverley place, between Bank and Perry streets, was confirmed.

The following assessments were transmitted to the Board of Revision:

Paving Jackson avenue, from One Hundred and Sixty-first to One Hundred and Sixty-fifth street.

Sewers in Wicker place, and in Van Corlear place, between Wicker place and Kingsbridge avenue.

The following awards were made for damages caused by change of grade in Woodruff avenue from Flatbush avenue to Parade place:

F. W. Holmes, Block 188, Lot No. 7, \$500.

John Berry, Block 188, Lots Nos. 10, 58, 59, disallowed.

Carrie E. Miller, Block 188, Lot No. 2, \$250.

Donald McNeil, Block 188, Lot No. 1, disallowed.

Timothy Moriarty, Block 190, Lot No. 9, \$200.

Mary Bacon, Block 190, Lot No. 4A, \$125.

H. B. Seymour, Block 190, Lot No. 4, \$100.

The Board adjourned.

WM. H. JASPER, Secretary.

## Granted.

Request of Louis J. Price for re-examination by the Board of Surgeons for appointment as Patrolman.

## Disapproved.

Request of Samuel Hardy to be reinstated as Captain. Commissioner has no power to comply with request.

Application of Michael Collins for appointment of Frederick Jacobs as Special Patrolman.

Application of Alfred Miller for appointment of Henry Muller as Special Patrolman.

Ordered, That, in pursuance of the provisions of section 320 of the Greater New York Charter, the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Police Commissioner to establish, provide and furnish the premises on the corner of Fifth avenue and Eighty-sixth street, in the Borough of Brooklyn, as a station for the Seventy-first Police Precinct, for the accommodation thereof of members of the Police Force and as a place of detention for persons arrested and property taken within said precinct; and also to provide and furnish such business accommodations, apparatus and articles and provide for the care thereof as shall be necessary for the Police Department and the transaction of the business of the Department therein.

On reading and filing communication from Walter E. Parfitt,

Ordered, That application be and is hereby respectfully made to the Commissioner of Water Supply, Gas and Electricity to furnish the necessary electric current and gas for lighting the new station-house, prison and stable for the Seventy-first Police Precinct, situated on the corner of Fifth avenue and Eighty-sixth street, in the Borough of Brooklyn.

Ordered, That copies of the reports of Captain John J. Lantry, of the Twenty-fourth Precinct, and Captain Patrick J. Cray, in command of the Sanitary Police, Department of Health, relative to the death of Patrolman John J. Molloy, who was knocked down and run over by a cab at Fiftieth street and Sixth avenue, February 21, 1905, at 11.20 o'clock P. M., and who subsequently died from the injuries thus received, be respectfully forwarded to the Trustees of the Riot Relief Fund for their consideration.

Ordered, That the judgment dated March 14, 1905, imposing a fine of four (4) days' pay on Patrolman Adolphus G. Doncourt, on complaint dated April 29, 1904, wherein he was charged with conduct unbecoming an Officer, and that the order of March 14, 1905, revoking the judgment of July 15, 1904, dismissing the said complaint, be and are hereby rescinded.

On reading and filing communication from Patrick Reilly, of No. 339 East Forty-ninth street, declining appointment as Patrolman on Probation, he being a member of the Fire Department,

Ordered, That the appointment of Patrick Reilly as Patrolman on Probation be and is hereby revoked.

Ordered, That Alfred Thorn, whose name appears upon eligible list of Municipal Civil Service Commission, dated March 8, 1905, be and is appointed as Patrolman on Probation.

On reading and filing report of Third Deputy Commissioner Harris Lindsley,  
Ordered, That Richard T. Post be and is hereby granted an increase of pension of \$135 per annum, from date, making a total pension of \$500 per annum.

## Full Pay Granted.

Patrolman William C. Hahn, Eleventh Precinct, February 17 to 21, and February 23 to 25, 1905.

## Referred to the Corporation Counsel.

Communication by the Police Commissioner, dated March 15, 1905, relative to Patrolman James Edwards, who was fined 30 days' pay during his probationary period, and asking for an opinion.

## Referred to the Board of Honor (Additional).

Communications by the Police Commissioner addressed to Detective Sergeants Duggan and Kinsler, regarding their conduct in refusing a bribe. For recommendation as to whether said letters should be sent to Detective Sergeants Duggan and Kinsler.

Ordered, That the Board of Surgeons be and is hereby directed to convene at Police Headquarters, No. 300 Mulberry street, Manhattan, at 1 P. M., Wednesday, March 22, 1905, for the purpose of examining such members of the Police Force as may be designated by the Commissioner, in reference to their physical condition and ability to perform full police duty.

The following named officers are hereby ordered to report in person to the Board of Surgeons at 1 P. M., March 22, 1905:

Sergeant T. W. Hughes, Seventy-first Precinct.  
Sergeant A. Irwin, Seventy-second Precinct.  
Sergeant I. S. Tichenor, Seventy-second Precinct.  
Sergeant Robert Groves, Seventy-third Precinct.  
Sergeant Bernard Cole, Seventy-third Precinct.  
Sergeant Thomas Walsh, Eighty-second Precinct.  
Sergeant Bernard F. Conklin, Telegraph Bureau, Brooklyn.

The Board will examine each officer as to his strength, endurance and agility, and make a thorough and complete physical test of the eyesight and hearing, heart, lungs and kidneys, and after doing so the Board is hereby directed to certify, through its President and Secretary, whether or not, in the case of each officer, he is permanently disabled, physically or mentally, so as to be unfit for duty.

## On File—Send Copy.

Report of Captain Nicholas Condon, Fiftieth Precinct, relative to communication from Clyde M. Tenny, regarding the refunding of money for bulbs purchased by him from Horton & Co.

Report of Captain Thomas F. Darcy, Seventy-fourth Precinct, relative to anonymous communication received by Bartlett, Hayward & Co., regarding some trouble among their employees. Return photo.

## On File.

Report of Surgeon Nesbitt, of contagious disease in the family of Patrolman Patrick Quinn, Twenty-seventh Precinct.

Report of Surgeon Higgins, of contagious disease in the family of Patrolman James Collins, Thirty-fifth Precinct.

Report of Surgeon Phelps, of contagious disease in the families of Patrolman F. O. Hatfield and Patrolman J. C. Rutherford, Third Precinct.

Report of Surgeon Donovan of contagious disease in the family of Patrolman Edward Kinne, Thirty-second Precinct. Officer relieved from duty under the rules.

Communication from John H. Cahill, Second Vice-President and Attorney, New York Telephone Company, inclosing copy of order to show cause issued by Justice Gaynor, in the matter of application of James R. Cullen for a writ of peremptory mandamus and disposition of same, with memorandum of Mr. Justice Dickey in denying the motion.

Acknowledgment from his Honor the Mayor.

Communication from W. C. Vosburgh Manufacturing Company, relative to placing fire-escapes on building No. 269 State street, occupied as Police Headquarters for Brooklyn.

The following transfers, etc., were ordered by the Commissioner to take effect 4 P. M., the 18th inst:

Patrolman John J. Gerighty, from Twenty-second Precinct to Third Precinct, assigned to crossing Fifty-eighth street and Third avenue.

Patrolman John J. Phelan, Thirtieth Precinct, temporary assignment to telephone table in Thirty-first Precinct discontinued.

Patrolman Nicholas J. Kennedy, Thirty-third Precinct, temporarily assigned to telephone table in Thirty-first Precinct.

In effect 4 P. M., the 20th inst:

Patrolman Louis W. Rochester, Twelfth Precinct, assigned to clerical duty.

In effect 4 P. M., the 21st inst:

Roundsman George V. Kass, from Thirty-first Precinct to Twenty-second Precinct.

Roundsman Charles J. Hornbostel, from Seventy-seventh Precinct to Thirty-first Precinct.

## POLICE DEPARTMENT.

New York, March 21, 1905.

The following proceedings were this day directed by Police Commissioner William McAdoo:

Referred to the Chief Inspector.

Communication from Major Oliver B. Bridgmen, Squadron A, offering the use of drill ring of above squadron for instructing the mounted Patrolmen. To Sergeant William B. McCullagh, Third Precinct, through the Chief Inspector, with copy of reply of Commissioner.

Application of Manhattan Amusement Company for appointment of Thomas Ryan as Special Patrolman.

Application of Brooklyn Rapid Transit Company for appointment of Thomas Tetlay as Special Patrolman.

Application of Automatic Vaudeville Company for appointment of Samuel Klein as Special Patrolman.

Application of Chemical National Bank for appointment of John F. Gilligan as Special Patrolman.

Approved.

Request of Hon. George E. Best, Commissioner of Bridges, and recommendation of Inspector Max F. Schmittberger, relative to assignment of Roundsmen on Brooklyn Bridge.

Request of Brooklyn Heights Railroad Company and recommendation of Sergeant John Yost, Third Sub-Precinct, Brooklyn, relative to mounted Patrolmen to entrance of Fulton Ferry.

Recommendation of First Deputy Commissioner Thomas F. McAvoy, relative to detail of Patrolman to crossing, One Hundred and Sixteenth street and Eighth avenue.

Recommendation of Second Deputy Commissioner Thomas F. Farrell, relative to assignment of certain probationary Patrolmen, whose term of probation expires the 22d inst.

Application of Doorman John V. Mullins, Tenth Precinct, for transfer.

Referred to the Second Deputy Commissioner.

Communication from Good Citizenship League, asking that a Matron be assigned to Flushing Police station. To Borough Inspector Adam A. Cross, through the Second Deputy Commissioner, for report.

Report of Borough Inspector Adam A. Cross on communication from New York and New Jersey Telephone Company, relative to telephones now in possession of Property Clerk. To Assistant Property Clerk, through the Second Deputy Commissioner, with direction to return the property herein referred to to the owners thereof.

Referred to the Bookkeeper.

Communication signed "Humiliation," forwarding \$20 as reward to Patrolman No. 6067 (Benj. Mallam, Thirtieth Precinct). To pay over to the Police Relief Fund.

Referred to the Third Deputy Commissioner.

Communication from Matthew G. Murphy, asking for an increase of pension. Petition for increase of pension of Margaret Galligan, widow of Patrick Galligan.

Ordered, That the applications of the following-named Captains of Police to be cited for examination for promotion to the grade of Inspector of Police, together with their complaint and service records, be respectfully referred to the Municipal Civil Service Commission, viz:

Charles C. Wendell, Thirty-fourth Precinct.  
Martin Handy, Fourteenth Precinct.  
Ernst Lindeman, Sixty-eighth Precinct.  
Thomas F. Maude, Fifty-sixth Precinct.  
Lawrence J. Murphy, Fifty-first Precinct.  
Denis F. Ward, Thirty-fifth Precinct.  
Frederick W. Martens, Eleventh Precinct.  
William H. Shaw, Seventh Precinct.  
David Evans, Forty-third Precinct.

On reading and filing communication from I. Augustus Stanwood, Deputy Clerk, and report of Charles H. Phillips, in charge of records,

Ordered, That Patrolman James Kiely, Twentieth Precinct, be and is hereby commended for meritorious conduct in stopping a runaway horse at Fortieth street and Tenth avenue, on January 21, 1905.

On reading and filing finding of the Board of Honor,

Ordered, That Patrolman Harvey E. Roosa, Twenty-ninth Precinct, be and is hereby commended for meritorious conduct in rescuing three persons from fire at No. 1 East One Hundred and Twelfth street, on October 17, 1904.

On reading and filing finding of the Board of Honor,

Ordered, That Patrolmen Daniel Haggerty and Edward J. Quinn, Eighth Precinct, be and are hereby commended for meritorious conduct in making rescues at a fire at No. 10 York street, on January 30, 1905.

On reading and filing finding of the Board of Honor,

Ordered, That Roundsman Peter I. Tighe, Fourth Precinct, be and is hereby commended for meritorious conduct in stopping a runaway horse on Brooklyn Bridge, February 2, 1905.

On reading and filing finding of the Board of Honor,

Ordered, That reports in the following cases be placed on file, it appearing that the acts of the officers named were only in the line of good police duty and did not entitle them to commendation:

Patrolman Timothy O'Brien, Nineteenth Precinct, for conduct at a fire at No. 450 Fourth avenue on December 30, 1904.

Patrolman Charles B. Clarke, Thirty-first Precinct, for stopping a runaway team of horses at One Hundred and Twenty-fifth street and Seventh avenue on December 12, 1904.

Roundsman Edward McAniff and Patrolman Patrick Lynch, Thirty-seventh Precinct, for arrest of two men at West Farms Square on December 25, 1904.

Patrolman Cornelius B. Doherty, Twenty-first Precinct, for rescues at a fire at Nos 707 and 709 Second avenue on November 22, 1904.

Sergeant Louis Sharkey, Fifty-fourth Precinct, for assisting two girls who had been thrown out of a pony-cart at Broadway and Grove street, Brooklyn, on October 17, 1904.

Patrolman John J. McGreevy, Twenty-first Precinct, for stopping a runaway horse at Twenty-eighth street and Third avenue on February 5, 1905.

Patrolman Philip Hoerter, Fifty-sixth Precinct, for stopping a runaway at Fifth avenue and Douglas street, Brooklyn, on January 23, 1905.

Patrolman William E. Lawler, Tenth Precinct, for rescuing a woman at a fire at No. 211 Spring street on February 19, 1905.

Roundsman Samuel McElroy, Brooklyn Borough Headquarters' Squad, for arrest of two burglars at No. 496 Putnam avenue, Brooklyn, on January 10, 1905.

Patrolman Charles Delmage, Twenty-sixth Precinct, for stopping a runaway horse at Eighty-second street and Broadway on January 31, 1905.

Patrolmen James E. Green and Eugene C. Moger, Sixty-fourth Precinct, for assisting persons at a fire at No. 262 Wyckoff street, Brooklyn, February 2, 1905.

Detective Sergeant Warren Maxon, Thirty-sixth Precinct, for assisting persons at a fire at One Hundred and Fifty-sixth street and Cauldwell avenue, Bronx, January 20, 1905.

Patrolman Michael P. Murphy, Eighth Precinct, for arresting three men at No. 324 Greenwich street on January 19, 1905.

Patrolman Charles G. Orr, Fifty-third Precinct, for stopping a runaway horse at Blake and Van Sicken avenues, Brooklyn, February 1, 1905.

Patrolman Burtis E. S. Thompson, Thirty-fifth Precinct, for stopping a runaway horse at Willis avenue and One Hundred and Thirty-fourth street, Bronx, January 27, 1905.

Patrolman George A. Neal, Third Precinct, for stopping a runaway horse at Forty-eighth street and Seventh avenue on November 15, 1904.

Ordered, That Inspector George F. Titus, Captain Robert A. Tighe and Captain John W. O'Connor be and are hereby relieved from suspension and restored to duty as of this date.

Trial having been had of charges against Patrolman John J. Lynch of the Thirty-fifth Precinct for neglect of duty, the following fines were imposed by the Commissioner on the recommendation of Third Deputy Commissioner Harris Lindsley, viz.: Charge No. 1, three days' pay; charge No. 2, seven days' pay.

The following transfers, etc., were ordered by the Commissioner to take effect forthwith:

Roundsman Richard E. Enright, Central Office, assigned as Inspector in Charge of Bureau of Repairs and Supplies.

In effect 8 A. M., the 24th inst.: Roundsman John L. Bergman, from Central Office to Twenty-seventh Precinct, relieved as Inspector in Charge of Bureau of Repairs and Supplies and assigned to Mounted Duty.

In effect 12 noon, 24th inst.: Inspector Max F. Schmittberger, relieved of the command of the Second Inspection District.

Inspector George F. Titus, relieved from command of Second Inspection District and assigned to Central Office Squad.

Captain William G. Hogan, from Twenty-fifth Precinct to Central Office, and assigned as Acting Inspector in Charge of Second Inspection District.

Captain John J. Langan, from Detective Bureau to Twenty-fifth Precinct.

Captain Robert A. Tighe, from Central Office to Eighty-second Precinct.

In effect 4 P. M., the 24th inst.: Doorman Irvin Wycker, from Central Office to Fifty-seventh Precinct.

Patrolman John Alafberg, from Central Office to Sixty-fifth Precinct.

Patrolman Charles J. Teare, from Second Precinct to Tenth Precinct.

Patrolman Patrick Walsh, from Eighth Precinct to Thirtieth Precinct.

Patrolman Cornelius Walker, from Twenty-eighth Precinct to Ninth Precinct.

Patrolman John C. McKenna, from Thirtieth Precinct to Eighth Precinct.

Patrolman James E. Drexler, from Thirtieth Precinct to Second Precinct.

Patrolman Michael Minogue, from Thirty-first Precinct to Thirty-fourth Precinct, mounted.

Patrolman Henry C. Plump, from Thirty-fourth Precinct to Eighteenth Precinct, dismounted.

Patrolman Henry D. Ward, from Third Precinct to Central Office, assigned to the Bureau of Repairs and Supplies.

Patrolman Thomas G. Clark, from Twenty-sixth Precinct to Central Office, assigned to the Bureau of Repairs and Supplies.

Patrolman Edward Halpin, from Fiftieth Precinct to Central Office, assigned to the Bureau of Repairs and Supplies.

Doorman James Quinn, from Central Office to Fifty-seventh Precinct.

Patrolman Patrick Quade, from Second Precinct to Fifty-seventh Precinct.

Patrolman Michael P. Murphy, from Eighth Precinct to Thirtieth Precinct.

Patrolman Otto Ransberg, from Twenty-eighth Precinct to Fifth Precinct.

Patrolman John J. Godfrey, from Thirtieth Precinct to Eighth Precinct.

Patrolman Reuben R. Huntington, from Thirtieth Precinct to Fifth Precinct.

Patrolman James Morrison, from Thirtieth Precinct to Twelfth Precinct.

GEORGE B. STONE, Second Deputy Clerk.

LOUIS F. HOFFEN,  
President, Borough of The Bronx.

## CHANGES IN DEPARTMENTS.

## PRESIDENT, BOROUGH OF RICHMOND.

March 30—Given probationary appointment as Leveler at salary of \$1,350 per annum to the following, and have requested them to report for duty on April 1, 1905:

William E. Haefner.  
Francis A. Dillon.

## BOARD OF EDUCATION.

March 30—At the meeting of the Board of Education held on March 29 consent was granted to the transfer of Louis Kreisler, Cleaner in Public School 188, Manhattan, to the office of the President of the Borough of Manhattan.

At the meeting of the Board of Education held on the 29th inst. action was taken as follows:

Samuel Friedman, No. 102 Cannon street, Manhattan, was appointed as Attendance Officer at a salary of \$1,050 per annum, taking effect April 1, 1905.

The action of the Committee on Buildings in assigning to duty of March 13, 1905, as Inspector of Masonry and Carpentry F. R. Auspland, whose transfer to this Department was consented to by the Board of Rapid Transit Railroad Commissioners, at a salary of \$27 per week, was approved and ratified.

The action of the Committee on Supplies on March 2, 1905, in making permanent the appointments of Bernard Gildea, Edward Fay and Arthur J. Pettit, Cleaners in the Bureau of Supplies, who were appointed on December 19, 1904, for a temporary period, was approved and ratified.

The action of the President of the Board in suspending without pay, on March 2, 1905, Thomas F. O'Connell, Inspector of Fuel in the Bureau of Supplies, pending the preferring of charges against him, was approved and ratified.

## TENEMENT HOUSE DEPARTMENT.

March 30—Referring to notice of March 29 to the effect that the services of a large number of temporary employees in this Department would be discontinued on March 31, 1905, the following changes are made:

Edw. J. McManus, No. 1282 Columbus avenue, City, temporary Clerk, salary \$1,050 per annum, services discontinued on March 30, 1905, instead of March 31.

James A. Wallace, No. 117 East One Hundred and Twelfth street, City, temporary Clerk, salary \$1,050 per annum, services discontinued on March 30, 1905, instead of March 31.

## EXECUTIVE DEPARTMENT.

Pursuant to statutory requirement, notice is hereby given that an Act, Senate, Printed No. 197, Int. No. 175, has been passed by both branches of the Legislature, entitled:

"An Act to amend section three hundred and one of the charter of the Greater New York which was re-enacted in section three hundred and one of chapter four hundred and sixty-six of the laws of nineteen hundred and one, relative to the police department."

Further notice is hereby given that a public hearing upon such bill will be held at Mayor's Office in the City Hall, in The City of New York, on Monday, April 3, 1905, at 2 o'clock P. M.

Dated, City Hall, New York, March 30, 1905.

GEORGE B. McCLELLAN,

Mayor.

This bill will be the first one heard at that time.

Pursuant to statutory requirement, notice is hereby given that an Act, Senate, Printed No. 508, Int. No. 192, has been passed by both branches of the Legislature, entitled:

"An Act to amend the Greater New York Charter, as amended by chapter four hundred and sixty-six of the laws of nineteen hundred and one, relating to the municipal court of the city of New York, borough of Brooklyn."

Further notice is hereby given that a public hearing upon such bill will be held at Mayor's Office in the City Hall, in The City of New York, on Monday, April 3, 1905, at 2 o'clock P. M.

Dated, City Hall, New York, March 30, 1905.

GEORGE B. McCLELLAN,

Mayor.

This bill will be the second one heard at that time.

Pursuant to statutory requirement, notice is hereby given that an Act, Assembly, Printed No. 419, Int. No. 387, has been passed by both branches of the Legislature, entitled:

"An Act to authorize the commissioners of the sinking fund of the city of New York to cancel and annul certain assessments and sales to the city of New York for assessments affecting property in the city of New York, and directing the comptroller to mark such assessments accordingly."

Further notice is hereby given that a public hearing upon such bill will be held at Mayor's Office in the City Hall, in The

City of New York, on Monday, April 3, 1905, at 2 o'clock P. M.

Dated, City Hall, New York, March 30, 1905.

GEORGE B. McCLELLAN,  
Mayor.

This bill will be the third one heard at that time.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 61  
ELM STREET, CITY OF NEW YORK.

**PUBLIC NOTICE WILL BE GIVEN OF** all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing, or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

**WILLIAM F. BAKER,**  
President;  
**R. ROSS APPLETON,**  
**ALFRED J. TALLEY,**  
Commissioners.

## BOROUGH OF MANHATTAN.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL, THE CITY OF NEW YORK.

**SEALED BIDS OR ESTIMATES WILL BE** received by the President of the Borough of Manhattan, at the City Hall, Room No. 16, until 3 o'clock P. M., on

**WEDNESDAY, APRIL 5, 1905.**

**No. 1. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR ALTERATION AND IMPROVEMENT TO SEWER AND APPURTENANCES IN WEST SIXTY-EIGHTH STREET, between West End avenue and Amsterdam avenue.**

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required, is as follows:

730 linear feet of brick sewer of 3-foot 6-inch by 2-foot 4-inch interior diameter, Class I.

51 linear feet of brick sewer of 3-foot 6-inch by 2-foot 4-inch interior diameter, Class II.

6 linear feet of salt glazed vitrified stone-ware pipe culvert of 12-inch interior diameter.

450 cubic yards of rock to be excavated and removed.

15,000 feet B. M. of timber and planking for bracing and sheet piling.

The time allowed to complete the whole work will be two hundred (200) working days.

The amount of the security required is Forty-five Hundred Dollars (\$4,500).

**No. 2. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR BUILDING SEWER AND APPURTENANCES IN BROADWAY, WEST SIDE, between Park place and Barclay street.**

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required, is as follows:

100 linear feet of brick sewer of 3-foot 6-inch by 2-foot 4-inch interior diameter in tunnel, Class I.

14 linear feet of brick sewer of 3-foot 6-inch by 2-foot 4-inch interior diameter in vault, Class II.

7 cubic yards of brick masonry, laid in cement mortar.

The time allowed to complete the whole work is fifty (50) working days.

The amount of the security required is Fifteen Hundred Dollars (\$1,500).

The contracts must be bid for separately and the bids will be compared and the contracts awarded at a lump or aggregate sum for each contract.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per foot, yard or other unit of measure or article, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

Blank forms may be had and the plans and drawings may be seen at the office of the Commissioner of Public Works, Nos. 13 to 21 Park row, Bureau of Sewers, Borough of Manhattan.

**JOHN F. AHEARN,**  
Borough President.

DEPARTMENT OF CORRECTION, No. 148 EAST TWENTIETH STREET, BOROUGH OF MANHATTAN.

THE UNDERSIGNED WILL SELL AT public auction on

TUESDAY, APRIL 4, 1905,

at 11 A. M., at the Kings County Penitentiary, No. 245 Crown street,

Borough of Brooklyn.

About 5,000 YARDS OF BROKEN STONE, now at the Kings County Penitentiary, No. 245 Crown street, Borough of Brooklyn.

All quantities to be "more or less." All quantities to be "as are." All the above to be received by the purchaser at the Kings County Penitentiary and removed therefrom immediately upon being notified that same are ready for delivery. ALL LOADING WILL BE DONE BY THE DEPARTMENT.

The successful bidder will be required to pay twenty-five per cent. of the estimated amount of his purchase to me at the time and place of sale, and the balance to the Warden at the Kings County Penitentiary, in cash or certified check

on a New York City bank, upon delivery of the goods.

The Commissioner reserves the right to order resale of any goods that shall NOT have been removed by the purchaser within TEN days after he shall have been notified that they are ready, and in case of such resale to forfeit to the use of the Department of Correction the TWENTY-FIVE PER CENT. paid in at the time and place of sale. Goods can be examined at the Kings County Penitentiary by intending bidders on any week-day before the day of sale.

FRANCIS J. LANTRY,

Commissioner.

3,137 linear feet of new curbstone, to be set in concrete.  
4,150 cubic yards of earth filling, to be furnished.

232 cubic yards of concrete, not to be bid for.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is One Thousand Seven Hundred Dollars.

No. 12. FOR REGULATING AND REPAVING WITH GRANITE PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF KENT AVENUE, from Myrtle avenue to Flushing avenue.

The Engineer's estimate of the quantities is as follows:

5,020 square yards of granite block pavement, with tar and gravel joints.  
30 square yards of adjacent pavement.  
990 cubic yards of concrete.  
2,770 linear feet of new curbstone.  
180 linear feet of old curbstone, to be reset.  
530 square feet of new granite bridging.  
80 square feet of old bridging, to be relaid.

Time for the completion of the work and the full performance of the contract is forty-five (45) working days.

The amount of security required is Seven Thousand Dollars.

No. 13. FOR REGULATING AND REPAVING WITH ASPHALT AND ASPHALT BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF MESEROLE AVENUE, from Manhattan avenue to Diamond street.

The Engineer's estimate of the quantities is as follows:

1,600 square yards of asphalt pavement.  
2,120 square yards of asphalt block pavement.  
30 square yards of adjacent pavement.  
600 cubic yards of concrete.  
1,960 linear feet of new curbstone.  
220 linear feet of old curbstone, to be reset.  
10 noiseless covers and heads complete for sewer manholes.

1,100 cubic yards of earth filling, not to be bid for.

2,740 square feet of old flagging, to be relaid, not to be bid for.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Three Thousand Five Hundred Dollars.

No. 14. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF MILL STREET, from Columbia street to Hicks street.

The Engineer's estimate of the quantities is as follows:

1,240 square yards of asphalt pavement.  
10 square yards of adjacent pavement.  
220 cubic yards of concrete.  
820 linear feet of new curbstone.  
120 linear feet of old curbstone, to be reset.  
6 noiseless covers and heads, complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Thousand Dollars.

No. 15. FOR REGULATING, CURBING AND LAYING SIDEWALKS ON MONTAUK AVENUE, from Pitkin avenue to New Lots road.

The Engineer's estimate of the quantities is as follows:

3,840 linear feet of new curbstone, to be set in concrete.  
190 cubic yards of concrete, not to be bid for.

19,000 square feet of cement sidewalks.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Two Thousand Five Hundred Dollars.

No. 16. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF MORRELL STREET, from Bushwick avenue to Flushing avenue.

The Engineer's estimate of the quantities is as follows:

3,040 square yards of asphalt pavement.  
20 square yards of adjacent pavement.  
510 cubic yards of concrete.  
1,600 linear feet of new curbstone.  
220 linear feet of old curbstone, to be reset.  
6 noiseless covers and heads, complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Two Thousand Three Hundred Dollars.

No. 17. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT WITH PRESENT PAVEMENT AS A FOUNDATION THE ROADWAY OF NORTH SIXTH STREET, from Havemeyer street to 200 feet northwesterly; NORTH SEVENTH STREET, from Havemeyer street to 200 feet northwesterly.

The Engineer's estimate of the quantities is as follows:

1,770 square yards of asphalt pavement.  
1,770 square yards of old stone pavement.  
550 linear feet of new curbstone.  
370 linear feet of old curbstone, to be reset.  
8 noiseless covers and heads, complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Thousand Dollars.

No. 18. FOR REGULATING AND GRADING NOSTRAND AVENUE, from Flatbush avenue to Avenue U.

The Engineer's estimate of the quantities is as follows:

12,560 cubic yards of earth excavation.  
13,370 cubic yards of earth filling, to be furnished.

Time for the completion of the work and the full performance of the contract is ninety (90) working days.

The amount of security required is Four Thousand Five Hundred Dollars.

No. 19. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF PROSPECT PLACE, from Kingston avenue to Albany avenue.

The Engineer's estimate of the quantities is as follows:

2,740 square yards of asphalt pavement.  
10 square yards of adjacent pavement.  
450 cubic yards of concrete.  
1,310 linear feet of new curbstone.  
140 linear feet of old curbstone, to be reset.  
7 noiseless covers and heads, complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Two Thousand Dollars.

No. 20. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF RODNEY STREET, from Broadway to Grand street.

The Engineer's estimate of the quantities is as follows:

4,640 square yards of asphalt pavement.  
20 square yards of adjacent pavement.  
770 cubic yards of concrete.  
2,540 linear feet of new curbstone.  
60 linear feet of old curbstone, to be reset.  
10 noiseless covers and heads, complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Three Thousand Five Hundred Dollars.

No. 21. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF SACKETT STREET, from Nevins street to Third avenue.

The Engineer's estimate of the quantities is as follows:

1,900 square yards of asphalt pavement.  
10 square yards of adjacent pavement.  
320 cubic yards of concrete.  
1,030 linear feet of new curbstone.  
110 linear feet of old curbstone, to be reset.  
6 noiseless covers and heads complete for sewer manholes.

Time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Thousand Five Hundred Dollars.

No. 22. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON SIXTIETH STREET, from Second avenue to Third avenue.

The Engineer's estimate of the quantities is as follows:

1,440 linear feet of new curbstone, to be set in concrete.  
488 cubic yards of earth excavation.  
426 cubic yards of earth filling, not to be bid for.  
71 cubic yards of concrete, not to be bid for.

6,890 square feet of cement sidewalks.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Dollars.

No. 23. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF STANHOPE STREET, from Bushwick avenue to Myrtle avenue.

The Engineer's estimate of the quantities is as follows:

5,890 square yards of asphalt pavement.  
30 square yards of adjacent pavement.  
990 cubic yards of concrete.  
3,290 linear feet of new curbstone.  
150 linear feet of old curbstone, to be reset.  
15 noiseless covers and heads complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Four Thousand Dollars.

No. 24. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAYS OF SUMNER AVENUE, from Lafayette avenue to Hopkins street; and of HOPKINS STREET, from Throop avenue to Broadway; and of SUMNER PLACE, from Broadway to Flushing avenue.

The Engineer's estimate of the quantities is as follows:

10,100 square yards of asphalt pavement.  
60 square yards of adjacent pavement.  
1,790 cubic yards of concrete.  
6,900 linear feet of new curbstone.  
710 linear feet of old curbstone, to be reset.  
8 noiseless covers and heads, complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Seven Thousand Dollars.

No. 25. FOR REGULATING AND REPAVING WITH GRANITE PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF THIRTY-NINTH STREET, from Third avenue to the old City line.

The Engineer's estimate of the quantities is as follows:

8,220 square yards of granite block pavement, with tar and gravel joints.  
30 square yards of adjacent pavement.  
1,800 cubic yards of concrete.  
7,550 linear feet of new curbstone.  
840 linear feet of old curbstone, to be reset.  
420 square feet of new granite bridging.  
210 square feet of old bridging, to be relaid.  
11 basin heads to be moved, not to be bid for.

Time for the completion of the work and the full performance of the contract is sixty (60) working days.

The amount of security required is Twelve Thousand Dollars.

No. 26. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF WALWORTH STREET, from Flushing avenue to Myrtle avenue.

The Engineer's estimate of the quantities is as follows:

4,220 square yards of asphalt pavement.  
20 square yards of adjacent pavement.  
740 cubic yards of concrete.

3,020 linear feet of new curbstone.  
80 linear feet of old curbstone, to be reset.  
15 noiseless covers and heads, complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Three Thousand Five Hundred Dollars.

No. 27. FOR REGULATING, GRADING, CURBING, GUTTERING AND LAYING SIDEWALKS ON WEBSTER AVENUE, from Coney Island avenue to Gravesend avenue.

The Engineer's estimate of the quantities is as follows:

1,260 square yards of brick gutters, on a concrete foundation.  
5,670 linear feet of new curbstone, set in concrete.  
4,656 cubic yards of earth excavation.  
795 cubic yards of earth filling, not to be bid for.

420 cubic yards of concrete, not to be bid for.  
26,525 square feet of cement sidewalks.  
1,230 square feet of new bluestone bridging.

Time for the completion of the work and the full performance of the contract is sixty (60) working days.

The amount of security required is Five Thousand Dollars.

No. 28. FOR REGULATING AND REPAVING WITH GRANITE PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF WEST NINTH STREET, from Columbia street to Hicks street.

The Engineer's estimate of the quantities is as follows:

1,220 square yards of granite block pavement, with tar and gravel joints.  
10 square yards of adjacent pavement.  
250 cubic yards of concrete.  
830 linear feet of new curbstone.  
90 linear feet of old curbstone, to be reset.  
140 square feet of new granite bridging.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Seven Hundred Dollars.

No. 29. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR GRADING FOR THE FOLLOWING LOTS: ON THE SOUTH SIDE OF SIXTIETH STREET, between Tenth and Eleventh avenues, known as Lots Nos. 1 to 5, inclusive, Block 174, Thirtieth Ward Map.

The Engineer's estimate of the quantities is as follows:

709 cubic yards of filling, to be furnished.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Two Hundred Dollars.

No. 30. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR FENCING VACANT LOTS IN VARIOUS PLACES AND ON VARIOUS STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantity of fence to be erected is as follows:

1,000 linear feet of fence.

Time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Two Hundred Dollars.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per cubic foot, square foot, square yard, cubic yard, or other unit of measure by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Assistant Commissioner of Public Works, Room No. 15, Municipal Building, Borough of Brooklyn.

MARTIN W. LITTLETON,  
President.

Dated MARCH 27, 1905. m29,a12

Amended July 22 and September 15, 1904, and February 7, 1905.

## COLLEGE OF THE CITY OF NEW YORK.

### BOARD OF TRUSTEES OF THE COLLEGE OF THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Committee on Buildings of the Board of Trustees of the College of the City of New York, at the office of the Board, Lexington avenue, corner of Twenty-third street, Borough of Manhattan, in the City of New York, until 12 o'clock noon on

MONDAY, APRIL 24, 1905.

FOR THE SECOND CONTRACT FOR MASON, IRON, MARBLE, ETC., CARPENTER, ELEVATOR, ELECTRIC AND OTHER WORKS, FOR THE BUILDINGS OF THE COLLEGE OF THE CITY OF NEW YORK, TO BE ERECTED ON THE PLOTS OF GROUND LOCATED ON ST. NICHOLAS TERRACE, ONE HUNDRED AND FORTIETH STREET, AMSTERDAM AVENUE AND ONE HUNDRED AND THIRTY-EIGHTH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

The amount of security required will be not less than Twenty-five Per Cent. (25%) of the amount of the bid or estimate.

The bids will be compared and the contract awarded at a lump, or aggregate, sum.

Bidders for this work must be engaged in and known to be well prepared to execute and carry out the same in accordance with the plans and specifications, and must produce proof satisfactory to the Committee that they possess the necessary plant, tools, materials, etc., which will be required in the manufacture, construction and completion of the work.

For particulars as to the quantity and quality and of the nature and extent of the work required or of the materials to be furnished bidders are referred to the printed specification and the plans. Bidders are cautioned to examine the specification for particulars of the articles, etc., required before making their estimate.

Bidders are requested to make their bid or estimate upon the blank form prepared for the purpose, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specification in the form approved by the Corporation Counsel, can be obtained upon written application therefor at the office of the architects, Messrs. George B. Post & Sons, No. 33 East Seventeenth street, Borough of Manhattan, The City of New York. The plans and drawings which are made a part of the specification can be seen at Nos. 134 and 136 West Twenty-fifth street, Borough of Manhattan, The City of New York, until noon of April 24, 1905, between the hours of 10 A. M. and 4 P. M.; Saturdays, 10 A. M. and 12 M.

The Board of Trustees reserves the right to reject all bids or estimates, if they deem it to be for the interest of the City so to do.

## DEPARTMENT OF FINANCE.

### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

TWENTY-THIRD WARD, SECTION 6;  
FOURTEENTH WARD, SECTION 8;  
TWENTY-SIXTH WARD; AND TWENTY-SIXTH WARD, SECTION 12.

LAYING CEMENT SIDEWALKS on the east side of GLENADA PLACE, between Decatur and Fulton streets; on the southwest side of NORTH ELEVENTH STREET, between Roebeling street and Union avenue; on the southwest side of NORTH ELEVENTH STREET, between Driggs avenue and Roebeling street; on the southeast side of DRIGGS AVENUE, between North Tenth and North Eleventh streets; on the northeast sides of NORTH TENTH STREET and NORTH ELEVENTH STREET, between Driggs avenue and Roebeling street; on the southeast side of DRIGGS AVENUE, between North Eleventh and North Twelfth streets; on the southwest side of NORTH TWELFTH STREET, between Driggs avenue and Roebeling street; on the west side of UNION AVENUE, between Roebeling and north Twelfth streets; on the northeast and southwest sides of NORTH ELEVENTH STREET, between Bedford and Driggs avenues; on the northwest side of DRIGGS AVENUE, between North Eleventh and North Twelfth streets; on the west side of UNION AVENUE, between Roebeling and North Eleventh streets; on the northeast side of NORTH ELEVENTH STREET, between Roebeling street and Union avenue; on the west side of CLEVELAND STREET, between Ridgewood and Arlington avenues; on the east side of CLEVELAND STREET, between Arlington avenue and Fulton street; on the north side of FULTON STREET, between Georgia and Sheffield avenues, and on the west and east sides of GEORGIA AVENUE, between Atlantic and Liberty avenues. Area of assessment: East side of Glenada place, between Fulton and Decatur streets, on Block 1859, Lot No. 5; southwest side of North Eleventh street, between Roebeling street and Union avenue, Block 2300, Lot No. 5; block bounded by North Tenth and North Eleventh streets, Driggs avenue and Roebeling street, Block 2299, Lot Nos. 1, 5, 9 to 17, inclusive, 21, 25 and 27; block bounded by North Eleventh and North Twelfth streets, Driggs avenue and Roebeling street and Union avenue, on Block 2292, Lot Nos. 1, 2, 3, 4, 6, 7, 8, 9, 11, 12, 15, 16, 21, 26, 27, 28, 29 and 33; northeast side of North Eleventh street, between Bedford and Driggs avenues, Block 2291, Lot Nos. 17 and 25; southwest side of North Eleventh street, from Bedford avenue to Driggs avenue; northwest side of Driggs avenue, from North Tenth to North Eleventh street; triangle bounded by Roebeling street, Union avenue and North Eleventh street; southwest corner of Ridgewood avenue and Cleveland street, Block 275, Lot No. 57; east side of Cleveland street, between Fulton street and Arlington avenue, Block 315, Lot No. 20; north side of Fulton street, between Georgia avenue and Sheffield avenue, Block 3658, Lot No. 6; west side of Georgia avenue, between Liberty and Atlantic avenues, Block 3684, Lot Nos. 29, 35 and 36; east side of Georgia avenue, between Atlantic and Liberty avenues, Block 3685, Lot Nos. 6 and 7.

—that the same were confirmed by the Board of Revision of Assessments March 30, 1905, and entered March 30, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments become liens, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. and 2 P. M., and on Saturdays until 12 M., and all payments made thereon on or before May 29, 1905, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, March 30, 1905.  
m31,a13

## NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

## TWENTY-THIRD AND TWENTY-FOURTH WARDS, SECTIONS 9 AND 11.

BROOK AVENUE—PAVING THE ROADWAY, from Webster avenue to Wendover avenue. Area of assessment: Both sides of Brook avenue, from Webster avenue to Wendover avenue, and to the extent of half the block at the intersecting and terminating streets.

## TWENTY-THIRD AND TWENTY-FOURTH WARDS, SECTIONS 10 AND 11.

VYSE (AVENUE) STREET—SEWER and appurtenances, between West Farms road and Jennings street. Area of assessment: Both sides of Vyse street, from West Farms road to Jennings street; south side of Jennings street, from Vyse street to Hoe street; east side of Hoe street, extending about 333 feet south of Jennings street.

—that the same were confirmed by the Board of Revision of Assessments March 30, 1905, and entered on March 30, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before May 29, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, March 30, 1905.

## CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, APRIL 18, 1905.

at 12 o'clock M., at the Comptroller's Office, No. 280 Broadway, in The City of New York, the following-described property belonging to the Corporation of The City of New York, viz:

All that certain brick building, with the appurtenances therein contained, located on the lot of ground known and distinguished by the number 253 Spring street, on the north side of Spring street, 58 feet 9 inches east of Varick street, in the Borough of Manhattan, City of New York.

The minimum or upset price at which the building is to be sold is fixed and appraised by the Commissioners of the Sinking Fund at the sum of five hundred dollars (\$500), and the sale is made upon the following

## TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid, together with the sum of \$25 for Auctioneer's fees, at the time of sale.

The bill of sale for the said property to be delivered within ten days from the date of the sale.

The building so sold to be entirely and completely removed by the purchaser prior to and before May 20, 1905, under and in accordance with the terms and conditions as expressed and contained in the lease to the City from the Corporation of Trinity Church, of the land on which said building is erected and located, which said lease is on file in the Department of Finance.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. Copies of the lease mentioned may be seen on application at the Comptroller's Office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held March 22, 1905.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, March 29, 1905.

## CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

THURSDAY, APRIL 20, 1905.

at 12 o'clock M., at the Comptroller's Office, No. 280 Broadway, New York City, the following-described real estate belonging to the Corporation of The City of New York, viz:

All the right, title and interest of The City of New York in and to all that certain piece or parcel of land located in the Borough of Manhattan, bounded and described as follows:

Beginning on the southerly side of East One Hundred and Thirty-fourth street at a point distant 215 feet westerly from the southwesterly corner of Park avenue (formerly Fourth avenue as widened) and East One Hundred and Thirty-fourth street, and running thence southerly parallel to the westerly side of Park avenue 99 feet 11 inches to the centre line of the block between One Hundred and Thirty-fourth and One Hundred and Thirty-fifth streets; thence westerly along said centre line 75 feet; thence northerly again parallel with the westerly side of Park avenue 99 feet 11 inches to the southerly side of One Hundred and Thirty-fourth street, and thence easterly along the southerly side of One Hundred and Thirty-fourth street 75 feet to the point or place of beginning.

The minimum or upset price at which the said premises are to be sold is fixed and appraised by the Commissioners of the Sinking Fund at the sum of one thousand six hundred and fifty-one dollars and sixty-five cents (\$1,651.65), and the sale is made upon the following

## TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid, together with the sum of \$25 for the Auctioneer's fees, at the time of the sale; also the further sum of \$100 for the expenses of advertising and drawing the necessary papers, etc. The purchaser, in addition thereto, to produce such evidence as may be satisfactory, that all taxes, assessments and water rates, with accrued interest, due to The City of New York on the above-described property, have been paid before the delivery of the deed.

The quit-claim deed for the above-described premises to be delivered within thirty days from the date of the sale.

The Comptroller may, at his option, resell the property, if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. Maps of said real estate may be seen on application at the Comptroller's Office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held March 22, 1905.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, March 30, 1905.

## NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for ACQUIRING TITLE to the following-named public place or square in the BOROUGH OF THE BRONX:

## TWENTY-THIRD WARD, SECTION 9.

ACQUIRING TITLE TO PUBLIC PLACE OR SQUARE lying southerly of East One Hundred and Thirty-eighth street, bounded by EAST ONE HUNDRED AND THIRTY-EIGHTH STREET, MOTT AVENUE AND RAILROAD AVENUE, EAST. Confirmed January 30, 1903, and August 3, 1904; entered March 27, 1905. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of a line drawn parallel to the southerly line of that portion of East One Hundred and Thirty-eighth street, lying east of Mott avenue and distant 100 feet southerly from the southerly apex of the Public Place at East One Hundred and Thirty-eighth street and Park avenue with a line drawn parallel to and distant 100 feet westerly from the westerly line of Mott avenue; thence northerly along said parallel line to its intersection with the southerly line of East One Hundred and Thirty-eighth street; thence on a straight line to a point 100 feet north of the northerly line of East One Hundred and Thirty-eighth street and midway between Walton and Mott avenues; thence easterly along a line parallel to and distant 100 feet northerly from the northerly line of East One Hundred and Thirty-eighth street to its intersection with the northerly prolongation of the westerly line of Canal street west; thence southerly along said prolongation and line of Canal street west to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly line of that portion of Park avenue (Railroad avenue, East) lying west of East One Hundred and Thirty-eighth street; thence southerly along said parallel line to its intersection with aforesaid line parallel to that portion of East One Hundred and Thirty-eighth street lying east of Mott avenue; thence westerly along said parallel line to the point or place of beginning.

The above-entitled assessment was entered on the date herebefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of

Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before May 26, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, March 27, 1905.

## NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF THE BRONX:

## TWENTY-THIRD WARD, SECTION 9.

EXTERIOR STREET—OPENING, from East One Hundred and Thirty-fifth street to Gerard avenue, at Cheever place. Confirmed March 17, 1905; entered March 22, 1905. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the northwesterly line of Third avenue with the northeasterly pier and bulkhead-line of the Harlem river; running thence northwesterly and northerly along said pier and bulkhead-line to its intersection with a line parallel to and 100 feet northeasterly from the northeasterly line of East One Hundred and Forty-ninth street; thence southeasterly along said parallel line to its intersection with the northeasterly prolongation of the middle line of the blocks between Walton avenue and Mott avenue; thence southeasterly along said prolongation and middle line to its intersection with the middle line of the block between East One Hundred and Forty-fourth street and Cheever place; thence southeasterly along said last-mentioned middle line and its prolongation to its intersection with the northwesterly line of Railroad avenue, East; thence southeasterly along said northwesterly line of Railroad avenue, East, to its intersection with the northeasterly line of East One Hundred and Thirty-eighth street; thence southerly to a point formed by the intersection of the southwesterly line of East One Hundred and Thirty-eighth street with the middle line of the block between Canal street, West, and Railroad avenue, East; thence southeasterly along said middle line of the block to its intersection with the middle line of the blocks between East One Hundred and Thirty-eighth street and East One Hundred and Thirty-fifth street; thence southeasterly along the said last-mentioned middle line and its prolongation to its intersection with the northwesterly line of Third avenue; thence southeasterly along said northwesterly line of Third avenue to the point or place of beginning.

The above-entitled assessment was entered on the date herebefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before May 22, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK—DEPARTMENT OF FINANCE,

## NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public

notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX.

# **TWENTY-FOURTH WARD, SECTIONS 11 AND 12, AND TWENTY-THIRD WARD, SECTIONS 9 AND 10.**

**RECEIVING BASINS AND APPURTENANCES** at the following locations: Southwest corner of RODMAN PLACE and WEST FARMS ROAD; northwest corner of EAST TWO HUNDRED AND SECOND STREET and VALENTINE AVENUE; southeast corner and southwest corner of LONGWOOD AVENUE and DAWSON STREET; southeast corner of MOUNT HOPE PLACE and THE GRAND BOULEVARD AND CONCOURSE; northeast and northwest corners of BROOK AVENUE and EAST ONE HUNDRED AND SIXTY-SEVENTH STREET; northeast and southeast corners of EAST ONE HUNDRED AND FIFTY-FIRST STREET and WALTON AVENUE; east side of PARK AVENUE, WEST, AT EAST ONE HUNDRED AND SEVENTY-SIXTH STREET. Area of assessment: South side of Rodman place, from Longfellow avenue to West Farms road; east side of Longfellow avenue, from One Hundred and Seventy-sixth street to Rodman place; north side of Two Hundred and Second street, from the Concourse to Valentine avenue; both sides of Dawson street, from One Hundred and Fifty-sixth street to Longwood avenue; south side of Longwood avenue, from Hewitt place to Dawson street; block bounded by One Hundred and Seventy-sixth street, Mount Hope place, Monroe avenue and the Concourse; both sides of Brook avenue, from One Hundred and Sixty-seventh to One Hundred and Sixty-eighth street; south side of One Hundred and Sixty-eighth street, extending about 100 feet east of Brook avenue; north side of One Hundred and Sixty-seventh street, extending about 105 feet east of Brook avenue; both sides of One Hundred and Fifty-first street, from Mott avenue to Walton avenue; east side of Walton avenue, extending about 123 feet north of One Hundred and Fifty-first street; west side of Mott avenue, extending about 119 feet north of One Hundred and Fifty-first street; and east side of Park avenue, West, from One Hundred and Seventy-fifth street to Tremont avenue.

—that the same were confirmed by the Board of Assessors March 21, 1905, and entered on March 21, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments, and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became a lien, as provided by section 159 of this act."

Section 159 of this act provides . . . "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before May 20, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

EDWARD M. GROUT,  
Comptroller.

## **NOTICE TO PROPERTY-OWNERS.**

**IN PURSUANCE OF SECTION 1018 OF THE** Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

### **TWELFTH WARD, SECTION 8.**

**WEST ONE HUNDRED AND EIGHTY-FIRST STREET—PAVING**, from Fort Washington avenue to Boulevard Lafayette. Area of assessment: Both sides of West One Hundred and Eighty-first street, from Fort Washington avenue to Boulevard Lafayette, and to the extent of half the block at the intersecting and terminating streets.

—that the same was confirmed by the Board of Assessors on March 21, 1905, and entered on March 21, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides . . . "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before May 20, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

—that the same were confirmed by the Board of Assessors on March 21, 1905, and entered March 21, 1905, in the Record of Titles and Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the said date of entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles and Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided in section 159 of this act."

Section 159 of this act provides . . . "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. and 2 P. M., and on Saturdays until 12 M., and all payments made thereon on or before May 20, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

EDWARD M. GROUT,  
Comptroller.

## **DEPARTMENT OF TAXES AND ASSESSMENTS.**

**THE CITY OF NEW YORK, DEPARTMENT OF TAXES AND ASSESSMENTS, BOROUGH OF MANHATTAN, No. 280 BROADWAY, STEWART BUILDING, JANUARY 6, 1905.**

**NOTICE IS HEREBY GIVEN, AS REQUIRED** by the Greater New York Charter, that the books called "The Annual Record of the Assessed valuation of Real and Personal Estate of the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond, comprising The City of New York," will be open for examination and correction on the second Monday of January, and will remain open until the

### **FIRST DAY OF APRIL, 1905.**

During the time that the books are open to public inspection, application may be made by any person or corporation claiming to be aggrieved by the assessed valuation of real or personal estate to have the same corrected.

In the Borough of Manhattan, at the main office of the Department of Taxes and Assessments, No. 280 Broadway.

In the Borough of The Bronx, at the office of the Department, Municipal Building, One Hundred and Seventy-seventh street and Third avenue.

In the Borough of Brooklyn, at the office of the Department, Municipal Building.

In the Borough of Queens, at the office of the Department, Hackett Building, Jackson avenue and Fifth street, Long Island City.

In the Borough of Richmond, at the office of the Department, Masonic Building, Stapleton.

Corporations in all the Boroughs must make application only at the main office in the Borough of Manhattan.

Applications in relation to the assessed valuation of personal estate must be made by the person assessed, at the office of the Department in the Borough where such person resides, and in the case of a non-resident carrying on business in The City of New York, at the office of the Department in the Borough where such place of business is located, between the hours of 10 A. M. and 2 P. M., except on Saturday, when all applications must be made between 10 A. M. and 12 noon.

FRANK A. O'DONNELL,  
President;

JAMES B. BOUCK,  
SAMUEL STRASBOURGER,

EDWARD TODD,  
F. RAYMOND,

N. MULLER,  
Commissioners of Taxes and Assessments.

(b) Two hundred (200) extra long double-nozzle hydrants.

The time allowed for the delivery of the articles, materials and supplies and the performance of the contract is: For Section I., until August 1, 1905; for Section II., until October 1, 1905.

The amount of security will be: For Section I., Six Thousand Dollars (\$6,000); for Section II., Ten Thousand Dollars (\$10,000).

Bidders will write out the total amount of their estimates in addition to inserting the same in figures, and all estimates will be considered as informal which do not contain bids, under Section I. or Section II., for all items for which bids are called in the advertisement and specifications.

Bidders may submit bids for either Section I. or Section II., or for both sections, but in comparing the bids the bids for each section will be compared separately and the contract awarded by sections.

Blank forms may be obtained at the office of the Department of Water Supply, Gas and Electricity, the Borough of Manhattan, Nos. 13 to 21 Park row, and at Room 25, Municipal Building, Brooklyn.

JOHN T. OAKLEY,  
Commissioner.

Dated MARCH 24, 1905.

**See General Instructions to Bidders on the last page, last column, of the "City Record."**

## DEPARTMENT OF STREET CLEANING.

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1421, NOS. 13-21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

**SEALED BIDS OR ESTIMATES WILL BE** received by the Commissioner of Street Cleaning at the above office until 12 o'clock M. on

**THURSDAY, APRIL 13, 1905.**

**Boroughs of Manhattan and The Bronx.**

CONTRACT FOR FURNISHING AND DELIVERING 30 WATERING OR SPRINKLING TRUCKS.

The time for the delivery of the articles, materials and supplies and the performance of the contract is 10 within 30 days and the remaining 20 within 60 days from the beginning of the contract.</

The bids will be compared and each of the said contracts will be awarded to the lowest bidder.  
N. B.—The payments to be made by The City of New York for the performance of the above mentioned contracts are limited to an issue of bonds, as provided by sections 48 and 546 of the Greater New York Charter, and the amount so authorized is not to exceed \$370,000.

Out of the said amount provision is to be made for the architect's fees for designing and superintendence, and also for the five per cent. for unforeseen extras for each of the said contracts. Bids, therefore, cannot be considered which, along with the above fees and five per cent. for extra work, will involve for all four contracts in the aggregate a sum greater than the said sum of \$370,000.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

JOHN MCG. WOODBURY,  
Commissioner of Street Cleaning.

Dated MARCH 16, 1905.

See General Instructions to Bidders on the last page, last column, of the "City Record."

#### ASHES, ETC., FOR FILLING IN LANDS.

PERSONS HAVING LANDS OR PLACES in the vicinity of New York Bay to fill in can procure material for that purpose—ashes, street sweepings, etc., collected by the Department of Street Cleaning—free of charge by applying to the Commissioner of Street Cleaning, Nos. 13 to 21 Park row, Borough of Manhattan.

JOHN MCGAW WOODBURY,  
Commissioner of Street Cleaning.

#### BOROUGH OF QUEENS.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS, THIRD FLOOR OF THE BOROUGH HALL, JACKSON AVENUE AND FIFTH STREET, LONG ISLAND CITY, BOROUGH OF QUEENS, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Queens at the above office until 11 o'clock A. M. on

MONDAY, APRIL 3, 1905.

No. 1. REGULATING, GRADING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF FULTON STREET, from the west side of Grand street to the east side of Rockaway road, in the Fourth Ward; TOGETHER WITH ALL THE WORK INCIDENTAL THERETO.

The time for the completion of the work and the full performance of the contract is 50 working days.

The amount of security required will be Seven Thousand Dollars.

The Engineer's estimate of the quantities is as follows:

7,000 square yards of asphalt pavement, including binder course.  
1,100 cubic yards of concrete.  
18,000 granite block pavement, furnished and laid with sand joints and sand bed.

No. 2. REGULATING, GRADING, CURBING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF FULTON STREET, from a point about 50 feet west of the west side of VanWyck avenue to the east side of Rockaway road; TOGETHER WITH ALL THE WORK INCIDENTAL THERETO, FOURTH WARD.

The time for the completion of the work and full performance of the contract is 90 working days.

The amount of security will be Fifteen Thousand Dollars.

The Engineer's estimate of the quantities is as follows:

15,700 square yards of asphalt pavement, including binder course.  
2,400 cubic yards of concrete.  
6,000 linear feet of new bluestone curbstone, furnished and set.  
1,000 linear feet of old bluestone curbstone, redressed, rejointed and reset.  
19,000 granite blocks, furnished and laid, with sand joints and sand bed.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereafter annexed, per yard, or other unit of measure, by which the bids will be tested.

The extension must be made and footed up, as bids will be read from the total.

The bids will be compared and the contract awarded at a lump or aggregate sum.

Blank forms may be obtained and the plans and drawing may be seen at the office of the President.

JOSEPH CASSIDY,  
President, Borough of Queens.

See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS, THIRD FLOOR OF THE BOROUGH HALL, JACKSON AVENUE AND FIFTH STREET, LONG ISLAND CITY, BOROUGH OF QUEENS, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Queens at the above office until 11 o'clock A. M. on

MONDAY, APRIL 3, 1905.

No. 1. FOR FURNISHING AND DELIVERING TO THE BUREAU OF STREET CLEANING, BOROUGH OF QUEENS, AT THE RAVENSWOOD, FLUSHING, JAMAICA AND FAR ROCKAWAY CREMATORIES, 475 GROSS TONS OF BITUMINOUS COAL.

Time for the delivery of the articles, materials and supplies, and the performance of the contract is to December 31, 1905.

Amount of security required will be One Thousand Dollars.

No. 2. FOR FURNISHING AND DELIVERING TO THE BUREAU OF SEWERS, BOROUGH OF QUEENS, AT THE FAR ROCKAWAY DISPOSAL WORKS, 300 GROSS TONS OF BITUMINOUS COAL.

Time for the delivery of the articles, materials and supplies and the performance of the contract is to December 31, 1905.

Amount of security required will be Seven Hundred Dollars.

No. 3. FOR FURNISHING AND DELIVERING TO THE BUREAU OF SEWERS, BOROUGH OF QUEENS, AT THE JAMAICA DISPOSAL WORKS, 100 GROSS TONS OF PEAT COAL.

Time for the delivery of the articles, materials and supplies and the performance of the contract is to December 31, 1905.

Amount of security required will be Three Hundred Dollars.

No. 4. FOR FURNISHING AND DELIVERING TO THE BUREAU OF SEWERS, BOR-

#### OUGH OF QUEENS, VITRIFIED SALT-GLAZED SEWER PIPE.

Time for the delivery of the articles, materials and supplies and performance of the contract is to December 31, 1905.

Amount of security required will be One Thousand Dollars.

The total quantity of material to be furnished is as follows:

100 linear feet of 30-inch vitrified salt-glazed sewer pipe.  
1,000 linear feet of 24-inch vitrified salt-glazed sewer pipe.  
100 linear feet of 18-inch vitrified salt-glazed sewer pipe.  
1,000 linear feet of 15-inch vitrified salt-glazed sewer pipe.

The bidder will state the price of each item or article contained in the specifications or schedule herein contained or hereto annexed, per gross ton, linear foot, or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as bids will be read from the total.

The bids will be compared and the contracts awarded at a lump or aggregate sum.

Blank forms may be obtained, and the specifications and any further information can be obtained at the office of the President of the Borough of Queens, Jackson avenue and Fifth street, Long Island City, N. Y.

JOSEPH CASSIDY,  
President, Borough of Queens.

See General Instructions to Bidders on the last page, last column, of the "City Record."

#### BOARD OF ASSESSORS.

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz:

##### BOROUGH OF MANHATTAN.

List 8219, No. 1. Paving with asphalt blocks on concrete One Hundred and Fiftieth street, from St. Nicholas avenue to Edgecombe avenue.

List 8363, No. 2. Sewer in Avenue B, between Second and Houston streets.

List 8364, No. 3. Alteration and improvement to sewer in East End avenue, between Eighty-sixth and Eighty-seventh streets, and in Eighty-seventh street, between East End avenue and Avenue A.

List 8365, No. 4. Receiving-basin at the north-west corner of Eighth avenue and One Hundred and Thirty-eighth street.

List 8366, No. 5. Receiving-basin at the north-east corner of Eighth avenue and One Hundred and Fortieth street.

List 8368, No. 6. Sewer in West Fifteenth street, between Ninth and Tenth avenues.

List 8370, No. 7. Alteration and improvement to sewer in One Hundred and Twentieth street, between Amsterdam avenue and Morningside avenue, West.

List 8371, No. 8. Receiving-basin at the north-east corner of One Hundred and Forty-first street and Hamilton terrace.

List 8375, No. 9. Sewers in Second avenue, east and west sides, between One Hundred and Ninth and One Hundred and Tenth streets, with alteration and improvement to curbs at the southeast and southwest corners of One Hundred and Tenth street and Second avenue.

List 8376, No. 10. Flagging and reflagging, curbing and recuring the sidewalk from the southeast corner of Second avenue and One Hundred and Twenty-fourth street, running 100 feet east.

List 8377, No. 11. Sewer in Twenty-first street, between Lexington avenue and Fourth avenue.

List 8380, No. 12. Paving Bradhurst avenue, between West One Hundred and Fiftieth and West One Hundred and Fifty-fifth streets, with sheet asphalt and setting and resetting curb.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of West One Hundred and Fiftieth street, between St. Nicholas avenue and Edgecombe avenue, and to the extent of half the block at the intersecting and terminating avenues.

No. 2. Both sides of Avenue B, between Second and Houston streets.

No. 3. Both sides of East Eighty-seventh street, from Avenue A to Avenue B; east side of Avenue A, between East Eighty-sixth street and East Eighty-seventh street; both sides of Avenue B, between East Eighty-sixth street and East Eighty-seventh street.

No. 4. North side of One Hundred and Thirty-eighth street, between Edgecombe avenue and Eighth avenue.

No. 5. North side of One Hundred and Fortieth street, from Seventh to Eighth avenue.

No. 6. Both sides of Fifteenth street, from Ninth to Tenth avenue; west side of Ninth avenue, 100 feet and 3 inches north and south of the northerly and southerly corners, respectively, of Fifteenth street and Ninth avenue.

No. 7. Both sides of West One Hundred and Twentieth street, from Amsterdam avenue to Morningside avenue, West; east side of Amsterdam avenue, between West One Hundred and Nineteenth and West One Hundred and Twentieth streets, and the north side of West One Hundred and Nineteenth street, between Amsterdam avenue and Morningside avenue, West.

No. 8. East side of Hamilton terrace, from West One Hundred and Forty-first street to the northerly side of West One Hundred and Forty-fourth street, and continuing along the northerly line of West One Hundred and Forty-fourth street westerly 57 feet.

No. 9. Both sides of Second avenue, extending about 180 feet south of East One Hundred and Tenth street.

No. 10. South side of One Hundred and Twenty-fourth street, running 100 feet easterly from the southeast corner of Second avenue and One Hundred and Twenty-fourth street.

No. 11. East and west sides of West Gramercy place, from East Twentieth to East Twenty-first street; east side of Fourth avenue, between East Twentieth and East Twenty-first streets, and on the north side of East Twenty-first street, Lots Nos. 7, 9, 10, 11 and 13 of Block 877.

No. 12. Both sides of Bradhurst avenue, from One Hundred and Fiftieth to One Hundred and Fifty-fifth street, and to the extent of half the block at the intersecting and terminating streets.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before May 2, 1905, at 11 A. M., at which time and place the said objections will be heard and testimony received in reference thereto.

ROBERT MUH,  
ANTONIO ZUCCA,  
CHARLES A. O'MALLEY,  
Board of Assessors.

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz:

##### BOROUGH OF THE BRONX.

List 7599, No. 1. Regulating, grading, setting curbstones, flagging sidewalks, laying crosswalks, placing fences, laying macadam pavement and planting trees in East One Hundred and Eightieth street, from Third avenue to the Bronx river.

List 8114, No. 2. Regulating, grading, curbing, flagging and laying crosswalks in East One Hundred and Seventy-eighth street, from Boston road to Southern Boulevard.

List 8143, No. 3. Regulating, grading, curbing, flagging, laying crosswalks and laying macadam pavement in Monroe avenue, from Belmont street to Tremont avenue.

List 8281, No. 4. Regulating, grading, setting curbstones, flagging the sidewalks, laying crosswalks, building approaches and placing fences in Cambreleng avenue, from Grote street to East One Hundred and Eighty-seventh street.

List 8284, No. 5. Paving and repaving with granite block pavement on a concrete foundation the roadway of East One Hundred and Thirty-eighth street, from Lincoln avenue to the west side of the New York and Harlem Railroad property.

List 8322, No. 6. Regulating, grading, setting curbstones, flagging the sidewalks, laying crosswalks, building approaches and placing fences in Suburban place, from Boston road to Crotona Park, East.

List 8323, No. 7. Regulating and paving the roadway of Spring place, from Third avenue to Fulton avenue, and from Franklin avenue to Boston road, with asphalt blocks on a concrete foundation; also setting curbstones and flagging where necessary.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of One Hundred and Eightieth street, from Third avenue to the Bronx river, and to the extent of half the block at the intersecting and terminating avenues.

No. 2. Both sides of One Hundred and Seventy-eighth street, from Boston road to the Southern Boulevard, and to the extent of half the block at the intersecting and terminating avenues.

No. 3. Both sides of Monroe avenue, from Belmont street to Tremont avenue, and to the extent of half the block at the intersecting and terminating streets.

No. 4. Both sides of Cambreleng avenue, from Grote street to East One Hundred and Eighty-seventh street, and to the extent of half the block at the intersecting and terminating streets.

No. 5. Both sides of East One Hundred and Thirty-eighth street, from a point distant about 100 feet west of Park avenue to a point distant about 275 feet east of Lincoln avenue, and to the extent of half the block at the intersecting and terminating avenues.

No. 6. Both sides of Suburban place, from Boston road to Crotona Park, East, and to the extent of half the block at the intersecting and terminating streets.

No. 7. Both sides of Spring place, from Boston road to Third avenue, and to the extent of half the block at the intersecting and terminating avenues.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before April 25, 1905, at 11 A. M., at which time and place the said objections will be heard and testimony received in reference thereto.

#### SUPREME COURT.

##### COUNTY OF RICHMOND.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the SOUTHERLY LINE OF SUMMIT STREET, between Garretson avenue and Prospect avenue, Borough of Richmond, City of New York, duly selected as a site for school purposes according to law.

NOTICE IS HEREBY GIVEN THAT Albert E. Hadlock, appointed a Commissioner of Estimate and Appraisal in the above-entitled proceeding in the place of J. Harry Tierman, resigned, by an order of the Supreme Court, dated March 30, 1905, and filed in the office of the Clerk of the County of Richmond, will appear before the Justice of the Supreme Court sitting at Special Term for the hearing of motions, at the County Court-house, in the Borough of Brooklyn, on the 13th day of April, 1905, at 10.30 o'clock in the forenoon, to be examined by the Corporation Counsel, or by any person interested in such proceeding, as to his qualifications to act as such Commissioner.

Dated New York, March 31, 1905.  
JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
New York City.

at,12

#### SECOND JUDICIAL DISTRICT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the NORTHWESTERLY LINE OF DANUBE AVENUE AND THE SOUTHEASTERLY LINE OF RHINE AVENUE, west of Steuben street, in the Borough of Richmond, in The City of New York, duly selected as a site for school purposes.

NOTICE IS HEREBY GIVEN THAT THE report of Albert E. Hadlock, Augustus Acker and Charles L. Hubbell, Commissioners of Estimate and Appraisal, duly appointed in the above-entitled proceeding, which report bears date the 6th day of March, 1905, was filed in the office of the Board of Education of The City of New York, at its office, the southwest corner of Fifty-ninth street and Park avenue, in the Borough of Manhattan, on the 31st day of March, 1905, and a duplicate of said report was filed in the office of the Clerk of the County of Richmond on the same day.

Notice is further given that the said report will be presented for confirmation to the Supreme Court of the State of New York, in the Second Judicial District, at a Special Term for the hearing of motions, to be held at the County Court-

house, in the Borough of Brooklyn, on the 17th day of April, 1905, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, March 31, 1905.

JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
City of New York.

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to the widening of LIVINGSTON STREET, from 50 feet to 80 feet, between Court street and Flatbush avenue, in the First and Third Wards, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 6th day of March, 1905, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 6th day of March, 1905, and indexed in the Index of Conveyances in Section No. 1, Blocks Nos. 269, 163, 164, 165, 166, 167, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 25th day of April, 1905, at 3.30 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 31, 1905.

J. EDW. SWANSTROM,  
MICHAEL FURST,  
LUKE D. STAPLETON,  
Commissioners.

m31,222

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening DUMONT AVENUE, from its intersection with East Ninety-eighth street to its intersection with New Lots avenue, in the Twenty-sixth, Twenty-ninth and Thirty-second Wards, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections, in writing, duly verified, to us, at our office, in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 20th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 21st day of April, 1905, at 11 o'clock A. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 1st day of May, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the easterly side of East Ninety-eighth street, where the same is intersected by the centre line of the block between Dumont avenue and Blake avenue; running thence easterly and along the centre line of the blocks between Dumont avenue and Blake avenue to a point distant 120 feet easterly of the easterly side of Dumont avenue; running thence southerly and parallel with Dumont avenue to the intersection of the northerly side of Dumont avenue with the southerly side of New Lots avenue; running still southerly and distant 320 feet from the northerly side of Dumont avenue; running thence westerly and parallel with Dumont avenue to the easterly side of East Ninety-eighth street; running thence northwesterly and along the easterly side of East Ninety-eighth street to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house, in the Bor-

ough of Brooklyn, in The City of New York, on the 10th day of July, 1905, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, March 31, 1905.

PETER F. LYNAN,  
Chairman;  
GEORGE S. BILLINGS,  
JOHN H. DOUGLASS,  
Commissioners.  
JAMES F. QUIGLEY,  
Clerk.

m31,a17

## KINGS COUNTY.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the WESTERLY LINE OF SCHENECTADY AVENUE, THE SOUTHERLY LINE OF DEAN STREET AND THE NORTHERLY LINE OF BERGEN STREET, adjoining Public School 83, in the Borough of Brooklyn, duly selected as a site for school purposes according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate in the above-entitled matter, appointed pursuant to the provisions of the statutes relating thereto, hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties and persons interested in the lands or premises affected by this proceeding or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of The City of New York, at Park avenue and Fifty-ninth street, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern, to wit:

Second—That all parties or persons whose rights may be affected by the said estimate and who may object to the same or any part thereof, may within ten days after the first publication of this notice, March 30, 1905, file their objections to such estimate, in writing, with us, at our office in the Franklin Trust Company Building, No. 166 Montague street, Room 92, in the Borough of Brooklyn, in said City, as provided by statute, and that we, the said Commissioners, will hear parties so objecting at our office, on the 12th day of April, 1905, at 3 o'clock in the afternoon, and upon such subsequent days as may be found necessary.

Dated The Borough of Brooklyn, City of New York, March 30, 1905.

SOLOMON BARBANELL,  
ADRIAN PARADIS,  
PETER HESS,  
Commissioners.  
GEORGE T. RIGGS,  
Clerk.

m30,a10

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to EAST ONE HUNDRED AND SEVENTY-SIXTH STREET (although not yet named by proper authority), from Arthur avenue to Southern Boulevard, in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 19th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of April, 1905, at 4 o'clock P. M.

Second—That the abstract of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 1st day of May, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point in the intersection of the northwesterly line of Boston road with a line drawn parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Seventy-sixth street; running thence northwesterly along said parallel line to its intersection with a line drawn parallel to and 100 feet southeasterly from the southeasterly line of the Southern Boulevard; thence southwesterly along said last mentioned parallel line to its intersection with the southeasterly prolongation of the northwesterly line of Crotona Park, East; thence northwesterly along said prolongation and northwesterly line of Crotona Park, East, and a line drawn parallel to and 100 feet southwesterly from the southwesterly line of Crotona Park, North, to its intersection with a line drawn parallel to and 100 feet northwesterly from the northwesterly line of Arthur avenue; thence northwesterly along said last mentioned parallel line to the southwesterly line of East One Hundred and Seventy-seventh street; thence on a straight line to the point of intersection of the northwesterly line of East One Hundred and Seventy-seventh street with the southeasterly line of Arthur avenue; thence still northwesterly along said line of Arthur avenue to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of East One Hundred and Seventy-sixth street; thence southeasterly along said last mentioned parallel line to its intersection with a line parallel to and 100 feet easterly from the easterly line of the Southern Boulevard; thence southerly along said last mentioned parallel line to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of East One Hundred and Seventy-sixth street; thence southeasterly along said last mentioned parallel line to the northwesterly line of Boston road; thence southwesterly along said line of Boston road to the point or place of beginning, as such streets are shown upon the final maps and profiles of

the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court-house in the Borough of Manhattan, in The City of New York, on the 20th day of June, 1905, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, February 8, 1905.

MARTIN H. MURPHY,  
JOHN J. BRADY,  
MICHAEL E. DEVLIN,  
Commissioners.  
JOHN P. DUNN,  
Clerk.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening DAHLGREN PLACE, from Eighty-sixth street to the United States Government Reservation in the Thirtieth Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 20th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 25th day of April, 1905, at 2 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 1st day of May, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Eighty-sixth street where the same is intersected by the centre line of the block between Dahlgren place and Battery avenue; running thence southerly and along the centre line of the block between Dahlgren place and Battery avenue to the southerly side of Cropsey avenue; running thence westerly and along the southerly side of Cropsey avenue and its prolongation to the United States Government Reservation; running thence northerly along the United States Government Reservation to the northerly side of Ninety-second street; running thence northerly and along the centre line of the block between Dahlgren place and Gating place to the southerly side of Eighty-sixth street; running thence easterly and along the southerly side of Eighty-sixth street to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house in the Borough of Brooklyn in The City of New York, on the 10th day of July, 1905, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, March 31, 1905.

CROMWELL G. MACY,  
Chairman;  
ROBERT S. CORTELYOU,  
JAMES J. McINERNEY,  
Commissioners.

## FIRST JUDICIAL DISTRICT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to the dock or wharf property known as GOUVERNEUR SLIP PIER, WEST, formerly known as Pier, old No. 51, East river, in the Borough of Manhattan, City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier, or any portion thereof, not now owned by The City of New York, for the improvement of the water front of The City of New York, on the East river, pursuant to the plan heretofore adopted by the Board of Docks, and approved by the Commissioners of the Sinking Fund.

NOTICE IS HEREBY GIVEN THAT BY an order of the Supreme Court of the State of New York, bearing date the 20th day of February, 1905, and filed and entered in the office of the Clerk of the County of New York on the 20th day of February, 1905, Henry W. Wolf, Nathan Fernbacher and David Barry were appointed Commissioners of Estimate and Assessment in the above-entitled proceeding.

Notice is further given, pursuant to the statutes in such case made and provided, that the said Henry W. Wolf, Nathan Fernbacher and David Barry will attend at a Special Term, Part II, of the Supreme Court, to be held at the County Court-house, in the Borough of Manhattan, City of New York, on the 10th day of April, 1905, at the opening of Court on that day, for the purpose of being examined under oath by the Corporation Counsel of The City of New York, or by any person having an interest in the said proceeding, as to their qualifications to act as Commissioners of Estimate and Assessment in this proceeding.

Dated New York, March 28, 1905.  
JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
New York City.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to WEST ONE HUNDRED AND SIXTY-FOURTH STREET (although not yet named by proper authority), from Broadway to Fort Washington avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on Wednesday, the 5th day of April, 1905, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as West One Hundred and Sixty-fourth street, from Broadway to Fort Washington avenue, in the Twelfth Ward, Borough of Manhattan, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the westerly line of Broadway, distant 250.14 feet, corrected distance, from the southerly line of West One Hundred and Sixty-fifth street; thence westerly and parallel to One Hundred and Fifty-fifth street, distance 452.19 feet, to the easterly line of Fort Washington avenue; thence southerly along said line, distance 61.38 feet; thence easterly and parallel to first course, distance 439.23 feet, to the westerly line of Broadway; thence northerly along said westerly line, distance 60 feet, to the point

or place of beginning, and is shown on a certain map entitled "Map and Profile for the laying out of West One Hundred and Sixty-third and West One Hundred and Sixty-fourth streets, from Fort Washington avenue to Broadway, in the Twelfth Ward, Borough of Manhattan, City of New York, and filed in the offices of the President of the Borough of Manhattan, the Register of the County of New York, and the Corporation Counsel, on or about the 21st day of February, 1905.

The land to be taken for West One Hundred and Sixty-fourth street, from Broadway to Fort Washington avenue, is located in Block 2121 of Section 8 of the Land Map of The City of New York.

Dated New York, March 23, 1905.  
JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
City of New York.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to WEST ONE HUNDRED AND EIGHTY-SEVENTH STREET (although not yet named by proper authority), from Amsterdam avenue to New avenue, bounding High Bridge Park, in the Twelfth Ward, Borough of Manhattan, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on Wednesday, the 5th day of April, 1905, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as West One Hundred and Eighty-seventh street, from Amsterdam avenue to New avenue, bounding High Bridge Park, in the Twelfth Ward, Borough of Manhattan, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the easterly line of Amsterdam avenue distant 100.75 feet southerly from the southerly line of West One Hundred and Eighty-eighth street; thence easterly and parallel to One Hundred and Fifty-fifth street, distance 245.99 feet to the westerly line of the New avenue west of High Bridge Park; thence southerly along said line, radius 594.25 feet, distance 62.84 feet; thence westerly, distance 264.58 feet to the easterly line of Amsterdam avenue; thence northerly along said easterly line, distance 60 feet to the point or place of beginning, and is shown on a map entitled "Map and profiles of the extension of West One Hundred and Eighty-sixth street and West One Hundred and Eighty-seventh street, from Amsterdam avenue to the New avenue west of High Bridge Park, in the Twelfth Ward, Borough of Manhattan, City of New York," and filed in the offices of the President of the Borough of Manhattan, the Register of the County of New York, and the Corporation Counsel, on or about the 8th day of December, 1904.

The land to be taken for West One Hundred and Eighty-seventh street, from Amsterdam avenue to the New avenue west of High Bridge Park, is located in Block 2149, Section 8 of the Land Map of The City of New York.

Dated New York, March 23, 1905.  
JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
City of New York.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of EAST TWO HUNDRED AND THIRTEENTH STREET (although not yet named by proper authority), from Jerome avenue to Woodlawn road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on Wednesday, the 5th day of April, 1905, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as East Two Hundred and Thirteenth street, from Jerome avenue to Woodlawn road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following-described lots, piece or parcel of land, viz.:

Beginning at a point in the eastern line of Jerome avenue distant 978.13 feet northerly from the northern line of Gun Hill road:  
1. Thence northeasterly along the eastern line of Jerome avenue for 60.02 feet;  
2. Thence southeasterly deflecting 88 degrees 33 minutes 30 seconds to the right for 440.77 feet to the western line of Woodlawn road;  
3. Thence southerly along last-mentioned line for 67.38 feet;  
4. Thence northwesterly for 472.93 feet to the point of beginning.

East Two Hundred and Thirteenth street is shown on a map entitled "Map or plan showing change of the lines of East Two Hundred and Thirteenth street, from Jerome avenue to Woodlawn road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York," which map was filed in the office of the President of the Borough of The Bronx on September 16, 1904, as Map No. 96; in the office of the Register of the City and County of New York on September 13, 1904, as Map 1086, and in the office of the Counsel to the Corporation on or about the same date.

The land to be taken for East Two Hundred and Thirteenth street is located in Block 3220 of Section 12 of the Land Map of The City of New York.

Dated New York, March 23, 1905.  
JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
New York City.

## KINGS COUNTY.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the NORTHERLY LINE OF ELLERY STREET AND THE SOUTHERLY LINE OF HOPKINS STREET, east of Delmonico place, in the Borough of Brooklyn, duly selected as a site for school purposes, according to law.

**WE, THE UNDERSIGNED, COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, appointed pursuant to the provisions of the statutes relating thereto, hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties and persons interested in the lands or premises affected by this proceeding or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of The City of New York, at Park avenue and Fifty-ninth street, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate and who may object to the same or any part thereof, may within ten days after the first publication of this notice, March 24, 1905, file their objections to such estimate, in writing, with us, at our office in the Franklin Trust Company Building, No. 166 Montague street, Room 92, in the Borough of Brooklyn, in said City, as provided by statute, and that we, the said Commissioners, will hear parties so objecting at our office, on the 6th day of April, 1905, at 3 o'clock in the afternoon, and upon such subsequent days as may be found necessary.

Dated THE BOROUGH OF BROOKLYN, CITY OF NEW YORK, March 24, 1905.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening WEST THIRD STREET, between Sheephead Bay road and Canal avenue, in the Thirty-first Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

**WE, THE UNDERSIGNED, COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office, in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 20th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of April, 1905, at 11 o'clock A. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 1st day of May, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly side of Sheephead Bay road where the same is intersected by the center line of the block between West Third street and Van Sicken place; running thence northerly and along the center line of the blocks between West Third street and Van Sicken place to the northerly side of Canal avenue; running thence westerly and along the northerly side of Canal avenue to a point opposite the center line of the block between West Third street and West Fifth street; running thence southerly and along the center line of the block and its prolongation between West Third street and West Fifth street to the northerly side of Sheephead Bay road; running thence northeasterly and along the northerly side of Sheephead Bay road to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 10th day of July, 1905, at the opening of the Court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 31, 1905.

ALBERT A. WRAY,  
Chairman;  
W. WATSON,  
Commissioners.

JAMES F. QUIGLEY,  
Clerk.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of FOREST AVENUE (although not yet named by proper authority), between Brooks avenue and Manor road, in the First Ward, Borough of Richmond, City of New York.

**WE, THE UNDERSIGNED, COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 4th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 6th day of April, 1905, at 4 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 15th day of April, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and 100 feet westerly from the westerly line of Jewett avenue with the westerly prolongation of the middle line of the block between Delaford avenue and Cherry lane; running thence easterly along said prolongation and middle line and its easterly prolongation to its intersection with the westerly prolongation of the southerly line of Myrtle avenue; thence easterly along said last-mentioned prolongation to its intersection with the middle line of Brooks avenue; thence southerly along said middle line to its intersection with the westerly prolongation of the middle line of the block between Myrtle avenue and Forest avenue; thence easterly along

said prolongation and middle line to its intersection with the westerly line of Elizabeth street; thence southerly along said westerly line to its intersection with the westerly prolongation of a line parallel to and 100 feet northerly from the northerly line of Forest avenue; thence easterly along said prolongation and parallel line to its intersection with a line parallel to and 100 feet easterly from the easterly line of Elizabeth street; thence southerly along said last-mentioned parallel line and its prolongation to its intersection with a line parallel to and 100 feet southerly from the southerly line of Forest avenue; thence westerly along said last-mentioned parallel line to its intersection with the southerly prolongation of the westerly line of Elizabeth street; thence southerly along said prolongation to its intersection with a line parallel to and 330 feet southerly from the southerly line of Forest avenue; thence westerly along said parallel line to its intersection with the middle line of the creek, tributary to Palmer's Run; thence southerly along said middle line of the creek to its intersection with a line parallel to and 100 feet northerly from the northerly line of Egbert avenue; thence westerly along said parallel line and its prolongation to its intersection with a line parallel to and 100 feet westerly from the westerly line of Jewett avenue; thence northerly along said last-mentioned parallel line to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 15th day of June, 1905, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, March 9, 1905.

WILLIAM T. CROAK,  
HENRY P. MORRISON,  
ALBERT E. HADLOCK,  
Commissioners.

JOHN P. DUNN,  
Clerk.

## FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated at the SOUTHWEST CORNER OF WENDOVER AVENUE AND WASHINGTON AVENUE, in the Borough of The Bronx, in The City of New York, duly selected as a site for school purposes.

**NOTICE IS HEREBY GIVEN THAT THE** report of J. Fairfax McLaughlin, Jr.; William G. Fisher and Albert Elterich, Commissioners of Estimate and Appraisal, duly appointed in the above-entitled proceeding, which report bears date the 16th day of March, 1905, was filed in the office of the Board of Education of The City of New York, at the southwest corner of Fifty-ninth street and Park avenue, in the Borough of Manhattan, on the 21st day of March, 1905, and a duplicate of said report was filed in the office of the Clerk of the County of New York on the same day.

Notice is further given that the said report will be presented for confirmation to the Supreme Court of the State of New York, in the First Judicial District, at a Special Term, Part III. thereof, to be held at the County Court-house, in the Borough of Manhattan, in The City of New York, on the 6th day of April, 1905, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated NEW YORK, March 21, 1905.

JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
City of New York.

m22,a1

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to WEST TWO HUNDRED AND EIGHTEENTH STREET (although not yet named by proper authority), from Seaman avenue to Ninth avenue, in the Twelfth Ward, Borough of Manhattan, in The City of New York.

**WE, THE UNDERSIGNED, COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 11th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 13th day of April, 1905, at 4 o'clock P. M.

Second—That the abstract of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 22d day of April, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the bulkhead line of the Harlem river with a line drawn parallel to and distant 100 feet northeasterly from the northeasterly line of West Two Hundred and Sixteenth street; running thence northeasterly along said parallel line and its northeasterly prolongation to its intersection with a line drawn parallel to and distant 100 feet northwesterly from the northwesterly line of Broadway; thence southwesterly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet southwesterly from the southwesterly line of West Two Hundred and Fifteenth street; thence northwesterly along said parallel line and its northwesterly prolongation to its intersection with the bulkhead line of the Harlem river; thence northeast-

erly along said bulkhead line to its intersection with the northwesterly prolongation of the middle line of the blocks between West Two Hundred and Nineteenth street and West Two Hundred and Twentieth street; thence southeasterly along said prolongation and middle line and its southeasterly prolongation to its intersection with the bulkhead line of the Harlem river; thence southerly along said bulkhead line to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 20th day of June, 1905, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, March 10, 1905.

JOSEPH GORDON,  
Chairman;  
ADAM WIENER,  
SAM'L SANDERS,  
Commissioners.

JOHN P. DUNN,  
Clerk.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of HAWKSTONE STREET (although not yet named by proper authority), from Walton avenue to the Grand Boulevard and Concourse, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

**WE, THE UNDERSIGNED, COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 7th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 10th day of April, 1905, at 11:30 o'clock A. M.

Second—That the abstract of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 18th day of April, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northerly line of East One Hundred and Seventy-second street, with the middle line of the block between Townsend avenue and Walton avenue; running thence northerly along said middle line of the block to its intersection with the southerly line of Belmont street; thence easterly along the southerly line of Belmont street to its intersection with the middle line of the block between the Grand Boulevard and Concourse and Sheridan avenue; thence southerly along said last-mentioned middle line of the block to its intersection with the northerly line of East One Hundred and Seventy-second street; thence westerly along the northerly line of East One Hundred and Seventy-second street to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third Ward of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 15th day of June, 1905, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, March 15, 1905.

ISAAC N. ROTH,  
Chairman;  
F. De R. WISSMANN,  
Commissioners.

JOHN P. DUNN,  
Clerk.

## FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening EAST ONE HUNDRED AND SEVENTY-SECOND STREET (although not yet named by proper authority), from Jerome avenue to Morris avenue, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

**WE, THE UNDERSIGNED, COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 7th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 11th day of April, 1905, at 4 o'clock P. M.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also

all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 18th day of April, 1905.

Third—That, pursuant to the notice heretofore given when we filed our estimate of damage, the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly prolongation of a line drawn parallel to and distant 100 feet southerly from the southerly side of that part of East One Hundred and Seventy-second street lying between Inwood avenue and Jerome avenue, with a line drawn parallel to the westerly side of Macomb's road and distant 100 feet westerly therefrom; running thence northerly along said parallel line to the southeasterly side of Cromwell avenue; thence northeasterly along said southeasterly side of Cromwell avenue to the southwesterly side of Macomb's road (said southwesterly side of Macomb's road being the line connecting said southeasterly side of Cromwell avenue with the westerly side of Macomb's road); thence southeasterly along said southwesterly side of Macomb's road to the westerly side of Macomb's road; thence easterly to the intersection of the easterly side of Macomb's road with the westerly prolongation of a line drawn parallel to and distant 100 feet northerly from the northerly side of that part of East One Hundred and Seventy-second street lying between Inwood avenue and Jerome avenue; thence easterly along said westerly prolongation and parallel line to its intersection with a line drawn parallel to the northwesterly side of Jerome avenue and distant 100 feet northwesterly therefrom; thence northeasterly along said parallel line to its intersection with the northwesterly prolongation of a line drawn parallel to and distant 510 feet northeasterly from the northwesterly side of that part of East One Hundred and Seventy-second street extending southeasterly from Jerome avenue; thence southeasterly along said northwesterly prolongation and parallel line and its prolongation southeasterly to the easterly side of the Grand Boulevard and Concourse; thence easterly on a line drawn parallel to East One Hundred and Seventy-second street to the westerly side of Teller avenue; thence southerly along said westerly side of Teller avenue to its intersection with a line drawn parallel to and distant 100 feet northerly from the northerly side of that part of East One Hundred and Seventy-second street extending from Teller avenue to Morris avenue; thence easterly along said parallel line and its prolongation easterly to its intersection with a line drawn parallel to the easterly side of Teller avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to its intersection with the easterly prolongation of a line drawn parallel to and distant 100 feet southerly from the southerly side of that part of East One Hundred and Seventy-second street extending from Teller avenue to Morris avenue; thence westerly along said easterly prolongation and parallel line to the middle line of the block between College avenue and Morris avenue; thence southerly along said middle line of the block to its intersection with a line drawn parallel to the southerly side of East One Hundred and Seventy-first street and distant 100 feet southerly therefrom; thence westerly along said parallel line to the southeasterly side of Jerome avenue; thence westerly to the intersection of the northwesterly side of Jerome avenue with the easterly side of Macomb's road; thence northerly along said easterly side of Macomb's road to its intersection with a line drawn parallel to the northwesterly side of Jerome avenue and distant 100 feet northwesterly therefrom; thence northeasterly along said parallel line to its intersection with a line drawn parallel to the southerly side of East One Hundred and Seventy-second street and distant 100 feet southerly therefrom; thence westerly along said parallel line and its prolongation westwardly to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our supplemental and amended last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 15th day of June, 1905, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, March 9, 1905.

HORACE BARNARD, JR.,  
Chairman;  
JAMES A. HOOPER,  
Commissioners.  
JOHN P. DUNN,  
Clerk.

## FIRST JUDICIAL DISTRICT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain lands, lands filled in, wharf property, terms, easements, emoluments and privileges necessary to be taken for the improvement of the water front of The City of New York on the NORTH RIVER, BETWEEN WEST TWENTY-SECOND AND WEST TWENTY-THIRD STREETS, ELEVENTH AND THIRTEENTH AVENUES, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

NOTICE IS HEREBY GIVEN THAT, BY an order of the Supreme Court of the State of New York, bearing date the 24th day of February, 1905, and filed and entered in the office of the Clerk of the County of New York on the 11th day of March, 1905, Emanuel Blumenstiel, Michael J. Murray and Edward Duffy were appointed Commissioners of Estimate and Assessment in the above entitled proceeding.

Notice is further given, pursuant to the statutes in such case made and provided, that the said Emanuel Blumenstiel, Michael J. Murray and Edward Duffy will attend at a Special Term, Part II. of the Supreme Court, to be held at the County Court-house, in the Borough of Manhattan, City of New York, on the 10th day of April, 1905, at the opening of court on that day, for the purpose of being examined under oath by the Corporation Counsel of The City of New York, or by any person having an interest in the said proceeding, as to their qualifications to act as Commissioners of Estimate and Assessment in this proceeding.

Dated New York, March 28, 1905.

JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
New York City.

m29,a6

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND NINETY-THIRD STREET (although not yet named by proper authority), from the Grand Boulevard and Concourse to Jerome avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, or all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us, at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 12th day of April, 1905, at 12 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of April, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the middle line of that portion of Kingsbridge road lying southeasterly of the Grand Boulevard and Concourse and the southeasterly prolongation of the middle line of the blocks between East One Hundred and Ninety-second street and East One Hundred and Ninety-third street; running thence northwesterly along said prolongation and middle line and its northwesterly prolongation to its intersection with the southeasterly line of Davidson avenue; thence northeasterly along said southeasterly line of Davidson avenue and its northwesterly prolongation to its intersection with the middle line of Kingsbridge road; thence southeasterly and southerly along the middle line of Kingsbridge road to the point or place of beginning; as such streets are shown upon the final maps and profiles of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 8th day of June, 1905, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, March 10, 1905.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening THE PUBLIC PLACE, BOUNDED BY MYRTLE AVENUE, KNEEBUCKER STREET, AVENUE AND BLEECKER STREET, in the Twenty-eighth Ward in the Borough of Brooklyn of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, or all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 4th day of April, 1905; and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 5th day of April, 1905, at 3:30 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 16th day of April, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the easterly side of Hamburg avenue with the southerly side of Harmon street; running thence northeasterly and along the southerly side of Harmon street to the westerly side of Irving avenue; running thence southeasterly along the westerly side of Irving avenue to its intersection with the northerly side of Ralph street; running thence southwesterly and along the northerly side of Ralph street to its intersection with the easterly side of Hamburg avenue; running thence northwesterly and along the easterly side of Hamburg avenue to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house in the Borough of Brooklyn, in The City of New York, on the 5th day of June, 1905, at the opening of the Court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 16, 1905.

FRANK HARVEY FIELD,  
Chairman;  
LLEWELLYN A. WRAY,  
F. DE LYSLE SMITH,  
Commissioners.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening EIGHTY-SECOND STREET, from Twelfth avenue to Seventeenth avenue, in the Thirtieth Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us, at our office, in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 4th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 5th day of April, 1905, at 2 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 16th day of April, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of Twelfth avenue where the same is intersected by the centre line of the block between Eighty-second street and Eighty-first street; running thence southeasterly and along the centre line of the block between Eighty-second street and Eighty-first street to the westerly side of Seventeenth avenue; running thence southwesterly and along the westerly side of Seventeenth avenue to the centre line of the block between Eighty-second street and Eighty-third street; running thence northwesterly and parallel with Eighty-second street to the easterly side of Twelfth avenue; running thence northeasterly and along the easterly side of Twelfth avenue to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 5th day of June, 1905, at the opening of the Court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 16, 1905.

FREDERIC E. GUNNISON,  
Chairman;  
EUGENE B. HOWELL,  
THOMAS H. STEWART,  
Commissioners.  
JAMES F. QUIGLEY,  
Clerk.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening SUTTER AVENUE, between Barrett street and East Ninety-eighth street, in the Twenty-sixth, Twenty-ninth and Thirty-second Wards, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office, in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 4th day of April, 1905; and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 6th day of April, 1905, at 3:30 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 16th day of April, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of Barrett street where the same is intersected by the centre line of the block between Sutter avenue and Blake avenue; running thence westerly through the centre line of the block and parallel with Sutter avenue to the intersection of the easterly side of East Ninety-eighth street with the westerly side of Ralph avenue; running thence northwesterly along the easterly side of East Ninety-eighth street to the centre line of the block between Sutter avenue and East New York avenue; running thence easterly and along the centre line of the blocks between East New York avenue and Sutter avenue, and Pitkin avenue and Sutter avenue to the westerly side of Barrett street; running thence southerly and along the westerly side of Barrett street to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house in the Borough of Brooklyn, in The City of New York, on the 5th day of June, 1905, at the opening of the Court on that day.

York, on the 5th day of June, 1905, at the opening of the Court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 16, 1905.

LEWIS L. FAWCETT,  
Chairman;  
HUGH MOORE,  
EDMUND BROWN,  
Commissioners.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening EAST THIRTEENTH STREET, from Avenue T to Gravesend Neck road, in the Thirty-first Ward in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, or all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our amended and supplemental estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 17th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 19th day of April, 1905, at 3:30 o'clock P. M.

Second—That the abstract of our amended and supplemental estimate and assessment, together with our damage and benefit maps, and all the affidavits, estimates and proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 29th day of April, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Avenue T where the same is intersected by the centre line of the block between East Thirteenth street and East Fourteenth street; running thence southerly and along the centre line of the blocks to the northerly side of Gravesend Neck road; running thence westerly and along the northerly side of Gravesend Neck road to the centre line of the block between East Thirteenth street and Homecrest avenue; running thence northerly and along the centre line of the block between East Thirteenth street and Homecrest avenue to the southerly side of Avenue T; running thence easterly and along the southerly side of Avenue T to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house in the Borough of Brooklyn in The City of New York, on the 19th day of June, 1905, at the opening of the Court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 29, 1905.

AMBROSE B. TREMAINE,  
Chairman;  
L. LAFRANCE,  
WILLIAM STONE,  
Commissioners.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to WEST ONE HUNDRED AND SIXTY-THIRD STREET (although not yet named by proper authority), from Broadway to Fort Washington avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on Wednesday, the 5th day of April, 1905, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as West One Hundred and Sixty-third street, from Broadway to Fort Washington avenue, in the Twelfth Ward, Borough of Manhattan, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the westerly line of Broadway distant 510.08 feet, corrected distance, from the southerly line of West One Hundred and Sixty-fifth street; thence westerly and parallel to One Hundred and Fifty-fifth street, distance 396.07 feet to the easterly line of Fort Washington avenue; thence southerly along said line, distance 61.38 feet; thence easterly and parallel to the first course, distance 383.11 feet to the westerly line of Broadway; thence northerly along said westerly line, distance 60 feet to the point or place of beginning, and is shown on a certain map entitled "Map and profile for the laying out of West One Hundred and Sixty-third and West One Hundred and Sixty-fourth streets, from Fort Washington avenue to Broadway, in the Twelfth Ward, Borough of Manhattan, City of New York," and filed in the offices of the President of the Borough of Manhattan, the Register of the County of New York and the Corporation Counsel, on or about the 21st day of February, 1905.

The land to be taken for West One Hundred and Sixty-third street, from Broadway to Fort Washington avenue, is located in Block 2121, Section 8 of the Land Map of The City of New York.

Dated New York, March 23, 1905.  
JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
City of New York.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to FORD STREET (although not yet named by proper authority), from Tiebout avenue to Webster avenue, as laid out on Section 14 of the Final Maps of the Twenty-third and Twenty-fourth Wards, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in the City of New York, on Wednesday, the 5th day of April, 1905, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as Ford street, from Tiebout avenue to Webster avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the western line of Webster avenue distant 200 feet southerly from the intersection of said line with the southern line of East One Hundred and Eighty-third street;

1st. Thence southerly along the western line of Webster avenue for 60 feet;

2d. Thence westerly deflecting 90 degrees to the right for 389.57 feet to the eastern line of Tiebout avenue;

3d. Thence northerly along last mentioned line for 60 feet;

4th. Thence easterly for 389.37 feet to the point of beginning.

Ford street is shown on Section 14 of the Final Maps and Profiles of the Twenty-third and Twenty-fourth Wards, filed in the office of the Commissioner of Street Improvements of the City of New York on December 16, 1895, as Map No. 129; in the office of the Register of the City and County of New York on December 17, 1895, as Map No. 1065; and in the office of the Secretary of State of the State of New York on December 17, 1895.

The land to be taken for Ford street is located in Block 3143 of Section 11 of the Land Map of The City of New York.

Dated New York, March 23, 1905.  
JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
New York City.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to BATHGATE AVENUE (although not yet named by proper authority), from East One Hundred and Eighty-eighth street to Pelham avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in the City of New York, on Wednesday, the 5th day of April, 1905, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as Bathgate avenue, from East One Hundred and Eighty-eighth street to Pelham avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following-described lots, pieces or parcels of land, viz.:

## Parcel "A."

Beginning at a point in the southern line of East One Hundred and Eighty-ninth street distant 180.036 feet westerly from the intersection of said line with the western line of Lorillard place;

1st. Thence westerly along the southern line of East One Hundred and Eighty-ninth street for 60.012 feet;

2d. Thence southerly deflecting 91.8 minutes 45 seconds to the left for 352.964 feet to the northern line of East One Hundred and Eighty-eighth street;

3d. Thence easterly along last-mentioned line for 60.012 feet;

4th. Thence northerly for 352.964 feet to the point of beginning.

## Parcel "B."

Beginning at a point in the northern line of East One Hundred and Eighty-ninth street distant 180.036 feet westerly from the intersection of said line with the western line of Lorillard place;

1st. Thence westerly along the northern line of East One Hundred and Eighty-ninth street for 60.012 feet;

2d. Thence northerly deflecting 88 degrees 51 minutes 15 seconds to the right for 369.775 feet to the southern line of Pelham avenue;

3d. Thence easterly along last-mentioned line for 60.009 feet;

4th. Thence southerly for 369.907 feet to the point of beginning.

Bathgate avenue, from East One Hundred and Eighty-eighth street to Pelham avenue, is shown on a map entitled "Map or plan showing the locating and laying out and the grades of Bathgate avenue from East One Hundred and Eighty-eighth street to Pelham avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York. Prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901," which map was filed in the office of the President of the Borough of The Bronx November 25, 1904, as Map No. 99, in the office of the Register of the City and County of New York on November 21, 1904, as Map No. 1038, and in the office of the Counsel to the Corporation on or about the same date.

The land to be taken for Bathgate avenue is located in Blocks 3058 and 3059 of Section 11 of the Land Map of The City of New York.

Dated New York, March 23, 1905.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of RICHARD STREET (although not yet named by proper authority), from the Bronx and Pelham parkway to Morris street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN, THAT WE, the undersigned, were appointed by order of the Supreme Court, bearing date the 23d day of January, 1905, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in the City of New York, on the 30th day of January, 1905; in the office of the Clerk of the County of Kings at his office in the Borough of Brooklyn, on the 30th day of January, 1905, and in the office of the Clerk of the County of Westchester, at his office at White Plains, on the 23d day of January, 1905, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Annexed Territory, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 30th day of January, 1905; in the office of the Clerk of the County of Kings on the 30th day of January, 1905, and in the office of the Clerk of the County of Westchester on the 23d day of January, 1905, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in the City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 6th day of April, 1905, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of MANHATTAN, NEW YORK CITY, March 10, 1905.

JOHN P. DUNN,  
Clerk.  
TIMOTHY E. COHALAN,  
Commissioners.

## SECOND DEPARTMENT.

In the matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to TAYLOR STREET (although not yet named by proper authority), from Morris Park avenue to West Farms road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by order of the Supreme Court bearing date the 16th day of January, 1905, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in the City of New York, on the 30th day of January, 1905, in the office of the Clerk of the County of Kings, at his office in the Borough of Brooklyn, on the 30th day of January, 1905, and in the office of the Clerk of the County of Westchester, at his office at White Plains, on the 30th day of January, 1905, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Annexed Territory, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 30th day of January, 1905, in the office of the Clerk of the County of Kings on the 30th day of January, 1905, and in the office of the Clerk of the County of Westchester on the 30th day of January, 1905; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned

Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in the City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 5th day of April, 1905, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of MANHATTAN, NEW YORK CITY, March 10, 1905.

RALPH HICKOX,  
WILLIAM J. KELLY,  
TIMOTHY E. COHALAN,  
Commissioners.

JOHN P. DUNN,  
Clerk.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of HIGH BRIDGE PARK north of Washington Bridge, as laid out on the map of the City on March 25, 1904, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY an order of the Supreme Court of the State of New York, bearing date the 10th day of March, 1905, and filed in the office of the Clerk of the County of New York on the 11th day of March, 1905, William O. B. Walker, William J. Carroll and Wallace Martin were appointed Commissioners of Estimate and Assessment in the above-entitled proceeding.

Notice is further given, pursuant to the statute in such case made and provided, that the said William O. B. Walker, William J. Carroll and Wallace Martin will attend at a Special Term of said Court, to be held in Part II. thereof, in the County Court-house, in the Borough of Manhattan, City of New York, on the 3d day of April, 1905, at the opening of the Court on that day, for the purpose of being examined under oath by the Corporation Counsel of The City of New York, or by any person having an interest in said proceeding as to their qualifications to act as Commissioners of Estimate and Assessment in this proceeding.

Dated MARCH 23, 1905.  
JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
City of New York.

## FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated in the block bounded by SEVENTH AND EIGHTH AVENUES, ONE HUNDRED AND NINETEENTH AND ONE HUNDRED AND TWENTIETH STREETS, in the City of New York, Borough of Manhattan, duly selected as a site for school purposes.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above entitled matter, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of The City of New York, at its office, at the southwest corner of Fifty-ninth street and Park avenue, in the Borough of Manhattan, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may within ten days after the first publication of this notice, March 25, 1905, file their objections to such estimate, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in the City of New York, and we, the said Commissioners, will hear parties so objecting at our said office on the 6th day of April, 1905, at 3 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, March 24, 1905.  
JAMES E. DUROSS,  
WILLIAM A. GRAMER,  
ALFRED J. TALLEY,  
Commissioners.

JOSEPH M. SCHENCK,  
Clerk.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
