MESSAGE FROM THE MAYOR.

No. 1039.

From the Mayor—Transmitting a Communication from Lieutenant John W. W. Cumming, U. S. Navy, Relative to an Ordinance Regulating the Manner and Places in Which the "Star Spangled Banner" May Be Played, Sung or Rendered.

City of New York, Office of the Mayor, November 17, 1916.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall:

Sir—I have been requested to send you a communication received in this office from Lieutenant John W. W. Cumming, in reference to an ordinance now in force in the city of Baltimore. Very truly yours,

THEODORE ROUSSEAU, Secretary to the Mayor.

U. S. S. Prometheus, Navy Yard, Norfolk, Va., Nov. 11, 1916.

His Honor, the Mayor, New York City, N. Y.:

Sir—In view of the importance of your city from every standpoint and its fame, nationally and internationally, I am forwarding a copy of the ordinance passed by Baltimore, Md., concerning the "Star Spangled Banner."

As a matter worthy of consideration of all citizens of our country, will you not give it favorable consideration with the end in view of having your city pass a similar ordinance?

The whole object is to teach the idea to everyone, particularly young America, native or foreign born.

I'd appreciate a reply from you concerning this matter, if you'll be so kind.

Yours truly, JOHN W. W. CUMMING, Lieutenant, U. S. N.

The City of Baltimore, Md.—Ordinance 167—July 7, 1916.

AN ORDINANCE regulating the manner and places in which the "Star-Spangled Banner" may be played, sung or rendered.

Whereas, "The Star-Spangled Banner" is universally recognized as the national anthem of our country and has been adopted as such by both the War and Navy Departments of our government, and by reason of the fact that the City of Baltimore was the place of its composition, it is fitting that Baltimore should take suitable action to maintain its character as the national anthem; and

Whereas, The indiscriminate rendition of "The Star-Spangled Banner," or parts thereof, in connection with other compositions, tends to lower the esteem and reverence in which the national anthem should be held by the people of our nation, and to prevent its desecration; now, therefore,

Section 1. Be it ordained by the Mayor and City Council of Baltimore, That "The Star-Spangled Banner" shall not be played, sung or rendered in the City of Baltimore in any public place, or at any public entertainment, or in any theatre or moving-picture hall, restaurant or cafe, except as an entire and separate composition or number, without embellishments of national or other melodies, nor shall "The Star-Spangled Banner," or any part thereof or selection from the same, be played as a part or selection of a medley of any kind, nor shall "The Star-Spangled Banner" be played at or in any of the places mentioned for dancing or as an exit march; and whenever and wherever practicable, the musicians, performers or other persons shall stand while playing, singing or rendering "The Star-Spangled Banner." Any person violating the provisions of this section shall be guilty of a misdemeanor, and upon conviction thereof before a court of competent jurisdiction of this State, shall be fined not more than one hundred dollars.

Sec. 2. And be it further ordained, No owner, proprietor or manager of any theatre, moving-picture hall, restaurant, cafe or other place in the City of Baltimore where the public gathers, shall permit or allow anyone playing, singing or performing therein to play, sing or render "The Star-Spangled Banner" in violation of the provisions of the foregoing section, and, in the event of any such permission or allowance, such owner, proprietor or manager, upon conviction thereof as aforesaid, shall be subject to the penalties imposed by the foregoing section.

Sec. 3. And be it further ordained, The City Librarian is hereby authorized and directed to have copies of this ordinance printed and distributed to all theatres, moving-picture halls, restaurants and cafes and to the offices of all musical unions or branches thereof in the City of Baltimore at least ten days before this ordinance

shall go into effect; the expenses thereof to be paid out of the funds of the City Librarian not otherwise appropriated.

Which was referred to the Committee on General Welfare.

The City of New York, Office of the President of the Borough of Queens, Long Island City, December 6, 1916.

To the Hon. Board of Aldermen, City of New York:

Gentlemen—Your approval is hereby requested of a resolution authorizing this department to draw upon the Comptroller, by requisition, for the sum not exceeding five hundred (\$500) dollars for the purpose of additional expense applicable to this office for contingencies, such as postage stamps, expressage, etc., during the year 1917, upon condition that the same be renewed as often as necessary to the extent of the appropriation set apart to cover such expense, but that no renewal shall be made until the previous expenditure shall have been accounted for to the Comptroller by the transmittal of voucher or vouchers certified by the Borough President covering the expenditure previously made.

Very truly yours, MAURICE E. CONNOLLY, President of the Borough of Queens.

In connection with the foregoing communication, Alderman Kenney offered the following resolution, and moved that the same be made a general order for the day:

Resolved, That, for the purpose of defraying minor incidental expenses contingent to the office of the President of the Borough of Queens, he may, by requisition, draw upon the Comptroller for a sum not to exceed five hundred dollars (\$500), and may, in like manner, renew the draft as often as may be deemed necessary to the extent of the appropriation set apart for contingencies in connection with his office for the year 1917; but no such renewal shall be made until the money paid on the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the President of the Borough of Queens covering the expenditure of the money paid thereon.

The President pro tem. put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

The Honorable the Board of Aldermen:

Gentlemen—In order to correct a ruling that has been made by the Board of Appeals as to article 4, section 72, paragraph "g," of the Building Code, I hereby offer the following as an amendment or substitute to take the place of said article 4, section 72, paragraph "g":

(Underscored words are new.)

No. 1044.

Preamble and Resolution Calling for Relief from Congestion in the Subway.

By Alderman Gutman—

Whereas, In the last few months the subway cars of The City of New York have been carrying passengers far in excess of the number of cars that are being operated, greatly to the discomfort of the public; and

Whereas, The people of New York are suffering, and greatly, on account of the crowded subway at different stations along the line; and

Whereas, The people have long suffered in silence regarding the congestion,

which has become almost intolerable, and calling for relief from present crowded conditions; and

Whereas, During the coming winter extreme congestion on the transportation lines will follow unless relief is afforded to the people; and

Whereas, The subway was built to carry 500,000 passengers daily, where today it carries about 1,500,000, pushing and crowding people off the platform in front of rushing and crowded cars, injuring many; and

Whereas, The people of the City of New York are entitled to be transported from their homes to business without subjecting them to the least strain, and to return home in full possession of their energy; therefore, be it

Resolved, That the Board recommend to the Public Service Commission that steps be immediately taken to relieve the present jam and crushing conditions of the subway, by suggesting the operation of express trains to start from South Ferry, one every fifteen minutes in addition to the regular express trains from Flatbush Ave., and for such further relief as they may deem wise and expedient.

Medical and Surgical Supplies	\$8,400 00
Fuel	4,000 00
	\$12,400 00

All obligations contracted for hereunder to be incurred on or before December 31, 1916.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, November 21, 1916.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$16,000 to meet the deficits in the appropriations for fuel, and medical and surgical supplies.

The Department has entered into a contract for the purchase of No. 3 Buckwheat coal to be used in the power plant of Bellevue Hospital on the basis of completing certain boiler house equipment. The contractor for this work has failed to finish on time, and the Trustees under date of November 15th, declared the contract abandoned. As it is necessary to use until the new power plant equipment is installed some of the old boilers which cannot be heated effectively with No. 3 Buckwheat coal, it will be necessary to purchase No. 1 Buckwheat coal. The Department has no funds available for this purpose, and therefore requests your Board to authorize an issue of special revenue bonds in the sum of \$4,000.

The General Drug Department of the Department of Public Charities has informed us that it is unable to deliver medical and surgical supplies required in the hospitals of this department as the appropriation for 1916 is exhausted. Funds for this purpose for 1916 for the use of Bellevue and Allied Hospitals were included in the 1916 Budget of the Department of Public Charities. As that department cannot furnish us with the medical and surgical supplies that are required, the Trustees request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$12,000 for this purpose. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, December 1, 1916.

No. 996—Trustees, Bellevue and Allied Hospitals—Request for Issue of Special Revenue Bonds, \$16,000, to Meet Deficits in Appropriations for Fuel and Medical and Surgical Supplies.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—An investigation to determine the necessity for the funds requested developed the following facts:

Communications dated November 21, 1916, to the Board of Aldermen requesting the issue of \$12,000 special revenue bonds to meet deficits in appropriations for medical and surgical supplies.

The expenditures for medical and surgical supplies and equipment for the Department of Bellevue and Allied Hospitals to November 1, 1916, have been as follows:

	Supplies.	Equipment.
January	\$6,125 07	\$1,310 19
February	7,565 49	1,531 95
March	6,391 97	2,522 65
April	8,327 14	2,161 97
May	7,210 65	1,176 72
June	11,172 42	1,224 02
July	7,625 12	1,543 36
August	11,335 13	1,003 95
September	9,771 81	235 46
October	7,832 29	255 24
	\$83,357 09	\$12,965 51

The budget allowance for 1916 for these two codes was:

Supplies, \$88,150; equipment, \$13,550.

On April 10, 1916, a communication was sent from the General Drug Department of the Department of Public Charities to the General Medical Superintendent of Bellevue and Allied Hospitals, calling attention to the fact that the rate of expenditures for medical and surgical equipment would, if continued, exceed the appropriation for 1916. On June 27, 1916, a similar communication to the General Medical Superintendent of Bellevue and Allied Hospitals called attention to the expenditures and balance of the appropriations for medical and surgical supplies and medical and surgical equipment. Notwithstanding these communications, the quarterly expenditures for medical and surgical supplies have increased progressively without a proportionate increase in the activities of Bellevue and Allied Hospitals.

Bellevue and Allied Hospitals.

	1916.		
Expenditures.	1st Quarter.	2d Quarter.	3d Quarter.
Medical and surgical supplies	\$20,082 53	\$26,710 21	\$28,732 06
Daily average census	2,057	2,084	1,973
Hospital admissions	17,136	17,366	15,896
Operations	2,057	2,084	1,978
Visits, dispensary	105,079	113,794	107,814
Prescriptions, dispensary	98,567	105,707	99,509

From this tabulation of activities and expenditures it would seem justifiable to raise the question whether the premature depletion of the appropriation for medical

and surgical supplies would not have been averted by careful supervision and control of the expenditures, rather than to attribute the lack of funds directly to a deficit in the 1916 appropriation.

The balance in this code on November 1, 1916, was \$4,747.61. The 1917 budget provides an average monthly allowance of \$6,583.33. The sum of \$8,400 is recommended to provide medical and surgical supplies for the remainder of the year. This allotment of sums is based on twice the average monthly allowance in 1917 budget, less the unexpended balance on November 1, 1916.

The budget allowance for the year 1916 to the Department of Bellevue and Allied Hospitals for coal was based upon the average yearly tonnage consumed, plus an additional allowance of 2,000 tons to provide for additional heating for new buildings. The cost per ton was based upon prices current at the time the budget was made and was for No. 1 buckwheat coal for the first three months and for No. 3 buckwheat coal for the remainder of the year. The budget also made provision for changing the grates and altering the boiler plants in order that the cheaper coal could be burned. This work has been completed in all other hospitals under the jurisdiction of Bellevue and Allied Hospitals, and the plants are in successful operation, except in Bellevue Hospital. The contractor for the work at Bellevue has abandoned his contract and it is not expected that the work can be completed before the end of the year.

Because of the increased cost of fuel and the necessity to burn No. 1 buckwheat coal at the Bellevue plant, the budget appropriation for coal is not sufficient to provide for the coal required until the end of the year.

It is estimated that besides the coal which can be provided by funds transferred from other accounts, it will be necessary to purchase one thousand (1,000) tons of No. 1 buckwheat coal. This coal will cost approximately four thousand dollars (\$4,000), the amount requested.

There appears to be need for additional funds as follows:

Medical and surgical supplies.....	\$8,400 00
Fuel	4

It is possible that an examination now being made of the accruals in the personal service accounts of various departments may result in finding sufficient available balances to transfer to provide for these needs. Respectfully,

TILDEN ADAMSON, Director.

Which was laid over.

Report of the Committee on General Welfare in Favor of Filing Preamble and Resolution Relative to Operation of Motor Trucks on Streets of the City.

The Committee on General Welfare, to which was referred on November 21, 1916 (Minutes, page 649), the annexed preamble and resolution relative to operation of motor trucks on streets of the City, respectfully

REPORTS:

That, having examined the subject, the Committee concludes that this matter should have been presented in the form of an ordinance instead of a resolution. It therefore recommends that the accompanying matter be placed on file.

Whereas, In the last few years heavy motor trucks have been operated through the streets of the City of New York; and

Whereas, These heavy trucks having been carrying loads of about twenty tons in weight, grinding the hardest granite pavements to pieces by these juggernauts, where formerly such pavements showed little wear after years of service; and

Whereas, Previous to the arrival of these monster trucks upon the highways of New York the annual repair of the City streets was about one-half of one per cent. in area, where to-day it is about 30 per cent. for the same area; and

Whereas, Highway maintenance is a costly item in the City's annual expense bill and is an imposition on the taxpayers for the benefit of a few to permit this destruction of their property; and

Whereas, These motor trucks are growing in numbers to such a great extent that new problems must be met by the authorities of The City of New York having jurisdiction over the highways; therefore be it

Resolved, That this resolution be referred to the appropriate committee, with a view of drafting suitable legislation as to the desirability of licensing these trucks, regulating the width of tires that will maintain a load without sinking into the pavement, the width of these motor trucks, so as to permit them to pass without interfering with each other going in opposite directions, and for such further remedial legislation as may be necessary in the premises.

Report of the Committee on Public Letting in Favor of Adopting Request of the President, Borough of Manhattan, for Authority to Purchase Two Steam Rollers, Without Public Letting.

The Committee on Public Letting, to which was referred on November 28, 1916 (Minutes, page), the annexed request of the President, Borough of Manhattan, for authority to purchase two steam rollers, without public letting, respectfully

REPORTS:

That the Committee has been advised by Commissioner Folks that it is almost impossible to write a specification which will obtain the desired object, and the rollers can be purchased direct from the manufacturers at a lower figure than by public letting. The Committee, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized and empowered to purchase, in the open market, without public letting, two steam rollers at an estimated cost not to exceed five thousand dollars (\$5,000).

City of New York, President of the Borough of Manhattan, Municipal Building, November 17, 1916.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York, N. Y.:

Sir—Request is hereby made for permission to purchase in the open market, without public letting, two steam rollers at an estimated cost not to exceed \$5,000. The rollers are to be used in street repair work in connection with the asphalt plant, and the department desires to purchase two additional rollers of similar make to those now in use. It is almost impossible to write a specification which will obtain this object, and the rollers can be purchased direct from the manufacturers at a lower price than by contract. Considerable time in the delivery can be saved by this method which is also an advantage.

Your favorable consideration is respectfully requested. Yours very truly,

RALPH FOLKS, Acting President, Borough of Manhattan.

†The Federal Bureau of the Census having determined not to use the returns of the State census of 1915 in estimating the population of New York City, notified this Department on February 10, 1916, that until 1920 estimates of the population of cities and states within the United States made by the Federal Bureau would be based upon the Federal censuses of 1900 and 1910.

In view of this action of the Federal Bureau of the Census and the purpose for which the State census was taken, which made its results unadapted to our needs, the Department of Health concluded likewise to base its estimates upon the Federal censuses of 1900 and 1910, and since the changes in immigration and emigration wrought by the war have made impractical the continued use of the geometrical method of estimating the population of the city, the Department of Health has, after careful deliberation, decided to adopt the arithmetical method, which is the one used by the Bureau of the Census, and to estimate the population of the city and of the boroughs by this method, at least until the next Federal census becomes available.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchman or the workmen engaged in the actual demolition thereof, shall itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the buildings.

Failure to remove said buildings, appurte-

nances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, endorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board of the City of New York, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may be seen there.
