LOCAL BOARD.

NINTH DISTRICT, BOROUGH OF BROOKLYN.

Meeting in Room 11, Borough Hall, at 4.30 P. M., Thursday, June 27, 1901.

The roll was called and the following members answered to their names:
Edward M. Grant (President), Councilmen Williams, Hester and French and Alderman Alt
The President submitted the following:

(No. 307.)

Communication from the Board of Public Improvements recommending change of grade in the territory bounded by Fulton street, Euclid avenue, Liberty avenue, Atkins avenue and Dresden street.

The following resolution was offered :

Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, after hearing had this 27th day of June, 1901, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that, in pursuance of the provisions of section 436 of chapter 378 of the Laws of 1897, proceedings be initiated to alter the map or plan of The City of New York by changing the grade in the territory bounded by

Fulton street, Euclid avenue, Liberty avenue, Atkins avenue and Dresden street, in the Borough of Brooklyn.

Which was decided in the affirmative by the following vote:

Affirmative—The President, Councilmen Hester and French and Alderman Alt.

(No. 358.)

Petition for grading and paving Siegel street, as described in the following report of the Department of Highways :

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, May 25, 1901.

Hon. EDWARD M. GROUT, *President of the Borough of Brooklyn:*

DEAR SIR—Your letter of the 10th instant, transmitting petition signed by George Stehlin, No. 194 Siegel street, and others, requesting that Siegel street be graded and paved between Bushwick avenue and Bogart street, is at hand.

The petition does not mention the kind of pavement desired, but from the character of the street, and taking into consideration the amount of traffic it accommodates, also the value of the property, I would recommend that a granite-block pavement on a sand foundation be laid.

properly, I would recommend that a granite-block pavement on a sand foundation with sand joints and a concrete curb and sidewalk would be as follows:

- 8,600 cubic yards grading.
- 3,188 linear feet curbing.
- 5,310 square yards granite-block pavement on sand foundation with sand joints.
- 15,500 square feet cement sidewalks.

Total estimated cost, \$19,000.

A proper district of assessment would be one-half the block on each side of the street, exclusive of improvements, having an assessed valuation of \$100,000.

In connection with the above improvement would state that the present grade charts show a crown on each of these two blocks, but it is found that both Bushwick avenue and Bogart street are improved at an elevation varying 1 foot from the chart grades; if Bogart street were to be paved on a grade running from both Bushwick avenue and Bogart street to White street (which is the intermediate street) at the legal grade established for that street ample drainage would be afforded without introducing any crown, the rate of fall being 5 inches or more in 100 feet.

The above estimate therefore is based upon the omission of these curbs, reducing the amount of filling required, 4,000 cubic yards and the expense of grading, about \$1,700.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

Petition herewith returned.

Following resolution was offered:

Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, after hearing had this 27th day of June, 1901, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that proceedings be initiated to regulate, grade and pave Stagg street with granite-block pavement, between Bushwick avenue and Bogart street, in the Borough of Brooklyn, and to set or reset curb and pave sidewalks with concrete or laid street where not already done.

Which was decided in the affirmative by the following vote:

Affirmative—The President, Councilmen French and Hester and Alderman Alt.

(No. 359.)

Petition for opening Babia place, Carlos place and Rose place, between Bushwick avenue and Broadway.

Prayer filed by Sheehan & Collins, attorneys for the Brooklyn Union Elevated Railroad Company. Laid over.

(No. 360.)

Petition for grading and paving and sewerage Waterbury street, between Stagg street and Meserole street, and Meserole street, between Waterbury street and Morgan avenue.

Following report of the Department of Sewers:

DEPARTMENT OF SEWERS—BOROUGH OF MANHATTAN,
NO. 13, 21 PARK ROW,
NEW YORK, April 2, 1901.

Hon. EDWARD M. GROFF, President of the Borough of Brooklyn.

DEAR SIR—In reply to your communication of March 10, transmitting petition of Charles Schneider and others for the installation of a sewer in Waterbury street, from Stagg street to Meserole street, and in Meserole street, from Waterbury street to Morgan avenue, Borough of Brooklyn, beg to state the matter was referred to the Department of Sewers, Borough of Brooklyn, and I herewith forward to you copy of report of the Deputy Commissioner thereon.

Yours respectfully,

(Signed) JAS. KANE, Commissioner of Sewers.

CITY OF NEW YORK, BOROUGH OF BROOKLYN,
DEPARTMENT OF SEWERS,
March 30, 1901.

Hon. JAMES KANE, Commissioner of Sewers, New York City.

DEAR SIR—I enclose herewith a copy of a communication from the President of the Borough dated March 10, 1901, together with a copy of a petition in relation to the construction of sewers in:

Waterbury street, from Stagg street to Meserole street; and

Meserole street, from Waterbury street to Morgan avenue.

I beg to report that a sewer already exists in Waterbury street, between Scholes street and Stagg street, therefore estimate of cost for sewers in Waterbury street, between Scholes street and Meserole street, and in Meserole street, between Waterbury street and Morgan avenue, is given, which is \$7,100, and the assessed valuation of the real estate within the probable area of assessment is \$25,270.

In regard to outlet sewers, information of which is requested by the President of the Borough, I beg to state that an outlet sewer will be required in Bogart street, between Meserole street and Johnson avenue, the estimated cost being \$2,100, and the assessed valuation of the real estate within the probable area of assessment for said outlet sewer being \$140,800.

In regard to the legal opening of the sewers, information of which is requested by the President of the Borough, I beg to state that no record can be found of the opening of Meserole street within the limits petitioned for, although it has apparently been traveled over for a great number of years.

Waterbury street, within the limits above, was declared open by the Common Council of the City of Brooklyn on December 24, 1894.

Bogart street, within the above limits, was also declared open by the Common Council of the City of Brooklyn on the same date.

Yours respectfully,

(Signed) WM. BRENNAN,

Deputy Commissioner of Sewers, Borough of Brooklyn.

Following report from the Department of Highways:

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, March 27, 1901.

Hon. EDWARD M. GROFF, President of the Borough of Brooklyn.

DEAR SIR—I beg to acknowledge the receipt of your letter of the 10th instant, forwarding petition signed by Charles Schneider and others for the grading and paving of Waterbury street, between Stagg and Meserole streets, and of Meserole street, between Waterbury street and Morgan avenue.

In reply, I beg to advise you that an examination of this locality shows it to be largely a manufacturing neighborhood, and while these streets have no travel at the present time, same being unimproved, they undoubtedly will have considerable after they are paved. Granite-block pavement will certainly be the most suitable surface, and as the present conditions will hardly warrant the laying of the same on a concrete foundation I therefore beg to submit the following estimates for—

1. Regulating, grading and paving Waterbury street, between Stagg and Meserole streets, with granite-block pavement on sand foundation:

4,000 cubic yards grading.

1,440 linear feet curbing.

1,670 square yards granite-block pavement on sand foundation.

Total estimated cost, \$4,600.

The approximate assessed value of the land, exclusive of buildings, within one-half the block on each side of the street, is \$70,000.

2. Regulating, grading and paving Meserole street, between Waterbury street and Morgan avenue, with granite-block pavement on sand foundation:

3,870 cubic yards grading; 2,724 linear feet curbing.

1,870 square yards granite-block pavement on sand foundation.

Total estimated cost, \$11,000.

The approximate assessed value of the land within one-half the block on each side of the street, exclusive of improvements, is \$57,100.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

Advising from Henry Kiss, of No. 203 Scholes street, and Charles T. Schnessler, of No. 284 Scholes street, stating that Waterbury street, from Stagg street to Meserole street, and Meserole street, from Waterbury street to Morgan avenue, has been open to the public for over twenty years.

Following resolution was offered:

Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that a sewer be constructed in Waterbury street, between Scholes street and Meserole street, and in Meserole street, between Waterbury street and Morgan avenue, and outlet sewer in Bogart street, between Meserole street and Johnson avenue, in the Borough of Brooklyn.

Which was decided in the affirmative by the following vote:

Affirmative—The President, Councilmen Hester, French, Williams and Alderman Alt.

The following resolution was offered:

Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, after hearing had this 27th day of June, 1901, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that proceedings be initiated to regulate, grade and pave Waterbury street with granite-block pavement, between Stagg street and Meserole street, in the Borough of Brooklyn, and to set or reset curb and flag or reflag sidewalks of said street where not already done.

Petition for grading and paving Irving avenue, between Myrtle avenue and Palmetto street.

Following report from the Department of Highways:

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, April 20, 1901.

Hon. EDWARD M. GROFF, President of the Borough of Brooklyn.

DEAR SIR—I beg to acknowledge the receipt of your letter of the 22d instant, forwarding petition signed by William Berlinger, at No. 145 Kentworth street, and others, for the grading and paving of Irving avenue, between Myrtle avenue and Palmetto street, with granite-block pavement.

In reply I beg to submit the following estimate of the amount of work and the cost of the improvement:

Grading and paving Irving avenue, between Myrtle avenue and Palmetto street, with granite-block pavement on sand foundation:

1,400 cubic yards grading.

1,440 linear feet curbing.

2,720 square yards granite-block pavement laid on sand.

6,000 square feet flagging.

Total estimated cost, \$8,500.

The approximate assessed value of the land on each side of the street, within half a block, exclusive of improvements, is \$18,000.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

(No. 211.)

Petition for rescinding proceedings for the grading and paving of Vermont street, between Pitkin avenue and a point 75 feet south of Belmont avenue with asphalt and the initiation of new proceedings for improving said street with granite-block pavement. Denied.

(No. 205.)

Petition for rescinding proceedings for grading and paving New Jersey avenue with asphalt, between Atlantic avenue and a point 50 feet south of Belmont avenue, and the initiation of proceedings for improving said street with trap-block pavement. Laid over until again called up by petitioners.

(No. 262.)

Petition for rescinding proceedings for grading and paving with asphalt of Folson place, between Linwood street and Essex street, and the initiation of proceedings for improving said street with trap-block pavement. Laid over until again called up by petitioners.

(No. 307.)

Petition for rescinding proceedings for grading and paving with asphalt of Hendrix street, between Pitkin avenue and Dumont avenue. Laid over until called up.

(No. 212.)

Petition for rescinding proceedings for grading and paving with asphalt pavement of Bradford street, between Liberty avenue and Pitkin avenue, and the initiation of proceedings for improving said street with granite-block or trap-block pavement.

Following report from the Department of Highways:

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, March 20, 1901.

Hon. EDWARD M. GROFF, President of the Borough of Brooklyn.

DEAR SIR—The receipt of your letter of the 16th instant, advising that petition has been filed in your office rescinding proceedings for the grading and paving of Bradford street, between Liberty and Pitkin avenues, with asphalt pavement, and for the initiation of new proceedings for the improving of said street with trap-rock, requesting that this Department make a report accordingly, is hereby acknowledged.

In reply, I beg to submit the following estimate for grading and paving Bradford street, between Liberty and Pitkin avenues, with trap-block pavement:

1,800 cubic yards grading.

1,700 linear feet of curbing.

2,830 square yards trap-block pavement.

3,500 square feet cement sidewalk.

Total estimated cost, \$8,900.

A proper district of assessment would be one-half the block on each side of the street, having an assessed valuation of \$80,600.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

CITY OF NEW YORK,

BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, June 25, 1901.

Hon. EDWARD M. GROFF, President of the Borough of Brooklyn.

DEAR SIR—Replying to your letter of the 19th instant, requesting that this Department furnish you with an estimate of the cost, etc., for grading and paving Bradford street, between Liberty and Pitkin avenues, with granite instead of trap-block pavement, I beg to state that, while the quantities will remain exactly the same as given in my previous report, under date of March 20, and the assessed value of the property will also be the same, the use of granite will very slightly increase the total estimated cost and will be \$9,100, instead of \$8,900.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

Following resolution was offered:

Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, this 27th day of June, 1901, hereby rescinds the following resolution adopted on March 24, 1900:

Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, after hearing had this 24th day of March, 1900, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that proceedings be initiated to regulate, grade and pave Bradford street with asphalt pavement, between Liberty avenue and Pitkin avenue, in the Borough of Brooklyn, and to set or reset curb and flag or reflag sidewalks of said street where not already done.

Petition for rescinding proceedings for grading and paving with asphalt pavement of Euclid avenue, between Belmont avenue and Atlantic avenue, and the initiation of proceedings for improving said street with trap-block pavement.

Following report from the Department of Highways:

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, June 3, 1901.

Hon. EDWARD M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—Your letter of the 22d ultimo, advising that a petition has been filed in your office, recommending that proceedings for the paving of Euclid avenue, between Atlantic and Belmont avenues, with asphalt, be rescinded and that new ones be instituted for the improvement of said street with trap block, requesting that this Department forward a new report accordingly, at hand.

In reply, I beg to submit the following estimate:

Grading and paving Euclid avenue, between Atlantic and Belmont avenues, with trap-block pavement instead of asphalt as previously reported upon:

8,000 cubic yards grading.
5,200 linear feet curbing.
8,670 square yards trap-block pavement.
Total estimated cost, \$23,500.

The proper district of assessment would be one-half the block on each side of the street, having an assessed valuation of \$199,600.

In connection with the above estimate, would state that I am informed by the Engineer of this Department that it has been found exceedingly difficult to secure trap blocks for paving which comply with the specifications; 50 per cent. of recent deliveries had to be rejected. I would therefore respectfully recommend that granite-block be substituted for trap on Euclid avenue and on the other streets the paving of which with stone blocks is contemplated. The difference between granite and trap blocks is only 5 cents per square yard, and the above estimate based upon granite block would be \$23,900, instead of \$23,500.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

Hon. JAMES KANE, Commissioner of Sewers, New York City:

DEAR SIR—I inclose herewith a copy of a communication from the office of the President of the Borough, dated March 6, 1901, together with a copy of a petition, in relation to the construction of outlet sewers for the sewer now in Sutter avenue, between Williams avenue and Alabama avenue.

I beg to report that the outlet sewers necessary will be required in Williams avenue, between Sutter avenue and Livonia avenue; in Alabama avenue, between Sutter avenue and Livonia avenue, and in Livonia avenue, between Williams avenue and Alabama avenue;—the estimated cost of which is \$12,800, and the assessed valuation of real estate within the probable area of assessment is \$58,480.

In regard to the legal opening of the streets, information of which is requested by the President of the Borough, I beg to state that we can find no record of the legal opening of any of the outlet streets above mentioned.

Yours respectfully,
(Signed) WM. BRENNAN,
Deputy Commissioner of Sewers, Borough of Brooklyn.

The following resolution was offered:

Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that a sewer be constructed in Williams avenue, between Sutter avenue and Livonia avenue; in Alabama avenue, between Sutter avenue and Livonia avenue, and in Livonia avenue, between Williams avenue and Alabama avenue, in the Borough of Brooklyn.

Which was decided in the affirmative by the following vote:

Affirmative—The President, Councilmen Hester, French and Williams and Alderman Alt.

Following resolution was offered:

Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that proceedings be initiated to open Alabama avenue, between Pitkin avenue and Livonia avenue, in the Borough of Brooklyn.

Which was decided in the affirmative by the following vote:

Affirmative—The President, Councilmen Hester, French and Williams and Alderman Alt.

(No. 349.)

Petition for grading and paving Barbey street, between New Lots road and Atlantic avenue.

Following report from the Department of Highways:

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, March 12, 1901.

Hon. EDWARD M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—Your letter of the 4th inst., forwarding petition signed by George M. Ness, Sr., No. 510 Barbey street, and others, for the grading and paving of Barbey street, between New Lots road and Atlantic avenue, with trap-block pavement, at hand.

In reply, I beg to submit the following estimate of the amount of work and cost of the improvement:

Grading and paving Barbey street, between New Lots road and Atlantic avenue, with trap-block pavement laid on sand foundation.
8,400 cubic yards grading.
11,900 linear feet curbing.
16,963 square yards trap-block pavement laid on sand.
Total estimated cost, based on five years of maintenance, \$55,400.

A proper district of assessment would be one-half the block on each side of the street, having an assessed valuation of \$440,000.

In connection with the above improvement I beg to state that the grading between Dumont and Livonia avenues would involve the building of an embankment 8 feet high, and while a settlement of stone-block pavement laid on sand will not be so serious as would that of an asphalt pavement, in my opinion it would not be good policy to lay any pavement on such a lot. On a number of the lots the assessment would exceed one-half their assessed value. Under the circumstances, I think to simply regulate and grade this street would give more satisfactory results, and the paving could be done under a subsequent proceeding. I therefore beg to submit the following estimate that the matter may be referred for the consideration of the Local Board of the district:

Regulating, grading, curbing, guttering and improving sidewalks on Barbey street, between New Lots road and Atlantic avenue.

8,400 cubic yards excavating.
11,900 linear feet of curbing.
3,970 square yards gutter pavements.
50,000 square feet cement sidewalk.
Total estimated cost, \$23,000.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

Following resolution was offered:

Resolved, That the Local Board of the Ninth District, Borough of Brooklyn, after hearing had this 27th day of June, 1901, deeming it for the public interest so to do, hereby recommends to the Board of Public Improvements of The City of New York that proceedings be initiated to regulate and grade Barbey street, between New Lots road and Atlantic avenue, in the Borough of Brooklyn, and to set or reset curb, pave gutters and pave sidewalks with cement of said street where not already done.

Which was decided in the affirmative by the following vote:

Affirmative—The President, Councilmen Hester, French and Williams and Alderman Alt.

The matter of opening Barbey street, between New Lots road and Atlantic avenue, was laid over, pending determination by the Topographical Bureau of the question as to whether the street is legally open.

CITY OF NEW YORK—BOROUGH OF BROOKLYN,
DEPARTMENT OF SEWERS,
May 10, 1901.

Hon. JAMES KANE, Commissioner of Sewers, New York City:

DEAR SIR—I inclose herewith a copy of a communication from the office of the President of the Borough dated April 29, 1901, together with a copy of a petition in relation to the construction of a sewer in Belmont avenue, between Cleveland street and Jerome street. I beg to report that sewers are already built in Belmont avenue, between Ashford street and Jerome street; therefore, an estimated cost for a sewer in Belmont avenue, between Cleveland and Ashford streets, is here given, which is \$500, and the assessed valuation of the real estate within the probable area of assessment is \$6,850.

In regard to outlet sewers, information of which is requested by the President of the Borough, I beg to report that such was reported upon from this office, under date of October 10, 1899, under the heading of "sewer in Ashford street, between Glenmore and Pitkin avenues," an estimated cost for same and assessed valuation of the real estate being at that time given.

In regard to the legal opening of the street, information of which is requested by the President of the Borough, I beg to state that Belmont avenue, between the above limits, is open.

Ashford street, between Atlantic avenue and New Lots avenue, opening proceedings, passed the Board of Public Improvements on January 24, 1900 (see CITY RECORD, page 1159 for that year).

Yours respectfully,

(Signed) WM. BRENNAN,
Deputy Commissioner of Sewers, Borough of Brooklyn.

DEPARTMENT OF CORRECTION.

DEPARTMENT OF CORRECTION—CITY OF NEW YORK.
 Borough of Manhattan.
 August 10, 1901.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Correction at the office of the Department of Correction, No. 148 East Twentieth street, in The City of New York, until 12 A. M.

TUESDAY, AUGUST 27, 1901.
 for furnishing and delivering the following named supplies and performing the work set forth, viz.:

Borough of Brooklyn.
FOR FURNISHING STEAM FITTINGS, HARDWARE, MANUFACTURING SUPPLIES, LUMBER, FLOUR, STEAM PUMP, NEW TIN ROOFS, AND MISCELLANEOUS ARTICLES. (SEE SPECIFICATIONS.)

The time to be allowed for the full completion of such contract and the amount of security required for the faithful performance of the several contracts mentioned above are respectively as follows:

Time.
 Within thirty days after notice of award.

Security.
 Not less than 50 per cent. of amount of bid.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title given above, of the work for which the estimate is made, with his or their name or names and the date of presentation, to the head of said Department, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read and the award of the contract made according to law as soon thereafter as practicable.

Each estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as a surety, and shall contain the matters set forth in the blank form of bid mentioned below.

No estimate will be received or considered unless accompanied by a certified check or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications.

For samples, bidders are referred to the Kings County Penitentiary.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Commissioner, or at the office of the General Bookkeeper and Auditor.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title given above, of the work for which the estimate is made, with his or their name or names and the date of presentation, to the head of said Department, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as a surety, and shall contain the matters set forth in the blank form of bid mentioned below.

No estimate will be received or considered unless accompanied by a certified check or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and plans. The work and the materials must conform to the requirements of such printed specifications and plans. Bidders are cautioned to examine the specifications for particular details of the articles, etc., required for the work.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

THE COMMISSIONER OF HIGHWAYS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY SO TO DO.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Commissioner of Highways, Room No. 1604, where the plans and drawings, which are made a part of the specifications, can be seen.

PROPOSALS FOR ESTIMATES.

SEALED BIDS OR ESTIMATES FOR SUPPLY- ing the Police Department with Coal will be received at the Central Office of the Department of Police, in The City of New York, until 12 o'clock A. M.

WEDNESDAY, AUGUST 14, 1901.

The following are the supplies required, viz.:

No. 1. FOR FURNISHING COAL IN STATION HOUSES, ETC., IN THE BOROUGHS OF MANHATTAN, THE BRONX AND RICHMOND.

No. 2. FOR FURNISHING COAL IN STATION HOUSES, ETC., IN THE BOROUGHS OF BROOKLYN AND QUEENS.

The amount of security required will be as follows:

No. 1. \$100,000.
 No. 2. \$50,000.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title of the supply referred to and the number thereof, and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder with adequate security, as soon thereafter as practicable, if deemed for the best interests of the City so to do.

The coal is to be free burning, of the first quality of either of the kinds known and named as follows:

"Scranton," by the Delaware, Lackawanna and Western Railroad Company, or the New York, Ontario and Western Railway Company.

"Lackawanna," by the Delaware and Hudson Canal Company.

"Pittston," by the Pennsylvania Coal Company.

"Wilkesbarre," by the Lehigh and Wilkesbarre Coal Company.

"Jersey," by the New York, Susquehanna and Western Railroad Company.

Bidders will state the kind of anthracite coal they propose to furnish by giving the name of its mine or other business appellation.

The Police Commissioner has the right to reject all bids should it be deemed to the interests of the City so to do.

The coal is to be delivered during the year 1901 in such quantities and at such times and places as the

Department of Finance and Supplies, of the Police Department, may be obtained.

Each person making a bid or estimate shall furnish a copy of the same to the Commissioner of the Department of Finance and Supplies, and if no other person is interested in the same, the bid or estimate shall be made without any other person making a bid or estimate, and if in all respects the bid or estimate is found to be correct, the Commissioner of the Department of Finance and Supplies, or his deputy, or other officer of the Department, may, at his discretion, accept the same, or he may, at his discretion, reject the same, or he may, at his discretion, require the person making the bid or estimate to furnish a copy of the same to the Commissioner of the Department of Finance and Supplies, or his deputy, or other officer of the Department, and if the bid or estimate is found to be correct, the Commissioner of the Department of Finance and Supplies, or his deputy, or other officer of the Department, may, at his discretion, accept the same, or he may, at his discretion, reject the same, or he may, at his discretion, require the person making the bid or estimate to furnish a copy of the same to the Commissioner of the Department of Finance and Supplies, or his deputy, or other officer of the Department.

Each bid or estimate shall be accompanied by the sum of five per centum of the amount of the bid or estimate, or a certified check or money order, payable to the order of the Commissioner of the Department of Finance and Supplies, or his deputy, or other officer of the Department, and if the bid or estimate is found to be correct, the Commissioner of the Department of Finance and Supplies, or his deputy, or other officer of the Department, may, at his discretion, accept the same, or he may, at his discretion, reject the same, or he may, at his discretion, require the person making the bid or estimate to furnish a copy of the same to the Commissioner of the Department of Finance and Supplies, or his deputy, or other officer of the Department.

No bid or estimate will be received or considered unless accompanied by a certified check or money order, payable to the order of the Commissioner of the Department of Finance and Supplies, or his deputy, or other officer of the Department, and if the bid or estimate is found to be correct, the Commissioner of the Department of Finance and Supplies, or his deputy, or other officer of the Department, may, at his discretion, accept the same, or he may, at his discretion, reject the same, or he may, at his discretion, require the person making the bid or estimate to furnish a copy of the same to the Commissioner of the Department of Finance and Supplies, or his deputy, or other officer of the Department.

For further particulars as to the quality and quantity of the supplies and the nature and extent of the work required, reference must be made to the specifications. Bidders are requested to make their bids or estimates on the blank prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, is to be furnished by the Corporation Counsel, and showing the manner of the payment for the work, can be obtained upon application therefor at the office of the said Commissioner.

AQUEDUCT COMMISSION.

PUBLIC AUCTION.

FRIDAY, AUGUST 10, 1901.

At 10 o'clock A. M.

THE AQUEDUCT COMMISSIONERS OF THE City of New York will sell at public auction, under the direction of Peter F. Meyer & Co., Auctioneers, in the Engineer's office at Katonah, Westchester County, N. Y., all the timber between the high-water line of the New Croton Reservoir and the Croton river, on the following parcels:

Parcel No.	FORBIDDEN LOTS.	Area in Acres or Town Lots.	Minimum Price.
529	Tract of Van Rensselaer.	17.60
785	Tract of Hester J. Gifford.	100
729	Tract of Van Rensselaer.	100

TERMS TO BE PAID.

- First—The timber will be sold in one lot.
- Second—The purchase money must be paid on the day of the sale.
- Third—The timber will not be sold for less than the minimum price given in the City Record and in the posters.
- Fourth—The timber must be cut as closely to the ground as possible. All trimmings from the trees cut must be removed or burned, and the grounds must be left in a neat condition.
- Fifth—The timber must be cut and removed before January 1st, 1902.
- Sixth—If the purchaser is obliged to make any payments in order to get access to the timber he shall receive such payments with suitable rates of interest, which must be paid in cash.
- Seventh—If any timber is left on the property of the City of New York on or after the 1st day of January, 1902, the purchaser shall forfeit all right and title to the timber on land, and also to the money part of the consideration paid at the time of sale, and the Aqueduct Commissioners may at any time on or after the 1st day of January, 1902, remove or destroy and remove the same.
- Eighth—The Aqueduct Commissioners reserve the right to exclude from such sale any parcel of timber that may be determined by the Division Engineer.

FIRE DEPARTMENT.

HEADQUARTERS, FIRE DEPARTMENT,
Nos. 117 AND 119 EAST FORTY-SEVENTH STREET,
BOROUGH OF MANHATTAN,
CITY OF NEW YORK, August 10, 1901.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES WILL BE received by the Fire Commissioner at the above office of the Fire Department, New York City, until 12 o'clock A. M. of

THURSDAY, AUGUST 24, 1901,

for the following-named supplies:
Boroughs of Manhattan and The Bronx.
FOR FURNISHING NINETY (90) CORDS OF 12 CUBIC FEET BEST QUALITY PINE WOOD, AS PER SPECIFICATIONS FURNISHED BY THE FIRE DEPARTMENT.

The wood is to be delivered prior to the 1st day of February, 1902.
The amount of security required is Six Hundred (600) Dollars.

Boroughs of Brooklyn and Queens.
FOR FURNISHING 100 TONS OF ANTHRACITE COAL, ONE THOUSAND TWO HUNDRED (1,200) TONS OF 12 POUNDS OF IRON SIZE, AND THREE HUNDRED (300) TONS OF 12 POUNDS OF BROKEN SIZE, AS PER SPECIFICATIONS FURNISHED BY THE FIRE DEPARTMENT.

The coal is to be delivered at such time or times as may be directed or required by the Purchasing Agent of the Fire Department, prior to the first day of March, 1902.

The amount of security required is Three Thousand Five Hundred (3,500) Dollars.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the name of the person or persons making the estimate, with his or their name or names and the date of presentation, to the head of said Department, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder who adequate security as soon thereafter as practicable.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, or of a guaranty or surety company duly authorized by law to act as a surety, and shall contain the matters set forth in the blank form of bid mentioned below.

No estimate will be received or considered unless accompanied by a certified check or money to the amount of five per centum of the amount of the bond required, as provided in section 400 of the Greater New York Charter. The Fire Commissioner reserves the right to reject all bids if he should deem it for the interest of the City so to do.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Commissioner, a copy of which, and also the proper envelope in which to inclose the same, together with the form of agreement, including specifications, in the form approved by the Corporation Council, and showing the manner of payment for the work, can be obtained upon application therefor at the Headquarters office of the Fire Department, in the Borough of Manhattan, New York City.

JOHN J. SCANNELL,
Fire Commissioner.

SUPREME COURT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to WHITLOCK AVENUE (although not yet named by proper authority), from Southern Boulevard to Hunt's Point road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, so as, at our office, No. 60 and 62 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 10th day of August, 1901, and that the said objections will be heard and testimony received in reference thereto.

Second—That the abstract of our said estimate and assessment, together with our objections and hereditaments, and also all the affidavits, estimates, returns and other documents used by us in making our return, have been deposited in the Bureau of Street Improvements of the Law Department of The City of New York, at No. 60 and 62 West Broadway, in the Borough of Manhattan, in the City of New York, there to remain until the 10th day of September, 1901.

Third—That the limits of our assessment are limited to include all those lands, tenements and hereditaments and premises situated, lying and being in the Borough of The Bronx, in the City of New York, and within the limits of the City of New York, and that the said limits are bounded and described as follows, to-wit: Beginning at the point of intersection of the middle line of the block between
