COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Department of Water Supply, Gas and Electricity:

No. 2648.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13 to 21 Park Row,
City of New York, December 10, 1907.

Hon. P. F. McGOWAN, President, Board of Aldermen, New York City:

Dear Sir—The bills rendered by the Citizens' Water Supply Company and the Bowery Bay Improvement Company for water furnished by these companies to certain sections in the Borough of Queens remain unpaid, the department being unable to certify same, as there are no available funds against which these expenses would properly be chargeable.

The supply of water to be furnished by these companies up to and including December 31 will amount to about \$35,000, and as there already exists a deficit in several of the bureau appropriations and there is no account from which this money can be transferred, it becomes necessary that the expense for furnishing this water be met by an issue of Special Revenue Bonds. I therefore respectfully request that you recommend to the Board of Estimate and Apportionment the issuance of bonds in this sum of money. I attach herewith form of resolution for adoption.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

Resolved, That, in pursuance of the provisions under subdivision 8, section 188, of the amendment to the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in amount not to exceed thirty-five thousand dollars (\$35,000), the proceeds whereof to apply to the payment for water furnished in the Borough of Queens by the Citizens' Water Supply Company and the Bowery Bay Improvement Company.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Department of Health:

No. 2649.

Department of Health, City of New York,
Southwest Corner of Fifty-fifth street and Sixth Avenue,
Office of the Secretary, December 13, 1907.

Hon. P. J. SCULLY, City Clerk:

Sir—Enclosed herewith you will find copy of preambles and resolution adopted by the Board of Health at its meeting held December 11, 1907, requesting the Board of Aldermen to consent to the purchase, without public letting, of portable houses and lumber and building materials sufficient to construct eight temporary frame buildings, at a cost not to exceed \$12,000, which you are respectfully requested to submit to the Board at its next meeting for consideration.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

Department of Health, City of New York,
Southwest Corner of Fifty-fifth street and Sixth Avenue,
Office of the Secretary, December 13, 1907.

Hon. P. J. SCULLY, City Clerk:

Sir—At a meeting of the Board of Health of the Department of Health, held December 11, 1907, the following preambles and resolution were adopted:

Whereas, At the present time there is an unusual increase in the number of cases of contagious disease in The City of New York; and

Whereas, The demands made upon the Department of Health for the care of such cases is most extraordinary for this season of the year, the number of cases at the time being more than double those of last year; and

Whereas, The hospitals under the jurisdiction of the Department of Health are now almost full to the limit of their capacity; and

Whereas, Immediate provision must be made for receiving and caring for additional cases of contagious disease by the erection of temporary buildings at the various hospital plants under the jurisdiction of the Department of Health; now therefore be it

Resolved, That the Board of Aldermen be and are respectfully requested to authorize the purchase, without public letting, of portable houses, lumber and building materials sufficient to construct eight temporary frame buildings, at a cost not to exceed \$12,000.

EUGENE W. SCHEFFER, Secretary.

The President laid before the Board the following communication from the Board of Education:

No. 2650.

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, December 12, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of preamble and resolution adopted by the Board of Education at a meeting held on the 11th inst., requesting the Board of Aldermen to approve of an amendment to section 103 of the Building Code, exempting certain school buildings from the provision in regard to the erection of fire-escapes, together with a copy of the report and resolution mentioned therein.

Respectfully yours,

FRED H. JOHNSON,
Assistant Secretary, Board of Education.

Whereas, A communication has been received from the Building Code Revision Commission, stating that said Commission has made its report to the Board of Aldermen without the amendment to section 103, exempting certain school buildings from the provisions requiring fire escapes, and suggesting that any further communication on the subject be addressed to the Board of Aldermen; therefore be it

Resolved, That a copy or copies of the report on this matter adopted by the Board of Education November 13, 1907 (see Journal, pages 2263-2265), be transmitted to the Board of Aldermen with the earnest request that affirmative action thereon be taken.

A true copy of preamble and resolution adopted by the Board of Education on December 11, 1907.

FRED H. JOHNSON,
Assistant Secretary, Board of Education.

To the Board of Education:

The Committee on Buildings respectfully reports that, under date of April 25, 1907, a thirty-eight-page report, approved by the Fire Commissioner, was received from Chief of Department Edward F. Croker, giving the locations of various public school buildings in all boroughs requiring fire escapes and fire appliances, and stating that violation notices regarding the same would be served at the earliest possible moment.

The matter was referred to the Chairman of your committee, and he addressed a communication to the President, stating that, while there was no doubt as to the good faith of the examination on which the requirements of the Fire Department were based, they exhibited a lack of uniformity and a failure to recognize the facts that many of the school buildings are fireproof and comply most strictly with all provisions of the law; that said buildings, no matter of what construction, are not hotels, lodging houses or places of residence; that efficient discipline and fire drills are maintained in the schools organized therein; that these requirements are en-

tirely different from those previously made and carried out; that the thought naturally arises as to whether or not it would be feasible to arrive at some standard of safety, based upon, say, the celerity with which pupils and Teachers can leave the building, and that he would suggest that a conference be held in the Hall of the Board of Education between representatives of the Fire and Building Departments and the Board of Education for the purpose of reaching a settlement of what promises to be a vexatious and extremely expensive problem.

In accordance with this suggestion and at the request of the President, a meeting was held and a committee appointed, consisting of representatives of the Bureau of Buildings of the several boroughs, a representative of the Fire Department, and a representative of the Department of Education, which, after careful investigation of the subject, submitted the following report under date of October 30, 1907:

"Dear Sir—In June last, at the request of Mr. Egerton L. Winthrop, Jr., President of the Board of Education, a committee was appointed, consisting of a representative of each of the Bureaus of Buildings of the various boroughs, a representative of the Fire Department and a representative of the Department of Education to consider the recommendations of the Fire Department, dated April 25, 1907, as to fire protection in public schools; also to formulate some rules whereby a school building might be judged as to its safety or adequate equipment with stairways or fire escapes, and, further, to make whatever recommendations might seem proper in the premises.

"The committee has held several meetings and adopted rules for the general betterment of conditions in non-fireproof schools; have visited and inspected several schools, in four of which rapid dismissal drills were had for the benefit of the committee, three of the schools being of the old style non-fireproof; the average time of dismissal was three minutes. It being admitted by the Fire Department that it would take the first or nearest fire company on an average of about three minutes to reach the scene of a fire and prepare for work; within that period the majority of schools would be free of occupants, and the Fire Department would have free and unobstructed entrance thereto. The committee is, therefore, of the opinion, as the result of its inspections made to date, that outside fire escapes on the average public school are not required, as under the present system of drilling the scholars they can be much better and more expeditiously handled and guided by their Teachers on a continuous line of stairs leading to exits, than they could if compelled to pass through rooms and halls leading to windows or openings on to broken lines of outside stairs; and as the stairways in most schools at the present time are practically fireproof, the danger of fire or smoke obstructing any or all of the several lines of stairs within the short space of three minutes, is very remote. In one school on the lower East side, containing over twenty-three hundred (2,300) pupils, the dismissal took place in two minutes and thirty-one seconds. The main objection to placing outside fire escapes on public schools, by the Department of Education, is that they would greatly obstruct the light in class rooms; secondly, that stairways are preferable to outside escapes, and third, that the cost of carrying out the recommendations of the Fire Department, as to outside escapes, would entail upon the City an expenditure of millions of dollars.

"As before stated, the committee, in view of its experience, is of the opinion that outside fire escapes are not required or necessary on such of the public schools wherein it can be demonstrated that such schools can be dismissed within a period of time of three minutes or less, and at its meeting of October 25, a resolution was passed directing that an amendment be drawn and submitted to the Building Code Revision Commission, for its approval and adoption, exempting such schools from the provisions of section 103 of the Building Code.

"The committee respectfully requests that you give the proposed amendment your personal consideration, and if it meets with your approval, that you sanction its adoption by the Building Code Revision Commission.

"Respectfully yours,

"C. B. J. SNYDER,

"Representative of Department of Education, Chairman.

"NICHOLAS J. REVILLE,

"Representative, Bureau of Buildings, Manhattan.

"JOHN C. SNACKENBERG,

"Representative, Bureau of Buildings, Brooklyn.

"FRANCIS J. MEAGHER,

"Representative, Bureau of Buildings, Queens.

"JAMES MOORE,

Representative, Bureau of Buildings, Richmond.

"(Signed) JOHN H. HANAN,

"Representative, Bureau of Buildings, The Bronx, Secretary."

The proposed amendment referred to is to the following effect:

Amendment Recommended for Insertion in Section 103 of the Building Code.

Provided, however, that whenever it shall be demonstrated that any public school building in The City of New York can be actually vacated by its occupants at the rate of four hundred in three minutes through one five-foot exit, and that a sufficient number of exits are provided to permit such building to be vacated by all its occupants in not more than three minutes, then the provisions of this section as to providing outside means of escape from such building shall not apply; and any and all school buildings which shall meet the above prescribed requirements shall be exempt from the provisions of this section as to fire escapes. Such exemption shall be determined in the case of any school building as the result of an actual inspection of a rapid dismissal of pupils during regular school hours, such inspection to be made by an officer of the Fire Department attached to the battalion or company in the district in which the school building is located; an officer of the Bureau of Buildings of the borough in which the school building is located, and a representative of the Superintendent of School Buildings of the Department of Education. An official record of the reports of all such inspections shall be kept in the office of the Bureau of Violations and Auxiliary Fire Appliances of the Fire Department, and copies of said reports shall be forwarded to the Superintendent of Buildings for the Borough in which such inspections may take place, and to the Department of Education.

The Committee on Buildings has carefully considered this matter, heartily endorses the above mentioned report, and recommends approval of the amendment to the Building Code as above quoted.

The following resolution is submitted for adoption:

Resolved, That a certified copy of the foregoing be transmitted to the Mayor, the President of the Board of Aldermen and the Building Code Revision Commission, with the approval of the Board of Education, and with the earnest request that affirmative action be taken thereon.

A true copy of report and resolution adopted by the Board of Education on November 13, 1907.

I also transmit form of Ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

JOSEPH HAAG, Secretary.

City of New York, Department of Finance,
Comptroller's Office,
December 10, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, New York City:

Dear Sir—I herewith transmit original papers and report of the Chief Engineer of the Department of Finance, in reference to the request of the President of the Borough of The Bronx for the issue of corporate stock in the sum of \$16,000, for drainage and sewerage district plans, Borough of The Bronx, which matter was referred to the Comptroller at a meeting of the Board of Estimate and Apportionment, held November 15, 1907. The report in question is transmitted without the approval or disapproval of the Comptroller, for consideration by the Board of Estimate and Apportionment at its next meeting, to be held Friday, December 13.

Very respectfully yours,

(Signed) HUBERT L. SMITH,
Assistant Deputy Comptroller.

December 9, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Louis F. Haffen, President of the Borough of The Bronx, in communication under date of November 11, 1907, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock in the sum of \$16,000 for drainage and sewerage district plans, Borough of The Bronx. I would report:

Accompanying the request of President Haffen is a communication to Mr. Josiah A. Briggs, Chief Engineer of the Borough of The Bronx, signed by Charles H. Graham, Engineer in charge of Sewers. In this communication, Mr. Graham says that the funds available on this account would be insufficient for the remainder of the year; that the work for which the money is required is of great importance, and that the amount named should be provided that the said work may be continued for not only the balance of this year, but also during the year 1908.

Appropriations have hitherto been made for drainage and sewerage plans, Borough of The Bronx, as follows: Under resolution of the Board of Estimate and Apportionment, dated December 23, 1905, the sum of \$12,500, and on October 26, 1906, the sum of \$13,110 were authorized. The balance now in this fund is only \$1,425.

The work for which the said appropriation is requested consists of making studies, investigations, surveys, etc., and in making new sewerage and drainage plans and maps for the outlying districts of said Borough.

I append a statement furnished me by Mr. Graham, Engineer in charge of the work, showing the force employed and manner in which the said amount is to be expended.

The amount asked for this year is somewhat increased over that of a year ago, but this is explained by Mr. Graham to be due to the extended character of the work to be done during the ensuing year.

It is necessary that this work should be continued, and I suggest that you advise the Board of Estimate and Apportionment, that it may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$16,000 in addition to the amount heretofore authorized, to provide means for carrying on the work of making maps, etc., and for making drainage and sewerage plans of the Borough of The Bronx.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics, of the Department of Finance, dated December 9, 1907, relative to a communication from the Secretary of the Board of Trustees, College of The City of New York, requesting the fixing of the salary of the position of Pipe-fitter at \$4.75

per diem, to take effect October 1, 1907, which matter was referred to a select committee, consisting of the Comptroller and the President of the Board of Aldermen. In view of the facts contained in said report, the adoption of the resolution attached hereto is recommended.

Yours respectfully,

(Signed) H. A. METZ,
Comptroller.

(Signed) P. F. McGOWAN,
President, Board of Aldermen,
Select Committee.

December 9, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—In regard to a communication from the Secretary of the Board of Trustees, College of The City of New York, requesting the fixing of the salary of position of Pipe Fitter at \$4.75 per diem, to take effect October 1, 1907, which was referred by the Board of Estimate and Apportionment to the Comptroller and President of the Board of Aldermen for consideration and report, and by you referred to the Bureau of Municipal Investigation and Statistics, I beg to report as follows:

The Secretary of the Board of Trustees explained to your Examiner that the application is intended for a Steam Pipe Fitter, the Civil Service title being "Pipe Fitter." In order that the large steam heating plant of the new buildings of the College of The City of New York might be placed in charge of a competent steamfitter in October last, it became necessary to make the appointment on the first of that month, and also to compensate the incumbent at the rate of \$4.75 a day.

It is the desire of the Board of Trustees to have a grade of Steam Pipe Fitter fixed at the rate of \$4.75 a day, the salary of the position to be made effective as of the date of October 1, 1907.

I recommend that the request of the Board of Trustees of the College of The City of New York be granted, and that the accompanying resolution be adopted by the Board of Estimate and Apportionment.

Yours respectfully,

(Signed) CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 13, 1907, adopted the following resolution:

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said position as set forth therein, to take effect October 1, 1907.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—In a communication referred to the Select Committee at a meeting of the Board of Estimate and Apportionment under date of October 18, 1907, a request is made by the Board of Trustees of the College of The City of New York for the establishment of the grade of Assistant Engineman in that institution at a rate of \$4.50 per diem.

Under date of October 25, 1907, there was referred to this committee a second request of said Board of Trustees relative to the establishment of said grade and also asking that the department be allowed seven additional Assistant Enginemen at said per diem rate.

Your committee recommends the adoption of the accompanying resolution which approves of the establishment of the grade of Assistant Engineman, at \$4.50 per diem, for six (6) incumbents.

Yours truly,

P. F. McGOWAN, President, Board of Aldermen;

Select Committee.

The College of The City of New York,
St. Nicholas Terrace and One Hundred and Thirty-ninth Street,
New York, October 21, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment, New York, N. Y.:

Dear Sir—On the 26th of October, 1906, the Board of Estimate and Apportionment adopted a resolution fixing the salaries of various positions in the College of The City of New York, among which were the salaries of Assistant Engineers, limiting the number of incumbents to be employed at \$1,400 per annum to two.

In accordance with the advice and recommendations of Mr. Alfred E. Wolfe, Consulting Engineer of the mechanical plant, there will be required to safely operate the plant in all its branches seven additional Engineers.

The buildings are now gradually being transferred to the Board of Trustees for maintenance and operation of the mechanical plant, but before the plant can be successfully and safely operated it will be necessary to employ at least seven additional Assistant Engineers. As the original resolution of October 26, 1906, limits to two the number of Assistant Engineers to be employed at \$1,400 per annum, request is herewith made to the Board of Estimate and Apportionment, pursuant to section 56 of the Charter, to fix the salaries of Assistant Engineers at \$1,400 per annum, effective October 21, 1906, thus empowering the Board of Trustees to employ as many Assistant Engineers as may be needed. It is requested that early action be taken on this application as the services of additional Engineers are needed immediately.

Yours very truly,

(Signed) JAS. W. HYDE, Secretary, Board of Trustees.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 13, 1907, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Assistant Engineman in the College of The City of New York, in addition to those already existing therein, with compensation at the rate of \$4.50 per diem for six incumbents."

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said position as set forth therein. Which were severally referred to the Committee on Salaries and Offices.

No. 2654.

Department of Finance,

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Sir—My attention has been called to certain sections of the proposed Building Code which have to do with concrete and concrete steel construction. Such examination as I have caused to be made of the matter leads to the conclusion that the paragraphs dealing with this matter are so worded as to treat the concrete interests rather unfairly.

In view of the importance of the questions involved, it would seem entirely proper that the Board of Aldermen, or the committee in charge of this matter, should have a public hearing upon this question, to which all the parties interested should be invited.

Yours very truly,

H. A. METZ, Comptroller.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City Hall:

Dear Sir—The Worthington turbine meter, manufactured by Henry R. Worthington, has been examined by this Department for accuracy and durability, and the result of the test conducted under the supervision of the Principal Assistant Engineer shows that it is a reliable device for measuring water. It is manufactured in sizes from two inches to 12 inches, and is used principally where there is a large consumption of water.

I recommend its adoption for use in this City and respectfully submit that, under the provisions of section 475 of the amended Greater New York Charter, your Board approve of this pattern of meter and the prices quoted by the meter company in their letter addressed to this Department under date of November 19, 1907, copy of which I am inclosing.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

Hon. JOHN H. O'BRIEN, Commissioner of Water Supply, Gas and Electricity, Park Row Building, New York City:

Dear Sir—We take pleasure in quoting you on Worthington turbine water meters, in sizes from two to twelve inches, as follows:

	Net, Each.

3-inch.....	90 00
4-inch.....	160 00

(Signed) J. W. Dunn, President.

Department of Water Supply, Gas and Electricity,
Office of Chief Engineer, Nos. 13 to 21 Park Row,
New York, October 14, 1907.

Hon. JOHN H. O'BRIEN, Commissioner:

Dear Sir—The following tests of the three-inch Worthington turbine water meter have been made by me for accuracy and durability:

Cubic Feet Run.	Cubic Feet Registered.	Size of Discharge.
100	101	2½ inches.
50	50	1 inch.
50	49	½ inch.
25	20	¼ inch.

The test for durability was started September 27, 1907, at 1 p. m. On September 29, at 8.40 a. m., when it was shut off, 100,000 cubic feet had passed through. It was then started again for accuracy, with the following results:

Cubic Feet Run.	Cubic Feet Registered.	Size of Discharge.
100	98½	2½ inches.
50	49	1 inch.
50	47	½ inch.
20	15	¼ inch.

As this meter is accurate and durable enough for all practical purposes, I recommend that it be approved and adopted.

Respectfully yours,

(Signed) JOHN E. MCKAY,
Principal Assistant Engineer.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 2515.

The Committee on Finance, to whom was referred, on December 10, 1907 (Minutes, page 991), the annexed resolution, in favor of an issue of Special Revenue Bonds, \$1,000, for contingent expenses, Court of Special Sessions, First Division, respectfully

REPORTS:

Mr. Culkin, Chief Clerk of the Court of Special Sessions, appeared before the committee and stated that the contingent fund of \$2,500 was entirely exhausted by reason of the fact that almost all of the notices and subpoenas had to be served by mail, which made a tremendous postage bill each month. The work of the court has now grown to about 17,000 cases a year, and the contingent fund provided was entirely inadequate. The committee recommends the adoption of the resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of one thousand dollars (\$1,000), the proceeds whereof to be applied to meet the contingent expenses of the Court of Special Sessions, First Division, for the remainder of the year 1907.

JOHN R. DAVIES, JOSEPH FALK, A. L. KLINE, PH. HARNISCHFEGER, THOS. J. MULLIGAN, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Carter, Clifford, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Doyle, Everson, Falk, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, Harnischfeger, Hatton, Herold, Higgins, Jacobson, Keely, Kenneally, Kline, Krulish, Kuck, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, Noonan, O'Neill, Peters, Potter, Reardon, Redmond, Rendt, Richter, Rowcroft, Schloss, Schneider, Smith, Sturges, Sullivan, Torpey, Wentz, Wright, President Haffen, the Vice-Chairman and the President—65.

No. 2602.

The Committee on Finance, to whom was referred, on December 2, 1907 (Minutes, page 790), the annexed request of the Clerk of the City Court for \$6,200 Special Revenue Bonds, to meet statutory increases of salaries of seven Justices, respectfully

REPORTS:

Chief Clerk Smith appeared before the committee and stated that by reason of a law of 1907 the salaries of the seven Judges of the City Court had been increased from \$10,000 to \$12,000 per annum, to take effect immediately, and that this necessitates the raising of \$6,200, with which to pay the same. As the matter is entirely statutory, the committee recommends the adoption of the annexed resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of six thousand two hundred and nine dollars (\$6,209), the proceeds whereof shall be applied to meet the increase in the salaries of seven Justices of the City Court of The City of New York, from ten thousand dollars (\$10,000) to twelve thousand dollars (\$12,000) per annum, in accordance with the provisions of section 4 of chapter 707 of the Laws of 1907, which went into effect July 22, 1907.

JOHN R. DAVIES, JOSEPH FALK, A. L. KLINE, PH. HARNISCHFEGER, THOS. J. MULLIGAN, Committee on Finance.

November 29, 1907.

To the Honorable Board of Aldermen, City Hall, City:

Gentlemen—Since the allowance of the Budget appropriation to the City Court for the year 1907, section 4 of chapter 707 of the Laws of 1907, which went into effect July 22, 1907, has increased the salaries of the seven Justices of the court from \$10,000 to \$12,000 per annum.

In order to be able to meet this additional expense it will be necessary for your Honorable Board to request the Board of Estimate and Apportionment to provide for it by a special issue of Revenue Bonds in the sum of \$6,209.

Respectfully yours,

THOMAS F. SMITH, Clerk of the City Court.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Committee on Finance, to whom was referred on December 10, 1907 (Minutes, page 987), the annexed resolution in favor of an issue of Special Revenue Bonds, \$3,500, for furnishing Seventh District Municipal Court, Borough of Brooklyn, respectfully

REPORTS:

Justices Rosenthal and Richards appeared before the Committee and stated that by reason of the recent act reorganizing the Municipal Court of the Seventh District in Brooklyn, this district will require an additional court room, and it is to equip this court room and the Judges' chambers that the appropriation is requested. This room is to be 25 by 50 feet. The Committee went over the items and would recommend the allowance of \$3,000 for the purpose.

They, therefore, recommend that the annexed substitute resolution be adopted.

(SUBSTITUTE.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed three thousand dollars (\$3,000), the proceeds whereof to be applied by the President of the Borough of Brooklyn to the providing of certain furnishings, including Judges' benches, platforms, desks, chairs, carpets and other furnishings for the Seventh District Municipal Court, in the Borough of Brooklyn.

(ORIGINAL.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed three thousand five hundred dollars (\$3,500), the proceeds whereof to be applied by the President of the Borough of Brooklyn to the providing of certain furnishings including Judges' benches, platforms, desks, chairs, carpets and other furnishings for the Seventh District Municipal Court in the Borough of Brooklyn.

No. 2642.

The Committee on Finance, to whom was referred on December 10, 1907 (Minutes, page 990), the annexed resolution in favor of an issue of Special Revenue Bonds, \$1,277.50, for increase of wages of Laborers, Department of Police, respectfully

REPORTS:

Alderman Grifenhagen appeared before the Committee, and stated that the Laborers employed in the Police Department only received \$2 per day, although their work was very difficult and arduous. The Committee are in sympathy with the purposes of the application, but as the Budget recently adopted has not provided for any increase, and as all salary increases must originate in the Board of Estimate and Apportionment, it would be useless for this Board to take any action such as is requested. The Committee therefore recommend that the resolution be placed on file, but that a copy of same be forwarded to the Secretary of the Board of Estimate and Apportionment and the Police Commissioner.

Resolved, That in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed one thousand two hundred and seventy-seven dollars and fifty cents (\$1,277.50) for the purpose of increasing the wages of seven Laborers employed in the Department of Police from two dollars (\$2) per day each to two dollars and fifty cents (\$2.50) per day each.

Report of Committee on Laws and Legislation—

No. 2626.

The Committee on Laws and Legislation, to which was referred on December 10, 1907 (Minutes, page 979), the annexed "Ordinance regulating the matters provided for in section 1481 of the Laws of 1897, as amended by chapter 456 of the Laws of 1901, known as the Greater New York Charter," respectfully

REPORTS:

Pursuant to the resolution of the Board, adopted at its meeting, December 10, 1907, a public hearing was held by your Committee on December 13, which was attended by a large number of those affected by the proposed ordinance. All interests were represented, and were heard in support of their respective views.

The Committee addressed a letter to the Corporation Counsel asking his opinion relative to the power of the Board in the premises, and received his reply to the effect that the Board is empowered to pass rules governing the subject, provided, however, that they are not in conflict with existing laws; and that the Board is empowered "to permit what the proposed ordinance allows, viz., sacred or educational, vocal or instrumental concerts, lectures, addresses, recitations and singing." The opinion of the Corporation Counsel is filed herewith.

Your Committee recommends the adoption of the following Substitute Ordinance.

(SUBSTITUTE.)

AN ORDINANCE regulating the matters provided for in section 1481 of the Laws of 1897, as amended by chapter 466 of the Laws of 1901, known as the Greater New York Charter.

Be it Ordained by the Board of Aldermen of the City of New York, as follows:

Section 1. It shall not be lawful to exhibit to the public on the first day of the week, commonly called Sunday, in any building, garden, grounds, concert room, or other room or place, within The City of New York, the performance in whole or in part of any interlude, tragedy, comedy, opera, ballet, play, farce, negro minstrelsy, negro or other dancing or any other entertainment of the stage or any part or parts therein, wrestling, boxing, with or without gloves, sparring contest, trial of strength, or any circus, equestrian or dramatic performance or exercise, or any performance or exercise of jugglers, acrobats, club performances, or rope dancers.

Provided, however, that nothing herein contained shall be deemed to prohibit at any such place or places on said first day of the week, commonly called Sunday, wholly sacred or educational concerts, vocal or instrumental, lectures, addresses, recitations, readings, or singing, provided that such entertainments shall be given in such manner as not to disturb the public peace, or to disturb or interrupt the quiet, the repose, and the religious observances of the community and of the neighborhoods in which such place or places may be situated.

Sec. 2. Every person wilfully offending against the provisions of this ordinance, and every person knowingly aiding in such exhibitions, except as herein provided, by advertisements, posting or otherwise, and every owner or lessee of any building or part thereof, grounds, garden, or concert room, or other room or place, who shall lease, hire, or let out the same, for the purpose of any such exhibition or performance, except as herein provided, or shall assent that the same shall be used for any such purpose, shall be subject to a penalty of five hundred dollars, which penalty the Corporation Counsel of The City of New York is hereby authorized, in the name of said City, to prosecute, sue for and recover.

In addition to said penalty, every such exhibition or performance shall of itself vacate and annul and render void and of no effect any license which shall have been previously obtained by any manager, proprietor, owner or lessee consenting to, causing or allowing, or letting any part of a building, garden, grounds, room or place for the purpose of any such exhibition or performance, and the said Corporation Counsel shall forthwith upon the complaint of two citizens institute proceedings for the vacating of such license. Every such complaint shall be accompanied with good and sufficient security in an amount not to exceed \$500, to be approved by said Corporation Counsel, conditioned for the payment to the party or parties proceeded against, of all costs and expenses of the proceeding, in the event that the same shall not be sustained.

Sec. 3. Nothing in this ordinance shall be construed as in any manner affecting any of the provisions of the Penal Code relating to any of the subject matters of this ordinance; or as affecting any of the duties or responsibilities of any department of The City of New York with respect thereto.

Sec. 4. This ordinance shall take effect immediately.

(ORIGINAL.)

AN ORDINANCE regulating the matters provided for in section 1481 of the Laws of 1897, as amended by chapter 466 of the Laws of 1901, known as the Greater New York Charter.

Section 1481 being one of the sections specified under the title "The Second Schedule."

"Section to remain in force until changed by the Board of Aldermen."

Be it Ordained by the Board of Aldermen of the City of New York as follows:

Section 1. It shall not be lawful to exhibit on the first day of the week, commonly called Sunday, to the public, in any building, garden, grounds, concert room, or other room or place within The City of New York, the performance of any tragedy, comedy, opera, ballet, farce, negro minstrelsy, negro or other dancing, wrestling, boxing, with or without gloves, sparring contest, trial of strength, or any part or parts therein, or any circus, equestrian or dramatic performance or exercise, or any performance or exercise of jugglers, acrobats, club performances or rope dancers. Provided, however, that nothing herein contained shall be deemed to prohibit at any such place or places on the first day of the week, commonly called Sunday, sacred or educational, vocal or instrumental, concerts, lectures, addresses, recitations and singing; provided that such above mentioned entertainments shall be given in such a manner as not to disturb the public peace, or amount to a serious interruption of the repose and religious liberty of the community. Any person wilfully offending against the provisions of this section, and every person knowingly aiding in such exhibitions, except as herein provided, by advertisements or otherwise, and every owner or lessee of any building, part of a building, grounds, garden or concert room, or other room or place, who shall lease or let out the same for the purpose of any such exhibition or performance, except as herein provided, or assent that the same be used for any such purpose, shall be subject to a penalty of five hundred dollars, which penalty the Corporation Counsel of said City is hereby authorized, in the name of The City of New York, to prosecute, sue for and recover; and on the recovery of a judgment for the penalty herein provided for against any manager, proprietor, owner or lessee, consenting to or causing or allowing, or letting any part of the building for the purpose of any exhibition or performance prohibited by this ordinance, the license which shall have been previously obtained by such manager, proprietor, owner or lessee, is of itself vacated and annulled.

Sec. 2. This ordinance shall take effect immediately.

FRANK D. STURGES, B. W. B. BROWN, CLARENCE R. FREEMAN, JOHN R. DAVIES, JOHN D. GUNTHER, Committee on Laws and Legislation.

Alderman Morris offered the following minority report of the Committee on Laws and Legislation, and moved that it be substituted for the majority report:

Alderman Dowling asked that the opinion of the Corporation Counsel referred to in the majority report be read.

A minority of the Committee on Laws and Legislation, to whom was referred, on December 10, 1907 (Minutes, page 979), the annexed ordinance regulating the matters provided for in section 1481 of the Charter, respectfully

REPORTS:

That a public hearing was held by your committee on December 13, which was largely attended by persons interested in the proposed ordinance; that, having examined the subject, they believe that the substitute ordinance presented by a majority of this committee is of doubtful legal authority for adoption by this Board, as it is an attempt to amend and change the language of section 277 of the Penal Code. It also makes mandatory an action for the recovery of a penalty by the Corporation Counsel upon the complaint of two citizens alleging a violation, before a violation of the ordinance has been charged and proved, and before the persons alleged to be guilty have had an opportunity of being heard. Therefore, we recommend the adoption of the ordinance, the provisions of which have been approved by the Corporation Counsel, as referred to the committee.

MILLIAM E. MORRIS,
WILLIAM CLIFFORD.

The opinion is as follows:

December 12, 1907.

Hon. FRANCIS K. PENDLETON, Corporation Counsel:

Dear Sir—Referring to the proposed ordinance to regulate Sunday entertainments, of which I enclose a copy, and which has been referred to the Committee of Laws and Legislation of the Board of Aldermen for its consideration and action, the committee would thank you for your opinion as to the power of the Board to enact such an ordinance, or one of similar purport.

It is assumed that no ordinance can be enacted which will in any manner conflict with any of the provisions of the Penal Code.

Asking your early attention to the matter, in order that the committee may report on the proposed ordinance at the meeting of the Board on Tuesday, the 17th inst., I am,

Very truly yours,

FRANK D. STURGES,

Chairman of the Committee on Laws and Legislation.

Law Department,
Office of the Corporation Counsel,
New York, December 16, 1907.

Hon. FRANK D. STURGES, Chairman, Committee on Laws and Legislation of the Board of Aldermen:

Sir—I am in receipt of your communication of December 12, 1907, inclosing the following proposed ordinance:

Introduced by Alderman R. S. Doull.

AN ORDINANCE regulating the matters provided for in section 1481 of the Laws of 1897, as amended by chapter 466 of the Laws of 1901, known as the Greater New York Charter.

Section 1481 being one of the sections specified under title "The Second Schedule." Sections to remain in force until changed by the Board of Aldermen.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. It shall not be lawful on the first day of the week, commonly called Sunday, to the public, in any building, garden, grounds, concert room or other room or place within The City of New York, the performance of any tragedy, comedy, opera, ballet, farce, negro minstrelsy, negro or other dancing, wrestling, boxing with or without gloves, sparring contest, trial of strength or any part or parts therein, or any circus, equestrian or dramatic performance or exercise, or any performance or exercise of jugglers, acrobats, club performances or rope dancers. Provided, however, that nothing herein contained shall be deemed to prohibit at any such place or places on the first day of the week, commonly called Sunday, sacred or educational, vocal or instrumental concerts, lectures, addresses, recitations and singing, provided that such above mentioned entertainments shall be given in such a manner as not to disturb the public peace, or amount to a serious interruption of the repose and religious liberty of the community. Any person wilfully offending against the provisions of this section, and every person knowingly aiding in such exhibitions, except as herein provided, by advertisements or otherwise, and every owner or lessee of any building, part of a building, grounds, garden or concert room or other room or place, who shall lease or let out the same for the purpose of any such exhibition or performance, except as herein provided, or assent that the same be used for any such purpose, shall be subject to a penalty of five hundred dollars, which penalty the Corporation Counsel of said city is hereby authorized, in the name of The City of New York, to prosecute, sue for and recover; and on the recovery of a judgment for the penalty herein provided for against any manager, proprietor, owner or lessee, consenting to or causing or allowing, or letting any part of the building for the purpose of any exhibition or performance prohibited by this ordinance, the license which shall have been previously obtained by such manager, proprietor, owner or lessee, is of itself vacated and annulled.

Sec. 2. This ordinance shall take effect immediately.

—and requesting to be advised "as to the power of the Board to enact such an ordinance or one of similar purport."

According to Justice O'Gorman's construction of section 1481 of the revised Charter, in the Hammerstein case, all entertainments of the stage on Sunday are prohibited. That section, however, only continues in force until the Board passes ordinances regulating the matter (revised Charter, section 3). The term "regulate" is one of broad import. The power to "regulate" does not properly include a power to "suppress" or "prohibit," for the very essence of regulation is the existence of something to be regulated (24 Am. & Eng. Ency. Law, 2d ed., p. 243).

You therefore have the power to pass rules governing the subject, provided, however, that they are not in conflict with existing laws. Section 277 of the Penal Code forbids:

"The performance of any tragedy, comedy, opera, ballet, farce, negro minstrelsy, negro or other dancing, wrestling, boxing with or without gloves, sparring contests, trial of strength, or any part or parts therein, or any circus, equestrian or dramatic performance or exercise, or any performance or exercise of jugglers, acrobats, club performances or rope dancers on the first day of the week."

—and it is questionable and not necessary to decide at the present time whether you can authorize that which the Penal Code prohibits.

Those classes of performances, if they may be so characterized, which are not directly forbidden may be authorized. It seems to me, therefore, that you have the power to permit what the proposed ordinance allows, viz., "sacred or educational, vocal or instrumental concerts, lectures, addresses, recitations and singing."

Respectfully yours,

G. L. STERLING,
Acting Corporation Counsel.

New York, December 17, 1907. }

Hon. JOHN R. DAVIES, Alderman, New York City:

Sir—Inclosed herewith you will find copy of preamble and resolution adopted by the Board of Health at its meeting held on December 11, requesting the Board of Aldermen to authorize the Secretary of the Board of Health to draw upon the Comptroller of The City of New York for a sum not exceeding five thousand dollars (\$5,000) from the appropriation set aside for contingencies for the Department of Health, which you are respectfully requested to submit to the Board of Aldermen at its present meeting, for consideration.

Respectfully,
EUGENE W. SCHEFFER, Secretary.

At a meeting of the Board of Health of the Department of Health, held December 11, 1907, the following preamble and resolution were adopted:

Whereas, The incidental expenses contingent to the Department of Health have recently been augmented by reason of the supervision and inspection of raw milk coming into The City of New York from farms located in six different States, and the incidental expenses of said Department have also been augmented by reason of the increased examinations and inspections under the Pure Food Law, and such examinations and inspections have necessarily involved increased expenditures from the contingent account of this Department; therefore be it

Resolved, That the Board of Aldermen be and is hereby requested to adopt a resolution substantially as follows:

Resolved, That for the purpose of defraying any minor or incidental expense contingent to the Department of Health, the Secretary of the Board of Health, of the Department of Health, may, by requisition, draw upon the Comptroller of The City of New York for a sum not exceeding five thousand dollars (\$5,000); the Secretary of the Board of Health, of the Department of Health, may in like manner renew the draft as often as the Board of Health may deem it necessary to the extent of the appropriation set apart for contingencies of the Department of Health, but no such renewal shall be made until the sum paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the Commissioners of the Board of Health covering the expenditure of money paid thereon.

The fund created by this authority shall be accounted for separately and distinctly from the fund created by resolution of this Board adopted June 26, 1906, and approved by the Acting Mayor July 3, 1906.

No. 2670.

By Alderman Peters—
Whereas, The present reaction in business activity and lack of confidence in banking circles is largely attributable to the gross betrayal of their trust on the part of certain directors of various banking institutions within the County of New York, who used the deposits entrusted to their care for stock gambling purposes instead of investing them in legitimate bonds and mortgages, as conservative banking demands; and

Whereas, The Attorney-General of this State has most vigorously initiated investigations of these mismanaged financial institutions, and in Kings County has had the able and energetic cooperation of the District Attorney of said county, who is no respecter of person or fortune, but a prosecutor who enforces the law against rich and poor alike; and

Whereas, The arrest and conviction of one rich malefactor in this county would have a wholesome effect in restoring respect for the law and stop the increase of crime in this city, which has been growing at an alarming rate; therefore be it

Resolved, That the District Attorney of New York County be requested to commence investigations of the affairs of the several banking institutions whose doors have been closed, for the purpose of learning if any crimes were committed.

Which was referred to the Committee on Rules.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
