CITY PLANNING

would modify Section 117-531 (Street Wall Location) to allow development fronting on Jackson Avenue in the Queens Plaza Subdistrict to set the street wall back five feet to provide additional landscaping. These changes would allow a new office building being constructed at the intersection of Jackson Avenue and Queens Plaza to create landscaped planting beds in the public right-of-way, thereby providing a more desirable streetscape environment consistent with similar streetscape improvements under construction along Jackson Avenue on blocks to the west of the site.

The proposed text amendment to ZR 117-20 (Special Provisions in the Designated Districts) would create Section 117-23 (Street Wall Location in M1-4/R6B, M1-4/R6A, M1-4/R7A, and M1-4/R7X Designated Districts), requiring the street wall of residential development within the Hunters Point Subdistrict to line-up with an adjacent building. This amendment would restore a provision which was eliminated in 2004 when Special Mixed Use District provisions were was applied to the HP Subdistrict and is intended to ensure a harmonious relationship between new buildings and the street that provision

The proposed text amendment to ZR 117-42 (Special Bulk and Use Regulations in the Court Square Subdistrict) require a minimum five-foot sidewalk widening on 45th Road to provide the sidewalk width required by DEP to maintain a sewer line below the sidewalk. It would also establish special height and setback regulations in the Court Square Subdistrict and eliminate the mandatory circulation requirements (Section 117-43). The proposed height and setback provisions would require new buildings to be built at the street line with a minimum and maximum base height of 60 and 80 feet, respectively; and with front wall setbacks of 10 feet on a wide street and 15 feet on a narrow street; or a five foot front wall setback if side lot setbacks of at least 15 feet are provided. The proposed amendments are intended to ensure a building form more consistent with the overall character of development on the surrounding blocks that the underlying C5-3 District, which allows buildings to setback from the street line and rise without setbacks.

The proposed zoning text amendments to Section 117-44 (Mandatory Subway Improvements) would reorganize the section for greater clarity and modify paragraph (c) of Appendix B to require that transit improvements for qualifying development within the Court Square Subdistrict would result in four new entrances with street stairs and a control area for the 45th Road/Courthouse Square Station of the Number 7 train, which would be located at the southeast corner of 45th Avenue and 23rd Street. The current regulations require new development on designated block 3 in the Court Square Subdistrict to provide a single access stair to the train station from the intersection of 23rd street 45th Avenue. This location is only one block from the current train entrance. The new regulations would move the improvements to 23rd Street and 44th Drive, one block further from the existing entrance, which would capture a larger number of commuters

The proposed action would affect limited areas within the Special Long Island City Mixed Use District. The proposed text changes will neither induce nor discourage development and is not intended to facilitate a specific development or project. It would not affect the size of new development and would not result in changes to the use regulations for residential, commercial or community facility uses. The proposed zoning text amendments address specific design and infrastructure concerns that have arisen since the adoption of the special district. The text changes are intended to strengthen the existing urban context by protecting street walls, providing opportunities for additional landscaping, and improve the City's ability to maintain its infrastructure.

Building heights would be limited to 55 feet at the streetwall along Bond and Nevins Streets, 65 feet along other narrow streets, 85 feet after a setback and 125 feet for limited portions of larger sites south of Carroll Street. Active ground floor uses or planted screening would be required for a portion of a site's frontage.

## PROMPT PAYMENT

at (212) 788-0010.

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

	ent Notices in the CR are arranged by
alphabetic	ally listed Agencies, and within Agency, by

Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

**READER'S GUIDE** 

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

## NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers. workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

## CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

## VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680. **Attention Existing Suppliers:**

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

## SELLING TO GOVERNMENT TRAINING WORKSHOP New and experienced vendors are encouraged to register for

a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

#### PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.

#### **KEY TO METHODS OF SOURCE SELECTION**

The Procurement Policy Board (PPB) of the City of New York has by rule defined the appropriate methods of source selection for City procurement and reasons justifying their use.
