MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, September 13, 1888.

To the Honorable the Board of Aldermen :

I return herewith, without my approval, a resolution permitting the Young Men's Christian Association to construct a trap-box in front of Nos. 3, 5 and 7 West One Hundred and Twenty-fifth street, without the payment of the usual fees required by ordinance. In the case of charitable institutions it has long been the practice of the Common Council to remit the fees, and since I have been Mayor I have pursued the usual course of approving this action. The power of the Common Council to grant this remission had been heretofore questioned, but no opinion of the Council to the Corporation, clearly setting forth the law of the case had been given so far as I know; but in one instance, the Counsel to the Corporation had advised that it was not competent to withdraw from the Sinking Fund money which had been paid into it for this privilege. I have, however, been furnished by the Comptroller with a copy of the opinion of the present Counsel to the Corporation, bearing date September 10, 1888, in which the whole subject is discussed and the conclusion reached, that it is not competent for the Common Council in any way to change existing provisions of law which determine the amount of compensation to be paid for these privileges, or in individual cases to dispense with the payment of the fees fixed by law. The ordinance on the subject has by Act of the Legislature to this extent at least been made irrevocable, so far as the Common Council is concerned. Under the circumstances, I am compelled, with great regret, to decline to sign the ordinance herewith returned, and to give notice that all such resolutions will hereafter not receive the approval of the Mayor. I transmit herewith the opinion of the Corporation Counsel for publication in the CITY RECORD.

ABRAM S. HEWITT, Mayor.

Resolved, That permission be and the same is hereby given to Young Men's Christian Association of Harlem to construct a trap-box beyond the curb-line, in front of Nos. 3, 5 and 7 West One Hundred and Twenty-fifth street, to be four feet high, as shown on the accompanying diagram, without payment of the usual fee, provided the work be done in a durable and substantial manner, and that the said association shall stipulate with the Commissioner of Public Works to

save the city from any loss or damage that may occur in consequence of the building of said trap-box, the work to be done at the expense of the Association, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, September 10, 1888.

Hon. THEODORE W. MYERS, Comptroller :

SIR—I am in receipt of your communication of the 28th ultimo, relative to fees for the construction of street vaults, the payment of which, by charitable institutions, has been remitted in certain cases under the authority of resolutions to that effect, passed by the Common Council. You refer to certain correspondence which has taken place between your Department and the Commissioner of Public Works upon the subject, and request my opinion as to whether the Common Council has authority to remit such fees, and the Commissioner of Public Works power to issue permits for the construction of such vaults without requiring payment of the charges prescribed by the general ordinances upon this subject.

The law regulating the construction of street vaults and prescribing the terms and conditions upon which permission will be granted by the corporation to persons desiring to avail themselves of the privilege, will be found in the following statutes and ordinances :

The Common Council, acting in pursuance of the general powers conferred upon it by its ancient charters and legislative act supplementary thereto, on May 8, 1839, passed an ordinance providing for the issuing by the Street Commissioner of permits to construct vaults or cisterns in the public streets. The ordinance prohibits the construction of any such vault or cistern without the written permission of the Street Commissioner under certain penalties, provides that every application for permission to erect such vault or cistern shall state the number of square feet of ground required for the same, and requires that before the commencement of the work, the applicant shall pay to the Chamberlain of the City of New York, the sum of fifteen cents for each square foot of ground mentioned as necessary for the construction of such vault or cistern. The same provisions are repeated in the Revised Ordinances of 1856.

In the revision of 1859 the same ordinance again appears, except that the authority to issue the permit is transferred from the Street Commissioner to the Croton Aqueduct Board.

The Revised Ordinances of 1866 also contain like provisions, except that the rate determining the fees to be paid for the permit is increased, and a provision substituted requiring the payment thereof of such sum as the Croton Aqueduct Board shall certify in the said permit to be a just compensation to the city for such privilege, calculated at the rate of not less than thirty cents, nor more than two dollars per foot, for each square foot of ground mentioned as required for such vault or cistern.

In the Revised Ordinances of 1880, now in force, the same provisions are repeated, except that the power of issuing such permits is vested in the Commissioner of Public Works, pursuant to the provisions of section 71 (subdivision 8) of chapter 335 of the Laws of 1873, which transferred to him the same executive control over the subject before possessed by the Croton Aqueduct Board, and which are repeated in subdivision 8 of section 316 of the Consolidation Act.

The first specific reference I have been able to find in any statute recognizing the right of the city to grant such permits is contained in section 24 of chapter 446 of the Laws of 1857, commonly known as the Charter of 1857, which provides that the Croton Aqueduct Board, among other things, shall have charge of "permits for street vaults"; and it was, no doubt, in consequence of this act that the Common Council in the Revision of the Ordinances in 1859 substituted this Board for the Street Commissioner in designating the authority by whom the permit should be issued.

In the Charter of 1870 (chapter 137, Laws of 1870), section 21, which defines the powers of the Common Council, authorizes that body to pass ordinances "in relation to the construction, repairs and use of vaults, cisterns, areas, hydrants, pumps and sewers."

This authority, however, as we have seen, was exercised by the Common Council long prior to this date, under the broad legislative powers which it possessed under its ancient charters.

The provision, therefore, of the Charter of 1870, above quoted, is to be regarded rather as declaratory of a pre-existing jurisdiction than a new enactment.

We find the same declaration of authority repeated in the enumeration of the powers of the Common Council made in the Charter of 1873, and also, in the New York City Consolidation Act of 1882, in subdivision 17 of section 86.

It will be perceived, therefore, that the practice, almost universal in this city, of establishing vaults in the public streets under the sidewalks, has the sanction of long-established authority, and has become one of the recognized legitimate uses to which the land lying within the limits of the public streets and avenues of this city, may be put. In passing the first ordinance upon this subject, the Common Council seems to have recognized the principle that adequate compensation should be made to the city for the privilege conferred, based upon a fixed price, measured by the territorial extent of the use, and in that as well as in every succeeding ordinance the right to receive such a permit has been conditioned upon the payment of such compensation by the person obtaining the privilege. That receipts from this source were considered of some importance to the finances of the city is evidenced by the fact that the Common Council, in all ordinances which have been passed since the year 1844, pledging and appropriating city revenues to the Sinking Fund for the Redemption of the City Debt, has included receipts from permits issued for street vaults, and all moneys so received have always been, during that time, and are now paid into the City Treasury to the credit of this fund.

Section 171 of the New York City Consolidation Act of 1882 provides, among other things, as follows : "All moneys and revenues of said city heretofore pledged and appropriated to, and constituting and forming said Sinking Fund, shall continue to be, and the same are, hereby pledged and appropriated to said fund until all of said bonds and stocks of the said city shall be fully and finally redeemed."

Section 174 of the same act provides that "Between the city and its creditors, holders of its bonds and stocks, as aforesaid, there shall be, and there is hereby declared to be, a contract that the funds and revenues of the city, and the funds to be collected from assessments as aforesaid by this chapter pledged to the Sinking Fund for the Redemption of the City Debt, shall be accumulated and applied only to the purposes of said Sinking Fund until all of said debt is fully redeemed and paid, as herein provided."

The provision of law, however, which has a more particular bearing upon the precise point under consideration, is found in section 179 of the Consolidation Act, which reads as follows :

"Section 179. It shall not be lawful for the said Mayor, Aldermen and Commonalty to make, or cause to be made, any alteration of rates or charges affecting any item or source of the revenues of either of the Sinking Funds of the said city, or of the General Fund, which may tend to a diminution of the receipts from such source of revenue, or either of them, and all the revenues of said corporation not by law otherwise specifically appropriated, shall, when received into the City Treasury, be credited to the General Fund."

Under the ordinances regulating the granting of these permits, as I have already shown, a specific rate of payment for the privilege conferred, is provided for. The fees so charged constitute a source of revenue to the city, have been pledged both by ordinance and statute to the Sinking Fund for the redemption of the City's debt, and the Legislature, for the protection of the City's creditors and the preservation of the fund inviolate, has declared that it shall not be within the power of the city to diminish the receipts from this source of revenue, by any alteration of the established rate. So long, therefore, as the city continues the practice of granting such permits, it is not competent for the Common Council, in any way, to change existing provisions of law, which determine the amount of compensation to be paid therefor by reducing or, in individual cases, dispensing with, the payment of such fees. The ordinance on the subject has, by Act of the Legislature, to this extent at least, been made irrevocable, so far as the Common Council is concerned.

I am, therefore, of the opinion and advise you, that it is not within the power of the Common Council to remit the fees prescribed by the Revised Ordinance of 1880, to be paid upon the issue of a permit for a street vault; and that payment of the same should, in all cases, be required by the Commissioner of Public Works before such issue.

Yours respectfully,

HENRY R. BEEKMAN, Counsel to the Corporation.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, September 13, 1888.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, that an improved iron drinking-fountain be placed in front of premises No. 3165 Third avenue.

The Commissioner of Public Works reports that there is now a drinking-fountain only three blocks distant from the proposed location, and another six blocks distant. Under these circumstances an additional fountain is unnecessary, and would lead to a needless waste of water.

ABRAM S. HEWITT, Mayor.

Resolved, That an improved iron drinking-fountain (for man and beast) be placed in front of premises No. 3165 Third avenue, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, September 12, 1888.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, that the roadway of One Hundred and Forty-third street, from the westerly curb-line of Brook

avenue to the easterly curb-line of St. Ann's avenue; Brook avenue, from One Hundred and Forty-third to One Hundred and Forty-fourth street, and St. Ann's avenue, from One Hundred and Forty-third to One Hundred and Forty-fourth street, and One Hundred and Forty-fourth street, from the westerly line of Brook avenue to the easterly line of St. Ann's avenue, be paved, etc.

The President of the Department of Public Parks reports that Brook and St. Ann's avenues are still under contract for regulating and grading and no provision has been made for setting the curbs on Brook avenue, the present contract being for regulating and grading only. The resolution is therefore premature so far as these avenues are concerned.

I am also informed that One Hundred and Forty-third and One Hundred and Forty-fourth streets are not legally opened and sewers are not built in them. Until the title to these streets is legally acquired no assessment can be levied for the work ordered to be done in the accompanying ordinance.

ABRAM S. HEWITT, Mayor.

Resolved, That the roadway of One Hundred and Forty-third street, from the westerly curb-line of Brook avenue to the easterly curb-line of St. Ann's avenue; Brook avenue, from One Hundred and Forty-third to One Hundred and Forty-fourth street, and St. Ann's avenue, from One Hundred and Forty-third to One Hundred and Forty-fourth street, and One Hundred and Forty-fourth street, from the westerly line of Brook avenue to the easterly line of St. Ann's avenue, be paved with a pavement similar to the pavement now laid in Chambers street, between Broadway and Centre street, under the direction of the Commissioners of the Department of Public Parks; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, September 11, 1888.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, that One Hundred and Forty-second street, from Eighth avenue to Edgecombe avenue, be regulated and graded, etc.

The Commissioner of Public Works reports that the title to this street has not yet been acquired by the city, although he is informed that proceedings for the acquirement of title are in progress. Until the city actually acquires the title to it, no assessment can be levied for work done by the city, as required by the ordinance. The resolution is therefore premature.

ABRAM S. HEWITT, Mayor.

Resolved, That One Hundred and Forty-second street, from Eighth avenue to Edgecombe avenue, be regulated and graded, the curb-stones set and sidewalks flagged a space four feet wide, through the centre thereof, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, September 11, 1888.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, that a crosswalk be laid across One Hundred and Twenty-fifth street, from No. 136 West to No. 135.

The Commissioner of Public Works reports that the proposed crosswalk is to be laid in the middle of the block where no crosswalk is necessary, the pavement being in good condition. I cannot, therefore, approve of a resolution which calls for an unnecessary expenditure of public money.

ABRAM S. HEWITT, Mayor.

Resolved, That a crosswalk of three courses of blue stone be laid across One Hundred and Twenty-fifth street, from No. 136 West to No. 135, the expense to be paid from the appropriation for "Repairs and Renewals of Pavements and Regrading," under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, September 11, 1888.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, "that the sidewalks on both sides of Ninety-fourth street, from First to Second avenue, be curbed, and a space four feet wide through the centre thereof be flagged," etc.

The Commissioner of Public Works reports that the ordinance is not drawn in proper form and should be amended so as to read as follows:

"That curb-stones be set and sidewalks flagged a space four feet wide, through the centre thereof, where not already done, in Ninety-fourth street, between First and Second avenues."

ABRAM S. HEWITT, Mayor.

Resolved, That the sidewalks on both sides of Ninety-fourth street, from First to Second avenue, be curbed and a space four feet wide through the centre thereof be flagged, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, September 11, 1888.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, that One Hundred and Fifty-fifth street, from the west side of the first new avenue west of Eighth avenue to the bulkhead-line of the Harlem river, be paved, etc.

The Commissioner of Public Works reports that this street is not yet regulated and graded to the bulkhead, and the bulkhead is not yet completed. Gas-mains are laid between Eighth and Coogan avenues, but there is no sewer in the street. The resolution is therefore premature.

ABRAM S. HEWITT, Mayor.

Resolved, That One Hundred and Fifty-fifth street, from the west side of the first new avenue west of Eighth avenue to the bulkhead-line of the Harlem river, be paved with granite-block pavement, and that crosswalks of two courses of blue stone be laid at or near the intersection of each terminating avenue, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes, and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, September 11, 1888.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, that the carriageway of Ninety-fifth street, between Lexington and Madison avenues, be paved with trap-block pavement, etc.

The Commissioner of Public Works reports that this street is regulated and graded and supplied with water, but that no gas-mains have been laid, and that there is no sewer between Fourth and Madison avenues. In view of these facts I cannot approve the ordinance at the present time.

ABRAM S. HEWITT, Mayor.

Resolved, That the carriageway of Ninety-fifth street, between Lexington and Madison avenues, be paved with trap-block pavement, except that at the intersecting and terminating avenues crosswalks of three courses of bridge-stone, with a row of paving-blocks between, be laid, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, that One Hundred and Forty-sixth street, from Seventh avenue to the first new avenue west of Eighth avenue, be regulated and graded, etc.

The Commissioner of Public Works reports that this street is not yet legally opened between Eighth and New avenues. Until the city acquires title to it, no assessment can be levied for work done by the city as required by the ordinance.

ABRAM S. HEWITT, Mayor.

Resolved, That One Hundred and Forty-sixth street, from Seventh avenue to the first new avenue west of Eighth avenue, be regulated and graded, the curb-stones set and sidewalks flagged a space four feet wide through the centre thereof, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

MAYOR'S OFFICE, NEW YORK, September 11, 1888.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, that One Hundred and Sixth street, from Eighth avenue to Boulevard, be paved, etc.

The Commissioner of Public Works reports that the street is regulated and graded, but there is no sewer between Eighth and Manhattan avenues. There are gas-mains between Eighth and Tenth avenues, but water-mains are not laid between Eighth and Manhattan avenues. The resolution to pave the street is premature under these circumstances.

ABRAM S. HEWITT, Mayor.

Resolved, That One Hundred and Sixth street, from Eighth avenue to Boulevard, be paved with granite-block pavement, and that crosswalks be laid at the intersecting and terminating avenues, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, September 11, 1888.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted August 31, 1888, giving permission to Owen McGibney to place and keep a watering-trough in front of No. 721 Eleventh avenue, northwest corner of Fifty-first street.

The Commissioner of Public Works reports that there is now a drinking-hydrant on the northeast corner of Fifty-first street and Eleventh avenue, and another at the northwest corner of Fifty-third street and Eleventh avenue. The proposed watering-trough, therefore, is not needed, and would lead to an unnecessary waste of water.

ABRAM S. HEWITT, Mayor.

Resolved, That permission be and the same is hereby given to Owen McGibney to place and keep a watering-trough on the sidewalk, near the curb-line, in front of premises No. 721 Eleventh avenue, northwest corner of Fifty-first street, the work to be done and water supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, September 11, 1888.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, that gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in One Hundred and Seventeenth street, between the Eighth and Ninth avenues.

The Commissioner of Public Works reports that there are no houses on this street, except one at the southwest corner of One Hundred and Seventeenth street and Manhattan avenue, which is supplied with gas from the main on Manhattan avenue. There is, consequently, no necessity for gas-mains and public lamps at the present time.

ABRAM S. HEWITT, Mayor.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in One Hundred and Seventeenth street, between the Eighth and Ninth avenues, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Commissioner of Public Works reports that this street is not yet graded, and that proper grading should be done before water-mains are laid. The resolution is therefore premature.

ABRAM S. HEWITT, Mayor.

Resolved, That water-mains be laid in Cole street, from Marion avenue east to Decatur avenue, a distance of about three hundred feet, pursuant to section 356 of the New York City Consolidation Act of 1882.

Which was laid over, ordered to be printed in the minutes, published in full in the CITY RECORD and placed on file.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, September 11, 1888.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, that gas-mains be laid and lamp-posts erected in Bainbridge avenue, between Sherwood street on the south and Williamsbridge road on the north, pursuant to section 356 of the New York City Consolidation Act of 1882.

The Commissioner of Public Works reports that the gas-light is required, but the resolution is defective, inasmuch as it does not direct the lighting of the lamps. The reference to section 356 of the Consolidation Act is a mistake, as that section refers to the laying of water-mains only. A resolution to light this street, properly framed and adopted by your Honorable Body, will receive my approval.

ABRAM S. HEWITT, Mayor.

Resolved, That gas-mains be laid and lamp-posts be erected in Bainbridge avenue, between Sherwood street on the south and Williamsbridge road on the north, pursuant to section 356 of the New York City Consolidation Act of 1882.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, September 11, 1888.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted September 4, 1888, that gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted on the west side of Avenue B, between Eighty-fifth street and Eighty-sixth street.

The Commissioner of Public Works reports that this block is already lighted. The resolution is, therefore, unnecessary.

ABRAM S. HEWITT, Mayor.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted on the west side of Avenue B, between Eighty-fifth and Eighty-sixth streets, under the direction of the Commissioner of Public Works.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, September 6, 1888.

To the Honorable the Board of Aldermen:

I return herewith, without my approval, an ordinance to regulate the use of the sidewalks of the streets of the City of New York, within the stoop-lines, for stands for the sale of newspapers, periodicals, fruit and soda-water.

The object which seems to have been in view in the passage of this ordinance appears to me to be desirable. If it were lawful it would relieve the Common Council and the Mayor from the necessity of passing upon the applications made for the establishment of stands for the sale of newspapers, periodicals, fruit and soda-water within the stoop-line, and of considering each case separately, and would place the responsibility upon the Alderman of the district in which the proposed stand is to be maintained. So far as the Mayor is concerned, it would be a great boon if he could be altogether relieved from any responsibility in deciding upon the locality in which such stands shall be established. Unfortunately, however, the Common Council cannot delegate the power which is conferred upon it by statute. The law, as it stands, confers this power solely upon the Board of Aldermen, and it is a well-settled principle of law that where a duty is enjoined upon a

legislative body its discretion cannot be delegated to any member thereof or to any other officer. In view of the importance of the subject, I have requested the Corporation Counsel to give his opinion as to the legality of the ordinance. I transmit his reply herewith, and request that it may be published in full in the RECORD, in order that the course pointed out by law may be pursued in reference to the very large number of applications which are pending before your Honorable Body. It is apparent from this opinion that the power to determine to whom permits shall be granted cannot be conferred upon the Mayor, but that each application must be passed upon by the Common Council on its merits, and the resolution in each case be approved or disapproved by the Mayor under the provisions of the Consolidation Act.

Inasmuch as there has been much delay in arriving at the proper mode of carrying out the act of the Legislature, to be found in chapter 115 of the Laws of 1888, I have requested the Commissioners of Police to instruct the force under their control not to interfere with existing stands within the stoop-line maintained by the consent of the owner of the adjacent property; but, as these stands can only be maintained on sufferance, for which there is no warrant in law, without the approval of your Honorable Body, I respectfully recommend that speedy action may be taken so as to relieve the public officers from the exercise of a discretion which the law does not intend to vest in them, but expressly reserves to the Common Council.

ABRAM S. HEWITT, Mayor.

AN ORDINANCE to regulate the use of the sidewalks of the streets of the City of New York, within the stoop-lines, for stands for the sale of newspapers, periodicals, fruit, and soda-water. The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:

Section 1. It shall be lawful, upon a recommendation signed by the Alderman of each of the several Assembly Districts into which this city is divided, except the Twenty-fourth District, which has two representatives in this Board—one from the Twenty-third and one from the Twenty-fourth Ward—within their respective districts, and said Twenty-third and Twenty-fourth Wards, when accompanied by the consent signed by the owner of the property in front of which it is proposed to keep a stand for the sale of any or either of the articles enumerated in the title of this ordinance, to obtain such permits, upon the following conditions, viz.:

1st. Such stand must be within the stoop-line and shall not be an obstruction to the free use of the street by the public, nor exceed six feet long by four feet wide, and such permission shall continue only during the pleasure of the Common Council.

2d. No rent shall be collected by the owner or lessee of the property, or paid by the grantee, or collected or paid by anyone acting on behalf of the owner or of the grantee. Payment of any money whatever for this privilege will work a forfeiture of the permit.

3d. The dimensions of the stand must be confined strictly to the limits above specified, and it shall not be kept open after 12 o'clock at night, and no person shall be permitted to sleep in any portion of the said structure, nor hold more than one permit.

4th. A permit must be procured from the Clerk of the Common Council, which shall be numbered, and the number thereof shall be marked in plain figures upon the stand to be erected, and the permit shall be exhibited to any policeman whenever required.

Sec. 2. All ordinances or resolutions or parts of ordinances and resolutions inconsistent or conflicting with the provisions of this ordinance, as also all resolutions or ordinances granting permits for the sale of the above-named articles heretofore passed by the Common Council are hereby repealed.

Sec. 3. This ordinance shall take effect October 1, 1888.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, September 6, 1888.

Hon. ABRAM S. HEWITT, Mayor:

SIR—I am in receipt of your communication of the 30th ultimo, transmitting an ordinance passed by the Board of Aldermen, to regulate the use of the sidewalks of the streets of the City of New York, within the stoop-lines, for stands for the sale of newspapers, periodicals, fruit and soda-water, with the request that I examine the same and advise you whether it was within the power of the Board of Aldermen to pass it in the form in which it has been presented to you for executive action.

The ordinance in question reads as follows:

"AN ORDINANCE to regulate the use of the sidewalks of the streets of the City of New York, within the stoop-lines, for stands for the sale of newspapers, periodicals, fruit and soda-water. The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:

"Section 1. It shall be lawful upon a recommendation signed by the Alderman of each of the several Assembly Districts into which this city is divided, except the Twenty-fourth District, which has two representatives in this Board—one from the Twenty-third and one from the Twenty-fourth Ward—within their respective districts, and said Twenty-third and Twenty-fourth Wards, when accompanied by the consent signed by the owner of the property in front of which it is proposed to keep a stand for the sale of any or either of the articles enumerated in the title of this ordinance, to obtain such permits, upon the following conditions, viz.:

"1st. Such stand must be within the stoop-line, and shall not be an obstruction to the free use of the street by the public, nor exceed six feet long by four feet wide, and such permission shall continue only during the pleasure of the Common Council.

"2d. No rent shall be collected by the owner or lessee of the property, or paid by the grantee, or collected or paid by anyone acting on behalf of the owner or of the grantee. Payment of any money whatever for this privilege will work a forfeiture of the permit.

"3d. The dimensions of the stand must be confined strictly to the limits above specified, and it shall not be kept open after 12 o'clock at night, and no person shall be permitted to sleep in any portion of the said structure, nor hold more than one permit.

"4th. A permit must be procured from the Clerk of the Common Council, which shall be numbered, and the number thereof shall be marked in plain figures upon the stand to be erected, and the permit shall be exhibited to any policeman whenever required.

"Sec. 2. All ordinances or resolutions, or parts of ordinances and resolutions, inconsistent or conflicting with the provisions of this ordinance, as also all resolutions or ordinances granting permits for the sale of the above-named articles heretofore passed by the Common Council, are hereby repealed.

"Sec. 3. This ordinance shall take effect October 1, 1888."

The authority under which the Board has assumed to act in passing the ordinance in question is found in chapter 115 of the Laws of 1888, amending subdivision 3 of section 86 of chapter 410 of the Laws of 1882, commonly known as the New York City Consolidation Act of 1882. Section 86 of the Consolidation Act expresses the power and authority of the Board to pass resolutions and ordinances in reference to a variety of subjects enumerated under various subdivisions. Subdivision 3, as amended by the act of 1888, reads as follows:

"3. To regulate the use of sidewalks and prevent the extension of building fronts and house-fronts within the stoop-lines, to grant permits for the erection of booths and stands within stoop-lines, the owner or owners of said premises consenting thereto, for the sale of newspapers, periodicals, fruits or soda-water, only."

The ordinance in question prescribes certain conditions, in the form of regulations, defining the manner in which the privileges intended to be granted are to be exercised. It declares:

1st. That it shall be lawful to keep a stand for the sale of any or either of the articles enumerated in the title of the ordinance, in any part of the city.

2d. Provided that there be first obtained a recommendation, signed by the Alderman of the Assembly District in which it is proposed to place such stand, or where such stand is to be placed in the Twenty-third or Twenty-fourth Wards, then a recommendation signed by the Alderman of such Ward.

3d. That such recommendation shall be accompanied by the consent of the owner of the property in front of which such stand is to be erected.

4th. A permit for such stand must be obtained from the Clerk of the Common Council.

It will be perceived from this analysis which I have given that the question in each case, as to whether or not a permit shall be issued for a stand, depends upon the recommendation of only one member of the Board of Aldermen, namely, the Alderman of the district for which the application is made. It is not made compulsory upon him to give such recommendation, but is left entirely to the exercise of his discretion and subject to his will. Nor is his recommendation to be made to the Board. That body has assumed, in the ordinance, to determine in advance that the permit shall issue, provided the application meets with the approval of the Alderman for the district, and has formulated a complete scheme intended to dispose of the entire matter without any further action on its part. If, in the case of each application for such a permit, the Alderman of the district to which it relates determines that it shall issue, and his determination, or "recommendation," as it is called, is accompanied by the consent of the property-owner, required by the act, it thereupon, according to the ordinance, becomes the duty of the Clerk of the Common Council, who simply acts ministerially, to issue the written permit. Should the Alderman, however, consider the issue of such a permit improper in any case, and refuse to make any "recommendation," the privilege applied for cannot be granted.

In conferring the power in question upon the Board of Aldermen, the Legislature intended to vest a legislative discretion in the Board, to be exercised by the granting or refusal of such permits, as, in view of all the circumstances surrounding each application, the public interests might require. If it had been intended that no such discretion should be exercised, the Legislature itself would have declared the right to exist, and regulated the manner of its exercise, without going through the unmeaning ceremony of requiring the Common Council to do so. In the ordinance under consideration, it is plain that the Common Council has abdicated the exercise of the judgment and discretion conferred upon it by the Legislature in this matter, and has made the issue of a permit, and the lawfulness of maintaining a stand for the sale of the articles mentioned therein, exclusively dependent upon the judgment and discretion of one of its number. It is obvious, therefore, that

there has been an attempted delegation of authority by the Board, in the performance of a public duty, and the question, therefore, arises, whether the Board has any power to make such delegation.

It is stated in Dillon's Municipal Corporations (third edition), section 96, as follows:

"The principle is a plain one, that the public powers or trusts devolved by law or charter upon the council or governing body, to be exercised by it, when and in such manner, as it shall judge best, cannot be delegated to others. Thus, where by charter or statute, local improvements to be assessed upon the adjacent property-owners, are to be constructed in such manner as the Common Council shall prescribe, by ordinance, it is not competent for the Council to pass an ordinance delegating or leaving to any officer or committee of the corporation, the power to determine the mode, manner or plan of the improvement. Such an ordinance is void, since powers of this kind must be exercised in strict conformity with the charter or incorporating act."

So, also, it is stated in section 357 of the same treatise, that "where, by the charter of a city, the power to license a particular occupation within its limits is given to the Common Council, such power involves the necessity of determining, with reasonable certainty, both the extent and duration of the license, and the sum to be paid therefor, and must be exercised by the Common Council, and cannot be delegated by it, in whole or in part, to any person or authority."

The following cases are also cited to indicate that the principle thus laid down has fastened itself too strongly upon our jurisprudence to admit of any question:

In the matter of the petition of the Emigrants' Industrial Savings Bank, 75 N. Y., 388.

In this case, the Common Council passed an ordinance, directing certain work to be done in such manner as the Commissioner of Public Works might deem expedient, and for the best interests of the city and property-owners. It was claimed that the Common Council, by this provision, had exercised the power conferred upon it under the city charter, of dispensing with the necessity of letting the work by contract to the lowest bidder after advertisement, and that the action of the Commissioner of Public Works, in doing the work without contract, was, therefore, sanctioned by the ordinance. The Court of Appeals, however, held that the Common Council had no power to delegate to the Commissioner of Public Works, the exercise of a discretion in reference to the manner of doing the work which was charged by statute upon that body.

Rapallo, J., in giving the opinion of the Court, states as follows:

"The law confers upon the Common Council the power and duty of deciding, in each particular case, whether those provisions shall be dispensed with, and requires a vote of three-fourths of all the members elected to accomplish that purpose. This is eminently a discretionary power, which cannot be delegated. It is their judgment which the law requires, and not that of any officer they may designate. There is no provision in the law itself authorizing them to delegate this power, and the case falls within the settled principle that powers of this description, involving the exercise of judgment and discretion, cannot be delegated—a principle which applies to public bodies and officers, as well as to private individuals."

In the case of the City of Troy against Winters, 2d Hun, page 63, it appeared that an application was made to the Common Council of the City of Troy for leave to erect a wooden building in that city. A three-fourths vote was required by law to grant such authority. The application having been received by the Common Council, was referred to a committee, two members of which granted a written permit for the building. It was claimed that power had been given to the committee by the Common Council to grant the application. The Court, however, held that, assuming the fact to be as stated, it was not within the power of the Common Council so to do.

Boardman, J., in giving the opinion of the court, says:

"Again, the Common Council was the plaintiff's agent. It could not delegate to a committee or to third persons the trust and duty imposed by law upon itself. Whether the defendant should be permitted to build his house of wood within the fire limits, involved the exercise of discretion and judgment. The rights of others, and the safety of other property were to be considered and, if necessary, protected. That discretion and judicial action had been committed by the Legislature to the Common Council, as the agent of the city. The Common Council could not divest itself of its responsibility and clothe another with it."

In the case of the City of Brooklyn against Nodine, 26 Hun, 512, the Common Council of the City of Brooklyn passed an ordinance providing that licenses should be granted by the Mayor "from time to time, to such persons as he may deem proper, to carry on the business or trade, or to act in the capacity of coachmen, porters, owners and drivers of hacks, trucks, cabs, omnibuses, stages, railroad cars, and all other vehicles used upon the public streets in the conduct of any business (except that of physicians)," and required a certain sum of money to be paid into the City Treasury by each person to whom a license might be issued. The ordinance was passed in pursuance of a provision of the city charter, which permitted the Common Council to regulate and license common carriers, carriers of passengers, criers, hackmen, cabmen, etc. Among the objections urged to the validity of the ordinance was that it assumed to vest the Mayor with authority to grant such license, whereas the Legislature confided the regulating and licensing to the Common Council. The objection was held to be well taken.

Barnard, P. J., in giving the opinion of the majority of the court, stated as follows:

The ordinance is also objectionable, because it leaves a discretion to the Mayor to license, or not. It was for the Common Council to license or refuse."

The cases which I have cited make it very plain that, where any judgment or discretion is vested by statute in a municipal legislative body, it is for the body itself to act upon and determine the matters confided to it by the Legislature, and that it has no power to delegate the power of such functions to any other body or individual. It is true that the Common Council, having legislated, and having exercised the full measure of judgment and discretion which the Legislature has reposed in it over any particular matter, may designate some person, by whom the provisions of the ordinance may be carried out, but this simply involves a direction for the performance of a duty merely ministerial in its character, for the purpose of giving effect to the properly expressed will of the Common Council, and does not require the exercise of any judgment or discretion so far as the substance of the legislative act is concerned.

The ordinance in question, however, goes a great deal further than this. It relegates the entire subject upon which the judgment of the Common Council is, by law, required to be exercised to each individual member of the Board exclusively, so far as the district which he represents is concerned, and leaves it to him, to determine the question as to whether there shall be any stands in his district, their number, and in what streets or avenues they shall be permitted. Here, then, is a very clear and unmistakable delegation of authority by the Common Council, obviously within the prohibition of the law, and, therefore, beyond the power of the Board of Aldermen to grant.

Assuming, however, that the provision conditioning the right to keep a stand upon the securing of a recommendation to that effect, signed by one of the Aldermen, was not contained in the ordinance, I consider that it would still be open to the objection of not conforming to the act of the Legislature authorizing the Common Council to legislate upon this subject. That act, as we have seen, authorizes the Board "to grant permits" for the erection of booths, etc. The rule of law is well settled that a municipal legislative body possesses no powers that are not clearly and plainly conferred upon it by statute, or which are not a matter of necessary inference from other powers so conferred. Where the Legislature indicates the manner in which the jurisdiction it confers is to be exercised, the Common Council must follow the provisions of the statute, strictly according to its import. I think it is plain by the use of the words "to grant permits," that the Legislature intended that there should be an exercise of intelligent judgment by the Common Council, upon each particular case, by separate legislative act and not a general authorization in one resolution or ordinance covering the entire city. It is a matter of common knowledge, that there are many streets and avenues in this city in which the establishment of such stands would be improper, and a serious detriment and injury, not only to the public using such streets, but also to property owners, other than those in front of whose premises such stands might be located. The difference in phraseology found in subdivision 3 of section 86 of the Consolidation Act, between the word, conferring jurisdiction to regulate the use of sidewalks and the extension of building fronts, and those relative to the erection of stands, is very significant. In the former case, power is given to the Common Council "to regulate" the use of sidewalks, etc. In the latter case, instead of using the same verb and providing that the Common Council might "regulate" the erection of booths and stands within stoop-lines, the words conferring power are changed, and authority is given "to grant permits," thus importing particular action in the case of each booth or stand, the right to erect which may be applied for.

In the case of Birdsall against Clark, 73 N. Y., 73, it appears that, by section 14 of title VIII. of the Charter of the City of Binghamton, the building and maintaining, in good order, of all sidewalks, was required to be done at the expense of the premises in front of which they were required, or of the owner thereof, and after providing that the Common Council should order the work to be done within a specified time, and cause a notice of the same to be served upon the owner or person in possession of the premises, it provided that "if any work shall shall not be done within the time limited therefor, the Common Council shall, by contract or otherwise, cause it to be done, and assess the expense thereof with ten per cent. addition upon said premises, or upon the owner thereof."

The Common Council, in pursuance of this authority, passed a general resolution, directing the Superintendent of Streets, when the owner neglected to do the work by the time limited, "to cause the same to be done." This involved a determination by the Superintendent in each case whether the work should be done "by contract or otherwise." The question before the court was whether this was a proper exercise of the power conferred upon the Common Council by the charter.

In giving the opinion of the Court, Church, Ch. J., says:

"It is a well settled principle that public powers or trusts devolved by law or charter upon the council or governing body, to be exercised by it when and in such manner as it shall judge best, cannot be delegated to others. If discretion and judgment are to be exercised either as to time or manner, the body or officer entrusted with the duty, must exercise it, and cannot delegate it to any other officer or person. On the other hand, a municipal corporation may appoint agents or give directions to subordinate officers to perform duties of a ministerial or administrative character."

The Court held not only that the resolution in question involved a delegation to the Superintendent of Streets, of a power which the Legislature intended should be exercised by the Common Council itself, but also that under the provisions of the charter, it was necessary for the Common Council to take action in each particular case, and that a general resolution of the character above mentioned, was not permitted by the charter. The Chief Justice says:

"The charter conferred the power upon the Council to cause it to be done by contract, or otherwise. This requires the exercise of discretion and judgment, as to the manner in which the work should be done. Whose judgment is to be exercised? The Legislature has said that it is the judgment of the Council, but the latter has attempted to invest the Superintendent of Streets with its exercise. This they had no power to do. The charter clearly contemplates the action of the Council in each case. As to one work, it may be judicious and economical to direct that it be done by contract and let to the lowest bidder; in another, by contract with a particular person, without bidding; in another, partly by contract, and partly by day's work, and in another, entirely by day's work; and other terms and directions might be appropriate."

I think the reasoning of the Court in this case is quite appropriate to the granting of permits for the erection of booths and stands, within the stoop-lines in the streets of this city, in view of the very great diversity in the character and uses of such streets, which render such stands inoffensive in some, and highly objectionable in others.

I am, therefore, of the opinion, and advise you that the ordinance in question is open to the following objections:

First—In that it assumes to delegate to individual members of the Board, the exercise of an authority which the Legislature intended should belong to the Board itself.

Second—That the ordinance is otherwise general in form, whereas the statute imports that the Common Council should itself act upon each individual application in exercising its power to grant these permits.

It therefore follows that the Common Council in passing it acted in excess of its power.

Yours respectfully,

HENRY R. BEEKMAN, Counsel to the Corporation.

Owing to the fact that a considerable portion of the amount annually expended by this Bureau is composed of items which are liable to variation, because of the uncertainty regarding the number and character of examinations necessary to be held, and the amount of expert employment required to properly meet the demands of the service, it has been the custom of your Honorable Board to make our appropriation in a lump sum, and I respectfully request that such custom be continued for the reasons stated.

Very respectfully yours,

LEE PHILLIPS, Secretary and Executive Officer.

The President laid before the Board the following communication from the Commissioners of Accounts:

OFFICE OF THE COMMISSIONERS OF ACCOUNTS,
ROOMS 114 AND 115 STEWART BUILDING,
NEW YORK, September 15, 1888.

To the Honorable the Board of Aldermen:

In compliance with the requirement of section 189 of the Consolidation Act, we have the honor to submit herewith a duplicate of our "Departmental Estimate" for the year 1889.

Very respectfully,
W. P. SHEARMAN,
JAMES DALY,
Commissioners of Accounts.

OFFICE OF THE COMMISSIONERS OF ACCOUNTS,
ROOMS 114 AND 115 STEWART BUILDING,
NEW YORK, September 15, 1888.

To the Honorable the Board of Estimate and Apportionment:

It is estimated that \$35,000 will be needed during the year 1889 to pay the expenses of this office, as below stated:

For salaries of two Commissioners, \$5,000 each, authorized by chapter 516 of the Laws of 1884	\$10,000 00
For salaries of assistants and contingencies	25,000 00

Total..... \$35,000 00

—agreeing with the estimate of the year 1888.

The appropriation for the year 1888 was as follows:

For salaries of two Commissioners, \$5,000 each	\$10,000 00
For salaries of assistants and contingencies	17,500 00

Total..... \$27,500 00

The duty of the Commissioners of Accounts is prescribed, and the ways and means to enable them to perform it provided by section 1, chapter 516, Laws of 1884, as follows:

They shall "once in three months, make an examination of the receipts and disbursements in the offices of the Comptroller and Chamberlain, in connection with those of all the departments and offices making returns thereto, and report to the Mayor a detailed and classified statement of the financial condition of the city as shown by such examinations. They shall also make such special examinations of the accounts and methods of the departments and offices of the city and county government as the Mayor may from time to time direct, and report to the Mayor the results thereof, and such other examinations as the said Commissioners may deem for the best interests of the city and county. For the purpose of ascertaining facts in connection with these examinations, they shall have full power to compel the attendance of witnesses, to administer oaths and to examine such persons as they may deem necessary. Such Commissioners shall be paid the sum of five thousand dollars each, annually. The Board of Estimate and Apportionment shall annually appropriate a sum sufficient to pay the salary of said Commissioners, and in the discretion of said Board, a sum sufficient to enable them to employ the necessary assistance to carry out the provisions of this act.

The Commissioners are also required by the charter to make an annual examination of the Chamberlain's office and report the result to the Mayor and Common Council.

The expenditures of the current year will not exceed the amount appropriated. That amount, however, has proved to be insufficient to pay the expenses of examining the accounts and methods of all the offices, numbering about one hundred.

Examinations of the Departments of Public Works, Parks, Fire, Health, and Street Cleaning, and of several minor offices, will have to be deferred until next year. This will necessitate an increased appropriation for that year to the extent herein requested.

We assume that it is desired that all offices shall be thoroughly examined at least once in every year, and also that such examination shall be exhaustive of the accounts and business methods, and so far as may be of the merits of the expenditures. If, however, it be held that there is no necessity of examining all the offices annually, or that the examination shall be confined to a mere checking of the books and returns, and to the methods of book-keeping, no increase of appropriation will be required.

We submit herewith a list of names and salaries of the several officers and assistants now employed in this office.

Very respectfully,
W. P. SHEARMAN,
JAMES DALY,
Commissioners of Accounts.

Which was referred to the Committee on Finance.

SIR—I respectfully recommend that the Board requests the Board of Aldermen to pass a resolution directing the Commissioner of Public Works to have the vacant lot northeast corner of Madison avenue and One Hundred and Eighth street, enclosed with a proper fence for the reason that this lot is in a filthy condition with ashes, garbage and rubbish of various kinds and the owner cannot be reached to serve an order on, the property having been sold for taxes due for several years, and when thoroughly disinfected by the Disinfecting Corps, as I have recommended in an endorsement on order 11881, and fenced, the continuance of the nuisance will be prevented.

With great respect,

EMMONS CLARK, Secretary :

SIR—I respectfully recommend that the Board of Health requests the Board of Aldermen to pass a resolution ordering that the vacant lots northeast corner of Morris avenue and One Hundred and Fiftieth street be enclosed with a proper fence, for the following reasons, to wit : Citizen's Complaint No. 10984 states : "To the New York Board of Health, Gentlemen—I will respectfully call your attention to the very dangerous condition of the lot northeast corner Morris avenue and One Hundred and Fiftieth street. Why is it not fenced in as other lots in the neighborhood ?" and Sanitary Inspector William Smith, who made the required inspection, reports : "The vacant lots thereat are in a sunken, filthy and dangerous condition, and are used as a place for dumping ashes, garbage, rubbish, and filth of all kinds. Recommend that said lots be properly fenced so as to prevent depositing of any offensive matter thereon. After diligent search I am unable to find the owner of said vacant lots."

Sanitary Officer Patrick Murphy, to whom the complaint was referred to find the owner of said lots, reports : "The vacant lot commencing on the line of the northeast corner of Morris avenue and One Hundred and Fiftieth street, extending northerly forty-three feet and easterly one hundred feet, was owned by William Rapp, now dead, was sold by the city, for nonpayment of taxes, to John P. O'Brien, who has failed to comply with the conditions of the sale, and no taxes have been paid on the lot since 1878."

Most respectfully submitted,

TO CONTRACTORS.
PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE
Police Department with Stationery and Printing for election purposes will be received at the Central Office of the Department of Police in the City of New York, until ten o'clock A. M. of Tuesday, the 25th day of September, 1888.
The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Stationery and Printing," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder with adequate security, as soon thereafter as practicable.
For particulars as to the quantity and kind of stationery and printing required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.
Bidders will state a price for the work and material furnished in accordance with the specifications. The price must be written in the bid, and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.
No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.
The entire quantity of stationery and printing is to be put up in boxes and delivered at such times and places, and in such quantities in each place, as shall be directed by the Chief of the Bureau of Elections.

The person or persons to whom the contract may be awarded will be required to give security, for the performance of the contract in the manner prescribed by law, in the sum of Two Thousand Five Hundred Dollars.
Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.
Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, and herein stated, over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, as provided by law.
No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.
Samples of stationery and printing required may be examined and blank forms for estimates may be obtained by application to the Chief of the Bureau of Elections, at his office in the Central Department.
By order of the Board.

Bidders will also state in their estimates the price per

The bids will be tested by these amounts being ADDED to the ONE PRICE OR LUMP SUM estimate for all work called for by plans and specifications ABOVE the level of eleven feet and eight inches below the finished top level of basement floor in present building. The time allowed to complete the whole work will be THREE HUNDRED days, and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are, by a clause in the contract, fixed and liquidated at FIFTY DOLLARS per day.

The attention of bidders is called to a clause in the specifications which requires the contractor to insure the building against damage by fire and assign the policy of such insurance to the City.

NO BID WILL BE ACCEPTED UNLESS ACCOMPANIED BY THE SAMPLES AND INFORMATION CALLED FOR IN THE SPECIFICATIONS AND FORM OF AGREEMENT. Bidders will be required to submit their proposals upon the following express conditions, which shall apply to and become a part of every bid received:

(1) Bidders must satisfy themselves by personal examination of the site of the proposed work, and its present condition and nature, by careful examination of the existing building, and by such other means as they may prefer, as to the sufficiency of the Architects' estimate and schedule and plans, and shall not at any time alter the submission of their bids dispute or complain of such estimate and schedule and plans, or the specifications and directions explaining or interpreting them, nor assert that there is any misunderstanding in regard to the location, extent, nature or amount of work to be done.

(2) Bidders will be required to complete the entire work to the satisfaction of the Commissioners of the Department of Public Parks, and the Architects appointed by them, and in accordance with the drawings and directions given or which may be given by the Architects, and in conformity with the specification. No extra compensation beyond the amount payable for the several classes of work contemplated, and which shall be actually performed at the prices therefor to be specified by the lowest bidder, shall be due or payable; and no allowance will be made nor anything paid for any filling or ramming of trenches, nor for any bailing or pumping rendered necessary in prosecuting the work, nor for any sheath-piling, shoring or other timbering, nor for any underpinning or other precautions necessary to protect the present buildings or grounds, or the work in progress; nor for any scaffolds or centres required in prosecuting the work.

The person making any bid or estimate must furnish the same inclosed in a sealed envelope, to the head of said Department at his office, on or before the day and hour above mentioned.

The envelope must be indorsed with the name or names of the person presenting the same, the date of its presentation, and a statement of the work to which it relates.

The estimates received will be publicly opened by the head of the said Department, at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for items for which bids are herein called or which contain bids for items for which bids are not herein called for. Permission will not be given for the withdrawal of any bid or estimate. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the contract is the sum of Seventy Thousand Dollars.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until a satisfactory bid or proposal shall be received. But the contract when awarded will be awarded to the lowest bidder.

Blank forms for proposals and forms of the contract which the successful bidder will be required to execute, can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had at the office of the Department, Nos. 49 and 51 Chambers street.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the

same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of THREE THOUSAND (\$3,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair

and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he

shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of FIVE PER CENTUM OF THE AMOUNT OF SECURITY REQUIRED FOR THE FAITHFUL PERFORMANCE OF THE CONTRACT. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
ROOM 127, STEWART BUILDING,
CHAMBERS STREET AND BROADWAY,
NEW YORK, June 1, 1888.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors.

GRANTS OF LANDS UNDER WATER.

THE OWNERS OF LANDS IN THE CITY OF New York, which were formerly under water, and which were granted by the City of New York, are notified that nearly all of the grants of such lands contain covenants, on the part of the grantees, and their successors and assigns, to maintain and keep in repair the adjacent streets. The condition of many of these streets is such as to make it necessary that they should be repaired and repaved, and that the obligation resting upon the present owners of adjacent lots to do this work should now be enforced. Many of such owners have requested that such covenants be commuted, and wholly released, upon the payment by them of a certain sum per lot.

The matter will shortly be presented to the Commissioners of the Sinking Fund for their consideration, and the adjustment of the basis of commutation, and application for releases should therefore be made at once.

They may be sent to the undersigned.

Dated New York City, August 7, 1888.

JOHN NEWTON,
Commissioner of Public Works.

REGULATIONS ESTABLISHING A SCALE OF WATER RENTS AND RULES GOVERNING THE USE OF WATER, FOR THE CITY OF NEW YORK, BY ORDER OF JOHN NEWTON, COMMISSIONER OF PUBLIC WORKS.

UNDER CHAPTER 410, LAWS 1882, SECTIONS 350, 351, 352 and 353, and as amended by chapter 559, Laws 1887, as follows:

"The commissioner of public works shall, from time to time, establish scales of rents for the supplying of water, which rents shall be collected in the manner now provided by law, and which shall be apportioned to different classes of buildings in said city in reference to their dimensions, values, exposure to fires, ordinary uses for dwellings, stores, shops, private stables and other common purposes, number of families or occupants, or consumption of water, as near as may be practicable, and modify, alter, amend and increase such scale from time to time, and extend it to other descriptions of buildings and establishments. All extra charges for water shall be deemed to be included in the regular rents, and shall become a charge and lien upon the buildings upon which they are respectively imposed, and, if not paid, shall be returned as arrears to the clerk of arrears. In all such cases the charge for water shall be determined only by the quantity of water actually used as shown by said meters. * * * * *

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

DEPARTMENT OF PUBLIC WORKS,

PUBLIC NOTICE.

PERSONS HAVING ANY BUSINESS IN THIS Department which is not assigned to or transacted by the several Bureaus in the Department, and which should come under the immediate notice of the Commissioner of Public Works, are requested to communicate directly in person, or by letter, with the Commissioner.

JOHN NEWTON,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

JOHN NEWTON,
Commissioner of Public Works.
