REPORT No. 209.

NEW YORK, October 30, 1900.

To the Honorable the Aqueduct Commissioners:

GENTLEMEN—Referring to the communication from Hon. William Dalton, Commissioner of Water Supply, dated August 24, 1900, addressed to your President, Hon. J. J. Ryan, relating to the construction of buildings near the Old Croton Dam for an office for an Assistant Engineer and residence for a Foreman, with necessary barn and storehouse, I would report that I have had a conference with Mr. George W. Birdsall, Chief Engineer of the Department of Water Supply, and that we unite as to what is required.

A preliminary estimate of the cost of a stone building for the office and residence is \$20,000, and for a stone barn and stone storehouse \$12,000.

I recommend that the buildings be constructed and you accept the following proposal from Messrs. Werner & Windolph, architects, to furnish the necessary plans and specifications and to supervise the construction of the building:

NEW YORK, October 26, 1900.

We propose to prepare plans, specifications and to superintend the construction of a residence and office, stable and storehouse, at the Old Croton Dam for an amount equal to five per cent. on the total cost on the work and the necessary traveling expenses, the five per cent. to be paid in installments as follows:

Preliminary studies, general drawings and specifications..... \$1,000 00
 Detail drawing..... 400 00
 Supervision, balance of..... 5 per cent.

"Payments are due as drawings are furnished and the payments for supervision in proportional installments, as payments become due to the builders or artisans.
 "After the design has been agreed to and the drawings prepared any material alterations made are to be charged for extra according to time involved.
 "Drawings are to be paid for, whether the work is carried on or not; the drawings and specifications, as instruments of service, are the property of the architects.
 "Consultation fees are based according to the time involved and the importance of the work. If the work proceeds, however, they will be included in the full commission.
 "A sufficient number of sets of prints or drawings and typewritten specifications to be furnished for estimating on the work.

"(Signed) WERNER & WINDOLPH."

REPORT No. 208.

New York, October 23, 1900.

To the Honorable the Aqueduct Commissioners:

GENTLEMEN—Along the Croton river, between Katonah and the Putnam County line, it will be necessary to build about six miles of wire fencing in order to prevent cattle from polluting the water. I have received proposals from four parties to furnish the materials, labor and tools to perform the work.

Thad. K. Green, of Katonah, proposes to furnish and set the posts at 22 cents each and the wire fence in place at 49 cents per rod.

Oscar Miersch, of Purdy's Station, proposes to furnish and set the posts at 25 cents each and the wire fence in place at 52 cents per rod.

David Jennings, of Golden's Bridge, proposes to furnish and set the posts at 27½ cents each and the wire fence in place at 52 cents per rod.

William Gilmore, of Croton Falls, proposes to furnish and set the posts at 20 cents each and the wire fence in place at 65 cents per rod.

As Mr. Green is the lowest bidder I recommend that the work be assigned to him.

The cost of the above work I estimate will not exceed \$1,600.

In addition to the above work it will be necessary to rebuild old stone walls, etc. I estimate the cost of this work at about \$400.

Thad. K. Green proposes to furnish the labor and tools at \$1.55 per day and teams \$3.50 per day.

Oscar Miersch proposes to furnish the labor and tools at \$1.62½ per day and teams \$3.75 per day.

David Jennings proposes to furnish the labor and tools at \$1.60 per day and teams \$4 per day.

William Gilmore proposes to furnish the labor and tools at \$1.65 per day and teams \$3.75 per day.
