Pier A, North River, April 12, 1915.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—I transmit herewith print and tracing, together with technical description thereof, showing proposed new plan for the improvement of the waterfront at the foot of Longfellow Avenue, Hunts Point, East River, Borough of The Bronx.

The proposed New Plan consists in the establishment of a basin 250 feet in width at the foot of Longfellow Avenue, Hunt's Point, East River, Borough of The Bronx, which basin is enclosed by a bulkhead line bounded and described as follows:

"Beginning at a point in the bulkhead line approved by the Secretary of War, January 9, 1891, where the same is intersected by a line drawn parallel with and 620 feet east of the easterly side of Coster Street, and running thence northerly and along said parallel line 733.081 feet to its intersection with a line drawn parallel with and 50 feet south of the southerly line of Ryawa Avenue; thence easterly and along said parallel line 250 feet; thence southwardly and parallel with Coster Street a distance of 821.379 feet to the bulkhead line approved by the Secretary of War, January 9, 1891."

This new plan has this day been adopted by me, and is respectfully submitted with the request that the same be approved by the Commissioners of the Sinking Fund. Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

Mr. Lamar Hardy was heard in favor of the proposition, and Mr. R. Clarence Dawsett, representing the East Bay Land and Improvement Company, was heard in opposition. The Commissioner of Docks was also heard in regard to the matter.

Discussion followed.

The Deputy and Acting Comptroller then presented the following report, and offered the following resolution:

May 5th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On April 12th, 1915, the Commissioner of Docks adopted and transmitted for approval a new plan for the improvement of the water-front and harbor of The City of New York at Mill Basin, Borough of Brooklyn.

On January 31st, 1912, the Commissioners of the Sinking Fund approved a plan adopted by the Commissioner of Docks, November 21st, 1911, of the Jamaica Bay Improvement excluding that portion between the south side of Mill Basin and the west side of Fresh Creek Basin.

On March 26th, 1915, the Commissioner of Docks adopted and transmitted a new plan covering that part of the excepted portion lying along the southerly and westerly sides of Mill Basin from a point 900 feet south of the easterly prolongation of the southerly side of Avenue X extended, to the southerly prolongation of the center line of East 56th Street.

The latter plan is now before the Commissioners of the Sinking Fund for action on May 5th, 1915.

The following was received from the Commissioner of Docks:

Pier A, North River, May 17, 1915.

Hon. GEORGE McANENY, Acting Mayor, and Chairman, Commissioners of the Sinking Fund:

It is requested that this sum of \$80,000 be transferred from the appropriation for acquiring property in Jamaica Bay, C. D. D.—25, to a new fund to cover the cost of this bulkhead platform and dredging. Respectfully,

R. A. C. SMITH, Commissioner of Docks.

The Commissioner of Docks explained that this matter was on the calendar of meeting of the Board of Estimate and Apportionment to be held on the 21st inst., and action was necessary at this time.

This New Plan has this day been adopted by me and is respectfully submitted with the request that the same be approved by the Commissioners of the Sinking Fund. Respectfully yours,

No one appearing in opposition, the Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 8th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On April 28th, 1915, the Commissioner of Docks adopted and transmitted for approval an amendment to the New Plan for the improvement of the water-front and harbor of the City of New York in the vicinity of Fresh Creek Basin, Jamaica Bay, Borough of Brooklyn.

The proposed alteration and amendment to the New Plan in the vicinity of Fresh Creek Basin, Jamaica Bay, Borough of Brooklyn, consists in the establishment of a marginal street, wharf or place 300 feet in width, between the easterly side of 108th Street, the southerly side of Stanley Avenue, the westerly side of Louisiana Avenue, and the established pierhead and bulkhead line and extending from the southerly side of Skidmore Avenue northerly, easterly and southerly to a line distant 2,700 feet north and parallel with the established pierhead and bulkhead line along the northerly side of Jamaica Bay, also the discontinuing of the marginal street, wharf or place adopted by the Commissioner of Docks, November 21st, 1911, and approved by the Commissioners of the Sinking Fund January 21st, 1912, along the northerly and easterly side of Fresh Creek Basin.

I have no objections to offer to the plan as amended, and advise, if it is decided at the public hearing to approve the amended plan, I recommend the adoption of the attached resolution sanctioning the modification. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the alteration and amendment of the New Plan for the improvement of the waterfront and harbor of The City of New York, adopted by the Commissioner of Docks No-

Dock Department—Issue of \$265,045.79 of Corporate Stock for the Payment of Salaries, Wages, Etc.

The following report was received from the Corporate Stock Budget Committee of the Board of Estimate and Apportionment:

May 7, 1915.

To the Sinking Fund Commission:

Gentlemen—On February 5, 1915, you transmitted to the Corporate Stock Budget Committee a communication from the Commissioner of Docks requesting that you recommend the authorization of corporate stock to the amount of \$975,549.99 to meet the needs of the Department of Docks and Ferries for the year 1915.

The Commissioner states that this amount will be sufficient to provide for the corporate stock construction force of the department for the entire year, together with the money needed for materials, dredging and tugs required in department construction work.

were based upon a detailed estimate made by the engineers of the Department of Docks and Ferries of the expenditure necessary to construct and complete certain piers and bulkheads and other improvements as set forth in a separate schedule transmitted with the request.

A careful examination with regard to all of the proposed improvements has been made by the Bureau of Contract Supervision.

It is found that in some instances funds have already been provided, or that they may be made available by transfers or amendments of present resolutions.

Some of the proposed estimates were considered excessive and some of the proposed improvements not urgently needed. The latter we believe may wait without detriment to the City until more favorable financial conditions prevail.

In the Commissioner's request it is shown that the total expenditure proposed is \$1,396,845.46, while the amount of the authorization requested is \$975,549.99, the decrease of \$421,295.47 being due to unencumbered balances in various funds to the credit of the Department of Docks and Ferries as of January 1, 1915.

In addition to the balance of the funds deducted in the request by the Commissioner, it appears that there is also a corporate stock fund entitled "CDD-1, Department of Docks and Ferries, Dock Fund," in which, on April 15, there was an unencumbered balance of \$102,033.20.

This fund was authorized for construction work. Under the authorizing resolution this fund may be used for the payment of Salaries and Wages, the purchase of supplies and materials, general plant or equipment or for any purpose in connection with construction work for which the proceeds of corporate stock may properly be used.

We are of the opinion that in lieu of authorizing new corporate stock in the amount of the above described unencumbered balance, that the said fund should be included in the list of funds available to be deducted, together with other available balances, from the amount required to meet the needs of the department for the year 1915. We find that the total amount of corporate stock required will be \$265,045.79, based upon the following:

All expenditures of the departmental labor force thus far during the year 1915 have been paid from funds available in the department.

Our recommendation is based on the corporate stock requirements of the department as of April 15, 1915, and available balances as of that date as follows:

Bureau of Engineering:

Board of Inebriety—Lease for, of Premises at Warwick, Orange County, New York.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 17, 1915.

To the Honorable the Commissioners of the Sinking Fund:

The premises consist of a three-story and cellar frame building, well furnished, and several outbuildings, including a garage, and also a stable where five farm horses can be housed if necessary. The garage will effect a saving in automobile storage of \$10 a month.

The premises are appraised by the Division of Real Estate of this Department at \$25,000.

The property is located on Edenville Road (Old Post Road to Port Jervis), distant about three and a half miles to the Industrial and Farm Colony, and is for use as a residence for the Medical Director of said Board, and is to take the place of the present dwelling occupied by him at a rental at the rate of \$960 a year, and which premises are inadequate for his needs and unfit for occupancy in winter, and which lease is not to be renewed.

The premises proposed to be leased have a large laundry, wherein the Farm washing can be taken care of. Also, the spacious cellar, room in the barn and other outhouses make it possible to store great quantities of farm produce, thus making a material saving to the City, which is not possible on the present premises.

Deeming the rent reasonable and just under the circumstances, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of premises owned by the Estate of S. W. Johnson, and located on Edenville Road, between Dublin Road and Van Duzer Avenue, Warwick, Orange County, N. Y., consisting of a tract of 31 acres, with three-story and cellar frame building, completely furnished, and five outbuildings, for a period from July 1, 1915, to May 1, 1916, at a rental of \$100 a month, payable monthly, for use of the Medical Director of the Board of Inebriety; the lessors to pay taxes and water rates, pay for fire insurance on the said buildings herein demised and the contents thereof during this lease or any renewal thereof; keep the said premises in good and tenantable condition and to make all inside and outside repairs thereto during the said term or any renewal thereof; also to pay and maintain two men to work and care for the grounds, garden, buildings, etc., the lessee to furnish heat and light. May 13, 1915.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—At a meeting of your Board, held March 24, 1915, there was laid over a report of the Comptroller recommending a renewal of the lease of premises occupied by the Public Administrator of New York County in Temple Court Building Annex, 119 Nassau Street, Borough of Manhattan, in order to ascertain whether or not sufficient space could be assigned for the use of this office in the Hall of Records.

The space in the Hall of Records building has already been assigned to the various County officials, and after conferring with them I am informed that there is not sufficient space in this building to provide for the office of the Public Administrator.

In view of these facts, and for the further reason that the City is a holdover tenant in the premises at 119 Nassau Street, Borough of Manhattan, I recommend the adoption of the report which was presented to your Board on March 24, 1915.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of Rooms 1025 to 1031, inclusive, in the Temple Court Building (annex), 119 Nassau Street, Borough of Manhattan, for use of the Public Administrator of the County of New York, for a term of one year from May 1, 1915, with the privilege of renewal for a further term of one year upon the same terms and conditions, at an annual rental of twenty-three hundred dollars (\$2,300), payable quarterly; the lessor to pay taxes and water rates, furnish heat, light, elevator and janitor service and keep the premises in good and tenantable condition; lessor, Temple Court Company; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Engine Company No. 155 is now located at 223 Jersey Street, and it is proposed to make certain necessary repairs to the building, which will take from thirty to sixty days to complete. The bids for the alterations to the building were opened on March 4, 1915, and it is expected to have work started on May 16, 1915.

The premises proposed to be leased consist of a 2-story frame building, 22 feet 6 inches by 55 feet, and irregular, with cement floor, and at present used as a garage. It is located on the west side of Bismark Avenue, about 105 feet south of Crescent Avenue, and distant about 200 feet south of the present quarters of this company. A motor hose wagon will take the place of the present horse-drawn engine and tender. The premises are suitable for use by a motor vehicle, and owing to near location to present quarters the wire-board can be easily connected to the temporary station.

Deeming the rent reasonable and just under the circumstances I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to pay to Henry F. Comtois, No. 233 Jersey Street, New Brighton, Borough of Richmond, the sum of \$75 a month, for the use of the two-story frame building located on the west side of Bismark Avenue, distant about 105 feet south of Crescent Avenue, New Brighton, Borough of Richmond, for use of the Fire Department, for a period not to exceed three months from May 16th, 1915, without the necessity of entering into a lease therefor.

May 5, 1915.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Sale at Public Auction of a Lease of a Strip of Land 50 x 150, Located at West 155th Street and Bradhurst Avenue, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 17, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication from the President of the Borough of Manhattan, surrendering jurisdiction to the Commissioners of the Sinking Fund to property in West 155th Street running west to Bradhurst Avenue, Borough of Manhattan.

This property is that part of West 155th Street, running west from Bradhurst Avenue beneath the viaduct. The westerly boundary line is formed by a high granite wall or abutment. The value of the property in question has been appraised by the Division of Real Estate of this Department at \$15,000.

A request has been made to the Commissioners of the Sinking Fund to lease these premises. A fair rental of the same is to my mind \$750 per annum.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund authorize the sale of a lease at public auction of all that certain piece or parcel of land, situate, lying and being in the Borough of Manhattan, City of New York, bounded and described as follows, for a period of ten years from June 1, 1915, at an upset price of \$750 per annum:

Beginning at a point in West 155th Street, distant 20 feet easterly, measured on a line drawn at right angles to the westerly line of West 155th Street at a point in the said westerly line of West 155th Street, distant 150 feet northerly from the point of intersection of the said westerly line of West 155th Street with the northerly line of Bradhurst Avenue; running thence southerly on a line drawn parallel with and 20 feet easterly from the said westerly line of West 155th Street, 150 feet; running thence easterly on a line at right angles to the last mentioned line 50 feet; running thence northerly on a line parallel with the westerly line of West 155th Street, 150 feet; running thence westerly on a line at right angles to the last mentioned line 50 feet to the point or place of beginning.

The highest bidder will be required to pay twenty-five (25) per cent. of the yearly rental at the time and place of sale; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rental bid, with sufficient sureties to be approved by the Comptroller, for the payment of the rent quarterly in advance, and for the performance of the terms and covenants of the lease.

No person shall be received as lessee or surety who is delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property, and will contain, in addition to other terms, covenants and conditions, as follows:

1st. A clause providing that the lessee shall not make any alterations or improvements upon the property except with the consent and approval of the Comptroller.

2nd. A clause providing that during the term of the lease the lessee shall keep whatever buildings may be erected thereon in proper repair, both inside and outside, at his own cost and expense, and shall comply with all the laws and ordinances of the City of New York, and shall make all alterations and improvements thereto during the period of the lease.

3rd. The lease to contain a privilege of renewal for an additional terms of ten years, at a rental to be fixed by arbitration.

The Comptroller shall have the right to reject any and all bids if deemed to be to the interest of the City of New York. Respectfully,

—for a period of ten year from June 1, 1915.

First—A clause providing that the lessee shall not make any alterations or improvements upon the property except with the consent and approval of the Comptroller.

Third—The lease to contain a privilege of renewal for an additional term of ten years, at a rental to be fixed by arbitration.

The Comptroller shall have the right to reject any and all bids if deemed to be to the interest of the City of New York.

Proposed Sale of Premises on West First Street, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 13, 1915.

To the Commissioners of the Sinking Fund, The City of New York:

Gentlemen—At a meeting of your Board held March 10, 1914, I presented a report recommending the sale of certain premises on West 1st Street, Borough of Brooklyn.

At a subsequent meeting of your Board held March 24, 1915, I presented a report, which read in part as follows:

"At a meeting of your Board held March 10, 1915, a resolution was adopted authorizing the sale at public auction of certain premises located on the westerly side of West 1st Street, Borough of Brooklyn, at a minimum or upset price of \$7,000.

"At that time it was believed that all the land required for the opening of West 2nd Street was excluded from the description of the property, but after a further examination, it was found that an additional 25 feet of the land proposed to be sold is to be taken for the opening of said street; and while the inclusion thereof would not in any way affect the City's interest inasmuch as the interior land would be assessed for any awards made for the land taken in the proceeding, I have come to the conclusion that it would be more advisable to exclude from the sale of the property any portion thereof which would come within the line of West 2nd Street.

"The new description takes out of the sale a lot 25 feet in width by 100 feet in depth, and the upset price should therefore be reduced to \$6,250, which I deem to be the fair and reasonable value of the property.

"I therefore recommend that the resolution above mentioned be amended by substituting the figures '\$6,250' in place of '\$7,000,' as the minimum or upset price at which said property shall be sold, and also that the description contained therein be changed to read as follows:

[Corrected description.]"

The Chamberlain and the Mayor suggest that these premises may be required for playground purposes, and request that the recommendation of the Comptroller be withdrawn.

In view of their suggestion I am willing to withdraw the report in question, although I feel that the sale thereof would have been a source of protection to the City in the condemnation of the school site on West 1st Street, Borough of Brooklyn, already authorized by the Board of Estimate and Apportionment; and in order that the record may be cleared, I recommend that the resolution adopted by your Board on March 10, 1915, be rescinded.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held March 10, 1915, authorizing a sale at public auction of a certain parcel of land on West 1st Street, Borough of Brooklyn, at a minimum or upset price of \$7,000, plus the cost of advertising the sale, be and the same is hereby rescinded.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

Old Corn Exchange Bank Building, Borough of Richmond—The President of the Borough to Care for and Maintain This Building and the Comptroller to Derive Such Revenue as He May from the Portion of the Building Not Occupied by the Children's Court.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 13, 1915.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—At the request of the President of the Borough of Richmond, the Comptroller was directed to sell at public auction the old Corn Exchange Bank Building in the Borough of Richmond, in order to provide sufficient space for the construction of the east or main wing of the court house in said Borough. This would have necessitated the removal of the Children's Court from that building, inasmuch as the adjoining structure known as the Crabtree Building is not suitable because of the repairs which would have to be made in order to fit it for court purposes.

After conferring with the architects it has been determined that the courthouse work can be carried on without disturbing the old Corn Exchange Bank Building; and it is believed that it will be possible to leave the same in possession until the buildings are ready to put in steps and other approach work around the courthouse, which will not be earlier than a year from date.

I therefore recommend that the President of the Borough of Richmond be directed to care for and maintain the old Corn Exchange Bank Building in the Borough of Richmond, in the same manner as other public buildings, it being understood that the Comptroller is to continue to derive from the remainder of the premises such revenue as he may, until the building is required for courthouse purposes.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the President of the Borough of Richmond be and is hereby directed to care for and maintain the old Corn Exchange Bank Building, in the Borough of Richmond, in the same manner as other public buildings, it being understood that the Comptroller is to continue to derive from that part of the building not occupied by the Children's Court such revenue as he may until the building is required for court house purposes.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Court of Special Sessions—Proposed Lease for, of Premises in the New Corn Exchange Bank Building, No. 164 Stuyvesant Place, New Brighton, Borough of Richmond.

Criminal Courts Building—Issue of Special Revenue Bonds for Alterations in the Building.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 30, 1915.

To the Commissioners of the Sinking Fund, The City of New York:

Gentlemen—At a meeting of your Board held on April 21, 1915, a communication dated April 17, 1915, was received from Hon. Henry H. Curran, Chairman of the Committee on Finance of the Board of Aldermen, which was referred to the Comptroller and reads as follows:

"At a meeting of your Board held April 7, 1915, a resolution was adopted authorizing certain alterations and changes in the Criminal Courts Building, Borough of Manhattan. I am informed by the President of the Borough of Manhattan that the cost of these changes will amount to \$10,000, and I, therefore, request that your Board adopt a resolution requesting the Board of Aldermen and the Board of Estimate and Apportionment to issue special revenue bonds for this amount, the same to be expended under the jurisdiction of the President of the Borough of Manhattan."

An amendment to section 52 of the Code of Criminal Procedure, known as chapter 134, Laws of 1914, provides that the Court of General Sessions of the City and County of New York shall consist of six parts, instead of five, as formerly. On June 10, 1914, the Judges of the Court of General Sessions requested that space be set aside in the Criminal Courts Building for the use of the new Court.

On April 7, 1915, pursuant to the provisions of Section 205 of the Greater New York Charter, resolutions were adopted by your Board providing for the new court room through the removal of the offices of the Labor Bureau of the Municipal Civil Service Commission from the Criminal Courts Building and changes in the present location in that building of the First District Magistrates' Court and the offices of the Chief Justice, Clerks, etc., of the Court of Special Sessions, to become effective when necessary alterations are completed, for which plans have been prepared by the Bureau of Public Buildings and Offices, Borough of Manhattan.

Application of E. L. Snader for a Pipe Line Privilege at Hartsdale, New York.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 10, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On May 3rd, 1915, the Commissioner of Water Supply, Gas and Electricity transmitted a copy of the application of E. L. Snader, who requests permission to lay a 1-inch pipe across Central Avenue, near Lakeside, at Hartsdale, N. Y.

The Commissioner states that the Department of Water Supply, Gas and Electricity has no objection to granting the request, providing certain terms and conditions are complied with as set forth in the communication.

As the privilege granted is small (the total area covered by the pipe on the City property being about 8 feet long and 6 inches wide) I consider the nominal rental of ten dollars (\$10.00) per annum sufficient.

I, therefore, recommend the adoption of the attached resolution, which incorporates the terms and conditions suggested by the Commissioner of the Department of Water Supply, Gas and Electricity. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby consent to the granting by the Commissioner of Water Supply, Gas and Electricity, of a permit to E. L. Snader, of Hartsdale, N. Y., the privilege of laying and installing in front of his property situated on Central Avenue, a one-inch water service pipe over and across the easement belonging to the City of New York in Central Avenue, Village of Hartsdale, N. Y.; that the compensation to be paid to the City for such privilege shall be the nominal sum of ten dollars (\$10) per annum; the work to be done at the expense of E. L. Snader, under the jurisdiction and direction of the Commissioner of Water Supply, Gas and Electricity, and to be installed without the use of dynamite or other explosive for blasting in case any rock is encountered in the trench, and subject to such other conditions as the commission shall prescribe; the privilege to be on condition that said E. L. Snader shall be liable for any damage due to laying or maintenance of said pipe; the permit to contain a stipulation that the Commissioner of Water Supply, Gas and Electricity may revoke such permission or privilege at any future time, if found necessary in the interest of the City.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolutions:

May 3rd, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a petition to the Commissioners of the Sinking Fund from Eli H. Bishop, in which he states that he is the owner of certain lots abutting property owned by him on President Street, near Nostrand Avenue, Borough of Brooklyn, which were formerly contained within the lines of Old Clove Road.

These certain lots to which he claims ownership are small parcels of land which were formerly contained in what was known as Clove Road, which was discontinued and closed in 1839. In his petition, Eli H. Bishop requests that the City release to him its interest in these parcels. Subsequent to the filing of his petition he conveyed to Henrietta A. Crocker part of the property owned by him and abutting one of the strips contained within Old Clove Road for which he requested a release. It would, therefore, be impossible to authorize a conveyance to him of such portion of Old Clove Road, as he is not the owner of the abutting land.

That portion of Old Clove Road which abuts the property now owned by Henrietta A. Crocker contains an area of 43.2 square feet, and has been appraised by the Division of Real Estate of this Department at \$38.88. Under the rule adopted by the Commissioners of the Sinking Fund this may be conveyed to the abutting owner for 50 per cent. of such appraisal, or \$19.44, plus the additional charge of \$12.50 for the preparation of the necessary papers.

The strip adjoining the land still owned by Eli H. Bishop has been appraised by the Division of Real Estate of this Department at \$87.66, which, under the rule above mentioned, may be released to him for \$43.83, plus the additional charge of \$12.50 for the preparation of the necessary papers.

The above appraisals are, to my mind, fair and reasonable.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund authorize a release to Eli H. Bishop of the City's interest in all that certain piece or parcel of land, situate, lying and being in the Borough of Brooklyn, City of New York, formerly contained within the lines of Old Clove Road, and bounded and described as follows:

Beginning at a point on the easterly line of Old Clove Road, distant 114 feet 2 inches from a point on the northerly line of President Street, which point is distant 328 feet 6 inches from the intersection of the northerly line of President Street with the westerly line of New York Avenue; running thence westerly along a line parallel with the northerly line of President Street 10 feet 2 1/4 inches; running thence southerly 19 feet 6 1/2 inches to a point on the easterly line of Old Clove Road, which point is distant 94 feet 1 inch southerly from a point on the northerly line of President Street, which point is distant 328 feet 6 inches westerly from the corner formed by the intersection of the northerly line of President Street with the westerly line of New York Avenue; running thence northerly along the easterly line of Old Clove Road 20 feet 1 inch to the point or place of beginning.

—in consideration of the sum of \$43.83, plus the additional charge of \$12.50 for the preparation of the necessary papers; and

I recommend that the Commissioners of the Sinking Fund adopt a further resolution authorizing a release to Henrietta A. Crocker of the City's interest in all that certain pier or parcel of land, situate, lying and being in the Borough of Brooklyn, City of New York, formerly contained within the lines of Old Clove road, and bounded and described as follows:

Beginning at a point on the northerly line of President Street, distant 331 feet easterly from the corner formed by the intersection of the easterly line of Nostrand Avenue with the northerly line of President Street; running thence northerly and at right angles to the northerly line of President Street 17 feet 3 1/4 inches; running thence in a southwesterly direction 17 feet 11 3/4 inches to a point on the northerly line of President Street, which point is distant 326 feet easterly from the corner formed by the intersection of the northerly line of President Street with the easterly line of Nostrand Avenue; running thence easterly along said northerly line of Nostrand Avenue 5 feet to the point or place of beginning,—

—in consideration of the sum of \$19.44, plus the additional charge of \$12.50 for the preparation of the necessary papers. The release in each case to contain the following terms and conditions:

That the grantee waive any and all claim for damages arising out of the closing of the street or avenue.

That the grantee is the owner of the land fronting on the section of the street or avenue to be conveyed.

The deed not to be delivered until the grantee has paid whatever taxes and assessments are liens against the premises to be conveyed.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, Eli H. Bishop, in a petition addressed to the Commissioners of the Sinking Fund, requests a release of the City's interest in a portion of the old Clove Road in the Borough of Brooklyn, more particularly hereinafter described.

Resolved, That the Commissioners of the Sinking Fund hereby determine that the land described as follows is not needed for any public use:

All that certain piece or parcel of land situate, lying and being in the Borough of Brooklyn, City of New York, formerly contained within the lines of Old Clove Road and bounded and described as follows:

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize a release to Eli H. Bishop of the City's interest in the property hereinabove in this

resolution bounded and described in consideration of the sum of forty-three dollars and eighty-three cents (\$43.83), plus the additional charge of twelve dollars and fifty cents (\$12.50) for the preparation of the necessary papers.

The release to contain the following terms and conditions:

That the grantee waive any and all claim for damages arising out of the closing of the street or avenue.

That the grantee is the owner of the land fronting on the section of the street or avenue to be conveyed.

The deed not to be delivered until the grantee has paid whatever taxes and assessments are liens against the premises to be conveyed.

Resolved, That the Commissioners of the Sinking Fund hereby determine that the land described as follows is not needed for any public use:

Town of Carmel—Lease to, in Perpetuity for Highway Purposes, of Certain Lands in the Immediate Vicinity of the So-called "Reservoir D," Between Carmel and Mahopac. (Brought Up by Unanimous Consent.)

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 19, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication from the Commissioner of Water Supply, Gas and Electricity, enclosing an application from Clayton Ryder, attorney for the Supervisor of the Town of Carmel, requesting the acquisition of various parcels of the City's land in the immediate vicinity of the so-called reservoir "D." This application embraces the proposition to abandon a large portion of the existing highway between the two dams.

In the opinion of the Engineers of the Bureau of Water Supply, this relocation will result in a sanitary benefit, owing to the fact that at the present time there is considerable wash from the highway into the reservoir, which will not be possible if the highway is relocated as proposed. Moreover, the exchange will result in a net gain to the City of about seven acres.

The exchange means that the City will grant an easement for highway purposes, providing that the lands included in the old highway within the property lines of Reservoir "D," shall be released to the City.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt the attached resolution.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby determine that the premises hereinafter described are to be used for a purpose consistent with the sanitary protection of the water supply of The City of New York; be it further

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby authorize a lease in perpetuity to the Town of Carmel, Putnam County, State of New York, at an annual rental of one dollar (\$1) payable in advance, of the property hereinafter described; the lease to contain a clause restricting the use of such lands or interests therein to purposes consistent with the sanitary protection of the water supply of The City of New York, and providing for the forfeiture to the City of said lands or interest therein upon breach of any of said covenants. The lease not to be delivered until the Town of Carmel has conveyed to The City of New York all those lands containing nine or more acres included in the old highway within the property lines of reservoir "D," as shown on the maps on file in the Department of Water Supply, Gas and Electricity of The City of New York.

Note—In the following descriptions, the stations referred to are those of the survey base line of the proposed Carmel-Mahopac County Highway in Putnam County. Said base line is made up of several preliminary lines as follows:

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE FRIDAY, MAY 28, 1915.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date. Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

Whereas, Through the amendment by the Board on April 1, 1915, of a proceeding for acquiring title to Baker Avenue, from Garfield Street to Matthews Avenue, by excluding the section east of White Plains Road, Van Nest Avenue has become an outlet street for a larger area than it was originally designed to serve, for which reason the Board deems it advisable to enlarge the area of benefit in the proceeding in such a way as to make it correspond with the conditions now existing; be it

Resolved, That the Board of Estimate and Apportionment hereby amends the aforesaid proceedings of November 19, 1909, and April 20, 1911, so as to relate to Kinsella Street, between Matthews (Rose) Avenue and Bear Swamp Road; and Van Nest (Columbia) Avenue, between West Farms Road and Bear Swamp Road, as the said streets are now laid out upon the map or plan of the City of New York.

Resolved, That this Board consider the proposed enlarged area of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on Friday, June 11th day of June, 1915, at 10 o'clock A. M., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 11th day of June, 1915.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
